PIONEER OF THALIA DIES EARLY SAT.

Funeral Held Sunday for W. Luke Johnson At Family Home

The sudden death Saturday at home of W. Luke Johnson at the age of two and one-half months of Thalia removed from that community another one of those pioneers who came to this section of the county was organized. Johnson died from a heart attack while attending to duties at the home. He had lived on the same farm since coming to this section in the spring of 1890, one year before Foard County was organized.

Funeral services were held at family home Sunday afternoon at 2:30 o'clock conducted by Rev. Thomas E. Milholland of this area, assisted by Elder E. A. Ford, pastor of Thalia Church. Interment followed in Thalia Cemetery. Funeral arrangements were in charge of the R. Womack Funeral Home of this area.

Active pall bearers were A. B. Wisler, H. W. Banister, John Thompson, Tom Abston, Will Johnson and T. L. Ward.

Flower bearers were Ruth Banister, Marjorie Banister, Pauline Banister, Johnnie Ruth, Wisdom, Ma Abston, Maurine Abston, Jo Johnson, Louise Johnson, Marie Ruckman, Frances Davis, John Thompson, Mrs. Ray, Mrs. Oran Ford, Mrs. Ross, Mrs. Eudale Oliver, Mrs. IERN, Mrs. Willie Garland and Mrs. Beecher Wisdom.

W. Luke Johnson was born April 1889, near Grove, Green County, Mo. He came to Collin County following his parents following the outbreak of the Civil War and spent his childhood in McKinney. On Nov. 27, 1889, he was married to Rena Martin at Plano and in the spring of the following year moved to the farm home near Thalia where they had since lived.

Children were born to this couple, four sons and one daughter, the latter dying in infancy. Johnson united with the Thalia Church of Christ about thirty years ago.

Funeral services will be held Wednesday afternoon at the High School stadium between the Wildcat of 1937 and footballers from Thalia. This will be the first opportunity for local fans to see the aspirants for positions on the Crowell High School gridiron line in action with stiff competition.

Four lettermen, Raymond Joy, Tom Gibson, Franklin Evans and William Simmons, from the team started working out last week.

American Princess

The stunning brunette, Virginia Thomas, junior at North Texas Teachers College at Denton, who is termed an "American Princess" since she was chosen to play the role in the next production of the College Players by that organization.

The play was written by Olive M. Johnson, a member of the speech faculty of the College and it will be presented on March 21.

Thrill of a Lifetime—Cub Reporter Says After Interviewing First Lady

When Mrs. Franklin D. Roosevelt visited the Texas State College for Women (CIA) on her tour of the Southwest, Miss Amalese Gough, editor of the Lass-O, college newspaper, was on hand to extend her official welcome from the press. The young lady, who is a senior journalism student from Beaumont, interviewed the President's wife, and expressed enthusiasm over her gracious informality.

CROWELL F. F. A. TEAM WINS 8TH PLACE IN STATE

Takes 2nd In Area 1; Breckenridge Won First in State

The Crowell FFA meat judging team won eighth place in the State meat judging contest held in Fort Worth last Friday and Saturday, March 12-13, at the Armour & Company plant in connection with the Fat Stock Show. Breckenridge took first place with 907 points and will compete in the National contests to be held in Kansas City.

Won Second in Area One

Crowell won second place in Area One, which takes in all of the Panhandle counties, and Chillicothe took first place for this area. Chillicothe placed sixth in the State with 752 points. Crowell scored 712 points.

Among High Men

James Welch, member of the Crowell team, was one of the first twenty high point men of the State with 250 points out of a possible 320, and will receive a hand book on meats.

Forty-five teams, with a total of 135 boys, from over the State participated in the contests. This is the first year that Crowell has had a team and its first time to enter the State contest, but the boys set a better record than most of the more experienced teams.

Members of the local team attended the State meeting of FFA boys held in the Westbrook Hotel Friday afternoon, where they were addressed by J. B. Rutland of Austin, State supervisor of vocational agriculture. Area supervisors of the ten areas in Texas gave reports from the district at the meeting. Approximately 10,000 vocational agriculture boys attended the livestock show in Fort Worth Saturday.

The State contest last week ended the work of the meat judging division and the local FFA boys are now working on debate and extemporaneous speaking. The Crowell chapter will enter contestants in these two events when the area contest is held in Lubbock, April 9.

The meat judging team is composed of Carl Connell, Chippie Griffin, David Sallis and James Welch. The boys were accompanied to Fort Worth by Walker Todd, vocational agriculture instructor, and Hughes Fish.

Crowell Scouts Will Attend Jamboree in Washington, D. C.

Interest in the Washington Jamboree among the Boy Scouts in Crowell is growing. Last week three more boys, Jimmie Williams, James Long, and John Clark Long, made reservations for the trip. It is believed a few more from Crowell will go. This district is allowed only 50 boys and 39 reservations have already been made. There is a boy who is planning to go, he should make his reservation at once.

ON HONOR ROLL

George Thompson, son of Mrs. E. L. Thompson of Crowell, made the fall semester honor roll at Texas Technological college at Lubbock with an average of B.

McFARLANE PROMOTED TO HIGH POSITION

Will Replace Buchanan On Appropriations Committee

W. D. McFarlane of Graham, United States Representative from the Thirtieth District, has been appointed to replace the late Representative James P. Buchanan as a member of the powerful Appropriations Committee of the House of Representatives, according to news dispatches in the daily press.

Congressman McFarlane was nominated unanimously to this important position in the National Congress by the Committee on Committees upon the recommendation of the Texas delegation. Membership on the Appropriations committee is considered one of the most important in the Congress, since it is there that all legislation pertaining to Government expenses originates.

Those familiar with the situation in Washington consider this a distinct recognition of Mr. McFarlane by his fellow Congressmen from Texas and others, as an authority on financial matters in Governmental affairs. For many years, Mr. McFarlane has been a close student of income tax matters, corporation taxation and other monetary problems of the government. In the last session of Congress, he was called into consultation by leaders in both the House and the Senate on such matters.

Mr. McFarlane's nomination is tantamount to election, as the House usually follows the recommendations of its committee. His name was proposed by Representative Morgan G. Sanders of Canton, Texas, who is a member of the Ways and Means Committee. At the present he is the sole Texas member of the Appropriations Committee.

Quits Naval Committee

Mr. McFarlane will relinquish his position on the Naval Affairs Committee, which he has served on during his membership in Congress. As a member of this committee he said that he was outvoted by big navy members and wrote many dissenting reports. He sponsored legislation for a naval air base on the coast and also sought to hold down naval appropriations.

Mr. McFarlane stated that he would ask for assignment to the sub-committee on agriculture on which Buchanan served until elevated to the chairmanship in 1932.

Knox Pioneer Ranchman Dies in Mineral Wells

Tom Adams, 79, pioneer cattleman of Knox County and uncle of Mrs. L. A. Andrews of Crowell, died in Mineral Wells Monday, March 15, where he had lived for the past ten years.

Mr. Adams was born in Arkansas Oct. 10, 1857. He came to Knox County in the early days and was a rancher in that section for over fifty years. His health failed in 1923 and for the past ten years he had resided in Mineral Wells.

The funeral services were held in Benjamin Tuesday afternoon with burial in the Benjamin cemetery.

Survivors are one sister, Mrs. Jane Bost, of Lubbock, and a large number of nieces and nephews.

COUNTY MEET WILL BE HERE MARCH 26 - 27

Musical Program Will Be Held Thursday Night, March 25

The Foard County Interscholastic League meet will be held in Crowell Thursday, Friday and Saturday, March 25, 26 and 27, at the high school auditorium and athletic field.

The program for the University Interscholastic meet of this county as worked out by the executive committee is as follows:

Thursday Night, March 25 7:30 O'clock

Choruses, duets and quartets for all divisions, high and rural, will be held in the High School auditorium Thursday night beginning at 7:30 o'clock. This program will open the meet.

There will be an admission of 10c and 25c for the musical program, and the money will be used to help pay the expenses of the meet.

Friday Morning

The program for Friday will open at 9 a. m. with the spelling contests for the fourth and fifth grades being held in room 102. Spelling for the fifth and sixth grades will be held in room 103 at (Continued on Last Page.)

Truscott Man Recovering From Critical Illness

E. G. Campsey of Truscott, former Crowell resident, is rapidly recovering from a critical illness of about four months caused by a carbuncle on the back of his neck.

Although Mr. Campsey is one of the early residents of Crowell, he has been making his home for many years with his sister, Mrs. S. S. Turner, in Truscott. During an early period in the development of the town Mr. Campsey supplied water to the people here with a pair of mules and a wooden water tank from the famous Campsey well about one-half mile north-west of the court house. Mr. Campsey still owns his home here.

Many Crowell people still remember the span of mules, a bay and gray, Pete and Babe, that made the rounds of the business and resident sections of the town under the direction of Mr. Campsey, which constituted the first water supply Crowell ever had.

Farmers Urged to Sign Worksheets; 350 Have Signed

Three hundred and fifty worksheets for the 1937 Soil Conservation Program have been signed so far by Foard County farmers. Farmers are urged to sign worksheets even though they do not intend to comply and are not placed under any obligations when they sign.

A deadline will be set in the near future and the county agent, John Nagy, requests that every farmer in the county sign before it is too late.

AUTOMOBILE REGISTRATIONS

One car, one truck and one pick-up were registered in the office of the tax assessor-collector this week:

E. E. Clark, 1937 Chevrolet master sedan.

F. R. Chatfield, 1937 Ford truck.

Buck Sanders, 1937 Ford pick-up.

ATTENDS FUNERAL

Mrs. A. L. Rucker and Mrs. A. F. Wright left Wednesday afternoon for Tolar to attend the funeral of Mrs. Rucker's uncle, G. L. Edgin, who died at his home in Tolar Wednesday morning at 5:30 o'clock.

Over 300 Bushels Of Sweet Potatoes Bedded at Rayland

Last week was a busy week for the sweet potato growers of the Rayland community, according to a report from the correspondent to The News in that section. Three hundred and five bushels of sweet potatoes were bedded during the week. About 600 acres will be planted in sweet potatoes in that community.

