Crowell Wildcats Open 1940 Football Season With Matadors Here Friday

Grady Graves' Wildcats opened their 1940 season on Friday night at 8 o'clock when they met the experienced Matadors in a conference game. This will be the only home game for the Wildcats until Oct. 11.

Matadors, led by Allsup, heralded as the fastest in West Texas, will take the tomorrow night with six of their starters facing the Wildcats in their attempt to reek vengeance for a 26 to 13 defeat in their last season by a team over which they had given the nod.

On the other five positions, the Wildcats will have four lettermen and only one first year man appear in their starting line-up.

Working on Crowell's side of the line, the Wildcats have only one of last year's starters back in the line-up, along with four who were reserves. The remaining five posts will be held by first year players who are playing with the Wildcats for their first year.

Weights Nearly Same

The teams which will take possession Friday night for the opening game will weigh within one pound of each other, with Crowell holding that ever so small advantage. The lines average exactly the same, as each team will tip the scales at 1,065 pounds for an average of 152 pounds. The difference in weight between the backfields of Crowell and the Matadors will weigh four ball totters for an average of 157 pounds. The four backfielder luggers will weigh in for an average of 620 pounds with an average of 155. The Wildcat eleven will average 154 pounds and the Matadors 153 pounds.

These experience should step into the game with a big difference in the line-up. Crowell's Matadors are ball carrier, Allsup, and Crowell's key backfield men, A. O. Ollis, Bill Ownbey and Leroy Ownbey will be seen. The Wildcats are expected to attempt to make up for what they lack in experience with a good fighting brand of football.

With the exception of the scrimmage against the Rule team Saturday night, the strength of the Wildcats is yet untested, which that practice game in remaining on the field to both teams remains the field to play fairly smooth. The Wildcats looked fairly smooth in their running and passing attack and strong on defensive play during the past two weeks. Coach Ownbey has two boys working hard at each position and as yet an outstanding difference has not been shown between any of the boys. In other words, Coach Ownbey will probably put every boy on the squad into action in practically every game. This is the first year in several during which one of the Wildcat elevens has not been so supremely superior to the other.

The running attack of the Wildcat will be shouldered by Ownbey, Ollis, Gibson and Bird, with the chinking for the Crowell team. Other players working for Crowell positions are DeWitt, Nathan, Ralph Flesher, Charles Ownbey and Maurice Naron.

Working for the end positions are W. D. Hudgersons, Murrell (Continued on Page Four)

First Norther of Fall Grips Section Tuesday

King Winter sent an early warning of his approach Tuesday morning when this section was gripped by its first norther since the last winter's blast disappeared in the spring. The norther struck early after midnight and the people awoke to find themselves shivering in 60-degree weather. Other thermometers had been standing up around the 100 degree mark during the past several days.

This section has had cool days during the past few weeks due to the fact that Tuesday was rainless and the coldest in several months.

JOINS AIR SERVICE

Mrs. Jack Roden of Margaret received the information that her grandson, Malcolm Reinhardt, had enlisted in the U. S. Air Service. Malcolm left Hobbs, N. M., Sunday, Sept. 1, for the Philippines Islands to enter training.

REMODELING BUILDING

The office building of N. J. Roberts is being remodeled this week. A tin roof has been placed on the building and the walls will be stuccoed. Plumbing fixtures will also be installed and when the work is completed the building will be rented for a beauty shop.

Probable Starting Lineups

The probable starting lineups for the Crowell Wildcats and the Matador Bullfighters' non-conference game in Crowell Friday, night, Sept. 13, at 8 o'clock are as follows:

No.	Crowell	Wt.	Position	Wt.	Matador	No.
60	Diggs	158	Left End	150	Green	
99	Owens	168	Left Tackle	170	J. Martin	
93	Spears	145	Left Guard	150	Faulkner	
89	Wells	136	Center	145	Q. Martin	
73	Brisco	137	Right Guard	150	Barkley	
87	Thompson	159	Right Tackle	155	Pitts	
90	Haseloff	126	Right End	145	Tunnell	
75	Olds	125	Quarterback	150	Nelson	
45	Ownbey	159	Left Half	150	Allsup	
55	Gibson	150	Right Half	160	Kennedy	
70	Capps	193	Fullback	160	Berryman	

Crowell Reserves

Linemen—Hudgersons 80, 153; Roark 95, 120; Davidson 65, 134; Flesher 74, 134; Halenack 77, 120; Naron 67, 136; Canup 83, 155; Vecera 63, 131.

