WILDCATS WIN FLOYDADA TILT BY SCORE 32-19

Local Lads Overcome 19-6 Lead in Second Half

Trailing by thirteen points at the end of the first half, the Crowell High School Wildcats staged a second-half comeback to defeat the scrapping Floydada Whirlwinds 32 to 19 on the Floydada High School gridiron Friday night.

The Whirlwinds drew first blood late in the first quarter when a pass from McClung to Orman netted 25 yards and placed the ball on the Wildcat's 3 yard line. This pass slipped through the hands of Crowell safety man, and was caught by Orman, who dropped it after several yards. McClung carried it over for a touchdown.

Crowell's first touchdown came early in the second quarter as the result of a pass after a series of plays, which put the ball on the Floydada 4-yard line. Joy shook loose from three Whirlwind linemen and holding one of them off with his left hand, he tossed a high, wobbly pass with Simling catching just over the goal line to tie the game at 6-6.

At a few minutes later, Hollingsworth intercepted a pass from Joy and raced 70 yards to put the Whirlwinds back into the lead. Eight plays later, Linder intercepted another one of Joy's passes on his own 10-yard line and raced to the Crowell 15-yard stripe before he was finally overtaken and stopped by the fleet-footed Orr, who closed a distance of about 15 yards between in that distance. After several plays, Golithy went over for a touchdown. A pass, McClung to Hollingsworth, was good for the extra point to place the Plainsmen in the lead 19-6 when the half ended.

Second-Half Comeback
With a story-book comeback, the Wildcats tied the score at 19-19 within three minutes after the second half opened. On the second play of the second half, Fitzgerald intercepted a Whirlwind pass on the Floydada 35-yard line and powered his way back to the 11-yard stripe. Joy, with the aid of beautiful blocking, carried the ball over on the next play to place the Wildcats within one touchdown of the hustling Whirlwinds. Two plays later, Orr intercepted a pass from McClung on the Floydada 30-yard line, cut to the side line and behind the effective blocking of his teammates, swept down the field to score the tying touchdown. A pass from (Continued on Page Four)

Three Royal Ex's All on One Spot

Although royalty is ever clannish, whether they retain their crowns or not, it is unusual to photograph three royal 'ex's' in a group. They are at Lausanne, Switzerland. Left to right: ex-Queen Amelie of Portugal, ex-King Ferdinand of Bulgaria and ex-King Alfonso of Spain. The occasion was the marriage of Princess Marie-Dolores, niece of ex-King Alfonso, to Prince August Czartoryski, descendant of an old Polish family.

Special Invitations Are Not Needed For Welcome To Moving Picture Cooking School Oct. 4-6

MOFFETT IN FAVOR PEASE RIVER DAM

Flood Control Needed to Protect Bridges on This Stream

The following letter was received Wednesday from Representative George Moffett of Chillicothe regarding flood control on Pease River. In his letter Mr. Moffett puts forth some sound reasoning in favor of a dam on Pease River to control flood waters. It follows:

"The current closing of the Pease River bridge on Highway 5, northwest of Vernon, for the next 10 days because of badly needed repairs, brought about by the rains of a few days ago, emphasizes very clearly the need for flood control on Pease River. The recent rains were not unusually heavy, yet the bridge was placed in danger, because most of the stream has grown up with salt cedar brush and has forced the flood channel over against the north bank, thus causing damage to the State Highway Bridge that has closed this main artery of traffic for ten days and has caused considerable inconvenience to the traveling public, to say nothing of the cost of repairing the bridge.

"Since this stoppage of traffic on one of the busiest highways in Texas was caused by a very moderate rise in the river, and since the choking up of the stream bed by the brush growth referred to above, is on the increase instead of the decrease, it is obvious to expect further and frequent damage and continued delays in traffic unless the flood waters of Pease River are placed under control.

"There are four vehicle bridges and three railroad bridges on Pease River below the Quanah-Crowell crossing and each of them may at any time suffer the same (Continued on Last Page.)

RECEIVES DEGREE FROM HARDIN-SIMMONS, ABILENE

Miss Ethel Hance, daughter of Mrs. J. S. Smith of Margaret, received her Bachelor of Arts degree from Hardin-Simmons University, Abilene, at the summer forty-fifth annual commencement. Miss Hance majored in elementary education and minored in English. While in college, she was prominent in student activities. She was a member of the B. S. U. council and of the history, home economics and dramatic clubs.

NEW CAR REGISTRATIONS

New motor vehicles registered in the office of the tax assessor-collector during the past week are as follows:

Bax Middlebrook, Ford coupe.
E. R. Fain, Ford sedan.
Charles Gafford, Ford sedan.
Mrs. J. D. Roberts, Ford sedan.
Morton Potato Chip Co., Ford panel truck.
Zeke Bell, Oldsmobile sedan.

7 TRUE BILLS RETURNED BY GRAND JURY

Trial of Cases Began Wednesday Morning in District Court

Seven true bills were returned for trial in the September term of the Fifty-sixth District Court in Crowell by the grand jury which met Monday, Sept. 13, according to the grand jury report. The jury was in session only one day and the report, which was signed by C. E. Gafford, foreman, was filed in the office of the county and district clerk Tuesday.

Grand Jury Report

To the Hon. C. Y. Welch, Judge of said Court:

We, your grand jury for the September term, 1937, having been in session a total of one day, have investigated all violations of law that have been called to our attention. From our investigations we have returned seven true bills, and we have returned no bills in the following cases, to-wit:

The State of Texas vs. A. C. Jones; The State of Texas vs. Austin Wiggins and Raymond Joy; and the following cases were passed for further investigation, to-wit: The State of Texas vs. Jesse Carlton.

Several From Crowell Attend Highway Meet

Several people from Crowell attended the district highway meeting held at the division office in Childress Monday morning at 10 o'clock.

Mrs. F. W. Sorrell, State Highway Beautification chairman, of San Antonio addressed the group on beautification work along the highways.

There are 26 highway divisions in Texas and Foard County is in Division 25, which includes ten counties. John Nabers is division engineer with offices in Childress.

WILL PREACH SUNDAY AT PRESBYTERIAN CHURCH

Rev. C. C. Dooley, Presbyterian pastor at Chillicothe, will be in Crowell Sunday morning and will preach at the local Presbyterian church at 11 o'clock.

Rev. Dooley has recently accepted the pastorate of the Chillicothe church, coming to that city from Lewisville, to take the place made vacant by the resignation of Rev. J. A. Phipps. He is a son-in-law of Rev. M. W. Rogers, a former pastor of the Crowell Methodist Church.

ELECTED ALDERMAN

George Self was elected a member of the City Council Tuesday in an election held at the city hall. He was elected to take the place of his brother, J. C. Self, who resigned after moving to Wichita Falls.

RETURN TO CROWELL

Mr. and Mrs. Bob Carroll and three children, Robert, Oran and Patsy Jean, have returned to Crowell from Quanah where they had lived for the past two years. While they lived in Quanah Mr. Carroll was employed in the repair department of the A. T. Chaney Chevrolet Co. They are now living on the M. L. Bird farm which joins the town on the east.

VISITING IN NEW YORK

Miss Leona Young of Dallas, assistant advertising manager of the Semi-Weekly Farm News, is spending her vacation in Washington, D. C., and New York, according to a letter received by her sister, Mrs. N. J. Roberts, of Crowell.

She left last Friday night and will be in New York tonight (Thursday) to attend Major Bowers' radio program.

