SIXTH YEAR NUMBER 39

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, APRIL 11, 1957

EIGHT PAGES

School Board Elections Held in County Saturday

Trustee election was held for the Foard County schools last Saturday. The following men were re-elected to the various boards: J. E. Fish and N. J. Roberts as County Board members; Roy Barker and Mike Rasberry on the Crowell School Board; and Walter Ramsey and Jim Moore on the Thalia Board.

There were 56 votes cast at Crowell and 18 at Thalia. There were five write-in votes at Crowell and one at Thalia.

The Crowell School Board was re-organized on Monday night with Mike Bird re-elected as president and Grady Halbert as vice-president. L. A. Andrews was re-elected as secretary of the Crowell Board for another year, back in January.

Masons and Wives to Be Honored at Thalia Friday Night

Members of the Foard County Scottish Rite Association will honor members of the Thalia and Crowell Masonic Lodges, their wives, and other invited guests, with a dinner program at the Thalia School gymnasium on Friday night, April 12, beginning at 7:30 o'clock.

J. M. Jackson of Thalia is president of the association and is in charge of the affair, at which about 300 people are expected to attend.

A barbecued chicken dinner will be served by a Wichita Falls catering service. Featured speaker for the evening will be C. W. Hudson of Dallas, an outstanding Masonic speaker. A motion picture of the activities at the Scottish Rite Hospital for Crippled Children in Dallas will also be shown.

The Crowell High School dance band will provide musical entertainment during the dinner hour, and members of the Home Economics department of Crowell High School will assist in serving the guests.

Formal Opening of New Clinic to Be Held Next Sunday

Open house for the new clinic of Dr. M. M. Kralick will be held Sunday, April 14, from 2 to 5 in the afternoon when people of this area are invited to inspect the modern nine-room structure across the street north of the Foard County Hospital.

The building is of frame construction, 51x37 feet, and the outside walls are brick veneered. The main entrance is on the west facing First Street. Space in the rear is provided for parking for doctors.

The color motif of the entire building is in various shades of brown. The reception room is furnished with comfortable chairs, tables, magazine racks and a refrigerated drinking fountain. A television set and high fidelity music will also be provided.

On the north wall of the reception room is a beautiful mural, a typical western scene, painted by Mrs. Otis Gafford.

The clinic contains nine rooms, four examining rooms, two office rooms, one treatment room and three rest rooms. The offices are done in Philippine mahogany and peach and have wall to wall carpets.

The examining rooms are done in different colors—coral, sandalwood, light green and colonial cream. The treatment room has cinnamon flooring, peach walls and four feet of coffee marble tile on the walls. The rooms are 8x10 feet.

A 5-ton capacity Lenox air conditioning cools and heats the building.

Reception room furniture was purchased from Bill White Surgical Supply of Wichita Falls. Examining room furnishings were bought from Cary-Taylor Company of Fort Worth.

Earl Ford of Vernon designed the structure and the building contractor was I. Lebus, also of Vernon.

NEW VEHICLES

The following new vehicles were registered in the office of P. W. Taylor, sheriff, tax assessor-collector, from March 26 through 29: March 26, Jimmie Johnson, 1957 Mack truck-tractor; March 27, J. B. Stewart, 1957 Chevrolet 2-door; March 27, B. A. Whitman, 1957 Ford pickup; March 29, Glenn Shook, 1957 Ford 2-door.

10,000 Acres Grass Expected to Be Seeded in Spring

About 10,000 acres of grass is expected to be seeded in the Lower Pease River Soil Conservation District this spring. Recent rains have brightened prospects for getting grass started. Some grass has already been planted and more will be planted during the next few days.

Weeping love, blue panic and sorghum alnum are the most popular grasses being seeded in this district. Other grasses being seeded are switch, Indian, sand love, K. R. bluestem, blue grama, side oats, and various others.

When grass is to be seeded on land subject to blowing, it should be seeded in some protective cover such as feed stubble or other plant residues. When adequate cover is not available, it is usually best to postpone seeding the grass until an adequate cover can be established. Grain sorghums make an excellent cover when they are not harvested and allowed to remain on the land.

SCS technicians will furnish co-operators with any needed information on grass seeding, the setting or locating of grass seed drills or planters and the location of grass seed.

Red Cross Drive \$91.79 Short of \$1,587.00 Quota

The annual drive for funds for the American Red Cross in Foard County is now within less than \$100.00 of meeting the quota.

Glen Goodwin, fund drive chairman, reported Tuesday that a total of \$1,495.21 has been received to date leaving \$91.79 to be raised to meet the quota set at \$1,587.00.

Local Red Cross officials are pleased with the response shown by Foard County residents, and expressed the hope that the quota will be completed within the next few days.

Anyone wishing to make a donation to this worthy cause can contact either Mr. Goodwin, Clinton McLain or Miss Lennis Woods.

Local Post Office to Close on Saturdays

Beginning Saturday, April 13, Crowell Post Office will be closed each week end until further notice is received from the Post Office Department, Alva Spencer, Postmaster, said Wednesday.

Rural routes will also be discontinued on Saturdays. Window service will be limited to 8½ hours per day.

Effective April 29, elimination of third class mail, except medicine and medical supplies, will be discontinued. Also on this date, postal money orders will be discontinued until July 1, Mr. Spencer said.

4-H Girls to Enter District Contests

This Saturday, April 13, the District Three 4-H boys and girls will hold their annual District Contests at the Midwestern University campus in Wichita Falls.

Janet Rasberry and Ginger Rasberry plan to enter the Dairy Foods Team Demonstration. Kay Johnson and Margie Rasberry plan to enter the Electric Demonstration.

Carol Bell, Janise Morris, Wanda Moore and Martha Fish plan to enter the Share-the-Fun Festival.

Wildcat Being Drilled on Mary Shields Land

The wildcat oil test being drilled on land of Mrs. Mary Shields in the north half of section 352, 5 miles northeast of Crowell, was started last week.

The well is being drilled by R. C. Huntley and others of Vernon and the depth is to be 3,100 feet. Depth Wednesday was around 1,960 feet, with a test being made on the well Tuesday night.

ROTARY CLUB

Members of the Rotary Club of Crowell heard a very interesting and instructive program Wednesday at noon brought by Roy Quinby, superintendent of the Texas Agricultural Experiment Station at Chillicothe. Mr. Quinby explained in detail some of the experiments carried on at the station. T. B. Klepper was in charge of the program.

Herbert Edwards recognized the birthday of Grady Halbert, past district governor of this district and also past president of the local club, enumerating many responsible positions he has held in the district for Rotary International.

ASSURES DEMOCRATIC SENATE CONTROL — Ralph Yarborough, new Senator from Texas makes a final check with campaign headquarters from his home in Austin as newsmen interview him. Yarborough, a Democrat, assured the 49-47 Democratic majority in the U. S. Senate. Yarborough won the position out of a field of 20 candidates.

NEW EMPLOYEE AT TEXAS NATURAL GAS CO.

