FOUR WEEKS' REVIVAL MEETING WILL START AT THE METHODIST CHURCH NEXT SUNDAY, MAY 22

Finis A. Crutchfield, pastor of the First Methodist Church of Crowell, will do the preaching for the revival meeting which begins at 10 o'clock Sunday morning, according to Rev. E. L. Yeats, pastor of the church, who is in charge of arrangements.

Crutchfield is the son of the Crutchfield, who was pastor of the church here many years and is remembered by many as a small boy at that time. He was a member of the North Texas Conference for a number of years and was transferred to the Northwest Texas Conference at the time of his transferring as presiding elder of the district.

Crutchfield comes from a family of outstanding Methodist preachers and is an earnest, untiring preacher of old-fashioned religion.

Services will be held each week morning at 10 o'clock and evening at 7:30. It has been the custom of the church to have revival services are spiritual.

Yeats, together with an ad hoc committee composed of Bert Brown, A. Y. Beverly, E. E. Ferguson, has been making preparations for the meeting, in a spiritual and in a physical, for several weeks. Rev. Crutchfield has erected a rock platform, a pulpit, a rock pulpit, unique in design, on the lawn east of the church and has built comfortable benches for the lawn and should weather be extremely warm, the services will be held out doors. If it is cool, they will be in the church. The material on the benches has been very liberally donated by Crowell.

At 8:30 o'clock on Tuesday, Wednesday, Thursday and Friday nights of each week, a vacation school will be taught in the basement of the church. A song of children's songs will be sung for 30 minutes of the time, for Juniors and Intermediate. "What is the Church," is taught by the pastor, Rev. Irvine, pastor of the Margaret church, will assist Rev. Yeats in training school, Rev. Irvine will be song leader for the evening. Others assisting in the vacation Bible school will be A. Y. Beverly, Mrs. M. J. Sanders, Mrs. A. R. Sanders and Paul Shirley, all of whom are officers and teachers in the vacation division of the Sun-church. Mrs. Shirley will serve as host for all services of the school.

Registration is extended to everyone in and around Crowell for this meeting. Members of other churches are asked to bring in any way they will, by in the choir and by making their meeting in every way. It is earnestly desired that the town of Crowell and its surrounding territory may receive a spiritual uplift from this revival services. Rev. Crutchfield.

Popular Songs and Orchestral Music. MATINEE Night at 10:00. n 10c & 20c. g Down adway. Correspondent for Foard City News

J. L. Farrar last week assumed the responsibility of writing the news items in the Foard City News. Mrs. Farrar takes the place made vacant by the resignation of Mrs. G. M. Canup, who has been the Foard City correspondent for several years.

Farrar's first items appeared in last week's issue of the News.

TO SOUTH AMERICA Taylor of Stockton, Calif., of Mrs. T. W. Cooper of the Foard community, left on a journey that will take on a newly-assigned position in South America. Taylor is employed by the Standard Oil Company and is bound to this fairly large South American city that has a colony of Americans, to take over a position as a construction foreman. The distinction of being the youngest men that the city has to hold such a responsible position. Leaving from Stockton he went by train to Kansas and from that point to the southern continent. C. S. Taylor, Leon came from Dallas County in 1909, when only a small boy, and with Mr. and Mrs. Cooper, six years, going to California in 1925. He attended school in Crowell and finished his education at Yuba City (Calif.) School and the University of California at Reno.

ND SHRINE CEREMONIAL Ward Bursey and Grady MacCraw attended a Shrine convention in Galveston Friday afternoon. Mr. Bursey took the degree during the ceremony.

PARK PLANS APPROVED BY STATE BOARD

Plans for Work to be Given When Release Is Made to City

Plans for improvements of the Crowell municipal park on block south of the court house square west of State Highway 16 were approved by the WPA headquarters in San Antonio last Thursday, according to A. T. Cromwell, WPA area 18 engineer. The plans for the park were approved by President Roosevelt several weeks ago.

During the past several months the creek on the site was straightened, grounds cleared of mesquite trees and brush, a footbridge installed and other improvements were made by the State Highway Department. The Department also furnished over one hundred trees, which were transplanted in the park under the supervision of the Crowell Garden Club, which is supervising beautification of the grounds. A water system has been installed by the City of Crowell, sponsor for the project, and the grounds are ready for further work.

The municipal park project calls for an expenditure of \$4,756 of Federal funds and \$1,894 of sponsor's funds and will employ 53 workers.

The work will include the leveling, sodding and landscaping grounds, construction of a wading pool, picnic units and walks, installation of a water system and playground equipment.

Although the project has been approved by both the federal and state WPA offices, it has not yet been released to the City of Crowell. Details as to the work will be given when this release is made.

W. P. A. Sewing Room Holds Open House Thursday

Open house was held Thursday, May 12, in the local W. P. A. Sewing room. Various garments made in the room were on display and the project was in operation.

A caravan, consisting of A. T. Cromwell and Mrs. Lena D. Avila of the area office in Vernon, H. W. Holtzer of the district office in Fort Worth, Mr. Caldwell of the state office in San Antonio, and local officers and business men were the first visitors to be admitted.

This project is sponsored by the Commissioners' Court of Foard and employs 28 women with a monthly payroll of approximately \$600. The ultimate aim of the sewing room is to instruct the women so that they may better fit into private employment.

One hundred and seventeen guests registered during the day.

10th Anniversary of Rotary Club to Be Celebrated

The 10th anniversary of the Crowell Rotary Club will be celebrated June 6 with a banquet and program in the basement of the Methodist Church. Plans for the occasion were discussed at the regular meeting of the Rotary Club Wednesday at noon at O'Connell's Lunch Room.

All former members of the club and their wives will be invited to attend the banquet as guests of the Crowell Club. Other guests to be invited will be all former Rotary Governors who have served the district during the life of the club. Presidents and secretaries of the Quana and Vernon Rotary Clubs will also be invited as guests.

The charter for the Crowell Rotary Club was granted by Rotary International May 26, 1928. It was delivered and the club was organized at a banquet given in the basement of the Baptist Church on the evening of June 11, 1928, with a large number of Rotarians in attendance. Organization of the Crowell Rotary Club was made possible by the work and influence of Vernon Rotarians.

Rotarians A. T. Chaney of Quana and Raymond Buskirk of Vernon were visitors at the Wednesday meeting.

Foard Tax Records In Good Condition, Says Tax Supervisor

The tax records of Foard County for the year 1937 are in excellent condition, according to a letter received this week by Amos W. Lilly, county tax assessor-collector, from the state tax supervisor, Geo. F. Rainbolt, who audited the tax records here two weeks ago.

Following is part of the letter received from Mr. Rainbolt: "It is seldom that I have checked records as good as I found in your office and where the state ad valorem taxes were completely in balance. I wish to compliment you and your deputies for this excellent showing."

Gambleville School Term Extended; Will Close Friday, June 24

The Gambleville school will be extended one month in order to give a nine-month school term, according to an announcement by O. A. Solomon, member of the Gambleville school board.

This decision was made at a meeting of the board last week. Closing exercises were to be held Friday night, May 27.

It was also announced that the closing exercises for the Gambleville school will be held on Friday, June 24, due to the time extension.

