\$2.00 A YEAR EIGHT PAGES

MILLION BUSHEL WHEAT CROP PREDICTED

First Load 1937 Wheat Crop Brought In Tuesday; Earliest in Several Years

Last Rites Held

The first load of Foard County wheat from the 1937 crop was brought in by Louie Reithmayer from the H. Gloyna farm five miles northeast of Crowell Tuesday afternoon and was sold to Self Grain Co. One dollar, plus a 10c premium, was paid by B. W. Self, manager, for this first load of wheat. It was combined from one and a half acres.

The first load this year was the earliest to arrive in Crowell for many years. It was four days earlier than that of last year. Wheat harvest was opened on the 9th and 9th of June for 1936 and 1937, respectively, and the first loads were brought in on June 1 in 1933 and 1934. G. Y. Carroll sold the first load of the 1936 crop on May 29 in 1936.

Brick Work Nearing Completion on New Grammar Building

The brick work on the new grammar school building is rapidly nearing completion and building of the roof should start within the next two or three weeks.

The east wall and half of the front of the building is finished and the remainder of the walls are being joist high, which is about two or three feet above the top of the window frames.

Sub-flooring has been completed and part of the stud partitions have been finished. Practically all of the rough plumbing has been done. When the roof is completed the finishing work will start.

Work on the building was temporarily stopped last Saturday due to a shortage of material, but will be continued within the next two or three days when lumber will arrive.

Gladyce Meek, Jessie Lee Glasscock, Buford Brown, Lew Turner, Clois Cobb, Zelner B. Sowders and Ray Lynn Cure.

Sixteen students received their diplomas from the grammar school of Truscott at the graduating exercises held in the High School auditorium Friday night at 8:15 o'clock. Rev. John W. Tyndall, pastor of the First Christian Church of Crowell, delivered the main address of the program.

The professional was played by Mrs. Tyson. The class song was sung by the graduates. After the address by Rev. Tyndall, the diplomas were presented by Supt. McMinn.

Those who graduated from the seventh grade are as follows: Ruth Holmes, Chrystallene Chilcoat, Mary Beath Chowning, Betty Anne Myers, Loretta Haynie, Lavener Rutherford, Dorcas Dean Westbrook, Dorothy Collier, Tinnie Ola Walyker, Mary Sue Bryant, Neva Mills, Edward Barnett, Marvin Ryder, Rexal Haynie, Wayne Young Jr. and Frank E. Brown Jr.

Frank E. Brown Jr. was valedictorian of the class and Neva Mills was salutatorian.

SPECIAL TERM COUNTY COURT WILL BE HELD

Will Convene Monday, May 31, at 9 a. m.; Jury Summoned

A special term of county court has been called for Monday, May 31, for the purpose of giving Henry Gribble a trial on charges of possession of whiskey for purpose of sale. Court will convene at 9 o'clock Monday morning.

This special session of court was essential due to the fact that the May terms of both county and district court came at the same time, and it was necessary that some of the cases on the county court docket be postponed because the attorneys were represented in both courts.

The following have been summoned to appear at the court house in Crowell at 9 a. m. Monday: E. Blevins, J. Y. Bradford, C. L. Cavin, R. E. Dunn, D. B. Mooney, R. L. Morris, Ben Bradford, Jim Cook, T. S. Haney, C. F. Hunter, Tom Beverly and Clyde Cobb.

RAIN RECEIVED HERE TUESDAY TOTALS 1 INCH

Good Rain Over Most Of County; Light in Eastern Part

One inch of precipitation was recorded at the Crowell State Bank following the rainfall early Tuesday morning. A general rain was received over the western portion of Foard County and light showers were received in the eastern part.

The rain was about two or three weeks late to be of any great benefit to the wheat, but put enough moisture into the ground to bring up cotton and enough for the farmers who have not already planted to do so now.

TAKES OVER KNOX CITY SHOP MONDAY

Mr. and Mrs. F. W. Mabe and children moved Monday to Knox City where they will make their home. Mr. Mabe has assumed active management of a shoe repair shop he bought there several months ago. Arthur Thomas, who had been operating the shop at Knox City, is now manager of Mr. Mabe's shoe repair shop in Crowell. Mr. and Mrs. Thomas and two small children moved to Crowell Monday.

HOLDING REVIVAL

Rev. E. L. Yeats has been in Acme this week doing the preaching in a revival meeting being held at the Methodist Church in that community. Rev. Cal. C. Wright of Vernon, presiding elder of this district, will preach at the local Methodist Church Sunday morning in the absence of Rev. Yeats.

New Power Units to Be Added to Texaco Plant; Foundations Being Laid

Foundation work for three new units to be added to the Texaco gasoline plant in the southwest part of Foard County are being constructed and the new machinery will be installed within a short time. The additional power units are being installed to aid in boosting natural gas to the Lake Pauline plant of the West Texas Utilities Co. near Quanah, commercial users of the entire output of the Texaco plant. When the three new units are installed they will complete a total of ten.

Four new residences for employees of the Texaco Company have been completed and two of them are being occupied by Mr. and Mrs. D. B. Potts and Mr. and Mrs. Paul Morton, employees of the company who have been living in Crowell. The last two new houses to be completed are not being used yet but will be occupied by Texas Company employees.

California Man Visits Here After Thirty-Three Years

J. T. (Tom) Allison of Dinuba, Calif., was here from Sunday until Wednesday visiting relatives and friends. He came to Crowell for a visit with his brother, George Allison, who recently left for Montana.

Mr. Allison is a former resident of Crowell, having been practically reared in Crowell. In 1904 he went to California and spent two years, returning here in 1906 when he worked in the grain harvest for a short time. At that time he went to Erath County and lived there until 1916. During this year he again returned to California with his family where he has since made his home. This was his first visit to Crowell in thirty-one years.

Dinuba is located about thirty miles southeast of Fresno.

NEW CAR REGISTRATIONS

New cars registered in the office of the tax assessor-collector this week are as follows:

- I. T. Graves, Plymouth tudor sedan.
- Howard Barsey, Chevrolet deluxe coupe.
- O. R. Boman, Chevrolet town sedan.
- Charley Herring, Chevrolet master coupe.
- Glenn Gamble, Ford tudor sedan.

CHUCK WAGON HERE

Members of Bewley's Chuck Wagon entertained and served hot biscuits to a large crowd on the streets of Crowell Monday.

Several musical numbers were rendered over the public address system, which was equipped with two loud speakers, one on either end of the truck. Biscuits were made, cooked and served while the musicians entertained the audience.

The Chuck Wagon gave a program in front of Hancey-Rasor Grocery, J. H. Olds Grocery and Todd's Grocery.

ELEVATORS ARE READY TO TAKE CARE OF YIELD

Hail Does Damage at Foard City; Many Combines Sold

The 1937 wheat crop for Foard County is estimated at approximately one million bushels. This is 600,000 bushels more than was harvested in this county in 1936. The number of acres planted in wheat is between 55,000 and 60,000 and an average yield of 15 to 20 bushels per acre is predicted.

Elevators Ready

The three elevators in Crowell are prepared for the largest wheat crop in Foard County in many years. The streets from the newly graveled highway have been graded and graveled, making a smooth, all-weather approach to each of the three elevators. Repairing and other preparations have been completed and the elevators are in shape to take care of the large amount of wheat that will be harvested this year.

Enlarges Storage Capacity

The storage capacity of the Self Grain Co. elevator has been raised to 115,000 bushels. Bins have been built on to the south and north sides of the original structure. The bin on the south side is the smaller of the two, as both are 24 feet high and 22 feet wide, but the north bin is 60 feet in length, compared to 24 feet for the south one. The construction work was done under the supervision of L. L. Sanders and H. D. Poland. The capacity was raised about 45,000 bushels.

Adds Loading Spout

A wheat conveyor and loading spout have been added to the Farmer's Elevator. The conveyor extends to the south of the head house about 50 feet and this will aid in loading the wheat into box cars.

The total storage capacity of the three elevators in Crowell is 215,000 bushels.

Hail Damages Yield

Hail did considerable damage to the wheat around Foard City Friday afternoon. According to reports the yield has been cut from ten to twenty-five per cent in the area of the Foard City community where the hail fell.

Many New Combines

About 50 new combines have been bought by Foard County farmers. It is predicted that about 175 combines and six or seven threshing rigs will be used to harvest the crop which may prove to be one of the largest ever produced in this county.

Will Talk Over Radio June 3 at 11:30 A. M.

"As a family member, how do you rate" is the subject of radio talk to be given on Tuesday, June 3, at 11:30 a. m., by Miss Dosca Hale, specialist in parent education and child development at Texas A. & M. College. The talk will be on the Texas Farm and Home program over WFAA.

Miss Hale is a former Foard County Home demonstration agent and has been a member of the A. & M. Extension staff for the past year.

