Crowell F. F. A. Chapter Wins Sweepstakes at Lubbock May 8

"SAFETY LANE" WILL BE HELD HERE TUESDAY

State Highway Patrol To Check Vehicles For Defects

A courtesy motor vehicle inspection campaign will be held in this city on Tuesday, May 18, by eight members of the special safety unit of the Texas Highway Patrol to this city in its safety program, according to information received from Captain M. L. Bertram of the Amarillo office, acting in accordance with instructions from L. G. Phares, chief of the Patrol at Austin.

The program planned for Tuesday will be identical in all details with that put on during the year in 179 other communities of the State, during which over a quarter of a million vehicles were inspected with over 300 proving defective.

The courtesy patrol, working under the direction of Captain Bertram and in co-operation with the local authorities, will set up a "safety lane" adjacent to the business district and all traffic will be checked through. Every car will be checked for possible defects in brakes, horn, muffler, steering gear and windshield wipers. Vehicles passing the test, will receive a certificate and a seal of approval while those which fail will be given a pink sticker showing the operator the nature of the defect. Courteous drivers will request the driver of the cars in the latter class to receive the seal of approval.

A number of every car passing through the lane is kept as a record by the Patrol and this record is available for checking at the motor vehicles figuring traffic accidents, the latter.

The program in schools is an educational program will be conducted in the schools with uniformed men instructing youngsters in safety methods.

President of Crowell Forty Years Ago Makes Short Visit

Mr. and Mrs. C. T. (Hooch) Gibson of Olympia, Wash., were here last Wednesday afternoon after a short time Wednesday afternoon after visiting old-time friends of Gibson, who was a resident of Crowell and Foard County over 40 years ago.

Gibson is the son of Mr. and Mrs. H. Gibson, deceased, who here in the 30's. His father was the Crowell postmaster in 1899. In company with M. F. Gibson, Mr. and Mrs. Gibson visited the old Gibson home place in Crowell, Tex., in 1936.

Gibson was Miss Evelyn of Vernon before her marriage to Mr. Gibson at Crowell in 1898. The marriage was performed by the Rev. R. M. Menon, who was Justice of the Peace.

Former Crowell Man Captive of Robbers of Big Sandy Bank

Edward Menon, former Crowell resident and brother of E. J. Menon, entered the First State Bank at Big Sandy as it was being robbed of \$4,000 Wednesday. Menon escaped with the robbers and are at large at the present time.

Menon entered the bank Mr. Menon was made to lie on the floor with three bank officials and a customer and after the robbers had emptied the till they forced into the vault. Menon did not take any money from the bank but was forced to watch the robbers. One of them said, "Just want the cash that is in the vault."

CAR REGISTRATIONS
New cars were registered at the office of the tax assessor this week. They are as follows: Woody, Ford tudor sedan, W. W. Nichols, Plymouth coupe.

Commanded Zep

The dirigible Hindenburg's 1937 maiden voyage which ended in flaming disaster when the airship exploded just before landing at Lakehurst, N. J., marked the first time that Capt. Max Pruss commanded the sky liner on a flight from Germany to the United States. Last year he was a subordinate officer when Capt. Ernst A. Lehmann and Dr. Hugo Eckener, the veteran Zeppelin expert, handled the ship on her regular passenger schedule. Schooled in Zeppelin work for a quarter of a century, he took over command this spring. Gravelly injured in the tragedy, he had more than a million miles of airship travel to his credit.

MAY TERM OF DIST. COURT TO CLOSE SAT.

Light Docket for Term; One Sentenced to Penitentiary

The May term of district court will be dismissed Saturday by Judge C. Y. Welch after a two-weeks' session. The docket for this term of court was light.

Only one more civil case remains on the docket for this term of court and it will be heard today (Thursday). The case against Jim Drake for forgery was dismissed on motion of the district attorney. In a cattle theft case, Marvin Cates and B. E. Henry received suspended sentences and charges against Lowell McKinley were dismissed. The case against Virgil Smith was continued until the next term of court.

Statutory offense charges against Luther Jordan were dismissed on motion of the district attorney because of the defendant's marriage to the prosecuting witness. In the case of State of Texas vs. Bradford Holloway, Ernest Knight, Lee Beazley and Tom Holloway for chicken theft, the first two named were given suspended sentences and charges against the third were dismissed. The latter was a juvenile and his case was continued until the next term of court.

S. M. Drew was sentenced to two years in the penitentiary for wife and child desertion. This was the only penitentiary sentence given in this term of court. District court will open in Quannah Monday morning.

Summer Encampment Planned for F. F. A.

The Crowell F. F. A. boys set up some plans for a summer encampment at Medicine Park some time in the near future at the regular monthly meeting Tuesday, May 11. A committee of three boys, Marion Benham, Hughes Fish, and Garrett Middlebrook, was elected to arrange for transportation and expenses of the trip and to select a date for the encampment.

Two indoor baseball teams were selected from both vocational agriculture classes. The teams will have practice games each day at noon, so as to get in practice for the district F. F. A. baseball contest to be held at Vernon Saturday, May 15.

The F. F. A. boys will meet twice a month instead of once, beginning the first Tuesday in June. They will meet every first and third Tuesday of each month during the summer in order that they may keep in closer contact with each other during vacation.

First In Debate; Second in News Writing Contest

Over Fifty Chapters of Area One Were Represented

The Crowell F. F. A. Chapter won sweepstakes in the Area One Leadership contests at Lubbock, Saturday, May 8. It was the only chapter winning two high places, which gave it more points than any of the other fifty chapters represented. The Crowell chapter won first in debate and second in news writing.

Debate Team
The members of the debate team were Marion Benham and Garrett Middlebrook. They won in three debates with a 3 to 0 decision each time over Seagraves, Roosevelt and Crosbyton. The F. F. A. debate question was "Resolved: That the Expense of the Federal Soil Conservation Program is Justified by Its Promotion of the National General Welfare." Franklin Evans, class second for position on Crowell team, served as alternate at the tournament. The debaters were awarded a twenty-two inch gold-plated trophy presented by the Lubbock Chamber of Commerce to be won three times for permanent possession.

News Writing
Hughes Fish won second in news writing and was awarded a 2-ft. x 18-in. blue and gold F. F. A. banner for permanent possession. First, second and third place winners are eligible to compete in the State F. F. A. contests to be held in Huntsville, June 28 and 29.

There were six leadership contests participated in by 196 F. F. A. chapters of Area One. Other contest winners were: Public Speaking—Lubbock, first; Littlefield, second; Anton, third. Debate—Crowell, first; Crosbyton, second; Roosevelt, third. Extemporaneous speaking—Wilson, first; Claude, second; Littlefield, third. One-act play—Ropesville, first; Quail, second; Slaton, third. News writing—Clarendon, first; Crowell, second; Tulia, third. Chapter conducting—Friendship, first; Sudan, second; Clarendon, third.

Gambleville School Term Ends Friday

The 1936-37 term of the Gambleville school will close Friday (tomorrow) and will end its activities with a free program given by the pupils tonight (Thursday) at 8 o'clock. The public is invited to attend.

FRACTURES ANKLE

Jesse Whitfield, son of Mr. and Mrs. J. A. Whitfield, fractured his ankle Wednesday while playing softball on the playgrounds of Crowell High School when he stepped on a rock while running.

WATER RECORDS IN FOARD ARE RELEASED BY STATE

The Board of Water Engineers announce this week the release in mimeographed form of the records of wells and springs obtained by the Works Progress Administration ground-water survey in Foard County. Copies of these records are available at the office of the Board of Water Engineers, Austin, and of the United States Geological Survey, Washington, D. C. Copies may be consulted at the Wilbarger County Library, Vernon, and at the high school libraries of Crowell, Beaman, Seymour, Paducah, Childress and Quanah.

This project is part of a statewide inventory of water wells started in 1929 being conducted to obtain information concerning existing wells, to ascertain the quantity and quality of water they yield, to put down test holes in areas where no wells or few wells exist, and to compile and publish the information thus obtained. This inventory is only a preliminary survey, and all of the information obtained can be used later in connection with a more thorough ground-water investigation by the State Board of Water Engineers assisted by the United States Geological Survey. The latter, more exhaustive study will coordinate the results of the well inventory, enabling the people of Texas to regulate intelligently the withdrawal of water from the ground, thus assuring themselves that an essential resource will not be needlessly exhausted.

The published records are of immediate practical use. They are of assistance to well drillers, water-supply engineers, geologists, county agents, (teachers of vocational agriculture, home demonstration agents, and prospective buyers of undeveloped land who desire to ascertain the approximate depth to water and the water quality.)

GOOD RAIN OVER MOST OF COUNTY

Good rains fell over most of Foard County last Friday night and also Sunday night, ranging from four-tenths of an inch at Crowell, where the fall was lightest, to an inch in most sections of the county. The prospects for a good wheat yield were strengthened by the moisture and the cool weather that followed.

COMPLETES COURSE

Recie Womack, who completed an embalmer's course at the Dallas School of Embalming on April 29, is at home for a visit with his parents, Mr. and Mrs. W. R. Womack. He attended the convention of the Texas and Oklahoma Embalmers' Associations in Mineral Wells last week.

Before entering the Dallas school Recie served a two-year apprenticeship with the Merkle Undertaking Co. in Wichita Falls.

Baccalaureate Services Will Be Held in Methodist Church Sunday Morning at 11 O'Clock

CHANGE MADE IN PERSONNEL OF AUTO FIRM

H. K. Edwards and Henry Borchardt Buy Interest in Chev. Co.

A business deal was completed in Crowell last week whereby H. K. Edwards and Henry Borchardt became part owners of M. & S. Chevrolet Co., local Chevrolet dealers, and are now active in the management of the business. J. C. Self, former manager who still owns an interest in the company, has gone to Wichita Falls where he will continue to be in the automobile business, having bought an interest in Henry Hamilton, Inc., Chrysler and Plymouth agency at 606 Scott Street.

Mr. Borchardt has been connected with the M. & S. Chevrolet Co. for several years as salesman and is now in charge of the sales and service department. Mr. Edwards, stockholder and former manager of R. B. Edwards Co. dry goods store for the past 18 years, is entering the automobile business for the first time. He will be office manager and in charge of the bookkeeping department.

J. R. (Jimmie) Self, former office manager for the Chevrolet Company, will remain an employee of the new owners.

New Manager of Store
Ernest King, who has been connected with the dry goods business of R. B. Edwards Co. for the past fourteen years, has been promoted and now becomes manager of the store. He has already assumed his duties in that capacity. Mrs. Henry Borchardt, also an employee of the Edwards store for many years, will continue as sales-lady.

