Bishop Praises China's Spirit

The spirit of war-torn China is akin to the spirit of revolutionary Christianity. I think China will demonstrate to the world today arms not necessarily supreme. These were the words of Right Reverend H. Root, bishop for 34 years of the Protestant Episcopal church in Kansas, as he arrived in the United States after retiring from his work in China.

WATER LIME ON THALIA OIL TEST REACHED TODAY; LIME TO BE DRILLED WITH SPUDDER RIG

Drilling on the O. P. Burnham Associates 1A wildcat oil test north of Thalia was going at a depth near 2,000 feet Wednesday afternoon. The pay lime should be reached early Thursday morning, it is expected to be found at the depth of 2,010 feet. The casing will be set in place and cemented. While cement is setting, the steel pipe will be moved and a spudder will be prepared to drill through the lime. Drilling with a spudder should be started Saturday or Sunday.

Boy Escapes Death Under Truck Wheels in Field at Thalia

Feats of strong men have no horror for Clendon Sims, 15-year-old son of Mr. and Mrs. Lee Sims, of Thalia, after his miraculous escape Monday afternoon when a dual-wheel wheat truck passed over his chest in Mack Gamble's wheat field west of Thalia. Reasons for his not being critically injured when the heavy truck passed over his body could not be given.

The youth had laid down under the truck to escape the heat of the afternoon sun and fell asleep, and none of the men working in the field knew that the boy was under the vehicle. Later, when the empty truck was needed to take wheat from the combine, the driver started the truck and the rear wheel passed over his body. One of the dual wheels missed his chin by inches and the other passed over the lower part of his chest. His most painful injuries were to the right shoulder and right side of his chest.

The boy was unconscious when found but had revived by the time he reached Crowell, where he was rushed for medical attention. Examination failed to reveal serious internal injuries, and except for a few bruises, soreness in his chest, and a few feet of tape, Clendon escaped what could have been a serious accident none the worse, as he was back in Thalia a few hours after the mishap practically as active as ever.

GRASSHOPPER WAR CONTINUED BY FARMERS; MORE POISON ARRIVED HERE THIS WEEK

Farmers of Foard County are waging the greatest war against grasshoppers in the history of the county, according to John Nagy, county agent. He says that the grasshopper infestation is the most serious in history. The wheat losses were reported to the county agent's office during the past two weeks. Agent Nagy stated that the grasshoppers were playing havoc with the cotton and that farmers are having to replant every day. The cotton is also being eaten. He held that if the pests are not kept from the grasshoppers eating it. He also stated that if he couldn't poison them, he would try to starve them to death. One farmer said he had started showing above ground, he plowed it under to keep the grasshoppers from eating it. He also stated that if he couldn't poison them, he would try to starve them to death. One farmer said he had started showing above ground, he plowed it under to keep the grasshoppers from eating it. He also stated that if he couldn't poison them, he would try to starve them to death.

Drilling on County's Deepest Oil Test Southwest of Crowell Reaches 2,000-Foot Mark

Drawing for Positions on Ballot Held

The drawing to determine positions on the official ballot for the Democratic primary to be held Saturday, July 23, was held at the meeting of the Foard County Democratic Executive Committee in the district court room in Crowell on Monday, June 20. Members of the committee present for the drawing were: A. R. Sanders, county chairman; N. J. Roberts, chairman precinct No. 2; T. V. Rascoe, chairman precinct No. 4; C. C. Wisdom, chairman precinct No. 7; J. B. Easley, chairman precinct No. 10; and H. D. Lawson, chairman precinct No. 11. Henry Black was appointed chairman of precinct No. 3 to succeed Lee Black who had moved from that precinct. Glen Jones was appointed to succeed A. L. Davis, who is a candidate for office in the coming election. The executive committee as completed is composed of the following, with the precinct number: George Mapp, No. 1; N. J. Roberts, No. 2; Henry Black, No. 3; T. V. Rascoe, No. 4; Joe L. Orr, No. 5; J. F. Matthews, No. 6; C. C. Wisdom, No. 7; R. B. Lilly, No. 8; J. J. McCoy, No. 9; J. B. Easley, No. 10; H. D. Lawson, No. 11; and Glen Jones, No. 12. The names of the election judges and the completed ballot will be released at a later date.

Many Gas Thefts Reported in Week By Foard Farmers

Many gallons of gasoline have been stolen from tractors and combines in Foard County wheat fields during the past three weeks, according to the large number of theft complaints reported to Sheriff Amos W. Lilly. Sheriff Lilly stated that thieves, probably transients, have taken the opportunity of "helping themselves" to gasoline from tractors and combines, and even gasoline barrels left in fields by farmers, and that there was no way to combat such stealing as the fields were usually far from any farm houses and the losses were not discovered until morning. Rainy weather and damp nights during the first three weeks of harvest have forced combines to come to a standstill at an early hour of the night, giving thieves several hours before morning to steal gasoline. Sheriff Lilly reported that thieves attempted to steal gasoline from a tractor at the threshing on the J. W. Wishon farm west of Crowell Sunday night. He said that a harvest hand, whose name was not given, saw car lights at the tractor Sunday night and went to investigate. He approached the tractor and was waiting to see what two men were doing when he was struck a heavy blow on the head from the rear. Charlie Wishon, who had also seen the lights and was on his way to investigate, saw the man stagger and fall. By the time he reached the scene, the men had fled. Investigation failed to reveal any clues. According to reports, officers were not able to find the tracks of the car which the men were said to have been driving.

Two Men Held on Beer Selling Charge

A white man and a Negro man were arrested in Crowell Monday and are being held on charges, pending action of the grand jury, of selling beer. One of the men is charged with selling beer in a dry area and the other is for the sale of beer without a permit. Each are being held under a bond of \$250.

TO LEAVE FOR TENNESSEE

Stanley Womack, son of Mr. and Mrs. Edgar Womack, will leave Crowell Friday morning for Memphis, Tenn., where he will enroll in the Southern College of Optometry. He plans to major in optometry during the next three years at that college.

Enters 48th Year

With this issue of the paper The Foard County News enters its 48th year of continuous publication in Crowell. Many changes and developments in the community have taken place during this long period of time. We appreciate any encouragement extended to us by patrons in our sincere efforts to give Crowell and Foard County a good weekly paper.

Exploration Crew Arrives For Work Here

A crew of the General Geophysical Exploration Company of Houston arrived in Crowell Friday morning and is working east of Crowell at present. The tract of land on which they are working is in the vicinity of the 5,100-foot wildcat oil test being drilled on the J. W. Wishon ranch 11 miles southwest of Crowell. The work of this party is under contract to the Ohio Oil Company and that company is represented by D. D. Henniger. The following officials of the General Geophysical Company are visiting the party stationed in Crowell and will remain here for several days: Earle W. Johnson of Houston, president; George W. Carr of Houston, vice president and general manager; and Burt Moritz of Houston, laboratory specialist. There are twelve men in the crew, of which seven are married. Living quarters have been established in Crowell and the office will be maintained in the Bank of Crowell building over the Liberty Cafe while the crew is in Crowell. The personnel of the crew, which is Party Four of the company, is as follows: T. O. Hall, party chief; A. R. Harris, Howard Gilbert, P. M. Konkel, W. E. Tardy, B. W. Spencer, W. V. Schultz, R. R. Jones, Henry D. Johnson Jr., Roland Sheehan, E. L. Pegg, Eldon Unruh, and H. A. Miller. The following men are married and have moved their families to Crowell: Mr. and Mrs. Hall and child, Mr. and Mrs. Harris and two children, Mr. and Mrs. Gilbert and child, Mr. and Mrs. Spencer and two children, Mr. and Mrs. Konkel, Mr. and Mrs. Tardy, Mr. and Mrs. Schultz, Mr. and Mrs. Pegg and Mr. and Mrs. Unruh.

FARMERS AND BUSINESS MEN TO MEET AT VIVIAN SCHOOL HOUSE TUESDAY EVENING AT 8 O'CLOCK

The monthly banquet of the Farmers and Business Men's Association will be held at the Vivian school house, Tuesday evening, June 28, at 8 o'clock, according to an announcement made Wednesday by George Self, president of the association. The Vivian Home Demonstration Club will serve the banquet. Arrangements for serving the banquet will be in charge of Miss Bernice Walling, president, who will be assisted by Mrs. T. W. Cooper. Program committee appointed by the president is Claude Callaway and Ernest King. Floyd Thomas, J. H. Lanier Jr. and D. R. Magee will have charge of selling tickets for the banquet. This is the first time the women of the Vivian community have served a banquet to the Farmers and Business Men's Association. Owing to the fact that the busy season of harvesting wheat is past a large crowd of business men and farmers is expected to attend.