H. T. Faughn led the group of sweet potato growers in putting out 165 bushels; A. T. Beazley was next with 65 bushels; T. E. Lawson forty bushels; R. A. Rutledge 25 bushels, and J. C. Davis 25 bushels.

Savant Discovers New Comet

Dr. Fred L. Whipple, of the Harvard observatory, who announced recently the discovery of a new small comet in the constellation Canes Venatici (the hunting dogs), is shown in his office at Harvard university, checking over negatives made at night of the stars. The comet, which has a tail about "one degree long" and is of the twelfth magnitude, was discovered by the astronomer when he examined a photographic plate he had taken.

NEW COTTON USE RESEARCH BILL FAVORED

"Horse Sense" Outlet For Texas Cotton Production

A bill appropriating \$250,000 for the purpose of establishing a cotton research laboratory in Texas, wherein new uses of cotton and expansion of present uses may be sought out, discovered, and made available, introduced by George Moffett, Representative from this district, was given unanimous approval by the Appropriation Committee of the House of Representatives. Unanimous approval of this committee on any bill is unusual.

Mr. Moffett stated that for many years he has thought that the "horse sense" solution to the cotton problem lay in the creation of more uses and outlets rather than in the restriction of cotton acreage. If there is a bountiful market for cotton, there would be no need of cutting down acreage and if there is a proper demand for cotton the price would go up and (Continued on Page Five)

MRS. T. M. HANEY'S MOTHER DIES IN WEWOKA, OKLA.

Mrs. Fannie Drake, 88, mother of Mrs. T. M. Haney of Thalia, died at her home in Wewoka, Okla., Thursday, March 11. Funeral services were held at the Christian Church in Wewoka Friday afternoon with interment in the Wewoka cemetery.

Mrs. Drake was a pioneer resident of this section.

Mr. and Mrs. Haney and daughter, Frankie, had been in Wewoka for a week on account of Mrs. Drake's illness.

Rain and Snow Falls During Week-End

Varied conditions during the past week-end brought precipitation enough to raise the total rainfall for March to approximately 2.50 inches.

A norther struck Saturday afternoon, followed by rain during the night, which turned to ice as fast as it fell. The thermometer dropped to several degrees below freezing Saturday night, and a light snow fell Sunday morning, although the thermometer rose and the snow turned to a drizzling rain.

The weather warmed considerably Monday and Tuesday and a sand storm, followed by a light shower, came Wednesday afternoon.

ADDS NEW EQUIPMENT

Knit suit blocking equipment has been added to the cleaning plant of The Wright Cleaners this week. Knit suits can now be blocked perfectly to fit any individual measurements, stated A. F. Wright. This is a service that heretofore could not be given with complete satisfaction, but with the new equipment knit suit blocking can be done to give complete satisfaction.

Warren Tedlock of Quanah, who has been employed by the City Tailors of Quanah for the past five years, an expert in the tailoring business, was employed by Mr. Wright last week.

E. H. BOWERS DIED MARCH 4 IN ROYSE CITY

E. H. Bowers, 64, former resident of Crowell, died at his home in Royse City Thursday, March 4, after a lingering illness of several years.

Funeral services were held in a funeral home in Royse City Saturday, March 6, and interment followed in the South Church Cemetery.

Mr. Bowers was born near Battle Creek in Virginia September 11, 1872, and moved to Texas with his parents in 1878, settling near Terrell, moving to Royse City from there. Shortly after arriving at Royse City, Mr. Bowers married Miss Edna Lane and to this union three children were born. They are Perry L. Bowers of Dallas, Mrs. Gay Owens and James Bowers of Pontiac, Mich. Three years later the birth of the last child, Mrs. Bowers died.

Two years later Mr. Bowers was married again to Miss Otie Tally in Royse City and moved to Crowell in 1923. They made their home here until April, 1936, at which time they returned to Royse City.

Mr. Bowers was converted and joined the Baptist Church at an early age.

Mrs. S. G. Odell of Crowell, a sister, was called to Royse City February 30 and returned to her home Saturday.

He is survived by his wife and children; one brother, J. D. Bowers of Beaumont; one sister, Mrs. G. S. Odell of Crowell; two grandchildren.

CAR LICENSES

One hundred and ninety vehicles had been registered for 1937 Wednesday afternoon, according to A. W. Lilly, tax assessor-collector.

A total of about 1,100 cars are expected to be registered before the deadline, April 1, arrives. Tags must be on cars by this time.

Pre-Easter Revival To Be Conducted at Christian Church

The First Christian Church will conduct a pre-Easter revival, beginning Sunday, March 21, and will continue through Easter Sunday, March 28. Preaching will be done by Rev. John W. Tyndall Jr., pastor of the church.

Special musical numbers will be rendered at each service throughout the meeting and Gospel hymns will be sung. Mrs. T. S. Haney will bring a special musical number Sunday morning and Willie Ellis will sing Sunday evening.

The subjects for Sunday's services are as follows: morning, "God's Sign to Abraham"; evening, "The Great Salvation." Services will begin at 7:30 o'clock each evening. A special invitation is extended the public to attend.

CONDITION IMPROVED

The condition of Mrs. Georgia Pittillo, who has been critically ill at her home in Crowell for several weeks, shows some improvement.

FUNERAL FOR J. R. ALLEE HELD AT HOME

Mr. Allee Died March 16; Services Conducted By Rev. E. L. Yeats

Funeral services for J. R. (Bob) Allee were held at the family home in Crowell Wednesday afternoon, March 17, at 3:30 o'clock conducted by Rev. E. L. Yeats, pastor of the Methodist Church, with burial being made in the Crowell cemetery. Mr. Allee died in Wichita Falls, March 16.

A special musical number was given at the funeral services by a quartet composed of Mrs. C. W. Thompson, Mrs. J. R. Beverly, R. H. Cooper and A. Y. Beverly.

Active pall bearers were Henry Borchardt, W. C. McKown, Mack Gamble, J. R. Beverly, A. D. Campbell and T. B. Klepper.

Flower bearers were Mrs. Chester Hord, Miss Faye Evelyn Borchardt, Miss Zell Saunders, Mrs. Frances Ricks, Mrs. Lee Black, Mrs. Ross Hanna, Mrs. Marion Crowell, Mrs. Crockett Fox, Miss Dorothy Pauline McKown and Miss Mary Frances Brightwell.

The honorary pall bearer list included Frank Dunn, George Wesley, J. W. Wishon, E. Swaim, Charley Thompson, Wade O'Neal, Dr. J. M. Hill, Dr. Hines Clark, R. J. Roberts, Fred Brown, J. W. Klepper, H. E. Davis, J. C. Thompson, D. M. Shultz, Sanford Ferguson, W. L. Ricks, R. J. Thomas, T. L. Hughton, F. C. Borchardt, C. E. Gafford, H. E. Ferguson, S. J. Ferguson, C. R. Ferguson, Tom Bursley, Sim Gamble, John Ray, Henry Ayers, M. S. Henry, C. P. Sandifer, George Allison, Bert Self, J. H. Olds, J. H. Lanier Sr., Ben Sanders, Grover Cole, Stanley Sanders, Allen Fish, W. M. Godwin, P. D. Moseley, N. J. Roberts, J. L. Hunter Sr., L. D. Campbell.

James Robert Allee was born June 7, 1880, at Plano, Collin County, Texas. He came with his parents, Mr. and Mrs. J. M. Allee, to Old Margaret, County Seat of Hardeman County, in Nov., 1885, at the age of five. Four years later, March 21, 1889, his father died after beginning his second term as sheriff of Hardeman County.

(By Rosalie Fish)

Miss Bessie Fish of Anson spent the week-end in the home of her father, A. T. Fish, and family.

Mr. and Mrs. R. L. Walling spent from Monday until Wednesday in the home of Mrs. Walling's cousin, Mrs. Jesse Vessell, of Oklahoma City.

Mr. and Mrs. Marvin Sosebee and daughter, Winnie Jo, and sons, Lee Allen and James Marvin, of Anson spent from Friday until Sunday in the home of Mrs. Sosebee's parents, Mr. and Mrs. Egbert Fish. They were accompanied home by Mrs. Fish, who will visit several days there.

Mr. and Mrs. Latum and daughter, and Louie Delmont of Plainville spent the week-end in the home of Mr. and Mrs. R. S. Haske.

Miss Rosalie Fish returned home Friday after visiting her sister, Mrs. Marvin Sosebee, of Anson.

Mr. and Mrs. Bailey Remels and Mrs. J. R. Remels of Riverside attended the play, "Calm Yourself," given at the Vivian school house Friday night.

Lee Allen Sosebee of Anson is here visiting in the home of his grandfather, Egbert Fish.

Mrs. Farlin McBeath of Springtown, has returned home after visiting in the home of her parents, Mr. and Mrs. Lee Morgan.

Several from Ogden attended the play, "Calm Yourself," at the Vivian school house Friday night.

Mr. and Mrs. J. M. Denton of Paducah and Mrs. Allen Fish spent Sunday afternoon in the home of Mr. and Mrs. T. B. Klepper of Crowell.

Mr. and Mrs. H. H. Fish and daughter, Winnie D., and son, Harold Hume, of Paducah spent Sunday in the home of Mr. and Mrs. Egbert and family.

FOARD CITY
(By Mrs. George Canun)

Harley Covington returned home Sunday from Mabelle, where he visited his uncle, who is ill.

Ruby Meyers and Edna Maye Everett of Truscott visited Mrs. G. M. Canun a while Wednesday and also visited the school at this place.

Those from this place who saw the boxing match at Crowell Thursday night with Frank Weatherall, Horace and Wayne Canup, Houston McLain and Fate McDougle.

Some of the farmers have reported that their oats are not killed. Wheat is looking fine since the rain. Several have planted gardens.

Joe Farrar spent the week-end with his grandparents, Mr. and Mrs. W. A. Patton, of Crowell.

Mrs. Jesse Russell visited her husband at Archer City over the week-end.

Several loads of scrap iron have been hauled to Crowell this week from this community.

Mrs. F. R. Lefevre visited Mrs. Miller Rader at Crowell Thursday.

Mrs. M. L. Owens visited in Truscott a while Friday. She was accompanied by Mrs. Tanner Billington of Crowell.

