WILDCATS WILL MEET COYOTES FROM WICHITA FALLS TONIGHT TO DECIDE "BIG FIVE" LEADER

Coach Grady Graves' Wildcats will meet the Wichita Falls Coyotes in the Crowell gymnasium Tuesday night (tonight) at 7:30 p. m. to decide the leadership of the "Big Five" conference.

Undeclared Teams
These two quintets are the only undeclared teams in the conference and are at present tied for top place with perfect records.

No Underdog
It is rare as it may be, there will be an underdog in the approaching contest. Each team is used on the same level and given 50-50 chance of grabbing the title.

Local fans will have their first opportunity to see the Coyotes' national star, Maddox, perform in a Crowell court. Maddox is the star plug of the Wichita Falls team and so far this season has been the larger part of their offense. His goal shooting is dead-end and he plays the type of basketball that is extremely difficult to guard.

Although Maddox is easily the outstanding player of the Coyotes, the Wildcats are not forgetting that he will have four players on the court with him at the time and have prepared for their toughest game of the season.

Much depends on this "Big Five" tilt, as the winner will have all game lead over the field and outcome of the contest could determine the champions of the year, although a half season still faces the teams of the conference as the game tonight will mark the close of the first half of the season.

Crowell Roster Standing
If the Wildcat - Coyote game has been played last week, the Crowell cagers would have been underdogs, but their victory over the Quana Indians Tuesday night raised their standing to the level of that of the Wichita Falls Coyotes.

The Coyotes defeated the Indians 24-22 last week in one of the most thrilling games ever played in Wichita Falls and the Wildcat scores of these two games can be used to compare the strength of the Wildcat and Coyotes, as Quana suffered a letdown after the Wichita Falls game, during which they were traveling at top speed.

The Coyotes won over the Olney boys by a lopsided score, several times more than the Wildcat was able to score over the Olney boys. The Quana games, however, beat the Indians by a game margin, as did the Coyotes over the Olney boys.

After taking a good look at the game, fans shake their heads and are not apt to pick a winner in the contest tonight, but will be sure to sit back and wait for the result of the most hotly contested game to be staged in the Wildcat arena.

Each of the clubs has suffered a defeat this season in practice games. Crowell was nosed out 25-17 by the Paducah Dragons and Coyotes stepped out of their shoes and had their ears knocked off by the Hardin Junior College cagers.

Crowell, to date, has played ten games, of which the Wildcat has won nine. They have won all six of their conference games. Crowell's record is as follows: Crowell 36, Seymour 17; Crowell 56, Chillicothe 20; Crowell 56, Chillicothe 21; Crowell 56, Chillicothe 21; Crowell 56, Chillicothe 21; Crowell 56, Chillicothe 21; Crowell 56, Chillicothe 21; Crowell 56, Chillicothe 21; Crowell 56, Chillicothe 21; Crowell 56, Chillicothe 21.

MOVES TO WICHITA COUNTY
Mr. and Mrs. J. C. Roberts and family, residents of Foard County since July, 1926, moved last week to a farm near Iowa Park where they expect to make their home.

Mr. Roberts has leased an 80-acre irrigated Government farm four miles southwest of Iowa Park. Mr. Roberts lived one year in a Thalia community and have lived in the Margaret community since that time.

LAST-MINUTE RUSH EXPECTED ON POLL TAXES

Monday, January 31, is Deadline; Only Few Have Bought Tax

A last minute rush for poll taxes is expected at the tax collector's office in Crowell due to the small number of voters in the county that have purchased their poll tax, according to Sheriff A. W. Lilly, tax assessor-collector.

Only 320 Tax Receipts Obtained

To date, a total of 320 people in Foard County have obtained their poll tax. There were 2,019 poll taxes assessed, which leaves a total of 1,699 of these taxes to be purchased.

The people of the county are urged by Sheriff Lilly to obtain their poll tax in the near future to save a rush on the last day.

January 31 Deadline

The deadline for the purchase of a poll tax is Monday, Jan. 31, which leaves only nine days until the last day. Eligible voters should obtain poll tax receipts as there will be numerous county and state officers named on the official ballot in the elections this year.

Voters who are exempt from poll taxes should get their exemption slips if they are voting for the first time. Information concerning these slips can be obtained at the collector's office.

QUANAH BOWS TO CROWELL BY SCORE OF 31-18

Wildcats Go on Spree In Last Half to Tame Indians

The Crowell Wildcats defeated the war-whooping Indians from Quana, 31 to 18, in their "Big Five" scrap in the local gymnasium Tuesday night. This win kept the Crowell cagers tied for the conference lead with the Wichita Falls Coyotes.

Both quintets were playing off-again during the first half of the fray, which developed into a defensive battle. The Crowell boys hit their stride in the third period and took advantage of several good breaks to loop 15 points while holding the scalp-gathering Redskins to a lone field goal during this quarter.

Crowell grabbed the lead early in the tilt and held it throughout the contest, although barely able to hold it during the first half. The score stood at 7-3 in the Wildcat's favor at the close of the initial quarter and each team swished the net for four points to set the score at 10-4 at the half-time whistle.

