## CROWELL WILDCATS READY FOR LAST CONFERENCE GAME OF SEASON WITH ARCHER CITY HERE FRIDAY NIGHT

### Means Championship for Local Club

Grady Graves put his team-bound Crowell Wildcats on their last paces in the final District game with the Archer City Wildcats on the Crowell campus Friday night at 8 o'clock. Game Site Changed. The game was originally scheduled to be played in Archer City but by an agreement between the two schools, the game was moved to Crowell in order that the greatest footbal fans of the history of Crowell school in action in disjunction.

### Gate Built

A gate exit was made in the east side of the field which will allow the grounds to be used for other purposes. The gate is wide enough to allow two automobiles to pass through at the same time. The only gate in the entrance gate was on the west side and cars were unable to leave the grounds at a time. This gate was opened after football practice.

The gate will be filled by players from next year, Que and Murphy Solis, who are in line to fill the positions.

The gate might be playing a role in the Wildcat game on the Wildcat campus. Their only chance to win in Crowell would be to win tomorrow night to gain the championship and the game will be played here.

Predicted to Lose. The game in many years, Crowell is predicted to lose to the Archer City Wildcats. The Archer City Wildcats are the Crowell boys' team to clinch the District Championship. A defeat at Archer City would be the biggest upset in the history of football, ever greater than the Tech victory over the Panthers.

Wichita Falls sports editor, "All in Good Sport," stated that it was a secret until now. Crowell is bound to be beaten, for the Gravesmen of all their games so far. Crowell has had much trouble and due for a letdown.

The Archer City Wildcats, J. C. Barnett are a victory which is long in the jinx should be opened. A shift in the game to Archer City to the second successive game is seldom that Crowell has played since the last time they played in the same field for reasons which are obvious to anyone.

as any fan will tell you, it can happen in a heartbeat. The above statement is the Wichita Falls sports editor's prediction and would suffer in every game they have played since the last time they played in the same field for reasons which are obvious to anyone.

## DOUBLE CENTER STRIPE PUT ON HIGHWAYS AS SAFETY MOVE; VEHICLE OPERATORS CAUTIONED

### CROWELL TEARS UP EAGLES IN GRID TILT, 33-7

### Chillicothe Lads Hold Wildcats to Close Score 3 Periods

Staging a last quarter scoring spree, Coach Grady Graves' championship-bound Crowell Wildcats completely smothered their old rivals, the Chillicothe Eagles, under a 33 to 7 score on the Crowell gridiron last Friday night.

The game was more closely fought than the final score indicates and for three periods fans were kept on the edge of their seats while witnessing some of the finest class B playing exhibited on the local field this year.

Que Meason was the outstanding Wildcat last Friday night with his long runs and strong defensive play. Raymond Joy fought odds through the game but turned in a brilliant game in spite of the fact that the Eagles' defense was set to stop him. Bernice Fitzgerald and Wayne Canup starred in their wing positions, with Johnson and Gaffney, tackle; Dunn and Branch, guards; and Jack Fitzgerald, center, doing stellar work in the line.

Stars for the Eagles were G. Morrison and Johnson in the backfield and H. Brock, end, did much to stop the Wildcats.

Charles Branch was removed from the game in the third quarter with an injury that will handicap him in the Archer City game. His right hand was badly bruised.

(Continued on Page Four)

Double center stripes have been placed on the highways of this county and throughout the state as the latest step taken by Texas in attempting to cut down the heavy traffic death toll of the state.

Drivers Cautioned. These double stripes have been put on the highways where there is not a sight distance of at least 1,000 feet, according to Curtis Ribble, section foreman of Foard and Hardeman Counties, and drivers are cautioned not to drive in the middle of the pavement or attempt to pass a car where there are double stripes.

Sections of pavement where the double stripes are most commonly found are on hills or curves, although this safety precaution has been taken on the highway where sight distance is under 1,000 feet, which is the shortest safe driving sight distance.

"When you see a double stripe on the highway, be sure to stay well to the right side of the pavement and exercise safety measures by not driving over the center stripe or passing a car, because there is not enough sight distance to operate a vehicle in such manner where the pavement is double striped, and you will be in danger when crossing the stripes," Mr. Ribble cautioned motor vehicle operators.

This safety movement is the latest to be practiced in Texas, and was only recently released from the state offices in Austin. Officials state that by observing traffic rules on double striped sections of pavement, the operator is driving safely and each driver will be doing his part in the safety program of the State Highway Department.

Mr. Ribble stated that just as soon as the new asphalt on Highway 16 in this county has cured sufficiently, the double center stripe would be placed on that highway. Highway 28, east and west through the county, has already been double striped where the sight distance is under 1,000 feet.

## FORTY-THREE RENEWALS AND NEW SUBSCRIBERS RECEIVED SINCE LAST LIST PUBLISHED

The annual fall subscription campaign of The Foard County News is gaining momentum as each week passes with the addition of many new subscribers as well as many renewals being received. One of the most encouraging experiences of newspaper work is that time of year when subscriptions fall due and are renewed promptly as has been the case with this paper for many years.

The Foard County News' staff is proud of its large list of readers which has had a steady growth for the past several years. This encouragement adds much to the pleasant side of the monotony of the routine of working all week to assemble news items and advertising to print a paper and the following day consign it to the melting pot.

Following is listed renewals and (Continued on Page Four)

Find \$1,500 in Phone Books

Page by page, searchers go through old phone books looking for \$1,500 left in their old directory by Mr. and Mrs. John West of Alston, Mass. The searchers went through 75,000 of the 100,000 books stored in an old The searchers before they found the money. The money, all in \$100 bills, was placed in a jewelry box and was hidden in the directory for safe-keeping.

### Regular Reader for Forty Years

When a man renews his paper for the fortieth consecutive year it is no doubt, safe to say he is a regular subscriber. And when his regularity becomes so perfect that his subscription is received and dated up on the same day of the month and year as has been the case with J. R. Coffman of Albuquerque, N. M., whose renewal was received on Nov. 16 both in 1937 and 1938, it becomes almost mysteriously regular. It is hoped that Mr. Coffman will hit the bull's eye on Nov. 16 for many more years to come.

Thanks, Mr. Coffman, we are thoroughly convinced that you are a regular subscriber to this paper.

Do we have other readers that have taken the paper for forty years or longer? If we do, we would like to know it. —THE EDITOR.

### Legion Convention to Be Held in Seymour Saturday and Sunday

A convention of the 13th district of the American Legion, Department of Texas, will be held in Seymour on Saturday and Sunday, Nov. 19-20, according to an announcement received from Victor Nobles, 13th district commander, of Wichita Falls.

Silas W. Baker of Post No. 209, Seymour, is arranging a worthwhile program, and a cordial invitation is extended to everyone, especially Legionnaires and veterans and their wives.

The purpose of this convention is to study the program for 1938-39 and to transact such other business as shall come before it.

Voting strength will be based upon 1939 paid-up memberships, as certified to the district commander. Each Post is urged to send delegates to the convention.

WITH S. C. S.

Jody F. Boston, former Administrative Assistant of Foard County who was recently transferred to Seymour, is now a junior agronomist of the Soil Conservation Service and is stationed in Stratford, Texas. Word from Mr. Boston to this effect and also an order to change The News to that city was received Wednesday afternoon.

## CROWELL SCOUTS WILL DISPLAY REPTILE STUDY BOOTH AT MERIT BADGE SHOW IN WICHITA FALLS

The Crowell Boy Scout Troop, No. 53, will have a booth in the Boy Scout Merit Badge Show of the North Texas Council to be held in the McConnell Building, 915 Indiana Street, Wichita Falls, on Friday from 7:30 until 10:30 p. m. and again on Saturday from 2 to 10:30 p. m.

Reptile Study Booth. The Crowell troop will sponsor a reptile study booth and preparations for the show have been underway ever since the troop was given the assignment several weeks ago. The Crowell Scouts have over fifteen species of the reptile family commonly found in this section, ranging from rattlesnakes to dry land terrapins.

Troop Selling Tickets. Tickets to the Merit Badge show are being sold in Crowell by the local Boy Scouts. The local troop was allowed 125 tickets, which will be sold at twenty-five cents each, and it will receive 33 1-3 per cent of the money obtained in the sale of the tickets. This percentage will be given to the Crowell Scouts for local work. Everyone is urged to purchase a ticket and help finance the activities of the local troop, whether they expect to attend the show or not.

Will Leave Friday. The entire Crowell troop will leave Friday afternoon, under the leave Friday afternoon in Womack, in time to arrive in Wichita Falls and have the booth ready for the opening of the show. Scouts of the higher classes will be in the booth during show hours, and Scoutmaster Womack will have charge of the Crowell booth. Several Crowell men interested in scout work will accompany the troop. Parents and friends are urged to see the show and encourage the boys.

## Drilling of Wildcat Oil Test 8 Miles South of Crowell To Be Started In Next Few Days

### 1938 AAA FARM PROGRAM WITH CHANGES FOR 1938 PROGRAM TO BE DISCUSSED AT MEETINGS

Three meetings of farmers will be held in various communities of Foard County this week for discussion of the 1939 A. A. Farm Program and the changes to be made in the 1938 program, according to a release Monday by J. S. Harper, administrative assistant, and John Nagy, farm agent.

Several shelterbelt officials from Vernon will be present at the meetings, according to Mr. Harper, who, with Mr. Nagy, will have charge of the programs.

Meeting Places. The first of these meetings will be held in Thalia last night (Wednesday) these meetings will be in Margaret, tonight (Thursday, Nov. 17), at 7:30 o'clock. The last of these meetings will be in Crowell Saturday afternoon, Nov. 19, at 2:30 o'clock. The Crowell meeting will probably be in the district court room.

Officials urge everyone to be present, no matter what opinion you may have in regard to the present and future programs, so that when the vote is taken on December 10, 1938, it will be clear to you what the result will mean to farmers.

There have recently been held state-wide meetings at various points for the discussion of the 1939 A. A. Farm Program, and of the changes that are to be made in the 1938 program.