Ed Hall of Pampa is here visiting Mr. and Mrs. Charles Merriam.

Mr. and Mrs. D. B. Mooney visited relatives in Nugent over the week-end.

Horace Canup spent a few days in Amarillo last week.

Thelma Lewis fell on a stove Friday and was badly burned.

Nola Jones had the misfortune of losing one of his cows last week from eating wheat.

On account of bad weather Sunday there was no Sunday school at this place.

The W. M. S. met with Mrs. G. M. Canup Monday. Rev. G. E. Tyson of Truscott attended.

Miss Bowley entertained her pupils with a party last Tuesday. Dainty refreshments were served. Visitors were Mrs. R. L. Morris and daughter, Doris Lee.

Mrs. Johnnie Johnson and Mrs. Breddlove honored Geneva Johnson with a birthday party in the school room Monday evening. The table covering was made of paper with a white rabbit placed in each corner. The large pink birthday cake was placed in the center of the table with a beautiful white Easter lily on one side and seventeen Easter baskets on the other. For refreshments the baskets were filled with sandwiches, cake and cocoa. Visitors were, Mrs. Johnson, Mr. F. U. Powell, Mrs. Agnes Russell, Evelyn Crosnoe, Estelle Autry and Wayne Johnson.

Mr. and Mrs. Blake McDaniel spent Thursday and Friday with Mrs. McDaniel's parents, Mr. and Mrs. C. W. Beideman, of Riverside.

Mr. and Mrs. R. B. Lilly and Mr. and Mrs. Tom Lilly went to Vernon Friday to meet Mr. Feilding, father of Mrs. Tom Lilly. He will visit Mrs. Lilly several months.

J. W. McDaniel returned to school in Abilene Sunday after a

The President's Court Proposal
On February 5th the President sent his message to Congress calling for re-organization of the Federal Judiciary. Four of his five recommendations are admitted to be sound and constructive and needed, to simplify procedure and to make this Court available to the poor as well as the rich, for the litigation of their rights.

These four recommendations in substance provide:

1. That the Chief Justice may assign District or Circuit Judges anywhere needed to expedite Court procedure.
2. He may appoint a proctor who shall publish complete information regarding all litigation pending throughout the Nation so that Judges may be assigned to expedite trials of cases where needed.
3. The Attorney General shall be made party to any suit whose constitutionality of any Federal Statute is drawn into question.
4. That where the constitutionality of any Federal statute is attacked that such appeal may go directly to the Supreme Court for early disposition.
5. That all Federal Judges (District, Circuit and Supreme) upon attaining the age of 70 years, where they have served 10 years, and have not resigned or retired within six months after attaining such age—then the President with the advice and counsel of the Senate shall appoint an additional Judge to the same Court under proper limitations.

a. Not to exceed six for the Supreme Court.
b. Not more than two additional Judges for any Circuit Court.

The reactionaries cry that the President would pack the court, to which the masses of the people reply that the Court has been packed for many years and the President's plan would partially unpack the Court and give it a chance to function for the benefit of all the people and not just the privileged few.

The number of Supreme Court Justices has been changed six times in the past as follows: Established with six members in 1789—reduced to 5 in 1801, in order to keep Thomas Jefferson from

So far all opposition agree the President's recommendations are sound except as to the Supreme Court. The report of the Attorney General giving the condition of the Court dockets shows litigation has more than tripled in the last 25 years, while the total number of District Judges has only increased from 92 to 154; that last year of the 867 petitions filed for review by the Supreme Court, they declined to hear 717 of these cases. The Supreme Court permitted private litigants to prosecute appeals of only 108 out of 893 applications. This wide discretion was given the Supreme Court 10 years ago and thus we find that 87 per cent of the cases presented by private litigants have been denied, without any written decision, and only through this method has the Supreme Court been able, and in such manner, to keep up with their work. The records show that some of the Supreme Court Judges write very few opinions each year.

The President's Radio Broadcast
The President in his Victory Dinner Speech, March 4th, electrified the Nation by calling to their attention the great need for judicial reform. He specifically pointed out how the Supreme Court had, through their Judicial veto power, set themselves up as a policy making branch of the Government as well as the Legislative branch. He pointed out how the Supreme Court through their nullification of Acts of Congress, had destroyed legislation for Agriculture, to raise wages, to reduce hours, to abolish child labor, to eliminate unfair trade practices to adjust relations between employer and employee, the railroad pension act and in view of the Supreme Court's decisions nullifying legislation covering this field of legislation, it is doubtful whether or not we can enact legislation that would be worth while to the great masses of the people, covering all of these subjects, and have this legislation comply with the reactionary economic views now held by a majority of the members of the Supreme Court.

Packing the Court
The reactionaries cry that the President would pack the court, to which the masses of the people reply that the Court has been packed for many years and the President's plan would partially unpack the Court and give it a chance to function for the benefit of all the people and not just the privileged few.

The number of Supreme Court Justices has been changed six times in the past as follows: Established with six members in 1789—reduced to 5 in 1801, in order to keep Thomas Jefferson from

having an appointment; increased to 7 in 1807, increased to 1837, increased to 10 in 1861, reduced to 7 in 1866 and increased to 9 in 1869.

Each change in the Court made for very specific political reasons existing at the time these changes were made at a time to favor the political party then in power to enable them to carry out their program. Occasional occasions whenever there have arisen in England, the records that the House of Commons has been increased in order to act legislation to save the country—certainly a crisis has arisen in our country—the people have spoken in increasing majorities in the three elections, 1932, 1934, 1936. Certainly the President Madison Square Garden speech based on the Democratic platform gave plenty of notice and advance to the people as to the program. This program cannot be enacted every though the people have placed a progressive Congress in power to be blocked by a reactionary Court's political decisions, fining economic policy for the country, based on a view of many years ago.

QUESTIONS AND ANSWERS

1. What is the purpose of series of Victory dinners held in this country?
2. What is the name of the bridge now being erected in Francisco Bay?
3. By what name is the section of New York City known as the East River?
4. In what part of the world Leon Trotsky now located?
5. What well known aviator is planning an around world airplane flight?
6. What well known poet has been recently adjudged incompetent because of his age?
7. What is the name of the territory in Alaska to which American colonists were sent and established?
8. For what is Mrs. Eunice stand known?
9. What nationality is Helen?
10. In what sport are the rules of Queensbury rules used? (Answers on Page 3.)

Prominent Athenians
Some of the prominent Athenians who were ostracized are Aristides, Alcibiades, Miltiades, Themistocles and Cimon. Aristides was instrumental in establishing the system of which he once been the victim.

Measurement of Time
Time is measured by the rotation on its axis.

High-Power Perfection modern range No. R-879, one of 23 High-Power models

THIS BEAUTY IS AN OIL RANGE
... a genuine PERFECTION with 5 HIGH-POWER burners

• The most beautiful stove you can buy is this new Perfection oil range. Its gleaming porcelain finish and the simple lines of its modern design look well in any kitchen. The color, dainty cream-white, harmonizes with all color schemes. Also made with pure white porcelain finish, with black trim.

Every part of the range is designed for convenience. Corners are rounded, surfaces are smooth, and there is a removable tray beneath the burners. The full-size "Live-Heat" oven is built at convenient height. The two-gallon concealed fuel reservoir is easily tilted and removed snugly against the lower front of the range when opened; they work equally well with the panel open or closed.

Most important, this handsome range has five High-Power burners. These burners are famous for speed that boils two quarts of water in about eight minutes, and for cleanliness that does away with sooty kettles. High-Power precise regulation enables you to do everything from simmering to broiling on each burner.

Come in and see our display of "High-Power" Perfection oil stoves. Find out about this new modern range.

W. R. WOMACK

We sell genuine High-Power Perfection Oil Stoves. Look for the High-Power Burner Label.

THE Foard County News

T. B. KLEPPER, Editor-Owner.

Crowell, Texas, March 18, 1937

Better is a little with righteousness, than great revenues without right.—Proverbs 16:8.

CLEAN-UP TIME COMING

Clean-up Week for the state has been set for April 4 to 11 and the Governor has issued a proclamation to that effect.

A man told us the other day he saw a transient couple drive up in front of a cafe during the rainy spell but they didn't get out and drove away because it was so muddy.

With a concerted action by all business men in Crowell we believe the unsightly accumulation of old dirty papers blowing on the sidewalk in front of the stores could be stopped and should be.

Many men seek to escape hard work and drudgery. Hard work and drudgery are often the very things that are required to bring out the finer, deeper, more worth while qualities of one's nature.

The advance in the price of scrap iron has revived the junk business. For several years the business of buying and selling scrap iron has been at a standstill.

The best way to preach the trade at home doctrine is to practice it.

Somebody Said

Purloined Pointed Paragraphs

Many a man does not discover it was anything more than a mere flirtation until she has married him.

Occupy yourself with the wise use of time and the proverbial rainy day will bring on the rainbow.

The trouble with waiting for something to turn up is that in the meantime you may be turned down.

The stepping stones to success can be dug out of the business quarry only with work—and lots of it.

If men were as anxious to do right as they are to get their "rights," the world would soon be righted.

Always look on the bright side of things; but if you are buying them, it's well to look on both sides.

No man can do more than his best, but a good man can do more than they think is his best.

Some people are born great, others make themselves great, and the rest of 'em grate upon others.

An article is only worth what it is worth where it is wanted.

Be proficient — you can spell profit from the same letters.

A sure cure for your business ills is a heavy dose of brains.

It doesn't require much ammunition to shoot off your mouth.

When you make a friend you sometimes destroy an enemy.

The man who really knows himself doesn't tell all he knows.

One thing that improves the longer it is kept is your temper.

A smile is contagious, but the beard of health doesn't object.

Wells Will Describe Nation's Showplace In Next Broadcast

America's greatest showplace—Washington, D. C.—is the next stopping place for magic carpet tourists who tune in on the Continental Oil Company broadcast.

"Washington is an ideal place for sightseeing at any time," says Wells, "and you'll find some astonishing changes if you haven't been there recently."

Features of the radio program will be the popular explorer-reporter's description of historic Lee Mansion, and the story of how the home of Robert E. Lee became this country's largest national cemetery—Arlington.

