HIGHWAY WORK ON SHARP CURVE NOW COMPLETE

Work was completed about September 1 in filling up ditches and flattening slopes on a sharp curve on the Paducah-Crowell highway near the Foard-Cottle county line 2 1/2 miles west of Crowell. The work was done by the state highway department's maintenance division under the direction of Curtis Ribble, local highway representative. The purpose of the highway work there was to lessen the danger of the curve, Mr. Ribble said. About two weeks were required in rebuilding the gradework on the curve.

Pocket Parks

A well was completed recently on the highway pocket park on the new road from Crowell to the Foard-Knox county line. The well on the South Beaver Park about three miles south of Crowell produces about 600 gallons of water per hour, according to official tests. Construction of a dam for an artificial lake has been started on the pocket park about three miles north on the Quana-Crowell highway. Weather conditions this summer have made permanent work on the parks almost impossible, Mr. Ribble stated. Employees of the highway department here have spent most of the summer in hauling water for the trees and shrubbery along the highways, he said.

1.55 INCH RAIN ADDS WATER TO CITY LAKE

Consumers Urged to Conserve Supply; Total Is 5.89

A 1.55 inch rain fell in Crowell and similar rains fell throughout the county Thursday afternoon of last week to break, at least temporarily, an extended drought and heat wave. The rain falling spasmodically sent the water rushing through the streets and placed about five or six weeks' supply of water in the City Lake. Measurements taken soon after the rain showed that four feet of water could be pumped from the lake. Shipments of water from Knox City have been cancelled. "The water supply must be conserved, however," Mayor C. T. Schlegel said. "With proper care and conservation the present supply of water without more rain will probably last until the middle of next month." Although the precipitation came too late to aid the cotton crops to any great extent it will allow wheat pastures, farmers stated. Measurements throughout the county showed the rains were slightly lighter in all sections except the west part of the county. Truscott received about one and one-half inches. Light thunder showers which fell Wednesday and Friday, August 26 and 28, amounted to approximately one-fifth of an inch. The rainfall last Thursday brought the year's total to 5.89 inches, according to records kept at the Crowell State Bank.

CULVERT AND BRIDGE WORK TO BEGIN SOON

Final Materials Due by Monday, Engineer Says

Five cars of gravel, 3 cars of sand, and 2 cars of steel have arrived in Crowell to be used in building culverts and bridges on the strip of new highway from Crowell to the Foard-Knox county line. Work will probably begin Monday on building the bridges and culverts if a car of lumber arrives by that time, Tom Seale, state highway engineer in charge, said. The lumber is expected to arrive within a short time. At present a crew of about 70 government laborers are being employed in grading and filling in near the North Wichita River. The crew, however, will be cut in about half soon so that they may be placed on other government projects in the county, the highway engineer said. The period from September 10 to September 14 is the regular lay-off period for the government laborers, after which work will be resumed.

MEETING HELD FOR DISTRICT M. E. PASTORS

Pastors of the Methodist Churches of the Vernon District met at the Margaret Methodist Church Wednesday. The devotional was under the direction of Rev. A. J. Jones of Vernon which opened the meeting at 10 a. m. Rev. Vernon H. Henderson, pastor at Odell, gave a report on "Methods I Have Used in Raising Benevolences." A round-table discussion was held by the attending ministers from 10:45 to 1:15. Rev. W. B. Hicks, pastor of the Floydada Methodist Church, delivered the main sermon of the meeting before adjourning for the noon period. Mrs. J. E. Eldridge of Vernon gave a report on vacation church schools and Childhood and Youth Week. Laymen's reports were given from 1:45 to 2 p. m. Pastors' reports completed the convention which adjourned about 3 o'clock.

Annual Gathering of Descendents of Henry Baker Held at Wesley Park at Margaret Last Week-End; 200 Attend

More than 200 relatives attended the third annual reunion of the direct descendents of Henry Baker at the Wesley Park near Margaret Saturday, Sunday and Monday. The only surviving child of Henry Baker, Mrs. Julia Baker Hardy, of Waxahachie, was one of the honor guests. Her children and the children of the families of her two sisters and one brother, all of whom are now dead, made up the group of attendants who participated in the largest of the three reunions. The meeting is held Labor Day and two preceding days of each year. Program The program and entertainment for the reunionists for the three days was under the direction of Walter Taylor of Wichita Falls, who acted as master of ceremonies. Games of all kinds, contests, dances, sports and religious services made up the program. Most of Saturday morning, the reunionists were in session. (Continued on Page Five)

PETITION FOR BOND ELECTION IS CIRCULATED

P. T. A. Women Launch Work at Meeting This Week

A petition was circulated recently by members of the local Parent-Teachers Association in the Crowell Independent School District asking for an election on a bond issue. The date for the election has been set for Saturday, September 19. It will be held in the office of the justice of the peace in the court house. If the election Saturday carries, the bonds will be issued to pay for skilled labor on the construction of a new grammar school building. A government project has already been approved whereby common labor and materials will be furnished by the federal WPA agency. The passage of the bond issue would not increase the taxes or tax rate in this district. The addition recently of more territory to the district makes possible the issuance of more bonds. The work of obtaining signatures for the petition was launched this week by a meeting of the executive board of the Crowell P. T. A. A bond election was also discussed at the regular meeting of the school board in the office of the school secretary in the court house Monday night.