T. R. Cates Jr. of Thalia has accepted a position at the Texas Natural Gas Co., replacing R. P. Gidney, who resigned. Mr. Cates had been employed as maintainer operator for Precinct No. 1 for several years. Joe Bill Hall of Thalia has taken the job vacated by Mr. Cates.

New Mayor and Aldermen to Take Over New Duties Tuesday, April 16

A new mayor, Claude Callaway, and three aldermen, Clyde James, William Simmons and Byron Davis, will be installed at the next regular meeting of the City Council, Tuesday, April 16. The new city officials were elected in the city election held Tuesday of last week. They will join Henry Borchardt and Munson Welch, hold-over aldermen, in managing the affairs of the City for the next two years.

Many worthwhile and valuable improvements have been made in the city in the past eight years during the administration of the retiring mayor, Hubert Brown, and the men who have served with him as aldermen during that time. They are Lee Black, Henry Borchardt, M. M. Welch, C. R. Seale, J. R. Beverly, Leon Speer, M. L. Hughton, Roy C. Steele and Homer Johnson. Foster Davis is serving as city attorney, as he has done for many years.

One of the most outstanding projects accomplished in 1956 was the improvement of city streets

with gravel and paving with asphalt. This project cost \$45,000 with the property owners paying approximately one-third of the cost. A meter repair shop and meter parts supply was added in 1952 at a cost of \$2,000.00. In 1953, the paved streets received a seal coat of asphalt, at a cost of \$10,000.00, which was paid for entirely by the city. The curb and gutter on North Main Street was constructed in 1952 in order to get the State Highway Department to pave the entire width of the street to the north edge of town. This was done at a cost of \$5,392.36.

Also in 1953, the city paid water improvement bonds to the amount of \$10,000.00 which were not due until 1959.

The city water tower was thoroughly cleaned and repaired in 1954 with an expenditure of \$2,500.00. Also in this year a 50,000-gallon reservoir for the storage of water in the city was constructed at a cost of \$5,000.00.

On May 1, 1949, the general fund of the city was \$83.00 in the red, the street fund contained \$1,301.57, the water fund was \$208.28 in the red, the sinking fund contained \$17,890.05 and the garbage fund \$164.90.

On March 19, 1957, the financial condition of the City of Crowell was as follows:

General fund \$5,256.73, street fund \$7,028.14, water fund \$7,232.84; sinking fund, \$7,324.50 and the garbage fund \$2,426.38, with the new city hall and swimming pool paid in full.

The latest projects started in 1955 and completed in 1956 were the new city hall and equipment, building site on the south side of the square, etc., entailing an expenditure of \$18,458.87, and the swimming pool at a cost of approximately \$23,000.00.

The bonded indebtedness of the city in 1949 was \$283,000.00. Since that time \$58,500.00 has been paid on this indebtedness, leaving a total bonded indebtedness of \$224,500.00.

Wildcat Bandmen Rate High at Region XIV Solo Contest

Six first division, five second division, and four 3rd division ratings were earned by members of the Crowell High School Wildcat Band at the Region XIV solo and ensemble contest held on the Midwestern University campus last Saturday.

These ratings were won by the following: First division: Linda Caddell, James Choate, Elizabeth Davis, Jerry Fairchild, George Morgan and Noel Wilkins.

Second division: Judy Borchardt, Sandra Campbell, Martha Fish, Robert Fish and Betty McKown.

Third division: Eugene Davis, Sally Dixon, Gordon Fish and Jeanie Johnson.

Gary Griffith and Linda Teague played for criticism only.

Medals were presented to first division winners and certificates to second division winners.

New Social Security Representative Will Serve Crowell Area

Erton F. Tate, manager of the Social Security Administration office in Wichita Falls has announced the assignment of Joe A. Nesbitt as Social Security representative to serve the Crowell contact station.

Tate is district manager in charge of the 11-county area served by the Wichita Falls office.

Mr. Tate, who has served the Crowell area for more than 10 years, will be occupied with administration duties in the Wichita Falls office.

Nesbitt will continue to serve the office on Tuesday. However, the second Tuesday will be the regular scheduled date rather than the fourth Tuesday. Nesbitt will arrive at the contact station in the court house at 10 a. m., rather than 2 p. m.

The next scheduled date for this service will be Tuesday, May 14.

GOES ON TOUR OF WHITE SANDS

Antone Kajs Jr. was one of twenty-four Texas Tech engineering students who visited White Sands Proving Grounds and New Mexico A&M College at Las Cruces last week. They were to see a guided missile test and to tour the installations.

Kajs is the son of Mr. and Mrs. Antone Kajs Sr. of the Riverside community and the son-in-law of Mr. and Mrs. Ed McDaniel of Crowell.

TORNADO'S WAKE

Workmen and residents of the tornado-stricken West Dallas, Texas, line up for food at a Salvation Army field kitchen, before continuing their efforts to clear the rubble that was once their homes. More than 500 homeless are being fed by the emergency corps.

Crowell High School Students Qualified to Attend Regional Meet

Crowell High School had six students to qualify for the Interstate League Regional meet held at Denton this week.

DeAnna Ferguson, Marilyn Lowell Page and Rayson are in the district championship one-act play cast. Dale won first place in the discussion and Louis Rettig placed first in the mile run. Tom Crowell won first place in junior high tennis.

AMERICAN LEGION MEETING

A regular meeting of the Crowell Post, American Legion, will be held at the Legion hall Tuesday night, April 16, at 8 o'clock. It was announced by H. E. Minyard, post commander.

This is an important meeting in time for election of new officers. Mr. Minyard said. All members are urged to attend.

CLASSIFIED QUIZZERS

About Anatomy

You don't have to be a member of the medical profession to pass this Anatomy Quiz with flying colors. Read the questions and make your answers before turning to the Classified Page for the answers.

If you were told that your face was covered with epidermis, what would you do: wash your face at once; see a skin specialist; or accept it as a normal condition?

If you wanted to stop your lachrymal glands from over activity, would you drink a glass of milk, stop crying or send for an oxygen tent?

If you were exercising cerebrum right now, would you be fainting, answering these questions or sleeping soundly?

If your bicuspid ached, would you put it in a splint, rub it briskly with a rough towel or see a dentist?

What do the following words have in common: iris, lens, retina? Are they all deadly diseases, parts of the eye or recently discovered vitamins?

Classified Has the Answers!

Top row (l. to r.): Shirlia Ann Shols, Pat Cates, Terri Cates. Bottom row: Mike Cates, Rhett Cates, Dallas Texas McCarty.

TEEN-TORIAL

TSIHT DAER UOY OD

Go to end of the title from left to right. If at first you don't succeed in reading, back up and try again—this time from right to left. If at first you don't succeed, try, try again—but, if it didn't work the way you tried it the

first time, always try a new way. An inventor tried three thousand times to perfect a fault in a complicated machine. Three thousand times he failed.

Someone said, "What's the use? Give up! What has all this work profited you? You don't know any more than when you started."

The spirited fellow said, "Oh, yes, I know three thousand ways it can't be done. I'm bound to succeed sooner or later."

This fellow approached success positively. It's not a bad idea, either.