CROWELL HIGH SCHOOL WILDCATS WILL MEET STRONG MATADOR BULL FIGHTERS IN FIRST HOME GAME FRIDAY NIGHT AT 8

Probable Starting Line-Up

The probable starting line-up for the Crowell Wildcats and the Matador Matadors in the game Friday night at 8 o'clock are as follows:

No.	CROWELL	Wt.	Position	Wt.	MATADOR	No.
71	Fitzgerald	183	Left End	155	Phillips	19
84	McKown	170	Left Tackle	150	Williett	3
80	Evans	150	Left Guard	156	Tunnell	10
87	Branch	133	Center	140	Thompson	2
85	V. Gibson	145	Right Guard	152	Dixon	20
79	Statser	141	Right Tackle	160	Tailson	18
89	Canup	143	Right End	160	Echols	11
75	Joy	131	Quarterback	135	Reilly	1
74	Orr	133	Right Half	160	Stafford	21
90	Meason	148	Left Half	150	Scaff	12
88	Simmons	151	Fullback	142	Simpson	13

Crowell Reserves
Linemen—Johnson 138, 82; Gafford 160, 76; Mitchell 148, 70; Mullins 180, 72; Nichols 140, 81; Bailey 148, 77; Clark 140, 91; Diggs 143, 94; M. Sollis 120, 92.

Backs—H. Sollis 140, 83; L. Gibson 130, 86; Olds 115, 78.

Matador Reserves
Rattan 160, 16; Tilson 155, 4; Berryman 135, 9; Simpson 130, 14; Day 130, 5; Robinson 135, 22; Davis 135, 15; Marshall 135, 17; Patton 130, 8.

CRIPPLED CHILDREN'S CLINIC TO BE HELD IN WICHITA FALLS BY DR. CARRELL ON OCTOBER 8

Plastering Complete in Eleven Rooms of New Ward School

Plaster work has been completed in eleven rooms of the new grammar school now under construction east of the high school building and a Celetex ceiling has been finished in these rooms.

All of the metal lath is on the partitions and by the end of next week all of the plastering in the class rooms will be completed. All of the electrical wiring has been installed.

As soon as the plaster work is completed, the finishing work will be started. A first grade hard wood floor will be laid just as soon as the scaffolding can be removed from the building. Black boards, light fixtures and radiators will be installed at the same time as the floor is being laid. After the installation of the fixtures, the desks will be placed but this will not be done for at least two months or possibly more.

Two Crowell F. F. A. Boys Win Scholarships

Hughes Fish and Marion Benham, Crowell F. F. A. newswriter and debater of last year were awarded a \$100 scholarship on Sept. 4, to be used this year in Texas Technological College at Lubbock.

The scholarships were offered by Sears, Roebuck & Co., through A. H. Leidig, dean of agriculture of Texas Technological College, and were to be awarded to boys of high scholastic standing and interested in agriculture.

Hughes' success as a vocational agricultural student, an area and state champion newswriter in vocational agriculture, with his high scholastic standing made him eligible for the scholarship.

He left Monday for Lubbock where he will enroll in the school of agriculture with astronomy as his major.

Marion was a member of the Area 1 championship F. F. A. debating team and was president of the Crowell F. F. A. Chapter last year. His high grades in vocational agriculture and other scholastics won the scholarship for him. He left this week for Lubbock to make preparations for enrolling in Texas Tech.

NEW PHARMACIST

B. A. Moore of Arlington arrived here Friday to accept a position as pharmacist in the Corner Drug Store to take the place of Tom Beverly who recently resigned.

Mrs. Moore and son, Billy Burke, will move to Crowell later.

BIRTHS

Born to Mr. and Mrs. J. M. Brown of Foard City, a girl, Bonita May, August 9.

Born to Mr. and Mrs. Thomas Sparks, a girl, Viola Lucile, August 13.

The Crowell Wildcats will meet the slightly heavier Matador Matadors in their first home game of the season Friday night at 8 o'clock under the floodlights in a non-conference fray. The Matadors defeated the Crowell boys last year to the tune of 13-0 and the Wildcats will attempt to reverse that score. Seven of their starters Friday night saw service in the Crowell-Matador tilt in 1936.

With this wealth of material returning to the team and a slight advantage of a few pounds per man in weight the Bull Fighters should enter the game as favorites, but the Wildcats also have seven returning lettermen, have played one game and are playing on their home gridiron to even the chances of the two eleven's. Fans feel certain that the game will be close and that much good football will be exhibited tomorrow night.

Change in Starting Line-Up
A change has been made in the Wildcat starting line-up. Coach Grady Graves stated Thursday morning: W. F. Statser will start at the right tackle position instead of Oran Johnson. Johnson received a head injury in the Floydada game and has not been able to report for the workouts this week. He was advised by a doctor not to start the game tomorrow night. Statser, letterman, will be shifted from his guard post to fill the vacancy. He proved in the tilt last Friday night that he will be capable of handling the tackle assignment.

Matador Has Edge
Matador has not played a game this season, although a scrimmage against the Quitaque club was held Friday, so there is no way to get an estimate of the club's strength, but due to the fact that teams have the same number of lettermen, the Crowell lads are slightly outweighed and the Bull Fighters defeated the Wildcats by two touchdowns last year, the Matador club has the edge over the Crowellites when the opening whistle blows tomorrow night.

The visiting Matadors will outweigh the Crowell eleven a little over four pounds to the man, as the invaders' line averages 153 pounds and Crowell's 151. The largest difference in the weights is in the backfield. Matador's backs (Continued on Last Page)

COLLEGES TO CLAIM MANY FROM THALIA

Several Others From Foard to Continue Studies or Start

The number of Thalia High School graduates attending college is the largest in history. Those composing the largest number ever to go from that town in one year and the college they will attend are as follows:

John Farleton, Stephenville—Geneva Jo Wood, Norma Jean Long, Weldon Hammonds, Roger Jackson and Modena Stovall—N. T. S. T. C., Denton—Tommie Grimsley.

Brantley - Draughon's Business College - Fort Worth — Pauline Wisdom, Ruth and Eunice Banister, Ruby and L. Z. Tole, Jake Wisdom, and J. D. Miller Jr. Bill McKinley is planning to enter this school at the beginning of the second semester.

Draughon's Business College, Dallas—Minnie and Edna Ward.

Texas Technological College, Lubbock—Donald Chapman, Homer Matthews and Bessie Whitman.

Hardin-Simmons College, Abilene—Ina Belle Shultz and Johnnie Lee Tarver.

Texas A. & M., College Station—Kay Cox.

Others From Margaret
Ruth Shaw will enter college for the first time at N. T. S. T. C. at Denton and Eva Dale Morris has returned to the same college. Willard Kerley will resume his studies in the Johnson Bible College in Kimberling Heights, Tenn.

Crowell Students Off to College

Mary Elizabeth Hughton will return to the State College for Women in Denton. Banks Campbell left Wednesday to enter Texas A. & M., at College Station, and Sam Crews Jr., will leave in a few days for the same school.

AID ASKED FOR MAINTENANCE OF CEMETERY

Condition of Cemetery Given in Statement Released Tuesday

The Crowell Cemetery Association makes an appeal for aid to those interested in the upkeep of the local cemetery in a statement released Tuesday by Mrs. N. J. Roberts, president of the association. The condition of the cemetery and the cemetery is told in the following statement by Mrs. Roberts:

"The services of the cemetery sexton have been temporarily discontinued, because of shortage of funds.

"He has worked continuously since April and was advised just before the heavy rains in August that he would be released, but as it is always the case when there is a heavy rainfall, there were a number of sunken graves, this time about forty. Some were sunken to the extent that the boxes were visible, so it was necessary that be retained until the entire cemetery was covered.

"The cemetery year begins on June 1 and already \$28 have been received, this coming from 14 donors. An accurate account is kept of every dollar received and also of all that is spent.

