WORKS BEING MADE BY DR. M. JOHNSON OF WASHINGTON TO REVIVE LEE HIGHWAY ASS'N.

A drive is being started to revive interest in the Lee Highway and to re-finance the Lee Highway Association, according to Dr. Samuel M. Johnson, vice president of the association, who stated that there would be no difficulty in re-financing the association. Dr. Johnson has spent many years in working for better roads in the United States, and he was the main promoter a few years ago of the Lee Highway from San Diego, Calif., to Washington, D. C., most of which is designated as U. S. Highway 70.

In a letter written to Arthur Clarendon Smith, president of the Lee Highway Association, on April 24, 1934, President Roosevelt stated:

"I have read with interest the Anniversary Edition of the 'Fauquier Democrat' celebrating the completion of fourteen years of activities of Lee Highway Association in what President Coolidge, in a message to Congress, characterized as 'The Great Lee Highway Undertaking.'

"I wish to add my tribute to those of Presidents Wilson, Harding, Coolidge and Hoover to the highly patriotic service of the General Director of your Association, Dr. Samuel M. Johnson, National Apostle of Good Roads.

"Dr. Johnson helped to secure the funds for Emergency Public Works and is one of the most active advocates of continuing the program.

"His plan to secure a two hundred foot right-of-way from San Diego, Calif., to the nation's capital, and to make it as outstanding among highways as Lee was among men, appeals to the pride and patriotism of the entire nation.

"During the past few years, names of highways have been displaced on maps in favor of numbers as Dr. Johnson states, 'It displaced the name Lee Highway from Hot Springs, Ark., to El Paso, Texas, and the Colorado River at Yuma, Ariz., but not from Memphis, Tenn., to Washington, D. C. There are 40 people to the square mile in the region east of the Mississippi River, but only 4 to the square mile between the Mississippi River and the Pacific Ocean, and in the most populous and richest area where tourist prospects abound no one would know what one meant by U. S. 70.'

The association became inactive shortly after the depression swept over the country as it is told by Dr. Johnson in the following statement: "Since the Wall Street crash the flow of cash from the Lee Highway counties ceased entirely and our \$30,000 past dues on memberships had to be wiped out of the state. But I kept on the job and since the only way to get the money out of Congress, I stayed there and since 1930 Lee Highway has been built more rapidly than at any previous time through the Public Works Program."

LECTURER FOR TOWNSEND PLAN SPEAKS FRIDAY

Tiffin W. Reed of Fort Worth, 49-year-old lecturer, will speak in the west store of the court house in Crowell Friday night, July 28, at 8 o'clock, at which time he will talk on "America is the Crossroads. Which Road Will You Choose?" according to information received Monday from Carl E. Lunn, State Townsend organizer, who recently delivered a speech in Crowell and organized a local Townsend club.

Dr. Lunn stated that the young men are making public speeches for three years. He is a member of the West Texas Chamber of Commerce. "My Home" was the subject of his lecture in the Townsend National Welfare Recovery Plan during the greater part of the past three years. Judge Ewing of Pampa, after hearing the youth, stated that it was a most amazing boy and that he had never, in his life, heard anything like his lectures.

Accompanying Tiffin will be his 17-year-old brother, Ardis, who is a radio singer and will have a part in the program. Ardis is called "the Bobby Breen of Texas."

For the convenience of the citizens, the program will be broadcast over the public address system which will be furnished by Crowell. Everyone is invited to hear this youthful orator who is rapidly becoming known throughout the South.

William E. Wells, president of No. 12 in Omaha, Neb., and district organizer of the second congressional district of Nebraska will speak in Crowell on the Townsend Plan. Final details of the speaking will be released at a later date.

The local Townsend Club will meet in the district court room in Crowell Thursday night (Wednesday) at 8:30 o'clock at which time final arrangements for the speaking Friday night will be made.

Local FFA Chapter Again Receives Rank of Lone Star Chapter

Marvin L. Myers, Crowell F. F. A. Chapter adviser, was notified last week by O. T. Ryan, Area One supervisor, that the Crowell chapter would again be ranked as a Lone Star Chapter during the 1939-40 school term. This is an honor that is based on the work of the chapter during the past year.

This will be the second consecutive year that the local organization has been classified as a Lone Star chapter, as it was one of the twenty-third honor chapters in the state last year. This year, there will be fourteen Lone Star chapters in Area One, which is composed of 73 F. F. A. chapters.

LOCAL RIDERS WIN PLACES IN SEYMOUR RACE

Bill Drabek and Miss Peggy Minnick won 3rd, 4th positions in the Seymour race.

Bill Drabek and Miss Peggy Minnick of Crowell won third and fourth places, respectively, in the 35-mile horseback race which opened the Seymour Cowboy Reunion and Rodeo last Friday morning. Sixteen riders participated in the race.

Mr. Drabek was awarded a \$10 John B. Stetson XXX value hat as the third place prize. There was no prize offered to the winner of fourth place, except passes to the rodeo performances, which were given to each rider who finished the race. Bill Bell, third Crowell rider to enter the race, failed to finish.

W. A. Nelson Jr., 14-year-old Jackboro rider, won the \$95 hand stamped cowboy saddle given to the winner of the first place. He covered the distance in one hour and thirty-five minutes and Mr. Drabek and Miss Minnick arrived at the finishing line a few minutes later. Freddie Crenshaw of Benjamin won the second prize.

The riders from this section started at a point west of Benjamin on Highway 24 Friday morning at 7 o'clock.

Dallas Man New Owner of Speer's Store in Crowell

L. E. Archer of Dallas has purchased the Speer's Store in Crowell and assumed management of the establishment this week.

There will be no change in the operation of the store and Miss Nona Olds and Miss Bernice Collins will continue to be employed as clerks.

The name of the store will be changed to the Ben Franklin Store as Mr. Archer has contracted the Ben Franklin store service, however, the store is individually owned.

Mr. Archer has been in the merchandising business for the past fourteen years and stated that he would use all his experience to serve the people of this trade territory with high quality merchandise and good service.

