## Births

To Mr. and Mrs. Leroy Huckleby, a boy, Roy Kyle, March 16. To Mr. and Mrs. Dallas D. Hays, a girl, Tommie, March 20.

Construction of the Foard County Hospital will be started on Thursday or Friday, according to information released Wednesday by Judge Claude Callaway and Charles N. Davis Jr., project supervisor. The hospital will be erected as a WPA project with Foard County as the sponsor. The building will be of native stone and will be located one block north of State Highway 28 on Houston Street, one block north of the northeast corner of the court house square.

The preliminary work, which will include demolition of the old hospital building and salvaging of materials and preparation of the grounds for the new hospital, will be done by a crew of about 40 men. The number of laborers will be increased to about seventy as the construction of the building progresses.

Definite facts concerning the project have not yet been received here, but it is set up for about \$24,000, of which the county will furnish approximately \$12,500. Bonds for the sponsors' part of the money were voted here on Oct. 29, 1938.

According to information received here Loyd L. Longley of Vernon has been appointed as the WPA superintendent of the project and the supervisory personnel has not yet been completed.

Since the bonds for the county's part of the project were voted, there has been much discussion as to the delay of the work. According to Mr. Davis, this long delay came, due to necessary revisions in the original project plans and proposal and the difficulty in meeting governmental regulatory measures in this type of project. For this reason, the location of the hospital had to be changed during the past few weeks.

A more detailed story concerning the hospital and a description of the structure will appear in The News in the near future, or just as soon as this information arrives.

Baseball and other games will be played. The children will be transported to the park in the school buses and will return in time to leave for home at the usual time in the afternoon. All parents are invited to accompany the children and take part in the day's activities.

This was the third school of this type to be held in the 13th Congressional District and the last school opened in Wichita Falls this morning. Eighty-four persons from the six counties enrolled for the school. The census enumerators appointed and the counties in which they will work are as follows:

**Foard County**  
Mrs. L. A. Andrews, Mrs. Pearl T. Carter, Mrs. Evelyn B. Garvin, Mrs. Grady Halbert, Mrs. Lynn McKown and George A. Shultz.

**Baylor County**  
Eugene Camp, Robert F. Hatter, Alvin M. Huskinson, Mrs. Ruby E. Nichols, Mrs. Agnes A. Nugent J. Hopkins Parker, and Mrs. Hattie H. Russell.

February used car figure in the company's history with the exception of 1936.

SALES INCREASE Detroit, March 7. — A 65 per cent gain in new car and truck sales during the last nine days of February, as compared with the corresponding period in February, 1939, enabled Chevrolet dealers to finish the month with the highest February total of all time, 1929 alone excepted, it was announced at the company's headquarters here today. New car sales for the month totalled 74,932. During the last nine days of February, 28,323 cars and trucks were sold, as compared with 17,137 in the same period last year. Volume for the final period of the month just ended was substantially more than half that for the whole month of February, 1939, when 50,788 units were sold. Significant, as an index to spring business, is the fact that even in the face of this sharp upturn in new unit sales, Chevrolet dealers reduced their field stocks of used cars during the last nine days of February. A rise in used car stocks normally accompanies an increase in new car sales. Reversing this trend, however, Chevrolet dealers lowered their stocks nearly 1,000 units in spite of the new car gains. Sales of used cars totalled 60,050 in the last nine days, bringing the month's aggregate to 146,605, the highest

The following summer I did see a change. All the branches of the tree were gone, and nothing left but a single, bare stem. Lumps of clay were stuck on it, and short twigs protruded from the clay.

When I saw Mr. Owens he told me something of the operation of grafting. I learned how all the wild growth had been cut away, how tiny shoots from a sweet apple tree were inserted into the stem, and then covered with clay.

Christianship Services "Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 31. The Golden Text is: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17).

Later, the tiny shoots grew and actually became a part of the tree. In a sense it was a new tree, for it bore apples that were no longer bitter and sour, but sweet and juicy. In later years I enjoyed delicious apples from that very tree.

