## CROWELL WILDCATS WILL GO TO SEYMOUR FOR ANNUAL CLASH WITH PANTHERS FRIDAY NIGHT

Coach Grady Graves' Crowell Wildcats tapered off their week's practice Wednesday afternoon with a light game against the Panthers. The boys are expected to leave for Seymour tomorrow night in a game that will be a feature tilt of the district 9-A.

With slight injuries sprinkled among his cohorts, Coach Graves led the boys through a light practice session Monday and released them for the afternoon Tuesday. Wednesday afternoon they donned their uniforms again and briskly through their last practice before the game.

**Strength Near Even**

This game will have no bearing on the championship, as both Wildcats and Panthers have been dropped from the running. It will hold fans' interest because of the colorful rivalry that surrounds the annual meeting of the two clubs.

During the past few years the Wildcats have been highly favored over the Panthers, but tonight the teams will be near equal in that they have been since 1936. During these years in which the Crowell teams have ranked at the top in the district, the Panthers always came up to match the Wildcats their hardest competition and the prediction is that it will be the hardest fought game of any in the district.

Seymour, like Crowell, did well in its practice games, once topping the powerful Munday eleven and then bounced back into district play to scare the "day-birds" out of Burk Burnett and Chillicothe. They dropped their game to the Bulldogs by a 20-14 score and then held the Eagles to a 10-0 battle.

The Wildcats won their three practice games, lost to Burk Burnett, 20-7, and to Chillicothe, 7-6, but came back to trounce the highly-touted Iowa Park Hawks and Archer City.

So, as far as records are concerned, the Wildcats and Panthers are practically even, and it appears that the team that is in the best condition and receives the best "kick" will leave the field the victor Friday night.

**Battle in the Line**

For the first time this season, Crowell's fans will be watching a battle between two opposing linebacks, instead of two backfields.

This pitched battle will be between Crowell's Oran Johnson, best outstanding tackle for this district in several years, and Seymour's Starkey, who has landed three all-district guard berths and who is making a bid for his fourth consecutive honor title.

With the exception of the two games in which he carried injuries, Johnson has been in his opinion the greatest worry and his play in the Paduch, Nocona, Iowa Park and Archer City games has not been equalled by a lineman of the district this season.

During the meantime, all reports are that Starkey has been backing up opposing backs all over the gridirons of this section in his bid for all-district guard, and the expected battle between him and Johnson is expected to draw most of the observer's attention during the game.

**Crowell Team Ready**

Coach Graves stated at the close of the last work-out Wednesday afternoon, that his team was ready for its old rivals, both physically and mentally. The Wildcats are in good condition and are expecting one of their hardest games of the season in Seymour tomorrow night.

John Lee Orr and Que Meason, Crowell's galloping ball carriers, are all set to make their final appearance on the Seymour gridiron with a performance that will keep them long in the minds of the neighboring city's pigskin followers. Both boys have piled up excellent records during the past and present season and they carry Crowell's scoring duties, a job they have performed well this season.

Bill Ownbey and Leroy Gibson will also be ready for this first, last and only appearance on the Panther field and, although they seldom lug the leather, their blocking is as important as ball carrying. Ownbey and Gibson should be in great form tomorrow night. Other Wildcats who will meet the Panthers for their last time are Wayne Canup, Charlie Clark, Frank Dunn, Jack Fitzgerald, Murphy Sollis, Johnson and Smith, or in brief, the entire Crowell team.

Canup and Smith jumped into prominence last week with their passing combination, Smith to Canup, which worked well and

## KEEP YOUR RED CROSS READY

THIS striking painting of a Red Cross nurse keeping the symbol of mercy flying is the keynote of the 1939 appeal for membership in the American Red Cross. Faced with the need for strengthening daily Red Cross services in 3,700 Chapters, and with its chartered obligation to aid in some measure in meeting the distress of the men, women and children refugees in war-torn countries across the sea, the Red Cross asks every man and woman in the

## Three Crowell Men Escape Injury When Car Turns Over

Three Crowell men escaped serious injury when their car overturned after striking a highway marker on State Highway 28, 4 miles east of Crowell last Saturday night. Those in the automobile were Jim Riley Gafford, Gordie Johnson and Roy Canup.

They were traveling east toward Vernon and, according to Mr. Gafford, who was driving, he was crowded from the highway by an approaching vehicle and was blinded by the headlights as he passed the car. Before his eyes could recover from the glare, his car had struck a highway marker.

The automobile was said to have turned over three times, but it was not greatly damaged.

## Football Official Commends Crowell Fans for Excellent Sportsmanship

Crowell has long been proud of the sportsmanship shown by its fans and teams in sports, because the good sportsmanship shown by all those involved has largely been responsible for the success of local teams in the past.

Some towns bear the reputation of having unsportsmanlike fans. This type of fan can create ill feelings for his city by unfriendly actions during a football game.

The fans of Crowell are to be commended upon their respect shown to officials in games which local teams have taken part in during the past. It makes one feel prouder when an "outsider" takes notice of this as has been done by a football official who, in a letter received this week, spoke highly of the Crowell sportsmanship.

This official is Noah H. Meads of Vernon, who has worked in numerous games in Crowell. Mr. Meads was scheduled to work in the Iowa Park game played here recently, but due to some misunderstanding in the arrangements, did not appear and was replaced by Iowa Park's assistant coach, Mr. Neal.

Following is a part of a letter written to Coach Grady Graves in which Mr. Meads expressed his regrets for not understanding the arrangements and in which he speaks of the sportsmanship which exists in this city:

"I am indeed sorry about this and accept full blame, because I did not call you sooner to find out for sure when I was supposed to work for you. I am especially regretful, because of the high caliber sportsmanship you as a coach and gentleman have displayed, also the Crowell people, who have always been good sports. I enjoy working games for such people, and that is the more reason I hate it about this incident.

"The above is not meant for political purposes, nor am I casting bouquets, that's the way I feel about it. I officiate just the games where there is good feeling and like to meet and make friends with good people, otherwise I don't officiate any game at all. I mean this as highly complimentary, because I have been to Crowell several times and enjoyed it."

## ALL-TIME TAX COLLECTION RECORD FOR OCTOBER SET HERE; OVER \$61,500.00 COLLECTED IN MONTH, SAY COLLECTORS

## RED CROSS ROLL CALL DRIVE WILL START WEDNESDAY, NOV. 15; QUOTA IS 250 MEMBERS

The campaign to secure Red Cross memberships in Foard County will start with a breakfast at O'Connell's Lunch Room Wednesday, Nov. 15, which will be attended by chairmen of the committees and other workers who will participate in the Red Cross Roll Call, according to an announcement released this week by Jack Seale, Red Cross Roll Call chairman for the county.

The Red Cross Roll Call quota for this county has been increased 100 as compared to last year. The quota for 1938 was 150 and for 1939 it is 250.

Faced with a growing demand for Red Cross assistance to the stricken populations of Europe's warring nations and a need for strengthening its domestic operations, are reasons for the American Red Cross to embark Nov. 11 on the greatest membership campaign since the World War.

