ONLY YOUR MILEAGE MERCHANT **OIL-PLATES YOUR ENGINE**

Do you need any reminder of what oil you bought? Not if it delivers smooth long mileage that you can't forget! Then here's the real big value of the little drain tag you get from Your Mileage Merchant: he marks it with your mileage today as you change to his patented

Conoco Germ Processed oil, and then you can keep tabs on how far you go before you ever need another quart in your OIL-PLATED engine.

OIL-PLATING is exclusive with Conoco Germ Processed oil. The patent-guarded Germ Process forces this oil to "magnetize" on to the working parts in the form of implanted slippy OIL-PLATING. The parts that used to wear worst and make your oil "rub out" fastest, now possess this all-over, deep-seated OIL-PLATING. It can neither drain down while your engine is stopped, nor let loose in all the whirl of 4,000 revolutions a minute. Therefore OIL-PLATING, done only by Your Mileage Merchant, distinctly tells you why your Germ Processed oil and your car money won't do a "disappearing act." Continental Oil Company
