Florence Nightingale Medal

The Florence Nightingale medal is the highest award of the nursing profession and is given by the International Red Cross committee. The medal was struck first by the committee in 1919 and has since been given every other year to outstanding nurses throughout the world.

A Pyrrhic Victory

A Pyrrhic victory is one in which the winners lose as heavily as the defeated. The words "One more such victory and we are lost" are attributed to Pyrrhus, king of Epirus, at the time of his victory over the Romans in Apulia, 279 B. C.

Displaying the Flag

The flag code says: "Do not display the flag with the Union down, except as a signal of distress."

Delicious cup cakes 30c per dozen at Orr's Bakery.

Milton Magee arrived Saturday morning from College Station where he is a student in Texas A. & M., to spend the Easter holidays in the home of his parents, Mr. and Mrs. R. R. Magee. He will return to college next Sunday.

One hundred watt Edison lite bulbs only 15c at M. S. Henry & Co.

Mrs. Guy Todd will return to her home in Crowell Friday after an extended visit in the home of her parents, Mr. and Mrs. R. H. Rex, of Brownfield. Mr. Todd will leave Thursday for Brownfield and will be accompanied to Crowell by his wife.

Crowell F. F. A. Boys Inspect Water Shed Project Near Vernon

Twenty-nine Crowell F. F. A. boys and their adviser inspected the Adams Creek water shed, six miles north of Harrold, Friday, April 15. The trip was made in the school bus driven by Dale Jones.

The water shed work is sponsored by the Soil Conservation Service, with headquarters in Vernon. There are 36,000 acres in the block and practically all types of soil conservation structures and practices are used on the project. The Soil Conservation Service contracts the land owners and draws up a five-year contract stating specifically what is to be done by both parties involved. After the contract is signed, the technicians of the organization prescribe the treatment the land should receive. In most cases the Service furnishes one-half of the labor and cost of terraces and furrow construction. The co-operator furnishes the other half.

Although this project has only been under way about one year, much good can be seen forthcoming. Terracing, contour tillage, pasture, ridging, furrowing, diversion ditches, dams, flood gate control, strip cropping and wind brake structure are used in various places on the project.

After spending three hours at the project, the FFA boys returned to Vernon, where they visited the livestock auction ring and the Vernon Meat Company.

The boys who made the trip were: Fred Borchardt, Clyde Teal, Wayne Cobb, James Welch, James Long, Hugh Sollis, Garland Rasberry, Frank Dunn, Ralph Flesher, Billie Ownbey, J. S. Owens, Billie Russell, Glendon Russell, Reid Thompson, Cecil Carroll, Carl Connell, Jim Hill Erwin, Franklin Evans, Ed Gafford, Vernon Gibson, Tom Haseloff, Raymond Joy, Bob Middlebrook, Granville Mullins, Basil Nelson, Sam Russell, Guyton Sikes, William Simmons, Wilson Starnes, James Welch, and Walker Todd. David Sollis, last year FFA boy, also accompanied the group.

SUPERFEX

the world's most economical, dependable REFRIGERATOR

SAVE WITH KEROSENE

A new SUPERFEX Model

BURNERS DO 24 HOURS WORK IN 2 HOURS

No continuous flame

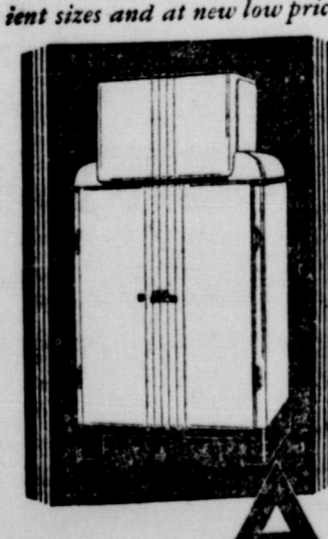

No outside connections

WORKS ANYWHERE

Perfect for refreshing drinks and delicious frozen desserts.

The average operating cost is around \$10 a year—less than \$1.00 a month. Can you afford to do without one? Come in and see Superfex, or let us give you a demonstration in your kitchen.