"The work of the cemetery association can go no further than the funds permit. The women in charge contribute their time and efforts to promote this work and please do not feel that they should assume the responsibility of sponsoring shows, dinners and other things to support anything as big as the Crowell cemetery, when only a nominal sum from those interested would supply generously the funds needed. At best the association can never get be-

Words Have Opposite Meaning

Thousands of the words we use have an entirely opposite meaning to that of the words from which they sprang. Pretty, quite complimentary, comes from the Anglo-Saxon praetig, which meant tricky or sly. The adjective nice has a pleasant meaning but it comes from the French nice, meaning foolish or simple, and its real origin is the Latin, necius—ignorant, says Pearson's London Weekly.

The best things in life are free—and so is the brand new, better-than-ever cooking school coming to the Rialto Theatre on Oct. 4, 5 and 6.

FALL RATES ON

The annual fall bargain rates and clubbing offers given by The Foard County News are now in effect and we can give you a clubbing rate with the Wichita Falls dailies and the Fort Worth Star-Telegram.

We appreciate the splendid patronage we have had for the past several years in securing subscriptions for our own paper in connection with the daily papers and with conditions improved we hope to have the best subscription business this year that we have ever had.

The Foard County News is your subscription merchant and it is our desire to handle each order promptly and accurately. We gladly correct any errors that might be made.

You have missed something of you have not lived in the time when the entertainment of the town was provided by the opera house in which the stage illumination consisted of coal oil lamps with tin reflectors. We have often thought that it would be interesting as a feature of an old settlers' reunion to give an old-time rendition of East Lynn, or Ten Nights in a Bar Room, or Uncle Tom's Cabin, with old costumes, old stage settings and coal oil foot lights.

Here's a good job that needs to be done for Crowell and it will no doubt take the efforts of all organizations in the town combined to put it over. The road from Highway 16 south of Crowell to the cemetery, one-half mile, needs to be graveled. If you haven't thought of it, begin now.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin. — This is the open season for estimates of the financial condition of the state of Texas. The estimates of the various "experts" must be considered with some knowledge of how the political wind is blowing, if they are to be appraised with any conception of their accuracy.

State Auditor King, appointee of Gov. Allred, has brought out the most pessimistic estimate of all to date. He estimates the general fund will be about \$24,000,000 in the "red" by the end of the current biennium. This estimate, of course, supports the demand which has been the governor's shibboleth since the day he took office—"more taxes."

All authorities agree that the school fund, with money in sight to pay a \$22 per capita apportionment, and the largest appropriation in history for rural aid, is in the best shape in history. The highway department, likewise, has a substantial cash balance on hand, and sufficient funds allocated to carry out its extensive commitments for both federally aided and state highway projects for the next two years.

General Fund Problem

That leaves the general fund as a source of worry for the legislature. One of the best fiscal experts in Texas, whose past record stands up remarkably in contrast to those of the political estimators who have an ax to grind, has compiled a careful study of the general fund situation, which this column believes to be reliable. At least, it is a dispassionate study of the actual figures, without any political purpose to serve.

This authority estimates the general fund deficit, at the close of this biennium, after paying the \$22,000,000 hike in appropriations which the regular session of the 45th legislature so generously dealt out, will be \$14,000,000.

Two alternatives are suggested by this expert. He points out that the general fund is now paying out approximately \$5,000,000 per biennium of the "bread bonds," issued for relief purposes during the depth of the depression, and that this entire \$20,000,000 bond issue will be retired within five years after the end of the current biennium. If taxes are raised now, he points out, it is extremely unlikely that they will be lowered again when the general fund is relieved of the bond payment burden. Therefore, he suggests letting the deficit "ride" as

a brake on future expenditures.

State Debt is Low

It has been frequently pointed out that Texas follows a policy of paying for all capital expenditures out of its general fund. This policy of financial permanent improvements from current revenues has resulted in a net per capita debt of the state government in Texas of \$3.26 for general governmental purposes, and none for state highway purposes, whereas in Arkansas, the net state per capita debt is \$82.36, while the per capita highway debt totals another \$70.04. In Louisiana the per capita state debt is \$51.40, and the highway debt \$40.52 per capita. Over half the states in the Union have a state per capita debt of \$20 or more, while only 15 states have avoided highway debts.

The policy of paying cash for permanent improvements may be a very good one, but in Texas it has given politicians the excuse of increasing taxes. Thus, if the state decides to build a hospital, for instance, at a cost of \$2,000,000, the legislature makes the appropriation from the general fund, which becomes overdrawn to that extent. Then the politicians raise a hue and cry to "wipe out the deficit" by upping taxes. When it is wiped out, the next legislature, seeing that the state is on a cash basis once more, becomes liberal with appropriations, and another deficit ensues. Then the cry goes up for more taxes, and the vicious circle continues ad infinitum.

Must End Somewhere

During the three-year period beginning in 1936, Texas taxpayers will have assumed about \$40,000,000 in additional state taxes. They must also pay out about \$75,000,000 in new federal social security taxes during this period, making about \$115,000,000 of new taxes for which they must foot the bill, not counting other increased federal and local levies. There is a limit to what the people can pay. Many believe that limit is rapidly being approached.

'Organize' Are Busy

Just before a legislative session is open season for the boys who want to "organize" some group of citizens. Within recent weeks letters have been sent out to two groups, asking for subscriptions, and promising legislative results that are, to put it mildly, extravagant. The such letter was sent to dealers in electric appliances, requesting that each rush \$10 to a self-appointed president of the "Independent Appliance Dealers' Association" at Tyler. About all the organizer promises is "a flood of letters to members of the legislature" urging a law to prohibit utility companies from selling appliances. Such a bill was decisively killed by the present legislature at the last session, and there is no encouraging prospect that such a bill would pass, even if it should be submitted, which it probably won't.

Another organizer has sent letters to merchants and others operating trucks, seeking donations of \$250 each to support a movement to raise the load limit on trucks. Similar legislation was also killed in the regular session, as it has been in numerous previous sessions.

Most of the effective lobbying in Austin is done by men whose services are sought out — and very little of it by the boys who send out circular letters for donations.

Cemetery—

(Continued from Page One) yond the actual salary of a sexton when there is much that needs to be done. "A graveled road from the new highway is needed. "Dirt should be hauled to improve the cemetery streets. "A better house for the sexton is sorely needed. He practically lives outdoors. "Trees and shrubs are needed and do you know how the water bill is paid? "Please don't assume the attitude that the Cemetery Association can look after your graves, when it simply can't be done without some funds. "Cook books are still on sale at the drug stores and the money made from the sale of these books is received by the association."

Doberman Pincher Dog

The Doberman Pinscher dog originated in Germany around 1890. This dog has gained rapidly in popularity in the last few decades, and with very good reason. His appearance is all in his favor to begin with, says a writer in the Los Angeles Times. Of medium size and extremely clean cut in conformation and sleek coat, he combines grace and great muscular power. The average adult male in good condition weighs from sixty-five to seventy-five pounds, but the structure is so compact and the muscle so dense under the short coat, that the novice might easily underestimate his weight by fifteen or twenty pounds.

Wildcats Win—

(Continued from Page One) Fitzgerald to Canup knotted the score at 19-19. Early in the third quarter, Meason scampers around left end behind perfect interference to score from the 10-yard line. On the play following the kick-off, Simmons recovered a Floydada

er for a first down. Canup threw an incomplete pass. Fitzgerald fumbled and Smith recovered for the Whirlwinds on the 50-yard line. A complete pass put the Wildcats back to their own 20 as the first half ended. Score—Floydada 19, Crowell 6.

Second Half

Fitzgerald kicked to the 22-yard line and Luder returned it to the Floydada 38. The Wildcat line rushed through and smeared McClung for a 13-yard loss. Fitzgerald intercepted Luder's pass on the Whirlwinds' 35-yard line and returned it to the 11. The center of the line opened a hole and Joy went over the goal line. Fitzgerald's extra point try was wide. Floydada 19, Crowell 12.