Mouse Trap Catches 18-Inch Rattlesnake

A small diamond rattlesnake was caught in an ordinary mouse trap Thursday night at the home of W. M. Cox in the Claytonville community and held captive until released and put into a glass jar. The snake was caught just behind the head and was rendered harmless.

Mr. Cox found the rattlesnake Friday morning and brought it to Crowell where it was put into the jar. Mr. Cox stated that the snake had not moved the trap but a few inches from where it had been set and stated that if the trap had been stationary the snake would have pulled loose but as it was not the trap could not be flung from over the snake's head.

The rattlesnake was about eighteen inches long and had one rattler and a button.

MOVE TO QUANAH

Mr. and Mrs. Joe Eddy and children left Tuesday morning for Quanah where Mr. Eddy will open a new restaurant the latter part of the week. Mr. and Mrs. Eddy have been operating a restaurant in the Ringgold building for the past several years.

36-37 TERM SCHOOL IS CLOSED FRIDAY

Twenty-Eight Seniors Receive Diplomas At Exercises

Crowell School closed the 37 term with the commencement exercises held in the High School auditorium Friday night at 8 o'clock.

Twenty-eight seniors were presented their diplomas by Superintendent I. T. Graves. Members of the graduating class were in the program in commemoration of Horace Mann.

The professional was played by Lois Evelyn Norris. The invocation was given by Glen Donner. A quartet, "Carita, Fair" was rendered by Myrtle McE. Annie Mae Hall, James Adair and Edith Hutcheson. James and Evelyn Lee Cauthan a vocal duet. A drama, "A Bath," was given by Don Reeder, Annie Mae Hall and Eddy. The speakers of the program were Garrett Middlebrook, Mary Frances Green and Benham.

Special Awards

Medal and scholarship were given to Mary Frances Green. Graves for the highest average in her studies. Hughes Fish given a scholarship for the highest average and a V. A. certificate of merit for news writing. Edith Hutcheson received a medal for the senior girl having the highest average in Home Economics. Garrett Middlebrook and Benham were awarded V. A. certificates of merit for winning in debating at the area tournament at Lubbock. David South presented a certificate of merit in Vocational Agriculture.

Seventh Grade Exercises

Graduating exercises for seventh grade were held in the School auditorium Thursday night. Thirty-six intermediate graduates received their diplomas from Principal T. B. Row. Rev. E. L. Yeats, pastor of the First Methodist Church, addressed the class.

Summer School

Six weeks' session of summer school started Monday with Grady as instructor.

Drivers for Crowell Schools Give Barbecue

Drivers for the Crowell Independent School District, W. W. Roy Fox, Ernest Spears, Jones and John L. Hunter Jr., gave a barbecue at North Pocket last Friday afternoon for the children of this district who rode their buses during the school term. A number of pies were present and brought in by the guests.

Crowell Drops Game Harrold, 13 to 7, H-W-F League Tilt

Crowell defeated Harrold 13 to 7 in a rather loosely-played H-W-F league game at Harrold Sunday. The feature of the game was the hitting of the teams, especially Crowell.

They chalked up 20 safeties to 12. Harrold center fielder, the hitting with five hits out of seven trips to the plate. McCabe Harrold blasted out a home run in the seventh frame with a man on. L. Green led the Crowell hitters with four hits in five times at bat.

The errors were made during the tilt, with Crowell making seven.

Summary: Batteries—Crowell, Green, Graves, J. Russell and Worth. Home run—McCabe. Base hits—L. Green, Rushing, Eaves, Luedtke 2, Greer. Win-pitcher—Bert Williams. Loss-pitcher—H. Green.

Score by innings:

Crowell 201 100 003—7
Harrold 102 060 22x—13

BIRTHS

To Mr. and Mrs. Troy Taliaferro a girl, Nedra June, May 13.
To Mr. and Mrs. George Maynor, a girl, Catherine May 19.

EXERCISES FOR 11 SENIORS OF TRUSCOTT HELD

Sixteen Graduate From Grammar School at Program

Graduating exercises for eleven members of the Senior class of Truscott High School were held in the High School auditorium Friday night at 8:15 o'clock. Rev. Paul C. Witt of Abilene addressed the graduates.

The professional was played by Mrs. Geo. E. Tyson. The salutatory and valedictory addresses were delivered by Winnie Horne and Helen Berg, respectively. Following the address by Rev. Witt, awards and the diplomas were presented by Superintendent A. F. McMinn. Helen Berg, Winnie Horne and Buford Brown received scholarships.

Seniors who received diplomas were: Helen Berg, Winnie Horne, Nina Cook, Florence Whatley.

Speed Mt. Rushmore Memorial

The heads and shoulders of President Washington and President Jefferson, sculptured in the solid granite of South Dakota's Black Hills, receive the finishing touches as workmen begin work on the last figure, that of President Lincoln. Tuzson Borglum, the sculptor, recently announced that he expected to have the major work on Mount Rushmore, near Rapid City, completed by next year, leaving the finishing touches for 1939.

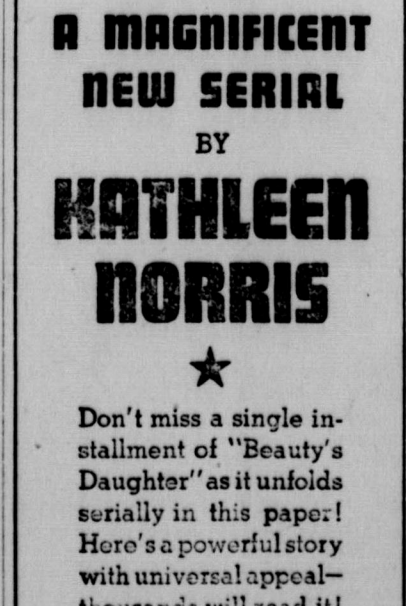

Now! A MAGNIFICENT NEW SERIAL BY HATHLEEN NORRIS

Don't miss a single installment of "Beauty's Daughter" as it unfolds serially in this paper! Here's a powerful story with universal appeal—thousands will read it!

Starting in the next issue of The Foard County News.

New Twins Ready to Join Navy Family

Uncle Sam's two newest twin destroyers, the Patterson and Jarvis, are shown floating serenely in the drydock at Bremerton, Wash., before they joined their big family of sisters on the bounding main. The launching of the twins was sponsored by Miss Elizabeth Patterson, who named one of the destroyers after her grandfather, Commodore Daniel Todd Patterson.

Items from Neighboring Communities

RAYLAND (By Annise Davis) Mrs. H. E. Cobb and son, Clois, of Truscott visited here Tuesday.

Mrs. Tom Burns and family moved here last week from Quannah. He had accepted the call as pastor of the Baptist Church several weeks ago.

Mrs. Ollie Emory and son, Joe, and daughters, Mary and Ellen, of Sterling City visited their aunt, Mrs. Ellen Middlebrook, Monday afternoon after visiting Jack Mudd and family of Chillicothe, also relatives in Oklahoma.

Several grain farmers have been binding oats the past week. Mrs. J. S. Owens returned home last week after undergoing a very serious operation at the Quannah Hospital.

Mr. and Mrs. Abb Dunn attended the Shriners' meeting at Wichita Falls Friday and Saturday. Mr. and Mrs. Bob Thomas of McLean spent the week-end with relatives here.

Mr. and Mrs. Oral Wharton and three children of Tahoka spent Saturday night with their parents, Mr. and Mrs. John Taylor, and family.

Mr. and Mrs. S. J. Brown visited her brother, Fred Brown, and wife of Thalia Sunday.

Mrs. Earl Bryant and son, Earl Jr., spent Wednesday and Thursday with relatives at Odell.

Miss Ruth Banister of Thalia is spending this week with her aunt, Mrs. Grover Nichols, and family and her cousin, Mrs. J. D. Bursley.

Miss Lillie Maye Edgin of Crowell spent Saturday night and Sunday with Miss Mildred Solis.

Mr. and Mrs. C. D. Hall and family and Mr. and Mrs. Ralph McCoy and daughter, Billy, spent Sunday with Mr. and Mrs. C. M. Carroll and family.

Mr. and Mrs. Loyd Owens visited relatives in Wichita Falls Sunday.

Mr. and Mrs. R. H. Blevins of Margaret spent Sunday with Mr. and Mrs. Dave Solis and family.

Mr. and Mrs. O. A. Solomon, who was called to Gainesville about two weeks ago on account of the serious illness of her mother, returned home Saturday.

Mr. and Mrs. Ed Higgs and daughters spent Sunday with Mr. and Mrs. Race Higgs of Thalia.

Dorothy Hall of Black is spending this week with Mrs. C. M. Carroll.

Mr. and Mrs. Cribbs of Riverside attended singing here Sunday night.

Orville and Dorothy Alston of Crowell visited Mr. and Mrs. Roy Alston Sunday afternoon.

Mr. and Mrs. Dave Solis and family attended church at Margaret Sunday morning.

Everybody is invited to come to singing Sunday night. We are ordering new books and expect them to be here by Sunday night.

