Are YOU HAPPY After Meals

Or Do Gas on Stomach and Sour Stomach make you Miserable?

Too much food, or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach. ALKA-SELTZER relieves these troubles promptly, effectively.

Use Alka-Seltzer for Headache, Colds, Fatigue, Morning After Feeling, Muscular, Sciatic and Rheumatic Pains.

Alka-Seltzer makes a sparkling alkaline drink. As it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs... does not depress the heart... is not laxative.

Get a drink at your Drug Store Soda Fountain. Keep a package in your home medicine cabinet.

Brief Bits of News From Here and There

Talladega, Alabama, a city of 8,000 has a Women's Chamber of Commerce of more than 400 members. Up to the time the women took up the work the city had no Chamber of Commerce. The organization program includes cleaning up and beautifying the town, removing stray dogs from the streets, improving community health, forming an outdoor theatre, reducing crime, bettering roads and industrial growth. As a result of the example set by Talladega a similar organization has been since formed by Birmingham, Alabama.

The 6-2 ranch near Alpine, Texas, comprising 244,695 acres was recently foreclosed by the Aetna Life Insurance Company, the mortgage holder, for approximately \$250,000. The ranch, which included 400 square miles, was the largest foreclosure in recent Texas history.

In the recent presentation by the Lux Radio Theatre of "More or Less" which lasted one-half hour, Cecil De Mille, the director, received \$1,500, Clark Gable and Marlene Dietrich each received \$5,000, other charges brought the cost up to \$20,000.

CATTLE FEEDING COST Lowered With More Roughage, Less Grain

In feeding experiments at the Balmorhea Station designed to find the best methods of utilizing the feeding stuffs characteristic of the area, yearling steers on a limited grain ration made 30 pounds more gain on a ration. The low grain rations were fed 42 days longer and used 18 per cent more total pounds of feed, but due to the high percentage of roughage and low percentage of grain, this considerable saving in cost of feed resulted. The roughage grown in the locality consisted of hegari fodder carrying 20 per cent grain and the grain was threshed milo that had to be shipped in. Alfalfa, cottonseed, and cottonseed meal were added to balance the ration both when the grain portion was limited and when the full feeds of grain were given. A number of experiments over a period of five years have all given similar general results and show that yearling steers can be highly fattened in about 200 days by the use of large amounts of ground hegari fodder and limited amounts of added concentrates consisting of grain, alfalfa, cottonseed, and cottonseed meal. In fattening steers by use of limited grain rations, typical lots consumed per steer 3425 pounds of ground hegari fodder containing 20 per cent grain and, in addition, 426 pounds of ground threshed milo with small amounts of alfalfa, cottonseed, and cottonseed meal to balance. The rations carried about 70 per cent total concentrates, if it be assumed that the grain in the ground roughage is as effective as the ground threshed grain, however, it is obviously somewhat less effective. Animals on such a ration made 30 pounds more gain but used 42 days more time than did those on full grain ration which received 2046 pounds ground hegari fodder carrying 20 per cent grain and to which was added 1104 pounds ground threshed milo as well as supplements of alfalfa, cottonseed, and cottonseed meal to complete the ration. This ration, not counting the protein supplement carried 48 per cent grain and 52 per cent net roughage and while the total feed was 18 per cent less in weight, it was 17 per cent more expensive than that fed in the limited grain ration because of the higher proportion of expensive grain. These experiments have also shown that ground hegari fodder with 20 per cent grain in heads is a more useful feed for fattening than alfalfa hay. The limited grain rations, having produced better gains at less total cost for feed than the full grain ration, have included 45 per cent more alfalfa hay and hegari fodder, both of which are available locally. In several instances whole cottonseed have been included in the ra-

Material for Debate Subject for School Children Announced

Austin.—Publication of a three hundred page bulletin presenting arguments for both sides of the munitions question, the topic for the Interscholastic League debate, has been announced by the Bureau of Public School Interests of the University of Texas, under whose direction the League functions. Judging from the orders received daily for this bulletin, many high school debate squads are now busily engaged in a study of the advisability of government ownership of the munitions industry. Supplementing the material which the Bureau has issued, copies of the Report of the Special Committee on Investigations of the Munitions Industry, United States Senate, in five volumes and containing in all about one thousand pages, are available for the competing schools, it was stated by Roy Bedichek, chief of the Bureau. This report is made available for member-schools free of charge through the courtesy and interest of Senator Tom Connally. Senator Connally's radio address, entitled "Take the Profit Out of War," is also available to member-schools free on request. Application for these publications must be made, however, either by the principal or the debate coach.

The wolf also shall dwell with the lamb, and the leopard shall lie down with the kid; and the calf and the young lion and the fatling together; and a little child shall lead them.—Isaiah 11:6.

The term "stabilization fund" used in reference to our money is a fund created when the dollar of this country was devalued or reduced as to its gold content. This fund was created in this way: For example if the United States had 10 billion in gold reserve and reduced the gold back of each dollar in circulation one-fifth or 20 per cent it would make possible the issuance of 2 billion additional currency or a setting aside of one-fifth of the gold reserve in a fund to be known as the stabilization fund. The purpose of this fund is to keep stable the world money market by buying up gold or silver dumped on the market by other nations and preventing fluctuation in the money market price. An example of this occurred when France devalued the franc Russia immediately put a million pounds of silver on the market. This was quickly bought by Secretary of the United States Treasury, Henry Morgenthau. The result was that no more was dumped and the money market remained the same, maintaining the purchasing power in this country. This is what is known as "managed currency."

Every nation has found it necessary to make changes in its system of government from time to time. In this country the opportunity is given every four years through our elections. In those countries where such opportunities are not given the desired changes are often effected through revolution. History shows that always when governments refuse to institute changes that people desire and demand eventually the people overthrow the government and install the changes themselves.

It appears that a large per cent of the voters participating in the Literary Digest poll changed their minds when the time came to vote in the national election. At least, something went wrong in the Digest's prediction and the editor is scratching his head and wondering what it was.

