K. Johnson No. 18 New Producer In Texas Co. Field

WELL BLOWS IN OUT OF CONTROL MONDAY NIGHT

Reached At Depth Near 3,500 Feet; Drilling Resumed

The L. K. Johnson No. 18, located on the Leslie McAdams tract, about three-quarters of a mile from the gas plant in the Johnson Company field, 20 miles west of Crowell, blew in Monday afternoon after 240 quarts of nitrogen had been exploded in the hole Monday morning, and is now producing between 100 and 150 barrels per day. Oil is being produced at a depth of between 3,000 and 3,500 feet. The hole was being bailed out in the gas pressure broke loose from the hole was blown about 300 feet out of the hole. About 300 lbs of sand lime was torn up and the control head was demolished. Drilling operations were resumed Tuesday afternoon and the hole will be drilled deeper, although the depth to which drilling will continue was not reported.

Crowell N. Y. A. Boys To Attend Training School at Inks Dam

The Crowell N. Y. A. boys, Reuben Hays and Richard Davidson, will leave Saturday for Inks Dam, Montague County, to attend an annual training school for training in one of the following courses: sheet metal work, automobile mechanic, radio shop work and electrical work. They will enroll in the training school for a period of three months and will be entitled to receive a diploma.

CC Enrollment for Foard County Slated During First of July

There will be a C. C. enrollment in Foard County during the first of July, probably on the 6th of the month, according to a release by E. Thomson, county clerk. There are 14 applications, 11 of which are from white boys and three from colored, but to date the county's quota has not been received and it is not known how many boys will leave from the county.

Moran Came Up the "Hard Way"

DAN MORAN, president Continental Oil Company, is the story of Continental Oil Company and its rise to prominence in the oil industry, is told in the current issue of Fortune magazine. A striking feature of the article is a thumb-nail sketch of Conoco's president, Dan Moran. Born at Cuyahoga, Ohio, he had worked up as an office boy and as a telegraph operator, earned his way through the University of Dayton, and then had gone south to Tulsa, where he saw the oil spot from the Glenn Pool strike, then to Fort Arthur, where he signed up as an engineer for the Texas Co. From there he went down to Panama and to South America, and from South America he had trekked north, again into

Government's First Wheat Loan Is Made In Crowell

Two Weeks Revival at Baptist Church Will Start Sunday

A two weeks' revival will start at the First Baptist Church in Crowell next Sunday, according to an announcement made Wednesday by the pastor, Rev. W. B. Fitzgerald. Dr. E. S. James, pastor of the First Baptist Church at Vernon, has been secured to do the preaching for the meeting, and Irbey Cox, also of Vernon, will lead the singing. Dr. James is a very prominent minister of the Baptist denomination and the Crowell church is fortunate to have his leadership in this revival. A cordial invitation is extended to the people of this community to attend, Rev. Fitzgerald stated.

Brother-in-Law of Local Woman Dies In Chillicothe Home

H. L. Cain, 76, brother-in-law of Mrs. H. E. Hays, died at his home in Chillicothe Sunday night. Funeral services were conducted in the Chillicothe Methodist Church Tuesday morning and the body taken to Bonita, Montague County, for interment. Those attending the services from Crowell were Mrs. H. E. Hays and family, Mrs. O. W. Orr and family and Mrs. Roy Steele. Mrs. Hays went to Bonita for the burial.

Stolen Vernon Auto Is Recovered Here

An automobile stolen in Vernon was recovered parked on a business street in Crowell last Friday afternoon by Deputy John Todd. A car was stolen in Electric and left in Vernon, and a second was stolen in Vernon and found in Crowell. No arrests have been made in connection with the theft, but two youths who were arrested in Crowell one night last week are suspected in connection with the thefts. The recovered automobile was owned by Dick Coffey of Vernon.

Christian Pastor Here for Full Time

Rev. Harrell Rea, student in T. C. U. of Fort Worth, assumed his duties as full-time pastor of the First Christian Church of Crowell last week. He is now living in Crowell at the home of Mrs. J. H. Shults. Rev. Rea had been half-time pastor of the local church since Jan. 1, 1939. He graduated from T. C. U. in 1938 with an A. B. degree, and since that time has done one year of graduate work on an A. B. D. degree. At present he is teaching the "Life of Christ" in the intermediate department of the vacation Bible school being conducted by workers in the Christian, Presbyterian and Methodist churches.

NEW FOUNTAIN

A new, stainless steel, direct expansion, Grand Rapids fountain was installed in the Reeder Drug Store the latter part of last week. The new fountain is fully refrigerated throughout with a fifty-gallon ice cream capacity and the syrups, fruits and other utilities are refrigerated.

Mexico and to the States. He had spent seventeen days in a hurricane on an oil barge. He had helped to repair the ravages of another hurricane, which, ripping through Port Arthur, had floated away the oil tanks of a refinery there like so many top ships. He had built refineries, drilled for oil, had built refineries, drilled for oil, had put up ocean terminals at Charleston, Savannah, Pensacola, Mobile, Key West, and in Cuba. And in the process he had learned something of men and something of the sweet-smelling stuff called crude.

Foard County News Wins a Second Place in Best Set Ads at State Press Convention

The Foard County News won state recognition for the fifth time last week when it was awarded second place in best set ads of thirty inches and under, which was announced at the close of a three-day convention of the Texas Press Association in Lubbock Saturday at noon.

This contest, sponsored by the Southwest Magazine of Fort Worth, has two divisions—best set ads over thirty inches and best set ads under thirty inches—and four prizes are awarded in each division. Weekly newspapers entering the contests are required to present four consecutive issues to be judged.

Weekly newspapers winning places in this contest follow: For best set ads of 30 inches or more—first, Haskell Free Press; second, Pecos Enterprise; third, Memphis Democrat; fourth, Nolan County News, Sweetwater.

For best set ads of thirty inches and under—first, Memphis Democrat; second, The Foard County News; third, Pecos Enterprise, and fourth, Uvalde News-Leader.

Winner of the Belo trophy offered by the Dallas News to the weekly newspaper judged to be the best all-round weekly in the state for 1939 was given to the Bee-Picayune of Beville, with the Pecos Enterprise and the Uvalde Leader-News receiving honorable mention.

During the past six years The News has won three first places and two second places in state contests. In 1933 it was awarded second place at the Dallas State Fair in the "General Excellence" contest. In 1934 it received first place in best set ads, 30 inches and under, at the Texas Press convention in Dallas. In 1935, Belo cup, for the best all-round weekly in state, at Galveston convention. At the 1936 press convention in Tyler, The News again won first in best set ads of 30 inches and under, and the last being the one mentioned above.