BUDGET RECEIVES OPEN HEARING TODAY

Budget Receives Open Hearing Today

The hearing on the budget is open to all citizens of the city, and all taxpayers will have the right to participate in the discussion of the budget.

Pease River Project Directors Meet; Dr. Hines Clark Presides

M. S. Henry and Dr. Hines Clark attended a meeting of the directors of the Pease River Flood Control district held at the office of the Vernon Chamber of Commerce Friday afternoon. Reports on correspondence with United States Army Engineers and Senator Morris Sheppard were given. Information was received that preliminary surveys and examinations on the proposed dam to be built on the Pease River north of Crowell cannot be started until an appropriation for such work is made by Congress. Sen. Sheppard stated it would be impossible to obtain an appropriation before the next session of Congress. The directors also learned that WPA funds could not be used for such work as the project would not comply with the man-year cost established by the relief program. Dr. Clark, vice president, presided at the meeting in the absence of E. R. Brown of Electra, president.

Governor Allred Gives NYA Educational Director Big Hat, Ranger's Commission; Says Texas Becomes "Youth Conscious"

Austin, Sept. 9. — Richard R. Brown, former Colorado educator and now deputy executive director of the National Youth Administration, received a 10-gallon Texas hat and a Texas Centennial Ranger commission from Gov. James V. Allred at a dinner here in his honor when more than 100 leading Texas educators gathered to pay their respects to the effective educational program sponsored by the NYA in Texas.

A comprehensive program of education that could not have been achieved without federal assistance has made Texas "youth conscious," and the state NYA office has established an enviable record in its administration of the NYA program, Gov. Allred said. The Texas hat and Ranger commission symbolize the state's appreciation of his efforts and achievements, the governor told Brown.

Texas appreciates the fact, Governor Allred stated, that 12,000 boys and girls in its high schools and 6,000 students enrolled in its colleges who could not otherwise have attended school have been enabled to do so through part-time jobs provided by the NYA.

Mr. Brown explained in his talk that the Texas student aid program which is being conducted through the assistance and co-operation of local school officials is an integral part of the National Youth program, through which the federal government has provided approximately 400,000 men and women, in addition to giving one-women, in addition to giving one-third security wage jobs to 210,000 out-of-school youths.

State Director Lyndon B. Johnson presided over the meeting which also included on the speakers' list Gov. Pat M. Neff, president of Baylor University, Waco, and President H. Y. Benedict of the University of Texas. Gov. Neff reviewed the success of the Texas NYA program and endorsed the work of Director Johnson and the NYA. President Benedict introduced Dean V. I. Moore who handled the student aid program at the University of Texas. Dean Moore discussed the administration of the program at that institution.

Other speakers who told of the far-reaching influence of the NYA on the youths of Texas included C. M. Elwell of the state department of education; C. E. Doyle, superintendent of Jefferson County schools; J. O. Webb of the Houston public schools; and V. A. McGee, assistant state director of the Texas state employment service.

Following the dinner, Brown and the educators present discussed the mechanics of the NYA education program and the character of

Britain Traces 1776 Failure

The British attribute their failure in our Revolution to the fact that, according to them, it was largely a naval war and the English fleet lacked its usual dash and enterprise. Their armies failed on land for want of proper support from the sea and Yorktown's surrender was due to the actual, if temporary, loss of the command of the sea, with Paul Jones harrying the English at their own doors.

VERNON TAKES PRACTICE GRID MATCH FRIDAY

Invaders Held to One Touchdown to Win By Score of 7-0

Battling viciously in an uphill fight, the inexperienced Crowell High School Wildcats gridsters held the Vernon High School Lions to a single touchdown to lose 7-0 here Friday in an unofficial practice scrimmage.

Two Vernon regulars were the only seasoned gridmen on the field, and both squads at times lapsed into ragged football and revealed flaws which need ironing out.

The lone touchdown of the afternoon came in the last quarter as Vernon's quarter back, Morris, circled his own left end carrying the pigskin from the Crowell 13-yard line to their two-yard line.

Crowell made a serious threat in the second quarter as they recovered a Lion fumble on Vernon's 10-yard line.

Truscott and Mounds To Start Three-Game Play-off Next Sunday

Truscott and Medicine Mound baseball nines will meet Sunday at Truscott in the first of three games in the final series in the Cotton Belt league race.

Medicine Mound defeated Crowell and Truscott took Quannah in the elimination games last Sunday to win the right to go into the three-game play-off series.

The winner of the series between Truscott and Medicine Mound receives the Cotton Belt pennant.

SCHEDULE FOR WILDCATS TO MEET IN 1936

List of Games Should Be Kept by Fans for Future Reference

Crowell High School Wildcats will have a full schedule this fall with ten games on the card, all the interscholastic League allows in one season.

Four games will be played by the local boys before the first conference tilt which is slated with Iowa Park here October 9.

Another factor that caused the game to end as it did was spaggy playing both defensively and offensively on the part of the Crowell nine.

Wildcat Schedule Sept. 11—Floydada at Crowell. Sept. 18—Crowell at Matador. Sept. 25—Crowell at Quannah. Oct. 2—Crowell at Paducah.

Conference Schedule Oct. 9—Iowa Park at Crowell. Oct. 16—Chillicothe at Crowell. Oct. 23—Throckmorton at Crowell. Oct. 30—Crowell at Barkburnett. Nov. 6—Open date. Nov. 13—Seymour at Crowell. Nov. 20—Crowell at Archer City.