Superfex Refrigerators are also available in the distinctive design shown below, in several convenient sizes and at new low prices.

When offering you a Superfex Refrigerator—the need of farm homes—it is a lot of satisfaction to know that it's a PROVED article: an oil burning refrigerator made by a manufacturer engaged exclusively in the making of oil burning household equipment for almost a century. We're proud, also, to offer a wide choice of sizes and designs, including the attractive six-foot model shown above.

Whether you are from markets, Superfex will save for you because you can keep foods fresh, requiring fewer trips to the store. Think, too, of the time and tiresome steps it will save by keeping foods in the place where they belong. And it will delight the family, by offering a greater variety of more appetizing foods, ice

Senior Hardware Co.

IT DOESN'T WORK BOTH WAYS

Saved money may some day be spent, but this statement cannot be reversed. Spent money can never be saved—by you.

But the money you spend, which ought to have been saved, will circulate until it reaches the hands of someone who does save—then he will be using the dollar you should have put away.

Start a bank account today and add to it systematically.

thinks.
 People go to college to get skin... the boys for pig-skin, girls for sheep skins.
 If a rabbit is in a hollow log and he runs to one end and sticks his head out, then runs to the other end and sticks his head out, increasing his speed each time. How long will it take him to stick his head out at both ends at the same time?
 A stethoscope is a spy-glass for looking into people's chests with your ears.

JOKES
 Employer: "Are you a clock watcher?"
 Stude (applying for job): "No, I don't like inside work. I'm a whistle blower."
 Glenn: Do girls really like condescended men better than the other kind?
 Marjorie S.: What other kind?
 Coach: Give two good time savers.
 Ann Mabe: Love at first sight and a new car.
 Mr. Brown: "Billie, did you mark the place where fishing was so good?"
 Billie: "Yes, I put an 'X' on the side of the boat."
 Mr. Brown: "That's silly. What if we should get another boat?"
 Other End
 A stout old gentleman was having trouble with the telephone. He could hear nothing but a confused jumble of sounds, and finally he became so exasperated that he shouted into the transmitter: "Is that blithering fool at the end of this line?"
 "Not at this end," answered a cool, feminine voice.
Better Bury Him
 Widow: "I want to insert an obituary notice in your paper. How much will it be?"
 Editor: "Twenty-five cents an inch, madam."
 Widow: "Oh, land sakes, and John was six feet tall!"
 —o—
N. O. L.
 Junk man: "Any old beer bottles you'd like to sell, lady?"
 Old maid: "Do I look as though I drank beer?"
 Junk man: "Any vinegar bottles you'd like to sell?"

Foard City Scholastics
 (By School Reporter)
 Where to begin with the school news this week—that is the question. We answer it by letting the first come first.
 Last Friday—Easter egg day in Texas schools; the P. T. A. entertained the school with the proverbial Easter egg hunt. Mrs. Jesse Autry scored as the most fortunate finder of the candy eggs. Future scholars of Foard City who attended the hunt are, Rozella Autry, Joby Glover, Edna Jean Whitby, and Wayne Borchart. Visitors from Crowell were Yvonne McLain and Naomi Teal.
 Friday night at the cake walk Rozella Autry brought the Johnson family good luck—winning a cake for Polly and (nice Rozella!) a quilt for Mrs. Henry Johnson.
 Mrs. Claude Callaway insists that out of a dozen walks she should have won that cake for Sunday dinner. We think so, too; although we imagine she already had two or three luscious ones in the cake box for Sunday.
 Saturday—Oh, what a day for Foard City. At the district meet C. J. Marts had bad luck. Not only did he draw first place as speaker but he had to compete with a bunch of Childress farmers, who took a notion to discuss the wheat and cotton, just outside the courtroom door. Blaine Barker did rather well for himself and Foard City with a second place, and La Voyce