### HOME COMING AND RALLY

A home-coming and rally day will be held at the Paducah Christian Church next Sunday, Nov. 20. Services will begin at 9:45. At the close of the morning service there will be a basket dinner. Out-of-town guests are expected to attend. Special music is being planned.

### WILL VISIT PARENTS

J. Edgar Kimsey, postmaster of Texon, says in a letter to The News that he expects to be here to spend Thanksgiving with his parents, Mr. and Mrs. W. W. Kimsey. "For the past fourteen years I have been away from my parents on Thanksgiving and Christmas and, while it is impossible for me to be with them at Christmas, I am making this trip at this time to be with them on this day," Mr. Kimsey stated in his letter.

### Co-Operation Asked

As everyone knows next Thursday is Thanksgiving a national holiday, and due to that fact, the staff of The Foard County News asks the co-operation of advertisers, correspondents and everyone in order that the paper may be published on Wednesday of next week so that The News force can enjoy that holiday.

Advertisers are asked to prepare their advertisements one or two days earlier. Correspondents are urged to have their items into the office one day earlier—not later than Tuesday noon—and any news items given us will aid in our attempt to publish The News on next Wednesday, one day earlier than the regular publication date.

Any and all co-operation received will be deeply appreciated. THE NEWS STAFF

### Interest Shown In This Test Near Foard City

Drilling of a 5,000-foot wildcat oil test, the Finleywood-Kaufman-Owens No. 1, will be started soon on land owned by Preston Owens eight miles south of Crowell and three miles southeast of Foard City by Grace & Wood, drilling contractors of Wichita Falls.

The test will be located 330 feet east and 330 feet south of the northwest corner of section 455, block A, H. & T. C. Ry. survey, and on a 4,000-acre block assembled by C. A. Fleetwood and H. C. Kaufman of Tulsa, Okla.

The test is contracted for a depth of 5,000 feet, unless oil and gas are encountered at a more shallow depth. Drilling equipment will be placed on the location within the next few days, probably this week, and drilling operations will be started as soon as possible. The location was staked off last Sunday.

Much interest is being shown in this test, and reports are that this wildcat test is carrying more interest than any ever before drilled in this county. This is due to the fact that the test is being drilled in untested territory, on which very favorable geological reports have been made.

### NEW PHARMACIST

Payton Powers, registered pharmacist, of Lubbock has been employed at the Corner Drug Store, Henry Black, owner and manager, has announced.

Mr. Powers is a graduate of the University of Texas and has many years' experience as a druggist. He had been employed in the prescription department of Halsey Drug Store in Lubbock.

### FOARD COTTON REPORT

There were 6,762 bales of cotton, counting round as half bales, ginned in Foard County from the 1938 crop prior to November 1, as compared with 6,966 bales ginned prior to the same date last year, according to a report from the Department of Commerce in Washington, D. C.

### NEW CAR REGISTRATIONS

The following new automobiles were registered in the office of the tax assessor-collector since last Wednesday:

- W. F. Hlavaty, Chevrolet sedan.
- W. A. Dunn, Chevrolet sedan.
- W. G. Davidson, Ford coupe.

### Czech Forts Now a Playground

Children at play in the shadow of a fort in what once was Czechoslovakia's Maginot line. The scene was photographed at Neuhaus. The forts, constructed under the direction of the French army general staff were regarded as among the strongest fortifications ever designed, and were intended to protect the Czechs until aid arrived from France.

Page by page, searchers go through old phone books looking for \$1,500 left in their old directory by Mr. and Mrs. John West of Alston, Mass. The searchers went through 75,000 of the 100,000 books stored in an old The searchers before they found the money. The money, all in \$100 bills, was placed in a jewelry box and was hidden in the directory for safe-keeping.

C. W. Carroll spent last week on a fishing excursion at Lake Kemp.

Mr. and Mrs. Roy Alston and children and Mr. and Mrs. Hubert Carroll and children spent Saturday night with Mr. and Mrs. Dave Alston and family of Crowell.

#### SAFETY SLOGANS

No one is sufficiently expert to drive a car with his attention divided. Carelessness is a hazard.

The smart driver is the safe driver and the safe driver is smart. In driving past parked cars, drive carefully. Too many persons step out from between parked cars without waiting to see if the way is clear.

The state of New York recently adopted the use of mechanical moment to control the speed of reckless drivers who have been convicted of reckless driving.

#### ENROLLMENT INCREASES

Lubbock.—Sixty-four per cent of the 3,507 students enrolled at Texas Technological College this fall are men, an increase of two per cent over last year. Normal increase over last year's enrollment is shown in each division of the college. Total agriculture enrollees is 473, an increase of 59 over fall 1935; 821 engineers this year shows a gain of 85; 422 home economics majors gives that division an increase of 20 students; and 1,791 students in all the arts and sciences shows an increase of 194. Graduate students in all divisions total 89 this year, as compared with 63 in the fall of 1935.

"Ears" of Anti-Aircraft Artillery

Photograph shows one of the new streamlined sound detectors the army tested during the air corps and aircraft defense maneuvers in North Carolina.

Sixty million visitors are expected to attend New York's World's Fair next year.

The ocean's greatest depth is 35,400 feet—off the Philippine Islands.

The highest mountain peak is Mount Everest in India. It rises to 29,140 feet.

Scientists claim that the Pacific ocean's bottom has dropped 5 feet in the last 5,000 years.

The Order of the German Eagle recently given Col. Lindbergh was created by Hitler in 1937.

It is estimated that fully one-half the sweepstake tickets are sold in the United States.

The Great Atlantic and Pacific Tea Company will shortly institute a campaign of advertising in 1,300 newspapers in 39 states.

It requires 2,000 feet to bring to a station without discomfort to the passengers, a modern streamlined train traveling at the rate of 100 miles an hour.

Anne Lindbergh has written two books, "North to the Orient," and her latest one, "Listen! the Wind." Critics pronounce them both good.

Charles Lindbergh predicts that stratosphere planes of the future will cross the ocean without any sense of the water below.

For the past 100 years the indigent aged of New York who live in the city's municipal poorhouses on Staten and Welfare islands have been issued a standard type of garment.

The Oklahoma state safety commissioner has found that 32 persons he licensed to drive automobiles are receiving pensions as needy blind.

Some interesting facts respecting the early salaries of high government officials are given in a recent publication, which notes that Washington's salary of \$25,000 a year was the pay of all Presidents until 1873.

Cabinet officers in the early days received what would be considered very meager pay today.

Members of Congress received no regular yearly salary in the early days, but were paid \$6 a day when actually attending sessions.

Leading opera singers, movie stars, prize fighters and baseball players would sniff at these salaries, except that of the President, and many of them receive, even if they do not earn, much more than is paid the nation's chief executive.

Consequently, the necessity of persons developing their natural defenses against all infections including pneumonia, is just as important and essential today as it ever was.

After all, many cases of pneumonia get their first start by way of a lowered bodily resistance which provides a fertile soil for the pneumococcus germ to produce the disease.

Regardless of the scientific progress thus far made, and regardless of the possible extension of their progress the predisposing causes will always remain the same.

In many cases a cold is pneumonia's forerunner. If one reasonably abides by the rules of personal hygiene involving the use of proper food in proper amounts, sufficient sleep, adequate exercise, the maintenance of a healthy indoor temperature, clothes geared to the thermometer rather than to fashion, the avoidance of the excessive use of stimulants of all kinds and the elimination of debilitating habits, many colds which might lead to pneumonia can be avoided.

And if to that fundamental protection be added sensible precaution against wet feet, injudicious cooling off when over-heated, avoiding drafts and as far as possible shying from close contact with members of the family, friends or others already suffering from colds, one's chances of being victimized by pneumonia's main stepping stone, the cold, will be further decreased.

Yet, if despite due precautions a cold appears, the time for personal reliance on one's own resources has passed. The first and most effective line of defense then is to consult the family physician promptly since the knowledge and skill which he possesses demands early application for the most effective results.

HITLER'S CAREER Fifteen years ago Adolf Hitler was in prison at Landsberg, Germany, where he served nine months after an unsuccessful attempt to start a revolution.

After the war he became a political agitator; was jailed, but resumed political activities after release. In 1932 he was defeated for the presidency.

His strength having become too great to be ignored, he was offered the post of vice chancellor by President Hindenburg, but declined. Was offered post of chancellor, but refused to accept on Hindenburg's terms.

He was made chancellor with full power as such. Upon Hindenburg's death in 1934, Hitler assumed the duties of both president and chancellor.

Since 1933 Hitler has rearmaged the nation; won back the Saar region by plebiscite; remilitarized the Rhineland; annexed Austria and a part of Czechoslovakia. What will his next move be? The world wonders.

ANSWERS 1. The Wage-Hour law. 2. Homer Martin. 3. United Automobile Workers. 4. England. 5. Justice of the Supreme Court of the United States. 6. Michigan. 7. He was known as the "model husband." 8. South Bend, Indiana. 9. Alma Gluck Zimbalist. 10. He is a C. I. O. labor leader.

WINTER IS GETTING CLOSER Get ready for cold weather with one of our heating pads. For the cough try ASPIREX, the perfect cough drop.

Aspirex COUGH DROPS Contains aspirin. Better than a gargle.

Electrex Heating Pad Controlled heat. Underwriters' approved. Long-lasting.

Pneumonia Most Likely to Occur In Winter Months

Austin. — "Though pneumonia may and does occur at all seasons of the year, the winter months see the highest incidence of this disease. With relatively few cases during the summer, an increase in pneumonia is observed with the advent of fall, usually quite noticeable in November, which continues through December, January, February and March before the number of cases again declines to the "warm weather" level.

The time is therefore quite short before the beginning of the so called "pneumonia season," states Dr. Geo. W. Cox, State Health Officer.

Lobar pneumonia is an infectious disease. In well over 90 percent of the cases it is caused by one of the thirty-two types of the pneumococcus germ. Against some but by no means all of these varieties of the pneumococcus, serums have been developed which have proven extremely beneficial in the treatment of pneumonia cases caused by these particular types. In order that best results can be expected the serum must be given early.