FOARD COUNTY FIELD DAY AT ADAMS CREEK WATERSHED IS SET FOR THURSDAY, JUNE 29

Government Wheat Loan Blanks Are Expected Here Soon

In answer to numerous inquiries as to government wheat loan blanks, Weldon P. Herman, secretary of the Foard County Agriculture Conservation Association, released the following information Wednesday.

The blanks are expected to be received at the local AAA office within the next few days, and as soon as they arrive, the blanks will be distributed to the elevators in Crowell. Farmers may then find the blanks at any of the elevators or the AAA office. The blanks will be filled out at the elevators and will be approved at the AAA office.

EDITOR HARRISON VISITS

O. C. Harrison, editor of the Seymour Banner, was a visitor in The News office Monday night. Mr. Harrison is one of the veteran editors of West Texas and had been to Lubbock to attend the Texas Press convention Thursday, Friday and Saturday. He visited in Hereford Sunday and in Canyon Monday and was returning to Seymour when he visited in Crowell. Mr. Harrison's hobby is golf and he played on the Hereford and Canyon courses on his visits there. He visits new courses every opportunity and to date he has played on 29 different golf grounds. Mr. Harrison is well known to Crowell golfers.

LOSES FINGER JOINT

Ben F. Hinds lost the first joint of the index finger on his left hand Tuesday when the finger was accidentally caught between a chain and cog when Mr. Hinds was making a repair on a combine.

PLATE WINDOW BREAKS

A plate window of the M. S. Henry & Company was broken by the high winds early Monday morning, at which time a wind and electric storm swept over Crowell.

Loan is Made to George Self By Self Grain Co.

The first government wheat loan to be made in the United States is believed to have been transacted in Crowell last Friday, according to information from Dallas officials. No contradictions to this statement had been made Wednesday night.

The first loan of this type to be made in the United States was made by Self Grain Company of Crowell to George Self on 1,383 bushels of No. 1 dark hard wheat which tested 63 pounds and had a protein test of 14.85.

Mr. Self received a loan of 64½ cents per bushel, which totaled \$892.03 for the loan.

J. A. Stovall Left Saturday to Attend Rotary Convention

J. A. Stovall left Saturday for Cleveland, Ohio, to attend the 30th annual convention of Rotary International, Mr. Stovall went by way of Washington, D. C., where he will visit points of interest.

Fifteen thousand Rotarians will gather in Cleveland, June 19 to 23, for the convention by plane, by train, by auto, by ship; from Japan, from China, from India, from South Africa, from South America, from almost every country in the world, to elect Rotary's international officers, to vote on legislation, to renew old friendships, and to create new ones.

Rotary's work is of a quiet nature, conducted with a minimum of publicity. Its greatest efforts are toward training its members for service and instilling in them a consciousness of individual responsibility toward their customers or clients, their community, and their nation.

The 30th annual convention of Rotary comes as a crowning event to another year of progress and achievement of an organization young in years but already a potential factor in the promotion of international peace, friendship, understanding, and good will.

RETURNS FROM SO. AMERICA

Reuben Brisco returned to Crowell last week from South America where he had been working in Colombia in the employment of The Texas Company for the past several months. He had been working with a crew laying a pipeline from Covenas on the coast to Petrolia, an oil field 290 miles into the interior.

HARVEST EXPECTED TO END WITHIN NEXT WEEK; ABOUT 350,000 BUSHELS ARE GATHERED

Production Records Must Be Given for 1940 Allotments

In order to be issued 1940 wheat allotments, Foard County farmers must have recorded their 1938 wheat production at the local AAA office in the county agent's office in Crowell, according to a statement by Weldon P. Herman, secretary of the Foard County Agriculture Conservation Association.

The County Agriculture Conservation committee is planning the 1940 wheat allotments from the 1938 production records at present and this work will be completed during next week. Farmers must present the necessary information to the committee before that time or allotments will not be issued.

Mr. Herman said that there were only a few farmers in the county who had not turned in this information, but those who have not are requested to do so immediately.

Yield Takes Drop But Wheat Still Testing Over 60 Pounds

As the harvesting of wheat from approximately 45,000 acres in Foard County continues, tabulations released by the elevators in Foard County Wednesday afternoon revealed that about 350,000 bushels of wheat had been delivered this season. The yield to date is slightly higher than the reported figures due to the fact that farmers are storing wheat in granaries.

Elevator men of Crowell expressed the belief that harvest in Foard County would close some time during the next week. A number of farmers are reported to be starting the cutting of their grain, but it is the general belief that all of the wheat will be out of the fields within the next seven days.

Yields Decreasing

The predicted decrease in wheat yields were shown in the harvest of the past week. Although the yields have not dropped suddenly, there has been a steady decrease from the estimated 13 to 15-bushel average of last week's harvesting. The lowest yield reported this week was ten bushels per acre.

It appears that wheat in the area south of Crowell is yielding the lowest, while the grain in the remaining sectors are of high yield, with the heaviest wheat being grown in the eastern part of the county.

Tests Remain High

Regardless of the fact that the yields per acre appear to be lower, the tests are still high. Practically all of the wheat that has been brought to Crowell, and that which is being received today, is testing 60 pounds or over, and some has tested 65.

According to the elevator reports 291,100 bushels of the wheat gathered since the 1939 harvest started in the county have been delivered to the elevators in Crowell. Elevators at Foard City have received 59,500 bushels and the elevator at Margaret has been delivered 17,000 bushels.

Approximately 210 cars of wheat, have been shipped from the county since harvest started. About 148 cars have been shipped from Crowell and 53 from Foard City. Nine cars of wheat have been shipped from Margaret.

Escapes Storm

Weather conditions during the past seven days have been good for harvesting, with the exception of high winds which swept the county early Monday morning. Although it appeared for a while early Monday morning that heavy clouds from the north and west might bring cyclonic winds and hail, Foard County escaped the storm which turned to the east and struck with damaging results by Wilbarger and Wichita Counties.

Slight Wind Damage

The destructive part of the storm missed the county, but slight damages to wheat were reported from high winds which blew here, however, the larger portion of the county escaped even the edge of the storm which struck the north and eastern sections.

Grasshopper Damage

One farmer in the county reported that grasshoppers had damaged his wheat to an extent of about four bushels to the acre. The hoppers invaded the field and cut the stalks, letting the ripe heads fall too low to be picked up by the combines. It is believed that there has been more wheat damaged by hoppers that has not been reported.