LeFevre hit a new high with an excellent giving of her declamation, "The State's Duty to the Child," which brought her first place. She will go to Canyon to the regional meet this Saturday, and anything may happen there. A trip to Austin would be nice, La-voysue.
 Sunday afternoon Wilfred and Reese Ann Johnson entertained with an Easter egg hunt. Ice cream cones were served to Julia Rose Johnson, Ginger Johnson, Evelyn Barker, Fermeze Gamble, Bessie Gamble, Marian and Marilyn Hayes.
 Monday Mrs. Perry Gamble was hostess to the twenty-two members of the primary grades and Miss Lona Johnson in honor of the eighth birthday of Fermeze. Games and kodaking were enjoyed. A three-tiered birthday cake, candy bunnies and punch were served as delights for the youngsters. Fermeze received many pretty gifts and thought along with the rest of us, that it was a very nice party.

SAFETY SLOGANS
 The California flood, which took the lives of 150 persons, was heralded as a major tragedy of the year, yet five times as many persons were killed the same week in traffic accidents, and little mention was made of it. The California flood could not have been foreseen and prevented regardless of the amount of human caution exercised, but practically every traffic accident could have been prevented with the exercise of ordinary caution.
 In case of a burn from fire or a hot liquid apply moist baking soda. Oily or greasy substances interfere with treatment that may be later applied by a doctor.
 4,100 children under the age of 15 were killed in traffic accidents last year.

THIS WEEK IN HISTORY
 April 18—Historic ride of Paul Revere to alarm the farmers near Boston, 1775. S. S. Carpathia arrived at New York with Titanic survivors, 1912.
 April 19—Beginning of the Revolution with the battle of Lexington, 1775. Disastrous floods in Montreal; a damage \$5,000,000, 1886.
 April 20—President McKinley sent ultimatum to Spain regarding situation in Cuba, 1898. The Massachusetts board of education was established, 1837.
 April 21—Cornerstone laid for oldest public school in America, at Germantown, Penn., 1760. Spanish-American war began, 1898.
 April 22—Oklahoma was opened to settlement by President's proclamation, 1889. Dewey sailed for Manila; blockade of Cuban ports ordered, 1898.
 April 23—The foundation laid for the first Protestant Episcopal Church built in France, 1833. President McKinley issued a call for 125,000 volunteers for the Spanish war, 1898.
 April 24—British took Washington by surprise, burned public buildings, including the national library and valuable records, 1814.

HOUSEHOLD HINTS
 Carmel Ice Box Cookies: 1 cup sugar, 1 cup brown sugar, 4 1/2 cups flour, 1 cup chopped nuts, 2 teaspoons cinnamon, 1 teaspoon vanilla, 1 teaspoon baking powder, 1 teaspoon salt, 3 eggs, 1 1/2 cups lard, or 1 lb. oleo. Cream fat and sugar, add eggs and mix. Let stand over night in ice box. Slice off and bake.
 One-fourth teaspoon of vanilla to each cup of milk when making hot chocolate or cocoa, will improve the flavor.
 In making cornbread try stirring the unbeaten eggs in at the last and note the improvement.
 It is not how close but how far you can get from a passing car.

15 HE'S LONG JUMPS AHEAD OF MERE "OIL CHANGERS" because

ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

\$ In this space suppose you'd mark down what you would pay some average "oil-changer" for your indispensable Springtime oil change that the oldest or newest car needs badly right now.

\$ In this space then you would mark down just about the same!... which is all you will pay for making the whole great 1938 Springtime TRIPLE-CHANGE...

— the change to Your Mileage Merchant's station
 — the change to his Conoco Germ Processed oil
 — the change to an OIL-PLATED engine for you

Only the patented Germ Process creates an inlay of lubricant all over the inner engine surfaces—a PLATING of oil that holds as close as any other plating on your car.

Not a chance then, for cylinder walls and other delicate surfaces to drain dry every time you park. Hence not a chance of "dry starts," that can cause more wear than all your jaunts this Summer. And the gauge-stick tells your own eyes that OIL-PLATING is the twin of OIL-MILEAGE! So change to Your Mileage Merchant. Continental Oil Company