Football Resumes to Be Given Over KGKO On Thursday Nights

A football resume of both Class A and Class B teams of this district will be broadcast over station KGKO at Wichita Falls every Thursday night beginning tonight from 6:30 to 7:00 p. m., according to an announcement sent to Coach Grady Graves from the W. B. McClurkin & Co. of Wichita Falls, sponsors of the broadcast.

According to the announcement, the programs will consist of music, songs, yells, talks, interviews with various coaches and players of the district and other such features. Prizes will be offered by the company to the person making the most nearly correct prediction of the total score of either class A or class B games of the district for the games to be played the following week-end.

IT'S 'CURTAINS' FOR CROWELL'S BASEBALL NINE

Eliminated by Mounds 4 to 3 In Snappy Game Sunday

For Crowell it's curtains, as far as the Cotton Belt baseball league is concerned. Medicine Mound on their own diamond Sunday nosed out the Foard County nine by one score in a hard fought match 4 to 3 to eliminate Manager O. O. Hollingsworth's lads in the modified Shaughnessy play-off plan adopted by the circuit.

Both Rogers and Barlow, twirlers, turned in neat performances in the match Sunday. Each allowed the opposing team seven bingles and each got one hit to figure in the offensive columns.

Factors in causing Barlow to win and Rogers to lose were many. Waldrip, Mounds rightfielder, was one of the biggest factors.

Summary: Runs—Graves, Mints, Rogers, Waldrip, Brooks, Sossaman, Canifex. Home runs—Mints. Three-base hit—Ashford. Two-base hits—Waldrip 2, Bailey, Canifex. Double plays—Barlow to Maddox to Bailey, Waldrip to Bailey, Hutchins to Maddox. Hit by pitched balls—Rogers (Curran and Maddox), Barlow (L. Duckworth). Pitchers' records—Off Rogers 4 runs, 7 hits, 1 base on balls in 9 innings; off Barlow—3 runs, 7 hits, in 9 innings. Strikeouts—Barlow 1, Rogers 5. Stolen base—Mints.

After the Knox lads eked out another in the eighth, Quannah had their big inning for the day and sent 5 runners across the plate to narrow Truscott's edge to 8 to 7.

ELIMINATION GAME TAKEN BY TRUSCOTT

Quannah Nine Loses to Knox Boys in Ten Inning Contest

Truscott snatched the elimination game with Quannah on the Hardeman County diamond Sunday in a ten-inning match 11 to 9 to earn the right to play Medicine Mound a three-game series beginning next Sunday at Truscott.

Manager Clyde Myers' nine jumped into the lead in the fourth inning by scoring three tallies and never relinquishing their margin until the last of the ninth when the Quannah gang knotted the count.

Retaliating in their half of the third, the Fairless boys scored once to threaten but two more scores in the fifth by Truscott strengthened the lead to 5 to 1. Each team scored one in the seventh. After the Knox lads eked out another in the eighth, Quannah had their big inning for the day and sent 5 runners across the plate to narrow Truscott's edge to 8 to 7.

THIS WEEK IN TEXAS HISTORY

1832—On September 14, the first and second alcaldes of the jurisdiction of Austin issued a call to all Texans to elect a convention from their districts to assemble at San Felipe de Austin on October 1.

1935—On September 19, Austin sent a call to arms to the colonists. He said, "War is our only resource."

1842—Following the serious attacks on San Antonio, the Governor and heads of departments temporarily moved their offices from Austin to Washington September 20.

1844—Members of the Mier expedition were released September 16 by Santa Anna. Seventeen out of 159 were executed earlier in the year.

1883—The inauguration of the University of Texas took place September 15 in the west wing of the building on College Hill. Ashbel Smith was president of the board of regents. — Texas State College for Women (CIA.)

Truscott 3 runs after which seey, ace hurler, retired Quannah with 1 run in their half of ninth to take the match.

Handicapped by the loss of regular players, the Truscott chime refused to be beaten. L. Abbott, member of the pitching staff, played the keystone in the place of Chester Pogue, in turn filled the vacancy left behind the bat by Wilson Myers. L. "Red" Bates, rookie, star in both offensively and defensively in filling the shoes of Orval Myers who is the regular hot corner guard.

Bates netted two flies in four official trips handled 8 chances in the field and a hobble.

L. Abbott nosed out Henry Mies for individual batting honors pouncing the gates for a triple double and a single in half dozen trips. Moss was good for double and two singles. Lead was F. Price, the only Hardeman player to receive as many as safeties. H. Price socked the ly home run of the afternoon.

McCORMICK-DEERING Semi-Deep Furrow Drill for Planting Winter Wheat

McCormick-Deering 12 x 10-inch double-run feed, single-disk semi-deep furrow drill, equipped with a large capacity all-steel, rust-resisting non-warping hopper; steel wheels; and tractor hitch.

The McCormick - Deering semi-deep furrow grain drill is an outstanding achievement in drill design and construction. It answers the need of wheat growers for a drill that plants winter wheat at the proper depth where the seed has more than an even chance for quick germination and rapid growth.

SAFETY SLOGANS

A most helpful drink in hot weather is cool water to which a little table salt has been added. The correct proportion is one-fourth tablespoon of salt to six ounces of water. The purpose of the salt is to restore the body balance upset by excessive perspiration.

Most swimming accidents could have been prevented with a little caution.

It is foolish to venture in water beyond your depth unless there is an expert life saver in the crowd. You have no right to jeopardize the lives of others who may be drowned trying to rescue you because of your foolishness.

