### Crowell Wildcats Win Third District Championship Friday

#### VICTORY OVER ARCHER CITY CINCHES TITLE

#### Haskell - Stamford Tilt To Determine Foe For Bi-District

Each Grady Graves' Crowell School Wildcats won their district championship since 1931 when they romped over the Archer City Wildcats by a score of 72 to 0 on the local scene last Friday to finish the conference schedule undefeated.

The game was considered as a contender for the throne as play started this year, and the Wildcats humbled the Barnett Bulldogs, defending champions, sports authorities and of this district conceded them to defeat their remaining opponents to lay undisputed claim to the throne.

#### Bi-District Game Next

The Wildcats are now awaiting outcome of the Haskell-Stamford game being played in Haskell Thanksgiving Day. The winner of that game will meet Crowell for district honors on Friday, Dec. 2.

The site of this game has not yet been determined, but will be set by the District 9-B championship game Thursday.

#### Top Flight Teams

Wildcat squads coached by Grady Graves have been top flight since 1931 and always in the thick of the championship. In 1931, Crowell entered district and made a good record for itself and in 1932 landed second position. Led by Dick 1933 and 1934, and again in 1935, Crowell managed to take the coach again. The following several games but held a mid-district position at the close of the year. Last year the Wildcats lost yearly game of the schedule to Barnett to take second place, but they overpowered every team in their path to claim the

The Wildcats easily breezed through their final conference game with the Archer City Wildcats on Crowell gridiron last Friday by a score of 72 to 0.

#### Nine Seniors Start

A parting gesture to the well football team, Coach let his nine senior gridmen play the game Friday night, recognizing them late in the first period and replacing the seniors with those who will return next season. The seniors were kept out of the game until early in the second period. Late in the last period, seniors were again removed from the fray.

The nine players who will be the team because of graduation and the age limit are Ray-Joy, Bernice Fitzgerald, J. Owens, Hugh Solis, Ed Gafford, Branch, Jack Bailey, Reid, and Whitley Mitchell.

Crowell Wildcat, even to second stringers played good ball and started by keeping the pace set by Joy, Fitzgerald, Meason, Orr, Canup and first stringers.

Archer City did not have possession of the ball in Crowell territory a single time during the game and only once was Crowell going with the ball deep in its territory. This was early in the game.

#### WARD WILLIAMS BRINGS IN COPY OF FOARD COUNTY NEWS PRINTED FRIDAY, JUNE 11, 1897

well preserved copy of The Foard County News printed June 11, 1897, was brought to this office Thursday afternoon by Howard Williams. The sheet contained 11x15 inches, and was addressed to Mr. Williams' father, J. Williams. The name, apparently written with a lead pencil, was as when it was written on paper forty-one years ago.

Top of the front page contained advertisements of business of Crowell, Quannah and others, as follows: J. W. Headley, Quannah; J. W. Smith, agent; Vernon; F. N. Davis, store and wagon yard, Ver-

### ALL-DISTRICT TEAM CHOSEN BY THE NEWS

#### Team Not Official But Believed to Be Good

For the first time in several years, The Foard County News is picking an all-district 10-B football team. The following selections were based upon the performances of players in Crowell games and apologies are extended to any player in the district to whom an injustice may have been done. Anyway, the players named below are the ones we believe will be picked for the honor berths by coaches of the district, and for reasons that will be given below.

#### The News' All-District Team

Left End—B. Fitzgerald, Crowell.

Left Tackle—Gafford, Crowell. Right Guard—Thompson of Seymour.

Center—J. Fitzgerald, Crowell. Right Guard—Blair, Iowa Park. Right Tackle—Brock, Chillicothe.

Right End—Canup, Crowell. Quarterback—Joy, Crowell. Right Half—Meason, Crowell. Left Half—Lloyd, Throckmorton.

Fullback—Owens, Crowell.

Listed above are seven Crowell players and we do not wish to be selfish in choosing them, but we believe they are the best in the district. To Throckmorton, Chillicothe, Seymour and Iowa Park goes one position each. We have seen the players chosen in action and have good reasons for their selection.

#### Backfield

We feel that a stronger backfield could not have been chosen from this district than the one composed of Joy, Meason, Lloyd and Owens. Here are three ball carriers, passers and punters.

### Crowell's Annual Christmas Opening To Be Held Dec. 8; Plans Being Laid

#### COUNTY-WIDE ACHIEVEMENT DAY, DEC. 2-3

#### Exhibits Will Be on Display at Self Motor Co.

The annual Crowell Christmas opening will be held on Thursday, Dec. 8, according to plans mapped at a meeting of Crowell merchants Tuesday night.

#### Bigger and Better Program

Various committees were appointed and plans for a bigger and better Christmas opening than ever before were gotten underway immediately. The Christmas openings in Crowell during the past several years have been more popular than those of larger neighboring cities and Crowell merchants have pledged themselves to stage a program that will meet more popular approval than the previous openings.

#### Santa Claus to Be Here

Arrangements have been made with Santa Claus to be in Crowell for about an hour at the opening on Thursday night, Dec. 8. Santa Claus stated that he would be here with a sack of candy and a present for every boy and girl in Crowell for the opening.

#### Program for Everybody

Not only will the Christmas opening this year be planned for the children, but every possible effort will be made to arrange a program that will attract everyone and will be staged in such a manner that everyone will have an equal chance to get one of many prizes.

#### Parade Being Planned

Plans for a big parade to open the Christmas gala season in Crowell and Foard County are being formulated at present and it is thought that one of the largest and most colorful parades ever staged in Crowell will be held on that night.

#### Gay Lights Planned

The Christmas lighting committee will be working during the next few days to arrange a lighting program that would do justice to a much larger city and in such a manner that will portray the true Christmas spirit.

Merchants of Crowell will cooperate to display Christmas windows that will be of unequalled beauty and color and an attraction for the visitors in Crowell from the night of the opening until Christmas.

#### Home Lighting Contest

A Christmas home-lighting contest will be staged in Crowell again this year and will be sponsored

#### TWO PASTORS RETURNED TO POSTS HERE

#### Rev. E. A. Irvine of Margaret Goes to Odell-Fargo

The only change made in the Methodist pastors of Foard County at the closing session of the annual Northwest Texas Conference at Memphis Sunday afternoon was the appointment of Rev. E. A. Irvine to the pastorate of the Odell-Fargo churches. Rev. Irvine has been pastor of the Margaret-Thalia churches for the past two years.

Rev. E. L. Yeats was returned to the Crowell church for his third year and Rev. Geo. E. Tyson was appointed pastor of the Truscott-Foard City churches for his third year's work also.

Rev. Cal C. Wright was returned as the presiding elder of the Vernon District.

Other appointments made at the conference that are of interest to Crowell and Foard County people are as follows:

Abilene District—C. A. Bickley, presiding elder, First Church, Abilene, J. H. Hamblen; President McMurry College, Frank L. Turner; Professor McMurry College, A. M. Gordon; Professor Weatherford College, J. V. G. Anderson.

Amarillo District—Tenth Avenue Church, Amarillo, Hubert Thomson.

Dalhath District—Presiding Elder, T. M. Johnston.

Lubbock District—Presiding Elder, O. P. Clark; Lamesa, T. C. Willett; Lubbock, First Church, L. N. Lipscomb, C. R. Matthews, assistant; Tahoka, G. E. Turrentine.

Plainview District—Floydada, J. E. Eldridge; Sudan, E. A. Tharp.

Stamford District—Avoca, R. (Continued on Page Five)

#### TRAGEDY OCCURS AT TEXAS CO. FIELD SOUTHWEST OF CROWELL; LAST RITES TO BE HELD WED.

#### Warning Issued to Car Owners by Local Officials Tuesday

#### Ripped Seam in Gas Pipe Believed Cause

Sheriff Amos W. Lilly issued a warning Tuesday concerning the leaving of valuables in unlocked automobiles. There have been a number of petty thefts reported here recently in which articles have been stolen from parked vehicles left unlocked.

