Two Men Killed When Struck By Automobile On Highway 16 Near Truscott

RAY YOUNG AND FLOYD ANTHONY TRUSCOTT VICTIMS; DOUBLE FUNERAL IS HELD AT TRUSCOTT

Truscott men, Ray Young, 26, and Floyd Anthony, 26, died Friday night from injuries sustained when they were struck by an automobile on State Highway 16, one-half mile east of Truscott, about 9 o'clock Saturday morning. Young died instantly and Anthony died shortly before he was taken to the Knox City hospital.

Double Funeral Sunday
A double funeral service for the victims was held Sunday afternoon in the Truscott Methodist Church with Rev. Geo. Tyson, pastor, officiating. Interment was made in the Truscott cemetery.

Quannah Man Held
Charges were filed Sunday morning at Benjamin against Magee, 67, of Quannah, former Hardeman county judge and legislator. Magee was released Sunday morning on \$2,500 bond.

According to reports, Young and Anthony were sitting on the edge of a bridge when the car struck the bridge and hit them instantly. It is said that the car failed to stop at the scene of the accident, however, the lights of the vehicle were seen and the car later ran a ditch near the Midge Adcock residence on the highway. Adcock aided the driver to the automobile from the ditch and repaired the lights. As he was preparing to leave, the driver told Adcock that he thought that he had run over someone a short distance down the road. Mr. Adcock jotted down the license number of the car and when he found the man, he turned the number over to officials.

Sheriff Amos W. Lilly was telephoned to be on watch for the car. Sheriff Lilly, accompanied by Deputy John Todd, started a search on Highway 16, about 10 miles east of Truscott and found the car (Continued on Page Four.)

NYA Projects in Foard Submitted for Final Approval

Three projects for the continuation of NYA work in Foard county have been forwarded to the National Youth Administration for its approval, according to a news release from the local NYA Administration office in Fort Worth. These projects are designed to improve and beautify the school grounds throughout Foard county, and the improvement and beautification of state highways in Foard county, and clerical assistance in public offices.

James Welch to Enter State FFA Contest

James Welch, Crowell F. F. A. member, will enter the news writing contest in the annual F. F. A. State Leadership Contests which will be held in Huntsville Monday and Tuesday, June 26 and 27, according to a statement from Mr. L. Myers, chapter adviser, Crowell, F. F. A. week.

James' news story scrap book already has been forwarded to Huntsville to be entered in the contest. His book was judged as being in Area One at the Area Leadership Contests held in Lubbock last month and James was awarded a plaque for this honor. T. Ryan, area supervisor, expressed the opinion that James would enter the State Leadership contest, because he felt that he had a very good chance of winning. The scrap book contains all of the news articles that James has written during the past nine months concerning local F. F. A. activities. Those who will attend the contest from Crowell, and who will be Sunday, are: Mr. Myers, James Welch and Kenneth Haller.

AID OF FARMERS ASKED IN LAND MEASUREMENTS

Contact Supervisors For Date To Be At Farms

The measurement of soil depletion, or compliance, has been started in Foard County by the Crowell AAA office and the co-operation of every producer is requested.

It is necessary that the producers do this in order that they will be present when the supervisor calls. This will save everyone concerned much time, and will eliminate errors or delays that could possibly come in later tabulations. It is also impossible to make the measurement unless the producer is present at the time the measurement is being made.

Weldon P. Herman, administrative assistant, urges all of the producers to do this in order that they will be present when the supervisor calls. This will save everyone concerned much time, and will eliminate errors or delays that could possibly come in later tabulations. It is also impossible to make the measurement unless the producer is present at the time the measurement is being made.

If a producer does not make an appointment with the supervisor at the time he is in that neighborhood, then that producer will be missed and it will be some time before the supervisor can return to the farm. If this happens, it will also delay checks the number of days the measurements are delayed.

Below are listed the supervisors and the district in which they will be working. It is urged that farmers get in touch with the supervisors of their respective districts in the immediate future:

Bailey Rennels and Luther Tamplin, district east of Crowell. Henry Fish and Tom Ray Roberts, district south, west and north of Crowell.

This work is important as the local AAA office is attempting to give the farmers better service and get their checks more promptly.

Stan Westbrook Builds New Filling Station at Truscott

A new filling station, 14 feet by 24 feet, was completed by Stan Westbrook in Truscott last week on the south side of Main street at that place. The inside concrete driveway is 14x24 feet and the outside driveway is 12x24 feet.

Mr. Westbrook has been operating a service station in Truscott for several years and had rented a building on the opposite side of the street.

Crowell Man Escapes Injury In Car Wreck

Pete Bell escaped serious injury when his car overturned in a bar ditch near Jacksboro Monday afternoon as he was returning from a business trip to Fort Worth. It is reported that Mr. Bell was crowded from the road by an approaching car which was traveling in the center of the pavement. Mr. Bell attempted to pass the car on the left side of the road, and overturned in a deep ditch.

Mr. Bell's car was returned to Fort Worth and damages were estimated at a figure between \$150 and \$200.

He received slight injuries to his arm and shoulder.

Large Head of Wheat Found in Thalia Field

An unusually large head of wheat was found in a 67-acre wheat field of Cap Wheeler and Loyd Fox four miles south of Thalia and is on display in the Fox & Johnson Grocery store in Thalia, according to information furnished by Mr. Fox Monday. He stated the head measured 7 1/2 inches long and contained 24 meshes with from 4 to 8 grains per mesh which totaled approximately 150 grains of wheat.

The wheat fields of Mr. Wheeler and Mr. Fox, a total of 210 acres, in the Thalia community averaged 20 1/2 bushels per acre.

Local Officers Have Busy Day Last Saturday

Last Saturday was probably one of the busiest days in the law enforcing department of the sheriff's office since Sheriff Amos W. Lilly was sworn in as the sheriff of Foard County on Jan. 1, 1936.

Sheriff Lilly, accompanied by Deputy John Todd, made seven arrests, obtained one plea of guilt, released three persons and two are being held under bond. All of the arrests were made in Foard County Saturday afternoon.

A man was arrested shortly after noon Saturday on a complaint charging operating a gambling house with a domino parlor in a room west of the Liberty Cafe. The man is being held in jail, having failed to make a \$1,000 bond.

A second person was arrested on State Highway 28 two and one-half miles east of Crowell and was charged with driving an automobile while intoxicated. He was later released under a \$1,000 bond.

The two cases given above have been bound over to await the action of the grand jury in the September term of district court.

A third man was arrested on the streets of Crowell Saturday afternoon by City Marshal Edgar Womack for drunkenness. He pled guilty to similar charges and was fined \$12.

