CROWELL, FOARD COUNTY, TEXAS, THURSDAY, OCTOBER 29, 1936

\$2.00 A YEAR EIGHT PAGES

GENERAL ELECTION TO BE TUESDAY, NOV. 3

CROWELL WILDCATS, BURK BULLDOGS TO CLASH

Graves Ready to Hurl Full Strength at Hill's Conference Favorites Friday as Two Teams Meet in Annual Grid Battle

The Crowell High School Wildcats hung up their cleats after a stiff workout Wednesday to rest until their long-anticipated invasion of the Burk Burnett High School Bulldogs Friday night.

Coach Graves will hurl the Wildcats' full strength at the long enemy with every man on the roster in shape for the

1.35 Inches Rain Falls; Varied Weather

YEAR'S TOTAL RAINFALL GOES TO 18.35 INCHES

Wheat Farmers Are Benefitted by Moisture

Approximately 1.35 inches of rainfall have been measured at the Crowell State Bank since Wednesday morning of last week, with the rains falling Wednesday, Thursday, Friday and Sunday.

The first precipitation of the month fell Wednesday, October 21, after Foard County's total for the previous month totaled slightly more than 13 inches. The October total added to the year's total brought it to 18.35 inches. The annual rainfall for this section of the state averages about 22 inches.

A brisk north wind Sunday night finally broke the rains although cloudy weather prevailed afterward.

Falling slowly, the precipitation went into the ground thoroughly to brighten prospects for a 1937 wheat crop. A large per cent of the wheat land in the county had already been sown and the rains will benefit that already in the ground considerably, according to wheat growers. It will delay the planting of a small per cent of the wheat as all wheat farmers had not completed their planting.

Roads in parts of the county and State Highway No. 16 were almost impassable because of the rains. Buses routed from Quanah to Knox City ran behind schedules and at times were unable to make their runs last week-end.

Saturday Deadline To Vote Absentee

Absentee voting in the general election Tuesday, November 3, will close Saturday of this week. Ballots may be obtained by mail or in person at the office of the county and district clerk.

According to the election laws, absentee ballots may be obtained not more than 20 days nor less than 3 days prior to the election.

Absentee ballots must be returned in person Saturday or by mail Sunday. Only five absentee ballots had been cast by Monday of this week. Indications were that the number of absentee votes in this election would not equal the number cast in the second Democratic primary.

THERMOMETER HOVERS ABOUT FREEZING MARK

Sunday Produces Sun, Rain, Blue Norther What-Have-You

Weather conditions of the Crowell, Foard County and this section of West Texas have been varied since Wednesday of last week with Sunday producing the largest assortment.

Late Saturday night and early Sunday morning a heavy fog, at times resembling a light mist, gave the night a wintry aspect. From daybreak Sunday until late in the morning a rain of approximately a quarter of an inch wet the already soaked ground.

By noon the skies had cleared, the sun shone and ideal warm weather conditions prevailed until late Sunday night, after which a brisk "norther" added another bit of variety for the nightcap.

Near-freezing weather struck Crowell two or three times during the last week, but as yet the mercury has not fallen below the freezing point. The local thermometer columns hovered around the 34 to 38 sections Saturday morning, Monday morning and night and early Tuesday morning.

Further west in Texas on the Plains freezing weather struck late Thursday night and Friday as the north Panhandle received its first snow. Snow fell for about 30 minutes Thursday night in the Pampa area.

Vote to Determine if Roosevelt and Garner to Remain in Office for Next Term; Amendment Fate at Stake

The general election will be held Tuesday, November 3. It is a nation-wide election.

The vote next Tuesday determines who will be the next president and vice president of the United States. It will decide whether the voting citizenship of the United States wants

ROY HUCKABEE NEW ASSISTANT COUNTY AGENT

Filling Vacancy Left By Frank Parsley; A&M Graduate

Roy L. Huckabee of Holland has been appointed assistant farm agent of Foard County and assumed his duties as County Agent John Nagy's assistant Monday, October 26.

Mr. Huckabee is a graduate of Texas Agricultural and Mechanical College of College Station at Bryan, having received his Bachelor's degree in June of this year. His major subject was agriculture.

Since his graduation last spring Mr. Huckabee spent two months with two other graduates of Texas A. & M. and a professor in western Europe making a survey of cotton manufactures and marketing. The boys chosen to make the trip were selected after taking competitive examinations. They visited European markets and manufacturing centers at Liverpool and London, England, and mills in Germany, Switzerland, Belgium and France.

Mr. Huckabee is filling the vacancy in the Foard County office left by Frank Parsley who is now employed in the engineering department of the Works Progress Administration at Wichita Falls. He moved from Crowell the first of October to become a member of the Wichita Falls staff of the WPA.

Mr. Huckabee arrived in Crowell Sunday to assume his duties as Foard County Assistant Agricultural Agent.

GRAVES NAMES HONOR PUPILS FOR SIX WEEKS

Eighty-Five Listed on Roll for Perfect Attendance

A total of 115 pupils in Crowell High School and Grammar School were listed on the honor rolls for the first six weeks of the 1936-37 school year. Eighty-five were credited with perfect attendance.

The High School "A" scholarship honor roll carried 16 names and the "B" roll had 38. Nineteen grammar school pupils were on the high honor roll and 42 on the low one.

High School "A"

The "A" scholarship honor roll for the Crowell High School is as follows: W. H. Adams, Tom Anderson, Billie Brown, Mary Helen Carroll, Charlie Clark, Ted Crossnoe, H. K. Edwards, Zelma Ferguson, Camille Graves, Mary Green, Riley Griffin, Wynonah Hembree, Daphyn McClure, Thelma Lois Moore, Edna Lynn Thompson and Mary Jane Turrentine.

High School "B"

The "B" scholarship honor roll for the High School is as follows: Lorene Askins, Juanita Boman, Betty Brown, Hubert Carl Brown, Juanita Brown, Jenny D. Coffey, Virginia Coffey, Winifred Connell, Frances Davis, Hughes Fish, Gene Fox, Effie Griffin, Annie Mae Hall, Mable Hall, Helen Harwell, Mary Housouer, Frances Henry Johnson, Verne Joy, Wanda Rose Liles, Margaret Long, Oma Floy McLain, Faye (Continued on Page Four)

Dogs' and Cats' Probable Starters

Crowell	Wt.	Position	Burk Burnett	No.
Eddy	127	Left End	Blair	52
Thompson	152	Left Tackle	Cook	33
Simmons	154	Left Guard	Elliot	73
Reeder	158	Center	Hageman	40
Gibson	130	Right Guard	Whitton	99
Kieper	168	Right Tackle	Montgomery	42
Fitzgerald	169	Right End	Spray	35
Rashberry	135	Quarterback	Finch	50
Orr	126	Left Half	McKown	75
Meason	129	Right Half	Johnson	25
Lankford	150	Fullback	Teal	11

The return of Joe Eddy to the ranks of the aggregation adds strength to the left side of the line on offense and stiffens the defense in the safety position. Eddy was out of the line-up last week because of illness and he was sorely missed at both his positions.

This week's workouts have been real rehearsals for the annual game to be played at the Kennel Friday night beneath the Bulldogs' flood lights.

The Foard County lads devoted their time and efforts this week to making an offense whose purpose is to huddle Bulldog tacklers and defensive stalwarts. At the same time the Wildcats have not neglected to revive a defense similar to the type they staged against Iowa Park Hawks in the conference opener.

For the first time this year the Crowell boys will have the advantage in weight. Graves' starters average 145 pounds to the scales and the Hillmen tip the scales slightly less than 140. This weight difference should give the Wildcats a chance to show their power, the line having previously driven against heavier forces.

Only one man in the Wildcats' starting line from Eddy on left to Fitzgerald on right end will be facing an opponent heavier than himself. Gibson at right guard and Crowell will be starting 40 more pounds of beef than he himself boasts of. Every other member of the Crowell forward (Continued on Last Page)

MEETING FOR TEACHERS AT QUANAH OCT. 24

Directors for County Interscholastic League Picked

"The Teacher Retirement Plan, in the form of an amendment to the Texas State Constitution to be voted on Tuesday, if passed, will be beneficial both to the teacher and the public," said C. M. Elwell of the state department of education in his address to the Greenbelt Educational Association which met in Quanah Saturday, October 24.

Members of school faculties of Crowell and Foard County attended the meeting. The board of directors for the Interscholastic League were selected with Supt. W. L. Cox of Thalia elected as president of the organization.

Interscholastic League officials for this year in Foard County are: L. T. Graves of Crowell, director general; Mrs. Louis Sloan of Crowell, director of declamation; Miss Mildred Cogdell of Crowell, director of debate; Bailey Rennels of Riverside, director of extemporaneous speaking; Miss Imogene (Continued on Page Five)

GOSSETT AND STOKES FOR PARDON BILL

In answer to inquiries asking their opinion regarding the proposed amendment to the Texas State Constitution to be voted on Tuesday of next week, District Judge W. N. Stokes and District Attorney Ed Gossett prepared the following statement:

"It seems to us that a vast improvement in our social system would result from the adoption of the proposed constitutional amendment relieving the governor of Texas of the pardoning power and placing the same in a non-partisan, non-political board. The proposed board will consist of three members who will serve for terms of six years each, one member to be appointed by the governor, one by the chief justice of the supreme court, and one by the presiding justice of the court of criminal appeals. The governor will retain only the power of granting 30 day reprieves in capital cases, of granting pardons in case of treason, and of revoking clemency by the said board.

"No honest governor wants the (Continued on Page Four)

PROJECT ON PEASE RIVER GETS HEARING

Local Leaders Attend Open Session at Vernon Friday

Dr. Hines Clark and M. S. Henry, members of the board of directors of the Pease River Flood Control district; C. T. Schlagal, mayor; Claude Callaway, Foard County Judge elect; J. R. Beverly, and other business and civic leaders of Crowell and Foard County attended the two-hour open meeting held in the District Court room at Vernon Friday afternoon at 3:30.

