DECREASE SHOWN IN STATE, COUNTY 1938 CURRENT TAX COLLECTIONS WITH \$58,307

Collection of 1938 current state and county taxes showed a slight decrease as a little more than 63.4 per cent, representing a sum of \$58,307.02, of the \$91,890.11 assessed taxes were paid before the tax paying deadline, Feb. 1, 1939, as reached, according to a release from the office of A. W. Lillard, tax assessor-collector. The amount of both current and delinquent state and county taxes collected was \$60,507.01. Taxes in the 1938 rolls which became delinquent on Feb. 1 totaled \$33,93.09, as compared with \$26,122 for 1937. Last year 71 per cent of the tax on the current rolls was paid, or that year \$92,625.52 taxes were assessed and \$65,814.30 were collected. Figures revealed that the 1938 assessments were \$735.41 less than 1937 assessments. This reduction came as a result of lower unit tax rates, although valuations for 1938 were much higher than those of the preceding year. During the past four months, taxes for roads collected totaled \$476.00; the ad valorem taxes were \$59,303.77; and taxes for common school district, were \$3,074.87. The total state tax collected were \$13,875.40 and one collected for the county are \$44,431.62.

Thalia School District
 The tax rolls for the Thalia school district, which are kept in a separate roll, showed a collection for that school district of \$141.50 from the current rolls, \$324.39 less than the collections 1937. Only \$1,021.85 in delinquent taxes were collected, which marks a sharp decrease. Poll Taxes Paid
 Should any elections be called during 1939, Foard County will have a very light poll as only 831 ill taxes were paid. For the election year 1938, 1,333 poll taxes were paid. Only \$207.75 were collected from these taxes during the past four months.

SCHOOL TAX PAYMENTS OFF ONE PER CENT

Seventy-Five Per Cent Of Current Taxes Collected

A total of \$13,276.16 of current school taxes were paid before February 1, the date at which undelivered taxes became delinquent, according to figures released this week by L. A. Andrews, tax assessor-collector for the school district. This figure represents a fraction more than 75 per cent of the \$17,598.25 in taxes charged on 1938 current rolls. From the rolls of 1937, on which \$7,554.27 in taxes were charged, \$3,062.92, or 76 per cent, was collected. Taxes that became delinquent February 1 were \$4,322.10 and that amount is only \$74.65 more than the taxes which became delinquent on the same day of the preceding year.

The amount of taxes collected this year, including both current and delinquent taxes, was \$14,626.70. The estimated delinquent taxes on the rolls at present is \$21,990.70, or about \$2,971.65 more than were on the rolls this time last year. Assessments for 1938 totaled \$43.98 more than those of 1937.

BOY SCOUTS OF AMERICA END ANNIVERSARY WEEK ACTIVITIES WITH BARBECUE TUESDAY NIGHT

Activities of the Anniversary week celebrating the founding of Boy Scouts in America was concluded Tuesday night with a father and son barbecue in the basement of the Methodist Church, in a large crowd of Boy Scouts and Scouts of Foard County assembled for the barbecue and evening entertainment. It was intended to have this meeting outdoors but the weather conditions were unfavorable. Following the barbecue, games were played and several stunts were put on by the Boy Scout troops. The history of Boy Scouts in America was given by Glenn Hays, which was followed by a speech by Chas. McCall, attorney of Quanah. Bob Jones of Vernon, field executive, was present at the meeting. John and Recie Womack were in charge of the program and games. Thomas Hughton, camping and activities committeeman, assisted Jack Seale, secured the meat for the barbecue which was cooked by the members of Self Improvement Club. Bill Tysinger, Jesse Lankford and L. G. Andrews.

Miss Holman Will Be H. D. Agent at Brenham, Mar. 15

Miss Myrna Holman, home demonstration agent for Foard County for the past five and one-half years, has accepted a similar position at Brenham, Washington County, according to an announcement released by Miss Vida Moore, district home demonstration agent, Monday afternoon. During her long administration of the affairs of the office of county home demonstration agent, Miss Holman has been one of the most efficient agents that Foard County ever had. She has demonstrated her proficiency in every phase of home demonstration work and has built up a friendship in Crowell and Foard County that will be long enduring. Miss Holman will leave Crowell March 15 to take up the duties of her new position.

Judge Welch Makes Talk to Rotarians Wednesday at Noon

The program for the Crowell Rotary Club Wednesday at noon was in charge of Henry Eggeon, Judge C. Y. Welch of Quanah, who is holding district court here this week, made a very impressive talk concerning good citizenship. Judge Welch stated there was a great deal of difference between a citizen and an inhabitant. He stated that to be a citizen one had to put more into the community than he took out, and an inhabitant was a person who took all that he could get out of a community and never put anything back. "A citizen is a man who supports every worthy institution necessary for the building up of a community with his time and money," the Judge stated, "and when he fails to do that he becomes an inhabitant and not a citizen," he continued.

A poem, "Changing Scenes," by Walt Cousins was read by the program leader to conclude the program. C. G. Fairchild, Rotarian of Fort Worth, was a visitor. Mr. Fairchild is supervisor for the Ft. Worth District of the Vocational Rehabilitation Department of the State Board of Education. The program committee for next week is Dwight Moody and Leon Speer.

than the taxes which became delinquent on the same day of the preceding year. The amount of taxes collected this year, including both current and delinquent taxes, was \$14,626.70. The estimated delinquent taxes on the rolls at present is \$21,990.70, or about \$2,971.65 more than were on the rolls this time last year. Assessments for 1938 totaled \$43.98 more than those of 1937.

King County Man Is New AAA Assistant Here; Harper Moved

J. W. HOWARD SUCCUMBS NEAR CROWELL WED.

Last Rites To Be Held At Crowell Holiness Church Today

J. W. Howard, 68, resident of Foard County for 37 years, died at his home three miles northeast of Crowell Wednesday morning at 10 o'clock after a very short illness. Last Rites This Afternoon
 Funeral services will be held in the Crowell Holiness Church this afternoon (Thursday) at 2:30 o'clock with Rev. Joe Bagley officiating. Interment will be made in the Crowell cemetery with the Womack Funeral Home in charge of arrangements.

Mr. Howard was born in Hunt County, Texas, on Dec. 21, 1870. The earlier part of his life is not known until his marriage to Miss Martha Elizabeth Ashbrand at Clairmont, Kent County, in 1891. To this union eleven children were born. He moved with his family to Foard County in 1902 and has lived in and near Crowell since that time.

Mr. Howard was converted and joined the Holiness Church in 1909, and was an active member in that church at the time of his death.

He is survived by his widow; four daughters, Mrs. Charlie White of Dalhart, Mrs. O. J. Wilson, Mrs. Bill Holloway, and Mrs. Allen Whitley, all of Crowell; six sons, Pete of Quitaque, Claude, Jim, Henry, Buster and Truman, all of Crowell; three sisters, Mrs. Martha Hobbs of Malaga, N. M., Mrs. Tom Hammons of Durham, Okla., Mrs. Tom Briscoe of Buckeye, Ariz.; and one brother, Sam Howard, of Thalia.

WILDCATS GO TO DISTRICT TOURNAMENT

Crowell Team to Leave Friday Morning For Childers

Coach Grady Graves and his Crowell Wildcats will leave Friday morning for Childers to enter the annual district interscholastic league basketball tournament being held there Friday and Saturday, Feb. 17-18. Every member of the club, or twelve boys, will probably make the trip. There will be sixteen teams playing in the tournament, which is planned with an eight bracket schedule. Crowell Plays Matador First
 The Wildcats will play their first game Friday afternoon about five o'clock with Matador, in the second game of the top bracket.

The preliminary round is made up of the sixteen teams that participate and the games of the top bracket will be played between the teams as follows: Quanah and Silverton, Crowell and Matador, Lakeview and Valley View, and Carey and Quail. The lower bracket is made up of the following teams: Medicine Mound and Quitaque, Flomot and Thalia, Turkey and Paducah, and Childers and Sam Norwood.

Thalia Plays Friday Night
 Thalia, Foard County's second representative in the meet, will play its first game with Flomot Friday night. Thalia has established a good record during the past season and will make a fine match with Crowell to carry this county's colors.