Three Foard People Face Kidnap Charges

Two men and one woman are facing kidnaping charges in Foard County, according to a report released from the sheriff's office here Monday. Information released from that office stated that a man and his parents went to the home of his wife, from whom he had been separated several months, and took his baby son from its bed and returned to his parent's home. The baby was returned to its mother by members of the sheriff's department. The kidnaping complaint against the three was entered by the baby's grandfather, and charges were filed by District Attorney Jesse Owens.

TO SPEAK HERE SATURDAY

Ed Gossett of Wichita Falls, candidate for Congress from 13th Congressional District, will speak in Crowell Saturday afternoon at 5 o'clock. The Highway Department will co-operate with farmers in poisoning grasshoppers by putting out poison on right-of-way adjacent to land where an attempt is being made to kill the grasshoppers, according to Curtis Ribble, section foreman.

WILL POISON GRASSHOPPERS

The Highway Department will co-operate with farmers in poisoning grasshoppers by putting out poison on right-of-way adjacent to land where an attempt is being made to kill the grasshoppers, according to Curtis Ribble, section foreman.

BIRTHS

Born to Mr. and Mrs. James Uselton, a boy, William Clifton, June 16.
Born to Mr. and Mrs. Luther Chism, a boy, Cleasus Ray, June 20.
Born to Mr. and Mrs. Joel Lesley Dunn, a girl, Betty Jo, June 18.

NEW CAR REGISTRATIONS

The following new motor vehicles were registered in the office of the tax assessor-collector during the past week:
L. F. Ziriox, Chevrolet sedan.
West Texas Utilities Co., Ford pickup.
Frank Weatherall, Ford sedan.
G. V. Walden, Chevrolet sedan.

Tornado Made Them Orphans

Two little victims of the recent devastating tornado in Texas, who were made orphans when their parents, Mr. and Mrs. Jess Rutledge of Clyde, Texas, were killed by the violent storm. The family was driving their car to a neighboring storm cellar when caught by the wind, killing the parents and hurling the children a quarter of a mile away into a ditch filled with water.

WHEAT HARVEST IN COUNTY NEARLY FINISHED; YIELD REACHES 546,600 BUSHELS

The 1938 wheat harvest has been one of the shortest, both in time and yield, in the history of Foard County, as at the end of the third week, harvest is practically over and only approximately 546,600 bushels of wheat have been delivered to the elevators in the county. The time would have been much shorter, if the harvest had not been delayed by rains. Elevator men in Crowell stated Wednesday afternoon that very little combined wheat was being delivered. By the last of this week it is expected that harvesting with combines will be completed and the remainder of the crop will be left to the three threshers now in operation in the county.

GRAVEL BASE COMPLETED ON 5-MILE STRIP

The gravel base on five miles of State Highway 16 south of Crowell, from the Beaver Creek bridge south to the edge of the cedar breaks, where the black loam land joins the rocky clay, will be completed Thursday morning (today), according to W. T. McGann, superintendent of the work. Work on this strip of the road was started in February.

Price Continues to Drop

The market price for new wheat in Crowell Wednesday afternoon was 61 cents, the lowest it has been since harvest started. The price dropped from 63c during the past week. The test on wheat is about 54 or 55, on the average. Very little, if any, of the grain is testing sixty.

Two Shifts Employed

At present, fifty workmen and thirty trucks are employed on the construction work on two seven-hour shifts. A little over \$24,900 has been required for the laying of the ten-inch gravel base on this section of the road. The road is thirty-four feet wide.

DRIVE BEING MADE TO GRAVEL LANES IN CROWELL CEMETERY; WORK TO BE DONE WEDNESDAY

A drive is being made by the Crowell Cemetery Association to gravel lanes in the Crowell Cemetery, according to an announcement made Wednesday by Mrs. N. J. Roberts, president. With the completion of the gravel base on the lateral road from Crowell to the cemetery, there will be an all-weather road from Crowell through the cemetery. "On Wednesday, we are asking for eight or ten trucks and twelve or fourteen men to do this work. Foremen who have supervised work on the new road say the run-way will still be in place at the Wichita River bridge where the gravel is to be procured. "We are aware that men are busy and times are hard, but can we afford to pass up this chance? "If there are those who wish to contribute either a day's work, funds or trucks to put this job over next Wednesday, will you please report on Fergusson Bros. drug store on or before Wednesday morning."

Aid Asked

A plea is made by the association for a number of trucks and workmen to do this work, as it is in the interest of the entire county. Those who will furnish a truck or will volunteer their services for a day are asked to report to Fergusson Bros. drug store before next Wednesday, June 29. Letter from President. The plea and details for this work are given in the following letter from the president of the association:

Rhubarb juice makes a good beverage of pleasing tart flavor. Clarify the juice with water and add sugar to taste. It may also be combined with fruit juices.

In 1630 America had 820 million acres of virgin forests; now less than 150,000,000 acres.

Trail Drivers' Ass'n. of the Southwest to Have Meet, Aug. 8-9

Dalhart, June 20. Special.—The Trail Drivers' Association of the Southwest will hold its annual meeting in Dalhart during the Third Annual XIT Reunion next August 8 and 9, announces Col. Jack M. Potter, of Clayton, N. M., president.

"We will have a special program both days for members of the Association and for all others who want to come, especially the old-timers," declared Col. Potter when in Dalhart this week to perfect arrangements for the session.

Among outstanding speakers he hopes to have are Jim Hinkle, former governor of New Mexico, who in the 1880's punched cattle in the breaks of the Pecos River. "I worked with him many a time," Col. Potter recalled. "He was with the Penasco Cattle Co. at Roswell and I was with the New England Livestock Co. at Fort Summer."

Col. Potter says he believes J. Frank Dobie, Austin, will also be here. Mr. Dobie is nationally known for his books on the Southwest, and as a collector of folklore, legends and songs of the cattle lands. Another well-known Westerner to attend, said Col. Potter, is J. Evetts Haley, rancher, and author of many widely known books, including a history of the XIT ranch.

Col. Potter says he believes J. Frank Dobie, Austin, will also be here. Mr. Dobie is nationally known for his books on the Southwest, and as a collector of folklore, legends and songs of the cattle lands. Another well-known Westerner to attend, said Col. Potter, is J. Evetts Haley, rancher, and author of many widely known books, including a history of the XIT ranch.

The meetings will be held in the enlarged cowboy bunkhouse, permanent home of the association, which is being completed along the lines it was originally designed at a cost of \$6,300.

SAFETY SLOGANS

The time to talk about a safe Fourth is now, not after the Fourth.

The six major wars in which the United States has been engaged extended over a period of fifteen years, but in the past fifteen years twice as many persons have been killed in traffic accidents as were killed in action or died of wounds in the six wars. Drive carefully.

Remember a man killed in a traffic accident is just as dead as the man whose life is ended by a bullet in warfare. Drive carefully.

Careful drivers have accidents. Watch your record.

The cause of most big accidents is little mistakes.

INTERESTING FACTS OF THIS AND THAT

One out of every five Americans wear glasses.

Heat, light and electricity travel at the rate of 186,300 miles a second.

The lungs of an average man weighs about forty-one ounces.

The President of the United States is paid once a month.

One-half of the people speaking the English language live in the United States.

Steak has more iron content than spinach.

Habits of the Mink

Although the mink is fond of water and a large part of its food consists of frogs, fish, crayfish and even muskrats, it prays upon land animals, too. It will tackle anything from a common house rat or a rabbit to a chicken.

Oldtime Cowboys of Foard Will Attend Reunion at Stamford

Several oldtime cowboys of Foard County will attend the annual meeting of the Texas Cowboy Reunion Association in Stamford on July 4, 5 and 6. Those in this county who are members of the association include: C. W. Beideman, J. B. Easley, B. J. Glover, J. H. Lanier Sr., J. H. Olds, E. L. Ribble, S. T. Simpson and R. J. Thomas.

Members of the association receive the highly prized oldtime cowboys' metal badge upon payment of their annual dues of \$1. The badge admits the member to all rodeo performances with grandstand privileges, to the cowboy square dances at the bunkhouse each night and is the meal ticket for a chuckwagon dinner each day at noon.

Entertainment of the oldtime cowhand, whose ranks are fast thinning, is one of the main purposes of the Texas Cowboy Reunion. Their gathering is an occasion for reviving memories of frontier life on Texas cattle ranches and preserving customs and traditions of the old west.