Mrs. Dave Solis, Miss Mildred Solis, Mrs. W. J. Garrett, Mrs. F. E. Diggs and Opal and Mrs. C. W. Carroll attended the County Federation meeting at Riverside Tuesday.

Mr. and Mrs. C. C. Hinkle visited Mrs. J. T. Phillips of Claytonville Monday.

Miss Ada Groomer of Crowell spent Wednesday with her mother, Mrs. C. H. Groomer.

Mrs. J. T. Polk, Mrs. Vernie Polk and Mrs. Tommie Polk of Claytonville visited Mrs. Bryant Tuesday.

Miss Lee Vanna Black spent Saturday with Miss Veimeta Mehar of Crowell.

The school picnic was well attended Friday at Horse Shoe Lake in the Claytonville community.

Miss Mary Frances Collins of Crowell visited Miss Vidie Phillips Thursday. She also visited Mrs. F. A. Hinkle.

Mrs. Millie Mehar of Crowell spent last week with Mrs. Nettie Black.

O. J. Polk of Claytonville spent Friday night with Mr. and Mrs. Bryant Little.

Mr. and Mrs. R. E. Ballinger and little daughter, Reta Sue, went to Pooleville Saturday to visit his parents for a few days.

Miss Vivian Collins of Crowell spent Thursday with Miss Marie Dunn.

Mr. and Mrs. Walter Daniel of Rayland spent Sunday with Mr. and Mrs. C. E. Dunn.

Mr. and Mrs. Pat McDaniel of Crowell spent Sunday with her parents, Mr. and Mrs. T. P. Whitely.

Edward Roark of Crowell visited school Thursday.

We are sorry to report that Mrs. J. T. Cox isn't feeling as well as she was last week.

C. W. Collins and G. L. Scott of Crowell visited L. R. Scott Sunday.

Billy Jo Scott entertained several of her friends with a birthday party Sunday afternoon at her home. Refreshments of cake and punch were served to the following: James Ray and Gladys Phillips of Ing; Hope and Duard Brown, Claytonville; Billy Jean, Bobby Ruth, Roy Myrl, and Gayland Whitley of Crowell; Margaret Gene and Pauline Davis, Arnold Cox, Earl Dee and Clinton Hinkle, Lois, Berry Jr., Joyce and Rudy Hinkle and Wanda Belle Whitley.

Mr. and Mrs. O. G. Whitley of Crowell spent Sunday with Mr. and Mrs. L. R. Scott.

The school play was well attended Friday night.

Miss Ada Groomer, who has been attending school at Crowell, has returned home to spend her vacation days.

Miss Ada Groomer of Crowell spent Wednesday with her mother, Mrs. C. H. Groomer.

Mrs. J. T. Polk, Mrs. Vernie Polk and Mrs. Tommie Polk of Claytonville visited Mrs. Bryant Tuesday.

Miss Lee Vanna Black spent Saturday with Miss Veimeta Mehar of Crowell.

The school picnic was well attended Friday at Horse Shoe Lake in the Claytonville community.

Education is more than an admirable vocabulary.

Crowell, Texas, May 27, 1937

There is no man that hath power over the spirit to retain the spirit; neither hath he power in the day of death; and there is no discharge in that war.—Ecclesiastes 8:8.

A GOOD WORD BOOSTS

One of the ways in which everyone can boost local institutions and the community is to have a good word to say about a business institution when it is mentioned. The story is told of an old man who died and was buried. At the grave, in lieu of a funeral service, one of his friends was called upon to say something of the departed. The old friend approached the grave puzzled as to what he might say. The departed had more than the usual number of human frailties and it was not easy to think of a remark appropriate to the occasion. Finally the friend of the departed said: "Vel, John was a good shucker."

The story is old but it illustrates the point, that there is always something good that can be said if one looks for it. There is always something good that can be said of a local institution if one looks for it, and the expression of good will is going to help build up that institution and make it even better. This is a simple, effective way for the people of a community to build up their own town. A good word is just as easily said as a disparaging word and is worth infinitely more.

1,000,000 BUSHELS

The yield of Foard County's 1937 wheat crop is expected to reach 1,000,000 bushels or more. The total acreage of the crop in this county is larger than in many years and is estimated to be between 55,000 and 60,000 acres. Only a small portion of the acreage is estimated to make as low as 10 or 12 bushels, with a greater portion of the fields making from 15 to as high as 30 bushels per acre.

Preparations are about complete for harvesting the wheat crop and it will begin early next week or before.

The harvesting and marketing of a million-bushel wheat crop, conditions favorable in the cattle and sheep industries and considerable activity in the oil business, all present a beautiful picture and will materially aid the county in making great strides toward a recovery of prosperity.

If you want to discover the true quality of a man put him into a position where he can profit by a little dishonesty, unfairness and injustice. If he yields you have as accurate a picture of him as you need for any appraisal. A man's character is not determined by what he says, and the high sounding phrases he uses, and the lofty ideals he expresses when on parade, it is best shown by what he does when the opportunity presents itself.

WHAT WE THINK (By Frank Dixon)

To me one of the greatest tragedies of the nation is the condition of the farm industry.

I regard it as a major tragedy because with all our knowledge and wisdom and learning we have not been able to preserve our basic industry from bankruptcy. I am not prepared to say whether this is the fault of the farmer as an individual or as a class or of the government. It is not so important who is to blame. The sad fact is that it was necessary for the industry to be nearly completely bankrupt before the active attention of the nation was directed to it.

Regardless of how they conduct themselves outwardly and the front they put up there come those times to every person when a word of encouragement or a talk with some friend puts him on solid ground and sends him on his way with a song in his heart.

Some men never reach their point, no matter how great their accumulations, where they feel they have enough for all their needs and are safe from loss and want. These men are not rich no matter how many thousands they have been able to earn. On the other hand the fellow who has the right attitude toward money, who sees in it a means of living, who can spend it for necessities and comforts without misgivings and a pang, is richer in terms of real living than his more affluent neighbor.

There is quite a difference between a fair price and a cut throat price. A fair price leaves the seller a fair margin of profit, and a fair return for his services. A cut throat price is born of a desire to kill off competition and leaves the seller nothing for his effort.

The best citizen for a community is not the one who can make the best after dinner speech or who appears with ease in a formal dress suit. The best citizen for a community is the fellow who gives employment to others and makes possible out of his business other homes and other successful citizens in the community.

It often happens that the fellow who has shouted at the top of his voice about what ought to be done to save the country, drops his voice to a whisper when the mantle of authority falls upon his shoulders.

One of the most substantial evidences that the world is making progress is the fact that the use of the combination of sulphur and molasses as a spring tonic is becoming more rare.

We men like to have our wives have complete confidence in us but when we go fishing we know how to appreciate a plate full of pork chops when we return home.

THOUGHTS OF SERIOUS MOMENTS

Hate and mistrust are the children of blindness.—Watson. No man is justified in doing evil on the ground of expediency.—Theodore Roosevelt.

Strew gladness on the paths of men—you will not pass this way again.—Fess.

A lifetime of happiness! No man alive could bear it; it would be hell on earth.—George Bernard Shaw.

It is best shown by what he does when the opportunity presents itself.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—With a strangely mixed record of good and bad legislation, the 45th legislature's regular session was brought to a final end in the wee hours of Sunday morning, with its clocks turned back, as members prepared to pay a flying visit home and return to resume their efforts at the next session scheduled by Gov. Allred for Thursday of this week.

The governor specified nothing but repeal of pari-mutuel betting on horse races in his call, but pointed out omission of the usual reservation of his right to submit other matters did not preclude his doing that thing, provided progress on the race repeal measure justified submission of other matters. Bryan Bradbury of Abilene, author of the repeal bill in the house, planned to hold one-day hearings Friday and report the bill to the house floor immediately. Prompt passage by the house by a large vote was foreseen. What the senate will do remained doubtful. Frank Rawlings, shrewd senator from Tarrant County, who single-handedly blocked a motion throughout the special session of the senate, was expected to resume the battle to prevent a senate vote.

Appropriations Up

Appropriation bills, rushed through conference committees in the flying hours of the session, further complicated the state's woeful financial condition. Budget appropriations for the biennium were hiked approximately \$10,000,000 total, as forecast in this column last week. John Redditt, chairman of the senate finance committee, constant comforter of the special interests' lobby, which fears taxation, however, promptly came to bat with an optimistic statement that he believed only \$5,000,000 to \$7,500,000 additional revenue would be necessary despite the current 10 million-dollar deficit and the upped appropriations.

