CITY TAX RATE SET AT \$1.50 AT COUNCIL MEET

Budget Hearing to Be Held at City Hall September 10

The Crowell city tax rate was set at \$1.50 per hundred dollars at a regular meeting of the City Council at the city hall, Wednesday, August 19. The tax rate for the year ending August 31, 1936, was also \$1.50.

The rate is divided as follows: General Fund \$0.15, Police Fund .15, Fire Fund .15, Water Fund .15, Street Light Fund .10, and Public Works Fund .10.

The total valuations for this year are approximately \$870,000, an increase of about \$7,000 over the total valuations of last year. City Secretary J. T. Billingsley said.

However, during the three years there has been a reduction of 40 per cent. increase in valuations this year is about .85 of one per cent.

Equalization Board Meets
The equalization board, consisting of W. F. Kirkpatrick, G. A. Hall and C. P. Sandifer, met Monday, August 14, to hear complaints by tax payers on assessments made for the coming year.

The meeting date following the meeting of the equalization board is set for setting the tax rate.

Budget Hearing
The proposed city budget for 1937, which was approved at the meeting Wednesday night, is now at the office of the city clerk. A public hearing for suggestions will be held Thursday, August 19, in the city hall, according to a notice made public last week. Any tax payer has the right to be present and participate in the hearing.

New Text Books for Rural Schools Here; Arrived Last Friday
The new text books to be used in the schools of Foard County for the school year of 1936-37 arrived at the office of the county superintendent Friday of last week.

The new books are the ones prepared by the state department of education for use in all the public schools of the state. The new books are being distributed to the schools of the county.

Y. WELCH OF QUANAH SPEAKS FOR ED GOSSETT

Y. Welch of Quanah spoke Saturday afternoon at 4 o'clock on the west side of the square to a large audience in behalf of Ed Gossett, candidate in run-off election for Congress in the 13th district.

He was introduced by George Ed Gossett of Crowell. The speech was broadcast over the business district of the town by a public address system.

The office in Congress is one of the most important public offices the voters are called upon to elect. Mr. Welch stated in opening address. "The man you select to represent you in Congress should be a man who is willing to stand for you and a man who will represent you 100 per cent and a man of whom you can be proud."

Ed Gossett should be elected to this office. He is a man who has everything in common with the masses. He was reared on a farm, received his education in public schools and worked his way through the University of Texas. He has always been a poor and a still is. He is a man who properly represent the masses and no political skeletons nor em-

C. C. McDONALD

C. C. McDONALD TO SPEAK HERE FOR ED GOSSETT

C. C. McDonald of Wichita Falls, former candidate for governor, will speak in Crowell today at 3:30 on the west side of the square.

His speech, broadcast over a loud speaking system, will be delivered in the interest of Ed Gossett of Vernon, candidate for Congress from the 13th Congressional district.

Mr. McDonald has announced that he will also speak at other points in the Congressional district for Gossett in his campaign for election.

NO FUNDS FOR DAM ON PEASE, SAYS MANAGER

A recent report received by the board of directors of the Pease River Flood Control project at Vernon from the office of the general manager stated that no funds are available from Washington at present for making surveys and preliminary examinations as to proper measures of flood control on the Pease River.

The chief of engineers further indicated he did not expect funds before the next session of Congress and it did not appear that such an investigation work could be undertaken as a part of the relief program as it would not comply with the man-year cost established for the relief program.

Vernon officials indicated a belief this conclusion could be shown to be in error although they were uncertain as to whether the revised application submitted last spring to WPA officials providing for the construction of a dam on Pease River 10 miles northwest of Crowell on the Foard-Hardeman county line would be approved.

It was pointed out by the officials that the present drought situation emphasizes the need of a dam to provide a source for municipal water supply for several cities.

MOVE TO PLAINS

Mr. and Mrs. F. J. Jonas will finish moving this week from Crowell to their new farm home eleven miles west of Plainview. Mr. Jonas recently bought a quarter section of land in that locality with 130 acres in cultivation and good improvements.

They have lived in Foard County for the past 34 years with the exception of two years, 1914 and 1915, when they lived in Henderson County.

BIRTHS

Births recorded in the office of the justice of the peace this week were:

To Mr. and Mrs. Homer Clark Stewart of Crowell a daughter, Frankie Laverne, August 10.

To Mr. and Mrs. Dallas Marlow of Crowell a son, Jerrell Wayne, August 12.

To Mr. and Mrs. Alonzo Leroy Kelly, a son, A. L. Jr., August 13.