A Foard County man was arrested a short distance east of Crowell by Sheriff Lilly and pled guilty to charges of possession of intoxicating beverages for the purpose of sale. He was fined \$25 and costs.

Three persons, two men and one woman, were arrested at a local tourist camp on suspicion, but were released after being questioned.

Ninetieth Masonic District to Hold Meeting in Thalia

The monthly meeting of the Ninetieth Masonic District will be held in the hall of the Thalia Masonic Lodge on Tuesday, June 27, with the Thalia Lodge acting as host.

A program is being prepared by a committee composed of Jno. W. Wright, E. G. Grimsley and Grady Halbert.

The 90th Masonic district is composed of lodges of Quannah, Chillicothe, Odell, Vernon, Thalia and Crowell, and a large attendance is expected at this meeting.

Mr. Bell's car was returned to Fort Worth and damages were estimated at a figure between \$150 and \$200.

LOCAL WOMAN DIES AT HOME WEDNESDAY

Funeral Services For Mrs. J. W. Shelton Today at 3 P. M.

Funeral services for Mrs. J. W. Shelton will be held in the Crowell Baptist Church this afternoon (Thursday) at 3 o'clock with Rev. W. B. Fitzgerald, pastor, officiating. He will be assisted by Dr. E. S. James of Vernon. Interment will be made in the Crowell cemetery with the Womack Funeral Home in charge of arrangements.

Mrs. Shelton died at her home in the southwest section of Crowell Wednesday morning at 7 o'clock. She had been in poor health for a number of years but only her family knew that her condition was serious as her death came suddenly.

Pall bearers will be Duke Wallace, Henry Ferguson, J. H. Lanier Sr., Rude Magee, Curtis Ribble and George Self.

Flower girls, Mrs. Naylor Pogue, Miss Bernice Poland, Clara Mae Martin, Mrs. J. L. Brock, Mrs. Claude McLaughlin and Mrs. O. W. Orr.

Miss Minnie May Sparks was born at Decatur, Wise County, on May 7, 1882, and was reared in that county. On Dec. 22, 1898, she was married to J. W. Shelton at Decatur.

Mr. and Mrs. Shelton moved to Foard County from Wise County in 1901 and settled in the Cottonwood community near Foard City. In 1909, she moved to Crowell with her husband, and had made this city her home during the past thirty years.

She was converted shortly after moving to Crowell and joined the First Christian Church here and was a member of that church at the time of her death.

Survivors include her husband, four nieces that she and Mr. Shelton raised; Mrs. A. J. Norton of Midland, Mrs. Richard Ballard of Crowell and Mrs. L. V. Page of San Angelo; one sister, Mrs. T. D. Woods of Abilene; one brother, R. E. Sparks of Foard City, and a host of other relatives.

Softball Lights To Be Installed Here Within Few Days

It is expected that teams will be playing softball under lights in Crowell within a week, according to a report from the managers of the two softball teams in Crowell Wednesday afternoon.

According to the report, arrangements have been made for the delivery of the poles and the reflectors the latter part of this week, and the assembling of the lights is not expected to require more than a few days.

The lighted softball field will be located on the east side of State Highway 16, three blocks south of the square.

The managers of softball teams of the county will be called to Crowell for a meeting Friday night for the purpose of making arrangements for the second half of the Foard County Softball League, and just as soon as the lights are ready, play will be started.

Two Crowell Men Have Song Published

Two local men have written and had published a song, "Give Me Back My Dear Old Texas," and copies of the song are now on sale in Crowell.

S. P. McLaughlin and J. H. Lanier Sr., wrote the words and the music was arranged by Mrs. Arnold Rucker.

A record of the song is on the nickelodeon at the Liberty Cafe, and the number is fast becoming popular here.

RAIN FALLS IN EVERY PART OF COUNTY; 2.70 INCHES ARE RECORDED HERE THIS WEEK

Justice of the Peace J. W. Klepper Tenders Resignation Monday

The resignation of J. W. Klepper as Justice of the Peace of Precinct No. 1 was presented to the Judge and Commissioners' Court of Foard County at a meeting of the court Monday morning. The resignation was tendered to Judge Claude Callaway in person by Mr. Klepper, who has been ill at the home of his daughter, Mrs. Allen Fish, in the Vivian community for the past three weeks. Mr. Klepper resigned on account of ill health, however, his condition has improved some within the past two weeks.

The resignation of Mr. Klepper was accepted by the commission-ers' court and H. E. Ferguson, veteran drug store operator in Crowell, was appointed to fill the unexpired term.

In retiring from office Mr. Klepper concludes eight and one-half years of service in the capacity of Justice of the Peace in the Crowell precinct, as he took the oath of office for the first time on Jan. 1, 1931.

He is a pioneer citizen of this section, coming here in 1885 when the territory that now composes Foard County was inhabited principally by cowboys, wild cattle, antelope, coyotes and prairie dogs.

Just preceding the routing of the buffalo, and has been a resident here since that time. He was instrumental in the organization of Crowell and Foard County and has been active in their development and progress for almost half a century.

Club Encampment Site Selected at Council Meeting

The Foard County council met in the district court room Saturday, June 17, in a regular meeting.

The north pocket park was selected for the club encampment to be held during the first part of August.

The three ladies selected to go to the Home Demonstration Association at Lubbock Sept. 6, 7 and 8, were: Mrs. Sam Hembree from Riverside, Miss Mildred Solis from Gamberville, and Mrs. Blake McDaniel from Foard City.

Two ladies from the clubs and one from the council were selected as delegates to go to the Short Course at A. & M., July 12, 13 and 14. They were: Mrs. Silas Moore of Margaret, Miss Naomi Fish of Vivian, and Mrs. Green Sikes of Margaret.

Three girls and one sponsor were selected from the 4-H Club just preceding the meeting to go to the Short Course July 4 to 7, inclusive. They were: Frances Anne Ayers of Riverside, Dorothy May Hlavaty, and Margaret Gene Davis.

Automobiles Crash Near Thalia Monday

The automobile owned by Edward Brisco was greatly damaged when it crashed into another automobile at the curve a short distance west of Thalia on State Highway 28 early Monday morning. The driver of the second vehicle was unidentified as he immediately left the scene of the accident.

Mr. Brisco, who was driving at the time, stated that the car was parked in the middle of the pavement with the lights turned off, and that he did not see the vehicle until it was too late to avoid the crash.

James Long, Leroy Steele and Bert Curtis were riding with Mr. Brisco and all escaped injury.