SHOULD FILE NAMES

All persons desiring to be appointed notaries public of Foard County should file their names with County Clerk J. A. Stovall or send them directly to State Senator Ben G. Oneal at Austin at an early date, according to a letter received from Mr. Oneal this week.

"If any one is in doubt as to whether his name has been sent in he can find out by inquiry of Mr. Stovall," stated Mr. Oneal in his letter. Persons desiring appointment must be over twenty-one years of age.

NEW LIBRARIAN

Miss Ala Ketchersid succeeded Miss Juanita Hough as librarian of the county library in the court house Monday. Miss Hough assumed duties as an office deputy in the sheriff's department at that time.

To Wichita Falls

J. C. Self, pictured above, assumed his duties last week as first vice president and assistant general manager of Henry Hamilton Co., Inc., Chrysler and Plymouth agency of Wichita Falls. In connection with the reorganization of this company, an enlargement of the service department and also of the wholesale and retail departments will take place, according to announcement of the officials.

Mr. Self has been a resident of Crowell for the past 42 years and has been in the automobile business here for 25 years. Mr. and Mrs. Self expect to move to Wichita Falls in the near future.

"The company is fortunate in obtaining Self as a member of our organization," Mr. Hamilton said in an announcement in the Sunday Wichita Times. "Business has been expanding to such an extent it has required additional supervising by an experienced and capable executive," he continued.

FORMER OHIOAN BURIED HERE FRIDAY, MAY 7

Funeral Held at Home of Mr. and Mrs. Cecil Furgason

Funeral services for S. M. Shivers, formerly of New Athens, Ohio, were held Friday afternoon at 4 o'clock at the home of Mrs. Shivers' sister, Mrs. Cecil Furgason, Rev. B. W. Wilkins, pastor of the Methodist Church at Seymour, an old friend of Mrs. Shivers, conducted the services. Two special numbers were a male quartet composed of C. W. Thompson, A. Y. Beverly, T. T. Golithly and R. H. Cooper, who sang "Let the Lower Lights Be Burning," and a reading, "Crossing the Bar," by Mrs. I. T. Graves. Interment was made in the Crowell Cemetery.

Full bearers were A. Y. Beverly, Homer Ketchersid, Frank Flesher, J. R. Beverly, G. R. Webb. (Continued on Page Five.)

Many Die in Zeppelin Hindenburg Explosion

This remarkable picture was made just as the giant German dirigible Hindenburg burst into flames and exploded as it was preparing to land at Lakehurst, N. J., following a flight from Germany. Ninety-eight persons aboard were plunged to earth in the flaming wreckage. Thirty-four died almost instantly and of the 64 rescued, many were horribly injured. An explosion of a gas cell in the stern was blamed for the disaster.

Graduating Exercises for Seventh Grade to be Held Thursday Night, May 20

Graduating exercises for thirty-six members of the seventh grade will be held in the high school auditorium Thursday night, May 20, at 8 o'clock. Rev. E. L. Yeats, Methodist pastor, will address the class.

Program
Miss Annie Lee Long will play the procession, after which the class will sing, "Follow the Gleam." Address by Rev. Yeats will follow. The diplomas will be presented by T. B. Burrow, principal.

Honor Students
The valedictorian of the class is Billy Newton Klepper, whose average for the year's work was 96 1-10 and Virginia Moseley is salutatorian with an average of 95 7-10. Those graduating are Pauline Adams, Edna Lou Brisco, Doris Campbell, Lola Mae Donaldson, Iva Ruth GaFord, Dorene Gibson, Fay Griffin, Beverly Hughston, Sammie Gene Mills, Syble Mullins, Virginia Moseley, Marjorie Pechecek, Reed Sanders, Hallie Pauline Sellers, Brownie Taylor, Laura Belle Whitfield, Maxine Johnson, Iva Mae Bradford, Joe Wallace Beverly, Daniel Brisco, Wayne Cobb, Charles Davis, Ralph Flesher, Johnnie Ray Gray, J. M. Hill Jr., Billy Newton Klepper, Daurice Ray Naron, Curtis Nelson, A. Y. Olds, Archie Porter, Stanley Sanders, Joe Wells, Roy Lee Weathers, Robert E. Weathers, Murrell Diggs and Foy Sanders.

Mid-Term Graduates
The following students graduated: (Continued on Last Page.)

Rev. E. L. Yeats to Deliver Sermon to Thirty-One Seniors

Graduating Exercises To Be in Auditorium Friday, May 21

Baccalaureate services for the thirty-one members of the graduating class of Crowell High School will be held in the First Methodist Church Sunday morning, May 16, at 11 o'clock, with Rev. E. L. Yeats, pastor, preaching the baccalaureate sermon.

Graduating Exercises
Graduating exercises for the senior class will be held in the high school auditorium Friday night, May 21, at 8 o'clock. The program will be given by members of the class in commemoration of Horace Mann, who established free public schools one hundred years ago. The diplomas will be presented to the graduates by Superintendent I. T. Graves.

At the baccalaureate services Sunday morning, Miss Annie Lee Long will play the procession, and the recessional. The invocation will be given by Rev. John Tyndall, after which a sacred number, "All Hail the Power of Jesus' Name," will be sung by the congregation. An anthem, "Praise Ye, Jehovah," will be rendered by the choir. Following the scripture reading by Rev. Yeats, Mrs. Crockett Fox and Miss Doris Oswald will give a vocal duet. Rev. H. H. Henry will pronounce the benediction.

The program for the graduating exercises Friday night, May 21, is the first of its type to be given by a Crowell graduating class in many years. Members of the class will present musical numbers and talks in which facts and quotations of Horace Mann will be featured. The invocation will be given by Glen Don Reeder following the procession by Miss Lois Evelyn Norris. A quartet composed of Myrtle McKown, Evelyn Lee Cauthan, Annie Mae Hall and Edith Hutcherson will sing "Carita, Fair One," as the first musical number of the program and a vocal duet will be sung by Evelyn Cauthan and James Adams. A drama, "Beau of Bath," will be given by Glen Don Reeder, Annie Mae Hall and Joe Eddy.

Garrett Middlebrook, Mary Frances Green and Marion Benham will be the speakers of the program. Presentation of the diplomas and awards will be made by Supt. Graves, Gilbert Lankford will give the benediction.

High school honor students are Mary Frances Green, first, and Hughes Fish, second. Members of the class who will receive diplomas Friday night, May 21, are: James Adams, Marion Benham, John Bowley, Floetta Bradford, Edward Brisco, Hazel Canup, Ben Barker, Joe Eddy, L. T. Derington, Hughes Fish, Mary Frances Green, Annie Mae Hall, Thomas Hembree, Edith Hutcherson, Gilbert Lankford, Mary Wanda Lewis, Mozelle Lemons, Myrtle McKown, Garrett Middlebrook, Clinton McLain, Berdell Nelson, Glen Don Reeder, Raymond Roberts, Adolf Slovak, Edgar Lee Smith, David Solis, Horace Trammell, Richard Vecera, Frances Welch, Thelma Lois White and Ike Wilson.

My station is all on its own. My living's got to come mostly from just you people right here. I want your steady trade, so's to build a real growing business. And there's where it helps me a lot. I can tell you, to be selling Conoco Germ Processed oil. You see it makes customers and keeps them for me. It's patented—the only oil that can Oil-Plate your engine. Meaning that a definite part of this oil always fastens direct to every working part... forms a real Plating of oil, which can't run down. Other oils will "dry off" every time you park, but Oil-Plating can't, so you'll never make any hard, grinding starts. And that ends the worst wear of all. Or when you're hitting it up all day, you won't find this real Oil-Plating rubbing right off, like just some plain little drops of oil. Oil-Plating's not thinning out either, nor burning right up. Which gives you mighty solid reasons why Oil-Plating means more mileage from your engine and your Conoco Germ Processed oil. Besides making customers, I get a kick out of changing you to an oil I can believe in myself, right to the limit.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, May 13, 1937

Blessed is he that considereth the poor: the Lord will deliver him in time of trouble.—Psalm 41:1.

After the long sit down experience, workmen of this country have had during the past four years, it was hardly to be expected that any man would resort to it voluntarily so soon after recovery set in.

Somebody Said

Purloined Pointed Paragraphs

It requires a great deal of boldness and caution to make a fortune, and when you have got it it requires ten times as much wit to keep it.

All real success is built on failure. Those who are not discouraged by discouragement are the only sure winners in any undertaking.

The number of diplomas a young man has in his pocket isn't half as important as the amount of determination he has in his head.

The man who is afraid to do too much for people he does business with need not be afraid of having too much business to do.

Many salesmen think they have gone over their territories with a fine-tooth comb when really they have used a horse rake.

Ruts are easy to get into. The way to get out is a sharp turn in a new direction. You may break a wheel, but you'll get out.

The reason of all economy, social or industrial, should be independence.

If he made his money easy, the more reluctant he is to give up his load.

You can tell how close your closest friend is if you ask him for a loan.

Be it ever so humble, there is no place like that on the winning ticket.

In one respect men are like automobiles—self-starters are in demand.

Tomorrow's unfinished work is easy—provided you do today's today.

Some people have great faith in odd numbers—usually number one.

A Scotchman never boasts about it. Boasting is a waste of breath.

Know Texas

Denton. — Little do carefree Texas fishermen realize the forethought and preparation which makes it possible for them to "haul 'em in." The energies of the Texas Game, Fish and Oyster Commission are combined with those of the U. S. Bureau of Fisheries to protect and better fishing conditions both for commercial and sporting purposes.

Experimentation in the hatcheries, made necessary by a national fish shortage which began about 1884, is one of the most important phases of the commission's work at present. Shad, herring and California salmon were first tried, but did not thrive in Texas waters. Then German carp were tried, but this fish was soon discredited for lack of food value.

Now the nine hatcheries, which are located to serve all sections of the state except Southeast Texas, concentrate on white perch, black crappies, catfish, bream, goggle-eye and green perch. A total of 3,137,357 small fish were distributed over the state from these hatcheries in the fall of 1935. The commission is also working on the propagation of minnows and smaller fish, since their sale for commercial bait has caused a food scarcity for game fish.

Precautions have to be taken that game fish are not crowded out by buffalo, carp, suckers and gars. Other menaces are predatory birds and snakes.