Local Rebekah Lodge Visited by State Head

Miss Jennie Bain of Dallas, president of the Rebekah Assembly of Texas, met with the Crowell Rebekah Lodge Thursday afternoon in the Crowell I. O. O. F. hall.

Miss Bain held a school of instruction for the lodge work during the time she was in Crowell. She is on a tour of northwest Texas, visiting all Rebekah lodges in this section.

There were several members of the Truscott Rebekah Lodge present. Refreshments were served during the social hour which followed the business session.

Commencement Exercises to Be Held in School Auditorium Friday Evening at 8 O'Clock

78-INCH RAIN RECEIVED HERE THIS MORNING

Hail Wheat Damages Tuesday Night Are Reported

A 78-inch rain Thursday morning raised the precipitation record for the month of May to 7.33 inches, according to records at the Crowell State Bank. During the past week, 4-inch rain was received last Wednesday night and 1.1 inch was recorded last Thursday night. The rain this morning was general over Foard County. A light shower was received with hail Tuesday night.

Hail continued to take its toll on wheat when a damaging hail storm swept the northeast section of the county Tuesday night. Gambleville and Margaret reported the heaviest hail, but the greatest damage was done in the Gambleville community. These were the only two communities in the county to report damages, but wheat men of the county are of the opinion that a large portion of wheat was damaged to some extent. One farmer in the Gambleville community reported his damage at twenty-five per cent. Several other wheat fields were badly beaten, but damage estimates have not been reported.

FISHING NOT ALLOWED IN CROWELL LAKE

McDaniel Appointed Game Warden Last Week

As the result of numerous inquiries, Mayor C. T. Schlagal announced Tuesday that the city lake would not be open for fishing this season and no trespassing will be allowed on the premises.

Mayor Schlagal stated that fish in the lake will be allowed to spawn before the lake is opened to the public. The lake at present has the most excellent stock of fish it has had since its construction. Fish in the lake are about twenty months old. By the time it is opened next season, it is expected to be one of the best fishing lakes in a radius of many miles.

Boating on the lake and parties or picnics near the lake will not be allowed for sanitary reasons, Mayor Schlagal stated. Hunting on the city property will not be allowed.

New Game Warden

Ed McDaniel of Crowell received an appointment as a State Game Warden last week and will enforce trespassing laws at the city lake.

Graduating Exercises for Seventh Grade to Be Held This Evening

Thirty-one grammar students will be graduated into high school at the grammar school graduation exercises tonight (Thursday) at 8 o'clock in the high school auditorium.

Rev. E. L. Yeats, pastor of the First Methodist Church of Crowell, will address the graduating group. Presentation of diplomas will be made by I. T. Graves, superintendent.

The class song, "Follow the Gleam," will be sung by the group. "Dancing Leaves" will be sung by a quartet composed of Virginia Adams, Virginia Thomas, Willford Ellis and Richard Carroll.

Chillicothe Will Be Host to Young People's Meeting

The quarterly meeting of the young people's division of the Methodist Churches of the Vernon District will be held in Chillicothe Saturday and Sunday, May 28 and 29.

The theme of the meeting will be "Climbing," with Everett Westbrook of Vernon, district director, in charge of the two-day meeting. The theme song will be "The Way of the Cross Leads Home."

Registration will begin at 4 o'clock Saturday afternoon and a basket supper will be served in the basement of the church from 6:30 to 7:30. The program will begin at 7:30 and will include numbers by Rev. J. H. Crawford of Childress, Rev. E. L. Yeats of Crowell, and Mrs. J. H. Courtney.

Those who will appear on the program Sunday are Mrs. John W. Harris of Tipton, Okla., J. K. Moore of Paducah, Rev. Marvin Brotherton of Kirklind, and the meeting will be concluded in the afternoon with a consecration service, "Lofty Heights," conducted by Rev. Finis A. Crutchfield of Vernon, from 2:45 to 3:45.

Final Exercises for Truscott High School Fri. Night

Judge Claude Callaway of Crowell will be the speaker for commencement exercises for the graduating class of the Truscott High School which will be held in the school auditorium Friday night, May 20. Following the commencement program diplomas will be given the graduates by the superintendent, A. F. McMinn.

Baccalaureate services for the graduating class were held in the auditorium Sunday, May 15. Rev. Joe W. English delivered the sermon. Rev. Geo. E. Tyson gave the invocation, and a special song was rendered by two of the class members, Misses Geraldine Cure and Estelle Chilcoat.

IN VERNON HOSPITAL

Kenneth McClure, 8-year-old son of Mrs. Cloyal McClure, was admitted to a Vernon hospital Tuesday night. He has been ill for about two weeks and his condition slowly became dangerous.

JESSE OWENS WILL ADDRESS 30 GRADUATES

Graduating Program Will Officially Close Term

Thirty members of Crowell High School's senior class, twenty girls and ten boys, will be awarded their diplomas by Superintendent I. T. Graves, at the commencement exercises in the high school auditorium Friday night at 8 o'clock. These exercises will officially close the 1937-38 term of the Crowell schools.

Address by Jesse Owens

The commencement address will be delivered by Jesse Owens of Vernon, district attorney and former judge of Foard County. The processional will be played by Mrs. Arnold Rucker and the invocation will be pronounced by Rev. W. B. Fitzgerald, pastor of the First Baptist Church of Crowell.

The commencement address will be delivered following a vocal solo by Miss Doris Oswald. The exercises will be closed by Rev. Fitzgerald, who will give the benediction.

Baccalaureate Services

Baccalaureate services for the class were held in the First Methodist Church Sunday morning at 11 o'clock. The seniors, attired in caps and gowns and seated in a section of the center seats, were addressed by Rev. Fitzgerald. The decorations used carried out the class colors and the chancel rail of the church was decorated with flowers.

Mrs. Arnold Rucker played the professional and recessional. A hymn, "Holy, Holy, Holy," was sung by the choir and congregation and a vocal duet was rendered by Misses Geraldine Carter and Doris Oswald. The scripture reading was given by Rev. Fitzgerald, and was followed by another number, "When Love Shines In," which was sung by the congregation.

The invocation was pronounced by Rev. E. L. Yeats, pastor of the First Methodist Church, and the baccalaureate sermon was delivered by Rev. Fitzgerald, following another hymn, "Blest Be the Tie That Binds," the benediction was given by Rev. Yeats.

Officials Make Tour Of WPA Projects in Foard and Wilbarger

An inspection tour of Works Progress Administration projects in Foard and Wilbarger Counties were made last Thursday by the Commissioner's Court of Foard County, members of the Crowell Independent School District board, members of the City of Crowell council and several others.

The tour included the Crowell WPA sewing room in the court house. The only other project visited in Foard County was the new Crowell grammar school building. The group visited construction work on the new Five-in-One school building in Wilbarger and the street paving job in Vernon. While in Vernon, the group inspected the new Boy and Girl Scout's building, a road betterment job and bridge building works.

Those from Crowell making the tour were Judge Claude Callaway, R. F. Cates, J. M. Marr, A. W. Barker, Ab Dunn, Mayor C. T. Schlagal, J. T. Billington, M. O'Connell, J. W. Bruce, Hubert Brown, Edgar Womack, J. R. Beverly and Charlie Ferguson.

The group was accompanied by A. T. Cromwell of Vernon, area 18 engineer, and Mr. Holtzer of Fort Worth, assistant supervisor of the Fort Worth district.

