CROWELL WILDCATS RUNNER-UP IN DISTRICT 10-B; BULLDOGS GIVEN BACK CROWN TUESDAY

Crowell's scrapping Wildcats finished the 1937 grid season in second place after the Burk Burnett Bulldogs were declared champions of District 10-B for the second year. Tuesday night executive committee overruled evidence collected by Crowell officials and ruled in favor of the Bulldogs.

Drivers License Examiners to Be Here on Tuesday

Two driver's license examiners for Department of Public Safety will be in Crowell on every Tuesday in the future to conduct tests for drivers applying for their first license, according to Col. H. H. Carmichael of Austin, director of the public safety department.

The main factors in the committee's decision to declare Burk Burnett the champion of the district were the testimony of the Burk Burnett family Bible which had rushed from her home in Garden, N. J., to testify in her behalf, and a family Bible which the birth date of the boy had been entered as Sept. 15, 1918.

Establishing headquarters at the court house, the uniformed officers will give the examinations every Tuesday of each week from 8 a. m. to 10 a. m. In applying for the driving tests the applicant must furnish his own vehicle or one he proposes to operate after he secures a license, the safety director pointed out.

After oral quizzes are completed each applicant will be required to drive his car or truck over a designated route under the supervision of one of the trained examiners. During the drive the operator must demonstrate the use of his foot and hand brakes, stop for signals and perform other acts necessitated in ordinary traffic situations.

Not only will driver's license applicants be examined as to their ability to handle a vehicle with safety, but the vehicle itself will be tested for defects in brakes, horn, lights, rear-view mirror, and windshield wiper.

All other records found than the family Bible, which in the possession of Mrs. J. A. Collins of Gordonville, attending physician. One in this ledger listed the date of call to the Blair home and country concerning the eligibility of the Blair family.

Truck, bus, and other commercial vehicle drivers will be issued licenses divided into three classes, A, B, and C, according to the type of vehicle to be operated. Passenger and school bus drivers are issued a permit bearing a special endorsement of the Department.

Runners-Up in District 10-B Football Race

Pictured above are the Crowell Wildcats of 1937, second place winners in the District 10-B grid race. This light, fast team piled up 262 points against their opponent's 66 during their ten game schedule this year. The Wildcats did not enter a game this season in which they held an advantage of weight and in the majority of the cases, they were outweighed by many pounds. They have established an excellent record and practically staged an upset when they held the heavy-favored Burk Burnett Bulldogs to a 21-7 score in the only defeat they suffered this season.

Those in the picture are: line—left to right, Wayne Canup, right end; Oran Johnson, right tackle; Backfield—Co-captain Que Meason, right half; Raymond Joy, quarterback; John Lee Orr, right half; William Simmons, fullback. W. F. Statter, not pictured, played the left guard position regularly during the remainder of the season after the injury of Branch in the Haskell game. Evans was moved to center.

CROWELL MERCHANTS TO STAGE CHRISTMAS OPENING DEC. 3RD; SANTA CLAUS WILL BE HERE

First Snow of Winter Falls Here Monday

The first snow of winter in Foard County was received Monday morning when about one-half inch fell between 3 and 11 a. m. Old-timers here state that this was the earliest snow to fall in this county since 1918 or a period of 19 years.

Plans for the Christmas Opening have been completed by the committee selected by the Farmers and Business Men's Association and the date set for the opening is Friday, Dec. 3, at 7:30 p. m.

Although the snow melted before Monday night, the wheat crops in the county were greatly benefitted and the snow fell slow and gentle, not injuring cotton other than delaying its gathering for a few days.

Included in the program will be a parade in the down town streets headed by the Crowell High School band. Santa Claus will make his annual visit to Crowell and will be in the parade to extend Christmas greetings and will have a present for every child attending the opening of the Christmas shopping season. Santa will also have several hundred pounds of candy to be distributed among the children.

Many now living in this county have never before seen the last snow of winter and the first of the fall seasons come so close together. The last snow to blanket Foard County came on Easter Sunday, March 28, and the date of the snow this week was Nov. 22, a period of nearly eight months between the two snows.

WILDCATS END GRID SEASON WEDNESDAY

Three Gridders Hang Up Uniforms for Last Time

The Crowell High School Wildcats hung up their gridiron war togs Wednesday afternoon after the district championship had been handed back to the Burk Burnett Bulldogs by the district executive committee Tuesday night. The Wildcats stand second on the conference ladder with nine wins and one loss.

Dick Todd Stands High in Conference Pigskin Carrying

Dick Todd of A. & M. now ranks fifth in the Southwest Conference for average gain on number times to carry the ball, according to Southwest Conference football statistics, through games of Nov. 13, as compiled by H. B. McElroy from official statistical summaries by team representatives.

Three Lost to Squad

There were three Wildcat grid-ders who put their uniforms in the moth balls for the last time. They are William Simmons, fullback; Vernon Gibson, co-captain and left guard; and W. F. Statter, right guard.

APPOINTED CORPORAL

Bob Lilly, son of Mr. and Mrs. A. W. Lilly of Crowell, who is a student in John Tarleton College at Stephenville, has recently been appointed a corporal in the cadet corps by Maj. James D. Bender. Lilly is a senior in the department of physical education.

Successful Season

The Wildcats won nine of the games and lost only to the highly favored Burk Burnett Bulldogs after a hotly contested offensive battle.

Self Building Will Have Modern Front

The front of the J. H. Self building on the west side of the square has been torn out and will be replaced with a new, modern front. The inside of the building will be re-modeled and will receive a new coat of plaster. A new lighting system will also be installed.

Next Year's Prospects

The loss of these three valuable men will not darken the prospects of the Wildcat group to a great extent as there will be eight starters of the past season returning.

HAS OPERATION

Miss Mary Elizabeth Hughton, who is a sophomore at State College for Women at Denton, submitted to an operation for the removal of the appendix on Tuesday afternoon at a hospital in Denton. Her parents, Mr. and Mrs. M. L. Hughton, are in Denton to be with her and the latest report is that she is doing satisfactorily.

Successful Season

The Wildcats won nine of the games and lost only to the highly favored Burk Burnett Bulldogs after a hotly contested offensive battle.

A little bird told me: "THERE IS NO FASTER STARTING WINTER GASOLINE - than Phillips 66 Poly Gas"

Now...an amazingly simple, inexpensive way to end cold-weather starting trouble

"Amazingly simple" . . . because all you have to do is fill the tank with Phillips 66 Poly Gas. "Inexpensive" . . . because this high test gasoline costs no more than ordinary low-test motor fuels.

As WORLD'S LARGEST PRODUCER of natural high test gasoline, we can afford to put the high-pressure right into our product instead of into our advertising. We make Phillips 66 Poly Gas higher in test . . . custom-tailor it 100% to your climate . . . and add extra energy units by the POLYmerization process.

The very first time you try this sensational winter gasoline, you will note the split-second starting and faster warm-up. Besides, mileage is increased by cutting the need for wasteful chocking.

Don't wait! Start getting faster starting tomorrow morning by getting Phillips 66 Poly Gas this afternoon. Remember, it will *cut you less to run your car* this winter . . . custom-tailor it 100% to your climate . . . and add extra energy units by the POLYmerization process.

Tobago Is Bird Haven

The island of Tobago is probably the least known of all West Indian islands. It lies almost unnoticed off the northeast coast of Trinidad. It is the only place in the world where birds of paradise can be seen in their wild state outside New Guinea. They live on a small island called Little Tobago, or Ingram island, which is their sanctuary.