Walt Cousins of Dallas, former west Texas cowhand who is serving his second term as president of the association, will preside at the meeting of the old-timers. Officers for the coming year will be elected.

The meetings will be held in the enlarged cowboy bunkhouse, permanent home of the association, which is being completed along the lines it was originally designed at a cost of \$6,300.

The fellow who persists in stepping suddenly out between parked cars onto the highway has a grandfather who invariably walked around the wrong end of a mule.

The most depressing individual to meet up with is the fellow who thinks that everything good has already happened.

The nation's tax load has increased 30 per cent in the last two years and is still going up.

WHAT WE THINK

(By Frank Dixon)

A town not far from where I live a few years ago had all the signs of a thrifty well-to-do town. It had a number of men who had been successful in their several lines of business and who had accumulated considerable wealth in one form and another.

It came to be generally accepted about the community that since these men had been what the world calls successful and had built up good businesses that they must know what was best for the town.

Because many of these things that contribute toward making a town a better and more pleasant and enjoyable place in which to live, cost money, and money meant taxes, the group quietly scotched every such move.

Then came the depression, and over night almost, the money changers of the village were stripped of their wealth. When it became known about the town that they had lost their money, strangely enough their prestige slipped away too.

A new group of younger men, who were unnoticed and unheeded before, came upon the scene and began to run the affairs of the village. They no longer bowed the council of the old group but blazed new trails and many of the things which the town had been told before could not be done.

Before long the city light and water plant was put on a business basis, the streets were paved and a sewer system and parks came into being, and later a fine library and swimming pool. The whole aspect of the town changed.

The depression has been a blessing to the town. It has given it a new life and brought to it the thought and the realization that living is something more than material wealth alone that may vanish in the night.

Ernest Thompson, whose platform and speeches throughout the campaign have been designed to catch attention from the serious-minded voter who thinks about state problems, and particularly the farmer and rancher, took no cognizance of the O'Daniel phenomenon.

Thompson also got another break when the Democratic Committee, as forecast in this column last week, summarily ruled "Verne O. Thompson" off the ballot.

Back before the Austin Court of Civil Appeals this week was the celebrated Lone Star gas rate controversy, remanded two weeks ago by the U. S. Supreme Court.

The politicians in office at Austin this year are getting a "break" because of the fact that public interest, slow to awaken this year, has been centered largely on the "big show" staged by gubernatorial candidates.

Who knows but what there is some poor boy in this audience who will leave this meeting fired with a zeal to secure a higher education, and that this same boy may later become an honored member of the faculty of this wonderful University?

Today that we all love and revere, T. U. Taylor, dean-emeritus of the school of engineering, who spent more than forty years on the forty acres of the Texas University!

NOBODY'S BUSINESS

BY JULIAN CAPEERS JR.

Austin.—A new kind of political medicine man—the like of which has not been seen before in Texas—engaged the avid attention of the old line politicians here this week and brought on millions of words of political talk.

Opening at Waco before a crowd variously estimated at from 8,000 to 15,000 persons, O'Daniel mixed entertainment and hill-billy music with political talk, and aroused his crowd to wildest enthusiasm. He followed through with record-breaking crowds at several West Texas points, and this week was taking his campaign into the small towns and cities of populous North and East Texas—where the votes are thick.

O'Daniel's enthusiastic reception stirred political talk and speculation in every corner of the State. From many rural communities, and even from large cities, came reports—admittedly of the moment—that he was going to sweep McCraw and Thompson and Hunter—admittedly the three leading candidates—right out of the race and win the election.

Ernest Thompson, whose platform and speeches throughout the campaign have been designed to catch attention from the serious-minded voter who thinks about state problems, and particularly the farmer and rancher, took no cognizance of the O'Daniel phenomenon.

Thompson also got another break when the Democratic Committee, as forecast in this column last week, summarily ruled "Verne O. Thompson" off the ballot.

Back before the Austin Court of Civil Appeals this week was the celebrated Lone Star gas rate controversy, remanded two weeks ago by the U. S. Supreme Court.

General Motors' President Gives Advice to Students

Detroit, June 18.—"You should deal with the customer on the Golden Rule basis—only you do it first."

Mr. Knudsen said that this principle built permanency into the automobile business, which is on a solid foundation now as compared to the earlier times, when the fathers of the students were entering it.

"We still need good retail salesmen in the automobile business," said Mr. Knudsen. "The most successful is the one who knows his own car, the factory behind it, and the organization of the company."

The school for sons of dealers was organized for this purpose by W. E. Holler, general sales manager of the Chevrolet Motor Division, and is one of the phases of the Quality Dealer Program which was introduced three years ago to improve dealer-factory relationships.

Mr. Knudsen pointed out in his talk to the students that it is to the interest of the corporation to see that the men in the field to create a business that you yourself will be proud of, to be tolerant of the other fellow, and listen to his troubles so that you can get the whole picture, to get the other fellow to liking you as much as you like him, to build the sort of an establishment that will last over the cycles of business booms and depressions.

As advice to the young men, Mr. Knudsen told them "to believe in people who are working for you, to create a business that you yourself will be proud of, to be tolerant of the other fellow, and listen to his troubles so that you can get the whole picture, to get the other fellow to liking you as much as you like him, to build the sort of an establishment that will last over the cycles of business booms and depressions.

Ernest Thompson, whose platform and speeches throughout the campaign have been designed to catch attention from the serious-minded voter who thinks about state problems, and particularly the farmer and rancher, took no cognizance of the O'Daniel phenomenon.

Thompson also got another break when the Democratic Committee, as forecast in this column last week, summarily ruled "Verne O. Thompson" off the ballot.

Mr. and Mrs. Tom Seale of Knox City and Mrs. Seale's mother, Mrs. Pem Taliferro of Denton, spent Sunday with friends in Crowell. Now is the time to water. Garden hose, 25 feet or 50 feet.—W. R. Womack. Mr. and Mrs. Joe Couch, their daughter, Miss Frances, and their son, Joe, were guests Sunday evening in the home of Mr. and Mrs. Grover Cole. Try our demonstrator lawn mower.—W. R. Womack. Mrs. J. C. Roberts of Altus, Okla., is a guest in the home of Mr. and Mrs. N. J. Roberts. She has been at the bedside of her brother, J. D. Standlee, of near Lockett, who is seriously ill. Mr. and Mrs. Robert Goodfellow left Tuesday morning for their home in Moody after spending two weeks here looking after the harvesting of their wheat crop and visiting in the home of Mr. and Mrs. C. R. Ferguson. Mr. and Mrs. Robert Beck and small son, Robert Benson, returned to their home in Sudan Wednesday of last week following a visit of several days in the home of Mrs. Beck's grandfather, G. A. Mitchell. Mr. and Mrs. A. L. Sloan visited their daughters, Mrs. Benny White and Miss Inez Sloan of Dallas, and son, Dr. Roy Sloan of Terrell last week. They left Crowell on Saturday and returned Thursday. Mrs. Bill Meador and children, George and Anna, of Amarillo, spent last Thursday in the home of Mrs. G. W. Walthall. They left Crowell for Monday where they visited Mrs. Meador's parents, Mr. and Mrs. George Isbell. Mr. and Mrs. T. V. Rascoe attended the closing exercises of West Texas Demonstration School at Canyon early in June at which time Fay Webb was a member of the High School graduating class. Fay is now in school in the West Texas College beginning her freshman year. H. E. Ferguson left Friday afternoon for San Francisco, Calif., to attend the Rotary International convention as a delegate from the Crowell Rotary Club. Mr. Ferguson arrived in San Francisco Sunday afternoon. On his return trip home he will visit friends in Los Angeles and vicinity. Mrs. E. L. Howard has returned to Crowell following a visit of three months with her son, W. M. Howard, and family in Sacramento, Calif. She assumed her duties in the office of Dr. Hines Clark Monday of this week. Mrs. E. W. Burrow worked in Dr. Clark's office during Mrs. Howard's absence. Mrs. W. L. Thurston and Merrill Allee left last Friday for their home in Denver, Colo., after a visit of several days with G. A. Mitchell and Mrs. J. R. Allee. Mrs. Thurston's father and Mr. Allee's mother, and other relatives and friends. They stopped in Lubbock for a short visit with Mr. and Mrs. W. B. Carter. Mrs. S. H. Puryear of Houston, Mrs. D. P. Beaty of Wichita Falls, her daughter, Miss Marie Beaty, Miss Dorothy Dozier of Wichita Falls, granddaughter of Mrs. Puryear, and Mrs. H. W. Norwood of Vernon were guests last Sunday in the home of Dr. and Mrs. Hines Clark. Mrs. Puryear, Mrs. Beaty, Mrs. Norwood and Mrs. Clark are sisters and are daughters of Mrs. Bettie Thomson, who was also present. Mrs. J. E. Billington and Mrs. Ida Brown of Winters, Mr. and Mrs. Jim Mason of Waco, Mr. and Mrs. M. W. Fox and children, Mary Jane and James, of Lubbock, Mrs. Clarence B. Bobo and baby, Bobby Kent, of Wellington, and Mr. and Mrs. Bill Owens and baby, Patsy Ann, of Plainview, visited in the home of Mr. and Mrs. J. T. Billington during the past week.