GOLF CHAMPION OF COUNTRY CLUB WILL BE DECIDED BY MATCH SUNDAY AFTERNOON

The golf champion of the Spring Lake Country Club will be decided in the final match scheduled to be played Sunday. The championship game will be a 36-hole tilt and the first 18 holes will be played Sunday morning and the remainder of the match will be played in the afternoon.

Flight Matches Not Completed

T. S. Haney has reached the finals in the championship flight by defeating Gordon Bell in the preliminaries and J. T. Billington in the semi-finals. He will meet the winner of the R. D. Oswalt-Guy Crews match, which is to be played this afternoon. Sunday in the championship tilt. Oswalt and Crews have reached the semi-finals by defeating M. L. Hughston and Grady Magee, respectively, in the preliminaries.

In the other preliminary game of the first flight, Billington defeated Joe Spencer.

In the consolation bracket of the top flight, Bell has defeated the Joe Spencer and the winner of the Hughston-Magee match will meet him for consolation honors.

Three Flight Tourney

The Country Club tournament consists of three flights, with each player placed in a flight according to his qualifying score, which was turned in two weeks ago. The turned in the lowest qualifying score were placed in the top flight and the club champion will be one of that flight.

Flight No. 2

Bernice Fitzgerald has reached the finals of the second flight by defeating Ernest Spears in the preliminary round and Lee Black beat in the semi-final. Lee Black beat

Singing Convention at Benjamin Sunday

An all-day singing convention with dinner on the ground will be held at the First Christian Church in Benjamin Sunday, according to information received from Mrs. Jewel Tankersley of Knox City, secretary of the convention.

C. C. Ribble, president of the State Singing Convention, will bring his male quartet and a 15-year-old piano player wonder, L. D. Huffstutler, publisher of the Hartford Music Co., has promised to be present, with quartets from Seymour, Truscott, Union Grove, and the Tankersley Boys quartet from Knox City.

Excellent Record;
30 Graduate**

Thirty Crowell High School students will complete their public school education Friday night when they are awarded their high school diplomas, for which they have worked hard during the past eleven years. About eleven of the graduating students started their education together in the Crowell Public Schools in the fall of 1927. Since 1927, a number of those who started with Crowell High School's 1938 graduates have moved away, and possibly a very few fell behind in their grades, but there is a large number of students who moved into the Crowell Independent School district and aided the native pupils to establish an excellent record.

CONGRATULATIONS

to the

1938 GRADUATES

of

Crowell High School

We congratulate each and everyone of you. We have watched your progress through the halls of education and commend you upon the successful completion, plus the benefits of being associated with other forward-visioned students. We've seen you grow up and we can't help feeling a pride in you and your accomplishments. Our good wishes go to you in your efforts to make your graduation a worthy foundation for even greater achievements in the years to come. We feel like that we have had our part in your advancement, and we want to do anything in our power to make that forward march of yours a continuous process.

This will mark an important mile post in your lives and will close your high school days forever. Many will continue their education and others will take their places in various communities. May we wish you every success for the future.

Seniors-- (Continued from Page Two)

lish a splendid record, in both scholastics and athletics.

In the fall of 1934, these students realized a dream of several years. That of being a student in Crowell High School. In their first class meeting of the year, which is a new experience for freshmen, the class honored the following students by electing them to the class offices: Camille Graves, president; Virginia Mae Coffey, vice president; Billie Brown, secretary-treasurer. Miss Louise Ball, then a teacher in Crowell High School, was chosen by the freshmen as its sponsor.

Virginia Mae Coffey was elevated to the office of president by her classmates during their Sophomore year, and Raymond Horn, who later moved away from Foard County, was chosen as vice president. Billie Brown was again chosen as secretary-treasurer. Walker P. Todd was selected as sponsor for the Sophomore Class.

During the group's Junior year, James Long served as president and Junior Nelson as vice president. For the first and only time, the group separated the offices of secretary-treasurer. Juanita Brown served as secretary and Billie Brown as treasurer. Grady Graves sponsored the group during the Junior year.

Breaking a tradition which the class seemed to have carried with it through high school, only boys were selected as officers during the Senior year. Garland Rasberry was honored with the office of president during the past year, and H. K. Edwards Jr. was chosen as vice president. Junior Nelson served the seniors as secretary-treasurer. Henry Black was selected as sponsor during the past year.

Honor Pupils
Although the 1938 Senior Class is not the largest in the school's

history, it took its share of honors in scholastics by placing pupils on the honor rolls. The names of Camille Graves, Riley Griffin, H. K. Edwards Jr., Mary Helen Carroll, Virginia Mae Coffey and Marjorie Spencer appeared on each honor roll during the past year.

Several of those named above have been honor pupils during their high school career. The names of 1938 Seniors, too numerous to list, have also appeared on honor rolls during the past term.

Crowell High School's girls debate team, composed of two Senior girls, Camille Graves and Mary Helen Carroll, established a debate record that has been surpassed by a Crowell team only one time in the school's history. These two girls won the county and district championships, and then placed second in these regional meets, which is a distinguished honor.

H. K. Edwards Jr. contributed to the class' record by winning the boys' tennis singles championships in both the county and district tournaments.

Six boys of the Senior Class won their football letters in Crowell High School during the past two years. They are: Garland Rasberry, Franklin Evans, Vernon Gibson, William Simmons, Elmer Nichols, and W. F. Statser. Two of these gridlers served as captains for their teams. Vernon Gibson was a co-captain during the past football season, and Garland Rasberry was captain during the 1936 season.

Garland played football only one year and during that time he became known as one of the best ball carriers in the district and the most feared. At the close of the season he was selected as the all-district quarterback, from which position he piloted the Wildcats through the games of the season.

In basketball, there were only two boys who won honors. During the past season, Junior Nelson served the Wildcats in a guard position. Jim Whitfield won a berth on the Crowell quintet in 1937, but was forced to retire shortly after the season opened because of illness.

making the longest, most interesting and most educational trip in the history of the school. On Thursday, May 7, the Seniors left Crowell and visited Galveston, Austin, San Antonio and Houston while on their three-day tour.

Farewell Party
The Seniors were honored with a farewell party at the Spring Lake Country Club Monday afternoon by the class mothers, Mrs. Brown and Mrs. Edwards. The group enjoyed a steak fry and a swimming party during its last high school affair.

Youngest Graduate
Ann Mabe can easily claim the honor of being the youngest graduate ever to be awarded a diploma from Crowell High School, because she has only celebrated four birthdays. She was born on February 29.

Faithful Class Mothers
Another honor the class might claim, is that of having the same class mothers the largest number of years. In the group's Intermediate school days, Mrs. Hubert Brown and Mrs. H. K. Edwards were chosen as class mothers, five years ago. These two mothers have served this class since that year.

Senior Day Trip
While claiming records, the 1938 Seniors might take that of the Senior Day trip. This group

making the longest, most interesting and most educational trip in the history of the school. On Thursday, May 7, the Seniors left Crowell and visited Galveston, Austin, San Antonio and Houston while on their three-day tour.

Farewell Party
The Seniors were honored with a farewell party at the Spring Lake Country Club Monday afternoon by the class mothers, Mrs. Brown and Mrs. Edwards. The group enjoyed a steak fry and a swimming party during its last high school affair.