Know Texas

Failures Falling—Back in '31 and '32 hopes fell as Texas business failures mounted to almost a thousand each year. Still farther back, in 1921, the disheartening tabulation had reached between 100 and 200 a month. But in 1936, despite pessimistic predictions and morose calculations, the figures show that there was the lowest average of failures on record in this state. With a total of 178 for the year, the monthly average was less than fifteen.

History Through Titles—Among the titles of early newspapers can be found an indirect history of Texas. First comes "El Mejicano" in 1813 at Nacogdoches, and after several other papers with a Mexican touch "The Constitutional Advocate and Public Advertiser" was issued in Brazoria in 1833. "Advocate of the People's Rights" was another step up and in 1834 the "Texas Republican" appeared.

Another Brazoria paper, "The Single Star," reflects the period of statehood, and in 1839 one finds the annexation problem mirrored in the title, "National Intelligencer," a Houston paper. A still later publication, began in Austin in 1846, looks to the future as the "New Era."

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Austin.—Politics and the problems of state were given a vacation this week in Texas, as state officials welcomed the opening of the deer hunting season by department enmasse for the deer country. Headed by Gov. Allred, who "jumped the gun" a week by going to Mexico, and then returning for a few days hunting in Texas when the state season opened, with the Governor of Colorado as his guest, virtually everybody in Austin who owns or could borrow or rent a rifle, was afield. With 25 per cent more hunting licenses issued this year than ever before, and a plentiful supply of bucks reported throughout the deer country, a most successful season was assured. Many lucky hunters were returning by the week-end, with huge bucks proudly draped over the motor-car fenders, having gotten their Thanksgiving trophy within 24 hours.

Politics on Their Marks

The holiday interlude, ending January 2, however, will find the politicians all set and ready for the six-months dash that will bring them up to the July primaries. The "unofficial" campaigns which have been under way for months, will come out into the open. Developments of the last few weeks indicate that reform and economy in state government will be one of the leading issues in both the Governor's and the legislative races. Another special session, despite denials by Governor Allred, may be staged in March, in the opinion of the best informed observers here, to raise some additional money for old age pensions, the teachers' retirement fund, needy blind and dependent children. Best indication from the last special session is that the goal of new revenue will be from \$3,000,000 to \$5,000,000, instead of the \$15,000,000 demanded by the Governor in the last fruitless session.

Legal developments which have occurred since the special session ended, however, may make considerable difference in the state's financial setup. Upholding by the higher federal courts of the state's intangible tax on pipelines apparently has put an end to this 5-year-old litigation, and, if the pipeline companies pay off, as several have indicated, it is estimated the general fund will receive \$2,000,000 immediately, and several hundred thousand additional annually hereafter. Counties in which the pipelines are located will profit by substantial sums, also.

The possibility that the Supreme Court may rule finally upon the litigation involving the inheritance taxes on the E. H. R. Green estate within the next few months, may, if the decision is favorable to Texas, bring in another estimated \$5,000,000 to the state treasury.

A third factor affecting revenue is the court decision ending the practice of oil companies of paying for only 99 per cent of oil in tanks and pipelines, deducting 1 per cent for "shrinkage." The Texas Railroad Commission ordered this practice halted, and the courts upheld the order. The additional 1 per cent will substantially increase the state's tax revenue on crude oil production.

15 Senators Face Test

Issues are in the making now for the 150 legislative places in the House, and 15 Senatorial posts to be filled at next July's primaries. In the Senate, especially, there is great interest, since the terms of some of the upper House's outstanding members expire, including T. J. Holbrook, who may not stand for re-election; Grady Woodruff of Decatur, dry leader; Weaver Moore of Houston, wet leader; Frank Rawlings, of Fort Worth, the Senate's best parliamentary expert; Ben Oneal of Wichita Falls, administration floor leader and former law partner of Gov. Allred; G. H. Nelson, of Tahoka, who may run for Lieutenant Governor on a unicameral legislative platform; Clay Cotten, of Palestine; Olan Van Zandt of Tiooga; Claude Isbell of Rockwall; Jim Neal of Mirando City, the man who broke the long reign of Archie Part in the Valley; Allan Shivers, the youthful Port Arthur friend of labor; L. J. Sulak of La Grange; R. A. Weinert of Seguin; Claude Westerfeld, the radical leader from Dallas; and E. M. Davis of Brownwood, farm bloc spokesman.

Mann Will Run

Part of the speculation as to who will be opponents of Lt. Gov. Walter Woodul for Attorney General was set at rest this week, when Gerald C. Mann, former secretary of State and now a Dallas lawyer, wrote members of the Dallas bar association, declaring he will run, making his formal announcement later, and seeking support of lawyers of his home town. Judge Ralph Yarborough of Austin is regarded as a certain candidate. He, like Mann, has never made a statewide race. Woodul is conceded easy leadership in the race at this early stage, and additional candidates may develop after January 1, including Speaker Bob Calvert of Hillsboro, and Everett S. Looney of Austin.

Notes—Sen. Morris Sheppard, senior Texas representative in the national upper house, has recovered completely from his recent surgical operation, and is back on the job, in the thick of the special session. Spontaneous Combustion

Spontaneous combustion is fire resulting from heat produced as a result of the combination of oxygen with other substances. Rags, cotton waste, newspapers, straw and many similar materials give off heat of sufficient amounts to reach the kindling point of the materials, which burst into flame. Papers and magazines stored in a hot attic may result in spontaneous combustion.

ULSTER IS ONE-SIXTH OF THE EMERALD ISLE'S AREA

Ulster, northern province of Ireland, comprises one-sixth of the total area of the Emerald Isle, and one-eighth of the total area of the British Isles.

There is a long seaboard to the north and east extending 245 miles, while the land boundary to the south and west measures 200 miles. The waters of the southern portion of the coast are shallow, but the eastern and northeastern shores are flanked by the deep North channel, and good natural harbors are found in many places.

Three estuaries—those of the Lagan, Foyle and Newry rivers—run for considerable distances inland, and so greatly facilitate trading with the hinterland. The Lagan estuary is the principal goods port for Belfast and for an extensive inlying district.

Topographically, Northern Ireland is chiefly hilly or rolling country, the highest levels being reached in the Mourne mountains in the south, where the greatest height is 2,796 feet above sea level.

The country as a whole is famed for the wide diversity of its loveliness of Lough Erne and the Glens of Antrim to the rugged grandeur of the Gaint's Causeway and the Coast road from Larne to Portrush.

Counties That Will Receive FSA Loans to Be Announced Soon

Seymour.—J. T. St. Clair announced today that the Farm Security Advisory Committee, of which he is a member, will hold a meeting within the next few days to prepare recommendations for counties in which loans will be made this year for purchase of land by tenant farmers.

Mr. St. Clair was chosen a member of the committee by Secretary Wallace to represent the middle western Texas on the committee. He is himself a successful tenant farmer, and is active in agricultural agencies, including being President of the Baylor County farm association and the Producers and Consumers Co-operative Association. He is also active in other county groups.

Mr. St. Clair said that maps and other data are now being prepared by the regional office of Farm Security Administration, Dallas, showing the proportionate number of tenant farmers in each county of the state, the type of land available for purchase and its agricultural value. Material is also being gathered to show the type of farming being done in each county.

Louisiana Gets \$36,000,000 in New Industries; State-Sponsored Plan Adds \$25,000,000 Annual Payrolls

Dallas. (Special)—A summary of results of the first year's operation of Louisiana's industrialization program shows that Texas' easterly neighbor has attracted \$36,000,000 worth of new industry in that period directly attributable to state-sponsored efforts, says a report of the All-South Development Council.

