Crowell City Water Supply Sufficient to Last Indefinitely; Lake Filled to Capacity

FIRST WATER TOPS NEW DAM LATE FRIDAY

Wells Are Restored to Natural Strength; Adopt Old Rate

Friday afternoon at about 4:30 p. m. water began pouring over the spillway at the Crowell City dam to insure the town of an adequate water supply and filling the lake for the first time since the dam and spillway were raised in 1935.

Crowell's water supply, the city's problem since early summer, reached a new peak and is sufficient to furnish the town indefinitely. The wells near the city have returned to their normal capacity and furnish enough water so that none will have to be pumped out of the lake during winter. Mayor C. T. Schlagal said one of the tunnels will now furnish all the city will use.

The water department has announced that the old rate has already gone into effect. The rate is \$4.000 gallons for \$1.50 and average fee of 50c to make the amount \$2.90 per month. For next 3,000 gallons the rate is 70c per thousand.

During the month of August water was shipped into Crowell from the Knox City by way of rail and the rate was \$2.00 per thousand plus the sewerage fee. Water deliveries were cancelled shortly after September 3 when the first rain on the lake's watershed since (Continued on Last Page)

Reserve Seats Aggie-Cowboy Game at \$1.65

Tickets for the football game between Texas A. & M. and Hardin-Simmons University to be played in Wichita Falls Saturday, October 3, arrived Tuesday and are on sale at several places in Crowell, Thalia and Truscott.

Tickets in Section K on the fifty-yard line on the east side of Coyote Stadium are priced at \$1.65 each. Ten tickets priced at \$1.10 per ticket are also obtainable at M. & S. Chevrolet Company. They are located on the east side of the stadium near the 15-yard line.

Tickets for school children are 75c each and may be purchased at the Crowell High School. They are also located on the 15-yard line on the east side of the stadium.

May Be Bought Here
Tickets have been placed on sale at the Shultz Drug Store at Thalia and football fans at Truscott may obtain tickets from Marion Hughton.

The tickets may be purchased at (Continued on Last Page)

ONLY 410 BALES COTTON GINNED BEFORE SEPT. 16

Crowell Gins Get Only 15; Rayland Gin Is Highest

Prior to September 16 only 410 bales of cotton had been ginned by the five operating gins of Foard County. This is far below the usual amount of cotton ginned in the county by this time of year.

The Rayland gin led the group with 274 bales and the Farmers Co-Operative gin at Thalia was second with 103. The Vaughn gin at Margaret had ginned 18 bales prior to September 16.

Only fifteen bales of cotton had been ginned in Crowell before the middle of September. The gin here belonging to the Altus Gin Company has ginned 1 and the Farmers Co-Operative No. 1 has ginned 14.

The Vernon Cotton Oil Company's gin at Thalia and the Farmers' Co-Operative gin No. 2 of Crowell are both idle this year.

HOSPITAL NEWS

Annual Wolf Hunt to Be Held at Quanah This Week; 500 Dogs Expected at Show

One of the most colorful events of its kind ever held in the Southwest is in prospect for the annual wolf trials of the Texas Oklahoma Wolf Hunters Association to be held 10 miles south of Quanah Sept. 27-30. Hundreds of dogs will be entered from throughout Texas and Oklahoma, and from several other states. Thousands of spectators from throughout this area and several states of the growing popularity of wolf hunting, are expected to follow the packs in their chases after the biggest crop of wolves known to Hardeman County in many years.

Dog Show
A bench show, presenting the more than 500 dogs expected at their best in various contests, a Centennial Horn Blowing contest, and other competition will offer plenty of variation in the program. Prizes and trophies will be awarded winners in the field trials, the best derby gypp, the best derby dog, the best all age gypp, the best all age dog, the best pairs, the best in all age class, as well as the grand champion of the meet. Collars and ribbons will be given second and third place winners.

SERVICES FOR MRS. T. J. CATES SATURDAY AT 4

Fitzgerald and Phipps Preside; Burial in Local Cemetery

Funeral services for Mrs. Tom Cates, 80, resident of Crowell for 17 years, were held Saturday afternoon at 4 o'clock at her home with Rev. J. A. Phipps, pastor of the Crowell Presbyterian Church, and Rev. George E. Turrentine, pastor of the local Methodist Church, conducting the rites. Burial was in the Crowell cemetery.

Mrs. Cates died Thursday, September 17, at 10 p. m. after a week's illness.

Call bearers were Jim Cook, Carl Medearis and Ed. Frank, Jim and George Cates. Flower bearers were Misses Elsie Cook, Frances Cook, Jewel Mullins and Mildred Halenack.

Laura Samantha Medearis was born in Union County, Ga., January 11, 1856, and while still a small child moved with her parents to Cleveland, Tenn. At the age of 16 she moved to Fannin County, Ga.

She was married to Milt Evans of Ranger, N. C., in 1894. Mr. Evans died in 1901 and Mrs. Cates was married to T. J. Cates in Ranger 3 years later. Soon after their (Continued on Last Page)

Jack Seale Placed In Charge of Local WTU Office Monday

Jack Seale, formerly of Quanah, was checked in and Eli Smith was checked out at the local office of the West Texas Utilities Company Monday.

Mr. Seale and his family will move to Crowell Saturday. Mr. Smith also plans to move to Chillicothe Saturday where he has been installed as local manager of the Chillicothe office.

Since Monday Mr. Seale has been coming from Quanah each day and returning at night. He was formerly in charge of a West Texas Utilities merchandise store at Quanah.

Mrs. George Gamble, who was recently in the hospital for medical treatment, has been dismissed.

Mrs. Jake Myers of Truscott and her baby son have been dismissed.

C. W. Carroll, who recently underwent an appendix operation, has been dismissed.

Mrs. W. H. Weed, who submitted to an appendix operation, has also been dismissed.

Mrs. S. J. Lewis has been dismissed after submitting to a major operation last week.

Mrs. J. S. Dishman, who underwent an appendix operation last week, has also been dismissed.

Annual Wolf Hunt to Be Held at Quanah This Week; 500 Dogs Expected at Show

The grand jury for the September term of 46th Judicial District Court in Foard County met in a two-day session Monday and Tuesday of last week.

The following report was turned into the district clerk and signed by Leslie McAdams, foreman of the grand jury:

"To said Honorable Court: We, your Grand Jury, in and for the aforesaid term of this Honorable Court, having been in session a total of two days, wish to make the following report:

"We have made diligent inquiry into all matters to us submitted and into all matters coming to our knowledge wherein the laws of our state are being violated. As a result of our labors we herewith report 5 true bills. In the following cases we wish to report no-bills: State of Texas versus H. E. Gribble, Jr.

"Having nothing further to report we respectfully ask to be discharged for the term.

"Respectfully submitted, Leslie McAdams, Foreman."

Thalia Church Holding Sunday School Revival

A Sunday School revival started at the Thalia Baptist Church Sunday, September 20, and will continue until Sunday, September 27, according to information received from Rev. C. R. Holt, pastor of the Thalia church.

Rev. J. M. Riddle, District Missionary, is acting as leader of the revival.

Bond Issue for Construction of New Grammar School Building Passes 154-22

How Many Drops of Rain Fell in Foard County? Math Sharks Know—Maybe

Mathematical geniuses of Crowell in an important meeting Monday produced a concoction of figures representing tons, inches, gallons, etc., of water which fell in Foard County during the recent rains.

A few explanations must be made as an introduction to the problem. The geniuses estimated an average of 9 inches rain fell in Foard County from Tuesday noon of last week to Monday afternoon (not a bad average for this county in six days.) Any rain which may have fallen between Monday and the time you read this problem will not be counted.

A square inch of water covered with one inch of water weighs approximately 100 tons. There are 391,680 acres of land in the county. If the county received an average of one inch of rain the water would weigh 39,168,000 tons.

Taking an average of 9 inches of rain throughout the county, there were 352,512,000 tons of water which fell in Foard during the six-day period.

In one ton of water there are 240 gallons, to bring the total number of gallons which fell in the county to 84,602,880,000.

To add to the magnanimity of the problem the geniuses decided to go one step farther. If all the water were placed in a tank the size of the court house square it would have to be 17,000 feet, or 33.4 miles high, to hold it.

These figures are submitted for your approval and the producers of these figures have asked all who discredit them to solve the problem themselves.

OLD SCHOOL BEING RAZED BY WPA MEN

New Building to Face South; East of Crowell High

Plans are under way to obtain the approval of an immediate project to start laying the foundation of the new grammar school building to be constructed in Crowell.

Work was begun last week by approximately 35 government laborers in razing the old grammar school building which has been inadequate for many years. Most of the inside plastering and wood work has already been torn down. The present project of razing the old building is expected to require about seven or eight weeks.

At present the pupils in the grammar grades are attending school at the Baptist Church and the arrangement is working much (Continued on Last Page)

GRAND JURY IN 2-DAY SESSION; 5 TRUE BILLS

The grand jury for the September term of 46th Judicial District Court in Foard County met in a two-day session Monday and Tuesday of last week.

The following report was turned into the district clerk and signed by Leslie McAdams, foreman of the grand jury:

"To said Honorable Court: We, your Grand Jury, in and for the aforesaid term of this Honorable Court, having been in session a total of two days, wish to make the following report:

DISTRICT COURT TO END FRIDAY; LIGHT DOCKET

Petit Jurors Released Wednesday; Special Session Oct. 12

A two weeks' term of 46th Judicial District Court in Foard County will close Friday of this week having completed one of the lightest sessions in recent terms, officials stated.

