Mr. and Mrs. Eugene Owens spent Saturday night and Sunday with Mr. and Mrs. Henry Johnson and family.

The pupils of F. U. Powell's room enjoyed a delightful party at the home of Mr. and Mrs. Bryant Johnson on last Friday night. Games and contests were enjoyed by those present. Mrs. Johnson served home-made candy.

Mr. and Mrs. Cisco Parker and son, H. A., of Burkburnett arrived Monday to attend the funeral of Perry Gamble. They returned to their home on Tuesday.

This community was shocked on Monday morning when word came that Perry Gamble had been killed by a train. Perry was a good, honest citizen and had a host of friends in every community in which he lived. Perry had been quite ill since he had the flu some three weeks ago, and had recently suffered a nervous breakdown.

Mr. and Mrs. Pat Patterson of Carthage, Texas, Mrs. Pitman, Miss Zell Pitman, George Pitman and Mr. and Mrs. Cran Pitman of Brownfield, are spending a few days visiting their sister and daughter, Mrs. Perry Gamble, and children.

INTERESTING FACTS OF THIS AND THAT

Large circuses travel about thirty thousand miles in thirty-three weeks.

The ostrich, taking twenty-five feet in a stride and has attained a speed of sixty miles per hour, is the swiftest of all land animals.

The cobra snake brings death to 20,000 humans each year in India alone.

About \$23,500,000 is collected each year in toll from ships passing through the Panama Canal.

Musical Bleats Win Prize for Pet

While Victor Angerame, New York city, holds the musical instrument, "Bum," his pet lamb, sounds off a tune on the harmonica to win first prize as the most artistic pet in the Kip's Boys club's fifteenth annual pet show recently. "Bum," according to his owner, did not pull the wool over the judges' eyes.

Traffic Counter Developed by State Highway Department

An electric eye for counting traffic on the roads has been developed by the State Highway Department, according to a statement issued by Julian Montgomery, State Highway Engineer. While this is not the first device for counting traffic to be developed, it has many advantages over earlier models.

The machine is operated by batteries and can be set up at any point on the road within a few minutes time. A passing car breaks the beam of light and causes a dial to register the count. A camera built into the machine automatically takes a picture of the dial every hour. The photographic film supplies a permanent record of the number of cars that passed during each hour the machine was in operation. The machine runs continuously without attention for a week.

The traffic counter was developed by the Highway Planning Survey for making counts of traffic on highways and county roads. This method is reported to be much cheaper than having a man count the vehicles, as was formerly done. The Survey has two of its own machines in use and twenty machines built by a private concern before the new device was perfected.

The Planning Survey is conducted by the Highway Department in co-operation with the U. S. Bureau of Public Roads. Director of the Survey is G. G. Edwards, and F. Thayer Stoddard is local Bureau of Public Roads representative.

Highway Departments of other states have shown great interest in the machine developed in Texas, it was stated.

Typhoid Death Rate Decreased in Texas During Past 5 Years

Austin.—Typhoid immunization and improved sanitation have resulted in a typhoid death rate decrease of 3.7 per 100,000 population in Texas during the past five years, according to a statement by Dr. Geo. W. Cox, State Health Officer.

The typhoid death rate for Texas was 9.9 in 1933 as contrasted with 6.2 in 1928, a National decrease of 1.4 over the same period. Statistically, Texas typhoid deaths were reduced twice that of the nation over that period, though the national death rate from typhoid continued to be materially lower than that of Texas.

Unabated efforts to have a population immunized against typhoid will reduce the rate even lower. Typhoid fever has been eliminated in our Army and Navy through vaccination. The typhoid vaccine is not a serum. Preventive treatment of typhoid fever consists of three small hypodermic shots given every five to seven days until five injections have been given. Vaccination protects you from taking typhoid from two to three years.

Consult your family physician today in regard to typhoid prevention. Invest in typhoid protection against this often fatal disease. This form of protection insures you and your family against possible long confinement, economic loss and even death.

Vacation months you may drink contaminated milk, water, or food containing the typhoid bacilli and contract the disease unknowingly. In selecting a place for your vacation, choose one where you know the water and milk supply are pure. Be sure that the kitchen and dining room are screened to protect food from flies. When camping, it is best to boil water

to use for drinking unless you know that it is pure. Chlorinated sparkling spring water may be polluted by drainage.