It was on November 2, 1936, that Louisiana voters endorsed a new industry-courting program featuring a provision for 10 years property tax exemption for industries meeting certain requirements as to stability of employment and fair wages. The \$36,000,000 represents the total investment in new plants procured under the plan in its first year, comprising 57 tax exemption contracts which will provide employment for more than 17,000 persons and add about \$25,000,000 annually to Louisiana payrolls.

Public Should Be Thankful for Health

Austin.—A primary reason for the institution of Thanksgiving Day was health. The Pilgrims, the few of them left after that terrible first year of death and disease, wanted to publicly thank God for all his mercies. And so was born the tradition of Thanksgiving.

We have come a long way since that time in the matter of health. Today few people think of Thanksgiving in connection with the health they enjoy. We are so accustomed to good health that we hardly give it a thought—until illness strikes.

The Texas State Department of Health, city and county health organizations have labored for years to secure the measure of health protection that the public now enjoys. Their thanks are to medical science for the strides it has made in preventive medicine, enabling thousands of lives to be saved annually.

Since that first Thanksgiving, the mode of transmission of many diseases has been discovered and the known preventives of diseases become common knowledge. Yellow fever, plague, and cholera have almost ceased to exist. Smallpox, diphtheria, and typhoid fever can be eliminated as a cause of death if a person takes advantage of the typhoid immunization. Malaria and other diseases can be controlled if the public demand for their control, as a part of every day activities of the government, be insisted enough.

During the past half century the expectation of life has increased about fifteen years. This means that a baby born in 1937 can be expected to live fifteen years longer than if he had been born fifty years ago. We have much more to be thankful for, in the matter of health, than did our Pilgrim forefathers, so let us in our individual Thanksgiving be reminded of the strides preventive medicine is making in improving health conditions in Texas.

To keep their record perfect, the Crowell boys played their annual rain game at Haskell with the war-whooping Indians. Again the Wildcats staged a last half rally to overcome a 2-0 Indian lead at the half and win 10-0 against a much heavier team. Slipping back into conference play, the Cats journeyed to Chillicothe and piled up 44 points in the last half to win 51 to 0.

After resting one week, the Wildcats met the Greyhounds at Throckmorton and were caught napping but were able to come through with a 7-6 win. Returning to their home field, the Crowell eleven had very little trouble in marking up a 44-0 score over the Iowa Park Hawks.

In their only day game of the season, the Wildcats played at Seymour on Armistice Day with the Panthers, which game they entered handicapped with the loss of Meason, but came to life in the last half to push over a touchdown and extra point to give them a 7-6 margin.

The Wildcats played on the Crowell field in their last conference game and met their ancient rivals, the defending championship Burk Burnett Bulldog squad, and were beaten 21-7, after playing against the breaks in a great offensive battle.

CAPITAL NEWS LETTER
 by W. D. McFarlane
 CONGRESSMAN W. D. MCFARLANE

The Legislative Situation—
 On October 12th the President officially called the Congress into special session for November 15, giving Congress more than a month's notice and time to get ready. Before adjournment in August the Congress set farm legislation as the first order of business, with wage and hour, tax, loophole, regional planning and departmental reorganization as important legislation to be considered.

Each of these committees considering this legislation was thus notified to begin hearings and have this legislation ready for consideration. Each of these committees knew this legislation would be pending business when we reconvened whether in November or January and each of these committees had been considering this legislation for the past six months or more. Yet, what do we find the facts to be. Disregarding the emergency the notice given and the importance of immediately enacting this legislation to block the program of the reactionaries to further force us into another Wall Street-made depression, for reasons best known to these committees, they have failed and refused to function and have largely let the Wall Streeters have their way.

All this Congress has heard since our return here has been to repeal the undistributed net surplus corporation tax and to nullify the capital gains and loss provisions of the income tax law. These two measures being important provisions of the Revenue Laws that require the wealth of the Nation to pay their proportionate part of the tax burden.

It is well known that the corporations should never have been allowed to store up these large surpluses through which they have avoided income tax payment for many years. No individual or partnership has been allowed such a tax loophole, and the gains and loss provisions of the income tax law is the very heart of this law and to weaken it as planned, practically destroys the justice of the principle of income tax law. Yet, big business through their control of the press, the radio and other means of communications has set this as their program and apparently Congress is "goose-stepping" into line.

All the hallabaloos now being raised by the 3 per cent of the

mitted itself to a program of giving wealth-creating enterprise an even break."

An example of the interlocking effects of increased commercial activity was seen in the fact that in Baton Rouge a steam generating plant had to build a \$3,000,000 addition—creating employment in its construction and operation—to take care of increased power demands as a result of new process factories locating there. Also, statewide demand for electric power in Louisiana increased 20 per cent by the end of the fiscal year in July, due to increased manufacturing operations.

Wage and Hour Legislation—

Contrary to the announcements of Chairman O'Connor, made last month, at a time when Tammany was fighting hard to control the New York City election, that Wage and Hour Legislation would be forthcoming immediately at the beginning of the special session, we find that this legislation is still blocked in the House in Mr. O'Connor's Rules Committee. It will be remembered that the House Rules Committee is supposed to be the policy committee of the Administration in power and to represent their views. It is also well known that the alibi of the five Southern members of this Committee, who are holding up this legislation and refusing to report it out, are not following the wishes of the Democratic platform. Of course, they will try to frame some kind of reasonable alibi but the people of this coun-

School to Present Program at Foard City Friday Night

A Thanksgiving program is to be presented Friday night at 7:30 at the Foard City school house. The play, "A Mad Breakfast," a fast-moving farce, is to be presented by the high school, while the intermediate grades present a thirty-minute drama entitled "Whose Cruise?" The primary department completes the entertainment with songs and readings.

The time is Friday night; the admission charge is nothing; and the invitation is: "Come," according to announcement made by those in charge.

Nation who own over 90 per cent of the wealth as shown by their attitude, thus say that they are willing to stop short of nothing even to throwing us back into a depression by tightening credit, by laying off men, by meddling with the stock market and by pulling all the ropes possible, have decreed that Congress must again jump through their hoop. They are apparently unwilling to wait until the next session to have their program jammed through and apparently "jammed" it now will be.

The rights of the farmers and laborers to have legislation badly needed to right some of their wrongs seem to be of no consequence and the legislative mill has bogged down, all except the puppets of big business, who are howling loudly to jam through tax repeal to let big business escape again their proportionate part of the tax burden. Big business' tax program means that this revamp program will thus be more unfairly thrown back on the masses and on a bond issue basis will continue to borrow at high rates of interest to finance the Government.

The Calendar—
 The Senate took up all last week a filibuster against the passage of the so-called anti-lynching bill which promises to occupy all spare time in between the creation of the important legislation, we were called into session to consider. The Representative of the Harlam and similar districts over the Nation are sufficient interested (?) to keep this boiling.

The House consumed last week listening to the critics on both sides of the aisle. The Ways and Means Committee is now considering tax legislation and according to the press they have already agreed to amendments which weaken the tax laws on undistributed net profits and capital gain provisions.

Agriculture—
 The Agricultural Committee of the Senate is due to bring forth some kind of compulsory crop control legislation on Monday or Tuesday of next week. It is not clear just what either the House or Senate proposes to do in the way of raising revenue to finance the agricultural program.

The Administration favors compulsory crop control as clearly set forth in agricultural speeches. The different farm organizations seem to be badly divided—big business is good at such tactics. The House Agricultural Committee seems to be still wandering in the wilderness.