"Success comes in cans. Failure comes in can-nots."

CHEERLEADERS CHOSEN

Wednesday, April 3, was T-day (try out day) for Jana Black, Carolyn Monkres, Roxiann Adkins, Dianne Sledge, Gayle Taylor, Judy Vaughn, Jo Frances Long, Helen Vessel, Carol Bell and Kay Johnson, the girls who were vying for the honor of being CHS's 1957-1958 cheerleaders.

Each girl led the entire student body in a yell. After the try-outs, ballots were passed out, and CHS-ites voted for the girls they thought could do the best. The students elected two seniors, Jana Black, a green eyed blond with two years experience, and Carolyn Monkres, a dark eyed brunette who has served as cheerleader for 3 years; two juniors, pert Roxiann Adkins, one of last year's leaders, and blond Judy Vaughn; one sophomore, red haired Jo Frances Long,

who has one year's experience; and one freshman, Carol Bell, who was a grade school cheerleader last year. Jana will serve as head cheerleader.

Plans are being made for the girls to attend a training camp for cheerleaders to be held this summer at Sam Houston State College in Huntsville.

MARKETTA'S MUMBLINGS

Looking out the window, one is fooled by appearances. The sun is shining, but the wind has quite a chill to it.

The play cast is busy making preparations for the regional contest at Denton Saturday.

Did you by any chance notice a few shrouded figures in the hall last Thursday? It was those ever popular seniors in those ever popular senior gowns. They had their picture made.

Most of school was gone Friday. Several students attended the Interscholastic League events in Iowa Park. A few FFA boys went to Stephenville.

Seniors are engrossed in writing their last research theme. They ordered material from the Extension Loan Library in Austin. Each student chose the subject that interested him most.

The beginning of the new six weeks is the beginning of the last six weeks.

Congratulations to Elizabeth Davis and James Choate. They both won first at Jacksboro and at Wichita Falls, and they will go

to Enid for the Tri-State Solo contest.

Everyone enjoyed Les Brown and his band at Wichita Memorial auditorium Tuesday night.

Boys, get your money ready. The Junior-Senior banquet will be held one week from today.

The band attended a concert given by the Navy band in Vernon Monday.

CHS REAPS RED RIBBONS

Last Friday the University Interscholastic League meet was held at Iowa Park. Henry Black was typing director, and Mrs. Moody Bursey directed poetry reading.

Crowell High School students won honors in the following events: senior declamation, Marketta Painter, second; junior girls declamation, Judy Borchardt, second; junior boys declamation, Larry Ferguson, second; typewriting team, Noel Wilkins and Janis Crowell, second; boys poetry reading, Aldon Garrett, second; girls poetry reading, Sandra Choate, third.

The ready writing team was composed of Marilyn Stone and Charlie Bell. Their writings have not been judged as this article goes to press.

We are proud of our students. Congratulations, everyone!

WELCOME, LOU ANN!

Fellows and girls, this is the fourth day she's been here, and I'm sure that all of you have noticed the new freshman girl who's going to help maintain the proud records of CHS, but in case some of you are shy, I'll tell you about her.

Lou Ann Summers, 5' 3" tall, has pretty brown hair and eyes, and her new home is in Truscott. She comes from Talpa, Texas, and judging by her nice smile and friendly personality, I say that she is going to be a real boon to our school.

All of you musically minded students take note. She collected all kinds of songbooks and likes to sing both soprano and alto. We should be able to use her around here.

Welcome, Lou Ann! We're happy to have you!

WEST TEXAS UTILITIES CO. AIDS HOME-EC DEPT.

The Homemaking Cottage is the proud owner of two new 1957 electric stoves and one refrigerator. By exchange with the West Texas Utilities Co., these have taken the place of the 1955 electric stove, and refrigerator.

Mrs. Kenner and the homemaking girls are very proud of the new Frigidaire utilities. They extend an invitation to everyone to come by and take a peek at them.

CHS LIBRARY NEWS

All you librarians be sure to come to the library meeting this afternoon. It will be the last meeting of the year and you certainly don't want to miss it.

A great big welcome is extended to Lou Ann Summers by all the librarians.

BAND NEWS AND VIEWS

Fifteen members of the band, along with their accompanists, made the trip to Wichita Falls last Saturday to participate in the Region XIC University Interscholastic League Music Contest for solos and ensembles. Students achieved a higher average in ratings than at the Jacksboro contest a week earlier.

Six 1st division, five 2nd division and four 3rd division ratings were earned. These follow: 1st division: Linda Caddell, baritone sax; James Choate, trombone; Elizabeth Davis, alto sax; Jerry Fairchild, tenor sax; George Morgan, trumpet; and Noel Wilkins, baritone. 2nd division: Judy Borchardt, clarinet; Sandra Campbell, alto sax; Martha Fish, baritone; Robert Fish, bass horn; and Betty McKown, oboe. 3rd division: Eugene Davis, cornet; Sally Dixon, clarinet; Gordon Fish, trombone; and Jeanie Johnson, clarinet. Gary Griffith and Linda Teague played their solos for judges' criticism as they did not have them memorized.

On Monday, 40 members of the junior and senior bands went to Vernon to hear the U. S. Navy Band concert. The hour long program was enjoyed by all who attended.

The band has started working on the music they will play at the Region XIC band contest to be held in Wichita Falls on Saturday, April 27, at Midwestern. Hopes are high for the band's doing a repeat by winning another "sweepstakes."

James Choate and Elizabeth Davis are entered in the Tri-State Music Festival in Enid, Okla., on May 2, 3, 4. These students were chosen because they were the only two to receive 1st division ratings at both the Jacksboro and regional contests in the high school division.

CROWELL CROWEND BY SENIOR SPOTLIGHT

Light brown hair, eyes of blue, 5' 3" tall—this describes our senior girl of the week, Janis Crowell, who is this year's Miss Crowell High. Janis likes purple of any shade, swimming, and riding horses. Chemistry is her favorite subject. "Green Door" by Jim Lowe is her favorite song. When Janis goes to the movies, she enjoys watching June Allyson and —the same as everyone else —

Rock Hudson. Reading is one of her past times; Bristow and Erdman are her favorite authors. Sewing, working with her scrapbook, and playing the piano are other past times. Enchiladas, tocos, fried shrimp, and pecan pie are "tops" when it comes to food.

Janis is this year's society editor of the Wildcat. She has been an officer in the Sub-Junior Adelpian Club two years, a class officer two years, band sweetheart two years, and a member of the one-act play cast last year. A member of the FFA, she has been both chapter and district pianist. She has been church pianist three years. She is also secretary of the Spanish Club and a member of the Dramatics Club.

Janis plans to attend summer school at TCU, and later to secure a B. S. degree with nursing as a major. Best of luck to you, Janis.

SHULTZ STEPS INTO SENIOR SPOTLIGHT

Stepping into the senior spotlight is 5' 9", 145 pound Billy Doyle Shultz. This brown eyed senior is popular with all of his classmates because of his winning personality. Watching basketball, his favorite sport, hunting, and fishing constitute Billy Doyle's past time. YA being his favorite subject, our senior of the week has been an active member of the FFA chapter during his high school years. Billy likes to listen to any popular music. Rock Hudson and Marilyn Monroe are his preferred movie stars. Blue is Billy's pick when it comes to choosing a favorite color.