ATTEND C. E. RALLY

The following from the Crowell Christian Church attended a Christian Endeavor rally at Paducah last Wednesday evening: Beatrice Mullins, Sybil Mullins, C. D. Mullins, Granville Mullins, Garvin Chandler, Ruby Adams, Riley Adams, Pauline Adams, Dorothy Jean Thompson, A. Y. Olds, John Clark Long, Mrs. Nona Olds, Margaret Long and Paul Peters. J. Stuart Pearce Jr., vice president of the Texas C. E. Union, was the main speaker on the program.

Foard Girl is Injured When Car Crashes

Miss Oleta Sparks of the Black community suffered a possible fractured ankle and painful bruises and cuts about the face when the automobile in which she and Pete Green of Medicine Mound and his sister, Miss Green, of Ft. Worth crashed into a bar ditch near the Homer White residence about 4 miles northwest of Crowell in the Black community Wednesday afternoon near 3:30 o'clock. Mr. Green and Miss Green escaped injury.

The occupants were thrown from the vehicle when it struck the bottom of the ditch, and it is believed that the car turned over once after they had been flung from it.

The wreck victims were rushed to Crowell for medical attention by Mr. and Mrs. Cleo Parsons. It was reported that Miss Green was driving the automobile and she suddenly lost control of the car, which swerved into the bar ditch.

Rotarians Invited to Hear Dr. Thomsen at Childress June 20

Crowell Rotarians and their wives are invited to hear an address by Dr. R. Thomsen of Amarillo at the High School auditorium in Childress Tuesday evening, June 20, at 8 o'clock. Dr. Thomsen will deliver the address he made at the Rotary Conference in Big Spring a few weeks ago and local Rotary members attending that meeting say that it was among the best they had ever heard.

The invitation was extended to the Crowell Rotarians by Donald Black, secretary of the Childress Club, in a letter to Jack Seale, president of the Crowell club.

The occasion is being sponsored by Childress, Wellington, Quanah and Memphis Rotary clubs and the membership of the Vernon, Crowell and Hollis clubs has been invited to attend.

NEW CAR REGISTRATIONS

The following new motor vehicles were registered in the office of the tax assessor-collector during the past week:

Brief Bits of News From Here and There

In a recent medical experiment a number of human beings were packed in cracked ice where they were kept for five days. The patients fell into a deep sleep which continued throughout the experiment. Body temperatures were reduced from 98.6 Fahrenheit to 90 degrees Fahrenheit. Pulse beat slowed down until it was barely distinguishable and all bodily functions came to a standstill. Upon being revived the patients felt as rested as though they had awakened from a natural sleep.

Chevrolet Sales in May Eclipse April First Time Since '33

Detroit, June 9.—For the first time since 1933, Chevrolet dealers' May deliveries of new passenger cars and trucks this year eclipsed those of April. The announcement was made at company headquarters here today, in connection with the release of figures showing the month's new deliveries as 77,125 units. This is 34.8 per cent above the total for May a year ago, comparison of the record reveals, and is the second highest month since the 1939 models' introduction.

The figures show that Chevrolet's sales in the final 10 days of May exceeded those for both the preceding 10-day periods, and that passenger cars and trucks both shared in the advance over corresponding periods of last month and last year.

Truck deliveries for the month were 15,474, as against 11,436 in May, 1938.

Foard County Fair

At the luncheon Wednesday, at which some 30 or 40 were present, one of the important things done was the setting of the date for the Foard County Fair, which was fixed for Sept. 9, 10, 11. The matter of 24 hour light service was discussed and the body was unanimously in favor of the 24 hour service and C. P. Sandifer was appointed to take the matter up with the Yoder Light & Power Company to ascertain what could be done in regard to the matter.

Farmers in Harvest

Harvest has been delayed to some extent by reason of the heavy rains Monday evening, but for the last few days work has been resumed and thousands of acres have been harvested. There has been quite a sprinkling of laborers to come from other localities but most of them have stood out for higher wages than the farmers thought they could afford to pay. They felt that with the price of wheat ranging around 85 cents they could not pay more than \$2.00 and \$2.50 per day for hands, but the harvesters have contended for higher wages.

Hoppers Destroy Crop

H. E. Gribble reports that the hoppers have destroyed for him 125 acres of fine young cotton. Not until within the last few days did he know they were working on the crop. The fact is they made a raid on the crop and destroyed it almost before anything could be done to stop them. He says they never left any of the cotton and he will be forced to replant.

Victim of Robbers

A telegram came Monday from Superintendent R. C. Campbell from Camden, Ark., stating that he had been robbed on Sunday, the amount being \$75.00. Mr. Campbell left Crowell the first part of last week for the Arkansas oil fields where he has some interests.

To Those Owing Delinquent Taxes

Penalty, Interest and Costs Will Be Added on All Delinquent Taxes Due the City of Crowell on the 16th Day of August, 1939.

The City has been very lenient with those owing Delinquent Taxes, however, the time has come when it is forced to make collection on these taxes in order that it may meet its obligations and function in the manner in which a City must if it is to be of any benefit to the people.

Why not save the penalty, interest and costs which will be added to your taxes by paying them before the 16th of August, 1939?

The City Council earnestly requests that all owing delinquent taxes make a decided effort to pay them at once. In the event taxes are not paid, the City will be forced to use other means to enforce collection.

FORTY-EIGHT YEARS OF SERVICE

With this issue of the press, The Foard County News closes forty-eight years of service to Foard County and vicinity, and the present publisher has been actively connected with the paper in one way or another for about thirty years.

Next week The News will enter its 49th year in heralding the news and recording the history of this community and we are deeply grateful to all those whose assistance in any way has contributed to its existence.

Regarding of the ambition of a newspaper publisher, he cannot publish a good newspaper without the patronage and encouragement of the citizenship of the locality in which it is published.

and the publication of a local paper discontinued, the burning question even among those who had never stopped to think how a newspaper had come into existence, or how it remained there, would be "What are we going to do for a local newspaper?"

A newspaper is a vital force in the progress and growth of any community, and always has been, and it must necessarily be operated by human beings who have been from time immemorial subject to mistakes and, unfortunately, in the printing of a newspaper, many of these mistakes are spread out before the eyes of its readers each week and always a source of regret to us.

The existence of a newspaper depends entirely upon the amount of advertising placed in its columns which we believe is read by a large portion of the subscribers to their own benefit. The mission of advertising is to carry a message to the people of the trade territory, inviting them to trade with local merchants, and to inform them what they can expect when they reach the store that has advertised certain merchandise worthy of their inspection.