It is always easier for a man to fool himself than it is for him to fool others. Others soon find us out, but a great many men never find themselves out. They go on fooling themselves as long as they live.

New York with its 47 electoral votes counts as much as Arizona, Colorado, Delaware, Idaho, Maine, Montana, Nevada, New Hampshire, New Mexico, North Dakota, Rhode Island and Vermont.

Law enforcement officers report that 20 per cent of the 1,500,000 major crimes committed in the United States each year are committed by persons not old enough to vote.

With these ocean flights it must be terribly inconvenient for a passenger who does not have a ticket to be put off half way over and forced to walk back home.

It is significant that no national bank failed in the United States during the past year. This is the first year of which this could be said in 58 years.

Knowledge is a fine thing but if it goes toward making an intellectual snob of you, it defeats its own purpose.—Booth Tarkington.

Wildkittens to Go To Vernon Monday To Return Contest

Crowell High School's "B" football team will go to Vernon Monday to return the game with the Marine team which visited the Junior Wildcats here Friday night of last week.

The Graves-coached lads emerged victorious over the Vernon representatives in the encounter last Friday by the score of 18 to 6. Line-ups for the two squads in the match scheduled for Monday afternoon have not been announced, and Graves said he would not know definitely the starters until time for the game. The second string's offensive captured most of the drills last week while the main string remained idle for the weekend. The regular starters brushed up on their defensive against their kitten friends while the youngsters developed the defense which completely stumped the Marine machine.

B' STRING FROM CROWELL TAKES VERNON 18 TO 6

Lions Outplayed in All Departments Bow To Foard Boys

Crowell's "B" gridsters squared defeat on the Vernon squad of like classification to the score of 18 to 6, out-playing the enemy in practically every department, Friday night.

It was a game full of thrills, distance running, and other unexpected events which gave the two-large crowd their money's worth. Perfect weather prevailed as the match was staged beneath the floodlights of Wildcat Stadium.

The Wildcats took advantage of an early break only to meet failure as they attempted to make the final drive over the goal line. Knight kicked to Meason of Crowell who stopped on his 35. Big McKown picked up 8 yards and Orr plunged for a first down. Canup came from end to complete a pass for 5 yards but the Crowellites couldn't make it a first down. McKown punted and the Vernon safety fumbled. Crowell recovered the fumble on Vernon's 15. After making a first down with only goal to go a local back dropped the ball only to have a Vernon lad fall on it on his own 8.

The Touchdown Vernon promptly kicked and Crowell took the ball on the enemy 43. Eleven yards made by places and two complete passes placed the pigskin on Vernon's 32 from where little signal-calling Orr sidestepped over his left tackle, cut to his right and tripped over the goal line for the first counter. The point was no good.

On the first play of the second quarter Crowell recovered a Vernon fumble on Crowell's 44. On the next play the Wildcats took a first down as McKown passed to Gafford. Another pass was completed, McKown plunged and the lads were on the 12 yard line of the Wilbarger aggregation. But the 8 was as far as they went as the ball went to the little Lions on downs.

After taking an enemy punt on Vernon's 44, the Wildcats drove to the enemy 3 yard stripe as the gun announced the half. The drive was started by a 24-yard gallop by Orr as he twisted through the enemy lines.

Third Quarter A tough break on the first play of the second half cost the Felines a touchdown. From midfield Orr loped with the oval until he was within spitting distance of the goal line when he lost the mail and it bounded over the goal line. A Lion fell on the ball so it was a touchback allowing Vernon to take the ball on their 20.

Crowell took a punt, but a Vernon lad came up with Meason's 42. The Lion booted kicked to McKown who fumbled on Crowell's 28 and Vernon recovered. A pass for 9 yards, the snatcher traveling to the Crowell boys' 2-yard stripe led to Vernon's score. The pass was from C. Fletcher to H. Fletcher. Knight took the ball on two power plays into the line, the second one for a 6-point profit. The pass was nil.

Final Frame With the leather lying on Vernon's 47 in possession of Crowell, end Canup dropped back and passed to Orr for a 15-yard gain. Orr never came to a halt until he had gone again for 32 yards for paydirt. McKown failed to kick and the score was a dozen to a half in favor of the Foard machine.

After the touchdown, McKown kicked poorly to Vernon's forward wall, the ball grabber fumbling. Crowell recovered and took the ball on their 48. McKown passed to Canup to send the ball to Vernon's 21, the pass netting about 31 yards. That threat was checked, however, and Vernon took the ball on downs before the Wildcats could make yardage for a first down.

After a couple of Crowell substitutions Canup dropped back from his slot in the line to pass almost parallel to Orr who raced 40 yards to within a dozen yards of the enemy goal line. Again Canup dropped back to shoot a deadly-accurate pass to Gafford over the goal line for money. McKown tried to run for the point but failed and the final score was Crowell 18 to Vernon's 6.

Coach Grady Graves substituted several linemen and the game ended several plays later with Vernon plugging for a touchdown 12 yards away from their prize. Crowell's second string backfield look promising as Orr, Meason and McKown took their turns at mail carrying and the fourth back snared Canup's passes for points. Statter, Evans, Canup and Johnson in the line turned in remarkable performances. Most of the Vernon offensive was left to C. Fletcher and Knight in the backfield.

The proceeds of the game are

Foard's work sheets also outnumbered those of either of the other counties. Ninety thousand five hundred and seven acres are in the Foard County Soil Conservation program with 579 work sheets.

Foard County's farm program work is under the direction of agricultural agent John Nagy and his assistant, Roy Huckabee. The work sheets were taken to the Extension Service with state offices at Texas A. & M. at College Station, Friday, Oct. 30.

WILDCATS AND PANTHERS VIE FOR RUNNER-UP

Burk Soars High With Game and a Half Lead in Race

Argument becomes heated this week-end in the race for football district 10-B's runner-up position with only one conference game on the ticket. Crowell's Wildcats play host to Seymour's Panthers for the only circuit melee while Burk Burnett invites the weak Bobcats from Jacksboro into their web for a drubbing. Throckmorton, Chillicothe, Iowa Park and Archer City are unscheduled this Friday.