MANY COMMON WORDS ARE RECORDS OF PAST EVENTS

Many words in common use are records of events or personalities of the past. In some cases, states a writer in London Tit-Bits Magazine, the meaning has not changed since it was first introduced.

When we light a "bonfire," we give no thought to St. John, in whose honor in the Fifteenth century fires made from clean bones (bones-fires) were lit.

The "Jerusalem" artichoke has nothing to do with Palestine; its proper name is the girasole (sunflower) artichoke.

"Rotten Row," in Hyde Park, London, was originally known as the Route du Roi, being the Plantagenet kings' road from Westminster to the royal forests.

We use the phrase "to the bitter end" as though referring to the harsh dregs of wine or medicine.

Originally it was a nautical expression meaning the end of a ship's cable, that part of it which is abaft the bits—two pieces of timber to which the cable was attached when the ship rode at anchor.

Happiness is a relative term, but not always a term of relatives.

At The Vernon Theater Sun. and Mon.

"One In a Million" playing at the Vernon Theatre midnight show Saturday, Sunday and Monday. Starred in "One In a Million" are Sonja Heinie, Adolphe Menjou, Joan Hersholt, Ned Sparks, and Don Ameche.

State Annual Clean-Up Week April 4 to 11

Austin, Texas.—The Annual Clean-Up and Fire Prevention week will be held April 4 to 11, according to word just received from Dr. Geo. W. Cox, State Health Officer.

The warm days of spring will soon be here and everyone is urged to see that their property is cleaned of the accumulation of trash.

In planning your spring cleaning start with the house itself in the attic and work down, not forgetting the basement, Attics and basements are the greatest collectors of refuse and therefore of dust and dirt that the house possesses.

We are prone to judge people in no small measure by the kind of yard keepers we think they are. Many times you have heard some one say, "No, I don't know the people next door but they can't amount to much because their yard is cluttered with tin cans and papers and their garbage can is always open."

J. R. Allee—

(Continued from Page One.)

Following the death of his father he assumed the responsibility of helping to provide for his mother and two younger sisters and one younger brother and his ability to shoulder these duties were unusual for a lad of his age.

Mr. Allee was converted and joined the Methodist Church at the age of 14. After reaching manhood Mr. Allee's first position was with the Caldwell Dry Goods Co. in Quannah where he worked for about one year.

Expansion of the carbon black industry in the Lone Star State, aided by technical improvements in packaging and handling, and making of specialized types of black for specific uses, is expected to continue augmenting the state's growing industrial payroll.

It is encouraging that plans for the reorganization of Chevrolet's used car marketing policies in which Mr. Holler set up an entirely separate used car organization within the Chevrolet sales department.

New Ass't. Regional Mgr. for Chevrolet

H. C. Howard, manager of the Dallas Zone of the Chevrolet Motor Division of the General Motors Sales Corporation for the past four years, will assume new duties with the company as Assistant Regional Manager of the Southwest Region of Chevrolet, effective March 16.

Yes, You Are Seeing Double

You might think this was done with mirrors, but you're wrong. It's the De Sutter twins, two of Chicago's leading feminine basketball players looking at each other through an empty picture frame.

There's Texas Gas in Auto Tires! That's What Makes 'Em Wear Well!

Borger, (Special).—America's millions of automobiles roll on tires filled with just plain air—but there are billions of cubic feet of Texas natural gas in those tires, too!

Preposterous? Not at all. Of course, you don't put it in with a hose. But it's built into the tires in the form of carbon black, a little-known but vital industrial commodity made almost exclusively from natural gas—and more than 81 per cent of the United States output is accounted for by Texas plants, says a report of the All-South Development Council.

Carbon black, the only article "manufactured" from natural gas as a raw material—unless one considers gas heat and light as manufactured articles—was Texas' fourth-ranking natural resource in value in 1936, its \$11,000,000 valuation topped only by oil, natural gas—natural gasoline, and sulphur.

Produced by "purposely imperfect" combustion of gas, manufacture of carbon black uses nearly 250 billion cubic feet a year—almost as much as the nation's total household consumption of natural gas, which is spread over 35 states.

Expansion of the carbon black industry in the Lone Star State, aided by technical improvements in packaging and handling, and making of specialized types of black for specific uses, is expected to continue augmenting the state's growing industrial payroll.

ly state attitude toward industries is becoming widely manifest, the report said.

Although in a sense carbon black is "just soot," chemical science has been unable to produce anything that will do the job it does in a number of industrial operations, most importantly that of rubber compounding.

Inks and paints, stove and shoe polishes, phonograph records, insulators, buttons, mortars, crayons and plastics use virtually all the carbon black not taken by the rubber industry.

Texas has risen rapidly to its dominance in carbon black manufacture, since the Lone Star State did not figure at all in production of this commodity until 1923.

Most of the world's requirements of this "intentional soot"—which now can be had in tiny pellets that won't even soil one's hands—are supplied by the United States, with exports running around 37 per cent of the national production total.

Medical Science Lengthens Life In Past 35 Years

Austin.—"Adult life has been lengthened materially during the past thirty-five years. However, the gain largely has been made in the age bracket below the forty-five year limit.

"The truth is that the increase in deaths from heart, kidney, and blood vessel conditions not only has been responsible for blocking an extension to life for the average person who has reached the half-way mark but, from a statistical standpoint, to an extent has neutralized the successful inroads that have been made against tuberculosis and some of the other devastating diseases.

"Faulty living habits perhaps more often are responsible for a prematurely shortened life than is any other single factor. The stepping up of life's tempo and the exertions associated therewith too frequently prove so absorbing and time-consuming that little, if any, thought is given to the real business of life which is to get out of it in terms of health, happiness, and longevity as much as one possibly can.

The family physician should be the counsellor in this connection. Too often, persons wait until they are ill before taking the doctor into their confidence.

1936's CASUALTY LIST

The National Safety Council reports that during 1936 accidents killed 111,000 persons in the United States, and caused an economic loss totaling \$3,750,000,000.

In addition to the fatalities, about 400,000 persons were permanently disabled by accidents, and 10,300,000 temporarily disabled.

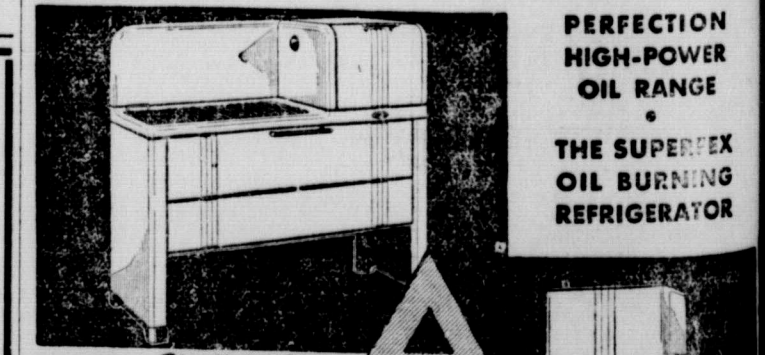

Home accidents took 39,000 lives—24 per cent more than in 1935. Occupational accidental deaths rose 9 per cent, to 18,000.

Worst of all was the toll of the automobile. While the percentage rise was smaller than in most classifications, 4 per cent, fatalities reached the ghastly total of 38,500.

It is clear from these figures that safety work has only begun. Never was the responsibility of educators, public groups, police and the courts greater.

It is encouraging that plans for the reorganization of Chevrolet's used car marketing policies in which Mr. Holler set up an entirely separate used car organization within the Chevrolet sales department.

Cook and Cool WITH OIL!

Cotton—
 (Continued from Page One.)
 prosperity would return.

Foreign countries have jumped their production remarkably and probably will continue to do so. Therefore, an outlet for the principal cash crop that Texas produces must be found. The farmers cannot afford to spend money and time to seeking new outlets and this is a service the Government should perform, according to Mr. Moffett.

The tire makers now use about 900,000 bales of cotton per year. They found in their laboratories that cotton was suitable for use in making tires but will not pursue further the additional selection of new uses for cotton. The Government should maintain and operate a laboratory for cotton products. Wisconsin had a woods' products laboratory; Illinois has a soy bean laboratory; Nebraska has a wheat products laboratory; Texas by all means should establish a cotton laboratory, Mr. Moffett stated.

The following is an article from the March 12 issue of The Houston Chronicle:
 "George Moffett's bill for the state to spend \$250,000 to build a cotton products research station to be equipped and run by the federal government locating it here and operating it forever. So, if we don't get it we'll lose nothing; the money will revert to the general fund."
 "The bill provides for the board of control to choose the location. As Mr. Moffett pointed out, whether the A. & M. directors or the board of control is the agency to pick the site the secretary of agriculture will have much to say when the federal government is putting up more than half the money."

Contributions to Cemetery Association Since Last Report

These contributing to the Cemetery Association fund since last report include the following, according to Mrs. N. J. Roberts, president:

Mrs. Howard Williams	\$2.00
H. E. Davis	1.00
J. M. Glover	.50
Mrs. R. T. Owens	1.00
Mrs. J. C. Calvin	2.00
T. B. Klepper	1.00
Grover Nichols	1.00

Mrs. Roberts has the following to say in regard to the cemetery: "May we not forget this is the means by which our cemetery is supported. Visit there now and see how nicely it is kept."

"It will soon be necessary to put our sexton to work. The water line has been repaired and plenty of water is available for those who wish to plant shrubbery."

"Receipts from Mrs. Jimmie Franklin's laundry Feb. 22 amounted to \$13.90. Those who gave their services that day were Mrs. Grover Cole, Mrs. Kelly Erwin, Mrs. Wallace, Mrs. Tom Russell, Mrs. Marion Crowell, Mrs. Charley Campbell, Mrs. Claude McLaughlin and Mrs. N. J. Roberts. We wish to thank Mrs. Franklin sincerely for this donation."

"April 4 to 10 is State Clean-up Week and we hope no one else in hauling off their cans will dump them by the side of the road to the cemetery."

materials the base of which is the soy bean.

"The soy bean is about 47 percent protein, and this is the base used," Doctor Connor explained. "More and more industry is turning to the use of plastics, and we believe cotton seed, with as much and often more protein than the soy bean, may well be used as the future base, a cheaper base, for the plastics."