The disastrous forest fires are a warning to every camper to be sure his camp fire is entirely out before he leaves it.

When you throw out a broken bottle think what will be the result if some barefoot child steps on it.

Don't go off and leave a trash fire burning. A spark from it may destroy your neighbor's home.

It is foolish to try to save seconds and hazard lives. Most people by starting a few minutes earlier could reduce their driving to a safe speed.

It is dangerous, highly dangerous, to clean clothing in gasoline. Silk or wool fabric will generate sufficient spark to ignite the gasoline. Remember it requires but one act to receive a burn that may mar one for life.

Every accident in which the report states that the driver of the death car had been drinking could have been avoided.

Do not oil machinery while it is in motion. It may cost a finger or a hand or an arm.

A little fore thought is better than all the after thought in the world.

No automobile is accident proof.

If you can't see the road ahead, don't drive. Old Dobbin could pick his way but the car goes where it is headed regardless of what is ahead.

HOUSEHOLD HINTS

To keep patent leather shoes and handbags from cracking rub them occasionally with a cloth dipped in glycerine.

Onion juice should be added after a mixture is cooked rather than cooked with the mixture if the best flavor is desired.

Painting the top and bottom basement steps white is a good idea that may save many falls.

opening day of the celebration, was spent in preparing the grounds. Horse shoe pitching with divisions for the grown-ups and youngsters was the chief diversion of the afternoon. By Saturday night the celebration was in full swing with games of "Thousand Legged Worm," "Wind the Clock," "Prairie Flower," and other amusements furnishing the entertainment. "Skip to My Lou," "Miller Boy," the Virginia Reel, and Figure 8 were the dances in which the more active "old-timers" participated Saturday night.

Sunday's Program

Sunday, visitors' day at the reunion, was characterized by religious activities. The morning worship was held at the Wesley Park after which Rev. Marvin Brotherton, pastor of the Margaret Methodist Church, preached. The entire community was invited to attend the services. Rev. Brotherton read from the old family Bible of Henry Baker at the service Sunday morning.

Washer pitching, swimming, more horse shoe pitching and a soft ball game were the events Sunday afternoon. Following vespers Sunday night, stunts and tricks and other games entertained the attendants. Fred Taylor of Margaret was selected as the blue ribbon husband; he was the only one who was able to answer satisfactorily five questions. The questions asked the men were: "date of their wedding anniversary; their wife's birthday; price of butter, price of eggs and the description of the dresses their wives were wearing."

Monday's program was featured by the roll call and individual stunts. Group pictures were taken before the celebration was ended.

Honor guests other than Mrs. Hardy were: Mrs. John Wesley of Margaret, Mr. and Mrs. W. T. Dunn, Mrs. Alice Evans, all of Margaret, and Mrs. Juddie Ferguson of Acme, Mrs. P. D. Chaney and children of Vernon also attended.

Out-of-county relatives were: Mr. and Mrs. Walter Ross and family of Willow Okla., Mr. and Mrs. Charlie Stovall and family of Granite, Okla., Mr. and Mrs. A. D. Your Horoscope

September 7—You are conservative, and a stickler for old forms and customs. You prefer the old days to the present day of hurry and bustle. You have a keen sense of justice, are firm, positive and determined. People come to you often to settle their disputes, as they have confidence in your judgment and fairness.

September 8, 9, 10—You are very apt to overdo in giving advice to your friends, and it is advisable for you to watch this trait as it is sometimes better withheld. You are deeply interested in the welfare of your family and friends. You have a keen discrimination and always in search of information and knowledge.

September 11, 12, 13—If a man, your type is more often found on the supreme bench. Despite the fact that you are very home loving and affectionate, there are times when you display a very violent temper and are hard to get along with, which neither you nor others can understand. You possess ability of the very highest quality, and have a fine, splendid mind, deciding things clearly, firmly and honestly.

Baptist Church
 Sunday School at 9:45. Preaching at 11 a. m. B. T. U. at 7 p. m. Preaching at 8 p. m.
 By this time you have heard that our pastor, Rev. W. B. Fitzgerald, will soon tender his resignation to take effect after September 23. We have known for months that he stayed with us and gave us these God-sent messages at his life's peril. The doctors rigidly urge a long rest of perhaps years. We are reluctant to give up the citizenship of him and his lovable family to say nothing of their Christian example and service. This is not only a loss for our church but we know the entire county and district will share our loss. Nevertheless, we are glad he is wise enough to observe health advice and hope he will soon regain his strength and health.
 Our Father has not promised us we should not have trials and tribulations, but He has promised strength for every need and comfort for every sorrow.
 We know God has another pastor for us and believe He will send him our way. We are never going to give up. The race is yet unfinished, the conflict is still on, and it is our business to invest our lives in such a way as to make true the plan of the Son of man. When God gave to the world His greatest revelation instead of trumpeting the naked truth from heaven. He simply sent us in the likeness of Himself to tell His story.
 You cannot afford to miss these last services; let's fill the auditorium every time.—Reporter.

Christian Science Services
 "Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, September 13.
 The Golden Text is: "Now faith is the substance of things hoped for, the evidence of things not seen" (Hebrews 11:1).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth" (Psalms 33:6).
 The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Substance is that which is eternal and incapable of discord and decay. . . Spirit is the only substance, the invisible and indivisible infinite God. Things spiritual and eternal are substantial. Things material and temporal are insubstantial" (pages 468 and 335.)

