RECORD CROWD ATTENDS ANNUAL SOCIAL BANQUET OF FARMERS AND BUSINESS MEN'S ASS'N.

The largest crowd ever to attend the annual social affair, which was held in the basement of the First Methodist Church in Crowell last Thursday evening. A total of 222 persons attended the annual banquet.

Smith Speaks
John Lee Smith of Throckmora was the principal speaker on the program. He congratulated the association for having an organization that brought the farmers and business men together, emphasizing the importance of co-operation between them for the benefit of the community. In furthering this subject, Mr. Smith pointed out that the business men of the community have a great opportunity to succeed, and that America can not enjoy prosperity unless it has a prosperous farm people.

Mr. Smith discussed how farmers, and their conditions, had affected history. The first illustration given was that of the Colonial farmers. This particular group on their independence and laid the foundation for what is today one of the greatest nations in the world. Mr. Smith named George Washington as the most outstanding Colonial farmer and gave a number of others whose names are closely connected with American history.

In illustrating the importance of the condition of farmers as it affects the power of the nation, Mr. Smith gave the case of the Romans, the people that once ruled the world. He stated that Rome was once the most prosperous and aggressive nation the world has known. Its people constructed buildings and roads which are still in existence to show the high plane of civilization that these people reached before their downfall. Mr. Smith traced the downfall directly to the condition of the nation's farmers. During the rising of Rome to power and the time which the Roman people ruled the world, the conditions were reversed as to overbearing laws passed upon them by the rulers and this great nation fell.

Mr. Smith traced the affairs of farmers in the United States to the present day. He stated that the Civil War was waged by the industrialists of the East against the South to free the slaves of the South so that they could set the price of farm products. In discussing the effect of the Civil War upon farmers, Mr. Smith pointed out the fact that farmers of the North and South have been divided from that time until 1933, while the industrialists continued to cooperate.

Wildcats Will Meet Quannah and Wichita Falls in Big Five Play

Coach Grady Graves will take the Wildcats to Quannah Friday (tomorrow) for another "Big Five" conflict. The Crowell boys have one win over the Indians, 31-18. On next Tuesday, Feb. 8, they will finish their Northwest Texas Basketball Conference schedule when they will play Wichita Falls' powerful Coyotes. In their first meet in the local gymnasium, the Coyotes had things much their own way to win 3-20.

Although the Wildcats should have little trouble in winning over the Indians, according to scratches on a paper, they have much respect for an Indian club, as anything can happen in the fast game of basketball.

After a couple of practice sessions, the Wildcats will travel to Wichita Falls to finish the schedule. Again, according to dope, which seems to have little to do with "Big Five" play, as the underdog of a game will not pay any attention to it, the Crowell cagers are favored to win. Crowell has victories over the Vernon Lions and Olney, and both of these teams have beaten the Coyotes. In addition to this, the Wildcats are not forgetting the 31-18 drubbing given them by the Wichita Falls boys in their first meet.

Correspondent for News Nine Years Resigns

Miss Opal Carroll, correspondent from the Gambierville community to The Foard County News for the past nine years, has resigned and her place will be taken by Miss Opal Garrett, who begins with this issue of the paper.

Items sent in from this community for the past seven years have been sent by persons whose first name was "Opal." Before Miss Carroll took over the correspondence from that community, Mrs. Opal Shultz, wife of Dave Shultz, was the correspondent for eight consecutive years.

And now to continue the line of Opals as correspondents to the home paper, Miss Garrett takes over the duties of gathering news from her community and no doubt she will prove as faithful and efficient as her predecessors.

HONOR ROLL RELEASED FOR LOCAL SCHOOLS

Over 230 Names Listed On Roll for Third Period

An honor roll that carried more names than any in the history of the Crowell schools was released this week by Supt. I. T. Graves. This roll carried the names of 231 students of the high school and the grammar school. There was a decrease in the number of students being credited with perfect attendance but an increase in the number of scholastic honors in the grammar school. There was a decrease on the high school honor roll.

The high school "A" honor roll carried the names of 23 students and 30 names were on the "B" roll, a total of eight less than that of the roll for the preceding semester. On the "A" roll for the grammar school there were 39 names, and 34 on the "B" roll, a total of 73 honor students in this department, as compared with 53 students listed on this roll for the last period.