Youngest Graduate
Ann Mabe can easily claim the honor of being the youngest graduate ever to be awarded a diploma from Crowell High School, because she has only celebrated four birthdays. She was born on February 29.

Faithful Class Mothers
Another honor the class might claim, is that of having the same class mothers the largest number of years. In the group's Intermediate school days, Mrs. Hubert Brown and Mrs. H. K. Edwards were chosen as class mothers, five years ago. These two mothers have served this class since that year.

Senior Day Trip
While claiming records, the 1938 Seniors might take that of the Senior Day trip. This group

Crowell, Texas, May 19, 1938

Behold happy is the man whom God correcteth, therefore despise not thou the chastening of the Almighty.—Job 5:17.

We have believed from the beginning that the building of good roads would have been the best work project the federal government could have undertaken.

Will Rogers once said: "This is a great country but you can't live in it for nothing." We often think of that when folks who demand that the government, federal, state and county do this and that, kick when the tax bill to pay for it comes in.

Payment of 1937 Cotton Bounty Is Approved by Senate

Early payment of the 1937 cotton bounty of two cents per pound has been approved by the Senate in adopting the amendment of Senator Tom Connally of Texas to the agricultural appropriation bill.

The benefit payments to cotton farmers are made possible by the Connally-Jones amendment to the agricultural adjustment act of 1935. This amendment, which was sponsored in the Senate by Senator Connally, provided that a percentage of the revenue from customs duties should be used by the Secretary of Agriculture to pay bounties to farmers and otherwise aid in the increase of agricultural exports.

Last August Senator Connally offered a resolution in the Senate making provision for benefit payments to cotton farmers on their 1937 crop under the terms of the Connally-Jones plan. It was finally put into effect but provided that payments should go only to farmers who co-operated in the 1938 program. The Comptroller General ruled that such payments could not be made until the end of the 1938 crop year and officials of the Department of Agriculture said it would be December before farmers would get their checks.

With the appearance of the Thomas Jefferson nickel this year, coinage of the Buffalo nickel will cease. Under the law, a design once adopted for a United States coin, must be used for at least twenty-five years.

Statewide Traffic Safety Convention to Be Held June 15

Austin.—The greatest mobilization ever assembled of traffic safety enthusiasts is expected to converge upon Fort Worth June 15 according to an announcement this week by the Governor's Traffic Committee.

C. J. Rutland, chairman of the committee, said that several thousand citizens from over Texas representing civic, trade and educational organizations as well as city and state enforcement agencies determined to turn the tide for safety in the war on accidents.

Governor Earle of Pennsylvania has been invited by Governor Allred to make the principal address at the safety meeting and tell of the far-reaching and drastic safety innovations launched successfully in that state. Preceding the convention program will be a mammoth safety parade led by several hundred motorcycle officers and several bands and containing many floats depicting specific phases of traffic control.

Among sponsors of the convention will be: State Teachers Association, County Judges and Commissioners Association, Texas Good Roads Association, Sheriff's Association, the East, South and West Texas Chamber of Commerce, Texas Congress of Parents and Teachers, District and County Attorneys Association, Texas Motor Transportation Association, Kiwanis International, and Texas League of Municipalities.

The mayor of every city in the state is being invited by the state committee to have representatives at the convention.

Six Local FFA Boys Get Honor Awards

Six boys of the Crowell FFA Chapter received certificates of merit from O. T. Ryan of Lubbock, area supervisor, last Friday afternoon. Over sixty awards have been made to Crowell FFA boys during this school term, which will close Friday.

The following boys were awarded certificates for the named projects: Vernon Gibson, culling poultry; Leroy Gibson, fitting and showing poultry; Ralph Flesher, killing and curing pork; Raymond Joy, castrating farm animals; Glendon Russell, broiler production; James Long, broiler production.

INTERESTING FACTS OF THIS AND THAT

The four kings pictured on a deck of playing cards are supposed to be David, Alexander, Caesar and Charlemagne.

American made cigarettes can be bought in China cheaper than they can be bought in the United States. The American tax is the reason.

THALIA KEEPS SOFTBALL RACE LEAD SUNDAY

Interesting Games On Schedule for Sunday

Thalia softballers retained their perfect standing and lead in the Foard County Softball League by dumping the Foard City team Sunday afternoon.

Standings Change Riverette beat Black to take undisputed command of the second position, while Margaret blasted Crowell to throw the two teams into a tie for third, fourth and fifth. Crowell dropped from the second rung of the ladder and Margaret climbed from a tie for sixth. Vivian defeated Four Corners to enter the squabble for the third, fourth and fifth places. Foard City is standing sixth at present and Four Corners is in seventh. Black is still in the cellar.

Meeting Friday Night The second protest of the season was entered in connection with a game Sunday. Foard City has entered a protest against Thalia.

A meeting of the managers has been called for Friday night at 8 o'clock. The meeting will be held in the News office at Crowell, and every manager is requested to be present or have a representative at the meeting.

Sunday Games and Predictions Thalia will travel to Black Sunday, and unless Black has made some drastic changes, Thalia should add another scalp to its belt. Crowell will entertain the Riverette team on the home diamond. This game will probably turn out to be a pitching-against-hitting scrap. Crowell has some fairly heavy hitters, but the game will be decided by the pitching of Robert Thompson, lanky Riverette tosser. If he is clicking, Crowell will have plenty of trouble, but if he isn't, the local sluggers should win.

The most interesting tussle of the week should be the Foard City-Four Corners tilt on the Foard City ground. Both teams have about the same standing, and both have good ball players, but Foard City will have the edge. Margaret will invade Vivian Sunday. Margaret got off to a slow start, as did Vivian, and both teams are feared by their opponents. The general opinion is that Margaret will win, but Vivian should find their winning stride Sunday and upset the dope bucket by handing the Margaret boys the short end of the score.

Table with columns: Team, GP, W, L, Pct. Rows: Thalia, Riverette, Crowell, Margaret, Vivian, Foard City, Four Corners, Black.

FFA Boys Will Make Inspection Tour of Projects Thursday

Members of the Crowell FFA Chapter will make an inspection tour Thursday afternoon for educational purposes of the FFA boys' homes in the county. The boys will meet at the school house at one o'clock this afternoon and observations will be made of various projects and supervised projects at the home of each FFA boy.

Prizes will be awarded to the four boys who have rounded out the most complete program during the year. Judging will be made of the varieties of improvements and projects that can be shown at the home of each boy, and all of the work done by the boy during the past year will be considered. This tour will give the FFA boys an opportunity to see what his fellow class mates have been doing.

The chapter's project show was held in Crowell several months ago, but the majority of the boys have projects which could not be shown at that time, such as, home beautification, landscaping, different type crops, and general farm improvements. Many of the boys have increased their livestock since the show.

FFA Boys Honor Girls With Picnic

Crowell FFA boys were hosts to their "best girl friends" at a picnic in the roadside park south of Crowell last Friday evening.

Games were played and refreshments of ice cream, cake and punch were served. The FFA boys present are as follows: Ed Gafford, Granville Mullins, J. S. Owens, H. C. Brown, Sam Russell, Glendon Russell, Bill Russell, Cecil Carroll, Wilson Starnes, Ralph Flesher, Garland Rasberry, William Simmons, Tommie Haseloff, Fred Ely, James Long and Walker P. Todd, chapter adviser.