Should Crowell win its first game, the Wildcats will play the winner of the Quanah-Silverton tilt in the quarter-finals. Thalia must defeat Flomot and the winner of the Medicine Mound-Quitaque game to enter the quarter-finals. Crowell, Quanah, Matador or Silverton will reach the semi-finals and there must defeat either Lakeview, Valley View, Carey or Quail to enter the finals.

Should Thalia go into the semi-final round, its opponent will be one of the four teams: Turkey, Paducah, Childers or Sam Norwood. Carey Favored Again
 The Carey Cardinals will be heavily favored to win the title again this year because of their impressive record during the 1938-39 season.

Last year, the Wildcats reached the finals and were defeated in the last game by the Cardinals by a score of 33-24.

M. E. BISHOP TO VISIT
 Bishop Ivan Lee Holt of Dallas will dine with the members of the M. E. Church at noon Saturday. He will make a short address immediately following the luncheon.

Many Methodists Attend District Institute Monday

The Officers' Institute held at the Methodist Church on Monday was attended by approximately 175 ladies from missionary societies over the Vernon District of Methodist Churches.

With Mrs. J. H. Jennigan of Childers, district secretary presiding, the meeting was opened at 10:30 a. m. with a prayer by Rev. Cal. C. Wright, presiding elder of the Vernon district. The highlight of the morning program was an address by Mrs. C. M. Randall of Seymour, president of Northwest Texas Conference. She talked on "The Type of Individual that Jesus Called," stating that Jesus called busy men, humble men, men who were imperfect, men not socially prominent. One thing He required of them—to leave all and follow Him. She said that it was the busy people who accomplished things in the world, the busy women who carried on the missionary work of the church.

"It is no easy task to assume responsibilities of leadership, but Christ said, 'Take up your cross and follow me,'" said Mrs. Randall.

Group meetings were held in which leaders of various phases of the work gave plans and instruction for the year's work. Mrs. E. R. Bowen of Stamford, superintendent of the district, presided. (Continued on Page Five.)

District Masonic Meeting to Be Held in Quanah, Feb. 20

Next meeting of the 90th District Masonic Association will be held with the Quanah Lodge as host. It will be an open house meeting and all Masons and their wives of the district are invited to attend. It is requested that each lodge notify Earl Jones of Quanah of the number expected to attend.

The 90th Division consists of the Masonic lodges of Quanah, Odell, Chillicothe, Vernon, Thalia and Crowell. New officers elected at the last meeting which was held in Thalia in January are: E. G. Grimley of Thalia, president; J. A. Stovall of Crowell, first vice president; Sam Lance, Chillicothe, second vice president; John Rasor, Crowell, third vice president; George Zelios, Vernon, fourth vice president; J. H. Williams, Quanah, fifth vice president; R. G. Wynn, Odell, sixth vice president. C. H. Wood of Thalia was named secretary to succeed T. L. O'Steen of Vernon.

Crowell Boy on Winning Team at Debate Tournament

Jeff Bell, son of Mr. and Mrs. A. G. Bell, student in Baylor University, and his colleague, Frank Hawton, also a Baylor student, won the men's debate finals at the seventh annual speech tournament of Abilene Christian College at Abilene last Friday and Saturday. During the two-day meet about 75 contestants from 13 colleges and universities in four states took part.

Three Are Sentenced Here for Petty Thefts

With the arrest and conviction of two youths here last week, officials believe that a series of petty thefts over the county during the past few weeks will be stopped. According to Sheriff A. W. Lilly, the thieves were taking on only articles that could be sold as junk iron.

The youths, Cecil Melton of Crowell and Malcolm Klapper of Goodlett, were arrested here last week and immediately tried in justice court before Justice of the Peace J. W. Klepper. They admitted their guilt and their fines totaled about \$40 each.

A 17-year-old Negro, Dalton Skipper, was arrested last Saturday afternoon and four silk slips which had been taken from the Davis Variety were found hidden in his clothes. He pled guilty in county court before Judge Claude Callaway and was sentenced to a 40-day term in the county jail.

Former Four Corners Teacher Selected on Social Security Staff

TWENTY-TWO INDICTMENTS ARE RETURNED BY GRAND JURY; 5 SENTENCED HERE WEDNESDAY

Twenty-two indictments have been returned by the grand jury for the February term of the 46th District Court, which is in session here this week and next week, to set probably the heaviest criminal court docket for this county in several years. The grand jury recessed Tuesday afternoon after being in session for two days, to convene again on Friday, Feb. 24.

Trials Start Today
 Trial of jury criminal cases was started this morning at 10 o'clock before District Judge C. Y. Welch of Quanah, and several of the cases on the docket are expected to be heard before court recesses Saturday. Cases on the docket include forgery, automobile theft, driving while intoxicated, robbery with fire arms and burglary.

Three bills charging burglary were returned against Alvie Kinard of Vernon in connection with burglaries at Margaret, Thalia and Crowell and Willie Johnson of Vernon and Hedley Abbott and Bill Brady of Altus, Okla., were indicted on four burglary charges each in connection with the same burglaries. Harvey Jones and Lonnie Jones, Negroes, of Altus, Okla., were also indicted in connection with the robberies.

Doc Bradbury of Wedolce, Alabama, was arraigned on forgery charges. Emory Gray of Crowell was charged with driving an automobile while intoxicated. Jack Kerr, Negro, was billed on a complaint of robbery with firearms. R. B. Darden of Plainview was charged with driving an automobile while under influence of intoxicating liquor. Clifford Weatherford of Palestine, bound over for trial on an automobile theft charge, but is now serving a five year sentence in Leavenworth, Kansas.

In non-jury cases heard by Judge C. Y. Welch Wednesday afternoon, four white men and one Negro were sentenced to the penitentiary on felony charges, and one divorce was granted, to make a total of ten cases to be disposed of during the afternoon.

Willie Johnson of Vernon was sentenced to two years in the penitentiary on each of four charges of burglary involving the robberies of the S. J. Boman store at Margaret, the WPA store room in Crowell, the Cates Grocery in Thalia and the West Texas Utilities Company office in Crowell. Johnson was already under a two-year suspended sentence in Wilbarger County and is facing burglary charges in that county in connection with robberies in Vernon, after being indicted by the Wilbarger grand jury which recently met. Kinard was also indicted in Wilbarger County on burglary charges.

Alvie Kinard of Vernon was also sentenced to two years on each of three charges which grew out of the burglaries of the Boman store, the Cates Grocery and the West Texas Utilities Company office.

Woodrow Cummings of Paducah and Doc Bradbury of Alabama were assessed sentences of two years each on forgery charges.

"Nigger lark" did not hold true for Jack Kerr, Crockett Negro, who realized the smallest money from his crime but received the largest sentence. Kerr pled guilty to a charge of robbery with firearms and took the court that he took \$40 from two Negroes. This is the smallest amount involved in any of the robberies, but Kerr was sentenced to five years in the penitentiary, which is the smallest sentence that can be given for that charge.

Mrs. Judy Gibson was granted a divorce from her husband, Raymond Gibson, and was also given custody of a two-year-old son.

Other than voting twenty-two indictments, the Foard County grand jury no-billed two defendants and passed two cases.

Crowell High School's Wildcats breezed into second place in the Northwest Texas Basketball Conference standing here Wednesday night when they nosed out the Olney Cubs, 36-33, in a game in which each team overcame a lead to pace the game three different times, and only a six-point rally in the last minutes of the tilt saved the Wildcats from defeat.

After being dropped several notches by a losing streak and the last defeat coming at the hands of the Vernon Lions, the Wildcats brushed off the Wichita Falls Coyotes; then traveled to Olney last Friday night to win easily by a score of 52 to 24, and the third consecutive victory for Coach Grady Graves' dribblers came Tuesday night on the Childers court when the Wildcats rang up a 60-38 victory. In the "Big Six" race, Crowell dropped four games and won six.

Construction of a new Methodist Church in Thalia was started Monday of last week and at present the old building has been razed and material salvaged and the basement for the new building has been dug, according to an announcement made here this week by Rev. Don Culbertson, pastor of the Thalia Methodist Church, and pouring of concrete is expected to be started the latter part of this week.

New Location
 The location has been changed from where the old church stood, west of Thalia Farmers gin, to the northwest corner of the lot one block south of the Brown Service Station, or one block south of State Highway 16.