A floating laboratory has been established by the commission on the coast at Rockport. Little is now known about the habits and banks of coastal fish, but authorities say that if the Gulf banks were as well marked out as those at Newfoundland, fishing interests would have a tremendous boom.

THIS WEEK IN HISTORY

May 10—New York banks stopped specie payment, 1873. Lindbergh's plane placed in Smithsonian Institute, 1928.

May 11—Irving Berlin, composer born, 1888. Columbus sailed on last voyage 1502.

May 12—Florence Nightingale, nurse was born 1820. International Peace Conference, Washington 1913.

May 13—First English settlement in America at Jamestown, Va., 1607. Congress gave Alaska civil government, 1884.

May 14—Pershing took command of the American Army, 1917. Dante was born 1265.

May 15—Coolidge signed Flood Control Bill, 1928. U. S. Department of Agriculture established in 1862.

May 16—First woman dancers on Paris stage, 1681. National Republican convention at Chicago nominated Abraham Lincoln, 1860.

Half-Masting the Flag

Half-masting the national flag in token of mourning originated at sea, as the use of the term "mast" instead of "stax" indicates. "Hoist your sails half-mast high," said Captain Smith in his "Seaman's Grammar," published in 1627. The custom dates back several centuries and probably grew out of the earlier custom of lowering the flag on vessels at sea as a sign of submission to a foe. The flag is also lowered to half-mast as a signal of distress, a practice followed by the Spanish as early as the Seventeenth century. According to flag etiquette, when a national flag is placed at half-mast as a tribute of respect to the dead it is first raised to the top of the staff or mast and then slowly lowered to a position at or near the middle of the staff.

Journey's End for World's Greatest Airship

Wreckage of the huge dirigible Hindenburg, after the explosion at Lakehurst, N. J., when the great ship was preparing to land. Costing the lives of more than 34, the disaster was one of the worst in history.

CROWELL LOSES 2 BALL GAMES AT MARGARET

Sinclair Takes Game From Gulf Oilers Tuesday

Margaret softballers lost to the Sinclair Dinosuars 7 to 6 in a game played in Crowell Friday afternoon but won a double-header from the Crowell all-stars at Margaret Monday afternoon. The first game ended 5-3 and the second 7-5, both in Margaret's favor.

The Margaret team played jam-up ball in the two-game program Monday to win a two-run victory in each of the games. Hubert Smith, Walter Hysinger, of Margaret, and Grady Graves, Joe Eddy and Roy Mullins, of Crowell, connected for home runs during the games. J. S. Owens, Margaret player, and Loraine Carter of Crowell were credited with three-base hits.

Sinclair-Gulf

The Sinclair team defeated the Gulf Oilers for their second time this year Tuesday afternoon by the score of 10 to 7.

Parson Brownlaw

Parson Brownlaw was a camp meeting convert from the mountains of Tennessee who rose to fame as a lay preacher on a circuit including five states. He used as weapons the Bible and a pistol, and had few equals as a master of invective, says the Washington Star. He spared no man or issue in his vitriolic attacks. The following example of his lusty eloquence is from a lecture he made shortly after the Civil War: "If I had been authorized some two or three years ago to select about two or three hundred of your most abominable anti-slavery agitators in the North, and an equal number of God-forsaken and hell-deserving Disunionists of the South, and had marched them to the District of Columbia, hanged them on a common gallows, dug for them a common grave and embalmed their bodies in jimson weed and dog-fennel, there would have been none of this trouble."

YOUNGEST DEAN

Miss Frances McLaughlin, twenty-one, assistant dean of women at the University of Pittsburgh, is one of the youngest deans in American colleges. Two years ago, a leader in many campus activities, she was Alma Mater Queen. She has charge of the women's placement bureau and women's fraternities.

The Hindenburg Disaster

The Nation was again shocked by the 18th major lighter-than-air craft disaster which occurred last Thursday evening at Lakehurst, New Jersey, in the attempted landing of the Hindenburg airship. The present known death toll is 33 with some members of the crew unaccounted for. The loss of this great airship is the 9th major disaster since the World War. A review of these terrible disasters should be a helpful warning to our people at this time, who contemplate future experiments of this kind:

February 12, 1935, the U. S. Macon; April 4, 1936, U. S. Navy Akron; October 4, 1930, British dirigible R-101; May 25, 1928, Italian dirigible Italia; September 3, 1925, U. S. dirigible Shenandoah, formerly U. S. dirigible Dixmoor; February 21, 1922, U. S. dirigible Rome; August 24, 1921, dirigible ZR-2 (bought in England for U. S.); January 29, 1921, British dirigible R-34; July 21, 1919, dirigible (burned over Chicago); July 15, 1919, British airship NS-1, struck by lightning over North Sea; June 20, 1914, airship and airplane collided at Vienna; September 9, 1913, Zeppelin L-1; October 17, 1913, Zeppelin L-2; July 2, 1912, balloon Akron; also the Zeppelins 3 and 6 and the Deutschlands 1 and 2.

After giving careful study to this mode of travel and the methods of procurement in the handling of our lighter-than-air craft, I recommended in my minority report, filed in March, 1934, the following concerning the future purchase of lighter-than-air craft by the Government:

"That no more purchases of lighter-than-air craft equipment be made unless and until their elasticity of performance, maneuverability, and general usefulness under actual war conditions is definitely proven to the entire satisfaction of a disinterested board." My investigation and report at the time pointed out that the Goodyear-Zeppelin Corporation of Akron, Ohio, makers of the last two ill-fated lighter-than-air crafts, the Akron and the Macon, which were destroyed in 1933 and 1935, respectively, and have cost the taxpayers of the Nation more than \$10,000,000 and which contracts were let without any competition and under the present order of procurement future contracts would be let the same way, and the writer pointed out that according to the evidence available the only one which benefited from the lighter-than-air craft purchases was Mr. Mellon's monopolistic Aluminum Company of America, which furnishes practically all the material for these airships.

From a national defense point of view, certainly these large airships have yet to prove their worth, and they dismally failed in the World War to justify the faith of their masters as shown by the tremendous record of destruction heaped upon them.

Several bills are now pending to have the Government subsidize the manufacture of these large lighter-than-air crafts for commercial use on the same basis the Government builds ships for the Merchant Marine, to be used by the Government in case of war. I have always believed our National Defense policy should be based entirely upon a defense based upon fighting on foreign soil or in foreign waters and I believe this should be the basis of our National Defense program.

Appropriations for Relief

The House Appropriations Committee has been holding hearings this week on deficiency and relief bills. We are receiving urgent requests for adequate appropriations for the unemployed and for the many PWA and WPA projects approved and waiting construction nationwide. Hysteria and "economic" seems to have recently gripped the hearts of the members and being placed between these

fires it is hard at this point to judge the outcome.

The House on Wednesday, passed a bill appropriating \$2,500,000 to foster the planting of trees in the cut-over timber section. The bill passed by a vote of 171 to 153 and passed the Senate the following day without a record vote.

CCC Legislation

The President has recommended the continuance of the CCC Camps on a 300,000 enrollment basis. The legislation is now being considered in the Committee and will be ready for consideration this week.

The Calendar

The Judiciary Committees of the House and Senate are still considering the President's Court proposal. The Naval Affairs Committee of the House is investigating the Naval Oil Reserve with the view of determining whether or not leases now owned by the Standard Oil Company should be purchased by the Government. The LaFollette Civil Liberties Committee continues to disclose startling labor conditions in the Harlan Coal field. The House Agriculture Committee continues its hearings on the sugar quota legislation. The Senate worked Monday and Thursday of last week and recessed the balance of the time and promises about the same program this week. The House this week will consider the Civilian Conservation Corps Bill, and the Interior Department Appropriation measure.

The People Speak

The President is due to return this week from his fishing trip and it is to be hoped that some positive issue can be had on the Court issue in the near future. The House of Representatives at Austin, is to be congratulated upon the passage of their resolution favoring the President's Court proposal. This should hearten the Texas members of Congress to know that their people are aggressively back of the President's Court program. Every where the people have had the opportunity to express themselves at the ballot boxes they have overwhelming endorsed the President's Judicial Reform program, whether it was in Georgia, Texas or California.

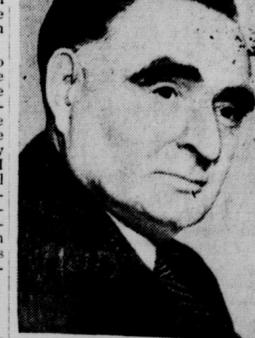

The "Lawyer's Alcove"

The "Lawyer's Alcove" is the name given to a volume of selection of the best poems by lawyers, for lawyers and about lawyers, says the Washington Star. Included in the volume are Shakespeare's "Sonnet CXXXIV," Blackstone's "A Lawyer's Farewell to His Muse," "Justice," by John Quincy Adams; "The Judicial Court of Venus," by Jonathan Swift; "General Average," by William Allen Butler, and Riley's "Lawyer and Child."

Difference in Honeys

Lighter-colored honeys have a milder flavor than the darker-colored varieties.

COAL COMMISSIONER

John C. Lewis, mine union member, of Iowa, one of seven men appointed by President Roosevelt as a commission to administer the second Guffey coal control act, which was signed by President Roosevelt in Washington recently. The act permits the industry, under federal supervision, to fix prices in accordance with the cost of production.

HUGHSTON - SPENCER AGENCY

GOODLETT BOWS TO CROWELL IN MATCH GAME

The Crowell baseball team climbed the H-W-F league standing ladder to the .500 rung Sunday when they defeated Goodlett 12 to 4 in a league game played at Goodlett.

To Play Rock Crossing Here Sunday in 3rd League Game

The feature of the game was the masterful relief pitching of Grady Graves, who relieved Green in the fifth inning and allowed no runs for the rest of the game.

Rookies Good

With the absence of several of the regulars the line-up was juggled and several of the rookies got their chance to perform and they did a good job of pushing the Crowell nine further up the ladder. The six errors that were made by the local boys were due to the fact that they were not used to their positions. Norman, regular outfielder, was brought in on the short stop position and made only three bobbles during the nine innings. This is good playing for an outfielder playing an infield position in any club.

32 Hits in Game

Thirty-two hits were accounted for by both teams. Crowell registered 22 safties to 10 for Goodlett. Norman, Graves and Green tallied 12 of Crowell's hits by collecting four bingles each. Rushing connected for 3, and Akers, Goodlett pitcher, led his team with 3 hits.