A decrease of six names was shown on the perfect attendance roll released this week. There were 105 grammar grade pupils named on this roll, as compared with 111 on the preceding rolls. The honor rolls for the Crowell schools are as follows:

High School
"A" Honor Roll — Camille Graves, Mabel Hall, Riley Griffin, Mary Helen Carroll, James Welch, Zelma Furgason, Lenagene Green, Joe Wallace Beverly, A. Y. Olds, Billie Newton Klepper, Ted Crossnoe, Charlie Clark.

Pickup Burns West of Crowell Tuesday

A delivery pickup owned by T. F. Hill burned Tuesday afternoon about 2 o'clock about two miles west of Crowell. The fire started under the hood but its origin is undetermined. The driver, Stanley Sanders, was only able to roll a barrel of gasoline from the bed before flames enveloped the entire vehicle.

The first Social Security check to be given in Foard County was received Saturday by Mrs. P. P. Cooper.

She received a check for \$9.32 as her payment for the time the Social Security Act became effective on Jan. 1, 1937, until the time she reached the age of 65 on Oct. 17, 1937.

CROWELL DUMPS VERNON CAGERS IN CLOSE GAME

Rally Staged in Last Half Overcomes Lions, 32-28

Coach Grady Graves' Wildcats bounced the Vernon Lions right out of the "Big Five" race with a 32-28 victory in their conference game played in the Crowell High School gymnasium Friday night. The deciding factor in this scrap was the determination and fight on the part of the Crowell boys. Had one of the Wildcats "let-up" at any time during the game, it would have spelled defeat for the local cagers.

The Wildcats were still smarting from the 57-35 drubbing the Lions gave them in the Matador tournament and were out to avenge this big scar on their record. This was the last game of the three-game series between the two teams. Crowell won the first one at Vernon, 32-27 and the last one here Friday night. Vernon won the second conflict at Matador.

EXCELLENT RECORD

During last week the Wildcats established a record that very few teams, if any, in the state can boast.

In three consecutive games played during that time, the Wildcats averaged fifty points in each tilt. They dumped Harold 53-27 on Monday night and then travelled to Turkey to pick the Terrible Turks 65-27. In the last game of last week, the Crowell boys blasted their bitter rivals, the Vernon Lions, 32-21 for the unusually high average of 50 points for three consecutive games.

They rolled up 150 points to their opponents' 75.

Wildcats Rally to Win

After trailing the Lions for one-half of their scrap, the Wildcats staged a rally and overtook the Vernon cagers about midway of the last period and ran up a winning margin.

The Wildcats jumped into the lead early in the fray with three field goals and the Lions retaliated with two field goals and a grating shot and the remainder of the first period was played on even terms with Crowell having a 11-10 lead at the end of the period.

This May Be Your Last Paper

If your subscription to the Foard County News has expired this may be the last paper you will receive if it is not renewed, because there will be some names dropped from our list before the next issue as has been done this week. We are reluctant to remove a subscriber's name from the list, but when one shows no interest in renewing we have no other choice in the matter.

We believe we are conservative in saying that 90 per cent of our readers have renewed their subscriptions for another year and we would be pleased to make it 100 per cent in addition to the new subscribers we have received. It would make the best year in the history of the paper from the standpoint of reader support.

Little Red Hen Takes Ride But Is Not Harmed

A "little red hen," Brown Leghorn, belonging to Martin Gray, gravel truck driver for J. C. Jones of Thalia on road construction work north of Crowell, took a free ride on the "roads" of Mr. Gray's truck early Friday morning.

Mr. Gray left his home in Thalia before daylight and arrived at the gravel pit on Poase River about daybreak. When he alighted from the truck he was followed by the little red hen which had been riding some place on the running gear of the truck underneath the bed, a distance of about twenty miles. The road from Crowell to the gravel pit is rough.

CROWELL BOY SUCCUMBS TO LONG ILLNESS

Funeral Services Held At Home Saturday Morning

Hurdis Tom Knight, 8-year-old son of Mr. and Mrs. C. L. Knight, died at the family home in Crowell Friday afternoon at 12:30 o'clock after an illness of seven months.

Funeral services were held at the home with Rev. E. L. Yeats, pastor of the Crowell Methodist Church, officiating. Interment was made in the Crowell cemetery with the Womack Funeral Home in charge of arrangements.

Flower bearers were Mrs. Ernest Weaver, Mrs. Ruth Neely, Mrs. Jim Russell and Miss Hally Sellers.