The term opened Monday, September 14, with the convening of the grand jury. Petit jurors, at first summoned to meet Thursday, September 17, were not called until the following Monday. After a brief session Monday they were dismissed until Wednesday. They were released for the entire term of court Wednesday.

Proceedings
W. G. Fleming of Burk Burnett pleaded guilty to a charge of robbing the Sinclair Refining Company's warehouse and was given a two-year sentence in the penitentiary.

Jim Drake, who was charged with forgery did not appear for trial and his bond was forfeited. Sureties on his bond were W. W. Williams and N. M. Harrell. A case of driving while intoxicated against Fred Davis was continued to next term of court because of illness.

The case of State versus W. A. Smart was continued to a special term of court to convene Monday, October 12. It was continued because of the absence of one of the chief witnesses who was ill.

ARMY EXPERTS TO MEET WITH PEASE BOARD

United States Army Engineers are planning a public hearing in Vernon next month in connection with surveys and examinations authorized by the Flood Control act passed by Congress last June regarding flood control measures on Pease River.

The announcement of the hearing was sent by Captain J. S. Seybold of the U. S. Army Engineers' office at Vicksburg, Miss. L. A. Wilson of Vernon, general manager of the Pease River Flood Control District, received the announcement last week.

A definite date for the hearing has not yet been set. Captain Seybold requested the Pease River Flood Control District to prepare a written statement for presentation at the hearing, setting forth the desires of local interests and giving various information about the project.

The cost of the project has been estimated from \$2,459,632 to more (Continued on Page Four)

LOCAL FANS TO SEE D. TODD AT WICHITA OCT. 3

Football fans of Crowell, Foard County and this section of the state and followers of Dick Todd, Crowell's claim to grid fame, will be given their best opportunity to watch him, the Southwest's most publicized sophomore backfielder, in the classic between Texas Agricultural and Mechanical College and Hardin-Simmons University to be staged in Coyote Stadium in Wichita Falls Saturday afternoon, Oct. 3, at 2:30.

Todd, who led the Crowell High School Wildcats to a regional championship in 1934, is playing his first varsity football as a sophomore with the Aggies this year with a game scheduled with Sam Houston State Teachers' College at Huntsville this week-end.

The game will not be any test for the Farmers as they are doped to beat the teachers by almost any score they choose. It will, (Continued on Last Page)

Many Roads of County Almost Impassable During Rains

Rains falling in Foard County since Tuesday of last week have reached a total of 8.82 inches to put a definite end to a several-months' drought and brighten the prospects for bumper crops next summer.

The rain falling slowly and steadily for over a week has created favorable conditions for preparing land and sowing wheat for winter pastures. Those farmers who had planted wheat before the rain will also benefit by the heavy precipitations.

"Old-timers" of this section of the county state the present rains are heavier and have fallen better in many years. Practically all the moisture has been absorbed by the soil which has been without heavy rain since the latter part of last year.

To compare this fall with the fall of 1918, one of the wettest falls in the history of Foard County, by October 20 enough moisture had fallen to allow the sowing of most of the wheat, an inch rain falling on that date. By December 20 of that year rain had fallen to the extent there was sufficient moisture to insure a wheat crop.

Rains falling this year have fallen earlier than in 1918 and are sufficient to brighten considerably (Continued on Last Page)

Riverside School Opens New Term Monday, Sept. 21

Materials, Equipment Have Arrived 35 Now Employed

Riverside public schools opened their 1936-37 terms Monday morning, September 21, at 9 a. m., according to information received this week from Bailey Rennels, superintendent. About 130 pupils are enrolled.

A new building has been completed to the extent that the pupils were assigned to classes and rooms and books issued Monday morning. No assembly or opening exercises were held Monday, Mr. Rennels said. Exercises will be held later in the year after the school's auditorium has been completed.

School buses are making the same rounds at the same time that they made them last year, the superintendent stated.

The nine-grade school started work immediately toward obtaining classification and affiliation. There were no changes in this year's faculty which consists of the following teachers: Bailey Rennels, superintendent; Miss Juanita Thompson of Foard City, seventh grade; Miss Johnnie Mae Short of the Riverside community, third and fourth grades; Mrs. Bailey Rennels, fifth and sixth grades; and Mrs. Howard Bursey, primary grades.

Former Resident of Foard County Dies in Hospital at Lubbock

Geo. Hensley, 61, pioneer resident of Foard County, died in a Lubbock hospital Thursday, Sept. 19, and was buried in Levelland on Monday, Sept. 14. Mr. Hensley's home was located about 10 miles northwest of Levelland.

Mr. Hensley's death was caused by an attack of appendicitis and he was sick only a few days.

His last residence in Foard County was about eight years ago when he lived on the J. H. Carter farm east of town, going from there to his home near Levelland.

He is survived by his widow and several children. J. R. Ford and son, Bill, and his wife from Crowell attended the funeral of Mr. Hensley at Levelland.

R. E. Hensley, who has lived in Crowell for several years and employed by M. S. Henry & Co., is a son. Since his father's death he has moved to Levelland.

Nutrition Specialist Meets With Agents In All-Day Session

County home demonstration agents from three counties met at the office of Foard County Home Demonstration Agent Miss Myrna Hagan Tuesday.

The two out-of-county agents, Misses Hattie Tacker of Pampa and Margaret Leuty of Quanah, and Miss Lois Blair, nutrition specialist from the Texas Agricultural and Mechanical College Extension Service, met with the agents.

The agents spent the morning in consultation and the afternoon at the home of Mrs. J. J. Hunter Jr., home food supply demonstrator for the Margaret Leuty home demonstration club. They plan for a "long time home supply."

DEADLINE FOR SEED LOANS IS SEPTEMBER 30

Maximum Amount Is \$400; Interest Rates Low

The deadline for obtaining seed loans through the emergency loan and feed loan section of the Farm Credit Administration has been fixed at September 30, according to information received from C. Hogan, field supervisor.

The maximum amount of the loan is \$400. It was first set at \$200. The former rates were \$2 per acre with a maximum acreage of 100 acres, but the acreage has been doubled.

The deadline was set for August 31 but was extended a month. Those who received the first maximum may now obtain more if they have a sufficient acreage to qualify for it.

Low Interest Rates
Interest rates of 5 1/2 per cent are charged for the loans. Loans may be made to the farmers where they are unable to borrow elsewhere, Mr. Hogan said. They must not be in any other government loan agency to qualify for the loans.

A first lien on the next year's crop must also be given because loans will be made. All other mortgages and liens must be in favor of the mortgagee of the Farm Credit Administration. Payment of the loans will begin August 31, 1937, the supervisor said.

Bill Clark and family of Midway spent Sunday with his uncle, J. M. Clark, and wife.

Bud Caldwell left for Abilene last week where he will attend college.

Earl Skipworth and wife and baby of Vernon visited in the J. C. Davis home Sunday evening.

THIS WEEK IN HISTORY

September 21—First daily newspaper in the United States, The Pennsylvania Packet and Daily Advertiser, issued at Philadelphia, Pa., 1784.

September 22—Reports of gold discoveries in Transvaal, Tasmania and Queensland, 1886. Samuel Adams, Revolutionary patriot, born, 1722.

September 23—Foundation in New York of the earliest baseball club in America, called the Knickerbocker Club, 1845. John Paul Jones, in the Bonhomme Richard, defeated the British ship Serapis off Flamborough Head, England, 1779.

September 24.—First convention, held in Albany, between the English and the Iroquois, the predominant Indian race, 1654. Schwenkfelders, German religious sect, fleeing from persecution at home, landed on the banks of the Delaware and founded a colony, 1734.

September 25.—Columbus sailed on his second voyage to America, 1493. Merchants of Philadelphia adopted Non-Importation Agreement to protest against the Stamp Act, 1765.

September 26.—The alleged remains of Christopher Columbus were exhumed in Havana, preparatory to shipment to Spain, 1898. Pacific ocean discovered by Balboa, 1513.

September 27.—The President of the United States put all assistant postmasters under civil service rules, 1910. First railroad in the world, in England, 1825.

Chevrolet Heads Attend Meeting at Dallas

Reading from left to right in the picture are J. E. Johnson, southwest regional manager; M. E. Coyle, president; W. E. Hollier, vice president and general sales manager, and H. C. Howard, Dallas zone manager.

Catholic Day to Be Held at Centennial

Dallas.—Thousands of Catholics from all over the Southwest and many from other sections will gather here Sunday, October 11, for the observance of Catholic Day at the Texas Centennial Exposition.

"A large percentage is expected to remain through Monday, the anniversary of the discovery of America, for the celebration of both Italian and Columbus Day," announced the Very Rev. Joseph G. O'Donohoe, chairman of the Catholic Exhibit at the \$25,000,000 Texas World's Fair.

A military mass will be the high point of Catholic Day. The Most Rev. William D. O'Brien, auxiliary bishop of Chicago and president of the Catholic Church Extension Society, will preach, and the military participation will be under the direction of the Most Rev. M. S. Garriga, co-adjutor-bishop of Corpus Christi. The Most Rev. Joseph Patrick Lynch, bishop of Dallas, will pontificate.