Dallas, June 23.—The average depth from which oil is produced in Texas today is three and one-third times greater than the experience recorded prior to 1920, according to a survey completed by the Texas Mid-Continent Oil and Gas Association. Today, according to the survey, Texas oil is produced from wells having an average depth of 4,000 feet, with a maximum producing depth of 10,600 feet. Prior to 1920, the average depth of producing oil wells in Texas was only 1,200 feet, with a maximum producing depth of 2,900 feet. Since 1920, the average depth of Texas oil wells has shown an increase of 1,500 feet, while the maximum depths recorded during this period have shown an increase of 2,100 feet. The extent to which depth affects drilling and completion costs is shown by the fact that the cost per thousand feet of hole ranges from \$6,000 for the first thousand feet to \$20,000 per thousand feet when the depth reaches 11,000 feet. Thus, while a thousand foot well may cost \$6,000, this does not mean that an 11,000 foot well would cost \$66,000, but actually entails a cost of \$143,000 because of ascending ratios of cost to depth of hole recorded by actual experience. In a 4,000 foot well, where the first thousand feet of hole costs \$6,000, the last thousand feet costs \$10,000, making the total cost of such a well about \$29,000. This is due to the fact that greater depths involve not only more time for drilling and more expensive equipment which is necessary to stand the stress and strain of penetrating deep sub-surface formations. Deep drilling involves great hazards, among which is the breakage and loss of drilling equipment, entailing tedious and expensive delays and frequently results in the complete loss of a prospective well. One "fishing" job to remove broken equipment from a deep well often costs as much as the total cost of the hole. The deepest producing wells in Texas today are located in Brazoria County, in the Gulf Coast, where oil is being produced from a depth of 10,600 feet. Wells ranging in depth from 7,000 to over 9,000 feet are common today in the Gulf Coast oil fields. Deep wells are being drilled today in practically all sections of the State, with the average trend of all drilling showing a constantly greater depth at a constantly increased cost to the oil industry.

Andrews Withdraws As Justice Candidate. To the Voters of Justice Precinct No. 1, Foard County, Texas. Owing to the fact that the general health of my good friend, J. W. Klepper, has improved considerably and to such a point that he will permit him to make the race for the office of Justice of the Peace, I hereby voluntarily and willingly withdraw as a candidate for this office. It had been his intention to retire at the end of his present term on account of ill health and it was upon his solicitation principally that I decided to file for the office. I want to thank the voters for any consideration they may have given my candidacy, and to ask that they not consider me further. Respectfully submitted, L. A. Andrews.

INCREASING STOCK. The auto supply stock of the Owens Auto Supply Company of Crowell increased this week with the installation of a new and complete supply of brass fittings. The new supplies will be displayed in glass jars on a modern three-tier stand. A. W. Owens, owner and manager, stated that it was the company's aim to keep a complete stock of supplies for mechanics and farmers of the county. SOFTBALL MEETING. A meeting of the managers of the softball team in the Foard County Softball League will be held in Crowell Friday night at 8 o'clock. The schedule for the second half will have to be re-arranged as there are two teams that have been reported to have dropped from the race. The card for the last half of the season will be mapped and other important matters will be discussed at this meeting. Every manager in the race is urged to attend, especially those whose teams are reported to have pulled out of the league. STAMFORD BOOSTERS HERE. A large delegation of boosters for the Stamford Cowboys' Reunion and Rodeo on July 4, 5 and 6, accompanied by band were here Wednesday afternoon to extend an invitation to Crowell and Foard County people to attend the reunion. Rev. E. L. Yeats and son, Alvis, and daughter, Miss Helen, and Miss Mildred Cogdell and Miss Frances Hill left Monday morning for Mexico City where Misses Yeats, Cogdell and Hill will attend the University of Mexico during the summer session. Rev. Yeats and son will return after a three weeks' vacation trip in Mexico. TOO LATE TO CLASSIFY. FOR SALE or TRADE—Maytag washer, battery radio, cabinet, oil stove, child's saddle, Burpee sealer.—Mrs. Kelly Erwin. 1-2t

ORR'S Veri-Best Bread Every Time—It's Mighty Fine.

This Lone Star State (By W. T. Carley) Texas' Quota in the World War. Texas furnished 198,238 men and women for service in the army, navy, marine corps, and army nurse corps, during the World War. Five thousand of these noble Texans gave their all upon the altar of liberty during the war, and more than ten thousand have died since the war, as a result of their service. One hundred and sixty-five Texas Veterans were decorated by congress, the war department and our allied nations for their exceptional bravery. Fifty-five, or exactly one-third of the Texas Veterans so honored were members of the immortal Thirty-Sixth and Ninetieth Divisions. Twenty-five men of the Thirty-Sixth and 30 men of the Ninetieth were so honored—and a grateful nation will treasure their name and fame "while memory clings to aught below." Over the nation, our World War veterans are dying at the rate of five an hour, 120 per day, or 43,800 per year. State Capital Is Now 50 Years Old. Our magnificent state capital has completed 50 years service to the people of this imperial commonwealth. When formally opened in 1888 it was the seventh largest building in the world. Before actual construction was started, a 60-mile railroad was built by the contractors to haul the native granite from the quarries at Burnet, and stone masons were imported from France to set the granite in place. The largest, most beautiful and palatial state house in the entire nation has 250 rooms, 900 windows, and 500 doors and is still the pride of all Texas. The massive cornerstone, weighing 18,000 pounds, was hauled 15 miles from the quarries to the railroad at Burnet by 15 yoke of oxen, and was set in place with appropriate ceremonies on March 2, 1885—the 49th anniversary of Texas Independence. A complete list of the things placed in that cornerstone will be sent to any reader of this paper upon receipt of a self-addressed, stamped envelope, and we'll be delighted to hear from you. Our address: Box 823, Austin, Texas. In his race for Governor four years ago 457,821 votes were cast for Tom Hunter—within 2% of his election. An intensive survey of the State indicates that in this race more than a half million votes will be cast for his election. Join these half million citizens with your vote in the interest of a fair, sound, sensible, economical State Government.

Lions Small at Birth

Most lions on exhibit were born in captivity. When excited, lions and lionesses often kill their own young. Lions weigh only a pound or two at birth. Five years later they tip the scales at around 400. Wild lions hide their cubs before going out to hunt. Hence the female's instinct to carry her babies to safety when zoo crowds worry her.

Largest Fresh Water Lakes

The ten largest freshwater lakes in the United States not counting Lake Michigan, are Oketchoche, Florida; Lower Red, Minnesota; Pyramid, Nevada; Winnebago, Wisconsin; Mille Lacs, Minnesota; Tahoe, California-Nevada; Flathead, Montana; Goose, California-Oregon; Upper Red, Minnesota; Winnemucca, Nevada.

Ethyl gasoline came into use in 1925.

Wednesday evening services at 8 o'clock.
The public is cordially invited.
Sunday, June 26, 1938. Subject: "Christian Science."

Christian Science Services
"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 26.

The Golden Text is: "The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away" (Isaiah 35:10).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "In that hour Jesus rejoiced in spirit, and said, I thank thee, O Father, Lord of heaven and earth, that thou hast hid these things from the wise and prudent, and hast revealed them unto babes; even so, Father; for so it seemed good in thy sight" (Luke 10:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As aforetime, the spirit of the Christ, which taketh away the ceremonies and doctrines of men, is not accepted until the hearts of men are made ready for it" (page 131).