The youth was born in Globe, Ariz., on Oct. 24, 1929, and was christened by his grandfather, a Methodist minister, at the age of six weeks. In April, 1930, he moved to Foard County with his parents, who have made Crowell their home since that time. Hurdis had entered the Crowell schools, but was forced to withdraw due to ill health.

Survivors include his parents; one sister, Eathal Ray; grandparents, Mr. and Mrs. W. H. Sellers of Crowell and T. A. Knight of Globe, Ariz.; great grandmother, Mrs. J. F. Sellers of Crowell; nine aunts, four uncles, three great-aunts and three great-uncles.

Gravelling of State Highway 16 from Beaver Creek south of Crowell to within two miles of the Wichita River, has been changed to a State maintenance force county job from a contract job by action of the State Highway Commission on January 25, according to a letter received from Julian Montgomery, State Highway Engineer, by Judge Claude Callaway.

Work To Start Soon

This revision means that work will start several days earlier and only Foard County labor and trucks will be used. Work on the road will start between Feb. 10 and 15, according to Tom Seale, resident engineer, who will supervise the laying of the gravel base. It will require that length of time to get the road prepared, doing such work as surveying and staking-off the base, and the tractor and maintainer to be furnished by the state will not reach here until about Feb. 10.

Plans Accepted

The plans for this work have been accepted and mailed back to Mr. Seale with order, to start preliminary work, according to word received from the Division Engineer's office in Childress Wednesday morning.

Following is a copy of the revision made in Minute No. 14544 passed Jan. 5, 1938:

"Whereas, in Foard County an appropriation of \$32,500.00 was made and the State Highway Engineer was directed to prepare plans and advertise for contract for the surfacing of a five mile section of Highway No. 16 in the south portion of the county by Minute No. 14544 passed Jan. 5, 1938, and

"Whereas, the Division Engineer states, that Foard County has a large number of unemployed laborers now in need of work to support their families; that these men have never been on relief and do not want on relief and that we have been able thus far to secure desirable labor and build jobs in Foard County at low unit cost with forces employed directly by the Department. Based on these facts, he recommends that the five mile gravel base authorized on this job be built by our own forces.

"It is hereby ordered by the Commission that Minute No. 14,544 be revised to provide that this work be done under the direction of the State Highway Engineer through the Maintenance Division with forces directly employed by the Department."

OLNEY CAGERS OVERPOWERED BY WILDCATS

Subs See Service As Crowell Rolls Up 32-22 Score

Crowell High School's Wildcats added another "Big Five" victory to their list by defeating a much-improved Olney Cub quintet here Friday night in the high school gymnasium and tightened their hold on the conference lead. Crowell was the victor, 32-21, in its first meet at Olney. The Cubs defeated the Wichita Falls Coyotes last week to place Crowell on top in the race.

Olney Grabs Lead

The Cubs took the lead in the first few minutes of the game and held it throughout the first period, which ended 4-3 in favor of the Olney boys. The initial period was a pitched defensive battle between the two teams. Both teams missed several shots but this period of the game was played on even terms.

Crowell Takes Over

Hardly had the whistle opened the second quarter did than the Wildcats took the lead and held it during the remainder of the scrap and were never in danger. This was the big quarter for the Wildcats as they ran up 14 points while holding the Cubs to 3 free shots. The Crowell dribblers continued to pile up points in the third period and at the end of this frame the Wildcats were leading 23-8.

The last quarter was Olney's, as the Cubs rang up 14 points to Crowell's 9. Each of the coaches put in their second strings at the end of the third period, but the Olney regulars were put right back into the game. Crowell's first stringers went back into the scrap and held the 10-point lead for the final two minutes.

The honors were very evenly distributed among the Crowell players and one outstanding man for the Wildcats could not be named without mentioning the others. There must always be a high-point man and Kelsey was given that honor. Owens led the team and (Continued on Page Five.)