Mr. and Mrs. Archer and Mrs. Lena Wedel, mother from Dallas to Crowell to make their home within in the next week.

Leon Speer, who has been manager of the Speer's Store in Crowell for the past four and one-half years, will leave the first part of the week for Jale, N. M., where he plans to purchase a variety store.

Red Cross Official Visits Local Chapter

A visit was made to Crowell on Wednesday, July 26, by Robert T. Bridge, American Red Cross field representative for West Texas, for a conference with officers of the Foard County Chapter of the Red Cross.

Plans were made with George Self, chairman of the chapter, for the expansion of the Safety Program. Dwight Moody accepted appointment as chairman of first aid and life saving. Several Red Cross first aid instructors are residents of Crowell and Mr. Moody intends to plan with these instructors so that a series of classes in first aid for adults may commence in September. There will be no charge for these classes, except the cost of the textbook, which is sixty cents.

Persons desiring to enroll in

Become Honorary Members of Collin Half Century Club

Four Crowell people have been elected to honorary membership in the Collin County Half Century Club, according to an item appearing in the McKinney Daily Courier-Gazette of July 19. To become a member of this club it is necessary for a person to have lived in Collin County for fifty years or more.

The item appearing in the Courier-Gazette follows:

"Added interest is expected to be shown in the Collin County Half Century Club with the announcement that honorary members may join the organization.

"Whereas those who have lived in Collin County for a half century or more are eligible to become members, many of whom have come to this office to enroll for membership, it is now possible for natives of Collin County, born here a half century or more ago, but who now live in other counties and other states, to become honorary members.

"This suggestion, made by Hon. George P. Brown, prominent local attorney, is meeting with the approval of everyone, and McKinney and Collin County citizens who have relatives and friends living elsewhere, eligible for honorary membership are urged to come by the office of the Daily Courier-Gazette and enroll the names for honorary membership.

Honorary Members

"Mrs. Hallie Atkinson-Beverly, Crowell, Foard County, Texas, daughter of A. J. Atkinson, deceased Confederate veteran.

"Mrs. Louise Atkinson-Howell, sister of Mrs. Beverly, of Crowell.

"John W. Klepper of Crowell, son of Daniel Klepper, who located his headright certificate about one mile northwest of Plano. The old home John W. was born in is still standing.

"Mrs. Belle Brown-Allee of Crowell. Her father, Robert H. Brown, joined the Texas Rangers at Old Buckner in 1846."

The fortieth annual Collin County Confederate Veterans' and Old Settlers' Picnic and Reunion opened in McKinney Tuesday morning and the event will continue for five days.

CROWELL MAN IS HIJACKED NEAR ELECTRA

Herman Bell of Crowell was forced at the point of a gun from the car which he was driving, by a youth between Electra and Iowa Park last Saturday night. The automobile belonged to Guy Whitfield of Crowell.

Mr. Bell had picked up the young hitch hiker near Oklaunion and when, according to a statement given to officials, they were about a mile from Oklaunion, he was ordered at the point of the gun to "take it easy and drive straight ahead." He was later forced to relinquish the wheel to the youth. After passing through Electra, Mr. Bell was forced to surrender his pocketbook and then made to get out of the car at a point about halfway between Electra and Iowa Park.

Mr. Bell caught a ride into Iowa Park and there notified officers, who immediately telephoned the report to Wichita Falls where it was broadcast. Four minutes after the police broadcast the car was recovered and the driver arrested by State Highway patrolmen Watson Howell and Leslie Speer.

William Moore, 18, of Lake Valley, near Alvord, was charged with robbery with firearms by Assistant District Attorney Clyde Fillmore following his arrest in Wichita Falls. Moore stated that he had been working on a farm 25 miles north of Hereford and was on his way home after dreaming that his mother, who had recently suffered a paralytic stroke, was worse. Investigation revealed that his mother's condition was improved and that she was not under a doctor's care at the time.

Officers said that Moore was carrying in the car at the time of the arrest a 7.65 Spanish make automatic, fully loaded and concealed in a paper sack.

Mr. Bell and Mr. Whitfield had driven to Oklaunion Saturday night and Mr. Bell was to take the car to visit a friend living a short distance from that city.

Vivian Boy In Hospital After Fall Into Well

S. J. Lewis, son of Mrs. S. J. Lewis of the Vivian community, received painful injuries on his head when he became overbalanced and fell into a well Sunday afternoon.

S. J. and brother, Marvin, were hauling water from the well when S. J. fell. Marvin saved him from drowning when he went into the well and rescued him. S. J. was taken to the Quana hospital Sunday when it was feared that his skull was fractured.

One Hundred Opera Chairs Bought for Masonic Lodge Hall

One hundred upholstered opera chairs have recently been installed in the Crowell Masonic Lodge hall. Each row of chairs has been fastened to two 1x4-inch boards in order that they can be moved.

T. S. Jernigan, local carpenter, is building platforms this week for the three principal officers of the lodge in east, west and south.

Many items of furniture have been given to the Crowell Lodge by neighboring Masonic Lodges, Quana, Vernon, Chillicothe and Thalia, since the work of remodeling and furnishing the new hall in the Ringgold building was started several months ago. The north half of the upstairs of the Ringgold buildings was purchased from Howard Ringgold, owner, for a permanent home for the Masonic Lodge and local Masons are taking a great pride in preparing the hall for a comfortable meeting place.

Next Monday evening, July 31, the regular monthly meeting will be held and members and visitors are invited to attend this meeting and inspect the new furnishings.

Leaves Highway Department After 12 Years' Service

After twelve years' service as section foreman for the State Highway Department in Foard County, C. C. Ribble has announced his resignation effective Aug. 24. In a recent shake-up in the Highway Department in this section, Mr. Ribble was transferred to another county, following which he tendered his resignation.

These classes are asked to give their names to Mr. Moody. A class for Boy Scouts is to commence within the next week or so. Instructions will be given by C. C. Ribble.