Two Minute Sermon

(By Thomas Hastwell)

The Alabaster Box of Thoughtfulness: In the book of Mark appears the beautiful story of the woman, who, one day during the last week of Christ's ministry on earth, broke upon his head an alabaster box of precious ointment. Because of the act she was criticized by several of the group who deemed it a heedless waste. Christ rebuked her critics and shamed them into silence. The picture is one of striking contrasts. On the one hand we see a group of followers who had been with the Christ for three years, yet here within the last week of his earthly ministry, when the shadow of the cross had already darkened his pathway, they found fault with this gift of devotion and revealed that they did not yet understand him, nor his teachings, nor his mission upon the earth. On the other hand was a woman. Little is known about her. She was not included among the chosen disciples. She had had little opportunity to see at her Master's feet and learn from his deeds and teachings, yet she was willing to give a costly gift because of her devotion. No wonder the Christ silenced her critics. Here in his last days on earth, with Gethsemane but a few hours away, when fellowship and understanding and loyal devotion were most needed, his own followers did not understand. Only the woman understood. Hers was the last earthly touch of ministering love and devotion that the Master received before he faced the cross. How often it happens today, that we, buried in the things that fill our days, forget, until it is too late, to render the thoughtful little services that mean so much. The smallest service may be more precious than the rarest alabaster box of costly ointment. It is precious, not because of its great cost, but because of the thoughtfulness, and the sympathy, and the understanding that prompts its giving.

Invented Spectacles

Spectacles were invented in or about the Thirteenth century. The monk Alessandro di Spina, who died at Florence in 1313, is usually credited with being their inventor, but Roger Bacon, who lived from 1214 to 1294, is believed to have worn them, and it is quite possible that they were known at an even earlier date, says London Answers Magazine. Human eyesight is best at the age of ten to fifteen and after that slowly deteriorates, but an office worker's eyes go off much more rapidly than those of a farm laborer or gamekeeper. Blue eyes last longer than brown, and it is said that blue-eyed persons are longer-lived than those with eyes that are brown or hazel.

Being an Optimist

"A man kin be so much of an optimist," said Uncle Eben, "dat he simply goes through life sellin' hisself gold bricks."

MESCAL IKE

By S. L. HUNTLEY

Items from Neighboring Communities

RAYLAND

(By J. C. Davis)

Mrs. Mary Tom Anderson, Mrs. Irene Green and son and Mrs. Smith of Sweetwater visited their parents, Mr. and Mrs. Buck Clark and T. F. Davis, and other relatives here and in Vernon last week.

Miss Thelma Raines spent last week with her sister, Mrs. T. C. Davis, and family of Vivian. Mr. and Mrs. Quincy Rutledge of Elliott spent the week-end with his father, R. A. Rutledge, and family.

Mrs. Buck Clark and daughter, Mrs. Floyd Anderson, Billie Joe and Gloria, took Mr. and Mrs. Hampton Smith to their home in Wichita Falls and spent Thursday night and Friday there with their daughter, Miss Nell, who is employed in a hospital.

J. W. Settles, who has been ill with rheumatism for several weeks, is not any better. Ernest Churchwell and family moved from Margaret to a house on the T. F. Lambert farm last week.

Bobby Travis Davis of Childress spent Friday evening with his grandparents, J. C. Davis, E. P. Daniel and son, recently of California, spent last week with his nephews, Walter and Cecil Daniel.

Miss Margie Davis, who is working in Vernon, spent the week-end with homefolks. Mr. Davenport returned Sunday from Childress where he had been taking treatment. There was a large crowd at the candidate speaking here Friday night. There seemed to be about as many people and candidates from Wilbarger County as from Foard.

Almost the entire community went to Vernon Saturday evening to hear W. Lee O'Daniel speak. Cotton and feed are to a stand or coming up. Another day or two without rain and there will be a good stand of all crops.

Tom Lawson gathered his onion crop last week. The production was fair considering the floods, hails and other weather conditions. The sweet potato industry seems to be well established here, as there are more acres being planted each year. Those growing commercial crops are: H. F. Faughn, 8 acres; A. T. Beazley, 10 acres; Tom Lawson, 7 acres; Ben Roberts, 5 acres; Raymond Bailey, 10 acres; Wiley Hunt, 12 acres; A. C. Light, 22 acres; John Neal, 19 acres, and of course, Shitley McLarty is a Rayland man and has in 50 or 60 acres of potatoes. Most of them are late like other crops but stand a chance to make if the cotton does.

VIVIAN

(By Rosalie Fish)

Miss Bessie Fish, who is attending West Texas State Teachers' College, at Canyon, spent from Saturday until Monday in the home of her father, A. T. Fish.

Miss Jean McNutt of La Junta, Colo., came Friday to visit in the home of her aunt, Mrs. E. T. Evans.

Andy Everson of Wichita Falls spent from Tuesday until Friday in the home of his brother, Ika Everson, and family.

Rev. and Mrs. Ben Givens of Skellytown are here in a meeting this week. Every one is invited to attend.

Mrs. E. T. Evans and daughters, Margaret and Evalyn, and son, Franklin, and Miss Jean McNutt of La Junta, Colo., spent Sunday in the home of their daughter and sister, Mrs. Earnest Lee Thomas, of Lockney.

Mrs. R. N. Beatty and sons, Aubrey and Charles Clendon, spent Sunday with her parents, Mr. and Mrs. J. W. Brewer, of Paducah.

J. D. and Willie Carroll of Crowell spent Sunday afternoon with John Bowley.

Miss Margaret Evans, who is attending West Texas State Teachers' College at Canyon, spent Sunday night in the home of her parents, Mr. and Mrs. E. T. Evans.

Buck Brewer left Sunday to visit with his parents, Mr. and Mrs. J. W. Brewer, of Paducah before going to Arizona where he will work.

There will be a candidate speaking at the Vivian school house Friday night, July 1. Every one is invited to be present.

Misses Jean McNutt of La Junta, Colo., and Evalyn Evans left Sunday to spend a few days with Miss Evans' sister, Mrs. Earnest Lee Thomas, of Lockney.

THALIA

(By Minnie Wood)

Joe Moore of Odessa visited his sister, Mrs. Gordon Self, a few days last week.

Mr. and Mrs. Alvin Jefferies of Amherst visited Luther Chism and family Tuesday.

Miss Emma Main of Lubbock visited her parents, Mr. and Mrs. R. E. Main, last week-end.

Miss Mildred Adkins of Wichita Falls visited her parents, Mr. and Mrs. M. C. Adkins, here this week.

Mr. and Mrs. G. C. Phillips visited their son, Raymond Phillips, and wife in Lubbock last week-end.

Cleldon Sims happened to the misfortune to be run over by a truck in a wheat field Monday afternoon. The wheel passed over his chest and arm, but his injuries are thought to not be serious.

Mrs. L. H. Hammonds and daughters and Mrs. J. K. Langley visited Roy Henry and family near Doans Sunday.

Rev. and Mrs. W. A. Reed of Abernathy visited their daughter, Mrs. Roland Taylor, and family here a few days last week.

Miss Geneva Jo Wood visited Misses Lillian and Verna Veri Moore in Vernon a few days last week.

Mrs. Oneal Johnson went to Quanah Friday for treatment of a throat infection. She was accompanied by Mr. Johnson and her mother, Mrs. C. C. Wheeler. Howard Patterson of Petrolia

is visiting his cousin, J. L. McBeath, and family here.

Mr. and Mrs. Earnest Spencer of Enid, Okla., visited her mother, Mrs. J. K. French, here a few days last week.

Walter Patterson and family of Petrolia visited J. L. McBeath and family Monday of last week.

Jack Wood and family of Baileyboro visited relatives here this week.

Mrs. J. K. French visited her daughter, Mrs. Ollie Gowdy, in Quanah last week-end.

Leotis Roberts and family and E. H. Roberts and family visited Raymond Oliver and family in Knox City last week-end.

Miss Savannah Gamble returned home Sunday from a visit with relatives in Turkey.

Mrs. A. C. Phillips and children and W. D. Shook and family near Wichita Falls Thursday.

There will be a candidate speaking here Saturday night. The Methodist ladies will sell ice cream and cold drinks and will auction off a quilt at that time. All candidates are invited to come and speak.

E. G. Grimsey and J. M. Jackson attended Masonic Lodge in Lubbock Saturday night.

Born to Mr. and Mrs. Luther Chism Monday, June 20, a boy, Chism Ray.

Misses Pauline and Johnnie Ruth Wisdom have returned from a visit with relatives in Fort Worth and Gainesville.

Mr. and Mrs. Will Jones of Donna, Texas, are visiting Mrs. Jones' sister, Mrs. Fred Brown, and family.

Misses Clara Mae Phillips and Audra Abston visited Clara Mae's sister, Mrs. W. B. Shook, and family near Wichita Falls this week.

Miss Emma Main and niece, Mary Frances Main, left Monday for a visit with relatives in Colorado.

Mr. and Mrs. J. N. Bryson of

Mineral Wells are visiting their daughter, Mrs. E. S. Flesher, and family.

A large crowd from Thalia went to Vernon to hear W. Lee O'Daniel speak Saturday.