A Good Time to Have Us Recondition Your Tractor

"Service" is a much-abused term. It may mean anything from selling a man a machine to providing prompt and competent assistance to keep that machine in tiptop efficiency as long as it lasts. There are almost as many types of service as there are merchants. It is for this reason that I have placed service on JOHN DEERE tractors on a basis to meet the needs of individual owners. John Deere service means spare parts promptly available, efficient men in a well-equipped shop—everything to keep John Deere tractors in operation and earning money for their owners day-in and day-out. You probably know from experience that your John Deere tractor is a well-built machine—that it is built to last, and give you, in good measure, a dollar's worth of power for every dollar invested. But tractors, like all machines that are in constant use, can be made to last longer and give better service by being checked over and overhauled occasionally. The winter time, when your tractor is not in constant demand, is a good time to have any necessary work done and adjustments made. I am equipped to do this work promptly and at a reasonable charge. I am also in a position to supply you with genuine John Deere parts for all John Deere machines—no matter how old they are. John Deere construction makes John Deere machines worth buying—our service makes them worth keeping. Norman Hunter, factory-trained mechanic, will be in a position to work on all makes of tractors at our shop on the east side of the square. J. W. SPOTTS IMPLEMENT Co. Money From Washington

New York's mayor La Guardia comes to Washington and bluntly informs a few Finance Committee members that his city—the largest and richest on this hemisphere—will not be able to care for its unemployed and unemployables without substantial aid from the Federal Government. Mr. La Guardia also advances the claim that many other large municipalities are faced with pretty much the same predicament—and, judging by the affirmative groans echoing from other mayors, the New Yorker stated their cases correctly.

Many Senators and Congressmen are holding out for the continuance of Governmental spending, or relief—because their constituents demand more Federal money. Railroads and States are clamoring for money from Washington, farm authorities are demanding cash relief for farmers, and official relief administrators are declaring for more aid, if possible, for almost everybody receiving relief—because of humanitarian projects and programs.

Money from Washington is our favorite and largest selling commodity. With President Roosevelt urging retrenchment wherever retrenchment is prudent, it is safe to predict that, as far as relief goes, not much in the way of retrenchment may be expected, if possible, in the way of forecast this country's continuance in its role as the paternalistic and relief bestowing Uncle Samuel—at least until 1940.

Commentator Seeks A Counselor

Not being wise in the ways of finding answers to disturbing questions, this correspondent sought counsel of Old Timer. Now, Old Timer has made the headlines all too often for compatibility with his sense of personal modesty—and his real name has been called out in the Senate every time his more vocal colleague, Sen. Phil I. Buster, has made a strategic "no quorum" point since the era of flaming youth and frenzied markets. In the days B. C. (Before Coolidge)—and in between, Old Timer has served as a one-man advisory board or political Mohammed to certain seekers after inside information.

I wanted to leave my burdens and several perplexing questions at his feet, so I unloaded. Does the hope of the country lie in Governmental relief? What has happened to our proud American spirit of initiative and endurance? Are we, or are we, true sons of our fathers—those hardy souls who wrested empire from raw wilderness? Have we turned softies in the face of hardship, or have we sold short on intestinal courage and fire? Cannot back the game as did our ancestors? Are we honoring these sturdy sires who wrought the Iron Brotherhood of Faith-by-Works across desert and forest, who started below scratch, yet along with such routine chores as warding off man-scalping Indians, outwitting man-eating insects, and surviving epidemics, they managed to achieve homes and subsistence for and instill principles of rugged citizenship into their large and ever increasing families—and at the same time supported their Government?

Counselor Turns Critic

But alas, for once Old Timer failed me! Instead of answering our burning questions in the way we wanted them answered, he proceeded to tout one—or several—of his own. It seems that Old Timer, too, was going inquisitive of late and had started grappling with weird and difficult problems. Or perhaps he wanted to put my not too young mind through some additional stimulating mental gymnastics with a view of athleticism

for the development of gray matter. Anyhow, after he had finished meeting question with counter question we found ourselves trying to figure out just how we stood, if, indeed, we were still standing. But more specifically, we were puzzling over the phenomena of our Old Timer's adroit and specious economic or fatalistic reasoning, or questioning—or something—and just what had seized upon and rendered him unreasoning or unwilling to think or reason except in terms of the past.

I can never be quite sure then, why he persisted in awaking memories of the triumphant days of sideburns and bustles, or bawl at me about past interludes and progress from corsets and hoopskirts to scanties, from bicycles built-for-two and Bryan's 16-to-1 frenzy of the roaring '90's to the Model T, then through the era of profiteers in pending disaster, which ushered in the Lost Tribe of Hoover, to the happy-days-are-forever-again reign of the New Deal, with almost everybody receiving relief—or being hopeful, still. It was all too much for me, but here is the preamble to the question Old Timer left sticking in my mind.