John E. Long was appointed as chairman for home service. Mr. Long will serve as correspondent for the Red Cross in matters relating to the family problems of the enlisted men in the Army, Navy and Coast Guard.

Prizes Awarded to Service Stations in Improvement Contest

According to the decision of the selected judges, prizes of \$2.50 each were awarded to Floyd Thomas' Gulf Station and M. M. Welch's Magnolia Station, in the contest recently sponsored by the Crowell Garden Club.

Mrs. H. Schindler, Highway Beautification chairman of Foard County, announces that practically all of the service stations in town made some effort toward beautification during the campaign.

GOOD CREEK STUDENT BODY TO ATTEND CROWELL SCHOOL; FIVE SCHOOLS TO SEND PUPILS HERE

The trustees of the Good Creek school agreed Monday to sign a contract with the Crowell Independent School District whereby the entire student body of that school will be brought to the Crowell schools during the next term, according to information released Tuesday afternoon by L. A. Andrews, secretary of the Crowell Independent School District. This contract will mean an increase of fourteen scholastics to the local school.

When school opens here in September, the entire student bodies of the Vivian, Foard City, Black, Claytonville and Good Creek schools will be coming to Crowell by contracts signed by the trustees of those school districts with Crowell school officials. There are approximately 185 scholastics in these five districts.

High school students of Vivian, Good Creek and Foard City came to Crowell High School last year, but this is the first year that the entire student bodies of these schools will be brought to Crowell, which will mean that elementary grade pupils will be enrolled in the local school for their first time this year.

Students in these schools which have contracts with the local school must have transfers by their parents, if they are in a grade past the seventh, however, all elementary school pupils will be brought by the contracts without the individual transfers.

Increase in Transfers

According to figures released by Mr. Andrews, there has been an increase of 76 transfers so far this year and the number may be larger before the transfer deadline. Monday, July 31, is the last day in which transfers can be made. Last year, there were 150 scholastics to be transferred into the Crowell Independent School District, and to date, there have been 225 individual transfers for the coming year.

Scholastics Increase

Eight hundred and sixty scholastics have been recorded in the Crowell district for the 1939-40 term, as compared with 784 scholastics at the opening of school last September.

With the closing of the contract with the Good Creek officials, all of the school children living in the west half of Foard County will be attending the Crowell Public Schools during the coming term, with the exception of a few who live on the Foard-Cottle line in the old Fish community, who attend school in Cottle County.

Many Trench Silos Are Being Filled

Several ranchers and farmers of Foard County are busy at present either preparing trench silos or filling them, according to a report from County Agent John Nagy Wednesday afternoon.

William Ricks has just completed filling a 175-ton trench silo on his farm about seven miles southeast of Crowell and is now filling a silo with approximately 1,000 tons of feed for Glen Offield a short distance south of Crowell. Mr. Ricks is using a modern silage harvester which cuts and prepares the feed for the silo. After the feed is cut and chopped, it is carried to the silo in trucks.

W. F. Hlavaty is filling a 150-ton silo on his farm about four miles southeast of Thalia, and is planning to fill a 100-ton silo if the feed crop is good. Mr. Hlavaty is also using a silage harvester.

A trench silo with a capacity of approximately 400 tons has just been completed for S. S. Bell and J. R. Beverly 10 miles southwest of Crowell.

Shirley & Offield have silos with a total capacity of 3,000 tons and all will be filled if possible.

County Agent Nagy stated that if there is any late feed made, there will be prospects for several more silos, as this type of silo is fast becoming popular with ranchers.

TRUSCOTT WILL HAVE COURT OF HONOR FRIDAY

A Boy Scout Court of Honor for District 12 will be held in Truscott Friday night at 8:30 o'clock at which time awards will be made to Boy Scouts of the district who have previously passed their tests before the Board of Review.

Approximately fifty Boy Scouts from troops in Truscott, Crowell and Thalia will be present, and the public is invited to attend the second meeting of the District 12 Court of Honor. Parents of Boy Scouts are urged to be present.

The awards which will be made Friday night include class and merit badges. Three star badges will be among those to be given tomorrow night.

The following program for the Court of Honor was released in Crowell Tuesday afternoon:

THOUGHTS OF SERIOUS MOMENTS

The truly generous is truly wise, and he who loves not others, lives unblest.—Henry Home.

He who has never denied himself for the sake of giving, has but glanced at the joys of charity.—Madame Swetchine.

We should give as we would receive, cheerfully, quickly, and without hesitation, for there is no grace in a benefit that sticks to the fingers.

Two Minute Sermon (By Thomas Hastwell)

In All Thy Ways: I was talking to a year woman recently about the matters pertaining to religion. She had not yet come to a satisfactory understanding in her religious life. A great deal of it was still apart from her life rather than being a part of her life. Like a great many young people of today, the older ones too for that matter, she had not been able to accomplish the fact of making religion and Christ a part of her life and living. As I endeavored to explain this simple, though profound, secret of life I sympathized with her in her struggle to understand. I urged her to continue her study and her search for wisdom and understanding. To some,

I explained, such wisdom and understanding seems to come easily and to others only after years of search, but, I assured her, when it finally did come, and she should come to know and understand from her own experience the meaning of the lines: "In all thy ways acknowledge Him and He will direct thy paths," she would have her answer and her reward. Happy indeed is the person, young or old, whose life has taught him this simple truth of God and man.

To Those Owing Delinquent Taxes Penalty, Interest and Costs Will Be Added on All Delinquent Taxes Due the City of Crowell on the 16th Day of August, 1939. The City has been very lenient with those owing Delinquent Taxes, however, the time has come when it is forced to make collection on these taxes in order that it may meet its obligations and function in the manner in which a City must if it is to be of any benefit to the people. Why not save the penalty, interest and costs which will be added to your taxes by paying them before the 16th of August, 1939? The City Council earnestly requests that all owing delinquent taxes make a decided effort to pay them at once. In the event taxes are not paid, the City will be forced to use other means to enforce collection. City Council, City of Crowell, Texas Attest: J. T. BILLINGTON, City Secretary. C. T. The fear of the Lord is the beginning of wisdom; a good understanding have all they that do his commandments; his praise endureth forever.—Psalms 111:10.