HOUSEHOLD HINTS

Parsley for potatoes and salad will keep bright and fresh in color if scalded before mincing.

Ink stains may be removed from wall paper with a solution of equal parts of ammonia and hydrogen peroxide.

Waxed paper placed under pans in the refrigerator will prevent them from sticking.

Snappy Stuff

In his suit for divorce Walter Seaton of New York City testified that his wife forced him to darn his own socks.

Mrs. Mary Loxen of Belfast admitted she had thrown hot ashes on her husband when he refused to get up in the morning.

E. Weston of Hancock, N. M., consults his beard as a barometer. Rain may be expected whenever the curls disappear.

Brief Bits of News From Here and There

There is a carry over of 13,000,000 bales of cotton, twice as much as the United States would use in one year. 11,250,000 bales of this is in warehouses assigned to the government for loans. If distributed among all the people of the United States there would be 43 pounds for every man, woman and child.

Since July 1938 the Federal Surplus Commodities Corporation has sold 67,000,000 bushels of wheat abroad. This is sold at the world market price which is less than this government's loan price. The difference is absorbed by this government in the nature of a subsidy to the wheat growers.

The fear that the Japanese war will reduce the production of silk in China and Japan has caused the price to advance to \$2.13 a pound.

The patent laws of the United States have not been changed in forty years.

A considerable amount of the woolen cloth used in this country is made from what is known as "reclaimed wool" or wool recovered from worn out garments, used clothing and woolen rags and trimmings. This is cleaned, bleached and mixed with a certain percent of virgin wool, or wool that has not been used in cloth before. It is claimed by some manufacturers that this wool, called shoddy, does not wear as well as virgin wool. Manufacturers who use shoddy contend that there is no difference in the wearing qualities of virgin wool and the mixed article.

There is said to be 500,000 farm workers on the Pacific coast

tonville, Mr. and Mrs. A. B. Fortner, Mr. and Mrs. W. B. Fortner, Mr. and Mrs. C. H. Groomer.

Mrs. D. D. Stinebaugh spent the week-end with her sister, Mrs. Earl Logan, of Crowell.

Mrs. A. L. Davis spent Monday morning with Mrs. H. E. Davis of Crowell.

Frank Gilliland of Truscott spent Sunday night with his sister, Mrs. D. D. Stinebaugh.

Vernon Dunn and children and Howard Dunn of Paducah spent a while Sunday afternoon with Carl Cox.

Mrs. C. C. Cox is spending the week with his sister, Mrs. Howard Dunn, and family of Paducah.

Vernon Dunn and children and Howard Dunn of Paducah spent Sunday with their parents, Mr. and Mrs. C. E. Dunn.

who travel up and down in trucks and trailers picking a day's work here and there in fields and lumber camps. To care for these, California has eleven large immigrant camps with plank tent floors, deep wells, sanitary facilities and in some instances both laundry centers and medical clinics. Similar camps will be established by the government in Washington and Oregon. The Federal Farm Security Association hopes in time to get these people located on small tracts of land.

ANSWERS

THE Foard County News

T. B. KLEPPER, Editor-Owner
HENRY ASHFORD, Reporter and Sports Writer

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, April 27, 1939

O give thanks unto the Lord; call upon his name; make known his deeds among the people—Psalm 105:1.

We do not believe that unemployment will be appreciably reduced until the federal government ceases its policy of "budgeting" business. There has been more harmful legislation passed against business the past six years than has been passed in all the previous history of the country.

Here's a success story that packs a lot of inspirational wallop in times like this. A resident of northeast Oklahoma on relief resolved to cut loose from relief and make his own way.

It is becoming more and more evident that if peace is going to come to this world before it destroys itself in a war, it is going to have to be brought about by two or three more powerful nations with no selfish motives involved banding themselves together for the purpose of acting as a police power to preserve the peace of the world.

Just about the time the tractor crowded the horse off the farm circuits began to use motor transportation. Nowadays a tent full of fine horses would attract more attention than a menagerie of lions, tigers and the like.

The Supreme Court has ruled that federal officeholders and state officeholders are no longer exempt from the payment of income taxes. These two classes never should have been exempt from income taxes.

