"The Bride Wakes Up" is an entirely new and different kind of Cooking School. It has romance, humor, glamour—it will hold your interest every minute you are in the audience.

For the first time at a Cooking School you will be able to see every single one of the important steps in the preparation of a recipe. Mixing, blending, stirring, baking—all the many and varied points essential to successful cookery, are shown in close-up on the screen.

And lots of new and interesting recipes are demonstrated in the model kitchens especially built for this picture.

The picture will be entertaining as well as instructive. The various characters in the picture are portrayed by talented actors and actresses—the picture was made in Hollywood.

You will see real-life situations—similar to the ones you encounter every day—actually re-enacted on the screen. You will understand the problems of a bride and see how she adjusts herself to her new life as a wife and home-maker.

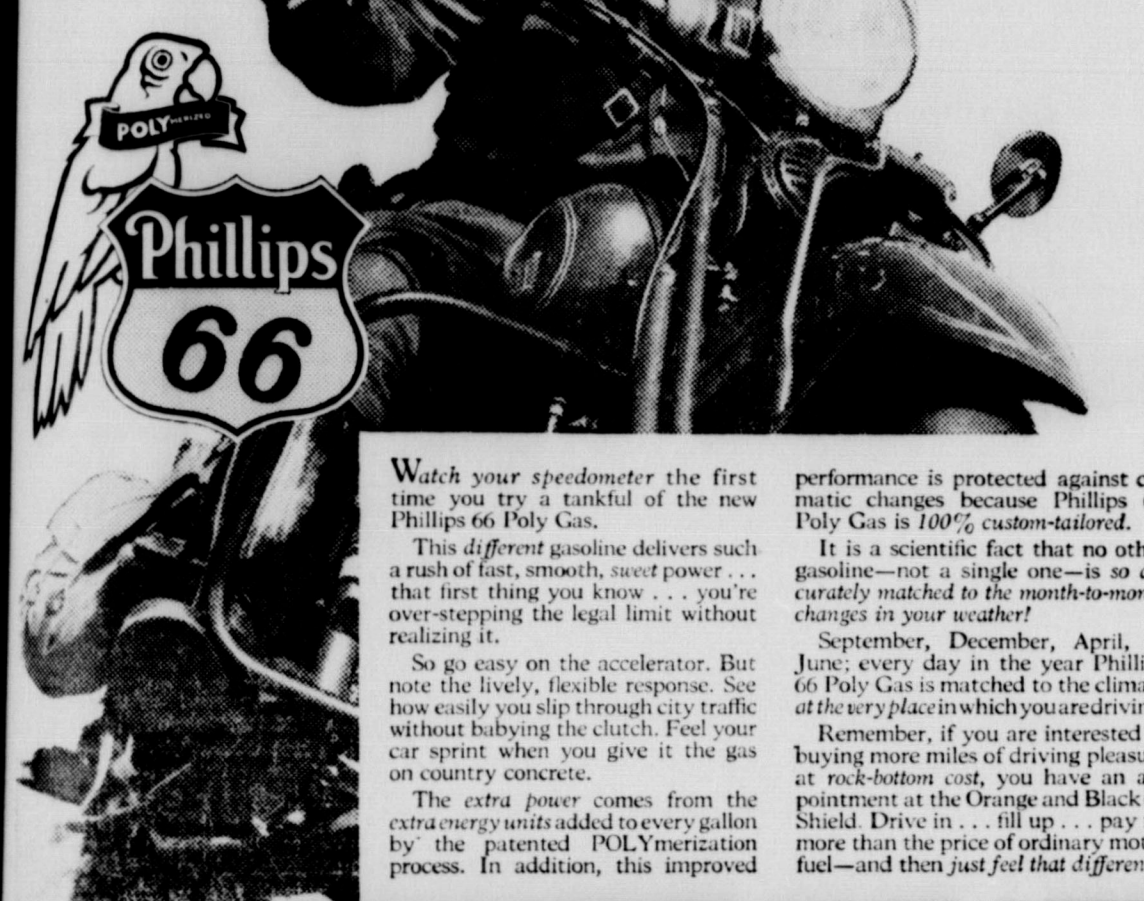

There will be daily gifts for some fortunate women, and of course free recipes for every one.

WARNING

to NEW users of Phillips 66 Poly Gas

Watch your speedometer the first time you try a tankful of the new Phillips 66 Poly Gas.

This different gasoline delivers such a rush of fast, smooth, sweet power... that first thing you know... you're overstepping the legal limit without realizing it.

So go easy on the accelerator. But note the lively, flexible response. See how easily you slip through city traffic without bubbling the clutch. Feel your car sprit when you give it the gas on country concrete.

The extra power comes from the extra energy units added to every gallon by the patented POLYmerization process. In addition, this improved

performance is protected against climate changes because Phillips 66 Poly Gas is 100% custom-tailored.