Does bitter, distasteful fruit exist in the garden of your heart? The Master Gardener, Jesus Christ, knocks at the garden gate. If you will give Him entrance, He will cleanse you of all sin and will graft His own Spirit into your heart. Your life yielded to Him will abound with the fruit of the Spirit—fruit that is lovely indeed, fruit that will make the life sweet and beautiful.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—Although Albert Derden, Marlin legislator who led the fight against SJR 12 (the sales tax amendment O'Daniel supported) in the last Legislature, raised the curtain on the gubernatorial race this week, with his opening address at Washington-on-the-Brazos, there was every indication this well be a short, intensive campaign. Gov. O'Daniel, naturally, will pace the campaign, and he has indicated he will not announce until a month or so before the primary election date. That, of course, is good political strategy for an "in."

Wants Long Rest

After 35 years of public life, Sen. Vic Donahue of Ohio has announced his decision to retire at the end of his present term. In Washington the senator stated that he is retiring to secure a much-needed rest.

Derden is an able, serious, intelligent young lawyer, well versed in legislative procedure, taxation, and with considerable natural talent for leadership. He enjoys the high regard of his fellow citizens in Falls County, and the respect of his legislative colleagues and Texas could go far and do worse in selecting a governor. Derden's publicity during the tax fight was helpful, but he faces a rather large handicap, as a little-known candidate making his first state race.

Col. E. O. Thompson has indicated he will announce, but will delay his start until late April or May. Nothing further has been heard from Jerry Sadler since he told reporters he would run. Harry Hines is still making Chamber of Commerce speeches around the state, but has scheduled no campaign talks since his announcement.

The dogwood is blooming in East Texas. Sensible Talk Bernard J. Smith, research engineer of Fort Worth, speaking to a regional conference on citizenship in Dallas last week, said: "We can't be national democrats and local panhandlers. We invited paternalism and if entrenched bureaucracy results, ours is the blame. When we take the incubus of wet nursing our social habits, our economic existence, off the shoulders of Uncle Sam in Washington, then that gentleman will

be in far better shape to attend to the business we have delegated to the Federal Government." Some of these days, somebody is going to take the time and trouble to find out what it would actually cost a city to build a new city hall, or swimming pool, or pave its streets, if the city paid the cost, advertised for bids, let a contract to a private contractor who could do the job efficiently without red tape and silly rules emanating from a Washington Bureau. Then that cost is going to be compared with what it costs the other way, and these 40 and 60 per cent "grants," that "cost" are going to be revealed true light. For 2,000 years, people have been getting about the rules haven't been not even by the WPA. You get something for nothing, no matter who says so.

Farley Comes To Texas The announcement by Senator Farley, postmaster general and Democratic national chairman, that he will attend the convention at Marshall, Texas, Hillsboro, College Station, Longview, Tyler and Marlin. The political wisecracks hold the following opinion: Farley may or may not be right; his announcement proves Roosevelt will not accept a third term; there is no "break" in the President and Farley will not join up, as predicted by the Garner movement; the rumors that he will, because he is being entertained in Texas by Gene Germany, State Democrat, chairman, and Garner, are silly, because the State fan is the only logical candidate for the National Chairman of the National Party in Texas.

## WHO'S WHO IN THE FACULTY

This week your roving reporter interviewed Mr. Joe Rucker, the teacher of music, geometry and story. And to let you in on a secret— I didn't get very much of him. Not even who his first name is. Everyone knows that Mr. Rucker has brown hair and brown eyes. I bet you didn't know that he is 6 feet tall and weighs 175. Mr. Rucker graduated from McMurry College with honors. This is his first year to teach and he feels lucky that they have such a nice teacher. His hobbies are baseball, tennis and fishing. His only comments are that he likes Crowell very much and that he likes the people in this town very much. Now, I wonder why?

## WOW!

We, the Press Club, really went to town Friday night last when we were entertained with a love party by Mary Evelyn Edwards and Virginia Thomas. The party began at 7:40 and soon as the guests had arrived the course of the evening and other games were played. Some of the games were played by the course of the evening and other games were played. Some of the games were played by the course of the evening and other games were played.

A prize consisting of Easter eggs was awarded to Charlie Thompson for writing the best one-minute editorial. The three are as follows:  
 1. "The Thrill of the First Kiss," by Charlie Thompson.  
 2. "It is a beautiful girl and a beautiful moonlight night. We get closer and closer and closer and closer. Our lips meet. When you realize this you should practice at home on the old cow. You can't get the right thought."  
 3. "Five Hints on What to Do in Case of a Fire," by Bill Russell.