Colorado, one of the states that permitted desire rather than common sense to rule in the matter of old age pensions, may have to close its state University. Eighty-five per cent of the money received for state government goes to old age pensions.

The League of Nations failed to accomplish its purpose, but that was not the fault of the League of Nations. The world, if civilization is to continue to survive, will have to come to some form of League of Nations.

The government prohibits monopoly in private business but the most office is the greatest monopoly in this country. It is the only business enterprise against which it is unlawful to enter into competition.

The smart man is the one who can think big things and vision big things and desire big things and dream big things and at the same time he be content to live simply.

Texas has a river 1,200 miles long. It takes a state of wide reaches to handle a river of that length.

The state of Texas is larger than any European country except Russia.

AMERICAN MOTHER

Mrs. Elias Compton of Wooster, Ohio, has been chosen the "American Mother for 1939" by the Golden Rule foundation.

WHAT WE THINK (By Frank Dixon)

I was visiting with a banker the other day and our conversation turned to the large amount of money in the banks and the seeming reluctance of many bankers to lend it.

"One of the principal reasons why bankers are so careful about lending money and why more of it is not being lent," this banker said, "is the fact that many bankers have come to fear the growing tendency of many creditors to regard financial obligations lightly."

"The tragic part of it is," this banker said, "they justify this sort of practice in their thinking and without a qualm of conscience repudiate their just debts. In my father's day and in my day," the banker said, "a debt was a debt until it was paid and men would not permit themselves to indulge in luxuries bought with money that they owed a creditor."

"This thing," the banker said, "is not confined to one area, it is found all over the nation. Until this condition changes bankers are not going to loan money on personal integrity as collateral as they used to. As long as this condition exists credit is going to be restricted and business tied down for lack of money while the banks are hoarding with it."

As long as the reluctance on the part of bankers to loan money continues recovery is going to lag because only the free and unrestricted circulation of money in the channels of business can make business good, give employment and incidentally bring back recovery.

This is not going to take place among the bankers of the nation, my banker friend said, until there comes a change of heart and attitude among borrowers of money regarding the sacredness of the obligation of repayment.

The facts, unpleasant as they are, seem to bear out my banker friend. Millions of dollars have gone into hiding because of fear. Millions more have become invested in government bonds at a ridiculously low rate of interest and because of the lack of it in business channels, business and recovery lag.

I believe, however, that this is only a part of the reason why recovery has lagged. Another factor that I think has an equal bearing on retarded recovery is the fear of business of what the government will do.

While visiting an aunt in Portland, 14-year-old Charles Cleek of Kelso, Wash., became friendly with her dog. Returning home, he wrote an illustrated book entitled "Ebird," with the dog as its hero.

Bonnie Belle Barber, 10 days old, received \$22.50 a minute for her appearance in a movie with Carole Lombard.

When Sir Danzil Cope of London sold his mansion which had been in the family more than 200 years, his 12-year-old daughter, Fern, wrote an illustrated book telling of her life there.

Margaret Grocery In New Location

The Middlebrook Grocery of Margaret, owned and operated by S. B. Middlebrook Jr., was moved last week from the old I. O. O. F. building to a new building recently erected by Mr. Middlebrook on the opposite side of the street.

An opening sale will be held Friday and Saturday and special prices for these two days are being announced in an ad in this issue of The News on page 7.

Cafe Building on North Side Being Enlarged by Owner

The cafe building on the north side of the square between the Northside Grocery and Bessie's Cafe, is being enlarged and remodeled this week by the owner, S. S. Bell. T. S. Jernigan is doing the carpenter work.

The present building is 25 by 14 feet and a new building will be added which will be 25 by 30 feet. It will be divided so as to furnish a new dining room, 14 by 30 feet and a kitchen, 10 by 30.

When the building is completed it will be modern throughout and the new cafe will be operated by Mr. and Mrs. Alfred Eddy. Lewis Hudson has been employed as chef.