The lithe Wildcats came into their own in the first few seconds of the half and started finding the basket consistently, but their cause was aided by the tactics of an Indian who went on a scalping spree of his own, which practically ruined the team work of the quintet. A long field goal in the latter part of the period was the Indian's only tally for the third quarter.

The play of both cage teams was ragged, especially during the first half, which incidentally meant a rough game and at times much action. (Continued on page four)

KEYES QUADRUPLETS AND J. L. SMITH ON PROGRAM FOR "LADIES' NIGHT" MEET OF FARMERS AND BUSINESS MEN

THREE VEHICLE MISHAPS OCCUR NEAR CROWELL

Estimated Damages Over \$300 Done on Highway 28

Three motor vehicle accidents occurred on State Highway 28 between Crowell and Thalia during Saturday and Sunday. Although there were no serious injuries sustained by the persons in the mishaps, there were two head of cattle killed and the estimated damages to the motor vehicles was set at \$250.

The first accident occurred early Saturday morning when a truck, with a two-wheel trailer loaded with maize, ran into a herd of loose cattle on the highway seven miles east of town. Two head of the cattle, owned by Claud Orr, were killed. The driver of the truck was Jim Medley of Floydada. The accident was reported to the sheriff's department by a bus driver.

Again early Saturday morning loose stock on the highway caused an accident. The automobile driven by S. K. Kelly of Albuquerque, N. M., and furniture in a trailer behind the vehicle were damaged to the extent of approximately \$100, with the furniture being the more heavily damaged, when the car struck the herd, but no cattle were killed. Mr. Kelly was en route from Shreveport, La., to Albuquerque.

A rear fender of the automobile driven and owned by R. H. Cooper Jr. was damaged when it was struck by a car driven by a lady from Wichita Falls. Mr. Cooper was turning off of the highway to the right in Thalia, when the accident occurred. Bobby Cooper was slightly injured when he was thrown from a seat.

CROWELL FIVE TO MATADOR TOURNAMENT

Squad of Eleven Will Leave Early Friday Morning

Coach Grady Graves and eleven Crowell High School cagers will leave early Friday (tomorrow) morning to attend the eighth annual Matador tournament which will be held at Matador on Friday and Saturday, Jan. 21 and 22, in the Matador High School gymnasium. This tournament is sponsored by the Matador Lions Club.

Crowell has established itself in the history of the annual tourney as its high school teams have attended five of the tournaments and have won the championship three times to take permanent possession of a large silver basketball trophy. This record is an exceptionally good one and a high level for the teams of this area to shoot at. Crowell won the tourney in 1932, 1933 and 1935.

The Wildcat five was not a regular last season and participated in the tourney. Kelsey and Orr served the team last year as forwards as did Owens and Nelson at the guard positions.

In spite of the fact that the 1938 edition of the Wildcats is an experienced group, it will face a tough schedule as there will be more than one strong team at the two-day cage session. Powerful teams, such as Turkey, Carey, Floydada, Vernon and others will be participating and the grind of the swift moving play will be a handicap to the teams, as it will be required of some quintets to play as many as three games in one day.

Should the Wildcats win the tourney, it will be the first Matador championship that has been returned to Crowell since 1936.

BABY BOY BORN

A baby son, Jacob Julian Jr., was born to Mr. and Mrs. Julian Wright of Vernon, Friday, Jan. 14.

FUNERAL FOR MRS. JAS. NARON HELD MONDAY

Died at Amherst Sun.; Interment in Crowell Cemetery

Mrs. James Naron, 83, former resident of Foard County, died at the home of her daughter, Mrs. A. E. Tapley, in Amherst Sunday, Jan. 16, at 11 o'clock a. m., following a serious illness of two weeks.

The body was brought to Crowell late Sunday and funeral services were held at the home of a granddaughter, Mrs. Guy Ketchersid, Monday afternoon at 2:30 with Rev. P. P. Lewis, Baptist minister of Quanah, officiating. Burial was made in the Crowell Cemetery beside the grave of her husband who died June 18, 1932, with Womack Funeral Home in charge of arrangements.

Miss Nancie Ann Cook was born Sept. 26, 1854, in Aberdeen, Ala. She was married to James Naron in Atlanta, Miss., Feb. 15, 1871. Nine children were born to this union, eight of whom survive, one dying in infancy. The eight children surviving Mrs. Naron are: Geo. Naron of Quanah, Mrs. A. E. Tapley of Amherst, Mrs. Sallie Murphy of Quanah, Whitt Naron of Rising Star, Baxter Naron of Brownwood, Mrs. Harve Hampton of Gem, Texas, Ed Naron, El Paso, and Lon Naron of Byrds. Mr. Haney stated that the association was indeed fortunate in obtaining a man of Mr. Smith's reputation and background to take part on the program.

Record Crowd Expected
A record crowd is expected to attend the annual "Ladies' Night" meeting of the association to which the members will bring their wives or sweethearts and arrangements for the annual social affair are being made accordingly. No business will be discussed at this meeting but the officers will be installed.

Dwight Moody, T. S. Haney and J. A. Stovall will sell tickets for the banquet.

The remainder of the program will be made up of several musical numbers.