Sheriff Lilly warned motorists to either take the valuables with them or lock the car when leaving it, either on the streets of Crowell or at home.

A large number of petty thieves have been operating over the section and it seems recently that Crowell has felt this movement, and motorists must co-operate with officials as clues to such petty thefts are difficult to obtain.

#### Several Cases of Oil Stolen from Gulf Co. Warehouse in Crowell

Thieves stole twelve cases of oil from the Gulf Refining Company's warehouse here Sunday night after forcing the hasp and padlock from the door.

Sheriff Amos W. Lilly stated that no clues have been found and that the gravel driveway at the warehouse made it impossible to obtain tire marks.

Sheriff Lilly also stated that there have been several robberies of the same type reported in this section of the state, and to date there has not been an arrest made in connection with them.

#### Dwain Orr Shows Slight Improvement

Dwain Orr, small son of Mr. and Mrs. Earl H. Orr of Margaret, who has been seriously ill in the Texas Scottish Rite Hospital in Dallas, was slightly improved Nov. 18, according to information furnished The News.

The baby entered the hospital on Friday, Nov. 11, and submitted to its fourth operation on Tuesday, Nov. 15. Mrs. Orr is at the hospital with her son.

#### RETURNS TO SOUTH AMERICA

Riley Brisco, son of Mr. and Mrs. Elmer Brisco of this city, will leave Crowell for Columbia, South America, where he spent about four months last summer in the employment of the South American Gulf Company.

He will be employed by the same company as foreman of a crew laying a pipe line from the Catatuma Mountains to the coast, a distance of about 190 miles.

Mr. Brisco returned to Crowell early in September when the rainy season in South America stopped the work, and for the past several weeks, he and Edward Brisco have been employed with a pipe line crew in Wyoming and Utah. They returned to Crowell from Coalville, Utah, last Thursday.

#### MARRIAGE LICENSE

A marriage license was issued from the office of the county clerk in Crowell to J. Wilson Kiraban and Miss Maude Drummond of Amarillo on Nov. 22.

#### OLD INDIAN GRAVE UNCOVERED NEAR TRUSCOTT, SKELETON AND MANY RELICS TO BE EXHIBITED

An old Indian grave was uncovered in Knox County last Thursday by Mr. and Mrs. S. B. Hord of the Antelope Flat community on land owned by Pete Moody of Knox City and located about 10 miles northwest of Truscott.

#### Many Relics Found

Other than the well-preserved skeleton of an Indian that has long ago gone to his happy hunting ground, Mr. and Mrs. Hord unearthed a large number of interesting relics.

The most valuable of these relics were thirty-one Spanish and Mexican coins, on which the dates ranged from 1781 to 1845. At the skeleton's side was found his rifle and hunting knife. A rifle ball and rifle flint were also taken from the grave. Other relics found included bridle bits, beads, bracelets, metal decorations from the bridle, bits of leather presumably part of a saddle, a small whet rock, a round stone with the center hewn out and similar to an old Indian corn grinder. The most interesting article found was a 6-inch braid of the Indian's hair, still in a good state of preservation.

#### Found by Children

The grave was found by Mr. and Mrs. Hord's two sons and two sons of Mr. Hord's sister. They were playing on a hillside and discovered the skeleton which had gradually been uncovered by wind and rain of many years. The children immediately told their parents about their discovery and further search revealed the interesting relics.

According to the dates on the coins, the Indian was buried after 1845, and it is believed he was buried before 1850, or about the time white people started to settle this section of the country.

#### CROWELL SCOUT TROOP BOOTH WINS BLUE RIBBON AT MERIT BADGE SHOW IN WICHITA FALLS

The Crowell Boy Scout troop won a first place blue ribbon with its reptile display booth at the first annual Boy Scout Merit Badge show held in Wichita Falls last Friday and Saturday. There were over seventy-five booths displayed in the show and only eight blue ribbons were awarded. There were a number of second and third ribbons given.

According to those who viewed the many booths, Crowell's display proved to be one of the most attractive in the show. Large crowds were gathered around the reptile booth during the hours the show was open and even damaged the booth to a small extent while trying to get near enough to see better.

Recie Womack, Crowell Scout-

master, stated that the local boys were fortunate to have Cecil Sinclair, authority on reptiles, to aid in planning their booth. Mr. Sinclair also furnished a number of preserved specimens and skins of large snakes.

The display showed every specimen of the reptile family that is found in this section of the state. A large wire cage held the snakes. The floor was covered with sand and cactus plants and was kept well lighted to keep the snakes from hiding. The display was carried out as a typical desert scene, as the fangs of the rattlesnakes were removed and all of the snakes were placed in the same

#### ITEMS OF NEW EQUIPMENT FOR NEW MASONIC HALL PRESENTED TO CROWELL LODGE MONDAY

#### BIRTHS

To Mr. and Mrs. Johnnie W. Speck, a boy, Dean, Nov. 16.

To Mr. and Mrs. Alvin Paul Hembree, a girl, Velma Lou, November 2.

A special meeting of Crowell Lodge No. 840, A. F. & A. M., was called Monday night for the purpose of conferring the Master's degree on Bill Oliver of Vernon as a courtesy to the Vernon Lodge. D. R. Magee, secretary of Crowell Lodge, conferred the degree in the presence of more than 75 Masons who gathered here from lodges of the 90th Masonic Division.

Following the degree work, Al Ellis, recorder of Maskat Shrine Temple of Wichita Falls, was introduced as the principal speaker of the evening. Mr. Ellis concluded his talk by presenting the Crowell Lodge, in behalf of the Vernon Lodge, a large Bible and square and compass to adorn the altar in the new hall as a neighborly gift from the Vernon Lodge. The gift package also included several dozen tin cups and spoons.

Another gift to the Crowell Lodge was three beautiful chairs for the officers' stations presented

### EMBLEM of THANKSGIVING

Another Thanksgiving Day is here and as we pause to take stock of our blessings, we find that they are too many to count. For another Thanksgiving Day, let us give thanks. For health, for home, for friends, for country, for all that we have and call our own, we would, with all our fellowmen, bow in humble gratefulness to the Giver of it all.

WHAT WE THINK

(By Frank Dixon)

On the heels of a trial in which a woman representative of Hitler was involved in a plot to steal from the United States airplane secrets, the country receives the announcement that Leni Riefenstahl, a very special friend of Hitler, is coming to this country, and a few days later she arrives in New York on board the liner Europa.

Her visit is ostensibly a business visit, something in connection with the movies. She is greeted at the harbor much as a group of poor relations would greet a long lost rich relative and is given a lot of front page newspaper space.

There are times when it seems to me this country shows an amazingly small amount of common sense.

At the present time Hitler's avowed intention is the domination of the world. This he has revealed in his book "Mein Kampf."

All of the things that he has done the past three years have constituted definite steps in this direction. With each yielding of France and England he has become bolder until he reached his climax in the Munich conference, the outcome of which has placed him in a position to dominate Europe—the first step necessary for world domination.

Knowing Hitler's complete lack of regard for others and his Napoleonic obsession to conquer the world, this country need have no false illusions as to what he will do when the time comes.

We can prate of idealism, human rights, the brotherhood of man, and kindred high sounding phrases in our dealing with a mad man, but serious reliance upon them is a mark of deliberate weakness and folly.