Kings Oil Withdraws

It was learned Sunday that the Kings Oil team had withdrawn from the league when they didn't appear at Truscott for a scheduled

The Speedy Salmon

Salmon swim at a normal rate of a mile an hour, according to a Scottish Fishery board report, and one marked salmon traveled 300 miles to the Firth of Forth at an average speed of 1 1/2 miles an hour.

Locals

W. R. Womack went to Dallas Wednesday on business.

For sale or trade one used Chevrolet coach.—M. S. Henry & Co.

Sell your cream, eggs and hides and buy your feed at Ballard Produce.

Maytag washers, ask us for demonstration.—M. S. Henry & Co.

Mr. and Mrs. J. L. Gamble of Thalia visited relatives and friends in Knox City and O'Brien Sunday.

See that used pick-up we have if you want a bargain.—M. S. Henry & Co.

Miss Mary Lou Fudge of Wichita Falls spent the week-end at home.

Tagged and recleaned half-and-half cotton seed for sale at Ballard Produce.

Miss Ruth Ferguson of Dallas spent the week-end with her parents, Mr. and Mrs. H. E. Ferguson.

Mr. and Mrs. Roy Archer and children spent Saturday night and Sunday in the home of Mrs. Archer's uncle, Bob Hinesley, of McAdoo.

Mr. and Mrs. O. B. Stanley of Abilene were in Crowell Sunday for a visit with Mr. Stanley's mother and sister, Mrs. M. V. Stanley and Mrs. Edgar Womack, at the home of Mrs. Womack.

Big milk shakes 5c. Banana split with fruit topping 10c. Double dip cones, big ones, 5c. All kinds of ice cream.—Reeder's Drug Store.

Mrs. J. W. Owens and mother, Mrs. G. W. Wallen, returned Saturday from Denton where they spent a week visiting in the home of their sister and daughter, Mrs. E. I. Huffaker.

Mrs. W. V. Burrow of Portales, N. M., spent last week in Crowell visiting her brother, J. W. Ellis. She left Crowell Friday for Montreal, Canada, to spend the summer with her daughter, Mrs. Andy Jacobson.

Let us show you the new, modern Perfection oil cook stove.—M. S. Henry & Co.

Mrs. Bessie Jordan and daughter, Mrs. Fred Duffie, of Fargo and Mrs. Mae Gunn of Electra, and Mrs. Ida Singleton of Kingfisher, Okla., visited Mrs. J. L. Gamble and Mrs. Beecher Wisdom of Thalia last week.

Water bags, 85c.—M. S. Henry & Co.

Dan Tarpley of Lubbock visited for a short time with friends in Crowell Sunday night.

Mr. and Mrs. E. L. Draper and Mr. and Mrs. B. E. Purdue of Jayton were business visitors in Crowell this week.

Maytag water softener, 40c.—M. S. Henry & Co.

Mrs. Emmett Scott and son, Taber, of Amarillo are here this week visiting Mr. and Mrs. Tom Seal.

Mr. and Mrs. N. J. Roberts returned Sunday from a visit with Mr. and Mrs. John Roberts of San Antonio.

Mrs. John W. Hampton will review "The Rolling Years" Wednesday, May 19, at 3:30 p. m. 25c and 15c.

Ice cream, when made from pure cream and whole milk, is not a luxury but a wholesome food.—Reeder's Drug Store.

Mr. and Mrs. George Hay and children of Waco visited relatives and friends here last Saturday, returning home Sunday.

Misses Adine and Dickie Cocker of Chillicothe visited in the home of their aunt, Mrs. H. E. Black, over the week-end.

Mr. and Mrs. J. C. Spears went to Gilliland Monday afternoon for a visit with their daughter, Mrs. Dolph Martin, and family.

Mr. and Mrs. Joe Roberts and small daughter, Joan, of Canyon were here Sunday visiting his parents, Mr. and Mrs. N. J. Roberts.

"The Red Headed Stepchild," a 3-act comedy at high school auditorium this evening (Thursday) at 7:45 o'clock. Admission 10c and 15c.

Mrs. Dwight Moody and small daughter, Barbara, are visiting in the home of Mrs. Moody's parents, Mr. and Mrs. G. F. Waggoner, in Plainview this week.

A Farm-all tractor rebuilt and ready to go at a bargain.—M. S. Henry & Co.

Mack Boswell of Vernon was here for a short time Saturday afternoon visiting friends. He was en route to Plainview to visit relatives.

We have some bargains in used tractors.—M. S. Henry & Co.

Dr. J. M. Hill was in Fort Worth Monday and Tuesday attending the seventy-first annual session of the State Medical Association.

Dr. Hines Clark went to Fort Worth Tuesday morning to attend the seventy-first annual meeting of the State Medical Association.

Mr. and Mrs. Henry Wright and small daughter, Janell, of Floydada visited from Thursday until Saturday of last week in the home of Mr. and Mrs. Roy Archer.

For sale, a used Chevrolet pick-up.—M. S. Henry & Co.

Robert Choate of the CCC Camp at Fort Thomas, Ariz., is at home visiting his parents, Mr. and Mrs. J. J. Choate, at Margaret. He will return to camp Saturday.

A bargain in a rebuilt John Deere tractor.—M. S. Henry & Co.

Rev. John W. Tyndall Jr. returned Saturday from Waco where he attended the fifty-first annual convention of the Christian Churches of Texas, which was in Session May 3 to 6. About 2,000 delegates attended.

Mr. and Mrs. Julian Wright of Vernon have been here this week on account of the illness of Mr. Wright's sister, Miss Josie Wright. They were accompanied by Mrs. Wright's mother, Mrs. Laura Giddings.

Howell Hallmark of Wink arrived here for a visit with his father, W. E. Hallmark, and other relatives and friends.

A rebuilt 15-30 International tractor for sale or trade at a bargain.—M. S. Henry & Co.

Charles Bisbee of Benjamin spent Wednesday night with his cousin, J. E. Harwell, and family. Mr. Bisbee is former editor of the Benjamin Post.

Decrease Expected in Number Employed in NYA District 12

In District 12 comprising 14 counties, there are now 25 projects being operated by the National Youth Administration in 13 counties, according to H. A. Ziegler, Ass't. District Supervisor.

During the month of April there were 533 youths between the ages of 18 and 25 employed on these projects. Several have found jobs in private employment during the last few days and in anticipation of the need for farm labor and other seasonal employment, Ziegler stated he is expecting a decrease in the number now working on NYA projects.

Travelers Warned Concerning Typhoid

Austin.—As the summer season approaches, a word of warning is timely to prospective campers, Boy Scouts, Girl Scouts, summer vacationists, fishermen, and others who enjoy getting out into the open, relative to the possible dangers that may be encountered from the standpoint of contracting infection under the changed environment. This is especially true of diseases that may be transmitted through food and water supplies.

Typhoid fever is a disease the amount of which is greatest, as a rule, where there is the least sanitation. It is an unnecessary and preventable disease. It is spread from person to person by water, milk, fingers, flies, and food. Every case is contracted by taking into the mouth some substance contaminated with typhoid organisms, and these occur only in nature in the bowel and bladder discharges of persons sick with typhoid or from carriers, persons who have had typhoid and who after recovery still harbor the germs in their systems.

Persons planning a vacation or trip where sanitation may not be rigidly enforced or where food handlers are not regularly examined should protect themselves against this disease by being vaccinated. Three inoculations with typhoid vaccine, a week apart, are necessary to secure protection against this disease and the immunity established is good for two years. The purity of water or milk cannot be judged by looking at it. Play safe and have your doctor protect you.

GRAPE FRUIT CAME FROM SPAIN IN 16TH CENTURY

Beans have been cultivated since long before there was any recorded history. They are known to have been eaten by the ancient Egyptians and Greeks, and when the first voyagers reached the Western continent, they found beans growing. Natives of this country added corn to give the world a new dish, succotash, says the Kansas City Star.

Remains of apples have been found in Switzerland's prehistoric lake dwellings. North America is the world's greatest apple-producing country, the annual crop exceeding 100,000,000 barrels.

Ice cream, generally thought to be an American invention, originated in Italy in 1600. It spread to France and England, then across to the American Colonies. Even the wide diversity of ices and ice creams is neither modern or American, for when the process of freezing first was discovered it was used for almost every dessert and beverage.

Why is a grapefruit called a grapefruit? Every child at some time in his life asks that question. The answer is that the name originated because of the grape-like cluster or bunches in which this fruit grows. It was introduced into Florida by the Spaniards early in the Sixteenth century, but did not become popular until comparatively recently.

One Hundred and One Approved for Old Age Assistance in Foard

Up to April 1, 1937, a total of 223,800 applications had been filed for Old Age Assistance in Texas. Of this number a total of 139,999 had been approved for grant at that date. During the month of March, 1937, a total of 121,771 aged persons in Texas were paid Old Age Assistance, each grant averaging \$14.12.

At the same date in the 14 counties comprising the Wichita Falls District a total of 6,597 persons received Old Age Assistance. Of this number 4,325 had been approved for grant, and during the month of March, 1937, a total of 3,171 persons received Old Age Assistance in the Wichita Falls District, the average amount being \$14.62. In the Wichita Falls District a total of 61 per cent of the applications filed had been approved for grant as compared with a total of 62 per cent over the entire state.

On April 1, 1937, it was found that in Foard County a total of 181 applications had been filed. Of these applications 101 had been approved for grant at that time. During the month of March, 1937, a total of 63 aged persons in Foard County were paid assistance, the average amount being \$14.22.

The 101 applicants who were approved for grant on April 1, 1937, represent the number who will receive Old Age Assistance warrants during the month of May.

S. M. Shivers—

(Continued from Page One)

ster and T. B. Klepper.

Mr. Shivers became critically ill at his home in New Athens Jan. 27, 1937, and was brought to Crowell about six weeks ago where his condition grew worse until death came Thursday afternoon, May 6.

Mrs. Shivers, formerly Miss Cassie Dockins, is the daughter of Mr. and Mrs. A. J. Dockins of Crowell. Mrs. Dockins had been in New Athens for the past year and also returned to Crowell with her daughter and son-in-law.

Samuel Murry Shivers was born in New Athens, Ohio, June 14, 1882. He was married to Miss Cassie Dockins of Crowell June 20, 1934, at Wellsburg, Va. The couple lived in New Athens until coming to Crowell recently, the husband having lived there all of his life.

Mr. Shivers was converted and joined the Methodist Church at the age of 14 and lived an exemplary Christian life.

Until six years ago he had operated his own meat market and grocery store for a long period of years, but since that time he was an employee of the Ohio & Pennsylvania Coal Mine of Cadiz, Ohio, until his health failed in January.