Those who have been selected by Mr. Seale to assist in soliciting memberships are as follows: John Long, Mrs. H. Schindler, John Rator, Rezie Womack, Mrs. Henry Borchardt, Henry Black, Leslie Thomas, D. R. Magee, Miss Joeline Vannoy, Mrs. L. A. Andrews, T. S. Haney, Mrs. W. B. Johnson and Mrs. F. A. Davis, for Crowell.

Mrs. Blake McDaniel, Foard City; Mrs. Frank Cates, Four Corners; Mrs. Ab Dunn, Margaret; Mrs. John S. Ray, Rayland and Riverside; Mrs. Alton Miller, Texaco Plant; A. B. Wisdom, Thalia, and Mrs. T. W. Cooper, Vivian.

Funeral services for William S. Tarver, former resident of Foard County who died in an Abilene hospital Friday night at 7 o'clock, were held in the Thalia Baptist Church Sunday afternoon with Rev. F. D. Pearson of Vernon officiating, assisted by Rev. Frank McNair of Electra and Rev. Don Culbertson of Margaret.

Interment was made in the East View Cemetery in Vernon with the Womack Funeral Home of Crowell in charge of arrangements.

Pall bearers were Allen Shultz, Johnny Gamble, C. C. Wheeler, Fred Brown, Sim Gamble and Les Hammonds. Flower bearers were grandchildren of the deceased.

Mr. Tarver was born in Tyler County on August 24, 1858. He lived near Waco for ten years before moving to Foard County. He lived near Thalia for 25 years before moving to Abilene on July 15, 1937.

## Applications for New Loans Being Taken by F. S. A.

Applications for new loans from the Farm Security Administration are now being taken, according to Julian Wright, rural supervisor.

Families wishing to borrow from the Farm Security Administration, and who have not borrowed in 1939, may see a representative each Saturday in Crowell at the courthouse.

Mr. Wright states that action will be taken on applications as quickly as possible.

## Truscott Team Loses To Sunset Last Week

The Truscott High School six-man football team was defeated by a 50-12 score by Sunset in a game played at Munday last Friday afternoon. The Truscott club was accompanied by the high school pep squad.

The starting lineup for the Truscott team was as follows: Howard and Smith, ends; Cook, center; Massingill, Browder and English, backs.

## Battlefront Headgear Stresses Safety

With camouflaging weeds fastened on their steel helmets to fool enemy airmen, three Tommies of the East Surrey British regiment pause to light their cigarettes. Natural and artificial camouflages have been developed to a high degree by both sides of the present conflict.

An all-time record for payment of current taxes for the month of October in Foard County was set during the last month, according to reports from Sheriff A. W. Lilly, state and county tax collector, and L. A. Andrews, tax collector of the Crowell Independent School District.

Sheriff Lilly reported that when the tax collection records for October were closed on the first day of this month over 65 per cent of the 1939 state and county taxes had been paid. This percentage represents \$51,532.70 of the \$81,251.97 taxes charged on the current rolls. This tax collection report does not include poll taxes.

Mr. Andrews stated that 38 per cent of the taxes listed on the 1939 roll for the independent school district had been paid before November 1. The total amount of current taxes collected during October was \$19,149.64, and the 1939 rolls carried \$17,275.96 in taxes.

**Delinquent Payments Good**

Both tax collectors reported good payment of delinquent taxes during the last month. Sheriff Lilly reported that \$2,635.49 on delinquent taxes were paid, and the reports of Mr. Andrews carried \$843.68 in delinquent payments.

**Discount Given**

The reason for the record-breaking tax payment during this month is traced directly to the 5 per cent discount given by the state, county and school district on current taxes paid in this period.

The tax discount will be credited on during the remainder of the year, however, it will gradually decrease between now and January 1, 1940.

During this month, November, a discount of 2 per cent will be allowed and starting with December 1 the discount will be lowered to 1 per cent. No discounts will be given after the first of the year.

## ARCHER CITY DROPS MATCH TO WILDCATS

Local Gridders Score Easily To Mark Up 33-0 Score

Scoring easily in the first three quarters of their game here last Friday night with the Archer City Wildcats, the Crowell Wildcats rang up their second conference victory by a score of 33 to 0.

Que Meason, Crowell crack halfback, who was believed earlier last week to be unable to play, had recovered from an injured ankle and was in the starting lineup to turn in a brilliant game, defensively and offensively, before retiring at the half.

The outstanding defensive player of the game was Oran Johnson, Crowell's candidate for an all-district tackle berth. He figured in stopping practically every Archer City play and spent most of the evening jolting passers and punters. Very few defensive players of Johnson's caliber have been seen in this district.

Charlie Clark also sparkled on defensive play and is earning a rank in which he will be named among the outstanding tacklers at the close of the season.

Frank Dunn and Hugh Sollis, guards, handled their duties excellently and figured much in Crowell's victory. Their defensive tactics were A-1 and each was responsible for a touchdown with timely and well-placed blocks, game at center for Crowell and left the field at the half to leave for Waco, where he saw the Baylor-T. C. U. Saturday.

John Lee Orr, fleet Crowell quarterback, played the first two quarters of the game and scored three of the Wildcats' touchdowns, one coming from a scintillating return of a punt.

Leroy Gibson and Bill Ownbey, fullback and halfback, showed improvement in the blocking department, and each were given chances to lug the leather, to pick up many yards.

At the half, Coach Grady Graves withdrew his first string backfield, with the exception of Ownbey, and A. Y. Olds, Ted Crossnoe, H. C. Brown and Ownbey formed Crowell's offensive combination during the second half, during which two touchdowns were chalked up.

Brief Bits of News From Here and There

The United States buys abroad \$100,000,000 worth of silk annually. Silk is produced to some extent in this country but American silk is far inferior to Japanese silk and cannot be used in the manufacture of women's hose. The reason is that the Japanese unwind the silk cocoon fibre by hand, while in this country, because of greater labor cost, the silk is carded from the cocoons. This produces a short fibre, suitable only for dress material, lingerie and neckties.

More than three-fourths of all commercial and industrial concerns in the United States have a net worth of \$10,000 or less. The convention adopted a resolution demanding the repeal of the Wagner Act and the enactment in its place of a labor relations law "That will be fair to employer,

Our Weekly Sermon

By Rev. Clarence H. Benson Member of Faculty, Moody Bible Institute, Chicago.

War's Woeful Revelation

Text—And Hazael said, Why weepeth my lord? And he answered, Because I know the evil that thou wilt do unto the children of Israel. . . . And Hazael said, But what, is thy servant a dog, that he should do this great thing? —II Kings 8:12, 13.

We have a wonderful picture here of the ignorance of men as to the wickedness of their own hearts. Hazael could not believe what Elisha prophesied concerning him. He did not think that he was bad enough to do any of the things he predicted. It is true he may have been as unscrupulous as many men of his day and secretly had ambitious designs to succeed Benhadad on the throne of Syria, but to murder him and thousands of innocent women and children, never. "Is thy servant a dog, that he should do this great thing?" He could not believe that such wanton cruelty arked in his breast or that such barbarity toward women and children could be perpetuated with his sanction. He was not capable of such awful deeds. For once the prophet must be mistaken.