WILL BUILD NEW HOME
The concrete foundation for a new home to be built by Mr. and Mrs. T. V. Rascoe on North Main Street has been completed. The old house was razed several weeks ago and a modern, five room home will be erected in its place. The outside walls of the house will be constructed of native stone, according to present plans.

Rain Recordings at the Crowell State Bank here totaled 3.75 inches after Foard County had been drenched from showers and rains on Sunday, Monday, Tuesday and Wednesday morning.

Sunday brought showers preceded by a sandstorm while Monday saw Foard County thoroughly soaked for the first time in several weeks. On Tuesday afternoon light showers fell over the county and a heavy rain, which lasted for several hours, started early Wednesday morning to cause Pease and Wichita Rivers to rise to their highest points in several years.

Rain Stops Traffic
For a short time early Wednesday morning, all traffic to the south, west and north was stopped in Crowell. Water was flowing over State Highway 28 between Crowell and Paducah, and three automobiles were reported to have been swept from the highway into the ditch along this highway.

A rise, which followed the dark, rolling cloud which covered the watersheds of the river near Paducah, brought Pease River to a high very seldom seen. The water rose near the level of the new concrete bridge on State Highway 16 between Crowell and Quannah and the water filled the river bed from bank to bank, with water running over the approaches at each end of the bridge. Travel over the bridge was stopped for a short time.

A head rise was reported to be sweeping down the Wichita River and all cars traveling south on Highway 16 were stopped for fear that the water would destroy the wooden bridge across the river. The rise arrived later, less furious than expected, and traffic along the highway was resumed within a few hours after it had been stopped.

The cloud which brought the rains Tuesday afternoon and Wednesday morning was by far the most fierce looking of the three storm clouds to bring moisture to the county. It reared its dark head on the horizon west of Crowell about 5:30 o'clock Tuesday afternoon and appeared to be coming directly over Crowell. People fled to cellars in fear of high winds.

The edge of the cloud, which was rolling and tumbling, passed Crowell while the center of the storm traveled to the north, (Continued on Page Five)

Wheat Planters For First Time Since '37 Must Report Acreage

An announcement of importance for new wheat farmers, or those who have not produced wheat since 1937, was released Wednesday by Weldon P. Herman, secretary of the Foard County Agriculture Conservation Association, and is as follows:

"We have been advised that any producer that wishes to plant wheat for the first time since 1937 will be allowed to do so if he calls at the county agent's office in Crowell and gives the number of acres he wishes to plant."

"You must realize that your acreage will be very small since there is a very small acreage allotment for this purpose, and too, all wheat allotments will be deducted from your tilled land, and which in turn will be deducted from your cotton allotment."

"If you are interested, please remember that July 1, 1939, is the final day, or dead line for obtaining your allotments."

Boy Scouts To Leave Monday for Outing At Camp Boulder

About thirty Boy Scouts from the Crowell, Thalia and Truscott troops will leave Crowell Monday for the summer encampment of the Boy Scouts of the Wichita Falls area at Camp Boulder in the Wichita Mountains near Medicine Park, Okla.

The boys will be accompanied by Scoutmasters Recie Womack and Granville Lanier and John Long, and will spend six days camping before returning to Crowell.

Texas Home Owners Save \$12,290,000 in Interest Payments

Dallas, June 17. — Over forty-four thousand Texas home owners with H. O. L. C. loans have saved at least \$12,290,000 in interest payments during the last six years, said J. C. Anderson Jr., State manager of the H. O. L. C., on the occasion of the sixth birthday of the organization, celebrated this month. This amount represents the difference between the interest paid at the H. O. L. C. 5% rate and the higher interest being paid when the loans were refinanced. This \$12,290,000 has been put into circulation in towns and cities all over the State, said Mr. Anderson, and has had the effect of an increased income for these home owners.

Mr. Anderson stated that a remarkable payment record had been established by Texas home owners. In six years, \$23,666,377 has been repaid—22.4% of the principal of H. O. L. C. loans in Texas.

Of the original loans, 2,113 have already been paid in full, though most of them had 15 years to run. At present, 32,352 home owners in Texas have either paid out their loans or else are maintaining their loans in good shape and are well on the road to completely owning their homes.

Mr. Anderson pointed out that all kinds of people have been aided by H. O. L. C.'s refinancing of home loans—laboring men, professional men, mothers with families to support—all of them—people who were severely hit by the depression, but who have since gotten on their feet and are gladly repaying their debt to the Home Owners' Loan Corporation.

In calling attention to the way the entire State has benefitted from the H. O. L. C., Mr. Anderson said that over \$1,970,000 had been loaned for the purpose of repairing homes, and that the H. O. L. C. itself had paid \$2,056,161 to persons in the building trades in its program of reconditioning and improving for sale the houses it has acquired. This, besides providing a vast amount of work, has resulted in greatly improved neighborhood values.

"I thought I knew all about automobiles!"

A LOT of folks have had their eyes opened wide by a ride in a 1939 Ford V-8. They just didn't realize how much more value and how many improvements we've put in this car the last few years.

Today's advanced Ford is a product of progressive engineering, fine materials and honest construction. It is backed by an experience of building far more cars than anybody else in the world.

One ride in today's Ford — with its smooth V-8 cylinder engine, stabilized chassis, hydraulic brakes — will prove it's the modern car in the low-price field.

To Those Owing Delinquent Taxes

Penalty, Interest and Costs Will Be Added on All Delinquent Taxes Due the City of Crowell on the 16th Day of August, 1939.

The City has been very lenient with those owing Delinquent Taxes, however, the time has come when it is forced to make collection on these taxes in order that it may meet its obligations and function in the manner in which a City must if it is to be of any benefit to the people.

Why not save the penalty, interest and costs which will be added to your taxes by paying them before the 16th of August, 1939?

The City Council earnestly requests that all owing delinquent taxes make a decided effort to pay them at once. In the event taxes are not paid, the City will be forced to use other means to enforce collection.

He that hath pity upon the poor
lendeth unto the Lord; and that
which he hath given will he pay
him again.—Proverbs 19:17.

This town is what the people
living here have made it, nothing
more, nothing less. It will be in
the future, next year and the
next year and the next year what
the people now living here make
it. If each one goes about his own
business and gives no thought or
effort toward improving the town
it will not progress or advance.
Of itself it cannot. We talk much
about making our town a better
town, but as long as we have no
plan or make no definite effort to
ward making it a better town, it
is not going to improve very fast.
In other words our town will be
what we plan to make it. All that
is necessary to do is to select an
objective, one definite thing to
do, and then get behind it and
stay behind it until it is accom-
plished. Every town that has made
progress has done it in just this
way, and this formula will bring
progress to any town that sincerely
applies it.