Two Minute Sermon

(By Thomas Hastwell)

What Lacketh I Yet? The story is told that one day a rich young man came to Christ and asked him what he should do to inherit eternal life. Christ told him the things that it was necessary to do. "All these things," the young man said, "I have kept from my youth up. What lacketh I yet?" I think the

Ten Containers of Food Canned by 4-H Club Girl at Black

Ten containers of food for the family have been preserved by Marylou Nichols, member of the Black 4-H Club. Four of these were plums and the others beans which she was able to raise in an early spring garden. Marylou's goal is twenty containers, five containers for each member of the family. She is hoping to be able to raise enough in a fall garden to at least complete her goal.

Vegetables Planted
 About ten varieties of vegetables have been planted in the garden of Mrs. T. W. Cooper, of the Vivian Home Demonstration Club. These included turnip greens, collards, Swiss chard, lettuce, mustard, celery cabbage, and others. She reports that her garden had been prepared and she planted the day following the rain.

Not Too Late
 It isn't too late to plant a fall garden according to Mrs. O. H. Nelson, home food supply demonstrator for the Vivian Home Demonstration Club. She says that she planted beans last fall on the tenth of September and raised enough to eat fresh and canned a good winter supply.

Select Right Seeds
 It isn't too late for fall gardening! Collards, kale, rape, rutabagas, spinach, shallots, and onions can be planted as late as October. Try also some Swiss chard, beets, parsley and carrots. Early Alaska English peas, bountiful bush and stringless green pods beans will mature in from 40 to 50 days.

I selecting the seeds be sure to get the right varieties. Select Bloomsdale Savoy spinach as the New Zealand variety is strictly a summer vegetable. Lucullus Swiss chard, Detroit dark red beets, Danvers' half long carrots, and Lettuce radishes are good varieties.

Mr. and Mrs. Clois Clinton of Baird, Mrs. Olin Elliott and daughter, Margie Ruth, of Moran, and Misses Alice Marie and Mary Ruth Lyles of Vernon spent Wednesday in the T. E. Lawson home.

School has started at Five-in-One and the bus seemed to be well filled with school children and several of the parents went along.

Mrs. Marie White of Vernon spent the week-end with her parents, Mr. and Mrs. Buck Clark.

E. I. Edwards died Monday at 10 o'clock. He had been sick several weeks with heart trouble. Funeral services were held at the Baptist Church and interment was in East View cemetery at Vernon.

COURSE OF LIGHTNING

The main flash of lightning does not travel from a cloud to the earth, but in the opposite direction. The main flash is always preceded by a "leader," which acts as a sort of pathfinder or trail blazer. The "bathfunder" travels from the cloud to the earth, while the main flash starts upward from the earth at the point struck by the "leader." It follows exactly the same path back to the cloud. The length of the lightning bolt has been found to vary from 1.5 to 4.7 miles.

PIGMY ELEPHANTS WITH HUGE CIRCUS

Mighty Ringling Bros. and Barnum & Bailey Combined Organizations Offer Among Vast Hosts Of New Features Col. Tim McCoy, Screen's Great Western Star, Midget African Elephants and Pongurs.

With one hundred double-length railroad cars, bearing 1600 people, African pigmy elephants, African pongurs, seven herds of full-sized elephants, 1009 menagerie animals and 700 horses, the Ringling Bros. and Barnum & Bailey Combined Circus will arrive in Wichita Falls, Thursday, September 24, for afternoon and night exhibitions.

The circus is especially elated this season over the amazing success of the Big Show's sensational new super-feature—the first herd of African pigmy elephants (tiny tuckers that years ago attained their full growth) ever to leave the depths of darkest Africa, and the first herd of African elephants ever to set foot in America. The weird midget pachyderms are accompanied by a herd of miniature African pongurs, world's smallest beasts of burden. These new importations have taken America by storm.

The Big Show's big top, seating 16,000 persons, covers seven rings and stages, a huge hippodrome track and encircling grandstands, and is one of 31 great tents, among them the menagerie, sheltering the world's largest traveling zoo. In its center this season Col. Tim McCoy's Indian Village, with Sioux and Blackfoot warriors encamped. Col. McCoy, the screen's most outstanding western star, will himself lead his congress of rough riders of the world in the main performances and in the wild west.

The Greatest Show on Earth offers scores of foreign features this year, including the Naittos, the Royal Bokaras, the Imperial Viennese, an assemblage of 60 freerunning horses, ponies and elephants; the largest aerial ballet ever produced, Fresh from Europe are the Walkmirs, the Antaeks, the Buemrangs, the Romeos, the Maschinos, the Roberto's, the Willos, the Torrence-Victorios, the Rooneys, aerial novelty sensations, The Royal-Repens, the Riefenachs, the Walters, famous bareback riding troupes; the Guice aerial comedy troupes on the lofty bars; the two renowned Wallenda tropes of high wire thrillers; the Otaris, who fly in mass somersaults from an aerial cross; the Flying Concellos, with Antoinette, only girl to accomplish a two-and-a-half mid-air somersault to a hand-to-hand catch; the Flying Comets; Dorothy Herbert, madcap rider of relentless jumping horses over fire hurdles, and Hugo Mario, human projectiles—these are some of the most prominent features of the superb 1936 Ringling Bros. and Barnum & Bailey program.

GOOD CREEK H. D. CLUB

Fresh vegetables should be starting cooking in boiling water, according to Miss Myrna Holman at a meeting of the Good Creek Home Demonstration Club which met with Mrs. Rex Traweck Friday, September 4.