The 5,500-seat Amphitheater will become a cathedral for the day. An ornate altar will occupy the stage, with a throne for Bishop Lynch on the gospel side and on the epistle side, one for the Most Rev. A. J. Drossaerts, Archbishop of San Antonio. Seats of honor will be placed in the sanctuary for visiting bishops and other prelates.

Father O'Donohoe said that an elaborate musical program of solos, quartets and choruses would be presented before and in connection with the mass. A large chorus consisting of the school children and parish choirs of the diocese will sing the "Centennial Mass," especially composed for the occasion by W. J. Marsh of Fort Worth and dedicated to Bishop Lynch. Allen McQuehae's male chorus will sing the responses and give the Gregorian Proper.

The congregation will sing "Faith of Our Fathers," the official Catholic hymn of the Centennial, and, at the end of the mass, "Texas, Our Texas," the official state song.

There will be a display of fireworks from the roof of the Catholic Exhibit building, next door to the Amphitheater, and the constant firing of bombs and ringing of bells just before the mass. The exhibit building is a replica of the oldest mission in Texas, that at Socorro.

A series of special events under the auspices of various Catholic societies and confraternities from all over the Southwest will fill the remainder of the day. At the conclusion of the mass, the Knights of Columbus and the Catholic Daughters of America will have the clergy as their guests at a luncheon in the Black Forest. Bishop Lynch will entertain the visiting bishops. Sacred concerts and vesper services will be held in the afternoon.

Immediate Survey Of Flood Damage Launched by Board

Austin.—Although the flood waters of the Colorado, Concho and Guadalupe rivers are still tumbling down to the sea, an immediate survey of the flood damage has been launched by the Texas Planning Board's water resources committee. The survey is under the direction of C. S. Clark, chairman of the State Board of Water Engineers and planning board member.

A hurried survey of the flooded regions by the planning board discloses that property damage is run between \$15,000,000 and \$20,000,000. Thousands of head of livestock drowned as the raging waters of the three rivers tumbled over their banks and ran rampant over the lowlands. Hundreds of dwellings were torn from their foundations and hurled against the concrete bulkheads of highway and railroad bridges where they crumbled under the terrific pounding of the swirling waters.

Meanwhile, Maj. E. A. Wood, director of the planning board, and Mr. Clark went to Washington to seek funds from the U. S. Geological Survey for the rehabilitation of gauging stations on these streams which had been discontinued before the record-breaking rainfall which sent the rivers hurtling toward the Gulf.

Free Book From McCleary Clinic

Any one afflicted with hemorrhoids, fistula, rectal prolapse of any kind, or colon troubles, would do well to write the McCleary Clinic, E-2509 Elms Boulevard, Excelsior Springs, Missouri, for a copy of a book published by that institution. The book is full of valuable information—explains the nature of rectal ailments of all kinds, cautions against possibly harmful procedures, and offers suggestions helpful to any one suffering from these common ills.

The McCleary Clinic is the largest institution of its kind in the world, specializing exclusively in rectal and colon cases. Its famous mild treatment is known to thousands of former patients, who have come to it from all over the States, Canada, and many foreign lands. A written request will bring you a free copy of the book, in plain wrapper, without placing you under any obligation.

Weed Growths Are Menace to Health

Austin.—Texas has been fortunate this year in having beneficial rains in many parts of the state during the hot summer months. The rains, however, have made the weeds grow faster and left water standing in secluded places and has created an unsightly and insanitary condition in many communities.

"While many places are well kept, there are some individuals who do not realize the necessity of keeping the weeds down and eliminating the standing water so that mosquitoes cannot breed," said Dr. John W. Brown, State Health Officer.

"An appeal to the civic pride of the citizens in a community will often result in a clean-up campaign with astonishing results. Each individual can help by inspecting his premises to see that all nuisances are eliminated.

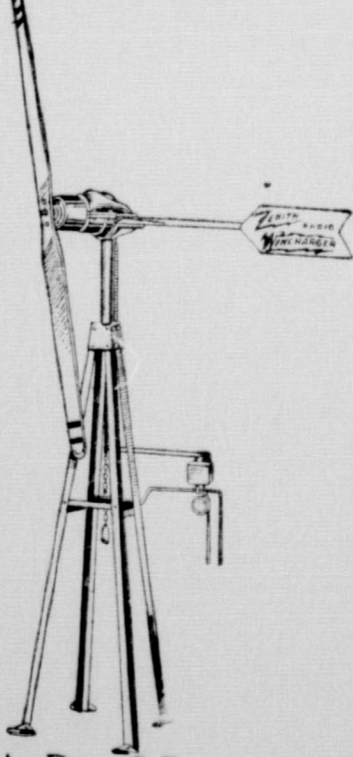

"The inspection for conditions which might need correction should include:

1. Weeds and long grass which spring up almost over night this time of year.
2. Cans and other rubbish which might furnish a sufficient amount of water for mosquitoes to breed. Inspection of fish ponds.
3. Garbage should be disposed of in such a manner that flies will not be attracted.
4. Out-door toilets should be made sanitary.
5. Wells and cisterns should be inspected to see that the family water supply is free from contaminated material.

Every member of the community should do his part to remove nuisances and waste material now and keep them from becoming potential disease and death breeders."

ZENITH 1937 MODELS ARE HERE

ZENITH FARM SETS

A, B or C Batteries—But Now Have a New 2-volt—6-volt Combination to Operate on Dry Batteries—or 6-volt with Wincharger with a very small additional cost.

SAFETY SLOGANS

It is against the rules for visitors to ride in an engine cab and talk to the engineer. It is just as important that a car driver keep his eye on the road and watch his driving.

If you are driving 30 miles an hour and glance aside for a single second you will travel 44 feet in that second.

Don't drive a "one-eyed" car. Approaching cars may make a wrong guess on which light is on and put both of them out.

Unless one is experienced it is dangerous to attempt to rescue a drowning person. It is better to throw a piece of clothing or a stick to them keeping hold of one end and thus drag them to safety. Only an experienced life saver can break the death hold of a drowning swimmer.

Items from Neighboring Communities

CLAYTONVILLE

(By Parilee Weathered) Mrs. Tommie Polk and little daughter, Betty Jane, spent Sunday with Mr. and Mrs. Buster...

visited his parents, Mr. and Mrs. Lee Whitman, here last week-end. Mr. and Mrs. Roberts, who have been visiting their daughter, Mrs. C. C. Wheeler, here the past few weeks have returned to their home in Grapevine.

Mr. and Mrs. G. Melton of Dublin are visiting their son, A. C. Melton, and family.

Miss Marie Cates of Abilene is visiting her father, Ed Cates, here this week.

Several from here attended the funeral of Mrs. Tom Cates in Crowell Saturday.

Mrs. Ida Campbell of Rotan visited her sister, Mrs. M. H. Jones, here this week.

Mr. and Mrs. Jink Steed of Little Rock, Ark., Mr. and Mrs. J. N. Elrod of Alvord and J. W. Elrod and children of Sweetwater visited their sisters, Mrs. J. D. Miller and Mrs. J. M. Smith, and families here a while last week.

Miss Bernice Webb of Vernon visited her parents, Mr. and Mrs. B. D. Webb, last week-end.

Misses Mary Grace and Lorene Shultz of Wichita Falls visited their father, G. A. Shultz, and family here last week-end.

Mr. and Mrs. C. C. Wheeler visited relatives in Grapevine a few days last week.

Mrs. J. D. Miller and children and Mrs. J. W. Smith visited relatives in Sweetwater Monday.

Mr. and Mrs. E. G. Grimsley visited relatives in Denton and Gainesville a few days last week.

J. A. Stovall and J. C. Taylor and Mrs. Russell Taylor have returned from a visit in Birmingham, Ala.

Mrs. Etta Grimsley of Gainesville is visiting her son, E. G. Grimsley, and wife here this week.

Elvy Berry and family of Merkel visited Mrs. Berry's parents, Mr. and Mrs. John Sims, here last week-end.

Claude Roberts and family of Vernon visited relatives here Sunday.

Mrs. J. A. Abston visited her daughter, Mrs. Fred Rennels, in Vernon last week.

Frank Main of New Mexico is visiting his parents, Mr. and Mrs. R. E. Main.

Mrs. Viola Ramph of Newport News, Va., is visiting her parents, Mr. and Mrs. J. C. Taylor.

Mrs. Jessie Miller and daughter visited with relatives in Tipton, Okla., last week.

Andrew Duffie and family and Mr. and Mrs. Clyde Fox of Vernon visited relatives here Sunday.

non, Glen Fox and family of Crowell and Miss Marie Cates of Abilene visited Mr. and Mrs. Eric Wheeler here Sunday.

Funeral services for Garland, 12-year-old son of Mr. and Mrs. J. D. Baker, were held at the Baptist Church, Saturday afternoon. Rev. Holt, Baptist pastor, conducted the services. Garland died Friday evening at 8 o'clock. He had been ill in health for several years. He is survived by his parents and three brothers and three sisters. Interment was in the Thalia cemetery.

Mrs. Loyd Fox visited her brother-in-law, Glen Fox, in a Quannah hospital a few days last week.

Mrs. T. R. Cates was hostess at a lovely shower in her home Tuesday afternoon honoring Mrs. Leroy Henry, who was Miss Anna Belle Hammons before her recent marriage. A large crowd was present in spite of the rain.

Mrs. H. A. Dodson and children of Vernon visited her mother, who is very ill, here a few days this week.