Native Stone Building
 Plans at present are for the construction of a native stone veneer building with basement and one floor, 68 feet long and 38 feet wide, with a beautiful entrance and eight Sunday school rooms, kitchen and auditorium in basement. The first floor will contain the auditorium with three entrances, choir loft, pastor's study and stairwells. The auditorium will be lined with new wood planks and the ceiling with tile. The building will contain 44 windows with art glass panes. The cost of the building is expected to range between \$4,000 and \$5,000.

Plans Started in January
 At a special church conference held in Thalia on January 28, it was voted to build a new church and committees were set up subject to the action of the Quarter.

COLLECTION OF '38 CITY TAXES LOWER THAN '37

City In Red For 1939 After Collection of Current Taxes

Although nearly 52 per cent of the city taxes, representing a sum of \$7,099.65, from the current rolls were collected before the taxpaying deadline, Feb. 1, the City of Crowell lacks several hundred dollars of being able to pay the interest on city bonds without paying any of the principal or applying any of the taxes to the general and street fund, according to figures released by J. T. Billington, city secretary and treasurer. This release reveals that the City of Crowell is further in the red this year, even before the year is well started.

The interest on the bonds per year is \$9,200.00, or \$2,100.00 more than the taxes collected from the current rolls, and this was offset to a very small extent by the larger delinquent tax collection, or about \$750 more than was collected in delinquent taxes during the same period last year.

The total of the current and delinquent taxes collected was \$8,874.80, which still falls short of the \$9,200.00 bond interest payment due. Of the taxes collected (Continued on Page Five.)

WILDCATS WIN SECOND PLACE IN "BIG 6" RACE WITH VICTORY OVER CUBS HERE WEDNESDAY

Crowell High School's Wildcats breezed into second place in the Northwest Texas Basketball Conference standing here Wednesday night when they nosed out the Olney Cubs, 36-33, in a game in which each team overcame a lead to pace the game three different times, and only a six-point rally in the last minutes of the tilt saved the Wildcats from defeat.

After being dropped several notches by a losing streak and the last defeat coming at the hands of the Vernon Lions, the Wildcats brushed off the Wichita Falls Coyotes; then traveled to Olney last Friday night to win easily by a score of 52 to 24, and the third consecutive victory for Coach Grady Graves' dribblers came Tuesday night on the Childers court when the Wildcats rang up a 60-38 victory. In the "Big Six" race, Crowell dropped four games and won six.

Smith Carries Burden The Wildcats got off to a bad start against the Cubs Wednesday night and placing all of the regular starting line up in the game failed to check the ragged playing of the Crowell boys. The play of Leonard Smith, guard, was the principal factor in the Wildcats' keeping in the game enough to finally overcome Olney.

The Cubs scored first early in the contest and held the lead by a tally of 8-7 at the end of the first quarter, but in the second quarter the Wildcats scored 10 points to hold a 17-12 margin at the close of the half. Continuing to find the basket occasionally, the Wildcats had increased their lead to 28-19 at the end of the third frame.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—With the cart before the horse, as is too often the method of the Legislature, the House committee on constitutional amendments, began work this week, opening with joint consideration of Gov. O'Daniel's Townsend-inspired transaction tax, and its accompanying constitutional amendment. So far, nobody has suggested in the Legislature how much revenue, if any, needs to be raised. There is a deficit in the general fund, and certain phases of the social security program are as yet unfunded. But the Senate's economy committee recommended saving in governmental cost that would probably cover these costs, and there is evident a strong determination on the part of many legislators to put all or most of the recommendations in effect. To save \$5,000,000 a year, would of course, be better legislation than to load \$5,000,000 of new taxes onto the backs of the taxpayers.

Nobody knows, or has guessed, how much, if any, new pension money is required, because the Legislature has not even discussed it. The future pension policy will be. The governor himself has abandoned his original promise of \$30 a month for everybody over 65. His substitute plan of "30 total income" apparently pleases neither the old folks nor the Legislature. The two committees are to hear proposals for submitting a sales tax to the voters after the testimony on the transition of natural resource taxation bills will follow in order. Out of these hearings probably will come bills upon which the real taxation fight of the session is to be predicted.

FOLKS WRITE SOLONS

An unprecedented interest in public affairs is reflected in the flood of mail which members of both houses are receiving. This probably is partly inspired by Gov. O'Daniel's radio pleas to the folks to write in support of his transaction tax, and by the vigorous opposition to the transaction tax and the sales tax proposals which has developed. O'Daniel claims most of those writing him favor the transaction tax, while legislators report their mail records an opposite view. The battle over raising the truck load limit also has brought thousands of letters and cards, obviously inspired by the railroads, and mostly favoring their view that the limit should not be raised.

The truck bill, authored by Sen. Rogers Kelley, got off to a start with 2,000 persons favoring it at attending a hearing and cheering loudly as farmers, fruit growers, produce men, cattlemen and various other groups urged raising the load limit. Railroad opposition will be heard this week.

Mrs. John L. Hunter Jr. returned the first of last week from San Angelo where she had been with relatives several days.

line tax money to pay off the "dead horse" bonds of counties, issued to build lateral roads with which the state has no concern, was vigorously opposed this week-end when the Texas Press Association adopted resolutions condemning the plan of some County Judges to shift millions of dollars of county debts onto the state. Lowry Martin, Corsicana publisher, and ex-president of the Press Association, as well as President of the Texas Good Roads association, explained the judges' plan to unload two hundred millions of local debts onto the state, and the association declared the plan "detrimental to the best interests of the state, its counties and the users of the highways." One of the hardest hurdles the diversion bill will have to hurdle is the unequal distribution of the county bonded debt, as more than half the debt is owned by a small group of 28 counties, and legislators from the other 226 counties are beginning to register opposition to having the state act as Santa Claus to this favored group of counties.

SENATE REJECTS SMITH

The Senate proved it has no grudge against the governor, by confirming his nominee for labor commissioner, Joe Kunschik, of Austin, member of an independent union, in spite of bitter opposition from both A. F. of L. and C. I. O. union leaders. Then, to demonstrate its independence, it rejected Truett B. Smith, of Tahoka, as Life Insurance Commissioner. Smith was rejected, not because of any personal objection to him, but because he was sponsored in the Senate by Sen. G. H. Nelson, his former law partner. Nelson inflicted bitter wounds in numerous Senatorial hides when he ran last year for Lieutenant Governor on a unicameral legislature issue, and criticized the upper unmercifully. His opponent was Coke Stevenson, but Stevenson alone didn't block Smith's confirmation. He had plenty of help from Senators who resented Nelson's injudicious criticism of the upper house.

WHO PAYS FOR PENSIONS?

In view of the pension discussion, it is interesting to see who is now paying \$20,500,000 a year for old age pensions in Texas. Half the money is furnished by the federal government. Examination of the financial statements of the Pension Bureau for 1938 discloses that of each dollar paid out by the state, liquor and beer taxes paid 48.8 cents; cigaret taxes paid 48.3 cents; vending machine taxes paid 2 cents. The balance, a fraction of a cent, came from interest on daily balances, and from late collections from the now defunct race gambling tax. Not a dime is shown by the records to come from the great natural resource corporations which are annually taking millions of dollars of irreplaceable gas, oil and sulphur from Texas soil, and now seek to nail the pension burden

to the backs of the farmer, the small wage earner and the consumer, with a sales or transaction tax, and freeze the tax into the Constitution, where it couldn't be taken out for years.

AUSTIN NOTES

Abolition of the death penalty, recommended as an emergency legislation by Gov. O'Daniel, will not come for many years in Texas, if expressions of the legislators are any indication. Lawyers oppose it about 10 to 1, and most of the solons are lawyers. . . . Both houses quickly passed emergency legislation to borrow \$900,000 at 1.6 per cent interest to prevent reduction in current payments, averaging \$13.80 each, until the legislature works out the troublesome pensions-taxation program. . . . Recurrent criticism of the handling of state school lands by Ex-Land Commissioner Bill McDonald caused both houses to enact with record speed a bill recommended by Bascom Giles and Gov. O'Daniel, withholding leases on school land until 90 days after the Legislature adjourns. . . . Meanwhile, a bill setting up a school land leasing board to handle sale and leasing of school lands is in the hopper. . . . The CIO boys at Houston who want to "recall" Gov. O'Daniel are barking up a blind alley. There is no provision in Texas law for "recalling" any state official, and impeachment is only possible for "high crimes and misdemeanors." . . . "I have stepped on so many political toes that I probably could not be elected dog catcher again in Texas," Gov. O'Daniel remarked in addressing the Press Association. He urged somebody to volunteer to "explain" the transaction tax. Sen. Manly Head of Stephenville volunteered to "explain" it on the Senate floor if it ever gets that far.