Another remarkable advancement by medical science in its struggle with pneumonia was the perfection within the past several years of a method of quickly identifying the type of pneumococcus causing the illness in each individual case. Thus progress has been made but we are yet far from the

Crowell, Texas, November 17, 1938

When thou prayest, enter into thy closet, and when thou shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly.—Matthew 6:6.

It is generally conceded that Hitler will eventually plunge the world into war. The position taken by Hitler is too arbitrary to ever permit of a compromise in any matter. His arrogant attitude is such that to compromise would weaken his hold and break the spell.

There has been too much interference with business on the part of the federal government the past few years. The uncertainty with which all business has been faced has definitely delayed recovery.

The time is not far off when every state will require all persons seeking marriage to undergo a strict physical examination. Several states have such a law, but until all states have it, those objecting to its provisions slip across the state line and thus evade its requirements.

A mid-western town, in an effort to replace the trees destroyed by drought, bought 3,000 small trees at small cost and set them out in a few inches in rows to further develop. In two or three years they will attain a good size and may be distributed about town to whoever desires to plant and care for them.

Practices may change with the changing conditions of the time, but principle remains the same. Some men may feel that because others do, that they can escape and avoid paying their just debts. But the man who pays his debts is assured of a place in the estimation of all with whom he deals.

Some one suggests that this nation accord the same treatment to foreigners who attempt to carry out foreign activities in this country that Americans would receive in their country if they attempted to null the same fast and funny stuff that the foreigners do here.

A comparatively few years ago the airplane was practically unknown as an implement of war. England felt safe with her navy and this nation felt safe with her ocean barriers. The airplane has changed all this. It is interesting to speculate as to what will come after the airplane.

The National Resources Committee recently issued a report that its recent survey showed that 32 per cent of the nation's family units and individuals had incomes under \$750 a year, 7 per cent under \$1,000, 469 per cent under \$1,500.

The man who works hard and saves his money so that he may be self-sustaining when he gets old, not only misses a lot of good times and fun that the spendthrift enjoys but earns the title of the village scoundrel when he gets old.

An effective warning near a railroad crossing in Kansas on which six persons were killed is the weakened car near the crossing bearing the sign: "Six Persons Were Killed When the Train Struck This Car."

A statesman stands for the things that are best for his country, whether they draw votes or not, a politician stands for the things that will get the votes whether they are good for the country or not.

Long hair for women is gradually heating back. The women are fighting it but irresistibly it is on its way back. The transition stages present some weird styles that all but baffle the most ingenious hairdresser.

Things will come your way easier if you meet them nine-tenths of the way.

Fleas Live on Others
There are over 100 different kinds of fleas, including rare and common ones, and none if them is able to look out for itself. It must always live on the blood of some bird or animal.

Several scientists now say Freud's theories are the bunk. Like most other theories.

Archer City—

(Continued from Page One)
points against their nine opponents, or a little more than 33 points per game, while having about 1 1/2 points scored against them in each game. The Holiday Eagles and Chillicothe Eagles are the only clubs to cross the Wildcats' goal line, for a total of 13 points.

A victory for the Archer City Wildcats is long over-due, but why pick Crowell for them to beat? They stood much better chances of defeating Burk Burnett or any one of the other clubs in the district.

The third statement came from what probably is an oversight. It is very, very seldom that the Crowell crew has played a club on the same field two successive years. The Wildcats played the Iowa Park Hawks on the same field two successive years and defeated them both times.

The last statement is sane. Most anything can happen in a football game. If the Crowell boys start loafing, of which they have given good exhibitions in previous games, and go to sleep, Archer City will upset them.

Crowell Will Win
The Crowell Wildcats will hang up their tenth consecutive victory here tomorrow night, because there is a lot at stake which does not meet some people's eyes.

Crown At Stake
A defeat for the Gravesmen would throw the district race into an uproar, because Crowell and Throckmorton would be tied for first and second places. The Wildcats will do all in their power to avoid this.

Scarlet Fever on Increase with Coming of Cold Weather

Austin.—The seasonal rise in prevalence of scarlet fever has begun, Doctor Geo. W. Cox, State Health Officer, reports. Each year as cold weather approaches, reports of scarlet fever cases tend to increase in number. This year, a slight increase in recorded prevalence was noted in September, with a larger rise recorded for October and the first week of November.

Fever, headache, sore throat and vomiting are early signs of invasion by the scarlet fever germ. The incubation period, or the phase between exposure and onset of illness, is usually from two to six days. On the second day, as a rule, a rash appears which may cover the entire body.

The rash of scarlet fever is usually but not always present. The patient who has symptoms and signs of the disease, but without rash, should be isolated as well as the patient who shows the rash.

A disease such as scarlet fever is dreaded whether in severe or mild form, because of the frequent development of secondary complications especially those of septic nature. Among complications, the most frequent are those affecting ears, neck glands, kidneys or the heart. Convalescent human immune serum prepared in laboratories can be used in many cases to prevent and modify the disease.

Scarlet fever is a disease of the colder months and may be expected to continue until late spring. The current increase in prevalence is not cause for alarm but emphasizes the importance of early recognition, prompt reporting of cases and careful isolation of infected persons.

HOUSEHOLD HINTS

When removing adhesive plaster, moisten the surface of the plaster with either gasoline or kerosene. It will then come off without the least discomfort to the patient.

Try cleaning your bathroom with a soft cloth dampened in coal oil and polishing with a Turkish towel.

If white paint is washed with water in which a few onions have been boiled the dirt will disappear, leaving you paint white, glossy and perfectly clean.

Portable electric traffic lights which can be attached quickly to a permanent base in the street have been devised to protect school children during school hours.

About the most permanent thing in the world is a "temporary" increase in taxes.

Eagles—

(Continued from Page One)

play of the tilt, Que Meason, crack Crowell halfback, found a hole at right tackle, got past the line of scrimmage where he reversed his field to gallop 63 yards before being carried out of bounds on the Eagles' 1-yard marker. Meason failed to gain and Joy lost one yard. Bernice Fitzgerald, ace wingman of District 10-B, and Joy passed incomplete and the Wildcats' touchdown drive was halted on the Chillicothe 12, where the Eagles took possession.

Fumble Results in Score
The stage was quickly changed when on the Eagles' first play, G. when a player stepped on the back of his hand with a football cleat.

Meason Gallops 63 Yards
The Wildcats' first score came early and easily. Crowell took the opening kickoff on its own 15-yard line and was unable to make a return. On the first scrimmage play of the game, Raymond Joy, sensational Wildcat quarterback, sped through left tackle and ripped off 14 yards to put the ball on the Crowell 27. On the second scrimmage, Meason fumbled with a Wildcat snaking the ball on the Chillicothe 8-yard line. Joy circled left end to cross the goal line for the first score standing up. The attempted place kick was wide. Crowell 6, Chillicothe 0.

Eagles Threaten
B. Fitzgerald's kick off was taken on the Eagle 5 and returned to the 28. The Eagles were forced to punt on the fourth down after being able to gain only 7 yards and the Wildcats took the ball on their own 23-yard marker. On three plays Joy and H. Sallis made a first down on the Crowell 35. Chillicothe's first scoring threat came when Johnson intercepted Joy's pass and returned it to the 25-yard line.

Second Period
Johnson passed to H. Brock to the Crowell 44, and G. Morrison circled right end for a first down on the Wildcats' 37. Morrison passed incomplete and then made a Canup gave Crowell possession of the ball on its own 26 with an interception. Joy and Meason made a yard each. Crowell received an offside penalty. A pass play failed and Fitzgerald punted to the Eagle 21.

G. Morrison and Johnson made 10 yards in three plays. H. Brock circled right end for 4 yards. Joy intercepted a pass to give the Wildcats possession of the ball on the Eagle 47. This break was evened on the following play when Crowell intercepted Joy's pass on the Crowell 49. Brock made 3 yards and G. Morrison passed to Dillon to put the ball on the Crowell 40. Graf made 2 and Johnson passed for 7 more yards. Joy and Johnson passed incomplete to give Crowell the ball on downs on the 31.

Joy made 7 yards in 2 plays. Crowell received a 15-yard clipping penalty. B. Fitzgerald ran from deep punt formation for a 7 yard pickup. Fitzgerald's punt was called back as both sides were offside. Again Fitzgerald punted and Canup killed the ball on the Eagles' 27.

G. Morrison passed for 25 yards to put the ball on the Wildcats' 38. G. Morrison's pass ruled incomplete, and passed two more in complete. Joy returned the punt 5 yards to the Crowell 35 and the ball was set back to the 20 by a clipping penalty. Joy made 1 and then passed incomplete. Joy and Johnson passed incomplete to give Crowell the ball on downs on the 45.

Second Half
B. Fitzgerald returned Johnson's kick off from the 32, but he Eagles recovered a fumble when Fitzgerald attempted to lateral and Chillicothe took over on the Crowell 44. Hugh Sallis gave Crowell the ball on the following play when he intercepted a pass on the 45.

Joy made 4 on two tries and Fitzgerald skirled right end for 9. Joy failed to gain and Meason cut off right tackle to speed 44 yards

IN THE NEWS

15 Years Ago

The items below were taken in whole or in part from the issue of The Foard County News of Nov. 15, 1923.

On Fishing Trip
Poor, innocent fish! They do not know what is going to happen to them, but we know. C. T. Schlager, L. G. Andrews, R. B. Bell and Claude Barry have gone to Southwest Texas after them.

Large Crowd
The Chamber of Commerce held its monthly banquet in the Baptist Church auditorium last Thursday evening, the elaborate meal being served by the ladies of the Baptist Church. On this occasion the wives and sweethearts were invited and about 125 plates were served.

First Boy in 46 Years
Dr. J. M. Hill was the last male child born in the Hill family 46 years ago until one night last week when J. M. Jr., made his appearance at the doctor's home. No wonder he is proud of the young man.

Another Big Rain
The record showed that a rain Monday, followed by another rain Tuesday totaled 1.49 inches.

1,530 Bales Ginned
According to the reports given by each of the three gins here there have been 1,530 bales of cotton ginned this season.