Miss Lillian Moore visited in Wichita Falls a few days last week. Harold Banister has entered business college in Elk City, Okla.

Mr. and Mrs. Cecil Lisenbee of Vernon spent from Tuesday until Thursday with Mr. and Mrs. Bob Simmonds.

George Fox and family of Margaret visited Mr. and Mrs. Eric Wheeler Sunday.

Mr. and Mrs. George Kampen of Houston arrived Monday for a visit with Mrs. Kampen's daughter, Mrs. Roy Ayers, and family.

Mr. and Mrs. Paul Hembree and daughter of Dimmitt are visiting her parents, Mr. and Mrs. S. H. Hembree.

D. M. Shultz is very ill with heart trouble.

J. A. Wyatt of Devol, Okla., visited Hayes Abston and family a while Friday night.

Mr. and Mrs. Trummie Curry and sons, Thomas and Cecil, and daughter, Louise, of Ropesville spent Sunday night with Mr. and Mrs. Jim Farrar while en route home from attending the Texas Central Centennial Exposition at Dallas and visiting relatives at other Texas points. They were accompanied home by Jimmie Farrar, who will work for Mr. and Mrs. Alfred Schroeder of Amherst.

Mr. and Mrs. Oscar Teel and Mrs. T. K. Sanderson of Electra visited Mr. and Mrs. R. L. Rhey Sunday. Mr. Teel is Mrs. Rhey's nephew.

John Winston Bradford spent the week-end with his sister, Mrs. David Lee Owens, and husband of Margaret.

Mr. and Mrs. Glen Fox and baby of Crowell and Miss Marie Cates of Thalia visited in the C. J. Fox home Sunday.

Miss Juanita Thompson of Foard City and Miss Johnnie Mae Short, who are teaching school here, are staying in the Cap Adkins home.

School started Monday in the new building which has just been completed. The faculty is composed of J. Bailey Rennels, Erwin Reed, Miss Juanita Thompson, Mrs. J. Bailey Rennels, Miss Johnnie Mae Short, and Mrs. Howard Bursey. The bus drivers are Delbert Johnson and Erwin Reed. A large number of patrons were present for the opening and out-of-the-community visitors were Mr. and Mrs. G. A. Shultz of Thalia, Mr. and Mrs. C. D. Haney of Five-in-One and Mr. and Mrs. George Kampen of Houston.

Mr. and Mrs. B. Buchanan and children spent several days last week with her parents, Mr. and Mrs. Brown, of Paducah.

Garland Baker, 12, died Friday night at the home of his parents, Mr. and Mrs. Devero Baker, here. Although he had been subject to heart trouble he never became seriously ill until about 10 days ago. Funeral services were conducted Saturday afternoon in the Thalia Baptist Church with Rev. Holt officiating. Burial was in the Thalia cemetery. He is survived by his parents, five brothers, Wayne, Escal, Glen, Bob and Leon, and two sisters, Eula B. and Beatrice, and his grandparents, Mr. and Mrs. Bruce, of Vernon. A number of relatives from Tyler were present for the funeral.

Aaron Simmonds of Houston spent Saturday night with his parents, Mr. and Mrs. Harry Simmonds.

Mr. and Mrs. J. A. Blevins moved last week from the home of his parents, Mr. and Mrs. Charlie Blevins, to the home of her father, W. J. Abston.

Erwin Reed, who is teaching school here, is staying with Mr. and Mrs. Joe Johnson. His wife is attending college in Denton.

Mr. and Mrs. George Key of Rayland spent Sunday afternoon with Mr. and Mrs. Elmer Key.

Mr. and Mrs. A. C. Key of Rayland spent Sunday with Mr. and Mrs. John Rennels and Mr. and Mrs. Elmer Key.

Secretary of the Treasury

In 1789 congress enacted a law providing that the secretary of the treasury may not engage in trade or business, own steamships or otherwise be active in profit-making enterprises during his incumbency. He is liable, on conviction, to a \$3,000 fine, dismissal and may never thereafter hold office under the federal government. The same provisions apply to the treasurer of the United States and the register of the treasury.

Giving Advice

"Nobody thanks you much for reliable advice," said Uncle Eben. "But you kin git unlimited expressions of temporary gratitude for any kind of a hoss race tip you wants to think up."

CARVETH WELLS

Carveth Wells in New Radio Travel Series

Ten thousand miles in an automobile trailer, visiting America's mountain and lake resorts, national parks and other scenic wonders—that's the trip just completed by Carveth Wells, internationally known explorer, author and radio star, in preparation for his new coast-to-coast series of radio programs which will go on the air Sunday, September 27, sponsored by Continental Oil Company.

No encyclopedia-and-atlas explorer is Wells—he actually visits remote and little-known corners of the globe, as well as the most popular travel resorts to gather interesting facts about travel—then puts them together in a style that has made his radio lectures universally popular.

During his Sunday, September 27, broadcast Wells will take his radio public on a "magic carpet" tour through Shenandoah National Park, the Finger Lakes region of New York State, through the Middle West, into the Black Hills of South Dakota, to Yellowstone Park, Salt Lake City, and through the Rocky Mountains—but will pause in his journey to devote a major portion of his program to the Texas Centennial, Dallas, and the Frontier Centennial, Fort Worth—the two outstanding amusement centers in America at present.

Local listeners who wish to tune in on Carveth Wells Sunday, September 27, may do so by dialing station WFAA, Dallas, at 12:30-1:00 p. m. o'clock.

The Spectacled Bear

The giant panda of Tibet is also known as the spectacled bear. It is not a true bear but belongs to the family of raccoons and is about the size of a small brown bear. The general body color is white, except for black rings round the eyes, from which it gets its name. It has small, rounded black ears, a black "saddle" across the shoulders and a black rump. It is purely herbivorous and is found in forest country at an altitude of about 12,000 feet in the wild and inaccessible mountain ranges of the Province of Szechuen, on the east Tibetan border.

Fire-Fighters

The first professional fire-fighters in the United States took up their duties in Cincinnati, O., in 1853. They were members of the first paid municipal fire department to be organized. Previously Cincinnati, like every other town in the country, had only volunteer fire-fighters, usually unorganized.

Ferguson Appeals to Democrats For Funds For Presidential Race

Austin.—The National election this year means more to Texas than any previous election, and it has developed into a battle between the classes and the masses, according to a statement today by James E. Ferguson, former Governor. His statement is of the regular Fergusonian type, in which he says: "The poor man must win the battle because the rich man is on the other side." In his appeal to the National campaign fund Ferguson said "most of the rich people won't give anything this year because they are opposed to Roosevelt, have left the party and gone over to London. This is largely true in the Eastern states and makes the result uncertain unless Texas and other southern states do their duty in helping to carry on the contest in territory where it may be doubtful." Ferguson appealed to everyone to contribute and said thousands could give \$1 each. "It may help you hereafter," he said. Ferguson's statement follows:

"While everybody understands that Texas will go Democratic in November, many people think that there is nothing for Texas to do but wait until the votes are counted and shout over the victory. I wish this was true. But I regret to say that such is not the case. "Because of the great benefits that may accrue to Texas, as the result of a National Democratic Victory, every Democratic voter in Texas should do all that they are able to do for Democratic success. "Instead of anticipating victory and doing nothing, it would be well for us to not forget what might happen if we suffered a National defeat. While reports are very encouraging, yet the difference is so narrow between the two parties, no National election is ever won until the votes are counted. This year is no exception to the rule. "While Texas has during this depression received in different funds a billion dollars, (don't miss it, a billion dollars), yet that sum is all gone and we now face as a result of the continued depression and drought and short crops a condition that may be worse than what we have yet gone through. If we suffer another national affliction, it certainly ought to be plain to every thoughtful citizen that we will be in a far better condition if we continue President Roosevelt in office who we know will divide the last crust with Democratic Texas, than if we have a Republican in the office who cares nothing for us and never will. Let us keep the record of Democratic Texas straight, and we will not receive a stone if we should have to ask for bread. "This election means more to Texas than any we have ever taken part in. It is a fight until the death between the masses and the classes. The poor must win the battle, because big business is on the other side. "I appeal to every voter in Texas to send at once at least \$1 to Honorable Roy Miller, Campaign Director, or Honorable H. A. Wroe, of the American National Bank, our State Treasurer, at Austin, or to your local organization, who will promptly remit the money to our National organization. "There are some things that none of us approve that have been said and done by those high in authority. There are lots of things that I don't like or approve. Texas has its full share of political foots that have done much to destroy Democratic unity in Texas. But they ought not to be allowed to drive us from the party and its principles. Let us keep the Democratic fires burning, let us with our dollar mite continue to hold up the Democratic flag of our fathers. "It would be a glorious sight to have 100,000 Texans give \$1 each to the Democratic candidate whose undying ambition is to make possible for every citizen an 'abundant life.' "Come on, boys, who will be first?"

We Cannot Choose

"We cannot choose," said Hi Ho, the sage of Chinatown, "whether we shall be of those who row toilsomely against the current or those who drift at ease."

Your Horoscope

September 22, 23.—Although you like to receive advice as well as give it, your desire to advise those with whom you are closely associated, is apt to cause some unpleasantness. It is hard for you to make up your mind to act, without having some one to help you. You are faithful in everything you undertake. In marriage no one will ever know it if you are unhappy. If a girl, you have a certain sweetness and charm that makes you a great favorite with every one, especially the men, and you never lack for admirers or lovers, but your truest friends are of your own sex. You take particular pride in your personal appearances.