Next week The News will enter its 49th year in heralding the news and recording the history of this community and we are deeply grateful to all those whose assistance in any way has contributed to its existence.

Talk to any parent about requiring discipline on the part of his children and he will say: "I could make my children obey, but none of the other parents make any effort to make their children obey and when I try to exact obedience my children ask: "Why do we have to do this, none of the other kids have to do it!"

Most merchants get an opportunity to meet and become acquainted with their customers, but the story is told upon a milk man who delivered milk at the home of one of his customers each morning early for four years and never saw his customer.

LET'S QUIT ROWING IN CIRCLES

What We Think

(By Frank Dixon)

Roger Babson, the country's best known economist, came out last week with a statement that backs up so clearly and definitely the position taken by this column in regard to the matter of recovery and the unfriendly and "business stifling" legislation that has been put on the statute books of the country the past six years, that we believe a consideration of the points brought out by Mr. Babson would be helpful to our readers.

Regarding this crop of legislation Mr. Babson truly says: "They are the most dangerous pieces of legislation that have passed in the United States. They are forcing people out of jobs every day. These acts are stifling industry, choking jobs, raising prices, and holding back prosperity. I believe they are the cause of 50 per cent of the loss in jobs since 1936."

With few exceptions every business man in the country will second what Mr. Babson says here. Perhaps the best explanation of the unsympathetic and unfriendly attitude of the administration toward business is that no one connected with the administration, either in an executive or an advisory capacity has ever had any experience in the conduct of a business. Their experience has been confined to that incident to being on the receiving end of a salary check. They know nothing about the problems of the small businesses of the country in which 80 per cent of the workers of the country are employed.

A letter to Mr. Babson from a business man is typical of many that are being written by business men, big and little, all over this nation. The writer says in substance: The government can make employers obey the social security programs, the Wagner Act and the Wage-Hour Act, but the government cannot make employers remain in business nor engage in enterprises and thus create tax obligations which they are unable to pay.

This man is typical of eighty per cent of the business men of this country as to his situation and his discouragement.

The best evidence that this policy of business and employer persecution will not solve the problem of the depression, is that after six years it has not made a dent in it. It is unfortunate, I think, that men with no experience in, or sympathy for business and with closed minds and deaf ears to its problems, are permitted arbitrarily to set up laws for its operation.

Until this attitude changes recovery is going to continue to lag.

We are a strange people. We are forever talking about dumping our surplus agricultural products abroad where they come in competition with producers of other countries, but when some other country starts out to do a little dumping over here on her own account we raise a storm about it.

Time was when merchandise could be sold by a storekeeper. All he had to do was to put in a stock of the kind of merchandise he thought his customers would come in and ask for.

Regarding this crop of legislation Mr. Babson truly says: "They are the most dangerous pieces of legislation that have passed in the United States. They are forcing people out of jobs every day. These acts are stifling industry, choking jobs, raising prices, and holding back prosperity. I believe they are the cause of 50 per cent of the loss in jobs since 1936."

Texas Farmers Favor Expansion of FSA's Land Purchase Work

A survey of Texas farmers' opinion shows 95 per cent of land owners and 96 per cent of tenants favor expansion of the Farm Security Administration's activities in helping good tenant farmers to buy land. The survey was made at a series of 14 meetings recently completed, in counties extending from Wilbrey in the Rio Grande Valley to Fannin County on the Oklahoma border, and from Hall County in the west to Anderson County in the east.

Evans said the meetings were held to study the results that have brought about a heavy decrease in the number of farms in Texas and the resultant displacement of many thousands of tenants who formerly made a living upon the farm but are now in most cases drifting about the highways in search of temporary labor.

Eighty-six per cent of the farmers said that there had been considerable displacement of tenants from farms in their sections. Answering questions as to how a more profitable working relation could be established between landlords and tenants, in order to prevent tenants from being set adrift, both tenants and landlords agreed that written leasing agreements would bring tenants greater security and lead to higher returns for both the tenant and the owner.

from three to five years. Eighty-seven per cent of the tenants favored legislation that would require a minimum time for notice before a tenant is forced to quit the farm and 45 per cent of the landlords favored such legislation.

Both landlords and tenants agreed that tenants ought to receive compensation for improvements which they make. The large majority said the tenant should be permitted to remove equipment that he has placed upon the farm such as fences, out-buildings, etc., and, in the case of substantial permanent improvements made with the owner's consent, the tenant upon leaving should be compensated for the unused value.

Evans said that FSA has developed a written lease which provides for most of the things recommended at these meetings and that copies of this lease may be

obtained free, at any FSA office.

FSA's farm purchase activity which 95 per cent of farmers should be expanded are being tried on this year in 56 Texas counties and 27 Oklahoma counties. A federal appropriation authorized by the Bankhead-Jones made \$25,000,000 available for the fiscal year which ends in 1943. The Senate has approved double that amount for the fiscal year and this recommendation is now being considered in conference, the House having originally voted \$25,000,000, the same as for the past year.

FSA's farm ownership program is now entering its third year. The average loan has been around six thousand dollars, seventy per cent going for the original purchase price of the land, about twenty-two per cent improvements. The average farm bought was 154 acres.

Much Equipment Not Needed to Save Life of Drowning Victim

Austin.—"No elaborate equipment is needed to save a life from drowning," is the opinion of State Health Department officials. "In fact, actual harm has been done by the misuse of so-called lung motors. Modern resuscitation apparatus has been perfected so that oxygen and carbon dioxide can be used without inflicting damage to cases of asphyxiation and drowning. It is tragic enough to have a drowning accident, but it is far more tragic if no one present at the time knows how to save a life by artificial respiration.

"The prompt application of artificial respiration is of primary importance, and for this purpose the prone pressure method is the easiest, simplest and most effective. This should begin at once and continue rhythmically until natural breathing is established—this may take four or more hours. Procedure:

First: Kneel, and straddle the patient below the hips placing hands on small of the back with fingers over the lowest ribs, tips of fingers just out of sight.

Second: With arms straight, while counting one, two, swing forward bearing weight on body firmly but not violently.

Third: Swing backward while counting one, straighten up and thus relieving pressure—this allows air to be drawn into the lungs.

Fourth: Rest in this position for two counts.

Fifth: Repeat those movements rhythmically, forward and backward, without interruption, about twelve to fifteen a minute, until natural breathing is restored.

Sixth: Meanwhile, if assistance is at hand a physician should be sent for, the patient's tight clothing should be loosened at neck, chest, waist and he should be kept warm.

The patient should not be moved until he is breathing normally and then should not be allowed to get up but should be carried in a lying position to a place where he can be kept warm and receive medical attention.