The attitude of this country toward representatives of Hitler, especially in view of the fact that it is well known that there are Hitler camps scattered throughout this nation, reminds me of the story of the man who raised a tiger for a pet. He cared for it as a cub, fed it and gave it the run of the house when it was a weak, wobbling cub. Friends, noting that the cub was growing dangerous, warned its owner that he should dispose of it, but he waved them aside and laughed at their fears. One day when he was alone and off his guard the cub turned upon him and clawed him to death.

The friends then destroyed the tiger, but it was too late, the damage had already been done. The owner, who in a mistaken sense of security and good heartedness, nurtured the growing beast, paid for his foolish mistake with his life.

I am wondering if this country is not nurturing a tiger cub and is not throwing open its door to a power, that, when the time comes, will turn upon it and claw it to death.

I am confident that there is nothing that I can say that will awaken public conscience in the matter any more than the friends of the owner of the tiger cub were able to awaken him to the sense of his danger and cause him to see the blindness of his folly, but I feel impelled to sound the warning.

I hope I am unduly disturbed but I confidently believe that this country will one day pay in full for all of this indefensible weakness and folly.

We read that the food served to actors on the stage is really fit to eat. Some restaurants might get an idea here.

PHOSPHATE BUILDS SOIL

With millions of acres of our farm land absolutely worn out, and other millions approaching that state with alarming speed, every land owner should consider his own acres and take steps to protect them.

Every farmer should be interested in the experience of Frank I. Mann, famous agriculturist of Gilman, Ill., who declared that any system of fertilization should meet two tests: One, is it profitable? The other, is it permanent?

Mr. Mann solved the problem for himself, and before his death in 1937 had practically doubled the yield of corn, wheat, oats and clover on his farm, by the intelligent use of rock phosphate. He said he never considered that his phosphate, bought from the Ruhm plant at Mt. Pleasant, Tenn., cost him anything except on the first field. Thereafter the increased yields he obtained paid for the phosphate as applied.

Briefly, his system was to apply the phosphate in generous amounts; lime when needed; grow alfalfa to get the nitrogen from the air; turning under the last crop of alfalfa to supply the organic matter in the soil, and thereby render available the plant food to the plants.

The cost of a rock phosphate treatment is moderate, the benefits last for years, and make all the difference between profitable and unprofitable farm operation. Incidentally, right now is one of the best seasons of the year to apply it.

Teach me thy way, O Lord; I will walk in thy truth; unite my heart to fear thy name.—Psalms 86:11.

ENEMIES WITHIN

There has been a disposition in some quarters to laugh off the revelations made before the Dies committee investigating un-American activities, and while some of the testimony before that committee has been inconsequential, there is no longer any doubt that subversive elements at work in this country are a real menace.

These alien-minded agitators also are gaining an increasing influence in what are supposed to be legitimate organizations, and Chairman Dies states that his committee has evidence that some government officials are identified with groups which he describes as Communists.

Witnesses have testified that Communists wield considerable influence in certain C. I. O. unions, and that they were responsible for the sit-down strikes in the automobile and other industries.

Means should be found to curb the activities of the nation's enemies within our own borders, and all loyal American citizens should unite in demanding that this be done.

NEWS AT A PREMIUM

Like other things which are easily and cheaply obtainable under ordinary circumstances, news is valued most when it is difficult to get. We fail to realize what a bargain we receive in a newspaper that costs only two cents.

In the early days, of course, people had no means of getting the news frequently, and when they did it was often weeks or months old. But even in more recent times a newspaper often has been at a great premium. One of the highest prices ever paid for a single copy of a newspaper was that brought by one in Alaska only 40 years ago.

Shortly after the Klondike gold rush, the Spanish-American War broke out in 1898. It is related that a prospector who had brought a copy of a San Francisco newspaper containing war news sold it for fifty cents upon arriving in Alaska.

The paper was then taken to

Dawson City, where it brought ten ounces of gold, worth \$160, and the buyer made money on his investment at that. He rented a hall and charged \$1 each for admissions to hear the news read. When one stops to think of it, there is nothing that gives so much for one's money as a newspaper. No newspaper is so poor that it is not worth more than it costs.

INDIAN SUMMER

November is usually marked by a brief period of warmer weather after the first cold snaps of winter have passed, this period being popularly known as Indian summer. How the name arose is obscure, except that it is of American origin.

In England and France this warmer season is known as St. Martin's summer, and is supposed to begin on St. Martin's Day, November 11, around which many traditions have grown. If the day be bright and sunny there will be a cold winter, and the same will happen if the trees still retain their foliage; but if frost occurs before that day the winter will be mild—so runs the ancient saying.

St. Martin is the patron saint of France, of beggars and of reformed drunkards. He was a real personage, who flourished in the fourth century and became Bishop of Tours, rising from pagan parents. Many miracles, including raising the dead, are attributed to him. One legend tells that after he divided his cloak with a beggar on a wintry November day, summer came back again because of his kind deed—hence the term St. Martin's summer, which has persisted for more than 1,500 years.

St. Martin's or Indian summer is briefly described as "that mellow time in November, which follows the first, or even the second cold snap or period; the return of summer for a season, characterized by a hazy atmosphere and a mellow air and coloring."

ELECTRICITY RATES

The part private electric power companies play in financing government is illustrated by some figures cited by the Salem, Ala., Times-Journal in a recent editorial, showing that the Alabama Power Company will pay total taxes of approximately \$3,000,000 this year.

This sum is equal to one-third of the state's total income from all sources, and is about half as much as the total amount derived from the state's 2 per cent sales tax. Commenting on these facts, the Times-Journal says:

"These comparisons make it easy to understand the part the power company plays in financing state functions, and rests the case of private enterprise against government competition. The TVA may now take the stand, remembering that all testimony regarding alleged reductions in power rates will be regarded as irrelevant and immaterial unless based upon recognition of all costs to the public, including federal revenue expenditures and elimination of tax sources, national, state, county and city."

A man's true worth probably lies somewhere between his own estimate and that of his neighbors.

NOBODY'S BUSINESS (By JULIAN CAPEERS JR.)

Austin.—One of the hectic battles of the forthcoming 46th regular session of the Texas Legislature, in the opinion of Austin observers, probably will center around the proposal, made by Norman S. Taber, finance consultant of New York, to have the State take over \$182,564,000 worth of county road bonds now outstanding. Taber's recommendation was the outgrowth of a resolution passed by the last Legislature, directing that the Board of County and District Road Bond Indebtedness have such a study made. Taber's firm was paid \$25,000 for the job.

His plan, in brief, proposes that the State shall issue \$182,564,000 of State 3 per cent 20-year serial bonds, which would absorb road bonds of the counties and districts of the State. The State bonds would be retired by pledging auto license fees now going to the Highway Department, amounting to \$7,000,000 a year; plus about \$3,800,000 of license fees now going to the counties; plus about \$10,000,000 a year revenue from a 1 cent of the gasoline tax. This would create a debt service fund of nearly \$21,000,000 annually while it is estimated only about \$13,000,000 annually would be needed to retire the bonds. The surplus would, of course, go back to the Highway Department, since under the plan the officials of some larger counties in Texas, whose finances are in bad shape. Not all county officials are in agreement upon the idea. In Dallas county, for instance, whose officials have been active for the program, officials have overspent their general fund budget by some \$600,000. They could absorb this deficit and have plenty of money left to give jobs and relief grants to persons who note, if they could be relieved of their debt servicing charge. Critics of the plan, while admitting that it would probably enable a saving, are very doubtful whether politically-minded county officials would pass the saving on to local taxpayers. They think there would be no real reduction in county taxes, but merely a larger available sum for the local politicians to spend.

Highway Department officials are very cool toward pledging their share of the auto license fees to guarantee servicing the new bonds. They fear that a sharp cut in gasoline consumption, invention of gasoline substitutes, or other unforeseen developments which might happen in 20 years, might make their \$7,000,000 to service the bonds, and cripple their orderly and well-administered program of highway development.