But the prophet did not speak as one who hazarded a conjecture. He foresaw the event with absolute certainty, and we later see Hazael acting with perfect freedom.

Present-day events are a fitting type of this chapter in II Kings. We have the Word of God that predicts that "evil men and seducers shall wax worse and worse, deceiving, and being deceived," and that "in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection, truce-breakers, false accusers, fierce, despisers of those that are good, traitors, heady, high-minded, lovers of pleasures more than lovers of God." With the enlightenment and learning of the last century such a condition of affairs seemed impossible. But all of a sudden the world has learned that while the spirit of Christian civilization was willing to promote peace and prosperity, the flesh was weak, and that Christian civilization was fully capable of performing undreamed of atrocities. There is no use complaining of the brutality of one nation and the inhumanity of another. War makes monsters of men and there is no such thing as refined warfare. Human nature is the same today as it was thousands of years ago, when in one unguarded moment it turned a beautiful garden into a home of wickedness, want and woe.

Every person that comes into this world is born with a depraved nature, though he may be ignorant of it until some great catastrophe reveals his true condition, or the Spirit of God brings him to a realization of it. Men account crimes revolting when they hear of their comrades being convicted of them, but they do not realize that at heart they are no better.

War reveals not only the depravity but also the deceitfulness of human nature. Truly the Bible says, "The heart is deceitful above all things and desperately wicked." Let the fact that many of God's saints felt where they seemed to be strongest, teach us to take heed to ourselves lest we also be tempted and cast down. Moses the meek failed in his temper. Abraham faltered in his faith. Patient Job waxed irritable. Wise Solomon was an arrogant fool.

The deceitfulness of human nature forbids us from boasting of our strength. For years our civilization has boasted that the nations should learn war no more, but now is such boasting vain. No man is in as much danger as the one who thinks he is not in danger. None is so likely to sin as he who thinks he cannot sin.

Last of all, war reveals the dependence of human nature. Paul's paradox was, "When I am weak then am I strong." Paul realized his weakness, and when he had the fullest realization of his infirmities he felt he was in the best position to live and to labor for Christ, for his dependence was not on himself but on Christ. That should be the attitude of every Christian, and he will then be prepared for whatever comes, Christ's last words to His disciples on the terrible night of desertion and betrayal were: "Watch and pray lest ye enter into temptation; the spirit indeed is willing but the flesh is weak."

employee and the public at large. A new type of strike being promoted by labor organizations in the automobile industry is the "slow down" strike. The purpose of the "slow down" strike is to reduce production and allow employees to determine at what pace operations shall proceed. In one of the automobile plants the paint workers permitted one car in four to go by on the line without painting. This tied up the line until the car could be taken off and sent back through. It is stated that in view of its decisions in other cases there is some justification for expecting that the National Labor Relations Board, operating under the Wagner Act, will order reinstatement with back pay any worker dismissed by an employer because of his activity in inciting or leading a slow down strike.

### ETERNAL MEMORIES

In spite of the increasing length of time since Armistice Day, 1918, we can never forget the deeds wrought by American soldiers. Let this Armistice Day pay full tribute to them—Living and Dead.

Only a few years have passed since American soldiers fought and died to make the world safe for democracy but now that a scant 20 years have passed, the democracies and dictatorships of Europe are at war again. As we observe this day of peace, November 11, let us offer a prayer that never again will the United States have to see its youth die on foreign soil fighting for a cause of which we should remain aloof, because there is no need for America to be drawn into a second world war.

WAR is the news of the day and with the modern newspapers and radio one has war thrown before him daily. Many predict that the United States will again be involved, but every straight-minded citizen should look back on the horrors of the last war, which in its end accomplished nothing, and work and strive to keep this country out of European conflicts.

**HAVE TROUBLES, TOO**

It seems that our neighbor to the west, although much bigger than Crowell, might experience or is experiencing trouble with its business going elsewhere if Childress can entice it away with advertising, according to "I Give You Paducah," by E. D. Fyke, in the Paducah Post. The following paragraphs are taken from this column:

Morris Higley, editor of the Childress Index, in a recent editorial regarding possible loss of Childress' railroad shops, said Childress could make up for loss of the shops by taking more business from such towns as Wellington, Memphis and Paducah. In other words, Higley believes that Childress merchants should open a campaign to attract sufficient trade from Paducah and other surrounding cities to offset loss of the shop payroll.

Deskin Wells, writing in the Wellington Leader, commented, "If you want to play that way, we do not have much to say, Morris, but over here in Wellington we are just like the French—we are ready."

I wonder if Paducah is ready? Paducah merchants have just as good, and in many cases better, stocks than can be found in Childress. Prices here are not a great deal, if any, higher than in our neighboring city. But are Paducah merchants making the same effort to attract trade that Childress is making? That is an important question, because after all we know that trade follows advertising. We know if Childress floods Paducah with grocery advertising and local merchants make no attempt to retaliate, some local residents will buy groceries in Childress. That's just an example, the same line of reasoning is applicable in any business.

Wellington, a city about the size of Paducah, can say we're ready. Last week the Wellington leader carried 20 pages of advertising messages from more than a hundred local retail stores, including most of the city's grocery establishments. Wellington is fighting for business and is getting results. Wellington is confident. Wellington knows that Childress can't infringe upon her rights.

Tolerance is a fine accomplishment and a truly cultural asset.

(Continued from Page One)

By the end of the game, Coach Graves had run in everyone of his reserves and Johnson, Ownbey and Solis were the only regulars remaining in the lineup.

Wayne Canup and Dick Smith, wingmen, brought back memories of the famous passing combination of last season. During the game Smith was chunking passes and Canup was on the receiving end. During this game, Canup returned to the same pace that landed him on all-right last year.

**First Quarter**

Gibson returned the Archer City Kick off to the Crowell 35 and three running plays by Orr and Meason netted only 7 yards. On the fourth down, an invading Wildcat broke through to block Meason's punt and Autrey recovered on the Crowell 37 for Archer City.

Archer City was held for downs and Johnson punted to the Crowell 10 with Orr returning to the field, faded back many yards and headed for the south sideline, where he was being hemmed in when Meason came in with a jarring block to remove the obstacle. Orr advanced some 20 yards when Dunn came in hard with a block to put Orr into the open and the shifty quarterback streaked down the field for the opening touchdown. Canup's kick from placement was blocked.

The remainder of the quarter was played in the center of the field with neither team threatening, and Crowell was leading 6-0 at the end of the period.

**Second Quarter**

On the second play of the quarter Crowell was set back to its 19-yard stripe with a 15-yard penalty and after Orr had gained 3, Meason punted to the Archer City 37. Here the opponents were held for downs and Ownbey took the punt on the Crowell 41 and was dropped in his tracks.

On the first play, Orr shot a pass to Canup who galloped about 40 yards to the Archer-City 3-yard line before being dragged down. Orr plunged through the line for the second touchdown and Canup passed to Ownbey for the extra point. Crowell 13, Archer City 0.