Survivors include his wife and three brothers, Taylor, William and Frank Shivers of New Athens and a large number of nieces and nephews in the state of Ohio.

Out-of-town friends attending the funeral were Mr. and Mrs. A. A. Payne and Miss Ruby Reynolds and mother of Paducah, Mr. and Mrs. John Smith and Mrs. T. S. Edwards of Knox City, Mr. and Mrs. Jake Tarter and son of Wheeler, and Rev. and Mrs. B. W. Wilkins of Seymour.

Dramatic Club Will Present Play Tonight

The Dramatic Club of Crowell High School will present "The Red Headed Stepchild," a three-act comedy, tonight (Thursday) at 7:45 o'clock in the Crowell High School auditorium under the direction of Mrs. I. T. Graves, speech teacher.

The eleven members of the club are cast in the play.

CEMETERY DONATIONS

The following donations have been made to the Crowell Cemetery Association since the last report:

W. A. Cogdell \$1.00
Mrs. Maggie Magee 5.00

GOTHS LOST IDENTITY, BUT DESCENDANTS STILL EXIST

The Goths were an ancient warlike tribe of Teutons who are first spoken of as inhabiting the country in the vicinity of the Baltic sea. They were looked on by the Romans, whose provinces they ravaged as merely destroying barbarians; hence their name came to be applied, like that of their kindred race of Vandals, to any rude, uncultured, destructive people, relates a writer in the Cleveland Plain Dealer.

The Goths lost their separate identity centuries ago, but their descendants are to be found in most of the western and northern countries of Europe.

From the Baltic they moved in the third century, toward the Black sea. At the Dnieper River they divided into eastern and western branches—the eastern being known as Ostragoths and the western Visigoths.

The Ostragoths, after ravaging eastern Europe, established a kingdom in Italy, under Theodoric. It lasted from 493 to 554 A. D., when the country was recovered by the Eastern Roman empire and added to its territories.

The Visigoths, after various successes against the Romans, sacked Rome, under Alaric, in 410. Many of them afterward settled in Spain and founded there a kingdom which lasted until that country was conquered by the Saracens.

CARD OF THANKS

We want to express our sincere appreciation for the many acts of kindness shown us by our friends in Crowell during the serious illness and death of our loved one, S. M. Shivers. May God bless each of you.

Mrs. S. M. Shivers and Family.

Did You Know That—

By Myrna Holman, H. D. A.

Ten of the thirteen most celebrated paintings in the world are of religious subjects?

Irish potatoes are not so fattening after all? Macaroni, oatmeal, and cake are all four times as fattening as potatoes.

A pair of baby's booties slipped over his hands will prevent them to go right down the sleeve without any tangled up fingers?

Water spots are easily removed from glasses by rubbing them with a slice of potato and then rinsing in vinegar?

A lovely center piece for the table may be made by placing several cactus blossoms on a plate? No water, please.

Fresh, lean meats (not pork), leafy vegetables, tomatoes, milk and eggs are good pellagra preventative foods?

It is time for the sphinx moth (often mistaken for a hummingbird) to emerge from its chrysalis. The upper wings are tan, the lower ones brightly colored. Watch for it among the honeysuckle and petunias.

Tunkins Defines a Leader

Jud Tunkins says a leader is sometimes a man who gets a whole lot of people to agree with him, but oftener a man who learns to agree with a whole lot of people.

Where Wisconsin Got Its Name

The name Wisconsin was evolved from the old Menominee Indian word, "Wicase-oh'-seh," meaning "good place to live." The French spelled it Ouisconsin.

Hawaiian Church Has Centennial

View of the first Christian church ever erected in Hawaii, which reaches its century mark this year. Known as the "old stone church" the edifice was built in the tiny coffee-trading village of Kailua by American missionaries in 1827. It was at Kailua President Roosevelt first saw Hawaii when he visited mid-Pacific American territory several years ago.

No Matter How the Wind Blows

Prepare for a rainy day, by assuring yourself of enough money in the bank to provide against emergencies! You'll never miss a little each week—but it accumulates more quickly than you realize . . . and means so much in time of need.

CROWELL STATE BANK

ANNOUNCEMENT

I have formed a partnership with O. M. Parker of the Majestic Studio in Paducah and will work there during the week, but will be in Crowell every Saturday and Sunday to develop films and make sittings.

The studio here will be open during the week and kodak films may be left any time during the week.

Films left at the studio between Monday and Friday nights will be delivered Saturday afternoon and those left Saturday or Sunday will be delivered Wednesday afternoon.

THANKS
For Your Patronage in the Past
—and I will appreciate your business in the future.

Billy Jean Bradshaw of Rayland spent Sunday with Wade Adams. Mr. and Mrs. John Nichols attended.

INTERESTING FACTS OF THIS AND THAT

The Hershey plant at Hershey, Pennsylvania uses 800,000 pounds of milk a day in its products.

The United States gold reserve has now reached a total of \$11,500,000,000. Since the price was pegged at \$35 an ounce the gold reserve has increased at the rate of \$1,000,000,000 a year.

A seat on the New York Exchange sold recently for \$160,000. In 1929 the price was \$625,000. In 1932 a seat could have been bought for a few dollars. There are 1375 members of the exchange.

Sugar consumption of the world last year was 30,000,000 tons. America is the world's largest consumer of sugar.

New York City uses 3,000,000 quarts of milk each day.

RAYLAND

(By Annisie Davis)

Mr. and Mrs. Bill Singleton of Oklahoma visited Mr. and Mrs. Buck Clark last Monday.

Mrs. T. J. Haynes of Vernon visited her mother, Mrs. Rintha Creager, last Monday.

Ed Armstrong of Doans spent last Wednesday with Mr. and Mrs. Buck Clark.

Mrs. Jane Armstrong of Doans is visiting her sister, Mrs. W. J. Dewberry, and family.

H. N. Brooks and wife of Odell visited his niece, Mrs. Ruth Lawson, and family last Thursday.

Fred Duffie of Doans was a business visitor here Thursday.

Rev. Allan Hughes of Vernon was a business visitor here Thursday.

Little Barbara Ann Lawson was ill last week.

Rev. Ballard preached at the Baptist Church last Sunday.

Mrs. S. G. Presley of Chillicothe, Mrs. Bill Barrett of Paducah, Mrs. Fred Taylor of Margaret, and Misses Annisie and Margie Davis of Odessa spent Friday and Saturday with their parents, Mr. and Mrs. J. C. Davis, and brother, T. C. Davis.

Several from here attended singing at Riverside Friday night.

Miss Hazel Rutledge of Dallas spent Saturday and Sunday night with her parents, Mr. and Mrs. R. A. Rutledge.

Miss Almeda Crabtree of Crowell spent Sunday with relatives and friends here.

Mr. and Mrs. Luther Streit of Parsley Hill and Will Lawson and family of Tolbert spent Sunday with Mr. and Mrs. R. A. Rutledge.

H. T. Faughn and family spent the week-end with relatives in Childress.

Miss Tommie Raines went to Nacona Sunday to be with her sister, who is ill.

Dewey Harrington and J. C. Davis of Nacona visited friends here Sunday.

A. T. Beazley and wife were called to Childress Thursday night to be at the bedside of her aunt, Mrs. Will Bushon. Mrs. Wishon died Friday. Dewey Bushon and Mrs. Ida Copeland of Childress and another sister of Lubbock came and spent the week-end in the Beazley home.

Mail-Carrying Camels in U. S.

In 1854, to make transportation of mails across the Western deserts of this country a "certainty," the Post Office department purchased a number of camels in Egypt and Asia Minor for \$30,000. The stony surfaces on the deserts of Arizona and California injured the soft pads on the feet of the camels. An unsuccessful attempt was made to provide the camels with specially devised leather boots. The idea was finally abandoned.

Poets are born—and there does not seem to be any remedy for it.

Executors of the Estate of Margaret L. Bell, Deceased.

Chevrolet Salesmen North Texas Honored

During the month of April, in three mass assemblies of dealers, sales managers, and salesmen, Chevrolet Motor Division honored the retail salesmen of the Dallas Zone area, which is comprised of 100 counties of North Texas. This recognition was occasioned by the splendid selling record achieved by these salesmen in delivering new Chevrolet passenger cars and trucks and used cars for Chevrolet dealers during the year 1936.

One hundred and thirty retail salesmen in the Dallas Zone area qualified for membership in Chevrolet's exclusive "100 Car Club" and these men were feted with an elaborate banquet with entertainment and presented by Chevrolet Motor Division with "Appreciation Checks" in the amount of \$75.00 each, and a "100 Car Club" pin with a diamond mounted in it for each year in which they had qualified for membership.

Dallas Zone of Chevrolet has great pride in their men of the "100 Car Club." More men of this zone qualified for membership than in any other zone in the United States, in 1936.

One hundred and ninety-four men of this area qualified for membership in the "50 Car Chapter" of the 100 Car Club. These men received distinctive pins with additional diamonds mounted for each year's membership attainment.

Chevrolet dealers generally have strong, well equipped and well trained forces of retail salesmen and are providing them with additional incentives for increased retail selling efforts in 1937 through a very unique and practical plan of incentive bonds. The selling at retail for Chevrolet dealers of new passenger cars and trucks, and of thoroughly reconditioned guaranteed O. K. used cars provides, for a large number of especially trained and experienced salesmen in practically every community of North Texas, a career in salesmanship that is dignified, substantial and satisfactorily remunerative.

Chevrolet dealers generally have strong, well equipped and well trained forces of retail salesmen and are providing them with additional incentives for increased retail selling efforts in 1937 through a very unique and practical plan of incentive bonds. The selling at retail for Chevrolet dealers of new passenger cars and trucks, and of thoroughly reconditioned guaranteed O. WHAT WE THINK

(By Frank Dixon)

I never trust the conclusions of a man who is sure about everything. When a man reaches a point where he is sure about everything he is more often wrong than right.

It takes competition to put business up on its toes. Courtesy to a customer reaches its high point in the average filling station.

Twenty years ago about the only issue between the two major political parties was the tariff. Now one seldom hears of the tariff. The country is facing some difficult problems.

In spite of all our wisdom and learning new problems seem to appear in this country faster than we can solve them. When I look back at the horse and buggy days with their comparative simplicity I wonder if we have profited ourselves much by complicating existence in the way that we have.

We are going faster, it is true, but where?