J. Edgar Hoover, Chief of the Federal Bureau of Investigation, stated recently that corrupt politicians are responsible for an army of criminals totaling nearly 5,000,000 in this country.

A small advertisement is a whisper, and a large advertisement is a shout to the buying public. If what one has to sell can be sold by a whisper a small space should be used.

We had a personal experience recently which we think illustrates well a point. We were passing through a town and stopping a citizen of the place to inquire of him some information relative to the community.

The story is told of a large family who settled in a section of the country remote from any trading center. Because of the fact that they were separated by considerable distance from a source of supply of daily needs five of the brothers conceived the idea of setting up small stores at their homes in which were stocked items of common daily needs.

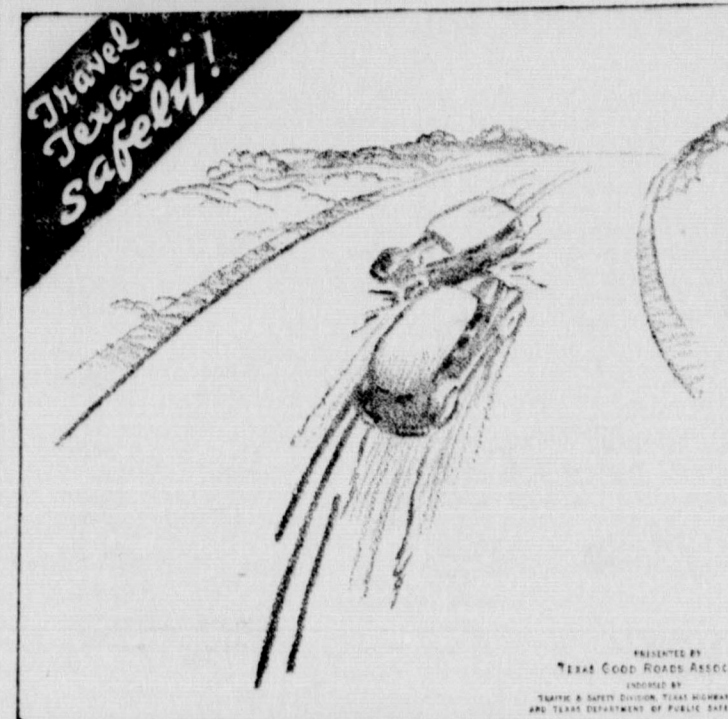

The influence of the western states resulted in the passage by Congress of a measure requiring the United States Government to pay 77 1/2 cents an ounce for silver, about twice what it is actually worth.

Having lived in the "horse and buggy" days I know, that while they did not have many of the things that make more desirable the present days, they are not entitled to all the ridicule that is directed their way.

It is a good thing to give thanks unto the Lord, and so sing praises unto thy name, O most High.—Psalms 92:1.

You have to pump some folks to get any worth while information out of them, but when it comes to gossip, pumping isn't necessary. They are artesian wells.

DRIVE WITH SAFETY ON YOUR SIDE OF THE ROAD

What We Think

(By Frank Dixon)

The term "horse and buggy days" is often used in ridicule when an attempt is made to compare or contrast those days with the present days.

In fact the "horse and buggy days" had many virtues that could be copied with profit by the more up-to-date—and more sophisticated modern days.

It is true in the "horse and buggy days" we had not heard so much about the "standard of living," and kindred things which the present age seems to feel it must have whether it can afford them or not.

In the "horse and buggy days" the boys and girls walked to school and dad walked to his office. This was before we thought it necessary to ride to and from school and build expensive gymnasiums in which the children might get the healthful exercise the automobile denies them.

In the "horse and buggy days" we had rag carpets on the floors that had any carpets at all. They were made of rag strips sewed by mother and the girls and woven on the loom of the village rug weaver.

Our pleasure trips were taken in the spring wagon or on a hay rack and those picnics and hay-rack rides were just as thrilling and just as enjoyable as though ten thousand dollars worth of automobiles had been used to transport the party as is often the case today.

When it came to working we weren't hampered with a lot of rules and regulations and we were not prone to quibble over whether we would take two dollars or two dollars and a quarter a day, or whether we should have overtime at time and a half if we worked a little over time, nor did we have ot quarrel over who did what work and contributed to some high priced executive and agitator to tell us we were dissatisfied when we thought we were satisfied.

We all worked at something in the "horse and buggy days" and when we borrowed money at the bank we expected when we borrowed it to pay it back when it was due, instead of asking the banker to compromise our loan and accept ten cents on the dollar for it.

The village grocer knew when he gave us credit that he would get the last nickel of it even though the family had to live on mush and milk or vegetables from the back lot to get it paid. We expected to pay our way until the end and never figured on the state or county or the federal government stepping in and taking that responsibility.

Yes, there was some funny things about the "horse and buggy days" and maybe in the light of present day living the fact that we did take our obligations seriously and did without to pay them and forgot our prattle about standard of living and social uplift and lived within our means.

MOST VALUABLE STUDENT

Austin, July 24.—Title of "the nation's most valuable student" has been awarded Raymond J. Rimmer, 20-year-old University of Texas student from Austin, by the Elks National Foundation meeting in St. Louis.

A pre-medical student earning his way through school, young Rimmer was awarded a \$600 scholarship to pursue his medical studies and an airplane trip to St. Louis to receive his award.

In the national educational essay contest sponsored by the Elks Educational Fund, Rimmer submitted a bound volume containing his essay, twelve letters of recommendation, an autobiography, a record of his University grades and courses and an account of his experiences in working his way through school.

Caponizing Being Practiced by Foard County Poultrymen

A few poultry raisers of Foard County have started caponizing their roosters in order to be able to keep them with pullets longer and County Agent John Nagy advises that poultrymen practice caponizing more in order to improve their flocks and improve the meat of the roosters.

He stated that other than being able to keep capons with pullets for a longer period of time, the meat of capons has a more delicious flavor for eating purposes. The meat of capons remains tender until the bird is two years of age.