Billy Doyle plans to follow in his father's footsteps and become a farmer. CHS wishes you the best of luck in the future, Billy.

TRACK FACTS

Last Saturday the track boys went to Chillicothe to enter the district Interscholastic League meet.

They returned home the proud winners of two blue ribbons—Dale Rettig won first in the discus throw and Louis Rettig came in first in the mile race. Both are eligible to compete in the regional meet at Denton.

The 440-relay team, composed of Printess Gidney, Melvin Washburn, Roy Don Payne and Gerald Bradford, placed fourth, and Melvin Washburn placed fourth on the broad jump.

We're proud of our boys. Congratulations!

ESSE'S MESSAGES

If you think I'm a mess—or that my column's a mess, well, I've got another mess deluxe to add to the garbage pile—and what better place to talk about it — or person to do the talking than messy me—right here!

I'm talking about psychological tests which editors print in magazines and paying subscribers read.

It's bad enough to read them, but then you up and test yourself —and what could be worse.

I see a young mother who goes seriously by such titles as "How do you rate with teen-agers?"

Poor thing! She's hardly more than a teen herself. Then a mother with two adolescent high school offspring faithfully adheres to "How do you rate with children?"

The closest to a child she's been in years is the youth-size teenage crowd.

I'm not suggesting that anyone do anything about the appalling situation. No one would do it, anyway.

FFA BOYS ENTER AREA MEET

On Saturday, April 6, twelve FFA boys entered the Area IV judging contest held at Tarleton State College at Stephenville. They entered contests as follows: livestock, Donald Yarbrough, Loy Hopkins, Karl Bell; dairy, Henry Faske, Billy Everson, Larry Love; land, Curtis Stone, Ronnie Owens, Jimmy Henry; poultry, Larry Hord, Don Tole, J. W. Golden. Approximately 75 teams were entered in each contest. Congratulations go to our poultry team that won 7th place. This makes the tenth year that our school has been in the top nine in this event.

The boys were accompanied by Mr. Myers and Mr. Graves.

GEORGE'S GAGS

Johnny: May I have any kind of seafood I like?
 Mother: Yes, dear, what shall I order for you?
 Johnny: Salt water taffy.

Mrs. Davis: Now, children, I want you to all draw a ring.
 Ray drew a square.
 Mrs. Davis: Ray, I told you to draw a ring, and you drew a square. Why?
 Ray: Mine's a boxing ring.

J. C.: How far is it to the nearest town?
 Native: Nigh on to five miles as the crow flies.
 J. C.: Well, how far is it if a crow has to walk and carry an empty gasoline can?

Janis: I want some two-watt bulbs.
 Store employee: For what?
 Janis: No, two.
 Employee: Two what?
 Janis: Yes.
 Employee: Try the drug store!

KEYHOLE KAPERS

Hark! Pistol shots! Nuts, I didn't want to write this scandal, anyway!

All of the gray old steadies broke up this week. For instance, Gayle-Jerry Bob and Carolyn-R. H. Ain't that a shame!

This Twitch really gets around! At the Les Brown show in Wichita, she was with a character from MU she didn't know. Thursday evening she spent with Noel studying. Vive la Twitch!

In the Plaza Saturday night were Jeanie - Joe, Roxie - Ray, Roma - Bill, Lowell - Janis.

In the Plaza Friday night were Judy - Aldon Ray, Johnnie - Beverly, and Thaxton - Sharon Chatfield.

In the Plaza Sunday night were Roma - Bill, Butch - Patty and Johnny-Beverly. Also there were

Jack-Jeanie.
 Sandra and Roy Don surprised of their lives last day night! Reason: Jerry child threw a surprise party for them. Couples there were Donald Holland, Roy Don, Jerry Bob - Gayle, Sonny, and Jana - Larry. Also

Jimmy and Shirley were er as per usual last week. Congratulations to the declamation. They all in a rip roaring second!

Ray was seen on his way Roxie's Sunday night! Couples riding around watching the scenery Sunday were Roy Don - Jerry and Son.

Going to the Les Brown in Wichita Falls last Tuesday, Aldon, Shirley, Ted, James Choate, Mr. Rettig, the dubious privilege of them. Vive la Les Brown! had a special treat afterward (went to the El Toro).

Oh! Here we have a little bit. Guess who Jeanie was with Sunday and Monday nights? Our darling little Jackson Flynn Wishon, who had a fight! But they're together again.

Congratulations to the loists! They said they had a good time. Janie was asked in Eugene that she had her other clothes! Expect she changed into a dress down there and forgot her dor pants!

Judy-Aldon and Ed and from Quanah enjoyed last Saturday night at Q. Needed: a razor. (Advised by Abston and Webber.) Well, see you people

State Capitol NEWS

By VERN SANFORD
Texas Press Association

Smith, evidence of "a gross breach of public trust." It also recommended the jury look into whether funds made available by ICT to the Texas Federation of Labor were used for political purposes. It pinpointed a legislative campaign contribution as having been charged to the corporation.

All in all, committee report showed some \$50,000 in ICT funds went to persons who were in public office when they received the money. It said "propriety of some of these payments was highly questionable."

Also sent to the grand jury was a "new major development" by the House bribery investigating group. Nature of the development was a closely guarded secret.

Only information disclosed was that "new evidence" had been obtained from a witness who had been under Department of Public Safety questioning. Witness was not a state official or employee, said the district attorney.

NEW LAWS, STUDIES — Besides providing grand jury evidence, House ICT Committee had three other recommendations.

They were: (1) that a law be passed giving the Insurance Commission authority to regulate management contracts, such as one

BenJack Cage had with ICT, (2) that the Texas Research League be requested to study Commission operation and (3) that further investigation be made into the tangled history of ICT's financial "deals."

NEW SENATOR — Ralph Yarborough will take office as junior U. S. Senator from Texas on or sometime after April 19.

Yarborough was defeated in four previous races—three for governor, one for attorney general. His victory meant that for the first time in years a spokesman for the labor-liberal wing of the Democratic party will go into a major Texas office.

Republican hopes for a two-party Texas plummeted. In the high-man-wins race Yarborough got approximately 37 per cent of the votes; Conservative Democrat Martin Dies, 30 per cent; Republican Thad Hutchison, 23.8 per cent.

MONEY BILL PASSED—Legislative blueprint for state spending during the next two years has reached the conference committee stage.

An economy-minded Senate passed the general appropriations bill at a figure some \$2,000,000 less than the House-approved version. Sponsors managed to scotch all efforts to tack on amendments for additional spending. Among

items sought were raises for county agents and home demonstration agents and increases in judges' salaries.

Total of the Senate appropriation bill is \$2,084,349,515. Both House and Senate recommendations are some twenty-five to twenty-seven million dollars less than the comptroller's estimate of income.

INSURANCE BILLS — A bill to allow "flexible rates" for casualty insurance is given little chance of passage.