Late in the second quarter, the local Wildcats staged a 60-yard drive for pay dirt. Taking the ball on the Crowell 40, Orr and Meason alternated in carrying the ball to advance it to the Archer City 21. Orr and Smith passed incomplete and Orr spun through center on a fake play to race the 21 yards to the goal line. Canup booted the extra point. Crowell 20, Archer City 0.

The quarter closed three plays later.

**Second Half**

Crowell took the opening kickoff and drove over for a touchdown without losing the ball. Canup returned the kickoff from the Crowell 20 to the 40. Brown recovered a fumble for a 5-yard loss. Olds spun through center for 7. Smith completed a pass to Ownbey for 23 yards to put the ball on the enemy's 38. Olds made 4 and Brown added 3. Smith connected with Canup for 15 yards. On two plays Olds made 16 yards to put the ball on the Archer City 3 and on the third play he went through the line to cross the goal. Brown attempted an end run for the extra point. Crowell 26, Archer City 0.

Archer City took the kickoff and drove down to the Crowell 21, the deepest they were able to penetrate into Crowell territory during the game, but lost the ball on downs at this point.

Ownbey lost 4 and Olds gained 3. On the third down, Smith dropped back and shot a 30-yard pass to Canup who took it on the mid-stripe and ran the remaining distance to the goal line. Solis made the run possible for Canup when he removed the only player who had a chance at stopping him was a deadly block. Canup again kicked the extra point from placement. Crowell 33, Archer City 0.

The fourth period was played between the 30-yard lines and Crowell's defense completely smothered any attempt the Archer City boys tried to ring up a touchdown and avoid a blank-out.

Austin, Nov. 6. (Special)—A Texas Game Department warden recently arrived upon the scene of one of those terrific battles nature's children sometimes engage in just in time to rescue one deer, but the other had not survived a struggle to death which, persons who have witnessed such battles declare are as thrilling as any plot ever conceived by an author.

The warden arrived on a flat over the Hobert Ranch in the Hill country to find a pair of seven and eight point bucks with their horns locked and signs of a terrific struggle having taken place. One buck was dead, but the warden worked with the other, the eight-pointer, got him loose and watched the deer literally stagger off into thick cover. Bucks fight frequently, but it is not so often that their horns become locked. However, if that occurs and no outside help is available, both deer are generally victims of the battle.

White-wing doves, considered much better sport than mourning doves, generally remain in Texas' Rio Grande Valley. Large numbers are found in several counties there, but this year, and the reason is not known by Game Department biologists, the birds have come much farther north than usual. Flights of several hundred each have been seen in Medina County and a good many sportsmen of that section have gotten their limits of white-wings without having to make the usual trek to the Valley. Infrequent reports of white-wings nesting as far north as Medina County have also been received by the Game Department.

An Abilene fisherman recently lost \$30 in prizes because he had not spent \$1.10 for a fishing license. Abilene merchants marked a dozen fish and released them in Lake Abilene. The largest one carried notification of a prize of \$50 for the person catching it providing he had a fishing license. Smaller fish were marked for prizes of less amount. Only one sportsman has caught any of the marked fish according to latest reports. However, he did hook the \$50 fish, but was unable to collect because he did not have a fishing license. He remedied that situation with a \$1.10 purchase, and believe it or not, returned to the lake to catch another fish which had been marked. However, the second catch was worth only \$20 in prizes and the fisherman was "out" \$30. Other sportsmen of

that section are still trying to catch the remainder of the marked members of the finny tribe in Lake Abilene.

Motor cars take a terrific toll of deer, as is attested by a report to the Game Department's executive secretary by the Warden at Fredericksburg, who stated that a personal check disclosed seventy-six deer found dead on the highways of one county, Gillespie, during a period from October 1, 1938, to October 1, 1939.

**What We Think**  
(By Frank Dixon)

In my opinion this country's greatest danger does not exist outside of her borders, but within. This danger arises from the condition of unemployment that exists, and the failure of our leadership in government and industry to solve it.

Whether the fault lies with industry in failing to foresee conditions and be prepared for them, or whether the fault lies with the government in failing to foresee the end to which we have been drifting the past forty years and in failing to require industry to adopt the practices necessary to prevent such a situation makes little difference as far as solving the present problem is concerned.

There are in the country today several million unemployed. Many of these are men and women trained for special tasks who have made a diligent but unsuccessful effort to find employment and find themselves little nearer the goal of security than they were six years ago.

Many of these, in spite of stout hearts and faith, have become discouraged and are raising in their own minds the question: "What is wrong with a social order that has lost the power to function? The futility of any effort to better their conditions and seeming hopelessness of it tries men's faith both in themselves and in their government.

This condition has served to create a fertile soil for the sowing of the seeds of propaganda, and new and radical isms by agents of every sort.

The situation should not be underestimated. Hungry men are the material out of which dictatorships and revolutions have always been made.

In my opinion industry has failed to meet its responsibility in the past in that it has not provided for such a contingency. I do not believe that this failure is the result of deliberate design. I do not know that anyone knows what practical thing might have been done by industry that would have prevented this demoralization and economic debacle of our democratic social order.

I believe that the condition is not a product of one year or two years unsound practice. It is the natural result of an unsound practice in industry and government extending over a period of more than forty years, a period in which practices were followed by government and industry alike that led inevitably to the very thing that we are now experiencing—the day of leveling out, the day of readjustment.

I firmly believe that in the effort by government to correct the situation that too much encouragement has been given to radicalism and to much restraint and regulation has been imposed upon business. But for this, recovery would by this time be well on the way.

In my opinion the best time to right any wrongs that may exist in the practice of industry is when industry is on its feet and in its stride, rather than when it is on its back. I do not believe that this is the time to bring into the picture, uncertainty, and fear, and drastic regulations. I believe that the first duty is to restore recovery and employment. When this is done the chronic and systemic ailments of industry and business can each be treated as their nature warrants.

Jameson Jr., teacher in the Truscott schools, and his wife, who accompanied them to Crowell. Rev. Jameson is a former resident of Foard County, having spent his boyhood days at the family home on Pease River.

**FSA Croup to Help Farmers Work Out Tenure Agreements**

Farmers who anticipate difficulty in working out tenure agreements for next year because of excessive debts may get expert help from the Foard County farm debt adjustment committee which meets at 3 p. m. Thursday, Nov. 9, 1939, at Crowell, in the court house.

"This is the time of year when creditors are most active in pushing collections," said Julian Wright, Farm Security Administration supervisor, "and it is imperative that every farmer make his arrangements now. He must begin his next year's crop free from the possibility that he might be forced to abandon it because of foreclosure of land or chattels."

The Foard County farm debt adjustment committee, which is sponsored by the FSA, is composed of public-spirited local business men and farmers," the supervisor said, "and has been quite successful in working out voluntary agreements between farmers and their creditors whereby the farmers can continue to operate and eventually pay their debts. Each case is considered on its merits and the matter kept confidential."

Farmers in need of this service should go to the county FSA office, or to one of the committees, or they might appear at the meeting.

Committees are: Hubert Brown, C. P. Sandifer and C. E. Gafford.