Backs—Bird 97, 139; Cauthan 25, 131; Nelson 85, 130.

Matador Reserves

Linemen—Terry, 140; Allen, 135; Marshall, 150; Titus, 140; Spray, 160; Fish, 145; Cox, 135.

Backs—Cattin, 140; Durbin, 135; Campbell, 140; Neblett, 135; Level, 135.

Officials

John Smith (McMurry), referee; Noah Mead (Arkansas), umpire; Guy Todd (St. Mary's), headlinesman.

Three True Bills Are Returned by Grand Jury Mon.

Trial of Criminal Jury Cases Will Be Started Next Monday

Only three indictments were returned by the grand jury for the September term of the 46th Judicial District Court which opened in Crowell last Monday, according to a report released from the office of County and District Clerk J. A. Stovall.

The trial of criminal jury cases for this term of district court will be started Monday, Sept. 16, on which day persons impeached for service are to report at the court house at 10 o'clock.

Following is the report of the grand jury which was signed by O. N. Baker, foreman:

"We, your grand jury, convened in regular session for the September, 1940, term of the District Court of Foard County, Texas, have been in session one day.

"We have investigated all felony law violations that have come to our knowledge and from our investigations we have returned three true bills, and one no bill."

Petit Jurors Meet Monday

The trial of criminal jury cases for this term of district court will be started Monday, Sept. 16, on which day persons impeached for service are to report at the court house at 10 o'clock.

Following is the report of the grand jury which was signed by O. N. Baker, foreman:

"We, your grand jury, convened in regular session for the September, 1940, term of the District Court of Foard County, Texas, have been in session one day.

"We have investigated all felony law violations that have come to our knowledge and from our investigations we have returned three true bills, and one no bill."

Wildcats Look Fairly Strong In Scrimmage

Crowell Outscores Rule 37 to 6 Here Last Saturday Night

The Crowell High School Wildcats of 1940 showed fairly strong and smooth offensive play and strong defensive work after only one week of practice in their scrimmage with the Rule eleven last Saturday night on the local gridiron. The Wildcats scored 37 points to Rule's 6. They show possibilities of developing greatly with each game this season.

The Rule boys held a considerable advantage in weight but their play showed a lack of experience and practice. It was reported that they had had only five practice sessions with a new coach before the scrimmage Saturday night.

The Wildcats showed the same zeal and eagerness in their play during the scrimmage as they have shown in each workout this season. These qualities are expected to make the Crowell boys tough (Continued on Page Five)

MARRIAGE LICENSES

Marriage licenses were issued from the office of County Clerk J. A. Stovall to Ben F. Hinds of Crowell and Mrs. Kate Costlow of Borger on Sept. 7, and to George Cook and Miss Bernice Morley on Sept. 6.

SINGING AT RAYLAND

There will be a singing at Rayland on Sunday, Sept. 15, according to announcement made this week. Everyone is invited to attend.

Funeral for Mrs. E. J. Murphy Set for Today

Margaret Resident Succumbed Tuesday Morning

Last rites for Mrs. E. J. Murphy, 27, who died in her home in the Margaret community Wednesday morning at 5:20 o'clock, will be held from the Methodist Church of Margaret Thursday afternoon at 2 o'clock with Rev. Don Culbertson, pastor, officiating, assisted by Rev. John Stout, pastor of the Elliott Baptist Church.

Interment will be made in the Crowell cemetery with the Womack Funeral Home in charge of arrangements.

Active pall bearers will be Walter Hysinger, Joe Bledsoe, Clarence Ross, E. Kenner, Earl Orr and W. A. Dunn.

Miss Ola Geneva Weger was born in Henderson County on Feb. 20, 1913. She was married to E. J. Murphy in Navarro County in 1931 and in 1932 they moved to Foard County where they settled in the Margaret community.

Mrs. Murphy was converted and joined the Baptist Church at an early age and lived a devoted Christian life.

She is survived by her husband, her mother, Mrs. Pearl Moore of Niland, Calif.; three brothers, Woodrow Weger and Stanley Weger of Niland, Calif., and Vernon Weger, who is a member of the U. S. Marine Corps and is stationed on the Pacific coast; two sisters, Mrs. Lula Womack and Mrs. Marjorie Thompson of Niland, Calif.