No Hour too Late ... No Road too Long ...

Too often, the regular grind of our daily business causes us to overlook humanity's best friend. It is not until sickness or unexpected accident comes that we reach out with a beseeching hand to our doctors. Then, at our bedsides we find them... giving hope in life's dark hours.

To our doctors, we pay heartfelt tribute, hoping that our humble message may help them a little as they "carry on" with their acts of mercy. This community has an able medical profession. We salute the doctors of Crowell.

A SENSELESS BILL

Senator Gordon Burns of Huntsville has introduced in the Legislature a bill described as the most severe ever placed before that body to regulate the practice of a profession.

The bill would restrict the advertising of optometrists to such an extent that they would be unable to use the columns of newspapers, the radio, printed handbills, bill boards, display signs, lighted signs or any other device, means or method to tell of their services.

The optometrist, under this bill, could be fined \$500 and put in jail for six months for advertising his business address or office location in type larger than his name, and each day would be a separate offense.

If this is done, and the program has not made too ambitious, the year will close with one or more worth while projects accomplished and definitely to the credit of the organization.

The value of such a program is, first, that it gets things done by concentrating instead of scattering resources; second, that there is a satisfaction to everyone who has had part in the program for having had a part in a definite accomplishment.

If any small town Chamber of Commerce will adopt and follow a program of this kind, start not with one thing to accomplish and gradually increase as worker and co-operation develop, it will find at the end of three or five or ten years a remarkable record of development in the community.

The saying, "Nothing succeeds like success," is true of Chamber of Commerce as it is of anything else and a successful Chamber of Commerce will attract supporters because everyone will be glad to belong to an organization that can get things done.

The formula is simple, yet it is surprising how many civic organizations, Chambers of Commerce, etc., go through the year with a hand to mouth program that does little more than make the wheels of the organization go round, and shows no record of accomplishment for the year's work.

The avowed purpose of the bill is to stamp out "unethical advertising." But going about it by stamping out all advertising is like throwing away a whole barrel of apples to get rid of one rotten one.

Thalia Juniors registered their third victory over the Crowell Juniors this season when they defeated the local team in Thalia Tuesday afternoon by a 22-15 score. The first half ended 11-4 in favor of the Crowell boys, but Thalia scored 18 points in the last half, while holding Crowell to 4 points, to again easily win over the local juniors.

Sherman McBeath and Joe McKinley were outstanding for Thalia, while Charlie Nelson, capped playing honors for the Crowell team.

The Thalia and Crowell juniors will meet again in a game to be played Monday at noon in the Crowell gymnasium, to mark the fourth contest between the two clubs.

Thalia's juniors journeyed to Vernon last Friday and won over the little lions, 18-14, in even a two-game series. The first game played with Vernon, in which Thalia lost by one point, is the only game Thalia has lost this season.

All of the members of the junior team there will be playing together for the next two or three years, and during one of those years Thalia has promise of having one of the strongest teams in this section.

WHAT WE THINK (By Frank Dixon)

This is the time of the year when most towns, who have a Chamber of Commerce, a Commercial Club, or similar organization, begin to lay plans for the program to be followed during the year.

A general thing these organizations make one of two mistakes.

One mistake that is commonly made is that no program is laid out for the year. The organization meets, elects officers, raises its budget with no constructive or definite idea of what it expects to do during the year.

It is surprising if such a policy brings the organization to the end of the year with anything like a satisfactory record of accomplishment behind it.

Another mistake made by organizations of this kind is to take on a program obviously too ambitious for the size of the community, its man power and financial resource, and to attempt too many projects. When this is done the resource is scattered and a little done on many things but nothing completed.

It is natural when the end of the year comes, after such a program, that there should be a feeling that the organization has done little for the town and the question about the wisdom of its continuance be raised.

The best plan for the average community Chamber of Commerce is, at the beginning of the year, to list all the things that the community needs to have done or that would contribute to the progress of the community.

The directors should then select the definite projects upon which to center their efforts and resources of money and man power for the coming year.

If this is done, and the program has not made too ambitious, the year will close with one or more worth while projects accomplished and definitely to the credit of the organization.

The value of such a program is, first, that it gets things done by concentrating instead of scattering resources; second, that there is a satisfaction to everyone who has had part in the program for having had a part in a definite accomplishment.

If any small town Chamber of Commerce will adopt and follow a program of this kind, start not with one thing to accomplish and gradually increase as worker and co-operation develop, it will find at the end of three or five or ten years a remarkable record of development in the community.

The saying, "Nothing succeeds like success," is true of Chamber of Commerce as it is of anything else and a successful Chamber of Commerce will attract supporters because everyone will be glad to belong to an organization that can get things done.

Deaths from Typhoid Fever Have Decreased in U. S. Since 1900

Austin.—"Perhaps no more convincing example of the value of applied public health measures exists than the success achieved in combating typhoid fever," declares Dr. Geo. W. Cox, State Health Officer.

In 1900 typhoid fever mortality in the United States totaled 35,000. In terms of illness, this meant that approximately 350,000 persons, or one out of ten, contracted typhoid fever in that year.

"Since then typhoid fever death rates in the urban centers have steadily declined. Texas cities and communities are reporting less typhoid due to mass control in purifying water and milk supplies, providing adequate sewage disposal, and widespread typhoid vaccination.

The rural areas of Texas are still beset with the typhoid problem, however, as shown by the fact that the greatest percent of the 379 Texans who died of typhoid in 1937 were from the rural districts.

Contaminated drinking water is a potent source of typhoid in rural areas. Protecting the water supply against polluted underground seepages and surface drainage is fundamental.

If the supply is a well, the top should be made of concrete and the casing watertight from the top down to the compact soil. A solid base pump should be installed in such a manner that will prevent any contamination entering from the top. Where a cistern is used, the same care should be exercised to prevent any outside dirt pollution from reaching the supply.

A second and important source of typhoid fever is the fly. Having access to filth it spreads the germs of typhoid fever in milk and food.

In this connection, it is essential that the rural dweller maintain a sanitary privy. This may be in the form of a septic tank or a pit privy. The point is, however, that it should be fly-tight. If it is not, the present is an ideal time to take the necessary precautions and thereby anticipate the typhoid fever season. Moreover, the privy should be located in such a way that it will not endanger the source of drinking water; preferably, it should be at least 100 feet away.

Vaccination against typhoid fever by your family is economical, safe and sure. Everyone should give attention to this important preventive measure before the advent of the typhoid season, for certain protection in rural areas, and on vacation.

Within the last week subscribers whose time has expired have been notified and many have responded promptly since receiving that notice. We repeat that we are truly thankful for the support and encouragement given us by our readers as well as all other patronage extended to this institution.

On Saturday, March 4, the rate of \$1.50 per year will be withdrawn and the regular rate of \$2.00 per year will be in effect following that date. The steady rise in newsprint for the past two years adds heavily to the expense of publishing a newspaper, however, we are anxious for all our present readers to renew at the former rate.

Rev. Culbertson stated that the members of the Methodist Church expressed thanks to the Thalia school board for allowing them to use the high school building for Sunday School and preaching services until the new church building is completed.

House for New Farm Owner to Be Built Vernon.—Immediate construction of a farmhouse in Wilbarger County for a family the Farm Security Administration is assisting to become a farm owner was announced this week by J. R. Wright, county FSA supervisor.

Lumber and other building materials for the dwelling will be bought locally and local carpenters will do the work, Mr. Wright said. The house is to be four or five rooms, and of substantial construction. Contracts will be let by sealed bid, and information may be had at his office here.

The family for whom the house is intended was selected from a large number of tenant applicants to become a farm owner under provision of the Bankhead-Jones act. The farmer chose his own farm, which was appraised both by local volunteer committees and by technical appraisers before the loan was made to buy the place. The family has as long as 40 years to repay the loan and the interest rate is three per cent. The new house was needed to make the place liveable.