WATER CONSUMERS OF CROWELL RECEIVING BETWEEN 60,000 AND 70,000 GALLONS DAILY

Crowell is now receiving four carloads of water daily from Knox City as the Santa Fe Railroad has added two cars this week to carry the supply.

In addition to the water shipped in, a newly dug reservoir and well is still producing approximately 30,000 gallons daily to bring the daily supply to between 60,000 and 70,000 gallons.

Government Engineers
Government engineers have been working on test wells near the city lake in an attempt to find an adequate supply of underground water to furnish the city with water, but tests at present have shown

little promise, Mayor C. T. Schlagal said.

Other test wells are to be dug near the old city wells in a search for an adequate supply of water. The engineers will also investigate the possibility and practicability of a water pipeline from wells near Margaret on Pease River.

YOUNG WOMAN OF CROWELL 19, DISAPPEARS

Officers Notified as She Fails to Return By Morning

Mrs. Jack Evans, 19, daughter of J. A. Wallen of Crowell, disappeared from the home of her father Friday night shortly before 12 o'clock, and has not been heard from since, Mr. Wallen stated Wednesday.

Mrs. Evans, who has been living with her father, was called from a car about midnight and it was driven away after she had entered it. She was attired only in a night gown and a robe, her father stated. She took none of her clothes with her and was not even wearing shoes, he said. He said he believed she must have been forced into the car.

Officers were notified early Saturday morning after her parents discovered she was still missing. The car was identified as being dark or black in color. It was described by a neighbor who was sleeping out in his yard.

Deputy Sheriff P. D. Moseley stated he must have heard the car as it sped by the jail as he was awakened by a speeding car about 12 o'clock. Officers are still looking for the missing girl.

Mrs. Evans, formerly Miss Maxine Wallen, left a two-year-old boy by her first husband. She was married to Jack Evans last winter and they separated the latter part of January.

Inquiries at neighboring homes revealed no information as to the whereabouts of the girl and none of her clothes were missing, Mr. Wallen stated.

Foard County Has Ample Labor for All Cotton Picking

A report issued Tuesday in Fort Worth that this district would need a large number of laborers to work in harvesting the 1936 cotton crop drew comment and contradicting reports from many county seats of the counties mentioned.

The report was made by T. E. Crabb, manager of the Fort Worth district. Telegrams were sent Mr. Crabb from several places in the district to the fact that there was ample labor in all the counties. The telegrams stated the counties did not want transient labor to assist in the cotton picking.

Due to the drought stricken crops there is more than enough labor in most of the counties to take care of the cotton harvest, the telegrams stated. From several of the counties reports were that many of the cotton laborers were planning to go to other parts of the state to try to find work in the cotton fields.

One of the telegrams from a Chamber of Commerce said, "We deeply deplore and vigorously protest your announcement that demand is heavy for agricultural labor here and in adjoining counties. We respectfully urge you to let all future announcements about

Health Department Says Water "Good"

A report from the Texas Board of Health received this week by C. T. Schlagal, mayor of Crowell, stated the water now being used by residents of Crowell was good with no contamination.

After the water was tested, the rating was "Good—No Contamination," the highest rating that is given any water, Mr. Schlagal said.

The Mayor also stated that any information concerning the water supply, the water situation or any other city business might be obtained from him or a member of the Council.

GRID WORKOUTS FOR WILDCATS BEGINS MONDAY

Starting Line-Up Will Average About 147 Pounds Per Man

Pre-season football training for the Crowell High school Wildcat gridmen began Monday with 47 boys reporting. However, the squad has been cut to 30.

A starting line-up, which will fall below the weight of last year's team by 4 pounds to the man, started work Monday afternoon after thirty suits had been issued the new material for the 1936 machine.

The probable starting line-up will average 147 pounds to the man, the average weight last year ranging about 151. Coach Grady Graves said. The 1936 line will average about 151 pounds and the backs will pull the scales to about the 140 mark.

Robert Thompson, tackle, is the only man with any experience, having been on the squad last year. Not a regular was in the group that greeted Coach Graves Monday.

Prospects
With no preliminaries the boys scrimmaged the first afternoon out to get into the business of training. Workouts will be held five afternoons each week until school starts.

labor needs in this county originate here or get reliable information before making public statements."

Authorities in Foard County stated there was ample labor here to handle the cotton picking and that probably local labor would be forced to go out of the county to obtain work in the cotton belts.

TO SPEAK HERE SUNDAY

G. W. McDonald, president of Weyland College, will speak at the First Baptist Church of Crowell Sunday morning at 11 o'clock.

He has urged the attendance of all the young people of the town Sunday morning.