It is a scientific fact that no other gasoline—not a single one—is so accurately matched to the month-to-month changes in your weather!

September, December, April, or June; every day in the year Phillips 66 Poly Gas is matched to the climate at the very place in which you are driving.

Remember, if you are interested in buying more miles of driving pleasure at rock-bottom cost, you have an appointment at the Orange and Black 66 Shield. Drive in... fill up... pay no more than the price of ordinary motor fuel—and then just feel that difference.

CAPITAL NEWS LETTER

Congressman W. D. McFarlane

Weekly Letters During Vacation of Congress—

During the last four and one-half years I have written a letter each week on National and Congressional affairs. No ghost writer is used by me in the preparation of these letters; I personally prepare each one of them. During the vacation of Congress I shall continue to prepare and submit these paragraphs to the newspapers of the district I have the honor to represent. I am indebted to the newspapers for carrying them and the people, judging by their expressions in letters to me, also seem to appreciate this generosity on the part of the newspapers.

As soon as it is known what bills of the last session are enacted into law I expect, in these weekly paragraphs, to take up each bill of importance to the people in our district and fully explain it to the best of my knowledge and ability; tiresome details will be eliminated but an effort will be made to disclose the effect of such legislation and the changes in existing law that were made.

Farm Rules and Laws—

The county agent in each county is the best informed person in that county on matters affecting commodity loans, government control contracts and related matters. Changes in the near future are likely to be frequent. In order for one to feel sure that he has the latest and most authentic information on these matters he should consult his county agent.

Federal Aid for Education—

The President insisted that the bill to aid public education not be passed at this time, in view of the large appropriation it authorizes and the condition of the budget. However, the President has agreed to appoint a committee to make a thorough survey and investigation between now and January, in the hope that some suitable proposal may be recommended.

There are more than 2,700,000 school children, who do not have any school at all to go to. There are 2,703,000 school children, who only attend school a few weeks each year—a very short time. Two hundred and forty thousand school teachers receive less than \$700 a year and more than 30,000 of these receive less than \$400 a year and all school teachers must have a college degree. There are about 1,000,000 school teachers in the United States. This subject of Federal aid to education is a question of paramount importance and will receive increasing attention until the question is disposed of.

High Rents—

A survey of the rent situation in America has disclosed that people in cities who have low incomes spend a considerable part of their incomes for rent. For instance, in Chicago, a white family whose income is between \$500 and \$750 per annum, the rent paid is \$22.90 monthly, or 43.9 per cent of their total income. In New York City,

the negro with an income of from \$500 to \$750 per year pays in rent \$30.50 or 55 per cent of his income in rent. In the smaller cities of the west, like Billings, Montana, families with an income of from \$500 to \$750, average \$21.40 a month for rent, or 41.2 per cent of their total income. In Dubuque, Iowa, they pay \$19.39 per month for rent, or 27.2 per cent of their total income. In Atlanta, Georgia, such a white family pays 20.6 per cent for rent, and the negro, 16.6 per cent. Figures from cities all over the nation, both large and small, disclose that families in the lower income brackets pay from 15 to 55 per cent of their income for rent. The Administration's Housing Bill is intended to substantially aid this group.

Veto Star-Route Contract Bill—

The House and Senate passed a bill providing for the renewal of star route contracts at four year intervals. Under existing law, the contracts for carrying the mail over star routes are required to be let for a period not exceeding four years to the lowest responsible bidder. The President vetoed the bill and in his veto message stated: "I am opposed to this measure, as I am firmly convinced that the existing policy of awarding star route contracts to the lowest responsible bidder is fundamentally sound. This policy has been in effect for more than 50 years, during which time it has proven on the one hand to be fair to the Government, and on the other it affords to all citizens equal opportunity through fair and open competition to secure the award of such contracts. Without competitive bidding no one can definitely determine the least amount annually for which some responsible bidder may be willing and able to perform the services on a particular route. The Postmaster General, in the discretion granted him by this bill, could not, without obtaining competitive bids, determine whether or not the renewal of a contract would in fact be in the best interests of the service. Obviously there would be no opportunity to reduce the expense of the star-route service in cases where renewals are granted, as the bill provides that such renewals shall be at the rate prevailing at the end of the contract term. Moreover, the Postmaster General would be authorized to grant renewals to a contractor every 4 years for an indefinite period. In other words, the bill contemplates vesting a right to the continuance of a contract merely because of the present holding of the contract without regard to what existing conditions might be at the termination of the particular contract."

The President's veto was not overridden.

Be careful for nothing, but in every thing by prayer and supplication with thanksgiving let your requests be made known unto God.

And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.—Philippians 4:6-7.