LECTURE ON SAFETY GIVEN HERE TUESDAY

Patrolman Addressed High School Students

Speed, carelessness and drunkenness were given as the three main factors in the high death rate in automobile accidents on Texas highways by Hammett Vance, chief driver's license examiner of the Wichita Falls district, in his lecture on safety to the student body of Crowell High School Tuesday morning.

A person cannot read the daily papers without reading of a death in an automobile accident, and one does not think about the seriousness of the death rate on highways until a tragedy of this type pinches out the life of a loved one, Mr. Vance stated.

A drive is being made in Texas to get the people to aid the Department of Public Safety in cutting down the high death rate, and the co-operation of the motor vehicle drivers is necessary because the state is so large that it is practically impossible to patrol all of the highways, he pointed out, and the department is helpless without that aid.

The question, "What is the use of the high speed we travel in our automobile today?" was asked of the student body, and Mr. Vance gave several illustrations to show that it was not necessary in large majority of cases.

The greatest danger in speed is being unable to handle the vehicle properly in emergencies and there is a danger of losing control of the car at all times. It takes approximately 300 feet to stop a car travelling 60 miles per hour and should anything happen to the car at that high speed, it would be practically impossible to avoid an accident, he told the young people.

The condition of the car should determine the speed to drive, the students were told, and it is much safer to drive a new automobile at a much faster rate than it is to drive one that is in poor condition at a slower rate. Good brakes are necessary on a car and (Continued on Page Four)

Peace At Any Reasonable Price

Despite all opposition thrown against it by Administration forces, the Ludlow resolution for war only by a vote of the American people showed remarkable strength in the House. The main objective of the bill was to prevent Congress and the President—any Congress and any President—from

peace at any reasonable price. dragging this country into a foreign war. One hundred and eighty-eight members voted for, with 209 voting against it.

Let us examine the surprisingly heavy vote for this allegedly extreme measure in the light of the following historical facts. At no time in the life of our country has any president rushed the Nation into a foreign war, nor has Congress at any time voted a declaration of war until after the public demand for war had drowned out every opposing voice, and there remained no other way for appeasing the people; that Presidents William McKinley and Woodrow Wilson, respectively, shunned war almost to the point of sacrificing personal prestige, and it was frequently charged of both that they could not be "kicked into war;" that President Roosevelt and Secretary Hull have consistently and unmistakably indicated their determination for keeping the country at peace. It might be correctly stated, too, that no President and no Congress could drag us into a war against public sentiment—that simply cannot be done in this country. In the light of all this the near approach to a majority vote in Congress for the so-called radical Ludlow war referendum amendment is significant.

The result indicates a very healthy trend toward peace at any reasonable price. It further indicates that to Congress it is no longer sufficient for one man—any man—to solemnly promise to keep us out of war. It is not enough, according to the 188 who voted for the bill, for Congress—any Congress—a mere handful of men, and being men vulnerable to human weaknesses, themselves beyond fighting age, to be able to will to lead our sons into the trenches of blood and murder.

South's Congressmen Dancing
Big Apple

In Alabama's election of Rep. Lister Hill to the Senate some progress to see hot and troubled waters ahead for Southern Congressmen and Senators who opposed and who still oppose the late and, by them, unlamented wages and hours bill. Senator Hill made his campaign as a partisan champion of President Roosevelt's wage-hour bill. His opponent, the venerable Tom Heflin, bitterly opposed it, and went down to defeat.

There are those who translate this into prophetic handwriting on Southern political walls, and as sounding forth the trumpet blasts of defeat for those in Congress who fought Mr. Roosevelt's pet labor control bill, or other pet measures. I am not so young, nor so naive as to believe that I cannot get by with posing as a Young Daniel. But even mice may look at kings, so let's look into this, and see what we can see. The wage and hour proposal could not have been such a burning issue in Alabama at the time, because it was assumed that Congress had already killed it, and even had it been alive the voters of Alabama do not so easily warm up to the melting point and come down with hydrophobia on mere issues, except vital issues. As a rule they vote for their man. In this case Lister Hill was considered the up-and-coming progressive, while the opposing Mr. Heflin, although loved and respected, was a figure from out of

the past—with the stigma of former defeat, advanced against him.

Since the Alabama primary some prospective Southern dates for re-election are the Big Apple, yet we are to offer this suggestion. Heflin candidates have reversed on the wage and hours bill and Hill against, instead of for, as they did, the election would not have been a veritable Lister Hill would have been in the Senate—with a majority as great, approximately, as

Ed Gossett Again Runs for Congress From This District

Ed Gossett has authorized the Foard County News to announce that he would be a candidate for Congress from this district, sub- ject to the 1938 Democratic pri- maries. Mr. Gossett expressed sin- cere appreciation for the splendid vote given him in this county in his 1936 race for Congress. In that race Gossett carried 8 of the 15 counties in this congressional district, and was defeated in the second primary by a comparative- ly few votes. His friends feel that with his increased age, experience and acquaintance he will without doubt be successful in this cam- paign. Gossett's term of office as district attorney in Foard, Harde- man and Wilbarger counties ex- pired December 31, 1937, after which time he became associated with his old friend, Edgar M. Mann, of Wichita Falls in the law firm of Mann & Gossett. A detailed state- ment of Gossett's platform and policies will be made at an early date. He assured us that he would make a clean and aggressive cam- paign in which public issues would be thoroughly and honestly dis- cussed. Gossett stated that he be- lieved in the social ideals and ob- jectives of President Roosevelt; and that among other things he would advocate a program to put farmers back on the farm, and workers back on jobs, in private employment, at living wages. ... Recession Not A Retreat

In the best of times business has its ups and downs. The recent recession need not be a retreat, much less a frantic route unless we wish it to be.