The "best girl friends" present were: Lois Burns, Dorothy Wingham, Frances Henry Johnson, Verne Joy, Billie Brown, Joyce White, Wilma Jo Lovelady, Juanita Johnson, Helen Harwell, Lee Ellen Hanks, Virginia Mae Coffey, Margaret Wood, Wanda V. Gamble and Mrs. Walker Todd. In order to attend the picnic, each boy was required to bring a girl. The shortage of attendance is reported to be blamed to bashfulness or "girl-trouble."

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—"You can't sell watermelons to folks who are still wearing overcoats," sagely remarked Lt. Gov. Walter Woodul, who this week was serving his 19th term as Acting Governor of Texas, during the absence in California of Gov. Allred. Woodul was commenting upon the unusual slowness with which the apathetic Texas democracy is warming up to the 1938 campaigning season. The politicians are all suffering from the same trouble. Even in the Governor's race, the public's interest has been so slow to warm up that Ernest Thompson and Bill McCraw, leading candidates, have been filling only skeletonized engagement schedules, appearing at a few barbecues, community celebrations, and civic club meetings, and delaying their programs of daily campaign itineraries until after June 1. The unusual weather, economic complications which have finally begun to make Texas feel the recession, and much rain which has kept the farmers in their fields between showers, trying to catch up on their spring work, and difficulty in raising campaign funds, are causes to which the hotel lobby political experts around Austin are attributing the late opening of campaign fireworks.

Allred Still Active The withdrawal of Gov. Allred from active participation as a third term candidate did not take the Governor out of politics by any means, and behind the scenes, reports here indicate, Allred is moving pawns in an effort to aid several candidates, seeking also to pay off some political scores by opposing others. Austin buzzed this week with a story of a rift between Allred and Senator Morris Roberts, of Pettus. Roberts has been active in supporting Coke Stevenson, of Junction, for lieutenant governor. Allred has no love for Stevenson, who was speaker when some of the Allred tax proposals went down to defeat. The Governor is politically fond of Sen. G. H. Nelson, of Tahoka, an opponent of Stevenson for the Lieutenant Governorship. The story here has it that Allred has written into his office, vigorously re-nominated with him for supporting Stevenson, and succeeded in making the South Texas senator so angry that he went out and got Stevenson, took him in his automobile, and made a week's personal tour of Roberts' district with the ex-speaker.

The week brought out an announcement from Ex-Senator Geo. Purl of Dallas as a new entrant in this race. Purl announced he would open next Saturday at his home town of Georgetown, with Ex-Gov. Dan Moody, likewise a Georgetownite, presiding.

Aid Out Land Office The race for Land Commissioner, while not usually regarded as a major post, is attracting attention throughout the State this year, and promises to develop into a healthy political fight. Land Commissioner Bill McDonald, incumbent seeking a second term, is the target for three opponents, and the policy of McDonald in leasing state school lands on a low cash and high royalty basis, instead of the traditional low royalty and high cash bid plan, is the issue. McDonald stoutly defends his policy while land grabbing and vacancy hunting are also hot issues.

Out of the West comes Morris Browning, son of a distinguished legislator and former lieutenant governor of Texas, as a candidate for Commissioner, pledged to end vacancy racketeering, and offering a constructive plan whereby the Legislature can validate the titles to patented State lands in the names of present holders, while at the same time, protecting the State school funds against loss of their interests in valuable land vacancies near oil producing areas. Citizens and newspapers in West Texas and South Texas, where the vacancy hunters have operated extensively, are tremendously interested in this race, and from them, Browning claims strong support. He pledges a personal examination of every vacancy application, in the light of his knowledge as an expert surveyor.

Other opponents of McDonald include Bascom Giles of Austin, a former employe for 17 years of the Land Office, who bears the endorsement of former Commissioner Walker. A fourth candidate is Larry Mills of Dallas. All the opposition plans to use records of the Senate investigation of McDonald's office held this spring, as the basis for campaign material.

Notes No flattery of the intelligence of Texas voters is implied by the activity of the type of politician who brings out an obscure, unknown, candidate with a name similar to that of some prominent candidate, in the hope that the people are so dumb they cannot distinguish between the two, and may elect their man, believing him to be somebody else. Examples this week include the announcement of "Vernest O. Thompson," a filling station employe of Dallas, who announced for governor, admitting he was not in the race by a Glade-water oil man. He is listed in the city directory at Dallas as "V. O'Neal Thompson." A similar entrant is "James A. Ferguson," of Bell County, said to be a cousin of Jim Ferguson, who hopes his name and the ignorance of his fellow citizens may, by some miracle, make him Governor of Texas. . . . Regents of the University of Texas, as meeting Saturday, have narrowed their choice for a new \$17,500 a year president to six candidates.

At Last! The Rialto Theatre is featuring Walt Disney's feature-length cartoon "Snow White and the Seven Dwarfs" this week-end. This program will bring to the movie fans one of the best productions that has been released from Hollywood in many years. Disney brings realistically to life the characters of the most popular child's story in a production that quickly became the hit of the year. "Snow White and the Seven Dwarfs" is a real family picture, as the kiddies will be carried away with seeing their popular story come to life, and the grown-ups will talk about the beautiful technicolor in which the film is made and the humorous antics of the dwarfs. "Snow White and the Seven Dwarfs" carries the same humor and plot as any other production. In order for the large number of fans planning to see this production, the Rialto Theatre is showing "Snow White and the Seven Dwarfs" all day Saturday, Sunday and Monday. The Rialto Theatre is bringing this major attraction to Crowell at the regular admission price of five and twenty-five cents. This picture has been shown by theatres of this section at advanced prices.

CHURCHES

Presbyterian Church
Next Sunday is our preaching day and let us have a full attendance to more easily carry on God's work. Let us attend Sunday School led by Mr. Kirkpatrick, and the preaching by the pastor, following. As we have no night service let us add our presence and prayers to the revival beginning at the Methodist Church. We cannot have too much real Christianity.
C. C. DOOLEY.

Thalia Baptist Church
Our pastor, Bro. Lawrence, from Elbert, Texas, moved into our midst last week. He occupied the pulpit at both morning and evening services last Sunday. At the morning hour, one came forward accepting Christ. The Baptist W. M. S. met Monday afternoon with both circles giving a program together, on Sunday, May 22, 1938. Present, Preaching and Sunday School every Sunday. You are always welcome.

Christian Science Church
Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, May 22, 1938. Subject: "Soul and Body." The public is cordially invited.

Christian Science Services
"Soul and Body" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, May 22. The Golden Text is: "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God; for I shall yet praise him, who is the health of my countenance, and my God" (Psalms 42:11). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" (I Corinthians 3:16). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To divest thought of false trusts and material evidences in order that the spiritual facts of being may appear,—this is the great attainment by means of which we shall sweep away the false and give place to the true. Thus we may establish in truth the temple, or body, whose builder and maker is God" (page 428).