As I look over the salary list of the professional baseball players, I am led to the conclusion that from a financial standpoint it is

How Modern Women Lose Pounds of Fat Swiftly—Safely

Gain in Physical Vigor—Feel Younger With Clearer Skin and Vivacious Eyes That Sparkle With More Glorious Health

Here's a recipe that reduces fat and brings into blossom the natural attractiveness that every woman possesses.

Hundreds of satisfied users call it the Kruschen Way.

Every morning take one-half teaspoonful of Kruschen Salts in a glass of hot water before breakfast and hot down on pastry and fatty meats, butter, cream and rich pastries—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—eyes sparkle with more glorious health—you feel younger in body—keener in mind.

Get a 4-oz. bottle of KRUSCHEN SALTS at any drug store in the world—lasts for weeks and costs but few cents.

Note—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.

The Passion Flower

The three leaves of the so-called Passion Flower that grow in a cluster represent the Father, Son and Holy Ghost. The tendrils and the thorns with which Christ is bound, the various parts of the flower—stamens, pistil, sepals and petals—represent the crown of thorns, the three nail prints, the five wounds, the three spears, the two clubs and the cross. The two crosses represent the Apostles, including Judas, who betrayed Christ, and Peter, who denied Him.

Why not tell him to watch his pitching arm and he may one day make the big league?

Every man who has tried to slip in the house at night without disturbing the wife marvels at the skill along this line shown by burglars.

I note by my daily that it was about twenty years ago that war was declared to abolish all wars. Most of the nations involved have spent most of their time since getting ready for another war. They have worked out all the problems except where they will get the money.

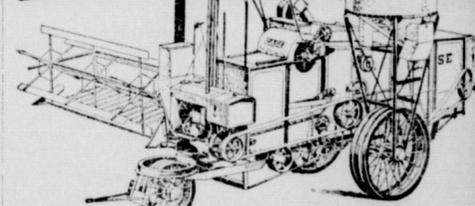

The way they have acted about the last little accommodation we favored them with doesn't make it very easy for them to touch Uncle Sam again.

Even a benevolent uncle can get contrary about money matters.

I happen to be one of those who hopes Lewis finds his Waterloo is Henry Ford. To me Henry Ford represents the best in industrialism. He has been a leader in the matter of wages and working conditions.

He is the one man in this country who told the Wall Street bankers where to go and make it stick, and who held his own against the N. K. A. I want to see him hold his own against Lewis' hirelings.

This Paper For One Year and 52 Issues of PATHFINDER ONLY \$1.88

More than a million readers throughout the country read PATHFINDER regularly for a complete, timely and unvarnished digest of the news. Are you overlooking something? Today, economic and political affairs are at the top of your pocket-book. Everyone's asking, "What's it all about, and how much is it going to cost me?" Before you can answer that question you must be able to interpret the news; and before you can interpret you must have all the facts clearly explained.

EVERY WEEK FROM THE NEWS CENTER OF THE WORLD

Pathfinder comes to you with its reliable, easy-to-read and easy-to-understand news reviews in words, pictures and charts. Its condensed form presents a lively and intelligible survey of current events throughout the world; its impartial interpretation, analysis and explanation of the news, enables you to think and talk straight. Other week news magazines sell at \$4 to \$5 a year, but Pathfinder sells for \$1 a year, but a limited time we can offer you a reduced bargain price on a combination of this paper and PATHFINDER. Drop and see samples or write and take advantage of this special offer without delay. Insure your economic future by assuring your complete grasp of current affairs.

INTERVIEWS IN BRIEF

Question: In your opinion, what is the sweetest words in the English language?
 Answer: Boman—It just depends on who is saying the words.
 Answer: Bowley—Music.
 Answer: Mabe—Texas Agricultural Mechanical College.
 Answer: Adams—Sleep.
 Answer: Wilson—You get the night.

Thelma White—I ain't committing myself.
 Answer: Unquote.
 Answer: Smith—Honey.
 Answer: Russell—Sugar.
 Answer: Veceera—Women.
 Answer: Brisco—I wouldn't know.
 Answer: Dee Coffey—What do you suppose I think?
 Answer: Clark—Spring has sprung.
 Answer: Fitzgerald—When she says, "That's all, boys."
 Answer: Slovák—Love.
 Answer: Patterson—Doyle.
 Answer: Cogdell—How should I know?
 Answer: Welch—Home.

SENIOR QUILT

Otto Davenport was given credit that was made by the members of the Senior Class, after afternoon, May 7. It was on display at Self Dry Store. The seniors wish to thank those who helped in any way with the project.

WE HAVE HEARD THAT—

Heads are better than one when they are on the same side.
 Students from the department of Texas Christian University will make their fourth trip of the year Monday, May 10, when they go to Wichita Falls to edit the Tuesday morning News-Record.
 Save time by rushing through important things of life in the morning. Have time to spend on unimportant things of life in the afternoon.
 It is not in drawing a good hand but in playing a poor hand.
 Only the best literature is too short to study every day.
 A professor who comes in 15 minutes late is rare—in fact, he class by himself.

CALAUREATE SERVICES

Baccalaureate Service is to be held Sunday morning in the First Church, Rev. E. L. Oswald will deliver the sermon, Miss Oswald and Mrs. Crockett will sing a duet, and the other members of the town will take part in the program.

COMMENCEMENT EXERCISES

Commencement exercises will be held Friday evening, May 14, in the high school auditorium. The program this year is original with only members of the class taking part. The seniors will take part on the program: Mary Green, Hughes Gilbert Lanford, Garrett Brock, Glen Don Reeder, Mae Hall, Myrtle McKown.

IRON STEAM LAUNDRY

property. Franklin Evans was alternate debater.
 Hughes Fish won second in the news writing contest and was awarded a blue and gold F. F. A. banner. David Solis went as an extemporaneous speaker but did not enter the contest.
 The five boys and Walker Todd attended the area convention Saturday evening.

TURF ON FOOTBALL FIELD

The Bermuda grass on the football field has about covered it and has a nice green color. The boys should have a soft, fluffy turf to play on next fall. Pat McDaniel and several of the NYA boys have cleaned the weeds out and transplanted grass in the bare spots on the field.

SENIOR OUTING

The Seniors of the High School left Thursday afternoon at 4 o'clock on the annual Senior outing. Their destination was Juarez, State of Chihuahua, Mexico. The class arrived in Carlsbad, New Mexico, early Friday morning, and later in the day went through the Carlsbad Caverns. From Carlsbad, the travelers went to El Paso. Saturday, the class crossed the Rio Grande River at El Paso and visited the church and market in Juarez. In El Paso, Saturday afternoon, the boys of the class went swimming in the Y. M. C. A. pool, the entire class visited the El Paso broadcasting station, some went out to the school of mines, and several visited relatives in that city.

The return home was made Sunday. Their route took them by the White Sands National Monument north of El Paso and through the Mesalero Apache Indian Reservation and through the Lincoln National Forest.

The class was accompanied by its sponsor, Henry Black, one class mother, Miss Frankie Kirkpatrick, and Mrs. Marion Crowell, who took the place of Mrs. T. P. Reeder, who was unable to go. Every member of the class reported that their trip was extremely profitable in every way except the financial side. The journey was an education in itself.

SNOOPINGS OF THE SENIORS DURING TRIP

Wonder why Frances, Ann, and Evlon found it more convenient to crawl under a door instead of opening it?
 Wonder where Glendon's bed partner was Saturday night?
 It seems that Mike and Aber liked calf tongue so well that they ordered a second helping.
 Ike Wilson, Richard Veceera, and John Bowley should enter a hog calling contest because of their ability to keep people awake.
 The champion snorer proved to be Richard Veceera.
 The champion sleeper of the group proved to be James Adams, who slept from the time she left Crowell until she returned. A close competitor was Edith Hutcherson.

JOKES

Teacher: "George, what are the exports of Cuba?"
 George: "I don't know."
 Teacher: "You don't know—where do you get your sugars?"
 George: "We usually get ours from the neighbors, Miss."
 Snaffle: "I've worked under the same boss for 20 years."
 Snaggle: "I can beat that—it's my silver anniversary next week."
 Joe Spencer: "Say, Dad, are lettuce worms good to eat?"
 Mr. Spencer: "Young man, haven't I taught you better than to mention such things as the table?"
 Mrs. Spencer: "Why, Joe, I'm surprised. Why did you ask such a question?"
 Joe: "Well, I just saw one on Dad's lettuce, but it's gone now."

Santa Fe Miniature Trains Are Popular

Two prize winning floats at a Santa Fe Railway employees' picnic in 1926 have since proved popular and valuable advertising displays for the company.
 These floats are miniature Santa Fe trains built by employees of the Company's Topeka shops on their own time. They were the hit of the picnic and won a prize of \$150. That fall they were exhibited at the Kansas Free Fair in Topeka where they attracted wide attention. Since that time they have traveled up and down the Santa Fe from Chicago to Los Angeles and from Denver to Galveston to participate in parades and celebrations.
 The little freight train consists of a locomotive, two livestock cars, a box car, coal car, tanker and caboose. It is 68 feet long and the locomotive derives its power from a Model-T Ford motor. The passenger train, called the "Chief" is 105 feet long and it consists of a locomotive powered with a motor similar to the freight engine and five cars. These cars are a buffed-library, diner, two sleeping cars and an observation car.
 The passenger train has been the more popular exhibit and it has paid many return visits to communities where it made a big hit with children as well as their elders during the initial visit. In addition to participating in various state fair exhibits, the trains have taken part in Old Settler's Days, Pioneer Days, convention programs, American Legion parades, Fourth of July celebrations and Labor parades.
 Since 1926, the little freight train has taken part in 30 celebrations and its popularity has increased yearly. The first year

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—Veto by Gov. Allred of the commercial carrier bill, written by the legislature in an effort to permit private business concerns to deliver their products in their own trucks without qualifying as common carriers, and a revival of the oft-repeated rumor that Gov. Allred will receive appointment as a federal judge and resign the governorship, were the outstanding developments of the week in Austin.
 The federal judgeship rumor, which has been bruited about for more than a year, appeared this time to be backed by significant circumstantial evidence. Although Allred has maintained discreet silence, his close friends say he is exceedingly anxious for the job. There is before the house judiciary committee in Washington a bill creating an additional judgeship in the South Texas (Houston) district. Inside information from the national capital indicates it probably will be passed at this session of congress.