## CAT'S CLAW

Why is it Beverly Hughston and Joe Wallace Beverly have to ride in the trunk of J. M.'s car? It can't be that J. M. and Doris Campbell take up too much room. Chris Hicks seems to have a way with every boy in high school. However, I know of several hundred boys that she has not been with. (This was taken from an article in her notebook).  
 Judge J. T. Hughston is an old-timer on expressing his opinion on certain girls. There is one little blond headed girl who he thinks is a notch below zero.

## FADS AND FASHIONS

There is nothing I hate more than to walk down the street and see every girl I meet with the same color of lipstick on. Blondes, brunettes, and redheads, all with the same color of lipstick on. Why? Because it's a new color just come out and they all want to try it! I don't blame them, but there is always new colors coming out for blondes, brunettes and redheads, so stick to your own color and you'll look a lot better! Fingernail polish is certainly a problem these days. There are so many different colors that you want to wear them all! But, really, there is nothing prettier than a soft color instead of the bright reds for daily use, unless, of course, you have beautiful hands and want to attract attention. Jungle Red, Gypsy Red, are alright for special occasions, but not for going to school. It wouldn't matter if you didn't wear any but if you do, for goodness sakes, wear a light color.

## Two Minute Sermon

(By Thomas Hastwell)  
 A Grown Up Religion: I was talking recently to a young woman, a college graduate, on the matter of practical religion. "I have had quite a time," she said, making my religion practical, or rather adjusting my life so that my religion could be in harmony. I grew up in the church and Sunday School and when I went away to college I flattered myself that I knew what religion was and that I had a religion suited to my needs. I soon found out I did not. The religion of my Santa Claus days somehow wouldn't serve me then. I had to readjust myself. I am happy to say that I have succeeded in accomplishing this. My religion is now a practical, usable thing, a thing that I can work by and live by. I have reached the point where I feel that if I place myself in a

**ACROSS THE BOARD**

**Leadership in all 7 BASIC ESSENTIALS OF A GREAT LOW-PRICED CAR**

In the major things, the big things, the real things that make you want a car—all 7 of them—Ford takes commanding leadership. Here is where Ford excels:

**1 GOING POWER:** The kind of power that only the V-8 engine can provide—the instant response, lightning acceleration, marvelous economy and swift, smooth, faithful performance. 6,000,000 Ford V-Eights—more than all other Eights combined—say this is the power plant for you!

**2 STOPPING POWER:** The big hydraulic brakes of the Ford V-8 are far and away the biggest in the low-priced field—a safety factor you've got to have in the new car you buy.

**3 POWER TO HOLD THE ROAD:** No car in any price field excels Ford in roadability—in keeping "all four feet on the ground" under all driving conditions. This means safety plus comfort.

**4 SMOOTHNESS:** Not only in amazing power does the Ford V-8 engine excel, but in the smoothness that gives velvet quiet. Everyone knows no car of fewer cylinders can match an Eight in smoothness.

**5 STAMINA:** In staying power there is no car that can take the rough with the smooth like Ford. There are more Fords on the highway than any other make of car. This sturdy Ford is made to take it!

**6 STYLE:** Ford set the current modern trend in beauty of lines. And Ford's unequalled paint job makes its beauty permanent.

**7 COMPLETE ECONOMY:** The combination of low price, low cost of operation, high trade-in value and more extras at no extra cost, makes the Ford the great economy buy for 1940.

**Tea Given to Honor Members of Senior Columbian Club**

A delightful affair of the spring season was a tea given last Wednesday afternoon by the Junior Columbian Club as a compliment to the Senior Columbian Club. The tea was held at the home of Mrs. Marion Crowell and was designated as a Pioneer Tea, especially to honor the charter members of both clubs.

Mrs. Sam Crews, Mrs. T. L. Hughston and Mrs. H. Schindler are charter members of the Senior club and Mrs. Gordon Bell, Mrs. Mason Brown, Mrs. Marion Crowell, Miss Mildred Cogdell and Miss Thelma White are charter members of the Junior club which was organized in 1935.

The home was attractively decorated with spring flowers and each guest was given a corsage of sweet peas.