September 24, 25.—While you possess splendid business judgment and much natural ability, you hesitate to trust either. Whatever you do, you almost always wish you had done something else. Although you are often fearful and hesitating you always want to do the right thing. Men generally have more faith in themselves, although this outline fits them.

September 26, 27.—You are artistic, refined, a good talker, and altogether a very pleasant person to have around. You are always ready to accommodate those around you, and do many kind acts. You possess many friends and take a great pride in your family and home. You can be

Rid Yourself of Kidney Poisons

DO you suffer burning, scanty or too frequent urination, backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

Crowell, Texas, September 24, 1936

God is our refuge and strength, a very present help in trouble.—Psalm 46:1.

SUDDEN DEATH TO 300

According to preliminary reports, close to 300 people met "sudden death" through accidents over the Labor Day week-end.

It would be bad enough if such a shambale only followed a holiday week-end and could be put down to too much merry-making.

Here is something worth remembering. Today, if the average holds, 100 people will be killed by motor cars.

A hundred persons killed yesterday—another hundred today—another hundred tomorrow.

Man has gone blindly and ignorantly ahead and has had his own sweet way in the matter of straightening streams, draining beds of water and cutting timber on water sheds to bring more land into production.

Sam Stubblefield left last week for O'Donnell where he will visit relatives and work for a while.

Mrs. J. R. Hanks of Crowell moved to her farm Saturday of last week.

Mr. and Mrs. Clint Simmons and John Nichols visited in Quanah Tuesday.

Mrs. Leslie McAdams visited her daughter, Mrs. Otis Gafford, Sunday.

Mr. and Mrs. J. D. Bursey of Crowell visited his parents, Mr. and Mrs. Tom Bursey, Sunday afternoon.

An interesting experiment is being tried in the construction of highways in the South that calls for the use of considerable cotton.

Most folks, if left to their own resources, will accurately reveal themselves. As a rule people do the things they like most to do, whether it is to read, hunt, fish, play golf, or some other diversion.

The largest gamble in the agricultural production is the rainfall. Pests enter into the picture but these, to a degree, can be controlled.

The solution of all human problems is thought and intelligence. It is not as easy as it sounds. It is by no means easy to get people to think.

As we get it, the reason Europe is not engaged in another war, is that to date, no one has been discovered who is willing to finance it.

Last year the federal and state governments collected a tax on the amount of \$30 for every car owner in the country.

BLACK (Mrs. Clint Simmons) Mrs. Will Sparks returned to her home from a two weeks' visit with her son, Bill Sparks, and family of Portales, N. M.

Mr. and Mrs. Foy Nichols spent Saturday night and Sunday with her parents, Mr. and Mrs. Jim Gamble, of Crowell.

M. A. Huckabee and family left Monday for Lubbock where they will work for a few weeks.

Mr. and Mrs. Clint Simmons and John Nichols visited in Quanah Tuesday.

WILDCATS BOW TO MATADORS SATURDAY 13-0

Groves High Scorer in Tilt, Making Both Touchdowns

For the first time in grid history a Matador eleven humbled a Crowell eleven on a muddy field near Matador Saturday afternoon.

It was a different story in the last half with the Crowell lads holding the enemy to nearly even terms. The Gravesmen, outweighing their muddy cleats in the rolling ground to stop the enemy at the line of scrimmage with Lankford, Orr and Fitzgerald continuously driving through the Matador defense to nip in the bud many of their ill-intentioned reverses and around-end runs.

Reeder was again absent at the center post and Eddy was handicapped by an injured shoulder which did him little good in shagging Matador's punts and snatching bright prospects in the backfield, still out, but may join the squad in their work-outs this week.

Delayed by two blow-outs the Wildcats had to suit out on the way to Matador and scarcely arrived on the field in time to start the game. The game was called at 2:30 but did not start until after 3 o'clock. It was played on the Matador golf course several miles east of town.

Lacking in an effective offense Saturday, it was the defense of the Foard products that brought occasional applause from the Crowell fans who challenged the weather to attend the game.

WILDCATS TO ATTEMPT TO SCALP REDS

Reeder Due to Start At Center; Eddy Has Improved

The Wildcats will send a warning gridiron eleven to invade the Quanah Indian camp in an attempt to scalp the heavier, more experienced Redskins tomorrow (Friday) night.

Again they meet a team publicized to beat them by touchdowns and will enter the contest at 8 o'clock tomorrow night definitely as the underdogs.

The local gridmen shook the mud from the cleats Wednesday afternoon to rest until their entrance into the battle. They had a somewhat new experience Saturday afternoon when they journeyed to Matador and took a 13 to 0 beating on a muddy field.

Prior to the game they had never worked on such a gridiron. Their experience on the field and in the work-outs this week should be valuable to them in case they meet the Tribe under such conditions this week.

Two weeks ago the Wildcats, many of them playing their first inter-school game, went down beneath a Floydada attack 7 to 0. Quanah's line-up includes four good backfield men with an extra when he is needed.

The brunt of the punting was also borne by Hall and he was on the delivering end of several of the aerial attempts.

In the Eldorado game Hall punted 7 times for an average of 55 yards. In the Eldorado game Coach Stallworth sent in nearly every Indian in a suit and touchdowns were scored by Wood, Hall, Edmondson, Richardson and Blue.

To brighten Crowell's chances for a good showing against the "Cats" class A neighbors Reeder will get into the line-up for the first time this fall since the pre-season scrap with the Vernon Lions. He joined the squad this week and worked out regularly with the lads.

He should be of assistance in stopping at the line of scrimmage Hall and Warren in the attempts to gain yardage through the middle of the line. Eddy at left end will be in better condition to shag Rasberry's tosses than he was against the Matadors. He was handicapped last week with an injured shoulder, but it has greatly improved this week.

As to the backfield there is some doubt as to who will be the fourth starter. Rasberry will be at full-back, Lankford at quarter and Orr at left half. Graves stated he expected to start either Vecera or Meason at right half.

On the offense Fitzgerald is placed at the end of the right wing of the line, but on defense he shifts to a guard position. During the last half of the game with the Matadors he crashed through the enemy offense to drop Matador leather huggers in their tracks. Likewise Lankford and diminutive Orr frequently nabbed the beefy Bull Fighters for no gains.

Probable Starting Line-Up Crowell Position Quanah Eddy Left End Birdsong Shook Left Tackle Gardner Gibson Left Guard Carroll Reeder Left Half Bryant Simmons Right Guard Murphy Klepper Right Tackle Cranford Fitzgerald Right End Anderson Lankford Right End Wood Orr Quarterback Hall Meason Left Half Edmondson Rasberry Right Half Richardson Fullback Richardson

Second Cotton Belt Play-Off Game to Be At Medicine Mound

The second game of a three game series between Truscott and Medicine Mound to determine the winner of the Cotton Belt Baseball League pennant will be played at Medicine Mound Sunday if weather conditions permit, according to Clyde Cobb, president of the circuit.

The game was scheduled to be played last Sunday, but it was postponed because of wet grounds and the bad conditions of the road. The first game was played at Truscott Sunday, September 13.

Manager Clyde Myers' nine taking the lead in the series. In case the Mounds emerge victorious in the tilt scheduled for Sunday a third game will be played to decide the winner. The location of the possible third game is to be decided by the toss of a coin. If Truscott sacks the second fray, the Knads will be given the championship.

Earliest Settlements Newport and Portsmouth share with Providence the distinction of being the earliest settlements. After Roger Williams settled at Providence in 1639 another band of religious "outcasts" from Massachusetts, under the leadership of William Coddington and Anne Hutchinson, settled at Portsmouth in 1638. When dissension broke out in this colony William Coddington and a group moved to Newport in 1639.

THIRD LARGEST CROWD

Dallas, Texas.—Texas Centennial Exposition had the third largest crowd in its history over the Labor Day week-end, but the clearing house for rooms announced that all were accommodated, with rooms to spare.

Pease River—

(Continued from Page One) than \$4,000,000. The variations were said to be due to the basis of calculations having changed with the changing regulations of Federal agencies pertaining to such projects under the relief program.

Counties in the Pease River Flood Control District are Foard, Wilbarger, Wichita, Hardeman and Cottle. The district was created by the Texas Legislature in October, 1935. It has a board of nine directors, appointed by Governor James V. Allred. Members are: E. R. Brown of Electra, president; Dr. Hines Clark of Crowell, vice president; T. Edgar Johnson and R. H. Nichols of Vernon, Harry Koch of Quanah, M. S. Henry of Crowell, J. H. Allison of Wichita Falls, C. E. Carlock of Chillicothe, and W. O. Jones Sr., of Paducah.

Captain Seybold, in explaining the meeting, said it was to "give all interested parties an opportunity to express their views regarding this improvement and to state what improvements are most desirable."

Rasberry punted on the first down and Scaff returned to the Crowell 40.

Lawrence picked up a first down taking the ball to Crowell 30. Lawrence failed to gain then passed incomplete. Two futile line plunges gave the ball to Crowell on their 33 yard stripe.

Rasberry fumbled but recovered for no loss. He punted to Scaff who returned ball to Crowell 35. Groves took the ball to Crowell 10 over left end on reverse. Scaff picked up 2 and Groves took it over on a spin. Campbell converted. Score, Matador 7, Crowell 0.