Two Minute Sermon
(By Thomas Hastwell)
The Power of Vision: Every accomplishment of men has been preceded by a vision, a vision in which they saw a definite picture of the thing they desired to produce or accomplish. The electric light, the telegraph, the automobile, the airplane, alike are the material results of some man's vision. Without the vision they would not have been possible. It is just as necessary that a man have a vision of Christ if he is going to build that kind of a life, as it is necessary for him to have a vision if he is going to produce an electric light or paint a picture or build a railroad. Without such a vision he flounders aimlessly. His Christian life is without purpose and without plan. It was such a vision that Peter, James and John had when they went up into the mountain and in a beautiful setting, in the shadow of snow capped Mount Hermon they were permitted a vision of the future glory of the Christ. The memory of this occasion clung with them throughout their earthly ministry. Always before them was the vision inspiring them to greater perfection and greater services. I have seen many whom I felt had no such visions to shape and direct their lives. They floundered aimlessly in their efforts to build a Christian life. On the other hand I have been privileged to know many whom I felt had had a vision like that of Peter, James and John. It shone in their faces, and radiated from their hearts, and found expression in every act and every word. Their lives were strong and purposeful, and a power for good. Like Peter, James and John they had tarried in the shadow of Mount Hermon. They had caught the vision of the Christ.

Brief Bits of News From Here and There

When Carrie Jacobs Bond wrote, "I Love You Truly" and "Just a Wearyin' for You," they sold very slowly. It was necessary for the author to take the road and go from town to town in the middle west singing and selling her music to her audiences. In this way her songs gradually gained acceptance and in time made money. The author eventually became wealthy from the sale of her songs but lost it all in a music publishing business, "A Perfect Day" and "I Love You Truly" have sold over a million copies each. Carrie Jacobs Bond is the author of over 200 songs. For the past twenty years she has lived in a simple cottage on the top of Grossmont Mountain, near San Diego, Calif. Her income consists of royalties from the sale of her songs. She is 75 years old.

Terse Commentaries on People and Places... Gentle Iconoclasm with Politics Eschewed BY DR. JAMES E. POPE Special Washington Correspondent

(Editor's Note—Dr. Pope's opinions are his own, and his articles do not necessarily always reflect the editorial policies of this paper.)

As Florida Goes, So Goes Congress

Only a few weeks before the Florida deluge we were neck-deep in an era of government by telegraph, and high-pressure orators were causing our lawmakers to be flooded with telegrams. This form of sabotage by innuendo, or just plain bluff, soon gave over to another era, that of government by chain letters. Since Florida, however, we have the newest wrinkle in political remote control—government by primaries.

Swiftly on the heels of the Florida primaries, and sounding a strident note in the poor anxious lives of seekers after re-election, the Administration's wage-hour bill—twice sentenced to execution and still being held a prisoner by the unfriendly Rules Committee—was given a probationary parole through a Congressional writ of habeas-corpus. This order, known as a discharge petition signed by 218 careworn and jittery House members, some of whom had been displaying symptoms of political delirium tremens since the latest Florida hurricane, went over the heads of arbitrary committeemen and brought the battered wage-hour issue to the floor of the House for action.

It is stubbornly contended by some who are occasionally suspected of being good guessers that the House will pass the bill, but the Senate may order it shot at sunrise. Certainly, much depends on the nature and extent of pressure which may be brought by those who, on select occasions, press our Senators—but a whole of a difference is wrapped up in the fact that only one-third of the Senators must face their respective voters this year. While lobbyists may lobby and voters may vote as they please, Senators also may do pretty much as they please—provided there remains two or four years between them and another campaign.

The Florida Blues
Poor candidates! Clinging to their precarious political perches with a soul-torturing desperation, oftentimes unwarranted by actual conditions, some of them cannot risk the luxury of a sober analysis. Even the absolutely normal occurrence, such as the one in Florida, puts some of them in unreasoning and panicky flight like a covey of frightened partridges. Among the several Congressmen who, as is claimed, were won over or scared into supporting the wage-hour bill I am wondering just how many actually took time to calmly consider or evaluate conditions from the standpoint of cool logic.

This is not a dissertation, pro or con, on the wage-hour bill. It is simply a pursuance of the question whether or not the stinging controversy over the issue really influenced the voters in Florida to such a marked degree. Do they vote there on issues—or do they still vote on men?

Not Law But Custom
In most sections, especially the South, it remains the unwritten law of politics that once a man is elected to the United States Senate he is practically appointed for life, unless something unseemly develops—and nothing unseemly developed in the Florida contest. The incumbent, seeking renomination, brought good references and was highly recommended by the people he had already learned to regard him as their Senator. And as it so often occurs in politics, another good man up and runs against him. But the second man, Rep. Mark Wilcox, was known to most of the voters only as a perfectly able Congressman from another district, but not as their Senator. Also, in bidding for their

Explanations on 1938 Soil Conservation Program

Note—This is the first series of articles in which the 1938 Soil Conservation program will be explained for the farmers. These are released from the office of the Foard County agent and will deal with the points understood by the farmers. Agent John Nagy advises all farmers to read and these articles.)

The county agent's office has notified farmers of their compliance on two or three farms with different land. If a farmer is farming two or three places and has different soil, the farmer must make provision for payment on all places worked by him, that is, the farmer is complying on one, and not on another, then, only on the other. Application for the year will be made the last of this year.

Soil Depleting Crops
Farmers have asked the question: "What are soil depleting and what are soil conserving?" The following are classed as soil depleting crops: (1) corn, including sweet corn, and pop corn; (2) tobacco; (3) grain sorghum; (4) kafir, hegrari and sorghum harvested for silage; and other grain crops which are grown prior to grain; (5) cotton; (6) rice; (7) peanuts; (8) broomcorn; (9) cut-sorghum; (10) truck and melons, and sweet potatoes; (11) alfalfa; (12) alfalfa hay or grain; (13) alfalfa, rye and flax for hay or grain; (14) wheat, sweet sorghum, sugarcane, or millet harvested for seed or silage; (15) alfalfa harvested for seed; and (16) land devoted to other crops harvested shall be classed as if such crops were soil conserving.

Soil Conserving Crops
The following crops are classed as soil conserving: (1) Sudan grass; (2) sweet sorghum for hay or grain; (3) alfalfa, including alfalfa, cut-sorghum, except when used for crushing, and other crops which are grown in rotation with other crops; (4) wheat, oats, or barley plowed under as a cover crop; (5) green manure crop, and other crops which are plowed under as a cover crop.

When a farmer finds that he has more or less land than what his allotment shows, then he should come to the office and have this item changed. When there is appreciable difference in the total crop land then it will be changed, provided it is proven that such difference really exists. If there are only a few acres, no change will be made. All measuring chains have been called in, but if you have one, please bring it in as soon as possible for many farmers are wanting to measure their land so they will not over-plant their allotments this year. Measurements cannot be made on aerial maps until all of the maps have been checked and it will be some time before they will be back from the state office.

Thalia School Closes
The Thalia school, under the superintendency of James E. Dockery, is closing one of its most successful terms. Commencement exercises were held last night, and the class play, "Civil Service," will be given tonight. Baccalaureate services will be held Sunday. The class consists of the following members: Garland Thompson, Clary Phillips, Misses Maye Randolph, Leona Thompson, Clio Phillips, Anna Mae Neill, Lora Lee French, Pearl Mard, Audie Moore and Lena Ward.

Truscott School Closed Friday
The Truscott High School came to a close Friday after a term of nine months. Judge Jesse Owens of Crowell delivered the commencement address and the diplomas were delivered by S. B. Maddox. The four members of the graduating class follow: Kaola McDaniels, Mary Emma Stover, Lucille Jones and Cleo Pogue.