Softies—or Soft Soap?

Old Timer roared when I asked him if it were true about us subsidizing on too much soft food, or soft soap, and perhaps going morally flabby. The rub is, he seemed to blame it all on me. Say

now, I'm no reliever—I imagined I could catch a gleam of pride in his something strangely reminiscent of teacher's ill-disguised of long ago when I, for cited well.

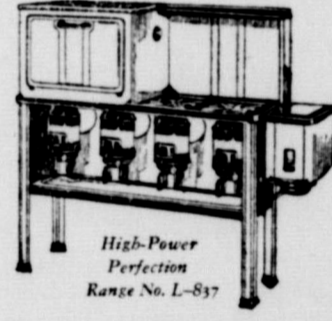

Old Timer charged into something to the effect father's had grubbed and cleared the farms and then left everything for a school on—by we don't, by school a cities, schools and es, launched the greatest est nation on earth, and a veritable empire from milk and honey—only to go modern and elevate at both milk and honey they are suspected of in our efforts at reducing

Our worthy ancestor lished everything without machines, save of the est sort, and without key, for a thing they they achieved all this in teeth of political and precision from abroad, had no kind-heartedness to furnish even occasions They did not have relief by anything else, in those they made a miracle of call America, and left a priceless heritage.

Then why—now that gasoline plows, tractor, cry, stream-lined and powerful radios and frigeration—in fact, the under the sun—must gal and flunk at feeding Mr. and Mrs. Harrk list this Carmin D visiting M. and Mrs. J. E. Clary g his dau own, and turned to l

Let not the wise man glory in wisdom.—Jeremiah 9:23.

In the olden times, before sanitation and modern medicine came into being, the world's population was kept at a normal level by plagues that swept the country periodically wiping out hundreds of thousands.

Most parents want their boys to step into nice positions when they grow up, but in many instances they fail to train them in one thing essential in the business world today—courtesy, politeness and good manners.

About all the Chinese-Japanese war has proved so far is that when a nation like Japan makes up its mind to grab some of the territory of another nation, diplomatic exchanges and peace parleys are not going to stop her.

Do radio applauders get paid? We have wondered whether the people who furnish the applause for the funny jokes pulled in a broadcasting station get paid for this work.

Oliver Wendell Holmes divided the human race of his day into two classes: First, those who go ahead and do something. Second, those who sit and inquire—'Why wasn't it done some other way?'

It takes a dozen persons shouting good times and good business to overcome the whisper of one crepe hanger who says business is hard and times are dull.

Out of 3,000 families in one county in Kansas over 2,300 have been the recipients of some form of federal aid in the past five years.

The biggest problem in getting a farm bill through Congress is to get the farmers to agree upon the kind of a bill they want.

AFTER TODAY—TOMORROW

That which lies just around the corner, that which is still hidden by the impenetrable veil of the future, is the thing that keeps us alive and fresh and young and interested.

COURTESY IN BUSINESS

Courtesy is the grease that oils the machine of business. Courtesy is not lip service. It's merely treating the other man as you'd like to be treated.

WHAT WE THINK

(By Frank Dixon)

True to its custom now that Newton Baker, former Secretary of War, is dead the press of the country is eulogizing him most profusely.

I have often thought how much better work some of our public men, who are really deserving of praise, would do if their merits and good qualities were recognized while they were living and trying to solve the many trying problems that come before them.

When death comes the very critics who dogged their lives while they lived and struggled, rush precipitately into print to praise them fulsomely.

Considerable criticism and some opposition is being offered against the amendment known as the Ludlow proposal, which provides that before this country can engage in war upon foreign soil a vote of the people must be taken.

Beyond the fact that we elect the members of Congress, how representative is Congress of our wishes? Why would it not be equally advisable for the whole people to vote on some of the other things that Congress does?

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Austin. — Two principal questions emerged from the first week's work of the Senate investigating committee which is probing the conduct of the affairs of the State Land office and its administration by Land Commissioner Bill McDonald.

(2) Has there been irregularity in the granting of vacancy claims filed with the Land Office, including the favoring of certain claimants over others less favored, and the use of influence to obtain approval of claims?