The Bulldogs from Hillville stand high and dry in the 10-B, being a full game and a half ahead of their nearest opponent, Seymour. The Dogs' only chance of having to cough up the crown is to have the Ormen from Baylor County achieve the high-impossible. The Panthers will have to win from the Graves proteges of Crowell High—a feat which will be no breather for Seymour, in fact, it will be no upset if the Foard boys rub Stevens and his mates in the dirt—then take the measure of the Bulldogs. To topple the Bulldogs, Seymour will have to employ magic and power not yet shown by a 1936 10-B organization.

The lone conference tilt at Crowell Friday night will decide definitely whether three teams will be in a tie for runner-up before the season's finale or whether Seymour will move up into undisputed second place with a shot at a tie for the conference championship.

A victory for the Wildcats of Crowell assures them of a tie for second place after conference curtains if they go ahead and trap the winless Archer City aggregation. In the event the Wildcats emerge victorious, Crowell, Seymour and Throckmorton will be neck and neck for runner-up with three victories and two losses each. If the Seymour-Crowell fracas ends with the Panthers on the heavy end of the count, it will cinch ex-goal kicking Orr and his lads a second place.

The Wildcats, having never ended a season lower than the runner-up slot, will shoot the works in their last home game of the year as they tangle with Seymour. Graves will use his best in the fracas to leave a sweet taste with the fans after a season which has to date been slightly below par for Crowell.

Burk Burnett will have no trouble when they clash with the Bobcats of Jacksboro and should get no more than a workout out of the scrimmage. However, it will keep the Dogs in the winning habit for the Panthers when they meet in the conference curtain a week later.

With the exception of a postponed game between Chillicothe and Archer City to be played Thanksgiving week, the 10-B schedule draws to a close Friday, November 20, with all teams but Chillicothe participating. In conference warfare last Friday Burk Burnett set a conference record for this year for points in one game by running rough shod over Archer City 46 to 0 as the Wildcats slid farther into the cellar.

Seymour came out of a slump last week to take the number of the evasive Throckmorton Greyhounds 19 to 7 and Chillicothe flared up to make it two in a row and grabbed the Iowa Park Hawks 19 to 0. In taking the fray the

Eagles moved into undisputed fifth place, leaving their feathered friends, the Hawks, only one slot out of the dungeon. Crowell's first stringers were idle last week as they watched their "B" squad mix it with the Vernon Marine team.

A letter to Mr. Gossett from the Secret Service Department at Dallas also stated that Miller would be taken into custody if he was released on both charges in Kentucky and returned to Texas to face charges against him at Vernon.

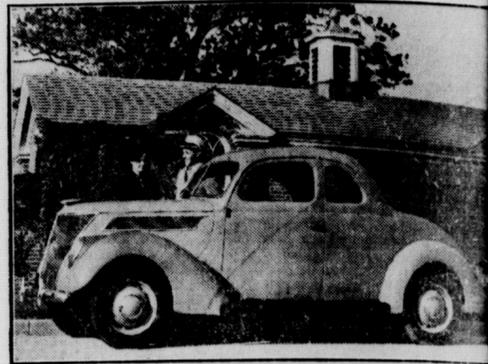

Local Ford Dealer Sees New Autos in Detroit Saturday

George Self, local dealer for Ford motor cars, returned this week from attending a dealers' meeting held by the Ford Motor Company in Detroit where the new 1937 model Fords were shown.

In regard to the new car Mr. Self said: "A new Ford V-8 for 1937, presenting definite advances in modern streamlined styling, and powered either with the 85 horsepower V-8 engine now in use in more than 3,000,000 motor cars, or a brand new 60 horsepower V-8 'economy' engine, which is a smaller counterpart of its elder brother, is announced by the Ford Motor Company."

"The new cars will go on display next Saturday (November 14) at Ford dealer show rooms throughout the United States. They were shown at Dearborn for the first time last Friday at a meeting of more than 7,000 Ford dealers, the first general rally of Ford dealers from all parts of the United States ever held with Henry Ford, founder, and Edsel Ford, president of

in the afternoon of February 11, 1892, the wedding being performed by the late Judge J. C. Roberts at the old Banister Chapel Methodist Church which was located about two and one-half miles northeast of Crowell. Mr. Bell helped haul lumber from Quannah that was used in the construction of this building and also helped in building it. Mr. and Mrs. Bell joined the Methodist Church early in life and had been active members of the Crowell Methodist Church since its organization.

Soon after their marriage they moved to his farm about four miles east of Crowell, and lived there for many years. They have lived in Foard County continuously since their marriage.

Mr. Bell and his brother, W. S., moved to Wichita Falls with their father in 1884, where they helped haul brick for the first brick building in that city. They also helped build the Fort Worth and Denver Railroad.

Miss Julia Sears, Mrs. Bell's maiden name, was born in White County, Georgia, September 20, 1869. At the age of six her family moved to Fulton County, Arkansas, where they remained until coming to Foard County in 1891, the date of the county's organization.

Mr. Bell was born in Clay County, North Carolina, November 6, 1866. He came from Carolina to Wichita Falls with his father in March, 1884. The following year they came to Hardeman County, the part which was later incorporated into Foard County when it was organized six years later. They settled on a place four miles east of Crowell.

Mr. Bell was acting president of the Bell Mill and Elevator Company and the Bank of Crowell for about 10 years, assuming the presidency on the death of his brother, W. S. Bell, who founded both organizations. He was president of the bank until it discontinued business in 1931. The elevator business was sold to T. P. Duncan & Son. Mr. Bell has been engaged in farming and stock raising during his long residence in this county.

Mr. Bell is also survived by two sisters, Mrs. W. L. Ricks of Crowell and Mrs. L. A. Brogden of New Orleans.