**THALIA METHODIST W. M. S.**

The Methodist Woman's Missionary Society of Thalia met in the home of Mrs. C. H. Wood Monday in an all-day meeting. In the morning the older ladies of the church presented the following program, with Mrs. W. G. Chapman as leader. Scripture was from the 15th chapter of I Cor.; Prayer by Mrs. J. L. McBeath; song, "Take Time to Be Holy"; topics providing for workers and work were given by Mrs. L. H. Hammonds and Mrs. E. S. Flesher; duet, Mrs. C. H. Wood and Mrs. H. W. Gray; "A Woman's College in Rio," by Mrs. Langley.

Then a covered dish dinner was served and in the afternoon the younger women presented a program with Mrs. E. S. Flesher as leader. Mrs. Homer McBeath led in prayer. The Sacrament of Work by Mrs. Douglas Tucker; Picture interpretation of the Angelus, by Mrs. Norman Gray; Lowell McKinley; Youth, Miss Maxine Flesher.

The meeting was closed with prayer by Mrs. Chapman. An offering was taken after which a game of Bible Lotto was enjoyed, and a short business session was held. Eighteen ladies attended.

**MARGARET P. T. A.**

Margaret Parent-Teacher Association met in regular session on Friday, Nov. 3, at the school house with Mrs. Leo Owens, president, in charge.

Mrs. Joe Bledsoe resigned as secretary-treasurer of the association and Mrs. J. L. Hunter Jr. was elected. The president named the following committee chairman for the year: Budget and finance, Mrs. Joe Bledsoe; procedure and by-laws, Mrs. Bill Bonds; hospitality, Mrs. A. B. Owens; membership, Mrs. Erwin Reed; program Mrs. Raymond Sykes; publicity, Mrs. J. L. Hunter.

During the business session it was voted to buy playground balls and have the swing and see-saw fixed.

Mr. Reed reported \$8.75 cleared from the shadow supper the P. T. A. sponsored the night of Oct. 26. The school presented a special musical program at that time. Four musicians from Vernon also furnished music.

The next meeting will be a forty-two social held at the school house the night of Nov. 17.

**TRUSCOTT P. T. A.**

The Truscott Parent-Teacher Association met last Thursday night, Nov. 2, in its regular session in the High School auditorium with the president, Mrs. Benton Westbrook, presiding.

The following program was rendered:

Devotional, L. P. Jones; songs were sung by the congregation led by Warren Morton; rhythm band number, first and second grades; talk, Margerite Westbrook, playlet, fifth and sixth grades, directed by Miss Lela Jones.

**FOARD CITY H. D. CLUB**

"Now that time for culling hens has come, a few of them might be reserved for family use," said Miss Joellene Vannoy at the Foard City Home Demonstration Club, when it met on Tuesday, Nov. 7, at the home of Mrs. Carvel Thompson.

A very appetizing dish is fricasseed chicken. This is prepared by browning the chicken in a fat composed of half butter and half lard. When it is brown start adding tomato juice. As it absorbs the juice add more until the meat is well done. Put the meat on a dish. To the liquid add flour and milk to make a gravy.

To improve flavor of stewed chicken, start cooking in cold water. A tablespoon of vinegar makes the chicken more tender.

During the business session it was decided to enter an educational exhibit in the general exhibit which is to be held in Crowell Friday and Saturday, November 10 and 11.

Following the meat cookery demonstration at the home of Mrs. Thompson, the group repaired to the home of Mrs. J. M. Glover, kitchen demonstrator. There, a cheerful, colorful kitchen was observed.

Punch and cookies were served to 14 members and three visitors, Mrs. Earl Patterson, Mrs. Joe Ward of Crowell and Miss Evelyn Jones, Mrs. J. R. Merriman and Mrs. Grady Halbert were recognized as new members.

Crowell's all-district center, Jack Fitzgerald, has caused much comment in the district this season and should be a stand-out tomorrow night.

The Crowell Wildcats will hold a weight advantage of seven pounds per man over the Panthers, as the Wildcats average 160 pounds and the Panthers 153 pounds, however, in conference play this season it has been found that a weight advantage has very little to do with the final score.

In the line, Crowell has an average of 169 pounds per man while Seymour has an average of 158 pounds. The backfields are nearer even in weight as the Wildcats average 150 pounds and the Panthers 147 pounds.

**Playlet Is Featured At Townsend Meeting**

The Crowell Townsend Club met in the district court room at the court house in Crowell last Thursday night at which time a playlet and musical numbers were featured on the program. Over 150 persons were present in spite of bad weather conditions to mark the largest attendance at a meeting in over six weeks.

Following the regular business session, the entertainment committee, composed of Miss Tessie Wilson, Glen Williams and Truman Howard, took charge of the program and entertained for an hour with dialogues and musical numbers.

Two young ladies of the community joined the entertainment committee last Thursday night and will prepare an hour of music and fun for the next meeting of the club which will be held Thursday night, Nov. 16, at 7:30.

The committee in charge of the next program released the statement that the meeting on Nov. 16 will be the biggest and most entertaining presented by the club to date.

The public is invited and urged to attend this meeting.

The American Red Cross this year appeals for a million more members. Last year the Red Cross emblem of mercy waved at the scene of 157 disasters in this country, bringing assistance to nearly 130,000 sufferers. Join during Roll Call this year, November 11 through 30, and keep your Red Cross ready.

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 12.

The Golden Text is: "Henceforth know we no man after the flesh" (II Corinthians 5:16).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "As is the earthly, such are they also that are earthly; and as is the heavenly, such are they also that are heavenly. And as we have born the image of the earthly, we shall also bear the image of the heavenly" (I Corinthians 15:48, 49).

**Two Minute Sermon**  
(By Thomas Hastwell)

This Is My Job: The happiest man is he, who after he has selected his vocation for life and devoted his life to it, can contemplate it with pleasure and satisfaction and say: "This is my job, this is the thing that I was made to do." There is nothing in this life that will bring more satisfaction to a man than the realization that he has found his place in the scheme of things and that he is doing a useful thing in a splendid way. Not only is it important that a man find his place in the workaday world, but it is equally as important that he find his place in the church. The many phases of church activity offer an opportunity for the expression of any peculiar talent any individual may have. As it is important that one find his place and work in the church and persevere it diligently that he may be able to say of it with a full measure of satisfaction and joy. "This is my task, this is the thing I was made to do."

## AREA MEETING

Officers of the F. H. T. attended an area meeting at Lubbock, Saturday, 4. The girls left Crowell at 9:30 a. m. and arrived at 11:30 a. m. Immediately following the girls registered at the high school and attended a morning session. They entertained by the Lubbock School string orchestra, dances and a sing-song. After a business meeting was held it was decided that the area meeting will be held at Lubbock.

Mr. and Mrs. Bert Self, Mrs. Moody, Mrs. Dodd, Mr. and Mrs. Earnest Spears, Mr. and Mrs. Tysinger, Mrs. H. K. Edwards, and Mrs. Evans. After the games they were served with coney islands, soda pop, suckers and apples. The freshmen are very grateful to Mr. Spears for taking them to their party in his bus (otherwise they might have been waylaid).