RELIEF —and— RELATED SUBJECTS

By H. E. Thomson County Welfare Worker

Preamble: This is a series of articles in regard to relief and related subjects. It is our desire to give you the benefit of our knowledge and experience in regard to any questions you would like to have answered concerning these subjects. Please submit your questions to the editor of The Foard County News. The question must be accompanied by the name of the questioner. The name will not be used when the question is answered.

This week's question. How many families are on direct relief in Foard County and what assistance are they given?

Answer: At the present time there are twenty-seven (27) families on direct relief in Foard County. There are 110 persons represented in these 27 cases. Thirteen of these cases have no employable member, 14 are being given direct relief for reasons other than unemployability. It is sometimes wise to assist an employable case with direct relief. For example: a person has an income from private employment or some other source that is insufficient for him to take care of himself and family, yet, with a little assistance to supplement this income he is enabled to make ends meet and doesn't have to ask for work relief. This leaves a work relief job for some one that needs the full amount that can be earned at work relief. As another example, a person has prospective private employment to materialize within a short time, yet he needs immediate assistance. It seems the wise thing to do in this case is to render temporary direct relief until the expected work materializes.

Direct relief consists of surplus food commodities, made available

to the County Welfare Agency, by the Federal Surplus Commodities Corporation; of clothing commodities from the WPA sewing room and in some cases of direct grants, to unemployables, from public funds and private donations.

In addition to the direct relief cases, the Foard County Welfare Agency is, at the present time, rendering supplemental assistance in the form of food and clothing commodities to 203 certified WPA cases, either because they have been unable to get assigned to projects or because of loss of time, due to the fact that there are not, at present, enough WPA projects in operation in the county to furnish full time work for all certified persons.

There are 307 cases certified for WPA work in Foard County at the present writing. Sixty-eight of these cases are unassigned. Nine cases have temporary private employment. Nine certified cases have left the county and the cases have not been closed to date. Three persons have failed to report on assignments for reasons beyond their control and there are 218 persons working on projects.

ATTEND MINISTERS' WEEK Rev. and Mrs. Don Culbertson of Margaret left Monday morning to attend the Ministers' Week at Southern Methodist University in Dallas at which time several hundred preachers of all denominations will meet with outstanding

church leaders of the States. Dr. Edwin Lewis of the Theological Seminary in New York will deliver the lectures. Dr. Rufus Jones of Adelphi and other outside speakers will also deliver lectures. The meeting will close day night.

BOBCATS DROP SECOND GAME TO WILDCATS

Crowell Cagers Have Little Trouble in 60-38 Victory

Unable to curb or keep pace with the furious offense, or to break the tight defense thrown against them, the Childress Bobcats were forced to watch Crowell High School's Wildcats register their second top-heavy Northwest Texas Basketball Conference victory over them Friday night on the Childress court in a game which Coach Grady Gray's divided playing time and honors with the first and second teams.

With Tom Andrews, J. S. Owens, Jack Fitzgerald and Leonard Smith hitting the basket from all parts of the court, the Wildcats jumped into the lead early in the game and at no time were in any danger of being overtaken. In an attempt to stop the consistent scoring attack, the Bobcats tried to place two players on the first Wildcat to reach scoring distance until Ed Gafford stepped up to come so close to looping a long shot that a Bobcat was placed on him immediately.

Backing this high-geared attack was the best defense the Bobcats had bumped into this season. The Childress lads, soon being on the short end of a lop-sided tally, cast all caution aside and started firing at the hoop any time one came in possession of the ball past mid-field. The Bobcats took many shots, but very seldom was one given a clear shot at the backboard. Fitzgerald, Smith and Gafford did good work in taking Childress' shots from the backboard to give the Wildcats the ball.

The initial period closed with the Wildcats leading by a 20-6 score and the half ended with the Coach Graves' cohorts coasting with a 38-13 lead.

With the starting of the last half, the complete second team was placed on the floor and a few minutes later Childress returned the compliment when the Bobcat second stringers went into the scrap, and early in the last frame the Bobcat first team went into action again. In these two quarters, Childress' substitutes were tougher than were expected. Although their offense did not work as smoothly, the defense was good enough to keep the Bobcats well at bay.

To classify the Crowell stars of the night, the whole team would have to be named outstanding, because a defense that can keep Clarence "Nubbin" Booth of Childress from scoring only 6 points is good. Fitzgerald led the scoring with 11 points with Andrews, Owens and Smith coming in for second with 9 points each, as did Lawrence, high point Bobcat. Orr of Crowell and Goodson of Childress tallied 8 points each.

In The News 15 Years Ago

The items below were taken in whole or in part from the issue of The Foard County News of Feb. 15, 1924.

Oil Company Getting Ready

Preparation is being made by the Landreth Company to start a well on the Furd Halsell ranch 10 miles south of Crowell. The machinery and fixtures used in drilling the Beverly well north of town have been moved to the Halsell ranch and will be used in the drilling. The test will be drilled to a depth of 3,000 feet.

Show Clicks

The opera house was filled to its capacity Monday night to enjoy the big minstrel show put on by the fire boys. The sale of tickets commenced slowly Monday morning but by night practically all of the seats had been sold. The house was packed. The receipts amounted to \$181.00.

City Collects Taxes

According to City Marshal Thomas, taxes to have been collected for the city of Crowell for the year 1923 amounted to \$15,000 approximately and of that amount something like \$14,000 was collected, or a little more than 93 per cent.

A Valentine Party

Tom Reeder entertained with a Valentine party at his home last Thursday night. In a Valentine contest Allison Self and Joe Roberts were successful. Guests were Allison Self, Martha Schlagal, Arline Willett, Helen Hill, Carrie Maurice Allee, Jessie Dell Ricks, Opal Barry, Haskell Norman, Jack Thomas, Joe Roberts, Arthur Bell, Vance Swaim and Charlie Ashford.

Gets Nose Cut

Charles Thompson happened to the accident of getting his nose badly cut Monday morning when he ran into a glass door of his home. It was before daylight and he had gone out of the house and door, thinking that he had left the door open, plunged into it, breaking the glass and cutting about two inches of flesh from the top of his nose entirely away.

Wilson Memorial Services

Special high school chapel services were held in the auditorium here last Wednesday afternoon at the hour of the burial of former President Wilson. Rev. Billington of the Baptist Church and Rev. Willett of the Methodist Church were in charge of the services.

Businesses Combine

J. T. Gorrell has sold his trim shop business to E. J. Smith, who has been operating the shoe shop for three years, and E. W. Mabe of Medicine Mound, both of whom will operate the business.

Girls Lead Boys

Births of the girls outnumbered that of the boys for the county, but lost out in the city of Crowell. Outside of Crowell there were 41 males and 51 females. In Crowell the boys had a better record and reached the number of 33, while the girls reached only 29. For the entire county the births of girls numbered 80, while that of the boys reached 74. The grand total of births, both male and female, for the year is 154.

Remember When?

The Columbian Club met in regular session on Wednesday afternoon, Feb. 6, with Mrs. N. J. Roberts. Promptly at 3 o'clock, B. J. Glover "tuned in" the splendid new radio receiving set and for one hour a beautiful memorial service broadcast from the First Methodist Church in Fort Worth, was heard.

Still Being Decided

Joy riding, jazzing and movies are pointed to as a cause of the disintegrating of the home and that the radio has come to offset their influences. Just how much credit is to be given the radio for the good it does is not determined.

tendent of young women's circles, talked on "The Woman's Missionary Society Challenge to Young Women."

A covered dish lunch was served in the basement of the church at noon with the Crowell ladies as hostesses.

The afternoon session featured two splendid addresses. Mrs. J. O. Haynes of Big Spring, Cor. Sec. of the Conference, spoke on "Re-evaluating Our Tasks," and Mrs. C. A. Bickley of Abilene, who is first vice president of the Conference, and also Conference chairman of Christian Social Relations, on "Renewing Our Spiritual Lives." In a forceful, inspirational manner, Mrs. W. J. Statton of Plainview, conference superintendent of supplies, also made a talk, as did Mrs. Dewey Smith of Childress, study superintendent, and Mrs. O. R. Key of Vernon, conference superintendent of children's work.