Sheriff Gets Bootlegger
Sheriff L. D. Campbell caught a bootlegger last week, who had been operating in Foard County near the Wilbarger County line. This is the same man whom Campbell once run down while he was operating in Wilbarger, and turned him over to Wilbarger officials. The bootlegger has been peddling his stuff in the Rayland community for some time and doing great harm to morals there.

WHAT WE THINK (By Frank Dixon)

I believe the time is coming, if it is not already here when the school systems of the country are going to put more stress upon vocational instruction than they have in the past. For years we have clung to the idea that the instruction in our schools should be confined to the three R's, and as a result most of the high schools of the country are merely college preparatory schools. This, in spite of the fact that in many high schools, less than one-fourth of those who graduate attend college or plan on attending college. The result is, when they leave school and attempt to enter employment they have to make a complete readjustment and learn all over again before they fit in. It often requires a year or two before they "know their way around" as they say in a business office or other type of enterprise. The reason for it, as I see it, is that we don't make their education a usable thing. Instead of being a part of living, it is a thing apart from living. It is a collection of memorized facts and rules which the student has not learned to motivate into action. As I stated above, the time is coming when we are going to begin to put into our schools more of the type of instruction that teaches young people to use the knowledge they are gaining, as they are gaining it, instead of waiting until after they are out of

school, to attempt its motivation. We are going to put more and more of the vocational training into our schools. We are going to set up more and more trade schools that turn out boys and girls willing to work with their hands, rather than to train them en masse for white collar jobs.

The change will require time, and come slowly, because of the lack of money with which most school systems are faced, but it is definitely on the way. It must come if the school is to meet the needs of the changing conditions of the day.

After all, what greater pleasure is there than creative work, the product of the hand and mind. The man who realizes that there is as much of a career in being a superior machinist, a superior engineer, or a superior mechanic as there is in a white collar job, has learned a great lesson of life. He has experienced the thrill that comes only to one who has created something useful with his hands. He has found his niche in life. He has found himself.

This, to me, should be the major objective of the average high school, to help boys and girls find themselves, and to help them to realize that the grimy hands of a superior workman contributes just as much to the sum total of human living, and human happiness, as does the most faultlessly manufactured hand of the white collar worker.

Torn From Homes by Tornado, Electric Refrigerators Still Provide Ice, Food Protection
FOLKS who spend good money for a refrigerator are should give them a guarantee of Safety. The folks who many years ago bought the two electric refrigerators pictured above bought both Service and Safety. A recent tornado in a small West Texas community proved this point. Buildings crumbled around them and the wind tossed them into the street like a fretful child discarding a toy. But—these electric refrigerators operated perfectly when picked up and connected to an electric socket the following day. That IS Service! There was no damage resulting from refrigerant fumes. That IS Safety!

**Crowell Firemen
Bring Tent Show
Here Saturday Night**

Jimmie Hull's Players, undoubtedly America's biggest and most elaborate tent theatre, is coming to Crowell for one night only, Saturday, May 21, under the auspices of the Crowell Volunteer Fire Department.

In bringing this company of 30 people to this city the management wishes to especially emphasize the fact that the Jimmie Hull Players is one of the oldest and most reliable tent theatres on the road, being in its sixteenth year and now in its 676th consecutive week.

Originally organized as a stock company, the show has enjoyed long permanent engagements in Dallas, Houston, Galveston, Port Arthur and Beaumont (the last named city being the home of Mr. Hull).

"Jimmie" (as he is known to his legion of friends) has combined his three units (dramatic, musical and vaudeville) into one big evening's entertainment, making it the most elaborate and expensive organization ever assembled in a big tent theatre. Yet the price of admission is low.

The cast is headed by "Skinnie" Kimling, the "Ace" of black face comedians and a late feature with the Lassies Whites Minstrels and Tiny Hull. "The Personality Girl," supported by a large cast offering the three-act laughing hit "My Dream Girl" in Dallas, Houston, Galveston, Port Arthur and Beaumont (the last named city being the home of Mr. Hull).

There is also a red hot swing band and orchestra and a world of real up to the minute singing and dancing novelty vaudeville acts that will appeal to all.

The big tent is water-proof and will be located on Highway east of Kenner Service Station.

MARGARET H. D. CLUB

The Margaret Home Demonstration Club met in the home of Mrs. Bax Middlebrook Friday afternoon, May 13. The lesson for the afternoon was "Flowers."

Mrs. G. M. Sikes told club members that the aim of flower arrangement is to beautify a plant or a group of flowers. Mrs. Arthur Bell explained that any flower arrangement should be expressive of the occasion for which it is made.

The next meeting of the club will be held in the home of Mrs. Bill Bond Friday, May 27.

Borrowers from the Farm Security Administration are being warned that fewer loans will be made in the future for purchase of food, and that next year's food supply for FSA clients must be grown at home to an even greater degree than in the past.

**Time for Annual
Meeting of Cemetery
Ass'n. Draws Near**

The following article concerning the Crowell Cemetery Association and its activities was written by Mrs. N. J. Roberts, president of the association:

"We are again approaching the season of the year when those interested in the affairs of the cemetery must meet and discuss future plans.

"These meetings are held at Womack's Furniture Store at or near the first of June, from which time we count our cemetery year.

"There are always new problems that must be dispatched, and as time goes on the expense of the worked graves. The sexton has worked almost continuously the past year and receives his salary through our treasurer, Lee Black, at the Crowell State Bank.

"Those who have funds to contribute, will you not see that it goes through the treasurer's hands instead of paying it directly to the sexton? He has no authority from us to collect from others for his work as we have recently been informed that he has been doing.

"He is hired to keep the entire cemetery and has accepted the job on a stipulated salary. See Lee Black or Mrs. Roberts and your money will go into the cemetery account at the bank.

"It's gratifying to see the new graveled road that's being built on the south side. There has been some new pipe laid this spring. A new lilac hedge has been set the full length of the east side and quite a lot of shrubbery planted.

"Our collections coming in since February 1 follow:

W. B. McCormick	\$5.00
Mrs. Sam Lewis	1.00
Tom Patton	1.00
Mrs. J. M. Hill	2.00
Cal Rader	1.00
Charlie Gafford	2.50
Mrs. G. W. Walthall	1.00
Mrs. Jack McCoy	2.50

"The time of meeting will be Monday, May 30, at 5 o'clock. Come and hear the treasurer's report. Elect officers for another year and discuss future policies."

**Marjorie Spencer's
Essay Wins Rialto
Theatre's Contest**

Miss Marjorie Spencer was awarded first place in the essay contest held for Crowell High School students by the Rialto Theatre in connection with the motion picture. Following is Miss Spencer's prize winning essay.

**Why the American Railway Company
Advertised the Motion
Picture, "Wells Fargo"**

"Wells Fargo" is a fine picture of the period which witnessed the growth and expansion of this great pioneer express company. It is a period replete with historic happenings: the annexation of Texas, the Mexican War, the Gold Rush of '49, the admission of California into the Union, and the war between the States.