By using boiling water we lose less food value and save vitamins, as the longer the vegetable stays in cold or warm water the more food value is soaked out and lost, she said.

In mild flavored vegetables such as carrots, greens and green beans, to preserve the food value as little water as possible should be used, but in strong vegetables, as turnips, cabbage and onions, more water should be used to obtain a better flavor.

The next meeting of the Good Creek Club will be with Mrs. G. L. Scott, Sept. 18. It will be an all-day meeting.

FOARD CITY H. D. CLUB

"Strong vegetables should be cooked in a large amount of water in an uncovered vessel," stated Miss Myrna Holman in her demonstration on vegetable cookery at the home of Mrs. Lois Morris September 1.

Spinach, cabbage, onions, turnips, mustard, cauliflower, etc., are considered strong vegetables. Cooking them in this way will also retain the color and vitamins, she said.

The president appointed a committee composed of Mesdames J. L. Farrar, C. G. McLain, Hub Speck and Dock Borchardt, to serve a casserole dish at the next meeting, Sept. 15. Mrs. Mel Gover was enrolled as a new member. Mrs. Dave Mooney was a guest.

Next meeting will be at the club house with Mrs. C. G. McLain as leader. "Unknown friends" will be revealed at this meeting.

Wildcats Will Make Debut in Game With Floydada's Whirlwinds Here Friday Night on Crowell's Gridiron

Crowell High School's ambitious Wildcat rookies of the gridiron embark tomorrow night on a stormy voyage encountering first the Whirlwinds from Floydada High School.

Beneath the floodlights of Wildcat Stadium the proteges of Coach Grady Graves meet the invading youngsters, who have been tutored by Coach Odell Winters of Floydada, at 8 p. m. Friday night.

On paper the dope favors the Floydada sandstorm as five of the enemy have seen sufficient service in past years to receive letters. Not one of the Crowell squad may be called a veteran, only one of them even working with the 1935 squad.

Co-captains Edwin Golightly, 135-pound guard, and Estel Baker, 155-pound mail-carrying back, of the invading troops, will bear the brunt of the line and backfield, respectively. Ervin Allen, Whirlwind signal barker and quarter back, is also a veteran and Bates McClung is experienced at the blocking back post. Lillard Cox, 148-pound end, is due to

cause the Wildcats frequent worry.

Prospects Dimmed

In spite of recent troubles in addition to lack of seasoned material, Graves will send a well-trained eleven on the field tomorrow night to meet a squad heavier than his own by more than ten pounds to the man. Crowell's starters will average 144 pounds, lacking three-tenths of a pound, and the average Whirlwind starter will tip the scales at a fraction more than 156 pounds.

The loss of Bernice Fitzgerald, formerly the Feline's heaviest and fastest man, is being remedied by William Simmons who was recently shifted from guard. A new prospect in the form of Franklin Evans, 131-pounder, is making the present guards, Glen Shook and Vernon Gibson, hustle for their berths.

John Lee Orr injured an arm in Tuesday's drill and may not be in condition for battle in Crowell's opener Friday night; and in the event he is not, Half-Pint Ray-

mond Joy, 115-pounds of fast, heady back, stands ready to take over the job at left half. He is almost sure to see service sometime during the contest.

Crowell's offense will fall on the shoulders of Glen Rasberry chiefly. He will do much of the ball carrying, most of the passing and the punting. He demonstrated his ability to boot the pigskin in the practice skirmish with the Vernon Lions last Friday.

The mainstay of the Wildcat defense is Gilbert Lankford, quarterback.

He also figured prominently in the Crowell defensive against Vernon.

Despite the fact that the edge goes to the visitors in tomorrow night's debut for both line-ups, the Crowell lads will have the advantage of being at home with everything to gain and nothing to lose, and being a bunch of inexperienced youngsters fighting for recognition should bring the odds to about even on the outcome of the tilt.

Two Delightful Club Affairs Open Society Calendar for Fall Season

Junior Columbian Club Entertains With Coffee

The Junior Columbian Club held its initial meeting this year in the form of a coffee, Wednesday morning at the home of Mrs. Gordon Bell, entertaining the members of the Columbian Club at 9 o'clock and the Adelpian and Business and Professional Women's Clubs at 10 o'clock.

The club colors, blue and white, were used throughout the reception rooms.

The guests were received by the club officers, Mrs. Mason Brown, Miss Zell Saunders and Mrs. Marion Crowell.

The house party consisted of Mrs. Gordon Bell and Miss Mildred Cogdell in the living room and Mrs. J. B. Rasberry, Mrs. Frances Ricks, Mrs. Bryan O'Connell, Mrs. O. W. Orr and Miss Mary Elizabeth Hughton in the dining room. The hostesses were attired in cotton dresses.

The table was laid with a cover of blue. The centerpiece was formed of blue grapes and periwinkles in small vases. Wooden trays and bowls were used on the table from one end of which Mrs. John Carter poured hot coffee and from the other Miss Harriett Swain poured iced coffee.

Refreshments of coffee, blue and white sandwiches, sand tarts and nuts were served to about fifty guests. The refreshment dishes were blue, conforming to the selected color scheme.

Fathers to Be Honored Guests at First Meet of Parents, Teachers

The Crowell P. T. A. will observe "Father's Night" at its first meeting this term, which will be held at the High School auditorium at 8 p. m. Tuesday, Sept. 15.