"Measuring the cross-currents, con-currents and the under-currents, the conclusion would seem logical that we are not headed for any major decline in business. The present recession is laying a firmer foundation for better business, the decline in the stock market and the clearing up of some unhealthy situations make for sounder conditions and a longer period of prosperity."

The above statement, coming as it does from Ralph B. Wilson, Vice President of Babson's great statistical organization, is very heartening. We quote it with permission from an interesting article in Kiwanis Magazine for January.

LIBRARY NOTES

"The Best Plays of 1936-37," and the year book of drama in America, edited by Burns Mantle, has listed the ten best plays as: "High Tor," "You Can't Take It With You," "St. Helena," "Tovarich," "Stage Door," "The Women," "Daughters of Atrius," "Johnny Johnson," "Yes, My Darling Daughter," and "Excursion."

In addition to the ten best plays the volume lists the full casts for each production of the year, the number of performances each play has achieved, the date on which it opened and the theatre in which it played, the statistical summary of the season, the plays "that have run over the five hundred performances on Broadway," the birthplace and birth dates of prominent actors and the "necrology."

This book should appeal to all who are interested in drama, dramatists, and stage and screen productions.

Crowell Dribblers Win Over Olney In "Big Five" Contest

The Crowell Wildcats walloped the Olney Cubs, 33-21, to mark up their second "Big Five" conference win in the game at Olney Friday night.

The game was set by scrapping J. S. (Cotton) Owens, who also easily carried off the scoring honors by ringing up 15 points, but the outstanding part of the game was work on the floor, both defensive and offensive.

Two Wildcat substitutes, J. Fitzgerald and McKown, came into their own in this tilt and capably carried on the work of their first string team mates. Their play in this game gave warning to the starters that even though the season is nearly half over, their positions are not securely bound and that they can play the brand of ball that should keep them on the floor more than a little.

Tucker of Olney easily placed himself in second position for playing honors by garnering 12 tallies.

tion. A total of 24 fouls were called, 14 against the Crowell dribblers and 10 against the raging Indians. John Lee Orr of Crowell was the only player to foul out of the game.

The fray was turned over to the substitutes in the last period and they did a nice finishing job. They displayed lots of action and the fans seemed to enjoy watching the second stringers mix it.

Orr, Richard Kelsey and Bernice Fitzgerald were high scorers for the Wildcats, but the floor work of little, fiery J. S. Owens dimmed the goal shooting of his team-mates. His defensive and offensive work was one of the main factors of the let-down of the Indians.

Richardson was high point man for the invaders with 6 points and was also their star. Hall and Page were also outstanding for the scalp-grabbers.

good cars will aid the drive of the Department. Mr. Vance stated, and if the people would keep their vehicles in good condition, there would be fewer wrecks.

Another of the many interesting things the patrolman pointed out, was that people were stubborn about being told how to drive, even though they are in the wrong, but the students were advised not to be stubborn, due to the fact that one accident can close a brilliant driving career.

Other than those killed in automobile accidents, there were 1,500,000 people injured in wrecks and a large total was permanently disabled. A majority of the tragedies of the highway can be avoided and the Department is striving to end this needless waste of human lives.

Some people are careless and use poor judgment while driving on the highway. Mr. Vance stated, and many of the accidents are caused by those. This type of person does not pay too much attention as to where he is driving or to the other driver on the highway.

Another type of carelessness is caused by the younger people who are inclined to "show-off" and this type is dangerous on the highways. Mr. Vance stated that he has seen this method of amusement turn into sudden tragedy and warned the young people of Crowell and Foard County not to throw their lives away doing this.

He further impressed the fact that the lives of the occupants of the car depended solely upon the driver, although most drivers do

W. A. (Ab) Dunn Seeks Re-Election As Com., Pre. No. 2

The News was authorized Wednesday to announce the candidacy of W. A. (Ab) Dunn for re-election to the office of Commissioner of Precinct No. 2, subject to the action of the Democratic primaries in July.

Mr. Dunn issued the following statement in regard to his candidacy: "During the time I have been your commissioner I have used my time and efforts to the best interests of the county and have favored an economical administration of its business. If re-elected, I pledge myself to put forth every effort to give you good service as it is possible for me to render. I earnestly solicit the influence and votes of the people of this precinct at the Democratic primaries in July."

CROWELL FFA TEAMS VICTORS IN DISTRICT TOURNEY HELD HERE; SEVEN TEAMS COMPETE

CROWELL WINS THRILLER FROM TURKEY TURKS

Field Goal in Extra Period Is Deciding Point of Tilt

Like a New Year's resolution, the Crowell Wildcats turned over a new leaf in the last half to overcome a seven-point lead over the Turkey Turks to hand them their first defeat on the Crowell court in several years Thursday night with a score of 23 to 22, after forcing the game into an extra period.