Two special song numbers were given during the afternoon. Mrs. Y. H. Babasin and Mrs. W. P. Thomas of Vernon sang a duet with Mrs. Sam Roper of Vernon accompanying them. Mrs. E. L. Yeats and Mrs. Gordon Cooper, with Mrs. A. R. Sanders accompanying, sang "Under His Wings."

An invitation from the Paducah Auxiliary for the next meeting was accepted.

The following churches of the district were represented: Acme, Bethel, Childress, Chillicothe, Crowell, Estelline, Elliott, Fargo, Foard City, Goodlett, Kirkland, Margaret, Newland, Odell, Paducah, Tell, Thalia, Tolbert, Truett, Vernon, Quannah, Ceevee, Dumont, Harold and Marshall.

ed, \$7,739.84 will be made on the bond payment and the remainder will go into the general and street fund for the operation of the city government during 1939. The percentage of the taxes to be applied on the bonds is not enough to pay the bond interest and neither is the remainder enough to carry the city expense through the year.

Mr. Billington stated that \$6,521.35 in taxes became delinquent on Feb. 1, to raise the total of delinquent taxes remaining on the city rolls to about \$48,500.00.

No City Poll Tax

As the result of a vote of the city council, a person will not have to have a city poll tax to be eligible to vote in a city election, if he has a state and county poll tax. This fact should mark an increase in votes cast in the city elections this year. Due to this movement of the council no city poll taxes were collected this year.

because I am a man of unclean lips, and I dwell in the midst of a people of unclean lips; for mine eyes have seen the King, the Lord of hosts.

This is just where God wanted Isaiah, and where every man needs to come before God can meet him in his need.

After God has shown Himself to be perfectly holy, and we have fallen down in the dust before His holiness, then He can and will come with the live coal to impart the cleansing and say, "Lo, this hath touched thy lips; and thine iniquity is taken away, and thy sin purged."

And God works the same today. He waits to reveal to us His holiness. When we realize that we are utterly helpless and full of sin, and cry out to Him for cleansing and healing, then He responds, not only with forgiveness of our sins, but with release from the power of the Evil One.

When we have reached this point in our experience and walk with God, He can intrust His most important tasks to us, saying, "Go tell this people." Then in reality God will be working out His purposes among men. Our lives will be as sensitive instruments in His hands.

God will find His prophet in the man whose life is hidden in God, through Christ, under the daily cleansing power of the Holy Spirit. Are you that man? Am I?

KITTENS IN LIMELIGHT

The Wildkittens are in the limelight again Monday afternoon. Monday afternoon they once again defeated the Margaret Juniors in basketball. Nelson was the high point man making 23 points. We are proud of you kittens for that nice score you rolled up, 51-12. Keep up the good work.

ATTENTION, SENIORS

Be prepared to write an article for the Wildcat in the senior edition to be published March 9. Let's get your imagination working now and be ready with a good, hot, clever column. You will be called on before March 6. The juniors, sophomores, freshmen, are contestants against us and you seniors know we can beat them. So, go to work now seniors, and let's show Crowell High what good seniors can do with their time and talent.

TYPING CLASS PROJECT

Miss Yeats seems to be simply full of new and original ideas to be carried out by her classes. The typing classes are doing funny things with typewriters. Some are figuring out state designs and some are even making profiles of people. A very good figure has been made of President Roosevelt and also of Texas. We are all very eager to see the fruits of all the students.

SENIOR PARTY

The Seniors were the guests of Miss Lenagene Green in the home of Miss Frankie Kirkpatrick at a delightful Valentine party. Hearts were played in keeping with the occasion. After the tallies were filled with good scores, contests were wholeheartedly taken part in. Each person drew a card telling what he was to do. Funny imitations were given. The Seniors of this dear school had their intelligence tested by a stiff test. It was found that we have an extra smart class. Miss Kirkpatrick served delightful and original refreshments.

TEACHING FHT

During Miss Patterson's absence from school Miss Manley has been teaching the Homemaking Department in her place. We are lucky to have someone we all really like so well to take Miss Patterson's place. All of the girls in the Homemaking classes enjoy taking

homemaking from Miss Manley. The FHT Club Valentine party that was to be given February 14, was put off because of Miss Patterson's illness.

All the girls wish Miss Patterson a speedy recovery and they also wish Miss Manley luck in teaching the girls.

ONE-ACT PLAY

The one-act play was chosen Monday for the one-act play tournament. The name of it is "Thank You, Doctor," and it has five characters. They are, the doctor, the nurse, Mrs. Lester, the patient, and Cort. The characters will be chosen Wednesday.

DECLAMATIONS

The students of the public speaking class are busy these days trying to memorize a selection for that subject. Mrs. Graves has chosen two different kinds of selections for the students, one to be memorized by the first speech class, and the second by the second. The first class is memorizing the selection, "International Understanding," while the other public speaking class is working on another selection, the name of which is "How Much Land Does A Man Need?"

I believe the better selection is "How Much Land Does A Man Need?" because it discusses a present-day problem. All the world is wondering today what Hitler is going to do next, what territory he is going to take from another country in the future. In "How Much Land Does A Man Need?" the United States of America is given as a good example of a country that is not interested in taking anybody else's territory; she has enough territory to take care of her people, and does not need to fight about land. She is not interested in interfering with other countries.

If all the nations of the world would think as America does, such wars as the one that is now going on in China, or the menace that Hitler will take more land from other European countries, would not exist. I am sure that the students of public speaking will do a good job on memorizing those declamations, in order to make a powerful delivery of the same selections.

CLOTHING CLASSES

The homemaking three and two girls are making the new spring dresses and if you happen to go

in the Home Ec. department just watch your step so you won't run over material, or some girl. If you hear some ripping and tearing you will know they are just having to rip out part and take a new start. So have pity on us when we wear our dresses and just overlook all mistakes and brag on our dresses whether you really like them or not.

The homemaking three girls are making special occasion dresses and the homemaking two girls are making sport dresses.

PEOPLE WE APPRECIATE AND WHY

The freshmen—because they almost make up for winter's drab shades.

The sophomores—because their abundant self-confidence nearly gives us some of that same quality.

The juniors—because they will be hosts at the junior-senior banquet.

The seniors—because they will be leaving (we hope) next May.

Basketball squad—because we like to see that victory flag waving.

JOURNEY THROUGH HIGH SCHOOL

If you remember, several weeks ago we invited you to tour the high school building with us. This week we wish to continue the tour by taking you to the homemaking department.

On entering this department we find that the clothing classes have just started their dresses. In the food classes, the girls are preparing breakfasts.

There has been rather a change in the homemaking department in the last week. Miss Ruth Patterson is ill and Miss Manley is taking her place.

ROGER HARRIS

Comanche Chief in Denton Opera Is Part Cherokee

Denton.—When Dr. Wilfred C. Bain, musical director of the opera "Cynthia Parker" which has its premiere performance at the North Texas State Teachers' College February 16-17, chose the male lead for the production, he selected Roger Harris, a graduate student in music at the Teachers' College.

The role is that of Quannah, war chief of the Comanches, and half-breed son of Cynthia Ann Parker, the heroine of the opera. But Dr. Bain didn't realize that he was choosing a part-Indian for the role. Harris, through his mother, has some Cherokee blood. He was born in the "Redlands" of Oklahoma of which he sings in the opera. His mother taught in the Indian reservations before Oklahoma was a state.

Harris, a graduate of the Southern Methodist University School of Music, has appeared in numerous S. M. U. productions and has done radio and other professional work.

Dorothy Onderdonk of Hall, N. Y., bought a calf for \$150 when she was 8 years old. Today, at 20, she has developed her original investment into a 35-herd registered Guernsey herd valued at \$7,000.

American Boy Magazine Companion To Thousands

Hundreds of thousands of boys and young men read The American Boy Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "The American Boy seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in The American Boy."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in The American Boy Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys clubs also recommend The American Boy enthusiastically. They have found that as a general rule regular readers of The American Boy advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in The American Boy, the sort of reading matter boys like best.

The American Boy sells on most newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to The American Boy, 7430 Second Blvd., Detroit, Michigan. 35-1f

How Does Your Garden Grow?

By T. C. Richardson, Secretary Texas Breeder-Feeder Ass'n.