INSURANCE MEN MAKE NEWS

Buried deep in financial sections of metropolitan newspapers recently appeared an item that should hearten those who believe that when businessmen of the world realize their common interests, there will be no more war. It was a London dispatch that some 300 British insurance companies had agreed to cease issuing war insurance. The reason is that the long-range destructive power of aircraft has introduced an incalculable hazard in such insurance.

"Writing of war risk insurance on land," the prepared statement explains, "has become, in fact, little more than a gamble which plays no part in insurance where rates are based on scientific application of the law of averages as ascertained through experience."

Alfred Nobel, the Swedish magnate who with a fortune made from dynamite established the Nobel Peace Prizes, believed that science some day would make war so terrible that the commonsense of men would turn from it to other methods of settling disputes. The pronouncement of the British insurance companies may be cited in support of his belief, for it goes on to say:

"It is a reasonable assumption that if owners of factories and warehouses, and heads of financial, banking, and commercial undertakings throughout the world had to make good the losses on their property due to wars, influences in working for peace would gain in strength.—Rotarian Magazine.

TECH HAS 37 MARYS

Lubbock.—One contrary Mary may have been a source of delight to Mother Goose, but Texas Technological College instructors anticipate no such pleasure if the 77 Marys now enrolled take the same notion. And West Texas ranchmen had better look to their lambs, lest they follow Tech's Marys to school one day.

One out of every 15.5 women students registered is a Mary, statistics show. Three are engineering students, 22 chose home economics as their major field, 49 are majoring in arts and sciences, and 3 are in the graduate division. According to the student directory, 34 are freshmen, 22 sophomores, 8 juniors, and 10 seniors. This number does not include 11 Maries, 2 Marions, a Marym, Marydell, Maryedna, Marihelen, Marian, and Marilynn, who are also going to Tech.

Can Claim Record

District 10-B can claim some kind of a record because in the past week it has had two different champions. On Monday, Nov. 15, the executive committee of the district declared a Burk Burnett player ineligible and forfeited the conference games they had won in which the boy had played. This caused Burk to forfeit four games and Crowell automatically became the champions.

One week and a day later, the committee met again at the request of the Burk Burnett officials, who had unlearned further evidence, and declared the boy eligible, thus returning their standing to the 1000 per cent mark after they had won over Crowell and making them the champs.

The last decision of the committee did not hurt Crowell fans as bad as the first decision of the committee hurt the Bulldog fans, because the Burk grid addicts had the championship before the season started and the thought of not winning it struck a hard blow.

Crowell started the season with a green and untested team and local fans were not expecting a championship squad. The splendid performance of the Wildcats this season was pleasant surprise to the fans.

Had not the irritating things been said about Crowell after the eligibility question arose, the fans would not have held as much hope for the Cats as they did.

After the smoke cleared from the field Friday night, the Crowell fans were very proud of the Wildcats in spite of a defeat. They had held the Burk eleven to the lowest score of any Class B team this season. They had stopped the long runs of Tolly McKown and the Crowell backs did themselves proud and were able to be ranked right with the high-heralded Bulldog backfield.

Marvin McKown had covered himself with glory with his work in the Crowell line and Fitzgerald had played like a mad man throughout the contest.

The Wildcat forward wall had dumped the Bulldog backs for losses totaling well over 80 yards. That isn't a bit bad for a team that started the season green and inexperienced. The Bulldogs started this year's play with a veteran line-up. A team that had won the district and bi-district championships last year.

No one feels bad about Burk Burnett getting the championship, although the mud slung at Crowell during the squabble of the past week cut to the deep, and we are proud of the Wildcats and their leaders.

Sorry, McKown

The Burk Burnett eleven received a set-back Friday when Tolly McKown was removed from the game with a broken collar bone. The loss of this star back will seriously hamper the chances of the Bulldogs against their opponents in the bi-district game.

This injury ended the high school career of the most brilliant backfield man since Dick Todd hung up his cleats for the last time in the Crowell dressing room in 1934. The accident happened just at the time McKown's dreams of the year were coming true, at the time he could again play in the bi-district and possibly the regional game, the dream of all Class B players.

W. E. is sincerely sorry that McKown received the broken bone, knowing how he feels about having to be forced from the important game yet to be played by the Bulldogs.

Fans Sore, All of Us

Crowell fans were feeling sorry for Burk Burnett because the first decision of the executive committee had taken the championship from them and given it to Crowell, until the Wichita papers made remarks about the team in the heart of our local schools and Crowell in general. When this happened they forgot their sympathy and dropped into line behind the men whose duty it was to bring the situation to a climax, whether it was for Crowell's benefit or Burk Burnett's. Several things could have been left unsaid and many things could have been said, but as it was a lot of things were said, and a very few were for Crowell. Fans feel that we got a "raw" deal from the daily papers in the nearby city during last week.

Crowds Throng to See Damaged Lives

Every father who has longed to give his children better things, every mother who has wished that her daughter could mix with the "better class," and every girl who has been rebellious and sullen with her surroundings and felt the urge to step out into the world on her own will get a thrill, and perhaps learn something from "Damaged Lives," the screen offering now on view at the Rialto Theatre. For this picture is stark realism and shows without equivocation the sad finish that frequently overtakes the boy or girl who either innocently or knowingly steps out and plays along forbidden trails.

Burk Wins—

(Continued from Page One)

late in the initial period, Meason returned a Burk Burnett punt to his own 38 and fumbled with a Bulldog recovering. The Dogs took advantage of the break, and catching the Crowell boys off balance, quickly pushed over a touchdown with the highly-touted T. McKown going over the glory line.

Early in the second period the Dogs launched a drive from their own 26-yard line, after taking a Crowell punt which went over the goal line, that the Cats were unable to stop and McKown again carried the ball over to increase the Bulldogs' lead. McKown kicked the extra point to make the score 13-0.

Crowell returned the kick-off after the touchdown to their own 15, and with an attack, led by Joy, Orr and Meason, swept down the field in rapid-fire style and scored, with Joy lugging the ball over. Fitzgerald made good the conversion from placement to put the Wildcats back in the running, 13-7.

The spirit of the Crowell boys was visibly broken in the second quarter when they received a 15-yard clipping penalty from their own 20-yard stripe to give the Bulldogs possession of the ball on the 5-yard line after they had punted over the Crowell goal line on the fourth down. With a first down and five yards to the Crowell line from that point, Evans smashed over for a touchdown to give the Bulldogs a 19-7 lead.

Burk Burnett's remaining points were made from a safety when Fitzgerald's punt was blocked in the closing minutes of the third quarter and rolled off the field of play between the Crowell goal posts.

Although Tolly McKown was the principal ground gainer for the Bulldogs, fans who attended the game in order to see his sensational runs were disappointed as he was unable to break into the open against the Wildcat defense. His longest gallop was for 20 yards and to Joy goes the honor of hanging up the longest run of the tilt, which was a 28-yard run.

Comparing the average yards gained on each play for each individual back to carry the ball, the running backs of the Wildcats ranked above the three stars of the Bulldogs. Orr, Wildcat half, lugged the ball five times for an average of 7.4 yards each time he ran with the leather. Meason, Cat co-captain, was second with an average of 5.8 yards on each of 5 trips. Willett, Dog half, had an average of 5.5 yards for each of the 5 times he carried the ball.