Thousands of men have made
outstanding successes of their busi-
nesses through the power of ad-
vertising. There is no record of
any success made in the mercantile
field by any other means. The
time has gone by when any man
can rent a room and put in a stock
of merchandise and do a profitable
volume of business without
advertising. The reason is that
the buying public has become ad-
vertising conscious and does its
shopping in the advertising col-
umn instead of with a market
basket as grandfather and grand-
mother used to do. Any merchant
can increase his volume of busi-
ness by means of advertising if
his advertising is well gotten up
and is backed by good merchan-
dise and modern, intelligent, and
aggressive merchandising. It is
the only formula for success in the
merchandising world of today.

The soft coal strike which was
settled recently cost the coal min-
ers \$10,000,000 a week while it
was in progress. But if it gave
to John Lewis his demand that dur-
ing the next two years employers
must force all employees to join
John Lewis' United Mine Work-
ers. Nothing was gained for the
miners since no change was de-
manded in wages or hours. The
coal operators are bitter toward
the administration for taking sides
with John Lewis in the contro-
versy. The American Federation
of Labor also resented from retail
merchants since the liquor traf-
fic became legalized. Retailers of
necessities have awakened to the
fact that the same money cannot
be spent for liquor and food and
clothing.

It has been discovered by Henry
M. Johnson, president of the
American Businessmen's Founda-
tion, that over \$15,000,000,000
has been diverted from retail
merchants since the liquor traf-
fic became legalized. Retailers of
necessities have awakened to the
fact that the same money cannot
be spent for liquor and food and
clothing.

What We Think

(By Frank Dixon)

The Wage-Hour bill was in Con-
gress last week for revision and
amendment. It had a stormy time
and finally members of Congress
rebelled and rejected all of the
amendments.

The revision of the bill was
thrown out on the floor of Con-
gress with a string tied to it so
that if any real revision might be
attempted the bill could be pulled
back by its friends with a laugh
and an "April Fool."

The string was that no amend-
ment could be considered by Con-
gress that had not received the
approval and the blessing of the
House Labor Committee. In other
words the revision was to be
all one sided. There was to be no
contrary or opposing opinion con-
sidered.

Very properly the members of
Congress rejected any considera-
tion of the whole bill. If Congress
is to be thus deprived of its as-
sumed function it has lost the pur-
pose for which it was created.

The Wage-Hour law provides
for a minimum wage and maxi-
mum work week to all workers em-
ployed in businesses of an inter-
state nature, that is businesses
whose products or services are
shipped out of the boundaries of
the state in which they are pro-
duced.

The Wage-Hour law is the most
severe blow to small beginning
industries in the non-industrial
sections that such industries have
ever received from any source.
Immediately it went into effect it
threw thousands of workers out of
employment and created hard-
ships upon many small industries.

In these sections the workers
are not faced by an assembly line
or conveyor belt. They are not
driven by slave driving foremen.
They work in many instances side
by side with the owner, his wife,
his sons and his daughters. For
the most part these employers are
fair. They pay all they can afford
to pay and in many instances more
than in justice to their own
hours and investment they should
pay.

The theory of the law was that
it would force sweat shop employ-
ers to pay a better wage. It may
have accomplished this in some in-
stances, but in every such in-
stance more production has been
demanded and the less efficient
employees have been dismissed
and better ones put on.

In attempting to force a few
employers to pay a fair wage
thousands of small employers have
been injured and thousands of
happy and contented employees
have been deprived of employ-
ment.

It would be just as sensible to
say that because some car drivers
drink and are a menace to traffic
that no one should be allowed to
drive a car. Just as sensible to
punish unjustly the sober and
decent drivers rather than seek a
means to curb the law violations
of the heedless.

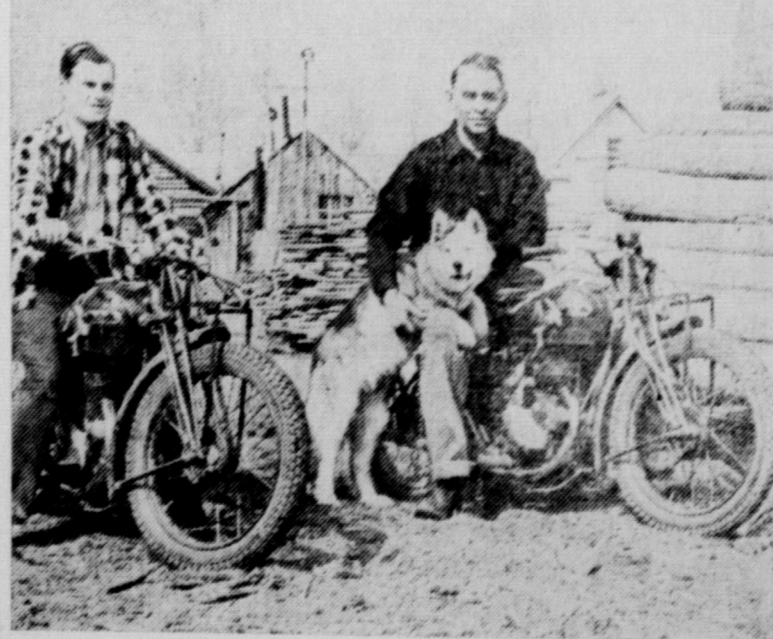

A lover of flowers and trees
and shrubs and grass was in this
office this week and during a
short visit made one remark that
we think has something in it. Our
visitor said: "Just think, if it were
possible to abolish war and all the
after cost, as well as the cost of
its preparation, we could have in
every town in this land, big and
little, a beautiful park filled with
beautiful trees and beautiful flow-
ers and shrubs with as many care-
takers as was necessary to keep
it beautiful. We could have foun-
tains and pools, artistic landscap-
ing, and a place to which one
might go for rest and quiet among
God's beautiful things. How much
better would this be for the na-
tion than the ugliness of war." It
is a fine thought.

We've heard a lot about the
break down of the American
home. Without exception when
Americans hear this charge they
know it is the other fellow's home
that is meant, not their own.

It is the obligation of the so-
ciety of nations to provide some
suitable home land for the Jews.
Society cannot evade the respon-
sibility and lay any just claim to
being Christians.

The better the name the bigger
the scandal.

Chevrolet's Sixth
Industrial School
Opened This Week

Chevrolet's sixth and largest
Post-Graduate School of Modern
Merchandising and Management,
a "university" unique in industrial
circles, opened in Detroit this
week.

With a total enrollment of 32,
including three men from foreign
lands, the retail business manage-
ment school began an eight-weeks'
course which will touch on every
phase of automotive dealership
operation. All students are sons
or relatives of Chevrolet dealers.