The best time to start a spring vegetable garden is last fall, but it is never too late. Some soils require several plowings or spadings, with time for nature to do its share in aerating, pulverizing, and settling. If this was not begun with fall plowing and fertilization it can still be done, but with more labor. A poor seed bed is bad enough with the ordinary field crops, costing loss of stands and yields, but is inexcusable in the garden. In either case good preparation before planting is the best cultivation the crop will ever have, and the most economical.

It would be presumptuous to offer detailed instructions for making the garden ready, for every good farmer knows what his particular soil requires in the way of tillage and fertilization. For those who do not know there are garden bulletins to be had from county and home demonstration agents, or a neighbor who has learned and practiced good gardening under his own conditions of soil and climate. Smart men learn from others, and it is no disgrace to ask. Those afraid to ask pay dearly for experience.

The "frame garden" has solved the problem of having vegetables under the difficult conditions of high winds, hot sun, and lack of timely rainfall with which much of the Southwest has to contend. It is nothing more than a huge box, four or five feet wide, as long as desired, with plank walls rising 12 to 18 inches above the surface of the ground, of course the soil in the box is well spaded and fertilized before planting. Rows run crosswise for ease of planting and cultivation. It may be sub-irrigated by the usual methods or watered on the surface, and with rows eight to twelve inches apart an almost unbelievable amount of the smaller vegetables can be grown.

Burlap or canvas cover which can be unhooked at one side, wire netting to keep out chickens, also

hinged at one side, complete the equipment. Besides furnishing early vegetables it will serve as a cold frame to grow early plants for the open garden when all danger of frost is over. Where wind and sun are most severe, as in western Texas, New Mexico and Oklahoma, half-shade cover made of plaster laths spaced one or two inches apart is advisable. Sub-irrigation for garden has long been in successful use in the Southwest, and directions for installing lath pipes or tile may be had from county agents. This winter is a good time to lay out such an underground system as an insurance for a good spring and summer garden, larger than the frame garden. Sub-irrigation uses less water and does not encourage weed growth and baking of the surface soil as rain and sprinkling do.

There are sites on most farms where the run-off water from other parts may be turned onto a garden for the vegetables which require considerable space. Fred Kveton of the South Plains plants his Irish potatoes, corn, melons, main crop beans, peas, etc. in regular cultivator-width rows and waters an acre or two by collecting the run-off from several acres of pasture on the garden plot. It thus gets two or three times as much water as falls directly on the garden, the flow being distributed by a system of "syrup-pans" terraces carefully laid out by the farm level instrument.

There is a way to have a garden in every soil and under every climate in the Southwest, and its value in contributing to a wholesome diet, besides the money value, is incalculable. A few cents worth of seed multiplies a thousand fold in skillful hands.

Eugene Owens and Kathleen Johnson Married Sunday

The marriage of Eugene Owens and Miss Kathleen Johnson, both of the Foard City community, took place Sunday afternoon at 2:30 at the Baptist parsonage with Rev. W. B. Fitzgerald, pastor of the Baptist Church, officiating.

The couple was accompanied by Miss Dorothy Nell Beggs and L. T. Derrington of Crowell and Miss Louisa Johnson, sister of the bride, and Hugh Spotts of Abilene.

Following the marriage ceremony a reception was held at the home of the groom's parents for the bride's party, Mr. and Mrs. Bill Owens and daughter, Patsy Ann of Truscott were also present.

Harmony Club Entertained with Valentine Party

Mrs. Alva Spencer, Mrs. Verne Walden and Mrs. Leon Solomon were hostesses to members of the Harmony Club and several additional guests at a delightful Valentine party at the home of Mrs. Spencer on Tuesday evening.

The house was artistically decorated with hearts and other suggestions of the Valentine season. The program also carried out the theme. Miss Geraldine Carter and Mrs. A. F. Wright sang two numbers, "That Little Old Cathedral in the Pines" and "You're the Only Star in My Blue Heaven."

The minutes of the two previous meetings were read and approved. It was decided the next meeting of the club will be held at Riverside March 16, at 3 p. m.

The following were elected to serve on the nominating committee: Mrs. Clyde Cobb of Crowell as chairman, Mrs. Bill Murphy of Riverside, Mrs. Claude Orr of Foard City and Mrs. Allen Sanders of Crowell.

This committee is to meet at the court house at Crowell March 11 at 2:30 p. m.

Mrs. Allen Sanders gave a brief talk on publications and distributed pamphlets on Child Welfare and Health.

The council plans to sponsor a first aid training course under the direction of Miss Nora Carlton of Floydada.

throughout the afternoon. Numerous contests and games were enjoyed by all present. Lovely refreshment plates also carrying out the Valentine motif were served to the following members:

Mesdames Bob Abston, R. M. Grimm, Jack L. Coppage, C. C. Shultz, L. R. Sims, L. A. Roberts, G. W. Scales, C. H. Wood, E. M. Cates, T. R. Cates, J. M. Jackson, Mack Edens, R. B. Cato, T. H. Matthews, W. J. Long, J. W. Wright, Miss Minnie Wood, and the hostess, Mrs. Flesher.

The hostess was assisted by her daughter, Miss Maxine Flesher. The club will meet Thursday, Feb. 23, with Mrs. G. A. Shultz as hostess.

ADELPHIAN CLUB

The Adelphean Club met Feb. 8 at the Adelphean club house with Miss Frances Hill as hostess.

The subject for the afternoon's study was "Eastern Europe." Mrs. L. A. Andrews gave an enlightening talk on "The Soviet Regime in Russia."

Mrs. S. S. Bell told many interesting items of news concerning Siberia. New Russia with its changing ideas and forms of government is fast gaining ground in world power with the other nations of Europe.

A delicious refreshment plate was served.

COLUMBIAN CLUB

Mrs. S. J. Ferguson was hostess to the members of the Columbian Club at her home Wednesday afternoon.

Following the business session, Mrs. M. O. Connell took charge of the lesson which concerned the coming World's Fair. She asked that each member answer roll call by naming what she would like most to see at the fairs.

Mrs. J. S. Ray gave an interesting preview of the New York Fair, in which she gave valuable information to those present, whether or not they attended the Fair. The leader discussed the San Francisco Fair, from the building of the island upon which it is presented, to the benefits derived from its presentation.

The hostess served a delicious refreshment course which emphasized the Valentine motif to a large number of members and one guest, Mrs. T. M. Beverly. Mrs. C. E. Ferguson assisted the hostess in serving.

Grandma Graham Brought East Texas First Cook Stove, Granddaughter Finney Helps Bring State First Native Opera

MARGARET FINNEY

Denton.—Margaret Finney, the charming young lyric soprano who sings the role of Prairie Flower in the opera "Cynthia Parker" at its world premiere at the North Texas State Teachers' College February 16-17, is a school marm, a former Juilliard student and professional singer, and a progressive Texan from "way back."

For Miss Finney will have you know that her family has been liberally mixed up with the forward-looking history of her native state from almost the beginning.

Take, for instance, the Swank blood in her veins. The Swanks came down the Mississippi from Wisconsin about 1854, and then up the Trinity to Dallas at a time when that city was no metropolis.

Out in East Texas, where they settled, Grandma Swank had the first sewing machine in that section of the world, and people drove more than a hundred miles to see it.

Then there was Grandma Graham. She too was progressive—had the first cookstove in her neck of the woods and proud of it. But like a lot of loyal Southerners, Grandma Graham didn't regard the abolition of slavery as a step forward in the progress of the world. Grandma Graham, who was sheriff of Van Zandt County, was killed by the bushwhackers during the Civil War, and even after that Grandma Graham had one of her negro boys stand on the front porch and yell "damnyankees" at the carpetbaggers as they rode by.

Well, look how the Swanks felt about the Civil War, for that matter. Grandpa Swank was one of those "bitter-end" Van Zanders who were going to secede after the war and set up the little Republic of Van Zandt. A cockle-burly old gentleman when he was aroused, was Grandpa Swank. He was one of the leaders of that army from Wills Point which was going down to Canton and forcibly bring back the county archives about the time the two towns were quarreling about changing the county seat in the good old days. And that was certainly progress from a Wills Point point of view.

Then, what about the Graham who was construction engineer for the first railroad in Texas? He built a line from Beaumont to Houston for which Miss Finney says he got a lot of land. But land wasn't worth much in those days.