Finally, the voters probably would be extremely cautious about voting the State, which now has virtually no bonded debt, nearly \$200,000,000 into the red. Texans have built a splendid road system on a cash basis, without issuing bonds. They have never favored State bond issues, having a proposed \$100,000,000 highway bond proposal decisively defeated a decade or more ago, and voting bonds only for relief purposes in recent years.

The Taber plan is so radical that families here last week-end. R. C. Huntley visited in Houston last week-end.

Mr. and Mrs. Sam Conner of Wichita Falls visited their uncle, G. A. Neill, and family here a while Sunday night.

STATE OF TEXAS, County of Foard, November 22, 1938. Notice is hereby given that an application has been filed with the Texas Liquor Control Board at Austin, Texas, for the issuance of a retail medicinal drug store permit, as that term is defined in H. B. 77, second called session, 44th Legislature, as amended by H. B. 5, acts of the regular session 45th Legislature and S. B. 20, acts of the first called session, 45th Legislature. Said retail medicinal drug store is located in the City of Crowell, Texas, Foard County, Texas, and is doing business under the name of Corner Drug Store, Crowell, Texas, Henry Black, Owner.

Trinity County was named for the river of that name.

Driving requires the undivided attention of even the smartest drivers. Don't think you can give it any less.

it doubtless will not even be submitted in its present form, but it is virtually certain that some plan based upon it, calling for a huge state bond issue, will be brought to the floor during the regular session. The county officials of many counties are for such a program—and the county officials represent a powerful political force with the legislators.

O'Daniel Makes A Discovery Gov.-Elect O'Daniel's plan for a State RFC to lend \$15,000,000 to new industries, after a one-week public airing, has been abandoned. O'Daniel announced this week.

The reason for it, O'Daniel revealed, is because he "has been busy discovering that Texas has just such a setup." The Governor-Elect has discovered what some 129,000,000 of his fellow-American citizens have known for the past 10 or 12 years—that the Federal government has an organization known as the Reconstruction Finance Corporation, which is headed by a well-known sound-thinking Texas banker, one Jesse Jones, of Houston.

The Governor-Elect has now found out what nearly everybody else interested in the subject already know—namely, that the RFC, by special authorization of Congress, has been making loans to small businesses and large, new and old, at low interest, to enable them to expand or begin operations. Of course, Mr. Jones only makes sound loans, but he has some \$900,000,000 of small industrial loans outstanding now in Texas, and there is available up to \$150,000,000 more for Texas, if the borrowers are sound. Mr. O'Daniel included in his statement that he was "not prepared to concede it would be necessary to have a constitutional amendment" to carry out his plan, but the Constitution says it would, anyway. In announcing his astounding discovery that the RFC has been on the job for years, Mr. O'Daniel also took a crack at the legislature, when he remarked that "We already are moving ahead. And it didn't take an act of the Legislature to do it."

The monthly prorating hearing in Austin this week brought only a handful of oilmen, and the excitement over Saturday and Sunday shutdowns apparently had died out. Only Ray Starnes, of Gladewater, protested them, and hinted he might file a suit to test legality of the shutdown order, if it is continued through December, as expected. Commissioner Lon Smith declared he wouldn't sign the order if it called for Saturday and Sunday shutdowns, but operators here believed Commissioners Thompson and Terrell would continue rigid prorating. Resignation of Laten Stanberry, once a country newspaper editor, as oil and gas supervisor of the Commission, presaged other changes expected when Jerry Sadler succeeds C. V. Terrell as Commissioner January 1.

Editors See Dams Members of the Texas Editorial Association, all veterans of 20 years or more of newspaper work, convened in Austin, were entertained by Jack Dies at his beautiful ranch home near the capital, and spent a whole day inspecting the Colorado River Authority development, as guests of CRA and Contractor Herman Brown, who is building Marshall Ford dam. The editors were crammed with facts and figures about flood control, reclamation, irrigation and power development. They were feasted on barbecue and chicken, and thoroughly enjoyed the outing.

After several weeks of hearings, the Congressional Committee investigating the Tennessee Valley Authority adjourned until an indefinite date, with little accomplished beyond listening to an airing of differences between former Chairman Aruthu E. Morgan and the other two members of the board, Harcourt A. Mor-

gan and David E. Lilienthal. Enough has been developed from the conflicting testimony given, however, to indicate that neither of the three is big enough to serve on a board entrusted with the great powers and vast sums of public money already spent and to be spent on questionable experiment.

It was shown that almost from the beginning of the TVA's operations in 1933 there were serious differences among the board members regarding policies and methods, with the result that the important decisions were often made by a single member of the board, without approval of others.

Even such a vital matter as the establishment and publication of rates for the sale of electric power was determined by one member, Lilienthal, without submission to the board for approval. The soundness of this rate structure has been seriously questioned.

A single purchase of 553 acres of phosphate lands, for which the former owners were paid a profit of \$527,185 above what it had cost them a short time before, was put through by a subordinate official of the TVA, without scrutiny or approval by the full board.

These and many other unbusinesslike methods are alone sufficient to indicate that TVA affairs have been in incompetent and irresponsible hands. Citizens who are best informed regarding the situation believe that a thorough housecleaning is in order, and that an entirely new board or a single head responsible to the President and Congress, should be placed in charge of the TVA. Present conditions in the organization are chaotic and intolerable.

HOMESPUN WOOL SOCKS

Emerson's theory, that if one builds a better mousetrap that everyone else in the world will make a beaten path to his door, is vindicated to a modest extent by Miss Lue Heath, who lives near Mena, Ark.—but her specialty is woolen socks instead of mousetraps.

Several years ago Miss Heath began spinning wool and knitting socks from the virgin wool yarn as a hobby, employed only to supply her own family. But her product was of such excellence that neighbors soon began asking her to knit socks for them. Then timers workers in the nearby mountains heard of her superior socks and became her customers.

Now "Sis," as she is known among her friends, has all the orders she can fill, and her hobby has become a profitable business. The wool she uses comes from sheep on the Heath farm, so no cash outlay for raw material is involved in her enterprise. Her spinning wheel is a home-made one, built by her great-grandfather some 40 years ago.

Just to show her speed she has knit as many as nine pairs of socks in a day, but usually produces only three or four pairs daily in spare time.

While hers is not a spectacular success story, Miss Heath has again demonstrated that one can find a source of income almost anywhere by the exercise of diligence and skill.

## FFA Boys Make Field Trip for Experience

Members of the Crowell Vocational Agriculture classes have been receiving practical experience in soil erosion, soil and moisture conservation and farm animals as the result of field trips made last week.

The V. A. II class visited a badly eroded farm in the Black community the first of last week. The boys studied the different types of erosion taking place on the farm and steps that should be taken to check it. They also studied the soil to determine which crops would be best suited for that particular soil. Terracing, strip cropping and crop rotation should be practiced on the farm, according to decisions reached by the class.

The V. A. I class made a field trip to the farm of Sam Russell to study and practice the prevention of diseases in animals. The boys vaccinated and dehorned about fifteen calves. Vaccines for the prevention of colds and influenza were given the calves.

## "B" Teams of Crowell and Paducah to Meet Here Next Monday

The "B" teams, or second strings of the Crowell Wildcats and the Paducah Dragons will meet on the Crowell gridiron next Monday afternoon at 4 o'clock.

This game will give Crowell fans a chance to watch the grid prospects of next year in action against a team that will be evenly matched for them. A large number of the Crowell "B" team members have seen service in conference games and those who have not have played in junior games.

Bill Twmbey, who has done good work with the junior team and a prospect to fill Raymond Joy's place in the line up next season, will start in the quarterback position. The halfback positions will be alternated between A. Y. Olds and H. C. Brown, who have seen conference play, and Tom Alton Andrews. Ted Cronosec will be in the fullback position.