Agreement Reported

Best information here is that Senators Sheppard and Connally will endorse different candidates, neither naming Allred. That would put the decision up to Vice President Garner, who has always been Allred's close political friend. Garner is known to be willing to go a long way to prevent Allred becoming a candidate against Connally in the future, and the current story here is that he has definitely decided to back Allred for the judgeship. In that event, Allred would resign, Lt. Gov. Walter Woodul automatically becoming governor for the remainder of Allred's term.
 Friends of Col. Ernest Thompson and Atty. Gen. William McCraw, who will both seek the governorship in 1939, are said to have used their influence to prevent this program working out in the past, because they feared that Woodul would feel obligated to seek election as governor, thus complicating the situation next year for their favorites. But close friends of Woodul have recently declared that the lieutenant governor would rather be attorney general of Texas—an ambition to which he has been pointing his whole political career for years—and that even if he served out Allred's term.

Brief Bits of News From Here and There

The 1937 football season in Russia opened in April. It is reported that there are over a million young men in Russia in training for the game.
 It is being predicted that Chief Justice Hughes will retire and endeavor to influence other justices over 75 to retire with him when the controversy over the Supreme Court is settled.
 Tanners report American leather prices up 25 per cent since last September. Manufacturers report shoe production up from 5 to 8 per cent above the first quarter of last year, and retailers report better sales. All of these facts point definitely to higher shoe prices.
 George A. Ball, fruit jar manufacturer of Muncie, Indiana, recently announced that he would give his entire holdings in the Mid-America Corporation, top company in the Van Swearingen railroad holdings to religious, charitable and educational foundations which he originated and which bears the names of himself and wife. The value of the holdings involved is said to be \$10,000,000. Dr. Maud Slye of Chicago University has made a study of the heredity of cancer. In her studies Dr. Slye has used mice and her experiments and records go back 100 generations or what would be 3000 years if the life time of a mouse were considered the same as that of a man. Dr. Slye's experiments prove that cancer is hereditary. If selective breeding were resorted to among humans, in Dr. Slye's opinion cancer could be stamped out in two or three generations. Dr. Slye has worked with mice in her study of this one disease 27 years. During this time she has cut up over 140,000 mice.

THOUGHTS OF SERIOUS MOMENTS

Let not thy mind run on what thou lackest as much as on what thou hast already.—Marcus Aurelius.
 Never do a thing concerning the recititude of which you are in doubt.—Pliny.
 It belongs to human nature to hate those you have injured.—Fasitius.
 There are some things men confess with ease, and others with difficulty.—Ectictus.

out, it was shown only four times. Last year it participated in 10 community events. The passenger train's popularity also is increasing. During its first season, it appeared four times, but last year it made 15 tours. Altogether it has visited 53 cities.
 The passenger train was shown in Borger, Texas, recently, and on May 15, it will appear in a Shrine parade at Albuquerque, N. M.

red's unexpired term, Woodul probably would then continue with his present campaign for attorney general next year. Upon this assurance, friends of the other two candidates apparently have waived their opposition to Allred's appointment, and the thing appears more likely to be worked out on this basis now than at any time since the rumor originally started.

Alfred Visits Roosevelt

Two visits by Gov. Allred—one official, to welcome the president to Texas, and the other with an apparent effort at secrecy this week—lend some credence to the reports. The governor's mysterious "trip to the country" to "take a rest" is reported here to have been an unheralded visit to the president near Galveston.

Knowledge of this situation is credited by many here with the policy of the group of senators who have blocked action of many important legislative measures supported by Allred, including the race repeal bill. Nobody knows when the Allred appointment will go through—if it does—but Sept. 1 is the date most frequently heard here in discussions of the subject.

Eighth Veto Angers House

Veto by the governor of the bill adopted to permit privately owned trucks to cruise the highways at will drew fire in the house which quickly passed the measure over the veto, with many Allred stalwarts favoring the bill. In the senate, anti-Allred leaders, such as Frank Rawlings of Fort Worth, and Clint Small of Amarillo, rallied to support the veto, and the bill failed of enactment over the veto by the narrow margin of two votes. The governor explained in his message that the bill was so poorly drafted it virtually threw the highways open to trucks without regulation, and raised serious legal questions as to the validity of the whole common carrier truck laws now in effect. The governor took the position that the private trucks ought to be permitted to use the highways under strict regulation, and that the present good system of regulation for common carriers should not be jeopardized or impaired. Senate action probably killed further commercial truck regulation for this session.

Thompson Favors Advertising Bill

Rallying to the support of Lt. Gov. Walter Woodul's constitutional amendment to permit the state to advertise for tourist and industrial business, Col. Ernest O. Thompson of the railroad commission pointed to Amarillo, the city of which he formerly was mayor, as having proved the value of community advertising by

Continental Oil Co. Says Newspaper Best Advertising Medium

Convinced that newspaper space represents the most advantageous medium for merchandising its products as evidenced by substantial increases in sales of Conoco germ-processed motor oil following past newspaper advertising campaigns, Continental Oil Company is again launching a large-scale advertising campaign in some 1,400 carefully selected papers in all sections of the nation. The campaign will continue into September and will be distinguished by the fact that it will feature the local dealer as well as the company's oil.

Surveys conducted by Continental's advertising department showed two factors which decided the nature of the forthcoming campaign. First, it was ascertained that the best sales results followed the use of newspaper advertising; and second, that the average motorist is far more concerned with the mileage he obtains from his motor oil than any other single factor.

Correlating this information with the fact that Continental distribution is now conducted entirely through local independent dealers, the advertising campaign will stress that each dealer is a "melee merchant" who, in order to retain his customers and gain new ones, must sell mileage in the form of a motor oil which will give efficient service.

Breaking Treaties a Habit

A striking commentary on the honor and integrity of nations is the fact that, during the past 3,400 years, peace treaties have been broken on an average of one every 22 weeks.—Collier's Weekly.

What is the "Low-price Field"?

YOU hear a lot about "the low-price field" these days. A good many cars claim to be in it. So whenever the low-price field is mentioned, remember:

Until Ford came, no average American could own a car.

Today all Ford prices are still low—with the prices of the 60-horsepower Ford V-8 \$30 to \$60 lower than those of any other car of comparable size.

But with Ford, "low price" doesn't merely mean low figures on the price tag. It means much more than that. It means low prices and low costs all the car's long life. Low prices for service—for parts—and, above all, for operation.

Both Ford V-8 engine sizes are economical to operate. The 85 horsepower gives greater gasoline mileage this year than ever, and the "60" delivers the highest mileage in Ford history.

Private owners, cab companies, fleet operators all report that the "60" averages from 22 to 27 miles per gallon of gasoline.

Check and see how much Ford saves you.

Ford Founded the Low-price Field Ford Keeps That Field Low-priced Today

Ford V-8 Prices Begin at \$529

AT DEARBORN FACTORY. TRANSPORTATION CHARGES, STATE AND FEDERAL TAXES EXTRA

This price is for the 60-hp. Coupe equipped with front and rear bumpers, spare tire, horn, windshield wiper, sun visor, glove compartment and ash tray.

Ford V-8 \$25 A MONTH, after usual down-payment, buys any Ford V-8 Car from any Ford dealer in the U. S.—through Authorized Ford Finance Plans of Universal Credit Co.

Mothers Entertained by Junior Adelpheans

The Alpha Junior Adelpheans entertained their mothers and the members of their mother club, the Adelphean Club, with a Mother's Day silver tea last Wednesday afternoon at the home of Mrs. Geo. Self.

The officers, Misses Lenagene Green, retiring president; Margaret Long, incoming president; Frances Henry Johnson and Frances Davis formed a receiving line. All members of the club were in the house party and attired in formal dresses. In addition to the present members of the club, there were three of the original members present. The club was organized in 1934 and has had a party honoring their mothers each year since that time.

Words of welcome were expressed by Miss Lenagene Green. A duet, "Mummy Dear," was given by Misses Virginia Mae and Jenny Dee Coffey. They were accompanied by Miss Juanita Hough. "Mother's Cookie Jar" was the title of a reading by Miss Mary Housauer. Miss Mary Frances Green gave a review of "A White Bird Flying," by Bess Streeter Aldrich, in which she brought out the daughter, mother and grand-mother relationships. An allegory, entitled "A Tribute to Mothers," by Temple Bailey was given as a reading by Mrs. Crockett Fox. As a closing number to the program, the entire house party sang "Mother."

The dining room was attractive with cut flowers. The lace covered table had for a centerpiece a low arrangement of wisteria and honeysuckle. Silver and green candles in silver holders further enhanced the attractiveness. Misses Green and Long, the two presidents, poured tea and coffee from a silver service. Misses Frances Henry Johnson, Billie Brown, Juanita Brown, Joyce White, Helen Harwell and Mozelle Lemons served sandwiches and cookies with the drinks. Plate flavors were cellophane bags of candy tied with

hand corsages. Members who entertained in the living room were Misses Camille Graves, Frances Davis, Dorothy Dee Flesher, Margaret Woods and Jean Opal Borchardt.

Pupils of Mrs. J. C. Self Give Recital

The piano pupils of Mrs. J. C. Self were presented in a recital at the home of Mrs. J. R. Self Friday evening, May 7. Joyzelle Tysinger and Mary Evelyn Edwards announced the following program:

Drifting, Williams, Sharon Sue Haney; Gentle Night and Dream Boat, Williams, Betty Jean Seale; The Scissor Grinder, Erle, and The Band Playing Dixie, Williams, Larue Graves; Fairy Polka, Straubag, Mary Curtis; Meal Time at the Zoo and Criss Cross, Williams, Evelyn Jean Seales; Soiling, Williams, Dorene Gibson; Ponies, Rebe, Frances Henry Johnson; Happy Farmer, Shumann, Jean Opal Borchardt; Twilight Visions, Rolfe, Dorothy D. Flesher; Invitations to the Dance, Weber, Joyzelle Tysinger; Missouri Waltz, Logan, Jenny Dee Coffey; Barcarolle, Offenbach, Glonita Russell; Valse in E Flat, Durand, Jean Orr; Yellow Jonquils, Johanning, Margaret Claire Shirley; Melody in F, Rubenstein, Faye Zeibig; The Fountain, Bohm, Mary Evelyn Edwards.

An iced drink and wafers were served to the parents, pupils and a few friends. Mrs. J. R. Self presided at the punch bowl and was assisted by Mrs. R. K. Lanyon and Miss Mary Frances Self.

Birthday Party for Bessie Louise Gamble

Mrs. Beecher Wisdom of Thalia was hostess to a party honoring her sister, Bessie Louise Gamble, on her ninth birthday, May 6. The color scheme of pink and white was carried out.