Two Minute Sermon

(By Thomas Hastwell)

I Am Not Ashamed: In his letter to the Christians at Rome, Paul said: "I am not ashamed of the gospel of Christ, for it is the power of God unto salvation to everyone that believeth." To understand the full import of the meaning conveyed by this expression of Paul's one must remember that at that time, the followers of Christ, chosen from among fishermen and men in the lowly walks of life, with no churches or buildings in which to conduct their meetings, were contrasted with the Jewish organization, strongly organized, amply financed, and provided with splendid temples and synagogues. Certainly the Christian group suffered by comparison with it. In view of these conditions it required no little courage and conviction on the part of Paul to stand out before this Jewish aristocracy and say: "I am not ashamed of the gospel of Christ." I have often thought, as I have read this, what a tribute it was to Paul's faith and conviction. I have thought too, how many today, in a world filled with believers in Christ, lack the courage and the conviction to stand up even with the majority and declare themselves as did Paul. It is vastly easier today, than it was in Paul's day, to take a stand with Christ, but how many there are who lack Paul's courage to take that stand.

Sales to Puerto Rico Reduced 23 Per Cent This Year

I'm From Missouri

Restrictions placed on Puerto Rico's farmers and industries by the Federal government are being felt by wheat growers in Texas, the Puerto Rican Trade Council points out.

"The little U. S. territory in the Caribbean sea, which normally is one of the largest buyers of surplus wheat flour from Texas and other mainland wheat states, reduced its purchases 23 per cent during the first ten months of the current fiscal year," the Council reported. "Sales of mainland flour to Puerto Rico amounted to only 290,000 bushels as compared with 378,000 pounds in the same period a year ago, while the value of flour shipments was \$800,000 lower."

The sugar quota system, wage-hour act, and various reciprocal trade agreements favoring foreign countries at the expense of Puerto Rican products have brought about a heavy rise in unemployment on the island and forced the people to restrict their purchases of wheat, our and other farm commodities from the mainland United States, the Council stated.

The island's total food purchases declined more than \$0,000,000 pounds and the value dropped \$4,100,000 in the ten-month period.

Bob Burns, who gained wide recognition in "The Arkansas Traveler," is appearing in another comedy picture which will feature his home-spun wit and should delight those people who were pleased with "The Arkansas Traveler."

"I'm From Missouri" is a story of a simple soul who had trouble with his socially ambitious wife and ended up by declaring "if a man knows how to handle a mule, he won't have any trouble with his wife." Gladys George is featured as the wife of Bob Burns. "I'm From Missouri" is showing at the Rialto Theatre Thursday and Friday.

LIBRARY NOTES

"The Late George Apley," by John P. Marquand, has recently been placed in the library. This book is a Pulitzer Prize Novel.

"The Late George Apley" is a novel in the form of a memoir, yet it is more than just another novel. The author has created a great character in Apley, and has painted an understanding picture of the short golden age of American security. And yet, by this tender method, Mr. Marquand has also achieved a bitter satire of a mentally decadent society.

ROTARY CLUB

An interesting talk by Mrs. R. L. Kincaid concerning her recent trip to the Hawaiian Islands featured the program of the Crowell Rotary Club Wednesday at noon at O'Connell's Lunch Room. Preceding her talk, Misses Mary Hughton, Geraldine Carter and Peggy Cooper composed a trio which sang two beautiful Hawaiian selections. They were accompanied at the piano by Mrs. J. R. Beverly. Mrs. Beverly was also in charge of the program.

Other visitors at the meeting were Rotarian Frank Wendt of Quannah, Rev. Harrell Rea, pastor of the First Christian Church of Crowell, and Mr. and Mrs. Harrington of Kansas City.

CONVENIENCE

Many people refer to us as a "family bank" and we like the name because it fits. Women, for instance, aren't just casual customers here, they drop in regularly. We are as convenient to their shopping needs as to their husbands' offices, and with us "convenient" means more than just a good location. It's a pretty good way to describe the service and facilities of a modern, well-equipped bank, where your needs are served with courtesy, promptness and dispatch.

Meat Cookery, Yesterday and Today

(By Ruth J. Cooper, Home Economics, Breeder-Feeder Ass'n.)

The meat roast of yesterday was often quite dry and tasteless. That of today is juicy, tasty and has several more slices than the other roast. It is less trouble to prepare, has a superior flavor, and besides going farther, saves time and fuel in the bargain. Yes, today's roasting methods are truly revolutionary.

Meat thermometers are available at household furnishing and hardware stores. They are not essential but do take the guess work out of roasting. Insert the thermometer bulb in the center of the meat muscle, being careful not to touch bone nor fat; roast the meat until the thermometer registers the required internal temperature—rare, medium or well-done. It is approximately thirty minutes per pound for a well-done roast. While longer cooking time is allowed for this low temperature of roasting, superior results are assured. Regardless of type stove or fuel, lower oven temperatures produce tastier roasts.

81,209 MALARIA Cases reported in the U. S. in 1938. DON'T DELAY! START TODAY with 66 666 Checks Malaria in seven days.

At this point a decision must be made. What is the result to be? Is the roast to have a crusty, brown surface or the same color throughout the meat? If the crusty, brown surface is desired, the meat is seared in a pre-heated 500 degrees F. oven about twenty minutes and then roasted in a slow (300 degrees F.) oven for the balance of the time. If safe color throughout is desired, meat is cooked in a slow oven for the entire period of time. This searing process is for appearance only. The searing does not retain the juices and if the high temperatures are continued too long, the roast becomes dry and tasteless.

The change in pan styles is significant. Yesterday the pan was of the double variety and quite expensive. Today the pan is shallow and has no lid. It is inexpensive, the Tarwater house substitute, which distributes the surplus in the bond retirement fund to counties, but on a formula involving road mileage, population, motor car licenses and area, rather than on the basis of the amount of bond debt owed. Since the bill seeks to put the State's credit behind lateral road bonds, with which the State has no concern, many legal authorities believe it is unconstitutional, and it is regarded as virtually certain to face a court test, as soon as it is finally enacted, through acceptance by the House of Senate amendments, or by adoption of a conference committee report.

The Blessing of Sins Forgiven Text—Blessed is he whose transgression is forgiven, whose sin is covered.—Psalm 32:1. Sin is a terrible reality. Paul tells us in his letter to the Romans, "By one man sin entered into the world, and death by sin; and so death passed upon all men," and again, "All have sinned, and come short of the glory of God." We are all sinners by nature. Sin is hereditary. We show our sinfulness by our thoughts, imaginations, emotions, dispositions, looks, words and deeds. Sin is sin—just plain sin. Sin is that which is not in conformity to the character of God.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, June 18, 1939. Subject: "Is the Universe, Including Man, Evolved by Atomic Force?" The public is cordially invited.