Mr. Nagy stated that capon meat sells for 30 and 40 cents per pound in larger cities and there is no reason why farmers or poultrymen should not produce a better quality of meat for their tables when it can be done at no extra cost.

Roosters should be caponized when 8 or 10 weeks old, as the death rate is higher in older birds.

Large Sum Loaned in Last Fiscal Year by FSA in County

Low-income farmers of Foard County, numbering 27, received loans totaling \$10,393.00 from the Farm Security Administration during the fiscal year which closed June 30, according to County Supervisor Julian Wright of Vernon.

Mr. Wright said that in Texas loans of \$7,190,995 had been made for the fiscal year just closed compared to \$4,279,952 last year. "The FSA is serving more and more farmers every year," he said, "but rehabilitating our rural population is a big job. We have just made a good start on the solution of the problem."

He explained that farmers who are unable to get adequate financing from any other source are the only ones who may receive loans from FSA. "Loans are made," he stated, "only to those who work out an 'improved farm and home plan,' raising as nearly as possible all the family's food and all feed for the farm animals. They must also develop more than one source of cash income."

Personal guidance in good farming practices is furnished by FSA field workers.

Young Craftsman Completes Intricate Lamps for Chapel

Creator of these elaborate light fixtures for the Chapel in the Woods being constructed at Texas State College for Women is a student artist, Miss Sammy Tate (lower left) of Ennis, who designed them and has put them together herself. She is being assisted by Miss Helen Solberg, a Clifton student, under the supervision of Miss Dorothy A. LaSelle of the TSCW art department. Miss Tate has saw-pierced and riveted these spheres for the Chapel interior. She is also making lights for the vestibule and front door, two candle-sticks and the large altar cross. All art work in the Chapel, including the stained glass windows, is being done by TSCW students.

Christian Science Services "Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 30.

The Golden Text is: "Keep yourself in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life" (Jude 1:21).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away" (Revelation 21:4).

The Lesson-Sermon also includes the following passage from the Christian Science textbook,

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth and Love come nearer in the hour of woe, when strong faith or spiritual strength wrestles and prevails through the understanding of God" (page 567).

Our Weekly Sermon

By Rev. Wm. H. Lee Spratt, Director of the Correspondence School, Moody Bible Institute, Chicago

Life's Heaviest Load Text: Then Judas, which had betrayed him, when he saw that he was condemned, repented himself, and brought again the thirty pieces of silver to the chief priests and elders, saying, I have sinned in that I have betrayed the innocent blood. And they said, What is that to us? see thou to that.—Matthew 27:3, 4.

We are all aware of the fact that there are greater burdens borne by many than the rest of the world knows anything about. But we are aware of the fact that there is one tremendous load that the majority of people are carrying which is absolutely unnecessary? There is a burden-bearer upon whom we can cast even life's heaviest load.

Many are suffering upon beds of pain, but overcoming pain may take on a pleasurable aspect. God's Word tells us that the Lord Jesus Christ, suffering the agonies of the cross on Golgotha, endured because of the joy set before Him.

Milk Is Food—Not a Beverage

RUTH J. COOPER, Home Economics Consultant, Breeder-Feeder Association

As milk continues to come, and to the end of time, but each is disproved by science. Milk is our nearly perfect food. It is a food, comparatively speaking, not like the taste of a cold glass of milk. A cool or cold glass of milk is a "pick-me-up" in the morning, or a mid-afternoon refreshment. As milk is not completely digested if taken with other foods, it is a good thing to eat a slice of so of buttered bread or graham crackers with the milk. This snack not only refresh but "stick-ners" longer.

Place the milk, sugar, flavoring and ice in a fruit jar or shaker and shake for two or three minutes, until foamy. Pour into tall glass, add ice cream if desired, top with whipped cream and a dash of nutmeg.

The variations are endless—use brown sugar, molasses, honey, various syrups, or fruit juices as the sweetening, and accentuate the flavor with any of the flavoring extracts or a blend of the extracts such as rose, raspberry, almond, peppermint, lemon, spice.

Orange
Add 2 tablespoons fresh orange juice and a grating of rind or 1/2 teaspoon orange extract and a few drops of orange coloring.

Strawberry
Add 1/2 teaspoon strawberry extract and a few drops of red coloring.

Grape
Add 2 or more tablespoons of grape juice.

Chocolate
Add 2 or more tablespoons chocolate syrup.

Coffee
Add 2 or more tablespoons of strong coffee. This with the chocolate syrup makes a delightful flavor.

Orange Milk Shake
1 cup orange juice, 1 cup milk, 1/2 cup chopped ice, 2 tablespoons sugar.

Combine ingredients in a fruit jar or shaker and shake for two or three minutes. Serve immediately.

Egg Nog
2 egg yolks, 1 cup milk, 2 teaspoons sugar, few grains salt, 1/2 teaspoon vanilla, 2 tablespoons whipped cream, a sprinkling of nutmeg.

Beat egg yolks, add sugar, salt, milk and flavoring. Mix well, pour into glass, top with whipped cream and a sprinkling of nutmeg. Serve well chilled.

of new applications now on hand, which will require several months. Meanwhile, politicians here were watching for Gov. O'Daniel's announcement of the nominations he will make for the three places on the new administrative board. The Federal government requires experienced social service workers on the pension staff, but on the other hand, O'Daniel has bitterly condemned the case workers who make pension inspections, during his campaign and since, and a wholesale clean-out of the present staff, working under direction of Jack Little as supervisor, may result. Upon pension developments of the next few months most observers here believe, will depend the probability of a special session of the Legislature.

Must Have Drivers' License
Failure of the Legislature to enact a drivers' license law did not invalidate the existing law, and it will remain in effect until new legislation is adopted, Attorney General Mann held. Licenses now held by drivers are automatically extended. The Public Safety Department will stamp an extension on licenses of any motorist who visits out of Texas, in order to avoid trouble with local officers in other states, the department has announced. The old regulations for issuing new licenses remain in effect.