Mrs. Bell is survived by two brothers, Charlie Sears of Fargo and Wesley Sears of Swearingen, and three sisters, Mrs. T. A. Hamilton and Mrs. Lewis Ross of Wilbarger County, and Mrs. J. M. Stroud of Tell.

EX-STUDENTS' BANQUET PLAN IS LAUNCHED

Committees Elected at Meeting Held Wednesday

Preliminary plans were launched for the annual banquet of the Crowell High School Ex-Student Association by a meeting of the executive council of the organization held at the home of Ernest Spears Wednesday night, November 11.

A tentative date of December 26 has been set for the annual banquet, according to Mr. Spears, president of the ex-students. This year's banquet is to include all graduates of Crowell High School. Class mothers, sponsors and wives and husbands of the exes are also invited to attend, the president stated.

Arrangements, program, decoration, and research committees were appointed at the meeting last night. Program committee: Misses Zell Saunders, Jim Lois Gafford, Doris Oswald, Elsie Fay Roark and Maymie Teague. Arrangements committee: Henry Black, Mrs. Henry Berhardt and Ray Thomas. Decorations committee: Mrs. Ernest Spears and Miss Jo Roark. Research committee: Henry Ashford, Mrs. Marion Crowell and Ray Thomas.

ATTEND CENTENNIAL

Three bus loads of Crowellites and many others attended the Texas Centennial Exposition in Dallas last week-end and also attended the football game between Texas A. & M. and Southern Methodist University.

The buses, one of which carried seventeen members of the vocational agriculture classes, left Crowell Friday night shortly after 12 o'clock. They returned Sunday night.

"Picadilly Jim" for Last Time at Rialto Tonight; Comedy

Tonight, Thursday, is the last night that theatre-goers of Crowell will have an opportunity to see Robert Montgomery and Madge Evans in "Picadilly Jim" at the Rialto Theatre. A comedy, "Doublecrossy," will also be shown.

"Mummy's Boys" with Wheeler and Woolsey is the feature for Friday night and the Saturday matinee. An additional comedy will be shown and another chapter of the serial will also be on the screen.

Those two Irishmen, Pat O'Brien and James Cagney, return to Crowell Saturday night to give thrills a plenty in "Ceiling Zero." It is the type picture in which both the Irish are at their best.

Will Rogers is scheduled for Saturday night at the preview, Sunday matinee and Monday night in "Ambassador Bill." There will also be a comedy shown. Next Tuesday night's picture is "The White Angel" with Kay Francis.

Warner Baxter and Myrna Loy in "To Mary, With Love," is coming next week for showings in Crowell. Wednesday and Thursday nights, "Here's How," a comedy, will also be on the screen.

Mrs. George Gamble Purchases City Cafe

Mrs. George Gamble purchased the fixtures and stock of the City Cafe Tuesday from Doris Gentry and Milton Hunter and will continue the operation of the cafe under its same name.

Mrs. Gamble is renting the portion of the building which houses the cafe from L. Kamstra. She has moved into quarters in the Kamstra Hotel.

The cafe will continue to serve short orders and plate lunches, Mrs. Gamble said. Mr. and Mrs. Gentry have been employed to assist Mrs. Gamble in the cafe.

Loan Applications Being Taken by RA At Court House

through the Seymour forward wall and secondary. Orr, pigskin packing mate to Rasberry, is also ready for his share of toting and will treat the fans with plenty of thrills if he can make a run or two like he did consistently against Vernon's understudies last week.

Fitzgerald and Eddy have drawn the end assignments as starters tomorrow night and they should strut their stuff for the fans both at flipping and catching passes. Both toss the oval with accuracy and at times snare passes like they had molasses on their hands. Little Orr also comes up consistently to shag a pass and hop and skip through enemy tacklers like he was walking.

For interference Klepper and guards Statser, Evans, Gibson and Simmons turn in nice blocking performances and should render assistance to Kittenish gambols by Crowell backs. Reeder and Shook also have what it takes to punch a few leaks in the Seymour forward wall.

Defensive backs who should give mail carrying Stevens more than a little annoyance tomorrow will be Lankford, Vecera and Orr.

In addition to the offensive by Stevens for the Ormen, Adkins occasionally takes the ball from center to try his luck at gaining. Now and then Stevens shoots his left handed passes for impressive gains. Butler, 143-pound fullback for the Baylor boys, stands at the safety slot on defense and the punts coming his way usually have a return address.

Crowell and Seymour always

play good football against each other, but this year the tussle means more than a mere victory to each. A win for Seymour means a long shot chance of tying the Burk Burnett Bulldogs for the conference championship. If the Panthers string this game they must continue their winning streak the following week to down the Bulldogs to end in a tie for the crown.

If the Wildcats can outscratch their Feline enemies from Seymour, they will place themselves in an advantageous spot to end the race this year in second place. Graves and his lads have not fallen below runner-up since 1930. A victory over the invaders means jumping from a fair season to a successful one for the local gridsters.

That part of the 1936 10-B race which is now history shows the Wildcats more impressive than Seymour against two squads but Seymour out-hone the Gravesmen in the encounter with Throckmorton. Crowell won by a margin of 19 points over the Iowa Park Hawks, but the Panthers had their margin of victory cut to a half dozen. In contrast the Baylor County aggregation trampled Throckmorton 19 to 7 two weeks after Crowell watched the Greyhounds take two touchdowns to their one.

With Chillicothe as a gauge Crowell was the strongest by two points. Crowell beat the Eagles and Seymour took a drubbing from them. The Wildcats nosed them out 7-6. The same score prevailed in the Seymour-Chillicothe game, but the Panthers were on the short end.

CEMETERY DONATIONS

The following donations to the Cemetery Association have been made since the last report, according to Mrs. N. J. Roberts, president:

G. L. Scott	\$1.00
Silas Moore	1.00
A. W. Owens	1.00

If there is any person for whom you feel a dislike, that is the person of whom you ought never to speak.—Richard Cecil.

Funeral—

son County to Kaufman County they moved in 1900 and six years later they moved to Foard County. After working at Edwards' Dry Goods Company for a short time, Mr. Burress moved to Terrell where he worked with Martin-Jarvis Company.