Attending the meeting was C. S. Clark, of Austin, chairman of the State Board of Water Engineers, who is a brother of Dr. Hines Clark of Crowell.

Statements emphasizing the importance of flood control work on Pease River were made at the hearing conducted by Lieutenant Lunsford E. Oliver of the United States Army Engineers Office at Vicksburg, Miss. Representatives from five counties in the district attended and participated in the session.

Most of the discussion was centered on the (Continued on Page Four)

Joy, Shook Injured As Truck Overtakes Near Vernon Mon.

C. C. Joy and Jim Shook received injuries Monday afternoon at 6 o'clock as the International truck in which they were riding overturned about two miles west of Vernon on the Vernon-Crowell highway.

Mr. Shook suffered a fracture and dislocation of his right ankle and Mr. Joy received only minor bruises and wounds. He received cuts on his face and internal injuries.

The truck overturned as the wheels went off the pavement on to a soft shoulder of the road when Mr. Joy attempted to pass a car. The truck was damaged slightly.

CAMPAIGN FOR DEMO FUNDS TO CLOSE MONDAY

Donations to be used by the Democratic party in its campaign to re-elect President Franklin D. Roosevelt and Vice President John Nance Garner will be accepted until Tuesday, the day of the general election, according to members of the committee in charge of the drive in Foard County.

Those to whom contributions by Crowell Democrats may be made are: A. R. Sanders, county chairman; T. P. Reeder and Leo Spencer. J. A. Stovall is director of the drive at Thalia; J. P. Davidson is receiving contributions at Margaret and W. D. Lawson is in charge of the donations at Rayland.

The collecting committee began its drive over two weeks ago and will bring it to a close immediately before the election Tuesday. The total funds already sent in for use in the campaign amounts to more than the county's goal four years ago, and prospects that there will be more donations yet, the committee indicated.

The state-wide drive now underway to obtain funds will close before the election.

Principles in General Election Tuesday; Who Will Win?

Famous Facts—And Fancy—Had You Heard That—

The West Texas sand flea is acknowledged to be the most active and intelligent flea in the world and they are used regularly by the world's largest flea circus in New York City.

There is enough salt in Texas to fill a four-horse wagon load every man, woman and child in the world and still have plenty to spare.

The Crown Jewels of Austria are in Texas. Authentic reports are that the fortune of the Austrian Maximilian, once King of Mexico, is buried at Castle Gap, near Odessa. Searching parties have been digging there for 40 years.

"West" Texas, is in Central Texas; "Center" Texas, is in East Texas; "Eastland" Texas, is in West Texas; and "South" Texas, is in North Texas.

The famous THREE-D brand of Waggoner ranch was caused by a cowboy who bent the iron into three perfect "D's" but found that when put on a cow the letters were backward.

Dalhart, Texas, is nearer six times as far from the capital as Texas.

The governor of Texas rules over territory than any king or emperor of Europe in the continental limits of his country, Russia alone excepted.

Texas is so large that every man, woman and child in the world could be given an area of land 65 feet square (4,225 square feet) carved out of the state.

"Lit" meaning, Ten in Texas, is the cattle brand of the Capitol Syndicate which owns 3,000 acres of land in ten counties. (More Next Week.)

District Court to Hear Criminal Case Against Smart Today

Forty-sixth Judicial Court convened in a special session this morning to hear the criminal trial of State of Texas versus W. A. Smart, former faculty member of the Margaret public school.

The trial was first scheduled in the regular September term of court which began Monday, September 14. Due to the illness of a witness of the defense it was postponed until October 12. It was again postponed because of illness of the defendant. At that time Mr. Smart was receiving medical treatment in a hospital in Denton.

A special venire of 75 men which were subpoenaed to appear in District Court for jury service October 12 were instructed by District Judge W. N. Stokes to appear in court this morning at 10 o'clock.

HOSPITAL NEWS

Mrs. O. W. Orr was admitted to the hospital this morning for treatment.

Miss Oleta Thompson, who has been in the hospital following an appendicitis operation, is reported improving.

Ray McClanahan underwent a major operation in a Quannah hospital Thursday afternoon. He is reported to be doing nicely. Mrs. Joe Flaniken, Mrs. Walter Dunlap and Mrs. J. Wynn Flaniken of Springfield, Colo., spent Wednesday night and Thursday with Mrs. H. G. Simmonds.

Mr. and Mrs. Delbert Johnson and son spent Saturday night and Sunday with relatives at White City. They were accompanied home by W. C. Johnson and daughter, Thelma. Mr. and Mrs. Jess Gregg of West Vernon visited in this community Wednesday.

Proposal No. 5 to the State Constitution known as S. J. R. No. 14 proposes to raise the salaries of certain Constitutional Officers, namely, the Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of General Land Office, and Secretary of State.

This Amendment provides that the Governor shall receive as compensation for his services an annual salary of Twelve Thousand (\$12,000) Dollars, as compared to the Four Thousand (\$4,000) he now receives, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture.

The salary of the Attorney General would be fixed at Ten Thousand (\$10,000) Dollars as compared to the Four Thousand (\$4,000) he now receives. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office each hold office for a term of two years, reside at the Capitol of the State during continuance in office, perform the duties required of them by law, and now receive a salary of Twenty-five Hundred (\$2,500) Dollars per year.

This Amendment would increase the salary of these officials from Twenty-five Hundred (\$2,500) Dollars to Six Thousand (\$6,000) Dollars annually. The Secretary of State is appointed by the Governor, with the advice and consent of the Senate, and holds office during the term of service of the Governor.

The present salary of the Secretary of State is Two Thousand (\$2,000) Dollars per year and this Amendment would provide for a salary of Six Thousand (\$6,000) annually.

Limiting the representation of the larger cities is the clear intent of H. J. R. No. 9 relating to the apportionment of State Representatives for the counties of this state whose population exceeds seven hundred thousand (700,000) people.

It is provided by this Amendment that no county in this State shall be entitled to or have under any apportionment more than seven (7) Representatives in the State Legislature unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census.

In the event a county shall have a population in excess of seven hundred thousand (700,000) people, then such county shall be entitled to one additional Representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census.

This Amendment also provides that no district shall be created which would permit any county to have more than seven (7) Representatives except under the above conditions.

Simply speaking, H. J. R. No. 9 would limit the number of Representatives in the State Legislature to not more than seven (7) from any county, unless that county had a population of more than seven hundred thousand (700,000). In that case, one more would be allowed for every one hundred thousand (100,000) above the seven hundred thousand (700,000).

Mr. and Mrs. Ben Bradford. Al Graham of Austin visited Mr. and Mrs. Grady Walker Tuesday. H. G. Simmonds left Friday night for Temple to attend the funeral of his sister, Mrs. Anthie Ross, who died Friday.

Mr. and Mrs. Jimmie Rodgers and Louis, Bill and Ruby Neimayer of Lockney spent the week-end with relatives here. Mrs. E. M. Key, who has been ill, is slowly improving.

Mr. and Mrs. Luther Jobe of Truscott spent Saturday night and Sunday with Mr. and Mrs. Luther Marlow. Norma Jean Barnes and Margaret Christian of Vernon spent the week-end with Mr. and Mrs. Grady Walker.

Mr. and Mrs. Herman Gentry of Crowell visited Mr. and Mrs. Luther Marlow Sunday afternoon. Jake Wisdom and Dale Earshel of Thalia visited in the C. L. Adkins home Sunday.

Mr. and Mrs. Herschel Butler of Thalia spent Saturday night and Sunday with Mr. and Mrs. R. G. Whitten. Mrs. T. H. Matthews and children of Thalia visited in the G. W. Scales home Sunday afternoon.

Evelyn and Kenneth Bradford spent Sunday with their aunt, Mrs. Walter Carr, of Thalia. The Bell Witch

The story runs that the fury of the Bell Witch abated somewhat after the death of John Bell in 1820 and it finally left in the spring of 1821, only to return in 1828 for a short period. It was last seen by John Bell, Jr., in that year, and the prophesy was made to him that the witch would return in 107 years.

What ruler is referred to as Der Fuehrer? 10. Where is Harvard University located? (Answers on Page 3.)

Alsace-Lorraine

The term Alsace-Lorraine came into use after the Peace of Frankfurt in May, 1871. It was used to describe the country formed by Bismarck out of the whole of Alsace and part of Lorraine, both provinces having been annexed from France. These two countries had had a separate existence since the Fifth century, when after 450 years of Roman domination and civilization, they were invaded by the Germans.

IONIZATION

Ionization is the modern theory of electric conduction that an electric current consists of the motion of minute particles of matter which are charged positively and negatively, the motion of the oppositely charged particles being in opposite directions. These charged particles are called ions, and they are in no case identical with molecules; in fact, it rarely happens that a molecule as such is charged. The formation of these ions is called ionization.

Seasickness as a "Remedy"

Taking a sea voyage and getting seasick was considered a good treatment for nervous and mental disorders in the days of the Romans.

"Cob and Thatch"

"Cob and thatch" is a composition of clay (marl or chalk), gravel and straw used in sections of England, notably the southwest, for the building of walls.

Whooping Cough in October Shows Gain Over October, 1935

Austin.—While whooping cough is evident in all months of the year, the first weeks in October this year showed a rise in the number of cases reported to the State Health Department.

"Whooping cough is one of the most serious communicable or germ diseases affecting childhood, and is especially dangerous to babies who have not passed their first birthday," Dr. John W. Brown, State Health Officer, said in recommending stricter methods of control.

OIL-PLATING DONE HERE

(BUT BE SURE YOU READ ALL THE OTHER WINTER OIL ADS, TOO)

You will find most of the emphasis these days, on oil that flows freely.

Well and good. You SHOULD use your correct Winter grade, but . . . You can see that the more freely any oil flows, the more freely it FLOWS DOWN OFF the pistons, cylinders, and other parts when you stop.

Then in starting up cold, where is mere free-flowing oil?