Far-off lands are represented in
the foreign contingent, students
being registered from South Amer-
ica, South Africa and England.

The school is the out-growth of
research conducted by William E.
Holler, Chevrolet general sales
manager. Five years of prepara-
tion lay behind the founding of the
unusual automotive "college."
T. O. McLaughlin, former Rhodes
scholar, is director and chief in-
structor.

Honorary lecturers who have
appeared before past sessions of
the school include Alfred P. Sloan
Jr., chairman of the Board of
General Motors; William S. Knud-
sen, president, General Motors;
M. E. Coyle, general manager,
Chevrolet; C. F. Kettering, direc-
tor of research, General Motors;
R. H. Grant, vice president, Gen-
eral Motors; James D. Mooney,
vice president, General Motors, in
charge of Overseas Operations;
Graeme K. Howard, general man-
ager, G. M. Overseas Corp.; Al-
bert L. Deane, general manager,
Motors Holding Div., and Charles
E. McTavish, general sales man-
ager, G. M. Products of Canada,
Ltd.

Various department heads of
Chevrolet's Central Office appear
on the curriculum as lecturers and
teachers. Included are Mr. Hol-
ler, Felix Doran Jr., T. H. Keat-
ing, W. G. Lewellen, and J. E.
Johnson, assistant general sales
manager.

Subjects included in the curricu-
lum include organization of ter-
ritory, the Chevrolet product,
principles of new and used car

Vaccination to
Prevent Typhoid
Fever Advised

Austin.—If you have not been
vaccinated against typhoid fever
within the last two to three years,
go to your family physician and
have him give you the three
"shots" that will protect you
against that disease.

This advice comes from the
Texas State Health Department,
and is addressed particularly to
those persons planning vacations
away from home or those who regu-
larly go on camping, fishing or
such trips.

Typhoid is contracted by way
of the mouth. Each case comes
directly from some previous case.
You eat or drink the germs that
cause the disease, in food, water
or milk contaminated by the dis-
charges from persons who are ill
with the disease or who have had
it at some time.

Modern medical and public
health practices have greatly re-
duced the occurrence of typhoid,
but it is still a menace to those un-
protected against the disease.
Protection of public water sup-
plies from pollution, pasteuriza-
tion of milk, inspection and super-
vision of food supplies, improve-
ment in household sanitation and
hygienic habits, better sewage dis-
posal and careful investigation of
typhoid outbreaks to determine
the source of the disease are
measures which have contributed
to the diminution of the incidence
of typhoid in Texas. But there
are still sources of infection to
which individuals are exposed,
that cannot be reached by public
measures, and for which vaccina-
tion affords additional protection.

Persons who are apparently
well, but who have had the disease
at some time, may continue to dis-
charge the typhoid germs. Such
persons are known as "carriers"
and if they are not careful in
their personal habits they are
liable to contaminate any food
they touch. Flies carry germs
from contaminated sources of
food, and are another source of
typhoid infection.

Health departments, state, city
and county, are waging constant
warfare against typhoid all the
year. Special efforts are made
during the vacation period through
the sanitary supervision of sum-
mer camps, parks, and public eat-
ing places to reduce any possible
danger of vacation typhoid from
such sources. But vaccination and
sanitation are the only means to
personal safety against the dis-
ease. So see your physician today
for a vacation and summer un-
marred by typhoid.

WHAT THE PRESS THINK

Recently the annual meet-
ing of the Associated Press, the
American Newspaper Publishers
Association and the American So-
ciety of Newspaper Editors were
held in Philadelphia.

A survey of the opinions
of press leaders present shows
almost unanimous opposition
to discriminatory and punitive
action against any legitimate
business; general approval of
merchandising, whether ac-
complished by chain stores or
ad independent, and an ap-
preciation of the immense im-
pact of mass merchandising in
widening distribution of com-
modities, particularly those of
cultural origin, to the benefit
of agriculture and industry.

Other press organizations,
national and regional, and
representing both large and small
news have gone formally on record
similarly. The typical Amer-
ican newspaperman believes in
play. He believes in progress.
He knows what unhampered
initiative business means to his
state and his nation. He
knows the dangerous folly of
law or any tax designed to
alize or destroy any honest
business.—Industrial News Ser-

Two Crowell F. F. A. boys, James Welch and Kenneth Halbert, had good success with Tenmark wheat which they used as one of their F. F. A. projects during the past school term, according to their records after the harvesting of the wheat was completed last week. Their records show that the Tenmark wheat yielded from 4 to 7 bushels more than wheat that was raised beside it.

The boys purchased the seed for \$1.00 per bushel at the Chilloco experiment station, where tests show that this wheat will yield heavier than other varieties grown in this section. Two Foard farmers, D. E. Todd and Roy Todd, also purchased Tenmark wheat seed and both report heavy yields.

James planted 5 bushels on 6 1/2 acres of sloping land, which was the poorest land of the field, and reaped 156 bushels for an average of 24 bushels per acre. Other wheat in the field which was planted the same day and by the side of the Tenmark averaged 26.2 bushels.

Kenneth planted 5 bushels of Tenmark seed on 9 acres of the best wheat land in the field and it yielded 25 bushels per acre, while the best average of the other variety planted on the farm was 18 bushels.

D. E. Todd planted 15 acres in Tenmark wheat and it yielded an average of 22 bushels per acre, while wheat from 180 acres, which includes the Tenmark wheat, averaged 18 bushels per acre. No report has been made on the Tenmark planted by Roy Todd.

James and Kenneth have turned down several offers to sell their wheat at a good profit, but they are saving this wheat for planting next season.

To Preside at Cowboy Reunion

Membership in the association is limited to men who worked as cowboys on ranches 35 or more years ago. The business session at which new officers will be elected will be held at the cowboy bunkhouse July 3 at 1 p. m.

Rain—

(Continued from Page One)

striking Quannah and nearly washed row crops away with a 4-inch downpour. Wind or water damage from the cloud was unreported Wednesday morning.

The muddy waters of Pease River swept away three bents of the Santa Fe railroad bridge north of Margaret, and trains from the north were stopped until Thursday.

The first heavy general rain for this vicinity in many weeks swept over Foard County last Monday afternoon. Every community of the county reported a good rain, each receiving about the same amount as fell here.

Two-Inch Rain

Two inches of rain were recorded at the Crowell State Bank Tuesday morning, and is the heaviest rainfall to be registered here in some time.