Norma V. Flesher has returned home from a visit with her grandparents, Mr. and Mrs. J. N. Bryson, in Mineral Wells.

Word has been received here that Lee Nowlin, a former teacher of this place, is very ill with an attack of pneumonia in a hospital in Austin.

Mrs. Gordon Self is visiting her mother in Odessa this week.

Mr. and Mrs. Coppage of Springtown visited here a while Monday. Mr. Coppage has been elected as superintendent of the Thalia school for the next term.

M. G. Dye of Kilgore visited friends here a while Monday afternoon.

Mr. and Mrs. Elby Smith of Doodsonville and Mr. and Mrs. Pete Shives of Wichita Falls visited the ladies' father, G. A. Shultz, and

family here Sunday.

Mrs. F. J. Jonas of Crowell visited her son, Ray Jonas, and family here Saturday night.

Mrs. Hunter Williams of Thalia Falls visited her parents and Mrs. T. M. Haney, here Sunday.

Mr. and Mrs. G. A. Shultz daughter, Nan Sue, Mr. and Mrs. Pete Shives visited their daughter and sister, Mrs. Godelia, and family in the Riverdale community Sunday.

M. G. Dye and family of Gore visited friends here Tuesday.

W. D. McFarlane Asks Re-Election To U. S. Congress

The Foard County News has just received the formal announcement of Honorable W. D. McFarlane, who is a candidate for re-election to Congress, subject to the action of the Democratic Primaries, Congress adjourned last Thursday evening, and Mr. McFarlane left Washington Saturday morning, driving home in his car with his children. Congressman McFarlane, last year, was appointed on the powerful Appropriations Committee, succeeding the late J. P. Buchanan, deceased. Due to the late adjournment of Congress, Mr. McFarlane will have but a short time in which to give an accounting of his stewardship. His announcement follows:

W. D. McFARLANE

"Fellow citizens of the Thirteenth Congressional District, I am returning home this week to give an accounting of my stewardship as your Representative in Congress for the past two years; and on my record of service rendered in your behalf, I ask your endorsement for re-election to Congress. When the Honorable Champ Clark was Speaker of the House, he delivered an address at the National Press Club in Washington in which he said: 'It is a high honor to be a Representative in Congress, if for only one term, and with the numbers of terms the honor increases in geometrical proportion. A member's usefulness to his country should increase in the same proportion. A man has to learn to be a Representative just as he must learn to be a blacksmith, a carpenter, a farmer, an engineer, a lawyer, or a doctor. "Poeta nascitur non fit"—a poet is born, not made—says Horace; but Congressmen—that is, useful and influential Congressmen—are made largely by experience and practice. "It is an unwise performance for any district to change Representatives at short intervals. A new Congressman must begin at the foot of the class and spell up. Of course, the more brains, tact, energy, courage, and industry he has the quicker he will get up. If he possesses these qualities, and if his constituents will keep him in the House, he is as certain to rise as the sparks are to fly up."

better land use, for reforestation, for the conservation of water all the way from its source to the sea, for drought and flood control, for better marketing facilities for farm commodities, for a definite reduction of farm tenancy, for encouragement of farmer co-operatives, for crop insurance, and a stable food supply. For all these we have just begun to fight."

My Record of Service
"My record of service, rendered in your behalf, is my platform upon which I ask your support, and you will find the Democratic platform as above interpreted by the President, and as I have actively fought to carry out the pledges thus made. A review of my platform two years ago and the record made, clearly shows that I have kept faith with you 100 per cent. The best evidence that I have voted for the best interests of the masses of the people is that not one single vote I have cast the past two years has been challenged by any opponent, to the present time. Two years ago the people of the nation endorsed our platform by more than 11 million votes majority, and you signed the petition to bring this legislation before Congress for their consideration. I believe that our aged should receive their pensions based on their own need, and not contingent upon the ability of some relative to support them. Our Federal laws clearly do not require need to be shown except by the applicants themselves."

1. Adequate Old Age Pensions. I have always actively supported relief favoring the aged and have signed petitions requesting the Ways and Means Committee to hold hearings on H. R. 4199, the General Welfare Act; and have signed the petition to bring this legislation before Congress for their consideration. I believe that our aged should receive their pensions based on their own need, and not contingent upon the ability of some relative to support them. Our Federal laws clearly do not require need to be shown except by the applicants themselves."

2. Coining Money; Government Credit; Price Levels. An effective government control over the use of the money and credit system to restore to Congress its Constitutional right to coin money and to make the credit of the nation an instrument in the hands of government to be directly employed in breaking the existing credit monopoly, stabilizing the price level, and bringing the total consuming power of the people in line with their power to produce."

3. Agriculture — Cost of Production. A simple agricultural bill to put a floor under the price of farm commodities, and gambling and speculation, and effectively assure the farmer cost of production plus a reasonable profit."

4. Expansion of Industrial Production; Monopoly Control. Legislation to bring about, through the co-operation of government, business, and labor, a co-ordinated expansion of industrial production and an effective control over both monopoly price increases and monopolistic curtailment of production of needed goods and services."

5. Revision of Our Tax Laws. Eliminating exemptions and loopholes and raising our revenue based upon ability to pay."

6. Public Works; Employment; Housing; Natural Resources. A long-range flexible program of public works, set up by Congressional enactment, made self-liquidating to the largest possible extent, capable of expansion and contraction in accordance with the needs of our people for employment and of our business for assistance in stabilizing its market, and aimed primarily to meet such outstanding national needs as slum elimination and low-cost housing and the need for conservation and development of natural resources."

7. Taxing Profits Out of War. and limiting profits to 10 per cent on all government war material contracts in peace time."

8. Preserve American Liberties for All. Preservation of American democracy and civil liberties as set out in the Bill of Rights. The preservation of these rights should extend to all persons everywhere in the Nation, conservative, liberal, or otherwise, and of whatever race, creed or color."

"I have been glad to co-operate with every portion of my district in securing whatever relief has been requested and the many projects such as schools, gymnasiums, road improvements, municipal light plants, rural electrification, and all other kinds of relief and services furnished by the government, too numerous to mention, as shown by an itemized statement sent in the speech recently mailed each voter in the district."

"Since I have had the honor to represent you, more than 56 million dollars in federal funds have been expended up until January 1, 1938, in the Thirteenth Congressional District. I have supported each project and all legislation that brought all this money into the Thirteenth District."

"Recently, I secured the approval of the Wise-Montague land use project under which the government will purchase 45 thousand acres of land, which will mean an expenditure in this area of more than 250 thousand dollars, and employment for many of our people."

"I appreciate more than words can express the confidence you have always shown in me, and have tried to show that appreciation by the kind and character of service rendered in battling for your rights, whether on the floor of the House or in the Committee, or in the office looking after your every interest."

Scurrilous Attack
"While I have remained at my post of duty looking after your interests I find that one of my opponents, while handing out his empty promises with one hand, in which he promises 'not to blame others for things they haven't done,' with the other hand he has been spreading a three page, legal sized, mimeographed pamphlet entitled 'McFarlane Data' which purports to be quoted from a Washington reporter for the Chicago Tribune. This unsigned, scurrilous, and maliciously libelous statement, circulated by this opponent and purporting to quote from a

reporter of the Chicago Tribune has been completely repudiated and denied by this reporter as being without any foundation in fact and completely false. I have a letter from this newspaper reporter completely repudiating the purported statement in which he says that these statements 'are statements made without any foundation in fact so far as I know of my own personal knowledge, and so far as I know of my own personal knowledge these statements cannot be sustained in fact.' I will be glad to show anyone who meets me this reporter's letter."

"In conclusion, fellow citizens, I want to express to you my heartfelt gratitude for the opportunities for service that you have given me, the honors that you have bestowed upon me and to assure you that I will in the future, as in the past, when re-elected to this high office, continue the battle for equal rights and opportunities for all and special privileges for none."

"Sincerely,
"W. D. McFarlane."

C. Richardson, Secretary Breeder-Feeder Ass'n.
Americans eat an average of pounds of meat per capita, fresh and cured. Two-thirds produced west of the Mississippi River and two-thirds of it east of the river. City people eat more fresh meat per capita than country people, and retail something like three times the price per pound for the producer sells it on. In other words, the farmer who produces the meat can eat it for one-third the price to his neighbor, yet eats less of it, than meat, milk and eggs, are made. Building foods are ready for human consumption where they are produced, not going to a factory to be processed. By all the rules of good nutrition, the producer should be given the most of the diet to most extent of appetite and demands of health. It is a mental quirk, therefore, that sends their use by these people to the store and they are upon mainly as something

1938 Soil Conservation Program

Checking Compliance
In the meeting Tuesday, June 14, at Crowell, of county agents and assistants from Wilbarger, Cottle, Foard and Hardeman counties, and also R. B. Kinsey, AAA representative; J. A. Scobell, district agent; and J. H. Watson, state committee for this district, many points of interest was brought out about compliance of the 1938 conservation program.