Play by Play

Crowell won the toss and chose to receive. McClung kicked to Crowell's 20 yard stripe and Fitzgerald returned the ball to the 38. Orr went through the left side of the line for 9 yards and Joy made it a first down with one yard on his own 48. Orr slipped through the left end for 5 yards, Meason circled left end for 5 yards, placing the ball on the Floydada 45. Orr slipped and lost 5. Joy picked up 4 and on the next play fumbled but recovered. Joy punted out on Floydada's 18-yard line.

McClung went over right guard for 5 yards and hit the same hole for 4 more but Floydada drew a 5-yard penalty for off side. McClung kicked out on Crowell's 35. Orr punted back to Floydada's 35-yard marker. Luder picked up 23 yards on a fake. McClung and Luder added 3 yards. Meason intercepted a pass on the Crowell 15-yard stripe and returned to the 25. Crowell drew a 15-yard penalty for holding. Joy fumbled but recovered and Orr kicked out on his own 33.

Beard skirted his left end for 5 yards. A pass from McClung to Orman went through the hand of Meason and was complete but Orman dropped the ball on the 3-yard line and McClung hit it over the center of the line to put it over. McClung's kick was low. Floydada 6, Crowell 6.

McClung's kick was returned to the Floydada 39. Orr picked up 3 yards and Joy made it a first in two plays. The ball came to rest on Floydada's 28 as a result of a pass from Orr to Meason as the quarter ended. Score—Floydada 6, Crowell 6.

Second Quarter

After losing 3 yards in two attempts at the line and an incomplete pass, Joy tossed a pass to Fitzgerald on the 9-yard line for a first down. Orr added 6 yards in two tries at the line and Joy passed to Simmons for the Wildcat's first score. Fitzgerald's kick was wide and the score was Crowell 6, Floydada 6.

McClung returned Fitzgerald's kick from the 30 to his 38-yard marker. Branch intercepted McClung's pass in midfield and returned it to Floydada's 36. Joy made 2 yards. Hollingsworth intercepted Joy's pass on his own 30 yard line and raced 70 yards for a touchdown. McClung's kick was low. Floydada 12, Crowell 6.

McClung's kick-off was returned from the 20 to the Wildcat's 47 yard line by Orr, who added 2 yards more on the next play. Meason circled left end for 6 and Joy made it a first down on the Whirlwind's 43 yard marker. Orr made 9 yards and then failed to gain. Joy picked up 4 yards and Meason raced the ball left end for 17 yards to place the ball on the enemy's 15 yard stripe. Joy was thrown for a loss of 4 yards. Crowell's touchdown march was broken up when Luder intercepted a pass on his own 10 and raced to the Wildcat's 20 yard line before he was overtaken and hauled down by Orr.

Floydada drew two 5-yard penalties for off-side and taking too much time in the huddle. McClung took the pigskin to the 28 and a side-line pass placed the ball on the Wildcat 11-yard marker. McClung took it to the 1-yard line on two tries and Golightly scampers across for the third Whirlwind counter. A pass, McClung to Hollingsworth, was good for the extra point.

Fitzgerald returned the kick-off 14 yards to his own 44-yard stripe. After gaining only four yards in two attempts at the line, and an incomplete pass, Joy carried the ball to the Floydada 40-yard mark-

er for a first down. Canup threw an incomplete pass. Fitzgerald fumbled and Smith recovered for the Whirlwinds on the 50-yard line. A complete pass put the Wildcats back to their own 20 as the first half ended. Score—Floydada 19, Crowell 6.

Fitzgerald kicked to the 22-yard line and Luder returned it to the Floydada 38. The Wildcat line rushed through and smeared McClung for a 13-yard loss. Fitzgerald intercepted Luder's pass on the Whirlwinds' 35-yard line and returned it to the 11. The center of the line opened a hole and Joy went over the goal line. Fitzgerald's extra point try was wide. Floydada 19, Crowell 12.

McClung took Fitzgerald's kick on the 13 and returned to his own 39-yard line before being stopped. Orr dropped McClung for a 9-yard loss on the 21 and then intercepted McClung's pass, cut to the side, line and raced 30 yards behind good blocking by his teammates, for the tying touchdown. Fitzgerald passed to Canup for the extra point. Floydada 19, Crowell 19.

Hollingsworth returned the kick-off from the 18 to the Floydada 42-yard line. McClung lost 4 yards and kicked to Meason on the Crowell 30 and he returned it 8 yards. Orr fumbled and Martin recovered on the Wildcat's 43. Golightly made 3. McClung was stopped for no gain and lost 4 yards on the next play. McClung kicked out on the Crowell 20-yard line.

Joy picked up 7 and Meason added 15 more to place the ball on Crowell's 45-yard line for a first down in two plays, advancing the ball to the Whirlwinds' 47. Joy made 6 and Orr marked up a first down with 6 yards more on the Floydada 32-yard line. Joy raced through the line for 7 yards and Orr succeeded in getting 3 more for another first down. Joy picked up 7 yards and Orr followed his lead with 3 more for a first down on the 10-yard line. Meason followed a perfect screen of interference around left end to score another Wildcat touchdown. Fitzgerald's kick was wide. Crowell 25, Floydada 19.

Fitzgerald kicked to the 12-yard stripe, where it was picked up by C. Smith and returned to the Floydada 32. Luder's fumble was recovered by Simmons. The Whirlwinds drew a 15-yard penalty for roughing and the ball was placed on their 15-yard line. Joy advanced it to the 4 in three plays for a first down on the 4-yard line. Meason added 1 and Joy faked a run at right tackle and cut back around end to make the last touchdown of the game standing up. Fitzgerald's pass to Canup was good for the extra point. Crowell 32, Floydada 19.

C. Smith picked up Fitzgerald's kick on the 10 but slipped and his knee touched the ground, killing the ball. After picking up 5 yards and losing 2, McClung kicked to his own 45. Meason lost 5. Joy made 3. A pass was incomplete and Joy kicked out on Floydada's 35 yard line. McClung's pass was intercepted on the 50 and returned to the Whirlwinds' 45-yard marker. Joy made 5. Orr stopped for no gain. Fitzgerald was dropped for no gain. Joy hit the center of the line for 1 yard, but the ball

er for a first down. Canup threw an incomplete pass. Fitzgerald fumbled and Smith recovered for the Whirlwinds on the 50-yard line. A complete pass put the Wildcats back to their own 20 as the first half ended. Score—Floydada 19, Crowell 6.

Power and Utility the Year Around

McCORMICK-DEERING Farmall Tractors WHEN the spring season is in full swing, the horse farmer is at his wits' end for time. Long hours in the field behind slow-moving teams bring him to the end of the day thoroughly tired... and then the round of horse chores begins. Farmall Tractor owners will tell you that this drudgery is needless. They do more work in the field each day with their up-to-the-minute power, and when night comes, they snap the switch and call it a day. The three McCormick-Deering Farmall Tractors—F-12, F-20, and the F-30 shown above—handle planting and cultivating of all row crops as well as the general-purpose work from plowing to belt jobs. Ask us to bring a Farmall out to your farm for a demonstration.

Mr. and Mrs. A. S. Hart and son, Jim Allee Hart, and her mother, Mrs. J. M. Allee, left last week for Rockwood, Mrs. Hart's home. She will teach in the Rockwood schools and her son will teach at Crane. He teaches English and journalism in high school there. Mrs. Allee will visit Mrs. Hart in Rockwood for some time.

The new hay fever remedy, Lycar, is guaranteed to help you.—Ferguson Bros.

Mrs. Jno. Hampton, Wichita Falls, will review "And So—Victoria" at District Court room, Thursday, Sept. 23, at 3:15.