August 31 Last Day To Obtain Loans for Seed for 1937 Wheat

Monday, August 31, has been designated by the Emergency Crop and Feed Loan Administration as the last day to obtain seed wheat loans, according to C. Hogan, field supervisor for this district.

Applications for loans may be made at the office of the county attorney with Miss Alma Walker in charge of the taking of applications.

The maximum amount which any farmer may obtain as a seed wheat loan is \$200. Loans are made only to farmers who cannot obtain credit from any other source, as provided by regulations issued by the government of the Farm Credit Administration.

The security for an emergency crop loan will consist of a first lien on the crop financed. Landlords or others having an interest in the crop to be financed will be required to waive their claims in favor of a lien to the government of the Farm Credit Administration.

Wheat loans will come due August 31, 1937. The regular rate of interest of 5 1/2 per cent will be charged.

WRIGHT PATMAN

PATMAN WILL SPEAK HERE TODAY AT 2

Wright Patman, Congressman from the first Congressional District of Texas, has announced that he will speak in Crowell today at 2 p. m. in behalf of W. D. McFarlane who is running for re-election to Congress from the 13th District.

He spoke yesterday at Monday at 2 p. m. at Seymour at 4:30 p. m. and at Wichita Falls last night at 8:30. He will speak at Quanah at 4:30 today and at Vernon tonight at 8:30. Tomorrow he will speak at Bowie, Gainesville and at Denton.

In announcing his intention of speaking for McFarlane, he said, "McFarlane is a valuable member of Congress, and knowing some of the crowd that is after him I shall take my own sound equipment and do all I can for him by speaking in his district."

as is the present sheriff of the county.

CEMENT FOR WORK ON ROAD HAS ARRIVED

Other Materials and Equipment to Be Here Soon

Three cars of cement to be used in building culverts and bridges on the new highway from Crowell to the Foard-Knox county line have arrived, according to information from the state highway engineer in charge of the project. One car arrived Sunday and two more came in Tuesday.

As soon as other equipment and materials such as sand and steel arrive, construction of the culverts and bridges will begin, Tom Seale, engineer in charge, said.

At present about 60 WPA laborers are employed in filling in and Fresno finishing near the North Wichita River, but as soon as necessary materials arrive the laborers will be employed in the building of bridges and culverts.

Ten four-horse teams being used to frosno and plows, two trucks and four three-horse teams being used to wagons are the equipment being used in the present work.

Foard Farmers Are To Meet Wednesday At 2 at Court House

Farmers of Foard County have been asked to meet in the district court room of the court house Wednesday, August 26, for the purpose of trying to obtain drought aid.

The meeting, which is scheduled for 2 o'clock, is convening to try to obtain work projects for farmers who are in need of immediate drought relief.

All farmers of the county, especially all those who are in need of immediate relief are requested to attend the meeting.

Beaver and Crowell Districts to Vote on Consolidation Sept. 5

Elections have been called by the county judge to be held in the Beaver school district and the Crowell Independent school district Saturday, September 5, to decide whether or not the two districts will be consolidated.

The elections will be held in the Crowell district at the county court house and in the Beaver district at the school house.

The election was called by the county judge on a petition signed by a majority of the voters in the Beaver district and 20 qualified voters of the Crowell district. If the vote carries, the consolidation will become effective immediately.

The entire school at Beaver has already transferred into the Crowell school. The transfer will add between 15 and 20 pupils to the enrollment to the local school.

Rabbits Have Become Menace to Cotton Farmers of Foard County; Strychnine Poisoning Found Successful

Jack rabbits have become a menace to the cotton farmer to the extent that experiments under the supervision of the local agricultural agent have been held in the county.

The following experiment was conducted and proved to be highly successful in protecting a cotton crop from the rabbits:

"Strychnine mixed with wheat proved beneficial in killing jack rabbits that were destroying many acres of cotton belonging to a Foard County farmer.

"Several years ago the same farmer planted 40 acres of cotton

which was entirely destroyed by rabbits. This year the same patch was planted in cotton and the farmer noticed that the rabbits had destroyed about six acres on the side of the field adjacent to pasture land. Knowing that his crop might again be destroyed, he decided to act at once.

"Two ounces of strychnine dissolved in enough boiling water to moisten two pecks of wheat were used in the mixture. The poisoned wheat was scattered over two evenings at sundown in small quantities about nine feet apart, and the mixture was placed only

on the sides of the field next to the pasture. Soon after, twenty or thirty rabbits were found dead and the pests stopped entering the field.

"The farmer stated he was greatly benefited by this experiment as most of the cotton on the neighboring farms where poison was not used was destroyed."

County Agent John Nazy stated the rabbits were becoming a great menace to cotton farmers and said precautions should be taken to protect the crops from them.