This year in Foard County aerial maps will be used in checking compliances. The prints have been checked as to accuracy and several prints have been sent back to the state office for correction. As soon as these corrected prints arrive and as soon as the farmers get through planting their row crops, measuring of land will begin. Every farm in Foard County will be measured this year, and supervisors will be sent out in squads of two, instead of one, as was the case last year. It is obvious that many farmers will be in partial compliance although at present many think they will not get any conservation payment this year.

It is probable that no measuring and checking of compliances will begin before July. This will give the farmers time to get through planting their crops. The supervisors will have to be more accurate and they will have to know the program better than any group of supervisors that have been put in the field.

Cotton Eaten By Hoppers
Many farmers have asked the question if they will be permitted to plant sorghum on land that has been planted to cotton and has been eaten by grasshoppers. In a recent letter from the state office the following was quoted:
"For purposes of 80 per cent provision only acreage seeded to cotton which is seriously damaged or destroyed by hail or insects before bolls are formed will be considered as being planted to cotton. No payment with respect to cot-

ton will be made unless land on the farm is considered as being planted to cotton except where failure to plant was due to flood or drought."

Probably there will have to be some proof that cotton was destroyed by hoppers before sorghum can be planted.

Cotton Price Adjustment
All applications for subsidy payments must be made by July 15. At present the county office has not received blanks for this. All cotton land must be measured before any subsidy will be paid. If you are not farming this year you will receive your cotton subsidy money.

Wheat Allotment
No wheat allotments have been received from the state office, but allotments are expected by July 1. It is evident that all wheat bases will be reduced considerably. At present all farms that have been planting wheat have a wheat base established now. These allotments will be issued in similar manner as were other allotments this year.

Wheat Insurance
Every wheat farmer in Foard County is urged to find out about wheat insurance. J. D. Miller will gladly explain how it works, how much it will cost, and what you will get out of it. This is a good time to take out a policy for wheat as it is cheap. The cheaper the wheat when the policy is taken out the better it is for the farmer. Don't delay in coming in the County Agent's office and finding out about this government insurance for August 30 is the last day on which policies will be accepted. Twenty-five policies have been received to date and many more will be sent in the near future. It is to the farmer's advantage that he find out about this insurance. He has nothing to lose and everything to gain. As was said before, the government is going to pay all storage and administrative expenses, and all the farmer has to do is to put in wheat in this store bin.

Olton Girl Becomes Bride of Roy Ownbey Sunday Afternoon

On Sunday afternoon at 3 o'clock at the home of Rev. and W. P. Fitzgerald, Miss Ruby Jones of Olton and Roy Ownbey of Crowell were united in marriage in a quiet, impressive ring ceremony, read by Rev. Fitzgerald. The wedding march was played by Mrs. Arnold Rucker.

The bride was attractive in a floor-length dress of pink embroidered lace with blue trim. She is the daughter of Mr. and Mrs. John Jones of Olton, who were present for the wedding. The groom's family was also present. Mr. Ownbey is a son of Mr. and Mrs. Lester Ownbey and has been reared here. He is a farmer and he and his bride reside on his grandfather's farm about five miles south of town.

Mr. and Mrs. Ownbey left immediately after the ceremony for a short wedding trip.

Miss Mary Nichols, Daughter of Vernon Editor, Wed Friday

Miss Mary Nichols, of Vernon, was united in marriage to Dwight L. Richards of Paducah in a beautiful wedding at the First Methodist Church in Vernon last Friday evening with Rev. Finis A. Crutchfield saying the impressive double ring ceremony.

The bride is the daughter of Mr. and Mrs. Ray H. Nichols of Vernon, both of whom are well known here. Mr. Nichols is editor of the Vernon Daily Record. Mr. Richards is the son of Mr. and Mrs. M. A. Richards of Paducah and is employed in a bank at that place. Mr. and Mrs. Richards will reside in Paducah after a wedding trip to New Orleans and to points in Florida.

Mr. and Mrs. T. B. Klepper and son, Billy, attended the wedding.

Georgia Visitors Honored with Dinner

Mr. and Mrs. W. M. Howell were hosts at a turkey dinner Sunday, June 17, in honor of Mr. Howell's sister, Mrs. P. J. Sprayberry, and family of Atlanta, Ga., who are here on their first visit to Texas. Mrs. Sprayberry had

not seen her brother in 18 years upon her arrival here. The afternoon was spent in taking pictures of children and grandchildren during which time ice cream was served.

Those present were Mr. and Mrs. Sprayberry and children, Eloise and William, of Atlanta, Ga.; Mr. and Mrs. W. M. Godwin, Mr. and Mrs. Howard Dunn and children, Mr. and Mrs. Pat Moore and children, Mr. and Mrs. Carl Cox, Mr. and Mrs. Henry Howell, and Buddy Gilliland.

Mr. and Mrs. Sprayberry have also visited in the homes of Mrs. I. M. Cates of Crowell, Mr. and Mrs. Howard Dunn of Truscott, Mr. and Mrs. Carl Cox of Good Creek, and Mr. and Mrs. Paul Howell of Claytonville. They will leave Saturday for New Orleans on their return trip home.

Miss Frances Couch to Be Married Sunday

Miss Frances Couch, daughter of Mr. and Mrs. Joe Couch of Vernon, who are former citizens of Crowell, will be married to Bill Mingus of Abilene next Sunday afternoon at 2 o'clock in a quiet wedding at the home of her parents.

Miss Couch is a niece of Mr. and Mrs. Grover Cole and has visited here on numerous occasions since her residence here. She taught one year at Thalia and for the past year has taught at Abilene.

Swimming Party Honors Visitors

As a compliment to several young ladies, who are guests in the city, Mesdames T. S. Haney, Jack Seale, Pete Bell and Hubert Brown were hostesses last Saturday evening at a swimming party and picnic at the Country Club lake. The honor guests were Miss Marian Sanders of Quanah, who is spending the summer months with her sister, Mrs. Seale; Miss Marjorie Ann Cope, of Odessa, guest of Mrs. Haney; Miss Frances Tisdale of McAllen, guest of Mrs. Bell; Miss Oma Ray Braswell of McKinney, who is visiting in the home of her aunt, Mrs. Bill Odom, and Miss Jo Mills, guest of her sister, Mrs. Ragsdale Lanier.

Other guests included Misses Marjorie Spencer, Juanita Brown, Billie Brown, Marie Wells, Margaret Long, Theda Wright, Joyce White, and H. K. Edwards. Tom

Over 200 Cowboys Will Take Part in Stamford Rodeo

Stamford.—Some 200 top cowhands from Texas ranches will compete for \$2,300 in prizes in the rodeo contests during the ninth annual Texas Cowboy Reunion in Stamford July 4, 5 and 6. The rodeo is the central attraction in an elaborate program of entertainment which is expected to bring 75,000 visitors to Stamford.

R. M. Swenson, rodeo director, announced this week completion of arrangements for a line of rodeo stock calculated to give contestants plenty of difficulty. The Reunion's own string of bucking horses, which includes such well-known outlaws as "Calamity Jane," "Dr. Blackwell" and "Pitchfork Bay," has been supplemented with 25 pitching steeds leased from Homer Todd of Fort Smith, Ark. Todd supplied some of the stock which gave bronco-riding contestants so much trouble last year.

The Reunion's own herd of 25 bucking Brahma steers has been increased to 40 by animals secured from J. P. McFarland of Weatherford, assuring plenty of action in the steer-riding contest. Stock for the wild-cow-milking contest and the calf-roping event was selected in South Texas by "Scandalous John" Selmon, arena director, and Bill Lyons of Pasadena. Sixty Brahma calves were picked from a large number to secure uniformity of size and ample speed.

The distinctive feature of the Reunion rodeo is that its contestants are actual cowhands from the ranches rather than professional rodeo performers. Three performances will be held daily—8:30 a. m., 2 p. m. and 8 p. m. Besides the regular rodeo contests in bronco-riding, calf-roping, steer-riding and wild-cow-milking at all nine performances, a cutting horse contest will be held on the morning of July 5. Oldtime cowboys, over 55 years of age, will compete in a special calf-roping contest. In addition to the daily cash prizes, five special made saddles will be presented as championship awards.