It is waiting to be pumped up on the job. And even in much warmer weather than this—according to engineering opinion—those oil-starved waits can cost you more engine wear than all the rest of your driving!

But this Winter with free-flowing Germ Processed oil, you can have your engine Oil-Plated! . . . much more than a change to OUR Conoco Germ Processed oil . . . really a change to unbroken Winter lubrication for YOUR engine.

It may stand cold for hours—days—weeks. Yet the slippy Oil-Plating formed only by patented Germ Processed oil, will always be UP IN ADVANCE. Pistons slip easy. Starter spins. Oil-Plated engine obliges—and lives the good life, on a stingy diet of Conoco Germ Processed oil. Continental Oil Company

GERM PROCESSED OIL

required to contract the infection. The communicable stage must be considered to extend from seven days after exposure to an individual infected with whooping cough to three weeks after the development of the characteristic whoop.

THE Foard County News

T. B. KLEPPER, Editor-Owner. DAN TARPLEY, Ass't. Editor

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 29, 1936

Fret not thyself because of evil-doers, neither be thou envious against the workers of iniquity.—Psalm 37:1.

The action of France in devaluing the franc means that this nation, the second largest gold hoarder in the world, decreased from 25 to 34 per cent the promissory value of its currency in relation to the old franc's gold value.

An indication of just how good Uncle Sam's credit is, is shown by a statement recently issued by A. M. Lampert and Company, New York bond house, which states that United States government bonds are the best in the world.

Election—

(Continued from Page One) and the salary of the secretary of state at \$9,000.

The sixth amendment, proposed by George Moffett, legislator from this district, calls for the limitation of representatives from one county to seven, except in special cases.

With the exception of a candidate for Congressman for the 13th District, the Socialist Party ticket is complete in all state offices.

Predictions regarding the outcome of the election are contradictory. The Literary Digest poll usually reliable, gives Landon and Knox, Republican nominees, a slight margin over Roosevelt and Garner, Democratic candidates.

tered on construction of a dam near Crowell, proposed by the District as the best means of controlling the river's floods.

A detailed brief submitted by the district included facts obtained from a farm-to-farm survey conducted from the site of the proposed dam to the junction of Pease and Red Rivers northeast of Vernon.

Results of the hearing were forwarded for consideration of the War Department. If they are found favorable, a detailed survey of the dam proposal will be made prior to submitting it to Congress.

Purchase of about 15,000 acres of land would be necessary to provide for a lake impounding 300,000 acre feet of water resulting from the proposed dam, cost of which is estimated at \$3,226,000.

The justified amount of expense for flood protection only, according to estimates in the brief, exceeds by \$110,000 the estimated cost of the proposed dam.

Assisting Col. Oliver in conducting the hearing were Capt. J. S. Scybold and P. E. Cunningham of the Army Engineers Office at Vicksburg.

Gossett—

(Continued from Page One)

power of pardon. No governor, honest or otherwise, can efficiently discharge this responsibility. For the governor to retry even a fractional part of the cases submitted in the court of his own conscience, as he in theory must do, is an utter impossibility.

"Under the present system, whoever the governor may be, however honest he may be, however energetic he may be, his administration will be fraught with mistakes in his exercise of the pardoning power, and his administration will be continually harassed by political pressure brought by influential offenders seeking clemency.

"(4) It will remove the pressure and temptation of clemency appeals from the prosecuting officers of the State of Texas.

"(5) It will promote better law enforcement and better law observance through greater respect for law and through a better administration of the important pardon and parole duties of the state."

DOGS TO HAVE DAY

Dallas.—World champion dogs from many states are entered in the Texas Kennel Club's thirty-sixth annual bench show at the Texas Agricultural Exposition, Saturday, Oct. 31, and Sunday, Nov. 1, Mrs. R. L. Satterwaite, club secretary, announced today.

Kellogg Announces Close of Crowell Store November 1

Kellogg's 5c to \$5.00 Store has announced that it will close here by November 1, and in doing so announced a close-out sale beginning Thursday afternoon and lasting through Saturday night.

Present plans, according to J. W. Kellogg of Tulsa, owner of the store, are to move the remainder of the stock after the completion of the sale to Tulsa where he is consolidating the Crowell and Tulsa stores.

The Crowell store may remain open a day or two after November 1 if the store at Tulsa is not ready for opening, Mr. Kellogg stated.

The Kellogg Store here was opened in September, 1935, with Miss Pinky McCullough as local manager.

"Swing Time" Here Last Time Tonight; Stage Show Friday

Movie fans of Crowell will be given their last chance to see the light-footed co-stars, Ginger Rogers and Fred Astaire, in "Swing Time" at the Rialto Theatre tonight, Thursday.

The Friday night feature and Saturday matinee will be "The Lonely Trail," a thrill-packed Western featuring John Wayne. Added attractions will be Chief Stanley, world famous trick and fancy roper, and his Yodeling Cowgirls on the stage.

Saturday night will feature Joe E. Brown in "Sons O' Guns." A Halloween Spook Show and Alice Faye in "Sing, Baby, Sing" in the midnight preview number. It will also be shown at the Sunday matinee and Monday night entertainments.

"The Sworn Enemy" with Robert Young, Florence Rice and Nat Pendleton is next Tuesday night's movie. Coming soon will be Dick Powell and Joan Blondell in "Stage Struck."

RACERS FROM THROCKMORTON STAGE UPSET

Visitors Show Skill on Muddy Field; 12-6 Favor of Enemy

Mud, Massey and Mongrels of the Greyhound Pack all took their toll as the Crowell High School Wildcats played a ragged football game for the first half of the tilt Friday night and ended on the diminutive end of the final score, 12 to 6.

The defeat marred their otherwise clean conference slate and the loss dropped them into a tie with the Hounds with two victories and a loss each.

The irate Greyhounds, after traveling around by Wichita Falls to avoid near impassable roads, were in a mood for fight or fame and scored an upset which leaves Burbburnett and Seymour in charge of the conference's top notch.

The first time Throckmorton took the ball early in the first quarter on a punt on their own 31 they started a drive which was not stopped until Wilkinson took W. Odell's pass on the 2 yard line from the 7 and stepped over the pay stripe for the six-point counter.

With the ball on his own 31 Massey plunged for four yards and Throckmorton 48 after a fumble, Rasberry attempted to circle his feet end and had made a good gain before he was down. When he fell he fumbled, and the ball went out of bounds; and the officials ruled a Greyhound touched it before it was out of bounds, giving Throckmorton the ball.

On the second down after the Pack took possession of the pigskin, Odell completed a 20-yard pass to Wilkinson who romped the final 30 yards for the Smithmen's second score. Again Hibbitts failed to kick the extra point.

New vim and vigor and determination characterized the Wildcats in the last half of the muddy contest, but it was in the first of the fourth quarter before they were able to send Rasberry over the goal line to smother the Dog's chances of scoring a shut-out.

Safety Meason took a punt and was downed on his own 48. Fitzgerald came out of the line and Odell completed to Orr for about 10 yards.

Fitzgerald gave an encore and passed to Meason on the next play, but the gain was good for only a yard. Rasberry on a fake went off right tackle to Throckmorton's 25 before he hit the muddy dirt. Fitzgerald passed incomplete and Rasberry passed for about 11 yards to Fitzgerald. Rasberry, likewise, was encored and he passed to Lankford for a 4-yard gain. Rasberry took 5 through the middle.

Again Rasberry plunged and pulled up at about the 2-foot line. He plunged off guard for the touchdown on the next play. Fitzgerald's boot for the extra point was blocked by Odell.

Earlier in the second half the Wildcats threatened but their drive stopped after they got to the enemy 7-yard line. With four downs to make the needed yardage for pay, the Wildcats were helpless at the hands of the Racers.

The Greyhounds also threatened in the last half. As the final whistle blew the Dogs had the Felines on their backs on their own 5 yard marker.

The Greyhounds and the mud kept Rasberry bottled as Meason, safely, shone most brightly for the Wildcats. Fitzgerald leaped from mediocrity in the first half to erratic brilliance in the last and intercepted a Greyhound shot. Orr

Number Commercial Failures in Texas in September Decrease

Austin.—Record of commercial failures occurring in Texas during September reflected a highly favorable status in Texas business conditions, the University of Texas Bureau of Business Research pointed out. According to Dun and Bradstreet, Inc., only nine failures occurred, a decrease of 47.1 per cent from August and 30.8 per cent from September of last year. For the entire third quarter of the year, failures totaled 38, a decline of 44 per cent from the total during the like period last year.

Average liability per failure was \$13,000, 13.3 per cent below that of the preceding month, but 8.3 per cent above that of September last year. For the entire third quarter, average liability per failure was 50 per cent below that of the corresponding quarter last year.

and Lankford also went up in the air and aid in completing Wildcat passes for gains.

Thomas and Massey were leather jagers for the Greyhound running attack with most of them coming off reverses. Wilkinson advanced from left end to take the reverses and turn many of them into nice ground gains or complete passes to Greyhound snafuers. Massey did some spectacular ground gaining and quarterbacking for a 125-pounder. Crowell's featherweight, 115-pound Joy, also broke into the game to take the point position of the backfield. He showed promise in carrying the mail as he trotted over the bigger boys for gains.

Play by Play

Hibbitts for Throckmorton kicked to Orr who slipped down on his own 43 after making a nice run. Rasberry plunged for 3 after making no gain off right tackle. Again he plunged for 4 yards over left tackle. He punted to Massey who returned 10 yards to lay the ball on his 31.

Massey sifted through for 4 and Thomas went over right guard for 6 and a first down. Massey plunged for 4 and Thomas garnered 2 more. He plunged for another 5 and a first down. Massey slipped through for 3 and Wilkinson took a reverse for no gain. W. Odell passed to Wilkinson on the Crowell 29. Massey glanced off right tackle for 11 and Wilkinson took a reverse and passed complete to Thomas for a 9-yard gain. Massey plunged for 2 and Thomas made no gain. Odell passed to Wilkinson on the 2 and stepped over standing up. Hibbitts' kick was nil. Score, Throckmorton 6 and Crowell 0.