Cemetery Donations

The following donations for the upkeep of the Crowell Cemetery have been received by the president, Mrs. N. J. Roberts, since the last report:

Gordon Cooper \$2.00
Mrs. Frank Long 1.00
Mrs. T. W. Cooper 1.00

Bernice Ritzgerald returned to Crowell Wednesday night after spending the week in Shreveport, La., where he had been the guest of Centenary College. He participated in some spring training practices and played in a game between the guests and first team, in which the varsity was victorious, 6-0.

Opens Cafe

The Parkway Cafe, on the northeast corner of the square, was opened last week by Jimmie Plunkett. This was formerly the B. & W. Cafe which was operated by Orville Austin. Mr. Plunkett assumed management of the cafe last week and opened it for business after having it closed for a few days for repairs.

Explaining that he had inherited a legacy from an old friend in England, Frank Prestidge, 73, of San Francisco, walked into the city treasurer's office and repaid an old-age pension given him by the city amounting to \$945.

Big Show's Train Gets Annual Blessing

Reverend Charles Elslander, pastor of St. Martha's church and circus chapel in Sarasota, Fla., winter home of Ringling Brothers and Barnum and Bailey circus, gives the big show his annual blessing as it entrains for its New York opening. Left to right: Joseph Steier, altar boy; Reverend Charles Elslander, Reverend John A. Lynch and Reverend Patrick O'Brien.

Train Accident

(Continued from Page One)

The engineer, C. C. Porter, stated that the fireman hollered and he applied the brakes for an emergency. He also stated that the speed of the train at the time of the accident was about 30 miles per hour.

Death was instantaneous as it is believed that the guard on the front of the engine crushed the skull. The body was passed over by the engine and several cars, being dragged a little more than 100 yards before the train could be stopped. The man's underwear and overalls were torn from the body. Investigation by the officers revealed that he was also barefooted as the shoes were left in the house.

Although it was almost immediately assumed that the body was that of Mr. Gamble's, positive identification was not made until a gold bridge from the teeth was found and identified.

In an interview, Mrs. Gamble stated that her husband had been in ill health for some time and recently had been advised by physicians to remain in bed for several days. She also told that he had been kicked on the leg by a mule during the past few days and was nearly crippled from the blow, and that he was suffering from an ailment which caused his legs to buckle with him at times. He was out of bed at the time of the accident against physician's orders, according to Mrs. Gamble.

In outlining the events of the night, Mrs. Gamble said that she and her husband had been up twice during the night to put the mules back into the barn corral. They had planned to arise Monday morning at 4 o'clock and Mr. Gamble was going to her brother's house, west and across the track and highway, for the car to go after an animal for the farm.

Fishing Rules

Fishing in the City Lake is subject to the State Game Laws and under the supervision of the State Game Department. Entrance to the lake property for fishing purposes will be from the north side of the lake only. The road will be found a few feet east of the spillway.

Limits

No person shall take more than ten pounds of bass or ten crappie from the lake in one day, and no person shall take bass from lake under 11 inches in length, channel cat under 11 inches, nor crappie under 7 inches. Trot lines, throw lines or set hooks of any kind will be allowed in the lake.

Camping in the City Lake property is prohibited and co-operation in enforcing sanitary regulations and rules governing the use of a boat on the lake is requested.

Any person violating any of the rules given above shall forfeit all rights and privileges whatsoever to fish in the lake.

Fishing in the lake will not be permitted before 5 a. m. nor later than 9 p. m. during the months of May, June, July, August and September, and no fishing will be permitted before 5 a. m. nor later than 8 p. m. during October.

FISHING NOTICE State of Texas, County of Foard, City of Crowell. So it obtained by the City Council of the City of Crowell, Texas, that the City Lake be opened for the purpose of fishing only from the 1st day of May, 1939, to and including the 31st day of October, 1939, upon the following conditions, to-wit: Fees to be paid to said City by persons desiring to fish in said lake, Season Ticket, Family, \$5.00. Individuals, per day, 50c. Fishing in said lake is subject to the State Game Laws and under the supervision of the State Game Department. Entrance to the lake property for fishing purposes will be from the north side of the lake only. No person shall take more than 10 pounds of bass or ten crappie from the lake during one day. No person shall take bass from the lake under 11 inches. No trot lines, throw lines or set hooks of any kind will be allowed. No person fishing in said lake shall use anything for bait except live or artificial bait. Camping shall not be permitted. No fishing permitted before 5:00 a. m. nor after 9:00 p. m. during the months of May, June, July, August and September. And no fishing permitted before 5:00 a. m. nor after 8:00 p. m. during the month of October. Motor boats may be used on lake if run at a slow rate of speed and in a manner not to interfere with those fishing from the bank. The City reserves the right to