"He estimated the cost of the building at \$250,000 and the equipment and operation for the first year would total \$580,000."

"Victor H. Schoffelmayer, agricultural editor of the Dallas News, told how Germany, through scientific research, is substituting synthetic fiber for cotton and reminded the committee that each bale used knocked out one bale for Texas farmers."

"So it is all over the world—a story of a rapidly diminishing world market for American cotton," he added. "It is high time we act."

"Burriss Jackson of Hillsboro, chairman of the legislative committee of the East Texas Chamber of Commerce, explained that under the Bankhead-Jones act there is a fund for establishment of research stations and that the federal government has one on the soy bean in Illinois, with that state aiding in its construction."

"One for research in the field of new cotton uses will be established in the cotton states," Mr. Jackson said. "Texas as the dominant cotton state ought to have the big laboratory. If we show Secretary of Agriculture Wallace a definite, specific offer of a quarter of a million dollars for the building I believe he will locate it in Texas. The bill is contingent upon the federal government locating it here and operating it forever. So, if we don't get it we'll lose nothing; the money will revert to the general fund."

"The bill provides for the board of control to choose the location. As Mr. Moffett pointed out, whether the A. & M. directors or the board of control is the agency to pick the site the secretary of agriculture will have much to say when the federal government is putting up more than half the money."

Pioneer Dies—
 (Continued from Page One)

ty years ago and immediately became active in the building and support of the church at that place. He gave the ground and other substantial support for the first building in which the local organization worshipped. He also served for many years as an elder in the church and teacher of the Bible.

With a modest, unassuming disposition, Mr. Johnson was well known for his activity in all progressive movements. He gave his influence and support to the promotion of all worthwhile projects for the upbuilding of his own community or county. He served two terms as county commissioner from Precinct 2, Jan. 1, 1912, to Dec. 31, 1916. He was a member of the Thalia school board for a number of years.

Survivors include his widow, Mrs. Nona Johnson; four sons, Dr. J. Edward Johnson of Mineral Wells, Walter A. Johnson of Thalia, B. Luke Johnson of Forney, and Tom L. Johnson of Spurgin; three brothers, L. C. Johnson of Tahoka, A. G. Johnson of Lindreth, N. M., and B. C. Johnson of Altus, Okla., and seven grandchildren, all of whom were present for the funeral with the exception of one brother, A. G. Johnson.

Relatives and friends from a distance attending the funeral were Mr. and Mrs. T. B. Haggard of Frisco, Mrs. Pearl Bruce of Plano, Mr. and Mrs. J. F. Powell, Mrs. A. E. Carter and M. O. Hooker of Paducah, and Mrs. Melvin Rucker and children of Vernon.

When the outgo exceeds the income, the upkeep is the downfall.

LAST OF BLUE EAGLES

Miss Diana Rogovin, sole survivor of the huge NRA Blue Eagle staff which numbered over 5,000 employees at the height of national recovery administration activities, just before it was invalidated by the Supreme court, photographed at her desk in Washington, where she is completing a history of the NRA and its effects on American life and business. Her work almost completed, Miss Rogovin says "We'll bow out together, but I hope the government decides it needs both of us again."

REMODELS CAFE

Remodeling and repainting of the White Rose Cafe was completed Tuesday by the owner, Joe Eddy.

DRIVERS' LICENSING RESTRICTIONS VITAL

It is widely believed among authorities that passage of the standard drivers' license law by all of the 48 states is an essential step in solving our automobile death and accident toll.

States which have adopted the law find that it is definitely in the interest of public safety and better driving.

The law is not designed to materially lessen the number of persons operating cars—it is designed to force them, if need be, to become reasonably competent and careful. Under the terms of the law applicants are given an examination on traffic rules and a driving test. If they fail the first time they may take the examination again later. Ultimately, only a small percentage of drivers fail to earn licenses—and all licensed drivers are more capable pilots of automobiles.

But the law does prevent the licensing of persons whose presence at the wheel of a car would constitute a menace to life, property and health. These include persons under the legal age limit, habitual drunkards, narcotic addicts, the congenitally reckless and incompetent, etc.

Today many states have no provision, whatsoever for examining drivers. Other states have outmoded or ineffective restrictions. In these states thousands of men and women are legally entitled to drive cars, who are mentally and physically incapable of operating their machines safely and prudently. That is largely responsible for the automobile's horrible annual harvest of 36,000 lives. — Industrial News Review.

CARD OF THANKS

We wish to express our appreciation for the many words and acts of kindness and sympathy extended to us in our bereavement caused by the death of our husband, brother and father, W. Luke Johnson.

Mrs. W. Luke Johnson,
 Dr. J. E. Johnson and Family,

"Not Worth One's Salt"

The modern saying "Not worth one's salt" means not worth the expense of the food one eats; "He won't earn salt for his porridge," that he'll never make any money.

New State Director For NYA Appointed, Replacing Johnson

Austin, March 16.—J. C. Kelliam has been named by Aubrey Williams, Executive Director of the National Youth Administration, as acting State Director in Texas, since Lyndon B. Johnson, State Youth Director, resigned March 11. On receiving Johnson's resignation, Aubrey Williams said of him, "He is one of the ablest state directors we have had," and has done a "first class job."

Prior to his present appointment, Kelliam served as assistant State Director. He came to the National Youth Administration from the State Department of Education, where he served for a number of years as Deputy State Superintendent and later as State Director of the Rural Aid Division.

He is 36 years old and a graduate of Southwest Texas State Teachers' College and the University of Texas. While attending school at San Marcos, Kelliam took an active part in student affairs, serving as business manager of the college paper and captain of the football team. Upon his graduation he taught and coached at Lufkin High School for a number of years. During a summer school session he also taught at the Stephen F. Austin State Teachers' College at Nacogdoches.

LIGHTNING TAKES COURSE LIKE RIVER SHOWN ON MAP

The ancient Greeks believed that lightning consisted of heavy spear-like projectiles which had been heated white-hot and cast at offending mortals and objects, with none too accurate aim, by their head god, Zeus.

The primitive Germans attributed lightning to bolts thrown by a malicious god named Loki while the dull-witted war god, Thor, pounded on the sky with a hammer to make thunder. In fact, writes Dr. Thomas M. Beck in the Chicago Tribune, almost all primitive peoples believed lightning was a sort of material missile hurled by a vindictive god. This theory died out in Europe with the rise of Christianity, since it was difficult to reconcile the idea of lightning as a manifestation of divine wrath with the observation that it seemed to strike church steeples more often than anything else.

Still we should not smile too much at the mistaken beliefs of these long-dead Greeks and Germans. We are not very well informed on it ourselves. The average man knows that it consists of electricity, that it zigzags in Z-shaped straight lines, and that it never strikes twice in the same place. Armed with this knowledge, he is two-thirds wrong. Lightning is certainly a discharge of static electricity, as Benjamin Franklin showed many years ago.

But there is nothing at all straight about a bolt of lightning, although apparently this fact was not known until lightning was actually photographed. Actually it follows a meandering course like that of a river as shown on a map. This figure is correct in other respects than appearance. For lightning is actually a river of electricity. Just as water follows the course of least resistance in flowing from a high altitude to a low, so does electricity move from a high to a low voltage.

GATES FORT, BERMUDEA, IS NAMED FOR OLD VIRGINIAN

Ancient Gates fort, which is a mile and a half from St. George, Bermudea, and which antedates the landing of the Pilgrim Fathers by a decade, is the site of this ruined fortification, built by Sir Thomas Gates, governor of Virginia, shortly after he was shipwrecked there in 1609, and while his famous vessel, Deliverance, was being constructed to carry colonists on to their original destination, Jamestown.

Excavations made by members of the St. George Historical Society, writes a St. George, Bermudea, correspondent in the Detroit Free Press, disclosed the original plan of the fort which had been buried with solidified sand. Embrasures were restored, old guns re-mounted in positions from which their gaunt muzzles spelled authority to invading Spaniards, French, Dutch and Portuguese, and later to blockade runners and ships from the North and South which used Bermudea as a base for supplies during the Civil War. St. George itself is the oldest English settlement on this side of the Atlantic.

PAIR OF DOG TONGS HELD AS WELSH CHURCH RELIC

The church at Clynog Fawr, a few miles down the coast from Carnarvon, Wales, preserves as one of its curiosities a pair of dog tongs, used in the old days for seizing fighting dogs and throwing them out of church.

In the past it was a common thing for Welsh sheep dogs to follow their masters to church and curl up in the pew, sleeping through the service. Occasionally, as the Welsh used to say, "the devil would enter into them" and there would be a fight, until the dog tongs, shaped like coal tongs with large teeth, were taken down from the wall and used to eject the fighting animals.

A Welsh parson, it is said, used to take his dog Tango to church, where it would sleep in front of the lecturer while its master conducted the worship. One day the dog spied an enemy, a farmer's dog, in the congregation and a terrific fight began.

The dog tongs were useless and the fight became so exciting that the church service was suspended and everyone gathered round to watch. Above the noise of the battle, visitors to this region about Mount Snowden are always told, the parson's voice could be heard shouting, "Three to one on Tango!" Formerly a pair of dog tongs could be found in most of the churches in this section. They are now quite rare and those at Clynog Fawr are one of the curiosities to see in Wales.

An Escadrille

The modern meaning of the word escadrille is a squadron (usually eight) of war vessels. In the French army it means six airplanes. It is the French word for squadron.

Your Horoscope

March 15, 16, 17, 18—You are ordinarily quite satisfied with things that come your way, if you do not see any way of getting more. If things do not come out as you want them to or expect, you do not fret about what can not be helped. Being very impractical you often find it necessary to follow the guidance of some one else. Your employer will always find you faithful, and willing to do more than your share of work.

March 19, 20, 21—You like good living and plenty of it, although you can live on close rations if necessity demands it. Although you demand obedience from your children, you would rather let it come from love than through enforcement. You are naturally very affectionate, but sometimes dictatorial and impatient in your dealings.

NOTICE OF ELECTION

State of Texas, County of Foard, City of Crowell

Notice is hereby given that an election will be held at the City Hall, in the City of Crowell, Texas, on the 6th day of April, A. D., 1937, the same being the first Tuesday in April, in obedience to an order duly entered by the City Council on the 17th day of February, A. D., 1937, for the purpose of electing the following: Mayor and Three Aldermen to serve for a period of two years or until their successors have been elected and qualified.