Eastside Church of Christ Elder Garner of Quanah will deliver the sermon at both the morning and evening services of the Eastside Church of Christ Sunday. Bible Class will be held at 10:45 o'clock Sunday morning. Everyone is invited to come and worship with us. —Reporter.

Christian Science Services "Is the Universe, including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 18.

The Golden Text is: "To us there is but one God, the Father, of whom are all things, and we in him" (1 Corinthians 8:6). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth, thine is the art, exalted as head above all" (1 Chronicles 29:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "For right reasoning there should be but one fact before the thought, namely, spiritual existence. In reality there is no other existence, since Life cannot be united to its unlikeness, mortality" (page 492).

First Christian Church Sunday School at 10 a. m. Morning worship at 11 a. m. Sermon subject: "A Tribute to Dad." Evening worship 8 p. m. Sermon subject: "The Answer is God."

The "little white church on the corner" extends to every one a hearty welcome to attend its worship services each Sunday. You have never seen a progressive community in which there was not a church to help build the community life. You have never seen a wholesome individual whose life was not shaped by the service which he had and was rendering to the church. It is your responsibility to be a part of the institution which builds life.

A special service for the "Dads" of this community is the feature of the morning worship hour. Dad is that old person in the family that receives the least attention. He is, however, a great influence in the life of the family. Church and community. Come on, Dads!

HARRELL REA, Pastor. 28-13, "He that covereth his sins shall not prosper." There can never be a healthy soul as long as there is sin in it. "The way of the transgressor is hard." But when a person is ready and willing to confess his sins and turn from them to God, He forgives and covers them, and when God covers sin by the blood of Jesus Christ they can never again be found in time or eternity. Faith in the Lord Jesus Christ and acceptance of Him as personal Saviour result in entire forgiveness of sins, and we become "sons of God and joint-heirs with Jesus Christ." "But as many as received him, to them gave he power to become sons of God, even to them that believe on his name."

It is a great privilege for a man to be forgiven and not have a cloud between him and God. There are four expressions in God's Word telling how God covers sin: 1. He casts them into the depth of the sea. There are some parts of the sea which men have never been able to fathom. God casts our sins beyond the reach of man. 2. He casts them behind His back. Out of love for you and me, He casts our sins behind His back out of sight. 3. He blots them out as a thick cloud. "The blood of Jesus Christ . . .

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Austin.—Texas taxpayers were closer this week-end to having a 2 per cent sales tax submitted to the voters as a constitutional amendment than they have been at any time in this session. The sales tax constitutional amendment, called up last week for what many had believed to be a final test in the House of Representatives, fell nine votes short, and went down to its fifth House defeat, 91 to 56. But the gain registered by proponents of the measure, sponsored by Gov. W. Lee O'Daniel, and backed by a heavy majority of the special interest lobby, was shown by plans for still another test in the House, due for this week.

The division is so close that no man can say for certain how it will pass out. The head of the special interest lobby, who has been directing the unprecedented pressure drive for many, many weeks, professed confidence that the necessary nine votes would be picked up on the next test. It seems reasonably certain that the next test will be the last one. The Legislature is about ready now to pass the appropriation bills and go home. If the sales tax amendment is adopted, there will be no session. If it fails again, it is probable that a majority of the House see no chance of enacting tax legislation at this session and will be just as ready to go home. The Senate has definitely indicated, by its arrogant refusal to consider statutory tax measures, that it is committed to a policy of the sales tax frozen into the Constitution, or nothing. House members point to their record of having passed two statutory tax bills, both killed summarily by the Senate, as a sufficient alibi, if no pension paying revenue is enacted. Leaders of the anti-sales tax bloc in the House declare their ranks will hold on the next test, as they have on previous ones.

House Resents Pressure The House which has blocked the sales tax thus far, showed its resentment at the continued and tremendous pressure to which it has been subjected, when it cast 99 votes in favor of a resolution by Bryan Bradbury, of Abilene, called for a joint House-Senate investigation of the lobbying for the sales tax. The Senate, which wants no undue publicity upon the interests which are backing the stand which it and the Governor have taken in favor of the sales tax, quickly killed the resolution by pigeon-holing it in a committee.

Thompson Gets On Record Political outcroppings on the sales tax issue, which will flare immediately when the time comes for opening next year's state campaign, continued throughout the week. Col. Ernest O. Thompson, Rail Commissioner and runner-up last year, got on record with a statement condemning the freezing of a sales tax into the constitution. "Taxes ought to be statutory," Thompson said. "And when folks begin to vote themselves bounties, it means trouble ahead. Almost everybody will vote himself something if he thinks he will come out ahead. About a year from now, I might have something to say about politics." Thompson is regarded as a certain candidate against O'Daniel and the sales tax issue will undoubtedly be a major campaign issue.

cleanse us from all sin." 4. He removes them as far as the east is from the west. Light travels at the rate of 186,000 miles a second. The light of some planets has been traveling for thousands of years and has only recently been seen. We shall never be able to comprehend the distance between east and west. Don't try to cover up your sin, let God do it. How? By confessing and forsaking your sins and receiving Jesus as your Saviour. Do you want to be happy in this life and in the life to come? You can enjoy real happiness only when your sins are forgiven. Unbelief leaves the load on us, with the added guilt and penalty of rejecting a loving Saviour.

"He breaks the power of cancelled sin. He sets the prisoner free; His blood can make the foulest clean; His blood availed for me." Love God, and he will dwell with you. Obey God, and he will reveal to you the truth of his deepest teachings. — Frederick William Robertson.

doubtedly be the leading bone of contention in the race.

Meanwhile, an incipient gubernatorial boom was reported by the political gossips for Joe Hill, Senator from Henderson. Hill has been the strongest opponent in the Senate of the sales tax program, and he had denounced O'Daniel from the Senate floor on numerous occasions, with a bitterness seldom heard in that forum.

Other political rumors were heard this week to the effect that O'Daniel, if the Federal government should cut off grants to Texas as pensioners, under the liberalized pension law, might take the field against U. S. Senator Tom Connally, up for re-election next year. Maury Maverick, the ex-terminist New Deal ex-congressman, recently elected Mayor of San Antonio, was also rumored as a possible opponent for Connally. Maverick has been making anti-Garner speeches for several weeks.