Miss Mildred Cogdell welcomed the guests. Mrs. Lewis Sloan gave a reading, "The King's Choice." Mrs. C. W. Thompson and Mrs. T. B. Klepper sang two numbers, "The Old Spinning Wheel" and "Old Fashioned Garden." Mrs. Jno. S. Ray accompa-

**Selected Duchess for A. & M. Cotton Ball 11 April 14**

Selected as a duchess for the Cotton Ball at Texas A. & M. April 19, Miss Mary Elizabeth Hughston of Crowell, a student at Texas State College for Women, will be in the royal court of the ninth annual Cotton Style Show

held there. Mrs. N. J. Roberts gave a resume of the activities of the Columbian Club since its organization.

The tea table was arranged with a lace cover and with white tapers in crystal holders and the centerpiece consisted of an old-fashioned bouquet of pear blossoms. Lime punch was poured by Mrs. W. B. Tysinger and served, together with sandwiches, cookies and green mints, by Miss Mary Ragland Thompson, Miss Stella B. Jackson, Miss Evelyn Manley and Mrs. John Carter.

The entire house party consisted of Mrs. Crowell, Mrs. Tysinger, Mrs. John Carter, Miss Thompson, Miss Jackson, Mrs. Sloan, Miss Cogdell, Miss Manley and Mrs. Mason Brown.

and Pageant in College Station when Miss Mamie Tramotoe of TCCW will reign as queen. More than five thousand A. & M. students and their guests will attend the ball, according to a news release from the Denton college.

Chosen by members of the A. & M. social committee and the Cotton King, Miss Hughston is one of the seven duchesses from TSCW including Misses Margaret Ramsey of Port Arthur, Elizabeth Gene Austin of Waco; Christine Maddox of Abilene; Ann Tarry of Wichita Falls; Katherine Day of Justin; and Alice Keck of Dallas.

Miss Hughston is a junior student majoring in business administration. She is the daughter of Mr. and Mrs. M. L. Hughston.

**BIRTHDAY CELEBRATION**

Little David Bursey was the honor guest at a birthday party given by his mother, Mrs. J. D. Bursey, last Friday afternoon in celebration of his second birthday. David received many birthday gifts.

Refreshments of angel food cake and punch were served. The plate favors were vanilla wafers, with a tiny animal standing in the center of each one. A balloon was also given to each little guest.

Those present were: David, George Ann Davis, Billie McCoy, Jerry Knox, Carolyn Bursey, Patsy Hunter, Patsy Davis, Gail Knox and J. C. McCoy. His two grandmothers, Mrs. Tom Bursey and Mrs. Grover Nichols, were present also.

**EASTER MEETING OF 42 CLUB**

Mrs. Claude Brooks entertained the members of the "42" Club and several additional guests at her home last Friday afternoon. Spring flowers were used in decorating the reception rooms. A floating 84 prize was captured by Mrs. Thos. Hughston.

A lovely refreshment plate suggestive of the Easter season was served to the following ladies: Mrs. A. Y. Beverly, Mrs. W. C. McKown, Mrs. Clint White, Mrs. Thos. Hughston, Mrs. C. W. Thompson, Mrs. W. B. Tysinger, Mrs. Paul Shirley, Mrs. Vance Favor, Mrs. Howard Ringgold, Mrs. Claude Callaway and Mrs. T. B. Klepper.

**Here's What to Expect When 1940 Census Enumerator Calls on You; Co-Operation of All is Requested**

Uncle Sam has launched a huge campaign during the month of March to educate the people of the United States as to the questions that will be asked by census enumerators during the ten-year roll call which will be started on April 1. In order to speed up the taking of the census, every person is asked to have necessary information ready and to co-operate with the enumerator.

Following is a release from the Department of Commerce in Washington, D. C., outlining the questions to which correct answers are most important:

Census Director William L. Austin said that the average number of questions to be asked of each of 132 million people in the 1940 census of population is 15.7.

The total number of questions on the regular population schedule is 34 but only six of these questions call for information on all of the people. These are the inquiries covering name, relationship, age, school attendance, highest grade of school completed, and place of birth.

Three of the 34 inquiries—street, road, etc., house number and visitation number—will be asked of nobody as the enumerator will fill in those blanks. Likewise the questions indicating farm residence, sex and color will be filled in by the enumerator without help.

The question on marital status is limited to those of 10 years of age and over and will apply to about 109 million people. Place of residence five years ago will

apply to persons five years old and over—approximately 121 million people. Important questions such as tenure, value and rent will be asked only of the 33 million heads of families. The question on citizenship will apply to approximately 10 million foreign-born.