Joy, Wildcat quarterback, carried the ball 24 times for an average of 4.38 yards and a net total of 105 yards. T. McKown, Bulldog star and quarterback, carried the pigskin 28 times for a net total of 118 yards and an average of 4.21 yards per try. The Bulldog fullback, Evans, handed in a net total of 66 yards gained on 26 tries for an average of 2.54 yards per trip. The figures above reveal that the ball-toting ability of the lads in both backfields are about the same and that Burk Burnett carried the ball approximately twice as many times as the Wildcats.

Besides keeping T. McKown from ripping off long gains, the Wildcats forced the Bulldogs to punt more than any team has this year while playing a Class B competition while at the same time having to punt the same number of times as the Bulldogs. The Crowell boys also put up the most stubborn defense of any Class B squad the power-housing Bulldogs have bumped into this year.

Much to the surprise of local fans, Evans stole the show from the fast-stepping (?) T. McKown. Although McKown piled up much yardage, it was Evans who ripped the Crowell line for needed yardage and to throw the Wildcats back on their heels.

M. McKown was easily the star of the Crowell line at his tackle position. He accounted for the larger part of Burk Burnett's loss.

dog's 3-yard line and McKown returned it to his own 37.

Evans gained 5 at left tackle. McKown gained one through right tackle. Willett stepped off 20 yards on a reverse. McKown pushed through right tackle for 6. Evans made 6 at center. Crowell penalized 5 yards for offside. Joy dropped Willett for 8-yard loss. McKown gained 7 at right tackle. Simmons gained 7 on the last play through center. Evans passed to Willett for 7. Evans lost 7 on a fumble. McKown threw Evans for an 18-yard loss. Willett kicked over Crowell's goal line.

Second Half

Evans kicked to Orr on the Crowell 5-yard line, who returned it to his own 30-yard marker. Joy picked up 4 at left tackle. Meason lost 1 and Joy made 3 at center. Fitzgerald kicked to the Crowell 45 and killed his own punt.

Evans failed to gain at right tackle and McKown hit the same hole for 16. McKown gained 6 yards at left end and added 2 more at right tackle. McKown carried the ball through center for 5 and then failed to gain. Joy stopped McKown for no gain for the second consecutive time. McKown lost 9 on a fumbled lateral. Crowell received a 15-yard clipping penalty from their own 20 which gave Burk Burnett the ball on the Crowell 5. Evans plunged over on the next play for a touchdown.

McKown's place kick was wide. Burk Burnett 19, Crowell 7.

Joy took Evans' kick on the Crowell 5-yard line and returned it 30 yards. Meason scampered around right end for 8. Joy hit center for 1. Joy missed a first down by inches with a line play and then failed to gain. Ball went over to the Bulldogs on the Burk Burnett 48.

Evans passed incomplete to Willett. A screen pass, Evans to Willett, gained 6. Evans through center for 5. Evans passed incomplete to Bates. McKown made 4 at left tackle and Evans picked up 6 more at the same place. A pass, Evans to Willett, gained 16 yards before Fitzgerald dropped him. Evans passed incomplete to Willett. McKown kicked out on the Crowell 16.

Joy made 3. Meason gained 3 at right tackle. Joy failed to gain. Fitzgerald's punt was blocked and rolled over the end zone, out of the field of play for an automatic safety. Burk Burnett 21, Crowell 7.

Fitzgerald put the ball in play with a place kick from his own 20 to the Burk Burnett 38. Willett returning to the Crowell 45. Burk Burnett 21, Crowell 7.

Stevens and Brown in for Spray and T. McKown, respectively, in the Bulldog line-up. Evans hit center for 7. A fumble lost 1. Evans through center again for 5. Evans passed incomplete to Willett. Evans through center for 5 and then gained 3 at right tackle. Bates through center for 9.

Evans passed incomplete to Willett. On two plays through center, Evans picked up a first down to place the ball on the Crowell 8. Evans failed to gain and Bates lost 1 attempting to circle left end. Another fumble lost 2. Evans hit right tackle for 2. Crowell took possession of the ball on downs. Bates took Fitzgerald's punt on Crowell's 45 and returned 5 yards. Evans fumbled and McKown recovered for the Bulldogs.

McKown picked up 2 at right tackle and then made 3 more at center. McKown plunged through right tackle for 10. Willett made 5 yards on a reverse around left end. McKown hit right tackle for 6 to place the ball on the Wildcats' 4-yard stripe. Solis in for Stater. McKown made 1 at left tackle and then he carried the ball over for a touchdown. Evans missed the kick. Burk Burnett 6, Crowell 0.

Meason returned Evans' kick from the Crowell 10-yard line to the 30. Joy picked up 3 at right end. Orr added 3 more at left guard. Joy failed to gain on the last play of the first period. Burk Burnett 6, Crowell 0.

Stater in for Solis in Crowell line. Fitzgerald punted to the Bulldogs' 28, where the safety man was dropped in his tracks by Orr. McKown through right tackle for 9 and Evans plowed through left guard for 5. Willett made 2 at left tackle. McKown gained 20 at right tackle on a reverse. Evans picked up 3 at center. McKown through left tackle for 12 yards.

Bates gained 3 at left tackle. McKown hit the center of the line for 9 yards. McKown failed to gain attempting to circle right end. McKown fumbled and failed to gain and then made 2 at right tackle. McKown went over left tackle for a touchdown. McKown placed the ball through the uprights for the conversion of the extra point from placement.

Fitzgerald returned Evans' kick 20 yards to the Crowell 45. Meason skirted left end for 8 yards. Joy failed to gain and then wiggled through right guard for 9. Orr hit left tackle for 1. Fitzgerald passed incomplete to Canup. Meason made 5 at left tackle. Joy through right tackle for 4. Joy failed to gain. Meason carried the ball to the Bulldogs' 18 on a 20-yard pickup around right end. Joy failed to gain at center. Orr carried it to the Burk Burnett 8-yard line with a 2-yard gain at right guard. Joy carried the ball over for the Wildcat score. Fitzgerald converted the extra point from placement. Burk Burnett 13, Crowell 7.

Fitzgerald kicked to the Bull-

bled and Joy recovered on the Bulldogs' 30.

Joy failed to gain. Fitzgerald's pass was intercepted by Brown and returned to the Burk Burnett 25. Evans passed incomplete to Willett. Evans gained 9. Bates made 10 through center. Meason knocked down Evans' pass to Willett. Evans through center for 7 and then made 7 more through center. Evans passed to Willett for 7. Evans lost 7 on a fumble. McKown threw Evans for an 18-yard loss. Willett kicked over Crowell's goal line.

T. McKown in for Brown for the Bulldogs. Burk Burnett penalized 15 yards to place the ball on the Crowell 35. Fitzgerald passed incomplete to Orr. Joy went through right tackle for 7. Canup passed to Orr for two. Fitzgerald passed incomplete to Orr. The longest run of the game, from scrimmage, came on the last play of the game, when Joy ripped off 28 yards. Burk Burnett 21, Crowell 7.

THANKSGIVING DAY

Throughout the development of this nation, tradition has played its part. Advancing frontiers brought our holiday with them . . . mile-posts in an advancing civilization. Among them has been Thanksgiving. A holiday that is really our own. It has contributed no small measure to the happiness and prosperity of America and other traditions have contributed equally. Through troublesome times, wars, floods and panics . . . they have been remembered, standing for all that we in this nation hold dear. They are worth keeping and guarding carefully . . . time-tested traditions that can still serve us well.

Christian Science Services
"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced," is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 28.