Senate Insurance Committee refused to vote out the measure which would abolish Texas' system of statewide uniform rates. The proposed bill would set a rate based on each individual's accident record.

A House committee weighed the possibility of Insurance Commission reorganization from the viewpoint of present Chairman John Osorio. Governor Daniel had appeared earlier urging passage of the bill.

Osorio said board reorganization already is under way. He said he felt it could be successfully carried out under present laws.

Real difficulty of the commission, he said, is not top level organization, but need for more examiners. He recommended a 150-man staff, rather than the

THIS WEEK —In Washington

With Clinton Davidson

You can learn more about what Congress is thinking by talking with a few of the top leaders than by listening to all of the long speeches made on the Senate and House floors.

Sit down across the desk from one of them, Sen. Warren G. Magnuson of Washington State, for example, and you get a pretty good idea of what is on their mind.

As chairman of the powerful Senate Interstate and Foreign Commerce Committee and a member of the Appropriations Committee, Magnuson, the 50-year-old bachelor from the Northwest corner of the nation, is rated as one of the most influential men in the Senate.

When we dropped by recently to chat with the former ice man from Seattle, we assumed he'd want to discuss the business situation and government spending. His committee memberships would indicate those are his main interests.

"I am very much concerned with those," he told us, "but right now I think low farm income poses a greater threat to our national economy than anything else. Not many people in cities realize how much of a threat it is to their jobs and their business.

"Our economy is like a three-legged stool. It rests on farming, labor and business. If one is appreciably shorter than the other it becomes unbalanced. Right now the farming leg is so short that, if not corrected, it could upset our whole economy and set off a present 39, and higher pay.

SECURITIES DEPARTMENT — Creation of a new state agency to regulate both insurance securities and other types has Senate committee approval.

Presently, insurance securities are handled by the Insurance Commission, general securities by the secretary of state's office.

Sen. Jimmy Phillips introduced a bill putting insurance securities under the secretary of state. That's just in case the consolidation bill doesn't pass, he said.

WATER BILL SIGNED — Governor Daniel signed into law a measure allowing the Water Board to cancel unused water permits.

Water conservation program leaders had claimed the new rule would solve "75 per cent of Texas' water problems." Some cities had protested it would allow the board to take from them water they needed for future expansion.

Proponents said Texas now has outstanding permits for more water than is available, but all of it is not being used. Cancellation of unused permits, they said, would allow the water board to reassign water for beneficial use.

ARCHIVES-LAND BUILDING — Governor Daniel has given his blessing to a plan for a new building for the State Library and Archives and the General Land Office.

A bill providing \$2,500,000 for such a building is before the Legislature. Funds would come from a surplus in the drivers license fee fund.

AD BILL PASSED — House added an industry-matching amendment before passing a Senate measure to allow state advertising.

Proposed constitutional amendment would allow use of state funds for advertising as long as they are matched by private interests.

House sponsors said they hoped the conference committee would eliminate this feature.

serious depression. And, it wouldn't be the first time it has done that."

Magnuson thinks the threat of a farm-led recession is increasing. Last year, he said, corporation profits increased by about as much as farm income decreased, while labor's purchasing power stood about still. As a result, he added, the economy is becoming more and more lopsided.

"If it were not for large spending for defense and foreign aid," Magnuson said, "the 5-year decline in farm income very likely would have resulted in a serious reversal of business prosperity long before this."

He regards the present farm program as a series of "patches on patches" which has little chance of succeeding. He is one of the principal backers of the Domestic Parity plan, often called a two-price plan, for wheat.

"We formerly grew our own livestock feed in the Northwest, wheat," Magnuson said. "Now we buy corn from the Midwest and pay high freight costs instead of feeding wheat, and that leaves the government as the only market for a big portion of our wheat."

He is co-sponsoring with Sen. Frank Carlson, Kansas Republican, a bill identical with the one passed last year and then vetoed, to put a two-price wheat plan into effect—one price for human food and a lower price for livestock feed.

Talk of farm surpluses doesn't scare Magnuson nearly as much as it does Agriculture Secretary Benson. "I see nothing to become alarmed about because we have enough reserve to do us six months," he said. "That much could be very valuable in any serious emergency, such as war."

Like most other congressmen, Magnuson is concerned by our \$45 billion a year defense and foreign aid program. "We've got a bear by the tail and no way yet to let go," he said. "If we suddenly stopped, with assurance of world peace, our economy could not stand the shock."

OIL PRODUCERS IN THE DUMPS

The citizens of Houston will be looking at their garbage dump with new eyes from now on. The city-owned dump already boasts one well, producing at the rate of 183 barrels a day, and preparations are almost complete to drill a second. In all, plans call for drilling up to 30 wells on the property. City officials estimate that the first well alone will net Houston's 600,000 citizens about \$40,000 a year. Wherever there is oil, there will be oil men to taken from the ground for the benefit of the American public.

**Seymour Editor
Writes Editorial on
Community Building**

One of the most intelligent discussions of "keeping alive" and also "keeping one's town alive" was contained in an editorial in the Seymour Banner last week, written by the veteran editor, O. C. Harrison. Mr. Harrison brings out the fact that the building of a town or community depends on every citizen and when someone fails to do his part—businessman or ordinary citizen—it falls on some one else, and eventually the load becomes too heavy for others to bear. The editorial follows:

"The West Texas Chamber of Commerce, in its recent annual convention, took note of some of the factors that cause towns and communities to grow. And a few of the speakers were frank to call attention to causes of decay. Which reminds us that keeping alive is not so simple a matter, whether in the case of people or towns. A bug of some kind is always waiting around, trying to destroy you, or eat up your crops, or even destroy the foundations of your house. It just seems that most of us could get along pretty well if we didn't have to spend so much time just staying alive. However, as important as it is to stay alive, just barely living is not enough. And the community that has finished its growth is not an inspiring sight.

"A good many factors are involved in this matter of town growth. And to begin with, the mere fact of bigness is not necessarily a cardinal virtue. Some of us who live in small towns think that lots of the places are too big. There is too much competition for the space there, which has been restricted until you have to get way out in the country to get room to rear a family. Along that line, one of the speakers at Abilene mentioned the space of West Texas as being one of its valuable assets. This point could be illustrated in the building of a fine new high school in that city. The location was made on what was

the edge of town at that time. The cost of the grounds was considerable as it was; but the cost would have been prohibitive had an attempt been made to locate the school in the heart of town. Much has been made of the difficulty of parking in a big place. Seymour, for instance, has so much parking space that the town voted out the parking meters.

"In the making of a town, big or little, there must always be taken into consideration the amount of revenue coming in for the support of the various institutions. There must be support of the business institutions; together with schools and churches, and all sorts of civic organizations and civic improvements. In thousands of instances this support has come from an agricultural population. This has made a lot of good country towns, although their prosperity has been somewhat spotted, depending on when crop revenues were good and when they were not. Farm populations have decreased, and other revenues must be found. In hundreds of cases, this revenue has not been found; resulting in a lot of ghost towns. We hate to see towns die, just like losing people. They all have their personality, and you come to think of them as a good friend.