Again in 1916 he moved to Crowell and was employed by Cecil & Company until enlisting in the United States Navy May 24, 1918. Almost a year later he was discharged and he resumed his employment at Cecil & Company.

On November 10, 1920, he was married to Miss Marie Harris, daughter of Mr. and Mrs. L. D. Harris, who at that time was county and district clerk of Foard County. About four years later they moved to Lamesa where they resided for three years. For the past five years they had resided at Tyler.

About two months before his death he was taken ill and was removed to the Veterans' Hospital at Legion, Saturday, Oct. 31.

Survivors include the widow and daughter, Mary Ann, 11; his father, W. D. Burress of Donna; four sisters, Mrs. J. H. Frendiger of Vernon, Mrs. W. A. Tapp and Mrs. W. J. Jones of Donna and Mrs. Fred Brown of Thalia; and one brother, G. W. Burress, of Crowell. His father, Mrs. Tapp and Mrs. Jones were unable to attend the funeral.

Out-of-town relatives and friends who attended the funeral services were: Mr. and Mrs. J. J. Rasberry and Mr. and Mrs. Jack Rasberry of Cement, Okla., Mr. and Mrs. Carl Hopkins and Mrs. Sam McGranahan of Chickasha, Okla., Mr. and Mrs. John Hendrix of Abilene, Mrs. J. K. Freese, Mr. and Mrs. Carl Huddleston and Jess Owens of Vernon, Mr. and Mrs. L. D. Harris and Mr. and Mrs. Counts Ray and family of Breckenridge, Mr. and Mrs. Will Stephens of Oklahoma, and Joe Harris and son of Raton, New Mexico.

CARD OF THANKS

We sincerely appreciate the many acts of kindness extended to us in the loss of our dear husband, father, son and brother. Mrs. H. W. Burress and daughter, Mary Ann.

W. D. Burress and family. Mr. and Mrs. L. D. Harris and family.

The crest and crowning of all good, Life's final star is brotherhood.—Markham.

Christian Science Services
"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, November 15.
The Golden Text is: "If ye live after the flesh, ye shall die; but if ye through the Spirit do mortify the deeds of the body, ye shall live. The Spirit itself beareth witness with our spirit, that we are the children of God" (Romans 8:13, 16.)
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Be ye therefore perfect, even as your Father which is in heaven is perfect" (Matthew 5:48.)
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (page 491.)

Two Minute Sermon
(By Thomas Hastwell)

Understanding Encouragement: On the occasion of Paul's Second Missionary Journey when he received the call in a dream from the man in Macedonia "to come over and help us" he journeyed on down to Corinth, the famed commercial center of Greece, mecca of caravans of trade bearing the commerce of the day. Prosperous, because of its strategic location on the high roads of trade, and because of its remarkable landlocked harbor, and notorious because of its sin and licentiousness. Here he met the Jewish tent maker, Aquila and his wife, Priscilla, who took him into their home during the year and a half that he labored to establish a church in the sin ridden city of Corinth. Previous to his arrival at Corinth, Paul had suffered many rebuffs and discouragements. He had met with coldness, indifference, opposition and even violence. I have often thought what this fellowship of Aquila and Priscilla must have meant to him coming a stranger

NYA Boys To Aid in Terracing Farms in 57 Texas Counties

College Station.—In 57 Texas counties 947 Texas boys went to work on November 1 as employees of the NYA under supervision of the Texas Extension Service to speed up terracing during the season when crops are off the land. The project is to run through November, December and January, according to a statement issued here by Jack Shelton, vice director and state agent of the Extension Service.

The boys are working with county agricultural agents, running terracing lines on the land of farmers and ranchmen who have scheduled this fall and winter to get that job done.

In some of the counties, county agricultural agents and their assistants are able to supervise this terracing. In other counties where the demand is greater the NYA provides a supervisor who is trained in terracing. And for a third class of counties the Extension Service are employing an additional person who acts as supervisor.

Reports from county agricultural agents from all over Texas indicate that farmers have made heavy schedules of this type of work and are anxious to have the land on their places protected with terraces and contours as soon as possible.

The following counties are getting NYA help: In the Panhandle: Dallam, Hansford, Lipscomb, Roberts, Oldham, Gray, Wheeler, Armstrong, Donley and Deaf Smith. On the South Plains: Swisher, Lamb, Floyd, Motley, Hockley, Crosby, Dickens and Kent. In North Texas: Hardeman, Wilbarger, Wichita, Montague and Wise.

In Northeast Texas: Lamar, Bowie, Rains, Upshur and Smith. In Central West Texas: Coke, Jones, Shackelford, Stephens, Taylor, Callahan, Eastland, Erath, Coleman, Comanche, McCulloch, San Saba, and Blanco. In Central Texas: McLennan, Falls, Limestone, Robertson, Williamson, and Hays. In East Texas, Trinity and Burleson; and in South Texas: Bexar, Gonzales, Bee and Wilson.

Your Horoscope

November 8, 9, 10.—You are an impetuous, insistent person and sometimes get mysteriously cheated and taken advantage of. You are musically inclined but you do things your way disregarding any method. You would rather see a good comedy than any other type of play. You will not fight for your own rights but you have friends who help you out.

November 11, 12.—You are always fighting and usually with yourself. You most always win after being thoroughly pounded. You love to read and your taste leads to deeper books than most people read. You are civic minded but have little to do with politics. You are very secretive even to those who have won your confidence and love.

November 13, 14.—You modify your more undesirable characteristics which makes you loved by all who know you. You like flattery. You are inventive and full of wit. You have a streak of anxiety and sadness in your nature. You want to be on the go all the time but you have too many things that keep you at home.