Narrowly Escapes Death
John Sullivan, aged 30, came very near losing his life Saturday night when an accident happened which pined him between a loaded wagon and the bank of Raggedy Creek. Nearly two hours after the accident, Frank Halenack and Chas. Mullins heard his screams for help and rescued him. His leg was smashed and badly bruised.

Buyers Turkeys
The local poultry dealers wanted to buy a car of turkeys and advertised that a car would be on the track Monday. They received about half enough of the birds to fill the car.

Wildcats On Spree
Johnson's kick off was taken by Owens on the Crowell 32. Meason failed to gain and Joy lost 1. On the first play of the last period, B. Fitzgerald punted from his own 28 to the Eagle 21, where the ball rolled out. Johnson failed to gain. G. Morrison picked up 2 and on the next play Canup recovered Graf's fumble on the Eagle 26.

On the first play, Joy passed over Eagle secondary to Meason for the third Wildcat score. B. Fitzgerald kicked the extra point. Crowell 20, Chillicothe 7.

Chillicothe took the kick off on the 11 and returned to the 25. Unable to gain more than 2 yards on two plays, Johnson punted out on the Crowell 38.

Canup Scores
Joy made 2 and Meason added 14 more. Joy swept around left end for 15. H. Sallis picked up 5. Crowell penalized 5 yards for offside. B. Fitzgerald passed to Canup over the goal line but the play was called back and Crowell penalized 5 yards for offside. Joy passed incomplete. Again Crowell drew an offside penalty. Joy went through right tackle for 17 yards to the Eagle 23. Joy passed incomplete. Meason hit right tackle for 5 and Joy passed to Canup for touchdown. The conversion failed. Crowell 26, Chillicothe 7.

Joy Ends Scoring
G. Morrison returned the kick off from the 10 to the 26. Joy intercepted a pass to give the Wildcats the ball on the Eagles' 38. Chillicothe drew an offside penalty. Joy went through right tackle for 5 yards and picked his way for 28 yards to the goal line. B. Fitzgerald's kick for extra point was good. Crowell 33, Chillicothe 7.

The Eagle second string came into the game at this point and held the Wildcats scoreless for the remainder, one time stopping the Wildcats and taking the ball on downs on their own 18, and the final whistle found the Eagles camped on the Crowell 49-yard line.

Fitzgerald punted from his own 28 to the Eagle 21, where the ball rolled out. Johnson failed to gain. G. Morrison picked up 2 and on the next play Canup recovered Graf's fumble on the Eagle 26.

On the first play, Joy passed over Eagle secondary to Meason for the third Wildcat score. B. Fitzgerald kicked the extra point. Crowell 20, Chillicothe 7.

Chillicothe took the kick off on the 11 and returned to the 25. Unable to gain more than 2 yards on two plays, Johnson punted out on the Crowell 38.

Canup Scores
Joy made 2 and Meason added 14 more. Joy swept around left end for 15. H. Sallis picked up 5. Crowell penalized 5 yards for offside. B. Fitzgerald passed to Canup over the goal line but the play was called back and Crowell penalized 5 yards for offside. Joy passed incomplete. Again Crowell drew an offside penalty. Joy went through right tackle for 17 yards to the Eagle 23. Joy passed incomplete. Meason hit right tackle for 5 and Joy passed to Canup for touchdown. The conversion failed. Crowell 26, Chillicothe 7.

Joy Ends Scoring
G. Morrison returned the kick off from the 10 to the 26. Joy intercepted a pass to give the Wildcats the ball on the Eagles' 38. Chillicothe drew an offside penalty. Joy went through right tackle for 5 yards and picked his way for 28 yards to the goal line. B. Fitzgerald's kick for extra point was good. Crowell 33, Chillicothe 7.

The Eagle second string came into the game at this point and held the Wildcats scoreless for the remainder, one time stopping the Wildcats and taking the ball on downs on their own 18, and the final whistle found the Eagles camped on the Crowell 49-yard line.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—A lengthy message, reporting in considerable detail upon the "state of the commonwealth" reviewing the accomplishments of the past four years, and making recommendations for the coming biennium, will be sent up to the Legislature by Gov. James V. Allred when the 46th Legislature convenes in Austin January 10. This is in accordance with constitutional procedure. The new governor, who will be inaugurated Jan. 17, will send up his first message shortly thereafter, if he conforms to custom. Thus the solons will have the benefit both of the experience of the out-going governor, and the ideas of the incoming governor, to formulate a legislative program.

Allred Already At Work
Allred already is at work on his message. He will dwell only briefly upon the triumphs of the past, but will outline rather extensively, according to informed sources, his idea of needed legislation. Paramount among his recommendations, these sources say, will be that the Legislature go forward toward completion of the social security program brought into existence in Texas during his administration. He will urge payment of teachers' retirement, aid for blind, aid for dependent children, and probably the creation of a permanent welfare organization, to deal with what is now recognized as the permanent problem of relief.

Another important recommendation, his advisors say, will urge the Legislature to clarify the conflicting legal procedure for setting the state per capita school apportionment. There has been a conflict of authority between the State Automatic Tax Board and the Board of Education, resulting in confusion, which Allred wants cleared up.

McDougle and the hostesses. Mrs. P. D. Autrey is spending this week with Mr. and Mrs. O. A. Solomon and family in the Gambelville community.

Mrs. Doyle Callaway and daughters, Reta Faye and Jo, of Crowell and Mr. and Mrs. J. M. Glover spent Sunday visiting in the home of Mr. and Mrs. A. W. Barker.

Fate McDougle and Jim Minnick made a business trip to Plainview Friday, returning home Saturday.

Mrs. L. D. Harris of Breckenridge, Mrs. J. B. Rasberry and daughter, Miss Russie, and Mrs. T. W. Cooper of Vivian spent last Thursday visiting Mrs. Lee Lefevre.

Mrs. I. S. Rundell of Walnut Springs is visiting her daughter, Mrs. E. V. Halbert. Mrs. Rundell expects to spend the winter here.

Mr. and Mrs. L. R. Tarpley and son, Wendell, of Truscott visited Mr. and Mrs. J. L. Farrar and son, Joe, Friday night.

Mr. and Mrs. R. D. Ferguson of Mangum, Okla., spent last Wednesday with Mrs. Ferguson's parents, Mr. and Mrs. A. W. Barker. Ben Barker, who had been visiting in Oklahoma for a week, returned to his home here with them.

The "Week of Prayer" program was held at the home of Mrs. R. E. Sparks last Wednesday. The occasion was an all-day affair, each woman bringing a covered dish and after the morning program lunch was served. There were 11 members present and Rev. and Mrs. Geo. E. Tyson of Truscott. Everyone reports a very interesting program with Mrs. J. M. Glover as leader.

Mrs. Lee Lefevre and daughter, Miss Lavoye, entertained Mr. and Mrs. Varris Wardell and Mrs. Jimmie Summerfruit on last Thursday evening with a dinner party. Those present, other than the honorees, were Jim Minnick, Mr. and Mrs. Blake McDaniel, Fate

## Father Flanagan

Spencer Tracy, pictured above, appears in "Boy's Town" as Father Flanagan, the man who founded a home for delinquent boys. Since its foundation, this home has grown until it has gained national importance, and the picture, "Boy's Town," is a high tribute to the man responsible for this movement.

Mickey Rooney plays a leading role in the picture, that of a boy who was destined to be hung until he came under the influence of Father Flanagan. "Boy's Town" is the Thanksgiving attraction at the Rialto Theatre, and is also showing Wednesday before Thanksgiving. Matinees are shown every afternoon at the Rialto.

Used coal and wood heaters at M. S. Henry & Co.

Lost—White bar sucking pig. Notify R. Davis, Rt. 2, Crowell, and get reward.

Mr. and Mrs. B. W. Self returned Monday from Mineral Wells where they had spent two weeks.

New pin-up electric lamps only \$1.95 at M. S. Henry & Co.

Mrs. Perry Hunter of Abilene was here Tuesday and Wednesday visiting friends.

Xmas gifts for the entire family at M. S. Henry & Co.

E. W. Brown, foreman of the repair department of Self Motor Co., local Ford dealers, is in Dallas this week attending a Ford service school.

Flash lite batteries only a nickel at M. S. Henry & Co.

Mrs. Maggie French and her daughter-in-law, Mrs. Clifton French, arrived in Crowell Monday from their home in Corpus Christi for a visit with relatives and friends. Mrs. Clifton French will visit her parents, Mr. and Mrs. H. C. Roark. Mr. French is on a hunting trip and will return by way of Crowell.

It costs no more to use Sherwin-Williams paint; it goes farther and lasts longer, get it at M. S. Henry & Co.

Lots of Superflex distillate heaters. The improved models.—W. R. Womack.

Get Sherwin-Williams paint at M. S. Henry & Co.

Mrs. W. B. Fitzgerald and Mrs. Grady Graves and children, Gordon Thomas and Robert Bradley, left Thursday morning for San Angelo where Mrs. Fitzgerald will visit her parents, Mr. and Mrs. R. S. Williams. Mrs. Graves will visit in the home of her sister, Mrs. Jap Bradley.

Lots of gas heaters, \$2.10 up.—W. R. Womack.

Paul Moore of Los Angeles, Calif., was here Wednesday night and this morning visiting relatives and friends. Mr. Moore is a former Foard County resident and was on his way to Dallas for a visit with other relatives.

General Electric alarm clock only \$2.95 at M. S. Henry & Co.

Miss Louise Ball, former teacher in Crowell High School, is now teaching school in Paris, Mo., according to word received in Crowell recently.

Mrs. R. L. Kincaid left Tuesday for Lubbock for a visit in the home of Mr. and Mrs. Harvey Turnbaugh. She will also attend meetings of the State P. T. A. convention which convened there Tuesday for a three-day session.

The Mellon Institute in Pittsburgh is modeled after a Greek temple with 62 Ionic monolithic granite columns. The building is trapezoidal in form and is nine stories high on the inner court and six on the street.