Mr. and Mrs. Grover Cole spent Sunday of last week in Memphis. They went to attend a dinner and reception given in the home of Mr. and Mrs. Elmer Hightower in honor of Mr. and Mrs. Mabe Poole of Dallas, who were recently married. Mrs. Poole, before her marriage, was Miss Sallie Hightower. Mr. Hightower and Mrs. Poole are cousins of Mr. Cole. They were accompanied to Memphis by Mrs. Charlie Loyd.

If hay fever is your trouble try Lycar.—Ferguson Bros.

Ben Whitfield of Monahans spent the week-end in the home of his parents, Mr. and Mrs. J. A. Whitfield.

It's free. It's brand new. It's different. It's direct from Hollywood. See the 1937 cooking school Oct. 4, 5 and 6 in the Rialto Theatre.

Emerson miracle tone radios are different, let us show you.—M. S. Henry & Co.

Mrs. Lela Abbott of Fort Worth is visiting her sister, Mrs. G. L. Burk, this week.

Window shades 10c to \$1.35 at M. S. Henry & Co.

Mr. and Mrs. N. J. Roberts took their son, Tom Ray, to Stephenville Friday where he will resume his work in John Tarleton.

One dollar for your old lamp in on an Aladdin, \$4.95 and up, at M. S. Henry & Co.

Tom Johnson of Wilson, former resident of Foard County, was here the first of the week visiting relatives and friends and attending to business. Mr. Johnson is a brother of A. L. Johnson and was reared in this county, but has resided for many years on the South Plains.

Miss Minnie Ringgold returned home Monday from Collinsville where she visited relatives.

Edison lite bulbs 15c at M. S. Henry & Co.

Mr. and Mrs. M. S. Henry spent Friday and Saturday in Fort Worth where they attended the Frontier Fiesta.

One dollar for your old lamp on an Aladdin at M. S. Henry & Co.

Seeing is believing. Look into The Foard County News' new cooking school October 4, 5 and 6 in the Rialto Theatre.

The 'Kitchen is On Parade'—The Foard County News is showing it on Oct. 4, 5 and 6 in the Rialto Theatre.

There's romance in homemaking. See it for yourself October 4, 5 and 6 in the Rialto Theatre as the welcome guest of The Foard County News.

Coleman instant lite gas irons only \$5.95 at M. S. Henry & Co.

Vance Swaim of Lubbock visited in the home of his parents, Mr. and Mrs. E. Swaim, Wednesday.

The special rate of \$1.00 for nine months to those who are away at college is being made again this year. See us at once and get full benefit of the subscription.

For Sale—New wagons at cost.—Boman & Co., Margaret, Texas.

Miss Virgie Sanders left Wednesday for an extended visit with relatives in Crosbyton.

Mr. and Mrs. Ralph Sanders and son, Dewey, Mrs. Opal Corn and children, Bobby and Billy, Miss LaVerne Walker and Bernice Lankford, all of Leesburg, arrived in Crowell Sunday and will make their home in Foard County.

It's the talk of the town—the 1937 model cooking school coming October 4, 5 and 6 to the Rialto Theatre.

Ray Thomas, student in a business college in Dallas, is visiting his parents, Mr. and Mrs. R. J. Thomas.

O'Brien and Fonda In Thrilling Story At Rialto Theatre

Pat O'Brien, Henry Fonda and Margaret Lindsay are starred in "Slim," showing at the Rialto Theatre Saturday, Sunday and Monday, which deals with the care-free, happy-go-lucky life of a lineman, taking life as he finds it, loving on the run and making light of the fact that he faces death every day in his line of duties.

Stuart Erwin, super-comedian, keeps the plot rolling along in a gay mood with his Southern accent and his tales of life "back on the farm." J. Farrell McDonald turns in a splendid performance as the boss of the construction crew.

The excellent performances of the stars, the plot of the story and its naturalness easily places this picture among the top productions of the year.

Everybody's favorites, Bob Burns and Martha Raye, will be featured at the Rialto in their smash-hit, "Mountain Music," next Thursday and Friday.

Mrs. W. E. Davis and daughter, Rosalind, of Dallas visited in the home of Mrs. Davis' father, J. E. Stone. They returned to their home in Dallas Saturday and were accompanied by Mr. Stone who will remain there for an extended visit.

Superfex and Florence oil burners heaters at M. S. Henry & Co., let us show you.

Mr. and Mrs. Jim Vernon of Quemada, N. M., have returned to Crowell to make their home for an indefinite time. Mr. and Mrs. Vernon are former residents of this county. They have lived in New Mexico for several years.

Let us show you the new Florence oil burning heater, it's different.—M. S. Henry & Co.

The special rate of \$1.00 for nine months to those who are away at college is being made again this year. See us at once and get full benefit of the subscription.

Mr. and Mrs. T. C. Griffin and Mrs. C. L. Drummond of Houston were in Crowell last Thursday visiting old friends. Mrs. Griffin and Mrs. Drummond are daughters of Ed Hudlow of Childress and at the time were in Childress visiting their father, who is a former pioneer resident of Foard County. His daughters were born and reared here. They were accompanied to Crowell by Mrs. Max Miller, also a former resident here.

You can still get school supplies at Ferguson Bros.

Sun Ray gas ranges at M. S. Henry & Co.

Mrs. B. F. Ringgold returned Monday from Wichita Falls where she spent several days visiting her daughter, Mrs. W. C. McKown, and family.

Amos 'n' Andy to Feature Foods Day Program at Dallas

Amos 'n' Andy, blackface comedy team whose troubles from fresh-air taxicabs to counterfeiters have entertained radio audiences each week-night for nearly ten years, will headline a free show Food Industries Day next Sunday at the Pan-American Exposition in Dallas.

Courtesy of Standard Brands, Inc., prominent factors in the foods field, the famous pair will fly to Dallas following their Friday night broadcast from the West Coast, arriving Saturday morning. The Exposition will present them in a Saturday night show in the amphitheater. Sunday night's free show in the Cotton Bowl, which seats 50,000, will be presented with a supporting cast of a hundred radio stars who are featured on programs of a score or more concerns.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, Sept. 19, 1937. Subject: "Matter". The public is cordially invited.

Christian Science Services "Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists on Sunday, Sept. 19. The Golden Text is: "Turn ye not unto idols, nor make to yourselves molten gods: I am the Lord your God" (Leviticus 19:4).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O Lord our God, other lords beside thee have had dominion over us; but by thee only will we make mention of thy name" (Isaiah 26:13). The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "That matter is substantial or has life and sensation, is one of the false beliefs of mortals, and exists only in a superstitious mortal consciousness. Hence, as we approach Spirit and Truth, we lose the consciousness of matter" (page 278).

Two Minute Sermon

His Brothers Keeper: When Christ introduced into the philosophy of living the principle that every man is his brother's keeper, he touched upon the very essence of human relationship. Those who make up this group maintain that they are responsible for their own actions alone and what they do with their money or lives is no concern of anyone else. It is strange how these things all work out to show that this principle of Christ's teaching, whether or not it is universally accepted, is every day proven to be true—every man is in fact his brother's keeper. If society permits liquor and gambling to run riot it is going to discover that by placing into the hands of its members those things that rob men and women of their money, and make of them paupers and defects, it is going to have to pay for its folly to the last farthing. It is going to have to pay in destroyed manhood and impaired efficiency. It is going to have to pay in higher and higher taxes to support more paupers, more asylums, more prisons and more orphanages. It is going to have to pay by robbing itself of the ability and genius of those whom it has despoiled, and whose mind and intellect it has drugged. To me the question of whether a man is his brother's keeper is answered all over this land in the mounting taxes of care for ills that society has permitted to exist. Christ did not originate the principle. He merely announced an existing truth. Man may believe any creed he chooses. He may disclaim responsibility for all except himself, but he cannot escape the simple fact, that believe what he will, he is still his brother's keeper.