Why We Should Re-Elect McFARLANE To Congress

He has kept each and every promise made. Has supported 100 per cent the President's Recovery Program, which has more than doubled all of our incomes. No vote of his is challenged as being wrong.

His record favors:
Adequate care for the aged, the blind, the widows, orphans and unemployed.
Immediate cash payment of soldiers' bonus, and protection for the rights of their widows and orphans.
Refinancing farm and city mortgages at low rates of interest.
Enforcement of our anti-trust laws.
Proper legislation for the farmer and laboring man, which will assure them of reasonable profits for their products and services.
All legislation for the benefit of independent business, for the oil man, stockman, merchant, the farmer and laborer and has their endorsement because of his record of supporting legislation for their benefit.
He has 12 years' legislative experience, 8 years in the House and Senate of Texas before serving in Congress. He has worked hard and knows the needs of our people. He has actively supported the legislation bringing more than \$53,000,000 to this District.
When McFarlane went to Congress, the farmers' crops were hitting new lows daily; cotton 5c, wheat 25c, oats 10c, and other crops in proportion. These crops have now increased from two to five times that amount under this Administration. His Twelve years' legislative record proves his honest, efficient service.
It is not new blood but brains, backed by a record of performance rather than hot air and empty promises, that we now need in Congress.
Urge all your friends to come out and vote August 22nd for McFarlane for Congress.

Crowell, Texas, August 13, 1936

Happy is the man that findeth wisdom, and the man that getteth understanding.—Proverbs 3:13.

If the present water shortage in Crowell would create a determination in the hearts of its citizens to secure for the town an adequate supply of good water, although the experience has been tough, it might terminate as a blessing in disguise.

Dallas County is to spend 135,000 for voting machines and we didn't even know such a machine existed. However, they have been in use in the United States for forty years.

Since many car drivers apparently prefer to drive on the left side of the street, wouldn't it be a good idea to change the traffic laws in Crowell to allow them that privilege?

Unless there is some major change in present business trends the national income produced this year will be sixty billion dollars, according to a prediction by Ernest G. Draper, Assistant Secretary of Commerce, Monday.

Screw Worm Expert Encourages Control

Screw worm control depends a great deal upon a proper understanding of how screw worm flies develop. The true screw worm lives only upon the healthy flesh of animals.

Unless the animal is found and maggots killed, these maggots drop from the wound in 4 to 10 days and go into the ground, where they change into flies in 10 to 14 days.

Gossett To Speak Here Friday at 5

Ed Gossett, candidate in the run-off Democratic primary election Saturday for United States representative from the 13th Congressional district, will speak in Crowell tomorrow, Friday, at 5 p. m.

Equipped with a loud speaking system, he will speak from the west side of the square.

Mr. Gossett will be in Crowell and Foard County Tuesday in behalf of his campaign for Congress. He spoke in Chillicothe Tuesday afternoon at 4 o'clock and at Quannah at 8:15.

Absentee Vote Cast In Foard County Sets New All-Time Record

Absentee voting for the second Democratic primary election surpassed the record set in the first primary with 129 absentee votes being cast by 5 o'clock Wednesday afternoon.

Absentee voting ended Wednesday night, the Texas election laws stating that absentee votes may not be cast later than 3 days prior to the election. However, votes received in the mails today will be counted, County and District Clerk Grady Magee said.

Approximately 50 ballots which had been mailed from the office of the clerk had not been returned by Wednesday night. The number of absentee votes cast in this election surpasses the total of 123 in the first election. The number cast before set an all-time high so far back as figures could be checked.

DRIVING WHILE INTOXICATED

Jim Clowers was arrested Saturday night by Sheriff R. J. Thomas and Deputy Sheriff P. D. Moseley, on a charge of driving while intoxicated. He was arrested after trying to force a transient into his car, and striking him in the mouth.

Clowers was identified by the transients. He is now being held for bond pending a grand jury hearing.

PADUCAH DROPS DOUBLE HEADER TO LOCAL NINE

Green Credited With Two Victories, Gets 3 Hits

An umpire's duel which threatened to break into mob violence at any moment finally turned into a quiet, close, and otherwise peaceable baseball game Sunday as Crowell grabbed the first of a doubleheader from Paducah 6 to 5. Manager O. O. Hollingsworth's squad also captured the second—a six-inning fray—7 to 3.

The First Game

The first three innings of the first game were featureless as well as featureless with the exception of frequent squabbles. The first runs of the game came in the fourth inning with the Foard County lads at bat. An error by the Paducah second baseman, a double by L. Duckworth, and two singles produced two runs.