## SENIOR PICNIC

The seniors were entertained Halloween night by a moonlight weiner roast at the City Lake. After being served weiners, pickles, oranges, cake, candy and punch, the seniors gathered around the bonfire and talked of future senior activities. Senior Day!

## ANNOUNCEMENT

Hear Ye! Hear Ye! Crowell High School will celebrate Thanksgiving Day, Nov. 30, due to the fact that the State Teachers' Association will be held Nov. 30-31 in San Antonio and the Crowell teachers will want to attend.

## JUNIOR FOOTBALL

The Junior football team had an inter-squad game last Thursday afternoon between the Junior "regulars" and Junior "reserves." The reserves were reinforced by A. Y. Olds and H. C. Brown from the varsity team. The regulars won the game 12-0, but the game was very close in statistics. In fact, the reserves gained more on the ground than the regulars did, but they couldn't watch Nelson's passing. Olds and Brown made several first downs on running plays, while Nelson, for the regulars, passed two touchdown passes to Charlie Thompson and Ralph Flesher.

The regular team was composed of J. T. Hughston and Charlie Thompson, ends; T. L. Owens and Harold Canup, tackles; Alton Roark and Leroy Hairston, guards; Joe Wells at center; Charles Nelson, Ralph Flesher, DeWitt Cauthan and Albert Bird in the backfield.

The reserve team was made up as follows: Milton Evans and Clifford White, ends; Leiland Lewis and David Parkhill, tackles; John

Clark Long and Roy Lee Weathers, guards; Kenneth Archer, center; A. Y. Olds, H. C. Brown, Billie Diggs, and Paul Vecera, backs.

## JOKES

He's certainly been putting his racket over for a long time. Who's that?—A. G. Spalding.

Chaplain (to man in electric chair): May I do anything for you?

Prisoner: Yes, hold my hand.

Sophomore: I have a strange feeling in my head and stomach.

Freshman: It's that empty feeling, isn't it?

Gym Instructor: Deep breathing will kill germs.

Student: Yes, but how are you going to get them to breathe deeply?

Proud Father: I hear my son made a 98-yard run in the big game.

Coach: That's true, but did he tell you that he didn't catch the man in front of him?

Mrs. I. T.: You missed that red light.

Mr. I. T. (angrily): Well, what did you want me to do, go back and hit it?

After a terrible train wreck, the professor, a passenger, telegraphed to a friend: "Escaped, uninjured; break it to the wife gently."

Foreman: Well, is everything OK?

New night watchman: Yes, I haven't done so bad for the first night. I've checked everything and there is only one thing missing—the steam shovel.

A lady motorist was driving along a country road when she spied a couple of repair men climbing a telephone pole. "Fools," she exclaimed, "they must think I never drove a car before."

"I enjoyed my visit, son, G'bye, and write often!"

"Thanks, Dad. That's mighty generous of ya!"

## NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—A thirty-day special session of the Legislature, beginning early in January, was regarded by most observers in Austin this week-end as a strong probability, in view of several significant developments. Chief among these was the ordering of special elections in three districts to elect representatives to succeed three House members who have resigned to accept State jobs. No election has been ordered in the Senatorial district served by Sen. Clay Cotton of Palestine, who has announced he will quit to take the job formerly held by Olin Culbertson, as chief of the gas utilities division of the Railroad Commission. Cotton, however, has resigned, and has not yet offered his resignation, nor qualified in the new post. It is reported here he will delay resigning, and sit as Senator during the special session, if the latter is called soon.

**Sales Tax Fight Seen**  
 If Gov. O'Daniel summons the legislators, he is expected to submit social security financing as the only major subject. He likewise is expected to make a drive for a statutory sales tax, as embodied in his bill which he calls a "consumer's tax bill." Opponents of the sales tax, headed by Sen. Joe Hill of Henderson in the upper house, are expected to make a strong effort to substitute an omnibus tax bill, including substantial increased levies on natural resources, as the means of financing pensions.

Political strategists here regard

O'Daniel's decision to call a session—if he makes it—as of distinct advantage to him in the forthcoming campaign for re-election. If the session raises revenue, he can claim credit for calling the session; if it fails, he can claim he was thwarted by a recalcitrant legislature in carrying out his extravagant promises to the old folks. If he should fail to call a session, observers here point out, he would be open to considerable criticism by his opponents on the ground that he gave the legislature no opportunity to consider anything but the notorious SJR No. 12, at the regular session, and then refused to let the Legislature meet to consider other methods, when that failed.

**Hill Boom For Governor**  
 Sen. Joe Hill, of Henderson, fiery orator and untiring opponent of O'Daniel's sales tax plans, is reported giving serious consideration to running for governor against O'Daniel next summer. Hill is reported to have interested many O'Daniel opponents who feel that it will be difficult for a "professional politician"—meaning one who has made previous races for State office—to defeat the Governor. They feel that Hill's gift of oratory, his command of forceful language, and his effective opposition to the sales tax plans sponsored by O'Daniel and the special interests, made him an effective opposition candidate who might be able to muster strength to oust O'Daniel in 1940.

**Connally For Peace**  
 The prominent part played by Texas' Junior United States Senator Tom Connally in the special session fight to repeal the arms embargo, and enact the "cash and carry" plan advocated by President Roosevelt, has won admiring comment throughout Texas during the past two weeks. Connally, up

for re-election in 1940, had no serious opponent before the special session, and he is even less likely now to have to make a campaign, veteran political observers here say. Connally's independence of thought, which has influenced him to fight certain Roosevelt measures, like the Supreme Court plan, of which he did not approve, as vigorously as he has advocated other presidential legislation which Connally regarded as in the public interest, has won the admiration of both friends and foes of Roosevelt in Texas. Probably the silliest rumor published in Texas recently was one contained in the column of Walter Winchell this week, suggesting that Elliott Roosevelt would defeat Connally for re-election. Roosevelt will not be a candidate against Connally for many good reasons, not the least of which is the fact that

Roosevelt, if elected, couldn't qualify to sit in the United States Senate, because of the Federal constitutional age limit, which would bar Roosevelt for about seven years yet.

# WINTER DISARMED

**90-hour threat ended by OIL-PLATING your engine today**

You can probably agree that these are certainly conservative figures . . .

- 4 or 5 months of nasty weather right ahead of you now
- 8 or 10 daily cold starts for your car
- 6 to 8 minutes per start, till your engine's near-warm

And yet even that can run up your engine's cold-weather "start-stretch" to right around 90 hours! . . . The foulest 90 hours that Gangster Winter could fire at your engine—your battery. And don't ever hope to halt him with motor oils whose biggest brag is "fast flow." That's not enough—and it's not your money's worth, considering that "fast flow" is mighty slow Winter lubrication compared to OIL-PLATING.