H. D. Clubs Elect Delegates to Short Course July 13-15

Delegates to attend the business meeting of the Home Demonstration Association Short Course at A. & M. College July 13-14-15 were elected by ballot at the regular meeting of the Foard County Home Demonstration Council June 26 in Miss Myrna Holman's office.

The delegates elected were: Mrs. Levelyn Morgan of Ganeyville, Mrs. R. G. Whitten of Riverside and Mrs. Curtis Bradford of Margaret. Mrs. Charlie Bryson will also attend as a delegate from West Side Club. The Council will have its next monthly meeting in Miss Holman's office July 16.

Wage Accounts Being Posted 650,000 a Day

Wichita Falls, June 16.—Wages of millions of men and women for whom the Social Security Board has established old-age insurance accounts were being posted during the last day of May at an average rate of approximately 650,000 entries a day, J. Gordon James, manager of the Wichita Falls office of the Social Security Board, said today.

The wages now being posted, James explained, are from employers' wage reports for 1937, which were filed at the end of each month period. Approximately 75,000,000 wage items reported by employers for 1937 have been received by the Social Security Board from the Bureau of Internal Revenue, and about 40 per cent of these have been posted to employees' accounts.

Under revised regulations effective January 1, 1938, employers now file a tax return every three months, when they pay their taxes and their employees' taxes. On the same form they list the amount of wages paid to each employee during the quarter. Approximately 2,100,000 wage items reported by employers for the first three months of 1938 have been received by the Social Security Board. Employers' wage reports are filed with the Bureau of Internal Revenue; and, after they have been checked against the employer's tax return, are turned over to the Social Security Board where each employee's wages are recorded in his old-age insurance account.

Although there is a few months' lag between a worker's pay day and the day his wages are recorded in his old-age insurance account, this will not cause delay in settling a claim for benefits, Mr. James said. Lump-sum payments are now being made to workers reaching age 65 and to heirs and estates of workers who have died. Supplemental information concerning employees' wages needed in settling such claims is obtained from the worker's employer. James stated that in no instance had an employer denied this co-operation.

TO SPEAK SATURDAY

Charles H. Tennyson, candidate for State Senator of the 23rd District, will speak in Crowell Saturday afternoon at 4 o'clock.

No Horses in Borneo

There are no horses in Borneo and very few cattle and carabaos (water buffaloes). The cattle are imported from Java for milk and beef and the carabaos for work in truck patches. Game, too, is scarce—outside of crocodiles and monkeys.

Displacement Tonnage of Ships

The displacement tonnage of a ship is the weight of the water that would be necessary to fill the space occupied by the ship's hull. The law was discovered by Archimedes two and a half centuries before Christ.

Whether or not an unemployed man may obtain unemployment benefits depends upon his "work record" which is listed with the Unemployment Compensation Commission in Austin. Employers supply the work record when the man is working. It shows for whom he worked, how long he worked and what his salary was.

LEAVE FOR CALIFORNIA

Herman Allison arrived here Monday afternoon from Covina, Calif., for a short visit with his parents, Mr. and Mrs. J. W. Allison, and other relatives and friends in Crowell. He left Wednesday afternoon on his return trip home accompanied by his parents, who will make an extended visit in California.

BUYS INTEREST IN STORE

J. E. Shepard purchased the interest of Doyle Kenner in the Corner Drug Store of Crowell this week. Mr. Shepard has been employed at the store during the past six months. He and Henry Black will manage the store in the future.

Mr. Kenner has been a partner in the concern since its opening last August, having been one of the establishers of the store.

ENLISTS IN U. S. ARMY

Ira Klepper, son of Mr. and Mrs. Beulah Klepper of Crowell, has enlisted in the United States Army, according to an announcement received from Colonel L. S. Ryan, recruiting officer of the recruiting station in Oklahoma City. Klepper is stationed at Ft. Francis E. Warren, Wyoming, for service in the infantry.

BOOSTERS VISIT

A bus load of boosters from Aspermont were in Crowell last Thursday afternoon, advertising Stonevalley County's Golden Jubilee celebration which will be held in Aspermont Thursday, Friday and Saturday, June 23-24-25. The people of Foard County were extended an invitation to attend the fiftieth anniversary celebration. Several numbers were rendered by the Aspermont band.

Two rodeo performances will be given during each day of the celebration. A carnival, skating rink and dances will also offer entertainment to visitors during these three days.

Free barbecue will be served in cowboy style each day at noon.

BREAKS ARM

Nalley McClure, son of Mrs. Coystal McClure, received a fractured radius bone in his right arm last Thursday morning about 10 o'clock, when a limb of a tree on which he was sitting broke. The weight of his body fell on his right arm when he struck the ground. The arm is reported to be healing satisfactorily.

THALIA BUSINESS CHANGE

Bill Cates has bought the interests of Raymond Jones in the Stonevalley-Jonas Grocery in Thalia, according to J. A. Stovall of Crowell, who owns an interest in the grocery. The store will be operated under the name of Stonevalley-Cates Grocery Company with Mr. Cates as manager.

Most of the letters that come to the Unemployment Commission in Austin are from people who think the money subtracted from their pay checks is for unemployment compensation. This money is for old age insurance. The employee does not contribute to the Unemployment Compensation Fund. These contributions are made only by the employer.

rate will get the benefit of the 3 1/2 per cent rate for all interest in installments payable prior to July 1, 1940, and after that will not have to pay more than the 4 per cent contract rate for the balance of the term of the loan, which may be for as long as 20 to 30-odd years.

LONG SERVICE

B. J. Glover and daughter, Mrs. Marion Ryder of Gililand were in Crowell Tuesday visiting friends. Mr. Glover has recently returned from the Portwood Ranch in Baylor County where he had been working for the past eight months. He has been working as a cowboy for the past fifty years and most of that time has been spent in the employ of two men, Furd Haisell of Fort Worth and W. H. Portwood of Baylor County. Mr. Glover was working on the Wichita River in 1888.

ON RADIO PROGRAM

Raymond Horn, former resident of Foard County and student of Crowell High School, took part on a radio program which was broadcast from station KRLD in Dallas on Wednesday, June 22, from 11 p. m. until 6 a. m.

Raymond is now a student in the Stamps, Baxter School of Music in Dallas.

LIBRARY NOTES

"Of Mice and Men," by John Steinbeck, an author of rare and unusual talent, has been called the season's best American play. This is an exquisite tale of the lives of two men who in their loneliness cherish the slim bonds between them and the dream they share. The situation is developed with all the unity and concentrated force of a great drama, and it is written in the form of a novel.

"New York Times" has written of it: "A novel that takes two hours to read and twenty years to forget."

TOM E. HUNT

A fair, clear-thinking, fact-facing business man for GOVERNOR

4-H Club Activities

Eighty-four chickens taken various times from April 1 to 12 have been raised by the Black 4-H Club.

Only ten of the chickens lost and these drowned in a sudden downpour of rain which were out one afternoon. In addition to raising the chicks Dorothy is keeping a record of the eggs produced by a family flock of 45 hens.

ROTARY CLUB

The regular meeting of the Crowell Rotary Club was held Monday at noon. A telegram from Henry Ferguson, who is a member of the Rotary International Convention in San Francisco, was read and it stated that he had read a wonderful time.

The program was in charge of J. A. Stovall and Charles J. A. Stovall and Charles J. A. Stovall gave a talk on his experiences in pioneering in the community. Mr. Sandifer arrived here in 1889 and land adjoining the town of Crowell to the east. He dug a feet deep on this land and to find water which he used for the next several years.

The next meeting of the club will end the year's work and the present officers and the officers will take up their first week in July.

Federal Land Bank
Loans Continued**

Houston, June 16.—The continuation of the temporarily reduced interest rates on Federal Land Bank and Land Bank Commissioner loans, as a result of recent congressional action, will apply to all interest payable prior to July 1, 1940, A. C. Williams, president of the Federal Land Bank of Houston, said today. On Federal Land Bank loans through active national farm loan associations, the temporarily reduced rate will be 3 1/2 per cent a year. Mr. Williams said the temporarily reduced rate of 4 per cent on Land Bank Commissioner loans, made through the land banks, will also be continued until July 1, 1940.

He explained that the temporary interest reduction provided by Congress does not change the contract interest rate, that is, the rate written in the mortgage at the time a loan was made. The contract rate on all Commissioner loans is 5 per cent. Mr. Williams said that under the law, as now amended, both land bank and Commissioner borrowers will resume interest payments at their respective contract rates on July 1, 1940. Farmers who obtain new loans through an active association at the 4 per cent contract