Hibbitts kicked to Orr and he slipped down on his 30. Rasberry got 1 over right tackle and he plunged for 4 more. He punted to Massey who returned from his 20 to his 25. Thomas plunged for 2, then took a reverse for 3. Odell tossed to Wilkinson for a 10-yard gain to the Greyhound 40. Thomas plunged for 3 and Wilkinson took a reverse for a yard. He took another for 2 and Hibbitts punted to Meason on the Crowell 20 who zigzagged all the way back to Throckmorton's 42. Meason was nearly loose and received invaluable blocking from his mates as they churned along the north sideline.

Meason lateraled to Rasberry for no gain around right end. Rasberry passed and W. Odell intercepted it and returned it to the Throckmorton 47. Massey hit the line for 1 as the quarter ended.

Second Quarter

Thompson went in for Shook. Wilkinson took a reverse and made 1 around left end. Odell passed, but it was taken by Orr as Cribbs held it momentarily but dropped into his hands. Orr was nailed on his 45. Orr plunged for no gain and Fitzgerald passed to Orr to the Throckmorton 45 before slipping down. Rasberry plunged for 9 through center and then failed to gain. He passed incomplete and then was taken for a yard loss. He punted out of bounds on the Throckmorton 18.

Thomas circled left end for 4 and got 3 over right guard. Evans went in for Simmons. Thomas plunged for 6 to Throckmorton's 32. Thomas went around left end for 2 more then picked up 3 through the middle. Odell passed to Wilkinson incomplete. Hibbitts punted to Meason on Crowell 30 and he got back 8 yards.

Rasberry went over right end for 8 yards but fumbled as he was downed and the ball bounced out of bounds. However, the officials ruled a Throckmortonite touched it before it went out of bounds and the Dogs were given the ball on Crowell's 48.

Thomas lost a yard and Odell passed to Wilkinson on Crowell's 36. Wilkinson slipped away from the Wildcat tacklers and went over for the touchdown. Again Hibbitts' kick was bad. Throckmorton, 12 and Crowell 0.

Joy replaced Vecera. Hibbitts kicked to Joy on 30 and was downed 11 yards later. Joy plunged over right guard for 3 and Fitzgerald passed incomplete. Crowell drew a 5 yard penalty after which Joy picked up 1. Rasberry punted to the Throckmorton 44.

Thomas took a reverse for 4 and Wilkinson took the next reverse for 8 yards. Thomas took a reverse to Crowell 33 and Wilkinson took his turn on reverse and made 6. Statter relieved Lankford. Thomas took a double reverse for 5 yards and Massey on a half spin plunged through center for 3. Thomas plunged to the Wildcat 15 and the Mongrels were assessed a 15-yard penalty. With the ball on the 30 Thomas failed to gain and Crowell recovered a fumble on their 30. Fitzgerald passed and Thomas intercepted on Crowell's 43 as the half ended.

Third Quarter

Fitzgerald kicked to Thomas on the goal line and he brought it back to the Throckmorton 20. Odell plunged for 6 and Thomas picked up 1. Massey drove for 5 and again Thomas netted 1. Massey was good for 3 and Odell passed incomplete. Hibbitts punted out of bounds on Crowell 30.

Rasberry hit right tackle for no gain. He picked up 5 over left guard and he punted to Massey who slipped down on his own 27. Thomas made 1 then 2 on plunges. Odell passed and Fitzgerald came up with the ball and went back to Throckmorton's 29. Fitzgerald took the ball and passed to Orr for a 10-yard profit. Rasberry fumbled and Throckmorton recovered on their own 20.

Thomas slipped down for no gain on reverse and Massey took reverse for 2 around right end. Odell kicked out of bounds on Throckmorton's 42.

Rasberry passed to Fitzgerald

incomplete. Simmons tossed to Fitzgerald for 9 yards and Rasberry plunged over right guard to Throckmorton's 19. Fitzgerald passed incomplete and Rasberry to Fitzgerald clicked for 12 yards. Rasberry lost 1 and Orr was downed 2 behind the line of scrimmage. Rasberry plunged back to the 7 and Rasberry was downed on the 8 as the ball went over.

Massey netted 2 and Thomas went off right tackle for 1. On a fake Massey was stopped on the 17. Massey punted to the Crowell 46 and Smith killed the ball as the third quarter was over.

Fourth Quarter

Fitzgerald completed a pass to Orr for 6 yards then sent a yard-complete pass to Meason. On a fake pass Rasberry went over right tackle for 16 yards to end Throckmorton's 25. Fitzgerald passed incomplete and Rasberry passed to Fitzgerald who was downed on Throckmorton's 14. Rasberry passed to Lankford for 4 yards and Rasberry plunged for 5 yards, 4 yards and 1 yard for the touchdown. Fitzgerald's kick was blocked by Odell. Throckmorton 12, and Crowell 6.

Fitzgerald kicked to Wilkinson and he was dropped on his 35. Thomas took reverse for a yard and Thomas sacked 6. Odell passed to Wilkinson who pulled up at the Crowell 46. Wilkinson started to pass then ran for a 2-yard gain. Odell passed incomplete. Keeter replaced Pettit. Thomas found a hole for 2 yards and Massey punted to Meason on the Crowell 21.

Rasberry passed incomplete and Meason lost 2. Rasberry punted to Massey on the Greyhound 45. Odell passed incomplete and Thomas plunged for 4. Odell again passed incomplete. Massey punted to Meason on Crowell's 20. Rasberry passed incomplete then plunged for a yard. Rasberry punted to Massey who was downed on Crowell's 45. Crowell drew a 15-yard penalty. Thomas made no gain over right tackle and Massey was good for 6 through the middle. Crowell drew a 5 yard penalty and Massey made a first down with the ball on Crowell's 15. Thomas plunged for 3 and then failed to gain. Joy went in for Vecera and Cochran for Cribbs. Massey made 3 and Thomas took the ball on a fake pass and went to Crowell's 5 as the game ended.

Table with 2 columns: Player Name, Position. Includes Crowell, Vecera, Shook, Simmons, Reeder, Gibson, Klepper, Fitzgerald, Rasberry, Orr, Meason, Lankford.

Table with 2 columns: Player Name, Position. Includes Hibbitts, Peavee, Neel, Keete, O. Odell, Cribbs, Massey, Smith, Thomas, W. Odell.

Substitutes—For Crowell: Evans, guard; Thompson, tackle; Statter, guard; Joy, half back; For Throckmorton: Pettit, guard; Cochran, end.

Statistics: Yards gained from line of scrimmage—Crowell 182, Throckmorton 282. Passes—Crowell threw 13, completed 5 and had 1 intercepted; Throckmorton threw 12, completed 5 and had 2 intercepted. Punts—Crowell 7 times with average of 33 yards and Throckmorton 7 for a 31-yard average. Fumbles—Crowell 2 losing the ball both times and Throckmorton 1. First downs—Crowell 7 and Throckmorton 12. Penalties—Crowell 3 for 25 yards and Throckmorton 1 for 15.

Mr. Williams went from his home in California to Kansas City to buy a new car to drive back to that state. He will visit relatives and friends in East Texas before returning home.

FAMOUS BAND AT EXPO

Dallas.—The Texas Centennial Exposition will offer another of its great free attractions on November 8 when Horace Heidt and his orchestra move into the General Motors auditorium for three weeks. Heidt, one of the country's best known band leaders, will make three broadcasts over national hookups during his stay with General Motors on the Exposition grounds.

Oak was the first native wood used by our craftsmen.

BURK, SEYMOUR OUT THIS WEEK TO KEEP CLEAN

Dogs and Cats to Mix It in Burkburnett Friday Night

Capturing the spot light in the 10-B circuit this week will be the Crowell-Burkburnett melee at the home of the Bulldogs, and the Seymour-Chillicothe scrap at the Eagles' nest Friday afternoon.

Both Burkburnett and Seymour will be striving to keep clean conference slates, having already chalked up three and two victories to no defeats. And both are given the edge as they clash with Crowell and Chillicothe Friday.

All indications lead to the general opinion, among both Wildcat and Bulldog supporters, that the score will be closer Friday night in the Crowell-Burkburnett fracas than the six touchdowns and as many extra points by which the present conference favorites romped over Throckmorton and Chillicothe, teams which played about even with Crowell.

The game at the Kennel means more to both elevens than an ordinary affair. A win for the Dogs means the attaining of a life-long ambition of emerging victorious over the Foard County lads. For Crowell it means the upholding of the same tradition which Burk is out to shatter. It also means the Wildcats' only hope of remaining in conference competition.

Seymour at Chillicothe

In mid-afternoon Friday at Chillicothe Maurice Orr, Southern Methodist's ex-goal kicker, will lead his screaming Panthers on the Eagles' gridiron as strong favorites in the melee. Having run roughshod over Archer City, shadowed the Iowa Park machine with a touchdown, and held the Olney Cubs to two touchdowns, the Panthers crept up and took a

Chevrolet Dealers Witness Preview Of New 1937 Cars

The finest Chevrolets of the company's quarter-century of automobile manufacture will make their bow here and throughout the country on Nov. 7, Clarence Self of the M. & S. Chevrolet Co., announced this week, upon his return from Dallas, where 1,000 dealers and salesmen from this section obtained official news of the new product from H. C. Howard, manager of the Dallas zone, and members of his staff.

Mr. Howard has just returned from Detroit, where 1,000 members of Chevrolet's wholesale organization from coast to coast spent four days inspecting and driving the new car and reviewing with factory executives the program to be followed in presenting it. The new models adhere closely to time-tried Chevrolet engineering principles, he reported, but combine greater power, economy, safety, and durability with striking new beauty and grace.

Fifteen Dollars Given For Cemetery Upkeep

Fifteen dollars have been donated to the upkeep of the Crowell cemetery since the last report, according to Mrs. N. J. Roberts, chairman of the cemetery association.