These two teams presented very strong defenses which made the offensive work of both seem slow and ragged during the first half. No score was made until after the first five minutes of the struggle, but in the remaining three minutes, the Terrible Turks slipped six points through the hoop while holding Crowell scoreless during the initial period. Johnson accounted for all of the points for Turkey in the quarter.

As to points, the quintets tied, as each team scored only three points in the second quarter. Leonard Smith sank a free shot for the Wildcat's first score and then seconds later intercepted a Turk pass and passed to Kelsey under the Crowell goal for the other quarter.

Both squads returned to the floor at the half determined to add another victory to their string and a thrilling offensive battle during the remainder of the tilt offset the dragging play of the first half from the fans' viewpoint. Crowell sharpshooters settled down and were within one point of the fleet Turks at the end of the third period. Turkey gathered only three points in the period, while the Wildcats hooped nine points.

John Lee Orr, Wildcat forward, tied the score with a gratis toss in the early moments of the fourth quarter and from that point on it was one of the most closely fought games ever staged on the local floor with the lead swapping seven times in seven minutes. Neither team was able to get more than a two-point lead. Crowell was trailing by one point in the fading moments of the regulation game and the Wildcat caused a rather dark frown on Smith's face as the rescue with a free shot just before the final whistle to knot the game at 21-21.

Continuing the swift pace, the teams went into the extra three-minute period and staged a battle that left the fans breathless. Turkey jumped back into the lead about mid-way of the extra session with a free shot by C. Johnson. Again the dark clouds of defeat were gathering around the struggling Wildcats, but the sky was suddenly cleared when the Crowell lads managed to work the ball to Kelsey under the goal for a crisp shot in the last seconds of the scrap to spell defeat for the hard-to-beat-on-a-Crowell-court Turks.

Free Shots Win

For the first time this season, the Wildcats won a game on free shots as each quintet registered eight field goals. Crowell sank seven of their twelve gratis shots but the Turkey boys drew a low average with six counters out of sixteen free tosses.

A total of twenty-four fouls were called, twelve against each not stop to think about that. A driver who travels at a high speed carelessly or is drunk does not value his life or the lives of others. The laws regulating traffic on the highways were explained and the students were told that if they

Sinking of Panay To Be Shown Here During Week - End

The bombing of the U. S. Gunboat "Panay," an incident which caused complications between the United States and Japan and which has not yet been completely settled, was photographed by two newsreel cameramen, who were aboard the boat and showed great courage by grinding their cameras throughout the entire barrage and subsequent sinking of the ship.

The films were flown to the United States and are being shown all over this country with the approval of President Roosevelt, who said, "The American people deserve to know all about this incident."

The gunboat was laden with refugees who were being transported to safety. The cameramen said that Japanese officers had come aboard earlier that morning to investigate the ship's portage.

Japanese claimed that their officers had mistaken the boat for a Chinese craft and quite a controversy developed as to the truth of this statement. The cameramen claim their pictures will show definitely that the Japanese did know the boat was an American craft.

The picture will be shown at the Rialto Theatre Saturday night preview, Sunday and Monday.

J. A. Stovall Asks for Second Term County-Dist. Clerk

J. A. Stovall is a candidate for re-election to the office of County and District Clerk, subject to action of the Democratic primaries in July. Mr. Stovall is serving his first term in this office and issued the following statement Wednesday concerning his announcement:

"In announcing my candidacy for a second term as County and District Clerk I want to make the same statement I made last year when announcing for a first term, but have forgotten what that was. So will merely say that I will appreciate your vote again this year and will try to make you a better official for a second term than I have for a first term."

"Before the election I will try to meet every man, woman, and child in the county and give each voter a personal invitation to vote for me this year. I want to assure you that your vote will be greatly appreciated."

from Chillicothe in the deciding tilt and in what turned out to be the hardest game for the local planters, but easily grabbed the heavy end of the 36-22 score by scoring sprees in the first and second periods.

The first quarter came to a close with the local dribblers leading three points, 16-13, which was the closest any team had come to tying them during the day. Putting on the steam, the Crowell farmers had increased that lead to 20 to 15 and then dropped off to 6 points in the last period, while the Chillicothe students rang up 7, the only quarter that the locals were outscored.

Honor Man

J. S. (Cotton) Owens of Crowell carried off scoring honors for the tournament with 44 points scored during three games. He also won scoring honors for any one game, as he sank a total of 16 points against Harrold.

Raymond Joy of Crowell grabbed second-place scoring honors. His total points for the tourney were 38 and he tied Owens for individual game scoring honors, as he rang up 16 points in the Harrold game.

"I will endeavor to see all the voters personally before the July primary, but in case I fail to see you, please consider this announcement an earnest solicitation for your vote and influence in this campaign."

Margaret All-Stars Win Two Contests Here During Week

The Margaret All-Stars found easy sailing in their 43-24 victory over the Vernon Northside All-Stars Friday night in the Crowell High School gymnasium. The Margaret dribblers jumped into the lead early in the fray and increased their lead throughout the game and were never in any danger.