Campbell kicked to Rasberry who returned ball to Matador 38. Rasberry passed unsuccessfully. Matador drew 5-yard penalty. Rasberry punted for 2 yards. Orr made 2 and Rasberry failed to gain. Just before the quarter ended he lunged through the line

for a first down putting the ball on Matador 28.

Second Quarter Rasberry attempted to pass but it was intercepted and returned to Crowell 39.

Scaff plunged for 2 yards and a Matador pass failed to be completed. Scaff made no gain and Matador drew a 5-yard penalty. A pass Groves to Harcrow took the ball to Crowell 20. Scaff made no gain. Another complete pass netted Matador 4 yards. Brian made no gain. Another futile plunge gave Crowell the ball on their own 16 yard line.

Rasberry punted to Scaff who returned ball to Crowell 35. Crowell drew 15-yard penalty. Scaff passed incomplete and made no gain on a plunge. Groves on a reverse took the ball around left end for 20 yards and a touchdown. Campbell failed to convert. The score, Matador 13, Crowell 0.

Campbell kicked to Lankford who returned the ball to Crowell 37. Rasberry went off left tackle for 23 yards to Matador's 40-yard line. Rasberry gathered up a yard and Vecera failed to gain. Rasberry failed to pass. He punted to Matador 21. Scaff picked up 2 yards and tried a pass. Brian punted the ball to Matador.

Rasberry was good for 4 yards then lost one. Vecera took the ball to a Matador 38 on a spin and Rasberry punted out of bounds inches inside the goal line.

Crowell drew a 5-yard penalty. Brian punted to Orr who returned ball to Matador's 44. Crowell tried unsuccessfully to pass just before the half ended.

Third Quarter Campbell kicked to Klepper who returned the ball to Crowell 40. Rasberry plunged for 4 yards then picked up 1. He went around right end for 3 yards and punted to Scaff on Matador 20. Scaff made no gain and tried a pass. Brian punted to Eddy on Crowell 40 yard line. Rasberry made no gain and Fitzgerald was downed for 10-yard loss. Rasberry punted to Crowell 45.

Scaff failed to gain and Groves picked up 3. Matador attempted to pass and failed and Brian punted to Crowell 9. Rasberry punted on first down to Scaff who returned ball to Crowell 32. Groves was taken for 8-yard loss. Lawrence attempted to pass and it was intercepted by Joy who returned it to Crowell 42-yard line. Joy picked up a yard on spin. Rasberry was good for 3 then failed to gain. He punted to the Matador 44-yard stripe.

Groves plunged for no gain and Scaff failed to make yardage. On a double reverse Matador went to Crowell 40-yard line.

Fourth Quarter Brian lost 6 yards, but Groves made it back around left end to Crowell 35. Another double reverse took ball to Crowell 38. Eddy returned Brian's punt to Crowell 20. Rasberry passed incomplete. Joy picked up 2 and Rasberry punted to Crowell 45.

Matador completed a 5-yard pass. Scaff failed to gain and Brian punted out of bounds on Crowell 22. Rasberry plunged through the line for 10 yards and a first down placing ball on Crowell 32. Orr failed to gain on a reverse. Rasberry failed to gain then punted to Scaff who returned the ball to Matador 40.

Scaff hit the line for 5 yards and Bain got 3 then sifted through the line for 3 yards to Crowell 48. Brian tried to pass but Eddy came up with it and returned to Crowell 35. Rasberry hit the line for 2 yards and Matador drew a 5-yard penalty. Rasberry was smeared for a heavy loss and unsuccessfully tried a pass. Crowell drew a 5-yard penalty. Rasberry punted to Matador 46 and Scaff was smeared for a yard loss. Groves failed to gain on a line plunge just before the gun sounded to end the contest.

Were you on time this morning? Alarm clocks \$1.00.—M. S. Henry & Co.

Mr. and Mrs. Clyde Hollingsworth and small son, Clyde Edward, of Dalhart have been here since last Thursday visiting Mr. Hollingsworth's parents, Mr. and Mrs. O. O. Hollingsworth, of Crowell, and Mrs. Hollingsworth's parents, Mr. and Mrs. J. F. Russell, of Margaret. Mr. Hollingsworth is an employee of the West Texas Utilities Co. at Dalhart. Mrs. Hollingsworth will undergo an operation in the Quanah Hospital today.

Zenith 2-volt 1937 radio sets using dry batteries come cheaper, but may be changed to 6-volt Wincharger type using only one automobile storage battery.—W. R. Womack.

YAW-HEEL IS WHAT MAKES BIG OCEAN VESSELS ROLL

The use of stabilizers in holding a ship at even keel under the varying conditions of the ocean make it possible to measure waves with greater accuracy than ever before and to separate and measure the comparative force and effect of four different motions of the ship—that is, pitching, rolling, yawing and heeling," says an article in the Travel Agent.

It was ascertained that the average storm waves on the North Atlantic vary in length from 200 to 600 feet, and that, even in storms of hurricane force, waves are not observed to exceed 1,000 feet in length. It was determined that, both in rolling and pitching, large angles of motion were built up by groups of wave forces rather than by the force of any one particular wave.

The yawing which results from a following sea, it was ascertained, consists of an alternate swing on the stern from port to starboard and vice versa, under the influence of the waves, the bow being a relatively steady point, and the yawing motion acting as a lever whose fulcrum is close to the bow.

With yawing comes heeling. The same wave from the port side which causes the ship to roll to starboard also causes the ship's stern to move to starboard, thus yawing the ship to port, the centrifugal forces so generated also causing the ship to heel to starboard.

It was determined that what is often mistaken for excessive rolling is the combination of the roll, augmented by the yaw-heel. The roll never before had been distinguished from the heel because of its similarity.

We have a real bargain in a used Kroehler studio divan.—M. S. Henry & Co.

Annapolis' Bronze Bell

The bronze temple bell at Annapolis, in its frame like a small temple gate, was brought from Japan by Commodore Perry in 1854. It is rung only in celebration of Navy victories in football.

We have some bargains in used wood and coal cook stoves.—M. S. Henry & Co.

REEDER'S Drug Store

ALL FINGERS AIM TOWARD BURKBURNETT

Looks Like Others Are To Scrap for Next Best Place

Pre-season facts and figures concerning the 9-B football race point unanimously to Burkburnett as the chief contender for the district title—a title left undefended by Olney who since last year has graduated to class A circles.

If the Bulldogs live up to the pedestal on which they have been placed by dopesters, Seymour, Iowa Park, Crowell, Chillicothe and Archer City will have to be satisfied with runner-up position with about an even shot at the honor. Throckmorton, ending only one place out of the cellar last year, lost most of its material, but will bear watching as the sound began training in earnest five weeks ago.

The conference schedule starts October 2 with Burkburnett the strong favorites, having held Electra, a class A eleven, 13 to 6 and downing Nocona 12 to 7. To make the dope more impressive Electra trounced Cisco 31 to 6 last week-end.

Iowa Park, cellar occupant last year, is the team due for the greatest promotion this year with 9 lettermen returning. Coach Allison predicts that his returning center, 2 guards, one tackle, one end and 4 backs will place his proteges in the thick of the conference scrap.

Chillicothe, usually starting slow, took a decisive beating at the hands of Quanah over a week ago, 33 to 0, but a powerful backfield built around triple-threat Ramsey may bring the Eagles into the upper bracket by the time the schedule is in full sway. At the first of last season Chillicothe took a worse thrubbing from Quanah and later lost to Olney at Crowell, the conference's two leading machines, by only one touchdown. The Eagles were idle last week and will be this week.

Crowell, without a single returning regular, is probably hit the hardest in the way of experience and is in no better condition with regard to weight. However, the youngsters are expected to be up and at 'em fighting for another runner-up position by the time the conference schedule is well under way.

The Seymour threat is publicized as lacking in weight and experience and as yet the Panthers have played no games. With the material that Seymour always furnishes a coach, new Maurice Orr, ex-goal kicker for S. M. U., is expected to cause his opponents of this district no little worry. His men got a late start to work this year and will play their first match of the year with Decatur this week-end.

Archer City, traditional doormat of the circuit until a year ago when Coach E. E. Powell arrived, is expected to give a creditable account of herself in the race this year with plenty of deception, tricks and freak plays originating in the head of their mentor. Bringing his team out of the depths last year, the tutor netted for the Archer County team victories from Chillicothe, Seymour, Burkburnett and Iowa Park—and he has his eye on higher aims this year.

Without unduly bright prospects for an unusual team, the Throckmorton gridsters may bear watching lest they upturn another's conference march. Although ending in the cellar last year they scored a startling upset by shutting out the Archer City Wildcats 18 to 0.

The 9-B conference race gets under way the first week in October with Throckmorton journeying to Chillicothe and Burkburnett visiting Iowa Park.

Norwegian Pagan Festival

Originally a Norwegian Pagan festival in honor of the sun, St. Hans eve is celebrated throughout the country with bonfires, dancing and merrymaking the whole night through. In Oslo, the entire population, it seems, either boats out onto the fjord or goes out onto the tops of near-by mountains for the celebration. Bonfires are lighted on every hill, and at the outdoor museums here and at Lillehammer, great demonstrations of folk dancing are given.

Winner Eats Loser

Mole crickets are cannibals, and a fight between two of these insects ends by the winner eating the loser.