- The following contributions were made:
Claude Callaway \$2.00
Mrs. Roy Steele 1.00
Jim Cates 1.00
John Marr 1.00
John Clifford 2.00
W. F. Kirkpatrick 5.00
S. E. Crossnoe 1.00
Fred Reithmayer 1.00
Mrs. G. T. Crowell 1.00
Total \$15.00

high pedestal beside the Hill boys. If Orr's boys are up to par and the Eagles not over-inspired, Seymour should cage their opponents with touchdowns to spare.

Throckmorton at Archer City

The Greyhound offense of Throckmorton should have little trouble in building up a reasonable margin over the Archer City Wildcats if it gives an encore of its exhibition in Crowell last week. The Smith boys, after being humiliated by Burk, still must be considered in the running if they manage to hurdle the Seymour and Iowa Park hazards and a contemporary slips up on the Bulldogs.

Wichita B's at Iowa Park

The non-conference mix-up at Iowa Park Friday night should prove interesting with the odds slightly favoring the Hawks. Throckmorton upset Crowell 12 to 6 last week and Seymour clipped the Hawks 13 to 7 at Chillicothe and Archer City postponed their engagement because of rain and Burkburnett sat idly by.

CLOSED TUESDAY NOVEMBER 3

The Crowell State Bank will be closed Tuesday November 3, which is the date of the general election—the election in which you select your next president and vice president. In addition you will cast your vote for or against six proposed amendments to the Texas State Constitution.

VOTE TUESDAY

Get down to that polling booth and express your opinion and desires on national and local political affairs. Vote Tuesday! Vote wisely and well for the men you want to serve you—vote on the vital issues of the day. The ballot is the duty and privilege of all free men. Use it. Vote Tuesday!

CROWELL STATE BANK

Wheelock of Good Creek, director of athletics; Miss Ruth Smith of Thalia, director of music memory; Miss Ludie Bowley of Foard City, director of picture memory; Irwin Reed of Riverside, director of arithmetic; Ocie Chism of Thalia, director of typewriting; Mrs. J. Nichols of Black, director of three R contest; and Miss Jim Lois Gafford of Four Corners, director of girls' athletics.

Dixon Welcomes

W. H. Adams, president of Abilene Christian College, was the principal speaker for the all-day session. W. D. Dixon, secretary of the Quanah Chamber of Commerce, gave the welcoming address and Rev. Hope Owens, pastor of the First Baptist Church of Quanah, conducted the devotional.

Group meetings were held from 9:15 a. m. to 10:15 a. m. with teachers from different schools conducting the sectional groups. A business session of the county organizations was held from 12:15 to 12:30 and the executive council was in session from 2 to 3 p. m.

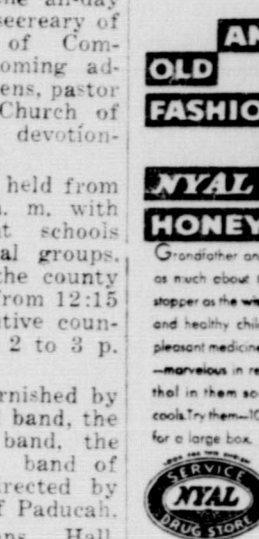

Special music was furnished by the Quanah High School band, the Travis school rhythm band, the Reagan school rhythm band of Quanah, and a trio directed by Mrs. Camilla Hendrix of Paducah.

Teachers from Dickens, Hall, Cottle, Kent, King, Collingsworth, Childress, Throckmorton, Motley, Haskell, Foard, Stonewall, Hardeman and Knox counties attended the annual session. A meeting of the Greenbelt Educational Association was held in Crowell Saturday, January 25.

ROTARY CLUB

Harry Koch, Rotarian of Quanah, a native of Holland, was guest speaker at the Crowell Rotary Club luncheon held at O'Connell's Lunch Room Wednesday at noon. His talk was based on a trip to Holland which he made this summer. L. Kamstra of Crowell, also a native Hollander, was a special guest of the club. W. D. Dixon, Quanah Rotarian, also was a guest.

Excavators found traces of Ice-Age men in the United States.

THIS WEEK IN TEXAS HISTORY

1690—Mexico abandoned her Texas missions on October 25 because of the hostilities of the Indians.
1825—The General Council of Texas issued a proclamation to the United States on October 26 for help in the war for liberty from Mexico.
1835—The Americans and Mexicans engaged in a battle near Mission Concepcion on October 28.
1842—The barge "Star Republic" arrived at Galveston on October 25. It was the first packet between Texas and New York.
1842—Colonel W. S. Fisher surrendered to the Mexicans under General Ampudia at Mier on October 26.—Texas State College for Women (CIA.)

BITS OF PHILOSOPHY (CIA)

Merely getting by does not keep you going.
Better ask the right question than give the wrong answer.
He is empty-handed who has only an abundance of nothing.
One can help himself without hurting the other fellow.
Everyone pays dearly for his ignorance.

Although Texas has the largest sheep and wool industry in the United States none of the Texas wool is consumed by Texas manufacturers and practically the entire output is shipped to New England in the raw state with Texas paying \$750,000 annually in freight rates on grease and dirt in sending its wool to market, according to a survey of the wool scouring industry which is being made by the Texas Planning Board.

Vermiculite, a strange mineral which floats on water after heat treatment, has been found in Texas by the Texas Planning Board's mineral resources committee and efforts now are being made to interest industry to use it for insulation on ice boxes and hot water heaters. In the raw state vermiculite looks like mica. It is heat resistant.

MESCAL IKE By S. L. HUNTLEY

CHURCHES

Christian Science Church
Sunday School at 10 a. m.
Sunday services at 11 a. m.
Wednesday evening services at 8 o'clock.
Sunday, November 1, 1935. Subject: "Everlasting Punishment." The public is cordially invited.

Baptist Church
Services as usual Sunday.
Sunday school 9:45. Preaching by pastor 11 a. m. B. T. U. and B. A. U. at 6:30 p. m.
"I was glad when he said unto me, let us go into the house of the Lord." Do you feel a pull at your heartstrings begging you to go to the house of the Lord and feed your hungry soul? We invite you to be with us and listen to a plain Bible message delivered by a plain, humble servant of God. —Reporter.

Methodist Church
After a busy week of Brotherhood, Stewards, and Young People's Union meetings we close the conference year Sunday. The pastor will leave for Houston Tuesday evening. All those who have any obligations or duties to perform are urged to do their best, before the reports are made and the year's work becomes a record. Each Sunday witnesses additions to the membership and a good spirit is manifest in every service. Two Leagues are actively functioning each evening on Sunday, meeting at 5:30 and 5:45. Sermon topic will be "How Shall We Escape if We Neglect so Great Salvation?" Let us pray for a revival spirit on this our last day of worship. Evening services at 7. GEO. E. TURRENTINE, Pastor.

Truscott Methodists
Sext Sunday is the last day of this conference year.
On account of rain last Sunday we did not have church services at Foard City, but we will hold services there next Sunday afternoon at 3 o'clock.
Regular services will be held at the Truscott Methodist Church Sunday morning and night. We are looking for everybody to go to church. M. W. CLARK, Pastor.

Margaret Methodist Church
Church school 10 a. m., Ray Hysinger superintendent. Morning worship 11 a. m. Young people's meeting 6:45 p. m. Evening worship at 7:15 p. m.
This will be the last Sabbath of this conference year. Our reports will be closed on Tuesday, Nov. 2, for the pastor is to be in Houston for the opening of conference on Wednesday at 7 p. m., where he will make the report for the charge for the whole year. Will that report be what every member of the church desires it to be? If we are to change that report in any way it must be done now for the time will soon be gone, and with it the opportunity.
If we do not do our very best to raise the financial askings of the church some poor one will not be healed, some one lost will not hear the good news of salvation from sin. That is what your conference benevolent dollars do and more than these.
Come to church and cast your lot for righteousness. Next week is election week; but if you stay away from church on the Sabbath day, who will you be voting for as the ruler of your spiritual life? "He who goes to church votes for the Lord; he who stays away votes for the Devil." MARVIN BROTHERTON, Pastor.

B. T. U. REVIVAL
A B. T. U. revival and training school will begin at the Baptist Church Monday evening at 6:30. Competent teachers and an evangelist have been secured for this occasion. Books pertaining to the church and Christianity will be taught. Anyone, regardless of your church affiliation, are welcome.

Christian Science Services
"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 1.
The Golden Text is: "Abhor that which is evil; cleave to that which is good" (Romans 12:9.)
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way to escape, that ye may be able to bear it" (1 Corinthians 10:13.)
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Passions, selfishness, false appetites, hatred, fear, all sensualities, yield to spirituality, and the superabundance of being is on the side of God, good" (page 201.)

H. D. and 4-H CLUB ACTIVITIES

Officers of FOARD COUNTY HOME DEMONSTRATION COUNCIL
Mrs. A. L. Davis, Chairman Mrs. J. L. Hunter, V. Chairman
Miss Bonnie Schroeder, Secretary-Treasurer
Miss Myrna Holman.....Home Demonstration Agent

MARGARET 4-H CLUB GIRLS

Ten girls joined the Margaret 4-H Club at the first meeting Friday, October 23. New officers for the year were elected and they are as follows: Iva May Bradford, president; Billie Kline, treasurer; Ruby Priest, vice president; Helen Russell, song leader; Leota Murphy was appointed reporter.
Ten girls were present October 23 and Miss Myrna Holman taught them how to make two kinds of different seams.
The next meeting is to be held November 6, 1935.

MARGARET H. D. CLUB

Keep yourself cool and unharmed is the first thing to be remembered in giving first aid treatment, was explained by Mrs. G. M. Sikes, in giving a first aid treatment demonstration to the Margaret Home Demonstration Club Friday, Oct. 23, in the home of Miss Juanita Hunter.
There will be a Hallow'en party for the club women and their husbands in the home of Mrs. Clara Hasclof Saturday night, October 31.
The next meeting will be November 13 in the home of Mrs. John L. Hunter.