The Folsom People

It is believed possible that the Folsom people were of Asiatic origin, crossing over the Bering straits either late in the Pleistocene or early Post-Pleistocene times.

into this difficult field. Aquila was a Jew, a tent maker, who had been driven from Rome by the edict of the emperor. He knew what hardship meant and persecution and misunderstanding. He knew the trade of tent making from the weaving of cloth and ropes to the complete tent. What a community interest must have existed between Paul and Aquila. What an understanding. What a helpful fellowship. How this must have strengthened Paul for the difficult task that lay before him—that of establishing a church in a city like Corinth. Who knows but for such friendships even the dauntless Paul could not have carried on. In like measure for all we know we may possess the very thing, the community interest, the understanding encouragement, that those about us need to solve the difficult problems, that unknown to us are often theirs.

Correct Posture Is Essential to Health, Doctor Brown States

Austin.—Correct posture in school children, and adults as well, is necessary to proper physical and mental development, says a warning from the Texas State Department of Health. "Good posture is a sign of self respect and plays an important part in winning the respect of others," said Dr. John W. Brown, State Health Officer.

"Many of the ills of childhood and the deformities of adult life have their beginning in poor posture acquired during childhood," he said, "and it is particularly important that the child's posture conform to nature's dictates. Most children are born in good

physical condition and yet examination of large groups of school children show a high percent to be suffering from poor posture. Malnutrition and fatigue are productive of poor posture. These lessen the size of the chest and decrease the lung capacity. Abdominal organs may also be pushed out of natural position, which may seriously interfere with their action. These conditions must be corrected before the body is able to attain normal weight and nutritional standards.

"School children who have poor posture are said often to average lower in attendance and in school mental and physical activities than those who have good posture. A child may be forced to hold his body in an unnatural position by a desk that is too high or too low. Desks and work tables should be just high enough to allow the feet

to rest on the floor and the fore-arms and hands to rest upon the tops without the shoulders being hunched up.

"Begin early in life to teach your children to stand straight and sit straight for health and self-confidence, and they should grow into strong, well-built men and women."

FFA BOYS ATTEND CENTENNIAL

About twenty Crowell FFA boys attended the Centennial at the week-end.

The week beginning Nov. 7 was declared as Junior Livestock Week and the Centennial and Saturday, Nov. 7, declared as State FFA Day.

Boys from various schools attending vocational agricultural their livestock to the Centennial. Money prizes will be awarded to all winners and a sale of the animals will take place the latter part of this week. The FFA boys from over the state gathered Saturday morning and attended a program at the Gulf Studio.

The Crowell boys visited the exhibits made by other boys and were well impressed with what they were doing. Since Crowell is a new department, they did attempt to show anything this year. Many other educational exhibits on the grounds were also presented by the local group.

CENTENNIAL HIGHLIGHTS

Jim Hill Erwin went to the zoo and liked to have not gotten out.

Raymond Sikes started to write a name and then erased it.

Some of the boys must have thought that the street cars were noisy, for they went right off on Saturday night.

Richard Vecera's brother put on a nice show for the V. A. just outside the Centennial grounds.

Ellie Russell would like to be able to drink enough grape juice.

Carl Connell thought more of his neck than anything else; he went around his neck all the way and back.

Rayton, Jim and Wilson must have been doing lots of monkey business Sunday, for they were very minutes late.

James Welch decided to spend another day at the Centennial—he loved the Streets of Paris.

Bob Middlebrook thought that going for a bed was ridiculous, for he had a free one at home.

John Bowley was quite clever in getting some of the side shows, he liked instead of paying.

SNAPSHOTS SHORTS

Thomas Hembree enjoys sitting at the teacher's desk. Wonder if he goes through his mind?

Garland Rasberry seems to be reading every move. He frowns most of the time.

Raymond Roberts does his reading during one study hall period. Wonder how he recites in the next class?

Edith Hutcheson has a headache every time she writes an article for the paper.

It seems to be a habit with Henry Black to tell his Spanish students "Why don't you say something?"

Ellie Russell seems to think just because the world is round that it should be going around on top.

Jack Fitzgerald thinks it will be cloudy and clear on Wednesday. Did he mean it would be cold and clear?

Does Lois Evelyn laugh because she can, or does she get a pleasure out of it?

The girls would like to know if the Crowell boys have to go to Fudcan to get their dates. Perhaps they think there aren't enough girls in Crowell.

Mary Wells and Mary Frances were man all the way home from the party Saturday night, as they had been telling ghost stories.

Goodloe popped this question in civics class: "Can you catch a headache?"

Thought something had broken when H. K.'s voice gave one of those awful squeaks the other day. Maybe it is the change of voice.

WHY STUDY?

The more you study, the more you know; the more you know, the more you forget; the more you forget, the less you know; the less you know, the less you forget, so why study?

EX-CHANGE

At a midwestern college, a professor who had become exasperated at the floundering of the school's beauty, barked at her in one day after her usual smiling answer, "My gosh, sister, you're dumb."

Football players who lose a game at a midwestern college, must follow the tradition of the college by carrying a piano up the steps into the girls' dormitory.

Northwestern State Teachers College plans to have a homecoming parade. A parade is to begin with a flying airplane and the firing of a cannon.

At Harvard's tercentenary a party slipped by as the college secretary, sealed at the close of the 200th anniversary, was raised, broke out in the fresh 1936 breeze.

Students at the University of North Carolina have kept abreast of the times by building trailer dormitories. The constructions

PAINT FOR ART'S SAKE

In a recent survey made by the Major College Publication Bureau, it was found that the women in nineteen western colleges and universities spend approximately eleven thousand, eight hundred dollars annually for cosmetics.

This is a step forward in that at last the art of painting is appearing in the places most frequented by the gaze of man. Modern science and art is endeavoring to brighten up the dull and empty voids of our machine-like existence.

Time marches on—!

SNOOPING AT CENTENNIAL

We will have to give Mike and Joe credit for going to bed at nine o'clock Saturday night. They surely believe in keeping in football training (or was it that?)

"Fresh from the country going to town." Seems as if some of the girls learned how to ride on a street car while in Dallas.

It seems that Carl Connell was the center of attraction on the FFA bus. Could it be because he had a blanket?