It is estimated that sufficient motor fuel can be obtained from United States deposits of bituminous coal and oil shale to supply the nation for centuries.

Zeniths not only have electric and standard Wincharger sets, but now have combination 2-volt battery and 6-volt Wincharger sets.—W. R. Womack.

ROTARY LUNCHEON

Amos W. Lilly was in charge of the program at the regular Rotary Club luncheon held at the Premier Hotel Wednesday at noon.

Pete Bell was the chief speaker on the program using as his subject, "Flour Milling." He outlined the history of the industry and also gave the different procedures employed by the various milling companies.

John Ray also made a short talk, using as his subject "Foolish Things I Have Done Since Living in West Texas."

Henry Ferguson and A. F. Wright were appointed as members of the classification committee. They are filling the vacancies left by Eli Smith and John Rasor. The regular Rotary luncheons will be held each week at O'Connell's Lunch Room beginning with the next meeting.

Business Women Open Fall Season With Progressive Dinner and Bridge Session

The Crowell Business and Professional Women's Club held its first social meeting of the club year Thursday night at the homes of Mrs. Henry Borchardt, Mrs. Alva Spencer, Miss Myrna Holman and Miss Lottie Russell. A progressive dinner announced the opening of the fall social calendar for the organization.

Despite the bad weather conditions, all but one of the members of the BP&W attended the affair. The first course, cocktails, was served at the home of the president of the club, Mrs. Henry Borchardt. From there the members went to the home of Mrs. Alva Spencer for the main course, a delicious chicken dinner. Dessert was served to the attending members at the home of Miss Myrna Holman.

Bridge Session

A bridge session with three tables was held at the home of Miss Lottie Russell following the serving of the dinner. Miss Thelma White was a special guest at the bridge party. Mrs. M. O'Connell was high scorer.

A blue color scheme was carried out at the unique progressive dinner.

Members of the club who attended were: Misses Lottie Russell, Jim Lois Gafford, Mayme Lee Collins, Annie Mae Ellis, Gussie Todd, and Myrna Holman and Mesdames Alva Spencer, W. H. Bell, Henry Borchardt, M. O'Connell, Leon Solomon and Julian Wright of Vernon.

ADELPHIAN CLUB

Miss Frankie Kirkpatrick was hostess to members of the Adelpian Club Wednesday afternoon. Roll call was responded to by members giving Centennial events.

Mrs. Vern Walden led the afternoon study "Antique Furniture" in which she discussed six chapters on "Genuine Antique Furniture."

Mrs. Clint White assisted Mrs. Walden by reviewing "The Old

Eva Stewart, Mart Denton Are Married At Vernon Thursday

Miss Eva Stewart and Mart Denton, both of Crowell, were married in Vernon Thursday of last week. Mrs. Denton is the daughter of Mr. and Mrs. H. H. Stewart and Mr. Denton is the son of Mr. and Mrs. I. M. Denton.

Miss Stewart is employed in the office of the Foard County Agricultural agent and Mr. Denton works as a mechanic at the Swain Garage. At present they are living at the home of Mr. Stewart and they will make their home in Crowell.

COLUMBIAN CLUB

Designated as Re-Assembly Day, the first meeting of the Columbian Club was held last Wednesday afternoon at 3:30 with Mrs. J. R. Self as hostess. Mrs. T. L. Hughton, recording-secretary, presided over the program.

Roll call was answered with "visioning another club year." Greetings were brought by Mrs. B. W. Self, president for the coming year. A vocal solo was given by Miss Doris Oswald, accompanied by Mrs. Leonard Male. Mrs. Male also played "Andante" by Beethoven, as a number of the program. Aside from Miss Oswald, Mrs. Kenneth Lanyon, an ex-member, was present as a guest.

The hostess served an ice course carrying out the club colors, gold and white.

CLASS OFFICERS

The Junior Class of Thalia High School elected Bryan Banister as president; Hubert Sandefur, vice president; Iona Pyle, secretary-treasurer; and Hazel Gamble, reporter. The class chose Miss Frances Couch as sponsor.

Furniture Book, Chapter I. Miss Kirkpatrick served a salad course to ten club members.

Children Get to See 'Texas Rangers' for 2 Corn Flakes Tops

L. F. Campbell, manager of the Rialto Theatre, has announced that all children 12 years of age and under will get to see the great Paramount picture, "The Texas Rangers" for the tops from two packages of Kellogg's Corn Flakes at any time during its engagement here. It is being shown here tonight (Thursday) and tomorrow night.

This unusual free admission deal was made possible through the cooperation of Paramount Pictures, Rialto Theatre, and the Kellogg company, cereal manufacturers. Similar arrangements are being made with other theatres throughout the state.

Discussing details of the tie-up, Mr. Campbell said: "I just wish we could offer the kiddies a bargain like this every day in the year—particularly when a show as clean and educational as "The Texas Rangers" is in town. It is a splendid picture."

This picture, directed by King Vidor, a native Texan, has been adopted as the official motion picture for the "Junior Texas Ranger Force," an organization sponsored by the Kellogg Company in connection with their radio program for children, "Riding With the Texas Rangers." Boys and girls are to present their package tops at the box office for a ticket in the regular manner.

LIBRARY NEWS

"Five Little Heiresses" by Alice Duer Miller and "Private Duty" by Faith Baldwin are two entertaining novels added to the library this week.

"Five Little Heiresses" is a romantic novel, full of youth, beauty and glamour. The daughter of a wealthy family, Brenda Angell has been brought up to expect the best of everything. When she is left penniless at her uncle's death, she is confronted with the problem of making her own way. How she chaperones a group of five girls on a tour of Europe makes most interesting reading.

Another delightful story of doctors, nurses, and the life around a big hospital is unfolded in "Private Duty." It is said that Miss Baldwin has always wanted to be a nurse, so in this story of a life devoted to service, she has dramatized her dream vocation.

Reserve Seats—

(Continued from Page One) the following places: Self Motor Company, The Wright Cleaners, M. & S. Chevrolet Company, R. B. Edwards & Co., The Foard County News, Ferguson Bros., Druggists, Reader's Drug Store.

Those who wish to obtain tickets prior to the game and who wish to avoid the risk of not being able to purchase choice tickets must get them before Saturday night of this week. Clarence Self, chairman of the ticket sales committee in Foard County, said. The supply of tickets here must be mailed back to Wichita Falls Sunday.

FREE TO Boys and Girls!

You can see "The Texas Rangers" with 2 Kellogg's Corn Flakes box-tops

It's hard to beat THIS double bargain! Ask your grocer for two packages of Kellogg's Corn Flakes today—get acquainted with the world's most popular ready-to-eat cereal, the corn flakes with matchless flavor and freshness. Ideal for hot-weather breakfast, lunch or supper.

Then the children can see Paramount's great picture, "The Texas Rangers," absolutely free. Your local theatre will accept the tops from two Kellogg's Corn Flakes packages for admission to any afternoon or evening performance of this exciting motion-picture. Don't miss this double-value opportunity! Enjoy Kellogg's Corn Flakes—and let the youngsters see "The Texas Rangers" free!

*Twelve years of age and under

Wednesday, Thursday and Friday Matinee at 3:30 and Friday Night.

RIALTO

Rain—

(Continued from Page One) prospects for a bumper wheat harvest next year.

Roads Bad Many of the roads in the county are impassable due to the heavy rains and rises in creeks and low places, and all the roads with the exception of the paved highway running east and west have been damaged.

The highway from Crowell south to Truscott and Benjamin has been almost impassable with the bus lines from Quanah to Stamford blocked from Tuesday of last week to Tuesday of this week. The line was due to resume its regular schedules Tuesday. During the worst weather the Murphy Coaches ran from Crowell north and Truscott south.

The Bowen Motor Company which runs buses from Wichita Falls to Lubbock by way of Quanah had to route their buses through Crowell Saturday and Sunday of last week because Highway No. 5 was impassable. The South Plains lines from Wichita Falls to Lubbock by way of Seymour, Benjamin and Dickens also had to send buses through Crowell to get them to their destination.

Train Schedules Train and mail schedules have been irregular due to the heavy precipitation and in several cases the Santa Fe trains have been delayed several hours. A section of the road between Medicine Mound and Chillicothe near Pease River was temporarily impassable last week because of high water.

Much of the track was under water during the floods at San Angelo which prohibited train connections between Sweetwater and San Angelo. The track is being repaired rapidly, however, and the schedules will return to normal soon provided no more heavy rains fall. C. W. Walden, local agent for the Santa Fe Railway Company, said.

A section of the Fort Worth and Denver Railway also washed out on Pease River which delayed train schedules.

Other Parts of State Rains in other parts of the state also have been heavy. San Angelo and Ballinger have been completely under water with the San Angelo flood damages estimated at \$2,000,000. No casualties, however, have been reported.

Wildcats-Indians-

(Continued from Page One) however, be an introductory contest in which the veteran Aggies and the new crop of sophomores will become better acquainted and will understand each other under fire.

The recent loss of big Lindsey, 230-pound tackle and one of the mainstays of the Norton line, will be a hole in the line that may or may not be easily filled. He was already being spoken of as a possible all-American. The Farmer line is hoped to be as good as it was last year, and the secondary is stronger with Todd and Rogers, sophomore halves.