Brief Bits of News From Here and There

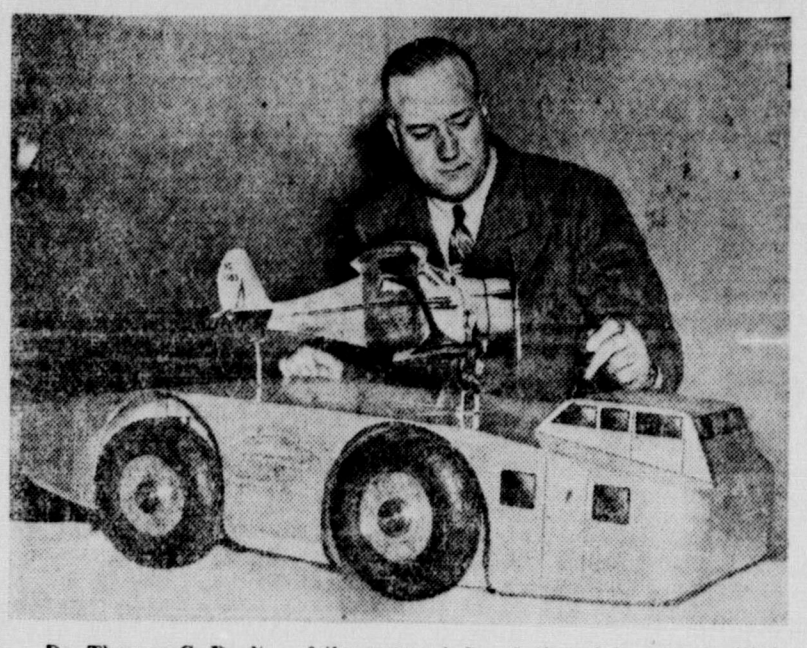

Congress is debating the Wagner-Rogers bill. This bill provides for the admission into this country of 20,000 children under 14 years of age who have been driven out of Germany and who have no where to go. Even though assured of the fact that before admitted every child will be provided for by some private individual or responsible private organization and will not as a child become a public charge. Congress quibbles and quibbles and hesitates on a matter which in the minds of the mass of people of this country there is no division of opinion.

The treaty providing for the swapping of surplus American cotton for British rubber has been ratified by the senate. The treaty is a part of the plan of lining up industries and supplies between the two nations in the event of war. The rubber-cotton agreement provides that for an exchange of 600,000 bales of cotton for 85,000 tons of rubber. Both of these commodities are to be stored in the respective countries for seven years as a reserve in case of war. The amounts involved represent about one-fifth of the United States annual consumption of rubber and about one-tenth of the United States annual consumption of cotton. The cotton will be furnished from the surplus held by the government amounting to 11,300,000 bales.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

A maximum state ad valorem tax levy for general purposes of 35 cents, made necessary by the action of the Legislature authorizing a levy sufficient to pay for educational purposes was reported here this week, as the Board of Education and the State Automatic Tax Board were scheduled to meet and fix the levy. There is a shortage of \$3.50 in \$22 per capita school apportionment for the current year, and the Attorney General holds a sufficient levy can be made to cover this deficit, authorities are the maximum of 35 cents will be necessary. The present rate, set during the Allred administration, is 7 cents per \$100 valuation for general purposes, the lowest state tax rate in a quarter of a century.

Reports of county tax assessors State Comptroller George Shepley indicated an increase of \$25,000,000 in the valuation property for State taxation purposes this year, with a total estimated taxable valuation of \$3,227,141. Harris County, which received a special tax remission for ten years at the last session of the Legislature, led the State with a total of \$290,488,910, with Tarrant County second.

Meanwhile, latest information showed a deficit in the state general fund of \$18,035,000. Checks issued by the state against the general fund are averaging about seven months "hot" that is, there is no money available to pay such checks until about seven months after they are issued, and they are discounted accordingly.

the near future from enactment of the road bond assumption act by the regular session will be a continuance of 100 per cent payments of principal and interest on bonds to improve roads that are now part of the State highway system, as in the past, plus assumption of the bond service debt on such additional roads as have been taken into the system since January 1, 1932.

The other benefits—including the assumption of bonded debts on lateral roads in the counties—will have to wait another year, as members and staff of the bond assumption board declare at least a year will be required to figure out division of the surplus in the fund and the complicated legal aspects of the new law. The law provides for ultimate assumption of the service charges on certain lateral roads in the counties, under a complicated formula, but county judges and commissioners who expected, while the bill was pending, that it would open an immediate wide-open gateway to the state treasury for the benefit of the county political machines, are doomed to disappointment. There is even some talk that a court test of a legality of the entire act may be launched before lateral road payments are made. Many authorities believe the state has no power, under the Constitution, to underwrite and pay off county bonds on roads which do not belong to the state and over which the state has no control.

Tax Remission Aids Counties
More "manna from Heaven" for the counties will come from the remission of half the ad valorem tax levy for general purposes, which is effective this year. Actual effective date awaits an opinion from the attorney general, but most officials think the money will not be available until Sept. 1, 1940, end of the fiscal year. This will distribute about \$5,000,000 annually to the counties, and some of them are losing no time in finding a way to spend it. In Dallas County, for instance, where the general fund of the county is over half a million dollars in the "red," the County Commissioners Court held a special meeting the day after the Governor signed the bill, and raised the pay of 16 county employees. The plea made during the session was that the counties needed the state's money to pay for relief work, and to aid sorely pressed county taxpayers. But indications are that counties using the money to reduce the county tax rate will be few and far between.

Pension Future Uncertain
Future fate of Texas pensioners remained uncertain, as checks for July pensions, made late by a delay in Federal approval, went out. The Federal authorities have okayed August pension payments, but after that Federal participation will depend upon pension rules and regulations instituted by the new State Welfare Board, which will take over pension administration after Sept. 1, and on application of the newly liberalized pension law. The action of Congress on pending measures to liberalize Federal pension participation may also have a strong influence upon the future welfare of Texas pensioners. Full effect of the liberalized law, which it is believed will add a minimum of 50,000 new beneficiaries to the Texas pension rolls, will not be known until the staff can make inspections and pass on the flood

R. G. Gribble and Frankie Pennington Married at Pampa

Miss Frankie Pennington became the bride of R. G. Gribble in a quiet wedding in the home of Mr. and Mrs. C. W. Henry in Pampa Sunday morning at 8 o'clock. Mrs. Henry is the former Miss Anna Bell Pennington, the bride's sister.