Loan Shark Decision The State of Texas is without power to restrain loan sharks from charging usurious interest by injunction, the Supreme Court, in an opinion written by Justice Richard Critz held last week. Attorney General Mann, who joined the injunction suit brought by County officials in Travis County against 19 Austin loan concerns, declared the only relief now in action by the Legislature. Mann, however, held recently in an opinion, that a bill proposed by Mason Harrell and others, designed to legalize reasonable interest and service charges for small loans, intended to curb 400 per cent loan sharks, was unconstitutional. So it seems the loan sharks will continue to operate unmolested in Texas for another two years, at least.

Road Bond Bill Passes The Senate finally passed the road bond assumption bill, but it was a far different measure from the monstrosity originally sponsored by the Texas County Judges Association, which sought to put the State's guarantee behind nearly \$200,000,000 of "dead horse" county lateral road bonds. The Senate amended and adopted

Your Horoscope

June 11, 12, 13.—You are an idealist and very sensitive. You possess many good friends upon whom you often give vent to your feelings and thereby wound their feelings. When you get down in the depths you want to be left alone. As a general rule you are kind and loving, but at times obstinate and sometimes harsh. You are lead strongly by impressions and intuitions. You make decisions quickly. You have high ideals and are proud and affectionate. June 14, 15.—You are of a restless disposition and like to change location and positions often. Seeking advice often you seldom use it. Usually you keep a tight string on your purse but very infrequently are generous to a friend. Regarding your own affairs you keep your own council except to a few friends. June 16, 17, 18.—You love luxury and ease. Your are musically inclined but do not have a trend for business. You are inclined to be gloomy and even your most loyal friends can not bring you from the depths. You underestimate your own value and fail to recognize how much your friends appreciate you. Stop finding fault with yourself and doubting your own ability.

Rayland H. D. Club Sponsors Program

The Thrifty Home Demonstration Club of the Rayland and Five-in-One communities sponsored a home talent program in the auditorium of the Five-in-One school on Tuesday evening, June 6.

A male quartet of Crowell composed of John Rasor, Ernest King, Ebb Seales and J. P. Davidson, accompanied by Mrs. Arnold Rucker, rendered several selections. John Thomas Rasor sang three numbers, accompanied by Mrs. Rucker at piano and by Billie Fred Short, trombone.

Other numbers on the program were, accordion solo, Geneva Gloyne; Norma Gene Beazley, vocal solo, with Kay Belle Price, accompanist; quartet, Rudell Bleivins, Flora Belle Bleivins, Charlie Bleivins and J. P. Davidson, accompanied by Mrs. Beazley; readings, Anna Fae Beazley and Mrs. C. D. Haney; accordion solo, Norma Younger; reading, Rudell Bleivins; brass band quartet, Ruth Permian, Charles Wright, Aubrey Beazley, Jack Wright; piano solo, Margaret Ann Kincheloe.

Mrs. Ebb Seales, Mrs. Ernest King, Arnold Rucker and L. Kamstra were others from Crowell who attended the program.

BIRTHDAY CELEBRATED

On Saturday afternoon, June 10, Mrs. Herman Fox celebrated the 6th birthday of her little son, David, with a party for a number of his friends.

The dining table had for a centerpiece the pretty birthday cake. Roses were arranged throughout the house.

Refreshments of ice cream and cake, punch and cookies were served.

BIRTHDAY PARTY

Mrs. Lewis Ballant entertained with a party for her son, F. L., honoring his seventh birthday on Tuesday afternoon.

Games were played throughout the afternoon, which were conducted by Ruth Diggs. At the close of the happy hour "surprise" packages were opened which contained many nice gifts for F. L. and the guests were refreshed with ice cream and cake.

Those present were: Jimmie Franklin, W. C. Lankford, John Diggs, Jim Tom Cates, Jean Hughton, Ruth Diggs and Polly Dockery of Wichita Falls, who is a guest of Jim Tom Cates.

WEST SIDE H. D. CLUB

"If you should say there were a general hobby for women it would be quilts," stated Mrs. C. R. Bryson at the meeting of the West Side Club on June 14 at the home of Mrs. S. E. Tate. Quilt patches have so much sentiment, romance and memoirs they are like pictures.

There were four visitors, Mrs. E. W. Burrow, Mrs. T. A. Spears, Mrs. W. B. Griffin, Miss Louise Eubank and Miss Dorothy Moore. A feather comfort was made by Miss Joellene Vannoy, agent.

The club will meet on June 25 with Mrs. Joe Ward.

LUBBOCK — West Texas hospitality was extended to editors of the state when the Texas Press Association met during the week-end.

1—Walter Tucker, San Marcos Record, was elected president. 2—Nearly 200 members registered. 3—Charles K. Devall, Kilgore Herald, was elected vice-president, office that by custom leads to presidency. 4—Sam P. Harben, Richardson Ebo, was elected to thirty-first year as secretary. Past presidents gave him a scroll of appreciation for three decades service. 5—Mrs. A. B. Davis of Lubbock poured tea for editors' wives; photo shows her serving Mrs. Deskins Wells, wife of retiring president, and daughter Diane. 6—Charles A. Guy, Lubbock Herald-Journal, was convention host, and Mrs. Guy hosts to women attending. 7—Lowry Martin, Corsicana Sun, presented key of State Fair of Texas' sealed Golden Jubilee record box to retiring President Wells, Wellington Leader, to be handed down year-to-year to presidents until 1988. 8—Lynn Landrum, Dallas News, was opening speaker. 9—James F. Donahue, Tyler Courier-Times and Telegraph, news executive commissioner, responded to welcomes. 10—East met West—Presidents of regional associations attending were Jack McDermott, Lubbock News, and Douglas Meador, Mataador Tribune. 11—Ray H. Nichols, Vernon Record, was program chairman. Invitations for 1940 convention came from Mineral Wells, Galveston, Waco, Harlingen, and Lufkin. Big Spring bid for convention in 1941.

VIVIAN H. D. CLUB

"Goose or duck feathers are best for making feather comforts," said Miss Joellene Vannoy, demonstration agent, to the members of the Vivian Home Demonstration Club who met with Miss Bernita Fish Thursday, June 8, at 2:30 p. m.

"The best size for a comfort," Miss Vannoy continued, "for a double bed is 81x90 inches." Ten yards is the least amount of material that can be used for a comfort and this must be feather-proof. They can be washed in a machine and hung on a line to dry if the weather is warm enough to dry them in a short time, otherwise they should be cleaned at the laundry.