## Small Farmer Going Way of Buffalo and Indian, Says F. S. A.

The small farm operator of Texas and Oklahoma is headed for the same fate as the Indian and the buffalo, unless something happens which will stop the process under which small farms are now being absorbed into larger ones, according to Julian Wright, County Supervisor of the Farm Security Administration. Figures made public this week by the supervisor show that more than eleven million acres were added during the last five-year period to the group of farms in Texas which have more than five hundred acres, and that there was a similar increase in Oklahoma. The number of farms in excess of five hundred acres in Texas was increased during that five-year period by more than 1,000, the supervisor said, pointing out that the eleven million acres added to this group of farms is practically equal to the entire acreage planted to cotton.

"This increase in the amount of land worked in large farms has come along with a most remarkable increase in the number of tractors," the supervisor said. "There were 37,000 tractors in Texas in 1930, and this number has been increased to three fold, according to a conservative estimate which places the number of tractors in Texas this year at more than 100,000."

This movement for larger and more efficiently operated farms has helped to make Texas and Oklahoma more and more dominant in the cotton-growing industry. Farm Security Administration figures show that in Western Texas and Southwestern Oklahoma the human labor and horse or tractor labor cost the cotton grower eight and one-half cents for each pound of lint that he produces. In the Piedmont region of the Southeast, on the other hand, these costs amount to better than 12 cents a pound, or fifty per cent more than in the western area.

The price that the Southwest is paying for this increasing domination of the cotton market is the destruction of a large part of that body of small farmers who at one time constituted the greater part of its farm population, the FSA supervisor said. Many tenants who have tilled the land on the family farm basis are being made landless, and being forced by the machine into the towns, or reduced to the position of day laborers. Large numbers who have gone to the towns have fallen on relief or have sought refuge in distant states where they are no better off.

The Farm Security Administration is the Government agency which has been charged with responsibility of finding a way to help these small farmers who are being cut loose from the land, or are otherwise in distress. A comparatively few of them are being helped to buy family-sized farms of their own. A much larger number are being helped to buy livestock and equipment and to adopt improved farming methods which will enable them to operate more profitably and to maintain their place upon the land.

### IMAGINARY WORRIES

Austin.—"One would consider that the average human being has sufficient real worries without borrowing imaginary ones. Yet there appears to be a fair proportion of persons who are not satisfied with the ordinary trials and tribulations that life presents but must reach out for the non-existent ones. Among them are the people who 'enjoy' poor health," states Dr. Geo. W. Cox, state health officer.

"For no reason at all such persons insist on super-heated indoor air in winter time, they pick and peck at fancy foods and to some extent give the plain, reliable and needed provender the go-by. They overload themselves with clothing in temperate and sometimes in warm weather. And to top it all, they are on friendly terms with all

Eleven guaranteed double edge razor blades for only a dime at M. S. Henry & Co.

### CEMETERY DONATIONS

Subscriptions to the Crowell cemetery fund since the last report are given as follows by Mrs. N. J. Roberts, president:

- W. F. Kirkpatrick ..... \$5.00

- Mrs. H. E. Davis ..... 1.00
- Mrs. S. T. Lilly ..... 5.00

We have some bargains in used oil cook stoves.—M. S. Henry & Company.

### Time Cycles Named for Animals

If you ask a Kirghiz his age he may reply, "I was born in the year of the dog, and have lived five rounds," for these nomad tribes of Mongol-Tartar descent know nothing of our western calendar. They have a system of their own, says the Rocky Mountain Herald, dividing time into "rounds," consisting of twelve of our years. Each round is subdivided into twelve parts named after an animal. Hence you will hear of "the year of the snake," "the year of the horse" or "the year of the bear."

### Bird Builds Play House

Newton's bower bird of Australia builds a play house separate from its nest and decorates the rooms and avenues of this bower with white flowers which it plucks.

### Shakespeare Lives On

Shakespeare lives on and is so vital, partly because he had himself a dominating sense of the supremacy and the beauty of goodness in the world.

## "CAREFREE"

Five of them will find their names in the classified ad section and the other five will find their names in the Rialto Theatre ad on the back page of this issue.

"Misguided persons of this kind do not realize that the enjoyment of poor health is a woeful substitute for that abundant and zestful vitality which can be attained usually through the application of some common-sense and a bit of discipline.

"Rest and restraint, of course, are indicated in the presence of actual disease, and when advised by the physician in his treatment of illness. Moreover, convalescence emphatically calls for some physical restraint and care. But that is a far cry from the imaginary illness of which more persons in varying degrees are victims than is generally suspected."

BILLY KLEPPER Two Minute Sermon (By Thomas Hastwell)

They Deceive But Themselves: The wages of sin is death. No fact is born more often than this. Notwithstanding the emphasis thus given to the fact, there are many today who seem to feel that by some special shrewdness of their own they can get by and escape the penalty of sin. It never has and never will be done. Sin seldom results in physical death but it never fails, if persisted in, to result in spiritual death, and the man who destroys his spiritual peace robs himself of life's choicest blessing. It is just as idle to assume that one can continue to outrage his conscience and drag

WHAT WE THINK (By Frank Dixon) From time to time since the invasion of China by Japan there has appeared in the newspapers of this country statements by various men of prominence condemning the action of Japan and her manner of bombing and despoiling China.

I cannot help but feel that this country is not in any position to criticize Japan even though her war is clearly one of aggression with the obvious purpose of taking the choicest part of China's territory for her own.

This country, though priding herself upon her strict neutrality, nevertheless furnishes a large percentage of the munitions of war to Japan and in turn purchases large quantities of Japanese made merchandise, two things which give Japan an advantage over China and make possible the prosecution of her war.

Our neutrality permits munition manufacturers and others to ship munitions of war and food stuffs to Japan. We also continue, while Japan is prosecuting an unjust war, which we assume to deplore, to purchase large quantities of manufactured goods from Japan, thus providing her with the money with which to buy munitions.

We do this because it is profitable business for us to do so. Munition manufacturers and producers of food and other supplies demand the right to sell where there is a market regardless of the use to which the supplies and the munitions will be put. For the sake of business we become partners in a thing that we concede is wrong and unjust. We might even contribute by so doing to the building up of a power, that in turn, would turn upon and devour us.

By our practice, and the condoning of it, we establish the policy that however wrong or unjust a cause may be, we are justified in aiding it, if by so doing we can profit from it.

I do not pretend to know or understand international law but the situation appeals to me to be identical to one in which two men are engaged in a physical encounter. One is a robber and a plunderer. The other is defending his home and his property. During the course of the fight a bystander slips to the robber's side, with which he overcomes his opponent and puts him to death.

Under the law of the land the bystander who provided the knife that figured in the death of one of the parties would be charged as an accessory to the crime.

Among nations, because of the sacred influence of business, a different code prevails. I think if it were not for business and its desire for profit most of the wars could be prevented or at least held down to a minimum. If the rest of the nations who claim to combat war would refuse to aid combatants, war would be hamstringed in the beginning.

Because of ethics, codes, and practices, we continue to make possible wars that we cannot justify, and which, because of their devastation we instinctively deplore.

What we need to do is to wipe out a lot of foolish ideas and use just plain common sense.

November 14—Federal Reserve system inaugurated, 1914. Pikes Peak discovered, 1806. November 15—Steamer Louisiana explodes at New Orleans, 60 killed, 1849. CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, Nov. 20, 1938. Subject: "Soul and Body." The public is cordially invited.

Christian Science Services "Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 20.

The Golden Text is: "Yet, in the way of thy judgments, O Lord, have we waited for thee; the desire of our soul is to thy name, and to the remembrance of thee" (Isaiah 26:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "My soul, wait thou only upon God; for my expectation is from him" (Psalms 62:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul is the substance, Life, and intelligence of man, which is individualized, but not in matter. Soul can never reflect anything inferior to Spirit. Man is the expression of Soul" (page 477).

Baptist Training Union The Baptist Training Union of the First Baptist Church of Crowell will meet at 6 o'clock Sunday evening.

The Baptist Training Union trains its members to be loyal to Christ and to His Church. To be faithful upon the attendance of the preaching service every Sunday.

To be true to Christ at all times. To give one-tenth of income to the church to be used for missions, evangelism, Christian education, benevolence, and local church expense.

To give one-seventh of time to the Lord and His work. To accept responsible positions in the Bible School, W. M. U., Brotherhood and other church organizations.

To be personal, individual, conversational soul-winners. Margaret Curtis, Director.

Intermediate B. Y. P. U. Program Subject—"Expressing Our Gratitude." Song—"I Can Find Him Everywhere." Poem—"We Thank Thee"—June Billington. Song—"All Hail the Power." Bible Drill.

Business Period—Marjorie Bradford, president, in charge. Program Period—Dorothy Greening, Group Captain No. 3, in charge. Song—"Praise Him, Praise Him." "Thanksgiving Proclamation"—Margaret Curtis. Song—"Take the Name of Jesus With You."

Poem—"A Thanksgiving Hymn"—Wanda B. Evans. "Father, We Thank Thee." "For Home"—Dorene Gibson. "For Church"—Marie Dunn. "For Friends"—Evelyn Crossnoe. "For Country"—Faye Griffin. "For the Bible"—Iva Mae Bradford.

"For the Privilege of Prayer"—Dorothy Greening. "For Life"—Clonita Russell. "For Christ"—Leighton Adams. Special Song—"Saviour, More Than Life To Me"—Virginia Adams and Marjorie Bradford. Special Topics Assigned: Has America anything for which to be thankful this year?—Marjorie Davidson. Talk on "Expressing our Thanks to God in Service for Others"—Marjorie Johnson.

Some things we complain about most, and some of the things we take for granted and never thank God for.—Dorothy Mills. —Reporter.

Our Weekly Sermon

By Rev. Chauncey B. Nordland, Extension Director Moody Bible Institute, Chicago

Text—"Whereby are given unto us exceeding great and precious promises; that by these ye might be partakers of the divine nature, having escaped the corruption that is in the world through lust."—II Peter 1:4.

Have you ever stopped to think how many promises from God are contained in the Bible, the Word of God? Someone has said that there are more than thirty thousand promises in the Old and New Testaments. Whether or not this is true, the fact remains that wherever we open the Scriptures, we meet with promises made by God to His people. In making these promises God has given us the right to the things He has promised. It is a principle with God that He deals with us on the basis of promise and faith. He sets forth His promise, and He asks us to believe that it will be according to His Word.