OIL-PLATING in your engine will lubricate before any oil can circulate. That's because the minute you start up with patented Conoco Germ Processed oil it makes OIL-PLATING "magnetize" to all inner engine surfaces, so that it cannot drain down again. It cannot retire to the crankcase as you park the car. Like any other good plating, OIL-PLATING stays right where it's plated by Germ Process action—all over the working parts. They've "got on" their OIL-PLATING all the while you're indoors. They never "take off" their OIL-PLATING. When you come out to start then, your OIL-PLATING can't be delayed even 90 seconds—or one-ninth of a second! And away you go. The battery hardly knows it was working. And it's a good long while before the gauge-stick calls for an added quart of Germ Processed oil. Your Mileage Merchant has your right Winter grade. Change today—to that Conoco station of his. ## Your Horoscope

November 4, 5, 6.—Your lack of enthusiasm and cheerful outlook on life should be overcome. You are easily depressed and are inclined to withdraw from the public. You need to let your light shine and help to make others as well as yourself happy. God needs your best efforts. Don't be discouraged if people fail to appreciate your efforts. You need to develop patience.

November 7, 8.—Your actions are very often mistaken by others and you are wrongfully criticized. You lack firmness in standing up for your own rights and let others over run you. You have a resolute, persevering nature but are often taken advantage of. You are a good planner but your schemes are not always successful. System irks you and you are determined to do things in your own way. You enjoy fun in life.

November 9, 10, 11.—You are interested in the current and civic happenings, but take no part in politics. You spend much time reading but prefer the heavier type of literature to the frothy fiction. You lack personal confidence. You keep your own counsel and have very few confidants. You are your greatest antagonist and you have many combats to overcome.

## INTERESTING FACTS OF THIS AND THAT

The present depression is the tenth that the United States has experienced and the worst.

Fifty-three per cent of the world's corn crop this year will be raised in the diamond shaped area that begins at the junction of the Ohio and Muskingum Rivers near Marietta, Ohio, north to Red Wing, Minn., south to the Republican River in Kansas and west to the foot hills of the Wild Cat mountains in Western Nebraska.

The United States produces 78 per cent of the world's sulphur.

Eight states in the United States produced this year 50 per cent of the world's total cotton crop, or a total of 11,412,000 bales.

## Rochester Man and Crowell Girl Marry

Glen Howard Williams and Miss Ida Kato Sellers were married last Saturday afternoon at 4 o'clock in the W. H. Sellers' home in Crowell with Bro. Joe Bagley, pastor of the local Holiness Church, performing the ceremony. The groom is the son of Henry Williams of Rochester. He was reared in Hamlin and attended the Rochester school. Mr. Williams served in the United States Army in a cavalry division at Fort Clark, Texas, for two years and spent six months in the technical service in Colorado with headquarters at Golden. Mrs. Williams is the daughter of Mr. and Mrs. W. H. Sellers of Crowell. She was born and reared in Foard County and attended the Crowell schools. The couple will make their home in Crowell.

MARGARET W. M. U.

The Margaret Baptist W. M. U. met at the church Monday, Nov. 4. Topic: Bible study, was given by Mrs. Erwin Reed, 1st and 2nd chapters of Genesis. Devotional: First Psalm, by Mrs. John Edwards. "Constraining Love" was given by Mrs. John Stout. Next meeting will be Monday, Nov. 13, at 2 o'clock.

## Crowell Couple Wed In Quannah Saturday

Jabus Harris and Miss Dorothy Love were married last Saturday night in the parsonage of the Quannah Methodist Church. Mr. Harris is the son of J. A. Harris of Fayetteville, Tenn., and was born and reared there. After completing high school there, he came to Foard County about five years ago and is now employed as baker at Orr's Bakery. The bride is the daughter of Mr. and Mrs. W. A. Love of the Good Creek community, where she was reared and attended school. For the past several months, she had been employed in the Foard County Home Demonstration Agent's office in Crowell. They are making their home in an apartment at Mrs. Ida Reavis' residence.

COLUMBIAN CLUB

On Wednesday afternoon, Nov. 1, Mrs. H. Schindler was hostess to the Columbian Club members and a guest, Miss Margaret O'Connell of Hillsboro. Roll call was answered by a current event or by a sketch of the women who have influenced the dictators of Europe. There was an interesting discussion of the pronunciation of words in ordinary use, by the critic, Mrs. R. L. Kincaid. Mrs. B. W. Self was leader of the study which was on "China." She discussed "The China and Pottery of Our Forefathers," and also gave some facts about the painting of china. Mrs. T. L. Hughton told of Belleek and Lenox china, each being equal to any European china. The first dinner set used in the White House was of Belleek china and included 1,700 pieces. The design was a narrow border of the stars and stripes alternating with a group of stripes and at the top of each was a reproduction of the president's seal. President Wilson favored the Lenox china and chose this for the state dinner service while in the White House. The Lenox pottery at East Liverpool, Ohio, is the largest in the world. Mrs. T. B. Klepper discussed Salem china which is made in Salem, Ohio, this plant firing between eight and ten million pieces each year. Following adjournment, the hostess, assisted by her daughter, Mrs. T. V. Elliott of Wink, served a refreshment plate. The next meeting of the club will be on Friday afternoon, Nov. 17, with Mrs. R. E. Baines, hostess.

GIRL SCOUTS ENTERTAIN

The High School Girl Scouts entertained Troop No. 11 Monday afternoon, Oct. 30, at 4:30 at the Girl Scouts' Little House. The program was in honor of Juliette Lewis, the founder of the Girl Scout movement. The program, with Jean Scales as leader, was opened with a song led by Evelyn Flesher. Joyzelle Tysinger gave a talk on "How the Girl Scouts Came to Be." Margaret Claire Shirley told of "The Life of Juliette Lewis." Rondyn Self and Frances Ann Dodd represented the Brownie Scouts, by giving their laws, promise, slogan and motto. Betty Jean Scales gave the tenderfoot requirements. Ada Jane Magee gave the second class requirements and Joyzelle Tysinger first class. June Billington gave a report on "Our Little House" which has been owned by the Scouts for the past year. Mary Evelyn Edwards served as master of ceremonies and refreshments were served to thirty Girl Scouts.

It seems to me that every one I know has inherited the right to be an optimist. The optimist looks at his glass of milk and says its half full. The pessimist looks at the same glass and says its half empty. It's all in the point of view.

It seems to me that he who isn't an optimist is a socialist. Clarence read somewhere the definition of a socialist and made me believe at first that he thought it up himself. He said a socialist is a person who has both feet firmly planted in mid-air.

The trouble with the socialist is that he reasons wrong. He thinks there is an average person. He tries to fit the people to the government instead of vice versa. If the socialist were giving clothes instead of ideas to people, he'd issue a size 36 to every person in the United States and say, "It's the average size; you wear it." But if we tried it, half of us would look like scarecrows and the other half of us would freeze.

And, so I like a small town. If you want to have a green house with a white top, the people who live next door may laugh to themselves, but when they find out you have a lot of good in you, they'll make good neighbors. But in a city royal, you know, people don't have neighbors.

And that's the reason I think everyone in a peaceful Western town like Crowell should be an optimist. You have had opportunity to take roots in good things—in the openness of the plains country and in lifelong friendships. Some of you farm for sustenance; others render public service; and some of you sell to meet the needs of those who serve. And very few have delusions of grandeur.