In the first of the seventh a batting spree again turned the tables. After two were out Graves singled, later scoring as Norman stepped into a home run. Ashford followed with a triple and scored as L. Duckworth singled for his second hit.

In their half of the seventh Paducah tied the count with a single and a double, aided by a Crowell bobble. It was the ninth before the tie was broken in exactly the same manner that it was broken in the game a week previous between Crowell and Eldorado.

Green went to first on an error and Graves sacrificed him to second. On a ground ball he went to third. Then with two outs Ashford singled over second to send the winning run across the plate. Paducah was retired in their half of the ninth in order.

Two pitchers were used by both teams. Green was given credit for the win, relieving Rogers later in the game. James and A. C. Bridwell led the hitting attacks for Paducah with three safeties each and Rushing, Crowell right fielder, also netted three hits.

The Second Game

The second match was called in the last of the sixth on account of darkness. It was scheduled as a seven-inning tilt. Crowell opened the game with two runs on as many hits. Graves was hit by a pitched ball, L. Duckworth was issued a base on balls and Ashford and Mints singled to produce the tallies.

An error by Crowell and a hit by Madden gave Paducah their first tally of the second game in the second inning. A Paducah error and three hits produced two more runs for Crowell in the first of the third to push them into a 4 to 1 lead. In each of the fourth and fifth Paducah pushed across a run to get their total of 3. Crowell nabbed another tally in the fourth and two more in the sixth to total 7.

Pitcher Green, beside pitching effective baseball, led the hitting attack with three hits in as many trips, one of them going for three bases. Crowell received 11 safe hits to Paducah's 7.

Football

(Continued from Page One) pretty well stopped up with Gilbert Lankford at fullback and Garland Rasberry at quarter.

Both boys are looking best at these places. The two halfback slots, however, will probably be selected from Marvin McKown, Raymond Joy, Que Meason and John Lee Orr.

Linemen

Four ends have been showing up as fair prospects to play the end positions in the line. Bernice Fitzgerald, Joe Eddy, Richard Vecera and Buster Bryan are the material from which Graves will probably select his ends. Vecera is a surprise prospect having attended school at Wichita Falls last year.

Glendon Reeder has the inside track to fill the shoes left vacant by Bob Lilly at center. Franklin Evans is also out for the same post.

Names as prospective guards are Glenn Shook, Vernon Gibson and W. F. Statter. Ira Klepper, William Simmons, Robert Thompson and Ed Gafford furnish the material for likely tackles. Klepper is one of the heaviest men on the squad, tipping the scales at 168. He hails from Quannah, having had some experience on the Hardeman County squad.

MAKES HIGH GRADES

Miss Bernice Poland, daughter of Mr. and Mrs. H. D. Poland of Crowell, received recognition for her unusual scholastic record at Mary Hardin Baylor recently when Dean E. G. Townsend announced his list of those making no grade below B- for the entire spring term. These girls will be given special privileges because of their high grades when school opens September 14.

RETURNS FROM ENCAMPMENT

Dr. Hines Clark returned Sunday from Palacios where he attended a two-weeks' encampment of the 36th Division, Texas National Guards. He served as regimental surgeon in 142nd Infantry. Texas is the only state in the Union in which the entire division goes into camp at one time. The division was reviewed last Thursday by Governor James V. Allred and Major General Parker, commanding general of the Eighth Corps Area.

CITATION

The State of Texas
To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon T. P. Addison by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be held at the Court House thereof, in Crowell, Texas, on the 2nd Monday in September, A. D. 1936, the same being the 14th day of September, A. D. 1936, then and there to answer a petition filed in said court on the 26th day of November, A. D. 1935, in a suit, numbered on the docket of said Court, No. 2474, wherein Lottie Addison, who resides in Foard County, Texas, is Plaintiff, and T. P. Addison, whose residence is unknown to plaintiff, is Defendant, and a brief state of plaintiff's cause of action, being as follows:

Suit for divorce wherein plaintiff alleges desertion, and that there are no property rights to be divided, and prays for judgment dissolving the marriage relations existing between Plaintiff and Defendant, etc.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Crowell, Texas, on the 19th day of August, A. D. 1936.

A. G. MAGEE, Clerk.
District Court, Foard County, Texas.

NAMING MICHIGAN

Michigan's first families gave the state its name, according to the Ottawa Indians of the region and at the same time expressed their high regard for the state as a garden spot. Mish-egoning, the Ottawa word for "place of clearings in the forests for gardens," is the word from whence Michigan got its name, they say. Contracted to Mish-a-gon it means simply clearing or garden. The Indians have used this region for their farms since pre-historic times, many of them wintering in the Kanagee River valley in Illinois.