Every community has several individuals who never take any part in any project for a community enterprise. They never do any of the work incident to the betterment of the community. They have a way of evading and avoiding all responsibility and letting their neighbor do it. It may be the best plan for one to pass up all these things and let the other fellow give his time and money to promote the best interests of the community, but what kind of a community would we have if everyone was just like that? The individuals who are active and persistent in the promotion of community growth are the ones who are greatly responsible for any progress that community makes.

New Word—

modern home maker alert to this new electric age" and had the approval of Dr. Charles E. Funk, noted lexicographer of New York, who selected it from more than a thousand substitute names submitted in a campaign conducted by the West Texas Utilities Company over its 40,000 square-mile territory.

Mrs. Ben D. Parker, Abilene woman and a dog fancier, submitted the word, N-e-o, she pointed out, means "new." Lectress, she said, suggests feminine usage of electricity.

The campaign was based on the theory that the word "housewife" has become obsolete due to the improved status of women. "It is true," Dr. Funk said in announcing his selection of neolectress, "that the facilities for the effective management of the home have, within the past few years, become so notable as to remove—let us hope, forever—much of the ceaseless drudgery formerly a concomitant of that necessary field.

"My search for the winning name (neolectress) led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity."

Winner of second prize in the contest was Mrs. F. B. Probandt, of San Angelo, who entered the word "domestician." Third place was awarded Mrs. W. B. Bourland, of Oklahoma, with the entry, "homologist." Decisions of Dr. Funk also were based on letters explaining usage of words. Mrs. Parker's reward for her first place entry will be a super-duper Frigidaire; Mrs. Probandt receives her choice of a Thor washing machine; and Mrs. Bourland will be presented with a Sunbeam Mixmaster.

Honorable mention and choice of smaller electric appliances went to ten women; Mrs. Lee White, Dalhart; Mrs. O. R. Bodeen, Childress; Jane Yeager, Rochelle; Mrs. R. C. Roberts, Vernon; Mrs. W. N. Pipkin, Matador; Mrs. S. G. Jones, Abilene; Mrs. J. Dexter Eoff, Ballinger; Anna Mick, Mason; Mrs. R. H. Bounds, Stamford; and Mrs. R. R. Trimble, San Angelo.

First Game—

(Continued from Page One.)

will play right end this season. He is fast and is an adept in the art of pass catching and throwing. Canup should develop into a splendid end as he is fast, a good tackler and is equally capable in both offensive and defensive play. He puts his 143 pounds to good advantage in every play.

Oran Johnson is another 1936 squadman who seems to have a permanent position won at right tackle, although he only weighs 138 pounds. Johnson has shown in workouts that he is rugged enough to take the punishment a good tackle must take and Wildcat followers believe that he is capable of giving more than he will receive as he has been performing like a veteran in the tackle position.

Vernon Gibson will be in his old position at right guard again this year, and will present 145 pounds of fighting Wildcat material to block a path for his ball carrier.

Charles Branch, 133 pound surprise find of the season, or Ed Gafford, 160-pound 1936 squadman, will start at center, as this is the only position for which a starter has not been determined but it is certain that both of the boys will see service in the initial scrap.

Franklin Evans, 150-pound letterman, brings experience to the left guard place. Evans could not report for practice during the first week, but since reporting he has made up for the lost time and has proven that he will make a great running mate for Gibson. Marvin McKown will start at left tackle. He lettered last year, even though he was forced from the line-up until late in the season due to a hand injury suffered in the first week of drills. He tips the scales at 170 pounds and has displayed much power at his position.

Bernice Fitzgerald, a letterman and heaviest man on the squad at 183 pounds, will resume duties at left end. He is also the fastest man of the eleven, a good tackler, blocker, passer, pass catcher and place kicker. Fitzgerald will kick from placement for the Wildcats on both kick-offs and for extra points. On defensive play, he will play in the fullback position to back-up the line.

The Wildcats are expected to present a baffling attack, as either Meason, Orr or Joy can plunge the line, pass or take the ball on an end run, with the capable Simmons protecting.

At the same time, the Crowell eleven can put up a tough defense due to changes that will be made in the line-up when the Crowell team does not have possession of the ball. The quarterback, Joy, is shifted to the center position to help back up the line and the center goes into the right half-back position. The halfback, Meason drops back into the safety spot and Simmons and Fitzgerald change places, Simmons going to end and Fitzgerald into the backfield to back up the line.

Reserves
W. F. Statser, letterman, will be held in reserve for one of the guard positions. Service at that post this season will be divided among the three veteran guards.

Other reserve linemen are Elmer Nichols, Jack Bailey, Charles Branch, Reid Thompson, Whitley Mitchell, Murrell Diggs and Murphy Solik.

Reserve backs are Hugh Solis, Leroy Gibson and A. Y. Olds.