Refreshments of punch and cake were served to the following: Bessie Love, Mary J. Hogan, Sue, Sammy and Caroleta Jones, Janice Ward, Mae Melton, Marie Cook, Azie McKinley, Nina Jo Smith, Clarine Roberts, Dorothy Mae Hlavaty, Laverne Abston, Frankie Meason, Lee Meeks, W. L. Cox, Lan Bray, Beverly Gray, Floyd Wisdom, Carlis McBeath, Jim Tuggle, R. E. Johnson, Leroy Lindsey, Walden Johnson and other classmates and the teacher, Miss Frances Couch, and Mrs. J. L. Gamble.

Betty Ruth Miller, Erma Mae Holt and Savannah Gamble from the seventh grade. Out-of-town guests were Fernez Gamble, Kenneth Greening, Sonny Boy Johnson and Mrs. Herman Greening of Crowell.

Bessie Louise received many lovely gifts.

Miss Muriel Minnick Given O. U. Medal as Outstanding Student

Miss Muriel Minnick, daughter of Mr. and Mrs. J. H. Minnick, received the highest honor bestowed upon a woman student by the Oklahoma University at Norman, Okla., when she was elected by the students of the University as the most outstanding woman student and presented with the gold Letzieser medal. Second and third place winners were awarded with silver and bronze medals. The presentation of these honor medals was the highlight of the senior day exercises Wednesday, May 5. These honors are given annually.

Miss Minnick, who is a senior and will graduate this year, has received the majority of the honors given by the University to women students. She was president of the Mortar Board, national senior honor society, this year and announced the pledges to replace members of the board who will graduate.

P. T. A. Will Install New Officers Tuesday

New officers of the Crowell Parent-Teacher Association will be installed at a meeting Tuesday afternoon at 3:30 o'clock. A large attendance is expected as it will encourage the incoming board and show appreciation for the services of the retiring members of the staff.

A most valuable program on "Appreciation" will be rendered with Mrs. Charlie Thompson as leader. A lecture on "What does appreciation mean to life" will be given.

Miss Mildred Cogdell will conduct the magazine study. Mrs. Esca Brown will have charge of a special feature on "Art in our Schools."

CROWELL GARDEN CLUB

The meeting of the Crowell Garden Club will be held at the Legion Hall Friday, May 14, (tomorrow) at 3 o'clock.

The leader for the afternoon's study is Mrs. G. V. Valden. Roll call will be answered with May garden notes. "Plant Culture" will be discussed by the leader, Mrs. C. C. Ribble will give a talk on "Mulches and their value." The question box will be held and the exhibit of the month will be in charge of Mrs. O. W. Orr.

Local Photographer Forms Partnership With Paducah Man

L. V. Robertson, local photographer, formed a partnership with O. M. Parker of Paducah last week and will work during the week at the Majestic Studio in Paducah but will be in Crowell every Saturday and Sunday to develop films and make sittings. The studio in Crowell will be kept open and some one will be placed there in the near future to make sittings.

J. G. Thompson's Granddaughter Dies Wednesday, May 5

Mrs. Sarvis S. Long of Levelland, daughter of H. N. Thompson of Levelland, former resident of the Thalia community, and granddaughter of J. G. Thompson of Thalia, died Wednesday, May 5, about 9:30 o'clock fifteen miles south of Big Spring while en route home from a sanitarium in San Angelo. Her husband and his mother, Mrs. James A. Long, and a neighbor, Mrs. C. T. Cunningham, were with her when death came.

Before her marriage she was Miss Ellen Marie Thompson and moved with her parents to Levelland in 1927 from Thalia. She graduated from the Levelland High School in 1932. The following year in November she was married to Mr. Long. She was a member of the Church of Christ and at the time of her death was in her twenty-third year.

Funeral services were held at the Church of Christ in Levelland Thursday afternoon at 3 o'clock with interment in the City Cemetery.

Survivors are her husband and little son, Sammie Wayne; her father, a sister, Mrs. Glendon Adams of Odessa, and two brothers, Garland Thompson of Levelland and Ben Thompson of Hines, Calif., all of whom attended the funeral except the latter.

Relatives from Thalia attending the funeral were J. G. Thompson Sr., Mr. and Mrs. J. G. Thompson Jr., Mr. and Mrs. Tom Abston and Mrs. H. W. Banister and daughter.

Picnic and Barbecue Held at Gambleville

A Gambleville community picnic and barbecue was held Friday at the pit in Henry Campbell's pasture in connection with the closing of the 1936-37 term of the Gambleville school, which will end Friday (tomorrow). A large crowd attended the event.

C. P. Sandifer was the principal speaker of the program. He discussed the consolidation of schools, pointing out many inconveniences caused by consolidating schools other than making taxes higher and gave many reasons why country schools should not consolidate.

A basket lunch and barbecue was enjoyed by many Gambleville residents and the following out-of-community visitors from Crowell: Mr. and Mrs. C. P. Sandifer, Mr. and Mrs. A. D. Campbell, Archie Campbell, Banks Campbell, B. T. Meason, Miss Prudence bank of Lubbock and Miss Glenna Collette Swindell of Altus, Okla.

CARNIVAL AT MARGARET

There will be a street carnival at Margaret Friday night, May 14, under the auspices of the Epworth League of that place. The proceeds will be used to send two delegates to the summer League Assembly at Abilene in June. Everyone is invited and there will be plenty of entertainment and lots of ice cream, candy and soda pop.

BIRTHDAY PARTY

Mr. and Mrs. O. H. Hillman were host and hostess at a party and dance given in their home Friday celebrating the birthday of Mrs. Alfred Curtis.

Refreshments were served to thirty guests at midnight.

PLAY AT MARGARET

A three-act comedy drama, "A Ready-Made Family," will be presented Saturday night, May 15, by the Riverside High School students at the Margaret school building.

"The National Youth Administration is the American approach to the problems of growing-up youth," J. C. Kellam, acting state director for the NYA told the Texas Conference of Social Welfare at a state-wide meeting held in Abilene recently.

"The Rolling Years" Will Be Reviewed

"The Rolling Years," by Agnes Slight Turnbull, will be reviewed by Mrs. Jno. W. Hampton of Wichita Falls at the district court room Friday afternoon, May 19, at 3:30 o'clock. Mrs. Hampton is well known to the people of Crowell for she gave a wonderful review of "Gone With the Wind" here in February. She is a woman of pleasing personality, with a knowledge of her subject matter and the ability to give it to others. She is an outstanding book reviewer of Texas.

The book is a family saga, the story of three generations of a Scottish family living in a farming community in Western Pennsylvania. The book is noteworthy for the remarkably colorful and accurate picture it gives of an American community and way of life during the latter part of the nineteenth century and the first part of the twentieth.

The keynote of the book is its wholesomeness, proving the American public does not demand sensationalism in its reading matter, as so many publishers claim, for "The Rolling Years" has been a widely read widely-acclaimed book. It has a charming story, clever characterization and a rich vein of humor that make of it one of the most readable books of the year.

LIBRARY NEWS

A new and interesting current magazine, "House Beautiful, Combined with Home & Field," has recently been added to the County Federation Library. This magazine, dealing with interior decorating, decorative art, and gardening, should find special appeal among housewives and those who are interested in improving and beautifying the home.

"White Banners," by Loyd C. Douglas, is another addition to the library. Douglas, known best to his readers by his novels "Magnificent Obsession" and "Green Light," both which were portrayed on the screen, shows with superb artistry in his new novel how every home in America can be revolutionized by practicing the difficult injunction to "turn the other cheek." "White Banners" was 1936's greatest novel, and is destined to become the best seller of all modern fiction.

GAS AND OIL LEASES

G. M. Thacker to The Texas Co. All of N. 1/2 of fractional Section No. 476, and the W. 240 acres of the N. 1/2 of Section No. 440, both on Block A of the H. & T. C. Ry. Co. Survey, and containing 100 acres, more or less. Dated March 29, 1937. Filed May 6, 1937.

Baby Chicks and Kitchen Features Club Work for Week

Taking care of 900 baby chicks is no small task but is worth it in the long run, according to Mrs. F. A. Traweck of Foard City.

Two hundred of the 900 chicks were hatched at home and the others bought. Out of 611 bought at one time, 500 are still living and are strong and healthy. Exact records were not kept on the others which have been lost. Seventy of this number are now fryers and many of the others will be ready for broiling or frying soon.

In addition to the young chickens Mrs. Traweck has about 150 hens and gets from 90 to 100 eggs each day. She reports that during the winter, before she sold off a few of her hens, that she sold about 90 dozen eggs each week.

Pink and green is the color scheme used by Mrs. F. E. Dicks of Gambleville in remodeling her kitchen. The kitchen walls were covered with a paper having a cream background with small pink and green figures in it. Cream curtains with bias stripes of pink and green carried out the color scheme of the walls.

The most prized addition to the kitchen is a new oil stove with a built-in oven, built-in tank, heat regulator, and enclosed burners.

Graduates—

ated from the grammar grades into high school at the mid-term period: Elizabeth Brisco, Frances Hanks, Mary Catherine Lankford, Oleta Naron, Billie Bradshaw, Charles Branch, Bert Curtis, Clyde Eddy, Milton Eubank, Woodrow Hollingsworth, J. L. Martin, Whitney Mitchell, Travis Porter, Otto Christian and Leroy Higgins.

The graduates named above will not receive their diplomas at the graduation exercises but they will be presented to them at a convenient time.

Water Record—

(Continued from Page One.)

er's probable chemical character. The Board of Water Engineers and the United States Geological Survey refer to these records constantly in replying to inquiries from individuals or industries requesting information pertaining to ground water.

The field work in Foard County was started in May and completed in October, 1936. L. P. Huggins, an engineer, was project superintendent. Funds for the project were allocated by the Wichita Falls office of the Works Progress Administration. The chemical work was directed by Dr. E. P. Schoch of the Bureau of Industrial Chemistry of the University of Texas. Samuel F. Turner of the United States Geological Survey was Technical Director and W. O. George of the Board of Water Engineers was Assistant Director.

This release on Foard County contains 61 pages giving the records of 493 wells and 5 springs, 11 drillers' well logs, 36 test hole logs, and the analyses of 250 water samples. The locations of all wells, springs, and test holes listed in the release are shown on two maps in the back of the release.

The S. W. 1/4 of Section No. 292, Block A, H. & T. C. Ry. Co. Survey. Dated April 29, 1937. Filed May 8, 1937.