The close relationship of the Railway Express and the motion picture industry, which is a heavy patron of the rail and air services, and the interest in the "Wells Fargo" classic is obvious. The picture dramatizes the achievements of the pioneer expressman during the wild and woolly days of the West. It shows how the fearless stagecoach drivers and the historic Pony Express riders conquered the wilderness, faced a thousand dangers, battled the most ferocious conditions ever experienced by mortal man, brought the pioneers of the Great West their precious goods and supplies, and laid the foundation of the modern, nation-wide service of Railway Express.

These exciting chapters of early express history, when the Express went through despite all obstacles, are basically the traditions of Railway Express today.

That the public might recognize "Wells Fargo" as an important epoch in the development of the Railway Express, the company and Paramount worked up a tie-up arrangement whereby express agents could co-operate in local promotion of the picture and express service with the managers of theatres.

Of the historic episodes which highlight the picture the initial journey of the Overland mail predominates. Pounding the plains, riding rough-and-tumble over mountainous pathways, the Overland arrives in San Francisco where it is wildly cheered by an excited populace.

When "Wells Fargo" nears the end of its run, it will have visited almost every center of population in the country and will have been viewed by millions of American people. One can well understand why the American Railway Express Company advertised it so highly. It is truly a marvelous achievement of motion pictures, and it will probably never be surpassed.

VIVIAN 4-H CLUB

"If you were out on a picnic and did not have a skillet, what would you do?" asked Miss Myrna Holman, county home demonstration agent, at an outdoor meeting of the Vivian 4-H Club held Thursday, May 12.

In such case, take a bucket and cut a piece out of the side, then punch some holes in the back. When a fire is built under it, most anything can be fried on the top.

At this meeting the club members cooked a picnic lunch.

Miss Marguerite Lewis is a new member of the club.

The next meeting will be held at the Vivian school house June 3.

FOARD CITY H. D. CLUB

"Any kind of meat and left-over vegetables can be combined to form an inexpensive and appetizing one-dish meal," was told the members by Mrs. J. L. Farrar, at the regular meeting of the Foard City Home Demonstration Club, Tuesday, May 17, at the club house.

Mrs. Carvel Thompson added that a baked meal, besides being most delicious, is economical, for it saves time and fuel. Mrs. T. F. Welch, Mrs. J. M. Glover, Mrs. Grady McLain, and Mrs. J. L. Farrar gave a very helpful demonstration on a one-dish meal. Many recipes were exchanged during the roll call.

The next meeting will be held June 7, at 2:30 p. m., with Mrs. Myrna Holman as leader. Miss Myrna Holman will give a demonstration on kitchen utensils at that time.

RIVERSIDE H. D. CLUB

"Refreshments should be simple and attractively served," the county home demonstration agent, Miss Myrna Holman, told those present at a meeting of the Riverside Home Demonstration Club at the home of Mrs. J. S. Ray Tuesday afternoon, May 10.

The refreshments should be food that can be prepared before time so the hostess will be able to spend very little time away from the club meeting or her guests. The dainty sandwiches, cookies and delicious drinks the agent used in demonstrating five different refreshment plates can be prepared before the guests arrive, and only a short time is required to arrange them attractively on the plates at refreshment time.

One novel refreshment plate contained slices of Boston brown bread topped with initials of Philadelphia cream cheese. The idea suggested by the agent was to make the initials of each guest on the slices and let them find their initials as the plate is passed. The initials are made with a pastry tube. If a pastry tube is not available one can be made by cutting a 12-inch square of strong paper in half to form a triangle. Roll this in funnel shape and cut the small end straight to form the initials. Fancy decorations may be made by cutting the end of the tube in different designs.

The drink suggested to serve with the Boston brown bread was egg nog made with 2-3 cup milk, 1 egg, 3/4 tablespoon sugar, a few grains of salt and nutmeg and a small amount of vanilla. Mix the ingredients, add ice and shake well.

This refreshment plate is very good for children. There were 11 members and 7 visitors, Mrs. H. L. Ayers, Mrs.

the garden, poultry, cow, and hog to assure that each will contribute its proper share throughout the entire year.

"Many families have been so centered upon the mere fact of obtaining cows, hogs and chickens that they have failed to give sufficient attention to efficient handling of this livestock, after it has been obtained."

"Some of them let all their cows freshen at the same time, and the result is a surplus of milk at one season and a shortage at another. Others allow their sows to farrow too late to provide a winter meat supply, or they fail to set aside a calf to fatten for fresh meat or for canning."

Corra York, FSA's home management supervisor, said the most difficult matter of all is to keep gardens growing steadily month after month. "Some vegetables should be replanted after every shower," she said. "And just at this time, of course, the big job is to put up a supply of canned products that will carry through until next summer. The garden is of more than usual importance this year because in many areas there is a shortage of fruit. This fruit shortage can be made up by an increase in leafy, green and yellow vegetables."

Absence of occupation is not rest, a mind quite vacant is a mind distressed.—William Cowper.

Small habits well pursued sometimes may reach the dignity of crimes.—Hannah More.

VIVIAN H. D. CLUB

"Refreshment time" was demonstrated by Miss Myrna Holman at the meeting of the Vivian Home Demonstration Club in the home of Mrs. Bert Matthews Thursday afternoon, May 12, at 2:30 o'clock.

Miss Holman showed many kinds of sandwiches easily made. One best remembered is a ribbon sandwich, composed of white and whole wheat bread, sliced and buttered, stacked alternately.

Visitors at the meeting were Mrs. George Benham and baby daughter, Dorothy Jean, of Bowie; Mrs. A. L. Walling, Miss Mildred Fish and Miss Lillian Bell Branson.

The birthday of Mrs. Raymond Rasberry was celebrated with a shower of gifts from club members.

The next meeting of the club will be an all-day session in the home of Mrs. W. O. Fish, Thursday, May 26.

WEST SIDE CLUB

At club meeting and parties, food is incidental. Refreshments, therefore, should be simple, easily prepared and be attractively served, stated Miss Myrna Holman, Foard County Home Demonstration Agent, to members of the West Side Club, who met with Mrs. Tom King Wednesday, May 11.

If the hostess must be in the kitchen instead of with her guests during a meeting, the wrong refreshments have been planned, continued Miss Holman. She prepared an attractive plate by using Boston baked bread, with the initials of each guest made by pressing cream cheese through a pastry tube.

This was served with egg-nog, which she made by using two-thirds cup of milk, one tablespoon of sugar, one egg, vanilla and nutmeg. Another plate was made by stuffing apricots with nuts, placing them on a lettuce leaf, putting a bit of salad dressing on them and serving with dainty sandwiches made from Philadelphia cream cheese, butter, crackers and spiced grape juice.

The next meeting Wednesday, May 25, will be with Mrs. Herbert King. Each member is requested to bring a recipe for exchange.

LIBRARY NOTES

Warwick Deeping, author of "Kitty," a book recently added to the library, is an English writer. He began writing in 1902, while still a medical student, and his books were so successful that he was able to give up his professional career and to embrace at the same time a literary and marital career. He returned to the practice of medicine during the war, joining the R. A. M. C. and served in France. He had written over twenty novels before "Sorrell and Son," which was to change his entire method of writing after the war. He despaired of writing the other novels before this, as they did not contain the human enthusiasm of his later books, which have appeared on the best seller list as soon as they have been published. His books have originated from actual characters and experiences. He made his home at Weybridge.

The library also has "Sorrell and Son," the book that began his successful career.