In our text the promises are called, "exceeding great and precious." The promises in the Word of God are great because they proceed from a great God. One God cannot lie, says the Bible, which also tells us that He cannot deny Himself. Take from us His precious promises and we become of all men most miserable.

We should notice at once that the promises of God are suited to all the varied needs and circumstances which the Christian faces. When trouble's gloomy cloud appears on our life's horizon, the promise, "Call upon me in the day of trouble; I will deliver thee, and you shall glorify me," is proved that has been abundantly proved by all of us.

We all know what temptation is, and who of us has not proved the promise, "There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that ye are able; but with the temptation also make a way of escape that ye may be able to bear it." Sometimes we are apt to think we are more sorely tempted than are others, but this is not so, for the testings that come to us day by day are the testings that are common to man. If the truth were known others are probably tested to a greater degree than we, but our trial always seems the greatest. But just as surely that God has said that He is with us and that He knows the end from the beginning and will see us through, however great may be the testing, we shall come through gloriously victorious.

We should remember that what appears to us to be a delay in the fulfillment of promises may be for us God's way of building up confidence, and strengthening and deepening our faith. The Bible abounds in illustrations to which we might well turn for proof of this. Take, for example, Abraham, who proved the promises of God. It was by faith he proved the promises, and many of them he did not see fulfilled in his lifetime, but succeeding generations knew the benefits of Abraham's faith, and to them was fulfilled the promise which God had made to His beloved friend.

It is by faith that we receive the promise. Faith rests on the Word of God. Faith takes God at His Word. When Jesus walked the earth, it was said of Him, "When he saw their faith," He honored it and gave them the desires of their hearts. This was true of the blind man, the lame man, the sick man, the sorrowing mother, and countless others who turned to Him in their time of dire need.

Perhaps the greatest hindrance to a realization of the promises of God in our lives is our unbelief. Unbelief limits God. He cannot do for us that which He would desire unless we permit Him to.

In Paul's epistle to the Corinthians, the second epistle and the seventh chapter, we read, "Having therefore these promises, dearly beloved, let us cleanse ourselves from all filthiness of the flesh and spirit, perfecting holiness in the fear of God." The cream among the promises that God has given us is that in which He tells us that He will dwell with His people, that He will be their God and their Father, and will abundantly bless them. The realization of this promise assures in large measure the realization of all other promises, but it is contingent on surrender and holiness of life. Sin is a blighting power. Sin separates us from God. Separation from God cuts us off from the benefits of His promises. Let us, therefore, turn from all sin and live holy and separated lives unto Himself. Thus we may prove God's promises as we ought, and when we know, insofar as we are able to do so, that we have met His conditions, then we may come to Him with great confidence and ask Him to fulfill for us the "great and precious promises" which He has made for those who love Him and walk obediently before Him.

Flight Lieutenant Sabaha Guekchen, adopted daughter of President Kemal Ataturk of Turkey, is the only woman air force officer in the world. She is called Turkey's "Flying Amazon."

"Cynthia Parker" Opera Will Have Premier Showing at North Texas State Teachers' College in Spring

"Cynthia Parker," a light opera composed by Miss Julia Smith, graduate of North Texas State Teachers' College, will be given its first performance at the college in the early spring, according to announcement from the music department of the college.

The opera is based on the life story of Cynthia Ann Parker, who was taken by the Comanche Indians when a small girl and recaptured from the Indians by Capt. L. S. Ross and his early day rangers in 1860, 78 years ago in December, on Mule Creek in the northeast part of Foard County. The opera was originally written to be staged at the Texas Centennial Exposition but was completed too late for production, the announcement stated.

The following story is taken from The Campus Chat, newspaper printed at the Denton college: "A premiere performance of the light opera, 'Cynthia Parker,' composed by Miss Julia Smith, graduate of North Texas State Teachers' College, will be given at the college in the early spring. Dr. Wilfred C. Bain of the music department has announced. The opera will be sponsored by the Fine Arts Committee and will be produced jointly by student talent and from the music department, the speech department, and the physical education department.

Speaking part in 'Cynthia Parker' will be acted by members of the College Players, while students from the physical education department will be featured in a series of Indian dances. From student talent in the music department a large male chorus and a girls' chorus will be chosen to take part in the opera. The College Symphony orchestra under the direction of Floyd Graham will furnish accompaniment for the entire production.

'Cynthia Parker' is a semitragic opera based on the life story of the little Texas Girl, Cynthia Parker, who was taken prisoner by a tribe of Comanche Indians. It was originally written to be staged at the Texas Centennial Exposition but was completed too late for production. At least two performances in New York City by the Julliard School of Music are planned after the premiere here.

'Miss Smith, composer of 'Cynthia Parker' holds a Julliard fellowship in composition. She comes from a distinguished musical family of Denton, and learned during her high school days to play several instruments. In her first year at Teachers' College she won a scholarship in piano and later toured the state in concert. After being graduated with a B. A. degree in English, she took up the study of composition with Carl Venth and wrote several small pieces, besides a piano concerto.

'The score of 'Cynthia Parker' is 'real music,' Dr. Wilfred C. Bain, who will direct the opera, commented Wednesday. 'Cynthia Parker' is fortunate in having the premiere here as much because of the valuable training it will give students as because of the favorable notice it will bring in musical circles.'

COLLEGE ENDOWMENTS It is to the credit of philanthropic rich men that they have given generously of their wealth for college endowments. But in view of the over-crowding of endowed colleges by alleged students who only go to college for the sake of being known as "college men," it is pertinent to ask whether the best results are obtained from these large bequests.

That any young person, possessing the natural qualifications or character to make proper use of a college course should crowd out an earnest and qualified student is shameful. That any who possess the mental and moral capacity for using higher education for the advancement of mankind should be denied it is a tragedy.

Some of the millions which are donated for the general use of colleges might be put to better use by devoting them to the establishment of scholarships, including living expenses, for talented boys and girls who are unable to secure higher education without such aid.

Many scholarships are provided for at present it is true, but there are not nearly as many as there ought to be. To really educate an exceptionally bright and deserving boy or girl would be more beneficial to society than the turning out of a dozen mediocre graduates, whose college training is of doubtful value to themselves or anyone else.

The only woman "baggage smasher" serving with the Northern Pacific Railroad system is Mrs. Alma Rivett Floberg, station agent at Ravendale, Wash.

New Invention Will Bring Out Pennies From Behind Fuses

If bringing pennies out of hiding will help bring prosperity to the country, perhaps the nation is heading for a boom!

Nearly a hundred cities in the United States have passed ordinances or issued rulings in recent months which will end the use of pennies to bridge blown-out fuses—a hazardous practice which has caused many serious fires. The regulations are a safety measure, of course; but if they also aid recovery, everyone will be doubly pleased.

The ordinances make compulsory the use of non-tamperable fuses, or fustats, which electrical manufacturers developed recently. These fustats fit in ordinary bases by means of an adapter which locks into place and prevents slipping pieces behind the fustat, resists other forms of bridging and makes it impossible to replace the fustat with the wrong size.

It's easy to avoid war by giving Herr Hitler what he wants when he wants it.

Gas Gas All Time ADLERIKA FERGESON BROS., Druggists

A REAL LINIMENT For fifty years Ballard's Snow Liniment has been the favorite for easing the muscles made sore by over-work or too much exertion, strains, sprains, and bruises. Get a 30c or 60c bottle and keep it handy. FERGESON BROS., Druggists

Still Coughing? No matter how many medicines you have tried for your common cough, chest cold, or bronchitis, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germy mucus. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the results obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

HAD ANY HEADACHES LATELY? NO, THANKS TO YOU AND NERVINE

Nurse Thanks Friend for Recommending DR. MILES NERVINE

A nurse writes that she suffered from frequent headaches. Nothing stopped them until a friend recommended DR. MILES NERVINE. She says NERVINE stops headaches before they get a good start.

Three generations have found DR. MILES NERVINE effective for Nervousness, Sleeplessness due to Nervous Irritability, Nervous Indigestion, Headache, Travel Sickness. Get DR. MILES NERVINE at your drug store.

Iva Ruth—Soph., be... Home Eco. Club, lives in... city.

Frances—Smallest girl... Junior class, lives at Gam... likes science.

Opal—Ex-Senior, al... drives a V-8 and lives at...

written, we'd meet either of two or five destinies:

1. If we put it in like it came to us, you'd say it was silly and purty blankety blank putrid, (and maybe you'd be right).

2. If we wrote it like it ought to be written, we'd be spending the next few years ousting Walter Winchell out of his place as the nation's No. One Dirt Digger and Gutter.

3. If we wrote it like you think it ought to be written we'd be accused of yellow journalism by those who know, including us, and besides we'd be sent home to get our spanking there, too.

You yell for good dirt. You tell the editor in no uncertain terms "Just What You'd Do About the Problem," and the most helpful suggestions are merely "give us more and better dirt."

If you, dear reader, think you can do a better job on this column than we can, come around and make yourself known to the editor. She has given us her word that she will listen broad-mindedly to your opinions and will judge your efforts at writing a column on the same basis.

New put up or shut up.

### HITCH YOUR WAGON TO AN "A"

Now is the time for all good textbooks to come to the aid of their owners, for a crisis approach—as serious a crisis as if, for example, men from Mars were attacking New Jersey with death-rays.

Whether cramming is the best policy or an hour in time would have saved nine is neither here nor there. These are the times that try men's souls. Grades crushed to earth are about to rise again. (?)

Always providing you're an admirer of Edna St. Vincent Millay, this is the logical time to "burn your candles at both ends," because if fifth week comes, can sixth week be far behind? All this time teachers have been talking, you knew not why and cared not what, the worst was yet to come. If you have tears, prepare to shed them now, for what's past is prologue.

If you remember a mass of things but nothing distinctly, tests that are coming must be provided for. 'Tis better to have crammed and failed than never to have crammed at all—or is it? Anyway, hitch your wagon to an A, for every dog has his day and next week may be yours.