G. A. Mitchell is hereby appointed Presiding Judge of said election, and is hereby authorized to appoint such help as prescribed by law.

Any person desiring to have his name or their name placed on the official ballot as a candidate for an elective office within the City of Crowell, shall file his, her or their names with the City Secretary not later than seven days immediately preceding said election.

All qualified voters who have resided within the Corporate Limits of the City of Crowell for a period of six months preceding said election shall be entitled to vote.

Said election shall be held in accordance with the laws pertaining to General Elections in this State is so far as they are applicable.

C. T. SCHLAGAL, Mayor.

ATTEST: J. T. BILLINGTON, City Secretary. 40

(SEAL)

First Clergyman at Jamestown

There was only one clergyman in the party of settlers who landed in Jamestown in 1607 under Capt. John Smith. This was Rev. Robert Hunt, who celebrated the first holy communion on American soil by the Anglican faith, on the third Sunday after Trinity, 1607.

Ananias

Ananias was a follower of the apostles and a member of the first Christian community of Jerusalem. The Bible says that these early Christians "had all things common." According to Acts 5, Ananias sold a piece of land and conspired with his wife Sapphira to keep back part of the price instead of contributing it all to the common fund and taking an equal chance with the others. For their falsehood and hypocrisy both were miraculously punished by Peter with sudden death.

Church in this meeting and enlist their co-operation in the work of the Church. A special invitation is extended to the public to attend the meeting.

Mrs. T. S. Haney will bring a special musical number Sunday morning and Mr. Wylie Ellis will sing Sunday evening.

The subjects for each service are listed below as follows: Sunday morning, "God's Sign to Abraham;" Sunday evening, "The Great Salvation;" Monday evening, "God's Great Invitation to Sinners;" Tuesday evening, "The Gospel Made Man;" Wednesday evening, "The Gospel of Christ;" Thursday evening, "The Church of Christ;" Friday evening, "The Worst Disbelief in the World;" Saturday evening, "The Crucifixion of Jesus and the Greater Sin;" Easter Sunday morning, "Witnesses to the Divinity of Christ;" Easter Sunday evening, "What Must I Do To Be Saved?"

All these subjects deal with the great fundamental doctrines of the Christian Church and we believe that the public will be interested in hearing them discussed. Services will begin promptly at 7:30 o'clock each evening. Come and bring your friends and help make the meeting a great success.

REV. JOHN W. TYNDALL.

Christian Science Services

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, March 21.

The Golden Text is: "I have declared, and have saved, and I have showed, when there was no strange god among you; therefore ye are my witnesses, saith the Lord, that I am God" (Isaiah 43:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might" (Deuteronomy 6:4, 5).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, waring no more over the corporeality, but rejoicing in the affluence of our God" (page 140).

Two Minute Sermon (By Thomas Hastwell)

Man Must Die To Live: In the latter days of Christ's ministry we find Him, following His triumphal entry into Jerusalem, the center of a growing circle of admirers. His own people would call him king and crown him with the crown of a great nation. The Greeks came bearing gifts that he might be persuaded to turn toward this rich and powerful country. The songs of praise and adulation were ringing in his ears from all sides. It was at this time he endeavored to show to them that he had made a great decision that he would put aside and behind him all of this. He taught them saying, "Except a corn of wheat fall into the ground and die, it abideth alone; but if it die it bringeth forth much fruit. He was trying to show them that he must die that his cause might live. As was his wont he endeavored to show them through the things with which they were familiar. They knew a grain of wheat left to itself remained always a grain of wheat, but permitted to fall into the earth and die it brought forth in the wonderful processes of nature new life, many, many fold. Christ had to die to the adulation of the multitude and deliberately turn his face toward the cross. Abraham died into his own country and lived anew in a great nation. Moses died before the burning bush, died to the call of Midian and lived anew as the redeemer of his people in Egypt. Saul of Tarsus died that day to his old self in the desert road to Damascus and gave a great life to a struggling cause. History is filled with such sacrifices on part of great souls. They have all died unto themselves that they might live again for others. So must every man die unto selfishness and greed and avarice and injustice if he is to live again. Verily, verily, I say unto you except a corn of wheat fall into the ground and die it abideth alone, but if it die it bringeth forth much fruit.

Two Minute Sermon (By Thomas Hastwell)

JOKE

Friends: "Did I understand you to say you bought your automobile for a song?"

Man: "Well, not exactly, I bought it for a flock of notes."

Know Texas

Denton. — The Texas Rangers have long been romantic figures in the history of the state, and for more than a century they have been actively engaged in taming the Southwestern frontier.

When Texas became a Republic, the organization was enlarged and used to patrol the frontier and to punish Indian raiders. Each Ranger provided himself with a good horse, a rifle, and a brace of pistols.

This early Ranger organization has undergone a series of changes, and although the present organization dates from a law in 1901, a

Ranger force has been maintained for the protection of the frontier almost continuously since 1835. It now consists of five companies, each under the command of a captain, with the senior captain in charge of the whole force. Averaging six or seven men to each company, the entire force numbered about 35 in 1936.

When Texas was annexed to the United States, the Government assumed responsibility for protecting the frontier, and the organization was virtually dropped. However the Federal troops, largely infantry, were so unused to border and Indian warfare that the Rang-

ers were reorganized. When the frontier disappeared Ranger activities were against outlaws of their own. This tended to lessen their popularity, especially since many times they were organized and represented the invasion of the territory by outside forces. During the World War, use of

Rangers to enforce liquor prohibition also made the organization less popular, and it was accordingly disbanded. However, in 1936 force was again reorganized with the State Highway Department of Public Safety.

When the frontier disappeared Ranger activities were against outlaws of their own. This tended to lessen their popularity, especially since many times they were organized and represented the invasion of the territory by outside forces. During the World War, use of

CULIARITIES OF THE TEACHERS

Teachers have peculiar habits and ours are no exception. Example, Miss Cogdell likes fish, but cowboys are becoming extinct race, so what? Fishing is a favorite recreation. Could it be that a fish hook is instead of the bait? Todd used to be a fisher, but a "peep-peep" in the eye leads us to believe that given up the sport. Sloan likes oratory and is in a semi-daily speech study hall. If it be second childhood faces Mr. Graves to resort to jokes in class? A week-end habit or a new trend that makes Vernon a hunt for Miss Patton? His first or second honeymoon. Mr. Black developed a love for Mexico? Miss Patterson is interested in home-planting is it the pupils?

STYLE SHOW

Homemaking Classes II and III had their classes that they had Wednesday night. The style show a program given by members of the club. Play, stunts and songs presented. A small admittance charged. One-Act Play Cast one-act play cast was set Wednesday by Mrs.

Headache "slow you down" You are a rare exception if it does not. Two tablets of ALKA-SELTZER in a glass of water is a pleasant alkalinizing agent that usually brings relief in a few minutes. ALKA-SELTZER is also recommended for Stomach, "Morning Sickness", Acid Indigestion, and Muscular Pains. Results when you take Alka-Seltzer, when dissolved in water, contains an active ingredient, (Sodium Acetyl-Salicylate) in addition, the alkalinizing Alka-Seltzer help to relieve everyday discomforts associated with hyperacidity.

Package 30c
Package 60c

Alka-Seltzer

John Lee Orr, Que Meason and Marvin McKown will be added to this list in the near future.

INFORMATION

Any of those guys or gals that have bright ideas about a story or two or a squib that you would like to have printed in the April Fool issue of the paper can get busy. Your contributions will be accepted for consideration any time from now until the edition comes out on April 1. If you have any body you want to poke harmless fun at, get going! The further your stories stray from the line of reason and logic the better their chances of being printed. Make 'em foolish! The only requisite is that it be "good, clean material."

SPORT FLASHES OF THE FUTURE

"Texas" Russell is running on the United States Olympic Track team. Basil Nelson is named All-American Quarterback. Leroy Steele is World Champion Heavyweight boxer. Junior Nelson is playing basketball with T. C. U. Garland Rasberry signs contract as head coach of Notre Dame. Frank Dunn is head coach at Crowell High. Tom Andrews is manager of professional football team. Ben Barker wins the pole vault at the Intercollegiate Track meet. Woodrow Hollingsworth is playing professional baseball for the New York Yankees.

STRAY DARTS AT LIFE

"Is your husband a member of any secret society?" "He thinks he is but he talks in his sleep." "Maybe the reason Methuselah lived to such an age was because he didn't have to worry about his vitamins." "One of the alibis alleged by a Chicago attorney for a client on trial for robbery was "inherited glandular maladjustment." Something wrong with the fellow's glandparents." "And some have fame cast upon them—by quintuplets." "Doc, I've just been bit by a dwag." "Well, was he a rabid dog?" "No sub, Doc, he was just a plain old bird dog." "If the idea is to cheer the patient, why not cut out the flowers and apply the savings to the doctor bill." "The artificial heart which Lindbergh helped devise is said to be the first of its kind—we thought every banker had one." "An exclusive vegetable diet will make you beautiful," asserts a woman columnist. Lady, did you ever take a look at a hippopotamus?

BANQUET

The Juniors will honor the 1937 Seniors with a banquet on the night of April 22. The P. T. A. women will be in charge of the menu this year. The theme of the banquet will be a Southern Plantation dinner. The program, menu, decorations, and favors will carry out that idea.

PICNIC

About twenty juniors enjoyed a picnic at Dixie Mound last Wednesday. The sponsor, Coach Graves, and the class mothers, Mrs. Brown and Mrs. Edwards, accompanied the class. Various games and hiking were enjoyed by the group.

TENNIS

The courts have been put up and will soon be ready for service. They are now north of the school building. They had to be moved from the east side of the building to make way for the new grammar school, now under construction.

TRACK

Coach Walker Todd's track team is working out almost every day preparing for the county track meet, which will be held here March 26 and 27. An intra-school meet will be held Friday afternoon between the Senior class versus the rest of the school.