DeBerry Is Confirmed

Nomination by Gov. Allred of Tom DeBerry, former senator from Red River County, to succeed John Wallace as member of the board of control on Jan. 1, 1938, was confirmed by the senate, but brought out much political discussion. Allred's unprecedented action in submitting this and other nominations far in advance of vacancies in the offices brought the question on the senate floor as to whether the governor planned to resign to accept a federal judgeship. This Allred denied, but his denial was carefully worded, and served merely to strengthen the growing belief here that he will quit and take the federal post if it is offered him. Wild rumors that the deal had fallen through because the national administration had determined to "punish" Tom Connally, junior senator, for his opposition to the Roosevelt court plan were discounted here by those who know of Connally's close personal relationship with Roosevelt and John Garner. They pointed out Connally has opposed the president vigorously on the NRA, the St. Lawrence waterway treaty and other measures, and remained one of the most influential administration senators in Washington.

Advertising Bill Dead

If Texas voters are to be given an opportunity to vote on whether the state shall advertise to attract industrial capital and tourist trade, it will not be for another two years. Despite valiant efforts of Lieut. Gov. Walter Woodul, who piloted the resolution through the senate, the house failed to vote on it. Friends of the bill declared they received little co-operation from Bob Calvert, speaker of the house, in getting it up, although Calvert saved the measure from defeat once by supporting it on a tie vote.

Veto On Dental Bill

Final passage of the silly measure which would prohibit dentists from advertising in newspapers, with signs or otherwise, drew predictions that Gov. Allred would veto it on constitutional grounds. Newspaper publishers and others who have opposed it on the ground that it involves a principle questioned its validity and urged the governor to strike it down. They declared the legislature might decide next to forbid grocery stores, filling stations or restaurants to advertise their wares.

Seek Road Money

The eyes of Texas this week were turned toward Washington, where members of the Texas highway commission and good roads advocates throughout the state were wiring Majority Leader Sam Rayburn of Bonham urging support of the Cartwright amendment to the emergency relief appropriation for 1937-38. The amendment would designate a substantial sum out of the president's \$1,500,000 relief fund for highway construction, sending it through regular channels, including the U. S. bureau of roads and state highway commissions. It would be applicable for federal aid and farm-to-market roads, and would bring to Texas about \$9,000,000 additional highway money without additional federal matching. The legislature adopted a joint resolution memorializing congress to approve the plan, pointing to the permanent benefit deriving from other relief money spent in this manner and citing the useful employment resulting. HUGHSTON - SPENCER AGENCY

Your Horoscope

May 25, 26, 27—You have a fondness for pleasure, sports and amusement. At times you are impractical. Being extreme in your likes and dislikes you can change from friend to foe very easily. You are a poor subject for flattery, are light hearted and sympathetic to a degree.

May 28, 29, 30, 31—If you can be conspicuous in it you like social or public work. Your affections do not run very deep outside your family. You like to mix with, and have great regard for people of wealth. You are very fond of flattery, which is not always good for you. You are somewhat conceited and generally well satisfied with yourself.

INTERESTING FACTS OF THIS AND THAT

Over 14,000,000 persons throughout the world are engaged in the production of textiles. It is reported that cancer one out of every ten men over five years of age and one out of every five women.

The island of Java, a colony of the Netherlands, has a population of 42,000,000.

The total armament expenditures called for in the budgets of Russia, Germany, Great Britain, United States, Italy, France and Japan for 1937-38 are \$12,000,000,000. This is five times 1935 budget for this purpose. Dr. Maud Slye of Chicago, 1935 budget for this purpose. She has devoted her time exclusively for 27 years to the study of cancer and its causes.

Hippocrates, a Greek physician announced 2,300 years ago that fever was nature's attempt to produce a high body temperature the purpose of destroying by burning up disease germs present in the body.

26,000,000 tons of scrap iron and steel are used by the steel industry each year in this country. All of this is collected by junk dealers.

BITS OF PHILOSOPHY (CIA)

Plenty of sleep is wise, but dom is not attained while we sleep. We can learn much from the less successful than we.

Capacity for faithful performance of small tasks.

Imperfect Sympathy a Fault Imperfect sympathy is a fault as great as imperfect knowledge.

10 GOOD REASONS for choosing a SUPERFEX Oil Burning Refrigerator. 1. SUPERFEX operates on kerosene. You can move it and use it anywhere. 2. It is engineered to meet the exacting demands of rural homes. Scientifically designed and styled for permanent satisfaction. 3. The refrigerating unit is both air- and water-cooled. The specially designed burners do their day's work in two hours and go out automatically. There is no constant flame. This feature and the exclusive Super-Condenser top make SUPERFEX the most economical refrigerator to run. 4. SUPERFEX has beautiful modern lines and cream-white finish. The food space is roomy, porcelain-enamel lined, equipped with adjustable shelves and handy door racks. 5. Saves miles of steps in meal preparation. Keeps foods fresh and cold—right in the kitchen! 6. Saves waste, keeps left-overs, also foods ready for marketing. You can "cook ahead" for crew meals or other busy days. 7. No more limp salads or butter. You always have ice-cold milk without trips to town. 8. Your family can enjoy fresh, crisp salads and ice-cream drinks all through the hot summer door racks. 9. With SUPERFEX it's easy to prepare ice-cold field lunches. 10. SUPERFEX is made by the Lanier Hardware Company, a nine years of satisfactory service, thousands of country homes, on easy terms, if desired. Let the Lanier Hardware Company be your refrigerator expert.

Full Length Full Strength Full Weight McCORMICK-DEERING BIG BALL TWINE Treated Against Destruction by Insects Place Your Twine Order Now YOUR order for binder twine, if placed now, will greatly help us to give you better service. Come in and tell us how much twine you will need. Figure your order on the number of acres you expect to harvest, estimating that it will take about 2 1/2 pounds of twine per acre. This will enable us to get your order in to the Harvester Company early, and will protect you in case we should order short of the local demand. Also, if we have the binder twine business settled early, we will be able to give you better and faster emergency machine repair service at the busy season if you need it in a hurry. Help yourself to better service by ordering your twine now! BURSEY IMPLEMENT COMPANY

Best gum spirit turpentine 85c gallon. Less in larger quantities.—W. R. Womack.

Somebody Said

Purloined Potted Paragraphs

There is something sacred about wages—they represent homes and families and domestic destinies. On the cost sheet, wages are mere figures; out in the world wages are bread boxes and coal bins, babies' cradles and children's education, family comforts and contentment.

Gone are the favorites of yesterday! The high pressure salesman who pressed on you some junk you could not possibly use; the boss who thought his employees had nothing to do with the success of the business; and the employee who figured that the eagle would fly on pay-day whether he helped it to grow feathers or not—they've all gone the way of the fire sale that burned the customers.

People who are worthless are not talked about very much. It is the man who is trying to make the most of his time and talents who is a target for the abuse and aspersions of jealous minds.

The reason there seems to be so few good people in the world is because the newspapers have so little to say about them, while the awful bad folks are so darn well advertised.

Prudence is an excellent virtue—but don't confuse it with timidity.

A lifetime of good examples is better than a library of good advice.

Those who work solve problems that would paralyze a philosopher.

Ability without enthusiasm—and you have a ruse without a bullet.

from the north and from the south to build for themselves their futures on these new frontiers. As the first act of Abraham of old was to build to his God an altar, so it is important that the young person, the modern pioneer of this modern day, when he casts his lot in a new surrounding takes with him into his new life, God. If he does, if he has the courage away from the restraint of home and friends, to live true to his ideals, true to his best self, God will give to him as surely as he did to Abraham that same blessing, that same promise that was given to the patriarch on the plains of Canaan, "I will bless thee, and thou shalt be a blessing."

for admittance. Often dogs that are quite cross when no one is home will pay no attention when some member of the household is home. Dog bites should not be carelessly treated. If the skin is broken first aid treatment and antiseptic solutions should be applied. A doctor should be seen immediately. If there is a possibility that the dog was afflicted with rabies the police should be notified.

The best way to meet the stress of modern business is to keep oneself fit at all times. The first step in keeping fit is to eat right and to get the right kind of exercise. To keep fit, keep well.

SAFETY SLOGANS

If one is attacked by a dog the best defense is to meet it calmly. Do not run. A dog will chase anything that runs. Stand still and speak to him calmly and confidently. Dogs sense fear and hate it. In approaching a home where there is a strange dog go about your business directly and unhesitatingly. Pay no attention to the dog. Do not pick up anything. If the dog bars your approach to the house call to attract attention. If no one comes in answer to your call it is likely no one is at home and there will be no need of your going to the door and knocking

Spelling "Scissors"

Lexicographers have figured out that the word "scissors" can be spelled 58,365,440 ways, the Literary Digest observes in pointing out the various sounds of letters and diphthongs in the English language. Of six elementary sounds in "scissors," it states, the first can be indicated by seventeen combinations, the second by thirty-six, the third by seventeen, the fourth by thirty-three, the fifth by ten and the sixth by seventeen; making the result 17x36x17x33x10x17, or 58,365,440.

Magnolia Named for Botanist

The magnolia was named for Pierre Magnol, a French botanist.