Many Witnesses Heard McDonald also has denied any irregularity in the conduct of his office. He cited what he described as precedents set by previous Commissioners for his action in renewing the KMA tract lease to the Vennex Oil Company, in Wichita County, after the lease had lapsed.

After McDonald's opening testimony, the committee called witnesses whose testimony was designed to show that large profits were made by successful bidders who bought state leases for \$1 an acre, and quickly transferred them to others for large profits.

Another measure which he has championed for a long time, is the establishment of a research laboratory to study new uses for cotton, with a view of finding new markets for the state's principal farm commodity.

The so-called "Moffett amendment" to the State constitution was voted upon and adopted by the people in 1936. This constitutional amendment definitely limits the number of representatives which may be elected to the legislature from any one county.

What recommendations, if any, the committee will make regarding changes in the land laws and their administration, will of course, depend upon study of the records, after all of the witnesses have been heard.

Stevenson Announces Coke Stevenson, of Junction, the only two-term speaker the House of Representatives ever had, ended speculation about his candidacy for Lieutenant Governor by filing and paying his \$100 fee to Van Kennedy, State Democratic secretary.

people back home ever knowing anything about them, or their representatives having an opportunity to discover their wishes.

For Senate

George Moffett Announces for State Senator

George Moffett of Chillicothe, now Representative in the Legislature from Hardeman, Foard, Knox and King Counties, has authorized his announcement as a candidate for State Senator, from the 23rd Senatorial district, composed of nine counties in Northwest Texas, of which this county is one.

Mr. Moffett is no stranger to the people of this county, as he has represented this district nearly eight years in the House of Representatives at Austin, and during that time has achieved a position of leadership in legislative matters.

Another measure which he has championed for a long time, is the establishment of a research laboratory to study new uses for cotton, with a view of finding new markets for the state's principal farm commodity.

Wildcats Embarrass Terrible Turks With A Top-Heavy Win

Making a race track of the Turkey court, Crowell's cagers piled up the largest winning margin any Wildcat quintet has in several years with a 65-27 score last Thursday night in a practice game.

Johnson was honor man for the Turks with 12 points and Mullins placed second with 6.

The line-up and individual scores are as follows: Crowell: Smith, f, 8; McKown, f, 6; Orr, f, 11; Meason, f, 0; B. Fitzgerald, c, 9; Jack Fitzgerald, c, 2; Owens, g, 27; Meason, g, 4; Dunn, g, 0.

Cubs Lose—

(Continued from Page One) his brilliant playing was equalled by Nelson, Fitzgerald, Smith and Orr. J. Fitzgerald saw some service and turned in a game of which any boy on the team would have been proud.

The game was fast but very few fouls were called. The Wildcats, 12 fouls marked against them and only 5 were called against the Cubs. J. Fitzgerald was the only player forced from the game on account of fouls.

A. W. Barker Enters Race for Com., Precinct 3

The News is authorized this week to make announcement of the candidacy of A. W. Barker for Commissioner of Precinct No. 3, subject to action of the Democratic primary, in July.

In making his announcement Mr. Barker stated that a number of the voters of his precinct had solicited him to make the race owing to the valuable experience he has had in connection with the Government program in road construction.

Mr. Barker issued the following statement in regard to his candidacy:

"I have served the voters of my precinct and the county as a whole to the best of my ability. Wherever possible, I have given work to the men located nearest to the road work under construction.

"I want to thank those who have supported me in the past and if elected I will continue to work for the best interest of the county. Your vote and influence in this race will be appreciated."

SPACE DOUBLED

The space of Cobb Grocery has been doubled this week since the removal of the Spencer Finance office to the Lanier building. The store has been remodeled and the stock displayed in the 25-ft. front of the corner rock building.

Miss Ruth Ferguson returned last week from several days' visit with her aunt, Mrs. E. G. Bennett, in Amarillo.

Forty-Eight Claims Paid by Wichita Falls Social Security Office

Wichita Falls, Jan. 27.—A total of 48 claims for lump-sum payments under the old-age insurance provisions of the Social Security Act was filed in the Wichita Falls office of the Social Security Board during 1937. It was announced today by J. Gordon James, manager of the office.

Of this total, 35 were filed by estates of deceased workers, while 13 were filed by workers who had reached age 65. The total was only about 8.6 per cent of the number expected to be received from the Wichita Falls area during 1937; however, the rapid rate of increase in number of claims received during the past few weeks indicates that the working population is becoming more and more claims-conscious and that the number of claims filed during 1938 will be substantially greater than that submitted during the past year, James said.