Many of the answers automatically will eliminate the individual being enumerated from answering alternate questions.

Including the supplementary questions to be asked of each twentieth person, the Census Bureau computes—based upon the numerical extent of the groups affected—that the total number of inquiries will be 2,068,000,000 which divided by 132 million people means an average of 15.7 per person. In the special census in Indiana last fall, Mr. Austin said, each person enumerated spent only from eight to fifteen minutes with the enumerator depending upon how well he was informed in advance as to the character of information sought.

The last three questions on the supplementary schedule—number of times married, age at first marriage, and children born—will be asked of only 1,700,000 persons.

The regular population schedule of 34 inquiries compares with 32 inquiries in the Census of 1930 and this year's regular schedule of 34 includes inquiries on unemployment which, in the Census of 1930 were covered in an additional schedule of 15 questions, and not included in the regular 1930 schedule of 32 questions.

**T. E. L. CLASS**

The T. E. L. Class met Thursday, March 21, in the home of Mrs. Homer Zeibig with Mrs. Zeibig, Mrs. Pearl Carter and Mrs. Duke Wallace as hostesses.

Mrs. R. L. Taylor led the devotional and used as her subject, "The Cross." She also presided over the business meeting. Reports of officers and group captains were given. Talks were made and prayer was said for the revival now in progress at the church. There is much interest in the class now and the teacher, Mrs. Carter, urged every member to come and bring some one with them.

There were seventeen members and one visitor present. A lovely Easter plate was served.

**FOARD CITY W. M. S.**

The Woman's Missionary Society met Monday afternoon in the home of Mrs. Virgil Johnson.

Mrs. Laura Johnson gave the devotional—Scripture, Luke 22:13 to 31.

The program was the last two chapters from "Songs of Zion," given by study leader, Mrs. Huckabee and discussed with the class.

Next meeting will be April 15 in the home of Mrs. Huckabee at Truscott.

**MARGARET H. D. CLUB**

The Margaret Home Demonstration Club met Friday, March 22, at the home of Mrs. W. A. Dunn with twelve members present. The next meeting will be with Mrs. J. S. Owens on April 9.

**LIBRARY NOTES**

Three new books have recently been added to the library.

"The Mystery of the Blue Train," by Agatha Christie, is another thrilling and exciting mystery story by this famous author.

"Elizabeth of Essex," by Lytton Strachey, is a book taken from English History. The motion picture, "The Private Lives of Elizabeth and Essex," was taken from this book.

"Bambi," by Felix Salten, is the story of a forest deer. This is an excellent book for adolescent boys, but will be found interesting by all ages. It has been selected as one of the most popular books written in several years.

**Sadler Will Open Campaign April 4 for Governor**

Austin, March 26.—First big blast in the 1940 gubernatorial sweepstakes will be fired April 4 by Jerry Sadler, rugged young member of the Texas Railroad Commission.

The colorful and dynamic Sadler will reveal his platform and proposals over a statewide hook-up Thursday night, April 4, from 8 to 9 p. m. The broadcast will be carried by radio stations WFAA, WBAP, KPRC and WOAI.

Since his opening announcement, Sadler has been deluged with a mail and telegraphic response and declares that he is now ready to reveal his program to the voters.

"For the first time in my memory we are going to have a campaign in Texas based on issues and not personalities. There is no hocus-pocus about my program," Sadler said. "It is clear-cut, plain and fitted to the pattern of the great Lone Star State."

**ROTARY CLUB**

Paula Plunket rendered two vocal numbers to begin the program of the Crowell Rotary Club Wednesday at noon. She was accompanied at the piano by Thelma Lois Moore who, also, acted as pianist for the club singing in the absence of Mrs. J. R. Beverly.

Other visitors at the meeting were J. F. Postelle, who is drilling the Raspberry wildcat oil test west of Crowell, and Cliff Deaton of Wichita Falls, census supervisor for this district, who was in charge of the school for census enumerators which was held in Crowell Monday, Tuesday and Wednesday of this week.

E. W. Brown, whose classification is automobile mechanic, gave a vocational talk, followed by an interesting talk by Mr. Deaton on taking the census of the entire United States which is done every ten years. Mr. Deaton stated that 150,000 enumerators will be employed in this work and it is expected to be completed in thirty days, beginning April 1.