Is it true what they say about Coach? It seems that he met a young relative of his at the Centennial and gave him a nickel.

When L. T. Derrington was asked what he found exciting at the Centennial, he said: "The Streets of Paris." We wonder if he was the only one who found it rather exciting?

Ask "Snooper" and get the low-down on Mary Housouer's coat collar. Could it pertain to Mike Rasberry?

It seems that Texas (Billy) Russell now smokes "two for five cents." Wonder if they can be George Childs' cigars?

We find that Jim Hill bet five dollars that a hundred cars would hit him while he was going across a red light.

Is it true that Mr. Todd caught his pants on fire?

Seems as if Frank Priest were on a liquid diet.

We just found out that Mary's secret desire was not to see the Centennial but to see Bob Lilly from Stephenville.

BE YOURSELF TO BE LIKED

You are really a pretty good fellow. I might like you, I'll even bet that I could—if you'd only be yourself long enough to give me a chance. Really you're a total flop at being anyone but yourself.

If someone did come to like you it wouldn't be you but someone else he or she really liked instead of you. Personally, I like Garbo, but you are one very poor Garbo.

Try being yourself a while. You are an O. K. feller that way.

FLIES IN LIBRARIAN'S OINTMENT

The Freshman who asks for a copy of "Anthony Absurb."

The student needing "Origin of Species" who asks for "Oranges and Peaches."

Spanish students who call for "Don Coyote."

The slime who wishes to read "Who's your Schoolmaster?"

WHO'S WHO IN C. H. S.

Thirteen students of Crowell High School, outstanding in school activities have been selected as Who's Who in C. H. S. The list includes the following students: Lois Evelyn Norris and Oleta Faye Zeibig, pep squad leaders; Garland Rasberry, football captain; Glen Shook, co-captain of football; Glendon Reeder, senior class president and editor Crowell High News; James Long, junior class president; Raymond Joy, sophomore class president; Charles Stuart Clark, freshman class president; Myrtle McKown, substitute pep squad leader and exchange editor of Crowell High News; Camille Graves, president F. H. T. club; Marion Benham, president FFA Club; Hughes Fish, district FFA secretary; Edith Hutcheson, assistant editor of Crowell High News and president of pep squad.

WE WONDER—

Who Effie Griffin's secret love is.

Why Ann Mabe is so disappointed in her future.

Why Lois Evelyn took a sudden notion to go to the Centennial? (Could it have been concerning the football players?)

If this story that we hear about Harwell Hale and Louise Eubanks is really true. (Harwell, is Maxine left completely out of the deal?)

If Mrs. Sloan was really having her fortune told Thursday night, or was she making eyes at the fortune teller?

What the fortune teller told Miss Cogdell. (Do you suppose that she will be married by the time she is 31 or is she already past that age?)

Why every one left the fortune teller's booth as quickly as possible.

If Mr. Graves really hit himself with a baseball Thursday night.

FFA HONOR FUTURE HOME MAKERS

Tuesday of last week the FFA boys honored the FFA girls with a werner roast. A number of interesting games under the direction of Garrett Middlebrook were played. At a late hour an appetizing meal, prepared by the boys, was served to about twenty boys and thirty girls. All the girls declared that the boys were excellent hosts.

LOCALS

John Cogdell, student at Texas Tech, spent the week-end at home.

Mr. Garland Martin, former teacher in CHS, visited in Crowell Sunday.

Patsy Bentley, who has been visiting Ann Mabe, returned to her home in Haskell Sunday.

Evelon Lee Cauthon was absent from school several days last week on account of illness.

About twenty-four Vocational Agricultural boys, Coach Grady Graves, and Walker Todd attended the Centennial last week-end.

A group of seniors, juniors and sophomores accompanied by Messomores, Alton Thompson, Albert Dunagan, Alton Higginbotham, Dunagan, Erwin, and others, went to the Centennial last week-end in Mr. Fox's bus.

JOKES

Browning or Kipling?
 Glen Don: "Have you ever read proof?"
 Frances Davis: "No, who wrote it?"

"Now," said Mr. Todd, "which boy can name five things that contain milk."
 "I can," shouted Garrett. "Butter an' cheese an' ice cream an' two cows."

Miss Patterson was reading to her class when she came across the word "unaware." She asked if anyone knew the meaning. Mabelle raised her hand timidly and gave her the following definition: "Unaware is what you put on first and take off last."

W. F. Statter: "I am indebted to you, sir, for all I know."
 Mr. Graves: "Nonsense, my boy, you don't owe me a thing."

Theda Wright: "Isn't my theme very original?"
 Miss Patton: "Very, especially the spelling."

James Long: "When I drink coffee I can't sleep. Does it affect you that way?"
 Junior Nelson: "No, I can't drink coffee when I sleep."

HIGHLIGHTS OF THE VERNON "B" GAME

It's always a good game when the home team wins, so we can call Friday night's game good.

There were other reasons, too, why we will have to call that game a good one. It was fairly even, and there was some good playing on both sides.

John Lee Orr was sensational again with his ball carrying and pass snatching.

Of course, Evans and Statser deserve a great deal of credit for their excellent blocking, but Johnson and Canup need some praise for the fine game that they played at the end positions.

The whole club looked good on defense, especially Gafford, Meason and Curtis.

All of those boys that played

The old family coffee pot can be kept sweet by occasionally boiling in it a strong solution of borax. Many housekeepers have found that a hanging mirror will often brighten up a dark corner. Tea and coffee stains can sometimes be removed from china cups by rubbing them with a damp cloth dipped in baking soda. Agateware is easily chipped, so don't scrape out food that becomes stuck in it. Salt will curdle milk.

Mrs. T. B. KLEPPER, Editor Phone 163J or 43J Beatrice Reinhardt, John Henry Kenner Take Vows Tuesday

A simple ring ceremony that united Miss Beatrice Reinhardt and John Henry Kenner in marriage was read by Rev. M. W. Clark, pastor of the Methodist Church at Truscott, in the home of Mr. and Mrs. S. E. Mills of Truscott at 8 p. m., Nov. 10, in the presence of close relatives and several friends.