The wingman duties will be divided between Clyde Eddy, Junior Haseloff and W. D. Hudgens. Leonard Smith, Murrell Diggs and W. D. Hudgens will see service at the tackle positions. Fans will be able to watch Glendon Russell, Daniel Brisco and Fred Borchardt play as guards, while Ralph Flesher and Robert Saunders will handle the center duties.

## FFA Adviser Attends Meetings Last Week

Marvin L. Myers, Crowell Vocational Agriculture instructor and FFA adviser, attended a meeting in Vernon and visited the Rule FFA chapter Saturday.

Teachers of the Vernon district were present in Vernon Saturday to hear explanations and details concerning the 1939 AAA Farm Program as discussed by Mr. Vance of the State AAA office in College Station.

Mr. Myers consulted the adviser of the Rule chapter concerning the possibility of the Crowell chapter selling some purebred Hampshire hogs to members of that chapter.

Mrs. J. R. Moore returned to her home in Crowell last week after a visit with her sister, Mrs. L. B. Page of San Angelo.

teamed with the district's best open field blocker.

Joy is chosen as field general because we believe that his judgment for the season as a whole has been the best of all. He never seems to get excited or bewildered, thus having a good influence over his team mates on the gridiron. Joy is the greatest ball carrier this district has seen since Dick Todd finished his high school career with the Wildcats in 1934. He is an excellent passer, having completed about 50 per cent of his passes, and they have been many this season. He coolly finds his receiver and throws with deadly accuracy. He is a good quick-kicker and a fair distance punter.

Meason landed on The News' all-district team because of his great ball carrying and superb blocking. He is also one of the best pass receivers of the district and has done pretty good work in the punting department. Meason is an excellent end-sweeper and his powerful running made him an unsolvable problem to opponents.

Although Lloyd of Throckmorton was not playing up to par against Crowell, he was instrumental in his team's landing in second position, which is the highest Throckmorton has ever reached and therefore deserves a berth on the all-district team. Crowell was the only team which he was unable to score upon.

To Owens The News gives the fullback berth. Starting the season as a rookie, and getting off to a bad start at that, Owens had great determination and developed rapidly. Today, he is the district's best open field blocker. Every great backfield must have a blocking back, and we choose Owens.

John Lee Orr of Crowell is recognized over the district as the most dangerous broken field runner, but injuries slowed him up this season and he was forced to remain on the sideline in three games. This seriously hampers Orr's selection.

In the end positions, The News places B. Fitzgerald and Canup from the Crowell line, which is the strongest forward wall in the district. Fitzgerald is the most powerful defensive end this district has seen in many years. He is an excellent pass thrower and receiver and is an outstanding punter and place kicker.

Canup has matched the defensive pace of his team mate and is a stand-out in pass receiving. He has gained many yards and several touchdowns from passes. These wingmen would be difficult to circle by any backfield in the state and teams in this district have found more than they could handle in Fitzgerald and Canup.

Gafford, playing his first year as a starter, has covered himself with glory in every game he has played and is our choice for a tackle position. For his great defensive work against the Wildcats, J. Brock of Chillicothe wins The News' selection for the other tackle. We feel that a pair of better tacklers can not be found in this district.

Blair of Seymour and Thompson of Iowa Park are chosen for the guard positions, and apologies are extended to Starkey of Seymour and Elliott of Burk Burnett, who were all-district men last season, but who were soundly outplayed by Blair and Thompson in Crowell games this season. Thompson outshined Starkey, and Elliott failed to flash all-district playing as did Blair.

J. Fitzgerald easily won our all-district center post. He outplayed every pivot man he met, and his passing from the center position has been nearly perfect, which often means victory or defeat for a team. He is also partly responsible for the small total gains made through the Crowell line.

It seems extremely difficult to omit H. Sollis, Johnson and Branch from the all-district selections. Johnson had much competition in J. Brock of Chillicothe and the one game for which he was ineligible due to scholastic difficulties gave Brock a feather edge over him.

Branch was fighting injuries all season and was also out of one game because of scholastic troubles. We might have used bad judgment in omitting him from our team. H. Sollis was shifted to different positions throughout the season and his choice for honors are seriously hampered for that reason. Sollis and Branch form the best guard combination in the district.

## Indian Grave—

(Continued from Page One)  
Old timers at Truscott expressed the opinion that the Indian obtained the coins by raiding Mexicans and Spaniards at that time because Indians were still raiding settlers in this country until after the dates shown on the coins.

Mr. Hord stated that the skeleton was lying on its side, facing the north, and the items taken from the grave were lying in front of it. A large number of bracelets were still on the arm bones and the throat and chest were heavily decorated with beads. The skeleton was complete except for a few bones of the feet.

Plan Exhibitions  
Mr. and Mrs. Hord plan to place their findings on exhibition in Truscott and Crowell within the next two weeks. They plan to give the first exhibition at the Truscott High School Saturday, and the next Saturday, Dec. 3, the relics will be exhibited in Crowell under the sponsorship of the seniors of Crowell High School.

The beads have been restrung and Mr. and Mrs. Hord will arrange the skeleton, rifle, beads, and other articles taken from the grave in a glass covered box for this purpose.

PILGRIMS of 1938  
The still chill of a November morning, 317 years ago, gave no indication of man's feelings. Silent men, with flintlocks shouldered, and pale women, their cowls drawn close, slipped silently through early winter's snow. And there were smiles on their faces—smiles of thankfulness for a haven that responded to their diligent toil so munificently.

Perhaps we of the streamlined twentieth century come by our comforts easily; perhaps we fail, at times, to evaluate our ease of self-provision. But the "pilgrims" of 1938 are likened to those of 1621—all consummately appreciative of past blessings—all surprisingly confident of their hopes in the future.

Two Minute Sermon (By Thomas Hastwell)

Parents, Know Thy Children: The command, "Honor thy father and thy mother," has been held by the parents of all times as the command to youth. I feel that in a good many instances throughout the country today a command "Parents, know thy children," would come nearer meeting the need, and securing for the parents the honor of the children. My observation has been that in many instances in which young people fail, the failure is often the fault of the parents because of lack of knowledge and understanding. If John or Mary expect to fill a little job as bookkeeper at the village store they must take a business course to prepare themselves, yet John or Mary can undertake the responsibility of building a home and rearing children with no training and no knowledge of home making and child rearing whatsoever. The wonder to me is, not that so many homes break up, but that more do not. While it is essential to our special order that children honor their parents, the command, in my opinion, also implies with equal force that parents administer their authority in such an intelligent and understanding manner that the honor may be merited.

Your Horoscope

November 20, 21, 22—You have the traits of a good politician. You think for yourself instead of following some one else's lead. You are dependable and respect confidences. You are often placed in positions of trust and responsibility. You would make a splendid salesman but a poor collector. November 23, 24, 25—You have a deeply sensitive nature which makes you hold yourself aloof from people. You do not relish interference and positively will not stand dictation. You court appreciation and failing to receive it you become low spirited. Your nature does not attract people to make a confident of you. You would make a good operatic singer or teacher of voice.

THOUGHTS OF SERIOUS MOMENTS

The essence of good and evil is in a certain disposition of the will.—Epicurus. Fortune is like glass—the brighter the glitter the more easily broken.—Publius Lyrus. A wrong-doer is often a man that has left something undone, not always he that has done something.—Marcus Aurelius. Foreign Spinners Want Texas Quality Cotton College Station.—Foreign spinners are anxious to receive quality cotton from Texas one-variety cottons.