Rev. Geo. E. Turrentine, pastor of the Crowell Methodist Church, will make the principal address. His subject will be, "The Four Square Man." Other numbers on this program will be: a male quartet arranged by Eli Smith, a vocal solo by Mrs. A. F. Wright and music by Marion Crowell's orchestra.

The high school mothers will be hostesses and cordially urge a large attendance.

Gentlemen Honored at Garden Party by Adelpians

Another delightful club opening was that of the Adelpian Club, which was in the form of a garden party on the lawn of Mr. and Mrs. Ab. Dunn last Wednesday evening honoring the husbands of the club members and several additional guests.

Hostesses for the occasion were Mesdames Dunn, J. A. Stovall, L. A. Andrews, Arthur McMillan, M. J. Girsch, Floyd Thomas and Roy Steele.

The delicious barbecue chicken dinner was served at quartet tables on the lawn.

Following the meal, with Mrs. S. Bell as program leader, the following program was enjoyed. The piano was placed on the porch and Mrs. T. S. Haney led the guests in singing, "Is It True What They Say About Texas?" In a contest on Texas towns, the prize, Grace Noll Crowell's "Bright Destiny," was won by Mrs. A. D. Campbell. A violin solo was given by Mrs. Foster Davis. A pianologue was rendered by Mrs. Steele. Henry Black gave an interesting talk on "Mexico." A number of folk dances followed and were participated in by Mr. and Mrs. T. S. Haney, Mr. and Mrs. A. Y. Beverly, Mr. and Mrs. Vern Walden, Mrs. Hubert Brown and Mr. Dunn. The music for the dances was played by Mrs. Sidney Miller, Mrs. Dunn and Ebb Seales. Mrs. Miller also accompanied the other musical numbers.

The guests, aside from club members and their gentlemen, were Mr. and Mrs. N. J. Roberts, Mr. and Mrs. J. R. Beverly, Mr. and Mrs. Ebb Seales, Mr. and Mrs. Marion Hughton, Miss Bobby Jo Bush, Miss Florence Black, Mrs. W. H. Bell, Henry Black and Fite Crowell.

JUNIORETTE ADELPHIAN CLUB ORGANIZED SEPT. 4

The Junorette Adelpian Club was organized on Sept. 4 with Mrs. Merl Kincaid and Mrs. R. D. Oswald as hostesses. The club is sponsored by the Adelpian Club and will meet on the first Friday afternoon of each month in the home of some Adelpian member.

Officers elected were Reed Sanders, president; June Billington, vice president; Virginia Thomas, secretary; Mary Evelyn Edwards, treasurer; Joyzelle Tysinger, reporter.

Membership—June Billington, Virginia Thomas, Reed Sanders, Clonita Russell, Beverly Hughton, Margaret Claire Shirley and Joyzelle Tysinger.

County Federation To Meet Tuesday in Methodist Basement

The first meeting of the Foard County Federation will be held in the basement of the Crowell Methodist Church Tuesday, Sept. 15. The West Side H. D. Club is the hostess club with Mrs. H. Schindler as leader of the program, which is as follows:

Morning—Health Program
Eyes Worth protecting—Mrs. H. Schindler.
"Is It Catching?"—Mrs. M. O'Connell.
Children Wanted—Mrs. R. L. Kincaid.
Cary T. Grayson—Mrs. T. L. Hughton.

Noon—Covered Dish Luncheon
Afternoon—Travelogue—Hawaii
Geography of the Islands—Mrs. John Ray.

Reminiscences of My Summer in Hawaii—Mrs. J. R. Beverly.
All members are asked to be there with covered dishes for the first meeting to renew old friendships, make new ones, and enjoy a splendid program.

B. & P. W. CLUB

The B. & P. W. Club resumed regular meetings Thursday, September 3, at a business session in the County Library. Plans for 1936-37, include a most interesting study course and some unusual social events were discussed. A membership drive was launched.

LIBRARY NEWS

This week's additions to the library included two very entertaining novels.

A story full of adventure is "Golden Apples," by Marjorie Kennan Rawlings. The wild "harmoek" country of Florida, beautiful and dangerous, is the setting of this novel. This magnificent romance of the Florida orange groves is the story of Richard Torrell, a modern Job, who lost faith in himself and found it again. A Philo Vance story which takes the ability of even the best amateur detective is "The Garden Murder Case," by S. S. Van Dine. Mr. Van Dine has never written a more absorbing or a more logical story of crime. Dramatic and swift-moving it leaves the reader breathless.

Two Receive Serious Injuries When Truck Overtakes Thursday

Four persons were injured, two seriously, as a truck in which they were riding overturned about fourteen miles west of Crowell on the Paducah highway Thursday afternoon of last week.

There were eight in the truck, four of them escaping injury in the wreck. The car was being driven by J. W. Robinson, who escaped with only minor bruises and scratches.

Thirteen-year-old Alice Robinson received a fractured thigh and severe bruises, and her older sister, Gracie, suffered head bruises and a facial fracture involving the nose. Both she and Alice are still in the Crowell hospital. Others in the truck were released immediately after their wounds were treated.

Members of the family were en route to Roswell, N. M., from Hugo, Texas.

Egypt's Gold

Egypt of long ago derived great quantities of gold from the Sudan, and it is estimated that in the days of Ramesses II no less than \$400,000,000 worth of gold was taken from there annually.

"King Wenceslas" Murdered

"Good King Wenceslas" of the Christmas carol was murdered by his brother in 935 and is buried in a royal chapel in Prague, Czechoslovakia.