"The scope of this article does not allow for even a limited discussion of the factors that make for a growing, prosperous and healthy town. Let's just say that the financial aspect of the thing is of vital importance. Anything at all must be financed if it is to be a going concern. Therefore, no citizenship can ignore its sources of revenue. Also, there has got to be a certain amount of growth in every phase if it is to remain healthy. Even the cells of our bodies die every day by the millions, and have to be replaced by others. Houses rot down in the course of time, and new ones have to be built, else we are about ready for the town graveyard. This avoiding of the graveyard is certainly a vital matter; although it is not an especially healthy situation when all of our efforts are used up in the mere undertaking of staying alive. More than that

**In The News . . .
30 YEARS AGO**

News items below were taken from the issue of the Foard County News of Friday, April 8, 1927:

Scholastics of the Crowell Independent School District, as shown by the census just completed, are 645 white children and 36 colored children.

Mrs. Claude Adams is here from Austin visiting Mr. and Mrs. R. J. Roberts.

The heaviest vote ever cast in a city election at Crowell was that of Tuesday, There were 421 votes polled. C. T. Schlagen was elected mayor without opposition.

Jim Minnick has been here several days getting things ready for the big polo tournament to start at his ranch Saturday, April 23, and continue over May 1.

C. H. Featherston, captain of the polo team of Wichita Falls, was here Saturday and purchased two polo ponies from Shirley & Offield.

H. D. Poland and Guy Housouer began the erection last week of a modern five-room house for J. E. Harvell in the north part of town.

Mrs. R. P. Womack is slowly recovering from an attack of pneumonia. Miss Cassie Dockins, who had nursed her for a week, was dismissed Monday.

Mrs. R. A. Wells returned to her home in Dalhart last week after being here for some time on account of the illness of her sister, Mrs. J. M. Allee.

Mr. and Mrs. John Raser have moved into their new home recently completed in the northeast part of town.

Mr. and Mrs. T. S. Haney are having a modern house with five rooms and bath built on North Main St. in the N. J. Roberts block.

N. P. Ferguson returned last week from a visit with relatives at Sherman and Weatherford.

Rev. W. M. Murrell of Childress, former pastor of the Crowell Methodist Church, was here Monday going south and stopped for a few minutes to visit old friends.

S. W. McLarty was here from his farm in the Rayland community Tuesday.

Mrs. W. S. Douglas of San Angelo was here last week visiting Mrs. M. S. Henry and husband.

**Pioneer Day to Be
Held at Wayland
College April 12th**

Plainview—Mary Joan Boyd, Crowell, is helping as Wayland Baptist College prepares for the sixth annual Pioneer High School Senior Day, April 12, with more than 600 students and their counselors are expected for the spend-the-day on campus, according to Dr. Cecil Cosper, chairman.

Miss Boyd, a sophomore, is the daughter of Mr. and Mrs. Truman Boyd. She is preparing herself to be a teacher by majoring in elementary education and minoring in speech.

High school seniors from Texas, eastern New Mexico and western Oklahoma have been coming in increasing numbers to Wayland's Pioneer Day. Wayland students will put on a program of music, drama, devotionals, championship basketball demonstrations, and a talent show. Auditions for the Wayland International A Cappella Choir and for music scholarships will be held in the afternoon. Harley J. Redin, director of athletics, will interview students who wish information about the Pioneers team, which this year won the District 8 NAIA championship, or the Hutcherson Flying Queens team, which won its fourth consecutive National AAU crown.

During the day, opportunity is given for prospective students to have conferences with trained counselors and these can be arranged in advance by writing to Dean Henson Harris.

**People Want to
Be People**

Joseph Alop warns that Soviet military-industrial power is growing, and that we must not lag behind in the race.

At the same time, he finds grounds for long-range hope. Here, in his words, is why: "The Soviet failure, which has only been realy proven in the last year, is the failure to produce the famous 'new Soviet man' so long envisaged by the Kremlin's masters. The moral laws have not been repealed in the Soviet Union, even although they were temporarily suspended by sheer terror. Men and women have not lost their desire to be free . . . People still want to be people, instead of a higher form of ant."

"In this way lay the seeds which will bring ultimate destruction to the communist tyranny. Meanwhile, we must watch and wait—and carry a big stick."

**Ducks Go North
With Cold Feet**

Thousands of wild ducks had to return to their northern nesting grounds this spring without their usual suntan normally gained in the semi-tropical coastal waters of Texas, according to E. A. Walker, director of Wildlife Restoration for the Game and Fish Commission.

He said a meeting of the technical committee of the Central Flyway Council at Denver, was marked by reports that the extreme fall and winter dry weather along the Gulf prompted many ducks to seek fresh water on into Mexico and Central America.

"But," he added, "an unusual number of ducks spent the winter on inland waters in Texas during the past winter."

Mr. Walker noted that the recent rains generally followed the normal migrating period for ducks.

He said the Denver meeting, called primarily to discuss new methods of waterfowl management, was marked by optimistic observations that a normal number of both ducks and geese have gone northward for the nesting season. He added that the heavy rains all over Texas bodes good for better wintering conditions when the waterfowl return this fall.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

People who suffer with hypertension, or high blood pressure, nowadays have more reason for optimism than they would have had a generation ago.

In itself hypertension is not a disease. It's a sign there is something wrong, like the stuffy feeling that comes with a cold. The danger accrues because of the possibility of serious heart or kidney damage when blood pressure is consistently high.

branches of arteries which carry blood to all body tissues (called arterioles) begin to tighten up. Blood passageways become smaller and smaller, and the heart has to work harder to push the blood through. After a time the blood vessels lose their elasticity and the heart muscles thicken with the extra work load. Result: high blood pressure, and ultimately, heart damage.

It isn't true that the higher the blood pressure the more reason for fear heart damage. Research has shown that temporary increases in pressure do not really make much difference. But even mild elevations in the blood pressure considered normal for the person involved—if the increase persists—may cause the walls of blood vessels to toughen, exactly as callouses are formed on hands by regular use of an axe or hoe.

In the most common type of high blood pressure, called "essential hypertension," the tiny

What causes the arterioles to tighten and constrict? No one knows.

High blood pressure sometimes goes up for a period of days or weeks—or even longer—and then drops back to normal. Sometimes it may jump from pure nervousness while your physician is examining you. Perhaps there is a connection between hypertension and the strain of modern life. People who work under constant stress, who worry too much, are often susceptible. Heredity is a probable factor, and the condition occurs most often in persons between 30 and 50.

**World Champion
Cowboys to Perform
in Santa Rosa Roundup**

Vernon—Jim Shoulders, the 1956 world champion all-around cowboy, will head up an impressive list of more than 200 rodeo riders, ropers and steer wrestlers who will perform in the Santa Rosa Roundup opening here May 1.

Low blood pressure seldom causes trouble. Afflicting relatively few people to a serious extent, the condition is usually a symptom of a specific disease which can frequently be treated successfully.