A letter recently received by E. A. Miller, agronomist of the Texas A. & M. Extension Service, from a cotton brokerage firm in Manchester, England, is an expression of this desire. "We believe that some 'one-variety' cotton has been shipped to this country, but that it has been mixed in with the ordinary shipments, say a few bales in a hundred, which to our mind destroys the whole idea. We are very anxious to have a trial lot of 50 or 100 bales of Texas 'one variety' Good Middling 31-32, which will go to a particular mill and be given a thorough spinning test." The English firm stated: "Even lots of cotton produced in one-variety blocks will be offered to foreign spinners through the AAA's 20,000 bales experiment, Miller said. "The request shows the need for the improvement of Texas cotton on a county-wide or regional basis." "Our 213 one-variety communities have demonstrated that quality cotton pays in dollars and cents, but we need to build up the volume of this cotton."

Our Weekly Sermon

By Rev. William H. Hockman, D. D., Member of the Faculty Moody Bible Institute, Chicago

What Must I Do To Be Saved? Text—Sirs, what must I do to be saved? And they said, Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house.

It would be difficult to find a person out of childhood who has not discovered that things in the world round about are decidedly wrong and out of harmony. They have been wrong for a long, long time; and despite the efforts of generations of social specialists, things do not get better, but rather worse. The testimony of the whole human family is summed up in an old Chinese proverb which says: "The world is like a sea of bitterness." Such facts, and they are facts, cause us great perplexity.

But that is not all, nor the worst. For every thoughtful person fully realizes that the wrongness of things is not merely in things about us, but also within in one's own heart and nature. One may hesitate openly to acknowledge this, but down in the secret inner chamber of one's being, where one thinks things over with one's self, there is an unescapable consciousness of not being right. And, very significantly, that peculiar, indescribable uneasiness is linked up with a sense of our not being right with God. We all seem to know instinctively that we human beings are by nature out of tune and out of touch with God. Even among the most primitive tribes of degraded men there is this same disturbing consciousness. And even these simple primitive peoples are deeply exercised over their plight, and are doing almost unbelievable things in their anxiety to square up their accounts with the powers which they believe rule in high heaven, and also attain unto whatever felicity may be possible to enjoy over in the other world.

Now, just what is wrong, anyway? And how can things be put right? These are matters about which men speculate a great deal, and a good many opinions are held by various people. Some try to forget about the whole matter, though it is difficult to get away from something that seems to thread itself through and through one's consciousness. Many seem to think they can in some way or other solve the problem themselves, and are proceeding in a kind of vague manner, in an attempt to keep their accounts with heaven on the right side just by being passably respectable and good. A little candid thinking, however, should tell one that this is utterly futile.

Is there no certain light on the matter? Is there no one who can tell us just what our trouble is, and how serious is our plight? Maybe that would not help much, unless we could also be told how to find a way of escape. After all, the chief concern really is, "What must I do to be saved?" Well may we all rejoice, and let our praises reach to the high heaven; for there is an answer to all these questions, and there is a way that leads out of all our anxieties and miseries, out into the broad places of deliverance and salvation. The answer comes not from any mere man; it is not the speculation of any philosopher or wise man, ancient or modern; but it is revealed plainly and clearly in the unerring Word of God. It comes as God's word straight to us.

This may truly be called a divine revelation. It comes from the One who knows, the One who has the all-seeing eye, and who in the natural order of events would eventually sit on the judgment throne to pass on our case. God tells us two things, both of extreme importance. First, He tells us just what the matter with us is, and then He graciously tells us how all our ills may be cured. In plain, simple, but soul-piercing words, God tells us that we are by nature sinners and aliens from His glorious presence, doomed to eternal banishment. No wonder there is a restlessness and fearfulness surging in the hearts of men all the world around!

And what shall we do to be saved? Let us listen carefully to what God says, for destiny hangs upon careful obedience. Does He require some high and lofty accomplishment—well-nigh impossible for the most of us? No, nothing of that kind, but something so simple that no one is excluded. We are simply commanded to "believe on the Lord Jesus Christ." Believe on Him as our Sin-bearer, our Redeemer and our Advocate. As the appointed Lamb of God, He actually tasted death for every man. All that God requires of us is that we definitely accept Him as our substitute Sin-bearer, and yield our hearts to Him as our Lord. The

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, Nov. 27, 1938. Subject: "Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced." The public is cordially invited.

Christian Science Churches On Thanksgiving Day, The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches in all countries will hold a special Thanksgiving service to which the public is cordially invited. The service includes the reading of a Lesson-Sermon, the topic of which is "Thanksgiving," and opportunity is given for the individual members of the congregation to audibly express their gratitude to God for the blessings which have come to them during the year. Thanksgiving services will be held at the Crowell church at 11 o'clock Thursday morning.

The Golden Text is: "Offer unto God thanksgiving; and pay thy vows unto the most High" (Psalms 50:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Ye are the children of the Lord your God; and the stranger, and the fatherless, and the widow, which are within thy gates, shall come, and shall eat and be satisfied; that the Lord thy God may bless thee in all the work of thine hand which thou doest" (Duet. 14:1, 29). The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good" (page 518).

Baptist Training Union The Baptist Training Union of the First Baptist Church of Crowell will meet at 6 o'clock Sunday evening.

The Baptist Training Union trains its members to be loyal to Christ and to His Church. To be faithful upon the attendance of the preaching service every Sunday.

To be true to Christ at all times. To give one-tenth of income to the church to be used for missions, evangelism, Christian education, beneficence, and local church expense.

To give one-seventh of time to the Lord and His work. To accept responsible positions in the Bible School, W. M. U., Brotherhood and other church organizations.

Bronchial Coughs Need Creomulsion

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation, and by aiding in loosening and expelling germ-laden phlegm. The Medical Profession has for generations recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients so that now in Creomulsion you get a good dose of genuine Beechwood Creosote which is palatable and may be taken frequently by both adults and children. Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund your money. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

As a compliment to Mrs. Clifton French of Corpus Christi, who is the former Miss Elsie Faye Roark, Misses Anne Lee Long, Mary Ragland Thompson and Lena Woods were hostesses at a pretty miscellaneous shower Friday afternoon at the home of Miss Long.

The guests were received by Miss Long and presented to an informal receiving line headed by Miss Woods and included the honor guest, Mrs. French; her mother, Mrs. H. C. Roark, and Mr. French's mother, Mrs. Maggie French.

Miss Thompson presided over the bride's book where the guests registered.

Miss Helen Harwell gave a reading entitled, "Little Lady at the Altar." This was followed by two vocal numbers by Mrs. C. W. Thompson and Mrs. T. B. Klepper. Mrs. A. L. Rucker accompanied them on the piano.

The honoree was invited by Miss Thompson to the gift room, where she was confronted by a beautiful array of gifts from her friends.

Punch was served from the lace-laid dining table by Mrs. Floyd Thomas and Mrs. Tom Russell. Mrs. Rucker played piano selections during the hour of serving.

The business session will be followed by a devotional by the leader. The history of Thanksgiving will be given by Mrs. R. L. Kincaid.

A covered dish lunch will be spread at the noon hour. Immediately following lunch, a special feature by the Girl Scouts under the direction of Miss Frankie Kirkpatrick, will be presented.

The remainder of the program will include "The Children's Charter" by Mrs. F. E. Diggs; "American Youth Forum" by Mrs. F. A. Davis and "Social Security" by Mrs. A. D. Campbell.

## COLUMBIAN CLUB

The subject of "Thanksgiving" was featured in the program of the Columbian Club when it met last Wednesday afternoon with Mrs. C. C. McLaughlin, hostess, at her home.

Mrs. N. J. Roberts was program leader and opened the meeting with a talk on Thanksgiving and its real significance. Two songs appropriate to the occasion were sung by the club. They were, "America" and "Count Your Many Blessings." Mrs. Jno. S. Ray was accompanist.