The Golden Text is: "Do they not err that devise evil? but mercy and truth shall be to them that devise good" (Proverbs 14:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I will overturn, overturn, overturn, it; and it shall be no more, until he come whose right it is; and I will give it him" (Ezekiel 21:27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Marvels, calamities, and sin will much more abound as truth urges upon mortal its respective claims; but the awful dawning of sin destroys sin, and foreshadows the triumph of truth" (page 223).

Two Minute Sermon

(By Thomas Hastwell)

When a Man Finds Himself: Not long ago I interviewed a number of men to discover the reason why they did not attend church more regularly. The usual line of reasons was given, but one man said, "The reason I do not attend church more regularly is that the service does not interest me, and I really get little or nothing out of it." He was not at all antagonistic toward the church, and I felt spoke more frankly than some of the others. Unfortunately, to many, their church is not, and never has become, a source of spiritual strength and upbuilding. They have never really found themselves spiritually. They have never established that contact that would enable them to make their religion a vital, usable thing in their own lives. It is unfortunate, and if true, is tragic. Without exception these men no doubt hunger for this relationship because I believe we will all agree there comes often in the life of every man, no matter with what self-confidence and assurance he goes about, times in which he feels he must call upon some strength beyond his own. Those who really feel a conscious renewal and spiritual upbuilding when they attend church, come whenever they can, and enjoy and are renewed by the service. As a physically hungry man needs no urging to take food, so a spiritually hungry man needs no urging to partake of spiritual food. I feel the best work of many ministers is the seeking out of such men and helping them, if possible, to establish this contact, and to find themselves spiritually.

Brief Bits of News From Here and There

The Ford Motor Company has announced that it will spend \$40,000,000 enlarging its River Rouge plant within the next year. Most of the money will go to enlarge Ford's steel making facilities. The move is in line with Ford's consistent policy to produce most of the raw materials entering into Ford cars.

There are 616,000 high school football players in the country. Mohair, so desirable in furniture upholstery, is made of goat's hair. Four-fifths of the domestic crop of goat's hairs comes from Texas where 3,000,000 goats supply 12,500,000 pounds of hair a year. The clip sells for around 60 cents a pound. It is protected by a duty of 34 cents a pound levied against Turkish and South American goat's hair.

Repairs were completed recently on the 800-year old Reims Cathedral which was almost destroyed by 287 German shells fired into it during the World War. The repairs cost \$27,000,000.

Within twenty years since the close of the war busses have driven street cars out of 434 American cities.

Your Horoscope

November 23, 24, 25—You do not like to be dictated to or interfered with, and are rather outspoken to anyone who gets in your way. You were born to command and generally do so. You can be very arbitrary and without feeling, a strict disciplinarian and demand obedience. You desire and expect appreciation of your efforts and if it is not forthcoming to your expectation you become moody and sullen, and while you will complete the task undertaken to the best of your ability, you will show no enthusiasm in it.

November 26, 27, 28—You are fond of fine clothes and jewelry but they must be of the best. You like to have all your efforts succeed, and give all your energy to these accomplishments. You insist on the same energy from those associated with you or who happen to be under your direction, but you want to be the recipient of all the glory ensuing from the success of your efforts. You are honest in your dealings, always give full measure, but take care that your customer knows it, although you do not consider another entitled but he generally earns all you give him.

SAFETY SLOGANS

Every parent of boys should explain to them the danger of dynamite caps. Many boys find dynamite caps, and, not knowing their danger, suffer the loss of a hand or eyes, when they explode. A splendid way to do this is to take the boy to the dealer in caps and allow him to see one of them. This and the warning by the dealer may be the means of saving the boy several fingers or a hand and possibly his eyes.

If you are drowsy don't drive. It is just as dangerous for a sleepy person to continue driving as it is for one under the influence of alcohol to drive.

Get your brakes repaired before the accident, and the accident won't happen.

SIX-MAN FOOTBALL

Six-man football raises question of how and when did modern football commence.

The recent rise and growing popularity of six-man football with three men in the backfield and three in the line, a game which is well adapted for use in small schools, is shown by the large number of schools in the United States now playing the game and by the fact that an all-American football team will be named this year.

The development of this new game gives to the interesting question of how did football as we know it today come into existence? American football is an outgrowth of English rugby. Association football, a game which was played between the time of Rugby and modern football, is still played where foreign population predominates.

In 1875 football was introduced into America by Harvard University, and the following year Harvard and Yale compromised on a set of modified rugby rules. It was natural that some rules should be added and others dropped, but difficulties arose when each school began to have its own rules to play.

In 1905 a committee of 14 was formed by leading American universities to form some definite rules for the 1906 season, and at this time the ten yard first down rule was adopted.

Although football did actually pattern itself on English Rugby, its similarity to that game now exists only in the fact that occasionally a player emerges from the line to run with the ball and that he occasionally kicks the ball.

Miss Patton: "Who was the smartest inventor?"

Joe Spencer: "Thomas A. Edison. He invented the phonograph and the radio so people would stay up all night and use his electric light bulbs."

Mr. Russell: "Isn't it wonderful how little chicks get out of their shells?"

Sam: "What gets me is how they get in."

Billie Russell: "I wish I'd never met. Before I met you I had a nice balance in the bank, and now—"

Wilma Jo: "But, Billie, love makes the world go round."

Billie: "Yes, but I didn't expect to go so fast as to make me lose my balance."

Franklin: "I wonder why it is that people always refer to a canoe as 'she'?"

Robert Lewis: "Evidently you never tried to guide one."

The FHT Club met at seven o'clock Wednesday, Nov. 17, at the high school building. Juanita Brown gave a few points on Grace Noll Crowell's life and Camille Graves read some of the poet's beautiful poems. Frances Davis, Iva Ruth Gafford, Syble Mullins, Reid Sanders and Virginia Moseley were hostesses to sixteen members of the club.

PICK-UPS

Wellesley boasts of two spinsters clubs. One is the "No Rata Datas," with the bleeding heart as its flower and "Solitude" as its theme song. The other club, "Forgotten Women," honors the bachelor button and the lyric "All Alone." Taking their cue from Esquire, each prays, "Not for myself but, dear heaven, please send my sister a brother-in-law."

A sensible girl is not so sensible as she looks because a sensible girl has more sense than to look sensible.

Thanks to Electric Servants

Thanksgiving is now a Woman's Holiday too!

If our service to you during this last year has been instrumental in providing more leisure, more pleasure, and greater happiness, then this Thanksgiving Day is occasion for us to give sincere thanks. Like many of you, we have "grown up" right here in West Texas. This is our twenty-sixth Thanksgiving. So we can remember when the turkey season meant a holiday for every one except Mother. The Thanksgiving dinner was a long, tedious task for her . . . many hours in the kitchen before a hot, odorless stove. And there were scads of dishes to wash when it was over. This burden on her is no longer necessary, we're happy to recall. The trend toward the all-electric kitchen means complete emancipation for women. Out of this freedom is born the Neoelectress—a modern home maker alert to this new electric age. The vista of a more glamorous future than pots and pans has become a reality, whether it be Thanksgiving or just another day. If you have not yet electrified your kitchen, we suggest that you investigate the economy of Electric Servants ere another holiday rolls around. They have made Thanksgiving a vastly happier day for many of your neighbors . . . and we are glad!

Fall Flower Show Held by Crowell Garden Club Last Friday Afternoon

The Crowell Garden Club entertained with a silver tea on Friday afternoon, Nov. 19, at 4 o'clock at the Christian Church, in conjunction with the club's fall flower show, the first of the kind to be held by the club in Crowell. The church was decorated with autumn leaves and berries in a profusion of colors.