NOTICE cancel anyone's boat permit that abuses this privilege. All occupants of any boat shall be classed as fisherman and pay fee. Also no motor boat allowed to carry passengers for hire. Owners of any kind of boat are required to obtain boat permit from the City before boat is placed on lake. Co-operation in enforcing sanitary regulations and rules governing the use of a boat on the lake is hereby requested. Any person violating any of the foregoing rules and regulations shall forfeit all rights and privileges whatsoever to fish in said lake. Attest: C. T. SCHLAGAL, J. T. BILLINGTON, Mayor City Secretary. 44-10t (SEAL) NOTICE OF ELECTION State of Texas, County of Foard, City of Crowell. Notice is hereby given that a special election will be held at the City Hall, in the City of Crowell, Texas, on the 33rd day of May, A. D. 1939, in obedience to an order duly entered by the City Council on the 18th day of April A. D. 1939, for the purpose of electing the following: One alderman to serve for a period of two years or until his successor has been elected and qualified. G. A. Mitchell is hereby appointed Presiding Judge of said election, and is hereby authorized to appoint such help as prescribed by law. Any person desiring to have his, her or their name placed on the official ballot as a candidate for an elective office within the City of Crowell, shall file his, her or their names with the City Secretary not later than seven days immediately preceding said election. All qualified voters, who have paid their County and State poll tax, and who have resided within the corporate limits of the City of Crowell for a period of six months preceding said election shall be entitled to vote. Said election shall be held in accordance with the laws pertaining to General Elections in this State in so far as they are applicable. C. T. SCHLAGAL, Mayor. ATTEST, J. T. BILLINGTON, City Secretary. 45-1tc (SEAL)

CHURCHES NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, April 30, 1939. Subj.: "Everlasting Punishment." The public is cordially invited. Margaret-Thalia M. E. Churches Sunday school meets at 10 a. m. at each place. Preaching at 11 a. m. at Margaret. The Margaret Missionary Society has had the church refurnished inside. The work and material is all paid for. We would like to have at least 100 in Sunday School Sunday. The weather is fine, why not come out to church? DON CULBERTSON, Pastor. Christian Science Services "Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 30. The Golden Text is: "Shall not the Judge of all the earth do right?" (Genesis 18:25). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Who is a God like unto thee, that pardoneth iniquity, and passeth by the transgression of the remnant of his heritage? . . . He will turn again, he will have compassion upon us; he will subdue our iniquities; and thou wilt cast all their sins into the depths of the sea" (Mic. 7:18, 19). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The pardon of divine mercy is the destruction of error" (page 329).

In The News 15 Years Ago

The items below were taken in whole or in part from the issue of The Foard County News of April 25, 1924. Falls From Wagon J. K. McBeath, residing 4 miles northeast of Crowell, came very nearly losing his life Friday morning by an accident that happened to him when he fell from a wagon. Mr. McBeath had come to town to get a load of feed and had gone to the Bell Grain Company and had just weighed his wagon. When he mounted his wagon his team started suddenly and jerked the front wheel against a post. This caused him to lose his balance and he went out onto his head on the concrete. He regained consciousness after about seven hours and was able to be removed to his home. Graduating Class The senior class of Crowell High School is one of the largest classes of the school's history. But as usual the girls lead, being just twice as many as the boys, 18 to 9. The names of members of the class are as follows: Boys—Owen Cock, Floyd Thomas, Lee Gorbell, Jack Roberts, Alvin Borchardt, James McCrory. Girls—Emma Belle Hunter, Kattie Belle Smith, Vera Crews, Gladys Johnson, Pauline Haynes, Lozel Kincaid, Ada Hysinger, Ima Owens, Zepha Campbell, Leslie Hart, Juanita Campbell, Ella Patton, Katie Mae Gaines, Tolia Glover, Fredia Miller, Hattie Vecera, Lennis Woods, Mary C. Giddings. Margaret School Closed The Margaret school has already closed its school term and Walter Taylor who has been superintending the work has gone to Wichita Falls where he will have employment with an ice company. Scholastic Shortage The enumeration of scholastics in the Crowell Independent School district was completed some days ago and it has been found that we have 479, as against 506 for last year. District Conference The following persons from Crowell and other points in Foard County attended the district conference at Chillicothe Wednesday: Mr. and Mrs. T. L. Hughton, H. E. Ferguson, J. W. Beverly, Rev. T. C. Willett, O. N. Baker of Baker Flat, and Claude Callaway and G. G. Mills of Foard City. Opens M. N. Kenner opened his new filling station for business the first of the week. He will be assisted by his brother, Doyle, who was formerly employed at the Magee Toggery. Evans Mitchell will take Mr. Kenner's place at the Magee Toggery. The construction crew of the Haskell Telephone Co. is at work again after a delay of several days. The telephone system will be thoroughly remodeled when this work is complete. Plans are rapidly maturing for the commencement of work on the Thalia new \$40,000 school building. Contractor J. L. Scott of Abilene is on the ground and is having preliminary work pushed with that aim in mind.