So now this descendant of the Swanks and the Grahams, Margaret Finney of Temple, Texas, is helping bring progress to the Lone Star State—just like Grandma Graham and Grandpa Swank. This time it is opera, native born and bred—Julia Smith's "Cynthia Parker," which is probably the first opera ever to have its premiere in a Texas college or university. And opera, says Margaret Finney, is just as much a sign of progress as the first sewing machine or the first cookstove.

Supervisor Vocational State Rehabilitation Here Wednesday

The program of Vocational Rehabilitation for handicapped persons that is carried on by the State Department of Education has been of service to some twenty persons in Foard County, according to the records of C. G. Fairchild, District Supervisor of the Fort Worth District, who was calling on folks in Crowell Tuesday. The program is one of vocational training and is available to those persons that have some sort of physical handicap. In Foard County two girls have been given business college training, two young men barber college training, one girl was helped to attend N. T. S. T. C., one boy is attending A. & M. College with the aid of the Department, while another young man is taking training in linotyping. The assistance given through the Vocational Rehabilitation Division includes the cost of training only. Persons in training must provide their own living expenses.

Particular emphasis should be given to the fact that this program is an educational one and is not a charity. Its purpose is to train handicapped persons for remunerative employment, and unless there is every reason to believe that a person when trained will be able to do some kind of useful work he is not considered for training. Persons interested in finding out more about the program may do so by applying to Judge Callaway or writing direct to the State Department of Education in Austin.

TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club met Thursday, Feb. 9, in the home of Mrs. Roy Browder, with Miss Astin, county agent, present.

A short business session was held at which time an interesting report of the last county council was given by Mesdames Herbert Gillespie and Ozzie Turner.

Miss Astin then took charge giving many helpful facts concerning the food value and use of dried fruits in the diet. Three tempting dishes were prepared demonstrating the use of dried fruits.

Refreshments consisting of prune whip, topped with whipped cream and cherries, cake and hot chocolate were served to Mesdames L. B. Balcom, Preston Henderson, Bill Stoker, Herbert Gillespie, E. G. Rudloff, Loy Strange, Ozzie Turner, O. J. Witte, C. S. Woodard, Roy Browder and Miss Nina Astin.

The next meeting, Feb. 23, will be with Mrs. Van Browning and everyone is urged to bring five cents for the educational fund, according to announcement made at the meeting.

WESTSIDE H. D. CLUB

Native cedars and shrubs can be transplanted by digging a trench about 1 1/2 feet from the roots of the tree or shrub to be transplanted in the spring of the year, then in the fall, dig the ball of dirt and roots left within the trench, wrap the roots securely in burlap or sack to exclude the air and transplant to the place of your choice. This and other information about landscaping was given by Miss Myrna Holman to the members of the Westside Home Demonstration Club, which met Feb. 8 in the home of Mrs. Walter Thomson.

Due to the illness and absence of some of the members the meeting was very short.

The next meeting of the club will be Feb. 22 at the home of Mrs. Tom King with a program on "The Art of Living."

MARGARET H. D. CLUB

The Margaret Home Demonstration Club met in the home of Mrs. G. M. Sikes, Feb. 10.

Native shrubs and flowers will be the subject of the lesson.

Miss Myrna Holman gave a very interesting talk on twelve different shrubs that grow well in Foard County. She also gave information as to the best location for shrubs around the home. The next meeting will be with Mrs. Frank Dunn Feb. 24.

The hostess served refreshments to one visitor, nine members and Miss Holman.

LIBRARY NOTES

"The Dangerous Years" by Gilbert Frankau is a novel in three parts: Pre-War, Post-War, and Present Day. Its value lies in its being a true picture of a significant phase of contemporary English life. Its fox-hunting scenes alone would make it worth reading. It makes no pretense to be other than it is: an epitome of England.

"The Dangerous Years" has recently been placed in the library and is one to put on your "must read" list.

MAKES DEAN'S LIST

Waco, Feb. 6.—Jeff Nick Bell, Baylor university student from Crowell, was one of 71 students to make the dean's list for the fall term, Dean E. N. Jones has announced.

Of the number, 13 of the students were seniors, 15 were juniors, 20 were sophomores, 22 were freshmen, and three were graduate students. To make the dean's list the student must attain an average of "A" in academic courses during the term.

It didn't matter so much that someone stole his coat, Charles Hall told police in South Bend, Ind. What provoked him was that his false teeth were in one of the pockets.

TRAINING UNION MEETING IS HELD

Representatives of the Rayland Baptist Church won the efficiency banner and a delegation from the Crowell Baptist Church won the attendance banner at a bi-monthly meeting of the Wilbarger-Foard Association Baptist Training Union Sunday afternoon at the First Baptist Church in Vernon. Attendance, totaled 160 persons, 27 of whom were from Crowell.

Rayland and Crowell Win Banners Sunday Afternoon

Director Harvey Lawlis of Lockett was in charge of the program on "Obedience to Authority." The opening singing was led by Bob Owens, and Mrs. A. W. Goss of Elliott brought the devotional.

Rev. J. M. Riddell of Wichita Falls, district missionary, was present at the meeting and urged the various churches to take part in Association B. T. U. training schools beginning the last Sunday in March.

In a discussion on departmentalizing the B. T. U. in rural churches, Dr. C. V. Edwards of Lockett emphasized the development of the B. T. U. parallel to the development of the Sunday School. Other speakers were Mrs. W. B. Fitzgerald of Crowell who talked on "The Scripture as Divine Authority" and Rev. John H. Stout, pastor of the Margaret Baptist Church, who spoke on "Christ, the Head of the Church."

War Too Ghastly For Nations to Risk, Avers Shaw

There is not the least chance of a world war happening in the near future. That is the firm belief of George Bernard Shaw, distinguished dramatist and author, revealed in an interview with his friend, W. R. Titterton, for the current Rotarian Magazine. If there were, it would have happened in September, 1938, when there was more inflammatory talk and even feeling than there ever was from the Azadir incident to the bombardment of Liege.

"What would happen first in a world war?" asks Shaw. "The air planes of A. B. C. and D would bomb the cities of E, F, G. and H so effectively that the white flag would be hoisted at approximately the same time in the several capitals, and abject pleas for peace would cross each other in the air."

The tragic naivety of this latest development of warlike ideas is that the attack of the civilian population is absurdly easy, he points out. Because adequate defenses are impossible, the danger to civilians of wholesale extinction is greater than ever before. Governments of the civilized countries—those well equipped with the latest means of destruction—are well aware of this fact.

"I think that man is on trial," declares Shaw. "If we are proved definitely to be a mistake, we shall be scrapped, and God will use some other creature a trifle less stupid to carry on His purpose. Our stupidities have been monstrous. And, no doubt, war is one of the greatest of these."

"But don't delude yourself with the notion that when nations are at peace with each other, they are at peace with themselves, or that slums and unemployment and inhuman working conditions and sweating wages are far more admirable than the miserable slogan of war," he continues. "As long as pugacity is considered to be a virtue, you will have international war, and you will have all the blessings of peace I have enumerated. I see no signs that, however great a mistake man may be, he is likely to be superseded in the lifetimes of our present national leaders. God works on a big canvas, and we are only an inch or so away from the Siege of Troy."

"In a war everybody loses, but formerly it was possible for one side to think—for a year or two—that it had won," concludes Shaw. "The single redeeming feature of the next world war, when it happens, is that this will not be possible. In reflecting upon that, perhaps you may find some part of hope."

FORMER RESIDENT DIES

C. C. Campbell, former resident of Foard County, died in his home in Paris, Texas, last Saturday afternoon after a long illness. Funeral services were held in the First Christian Church of Paris Sunday and interment was made in the Paris cemetery.

Mr. Campbell came to Foard County in 1907 and lived on a farm a few miles south of Crowell until 1918, when he moved with his family to Paris.

Mr. Campbell was a brother-in-law to Mrs. F. E. Diger of Crowell. He is survived by two sons, Fred and Alfred, of Hot Springs, Ark., both of whom are known here.

A man who robbed the L. H. Black store at Verdell, Neb., was just joking. He took \$50, put it in a sack, and left it outside the door with this note: "Better get a new cop."

When the fire chief of Columbus, Ind., learned that the fire department had forgotten to sound the "all out" whistle for a blaze that occurred April 6, 1895, he had the "all out" blown on April 6, 1938.