Meeting for Doctors of 3rd Medical Dist. at Memphis May 27-28

Memphis, Texas—Refresher courses for doctors of the Third Medical District on the subjects of pediatrics and obstetrics, and a general lecture for the general public dealing with the same subjects will feature a two-day post-graduate symposium to be held May 27 and 28 in Memphis, according to word received from Dr. Geo. W. Cox, State Health Officer.

This is the first in a series of three such meetings to be held in the Third Medical District, the second to be held in Amarillo on June 10 and 11, and the third to be held in Lubbock on June 24 and 25.

Local committeeman Dr. D. C. Hyder of Memphis, is co-operating with Dr. D. T. Vinyard of Amarillo, Councilor for the Third Medical District, in making the Memphis meeting of interest to both doctors and the lay public.

Technical lectures for attending doctors of the district will be held each of the two days at the High School building, while the lecture for the public will be held at 7:30 o'clock on the evening of May 27 at the High School auditorium.

On these two days an exhibit from the Texas State Department of Health with special reference to maternal and child health problems, will be on display at the High School building, and the public is invited to attend this exhibit.

Dr. J. N. Burditt of Abilene will lecture on obstetrics and Dr. R. L. Nelson of Wichita Falls on pediatrics.

Snowfall in London, England, is exceedingly small, many winters being without even a trace of snow.

TRACTOR FARMERS
Use Mobiloil During Harvest Season

Mobiloil and other Magnolia products will insure smooth, safe and efficient operation of your tractors and other farm machinery during the rush period of the wheat harvest that will soon begin.

Deliveries made promptly at all times.

NEVER BEFORE SUCH A CAR AT SUCH A PRICE

\$645.06 IS THE DELIVERED PRICE IN CROWELL
of this Thrifty '60" Ford V-8 Tudor Sedan, including front and rear bumpers and spare tire. (Taxes and license plates extra.)

● The new Thrifty '60" shown here has exactly the same roomy body on the same 112" chassis, as the brilliant Ford V-8 '85". It has the same, easy-acting, powerful new brakes, the same easy steering and the same big, outside luggage compartment.

But it is powered by a smaller, more economical 60 h.p. V-8 engine which, owners report, is giving them between 22 and 27 miles per gallon of gasoline. It's a good performer, too... Drive one and see!

THEN, LOOK AT THE PRICE... And realize that your present car will probably more than cover the whole down payment, leaving you less to pay on the easily-retired balance. See Your Ford Dealer Today.

Constitutional Amendments

S. J. R. NO. 9

A Joint Resolution
Proposing an amendment to Section 16, Article XVI, of the Constitution of Texas; providing that the Legislature shall authorize the incorporation of banking bodies and provide for the supervision and regulation of same; providing for all of the capital stock to be subscribed and paid for before charter issued; restricting foreign corporations from doing banking business; restricting corporate business to one place.

BE IT RESOLVED BY THE

CHURCHES

Christian Science Church
Sunday School at 10 a. m.
Sunday services at 11 a. m.
Wednesday evening services at 8 o'clock.
Sunday, May 30, 1937. Subject: "Ancient and Modern Necromancy, Alia Mesmerism and Hypnotism, Denounced."
The public is cordially invited.

Christian Science Services
"Ancient and Modern Necromancy, Alia Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, May 30.
The Golden Text is: "I am with thee, saith the Lord, and I will deliver thee out of the hand of the wicked, and I will redeem thee out of the hand of the terrible" (Jeremiah 15:20, 21).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O Lord, how great are thy works! and thy thoughts are very deep. . . . When the wicked spring as the grass, and when all the workers of iniquity do flourish; it is that they shall be destroyed for ever" (Psalms 92:5, 7).
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Animal magnetism has no scientific foundation, for God governs all that is real, harmonious, and eternal, and His power is neither animal nor human" (page 102).

Methodist News Notes
You will be pleased to learn that Rev. C. C. Wright of Vernon will preach at the local Methodist Church next Sunday morning. This will make his third visit to our church this conference year.
The good attendance at the Sunday School and church services last Sunday showed a healthy interest in church life.
It has been decided to have a Bible Vacation School this year. The time and courses will be announced later.

E. L. YEATS.

GUARDIANSHIP NOTICE

Guardianship of Frank Vanek, a Minor, No. 447.

In the County Court of Foard County, Texas.

To All Persons Interested in the Estate of Said Minor: You are hereby notified that I have on this the 19th day of May, 1937, filed with the judge of the county court of Foard County, Texas, an application for authority to make to Jack Roberts Jr., as lessee, an oil, gas and mineral lease of that certain land belonging to such minor, described as follows: All of said minor's undivided interest in and to all of the east one-half of the southeast quarter of Section No. 439, in Block A. H. & T. C. Ry. Co. Survey, situated in Foard County, Texas, and that such application will be heard in the county court room in the court house of Foard County on the 31st day of May, 1937.

Witness my hand this the 19th day of May, 1937.

H. SCHINDLER,
Guardian of the estate of Frank Vanek, a Minor. (49)

LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16, Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 16. The Legislature shall by general laws, authorize the incorporation of corporate bodies with banking and discounting privileges, and shall provide for a system of State supervision, regulation and control of such bodies which will adequately protect and secure the depositors and creditors thereof.

"No such corporate body shall be chartered until all of the authorized capital stock has been subscribed and paid for in full in cash. Such body corporate shall not be authorized to engage in business at more than one place which shall be designated in its charter.

"No foreign corporation, other than the national banks of the United States, shall be permitted to exercise banking or discounting privileges in this State."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937. At this election all voters favoring the proposed amendment shall write, or have printed, on their ballots the following words:

"FOR the amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stockholders in State banks."

Those voters opposing said amendment shall write, or have printed, on their ballots the following words:

"AGAINST the amendment of Section 16 of Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stockholders in State banks."

The above is a true and correct copy.

EDWARD CLARK,
Secretary of State.

S. J. R. NO. 16

A Joint Resolution
Proposing an amendment to Article III, Section 52, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 52d; providing that the Legislature may authorize by law, after a majority vote of the resident qualified electors owning taxable property therein, the adoption of a plan for the construction of paved roads and bridges or both in Harris County and in road districts therein; providing for the levy of a tax to pay for such construction; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 52, of the Constitution of the State of Texas, be amended by adding thereto another section to be known as Section 52d, which shall read as follows:

"Section 52d: Upon the vote of the majority of the resident qualified electors owning taxable property therein so authorizing, a county or road district may collect an annual tax for a period not exceeding five (5) years to create a fund for constructing lasting and permanent roads and bridges or both. No contract involving the expenditure of any of such fund shall be valid unless when it is made, money shall be on hand in such fund.

"At such election, the Commissioners' Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters. Elections may be held

from time to time to extend or discontinue said plan or to increase or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

"The provisions of this section shall apply only to Harris County and road districts therein."

Sec. 2. The foregoing amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
Secretary of State.

H. J. R. NO. 26

House Joint Resolution
Proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new Section to be known as Section 51-c which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient for assistance to the needy blind over the age of twenty-one (21) years, and for the payment of same not to exceed Fifteen Dollars (\$15) per month each, and providing for payment of such assistance or aid only to actual bona fide citizens of Texas and providing that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one year immediately preceding such application; and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to such blind; and providing for the election on the question of adoption or rejection of such amendment and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas, as amended, be amended by adding thereto a Section to be known as Article 51-c which shall read as follows:

"Section 51-c. The Legislature shall have the power by General Laws to provide, under such limitations and regulations and restrictions as may be by the Legislature deemed expedient, for assistance to the needy blind over the age of twenty-one (21) years, and for the payment of same not to exceed Fifteen Dollars (\$15) per month per person; such assistance or aid to be granted only to actual bona fide citizens of Texas; and no habitual criminal and no habitual drunkard and no inmate of any State supported institution, while such inmate, shall be eligible for such assistance to the needy blind over the age of twenty-one (21) years; provided, that the requirements for the length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for assistance to the needy blind over the age of twenty-one (21) years; and continuously for one year immediately preceding such application.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for assistance to the needy blind as that Government may offer not inconsistent with the restrictions hereinabove provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the 23rd

day of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
Secretary of State.

H. J. R. NO. 23

House Joint Resolution
Proposing an Amendment to the Constitution of the State of Texas, as to be known as Section 20 of Article VIII, providing that no property of any kind shall be assessed for ad valorem taxes at a greater value than its fair cash market value; and giving the Legislature power to provide that the State and all governmental or political subdivisions or taxing districts may allow a discount for payment of ad valorem taxes before the date when they would otherwise become delinquent; and providing that this Amendment shall become effective January 1, 1938; providing for an election on the question of adoption or rejection of this Amendment; providing for the election on the question of adoption or rejection of such amendment; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section to Article VIII to be known as Section 20 and to read as follows:

"Section 20. No property of any kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value; nor shall any governmental or political subdivision or taxing district within the State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed by the State and all governmental and political subdivisions and taxing districts of the State a three percent (3%) discount on ad valorem taxes due the State or subdivision or taxing district of the State if such taxes are paid each day before the date they become delinquent; and the taxpayer shall be allowed a two per cent (2%) discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayer shall be allowed a one per cent (1%) discount if days before they would otherwise become delinquent. This Amendment shall be effective January 1, 1939. The Legislature shall pass necessary laws for the enforcement of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the 23rd

day of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
Secretary of State.