Miss Neoma Fish was selected as a candidate for a delegate to the Texas A. & M. College short course or to the Texas Home Demonstration Association at Lubbock. Mrs. T. W. Cooper will be her campaign manager at the council meeting.

A delightful refreshment plate consisting of tuna fish sandwiches, marble cake and iced punch was served to the members and the following visitors: Mrs. John Marr, Mrs. Johnny Marr, Mrs. J. W. Carroll, Mrs. A. L. Walling and Misses Ewira and Geneva Marr and Joellene Vannoy.

"Timely information" will be the subject of the next meeting which will be with Mrs. Irene Bishop at the home of Mrs. S. J. Lewis Thursday, June 22, at 2:30 p. m.

Mrs. William Chambers of Green County, Wisconsin, won the title of "dairy queen" at the interstate milking contest held recently in Chicago.

Miss Lavina Mockridge displayed 591 fans she has collected in two years as an entry in the recent hobby show in New York.

About two-thirds of all women office workers are between the ages of 20 and 30, according to a survey report.

Arlene Thomas, 4-year-old New York girl, won a whistling prize in a contest sponsored by the department of parks.

Mrs. Elaine Stern Carrington, said to be the highest paid scrip writer for radio, has been commissioned to write a serial for a popular screen actor.

Magistrate J. C. Hall of Burlington, N. C., never charges a fee for a marriage ceremony. "Couples usually have plenty to pay as they go along, so I like to give them a good start," he explains.

Delmar Lantz of Harrisburg, Pa., in his sleep walked out of a window, slid on his stomach down a slate-roofed porch and crashed into a brick wall, suffering a concussion to the brain.

Seeking a divorce in Los Angeles, Mrs. Gladys Jeffers asked for monthly alimony of \$82 and explained: "My husband's dog earns that amount in the movies."

Claiming her husband deserted her with the explanation that she was "too skinny," Mrs. Rita Usatuck won a divorce in domestic relations court in Chicago.

MARGARET 4-H CLUB

"To make eggs a la goldenrod one should slice the white of a boiled egg up real fine," stated Miss Joellene Vannoy, home demonstration agent, at the last meeting of the Margaret 4-H Club on Friday, June 9, at the home of Valeria Mae Owens.

Those present were Miss Vannoy, Bobby Ruth Smith, Billie Morrison, Flodel Wallace, Gus J. Bledsoe, Dorothy Lee Russell and Valeria Mae.

Dr. A. M. Josephon of New York City says incomplete experiments indicate that small doses of vitamin C are valuable in the treatment of eye cataracts.

A delicate hoo has been devised by scientists at Stanford University which will skim from the surface of a liquid a layer only two or three molecules thick.

Experiments of Dr. Erna Kiehn of Hamburg indicate stuttering and stammering are caused by disturbances of the entire nervous system.

Colored Folks Ready for Emancipation Day With Program Here

The colored people of Crowell will celebrate Emancipation Day with a two-day program featuring free barbecue, baseball games, boxing contests and singing contests, and the highlight of the program will be a talk by Rev. Williams of Waco, on Monday.

The free barbecue on Monday will be sponsored by the colored people of Crowell and ball games between Crowell and Chillicothe will be staged on Sunday and Monday. The boxing contests will be held at 8 o'clock in the evenings of the two days. Contests between singers of Crowell and Vernon will be held.

The celebration will be held in the colored section of Crowell, five blocks south of the court house.

CEMETERY REPORT

The following donations to the Crowell cemetery fund have been received since the last report was released, according to Mrs. N. J. Roberts, president:

B. & W. MAN'S SHOP

Harvest Sale Opens Friday at Bird's Store

A store-wide harvest sale is being opened at the Bird Dry Goods Store in Crowell Friday morning, June 16, and will continue two weeks, through Saturday, July 1, according to a page which appears on page seven of this issue.

D. N. Bird, owner and manager of the store, announced that prices on the merchandise in the establishment had been cut to pristinely low levels for the first store-wide sale since it opened here only a few months ago.

Mr. Bird recently returned from the markets in Dallas and Worth where he purchased merchandise to be offered during the harvest sale, and he stated that his line of dry goods for the entire family is complete and great saving can be made by taking advantage of the low prices which will be effective during two weeks' sale.

TO WORLD'S FAIR

A letter from Mack Boswell Brownwood, managing editor of the Daily Bulletin, this week stated that he and his brother, Earl, well of Clovis, N. M., would be making a mobile trip to the World's Fair in New York.

The letter said that they would be gone for two weeks and would visit points of interest in Southern States, returning by different route.

Three eggs laid by a hen belonging to Mrs. A. L. Chambers of Marsh Hills, Pa., weighed a pound each.

Mrs. Harry Smith of Wagon, Ind., has invented and marketed a "kimona jacket" for feathered chicks.

BECAUSE LIFE DEPENDS ON TIRE SAFETY— They Choose Firestone CHAMPION TIRES

FIRESTONE WINS 20th Consecutive Victory In Indianapolis 500-Mile Race

A merciless sun beat down upon the speedway as Wilbur Shaw drove to victory on Firestone Champion Tires. The blistering brick of the main stretch and the granite-hard surface of the turns and the back stretch put tire safety to the test supreme! Record after record was shattered. Speeds reached as high as 160 miles an hour on the straightaways, as 33 of the fastest drivers in the world waged a breathtaking battle for gold and glory.

Never before in all the history of the motor car have tires been put to such a torturous test. And never before has any tire so firmly established itself as a Champion in construction and performance, as well as in name. Here is dramatic proof of the extra strength which the revolutionary new Safety-Lock cord body provides in Firestone Champion Tires—of the extra protection against blowouts assured by the new and advanced Firestone patented Gum-Dipping process—of the extra mileage resulting from the tougher, wear-resisting rubber compounds in the sensational new Gen-Grip tread.

No longer can there be any question which tire is best. One tire—and only one—provides these exclusive safety construction features. One tire—and only one—has been on the winning cars at Indianapolis for 20 consecutive years. Motor car manufacturers enthusiastically adopted the Firestone Champion Tire for their 1939 models. Order your new car equipped with this amazing tire. Or drive in and let us equip your present car with a set of new Firestone Champion Tires, the one tire—and only one that is safety-proved on the speedway for your protection on the highway.

WILBUR SHAW, the 1939 winner
On May 30th, Wilbur Shaw drove to his second victory in the 500-mile Indianapolis Race on Firestone Champion Tires at an average speed of 115.0 miles an hour. Champion race drivers, whose lives and careers depend on tire safety, know tire construction. That is why they select and buy Firestone Tires for their racing cars.