Mrs. Kenner is the daughter of Mrs. F. M. Reinhardt and Mr. Kenner is the son of H. T. Kenner, all of the Margaret community. The pre-nuptial music featured Neva Mills, niece of the groom, in love songs with accordion accompaniment. The bride was attired in navy crepe with matching accessories. The couple were unattended.

Immediately following the ceremony the guests were led into the dining room where a lovely wedding cake and punch were served to Mrs. F. M. Reinhardt, Mack Reinhardt, Miss Ruth Reinhardt, H. T. Kenner and Elbert Seay Keener, all of Margaret, Mrs. P. P. Cooper and Mr. and Mrs. Sewell Roy of Crowell, Rev. and Mrs. M. W. Clark, Mrs. Hubert Chowning and daughters, Mary Beth and Lyanette, and Mr. and Mrs. S. E. Mills and daughter, Neva, all of Truscott.

Mr. and Mrs. Kenner will make their home on a farm near Margaret.

B&PW Club Holds Business Session

Almost a hundred per cent attendance was recorded by the Business and Professional Women's Club at its regular business meeting held at O'Connell's Lunch Room Thursday night of last week.

Plans were discussed for a campaign during Christmas to help needy children. The program given at the meeting Thursday night was under the direction of Miss Mayme Lee Collins, who spoke on "Trained Public Officers." Miss Myrna Holman gave a short parliamentary drill. Refreshments were served by the president of the organization, Mrs. Henry Borchardt.

A social meeting of the club will be held Thursday night, November 19. A Thanksgiving banquet will be given at O'Connell's Lunch Room.

FOARD REJECTS SECOND, FIFTH AMENDMENTS

Democratic Garner 928 Votes to 74 For Republicans

Final and complete returns in Foard County in the general election held Tuesday, November 3, gave the Democratic electors a total of 928 votes to 74 for the Republican electors. The Socialist Party's representatives polled one vote, the Union Party was credited with two and the Prohibition electors received three. The Communists garnered not a single vote.

Congressman W. D. McFarlane, Senator Morris Sheppard, Governor James V. Allred, Lieutenant Governor Walter E. Wood, Attorney General William McCraw, C. M. Cureton for Chief Justice of the Supreme Court, O. S. Lattimore for Judge of the Court of Criminal Appeals, Railroad Commissioner Ernest O. Thompson, State Comptroller of Public Accounts George H. Sheppard, Commissioner of the General Land Office William H. McDonald, State Treasurer Charley Lockhart, State Superintendent of Public Instruction L. A. Woods and Commissioner of Agriculture J. E. McDonald, all Democratic nominees for election or re-election, received 950 votes in Foard County.

Republican candidates for the same offices with the exception of Carlos G. Watson for United States Senator received 54 votes each. Watson received only 52. Republican candidates were H. L. Ratliff for Congress; Carlos G. Watson for Senator, C. O. Harris for Governor, R. W. Humphreys for Lieutenant Governor, S. D. Bennett for Attorney General, C. W. Johnson Jr. for Chief Justice of the Supreme Court, Joe Ingraham for Associate Justice of the Supreme Court, Enoch G. Fletcher for Judge of the Court of Criminal Appeals, J. W. Hemphree for Railroad Commissioner, H. S. Frady for State Comptroller of Public Accounts, R. H. Smellage for Commissioner of the General Land Office, Sam L. Gross for State Treasurer, Mrs. George B. Jackson for State Superintendent of Public Instruction, and A. W. Orr for State Commissioner of Agriculture.

There was one vote cast straight for the Socialist Party which had candidates for all state offices. Not a single vote was cast for the Communist Party and its candidates. The Union Party's only candidate, with the exception of

Future Farmers to Pick Sweetheart to Be Crowned Dec. 9

The Crowell FFA Chapter met Tuesday night in its regular monthly meeting. The matter of buying FFA jackets was discussed and Jim Whitfield, chapter secretary, was instructed to write for more information concerning this subject. A report of the district FFA meet at Vernon was given. The chapter also decided to elect an FFA sweetheart. Any girl may be nominated by an FFA member provided he pays five cents at the time of the nomination which counts five votes, each additional penny counts another vote. Nominations will close November 17 at 4 o'clock. The election will be over December 9 at 4 o'clock and the winning girl will be crowned at the local theatre that night. The proceeds are to go into the FFA treasury to buy a felt banner, have an owl stuffed, and many other things. Any one may vote for any of the nominees.

Seventeen FFA Boys Attend Centennial, Livestock Exhibits

Seventeen students of the Vocational Agriculture department of Crowell High School attended the Texas Centennial at Dallas last week-end. The boys were given special rates to all the Centennial attractions and obtained lodging at a reduced price at "Tent City." The livestock, poultry and farm exhibits were attended by the boys. The livestock and poultry exhibits contained stock raised by Future Farmers of America and 4-H boys from all over the state. The week of November 7 was declared Junior Livestock Week by the Centennial.

Saturday morning boys from the farm organizations of the state participated in a parade at the Centennial grounds. Boys from the Crowell school who attended were: Jim Whitfield, Bob Middlebrook, Vernon Gibson, Sam Russell, Jim Hill, Erwin, Chappie Griffin, Garrett, Middlebrook, Robert Thompson, James Welch, Carl Connell, Richard Venera, John Bowley, Marion Benham, Kenneth Halbert, Guyton Sikes, Wilson Starnes and Billie Russell.

ROTARY CLUB

Jack Seale was in charge of the program given at the regular Rotary Club luncheon at O'Connell's Lunch Room Wednesday at noon. He used as the subject of his talk the man who selected the unknown soldier. Following his speech, George Self, outlined his recent trip to Detroit to attend a Ford Motor Company at Detroit as host. Two visitors, Eli Smith, former member of the Crowell club, and Charles Ferguson attended the meeting. Mr. Smith made a short talk to the club.