Smith of Margaret grabbed the scoring honors by finding the elusive hoop for 14 points. Garland Taylor and Middlebrook were but a step behind Smith with 12 points each.

To Garland Taylor went the playing honors with excellent floor work. This former Wildcat captain was at top form and fans derived much pleasure from watching him perform again on the Crowell court.

W. Thomas was high point man for the Wilbarger cagers with seven tallies and Smith and L. Wood tied for the next highest position.

The defensive work of Margaret was very effective and turned out to be the highlight of the game. Margaret's mighty all-stars hung up another clean-cut victory by defeating the all-stars from Acme, 37 to 13, in their scuffle in the Crowell gymnasium Tuesday night for their second win of the week.

Russell and Middlebrook led the scoring for Margaret with 15 and 15 points respectively. Their goal sniping was greatly aided by the work of the Taylor brothers, Garland and Gordie.

Tate nabbed off scoring honors for Acme with five points.

NOBODY'S BUSINESS

BY JULIAN CAPEERS JR.

Austin.—A thorough and complete sifting of the activities of alleged "vacancy hunters" and the operations of the State Land office was scheduled to get underway in Austin this week, as the Senate investigating committee, headed by the vigorous veteran, Tom Holbrook, of Galveston, prepared to begin a searching investigation. The probe resulted from a conference between Gov. Allred, who took the initiative against what he termed improper practices in the Land Office, when he hired Everett Looney, his former Assistant Attorney General, to bring suit to cancel a lease renewed by Land Commissioner Bill McDonald. Allred has also bitterly criticized the practice instituted by McDonald of leasing school lands for mineral development on a basis of small cash payments and contingent payments out of oil, instead of larger cash payments and the usual one-eighth royalty to the state.

Full Probe Assured

With Holbrook, known as one of the ablest investigators in the state, in charge, it is assured that a complete airing of the controversial facts upon which the governor and the Land Commissioner have differed, will result. Vacancy hunters have been especially active in several Gulf coast counties in Holbrook's district, where oil has recently been discovered, and the people of the district are greatly aroused. Holbrook was co-author of a Senate resolution at the last session, in which the Attorney General was asked to bring vacancy suits against landowners in Polk, Matagorda and adjoining counties, within those counties, rather than in Austin, and he has expressed himself on several occasions in his characteristic vigorous fashion in condemnation of the "vacancy hunting racket." The Senate probe committee also includes Senators Stone, Weinert, Hill and Collie.

Oil Slash Is Due

The Texas Railroad Commission Monday held its monthly prorator hearing, and in view of a record that indicated the greatest stocks of crude oil and gasoline in history above ground in storage, a sharp reduction in allowable was expected when the February prorator order is issued late this week. The commission, contrary to its usual custom, did not issue an order immediately after the hearing, but with the evidence of overproduction in the record, withheld action until the quarterly meeting of the Oil States Compact at Oklahoma City, scheduled for Tuesday. The Texas representatives, Rail Commission Chairman C. V. Terrell and Commissioner Ernest O. Thompson—the latter chairman of the Compact body—thus went to Oklahoma in an excellent "trading" position, withholding action to reduce Texas oil production until they had a chance to see what other oil producing states would do about a general cut.

Political Notes

With general acceptance by politicians that neither Gov. Allred nor "Ma" Ferguson will be the Governor's race, the Jackson Day Dinner at Dallas set off the political fires burning throughout the state. Attorney General Bill McCraw was in the East conducting hearings on the Green inheritance tax cases, but promised a formal announcement around March 1st when he returns to Texas. . . . Thompson forces were actively at work, beginning the week with a huge banquet at Kilgore, where oil operators honored the red-haired rail commissioner and gubernatorial candidate, and his commission associates. . . . The Attorney General's race cleared up somewhat, with reports that neither Everett Looney, rumored as a prospective candidate, nor Senator Will Pace of Tyler, will offer. . . . Pace has definitely determined to run for Lieutenant Governor. This leaves Lt. Gov. Walter Woodul, actively campaigning for months, and generally regarded as the top candidate, with Gerald Mann of Dallas; speaker Bob Calvert, of Hillsboro; Judge Ralph Yarborough of Austin, and Lewis

M. Goodrich, district attorney at Shamrock, as avowed candidates. Goodrich demonstrated his sincerity by sending in a \$100 check—the first filing fee received by State Democratic Secretary Vann Kennedy.

Some Hot Senate Races

Several hotly contested races for places in the Senate loomed, as announcements came thick and fast. In Dallas, Claude Westerfield apparently will have strong opposition, with Fred Harris and Sam Hanna of the House, and Ex-Senator George Purl as prospective opponents. . . . Rep. Penrose Metcalfe, of San Angelo, will oppose Senator E. M. "Ete" Davis of Brownwood; Rep. H. L. McKee of Port Arthur will seek to replace Sen. Allan Shivers, his fellow townsman; and Rep. Geo. Moffett of Chillicothe has told friends he will oppose Sen. Ben Oneal of Wichita Falls. Rep. Charles Tenyson of Wichita Falls is also reported out for this Senatorial seat.