Four nights of championship action are scheduled, rain or shine, starting at 8 o'clock. There's an \$8,000 prize list plus entry fees to be split among top winners in bareback bronc riding, saddle bronc riding, bull riding, steer wrestling, calf roping, wild horse race, and cutting horse contests.

The thing which will count most in adding years to the life of hypertension sufferers is the willingness to change their living habits, following the rules of moderation in everything. By getting under a doctor's care and following a few simple rules for moderate living, they can probably work and enjoy life as long or longer than their next-door neighbors without high blood pressure.

Shoulders, of Henryetta, Okla., was the 1956 world champion bareback bronc rider as well as brahma bull rider. He also set a record for the most money ever won by a single cowboy in one year of professional rodeo competition—\$43,000. He competed in more than 80 rodeos last year.

There is nothing to gain from worrying about your chances of developing hypertension. Just make it a point to have a physical examination at least once a year. And worry and argue as little as possible.

Other big names on the tanbark circuit who will be back again this year include Harley May of Denning, N. M., 1956 world champion steer wrestler; Deb Coppenhaver of Post Falls, Idaho, top saddle bronc rider last season; and Ray Wharton of Bandera, Texas, world champion calf roper in 1956.

A co-feature of the 12th annual Roundup will be the Livestock Exposition which features scores of the most talented and sleek quarter horses in the nation.

**WE GIVE DOUBLE
BUCCANEER STAMPS
WITH EACH OIL DRAIN OR GREASE JOB
G. & O. GULF STATION**

More than 1,000 horses are expected to prance through a two-mile-long parade starting at 2 p. m. Wednesday, May 1, according to John Biggs, general manager of the Roundup. More than 25 Texas and Oklahoma riding clubs are expected.

Tickets to rodeo performances may be obtained by calling 2-6868 or writing Santa Rosa Roundup Ticket Headquarters, Wilbarger Hotel, Vernon, Texas.

GRASS-ROOTS OPINION

"It costs each of us MORE when the Federal government helps us to pay for our local, state and community improvements. . . A great many people have been fooled into thinking that grants-in-aid are fine and they as such have become quite popular on the strength that someone else is paying the bill but . . . everytime we avail ourselves of these pleasures it ends up costing us more than it would have if we had taken care of ourselves." — Taylorville, Ill., Daily Breeze-Courier.

Soil Conservation News of District

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Howard, Grady Halbert, O. T. Holmes, O. H. Brandon, H. L. Ayers.

Fish Pond Improvement

A farm pond which covers one acre or less can furnish all the fish the average family can use if good management is practiced. The average unfertilized farm pond supports about 25 to 200 pounds of fish per surface acre. A fertilized pond will support from 200 to 600 pounds of fish per surface

DIPLOMAT SUICIDE—E. Herbert Norman, Canadian Ambassador to Cairo, Egypt, leaped to his death from a window of the building housing the Swedish legation. The 48-year-old diplomat is reported to have taken his life because of U. S. Senate committee charges that he was a Communist. The Canadian government denied the charges.

Texas Fights Cancer

"Cancer eye" costs Texas cattlemen enormous fortunes each year. Texas scientists are trying to find the cause of this peculiar condition, which is 10,000 times as common in cattle as in man. A successful study would not only save cattlemen great sums each year but also might throw light on the genesis of all cancers, including those of man.

Among the clues are: (1) The cancers occur most often on eyes and eyelids which do not contain much pigment—indicating that the sun's rays may play a role; (2) the lack of pigmentation seems to be inherited—involving genes and breeding; and (3) the ever-present possibility of a virus is being investigated.

Help Texas scientists fight cancer. Address your contribution today to Cancer, local P. M.

Preference for Newspapers

Writing in Editor & Publisher, Philip N. Schuyler says: "A new coast-to-coast check of representative automobile dealers shows a continued preference for newspaper advertising. A vast majority of 344 dealers questioned—declared they put this local form of advertising ahead of all other media."

An editorial in the same issue of the same magazine refutes the claim that TV is dominant among young people. It cites a factual survey in which 39 per cent of 18 and 19 year olds questioned said newspapers are "hardest to do without," whereas only 18 per cent said the same thing about television.

Newspapers aren't only here to stay—they're still the leaders of all media.—McLean News.

Mr. and Mrs. Dan Callaway of Turkey were here Tuesday visiting relatives and friends. Mrs. Callaway visited her father, D. B. Traweck, in Vernon.

Vernon Jones of Keota, Okla., spent several days last week visiting his parents, Mr. and Mrs. E. J. Jones, here.

Mr. and Mrs. Jim Cash of near Gilliland have announced the birth of a daughter in the Foard County Hospital March 31. Grandparents are Mr. and Mrs. Monroe Cash of Truscott and Mrs. Lillian Ryder of Benjamin.

Mrs. Susie Pitts of Wichita Falls is spending several days visiting her sister, Mrs. J. C. Eubank, and husband and other relatives and friends here.

Mrs. Roy Green of Benjamin spent Friday visiting here.

Mr. and Mrs. Joe Gordon of Matador are here visiting his mother, Mrs. Anna Bates, and oth-

Build Your Monument

Plans of the Honor the Bible Association to erect a \$60,000 monument to the Bible in the Civic Center of Denver have met with strong opposition. The city Art Commission has turned down the idea on the basis that such a religious object placed on public property would violate the principle of separation of church and state.

The architect of the proposed Bible monument at once challenged the Art Commission's ruling. Members of the Honor the Bible Association said they would appeal to the courts.

The intended edifice would be styled with a Gothic arch, with a figure of Christ on one side and of Abraham on the other. On the base would be a quotation from an Old Testament prophet: "He hath showed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?" (Micah 6:8).

Whether the monument should be built is not here in question. But we would suggest that there is a way in which all may honor the Bible so that few would object.

Suppose you receive a letter from a good friend. You honor the letter and the author as well, by reading it carefully. And should the communication be from one in authority, you show further honor by your obedience.

The Bible is God's letter to us. It reveals His love, His concern for our present and future welfare, His directions as to how we should order our lives for the benefit of ourselves and all mankind. We honor the Bible each time we peruse its sacred contents and obey its divine teachings.

By reading and obeying, why not begin today to build your own monument to the Bible?

Deferred Grazing Described as Top Range Rebuilder

Deferred grazing can give the good perennial grasses the boost they now need for survival, declares A. H. Walker, extension range specialist.

In some areas of the state, such grasses as sideoats gramma, little bluestem and switchgrass are now making seed. This situation, according to Walker, is most unusual since these grasses normally produce seed in the fall. Overgrazing and the prolonged drouth have interfered with the normal growth habits of the range plants and "mother nature" is doing her best to reseed the ranges. Give her a chance to succeed by deferring as much range now as is possible, advises Walker, for the improved moisture situation should materially add to the benefits to be derived from deferred grazing.

Grasses need top growth to make root growth, and because of the drouth, root systems are far below normal and need time to get re-established. Walker believes that ranchmen generally should be able to rest at least a fourth of their range without overstocking the remainder. He emphasizes that it is better to remove all stock from a pasture than to stock lightly. A few animals can graze off the good plants left and keep them from making seed.