### GIRLS AND THEIR WISHES

The girls are forever yelling cock-eye when they see a one-eyed cat. It is sometimes annoying. Then they do something funny with their hands, and say they have made a wish. And the first star they see in the evening they say their little piece and make a wish.

Well, girls, so these two won't grow quite so homesome here is a new one. When "he" buys a package of chewing gum, grab for the middle stick and make a wish. Ten to one I could guess what that wish would be when you were with some one nice enough to buy chewing gum.

### HEARD ON THE CAMPUS

Charlie Thompson: "Say, Miss Patton, how can one distinguish 'minute,' meaning sixty seconds, from 'minute,' meaning very small?"

Miss Patton: "There's no rule, Charlie, but if you see 'minute steak' on the bill of fare you know how the adjective is pronounced when you get your order."

Mrs. C. G. Graves: "If it isn't the door bell or telephone, it's the ring around Robert Bradley's wrist, neck, or ears."

Coach: "Isn't it about time to teach Gordon Thomas to say 'daddy'?"

Mrs. Graves: "I'm waiting until he is stronger, to tell him who you are, dear."

### DEBATERS BEGIN WORK

Members of the speech classes have begun serious work and study this week in preparation for an active year in debate work.

This year's debate question is on the retail sales tax. The debaters will take trips to debate later on in the year. Keep an eye open for these debaters. They are going to make a nice showing for CHS.

### IT HAS BEEN RUMORED

Girls aren't the only ones who can say "meow." Just let some boy get another boy's girl and there is plenty of scratching.

Some one notes that two keen freshman girls are June Billington and Marjorie Davidson, plenty cute and nice, and deserving attention from some people.

We have a wastebasket in the Wildcat office, but we don't use it—we just put the stuff in the paper instead.

Not knowing where this comes in but we've been told to admonish some of the poor sappy love-sick Freshmen—boys and girls—"Remember, you love birds, puppy love leads to a dog's life."

In order to type this, we are sitting on the biggest book in the office, Pommeroy's Cases on Business Law. The law is a wonderful foundation for journalism.

### AREN'T WE GLAD

Mr. Henry Black, a member of the CHS faculty, recently bought a new car. He looks very proud now as he drives up before the school building. And, also, Mrs. Sloan is sporting a new car. My, of all the business these teachers are giving the car dealers now.

But, three cheers, to have good looking cars in front of the school building makes the place look very nice.

### SCIENCE

Did you know: That small children should not eat meat? That small children should not eat over-ripe or under-ripe fruit? That children should not drink coffee or tea? That it is best not to mention likes or dislikes before children? That small children should never be given candy?

### IT CAN HAPPEN HERE

Teacher: "How old are you, Joe?"  
 Joe: "Me an' the iron gray filly are the same age."  
 Teacher: "When were you born?"  
 "Oh, the year of the cyclone."  
 "Can you tell the time of

### Beating the Frost King

By T. C. Richardson, Secretary, Texas Breeder-Feeder Ass'n.

Late feed crops which need more time to mature their seed are in danger of frost at almost any time now. It is not necessary to lose a large part of their feed value either by premature cutting or from frost. If frost strikes unexpectedly and since the foliage, cut the crop as quickly as possible and ensile it later. Often the daily weather report will forewarn of a killing frost and give time to cut the crop before it strikes. In either case the bundles can lie as they fall until cutting is completed, with slight damage to its feeding value.

Two years ago the writer saw many fields of grain sorghums hit by premature frost in the lower Panhandles. Growers started the row binders immediately, and the frost damage did not extend beyond the foliage. Those who had not already prepared for it, began digging trench silos, leaving the crop in the field until the silo was ready. Since it only takes a day or two to construct a trench to considerable capacity, the crop dried out very little in the meantime.

It is preferable to permit the seed to mature, since the feeding value of the ensilage is greater than if it is cut in the "dough" stage, which was formerly recom-

mended. On the other hand, the silo will preserve its full value in whatever stage it has to be ensiled, and immature silage is far better than no silage at all. The past summer saw many fields burned up by drought and useless for feed which would have been well worth saving had the crop been cut and ensiled before it was entirely ruined.

It is strange but true that some people still question the practicality of the trench silo. The point is well illustrated by the reply recently given the writer about a sheep on the farms in East Texas. "Well," answered the man asked, "those who have no farm flocks are still saying sheep do no good in East Texas, and those who have them want more." So with the silo—I've never found a man who gave it a fair trial who didn't like it.

It is neither hard nor expensive. While an ensilage cutter, a row binder or even an ensilage harvester which takes the place of both, is a great advantage, ensilage can be made without either. Cut it with a butcher knife on a broom handle, a machete, a sled cutter, if a better implement is not available. Cut it while succulent and the foliage is green if possible; add water according to the degree of dryness; you can even make ensilage from cured

fodder by using enough water, but that isn't the way it ought to be done. It is much easier to feed out

### CAMERA SHY

This lioness mother at Chicago's Lincoln Park zoo carries her three-week-old cub to safety when the photographer appears. It looks dangerous for the youngster but mother is mighty careful not to scratch her offspring in transit. An intruder would find the same jaws merciless.

Guessing exactly to an ounce the weight of a man, J. A. Conner of Glasgow won an automobile.

Ensilage made of whole stalks, singly or in bundles, must be cut as fed, and a simple implement to do this will cost a dollar or less. A heavy iron bar for a handle with a transverse blade of tempered steel (which can be kept sharp) will do the job of cutting.

## 89th Birthday of J. G. Thompson Celebrated Sunday

The 89th birthday of J. G. Thompson was celebrated by his children at the home two miles north of Thalia, on last Sunday. Mr. Thompson's birthday was on Monday, Nov. 14. All of his children were present on this occasion except his oldest son, Hugh, who resides at Levelland. He has recently been to see his father but was unable to be here at this time.

Mr. Thompson moved from Collin County to Foard County with his wife and two small children in 1886 and established a home where his present home now stands. For 52 years he has resided on the same place and in this length of time has lived in two counties with three county seats and has helped to build three court houses and four jails. A few years ago the home burned but a new residence was built on the same site and here Mr. Thompson resides with his son and daughter-in-law, Mr. and Mrs. John Thompson, and family.

A sumptuous dinner was served at the noon hour and a huge birthday cake with 89 candles was cut and served.

Those who enjoyed the day with Mr. Thompson are: Mr. and Mrs. H. W. Banister and family, Mr. and Mrs. Tom Abston and family, Mr. and Mrs. John Thompson and daughter, Mr. and Mrs. Hays Abston and children, Mr. and Mrs. Grover Nichols and son, Claren; Mr. and Mrs. Will Johnson, Mr. and Mrs. Gus Neill, Mr. and Mrs. Elmer Roberts, Mrs. Winnie Phillips and family, Mrs. Belle Abston, Mr. and Mrs. Walter Johnson and family, Bill Cates, Mr. and Mrs. John W. Wright and son, J. W. Jr., all of Thalia; Mr. and Mrs. Clarence Thompson and Ray Burrow, Mr. and Mrs. Chas. W. Thompson, Mrs. Pearl Carter, Mr. and Mrs. J. D. Bursay and son, David, all of Crowell, and Miss Leola Taylor of Quanah.

## 80TH BIRTHDAY CELEBRATED

Mrs. M. E. Todd was honored on her 80th birthday, Nov. 11, by a number of her friends, with a covered dish luncheon and gifts of remembrance. The luncheon was served at noon by Mrs. P. E. Randolph, assisted by Mrs. Emma Howard and Mrs. Roy Todd.

Those attending and calling during the day were: Mrs. J. F. Steele, Mrs. J. F. Anderson, Mrs. T. L. Hughton, Mrs. M. J. Girsch, Mrs. W. R. Tuttle, Mrs. Jessie Fowler, Mrs. McDaniels, Mrs. Jeff Todd.

## MARRIED IN CHILDRESS

Miss Pauline Avants and O. B. Stewart were married in Childress Monday, Nov. 14. They were accompanied by Miss Floy Avants, Miss Jessie Lee Pittman and Mr. and Mrs. Ted Sanders.

## WEEK OF PRAYER

The Missionary Society of the Methodist Church met at the church Wednesday, Nov. 9, in an all-day meeting in observance of the "Week of Prayer" which time is set aside each year by the Missionary Council for that purpose.

## CROWELL GARDEN CLUB

On Nov. 18, the Crowell Garden Club members and guests will visit the city and county parks and at this time it is desired that each member take her car and as many guests as she desires to take.

## H. SCHINDLER DENTIST

Crowell, --- Texas

## Marriage of Miss Lillie Mae Edgin Is Announced

Announcement has been received in Crowell of the marriage of Miss Lillie Mae Edgin to G. H. Copelin at Childress which took place on November 1 at the parsonage of the First Christian Church of Childress, with Rev. Farmer, pastor of the church, performing the ceremony.

The couple was attended by Miss Nazoma Gamble and Jack Jackson, both of Childress.

Mr. Copelin is connected with the Yellow Taxicab Company and has been associated with this company for a number of years.

## MARRIED IN CHILDRESS

Miss Pauline Avants and O. B. Stewart were married in Childress Monday, Nov. 14. They were accompanied by Miss Floy Avants, Miss Jessie Lee Pittman and Mr. and Mrs. Ted Sanders.

Mrs. Stewart is the daughter of Mr. and Mrs. W. R. Avants of Paducah and Mr. Stewart is the son of Mr. and Mrs. H. H. Stewart of Crowell.

## WEST SIDE CLUB

Mrs. Roy C. Steele and Mrs. R. Eubank, members of the recreation committee of the West Side Club, proved to be delightful hostesses, Wednesday, Nov. 9, at the P. A. Davis home, to club members and the following guests, Mrs. W. B. Griffin, Miss Myrna Holman, Mrs. E. W. Burrow, Mrs. J. L. Kinchloe and Miss Jessie Blue.

Mrs. Steele began the program by leading several songs that became popular some twenty years ago. She then gave "Mothers of Men" a short play by Percival Wilde. Some clever messages were written beginning each word with the letters of the word Armistice. Games and contests filled the afternoon and there was not a dull moment.