Rev. W. M. Pearce, pastor of the First Methodist Church of Pampa read the single ring ceremony before an improvised altar of palms and shasta daisies. The bride wore an ensemble of beige and japonica with japonica accessories with a shoulder corsage of Peruvian lilies.

Following the ceremony a breakfast was served at the Henry home, where cut flowers adorned the reception rooms. Mr. and Mrs. Gribble then left for a week's stay in Colorado. For going away, the bride wore a black costume with black and white accessories.

Mrs. Gribble is well known here, the daughter of Mrs. C. E. Holcombe of Goldthwaite, who before her recent marriage was Mrs. Bulah Pate of this place. Mr. Gribble is the son of J. T. Gribble and was born and reared in Crowell.

T. E. L. CLASS

The T. E. L. Class of the Baptist Church met in regular monthly business and social meeting Thursday, July 20, at the home of Mrs. Will Womack with Mrs. Homer Zeibig, Mrs. S. P. McLaughlin and Mrs. R. J. Roberts as hostesses.

During the social hour a refreshing plate was served to eleven members and one guest, Miss Elizabeth Bell, of Plano. The election of officers will be held at the August meeting.

FOARD CITY W. M. S.

The Foard City Woman's Missionary Society met July 24 in the home of Mrs. T. F. Welch. Rev. Charles Morris of Vernon, revival preacher, brought a very helpful devotional.

Shower Wednesday Compliments Newly Married Couple

Mr. and Mrs. Recie Womack were the honorees at a lovely miscellaneous shower given at the Adolphian Club house Wednesday afternoon when Mrs. A. G. Bell, Mrs. Pete Bell, Miss Bernice Poland, Mrs. Hubert Brown, Mrs. J. S. Long, Miss Anne Lee Long and Mrs. J. P. Scott were hostesses.

Receiving the guests at the entrance was Mrs. Brown. She presented them to Mrs. W. R. Womack, the groom's mother; the honor guest, Mrs. Recie Womack, and her grandmother, Mrs. J. H. McDaniel. Mrs. Pete Bell asked the guests to register in the bride's book.

Misses Virginia Mae and Jenny Dee Coffey sang, "Let's Grow Old Together," with Miss Long accompanying them. Mrs. I. T. Graves gave a toast to the bride and also read two clever numbers, "A Courtship in Kentucky" and "Specially Jim." Mrs. A. G. Bell conducted the guests to the dining room which was attractive with cut flowers. The lace-laid table was decorated with pink flowers and Miss Bertha Womack, sister of the groom, and Miss Billie Brown served iced punch. Miss Long entertained with piano numbers during the social hour.

The beautiful and useful gifts, arranged in an adjoining room, consisted of silverware, glassware, pottery, linens and pyrex. Guests were served punch again before taking their departure.

DINNER PARTY

Mrs. A. E. McLaughlin entertained at dinner Monday evening honoring Jeff Bell, who left Tuesday for Washington, D. C., where he will take post graduate work.

Guests included Mrs. Gus Wilkingsham and son, Robert, of Waco; Mrs. C. P. Carter and son, George; Miss Ruth Cates and Mr. and Mrs. A. G. Bell and son, Jeff.

Next meeting will be held on Aug. 14 at the home of Mrs. W. L. Johnson.

ATTEND REUNION

Mr. and Mrs. C. C. Joy and children, Miss Vern, Kendrick and Elizabeth, attended a reunion of the Bible family at Inks and Buchanan Dams in Llano County last week. Mrs. Joy's mother was a member of the Bible family which family tree traces the lineage back to 1700 in Holland. About two hundred relatives attended the reunion.

From there, they went to Bryan where they visited their sons, Melvin and James Joy. Melvin is employed in the First National Bank in Bryan, and James is employed in the office of the Texas A. & M. College at College Station. Mr. and Mrs. Joy and children returned to their home last Thursday.

VISIT IN FT. WORTH

Mr. and Mrs. Elmo Holcombe of Goldthwaite, who were married July 6 spent Tuesday, July 18, in Fort Worth visiting Mr. Holcombe's mother, according to Frank Reeves Sr. in his column, "Chuck Wagon Gossip," in the Fort Worth Star-Telegram of July 20. Mrs. Holcombe was Mrs. Bulah Pate, resident of Crowell for many years before her recent marriage.

The column was headed with a picture of Mr. and Mrs. Holcombe and Mr. Reeves had the following comment to make:

"Mr. and Mrs. Elmo Holcombe spent Tuesday in Fort Worth visiting his mother, Mrs. B. P. Holcombe, and his brother, H. G. Holcombe, at 1120 Travis Avenue. They were married two weeks ago and now are making their home on a ranch near Goldthwaite. Mrs. Holcombe, before her marriage, was Miss Beula Sauls, daughter of Mr. and Mrs. J. H. Sauls of Hamilton. Holcombe is well known in ranch circles, as he was at one time a top hand on the SMS ranches, where he went to work as a youngster. His father, the late B. P. Holcombe, lived at Albany many years and he was sheriff of Shackelford County at one time. Elmo Holcombe was one of a group of cowboys that went to South America to work on a ranch. During the World War he volunteered and was a sergeant in the Reconnaissance Service and was stationed near New York. At the close of the war he ranched a while in New Mexico and then returned to the SMS ranch and was straw boss for a while. He then went to the Rio Grande Valley and was connected with the Texas Livestock Sanitary Commission as tick inspector. Mrs. B. P. Holcombe gave her son as a wedding present a pair of andirons her father, Chesley Dobbs, had made at a blacksmith shop at old Fort Bel-

ROTARY CLUB

Merl Kincaid, new president of the Rotary Club, presided at the meeting of the club Wednesday at noon at O'Connell's for the first time since he had become president. Merl expressed the opinion that the club had experienced a steady growth for the past several years and he promised to put forth his best efforts as president to help continue and enlarge on the progress that has been made.