SAFETY SLOGANS

Every town should have an ordinance making it a misdemeanor for a young person to ride on the running board or fender of a car. Every year several are killed because of this practice.
Cultivate the habit of always taking the key out of your car when you park it or leave it.
When you park, set the emergency brake. A parked car with no brakes may roll into the street and wreck the car or cause an accident for which the car owner is responsible.
Every few days a death is reported as a result of carbon monoxide gas poisoning. A car owner starts his car in a closed garage and the monoxide gas from the exhaust renders him unconscious before he realizes it. Once stricken he is powerless to escape or shut off his engine.
When you return from hunting don't guess that you have withdrawn the loads from your gun—know.
Every year some one while hunting gets injured or killed while dragging his gun through the fence behind him. Don't do it.
Members of a hunting party should walk abreast for safety's sake.
It is estimated that 90 per cent of infectious diseases enter the system through the mouth. The germs are conveyed to the mouth by the hands or fingers. Keep the hands away from the mouth. You have no way of knowing what disease the person may have had who last touched the door latch of a public building or a street car strap or seat back.

WATERMELON NOT A NATIVE

Many jokes have been made at the expense of the colored man's love for watermelon. As a matter of fact, the black man was probably eating watermelon long before the white man ever heard of it. It is a native of Africa and may be found growing wild on plains south of the Sahara where it is an important part of the diet of deer and antelope of that region. It is believed the pilgrims brought the first watermelon seeds to America, says Pathfinder Magazine, for in less than ten years after their coming, melons were plentiful in Massachusetts. It found favor with the Indians at once. By 1665 the Florida Indians were cultivating it and ten years later tribes of the West.

Two Minute Sermon (By Thomas Hastwell)

Fashioned According to the World: In Paul's letter to the church at Rome he said: "Be not fashioned according to this world. But be ye transformed by the renewing of your mind that ye may prove what is the good and acceptable and perfect will of God." At the time this letter was written the handful of Christians at Rome were surrounded by all the sins and iniquities that a pagan civilization could bring together. In addition to this, due to the fact that the rulers themselves were the leaders in their program was fraught with peril, as human life was held extremely cheap. It meant something in those days to stand up for a principle. It not only meant ostracization from society but possible death. When Paul asked the Christians to be not fashioned according to the world it carried with it a great responsibility. I've often thought as I have read this of how many moderns would have met the situation in Rome and stood true to their principles. It is a common expression today to hear people say that one must do as others do and accept and indulge in practices contrary to their principles and convictions because it is "the thing to do." I have little patience with that individual who yields a principle of conduct because of fear of the crowd. I have no doubt that the gay life at Rome condoned it's every act on the basis of freedom and broad mindedness as does the world today, and as eventually do those who lack the courage to refuse to abandon a principle, and, because of their weakness, conform.

Your Horoscope

October 25, 26—You can overcome any impediment or stop at something which would require little effort to surmount. Your unconventionalism often times makes you an offensive person to be with. You are a very jealous and suspicious character which, if you are a woman, makes you very unhappy and often times leads your husband to find peace and quiet elsewhere. You must have affection and attention and your friends like you very much because you have something to you.
October 27, 28, 29—You find out everything you want to know even the private affairs of others and you have an ear for information and knowledge but sometimes you do not use discretion in imparting this information to others. You have a gift of gab that carries with it conviction.
October 30, 31—You are kind and sensitive but you show it to only the ones you dearly love. You believe, and make everyone else believe, that you "know it all." If anyone shows you your conceit you are very hostile until you learn the help of such a friend.

Dangerous Cars in Europe Are Branded; Skull Is Good Emblem

In a European country, the cars of motorists convicted of flagrant violation of traffic laws are painted with an emblem, as warning to other drivers. It is said that this practice, newly started, has caused an appreciable decline in dangerous driving, as motorists naturally want to avoid the embarrassment and publicity the emblem gives them.
A great many thousand American motorists should have their cars so branded.
The worst class of offenders consists of those who push the throttle to the floorboard as soon as they get out of sight of a traffic officer. Excessive speed—and there are times when 15 miles per hour is excessive—is responsible for more deaths than any other driving violation.
Passing on hills and curves and "meandering" through traffic are also potent causes of death, injury and destruction. On a myriad of tragic occasions, a driver has tried to save a needless minute—at the cost of a life.
Driving on the wrong side of the road, jumping traffic lights, passing at intersections—are practices dear to the heart of the Dark Angel. They help keep our morgues and hospitals full to capacity.
Yes, it might be a good idea to adopt the branding practice in this country. A suitable emblem would be a skull and cross-bones.—Industrial News Review.

THIS WEEK IN HISTORY

October 26.—Eric Canal opened, 1825. William Penn reached America, 1682.
October 27.—First railway communication established between Montreal and Toronto, 1835. Theodore Roosevelt, born, 1858.
October 28.—Great fire Cleveland, Ohio, consumed property to the amount of \$2,000,000. Statue of Liberty unveiled, 1886.
October 29.—Celebration Buffalo of the arrival from Albany of the first boat on the Erie Canal, 1825. William Penn landed at present site of Chester, Penn., 1682.
October 30.—Aviator John Moisant won \$10,000 prize circling Statue of Liberty, New York harbor, in an aeroplane, 1910. John Adams, second president, born, 1735.
October 31.—Gen. McClis made commander-in-chief of Union army, replacing Gen. Winfield Scott, 1861. Nevada admitted to the Union, 1864.
November 1.—The first steamer on the Great Lakes, called the "wondering Indians" "Walk-Water," left Buffalo on her trip, 1818. First telephone change in Arkansas opened at Little Rock, 1879.

C. H. S. October 29, 1936 C. H. S.

TEXAS AS WILL ROGERS SAW IT

It's been flying, train riding, automobile and horseback and bugle leading over Texas for thirty years and I've never seen a better one. If it had been in the hands of a man who had seen it, eighty wars would have been fought over it. There are ranches here bigger than the counties bigger than England. Saddle horse pastures big as the state. The lakes of the West would be buffalo wallows in Texas. It's located between Mexico and the United States to keep Mexico from annexing the U. S.

It's so far to town that the cowboys who started in to vote for the "Franklin" arrived in time to register for the "Vatican." It's the Pope in the name of Garner. It's sole international politics. It's so big that no one governor can handle it. They have to have a man and his wife. It's the only place where a Republican has to have a passport to enter.

It's S.—They would use California for a telephone booth down here.

A LESSON IN ENGLISH

You see a beautiful girl walking down the street; you walk across the street, changing the girl, and then become dative. This is not objective, you become indirect, and you walk home together. Her brother is an indefinite pronoun. You talk about the future, and then she changes subject—her father becomes the subject, and you become past tense.

THREE YEARS AND STILL NO NAME

The 1935 Crowell High School is the proud owner of a new football stadium. That was the year after the Wildcats won the regional Championship with Dick and at the helm.

For three years Crowell's football teams have been playing in the stadium or maybe the "Big Stadium." Calling our stadium "the" is comparable to calling a child "it." This structure, the best in our district, and one of the best high school gridirons in the state, should serve a better fate than that. This is the first time anything has been said publicly for naming the stadium and let's make it the "The." The time to act has come. Let's stop treating the stadium as an orphan child and make it something to us besides a man and wood thing that you can't see.

LOCALS

Mary Lou Fudge and Ruth Ferguson, students in a business college in Wichita Falls, spent the weekend at home.

Dorothy McKown of Wichita visited friends here Saturday and Sunday.

John Mabe re-enrolled in Crowell High School Tuesday morning.

The Homemaking three class reported for the class. All the Crowell High School members attended a teachers' meeting at Quannah Saturday.

F. H. T. CLUB MEETS

The Future Homemakers of Texas Club met in a business meeting Monday afternoon in the Homemaking room. The president, Juanita Mabe, offered her resignation, and the following officers were elected: Camille Graves, president; Mary Green, vice president; Lois Evelyn Norris, historian; Effie Coffey, secretary; Thelma Lois Coffey, song leader; and Jennie Coffey, accompanist.

APRONS JUDGED

The Homemaking III class acted as judges for the aprons made by the Homemaking I classes Monday afternoon. The following prizes were given: Annie Mae Hall, first; Pauline Branch, second; and Faye Zelig, third; and Manfred Connell, fourth.

MUSINGS

A little saying that we think fits Dick Todd to a "T" was said by Dick Scovell, a former Aggie star. Scovell was asked if he knew Dick Todd; whereupon, he answered: "Know him? Why I was in a telephone booth with him for some time and it took me thirty minutes to catch him."

In the 199 leading football teams in the nation which are rated on the customary 1,000 basis, the only Southwest conference team to rate above .400 is the Aggies with a grade of .416. Rice stands at .368, Baylor is placed at .365, the highest rating team in the nation is Minnesota with a grade of .425.

A. & M. and Baylor, it seems, are enemies on the gridiron from year back. The first game between the two schools was played in 1899, the Aggies winning 33-0, and including that year, thirty-four games have been played between the schools. Of these games, the Aggies have won twenty-three and the Bears seven, with

four games ending with a tie. The latest game between the Bears and the Aggies was a tie game. This boosted the number of games to thirty-five, with five tie games.

Of the forty-four football squad members at A. & M. not a one hails from out of the state. Forty towns and cities are represented on this football team.

Dick Todd is now being hailed as the "Farmer Spearhead." In the write-up given him in the Baylor paper, he is said to have set the woods afire in this high school. (Seems as if he is doing a good job of the same thing at A. & M.)

PEP SQUAD

Rah, Rah, Rah. It seems that the pep girls must have received megaphones. They were ordered last week and arrived Monday morning. The colors are black with gold C. H. S.

At a meeting Tuesday afternoon Myrtle McKown was elected substitute pep leader to fill the vacancy made when Faye Zelig became leader.

HIGHLIGHTS OF THE THROCKMORTON GAME

It's quite a task to write a column about a game that we lost. However, we are still behind those Wildcats and are counting on them to upturn the dope bucket again before the season is over.