But you can't plan to buy an article unless you know where to get it, and that's why I started this column. Perhaps you who live without the realm of electricity don't know that you can buy Aladdin lamps in attractive portable or floor-lamp styles at M. S. Henry & Co.

And do you know that at Womack's you can buy the new Butane gas system which will enable you to have city conveniences right there in your farm homes.

Do you know that Mr. Mabe has an improved way of cementing on half soles that will give you a good foundation to walk on? You who quit, do you know that Mr. Archer at the Ben Franklin Store is closing out his stock of cotton bats at wholesale prices? And you who dunk, do you know that you buy delicious, oven-sized doughnuts for 30 cents a dozen at Orr's Bakery?

You might not have noticed that you can get the well-known Humming Bird Hosiery at Self Dry Goods. When you look at them you'll probably buy a pair whether you need it or not. Have you heard that Mrs. Davis of the Davis Variety has just returned from Dallas with early bargains in the way of Christmas shopping and that she invites you to buy on a lay-away plan?

Unless you've seen or read a preview of "Bachelor Mother" which is to be at the Rialto at the Saturday night preview, Sunday and Monday, you won't know that it brings two of Hollywood's best comedians, David Niven and Ginger Rogers, together for the first time. In addition to this marvelous picture, you'll see a Paramount, a colored cartoon and a musical short.

You know, of course, that the B & W Man's Shop sells men's clothing, but have you noticed how much style and quality are in those clothes? The B & W must stand for Better Wearing.

Do you know that you can almost always buy good bananas at the Fox-Way Grocery for 15 cents a dozen? You couldn't get better ones if you made a non-stop flight to South America after them. Shakespeare demanded, "What's in a name?" Well, if it's in the staple line of canned goods, there's a lot. And you can get all brands of a full range of canned food at Honey-Razor's store at the price you want to pay.

And do you know that you can fit your whole family in attractive shoes in one trip to the Bird Dry Goods Store? And I'm glad to mention last the opening of a new business concern in Crowell—the Koffee Klub Cafe, directly east from the west door of the court house. The new cafe has red stars on the linoleum floor and fresh oysters on hand.

You know just as we decided that Crowell is just exactly the right size, Clarence's work was transferred and we have to leave. But we all like to give a parting advice. And—

The reason Crowell has the advantage over a larger town is that there is a better opportunity for co-operation and working together. You know no one (except Thoreau maybe) would think of living alone in a community. To co-operate means to operate with or to work with—and the more you co-operate the more you and the other one both are going to operate.

Somehow I don't think we've outgrown the truth of the words of Patrick Henry when he stood on the platform before those stern early Americans of ours and said, "Gentlemen, we must all hang to-

ADELPHIAN CLUB

Public welfare was the subject studied by the Adelpian Club on Nov. 1st. Mrs. S. S. Bell in discussing the disease of cancer, stated that it was Public Enemy No. 2. She told of the modern methods of treatment. Mrs. M. J. Girsch discussed the disease of typhoid. She discussed the importance of inoculation. She gave some interesting experiences of the country doctor taken from the American Magazine. Mrs. W. A. Dunn was guest to club members and one guest, Mrs. Tully Henry, of Hollywood, Calif.

THALIA IDLE HOUR CLUB

Idle Hour Club met Oct. 26 in the home of Mrs. L. H. Hammonds. The afternoon was spent in doing fancy work. Games pertaining to Hallowe'en were enjoyed by all. The color scheme was carried out with orange ice cream and black cake, after which a short business session was held. Those present were one new member, Mrs. W. M. Lawrence, and one visitor, Mrs. Avis Whitman, and other members, Mesdames G. W. Scales, Bob Abston, G. A. Shultz, T. H. Matthews, C. Lindsey, T. R. Cates, C. H. Wood, J. L. Coppage, Mack Edens, J. D. Miller, R. B. Cato, R. L. Sims, Raymond Grimm, E. M. Cates, L. A. Roberts, Miss Minnie Wood and the hostess. Next meeting will be with Mrs. John Wright Nov. 9th.

GARDEN CLUB

The Crowell Garden Club will meet Friday (tomorrow) afternoon at 3 o'clock at the Christian Church.

Miss Frankie Kirkpatrick is to be leader of the program and insists that each member bring a flower arrangement of some kind. "Etiquette of Flowers" will be discussed by Mrs. H. Schindler. "Garden reminders" and "Outdoor Christmas Decorations" will be given by Mrs. G. D. Self.

Mrs. R. L. Kincaid and Mrs. O. R. Boman, who attended the flower arrangement school in Wichita Falls on Nov. 2 and 3, will bring out points of different arrangement which were given in the school.

Mrs. W. A. Cogdell, treasurer, urges those who have not paid dues to bring them to this meeting.

PRESBYTERIAN MISSIONARY SOCIETY

Members of the Presbyterian Missionary Society and visitors met Tuesday afternoon at 3 o'clock in the home of Miss Frankie Kirkpatrick in an inspirational service addressed by Mrs. C. A. Coughlin, Mrs. L. J. Sullivan and Mrs. Reger, all of Vernon. A very interesting program was given.

After all Crowell has the opportunity to grow and that's about all you could ask for, isn't it? You know O. Henry wrote a story once about a man who was a cosmopolitan—he claimed no city nor country. Traveling was his vocation. He ridiculed others for being sentimental about a place just because they happened to be born there. And then one day in a French restaurant he was arrested for fighting—someone had said that Podunk, Wisconsin, the place where he spent his boyhood, had dirty streets.

I sympathize with the man who fought. That's about the way I feel about my home town. CLARABEL.

Refreshments were served to the visitors and the following: Mrs. A. D. Campbell, Mrs. Roy C. Steele, Mrs. G. H. Patton, Mrs. Joe Butler, Mrs. Milton Hunter, Mrs. Virgil Greer, Mrs. J. A. Whitfield, Jean Coughlin of Vernon, Rev. and Mrs. C. C. Dooley and the hostess, Miss Kirkpatrick.

MARGARET W. M. S.

The Margaret Missionary Society met Monday for a "Week of Prayer" program in an all-day session in the home of Mrs. J. S. Owens, with thirteen members present. Mrs. J. H. Taylor was leader for the day.

The program was opened with a call to worship and opening remarks by the leader. Other numbers included "Spiritual Values in a United Church;" talks by Mrs. Luther Tamplin and Mrs. Ray Hysinger; prayer, Mrs. Don Culbertson; covered dish luncheon at noon. Call to worship in afternoon by leader with response by members; picture inspiration of the Angelus, Mrs. Roy Ayers; vocal solo, Mrs. W. A. Dunn; reading, "Self Examination," by leader; providing for workers and work, Mrs. Don Culbertson and Mrs. George Joy; a woman's college mission, by Mrs. Roy Ayers.

HALLOWE'EN CARNIVAL

A Hallowe'en carnival, held by the P. T. A., was held Tuesday night of last week. The program for this occasion was let given by the first to grades; reading, June Hysinger; playlet, teachers of the school. The entire program was about \$64.00, which will be used to buy play ground equipment for the grammar school.