Mrs. Chas. Thompson told of "The Home of Thanksgiving," depicting the scene of the first Thanksgiving and telling of its having become a national shrine.

As a health feature, Mrs. T. L. Hughton explained "The Penny-backer Foundation." In connection with this, she gave informative facts concerning cancer.

Mrs. Roberts told of having recently attended a meeting of District One of Texas Federation of Women's Clubs in Newcasttle. She made an interesting report of the meeting.

Mrs. McLaughlin served a tempting refreshment plate to those present.

## T. E. L. CLASS

Mrs. R. D. Oswalt, Mrs. J. P. Davidson and Mrs. E. A. Dunagan were hostesses to the members of the T. E. L. class of the First Baptist Church Thursday afternoon at the home of Mrs. Oswalt.

After a short business session a social hour was enjoyed. As a feature number of the program, Mrs. Viola Locke impressively gave a rendition of "Rock of Ages."

A lovely refreshment plate was served to twenty-two members. Hostesses for the December meeting will be Mrs. A. F. Wright, Mrs. A. L. Rucker and Mrs. I. T. Graves.

## ATTEND ANNIVERSARY

Mrs. and Mrs. F. E. Diggs of the Gambelville community attended the golden wedding anniversary

celebration of Mr. and Mrs. R. D. Hurt of West Vernon last Sunday. Forty-nine children, grandchildren, great-grandchildren and friends attended the affair.

Mr. and Mrs. Diggs have been friends of Mr. and Mrs. Hurt for the past thirty years.

## Mrs. John Hampton to Review Book Here Thursday, Dec. 1

The ladies of the Christian Church will present Mrs. Jno. Hampton of Wichita Falls in Book Review Thursday, Dec. 1, at 3 p. m. at the church.

There will be no charges other than a small silver offering. All women in and near Crowell are invited to take advantage of this privilege to hear this outstanding book reviewer.

She will give one of the most popular of the late books: "My Son, My Son."

## CO-LABORERS' CLASS

At the home of Mrs. Hubert Brown with Mesdames Brown, Wittingham and Herman Gentry as hostesses, the Co-Laborers' class met on November 17.

A duet was sung by Mesdames Paul Shirley and Gordon Cooper, accompanied by Mrs. A. R. Sanders.

Each member responded to roll call with reasons for thankfulness. After responsive Scripture reading, Mrs. T. B. Klepper, assisted by Mrs. E. M. Crosoe, led the lesson on the book of Isaiah. A tempting refreshment plate was served by the hostess to members present and Mrs. Maggie French of Corpus Christi.

## JOINS LITERARY CLUB

Selected by the vote of old club members, Miss Mary Hughton of Crowell, recently signed a club preference and was pledged to the Mary Eleanor Brackenridge Literary Society at Texas State College for Women, according to information received from the college.

Formal initiation of the Mary Eleanor Brackenridge pledgees came as a climax to the week of literary and social clubs on the TSCW campus, and three days of mock initiation, traditional with pledging on every college campus.

Miss Hughton, daughter of Mr. and Mrs. M. L. Hughton, is a sophomore at the college. Active in many phases of campus life she is working toward her degree in business administration.

## GUESTS AT VERNON

Several ladies of the First Christian Church were guests of Mrs. J. J. Wright of Vernon Monday afternoon, at which time she was hostess to Missionary Circle No. 3 of the Central Christian Church of Vernon.

Those attending were: Mrs. M. N. Kenner, Mrs. R. L. Kincaid, Mrs. N. J. Roberts, Mrs. F. A. Davis, Mrs. Earl Moody, Mrs. Herman Greening, Mrs. J. H. Shults, Mrs. Marion Crowell, Mrs. Jim Cook and Mrs. John Long.

## GOOD CREEK 4-H CLUB

The Good Creek girls organized a 4-H Club Friday, Nov. 18, at the school house with 5 members present. Alta Dean Fortner was elected president and Margaret Gene Davis, secretary.

Miss Holman gave a demonstration on table etiquette. Next meeting will be on Dec. 2.

## Tiffin on a Trolley

An interior view of the diner-trolley which operates on the street railways of Geneva, Switzerland, for the benefit of visitors to the home of the League of Nations. Here, the passengers are shown being served while making the tour of the city. The motorman can be seen in the background as he operates the car's controls.

## FOARD CITY W. M. S.

Mrs. R. E. Sparks was hostess to the Foard City Woman's Missionary Society, Nov. 9, in an all-day meeting.

Mrs. J. M. Glover was leader of the morning program which was opened by singing "Take Time To Be Holy." Mrs. Virgil Johnson gave an inspiring devotional, using for her subject, "God A Reality."

The MacDowell French Mission—our Home Special—was the subject of a discussion led by Mrs. Geo. E. Tyson.

At this point in the program Mrs. Sparks asked permission to speak and with well chosen words she paid tribute to Mrs. J. M. Glover, whose birthday was being celebrated. She closed her beautiful eulogy by calling those present to a standing vote of appreciation of Mrs. Glover. Mrs. T. F. Welch presented the beautiful birthday cake. Mrs. Glover responded with appropriate words.

Mrs. Tyson pronounced the benediction and the next hour was spent in the dining room where a covered dish lunch was enjoyed.

Mrs. Blake McDaniel was leader of the afternoon program.

Mrs. J. M. Glover gave the devotional, using Heb. 10:26-36 and a page from "The Upper Room" as a basis for her talk.

Mrs. McDaniel and Mrs. J. M. Barker read a "Call to Worship" responsively, after which Mrs. McDaniel read our Foreign Special, China.

Mrs. Effie Johnson discussed "The Identification of the Missionaries with the Sufferers of China." Rev. Geo. E. Tyson talked about "Our Stake in China."

A liberal offering was taken for Home and Foreign Specials. During a business session the following officers were elected for the ensuing year: Mrs. J. L. Johnson, president; Mrs. Virgil Johnson, vice president; Mrs. T. F. Welch, recording secretary and treasurer; Mrs. Ruth Marts, assistant treasurer; Mrs. J. M. Glover, corresponding secretary; Mrs. R. E. Sparks, superintendent study; Mrs. J. M. Barker, superintendent publicity; Mrs. Laura Johnson, superintendent of the children's work; Mrs. G. E. Tyson, Spiritual Life chairman; Mrs. Blake McDaniel, Supt. Christian Social Relations; Mrs. G. M. Canup, Supt. Local Work.

## FOARD CITY H. D. CLUB

"Sleep with plenty of fresh air in the room," proved to be the most popular health hint given in answer to roll call by the members of the Foard City Home Demonstration Club, at their regular meeting held at the club house on Tuesday afternoon, Nov. 15.

On the Health Program, Mrs. R. L. Taylor gave an interesting and informational discussion on "Preventing Colds." "Social Diseases, causes and prevention" were discussed by Mrs. J. L. Farrar. Mrs. Carvel Thompson talked about cancer, and Mrs. Tom Ferguson gave interesting information about pellagra and other diseases.

During a business session, plans were made for a Christmas party to be enjoyed by the club women on Tuesday, Dec. 13, at 2 p. m. At this meeting, unknown friends will bring a gift for the Christmas tree and fruit and candy or nuts as has been the custom formerly. The price of the gifts for the tree was set at 25c.

Fourteen members were present to enjoy the meeting. Dainty refreshments were served by Mrs. E. V. Halbert, Mrs. Grady McLain and Mrs. Jesse Autrey.

## MARGARET H. D. CLUB

The last meeting of the Margaret Home Demonstration Club was an all-day session held in the home of Mrs. J. H. Taylor.

The lesson featured finished goals of food supplies. Planting of peach seed and the curing and storing of sweet potatoes was discussed by members of the club.

One visitor, Mrs. Melvin Moore of Lorenzo, was present at the meeting.