Baptist Training Union The Baptist Training Union of the First Baptist Church of Crowell will meet at 7 o'clock Sunday evening. Every Sunday evening should find us in the house of God. Untold blessings will come to any church or community that will join together and put forth every effort to "train for His service." The Training Union will enrich the fellowship of the church; increase the attendance for the evening worship; enlarge the evangelistic opportunity; train an efficient, loyal leader for every place of responsibility in the church; inspire, inform, and build Christian character; enlarge vision and deepen interest in world missions; indoctrinate and prepare another generation to carry on for Christ in a more worthy way. We have a union for every age and we need you in these unions and you need us. We urge you to come. Visitors are welcome. Margaret Curtis, Director. First Presbyterian Church Beginning next Sunday with the two supply services for Rev. E. L. Yeats, morning and night, and continuing from Monday through Friday night at the Presbyterian Church, a series of revival services will be conducted, the pastor being assisted by the Rev. Karl Frederick Wetstone, D. D., pastor of the First Presbyterian Church of Wichita Falls. Dr. Wetstone will preach four days, Tuesday morning through the remainder of the revival. Morning services at 10; evening services at 8. Dr. Wetstone is an outstanding preacher and you will want to hear him. Before coming to Wichita Falls he was pastor of a large church in Philadelphia, which was a branch of the famous Wana-maker Church. Other announcements will be made next Sunday. We want the town and community to work with us in this effort, for we believe it will do everybody good. Plan to come. The Sunday School will be as usual at the church, followed by the preaching service with the Methodist Church. C. C. DOOLEY, Pastor.

glory now, as we walk and talk with the Lord Jesus Christ, and there is eternal glory awaiting us when we shall be with Him and shall be like Him throughout eternity. What a privilege! What a position! And what a prospect for God's G-men. Peace is the happy, natural state of man; war, his corruption, his disgrace.—James Thomson. The greatest of faults, I should say, is to be conscious of none.—Thomas Carlyle. Look out upon the stars, my love and shame them with thine eyes.—Pinckney.

Swinging like a weather vane, a cyclone, sentiment of a caught Jim West. He multi-millionaire and a third nominee for Highway mission chairman at a and his confirmation was Many here now believe will submit no other will make a recess appointment adjournment. Some Wood, incumbent, may have a holdover. The legal monstrosity permitting the barbers to fix the price

Millions of users feel that they get quicker, more pleasant, more effective relief from ALKA-SELTZER than any old-fashioned unpalatable preparations. That's why ALKA-SELTZER is more in demand than almost any other single item in the average drug store. We recommend ALKA-SELTZER for the relief of Gas on Stomach, Sour Stomach, Headache, Colds, "Morning After," Muscular Pains, and as a Gargle in Minor Throat Irritations. It really mean it. Use ALKA-SELTZER for any or all of these distressing ailments. Your money back if it fails to relieve. In addition to an analgesic (Acetyl-Salicylic of Soda), each glass of ALKA-SELTZER contains alkalis which help correct those everyday ailments due to Hyper-Acidity. In 30¢ and 60¢ packages at your drug store.