Starward-Bound

JANICE JARRATT Texas bade goodbye to its "Sweetheart of the Texas Centennial" this week when Janice Jarratt, lovely San Antonio girl who found fame in New York as America's most photographed girl before returning to Texas as official State hostess for Centennial celebrations, signed a long-term movie contract and departed for Hollywood. Released from her duties by Centennial officials, the Texas beauty signed her contract in executive offices in Austin in the presence of Governor James V. Allred, J. Cheever Cowdin, chairman of the board of directors of Universal Pictures, and Harry Evans, Universal casting director, flew to Texas from New York to present the contract.

Magnolia Station Moved to Location On Paved Highway

The Magnolia Petroleum Company's service station which was formerly located on the Crowell-Trustcott highway about a block south of the post office is being moved to the Crowell-Paducah highway across the street from the Loyd Hotel near Bursley-Long Implement Company.

The station will be enlarged and will handle Magnolia products, exclusively, according to George Hinds, wholesale representative for the company. The new station will be completed in about 29 days. Modern washing and greasing equipment will be added to the station. The lots on which the station will be located have been leased for ten years from George Hinds.

Mozelle Lilly's Right Arm Broken As Cars Crash Near Paducah

Miss Mozelle Lilly, daughter of Mr. and Mrs. Amos W. Lilly, received a broken right arm Monday afternoon as the automobile in which she was riding collided with another car about 10 miles west of Paducah. She and Miss Dorothy Mann of Vernon and a girl friend and her friend's father were returning from Lubbock.

The girl's father received slight bruises, and the girl, who was driving, was uninjured. The car driven by Miss Mann collided with the other as the latter started to turn off the highway to a side road.

According to reports Wednesday night, Miss Lilly is recovering rapidly.

Highest Peaks

United States' highest peaks include Mount Mitchell, Yancey County, North Carolina, 6,684 feet; Mount Whitney, Inyo and Tulare counties, California, 14,496 feet. Mount McKinley in Alaska is 20,300 feet.

Graves Director of Retirement Program For Aged Teachers

I. T. Graves, superintendent of the Crowell public schools, has accepted the place as an educational director of a retirement movement for teachers.

The state is planning an "educational program designed to inform citizens of Texas of the principles and merits of teacher retirement and the pending amendment to the constitution, authorizing the legislature to enact a retirement law."

If the amendment passes in the general election in November, it will "provide a business-like plan for retirement of teachers who can no longer render their best service due to advanced age or physical disability," Mr. Graves stated.

Increased Diabetes Presents Problems

Austin. — The increasing incidence of diabetes presents a serious problem to the physician and the average citizen, according to Dr. John W. Brown, State Health Officer.

"Ordinary diabetes, that is diabetes, that is diabetes mellitus, which is often referred to by many persons as a disease of the kidneys, is not a kidney disease, but a disease of the pancreas in which there is deficient production of insulin," Dr. Brown said, "and this mistaken idea that diabetes is a kidney disease probably results from the fact that the insulin deficiency causes large amounts of carbohydrates (sugars and starches) to pile up in the body. The result is that the patient drinks large amounts of water, and because of this, large amounts of urine containing sugar are passed.

"The pancreas is a vital organ located in the upper abdomen behind the stomach. It has a double function: it supplies the most powerful digestive juice in the body, known as the pancreatic juice, which it pours into the intestine through ducts developed for that purpose; and it makes another substance, called insulin, which goes directly into the blood, and is essential for the use of sugar in the body.

Brief Bits of News From Here and There

The average battle ship costs in the neighborhood of 60 million dollars.

The Lindbergh beacon in Chicago has a light of two billion candle power. A newspaper can be read by the light at a distance of 50 miles.

An average of 5000 ships pass through the Panama Canal annually.

The U. S. S. S. Lexington requires for each day's food for the crew, 1,800 pounds of potatoes, 180 pounds of butter, 16,000 pounds of beef, 1300 dozen eggs, 160 pounds of coffee, 500 pounds of sugar, 420 loaves of bread, and 325 pies.

The brain itself is said to be incapable of pain sensations.

The heads of matches, previous to 1909, contained phosphorus, the fumes of which, often ate away the jaw bones of workers in the match factories. A young engineer, William Armstrong Fairburn, in the employ of the Diamond Match Company, discovered a method of making matches without the use of poisonous phosphorus. The Diamond Match Company relinquished its patent rights on the formula so that the workers throughout the industry might be spared the disease. Later Congress put a heavy tax on phosphorus matches that caused their use to be discontinued.

shadow all other factors in the causation of diabetes. Most diabetics are fat. Not every fat person, of course, gets diabetes. Heredity seems to be the most important link in the chain of diabetes from generation to generation. In the adult, however, obesity brings out the predisposition to the disease.

"Early diagnosis by a competent physician, with consequent proper treatment, enables the diabetic patient to live a useful life, and retards the development of complications."

ROTARY CLUB LUNCHEON

I. T. Graves was in charge of the program given at the regular luncheon of the Crowell Rotary Club held at the Premier Hotel Wednesday noon.

Eli Smith was the first speaker on the program using as his subject "What's Missing From a Cross Section of Crowell's Life." He was followed by Mr. Graves, who outlined the plans of the schools for the terms which were started this week.

Floyd Carlton of Vernon was a guest at the meeting.

The back seat driver is right about half the time but never gets any credit for it.