This is the first year that wheat harvest has not been stopped in the first week. A shower over the county delayed combining for several hours last Sunday afternoon, but Monday night was the first time that harvest has been brought to a complete standstill, however, only a small portion of the county's wheat remained in the field when the rain fell.

Crop Prospects Good

Prospects for the cotton and grain crops of the county are very good at the present time. The rain came at an opportune time, as wheat harvest is nearly finished and in time to save other crops serious damage due to lack of moisture.

Breaks Drouth

Driving hot winds of the past three weeks had sapped the ground of its moisture and had burned plants to the extent that fear was held that rain would not come in time to save the young crops. Farmers stated Monday morning that if rain did not come in a very short time, the crops would be ruined.

Accompanied by Wind and Sand

Monday's rain was accompanied by driving winds and a sand storm. This was one of the most severe wind and sand storms to be suffered in this county in some time, however, little damage was reported. Trees along the highway west of Crowell were split by the winds, and small outhouses and overground cisterns were damaged.

The dark, heavy clouds swept over the county from the west and for several minutes it appeared as though a damaging storm would strike this vicinity and fear was held that the clouds carried heavy hail.

High winds, carrying a blanket of sand, struck Crowell between 4:30 and 5 o'clock and for a short period of time vision was cut to about a city block and lights were turned on in the buildings. Following the wind and sand, came the rain, driven by a strong wind which shook houses and the windows of the business houses. A down of about twenty minutes of hard rain, the storm abated and gentle rain fell throughout the night.

Wind Storm Sunday

A light shower fell here late Sunday afternoon, and was accompanied by high winds and sand, however, the moisture which fell was not enough to record, although it brought relief from the heat wave which people of the county sweltered under for the past several days. On Monday afternoon, at approximately the same time of day, the drouth was definitely broken by the two-inch rain.

Applicants for Old Age Assistance Will Not Be Investigated

Austin, June 19.—W. A. Little, director of the Texas Old Age Assistance Commission, stated this week that no investigations would be made of applicants for Old Age Assistance under the new law until a ruling had been secured from the Attorney General's Department, which opinion would serve in formulating policies and procedure of investigation under the liberalized act. Even after the opinion has been secured, it will be necessary for investigational instructions to be perfected and workers advised as to their use. This will likely require another week or ten days after the Attorney General's Department has officially acted.

Little further stated that registrations had reached about 30,000 for the State as a whole, and it was an admitted fact that under the most favorable circumstances, several months would be required to complete records of investigation and to certify recipients for whatever prorata share of available money might be at hand from month to month. In the meantime, a new plan will be submitted to the Social Security Board at Washington, and their final decision as to the approval or disapproval of the plan awaited.

CROWELL STATE BANK

WAR AGAINST THE LITTLE FELLOW

The politicians don't call it socialism—but a politically-originated program now in effect can be honestly described only as state socialism on a gigantic scale.

This is the federal-state power program. Few of us yet realize its potentialities. We know something about the TVA and Booneville and Grand Coulee dams. What we don't know is that a host of other, smaller projects, either completed, under construction or in the planning stage, will literally blanket the country with tax-subsidized, politically-managed power plants and transmission systems in the next five years.

Washington, Oregon, California, Nebraska, Wyoming, Texas, Tennessee, Alabama—these are but a few of the states which are being "blessed" with socialized power, at the expense of private savings, private investment, private opportunity, and private employment. In every case, the areas have been long and adequately served, at reasonable cost, by heavily-taxed, state regulated private systems. In every case where possible deficiencies of power existed, the private companies were prepared to expand to make up for them—given assurance that they would be allowed to stay in business. In every case, all the tax payers of the country have been taxed to pay for the unnecessary government projects—and the total bill of the projects planned runs past the \$2,000,000,000 point.

Furthermore, the "power socialists" aren't satisfied. They frankly want to destroy or absorb the entire private industry. Very recently rumors have been heard of a new political "war" against the utilities. And what that amounts to is a war against the taxpayers who pay the bills; against the armies of workers with good jobs in the private companies; against the tens of thousands of people of small means who own utility securities, bought out of savings; against a tremendous number of businesses, little and big, from which utilities buy, and which share directly or indirectly in utility spending. It's a war primarily against the "little fellow."

Such a program is insidious. It grows without our knowing it. And it leads us inexorably toward that totalitarianism the very politicians who are today promoting socialism in this country, profess to detest. The people of this country have long been asleep—and the future of democracy will be dark indeed if they don't awaken soon. — Industrial News Review.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m.

East Side Church of Christ Bible classes at 10 o'clock Sunday morning.

Christian Science Services "Christian Science" is the subject of the Lesson-Sermon...

The Golden Text is: "Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains; for the Lord hath comforted his people..."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father" (John 14:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Principle of divine metaphysics is God; the practice of divine metaphysics is the utilization of the power of Truth over error; its rules demonstrate its Science" (page 111).

First Christian Church Sunday School at 10 a. m. Superintendent, John Rasmussen. There are classes in our school for every member of the family.

Morning worship at 11 a. m. Sermon subject: "The Answer Is God."

Young people's society, 7 p. m. No evening worship service. It was not an uncommon thing for the disciples, when they were addressing Jesus to call Him Master. He was exactly that to them. They followed him wherever he might go. And not only did he develop and master his own life to the full, but he called out the hidden depths in the lives of his disciples and his associates.

He is able to do the same today, and surely such a one is worthy to be our Master. The "Little white church on the corner" welcomes you to its worship services on the Lord's Day, and is seeking to build within each a reverence and love for the Master of men. Come! Worship!

The items below were taken in whole or in part from the issue of The Foard County News of June 20, 1924.

Good Wheat Crop

According to J. W. Bell, who has been over a considerable portion of the county this week, the average yield per acre will be from 20 to 25 bushels. Some wheat is making 30 bushels per acre and better. T. N. Bell has 1,000 acres he thinks will make an average of 30 bushels and is testing 62. A Weatherall of the Foard City community has 400 acres estimated to make a 30 bushel average. By the first of the week all the threshers will be in operation and a better report of the wheat yield will be given in our next issue.

Win Judging Contest

In the district stock judging contest Saturday at Childress, in which the livestock club boys of eight counties competed for honors, Foard County boys took the cup for highest honors. The boys entering the contest from this county are Howard Benham, being the highest man, S. B. Middlebrook, second, and Bud Dunn, third. The boys were accompanied by County Agent F. L. Rennels.

Teachers Elected

The Crowell school board has been meeting from time to time and going over the list of applicants as teachers, making the best and wisest selections it could and up to the present time all the faculty except two teachers has been elected and all have accepted.

The Rejection and the Reception of Christ

Text: And she brought forth her firstborn son, . . . and laid him in a manger; because there was no room for them in the inn.—Luke 2:7.