H. J. R. NO. 26-A

House Joint Resolution
Proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new Section to be known as Section 51-d, which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient for assistance to destitute children and for the payment of same not to exceed Eight Dollars (\$8) for one child or Twelve Dollars (\$12) for the children of any one family per month; further providing that the Legislature may impose such restrictions and regulations as to it may seem expedient; providing that the amount to be expended out of State funds in any one year for such assistance shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000); and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to destitute children; providing for the election on the question of adoption or rejection of such amendment; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a Section to be known as Section 51-d, which shall read as follows:

"Section 51-d. Subject to the limitations and restrictions herein contained, and such other limitations as may be provided by law, the Legislature shall have the power to provide for assistance to destitute children under the age of fourteen (14) years; such assistance shall not exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family; provided that the amount to be expended for such assistance out of State funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000) per year. The Legislature may impose residential restrictions and such other restrictions, limitations, and regulations as to it may seem expedient.

"The Legislature shall have the authority to accept from the Government of the United States such financial assistance to destitute children as that Government may offer not inconsistent with the restrictions herein above provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an elec-

tion to be held throughout the State on the fourth Monday in August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for assistance from the Government of the United States of America financial aid for such assistance."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution providing assistance to destitute children under the age of fourteen years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing assistance from the Government of the United States of America financial aid for such assistance."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK,
Secretary of State.

H. J. R. NO. 24

A Joint Resolution
Proposing an amendment to the Constitution of the State of Texas amending Article XVI, Section 16, providing for the abolishing salary method of compensation for district, county, and precinct officers of this State, and providing that such officers be paid in such manner and on such basis as may be prescribed by the Legislature; providing for the election on the question of adoption or rejection of this Amendment; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 16, Article XVI, of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Sec. 16. All District, County, and Precinct officers shall after be compensated in such manner and on such basis as may be prescribed by the Legislature."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State of Texas at an election to be held on the fourth Monday in August, 1937, at which election all voters favoring the proposed amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County, and Precinct officers and those opposed shall have printed on their ballots the words:

"AGAINST the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County, and Precinct officers."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

The above is a true and correct copy.

EDWARD CLARK,
Secretary of State.

H. J. R. NO. 24

House Joint Resolution
Proposing an amendment to Article III of the Constitution of the State of Texas, as amended, to be known as Section 20, providing that no property of any kind shall be assessed for ad valorem taxes at a greater value than its fair cash market value; and giving the Legislature power to provide that the State and all governmental or political subdivisions or taxing districts may allow a discount for payment of ad valorem taxes before the date when they would otherwise become delinquent; and providing that this Amendment shall become effective January 1, 1939; providing for an election on the question of adoption or rejection of this Amendment; providing for the election on the question of adoption or rejection of such amendment; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section to Article VIII to be known as Section 20 and to read as follows:

"Section 20. No property of any kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value; nor shall any governmental or political subdivision or taxing district within the State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed by the State and all governmental and political subdivisions and taxing districts of the State a three percent (3%) discount on ad valorem taxes due the State or subdivision or taxing district of the State if such taxes are paid each day before the date they become delinquent; and the taxpayer shall be allowed a two per cent (2%) discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayer shall be allowed a one per cent (1%) discount if days before they would otherwise become delinquent. This Amendment shall be effective January 1, 1939. The Legislature shall pass necessary laws for the enforcement of this Section."

District American Legion Convention at Denton June 12-13

The Arthur O. McNitzky American Legion Post No. 71, of Denton will be host to American Legion and Auxiliary members of the 13th District at a convention to be held in Denton June 12 and 13.

A well arranged program has been prepared for the entertainment of the visiting Legionnaires and Auxiliary members which will begin Saturday at 7:30 p. m. Sunday services will be held at the Methodist Church when Rev. Bryan

Keethly, National Chaplain, will speak. A Legion dinner will be given at the Legion hall at 12:10, following which the convention will hear an address by Wm. McCraw at the City hall.

Legion members are urged to bring their children. Supervisors will be furnished to look after the children at the Legion Home.

A business session at 2:30 p. m. Sunday will close the convention, which will be held there, too!

In spite of this truism, which too few of us think all the way through, the traditional tendency of Texas lawmakers has been to "sock" the natural resource industries whenever new emergencies in state fiscal affairs loom—and often, just out of habit, even when no emergencies loom!

Fortunately, for Texas' growth and progress, these industries with some exceptions, have been able until recently to absorb these socks and shocks—to their pocket-books and to their willingness to continue exploration and risk.

Unfortunately, important industries in other parts of the country which are thinking about decentralization and making plans, are inclined to weigh against Texas' unquestioned natural advantages, the very potent liability of punitive taxation. So, while the state's efforts to tell American industry "what we have here," is laudable, it will fail to win converts unless there is a speedy clarification of Texas' taxation "features" which should embody definite, low, permanent limits to the state's share of the profits of natural resource development.

Cannot All Be Admirals

The story is told how Nelson, after the Battle of the Baltic, was so impressed with the bravery of a young Danish lieutenant that he said, "That young man ought to be an admiral." The opposing commander immediately replied, "If all my brave officers were admirals, I should have no lieutenants left." This incident, notes a writer in Pearson's London Weekly, has a message for all who are ambitious. We must not be discouraged, but we must do our best. The fact that we are not at the top of the tree does not mean that we are not fitted for success, but simply that we cannot all be "admirals."

Welding of Iron an Ancient Art

The welding of iron in the forge is an ancient art. Historians tell us that the process of welding was developed by the Greeks about 600 B. C. At the beginning of the present century forge welding was the only process known and it was possible to weld only relatively small pieces of wrought iron and steel. However, within its obvious limitations, forge welding was developed to the point where a weld could be produced which was as strong and as good as the original piece.

A process has been developed by an English scientist whereby lenses may be stamped out of

CALLED SPANISH SPY

Jose de Gregorio, former secretary at the Spanish embassy in Washington, whose name was mentioned by Senator Gerald P. Nye of North Dakota when he said that Spanish spies in this country are seeking to "violate American neutrality." Senator Nye asked a congressional investigation.

Uncle Jim Says

"Grasses and legumes check costly soil losses and help provide cheap feed for livestock."

Texas farmers have learned that soil losses on minor slopes can be prevented by cover crops or by reverting the crop land on such slopes to pastures.

Legumes take nitrogen from the air and make it available in the soil for subsequent crops. Legumes are high in protein and minerals; when livestock have access to legumes, a saving in grain and protein supplement necessary to balance the ration is usually realized.

Many of the clovers have an excellent physical effect on the soil in that their roots penetrate to unusual depths and loosen up the subsoil. One of the direct benefits of this action is that the soil can absorb and store more moisture.

The farmers of Texas are using more legumes. The 1930 census figures show that 394,555 acres were devoted to legumes in 1929; while the 1935 census figures list 773,783 acres of legumes in 1934. The past year saw Texas farmers, in compliance with the Agricultural Conservation Program, plant 1,776,868 acres of legumes.

Pastures which contain a combination of legumes and grasses provide a longer period of grazing and a more balanced ration for livestock; tend to check erosions and soil losses; and build up the soil by adding humus and nitrogen.

The Agricultural Conservation Program contains provisions for carrying part of the financial burden of conservation practices, and offers aid to farmers in the task of improving and maintaining soil fertility.

WEATHER MEN GRADE WINDS ACCORDING TO THE FORCE

Technically speaking, winds are graded according to their force. "Strong" is the term for any wind of thirty miles an hour. Fifty miles is the speed at which gales howl. After seventy-five miles an hour they become hurricanes, and any wind falling between these two is known as a "whole gale."

The fastest "straight hurricane" ever measured was one at Mount Washington, N. H., which reached the tremendous speed of 231 miles an hour, though explorers say that in Central Asia winds exceed even that velocity, observes a writer in London Answers Magazine.

Tornadoes, typhoons, and cyclones are something apart. Unless actually caught up by one person has absolutely no conception how demoralizing they can be, for they are more devastating than any catastrophe except an earthquake. It is queer, incidentally, that more often than not earthquakes are accompanied by tornadoes.

Those who have watched them say that tornadoes start when two enormous banks of clouds traveling in opposite directions come together. A violent whirl begins at cloud level and rapidly works down to earth. The speed at which the internal whirling currents move is estimated to be anything from 300 to 500 miles an hour.

Know Texas

Denton.—Easily justifiable are the broad smiles of Texas business men when they see that over 41-240 out-of-state cars came across these borders during the nine-month period from June, 1936, to March, 1937, according to official tabulations of the Highway Department.