BASKETBALL AWARDS

The following basketball men have been selected by Coach Graves to receive award sweaters this season: Garrett Middlebrook, J. S. Owens, Richard Kelsey, John Lee Orr, Junior Nelson, Bernice Fitzgerald and Clinton McLain. The sweaters will be coat style, color black, with an old gold chenille letter, and service stripes below the elbow. The majority of the money to purchase the sweaters has been made up by fans. The balance will be made up from the proceeds of another boxing bout that will be given this week.

JOKES

James Erwin: "The biggest one."
James Long: "Did you know that clothes give one self-confidence?"
Riley Griffin: "No, why?"
James Long: "Because I go many places with clothes on that I would not go with them off."
Tommy Hembree (meeting a tramp with only one leg): "Poor man, you have lost a leg, haven't you?"
Tramp, looking down at his foot: "Well, I'll be darned if I haven't."
Mrs. Sloan (in Public Speaking class): "Who stands the better chance of getting a job, the ditch-

digger who can talk well or the one who does not know how to speak well?"

Bank Teller: "You will have to be identified, Madam."
Mrs. I. T. Graves: "Certainly, my friend will identify me."
Bank Teller: "But I don't know her, Madam."
Mrs. Graves: "How silly of me. Of course, I'll introduce you."

Hotel Proprietor: "Do you want the porter to call you?"
Hughes Fish (while at the Fat Stock Show): "I awaken every morning at six. No, thanks."
Proprietor: "Then would you mind calling the porter?"

Bernice Fitzgerald (at a drug store): "Give me change for a dime."
Druggist: "Here it is, I hope you enjoy the sermon."

HOUSEHOLD HINTS

To clean badly soiled wood, use a mixture consisting of one quart of hot water, three tablespoons of boiled linseed oil and one tablespoon of turpentine. Warm this and use while warm. Shredded coconut that has become hard can be softened by steaming in a clean cloth over boiling water. Just before removing cup cakes from the oven, place half a marshmallow on each cake and allow it

to melt slightly. This makes a nice "frosting."
A soft brush is necessary to clean good cut glass. The brush gets into all of the crevices that are not touched by the usual washing methods.

Brief Bits of News From Here and There

In the state of Washington there is no law against racial intermarriage. The marriage of a teen age white girl of Seattle to a negro 38 years old was defended by the bride's mother who declared: "Love is all that matters."
The Dionne quintuplets who are now about three years old have a fortune of nearly \$450,000.
A departure from the common form of glasses, worn to improve vision, is the contact lens. A contact lens is ground to fit snugly on the eyeball and is invisible. It requires no frame to hold it in place. The Carl Zeiss organization manufacturers of lenses report that they have made over 3,000 of these, five times as many for men as for women. It is claimed they are both practical and comfortable.
In twenty-six states girls may

marry at the age of sixteen with the consent of their parents.
The Montgomery Ward Company spends \$15,000,000 a year in advertising.
It is estimated that 450,000 persons visited the Dionne quintuplets at Callander, Ontario, Canada, last year.

"National" Soups

The "national" soups are France's pot-au-feu and petite marmite, Italy's minestrone, Russia's borsch, Holland's erwtensoep and Spain's uchero.

DOES BLADDER IRRITATION WAKE YOU UP?

It's not normal. It's nature's warning, "Danger Ahead." Make this 25c test. Use buchu leaves, juniper oil, and 6 other drugs made into little green tablets, to flush out excess acids and impurities. Excess acids can cause irritation resulting in getting up nights, scanty flow, frequent desire, burning, backache, and leg pains. Just say Bukets to your druggist. In four days if not pleased your 25c will be refunded.—Reeder's Drug Store.

WET WASH 2 1/2 Cents Per Lb.
10 Lbs. Washing for 25c
Everything washed spotlessly clean and returned to you ready to iron or hang on line as you choose. Remember, WET WASH 2 1/2c per pound—weighed dry.

How Much ELECTRICITY will you need Tomorrow?

INSIST on MAXIMUM WIRING in Building or Remodeling

You Couldn't Put A GALLON OF WATER in A HALF-GALLON BUCKET and You Can't Operate A 20th CENTURY HOME on 19th CENTURY WIRING

Here Is What Happens When Wire Is Overloaded

Above: Wire with insulation blistered. Such heating causes energy losses of as much as 25 per cent of light bulb or electric appliance efficiency.

Below: A new section of proper-sized wire. These are actual photographs of the wire removed and the wire used in entangling the circuit in a West Texas bank when it was re-wired to meet the demands of additional lighting and appliances put in use since the structure was built.

Good Wire May Save You 25 Per Cent

BUSINESS HOUSE DO YOUR LIGHTS DIM OR FLICKER or HOME When More Load Is Added?

You throw away 10 cents out of each dollar, and lose as much as 25 per cent of your efficiency, when, due to defective or insufficient wiring, the circuit in business, home or factory becomes overloaded. Overload causes heat . . . wastes energy. That much energy, or efficiency, gone up in smoke. It's to your advantage to insist that your new building be equipped with adequate wiring to accommodate the maximum load demand or power requirements.

BIRTHDAY PARTY

Joyzelle Tysinger was hostess to a number of her friends last Friday afternoon in celebration of her tenth birthday.

Games of touring and authors were played at three tables by the following guests, Wanda Jo Ketchersid, Mary Evelyn Edwards, Margaret Claire Shirley, Clomita Russell, Bonita Liles, Evelyn Jean Scates, Virginia Thomas, Geraldine Moseley, Lois Evelyn Fisher, Jean Orr, Rita Jo Bruce and the hostess.

Many gifts were received and several presents who were unable to attend.

Refreshments of sandwiches, hot punch and cake were served.

BIRTHDAY PARTY

Mrs. H. C. Roark entertained with a party at her home on Monday afternoon celebrating the tenth birthday of her daughter, Jane.

Many games were played and the hostess received many nice gifts.

Refreshments of ice cream and cake and punch were served to the following guests, Billie Jean Hale, Joan Gentry, Helen Jo Callaway, Sandra Jo Bell, Mary Curtis, Ada Jane Magee, Evelyn Flesher, Virginia Mabe, Wanda B. Cobb, Laverne Archer, Ruth Katherine Cates, Jeannette Roark, Nellie McClure, Alton Reeder Griffin, Billie Scott Bruce, Kenneth Greening, Bobbie Cooper, Billy Fred Short and Alton Roark.

LIBRARY NEWS

The March Fortune contains an article that will be instructive and entertaining to people interested in agriculture. There are many other interesting topics in this issue.

Roark Bradfordford the author of "Of Man Adam and His Chillin'" upon which the play "Green Pastures" was based, is the foremost modern interpreter of the Negro. In "John Henry" there is the same rhythm and swing and airy, whole-souled humor, which brought out the rich flavor of the old Negro preacher's Bible tales. Bradford was born on a plantation near the

YOU STILL HAVE TIME TO RENEW

There are still several subscribers on our list that have not renewed their papers for another year. We are anxious for you to do this and we are continuing the rate of \$1.50 per year for a few days longer in order that you may take advantage of it.

The following renewals or new subscribers have been received since last week:

Howard R. Benham, Albuquerque, N. M.; R. W. Bell, Bryan; Lee Shirley, Princeton, Ill.; G. V. Walden, city; Dr. E. A. Dann, Sweetwater; Mrs. J. R. Meason, Big Sandy; Frank Meason, city; Mrs. J. S. Long, city; Dr. J. J. Hanna, Quanah.

W. M. Cox, Foard City; W. C. Golden, Foard City; T. M. Westbrook, Truscott; S. E. Mills, Truscott; W. C. McKown, Wichita Falls; J. T. Black, Foard City; R. A. Miller, Pampa; H. E. Gribble, Jr., city; Alfred Schroeder, Amherst; A. L. McGinnis, Rt. 2; E. H. Bryant, Rt. 1; I. E. Huffaker, Denton; Mrs. W. A. Pulliam, Vega; Mrs. O. W. Davenport, city.

Boxing—

(Continued from Page One)
Boxers are matched for tonight.

Battle Royal

A battle royal between boys under ten years of age will be the feature of the program.

Those scheduled to box tonight are: Leroy Steele, James Erwin; Que Meason, John Lee Orr; Fred Ely, Leon Williamson; Hugh Solis, Junior Nelson; Ed Gafford, Marvin McKown; Ike Wilson, Garrett Middlebrook; Bert Curtis, Ira Klepper; Raymond Roberts, J. S. Owens; Fred Borchardt, Frank Dunn; Charles Branch, Wayne Canup; Jack Bailey, James Long.

Bouts Last Thursday

The boxers in the bouts held last Thursday night at the gymnasium kept the fans on the edges of their seats throughout the twelve three-round contests.

The boxers gave one of the best slugging exhibitions that will be seen among youngsters. With the exception of a few, the boys stood toe-to-toe and slugged throughout the three rounds. No one was knocked out or hurt, but there were several noses blooded and quite a few knock downs.

All of the boys were evenly matched and the winners had to scrap for the decisions. Leroy Steele and John Lee Orr exhibited the best foot work of the night. Ike Wilson showed good judgment and powerful punches.

The scrappiest match was between Que Meason and Frank Dunn out Meason's age and weight was too much for the little strong hearted Dunn.

Bernice Fitzgerald and Malcolm Reinhardt battled to a draw. The first round was Reinhardt's but in the closing seconds of the round Fitzgerald clinched and threw Reinhardt to the floor, stunning him when his head hit the floor. In the next round Reinhardt seemed groggy and Fitzgerald won it, but both elected to slug it out in the third and it was an even round, ending the match with a draw.

Co-operation Shown Highway Survey By Foard Car Owners

A letter received Tuesday by A. W. Lilly, tax assessor-collector, commended the co-operation of Foard County car owners given to the State Highway Department on the Highway Planning Survey.

As each car owner registers his car, he is given a card to be filled in with information asked for and mailed. Little or no trouble is connected with this as the cards can be filled out in a few minutes and the card is addressed and requires no postage.

The letter, in part, follows:

"On the whole, the number of returns from all over the State are high, and we are happy to say that the people of Foard County are co-operating nicely. The number of returns from Foard County is rather high compared with that of some other counties, and we appreciate the efforts in helping to make it so. If returns continue to come in as they have, Foard County will be well represented when the data needed for highway planning is reviewed."