But they constrained him, saying, Abide with us.—Luke 24:29. In the story of the Gospel according to Luke we meet with incidents in the life of Jesus in which He was told to get out by some, and asked to come in by others. Let us briefly look at some instances.

Telling Jesus to Get Out

1. In Bethlehem there was no room for Him in the inn (Luke 2:7).

Social pride was the reason. In a hotel people are treated according to their financial status. Evidently the humble appearance of Joseph and Mary was against them. So it came to pass that the

thunder in the corridors of heaven; and the next time it will be more than a whisper, even a joyful confession of His saving Name, before men, angels, and devils, which will fill the heart of the confessor with the clear assurance of the Spirit that he belongs irrevocably to the redeemed people of God.

Debt Relief Given 148 Farmers; Foard in High District

Dallas.—Burden of excessive debt was lightened for 148 Texas farm families during May by county debt adjustment committees. It was announced today by Guion Gregg, of the Farm Security Administration.

Mr. Gregg said that of the 12 FSA administrative districts in the state, a 24-county area in Northwest Texas, including Foard County, had the greatest adjustment. M. B. Oates, Wichita Falls, is district FSA supervisor.

Debt relief was given by county committees which act as mediators between debt-distressed farmers and their creditors in working out agreements for extensions of time and reductions in interest and principal. Most of the families whose debts were adjusted were in danger of losing their land or farming equipment.

"Creditors are now unwilling to grant these concessions," Mr. Gregg said, "when they realize that by doing so they will come out ahead in the long run. When an orderly repayment schedule that a farmer can meet has been worked out, the FSA will assist him with its loan and advisory service to farm profitably."

The committee, which is composed of local men, meets regularly. It has no money to lend, but its services are free and confidential. Meeting notices will appear from time to time in The News.

Every Member of the Family says There's nothing Quite Like Alka-Seltzer

And They Say It With a Smile!

Do the members of YOUR family say this? If not, perhaps it is because you have never given Alka-Seltzer a thorough trial.

Without exception, the people we know who have used Alka-Seltzer are enthusiastic in its praise.

If Alka-Seltzer is as good as we say it is, you want it in your medicine cabinet; if it is not, it won't cost you a penny. We will refund the purchase price of any new user who uses a full package, according to directions, and is not entirely satisfied with the results.

Your family will need Alka-Seltzer sooner and more often than you think. Our guarantee of satisfaction or money refunded covers its use in all disorders listed below.

Gas on Stomach, Acid Indigestion, Heartburn, "Morning After", Muscular Pains, Sour Stomach, Headache, Distress of Colds, as a Cough Syringe in Minor Throat Irritations.

Mrs. N. H. Jones Celebrates Birthday

The 81st birthday of Mrs. N. H. Jones was celebrated at her home in the Black community Sunday, June 11. A turkey dinner was served at noon and Mrs. Jones helped with its preparation. Fifty-three relatives and friends enjoyed the day with Mrs. Jones, and are as follows:

Mr. and Mrs. Jim Christian and sons, Otto, Clark and Victor, of Crowell; Mr. and Mrs. Arthur Jones and children, Clifton, Jamie and Joyce, of Foard City; Mr. and Mrs. M. J. Jones and children, Junior and Margaret; Miss Vela Jones, Mr. and Mrs. Charles Jones and baby, Mrs. Lillian W. Barton and children, all of Electra; Noah Jones and nephews, James, Melvin and Arvel Jones, of the Black community; Mrs. Eunice Jones and daughter, Wanda, of Crowell; Mrs. W. M. Randolph and daughters, Misses Lucy and Susie Randolph; Mrs. J. P. Scott and son, and Mr. and Mrs. O. N. Baker, of Foard City; W. C. Jones Jr. of Jonesboro, Texas.

In spite of her age, Mrs. Jones visits in town quite often and is able to do part of her work.

COMPLIMENTS HOUSE GUEST

Mrs. M. S. Henry was hostess to a number of young ladies on Monday afternoon to compliment her niece, Miss Annie Mills Rawlings, of Columbia, Missouri, who with her parents, is a guest in the Henry home.

A pink and white color scheme was featured in the various appointments of the party, at which games of 600 were played. Cream Camark pottery vases were presented to the honor guest and to Miss Wilma Jo Lovelady, as guest prize and as high score favor in the games.

A lovely refreshment plate which held open-faced sandwiches, ice cream, cake and punch was served to the following guests: Misses Rawlings, Wilma Jo Lovelady, Dorothy Wingham, Margaret Long, Thelma Jo Ross, Joyce White, Helen Harwell, Beverly Hagston, Doris Campbell, Joyzelle Tysinger, Faye Webb and Wanda Rose Liles.

The hostess was assisted in entertaining and serving by Mrs. Roger Rawlings and by Joyzelle Tysinger.

ON HONOR ROLL

Miss Bernice Poland, daughter of Mr. and Mrs. H. D. Poland of Crowell, is one of 84 students in Mary Hardin-Baylor College at Belton to be listed on the Dean's honor roll for the spring semester, according to a report received from the college. She made an average of B-plus.

Miss Poland received the Bachelor of Science degree with a major in business administration on May 29.

Open House for Girl Scout Benefit

Mrs. Clint White and Mrs. Moody Barsey were hostesses at the Girl Scout Little House at a silver tea last Thursday afternoon from 5 to 6 o'clock.

The Girl Scouts presented a short program. June and Billie Billington sang several songs, to the accompaniment of the ukelele played by June. Evelyn Jean Seales gave two vocal numbers. Joyce White gave a history of the Girl Scout work in Crowell at the close of which she invited the guests into the adjoining room where the hostesses served punch and cookies.

This is the first time the Little House has been thrown open to the public and a large number of ladies responded to the invitation.

Mrs. J. M. Allee's Niece to Make Voyage to South America

According to a news item appearing in the McKinney Weekly Examiner-Gazette, Miss Esther Brown of El Paso, daughter of Judge and Mrs. George P. Brown, of McKinney, and niece of Mrs. J. M. Allee of Crowell, will leave New York on June 23 for a voyage to South America with a personally conducted party. Her parents are well known in Crowell. Mr. Brown having been one of the first school teachers in Crowell. The item taken from the McKinney paper follows:

"Miss Esther Brown, who has been teaching Spanish in Austin High School, El Paso, for the past several years, arrived in McKinney Tuesday for a short visit with her parents, Mr. and Mrs. George P. Brown, and her sister, Mrs. P. O. Dowlen and son, Bobbie, who are up from Houston for a few days.