A total of 26,221,052 cars were registered in the United States in 1935, an increase of 5 per cent over 1934. Of this total, 22,565,347 were passenger cars, taxicabs and buses, and 3,655,705 were trucks.

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, August 23.
The Golden Text is: "Great is our Lord, and of great power: his understanding is infinite" (Psalms 147:5).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Now the God of patience and consolation grant you to be likened one toward another according to Christ Jesus: That ye may with one mind and one mouth glorify God, even the Father of our Lord Jesus Christ" (Romans 15:5, 6).
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established" (page 167.)

perish. He arose, and after quieting the wind and restoring calm, turned to them and said, Where is your faith? I've thought of that a good many times in the past few years when so many things have come up that have disrupted the plans and the whole scheme of living for so many. It is natural at such a time that one's belief in one's ability and security should begin to slip and fail. It is natural that one would wonder if there is any security anywhere from the storm. It is natural that the man who has lost everything, at an age when it is too late to beat back, should feel his faith in himself slipping. At such a time what a comfort it is to hear through the confusion, the still, calm voice: Where is your faith? It changes things. It quiets the fury of the storm. It stills the wind. It whispers peace. It restores hope. I have seen those whom I felt had not heard the voice. They were whipped and beaten. I have also seen men, who, while they have had the same misfortunes as these, are not whipped, and are not beaten. They are taking it with a high courage. Their heads are up and they look the world and the future in the face still unafraid. They have heard the voice: Where is your faith?

Amendments to State Constitution To Be Voted on in General Election

S. J. R. NO. 14

A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas fixing the salaries of certain constitutional officers by amending Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; by amending Section 22 of Article 4 of the Constitution of the State of Texas fixing the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; by amending Section 23 of Article 4 of the Constitution of the State of Texas fixing the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum and by amending Section 21 of Article 4 of the Constitution of the State of Texas fixing the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum; providing for its submission to the voters of the State of Texas as required by the Constitution, and making an appropriation therefor.

Be It Resolved By The Legislature of the State of Texas:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows: "Sec. 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Twelve Thousand (\$12,000.00) Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that the amendment shall not become effective until the third Tuesday in January, 1937."

Sec. 2. That Section 22 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows: "Sec. 22. The Attorney General shall hold office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freights or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary of Ten Thousand (\$10,000.00) Dollars, and no more."

Sec. 3. That Section 23 of Article 4 of the Constitution of the State of Texas, be amended so as to hereafter read as follows: "Sec. 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office shall each hold office for the term of two years and until his successor is qualified; receive an annual salary of Six Thousand (\$6,000.00) Dollars, and no more; reside at the Capitol of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive for their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. That Section 21 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows: "Sec. 21. There shall be a Secretary of State, who shall be appointed by the Governor, and by the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws, and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, pay the same and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Six Thousand (\$6,000.00) Dollars, and no more."

Sec. 5. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum, and the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum."

And those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand (\$12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand (\$10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand (\$6,000.00) Dollars per annum, and the salary of the Secretary of State at Six Thousand (\$6,000.00) Dollars per annum."

H. J. R. NO. 9

A JOINT RESOLUTION proposing an Amendment to Section 26 of Article 3, of the Constitution of Texas, by adding thereto Section 26a, providing that under no apportionment shall any county be entitled to more than seven (7) Representatives, unless the population of such county shall exceed seven hundred thousand (700,000) people; providing for the apportionment in counties of more than seven hundred thousand (700,000) people; providing for its submission to the voters as required by the Constitution and making an appropriation therefor.

Be It Resolved By The Legislature of the State of Texas:

Section 1. That Section 26, of Article 3, of the Constitution of Texas, be amended by adding thereto Section 26a, as follows: "Section 26a. Provided however, that no county shall be entitled to or have under any apportionment more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census, in which event such county shall be entitled to one additional Representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census; nor shall any district be created which would permit any county to have more than seven (7) Representatives except under the conditions set forth above."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State, at the next general election, to be held on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

And those opposed to said Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

If it appears from the returns of said election that a majority of the voters are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas, is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000.00) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expense of such publication and election.

Bert Bain, Formerly Of Crowell, Marries At Frederick Sunday

Bert Bain of Wichita Falls, former resident of Crowell, and Miss Betty Marshall of Wichita Falls were married in the parsonage of the First Baptist Church in Frederick, Okla., Sunday morning.

The bride wore a white silk suit with white accessories. The couple were attended by Mr. Bain's sister and husband, Mr. and Mrs. Morris, of Frederick.

Mr. Bain was reared in Crowell and was well known throughout the county. He moved to Wichita Falls several years ago.