The next meeting will be held in the home of Mrs. Raymond Sikes on Friday, Nov. 25.

Billy Kerr, 7, of Fredonia, N. Y., has a collection of 70 glass hats, many of them over 100 years old and very rare.

## TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club met Thursday, Nov. 17, in the home of Mrs. S. O. Turner. New officers elected for the ensuing year are as follows: Mrs. O. J. Witte, president; Mrs. Roy Browder, vice president; Mrs. S. O. Turner, secretary-treasurer; Mrs. Herbert Gillespie, council delegate; and Mrs. Loyd Strange, reporter.

Mrs. A. F. McMinn gave a report of the last County Council meeting and Mrs. Roy Browder gave a brief resume of the work to be done in the club next year as outlined in the new year books.

For recreation several games were played after which refreshments were served to fourteen members, one new member and one visitor.

After the club meeting, the members went to the home of Mrs. Jim Chowning, efficient pantry demonstrator, to see her pantry display of nice canned vegetables, fruits, relishes, preserves, and meats.

## Margaret B. T. U.

The Margaret B. T. U. met Sunday night, Nov. 20, with a goodly number present. The program opened with several songs and a prayer followed by the usual program which was presented by various members of the Union.

The program closed with a prayer. The majority of the members are planning to attend the State B. T. U. Convention at Wichita Falls Thursday, Nov. 24.—Reporter.

## Championship

(Continued from Page One)

The second quarter when an Archer City punt rolled out of bounds on the Crowell 9-yard line. Orr and Meason promptly ran the ball out to their own 28 and Meason punted back into Archer City's side of the field. This was Crowell's only punt. Archer City did manage to stop two Crowell drives, one on their 22 and the other on the 19-yard marker.

Orr Returns to Team  
John Lee Orr, Crowell half-back, who has been handicapped by injuries this season and unable to see service in the last three games, except for a very few minutes in the Chillicothe game last week, returned to his old position Friday night and proved that he is still a very dangerous broken field runner. He tallied two touchdowns, one from a 39 yard return with an intercepted pass during which he did a beautiful bit of broken field running to pick up his blockers.

Scoring Starts Early  
On the second play to the game, Crowell recovered a fumble on the Archer City 29-yard line. Joy made 18 yards. H. Sallis added 5 more than Mrs. H. Sallis added the ball from the 6 to the 2, and Joy circled left end to cross the goal line standing up. A pass for the extra point was incomplete. Crowell 6, Archer City 0.

Crowell kicked off to Archer City, but the opposing Wildcats were forced to punt from their own 28 and Crowell took the ball on the Archer City 44, where the ball was kicked.

Joy made 7 yards and Meason placed the ball on the 36 with a 1-yard pick up. Joy circled left end to again cross the goal line standing, losing his last tackler on the 10. B. Fitzgerald's kick was wide. Crowell 12, Archer City 0.

On the fourth play following the kick off, Archer City punted from its own 28. Joy hit center for 3, and Watts, Archer City fullback, received a broken finger on the play and was removed. Meason tread his way around for 27 yards to put the ball on the 18. Joy passed to B. Fitzgerald for a touchdown and then booted the extra point. Crowell 19, Archer City 0.

At this point, Orr, Smith, Canup, Dunn, Diggs, Johnson, Brown, J. Fitzgerald, Clark and Crosoe came into the game. The remaining few minutes of the first quarter were scoreless.

Second Quarter  
On the second play of the quarter, Archer City punted from its own 48-yard line and the ball rolled out on the Crowell 9. Meason picked up 13 yards in two plays. Orr added 2. Meason failed to gain. Orr made 3. Meason

punted to the Archer City 48, where the ball was killed by Diggs. Meason became sick on the play and left the game. The first stringers went back into action at this point.

After failing to gain on three tries, Archer City came out in punt formation but the pass from center was low and Seigler missed the ball to finally be downed on the Archer City 30, where Crowell took the ball on down.

Joy made 5 and Orr added 3. Joy passed to Canup, incomplete. Joy failed to gain and Archer City took the ball on its own 22, but was forced to punt from the 21. Owens returned the punt from his own 47 to the Archer City 44.

Joy followed his blockers through right tackle for 18 yards. Orr made 5. Joy passed incomplete and then made 15. Orr added 4. Joy carried the ball to the 2-yard line with a 2 yard gain and Orr hit left guard to go over the goal line. The attempted conversion failed. Crowell 25, Archer City 0.

The half ended three plays later with Archer City in possession of the ball on its 36.

## Second Half

Orr returned the kick off from the Crowell 18 to the 42. Joy circled left end for 50 yards. Joy fails to gain. Meason circled left end and was ran out of bounds on the Archer City 5. Joy raced around left end to cross the goal line standing up. Joy's place kick hit the goal post and fell back. Crowell 31, Archer City 0.

Burkett returned the kick off from the 10 to the Archer City 32. On the second play Owens intercepted a pass and returned it about 15 yards to the Archer City 20. B. Fitzgerald passed to Canup for touchdown. Conversion failed. Crowell 37, Archer City 0.

Crowell recovered a fumble on the Archer 19 on the kick off and on the third down, B. Fitzgerald passed to Canup for touchdown. B. Fitzgerald kicked the extra point. Crowell 44, Archer City 0.

Following the kickoff Archer City was forced to punt and Orr returned the ball 18 yards to the Archer City 27. Joy passed to Meason for 14 yards. Joy made 5 and lateraled to Owens who is dropped in his tracks. Meason made 2 and Joy went through right guard for 6 yards and a touchdown. B. Fitzgerald booted the extra point. Crowell 51, Archer City 0.

Burkett took Fitzgerald's kick off on the 10 and punted back with Joy catching the ball in mid-field and returning to the Archer City 49. B. Fitzgerald circled right end for 21 yards. Canup cleared Fitzgerald's path with a hard block and was injured but remained in the game. Orr circled left end for 21 yards to cross the goal line, but the play was voided with a 15-yard penalty against Crowell. Joy passed to Meason from the Archer City 43 to the 24 as the third quarter ended.

On the third play of the last period Joy passed incomplete and Archer City took the ball on downs on its own 15. Owens returned Archer City's punt from the opponent's 40 to the 32. Joy passed to Canup who lateraled off to Owens, and he crossed the goal line standing up. B. Fitzgerald kicked the extra point. Crowell 58, Archer City 0.

On the second play following the kick off, Orr intercepted a pass on the Archer City 39, faded across the field to his blockers and crossed the goal line standing up. B. Fitzgerald again booted the extra point. Crowell 65, Archer City 0.

Crowell kicked off and Archer City immediately punted from its 19 to the 43 where the ball was killed. Joy circled left end for 43 yards and a touchdown, leaving his last tackler on the 10. B. Fitzgerald booted the extra point. Crowell 72, Archer City 0.

Coach Graves sent the remainder of his second string into the game. Archer City punted to the Crowell 44. After Crowell made 2 first downs, Joy's pass was intercepted on the 22 and H. C. Brown evens the breaks by intercepting an Archer City pass on the Archer City 28. The end of the game found B. Fitzgerald attempting to kick a field goal from the Archer City 45-yard line. The first attempt, on the second down, was short, but both sides were off-side and Crowell again tried the field goal. This time the kick was blocked and Joy recovered on his own 46. Crowell 72, Archer City 0.

## SAFETY SLOGANS

Don't drive when you are drowsy. You may wake up with your scalp hanging down over your eyes after a dive through the windshield.

A faulty electrical connection is dangerous in a bathroom. The wet floor or plumbing makes a perfect connection and ground which often results in death by electrocution.

In the past 15 years a total of 441,912 persons have been killed in traffic accidents. The number of American soldiers killed in all the wars that this nation has engaged in since 1776 totals 24,357. Which is worse; war or the automobile?