Walker suggests that the best conditioned pastures be rested first. On these will be found more of the good grasses and their recovery will be faster. The rest period will vary, he says, but the longer the better or until the good grasses have produced a seed crop. Grazing the deferred pastures moderately during the winter, he advises, in order to plant the seed and distribute the litter.

As for reseeding, Walker says, if as much as 15 per cent of the good or key grasses are left on the range, defer rather than reseed. Reseeding is expensive and hazardous and requires some type of seedbed preparation, he says. And, too, reseeded ranges must be rested. His advice: don't reseed but give the pastures a year's rest and see what happens.

Texas Fights Cancer

Is human cancer inherited? A Texas scientist has made study of this, and his answer: "No. One can't inherit cancer. Humans may inherit a tendency of a predisposition to cancer however. That means under certain conditions—possibly the presence of a cancer virus such a thing exists), overexposure to cancer-causing rays and chemicals and a hormonal imbalance certain humans are likely to develop a cancer.

Even in experimental animals it is not easy to develop a cancer which inherits cancer. Mice rats must be inbred for many generations for them to show with predictable frequency.

Help Texas scientists fight cancer. Address your contribution today to: Cancer, c/o Postoffice, Crowell.

Those of you who missed the THDA meeting in Vernon last Friday certainly missed an excellent meeting. Almost every one there commented on how much they enjoyed it and how glad they were that they attended.

The following women attended from Foard County: Mesdames Grover Moore, Ewald Schroeder, Earl Swim, Sam Cannon, Walter Thomson, E. A. Dunagan, S. E. Tate, Fred Trawek, Harry Trawek, Glen Jones, Tom Callaway, E. V. Halbert, Clyde Bowley, Arthur Sandlin, Leslie McAdams, Donald Werley, C. M. Carroll, J. A. Marr, Warren Haynie, Clarence Garrett, Willie Garrett and A. E. Calvin.

Three of our club members had parts on the program: Mrs. Willie Garrett and Mrs. A. B. Calvin gave a citizenship skit, and Mrs. Clarence Garrett gave the relatives and friends.

Sunday guests in the home of Mr. and Mrs. J. C. Eubank were Dennie Eubank and girls, Mary Margaret and Sue, of Post, and Mr. and Mrs. Elmer Pitts and daughter, Connie, and his mother, Mrs. Susie Pitts, of Wichita Falls.

A. C. Trimble was admitted to the Foard County Hospital Sunday night.

Mr. and Mrs. Louis Eubank and children, Jan, Bruce and James, of Denver City spent one day this past week visiting his parents, Mr. and Mrs. J. C. Eubank.

Mrs. W. O. McDaniel and Miss Margaret Curtis of Crowell were Truscott visitors one day this past week.

Mrs. Jess Bryant has returned home from a visit with her son, Nile Bryant, and family in Bron- te.

Mr. and Mrs. Newt Bryant of O'Brien spent Wednesday visiting his parents, Mr. and Mrs. Jess Bryant, and friends here.

Mr. and Mrs. John Bullion spent awhile last Sunday visiting relatives in Seymour.

Mr. and Mrs. Elmo Glascock and family of Dallas spent last week end visiting her parents, Mr. and Mrs. R. B. Glidewell, and his sister, Mrs. W. O. Corder, and family. Another visitor in the Glidewell home was R. B. Glidewell Jr. of Fort Worth.

Mr. and Mrs. Bud Myers and son, Tommy Lynn, returned home Wednesday from California where they were called on account of the illness of his father, George Myers. Mrs. Floyd Roberson remained for a longer visit.

Mrs. J. D. Smith and Mrs. Harry Martin were Stamford visitors Monday.

Dianne and Buddy Myers have returned home from a visit with their grandparents, Mr. and Mrs. Kenneth Marrow Sr., and other relatives in Clarendon.

Mr. and Mrs. Walter Sprague moved here Wednesday from Dallas to make their home. He is living in the Ernest Tapp home.

Vernon Jones of Keota, Okla., spent several days last week visiting his parents, Mr. and Mrs. E. J. Jones, here.

ter of Kings High visited her uncle
and wife, Mr. and Mrs. H. L.
Swan, Thursday. She was accom-
panied home by her mother, Mrs.
Cornelia Blanchette, who had been
visiting the Swan family.

Mr. and Mrs. Dave Shultz vis-
ited his sister, Mrs. R. C. Johnson,
and family of Crowell Sunday.

Mr. and Mrs. Cliff Cribbs were
visiting friends in Quannah Sun-
day. Bill Swan of Fayetteville, Ark.

20,000 Rodeo Fans Expected for Opening of Santa Rosa Roundup

Vernon—An estimated 20,000
rodeo and parade fans are expect-
ed to converge on this Northwest
Texas city May 1 for the opening
of the 12th annual Santa Rosa
Roundup and Livestock Exposi-
tion.

The four-day event will open
with a two-mile-long parade at
2 p. m., featuring scores of floats,
10 or more regional bands, and
more than 1,000 horses ridden
by members of 25 Texas and Okla-
homa riding clubs.

Rodeo performances are sched-
uled each night at 8 o'clock, rain
or shine. Approximately 200 per-
formers will be in action, includ-
ing several of the top 10 riders
and ropers in the world.

A prize list of \$8,000 has been
posted to which entry fees will
be added, making the purse one
of the largest to be offered this
season in the State of Texas, ac-
cording to John Biggs, general
manager of the Roundup.

Intermission acts will include
the Zoppe-Zavatta family of ac-
robatic equestrians and Bobby and
Gene Clark, bull-fighting clowns
who also appear in specialty acts.
Hundreds of the nation's best
quarter horses will be judged both
at halter and on performance dur-
ing the four days.

Advance rodeo tickets may be
obtained by calling 2-6868 or by
writing Santa Rosa Roundup Tick-
et Headquarters, Wilbarger Hotel,
Vernon, Texas.

In the painting of Washington
Crossing the Delaware, a soldier
is shown holding the American
flag, though it had not been de-
signed at that time.

Texas Fights Cancer

A Baltimore cancer researcher
found that he could grow polio
virus in human cancer cultured
in laboratory dishes—a good way
to produce polio virus for experi-
ments. Polio destroyed the cancer.

A Texas woman scientist won-
dered: "If polio virus destroys
cancer growing in laboratory
dishes; what does it do to cancer
growing in humans?"

She checked the health records
of all polio patients and cancer
patients in Harris County (Hous-
ton) for several years back and
found only one person who had
had both polio and cancer. The
cancer is considered by some to
be a debatable one—a brain tu-
mor called astrocytoma.

This may be significant.
If—a rather large if, it is too
—if it turns out that polio virus
destroys cancer in humans, hope-
lessly advanced cancer patients
might be experimentally treated
with the virus.

Help Texas scientists fight can-
cer. Address your contribution to-
day to: Cancer, local P. M.

FEDERAL EMPLOYEES

The number of Federal em-
ployees declined during last month
by 1,830 to a total at the end
of the month to 2,394,333 per-
sons.

Aesop, author of the book of
fables, was a slave.