Mrs. Bain, who is a former resident of Bonner Springs, Kans., is employed at the Ray Puckett Finance Company. Mr. Bain is associated with the Texas Packing Company of Wichita Falls.

The couple are now living at their home at 707 Burnett Street.

Local B&PW Club to Entertain Others at Picnic at Lake Pauline

The local chapter of the Business and Professional Women's Club will be in charge of the entertainment at the annual picnic of the organizations of this district to be held at Lake Pauline near Quanah Tuesday night of next week.

The local club will not hold its regular meeting this month which was scheduled for tonight, according to Mrs. Henry Borchardt, president of the organization.

A picnic lunch will be spread and one of the chief features of the outing will be a swimming party. The delegation from the Crowell club is attending the annual affair for the first time.

Former Crowell Boy and Vernon Girl Wed

James Gribble of Wichita Falls, formerly of Crowell, and Miss Opal English of Vernon were married Sunday, August 9, with the pastor of the First Methodist Church of Wichita Falls conducting the ceremony. Mr. and Mrs. Lewis Gribble of Wichita Falls and Oscar Johnson of Vernon were the only attendants.

Mrs. Gribble is the daughter of C. T. English of Vernon. Since her graduation from Vernon High School she has made her home in

Wichita Falls.

Mr. Gribble is the son of Mrs. H. E. Gribble of Vernon. He was born and reared in Crowell, having left here to make his home in Vernon several years ago. He was graduated from Vernon High school in 1935.

The couple will make their home in Wichita Falls where Mr. Gribble is employed by the Curran Candy Company.

TO GRADUATE AT SUL ROSS

Miss Oleta Thompson, daughter of Mrs. Ed Thompson of Foard City and Miss Susie Evelyn Johnson, daughter of A. L. Johnson of Crowell, will receive their Bachelor of Science degree at Sul Ross State Teachers' College at Alpine

Frances Couch, Former Crowell Girl, Presented in Speech Recital Monday At Abilene; To Teach at Thalia School

Miss Frances Couch, daughter of Mr. and Mrs. Joe Couch, of Abilene, formerly of Crowell, was presented in a senior speech recital at Hardin-Simmons University auditorium in Abilene Monday night. Miss Couch is a pupil of Miss Neena Kate Ramsey, head of the speech department at the university.

MISS FRANCES COUCH

In her recital she gave an interpretation of Rudolf Besler's drama, "The Barretts of Wimpole Street." It was given in three acts, "Porter in a Tankard," "Robert Browning" and "Papa."

Miss Couch, niece of Mr. and Mrs. Grover Cole of Crowell, is receiving her bachelor's degree with the end of the summer session at Hardin-Simmons University and will be a member of the Thalia school faculty this next year.

She has appeared for clubs and private groups in Abilene during the past few years and presented "Roads," a one-act play for her junior recital last year.

at the end of the summer session. Miss Thompson will teach the first and second grades at the Delwin, Cottle County, school this year.

McFarlane--

its your returning him to his office, a man who has voted for the interest of the common people every time."

McFarlane opened his address quoting figures from the first Democratic election. "Contrary to statements by my opponent, I carried my home county and my home box in the first primary by a larger per cent than he did," he said. "I carried Young County by a majority, receiving 51 per cent of all the votes cast in the county. My opponent received only 46 per cent of the total vote cast in his county. Wilbarger, or 4 per cent less than a majority. My statement is based on approved election returns from the last election."

Other statements from his speech were:

"The present administration has forced down interest rates so that the common man could refinance his home and business, it has forced down utility rates and in doing these things we have trod on the toes of power trusts and other big business. The result is that I am bitterly opposed by such power trusts and other big business enemies of the New Deal. You will find that those who oppose me strongest are those who are against President Roosevelt and his administration.

"The present administration in

Election--

(Continued from Page One)

was high in the first election. A. L. Davis and A. W. Barker are in the race for the office of county commissioner of precinct No. 3. C. C. Joy and George Mapp are the candidates for Democratic chairman of precinct No. 1 and J. B. Robertson and H. D. Lawson are on the ticket for the same place in precinct No. 2.

Congressman's Race

One of the races which has caused much interest in this district is the Congressional race with Ed Gossett and W. D. McFarlane in the run-off. Mr. McFarlane is the incumbent representative. Both candidates are making intensive drives to capture the approximate 25,000 or 30,000 votes netted by the other five candidates in the first election. McFarlane led the first race with slightly more than 20,000 votes and Gossett ran second with more than 10,000.

Two statewide offices are to be filled by the election this week. George B. Terrell and J. E. McDonald are the candidates for commissioner of agriculture and Ernest O. Thompson and Frank S. Morris aspire to the office of railroad commissioner.