INTERESTING FACTS OF THIS AND THAT

The East Indies colonial possessions of the Netherlands are sixty times larger than the mother country and have eight times the population. This has been a Dutch possession for more than 300 years. Dorothy Dix, the columnist, whose column appears in many papers is 66 years old. She has an estimated annual income of \$62,600 from her column which it is said reaches 60,000,000 readers daily. In the last four months of 1937 the death toll of automobile accidents was over 21 per cent greater than the corresponding period a year ago.

TO SUPREME COURT

Senator Hugo LaFayette Black of Alabama, whose nomination to fill the Supreme court vacancy created by the retirement of Associate Justice Willis Van Devanter, was presented to the senate by President Roosevelt. Black, a vigorous New Deal Democrat, is fifty-one.

A person whose blood lacks the quality of coagulating normally is called a hemophiliac.

A brain and spinal cord of rabbits which have been infected with rabies are used in a preparation to inoculate dog-bit victims against the development of rabies.

Maggots in a wound aid materially in healing stubborn wounds that fail to respond to other treatments.

An average of ten indexes shows business conditions, the country over, 18 per cent above last year according to Col. Leonard P. Ayers, economist of the Cleveland Trust Company.

Piano sales increased 100 per cent in 1936 over the preceding year.

According to the National Association of Sheet Music Dealers sales of sheet music increased 20 per cent over the previous year and reached a total of \$35,000,000.

The Association of American Railroads reports that orders for new equipment are the largest in several years. Included in the order was: freight cars 45,175, the largest order for any year since 1925; steam locomotives 329, the largest order for this type of equipment since 1930.

Japan leads the world in the production of rayon with 25 per cent of the world's output. The United States comes second with 22 per cent, Italy and Germany follow with 15 per cent each, and Great Britain trails with 11 per cent.

The Hindenburg dirigible which burned recently at Lakehurst, N. J., was Germany's 12th dirigible. The United States has built three.

The federal government entered in a big way last week into the fight against cancer by appropriating \$5,000,000 for a building and equipment for a research center and \$700,000 a year for upkeep and research.

The new program will place the United States at the head of the list of the nations in the matter of expenditures for this purpose.

About 12,000,000 persons in the United States are afflicted with syphilis in some stage. It is estimated that half of these have acquired the disease innocently.

The syphilis rate for negroes is about six times that for whites. Persons affected have an effective working life of about ten years less than those not affected.

A device has been constructed by which the Bell Telephone System buries its wires in places where conditions are hazardous to the usual type of pole lines. A plow which cuts a narrow furrow 16 inches deep and through which wire of a specially insulated type is fed to the bottom of the furrow, is drawn behind a tractor at a speed of from 3 to 4 miles an hour.

A device has been constructed by a California engineer by which a large fan, driven by a Ford V-8 motor, distributes warm air over a ten acre tract to protect fruit from freezing. The device is designed to take the place of oil burning smudge pots, and, it is said, will hold the air at a safe temperature for ten cents per acre, per hour.

The French liner Normandie recently made the fastest transatlantic steamship trip on record—3 days, 23 hours and 2 minutes.

Ford Motor Company has announced an advance of from \$15 to \$35 in prices of several passenger models. The advance is due to higher labor and material costs.

According to the United States treasury there were 78,094,812, 102 cigars produced in this country for the past six months of the year. This was 604 cigars for each person in the country for the six months period or three for each person each day.

Band instrument manufacturers say that saxophones are their largest sellers.

HOUSEHOLD HINTS Try this quickly prepared dressing for fruit: Beat 1/2 cup of cream until stiff and add 1-3 cup salad oil, 1 teaspoon lime or lemon juice, 1/4 teaspoon salt, dash of paprika and blend thoroughly together.

A thorough way to clean the sewing machine is to use the blower attachment of the vacuum cleaner.

Soaking a broom in boiling salt water every two weeks will help preserve it.

The rubber rings on washing machines can be kept clean by washing with kerosene.

A half teaspoon of baking soda added to boiling frosting will keep it from running.

Spending Power and Population Industry Lures

Dallas.—Growing consumer markets, along with lower combined production and distribution costs resulting from decentralized operations, are two powerful arguments in favor of establishing new industrial plants in the Southwest, says a report of the All-South Development Council.

In two of the elements most vital to healthy consumer markets—population and purchasing power—the Southwest, and Texas particularly, have records and "prospects" unmatched elsewhere, the report points out. The Lone Star state's gain of 20 per cent in purchasing power in 1936, compared to the national gain of only six per cent; the high per capita "effective money income" ratings of Dallas (Fifth in the nation), Houston (46th), Galveston (49th), San Antonio and Austin (74th), and Fort Worth (81st); and Texas' 69 per cent "under 35" population illustrate her advantages in these guides to industrial and commercial location.

Besides her 100 per cent gain in population since 1900, compared to 69 per cent for the nation at large, Texas has gained 5.03 per cent between 1930 and 1936, better than the national gain of 4.61.

Allied with these factors—and to a large extent responsible for them—are the natural resources whose development has brought extensive payrolls, profits, popula-

tion and revenue to the state whose existence is another potential magnet for more leading and decentralizing industries.

The effectiveness of these nets upon the ability of the "merchandising" charms and qualifications of interested industries, and upon assurance they are able to the state's willingness to encourage industry.

A hint of such assurance be found in current efforts of business and governmental expenditures in favor of establishing new industrial plants in the Southwest, terms this move "in welcome contrast to the traditional, somewhat persistent, Texas la of trying to catch up with its by 'hitting the natural sources another lick'."

As for possibilities of the industries based on resource reports cites an article by Rockenback of the St. Louis western railway in the "Factors Record" which says paper and pulp resources and deposits of Cherokee lignite deposits near Carbon and limestone resources of Lime City, Oglesby and Carbon development of these and other potential resources, the report concludes, may well come within a short time, and a lessive legislative attitude those who transform native into tangible commodities.

BEAUTY'S DAUGHTER

By Kathleen Norris

SYNOPSIS

CHAPTER XI — Vic is faced with the stinging reality that Serena is taking Quentin from her. Several months ago Quentin clamsily confessed the affection he and Serena had for each other. He refuses to give up Serena and decides to fight for her. He determines to win out in the end. Quentin repents. In an effort to get her to go to Germany, after his return he accidentally meets Serena.

CHAPTER XII — Serena tries to win Quentin back, but he is adamant. He assures Vicky never really loved Serena. She knew all along she had really lost Quentin, for-

CHAPTER XII Continued.

She must know I often love it. Anna, Victoria said. "But I can't help it. I want to talk to her." "You've changed and she has not," Vicky added, in the same reflective tone. "That's it?" "I've made such a mess of it; I've let you in for all this," Quentin muttered, grinding his graying hair in his big hands. "Vic, there's no use saying I'm sorry! There's nothing I can say."

CHAPTER XIII
Victoria raised her round eyes. "Is that the line?" "I'm telling you about it," Quentin muttered, surprised at himself. "But you're not like most women, you're different! I need you, even in this. I can't get out, unless you help me out. I let myself in for it, I've nobody to blame but myself, but I can't get myself out. She's everywhere," he went on, glancing up restlessly, glancing back again. "If Johnny and I go to lunch at the St. Francis hotel, she's there; she comes across the room. He knows about it, Vic; every doctor in my office knows. They're all smug when she comes in. Miss Cleve, in the outer office, is so damn discreet! Doctor, Mrs. Morrison, and she says she's in great pain! That's for the benefit of the people who are waiting, people in real pain. We used to think it was a great joke. It doesn't seem so funny now! And the minute she comes in 'Quent, what have I done? Who's been talking about me?'"