"Any worker who reaches age 65, and the estate of any deceased worker are eligible to apply for a lump-sum payment, provided the work on which the application is based was performed after January 1, 1937, in employment covered by the Social Security Act.

"The average value of claims paid in this region in 1937 was about \$23.50; in the Wichita Falls area, the range was from a few dollars up to \$103.35. The claimant in each case applies for an amount equal to 3 1/2 per cent of the wages received from covered employment after December 31, 1936, and prior to attainment of age 65 or death.

"One of the functions of our office is to assist persons who wish to apply for these lump sums. We are very glad to give this service," James said.

Vernon Lions—

which ended with the Lions leading by five points, 21-15.

The determined Wildcats returned to the floor in the third period and out fought the Lions during the last two periods. The Crowell defense tightened to hold the Vernon dribblers to 5 points while the Crowell sharpshooters sank 9 tallies to close the quarter with a 24-26 score in the Lions' favor.

In the last period, the Vernon lads found a defense against which they could not sink a field goal, and their only scores in this important period were three free shots. The Wildcats tied the score at 27-27 about the middle of the last quarter when Smith found the hoop and Owens duplicated the feat seconds later to give the Crowell boys a lead they did not lose. The remainder of the game was hard fought, but the Lions could not keep up with the whirlwind pace the Wildcats set during this time. The Wildcats stole the ball from the Lions and Orr found the basket for Crowell's last score in the waning seconds.

Although the game was exceptionally fast, there were comparatively few fouls called. A total of 24 fouls were called during the scrap, 14 on the Wildcats and 10 on the Lions. Smith of Crowell and Matney of Vernon were the only players forced from the tilt because of fouls.

Owens again led the Wildcat attack and was so closely followed by his team mates that it would be difficult to pick an outstanding player, although Owens was the spark plug of the local team. B. Fitzgerald, with deliberate timing, rang up 10 points to do his share in downing Vernon. Orr and Smith kept abreast the swift pace and covered themselves with glory with their work. Nelson was a power on the defense and is fast establishing a reputation in the "Big Five" for his defensive prowess.

Matney was the outstanding player of the invaders and was also the high point man of the fray with 11 tallies. S. Judd crowded Matney for honors on both scoring and floor work. He rang up 10 points. Below turned in a good defensive game and his scoring and offensive play was well below par because of an injured knee that kept him on the bench part of the game. Nixon and Graf made the going tough for the Crowell loopers at their guard positions. Free tosses could have easily spelled defeat for the Wildcats.

The Lions were given 16 gratis shots and were only able to sink 8 of them. The Wildcats marked up a little better percentage when they made 6 to the 10 free shots given them.

MOVES OFFICE

Leo Spencer moved his office fixtures for the Spencer Finance Co. from the corner rock building to the Lanier building Tuesday afternoon where the business will be located in the future. Carpenters were busy last week preparing an office for this business at the head of the stairs. Mr. Spencer is also local agent for the Sinclair Refining Co. and offices for both businesses have been located in the rock building. The Sinclair office has been moved to the filling station operated by Fred Dennis with Munson Welch as manager.

Mr. Spencer will be assisted in the finance company's office by his son, Markham.

CARD OF THANKS

Words can not express our heartfelt thanks to those who aided us in any way with their kind acts and sympathy during the long illness and death of our loved one. Mr. and Mrs. Clyde Knight. Mr. and Mrs. W. H. Sellers and Other Relatives.

THOUGHTS OF SERIOUS MOMENTS

Death's but one more tomorrow.—Mitchell. You have not converted a man because you have silenced him.—Morley. Good health and good sense are two of life's greatest blessings.—Publius Syrus. Ninety-five per cent of the criminals come out of prison as bad or worse than when they went in.—Roger W. Babson.

WINDOW RE-MODELED

The display window in the store of M. S. Henry & Co. has been re-modeled. The enclosure on the inside of the store has been removed which makes possible a better display of merchandise that can be more easily seen from the street.

Painting and other improvements in the store have been made in recent weeks.

INSTALL INCUBATOR

Moyer Produce has installed a 9,000-egg capacity incubator which will be put in operation Monday, according to W. H. Moyer, owner and manager. This incubator will be used for custom hatching. Mr. Moyer stated.