A coach from Childress reminded this writer the other day that Crowell has not been out-played the last half in a game this year. We have to give the Wildcats credit for having sicklehead.

Crowell has had only one touchdown scored on them in the last halves this season, and that was on a penalty. Crowell has scored four touchdowns in the last halves.

Throckmorton was rather lucky on their second touchdown Friday night. There would-be tacklers had the pass receiver in their arms at different times to have him twist loose. Any one of them would have had him on a dry field.

Crowell has the distinction of having defeated Iowa Park by a larger score than either of the Big Guns of the district (Barknott and Seymour.) Crowell won 25 to 6 from that club. Bark beat them 13 to 0, and Seymour was lucky to win by one touchdown from the Hawks.

Garland Rasberry and Gilbert Lankford deserve much credit for staying in the game with injuries like they had Friday night. Rasberry's hand and Gilbert's ankle were making them suffer very much.

Did you ever see a football team execute as smooth on a muddy field as Throckmorton did? Baylor kicked twenty-nine times Saturday on a wet field and it was called smart football. Throckmorton kicked seven times.

A team that will take chances like they did and get by with it will naturally win. The Greyhounds threw passes on their own thirty yard line when they were only six points ahead. They waited until the fourth down to kick within twenty yards of their own goal line. They gambled and won.

If you and I will encourage those Wildcats, and not be punning them down, I predict a victory for them that we will be plenty proud of before the season is over.

LET'S READ

Sometime ago a man was compelled to turn down an important position because he could not read or write. There is an overwhelming number of people in the world today, who might have to make that same admission were they called upon to do so.

The students who sit idle in the study halls today might be further developing their education with the reading of books that would be entertaining as well as a means of gaining knowledge. Good books, good poetry, sports and adventure stories, newspapers, and intellectual magazines would help to educate the mind.

The student may not realize just how much the reading of good literature, including outside reading in English, will benefit him in later years. The art of being a good reader will help us to secure positions that we otherwise would not obtain.

The students of Crowell High School can never say that the school library failed to provide them with material needed. In our library there are numbers of books, well chosen and selected.

LABORATORY EQUIPMENT

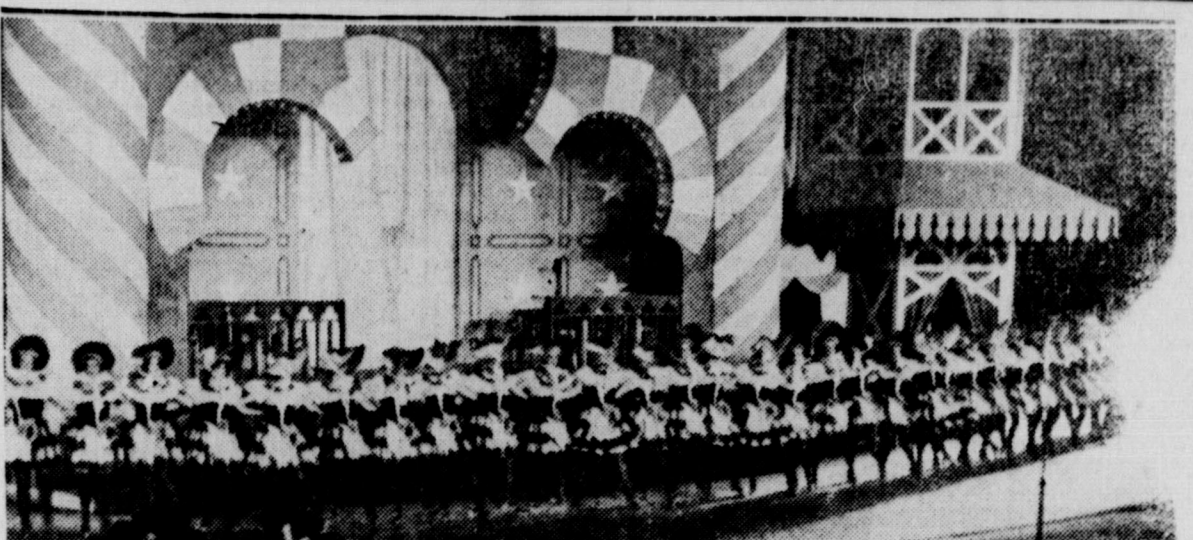

New laboratory equipment was received the early part of last week by Walker Todd, teacher of Vocational Agriculture and Chemistry in the Crowell High School.

The new equipment includes a large four-drawer filing cabinet, two farm levels, an insect spray, bulletin files, and five soldering sets. The filing cabinet is to be used in the class room to file bulletins and other materials.

The two farm levels are to be used in the Vocational Agriculture classes to assist boys to terrace their home farms. The new insect spray has a capacity of 3 1/2 gallons and is to be used to control insects on plants and animals. The sets on plants and animals. The sets on plants and animals.

"It is not only in the manufacture of lumber, but also in the new uses which science and technology have found for forest products and from waste materials of sawmills, logging operations and stills that we see possibilities of new wealth in Texas forests," she said.

Casa Manana Girls Step High During Last Few Days

The above picture is an unusual action shot of a chorus scene in the Casa Manana Revue at the Fort Worth Frontier Centennial. Texans still have a few days in which to witness both the Fort Worth Centennial and Arlington Downs Races at the same time. The Frontier Centennial closes October 31, while the Arlington

Downs Races continue from now until November 28. New acts have been inserted in the fall edition of the Casa Manana Revue at the Fort Worth Frontier Centennial. Over 600,000 people have visited the Free Will Rogers Memorial Exhibit which is located in the West Texas Building at Fort Worth.

Continental Co. Wins Nation-Wide Contest for Safety

For the second consecutive year employees of the Continental Oil Company's wholesale marketing and production divisions have provided by the Council, it was announced careful of the nation's workmen, it was revealed here today following the close of the annual congress of the National Safety Council at Atlanta City. Again Continental has captured first place in these two divisions of the Petroleum Safety Contest sponsored by the Council. It was announced by Joe S. Boylan, Conoco's superintendent of safety and sanitation.

First place awards in the form of bronze plaques were presented to E. F. Battison, Conoco's eastern sales manager, at the meeting of the Council which closes today. Based on records set during the first six months of 1936, safety figures definitely indicate that every unit in the Continental Oil Company has made accident prevention an integral part of its daily operations, Mr. Boylan asserted.

In the production section of the contest, Conoco's accident frequency rate was 4.183 as compared to the national average of 21.706 for the first ten companies in this section. The company's victory in the wholesale marketing division was based on a frequency rate of 1.342 as against an average for the first ten companies of 10.873.

More Than 30,000 Texas School Pupils Attend Centennial

Dallas.—More than 30,000 Texas school children have been transported to the Texas Centennial Exposition, have spent from one to two days here, and have returned to their homes, with not a single accident yet recorded.

In addition, under the registration system employed in checking the children into the Centennial grounds, not a child has been lost from his group for a period of more than a few minutes. There is a record made of each group, the Centennial maintains a staff of uniformed guards devoting their entire time to the children, and all are told when they enter the grounds that these guides are at their service for information. They see that they reach their lodging houses if they are separated from their groups, and they also make certain that they catch their trains.

The feat of handling the children to date, in the movement to bring as many as possible of the 1,500,000 schoolastics to the Exposition before its close, is regarded as remarkable. Some of them have traveled as far distant as 500 miles, thousands of them from 200 to 350 miles.

Exposition officials have assured the parents of the State that uniformed Centennial guides meet all special trains. Full explanations are given there, escorts provided, and every precaution taken to insure the safety and pleasure of the young visitors.

In recent days the movement of children has grown to very large proportions. On one day alone 12,000 children were handled, largely from one district, the Houston-Galveston area.

"The efficient manner in which these children were handled, and the precautions taken for their safety, cause me to assure the parents of Texas they need not fear entrusting their children to the Exposition," E. E. Chamness, administrator for that district said.

In a recent interview Major Al Williams, famous aerobatic flier and speed ace, emphasized the importance of an airline keeping its ships in the air as much as possible. Each time a plane is grounded to undergo repairs, the depreciation and other fixed charges rapidly eat up the profits that it has made for the operators.

A few years ago, many of the giant airliners that operate on the Skyways of America had to be withdrawn from service every 200 hours so that their motors could be completely overhauled. Upon examination, the bearings, wrist-pins, pistons, and cylinder walls were found to be considerably worn. The oils used to lubricate

MAN'S HEART SKIPS BEATS—DUE TO GAS

W. L. Adams was bloated so with gas that his heart often missed beats after eating. Adierika rid him of all gas, and now he eats anything and feels fine.—Ferguson Brothers, Druggists.

TEXAS FORESTS SHOW DECREASE; LESS THAN HALF A MILLION ACRES

Austin.—Instead of the original Texas forest area of some 18,000,000 acres, there now remains less than one-half million acres covered with old growth or virgin timber, Mrs. Clara H. Lewis of the University of Texas Bureau of Business Research points out in a recent article on Texas forest products for the magazine, "East Texas." She calls attention, however, to approximately 3,000,000 acres of second growth of pine and hardwood of merchantable size, and to another 4,000,000 acres covered with timber which has not yet obtained usable growth.

This depletion of the State's forest resources makes it doubly important that every advantage be taken of the development of new uses for wood products, both from second growth timber and from logging and saw mill waste, as the result of chemical research, she said.

"It is not only in the manufacture of lumber, but also in the new uses which science and technology have found for forest products and from waste materials of sawmills, logging operations and stills that we see possibilities of new wealth in Texas forests," she said.

these parts were classified as being among the best obtainable, but the best was none too good and science had to discover a lubricant that would permit the operation of these ships for longer periods. Science has bridged the gap with Gulfpride Oil, and today many of the planes of Eastern Airlines and other air transport companies operate for more than five thousand hours before they require overhauling.