Mrs. H. K. Edwards, president of the club, greeted the guests at the door and guided them to the flower show which was arranged in the front of the church. The display was lovely, exhibiting almost every kind of rose, chrysanthemum, annual, perennial, berry and rare plant that grows in Foard County. There were about 60 entries in the show, they being placed on black covered tables and classified according to flower families.

A musical program was rendered by Miss Dorothy Wingham, Miss Anne Lee Long and Mrs. A. F. Wright. Mrs. Wright sang, "An Old-Fashioned Garden."

Mrs. Edwards graciously thanked each Foard County lady for her part in making the first fall flower show a success and presented Mrs. Boman, who, with the help of Mrs. L. A. Andrews, presented the prizes to the winners in each group of flowers. The prizes were shrubs, bulbs and potted ferns. The shrubs were donated by the Maxon Nursery at Vernon. The prizes in the various divisions went to the following ladies: Mrs. T. B. Klepper, 1 pink rose,

1st; 1 white rose, 1st; 1 bi-color rose, 1st; 1 pink rose, 2nd.

Mrs. W. A. Cogdell, 1 white rose, 2nd.

Mrs. Mason Brown, 1 bi-color rose, 2nd.

Mrs. A. Y. Beverly, 1 bronze chrysanthemum, 1st.

Mrs. L. G. Andrews, 1 bronze chrysanthemum, 2nd.

W. A. Cogdell, house plant, 1st.

Mrs. W. A. Cogdell, house plant, 2nd; house plant, class 3, 1st.

Mrs. T. W. Cooper, house plant, class 3, 2nd.

Mrs. Geo. Self, annual, 1st and 2nd.

Mrs. L. G. Andrews, group red chrysanthemums, 1st.

Mrs. N. J. Roberts, group red chrysanthemums, 2nd.

Mrs. N. J. Roberts, group mixed chrysanthemums, 1st; Mrs. L. G. Andrews, 2nd.

Mrs. W. A. Cogdell, white group chrysanthemums, 1st and 2nd.

Mrs. A. Y. Beverly, group bronze chrysanthemums, 1st; Mrs. O. R. Boman, 2nd.

Mrs. W. A. Cogdell, yellow chrysanthemums, 1st; Mrs. B. F. Ringgold, 2nd.

Mrs. A. Y. Beverly, group lavender chrysanthemums, 1st; Mrs. W. A. Cogdell, 2nd.

Mrs. O. R. Boman, winter bouquet, 1st; Mrs. H. K. Edwards, 2nd.

Mrs. M. O'Connell and Mrs. T. V. Rascoe headed a committee which served refreshments of tea and wafers to about 45 guests.

FOARD CITY 4-H CLUB

The Foard City 4-H Club met Tuesday, Nov. 16, at the school house with eleven members and Miss Myrna Holman present.

The girls checked twelve goals on pantry, with at least six which should be completed.

Anita Traweck was appointed reporter.

The demonstration given by Miss Holman was "How We Should Celebrate Christmas."

The next meeting will be Tuesday, Dec. 7.

SURPRISE BIRTHDAY PARTY

Mrs. A. W. Lilly honored her daughter, Miss Mozelle, with a surprise birthday party Saturday night with Mrs. Lilly and Mrs. Grady Graves acting as hostesses.

After games of bingo, impersonations, and other forms of entertainment were held, plate refreshments were served to seventeen guests.

CO-LABORERS' CLASS

Mrs. Mesdames Tom Russell, Will Erwin and Hubert Brown were hostesses to the members of the Co-Laborers' Class of the Methodist Sunday School in an all-day social meeting on Wednesday, Nov. 17, at the home of Mrs. Russell.

A covered dish dinner was spread at the noon hour and enjoyed by 23 members and Mrs. E. L. Yeats and Mrs. T. L. Hughston as special guests.

The program leader was Mrs. J. A. Stovall, who gave the story of the book of I Kings in a splendid manner. A business session, presided over by the class president, Mrs. Russell, was also held in the afternoon.

Missionary Society Officers Elected

Officers of the Woman's Missionary Society of the Methodist Church for the ensuing year were elected at a business meeting held on November 22.

Officers elected were as follows: Mrs. H. E. Ferguson, president; Mrs. W. B. Johnson, vice president; Mrs. T. L. Hughston, secretary; Mrs. A. Y. Beverly, corresponding secretary; Mrs. Paul Shirley, treasurer; Mrs. Sam Bell, connectional secretary; Mrs. B. F. Ringgold, superintendent of supplies; Mrs. Hines Clark, agent World Outlook; Mrs. Grovey Cole, social service; Mrs. M. J. Girsch, press reporter.

On Nov. 1, the Society met in the home of Mrs. S. S. Bell, with Mrs. Bell and Mrs. W. B. Johnson as hostesses. Mrs. A. Y. Beverly was leader for the afternoon. The subject of the lesson was "Bridge Builders." At the conclusion of the program the hostesses served dainty refreshments to a large number of members.

November 8 was observed as "a day of prayer" for missionary work. The morning worship was led by Mrs. E. L. Yeats, assisted by Mrs. H. E. Ferguson. A playlet, "At a Quarter to Three," was given by Mrs. Johnson, Mrs. Hughston and Mrs. T. L. Hughston. The theme of the playlet was an explanation of the missionary funds and how they are used. An offering for missionary work was also taken.

The afternoon devotional was led by Mrs. M. S. Henry. Following the inspirational devotional, Mrs. Claude Callaway rendered a special number. The closing number, "Our Comrades Along the Highway," was by Mrs. J. A. Stovall.

Mrs. Henry was hostess to the club on Nov. 15. Mrs. Foster Davis and Mrs. Brown reviewed "What is That Moslem World?" in an interesting manner. Dainty refreshments were served by the hostess.

B. & P. W. CLUB

The B. & P. W. Club held its Thanksgiving banquet at the O'Connell Lunch Room last Thursday night at 7 o'clock.

Miss Lennis Woods and Miss Gusta Davis acted as hostesses and presented a very interesting program consisting of musical numbers by Mrs. William Ricks, clever song and dance numbers by Miss Paula Plunkett, accompanied by Mrs. Ricks. A violin solo by Mrs. Alva Spencer, with Mrs. Arnold Rucker accompanying at the piano, was rendered and Mrs. John S. Ray gave a very interesting talk on "the origins and customs of Thanksgiving."

A delicious turkey dinner was served to the members of the club.

ALPHA-JUNIOR CLUB

The Alpha-Junior Adelphean Club met Wednesday, Nov. 17, in the Adelphean Club house with Miss Jean Opal Borchardt as hostess.

The lesson was on Greek Myths. The most important part was about the Gods of Olympus. The reader was Miss Frances Henry Johnson and those having parts on the program were Miss Mary Frances Bruce, Miss Billye Brown, Miss Lenezene Green, Miss Frances Davis, Miss Theda Wright, Miss Margaret Woods, and Miss Juanita Brown.

A lovely refreshment plate was served to nineteen members. Mrs. J. E. Harwell assisted the hostess.

IDLE HOUR CLUB

The Thalia Idle Hour Club met Thursday afternoon, Nov. 18, in the home of Mrs. Bob Abston.

Names were drawn for the Christmas meeting.

After playing several games pertaining to Thanksgiving, the hostess served an attractive plate to the following members: Mesdames C. C. Lindsey, Leotis Roberts, Walter Long, G. A. Shultz, Lee Sims, Raymond Grimm, T. H. Matthews, John Wright, Royce Cato, Charlie Wood, G. W. Scales, Miss Minnie Wood, and one visitor, Mrs. Fred Dennis, of Crowell.