Presiding Officers

Citizens of southeast Crowell will vote at the county clerk's office with A. D. Campbell in charge, northeast Crowell at the county judge's office with J. R. Beverly in charge; southwest Crowell at the office of the justice of the peace with Lee Black in charge and northwest Crowell at the county attorney's office with Mrs. Sadie Rascoe in charge.

The presiding officers of the other precincts of the county are: Margaret, Claude Orr; East Thalia, C. L. Adkins; West Thalia, A. B. Wisdom; Foard City, Frank Weatherall; Black, J. J. McCoy; Vivian, Ike Everson; Rayland, T. F. Lambert; and Good Creek, G. C. Owens.

Large Vote

A large vote for the county has been predicted for the county in the second Democratic primary election. Sixteen hundred and thirty-two votes were cast in the first election to set an eight-year record. The election in the entire state polled the largest vote in the history of the state. There were 1,321 poll taxes paid in Foard County this year, but there probably will be more than this number vote because of exemptions and overs and unders.

Welch--

(Continued from Page One)

barassing entanglements. "Nobody questions the ability or the qualifications of Ed Gossett. He is a most willing worker and has been the most successful district attorney since 1916.

"Gossett believes Congress should work out a better agricultural program whereby the farmer will have the same privileges as other industries. He also believes in more effective crime legislation."

Regarding McFarlane's campaign tactics, Mr. Welch said "Gossett is not connected with the power trusts and McFarlane is making these accusations simply to hoodwink the voting public. The present Congressman charges every opponent with being a scoundrel and by tomorrow night I'll probably be branded as a poor country lawyer. Such statements are his battle cry."

"Power trusts are McFarlane's big story. He never mentions the monopolies which are robbing the farmer of everything he makes. He never mentions anything but the utilities and power companies. He has never written a bill that has ever come out of a committee, much less one that has ever become law. The money that the tax payers have spent in this district for educating McFarlane in Congress has been wasted."

"He never had anything to do with getting all this government money to this district. If he did why is it that an Ohio Republican WPA laborer gets 20 per cent higher wages than a Texas Democrat? Regarding Patman's speeches in this district the people should resent an East Texas Congressman trying to tell us how to vote."

Mr. Welch ended his speech by saying, "The voters should turn the present Congressman out to grass and send new blood to Congress."

Home Economist

MRS. THELMA JACKSON

Home Economist to Be Here Aug. 25-26 At M. S. Henry & Co.

Mrs. Thelma Jackson, well known Home Economist of the Ball Brothers Company, will be in Crowell on August 25th and 26th, at which time she will give a free demonstration of meat, fruit and vegetable preserving at M. S. Henry & Co.

Mrs. Jackson received her Home Economics degree from East Central State Teachers College. During her entire college and school life, she specialized in both study and practice of canning. Mrs. Jackson has been a teacher of Home Economics, conducting cooking schools between school terms. Last year she supervised the Relief Canning around Duncan at the invitation of the Chamber of Commerce.

Mrs. Jackson is not only perfectly prepared technically for her place, but she has also a charming

personality which claims her audiences' attention and admiration. Having had much practical and home experience, she is able to explain all the correct and economical methods of canning foods in glass containers so that her listeners understand every process. The women who attend her school enjoy each session and go away better prepared to put up home products for the delight, health and prosperity of their families.

The Ball Brothers Company, manufacturers of quality glass jars for nearly half a century, is sending Mrs. Jackson and scores of other qualified demonstrators all over the country to show home-ment-approved methods of steam pressure, hot water bath, and open kettle canning. See and hear Mrs. Jackson, and ask her any canning questions which she will be glad to answer.

Attendance prizes will be awarded.

GROCERY and MARKET

FIRST of Fall NEWS

OUR fall merchandise which we are now buying in the Los Angeles market will soon be arriving. Here we have had access to the Eastern lines, as well as the Hollywood styles, which are so different.

WE ARE trying to get together a selection of chic and lovely things and still be in everybody's price range.

A BUSINESS of which we may be proud is our goal and pleased customers is our reward for the effort put forth.

For COUNTY JUDGE and SCHOOL SUPERINTENDENT

I solicit your vote in the run-off Democratic primary election Saturday, August 22, on a platform of honesty and sincerity, on a pledge to fulfill the duties of the office of county judge and school superintendent to the best of my ability, and a promise to strive to fill the office to your satisfaction, discharging the duties without partiality to any person.

On my record as a citizen and as a past public officer of this county I ask your consideration in your selection of your county judge. I appeal to you for your vote and influence in the election Saturday.