"Motorists who want their cars to last longer, perform better, and operate more efficiently should take a tip from the airlines," said Major Williams. "Alchlor-processed Gulfpride is the choice of many airmen whose lives depend upon the perfect lubrication of their motors. Car owners will discover that this remarkable lubricant will slash the operating costs of their automobiles and will permit easier starting when the temperature takes a nose dive."

Ends Aching Sore Muscles

For longer lasting, quicker relief, use Ballard's Snow Liment which contains active ingredients to give a more than local action, thus bringing a surge of warm blood to scatter congestion and more quickly soothe away the pain from aching muscles, sprains, strains, backache and lumbago. Ballard's Snow Liment, 30c and 60c. FERGUSON BROS., Druggists

County Federation Meets at Margaret Wednesday, Nov. 4

The County Federation will meet at Margaret with the Margaret Home Demonstration Club as hostess on Wednesday, November 4, at 10:30. Miss Frankie Kirkpatrick is the leader for the day.

The following Fine Arts program has been arranged: Joseph Bontorelli, leader; Grace Moore, Mrs. T. W. Cooper; The Singing Iceman, Mrs. S. S. Bell; Masters of the Violin, Mrs. G. D. Self.

The usual covered dish luncheon will be served at noon. In the afternoon Mrs. F. A. Davis will have an article on the Philippines and Mrs. Jno. L. Hunter Jr. will have "Japan in the Philippines."

Everybody is urged to be present with covered dish and enjoy this splendid program.

Texas Founders' Day Observed by Parents, Teachers Tuesday

The Crowell P. T. A. observed Texas Founders' Day at its meeting last week. Mrs. A. Y. Beverly is in charge of the program which opened with a group of numbers prepared by the local Boy Scout organization.

The Scouts demonstrated Scout laws, first aid, artificial respiration, and tying knots. They also presented drills and formations. Their part of the program closed with a humorous skit.

Mrs. Hubert Brown, P. T. A. president, presided during a brief business session. Mrs. A. Y. Beverly and Mrs. Roy Archer were elected to fill the vacancies of membership chairman and room sponsor, respectively.

The subject, "Home, the Foundation for Spiritual Growth," was discussed by Mrs. Frank Flesher. Mrs. Flesher awakened her audience to a new realization of the importance of the home in the child development and particularly the spiritual needs of the child at home.

Miss Mildred Cogdell gave the magazine study.

COLUMBIAN CLUB

Mrs. M. N. Kenner was hostess to members of the Columbian Club and two guests, Mrs. Luther Roberts of Dallas and Mrs. Jack Seale, Wednesday afternoon, October 14.

Roll call was answered to with

"Selected Quotations." Mrs. Sam Crews was leader of the program and gave a sketch of several outstanding short story writers among the women of today and also one short story.

Mrs. C. R. Ferguson gave outstanding novelists among the women of today and reviewed "The Exile" by Pearl Buck.

At the close of the program the hostess served a delicious refreshment plate.

JUNIOR COLUMBIAN CLUB

The Junior Columbian Club met Wednesday, October 14, in the home of Mrs. Mason Brown. Mrs. Gordon Bell led a program on Health.

Miss Mildred Cogdell gave an interesting review of "Skin Deep" by Miss M. C. Phillips.

The club welcomed two new members, Mrs. Ragsdale Lanier and Mrs. J. B. Rasberry Jr.

A delicious plate was served to club members and one guest, Mrs. James Cook.

Home Making Now Ten-Month Course In Crowell School

The home economics department of Crowell High School has been changed from a nine months' term to a ten months term. The girls of this department will carry on a more extensive home project program. The tenth month will be devoted exclusively to home projects.

In order to carry out this new program as outlined by the state, Miss Ruth Patterson, who is in charge of this department, must visit home projects in progress in every home represented. There are 82 homes that are to be visited at least once during the year.

The name has also been changed from "home economics" to "home making."

Third year home making was affiliated last year.

Graves Ready—

(Continued from Page One)

will boasts a weight advantage ranging from a meager 2 pounds to 45 pounds. At center Reeder overshadows opponent center Hageman by 29 pounds and Fitzgerald at right end weighs 47 pounds more than the Burk right end who tips the scales to only 122. The Bulldog line averages 140 pounds to the Wildcats' 131.

As man to man in the backfield the Felice quarterback and full-back outweigh their Canine enemies, but the Wichita County boys' halves sport more beef than Crowell's halves. The Crowell backs average 135 to Burk Burnett's 140.

The Canine aggregation includes seven returning lettermen, three of them, McKown, Finch and Cook, having served two years previous to this one. The Wildcats have only one returning squadman.

The Graves-tutored aggregation lay their hopes chiefly for scoring on Rasberry who displays fancy foot work and broken field running when given ample assistance from line blockers. Meason drives through the line like 129 pounds of dynamite and Orr comes up with sparkling mail carrying. The hole manufacturing will depend chiefly on the beef of the line at center and tackles. The Wildcat ends also come in handy on Rasberry's off-tackle cut-backs and round-off sweeps.

The defense will fall chiefly on Reeder at center to smear plunges over the center of the line, Klepper and Thompson at tackles on plays to the side of the line and Fitzgerald and Eddy to stop Burk's long suit of laterals behind the line of scrimmage and reverses which send the totter around ends.

The conference's present favorites have their running attack constructed around Tolly McKown, 135-pound left half. The Wildcats will also have to cope with some smart quarterbacking by Finch. Cook is the blocking back and also plunges the line. He is also the mainstay of the Burk line's defense.

In nine years' grid competition a Bulldog machine has never emerged victorious over a Wildcat eleven. The enemy has been looking forward to this melee since the first of the season and will be vying for spirits and well as shape when the opening whistle is blown tomorrow night.

Followers of both teams are wondering what will happen in the final half of the contest. The Wildcats have had their goal line crossed once this year in the last half and that was by the Puducah Dragons. Matador, Floydada Chillicothe, Iowa Park and Throckmorton failed to step over the Felice 0-Mark during last half trials. Burk Burnett has rolled up enormous scores in the last halves of their mix-ups of late. What will happen Friday night is only a matter of conjecture.

Regardless of the final score, both teams are at a fever-bitch for the fray. A win for Burk means a clean conference record with a good shot for the championship and the breaking of a tradition. For the Wildcats a victory means upholding a sacred tradition and putting them in the running again for another conference crown.

Rialto Now Under New Management Of Dwight Moody

H. S. Leon, who recently purchased the Rialto Theatre and equipment from L. F. Campbell which took effect Saturday night, was here Saturday on business. He announced that Dwight Moody, former operator of the motion picture machine would be manager.

Mr. Moody has been operator at the Rialto since Mr. Campbell purchased it in February, 1935. Woodrow Lemons, who has been employed at the theatre, is now operator of the moving picture and sound equipment.

Mr. Leon, who already owned the building, purchased the equipment from Mr. Campbell. Mr. Leon is the owner of moving picture theatres at Haskell, Albany, Baird and Talco.

Home Demonstration Agent Attends Clay County HD Meeting

Miss Myrna Holman, Foard County home demonstration agent, attended a Clay County home demonstration council meeting at Henrietta Saturday.

Miss Bessie Lee Sikes, district agent, attended the Henrietta meeting. Misses Leta Bennett and Margaret Steward, home demonstration agents from Wichita and Clay counties, respectively, also attended the meeting.

Membership Drive By Red Cross Will Start November 11

The annual Red Cross membership drive begins Wednesday, November 11, and ends Thursday, November 26, according to Claude Callaway, Foard County chairman of the drive.

The efforts throughout the nation to obtain new members and renewal of old members will be concentrated between Armistice Day and Thanksgiving Day. Mr. Callaway was appointed to be in charge of the drive in Foard County by a representative from the St. Louis office of the National Red Cross who was here several months ago making arrangements for the fall drive.

Mr. Callaway stated that plans are under way to start the drive and those who will make up a committee to assist him throughout the county in a canvass for members will be announced soon.

Two weeks from today The Foard County News will carry a supplementary section published annually by the National Red Cross for distribution by weekly newspapers.

LIBRARY NEWS

Of special interest to local clubs will be the addition of the revised edition of Robert's Rules of Order to the County Library. This simple explanation of organizing and conducting the business of any assembly governs most organizations.

"Games for Everybody," by May C. Hoffman, is a compilation of games suitable for all ages and all occasions. The book furnishes just what is needed for a pleasant indoor gathering.

Morning Rainbows Forecast Rain

Morning rainbows usually forecast rain because they are caused by rains to the west.

American Legion to Elect New Officers At Meeting Tuesday

The American Legion will meet Tuesday night at 7:30 in the Legion Hall to elect new members, according to Clint White, present commander of the local organization.

Other important business is to be discussed at the meeting Tuesday night, John E. Long, adjutant, said. The new officers to be elected will serve for the coming year. They will be installed at the following meeting.

The out-going commander and adjutant will be Clint White and John E. Long, respectively.

Commissioners and Judge Return From Convention at Dallas

Vance Swaim, Foard County judge, and W. A. Barker, J. M. Marr and W. A. Dunn, county commissioners, returned Saturday from Dallas where they attended a convention held for county judges and commissioners of the state.

They left Crowell Tuesday of last week to attend the meeting. Speeches by prominent judges and commissioners, and state officials were parts of the program planned for the visiting county officials.

Entertainment for the Dallas visitors was furnished by the Centennial during the three-day convention.

GAMBLEVILLE SCHOOL

The Gambleville public school will start Monday, November 2, after a recess of eight weeks to allow the pupils to assist in the cotton harvest, according to the school superintendent.

Miller Faces Charge Of Counterfeiting in Louisville, Kentucky

Que Miller, former sheriff and tax assessor-collector of Foard County, is being held by Federal authorities in Louisville, Ky., facing a charge of passing counterfeit money.

His case in Federal Court scheduled for Saturday, Nov. 3, according to information received from U. S. District Attorney Louisville.

If he is freed of Federal charges, Miller will be taken to Masonville, Ky., where he will be tried in a State court on charge of highway robbery. A conviction on this charge in Kentucky carries with it a mandatory life sentence.