The letter was signed by Gibb Gleibrist, State Highway Engineer, and G. G. Edwards, Manager of the State Highway Planning Survey.

close bout over Ira Klepper. Mullins landed the most telling blows, slipping under the taller Klepper's guard time after time. Ike Wilson won over Whatley Mitchell. Even though Wilson displayed the better form and had his opponent groggy in each of the three rounds, Mitchell never gave up and carried the fight to Wilson throughout the greater part of the battle.

Fred Borchardt won over Horace Trammell, Leon Williamson won over Fred Borchardt in a slugfest. Fred Ely won over Bob Meyer by a one-round decision.

Rest of the Winners
Leroy Steele won over Humphrey Dockins, hitting him with case but took several in return. Steele's footwork and well-timed punches were the deciding factors. Jim Erwin won over Bob Middlebrook. This was the first slugging bout of the night with Erwin getting the best of it. Marvin McKown won easily over Woodrow Hollingsworth.

Garrett Middlebrook won over Hugh Solis although he had his hands full and barely won the decision. Granville Mullins won a

Haney-Rasor GROCERY and MARKET

County Meet—

(Continued from Page One)
The high school spellers will meet at 9 o'clock in room 105.

Sub-junior declamation for the rural division will be held in the study hall at 9 o'clock and sub-junior declamation for the high school division under 10 years of age in the auditorium at 9 o'clock.

Story telling, both rural and high school divisions at 9 o'clock.

Participants will convene in room 107 for reading of stories. The rural division will go to the study hall and the high school division will go to the auditorium immediately after sub-junior declamation contest is over. There will be four divisions in story telling—rural boys and girls, high school division of boys and high school division of girls. Rules as listed in the University Interscholastic League bulletins will be followed.

Extemporaneous Speech—Speakers will meet at 9 o'clock in room 106 for assignments after which they will go to the auditorium.

Essay contests for all divisions in room 106 at 9 o'clock.

Debate in room 107 at 9 o'clock.

9:30 A. M. to 12 Noon
Typers will convene in room 104 at 9:30 o'clock.

The arithmetic contest will be held at 9:30 o'clock in room 202.

The 3R contests in room 202 at 10 o'clock.

Junior and senior declamation for the rural division will be held in the study hall Friday morning and the junior and senior declamation of the high school division will meet in the auditorium Friday morning. Junior declamation for grammar grades in auditorium at 9 o'clock.

Friday Afternoon

Picture memory at 1 o'clock in room 102. Rules in the University Interscholastic League will be followed.

Music Memory—Due to lack of records each school will hold its own contest.

The tennis matches will be played on the new courts north of the school building at 1 o'clock.

Indoor baseball for all divisions at 1 o'clock. The games will be played on the grounds north of school building. Both boys' and girls' teams will enter this contest. A twelve-inch ball will be used and the distance between bases will be 45 feet. Pitcher's box will be 38 1/2 feet from the batter's box. If more than one rural team enters, there will be a separate division for the rural schools.

Saturday Morning, March 27

The volleyball games will be played in the gymnasium at 9:30 o'clock. Field events for both junior and senior will take place Saturday morning and afternoon.

Beginning at 1 o'clock the track events for boys, both seniors and juniors, will be resumed. The events for the junior boys are chinning, 50 yard dash, 440 yard relay, running broad jump, discus throw, running high jump, 12-pound shot put and javelin throw. Track events are: 120 yard high hurdle, 100 yard dash, 880 yards run, 220 yard dash, one-mile run and one-mile relay.

No school will be allowed to enter more than three contestants in one event except the relay and only one relay team may enter. No contestant may enter more than three track events nor more than five altogether. No contestant may enter more than one of the following events: 440 yards dash, 880 yards run and mile run.

The schools that will be represented are: Margaret, Thalia, Crowell, Black, Four Corners, Gambleville, Good Creek, Foard City, Vivian and Riverside.

Officers of the committee directing the meet in Foard County are: W. Lee Cox, president of the Teachers' Association, and I. T. Graves, director-general of the Interscholastic league.

Other members of the Interscholastic league are: Mrs. Lewis Sloan, declamation; Miss Mildred Cogdell, debate; Bailey Rennels, extemporaneous speech; Miss Ina Jane Wells, spelling; Mrs. Jimmie Hembree, story telling; Miss Jo Roark, ready writing; R. D. Wheelock, athletic director; Miss Ruth Smith, music memory; Miss Luda Bowley, picture memory; Irwin Reed, arithmetic; Ocie Chism, typing; Miss Juanita Thompson, chorus; Mrs. J. Nichols, 3R contest; and Miss Jim Lois Gafford, girls' athletics.

Scrimmage—

(Continued from Page One)
week and the scrimmage Wednesday afternoon will close spring training until after the county interscholastic meet to be held here next week-end, after which the remaining six lettermen, Que Meason, Bernice Fitzgerald, John Lee Orr, Ira Klepper, Marvin McKown and W. F. Stator, will start practicing. These boys have been working out for track ever since spring training started.

Although the date has not yet been decided the annual game between the Seniors and the boys working for next year's team will meet in the classic of the spring training season in about four weeks.

Salt-Cellar a Massive Piece

In medieval days the family saler, or salt-cellar, was a massive piece of silver, placed half-way up the long table at which the head of the family and his guests and retainers dined. Persons of distinction sat nearer the head of the table, above the salt-cellar; the more humble folk near the foot, below it. So came the expression of compliment or respect, "to sit above the salt."

H. D. and 4-H CLUB ACTIVITIES

Officers of
FOARD COUNTY HOME DEMONSTRATION COUNCIL
Mrs. J. L. Hunter Jr., Chairman Mrs. S. E. Tate, V. Chalm.
Mrs. Frank Gamble, Secretary
Miss Myrna Holman.....Home Demonstration Agent

WEST SIDE H. D. CLUB

"The glass area in the kitchen should be about one-fifth of the area of the floor," Miss Myrna Holman, county home demonstration agent, told members of the West Side Club when they met with Mrs. F. A. Davis on March 10.

The kitchen window should be placed as near the ceiling as possible for the foul odors and warm air pass out better near the ceiling and the working units in the kitchen can be built under the window and save space. Plenty of light and ventilation are essential in the well-planned kitchen and one window opening from the top and one from the bottom will be best for good ventilation.

One new member, Mrs. Herbert King, and four visitors, Mrs. T. S. Patton, Mrs. J. T. King, Mrs. Glynn Fox and Mrs. J. L. Kinchloe, were present.

The club will meet with Mrs. Agnes McLaughlin on March 24 with a program on Control of Household Pests.

VIVIAN H. D. CLUB

"Proper ventilation is necessary to rid the kitchen of food odors," stated county home demonstration agent, Miss Myrna Holman, at a meeting of the Vivian Home Demonstration Club at the home of Mrs. Allen Fish on March 11.

Draperies of different styles were exhibited by Miss Holman. Three doors are more desirable than one-fifth as much window space as there is floor space.

Twelve members and three visitors, Mrs. R. S. Cartroll, Mrs. R. L. Walling and Mrs. A. L. Walling, were present.

The club will meet at the home of Mrs. Egbert Fish with Miss Bernita Fish as hostess on March 25.

RIVERSIDE 4-H CLUB

A demonstration on cooking vegetables was given by Miss Myrna Holman, county demonstrator, at the school house Tuesday, March 9. Cabbage and carrots were cooked and served. The proper way in which a table should be set was also part of the demonstration.

In answer to the roll call, the twelve members were supposed to parade a pair of slacks, shorts or skirts made by themselves, but some did not have theirs completed.

The club will meet again Tuesday, March 23.

FOARD CITY H. D. CLUB

"The common house fly, sometimes called the 'typhoid fly' because it carries the disease germ, is the most dangerous household pest," said Mrs. Lee Lafave and Mrs. J. L. Farrar, in a clever dialogue given at the Foard City Home Demonstration Club Tuesday, March 16. Mrs. George Canup gave a demonstration on ways or means of contesting the housefly. Mrs. Bob Taylor said "Proper screening of the house is important in the control of flies and mosquitoes."

Mrs. J. M. Glover gave several good formulas for the control of ants, and Mrs. Jo Morris said, "The Indians are the only tribe of people that have never had bed bugs."

Mrs. Mildred Thompson was elected to serve as home food supply demonstrator. There were 13 members with one new member, Mrs. Percy Stone, and two visitors present, Mrs. Buster Ryan and Mrs. Earnest Lilly.

The next meeting will be on April 6 at the club house with Mrs. E. V. Halbert as leader. Miss Myrna Holman will also meet with the club at this time.

GAMBDEVILLE H. D. CLUB

Household pests may be controlled in many different ways, was discussed at a meeting of the Gambleville Club Thursday, March 11, in the home of Mrs. Roy Alston.

Mrs. Roy Alston and Miss Mildred Solis gave a dialogue on the lives of flies. Mrs. Claudius Carroll told how and when to destroy bedbugs, cockroaches, ants, moths, and different kinds of flies were discussed by other members.

There were eight members present. The next meeting will be March 18 in the home of Mrs. C. W. Carroll.

MARGARET H. D. CLUB

In order to save steps avoid having a door between work surfaces, said Miss Myrna Holman, home demonstration agent, at the Margaret H. D. Club at their meeting with Mrs. J. P. Davidson on Friday, March 12.

Two new members, Mrs. S. L. Churchill and Mrs. Ed Taylor, and one visitor, Mrs. Coy Paynes, were present.

The club will meet again on Friday, March 24, with Mrs. L. W. Middlebrook. The program will be on control of household insects.

THALIA 4-H CLUB

The Thalia 4-H Club met Friday, March 5, in the Thalia high school where a pajama party was featured. Miss Myrna Holman gave a demonstration on "How to set a table." She also displayed several tablecloths.

Those wearing slacks were La Verne Wilhite, Anna Lucy Bray, Erma Mae Holt, Max Dean Beidleman, Audra Abston and Jo Ann Solomon.

The club will meet again March 19.

THOUGHTS OF SERIOUS MOMENTS

Our doubts are traitors, and make us lose the good we oft might win by fearing to attempt.—Shakespeare, Measure for Measure.

I remember that a wise friend of mine did usually say, "that which is everybody's business is nobody's business."—Izaak Walton.