In The News 15 Years Ago

The items below were taken in whole or in part from the issue of The Foard County News of September 8, 1922.

School Starts With 500
The Crowell school opened Monday morning with 500 pupils. A program was rendered in the auditorium to a full house, a large number of the patrons having gone to manifest their interest in the education of their children.

It was thought that a full corps of teachers had been provided for the work, but the congested condition of the eighth grade and the others all full, made it necessary to employ an additional teacher, which brings the teaching force, including the superintendent, up to 15. Jesse Owens was employed as this additional teacher until Jan. 1, 1923, when he will enter upon his duties as county judge.

The regular teachers are: First grade—Misses Lottie Woods and Inez Sloan; second grade—Miss Era Higdon; third grade—Miss Florence Black; fourth grade—Miss Inda Mapp, Miss Jessaie Cates, Mrs. R. T. Groves, Alvin Hysinger; high school—Miss Ethel Ross, Miss Lena Rasor, Miss Litha Crews, Dow W. Tate, principal, and R. C. Campbell, superintendent.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin. — Confronted with a growing possibility that the legislature, if called into special session, may stage another "doing nothing" session, so far as imposition of new and increased taxes are concerned, Gov. Allred this week threw out a hint that he might not call the session in September. He later indicated plainly that it will be called, so that observers here interpreted his statement as an open bid to house members, many of whom want the \$10 a day pay, to support his tax program. The governor's appeal to the folks who want more taxes to communicate their wishes to the legislators was not expected to draw any great response. Outside of a few special groups, such as those who want pensions and haven't got them, there are probably few citizens who want any more state taxes on anything—certainly not badly enough to write letters to their legislators to demand more taxes.

Reduction Is Out
The governor also declared he wouldn't submit the matter of reducing the biennial appropriations, which the legislature upped \$22,000,000 over those of the last biennium, despite the testimony amassed by the senate investigating committee in favor of such a reduction. The committee continued its work through the week, and its chairman, Tom Holbrook of Galveston, urged Allred to submit the matter of a reduction. Another confusing factor was the apparent plan of the sales tax advocates, in the senate, strengthened by the recruiting of Sen. John Redditt of Lufkin, to drive for a sales tax as the answer to the state's financial prayers. The house has been overwhelmingly against a sales tax, and Allred has declared again he would veto it, but if the senate became entangled in a fight over a sales tax, it might help prevent enactment of any tax legislation at all.

Calvert To Run
Political significance was added to the session's outlook, with the definite announcement of Speaker of the House Bob Calvert of Hillsboro that he will be a candidate for attorney general. This makes the presiding officer in each house an active candidate for the same post, as Lt. Gov. Walter Woodul has been campaigning for months. Calvert was the Allred candidate for speaker, but there are so many Allred adherents hunning or rumored as candidates for attorney general, that observers here are saying Allred can do nothing but keep "hands off" this race, with so many of his favorites seeking votes.

Governor's Race
Many weeks ago, this column predicted that the governor's race would narrow down to a contest with only a few friends and relatives present.

Beidleman-Henson
At 10 o'clock Monday morning at the Methodist parsonage, Rev. W. M. Murrell performed the ceremony which united in marriage Mr. Fay Beidleman of Matador and Miss Beulah Henson of Crowell.

Dr. Clark Returns Home
Dr. Hines Clark returned home last Sunday from Denison where he served six weeks with the Texas National Guard. Dr. Clark received a permanent discharge and will remain in Crowell to look after his practice.

Honors Sister
Mr. and Mrs. N. J. Roberts gave a barbecue and picnic Wednesday evening at their farm south of town honoring their sister, Miss Lena Young, who is here spending her vacation.

Miscellaneous Shower
On Saturday afternoon, Miss Winnie Self was hostess to a large number of friends in honor of the charming bride, Mrs. Thomas Hughston.

Olds Sells Feed Business
J. H. Olds sold his feed business last week to the Hughston Grain Co. and J. R. Allee, one of the owners of the grain company, is in charge of the feed store. Mr. Olds will continue with J. M. Jonas in the buying of cotton seed.

between Railroad Commissioner Ernest Thompson and Atty. Gen. Bill McCraw. That prediction apparently has been fully borne out during the past few weeks, since both men indicated publicly from the same platform at the Brennan barbecue that they will run. Bringing the race out into the open has resulted already in a substantial strengthening throughout the state of Thompson support, while the McCraw candidacy, which was going at breakneck speed without any visible opposition, is reported here to have slowed visibly with some competition in sight.

Thompson scored a political favor of no new or increased taxes at this time, in which he pointed out his belief that encouragement of industry, whose consequent prosperity would bring greater revenue to the state through existing levies, if given a chance. That sentiment has apparently won wide approval, both from the business interests who are the objects of taxation, and from a good many ordinary citizens who realize the painful truth—that the consumer pays all taxes in the long run.