Quentin stared for some time into the fire in silence. After a time he said: "Would you go away?" "If I were you?" "I mean all of us. Simply move out. We could have a city house now, for the kids' schools, and a country place, too. Or we could take up that Boston proposition. Why not get away from it all?" "You mean run away?" Victoria amended the phrase slowly. "Well, I suppose that's what it would amount to."

"I don't think you can ever run away from anything, Quent. I was thinking," Victoria said, "of Marty; if anything ever happened I was thinking: 'How can I bear the nursery and the crib and how can I bear to go back to five children when I've had six?' And I thought then, she went on, speaking steadily, but with brimming eyes—"I thought then that we'd have to go away, that we couldn't stand it! But I don't think so now. You can't run away from anything. You can't run away from sorrow, or from"—she jerked her head in the direction of the Morrison house—"or from anything you've done," she said.

"But Vic, I tell you honestly, I can't stand her! She's making my life a burden," Quentin said simply, and if there was anything absurd in the situation neither husband nor wife was in the mood to see it. "Every time I come out to the elevator at the office, I'm afraid she's there. I've had ten days of it now, and I tell you it's getting on my nerves!" Victoria's eyes were on the fire. "I've had three years of it," she said quietly. There was a long silence.

"Yes, I know you have, I know you have," Quentin said then, gruffly. "You haven't any right to run away! You belong here," Vicky continued after a pause. "What are we to do? Just go on?" Quentin presently asked, looking up.

In The News 15 Years Ago

The items below were taken in whole or in part from the issue of The Foard County News of Sept. 15, 1922.

Wichita Boosters Coming
George Self, secretary of the Chamber of Commerce, received a message yesterday morning from the Chamber of Commerce at Wichita Falls stating that 200 cars from that city would be in Crowell today.

Railroad Has City Water
Pipes have been extended to the depot and the Orient is now using the city water. It is said to be of a quality satisfactory to the road's use and it is fortunate that the road was able to make this arrangement.

Nearly 500 Bales Weighed
Public Weigher C. W. Thompson had weighed nearly 500 bales of cotton yesterday morning and ordered more tickets printed. It is hard to estimate the crop for the county at this time. Cotton is going to be picked and ginned this year and we shall not be surprised if there is quite a lot more cotton in the county than was thought some weeks ago.

A. Y. Beverly is not able to be at work on account of getting one of his feet badly bruised last week while putting up a windmill.

Treat your neighbor like a human being and he won't treat you like a dog.

Meaning of Term "Bulldoze"
The term of "bulldoze" originally meant to thrash a negro with a bull whip.

Clinton Grapes Black
Clinton grapes are black, but the skins have a bluish cast, due to sions, 1848.

September 17—U. S. Constitution presented to delegates for signature at Philadelphia, Penn., 1787.

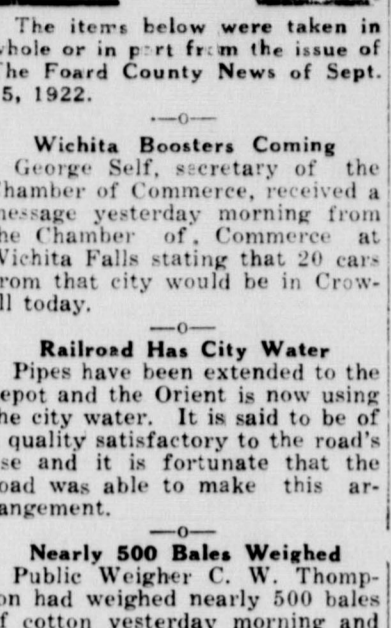

September 18—Corner stone of original national capitol laid, 1793.

September 19—Great battle of Chickamauga, Civil War, 1863.

September 15—William Howard Taft, 27th president, born, 1857.

September 16—France abolished slavery throughout her possessions, 1848.

Devout Immersed in Mass Baptism

By ones, twos, threes—even by entire families—87 believers were baptized in a mass immersion at the non-denominational Immanuel temple at Los Angeles. An elderly convert, wringing wet but happy in her religious fervor, is pictured above. The believers were baptized by Rev. Earl Lee (right), pastor of the church.

THIS WEEK IN HISTORY

September 13—Albany & Schenectady railroad, the first in the state of New York, opened, 1831.

September 14—John Harvard died; left library for college, 1638.

Crowell P. T. A. Will Meet Sept. 21

The Crowell P. T. A. will meet Tuesday, Sept. 21, at 3:30 p. m., in the High School Auditorium. The program follows: Sing Song, led by Miss Anne Lee Long; Introduction of visitors: Violin Solo, Mrs. Alva Spencer; Address, Mrs. T. E. Odell, president of district 13. Special guests for the afternoon will be P. T. A. representatives from Truscott, Thalia, Riverside, and Foard City.

Mrs. Pete Bell has been appointed chairman of room representatives. The intermediate mothers and teachers are hostesses. It is hoped that a large crowd will attend this meeting.

IDLE HOUR CLUB

The Idle Hour Club of Thalia met Thursday, Sept. 9, at the home of Mrs. H. W. Banister with Mrs. John Wright as hostess. A very enjoyable afternoon was spent doing needle work and playing games. Following this a delicious plate was served to eleven members, Mesdames Bob Abston, Lee Sims, Clyde Bray, Andy Thompson, Charlie Wood, Raymond Grimm, C. C. Lindsay, T. H. Matthews, Lee Cox, Miss Minnie Wood, the hostess, Mrs. John Wright; four visitors, Mesdames John Thompson, Henry Randolph, Walter Johnson and H. W. Banister.

The next meeting will be held in the home of Mrs. Andy Thompson, Sept. 23.

CO-LABORERS' CLASS

The Co-Laborers' class of the Methodist Church is to have a covered dish luncheon at the home of Mrs. Paul Shirley Sept. 23. The meeting is to be at 10:30. Members are invited to come and bring a covered dish.

Mrs. John Hampton Will Review Book

Mrs. John Hampton, book review artist of Wichita Falls, will give an interpretation of the book, "And So—Victoria," in Crowell next Thursday afternoon, Sept. 23, under the auspices of the Adelphean Club.

Mrs. Hampton is well known to Crowell people, having been here on two other occasions, and she needs no introduction to book lovers of this community. "And So—Victoria" was written by Vaughan Wilkins, the son of a slum parson who fought in the Great War in France, in Palestine and in the Desert of Sinai. The novel deals with history, a tale of plots behind the throne of England, translated into a romantic story and is crammed with excitement and action. It is built around two of the most appealing characters of present-day literature. Part of the story was written at the home of the author's cousin at Goliad, Texas. The setting of the novel ranges over all the world — England, Wales, France, Germany, United States, Malta and Egypt.

Cooking School—

(Continued from Page One) keeper, because it is his job to know and to counsel helpfully. And the camera has assembled all that sound information—not as a routine lecture, not as a formal "highbrow" demonstration, but as a real Romance of Homemaking, full of suspense and charm, and informal chats from one-good-cook-to-another.

What about the story and what about the cast? Some familiar Hollywood faces will be recognized in this production, which was filmed and directed in one of the famous West Coast studios. The heroine is a winsome bride, who shares the perplexities of many an older housekeeper. Actually the title should be "It Might Happen Here," for the human story has universal appeal. And it might have happened right in this community.

Numerous nationally known firms and progressive merchants from our own community are joining with The Foard County News in making the entertaining school available. They promise a daily harvest of generous gifts and surprises, which will be distributed in addition to the useful recipe sheets.

Guests of The Foard County News will share a host of new adventures next October 4, 5 and 6 in the Rialto Theatre.