Hot Contest In Valley

A hot contest in the Rio Grande Valley senatorship looms, with Rep. Augustin Celaya of Brownsville, Lon Messer, and District Attorney Rogers Keluly, of Edinburg as prospective opponents of Sen. Jim Neal of Mirando City. This Texas, both in area and in population, and the bulk of the vote lies in the Valley counties. Kelly, a dynamic personality and an excellent speaker, has attracted attention from state political observers. Neal is reported to have great strength in the Kingsville neighborhood, due to his efforts in behalf of appropriations for Texas A. & M. College. Rep. Homer Leonard, of McAllen, who was reported considering entering the race for the Senate or a county office, has announced he will seek re-election to the House. Rep. Brynne Bradbury of Abilene, administration floor leader, has also decided to seek another House term. W. H. Fox of Taylor, A. P. Cagle of Waco, and Herman Jones of Decatur, has announced they will retire from the House.

F. S. A. Report Shows Increase in Food for Home Use

Tabulations prepared for reports to Dallas show that homemakers working under annual budgets outlined by them with Miss Cora York, county home supervisor, Farm Security Administration, have resulted in production and conservation of \$968.00 worth of food for home consumption. This is an increase of approximately 174 per cent over production reported by these families before they started working under the supervised program.

The home supervisor said this represented 4,838 quarts of food valued at 20 cents a quart, and included 2,896 quarts of vegetables, 1,302 of fruit, 208 of meat, and 1,177 quarts of miscellaneous items such as relish, jellies and kraut. These 30 homemakers also stored 3,485 pounds of cured meat, and 500 lbs. of dried vegetables.

In addition to the increase in food growing and preservation, the homemakers report cows for milk have increased from 59 to 84, meat hogs increased from 28 to 54, and poultry from 1,100 to 2,000. In addition twenty-one of these families have improved the appearance of their homes by cleaning yards, planting flowers, and setting out shrubs and shade trees.

Two Deaths in State from Smallpox; Local Epidemics Possible

Austin.—"Texas is faced with the probability of local smallpox epidemics if precautions are not immediately employed," declared Dr. Geo. W. Cox, State Health Officer. "Last year there was not a single death from smallpox in Texas, while last week over thirty cases and two deaths were reported. "Smallpox epidemics would never occur if everyone, and especially children, could be effectively vaccinated. The lack of vaccination causes the present menace of this disease. Modern safeguards have removed every legitimate ob-

A. L. Davis Will Make Race for Com., Pre. No. 3

We are authorized this week to announce the candidacy of A. L. Davis for Commissioner of Precinct No. 3, subject to the action of the Democratic primaries in July.

Mr. Davis feels that he is capable of attending to the duties of this office in a business-like manner and solicits a fair consideration of his candidacy by the voters of his precinct at the coming election. In making his announcement Mr. Davis has the following to say:

"I want to thank the voters for the fine support they gave me in the 1936 commissioners' race. I have been asked by my friends to make the race again, so I feel it my duty to do so.

"If I am elected I will do my part to keep expenses as low as reasonable and give efficient service. I will give the people who live the farthest the same service as those who live here near me.

"Will see each of the voters before July 23. Will thank you now for your vote and influence on that date."

Wm. F. Bradford Announces Public Weigher, Pre. 3

William F. Bradford announced Tuesday that he was a candidate for the office of Public Weigher of Precinct No. 3, the Margaret precinct, and authorized The News to make the announcement in this week's issue of the paper.

Mr. Bradford has lived in the Margaret community since he was one-year old and is well known to the voters of that precinct. He believes he can perform the duties of the office in a manner that will be satisfactory to the public and asks a fair and impartial consideration of his claims to this office at the coming Democratic primary in July.

jection to vaccination. The virus is made from calves and, consequently, is incapable of transmitting human blood diseases.

"A primary vaccination with one successful revaccination will, as a rule, protect throughout life from the milder forms of smallpox, but this is not true in the severer types of this disease. Therefore, be vaccinated and revaccinated at least every seven years, so that you will have the greatest protection possible and the least chance of being sick. Revaccination should also be done after each time you have been near a known case of smallpox, for you know that the old vaccination protects if the new one fails to 'take.' Vaccination is not to be feared but rather to be sought as the only safe, positively harmless and absolutely certain safeguard against smallpox. See your family physician today and be sure that you are protected."

Miss Mozelle Lilly Becomes Bride of Paducah Man Sunday

Miss Mozelle Lilly was united in marriage to C. A. Killingsworth of Paducah in a pretty wedding Sunday afternoon at 3:30 at the home of the bride's parents, Mr. and Mrs. A. W. Lilly, with Rev. Wyatt Hanks, pastor of the First Methodist Church of Hamlin, performing the ring ceremony.

The bride was attended by Miss Juanita Hough as maid of honor and by Miss Elsie Mae Cook and Miss Armanetta Foster of Paducah as bridesmaids. Bill Lovell Armstrong of Paducah was best man to the bridegroom.

Attired in a becoming frock of Windsor blue crepe with beige accessories, the bride entered on the arm of her father, who gave her in marriage.

Following the impressive ceremony, a reception was held after which the bride and groom left for a short wedding trip to Corpus Christi.