Talk of a third term for Allred has completely died out here and the possibility of the governor running again is no longer being given serious consideration by most of the best-informed political dopesters.

Plenty of Diversion
Good roads advocates who have battled for years in Texas to prevent diversion of the revenues of the state highway department to other purposes than the building of roads, have pointed persistently to the possibility of losing federal roads appropriations, if gasoline tax money were diverted to other purposes. This week the federal bureau of public roads "cracked down" on the state of New Jersey, withholding \$250,000 of the state's \$1,676,718 federal roads appropriation, because New Jersey legislators diverted gas tax money to other uses. The action was taken under the provisions of the Hayden-Cartwright act, which authorizes such action, and New Jersey is the second state to be penalized, Maryland having suffered a similar cut earlier. The Texas federal roads income totals around \$8,000,000 annually, as long as Texas doesn't misuse the funds paid in by motor car owners for road purposes.

Names and News
Chairman R. L. Bobbitt of the highway commission, his wife and son, were reported recovering in a San Antonio hospital from painful injuries suffered when their car overturned after a tire blow-out near Laredo. All the politicians seem to believe in early announcements this year, but State Labor Commissioner Nichols of Waxahatchee takes the prize for forwardness, with revelation to his friends that he will run for railroad commissioner, the post held by Lon Smith, in 1940. Politics makes strange bedfellows. For instance: Despite newspaper rumors that he would oppose congressman Lyndon Johnson next July, County Judge Sam Stone of Williamson County, thinks young Johnson has made a splendid record, and will support him, he told this writer. Judge Stone was one of the group of unsuccessful rivals of Johnson in the special election this year, after the death of Congressman Buchanan. Friends of Joseph Weldon Bailey, Jr., opponent of Sen. Tom Connally in 1934, report that Bailey expects to support Connally next time—in 1940—having been completely won over by Connally's opposition to President Roosevelt's supreme court reform plan.

touchdown. Another pass, Canup put the ball near the goal line and Joy went over for the last touchdown on a running play.

All-Star Scrimmage
In the scrimmage with the all-stars Monday afternoon, the high school's first touchdown was made by Joy. Orr intercepted an all-star pass and returned it to a scoring position before being hauled down. Joy took the ball over the goal line after a series of line plays.

A long pass from Fitzgerald to Canup put the ball near the goal line and Joy went over for the second count.

The third Wildcat touchdown was made by Orr, who intercepted a pass and raced about forty yards to the goal line.

Saunders accounted for the only all-star touchdown in the last quarter when he took a short pass from Lilly and ran about fifty yards, evading the Wildcat secondary defense.

Joy took the oval over for the last counter of the scrimmage in the closing minutes of the game.

The kicks for extra points by Fitzgerald, after the touchdowns, were not good and the game ended 24-7 in favor of the high school team.

The pass defense of the Wildcats clicked against the majority of the many passes tried by the all-stars. Several were intercepted and others were knocked down. The larger portion of the passes thrown by the Wildcats were complete.

The Wildcats made more yardage through the line than the all-stars, but the high school boys had the advantage of practicing together, although they did a nice job of stopping the heavier all-star backs.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock.
Sunday, Sept. 12, 1937. Subject: "Substance".
The public is cordially invited.

Christian Science Services "Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, Sept. 12. The Golden Text is: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty" (I Chronicles 29:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wisdom and knowledge shall be the stability of thy times, and strength of thy discouragement. The fear of the Lord is his treasure" (Isaiah 33:6).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Substance is that which is eternal and incapable of discord and decay. . . Spirit, the synonym of Mind, Soul, or God, is the only real substance" (page 468).

Two Minute Sermon

(By Thomas Hastwell)
Cast Your Net on the Other Side: Early one morning a band of weary fishermen, who had toiled all night without success, were returning home with empty boats from a night spent fruitlessly, laboriously tugging at the heavy nets. They were weary, hungry and discouraged. In the dim uncertain light of the early morning they perceived the figure of a man walking on the beach. In the conversation that followed they told of their night of fruitless labor and of their discouragement. The stranger heard their complaints and then said, "Cast your nets on the other side." As the story goes they cast their nets again this time on the other side and caught so many fish that the nets were broken. I've thought many times as I have read this story how often men and women go through life, wasting their time in useless, frivolous things. They come to the end of life with nothing worth while to show for their efforts. They spend all their lives casting their nets on the wrong side and bringing them up empty. What a difference it would make if they should give up their foolish, wasteful, empty, idle practices that crowd out everything worth while, that fill their day with a mad round of petty pleasure seeking, that bring nothing but emptiness and weariness to the end and bring into their lives more of the things of enduring value, more of the things that are sound and genuine and real, if they should cast their nets on the other side.