The dopesters and experts have virtually placed the pennant of the Southwest Conference at the feet of the Farmers which should give them the edge over the Cowboys by about two or three touchdowns.

From the Cowboy Camp Propaganda from the Rancher headquarters states that with new bosses and veteran material the prospects for the Cowboys turning in a successful season this fall shine brighter than ever before in the Cowboys' bunkhouse.

Without the loss of a valuable man last year and only one or two in the preceding season, the entire line-up and roster for Coach Kimbrough's proteges are old-timers of the gridiron and should give more than a fair account of themselves against the highly-tooled Aggies.

Much of the ball carrying for the Cowboys will fall on the shoulders of an ex-Wichita High star, Burns McKinney. In a match between the Cowboys and the Daniel Baker Hill Billies last week-end McKinney loped 95 yards and 65 yards to score two of the three touchdowns of the night and, at that, he saw service in only 5 minutes of the game. He will be assisted in the backfield by line-plunging Ed Cherry, a two-year veteran of the Cowboy camp and an experienced Amarillo back prior to his move to Abilene. Pete Tyler, booting and driving fullback is also due to cause the Farmers occasional agony.

The Cowboys will receive a test of near A. & M. calibre this weekend when they meet the Southwest Conference Baylor University Bears at the home of the Bears.

School Building—

(Continued from Page One) better than was first expected, Superintendent I. T. Graves said. Arrangements have been made to put concrete floors in part of the unfinished basement so that fewer classes will have to be held upstairs, he said.

If present plans develop, the new school building will be completed by the latter part of March. The construction of the new building is a Works Progress Administration project and the federal government is furnishing the materials and common labor required for the building of the structure. The Crowell Independent School District is to furnish the necessary funds for the payment of skilled laborers.

An election was held recently which allowed the floating of \$12,-

J. C. Self Attends Chevrolet Meeting At Dallas Last Week

M. E. Coyle, president and general manager of the Chevrolet Motor Company and W. E. Holler, vice president and general manager, visited Dallas Friday, where both Mr. Coyle and Mr. Holler talked to the 300 dealers of the M. Dallas Zone. J. C. Self of the M. Dallas Zone, Co. of Crowell attended the meeting in Dallas.

The visit of Mr. Coyle was his first official dealer meeting in the Dallas Zone, since he was made president of the Chevrolet Motor Company, nearly three years ago. Mr. Coyle has been with the General Motors Corporation and Chevrolet for almost twenty-five years. Both he and Mr. Holler spent Friday afternoon informally with the dealers.

The Chevrolet executives arrived in Dallas Thursday night from Houston, where a similar meeting was held. During the first part of the week they visited New Orleans and Memphis. The Detroit party left Dallas Saturday morning by plane for the Motors City.

J. E. Johnson of Dallas, regional manager of the Southwest, and H. C. Howard, Dallas zone manager, welcomed the company executives and acted as hosts to the large dealer meeting Friday. L. H. Averill, of the central office staff was traveling with Mr. Coyle and Mr. Holler.

In an interview in Dallas Friday Mr. Coyle called attention to the vast growth of the used car business in this country in 1935. He said that it was a development of the automobile dealers themselves and that it would probably total a \$2,000,000,000 turnover during the year.

"Approximately forty per cent of the automobile owners in America will have changed their cars before the end of this year," said Mr. Coyle. "At the beginning of the year, there were about 24,000,000 motor vehicles in the United States. The automobile industry will sell nearly 4,000,000 new units this year. The National Dealers' Association has already predicted a sale of more than 7,000,000 used cars for 1935 and conservatively—10,000,000 new and used units should be sold.

"The used car business is one of the biggest business factors of our National business life. It has been placed as a \$2,000,000,000 enterprise and it is confined to every locality in the country—being a development of the dealers themselves.

"Our Chevrolet business has been the most extensive in the company's history this year. Thus far we have exceeded the previous peak years of 1928 and 1929 and indications at present show that similar conditions will be evident in 1937."

The 10,000 Chevrolet dealers in this country will do a business of more than \$1,000,000,000 in 1935 in new and used cars, according to Mr. Coyle. That is practically 2 per cent of the total income of the American public.

Chevrolet is showing sales of the 1936 models in excess of 1,000,000 units and over 1,500,000 used cars. Mr. Coyle said that the Dallas Zone showed an increase of nearly 40 per cent over 1935 and that the dealers in this area in his organization had less used cars in stock at this time than a year ago, in spite of the greatly increased new car volume. "The same condition holds true Nationally, in our organization," he continued. "Our dealers have sold 263,425 more new units during the first eight months, than for the same period in 1935; that is an increase of 43.2 per cent. They have sold 527,661 more used cars in the first eight months of this year, than during the same period of 1935, an increase of 55.4 per cent."

"It can be seen that our field forces have done an excellent job and that the policy of our company in keeping an intimate contact with the dealers by the Detroit executives is proving sound. Such meetings as the one in Dallas are held in every section of the country to keep our dealers advised of plans and programs and to give attention to their problems."

A Good Education

A good education is generally considered as reflecting no small credit on its possessor; but in the majority of cases it reflects credit on the wise solicitude of his parents or guardians, rather than on himself.

1000 bonds to raise the money. All the usable equipment and material in the old building will be used in the construction of the new one. The new \$65,000 building will be modern in every respect, meeting every requirement of the department of education, Mr. Graves said. It will be in the shape of a T and will be located east of the high school building facing the south.

Water Supply—

(Continued from Page One)

October, 1935, placed about 6 weeks' supply of water in it.

The capacity of the lake was more than doubled by a WPA project which was completed in the spring. The dam of the lake was raised three and one-half feet and the spillway three feet. Mr. Schlagen estimated the project increased the capacity of the lake by about one and a half times.

The project was begun in November, 1935, and was completed early in April of this year. The cost of the project was estimated to be between \$5,000 and \$6,000. Most of the expense of the raising of the dam and spillway was furnished by the government.

Johnny Gamble and Henry Ross were the federal supervisors of the project and H. D. Nelson was the city supervisor.

The last of the water in the city lake was drained out Monday, August 3, and the fish were caught and placed in the Country Club lake. The lake was dry from August 3 to September 3 when an inch and a half precipitation fell.

School Budget to Get Public Hearing Oct. 5

A public hearing on the budget for the Crowell schools for the 1936-37 term will be held in the office of the secretary of the board of trustees in the court house Monday, October 5.

The hearing will be open for the public and any taxpayer in the Crowell Independent School District will be allowed to take part in the discussion of and suggestions for the budget.

A notice of the hearing was made public this week by the board of trustees.

TO MOVE SOON

C. E. Ray, operator at the Texaco gasoline plant in the west part of Foard County, has been transferred to Burkburnett and will work in the gasoline division there under Ray Mills, former superintendent of the plant here.

J. B. Fairchilds of Burkburnett has been transferred here and will arrive this week to begin work. Mr. Ray, his wife and two children will move to Burkburnett as soon as weather conditions permit, he said.

Mr. Ray has been an employe at the plant here since it was first constructed in 1933.

Mrs. Cates—

(Continued from Page One)

marriage they moved to Mr. Cates' home at Catesville. She was preceded in death by her husband January 30 of this year.

Mrs. Cates became a member of the Methodist Church at the age of 16 in Fannin County, Ga. Later she joined the Presbyterian Church and was a member of the Crowell church at the time of her death.

She is survived by the following brothers and sisters: J. A. Medearis of Hemp, Ga.; J. T. Medearis of Ranger, Texas; R. L. Medearis of Cleveland, Tenn.; Mrs. Mary Butt of Knoxville, Tenn.; Mrs. Alice Fox of Ranger, N. C.; Mrs. Dora Nichols, Mineral Bluff, Ga.; Mrs. Josie Stuart of Blue Bluffs, Ga.; and Mrs. Jennie Brackett of Greenback, Tenn. She is also survived by the following step-children: Tom Evans of Murphy, N. C.; Mrs. George Hay of Waco, and Mrs. Roy Stevie, R. F. Cates, J. T. Cates and Mrs. Frank Long of Crowell.

J. T. Medearis, Mrs. Cates' brother who lives at Ranger, Texas, was the only brother or sister to attend the funeral services.

BILIOUS

Condition Needs Double Action Treatment
Stimulation of liver bile flow is not enough for complete relief, but combined with mental stimulation that relieves temporary constipation, quick soothing results are certain. Hebine, a combination of herbs, contains BOTH actions and so those dizzy, watery, indigestions, gas, rundown feelings relieved when both liver and bowels return to normal action. Get your bottle of Hebine from druggists.

Bursey Buys Out Partner's Share In Implement Co

A deal has been completed whereby Howard Bursey has bought the interest of J. C. Long in the Bursey-Long Implement Co., local dealers for the International Harvester Co. Mr. Long will continue to be connected with the company as a sales man. The name of the implement Co. has been changed to Bursey Implement Co. Miss Maye Andrews will continue her duties as bookkeeper in the afternoons. The change in the ownership took effect Wednesday of last week.

Christian Preacher Moves to Arkansas

Rev. T. P. Sharp, former pastor of the Crowell Christian Church, left last week to assume duties as pastor of a church in the northern part of Arkansas.

Rev. Sharp was formerly from Corinth, Mississippi, and arrived in Crowell July 4 to become pastor of the local Christian Church the following Sunday.

He is a graduate of Randolph College at Cisco, receiving his diploma there with a major in Bible.