Mrs. Killingsworth has been practically reared in Crowell. She attended the Foard City and the Crowell schools, graduating from Crowell High School in 1932. She attended State Teachers' College in Denton for one year, then Texas Tech for a part of a year. She attended a business college in Fort Worth and has been employed at Self Motor Co. as bookkeeper since last June.

RIVERSIDE H. D. CLUB

"Every person should eat three servings of fruit a day for health's sake." This was one of the many things called to the attention of members of the Riverside Home Demonstration Club by the county home demonstration agent, Miss Myrna Holman, in her demonstration on "Family Fruit Supply," at a meeting of the club Tuesday afternoon, Jan. 11.

The meeting was held in the home of Mrs. C. L. Adkins. The diet should include citrus fruits at least three times a week, or often, if possible. With the aid of charts and fresh fruits, the agent very interestingly showed those present the vitamin and mineral content of the various fruits. She explained that all fruits are alkaliforming with the exception of cranberries, plums and prunes, which are acid forming.

New officers for the club are: Mrs. W. G. Walker, president; Mrs. R. G. Whitman, vice president; Mrs. J. S. Ray, secretary-treasurer, and Mrs. S. H. Hembree, council delegate.

Mrs. Harry Simmonds was appointed reporter and the following committees were appointed: Mrs. Shirley McLarty, Mrs. Frank Ward and Miss Emma Schroeder, finance; Mrs. R. P. Walker, Mrs. Grady Halbert and Mrs. C. L. Adkins, year-book; Miss Bonnie Schroeder, recreation chairman.

Watermelons and cantaloupes are good sources of vitamin C. Miss Myrna Holman, home agent, told the Margaret Home Demonstration Club at its meeting with Mrs. Arthur Bell on Friday, Jan. 14.

During the business meeting the following committees and officers were appointed: Mrs. W. A. Dunn, Mrs. S. B. Middlebrook Jr. and Mrs. J. S. Owens, finance; Mrs. E. F. Dunn, Mrs. Clara Haseloff and Mrs. John Taylor, year-book; Mrs. Arthur Bell, Mrs. Raymond Sikes and Mrs. John Wright, recreation; Mrs. S. B. Middlebrook, parliamentary; Mrs. Silas Moore, reporter; and Mrs. W. A. Dunn, song leader. Mrs. Clara Haseloff was elected council delegate; Mrs. C. T. Murphy, kitchen demonstrator, and Mrs. John Taylor, home food supply demonstrator.

Mrs. W. R. Scott was a visitor at the meeting. The next meeting will be held Friday, Jan. 28, at 2 p. m. with Mrs. G. M. Sikes. The program will be "The Wide-Awake Club Woman."

her work. She had made thirty-three garments, built three new closets and remodeled an old one, and had kept up with all other phases of the work.

As a reporter in 1936, Miss Marr won first place in the county on the stories she wrote. During the same year, she won a 4-H Club pin for having completed all goals set for the club.

With this record behind their leader, the club is looking forward to a good club year.

Plymouth Rocks, Rhode Island Reds, Wyandottes and Orpingtons are good dual-purpose chickens. Miss Myrna Holman told the Riverside 4-H Club at their meeting on Tuesday, Jan. 11.

The club learned that these chickens are of medium size, fairly good for eating purposes.

Evelyn Johnson, Cordine McLarty and Edith Blevins were appointed to prepare games for the next club meeting.

The Riverside club will hold its next meeting Tuesday, Jan. 26 at the school house with a program on "Family Fun Night."

WEST SIDE CLUB

That no organization rises higher than the ideals of its officers was stressed by Mrs. Walter Thompson, leader for the West Side Club, which met with Mrs. F. A. Davis Tuesday, Jan. 11.

If an orderly meeting is desired, the presiding officer may easily have such by having her own program outlined in advance and setting an example that the others feel they are expected to follow, said Mrs. Thompson.

Mesdames Roy C. Steele, J. T. King and E. W. Burrow were welcomed back into the club as active members, Mrs. Tom Patton was a visitor.

The date for the next meeting of the club will be announced later since the County Federation meets on the club's regular meeting day.

Talks Feature Rotary Program

The program of the Crowell Rotary Club Wednesday was featured by two excellent talks, one by Jack Seal on community service, and Leslie Thomas giving a classification talk on law. The program was in charge of J. E. Harwell.

Mr. Seal in his talk outlined a number of improvements for Crowell that had been suggested to him by business men and other citizens of the town, some of which at least, might be promoted and put over during 1938 by the civic clubs of the town. Included in these suggestions were: streets curbed and graveled; trade-at-home campaign—meeting competition; clean-up campaign, garbage hauled; road to cemetery graveled; trees planted; co-operation in City Park improvement plans; street markers, houses numbered; free clinic; better Scout organization; more equipment.

Mr. Thomas gave the history of law from ancient times up to the present in an instructive and impressive manner. At the conclusion of the program Judge R. D. L. Kilgough, Rotarian of Vernon who is in charge of next week's program of the Vernon club, invited Mr. Thomas to deliver his talk on the program of that club next week.

Other visitors present were: Harry Koch, Rotarian of Quah; B. E. Ferguson, Rotarian of Childress, M. M. Wade of Vernon and Jolly Porter, of Wichita Falls.