Your Horoscope

September 6, 7—People often come to you to settle their disputes as they have confidence in your judgment and fairness. You are conservative and a stickler for old customs and forms. You are of the opinion that the old days are much better than the present age of hustle and hurry.
September 8, 9—You possess a keen discriminating mind, intuitive and remarkably psychic, always in search of information and knowledge. You can be quite certain your acquaintances will never doubt your honesty and integrity. You are always much interested in the welfare of your family and friends. Sometimes you are apt to overdo in the giving of advice to your friends.
September 10, 11, 12—Persons born on either of these dates possess ability of the highest quality and a fine, splendid mind. You decide things clearly, and firmly and honestly. Despite this fact, that you are affectionate and home loving, there are times when you display a very violent temper and are hard to get along with.

BEAUTY'S DAUGHTER

By Kathleen Norris

SYNOPSIS

CHAPTER XI — Vic is faced with the stinging realization that Serena is taking Quentin away from her. Several months later, she is taking Quentin away from her. Several months later, she is taking Quentin away from her.

CHAPTER XII

She was in pale blue, the broad hat that dipped about her head and lent an almost too picturesque beauty to her appearance.

"What have I done?" she asked. "What have I done?" she asked. "What have I done?" she asked.

"You're forgetting Spencer," Quentin observed dryly. Serena took instant hope from the words.

"Nothing's settled!" she said breathlessly. "Not one thing is settled! I can ruin your life, Quentin; I can tell Vicky everything."

"If you want to talk about it, although it seems to me we've said everything there is to say," he compromised unwillingly.

"I think I am going to come out tonight," she had announced some moments earlier. And then, contentedly, "This is pleasant, isn't it?"

"Do you like 'Neoelectress'?" Ne-o means new. Le-c-t-r-i-c-i-t-y has the feminine ending and suggests electricity.

"Life would simply be heaven if it could go on this way!" Vicky, feeling herself pleasantly capable over her book-keeping, had been thinking to herself when the telephone had rung a second time.

"That roused him. He turned his head to raise dark brows knitted in a faint scowl. 'Was that Serena?'"

Advertising Manager West Texas Utilities Co., Abilene, Texas.

Dear Sir:

The purpose of the contest that your Company arranged is one that should appeal to every American woman, for it is true that the facilities for the effective management of the home have, within the past few years, become so notable as to remove — let us hope, forever — much of the ceaseless drudgery formerly a concomitant of that necessary field. Science and invention, I am sure, will shortly find ways to eliminate the term formerly onerous duties. It is, therefore, indeed high time that the term formerly synonymous with household drudgery be relegated to the limbo of forgotten things.

Accordingly, I have examined with the greatest interest all the entries that you sent me by airmail. I can not be certain, naturally, that any of them would become the one term that will be received by American women as a permanent and acceptable substitute for the outmoded term housewife. I think, therefore, that your plan to offer a selected list of prize-winning terms is the wise procedure, thereby suggesting possible lines which may lead to a term — perhaps altogether new — that may be generally accepted.

I regret that a great many of the entries seemed to me altogether too flamboyant and fanciful for even brief consideration. Others, tho' contestants may not have realized it, were terms already employed in our language with far different meanings. Others were altogether dependent upon the correct pronunciation for their significance.

My search for the winner of the contest led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity. This word I found in Neoelectress, coined by Mrs. Ben D. Parker, of Abilene, Texas.

For second choice, I have selected the entry of Mrs. F. B. Probandt, of San Angelo, whose word is Domestician. My third choice is the entry of Mrs. W. B. Bourland, of Oklaunion, whose word is Homeologist. The remaining selections, in the order of my preferences, are attached hereto.

Very truly yours,
Charles Earle Funk

The contest was successful because it attracted attention to the improved status of West Texas women. A thousand women specifically said they dislike the name "housewife." However, it is more difficult than we at first thought to find a suitable substitute. But we like "Neoelectress" better the more we think about it. We hope you will. To all entrants we express sincere gratitude for their help. We only wish there could have been prizes enough to go all the way round!

Happy but almost speechless was Mrs. Ben D. Parker, 2126 Grape Street, Abilene, when shown the super-duty Frigidaire her entry in the "name-a-housewife" contest had won. "I need it, too," she told Harold D. Austin, who made the presentation. Thoughtful of Mr. Austin, who sells the refrigerator, she obligingly added: "Every woman needs a Frigidaire!"

Descendants of Henry Baker Hold Fourth Annual Re-Union at Margaret Friday Until Monday

The fourth annual reunion of the direct descendants of Henry Baker was held at the G. Wesley park near Margaret Friday, Saturday and Sunday with Sunday set aside as visiting day for friends of the families represented.