The next meeting will be in the home of Mrs. Walter Long, Dec. 2.

WEST SIDE CLUB

How many of the co-operators goals have you completed? was the question Miss Myrna Holman asked members of the West Side club when they met with Mrs. Donald Norris, home food supply demonstrator, in an achievement day

County Federation to Meet Tues., Nov. 30

Next Tuesday, Nov. 30, is the date for the meeting of the Foard County Federation, at which time the Adelphean Club members will be hostesses at the Adelphean Club House.

Mrs. S. E. Tate, program leader, will open the meeting at 10:30 a. m. The devotional, "Joy Cometh in the Morning," will be given by Mrs. R. L. Kincaid. The subject of "Health" will be discussed from two standpoints, "No, Thank You, I Don't Smoke," and "Before and After the Doctor Comes," by Mrs. Mason Brown and Mrs. Bob Taylor. A business session will be conducted at the morning session also.

The afternoon program will include a travelogue of the Southern States with "Stars Rise on Alabama" discussed by Mrs. M. O'Connell and "Peachy Georgia" by Mrs. Sam Bell. "Pan-American Air-Ways" will be given by Mrs. A. D. Campbell.

A covered dish luncheon will be served at noon and, as usual, each one who attends will bring her plate, cup and fork. Those who are on the program will find material at the county library.

CROWELL GARDEN CLUB

The regular November meeting of the Crowell Garden Club was held in the Christian Church at two o'clock Friday afternoon. During the business session, Mrs. O. R. Boman reported four hundred Chinese chrysanthemums and fifty red cedar trees had been secured for the city park. She also stated that the North Pocket Park is classified as a country park.

Mrs. N. J. Roberts, civic chairman, asked for plans to beautify the town entrances and for ways to get rid of the road side signs.

Mrs. Marion Crowell, as program chairman, gave an interesting percentage scale for garden fertilization, that is, one ton to every twenty-three square feet.

The following should be planted in November: poppies, sweet peas, phlox, bluebonnets, and noemias. All outdoor bulbs should be planted six inches in the ground.

Mrs. Roberts urged the planting of indoor bulbs, such as chinese lilies and narcissi.

Twenty-three members answered roll call.

program on Nov. 17.

The home food supply goals are:

1. Make a canning budget and plan production of leafy, green and yellow vegetables.
2. Preserve leafy, green or yellow vegetables for the family.
3. Present for scoring one container of leafy, green or yellow vegetables.

The kitchen goals are:

1. Refinish walls and woodwork or refinish floor.
2. Have all openings tightly screened or curtain windows attractively.
3. Have work surfaces at comfortable height for worker.

Mrs. Herbert King was elected home food supply demonstrator for 1938 and Mrs. C. R. Bryson kitchen demonstrator.

A visit to the cellar revealed that Mrs. Norris had been busy on her canning budget.

The club will meet with Mrs. Gus Patton on Nov. 24 for a Thanksgiving program.

King Could Not Speak English

George I, king of England from 1714 to 1727, could neither speak nor write the English language, notes a writer in the Indianapolis News. He was the son of Ernest Augustus, elector of Hanover, and Sophia, granddaughter of James I, of England. The German became the nearest heir to the English crown on the theory that the blood of James II in the direct line was corrupted. When he succeeded Queen Anne as sovereign of England he was fifty-four years old and he made no attempt to learn the language of his kingdom. William of Orange, who reigned jointly with his wife, Mary, from 1689 to 1694 and as sole sovereign from 1694 until 1702, was Dutch in nationality, knew very little English, and was not sufficiently master of our language to address the house from the throne in his own words. On important occasions, it was his practice to write his speech in French, and to employ a translator. French was the native language of the English kings for many generations after the Norman conquest.

An Open Letter to I. T. Graves

Dear Mr. Graves:

We wish to take this method of letting you know that we are 100 per cent pleased with the stand that you, Coach Graves and L. A. Andrews, have taken in regard to the eligibility of John Blair of Burk Burnett.

Some sports scribes on Wichita Falls newspapers have been very liberal with nasty remarks regarding your stand. We realize they owe their allegiance to Burk Burnett, since Burk Burnett made Wichita Falls the city it is today, but they do not have to resort to personal ostracism to show their allegiance. They could at least do the fair thing and present the evidence of both sides as it was presented to the committee. The decision of the committee is of infinite insignificance to us compared with the attitude taken by Wichita Falls news staffs. They would like to convince people that you three men have engaged in a bit of underhanded "jui-jitsu" in order to win a district championship for your team.

You have been the targets for some very uncomplimentary prose and poetry from one Wichita Falls scribe in particular, namely Mr. Lane Goldsmith. We don't know whether or not you have read this slush, and if so, whether you consider it worthy of your worry. It has just occurred to us that you three men may think that some of us agree with Mr. Goldsmith, and we had rather have Mr. Goldsmith cracking wise about us than to have you thinking that we, too, are criticizing you.

We know that it is every superintendent's right and every coach's right, and not only his right, but his duty, to bring to light any evidence tending to prove any player ineligible.

Regardless of what any sports scribe, or any newspaper, says about you, we know that you did right, we know that you are honorable men, guilty of no fraud or deception or underhanded tricks; in fact, we would be proud to walk by your side through the offices of the Wichita Falls Record News up to Mr. Goldsmith's desk, if he has one, and say, "These men were acting for us—don't you like it, huh?"

Signed,
CROWELL FANS.

DAUGHTER HONORED

Ruth Owens, adopted daughter of Mr. and Mrs. Delbert (Deb) Owens of Pontiac, Mich., former Crowell resident, was recently elected to the National Honor Society of the Pontiac Senior High School. Before being adopted by Mr. and Mrs. Owens, she was Ruth Greening.

In congratulating the parents, John Thors Jr., principal, had the following to say in a letter to them:

"Each semester it is the privilege of the High School principal to announce to a group of students the result of the faculty elections to membership in the National Honor Society of the Pontiac High School. This election is considered one of the highest honors that can be awarded to a student during his high school career. Among the group honored this year your daughter was numbered as a member. I have had the opportunity of personally congratulating her on her election to membership, and I wish to express similar congratulations to the parents and the home."

"The home plays a very important part as regards the success of any student in our school in the

characteristics which are considered for election to membership in the National Honor Society, namely, scholarship, leadership, service and character. In honoring the student I feel that we likewise honor the home for the part that it has played in the successful development of the individual."

ROTARY CLUB

Oscar Dodson Jr. of Chillicothe was the principal speaker on the program of the Crowell Rotary Club Wednesday at noon. He is State president of Future Farmers of America and talked on the purposes and activities of that organization.

R. D. Oswald was in charge of the program. C. H. McClellan, Rotarian of Wichita Falls, was a visitor.

A letter from District Governor Ed McLaughlin, read by the president, stated that the Crowell club got fifth place in attendance in the district last month.

LIBRARY NOTES

"The Citadel," one of the best sellers of modern fiction, was written by A. J. Cronin. Mr. Cronin is a doctor and his book tells of the medical profession, made interesting by the fact that Dr. Cronin used the material gained through his own experiences. The characters of Andrew and Christine reflect Dr. Cronin's greatest art, and the story will dwell long in the reader's memory.

Craving material success, Andrew Manson, a young physician, discovered that its attainment meant compromising his honor. At his side, through his long struggle, stood Christine, helping, hoping, yet fearing the future. It is a great novel.

"The Stars Look Down," by Dr. Cronin, is also in the library.