One good reason for smiling is that the estimated mileage covered by these thousands of cars in Texas is over thirty-one million miles. This means that from the sale of gasoline \$141,185.72 was taken in by dealers and a little matter of \$43,441.76 went to the state in taxes.

To these figures must be added the revenue from tourists in the way of lodging, food, clothing, car repairs and other miscellaneous items of travel, none of which can be tabulated or even accurately estimated. Summer travelers who know what a small percentage of their vacation expenses is taken up by gasoline can realize how great a sum was probably spent within the state on these other items.

There can be no doubt but that this influx of out-of-state trade was profitable both to the collective and individual interests of Texans. Oklahoma led the list of states who sent the greatest number of cars to Texas with nearly seven thousand visitors. California was second with over five thousand, and next in order were Louisiana, Illinois and Mississippi.

These figures were much higher than usual because of the Centennial, since 32,131 cars crossed the state line during those four months alone. With statewide cooperation the Pan-American Exposition should prove just as successful in stirring up traffic this summer.

BATTLESHIPS ARE FIRST BUILT WITH BLUEPRINTS

Long before the first keel plate of a warship is laid, the vessel has already cost the taxpayers many hundreds of pounds—in blueprints, declares a writer in Pearson's London Weekly. The actual first steps in making a battleship are taken several years before the shipyard workers come into the picture, when complicated charts and blueprints—in some cases as many as 1,200 have to be drawn—are prepared.

Apart from the first originals, dozens of sets of blueprints must also be drawn up, ranging in size from a square foot of paper to a sheet 11 feet long, and 3 feet wide.

While this is being done, long and complicated schedules for material are prepared, from which the necessary metal and fittings are ordered.

Some idea of the detail involved is shown by the care given to such trifles as canvas gun covers. When these are ordered the specification gives the number of stitches per inch of canvas, and this must be strictly followed. If there is any variation when official inspectors examine the cloth, it will be returned to the makers.

All through the years of building, new plans are constantly being made to include any modifications or alternations of the originals, so by the time the warship takes the water, every ounce of material in her is included in the filed plans. Then, should any replacements ever be required, the material for effecting repairs can be ordered within a few hours' notice.

crystal clear plastics instead of resorting to the usual tedious process of grinding. Camera lenses formerly costing \$50 can be produced by the new process for \$5 at a profit. The inventor claims that spectacle lenses can be stamped out by the new process at a fraction of their present cost.

"PIECES OF EIGHT" KNOWN IN TIME OF SHAKESPEARE

The Spanish peso or eight reals of the Seventeenth and Eighteenth centuries circulated throughout the American continent and was known as the "piece of eight." This name, relates a writer in the Detroit News, is found in English literature as early as Shakespeare's time. The coin was worth approximately as much as our dollar. Because of its design, it is sometimes known as the "pillar dollar," and it has been supposed by some that these "pillars of Hercules" with the ribbon about them gave rise to the dollar sign.

Webster's dictionary, however, shows that this was originally a modification of "Ps," Mexican abbreviation of "pesos" or "piastres." The "s" was at first placed above and to the right of the "P" but later was lowered and twined around that letter. Early manuscripts have shown the sign to be the result of evolution, independently in different places. It was written after the numeral in Spanish America, but before the numeral, like the pound sign, by the English colonists, and was widely used before the adoption of the United States dollar in 1785. It is employed also for the dollar in Canada, West Indies, Hong Kong and Straits Settlements; for the peso in Argentina, Chile, Mexico, Colombia, Paraguay, Uruguay; for the milreis in Brazil; for the escudo in Portugal; for the lempira in Honduras.

Mitchell Allee Recently Married at Port Arthur

The marriage of Miss Vivian Rae Baker of Port Arthur to John Mitchell Allee, formerly of Crowell, now of Fort Worth, was solemnized at the First Baptist Church of Port Arthur on the evening of May 8.

The front of the church was transformed into a veritable bower of California fern with tall baskets of gladioli in rainbow colors arranged against the background. Candelabra of graduating heights with lighted candles added to the attractive setting.

The bride came in on the arm of her father, who gave her in marriage. The bridegroom was attended by Thomas Petty of Fort Worth as best man. The couple stood in front of the altar where Rev. A. O. Moore performed the ceremony.

The bride's wedding gown was of ivory brocaded satin with high neck, long sleeves and train. Her bridal veil was caught with lilies of the valley and she wore a bandeau of pearls.

Miss Zora Alice Fawcett was maid of honor and bridesmaids were Misses Helen White, Elizabeth Bledsoe, Ada Dunstan, Etta Montgomery, Dale Gay and Mrs. Julius Feigenson, all of whom wore gowns of pastel shades. Little Miss Beverly Ann Baker, sister of the bride, acted as junior bridesmaid. William Johnson, B. V. Brown, Robert L. Cooper Jr., Robert Curtis, Charles Dunstan and Julius Feigenson were ushers.

Mrs. Clifford G. Hall sang the bridal solo and was accompanied by Miss Daisy Ferris at the piano and Carol Epperson on the violin. Mrs. Allee is the daughter of Mr. and Mrs. H. F. Baker of Port Arthur. She is a graduate of Port Arthur High School, Ward Belmont, Nashville, Tenn., and Louisiana State University, Baton Rouge, where she received her B. A. degree. She also attended University of Arkansas and University of Texas and is a member of Delta Delta Delta. She has recently returned from New York where she studied under Frances Robinson Duff, dramatic coach.

Mr. Allee is the son of Mrs. J.

Miss Mildred Durham and Floyd Mapp Wed

Miss Mildred Durham of Littlefield and William Floyd Mapp of Crowell were married here Saturday night in the home of Rev. John W. Tyndall, who performed the ceremony in the presence of Mr. and Mrs. Bill Bell.

The bride is the daughter of Mr. and Mrs. W. B. Durham of Littlefield. Mr. Mapp is the son of Mr. and Mrs. G. E. Mapp and has been a resident of Foard County all of his life.

R. Allee and the late J. R. Allee of Crowell. He was born and reared here. He is a grandson of Mrs. J. M. Allee and of G. A. Mitchell. He graduated from Crowell High School and attended Texas Tech at Lubbock, and West Texas State Teachers' College at Canyon. He has been employed as purchasing agent for Williamson Dickie Manufacturing Company in Fort Worth for the past three years. The couple are now at home in Port Worth, following a trip to New Orleans.

A reception and dance was given at the Sabine Hotel in Port Arthur immediately following the wedding, at which several hundred guests were in attendance.

A number of pre-nuptial parties were given complimenting Mrs. Allee before her marriage.

SURPRISE BIRTHDAY PARTY
Mrs. Willie Dykes was given a surprise birthday party on May 18 at the home of Mrs. Cotton Gann, with Mrs. Gann, Mrs. O. L. Dykes and Mrs. Carl Henry as hostesses.

After a time spent in conversation, the honor guest was asked to go into an adjoining room and there she found a clothes basket filled with gifts from those present and from several who were unable to attend.

The hostesses served punch and cake to the following: Mrs. Dykes, Mrs. Mary Brewer, Mrs. Jones, Mrs. Pearl Rodgers, Mrs. A. L. Johnson, Mrs. Payne, Mrs. Alfred Vesel, Mrs. Clifton, Mrs. Everett Ford, Mrs. G. M. Roberts, Mrs. Reuben Briscoe, Mrs. Verge Allen and Mrs. Lewis Burks.

B. & P. W. CLUB
Election of officers was the chief business at a meeting of the B. & P. W. Club on May 20, at O'Connell's Lunch Room. The following officers were elected for 1936-37: Mayme Lee Collins, president; Gussie Todd, vice president;

Zell Saunders, corresponding secretary; Blanche Hays, recording secretary; Myrna Holman, parliamentarian; Ila Borchardt, press reporter. New officers will be installed early in June.

The name of Mayme Lee Teague was presented for membership in the club, and she was duly accepted.

On Friday, May 28, the club will sponsor a benefit Bridge and "42" tournament at O'Connell's Lunch Room.

During the summer the club will meet only once a month in a combined business and social meeting.

SEVENTH GRADE PARTY
The members of the seventh grade graduating class were entertained with a party immediately following the graduating exercises last Thursday night. The party was given by the mothers of the class in the Home Economics room at the High School. The room was attractively decorated with cut flowers of the season. The long table with white linen cloth was centered with a bouquet of sweet peas and punch was served from punch bowls placed at either end of the table. The decoration was done by Mrs. J. H. Olds and Mrs. A. Y. Beverly. Miss Florence Black, Miss Elsie Faye Roark, Miss Annie Lee Long and Mrs. Earnest King poured punch and assisted with the serving of the punch with sandwiches, cake and mints.

The guests were ushered into the reception room by their room teacher, T. B. Burrow, I. T. Graves and Rev. E. L. Yeats, who had made an address to the class prior to the party.

Games, supervised by A. Y. Beverly, were enjoyed.