The only surviving child of Henry Baker, Mrs. Julia Baker Hardy, of Waxahachie, was unable to attend. Her children and the children of the families of her two sisters and one brother, all of whom are now dead, made up the group that participated in this reunion. Foard County members of these families include the families of Mrs. M. O'Connell, Mrs. J. I. Malone, S. H. Ross, C. W. Ross, Jno. Taylor, Ed Taylor and Mrs. G. C. Wesley. Other families related by marriage are the Dunns and the Wesleys. These families are always in attendance at the annual reunions.

The meeting is always held on the two days preceding Labor Day and Labor Day.

The program and entertainment for the three days were under the direction of Walter Taylor of Wichita Falls, who also acted as master of ceremonies. Games of all kinds, contests, dances, sports and religious services made up the program.

Saturday morning was spent getting the grounds in order for the different kinds of entertainment and the arrival of the out-

of-town relatives and greetings. By afternoon the celebration was in full swing with various games in progress.

Sunday has been designated as visitors' day at the reunion at which time friends of the families are invited to attend and join in the activities.

The morning worship was conducted by Rev. E. A. Irvine, pastor of the Margaret Methodist Church. Mrs. Ernest Pollock of Oklahoma City played the piano for the services and Walter Taylor of Wichita Falls led the singing. At the noon hour a bounteous basket dinner was served.

Horse shoe pitching, swimming and a soft ball game were events participated in Sunday afternoon. Following the vesper services Sunday night, stunts and tricks entertained the attendants.

Group pictures were made during the day.

Monday was spent in recreation and visiting and Monday afternoon the crowd dispersed and the out-of-town relatives returned to their homes. They were Mr. and Mrs. Walter Ross and family of Willow, Okla.; Mr. and Mrs. A. D. Brown and daughter of Waxahachie, Mrs. Nena McGill, Mr. and Mrs. Dennis McGill and Mrs. Olan Harris of Dallas, L. C. Taylor of Amarillo, Mr. and Mrs. Lester Taylor and family of Portland, Ore., Mr. and Mrs. J. D. Mahoney and daughter of Dallas, Quannah, Mr. and Mrs. J. D. Mahoney and daughter of Dallas, Walter Taylor and family of Wichita Falls, Mr. and Mrs. John Wesley of Iowa Park, Mr. and Mrs. John Baker of Amarillo, Mr. and Mrs. W. O. Neal of Quannah, Mr. and Mrs. W. H. Grimm, Mr. and Mrs. Ernest Pollock, Mrs. Joe McGill and Mr. and Mrs. M. L. Morris, of Oklahoma City.

ADELPHIAN CLUB

The Adelpian Club met in its first meeting for the new club year last Wednesday, Sept. 1, with a high noon luncheon at the home of Mr. and Mrs. M. S. Henry with Messdames Henry, Clint White and O. W. Orr as hostesses. A delicious three-course luncheon was served with the last course of ice cream and cake carrying out the club colors of purple and gold, as did other appointments of the luncheon and also the beautiful pinnas, vases and lanterns which centered each luncheon table and which were used through-

Baby Contest Being Sponsored by Rialto

A baby picture contest is being sponsored by the Rialto Theatre in connection with "New Faces of 1937," which shows next Thursday and Friday and features Joe Penner, Parkyakarkus (Eddie Cantor's "Yes Man") and a host of new faces never seen before in motion pictures.

The contest has simple rules and requires no special talent. Rules regulating the contest only require that the baby be born on or since January 1, 1937, and a photograph or snapshot must be submitted to the manager of the Rialto Theatre. The pictures will be awarded according to the striking features of the face and the cutest pose. A suitable prize will be awarded to the winner of the contest from the stage of the theatre on Friday night, Sept. 17.

Virginia Woolf, generally regarded as the most distinguished woman of English letters, has completed her latest novel, "The Waves," which the library has just purchased. This book promises to be one of the best sellers, and is her most brilliant achievement, written with imagination that is luminous and evocative. Each of her novels provides a new adventure for the reader, and in her latest novel you will follow the adventures of the Pargiters, a family of the upper middle class.

So far as the book is a chronicle of family life, we must note that it has a perfect beginning and a perfect end. It portrays the environment of everyday life, beginning in 1880 and ending with the present time. With such characters as the Colonel, his invalid wife, his mistress, and his children—Martin, Morris, Edward, Milly, Eleanor and Rose, the story never falters, but keeps your interest to the end.

Another of Miss Woolf's novels, "Night and Day," is also in the county library.

Special meetings, such as Texas Founders' Day, Book Week, National Founders' Day, Music Week, Hobbies and Visiting Day, will be observed.

A meeting which will be looked forward to with great interest is Fathers' night planned to be observed on Jan. 18 with an appropriate program.

One meeting is planned to be held in the individual grade rooms. Social features are planned for only three times during the year.