The program, which consisted of an interesting talk by Rev. Harrell Rea, pastor of the Christian Church, was in charge of John Basor.

Visitors at this meeting were Rotarian Tommy Oliver of Natchez, Miss., L. E. Archer, new owner of the Speer's Store, L. A. Jobe of Munday, and Rotarians E. L. Magee, Herman Brown and Carl Vestal of Quanah.

The president called a meeting of the board of directors immediately after the regular meeting. The board is composed of Merl Kincaid, Floyd Thomas, Jack Seale, Pete Bell, E. G. Spears, John Basor and Hubert Brown.

WEST SIDE H. D. CLUB

"The kitchen is one of the most important places of the house, as the family is there much of the day," stated Miss Joellene Vannoy, home demonstration agent, at the meeting of the West Side Home Demonstration Club, "and a few pot plants and a new coat of paint every once in a while, will help to brighten the kitchen," she continued. It should be well lighted and as few doors as is possible. There should be four divisions in a kitchen, preparing, cooking, serving and cleaning, and cabinet space for the storage of pots and pans, and a roll of paper towels are very handy in the kitchen. A demonstration on care of the kitchen was given by Miss Vannoy.

The club will have a basket lunch at the south pocket park for the next meeting.

Death Rate from Diphtheria Can Be Controlled

Austin.—The State Department of Health urges that all parents of children from six months to ten years of age, who have not been immunized against diphtheria take them to their family physician and have this done at once. It will take some time to establish immunity to this disease, so the child should be given this preventive treatment now before the advent of cold weather when diphtheria is more prevalent.

It is a generally accepted fact among public health authorities that any community may control its death rate from diphtheria. Immunization has been proved a safe and effective preventive measure. Wherever immunizing treatment has been extensively used, diphtheria has steadily decreased.

The most forceful weapon in the control of diphtheria is prevention through immunization, rather than cure of the disease after it has developed. Children can be protected against diphtheria by the use of what is known as toxoid. Young children are particularly susceptible to the disease. Accordingly, as soon as a baby is six months old, the parents are advised to take it to the family physician and have it immunized — protected, by the use of toxoid. Older children in the family who have not had the protective treatment, should be immunized also, and this should be attended to now before the school season begins. This immunizing agent is absolutely safe to administer; there is only a slight local reaction, and practically no constitutional or troublesome after effects. It confers a life time immunity in the majority of cases.

To be certain that immunization is complete, however, the child should be taken back to the physician six months after the toxoid was administered, and given the Schick Test.

It is within the power of the parents of this state, co-operating with their physicians and public health departments, to eliminate diphtheria from Texas.

Try and Be Helpful to Those Around You Coyle Tells Students

Detroit, July 24.—"The best advice I can give you is to try and be helpful to those around you."

This counsel is the highlight of the message which M. E. Coyle, general manager of Chevrolet, delivered to the 32 students of the Post-Graduate School of Modern Merchandising and Management at its luncheon in the Revere Club here this week. The school is nearing completion of the sixth session held since its organization by W. E. Holler, general sales manager of Chevrolet, in 1938.

"You will graduate and eventually become the heads of your places of business as dealers," said Mr. Coyle. "I do not like the word 'boss' for those who head any establishment or department. I have worked for many people and many people have been under my jurisdiction, and the ones I remember best are those who were helpful to me."

"That is the best advice I can give you—try to be helpful to those around you. Do this unselfishly. Be sincere. "Have courage, and confidence in your job. The world isn't finished yet, and it is filled with opportunity for everyone who has these qualities. From this school, you have received not only the background of the industry, but also the broader view which comes of contact with others from different parts of the country. Develop this broader view in your minds. Learn to evaluate and weigh, to form your own opinions and decide your own course of action."

"You will learn that you must do your own work. Nobody will, or can, do it for you. Those who have created in the past, and those who have carried on, have had to learn that early. Those who have been leaders, these past 40 years of rapid change, built on that foundation. It will be the same in the future."

Insect Lore

Two scientists have a novel method of picking up beetles, bugs and butterflies at Waskesiu, Sasatchewan, summer resort. They paint tree trunks with a mixture of beer and brown sugar. Later in the evening by flashlight they gather a rich harvest of drunken insects.

Forty Tribes Dance at Gallup Ceremonial

War bonnets, ceremonial paint and feathers signal the approach of the Inter-Tribal Indian Ceremonial to be held at Gallup, New Mexico, August 17-20, inclusive.

GALLUP, N. M.—Indian drums are sounding in the far places of the Southwest. Soon it will be time for the many tribes to gather at the place by the bridge (Indian for Gallup, N. M.)

Here each year seven thousand Indians from nearly forty different tribes join forces to produce America's most colorful and spectacular Indian Show, the annual Inter-Tribal Indian Ceremonial. For four days they will dance, chant, compete in sports and engage in weird pagan rites before capacity audiences made up of their white brothers. The Gallup Ceremonial is the largest and most authentic Indian spectacle of its kind in the country.

Usually the Ceremonial is held the last part of August. But a change in dates has been announced by Joseph Lieberman, Santa Fe agent and this year's president of the

Ceremonial Association. The event will open on August 17th and through four days with the last performance scheduled for the evening of the 20th. In addition to regular shows, the association also arranged a colorful street parade each day except Sunday.

A special attraction each year is the unusual display of Indian arts and crafts in the Exhibit Hall, where thousands of articles are shown. A score of native craftsmen will be at work showing the technique of Indian handicraft.

Yes, the Indian drums are sounding in the far places of the Southwest, and soon the Navajos, Zopis, Utes, Apaches, Laguna, Acomas and a score of other tribesmen and their families will be on the trek to "the place by the bridge," Gallup, N. M.