GROCERY and MARKET

WE HEAR

By W. E. HURD

First Home Game

The Wildcats will play their first home game Friday night with the Matador squad. This game promises to be a hard tilt and will give the Crowell grid fans a chance to see the Crowell boys under fire.

A large crowd is expected to be on hand to welcome the visiting team and fans, as it should be when the Wildcats are entertaining on the local gridiron, so come out Friday night about 8 o'clock to do your bit in helping the Wildcats in their tough assignment and to send the Matador people home talking about the way that Crowell fans back their Wildcats. A good football team is worth a lot to a town and you can do your part by being a loyal supporter.

That is only part of it. Every man, woman and child, with sporting blood in their veins, experience a thrill at the opening whistle of every game they attend and W. E. will practically guarantee that there will be enough thrills, spills and good football to keep you shouting at the top of your voice (if you like to yell).

Good Possibilities

W. E. stood on the sideline of the Crowell - Floydada game, watching the line and backfield of the Wildcats, and thought that if a line that was blocking as the Crowell boys were, with a backfield behind them who could hit the holes they made for them, as their teammates were, was to improve with every game as a team should, wouldn't Burk Burnett hit a hard team and the sports editor of the Wichita Falls Record News might have to take back what he said about the Wildcats ending the season in third place.

That might be just a pipe dream, but W. E. believes the boys can do it, if they will never let up and do not stop trying to improve, find their weak points in the games and remedy them in workouts. W. E. didn't think up that last sentence by himself because Coach Graves, who did not say that his team would win the district championship, or has even said that he knew Crowell would win a game, said that the Wildcats would be "pretty good" by using such tactics as named and what team wouldn't? Material is not the big question with the squad this year but will the material develop. W. E. believes it will because every man on the Crowell team knows that every team in the district is playing once a week and improving and that they will have to do the same thing better than the others if they hope to go very far in the race. The Wildcats are working hard, too.

Come, See for Yourself

Don't take our word, we might be wrong, so come out to the game Friday night and form your own opinion and then you will either agree or disagree with W. E.'s opinion, but if the boys play as hard as they did last Friday night, W. E. would bet that there would not be too much difference in the opinions.

One hundred hounds wanted—I will be in Booneville Saturday, Sept. 4, to buy good looking hound dogs. Bring your dog in town and swap, trade or sell. Do not leave him at home.—D. Graham.—Booneville (Ark.) Democrat.

Selling Manners
A lady remarks that she likes to trade at a certain store, because the people there are so very "pleasant." She feels that those people enjoy taking all possible pains to satisfy her desires. If she is slow in deciding about anything, or finally decides she does not want it, telling they have to sell, they are just as nice about it as if she bought some expensive thing in a hurry. When that attitude prevails it is a great winner in bringing and keeping business.—Stamford American.

Territory Covered
The average area of face which a man shaves is 48 square inches. Average number of individual whiskers which grow on this area is 25,000. Average face grows a total of 250 inches of whiskers per day. Average growth of each whisker in 24 hours is one-hundredth of an inch.—The Lockney Beacon.

Avoca Wells Blew In
Reports received here today are that this afternoon the Maracaibo No. 1 Olander blew in and apparently is the same type well as the No. 1 Olander. The Iron Mountain No. 1 Hatterius also blew in, going over the derrick over fifty feet and reports say that the flow of oil is visible from the

King in Shorts Forgets State Cares

Garbed in shorts and stockings and sweater to enjoy a day of fun, King George VI is shown on a recent visit to the duke of York's camp for underprivileged boys at Southwold, England. Forgetting the cares of state the democratic monarch ducks under a barrier to get a better view of a football match.

LIBRARY NOTES

The sole purpose of Dale Carnegie's book, "How to Win Friends and Influence People" is to help you solve the biggest problem that you face; the problem of getting along with and influencing people in your everyday business and social contacts. Dale Carnegie is the man the big man of business in New York came to for practical self-guidance and instruction on the vast subject of getting along with people. He has trained more than fifteen thousand business and professional men, and his courses have proved so valuable in business relationship that large conservative organizations have had this training conducted in their own offices for their members and executives.

"How to Win Friends and Influence People" is a direct result of Dale Carnegie's unique experience, the only working manual that has ever been written to help people solve their daily problems in human relationships. This book is one of the best sellers, and has been read more than any other book on this subject.

District Court—

(Continued from Page One) pay our respects and compliments to the sheriff's department and the county attorney for their splendid work in keeping down law violations. It appearing to this body that there is no further business we beg to be discharged for the term. In reference to the county jail, there is one exception to the excellent condition of said jail and therefore, we recommend that the commissioners' court see that these screens are replaced in order to prevent any outsider from assisting a prisoner in an attempt to escape. Respectfully submitted, C. E. GAFFORD.

Oil activity is coming closer to Stamford with the completion of a block of 2,000 acres from a mile and a half to two miles southeast of the city limits of Stamford. R. B. Harris of Fort Worth completed the block and will drill a 3,500 foot wildcat test. The well must be spudded by Sept. 17.—Stamford American.

B. & W. MAN'S SHOP

Matador—

(Continued from Page One.) average 147 pounds and the Wildcat's 141. Tunnell, 156-pound guard; Thompson, 140-pound center; Tilson, 160-pound tackle; Echols, 160-pound end, and Charley Scaff, 150-pound back, are the Matadors in the starting line-up who did their bit in beating the Crowell club last year. Others were Rattan and W. Tilson.

Five of the Crowell starters tomorrow night were in the starting line-up of the game between these two teams in 1936. They are Simmons, Evans, Gibson, Orr and Joy. Gafford and Fitzgerald also saw service in the same battle.

Wildcats Ready

The Wildcats finished the week's workouts Wednesday afternoon with a light scrimmage, with blocking receiving the most attention but the club has been drilling hard on its running and passing attack as well as its defense and pass defense and will enter what promises to be its hardest game so far this season Friday night in the best of condition and at full strength.

The blocking of the local boys was easily the feature of the game at Floydada last Friday night and much emphasis has been put on blocking during the past week in order to handle the strong Bull Fighters. The passing attack of the Wildcats clicked against the Whirlwinds but the passes failed to work consistently and Coach Grady Graves has been devoting much time to improve both the running and passing attacks.

Thompson Injured

Red Thompson, reserve Wildcat lineman, suffered a leg in-

Moffett—

(Continued from Page One) damage as the bridge on Highway 5.

"At least one source of the trouble is the filling up of the stream bed with sand and brush thus doing away with the proper outlet for flood waters and bringing about an urgent need of flood control. Therefore, this matter will become of increasing importance as the stream bed continues to fill up which it is now doing rapidly in its lower courses.

"Consequently, my judgment is that efforts to control the flood waters of Peace River should be continued with vigor. These costly bridges should not be exposed to expensive damage and highway traffic should not be stopped each time there is a moderate rise in the river. If the public generally understood the need for flood control on this river, the authorities at Washington could be more easily impressed with the value of flood control on this stream, therefore, I hope that you will give this matter some current publicity in your paper."

District Court—

Crippled Children

(Continued from Page One)

is informed of the free clinic of creed, color, or race, are tacted. When necessary, the Masonic lodges will provide transportation to Wichita Falls children, Gaines said.

Oral Jones was named as the head for the preparation of the clinic building. The Methodist Church building will provide the children and see the doctor's work.

To Receive Treatment
After the clinic in Wichita Gaines pointed out, the children who can be cured are to be to Dallas by Masonic lodges in their own towns and cities in Wichita Falls, providing cases.

Early examination was made by the doctors, as cases are easily treated soon after the limbs, than when the case allowed to become severe.

Several new cases of children have been reported in district in recent months, said, and these children were brought to the clinic at all.

The mandolin is of origin, but is common in civilized countries.