The P. T. A. will meet on the third Tuesday of each school month in the auditorium of the High School at 3:30 p. m., and anyone, at any time, is invited to attend the meetings.

Razor Family Has Reunion Here Sunday

A family reunion was held Sunday at the home of Mr. and Mrs. F. A. Davis when all the children and grandchildren of the late Mr. and Mrs. W. T. Razor, pioneer residents of Foard County, met for a day.

Mrs. O. T. Ball and children, Tom, Ruth and Katherine, of Dallas, and another daughter, Mrs. Jake Parker, her husband and two children, Annette and Buddie, of Shamrock; Mr. and Mrs. John Razor and son, John Thomas, M. F. Crowell, Mr. and Mrs. Marlon Crowell, J. M. Crowell, Miss Virginia Sue Crowell, and Mr. and Mrs. Davis constituted those present.

An interesting feature of the gathering is that the children all attend Sunday School regularly and, instead of breaking a long record of attendance, they met at the First Christian Church and attended Sunday School where they were taught to go as children, before going to the home of Mr. and Mrs. Davis.

A sumptuous dinner was served at the noon hour. All out-of-town relatives returned to their homes Sunday afternoon. Mrs. Ball and children from Dallas went by way of Quannah for a short visit with the children's paternal grandmother.

Ladies of Sewing Room Entertain

The ladies of the local WPA sewing room entertained with a delightful picnic-style dinner at high noon in the district court room Thursday with Mrs. Tip Edgin, supervisor, acting as hostess.

The guests were welcomed by Mrs. Edgin and the invocation was given by Judge Claude Callaway.

Guests were Judge and Mrs. Callaway, A. W. Barker, W. A. Durn, J. M. Marr, John Bradford, Miss Lillie Mae Edgin, Miss Mary Slovak of Wichita Falls, and Henry Ashford.

BAPTIST HOME MAKERS CLASS HOLDS MEETING

The Home Makers Class of the Baptist Church met at the church Thursday, Sept. 2, with Mrs. J. T. Billington and Mrs. John Razor as hostesses.

The meeting was opened with singing and the devotional was brought by Mrs. J. E. Billington. She used as her subject "equipment found in the first chapter of Corinthians."

The lesson was led by Mrs. Raymond Burrow and closed with prayer by Mrs. John Nichols.

Two committees were appointed, one for the election of new officers, the other to make out the new year's calendar.

An interesting program was a feature of the meeting and took the place of the usual games. It follows: Readings by Billie Bil-

BROTHER-IN-LAW DIES

Joe Yoho of Big Spring, brother-in-law of Eli Smith of Chillicothe, former Crowell resident, died in a hospital in Big Spring Sunday morning about 11 o'clock, following a heart attack. Mr. Yoho was at his home when he first became ill and was rushed to the hospital where he died a short time later.

Mr. and Mrs. Eli Smith and Mr. Smith's father, H. C. Smith, passed through Crowell Sunday afternoon en route to Big Spring to attend the funeral which was held in Big Spring Sunday night and the body was shipped to Ohio, Mr. Yoho's old home, for burial. The body was accompanied by Mrs. Yoho and her father, H. C. Smith, Mr. and Mrs. Eli Smith returned to Chillicothe Monday afternoon.

Not only will the picture be free, but there will be a host of daily gifts and surprises arranged by The Foard County News and participating firms, who are joining forces to make the unusual entertainment available to the community.

Reserve the dates, October 4-6, on your calendar now and plan to join your neighbors in the Rialto Theatre.

SAFETY SLOGANS

A good driver never passes another car on a hill or on a curve. A driver who persists in doing this is not a good driver, regardless of what he personally thinks of his ability.

During the last year 38,500 persons died in home accidents. Care is necessary in the home as much as elsewhere if one is to avoid accidents.

More persons lost their lives in accidents in the United States in 1934, 1935 and 1936 than were killed in the Revolutionary War, the war of 1812, the war with Mexico, the war with Spain and the World War combined. Acquire the safety habit.

More than 17,000 persons have been killed in motor vehicle accidents since the first of the year. Drive carefully.

ROTARY CLUB

The Crowell Rotary Club has had two one hundred per cent attendance meetings the past two weeks. The club met in its regular weekly luncheon at O'Connell's Lunch Room Wednesday at noon.

The program consisted of two talks, one by George Self, who outlined a trip over Texas which would take the tourist to the most interesting and important points of the state. The other talk was

made by J. A. Stovall on how to protect one's self in case of fire. The program was in charge of Raymond Burrow.

Rev. E. L. Yoats was admitted to the club as a new member. Miss Mary Elizabeth Huggins who has been pianist for the Rotary Club during the past six months, resigned last week. Arnold Rucker, pianist for six years until the early part of this year has again been chosen for place and was present Wednesday.