## WIVIAN H. D. CLUB

New officers elected for the Wivian Home Demonstration Club at its meeting with Mrs. Arthur Sandlin on Wednesday, Nov. 9, are Miss Naomi Fish, president; Mrs. H. H. Berge, vice president; Mrs. Bert Mathews, secretary.

Visitors present were Mrs. L. D. Harris of Breckenridge, Grandmother Bishop and Mrs. Clyde Bowley. Three new members for library follow: Mrs. S. J. Lewis, Mrs. J. B. Rasberry and Mrs. Egbert Fish.

The next meeting will be held on Nov. 23 with Mrs. Egbert Fish with an all-day meeting featuring a Thanksgiving program.

## ROTARY CLUB

Marvin L. Myers, FFA adviser of the Crowell schools, and James Welch, member of the V. A. class, gave interesting talks on the Crowell Rotary Club program Wednesday at noon. Mr. Myers gave some of the high spots of FFA training and James' talk concerned his recent trip to Kansas City to attend the National FFA convention which was in session Oct. 17 to Oct. 21.

It was voted at this meeting for the club to entertain the football team with a banquet some time early in December.

Arrangements committee for the banquet included T. B. Klepper, chairman, C. P. Sandifer, Dwight Moody and I. T. Graves. The program committee is John Rasor and Leslie Thomas. Both committees were appointed by the president, Jack Seale.

## LIBRARY NOTES

"Black Daniel," by Honore W. Morrow, is another popular book in the library. It should be especially good reading for high school folks because of its historical background.

"Black Daniel" is primarily a romance, with Daniel Webster and the lovely woman he courted and won as the chief figures. Other actual people and historical events form the background against which the main drama is played.

"Black Daniel," nevertheless, is historically accurate; the difference between it and the Lincoln novels is one of emphasis—this time it is the love story that has the interest of the author.

## Wallpaper in Colonial Days

Wallpaper first came into use during Colonial days. These paper wall coverings were of various scenic designs, often tropical, and included many with birds of paradise, peacocks and the tea gardens of the Orient. Wallpaper during this period was made in small sheets and of patterns sometimes showing classic influence. Pictorial papers were also favored, and gave rise to the all-scenic papers so popular during the first half of the nineteenth century. By the middle of the nineteenth century mass production in wallpaper brought a general decadence in design.

A yard-long electric eel develops 500 volts, which passes down its large electric organs at a speed of about 700 meters a second or at the rate of about 1,800 miles an hour.

## Called Typical American Family

First Christian Church on Thursday, Nov. 10, at 3 p. m. The program subject for the afternoon was "Chrysanthemums."

Mrs. W. A. Cogdell prepared a splendid paper on the subject and the paper was given by Mrs. L. A. Andrews. Some important things given in the content of the paper follows: Chrysanthemums should be divided early in the spring, preferably in February or March. They should be set about 12 inches apart and the early growth should be pinched back to cause the plant to spread. They should not grow too tall in early summer. Plants should be protected from the wind and cultivated well. They should be mulched.

Several varieties of chrysanthemums for September blooming are "Eclygia," "Astrid," and "Rotan." For October blooms there are "Vesta," "Niobe," "Fortuna," "Happiness" and "Stellaris." Chrysanthemums are being crossed with a Korean variety which tends to early blooming.

## P. T. A.

Mrs. R. L. Kincaid will be the leader of the program in observance of Book Week when the Crowell P. T. A. meets next Tuesday afternoon, Nov. 22.

There will be a round-table discussion of "The American Home," and pupils of Miss Evelyn Manley will be featured in vocal selections.

Everyone is urged to attend. Second grade mothers will be hostesses.

Anyone who is interested in the schools and in child welfare is invited to attend the P. T. A. meetings. The class mothers are asked to be present for a short conference with the president.

A \$1.00 prize will be awarded in each department to the room having the largest number of mothers present.

## THALIA IDLE HOUR CLUB

The Thalia Idle Hour Club met Thursday, Nov. 10, in the home of Mrs. L. A. Roberts with the following members present:

Mesdames J. M. Jackson, Mack Edens, E. M. Cates, Ben Hogan, C. Lindsey, H. L. Shultz, R. M. Grimm, J. L. Coppage, R. B. Cato, E. S. Flesher, T. R. Cates, C. H. Wood, R. L. Simms, T. H. Matthews, J. W. Wright, Miss Minnie Wood, and the hostess.

Mrs. Truett Neill, Mrs. Sellars and Mrs. J. R. Morris attended as visitors.

The club will meet Tuesday, Nov. 22, instead of Thursday, Nov. 24, in the home of Mrs. R. B. Cato.

## FOARD CITY 4-H CLUB

Knives and spoons are placed on the right side of the plate and forks on the left, Miss Holman told the Foard City 4-H club girls Monday, Nov. 7.

The hostesses last time were Virginia Simpson and Helena Ruth Marks. Game leader was Ruthie Belle Athey.

Winifred Johnson and Dorothy Louise Hinkle will be the hostesses next club meeting, Nov. 21. Game leader is Dovey Barker.

## VIVIAN 4-H CLUB

Miss Myrna Holman gave a demonstration on table etiquette Thursday, Nov. 10, at a meeting of the Vivian 4-H Club.

Della Rae Nelson was received as a new member at this meeting. The club exhibit will be on display in Crowell on Dec. 2 and 3.

Next meeting of the club will be Nov. 24. Doris Branson will be hostess and Orelia Mae Davidson will lead the games.

## ROTARY CLUB

Marvin L. Myers, FFA adviser of the Crowell schools, and James Welch, member of the V. A. class, gave interesting talks on the Crowell Rotary Club program Wednesday at noon. Mr. Myers gave some of the high spots of FFA training and James' talk concerned his recent trip to Kansas City to attend the National FFA convention which was in session Oct. 17 to Oct. 21.

It was voted at this meeting for the club to entertain the football team with a banquet some time early in December.

A yard-long electric eel develops 500 volts, which passes down its large electric organs at a speed of about 700 meters a second or at the rate of about 1,800 miles an hour.

Mr. and Mrs. Glen Craig and their two children, William Glenn, four, and Emma Lou, eight, the typical American family from Muncie, Ind., the typical American town, are shown as they posed for photographers on their arrival in New York for a week's stay under the sponsorship of the National Institute for Straight Thinking. During their visit they were guests of business, civic and social leaders, who held seminars with them in order to gain an insight to the problems of the typical American family.

## Horses Carry Brain Disease Fatal to Man

San Francisco.—Scientific proof that the fatal horse encephalitis, or sleeping sickness, can be and is transmitted to human beings with the same fatal results as in animals, has been established by the Hooper Foundation of Medical Research of the University of California.

Furthermore, an official announcement said, the disease is now endemic in a large number of places throughout the United States, and with the discovery that it is communicable to human beings, it becomes an increasing menace to public health.

The discovery of the active agent of the equine sleeping sickness in the brain of a human being was made by Miss Beatrice Howitt, research associate for the foundation.

Endemic in 1937 "During the summer and autumn of 1937," said Dr. Karl F. Meyer, director of the foundation, "many people in the central and northern California valley regions became ill with an acute encephalitis or brain disease resembling sleeping sickness."

"Many died within a few days after the first appearance of the symptoms. However, no etiological agent at the time was recovered from any of them."

"But two months ago, a child died at the Fresno County Hospital with acute encephalitic symptoms and from the brain of this victim, Miss Beatrice Howitt succeeded in recovering the active agent."

Experiments with this agent, Dr. Meyer said, have demonstrated that it gives a similar type of brain disease to mice, rats, guinea pigs, rabbits and monkeys. It also proved to be identical in characteristics with the sleeping sickness virus previously discovered in 1930 at the University of California and

which is the cause of the disease in horses.

Five Years of Disease "The disease has become endemic in this region during the past five years," Dr. Meyer said, "and now we are at last sure that it can be transmitted to human beings."

"While this is the first occurrence of the recovery of this western type of equine encephalitis virus from a human brain, yet within the past month the eastern equine form has been found capable of infecting children in Massachusetts."

"The two discoveries corroborate each other in establishing the menace of this infection to human beings. It has also been established that this infection is now on the increase throughout the country."

"The next step of science, of course, will be to find the means to combat it."

## Young People

Remembered as the girl with the "upside down" stomach, Alyce Jane McHenry, 15, of Fall River, Mass., is now in New York City to train for a stage or movie career.

Leni Lynn, 13, of Passaic, N. J., because of her unusual singing ability, was recently signed to a long-term movie contract.

Jeanne Lauthimer, 19-year-old swimmer from the St. George Dragon club of Brooklyn, N. Y., captured the 224-yard backstroke event of the senior women's national outdoor A. A. U. swimming and diving meet held recently at Santa Barbara, Calif.

Henrietta Alexander, 15, and Verle Cole, 17, were declared the healthiest girl and boy in Michigan's 46,000 4-H club members at the State Fair held recently in Detroit.

Mary McDonald, 9-year-old Boston girl, has won 14 medals and a diamond ring for her interpretation of Scotch dances.

## Your Horoscope

November 12, 13—You are greatly influenced by flattery. You have a magnetic personality and are full of fun. You are of an inventive turn and lean to the psychic. Your mental ability is keen and you have great self-control. You are fond of traveling but also have a great love of home.

November 14, 15, 16—You have many warm friends. You love the water and have marked tendencies along the line of art and music. Your fine originality should make you a great inventor. You have the nature of a leader and do not like to follow people. You have great self-control but a tendency to get even for slights or injuries.

November 17, 18, 19—Your nature is affectionate. You would make a success as a merchant in the selling end but should be associated with some one to look after the finances. You are a good buyer and have a marked ability to move your stock leaving no dead ends. You are naturally cheerful and love the grand in nature. You are a fine companion and a versatile talker.

## CAKE WALK AT THALIA

A cake walk, sponsored by the Thalia Methodist Church, will be held in the auditorium of the Thalia High School Thursday night (tonight). The proceeds realized from the cake walk will be placed in the building fund of the church. The noteworthy orchestra will furnish music for the occasion and everyone is invited to attend.