"After a short visit with her uncles, Dr. Mores Hubbard Darnall and General Carl Darnall, in Washington City, she will then go to New York and view the sights of the big city and will join a party of fifteen others to be personally conducted by Prof. Armstrong of Baylor University for a voyage to South America. On June 23, the party is to sail on the M. S. Eastern Prince of the Farmers Prince Lines, making its first stop of any length for a few days at Bahia on the East coast of Brazil, then on to Rio de Janeiro for a week.

"From Rio they will motor through the country, crossing the Tropic of Capricorn to San Paulo, then sail on another ship to Montevideo, Uruguay, for a short visit. Buenos Aires is to be the last stop before returning. The party will be in the middle of a winter in the Southern hemisphere, about as far South of the equator as Dallas is North of it. They will spend seven days in B. A., as all South Americans call it, before beginning their re-

Winds Corroborate Dead Woman's Story

Dead for three years, Mrs. Pattie Tillett once testified in a land suit that one boundary mark—a cemetery—existed near the famous Seven Sisters dunes in Dare county, North Carolina. There was no trace of the cemetery and the case was dismissed. Now a storm has swept the banks, and shifting sands exposed the bones of Mrs. Tillett's ancestors. Attorneys have moved to reopen the case.

turn voyage. On their return trip, some of the above places are to be visited again and calls made also at Santer and the Island of Trinidad, off the coast of Venezuela. The party will arrive back in New York on August 16."

RIVERSIDE H. D. CLUB

At the home of Mrs. Grady Walker on Tuesday afternoon, June 12, the Riverside Home Demonstration Club gave a program on "Light Weight Cover."

Mrs. Frank Ward and Mrs. Cap Adkins each discussed various ways of making quilts and also an old fashioned quilting bee was given.

"How to make a feather quilt," was discussed by Miss Joellene Vannoy. Miss Vannoy also displayed a commercially downed comforter.

Refreshments were served to 12 members and 4 visitors, Mrs. Sam Tole, Mrs. Frank Butler, Mrs. Joe Johnson, Mrs. Ira Tole.

A program consisting of plays and musical numbers will be given by the club on Friday night, June 20, at the school house. The next meeting will be in the home of Mrs. Otto Schroeder.

Mortgages Amended by Legislature

About four years ago, the Legislature levied a tax on notes and mortgages, if the amount involved was above \$200.00. The rate was ten cents on each one hundred dollars for all above the first two hundred dollars, and theoretically was to be paid by the party placing mortgages on record. In practice, it was often charged to the maker of the mortgage.

At the present session of the Legislature, this law was amended so as to exempt mortgages applying to farm products, livestock and farm implements. Senator Moffett, of this district, who is the only farmer in the State Senate, was joint author of the amendment.

Sale on Goodyear Tires Being Held by M. F. Crowell

A sale on the Pathfinder Goodyear tires is being conducted by M. F. Crowell of the Crowell Service Station, according to an announcement appearing on page seven of this issue of the paper.

The sale will cover a period of 12 days, including June 22 to July 4, and a great saving in tire value is offered to the people of this community and surrounding territory.

ONLY FRESHMAN

Mary Frances Bruce is the only freshman at Cousins Hall at West Texas State Teachers College in Canyon, according to an item in the college paper. The article also included the following paragraph:

"Graduate, senior, and junior students are having their day at Cousins Hall, but they don't seem to have frightened the few sophomores and the single freshman. If only her terrible homesickness will pass, Mary Frances thinks she will be able to hold her own. She likes W. T. and she expects to enjoy her work in English and education after she has had time enough to 'teach on.'"

NEW JEWELER HERE

T. J. Smith of Knox City has bought the tools and stock of L. Kamstra, veteran watch repairman of Crowell, and is opening a shop today in the corner rock building with F. W. Mabe's shoe shop and Ketchersid's second hand furniture store.

Mr. and Mrs. Smith and one son are moving to Crowell today and will be located in Homer Ketchersid's home in east Crowell.

ROTARY CLUB

Dwight Moody was in charge of the program of the Crowell Rotary Club Wednesday at noon with George Self giving a talk. Miss Thelma Lois Moore acted as pianist for the song program. Visitors present were, Rev. Harrell Roa of Crowell, and Rotarians, Skeet Magee, Johnnie Jones and Willard Bumpass, of Quanah.

JOBS FOR GRADUATES

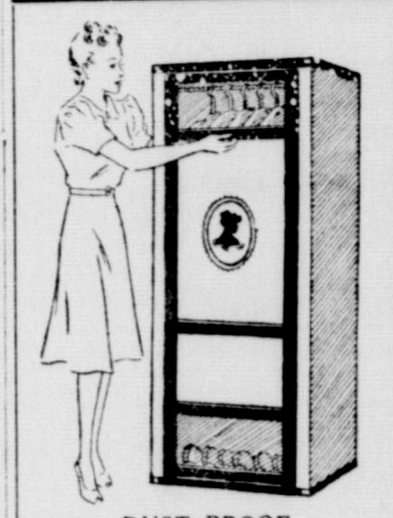

El Paso, June 20. — Economic and business administration graduates at the College of Mines and Metallurgy here, a branch of the University of Texas, will have little trouble finding jobs, department heads predict as a result of requests that have already come in.

Salaries being offered graduates are substantially larger than those offered a year ago, Prof. T. E. Morris, chairman of the department, said.

Positions have been offered in machine selling, insurance, office administration, teaching, and collections, Morris said.

CONVERSATION...between Mr. and Mrs. John Citizen of a small town

John, I wish James could find something to do here in this community, now that he has finished high school and not go away to the large city among strangers. I just do not understand why our little town does not grow so that our boy can find employment here at home?

Well, Mother, there is nothing here for James to do. You know he wants to enter the commercial world, where he has an opportunity for advancement. Then as you know Mother, our stores are receiving less co-operation than in former years and the merchants tell me that due to the good roads, people are buying out of town now, and that so many of the citizens are buying from the mail order houses.

That's just the trouble John. Now I see it all. You and I have sent our boy away from home. You know John, we never realized that when we were buying from the mail order house, year after year, thinking that we were saving a few dollars, that such a policy would restrict our boy's opportunity here and cause him to leave home.

Yes, Mother, I guess you are right. Times have changed, but we have had a part in changing conditions which makes it necessary for James to leave.

IN APPRECIATION

Owing to the fact that my physical condition will not permit me to see each one personally, I am expressing my thanks and appreciation to friends and neighbors who made my farm and worked out my good women in my neighborhood who prepared and served me a noon day meal for the week. I shall never forget these acts of kindness and the many other things that have been done for me during my prolonged illness.