The entire membership of the class was present at this enjoyable party.

Various committees of the mothers were in charge of the arrangements.

SCHOOL OF INSTRUCTION
An executive board meeting and school of instruction for the local P. T. A. will be held at the home of Mrs. R. L. Kincaid Friday (tomorrow) afternoon at 3 o'clock, according to Mrs. Allen Sanders, president for 1937-38.

The chairmen of the various committees follow and are urged to attend the meeting: Finance, Mrs. Frank Fleisher; membership, Mrs. Ebb Seales; program, Mrs. T. B. Klopfer; publicity, Mrs. Otto Davy; report; Parent-Teacher magazine, Mrs. O. W. Orr; hospitality, Mrs. Tanner Billington; magazine study, Miss Mildred Cogdell; health, Mrs. W. B. Tysinger; hobby, Mrs. L. A. Andrews.

LIBRARY NEWS
Young readers, just out of school, will be glad to hear that the library has added three new books that should interest them: "Tarzan and the City of Gold," by

Edgar Rice Burroughs; "Ruth Fielding at Silver Ranch," by Alice Emerson; "Roping Lions in the Grand Canyon," by Zane Grey.

A new novel has also been added this week: "Still Pond," by Frances N. Hart. Are you planning a world cruise as a vacation? The heroine of the novel was, she will tell you in her own words and actions just how much "home, sweet home" can mean. The hero already knew, and maybe that influenced her decision.

H. D. Women Attend Denton Short Course

Six home demonstration club members of Foard County attended the one-day Short Course held at the State College for Women at Denton last Friday, May 21. Until this year Foard County home demonstration club women had been attending similar short courses at West Texas Teachers' College at Canyon.

Those attending the Denton meeting were, Mrs. W. J. Garrett, Gableville Club; Mrs. Arthur Bell, Margaret Club; Miss Bonnie Schroeder, Riverside Club; Mrs. Walter Thomson and Mrs. Marion Crowell, West Side Club; and Miss Myrna Holman, home demonstration agent.

2,500 Rotarians of North America Sail for France

New York, May 20.—The "zags" of the fleet of fourteen ships carrying Rotarians of North America to the annual convention of Rotary International at Nice, France, June 6-11, the "S. S. Carinthia" sails at 5 o'clock this evening with a party of several hundred officers and their families.

Three ships have already started, and ten others are to follow, each with a large delegation of Rotarians. President Will Mandler Jr., of Nashville, Tenn., heads the party on the "Carinthia" which has been chosen to be governors of the North American Rotary districts for the next year, starting July 1st.

These incoming governors, selected at conferences in their districts in the past few weeks, will meet the rest of the governors from other parts of the world at Montreux, Switzerland, on May 31, for a week of consideration of Rotary affairs, preceding the convention at Nice.

Among the other large delegations organized for the trip to Nice are those of the British Isles, well over a thousand, and from continental Europe, about an equal number. Plans have been made by the Nice Rotarians and the municipality for an attendance of around 8,000.

The convention will be formally opened by the President of France, M. Albert Lebrun, at 11 o'clock Sunday morning, June 6. Business session will continue through Friday morning, after which most of the North Americans will scatter over Europe for sightseeing. Preparations for official receptions have been made for the post-convention travelers. One of these will be held in the London Guildhall, June 25. The Duke of Kent, younger brother of the King, will attend this reception to Rotarians visiting England.

Santa Fe's New Super Chief Speed King of the West

The Santa Fe's new Super Chief, crowned Speed King of the West by virtue of its record shattering run between Los Angeles and Chicago, went into regular service between the two cities Tuesday night, May 11.

Although it will make its one round trip weekly on a schedule of 39 hours and 45 minutes, the silver streamliner arrived in Chicago Monday morning, on a trial run, only 36 hours and 49 minutes after leaving Los Angeles, setting a new speed record. Record time formerly was 38 hours and 49 minutes, until the Santa Fe Flier clipped two hours from that. The famous "Death Valley Scotty" run from Los Angeles to Chicago was accomplished in 44 hours and 54 minutes. This was in 1905.

The Super Chief leaves Chicago, on regular schedule, each Tuesday evening, arriving in Los Angeles Thursday morning; leaves there Friday evening to arrive back in Chicago Sunday. The streamliner succeeds the former Super Chief. This luxury train is hauled by a 3,600-horsepower diesel locomotive.

ANCIENT HOLYROOD CASTLE ONCE WAS ROYAL PALACE

Edinburgh, the capital and show city of Scotland, consists of an old town and a new, both as much unlike each other as are Paris and Constantinople. Both are situated on lofty, parallel ridges, separated by a broad, deep ravine planted with trees and shrubbery, across which stretches a bridge of giddy height.

Holyrood palace, long the seat of Scottish royalty, is perhaps the outstanding historical attraction in Edinburgh, says a writer in the Los Angeles Times. Holyrood is the thank offering of a Scottish king, David I, who met the adventure which started the story surrounding the old place. Attacked by an infuriated stag here, the legend goes, he was miraculously saved by the lost Holy Cross, or food, which fell from the stag's antlers, and at sight of which the animal turned and fled. In his joy over his deliverance, the king erected an abbey on the spot

H. D. and 4-H CLUB ACTIVITIES

Miss Myrna Holman, Home Demonstration Agent

Improvements Being Made by H. D. Women

The hall has received a complete resurfacing at the home of Miss Naomi Fish of the Vivian Home Demonstration Club.

The heavier board walls were painted a pale green with a water paint. The woodwork was varnished and a curtain made for the glass door. The kitchen linoleum, painted buff and green, was transferred to the hall.

The kitchen is next in line and will be refinished soon.

A water line has been laid from the tank to the garden for surface irrigation, according to Mrs. W. A. Dunn, of the Margaret Home Demonstration Club.

There are now twelve varieties of vegetables growing in the garden.

Extra activities by Mrs. T. W. Cooper of the Vivian Home Demonstration Club include the making of two braided rugs from old blankets.

She also reports canning 34 quarts of lamb's quarters.

GAMBLEVILLE H. D. CLUB

Music, a universal language running the whole gamut of human emotion, was discussed at the meeting of the Gambleville H. D. Club Thursday, May 20, in the home of Mrs. J. A. Garrett.

What to listen to over the radio

as a mark of gratitude. Four hundred years later the abbey was replaced by a great palace, built by King James V.

Many royal names are written into the history of the old gray pile, but the nimbus of romance encircles especially the memory of three: Mary, Queen of Scots; Lord Darnley, her husband; and David Rizzio, her chief minister.

Old Fiddlers Must Be Over 50 to Enter Stamford Contest

Stamford, May 25.—Breakdown tunes reminiscent of frolies of frontier days will be played by aged musicians competing in the annual old fiddlers' contest in connection with the Texas Cowboy Reunion here July 1, 2 and 3. The contest is the biggest free entertainment on the Reunion program.

The fiddlers' contest will be held in the City Auditorium on the last day of the Reunion, Saturday, July 3, starting at 8:30 a. m., and continuing probably until noon. Professional musicians are barred and fiddlers must be 50 years of age or over to be eligible. No entry fee is charged. Prizes totaling \$32.50 will be awarded the winners, first prize being \$15, second \$10, third \$5 and fourth \$2.50.

Each contestant is allowed to play two tunes of his own selection, the only restriction being that breakdown tunes must be used. The fiddler may play alone or select a second, but only one accompanist is allowed. Jim Stell of Stamford is chairman of the committee in charge of the contest.

Winners in last year's contest were: First prize, J. C. Lane, Tahoka; second, Jack Sittin, Stamford; third, C. A. Ward, Weinert; fourth, J. E. Meadow, Leuders.

Another feature of the Reunion designed to keep alive pastimes of the early day cattle country is the square dance held at the Cowboy

FOARD CITY H. D. CLUB

All art originated with Nature. The great masters have taken their inspiration from Nature, there is thus a unity between art and life. The elementary principles underlying an artistic composition are essentially the same as those which determine success in the world of material necessity—they are fitness, order, harmony and rhythm.

Music is one of the fundamentals of life and comes to man as naturally as the sunshine. Man has but borrowed his symphonies from the more majestic music of the wild. Out of the overwhelming commonplace of everyday existence the musician has caught the pure and the beautiful and the true.

These thoughts were brought out and discussed by members of the Foard City H. D. Club when it met Tuesday, May 18, at the club house for a program on art.

A large number of members were present with one new member, Mrs. Buster Manning, and five visitors, Mrs. W. A. Patton of Crowell, Mrs. Louis Henderson of Vernon, and Mrs. S. E. Crosson, Mrs. Fred Traweck and Mrs. Shirlee Huff.

The club meets again Tuesday, June 1, at the club house.

Bankhouse at the Reunion grounds each night. Judge C. E. Coombes, prominent West Texan, who is a former cowhand, presides over these dances in which many of the pioneer cowmen, present day cowboys and visitors participate.