Last Rites for Mrs. J. L. Short Held at Margaret

Burial in Crowell Cemetery Thursday Afternoon

In the presence of a crowd filling the auditorium of the Margaret Baptist Church Thursday afternoon at 2:30 o'clock, Rev. John Stout of Elliott conducted funeral services for Mrs. J. L. Short. He was assisted by Rev. C. D. Baggett of Erick, Okla., Rev. T. J. Dabow, pastor of the Margaret Church, who led the song service and also sang a solo, "Pearly White City," accompanied by Mrs. S. T. Crews of Crowell.

Mrs. Short succumbed at her home in the Riverside community Wednesday afternoon, Sept. 4, at 5:10 o'clock at the age of 58 years and 8 days. She had been seriously ill since January of 1940.

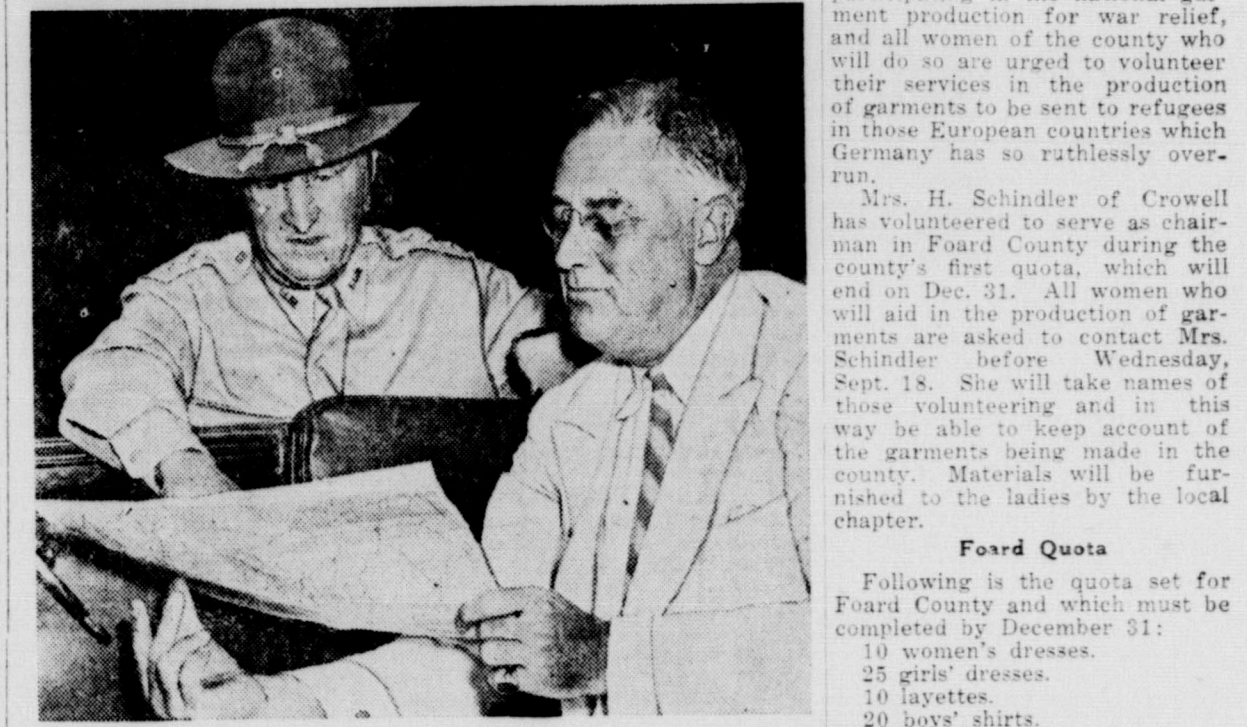

Pall bearers were A. L. McGinnis, Luther Tamplin, C. T. Murphy, D. M. Shultz Jr., R. C. Johnson and C. L. Cavin. Flower bearers were Mrs. S. B. Middlebrook Jr., Mrs. John Edwards, Mrs. Curtis Bradford, Mrs. Raymond Sikes, Mrs. C. L. Cavin, Mrs. Luther Tamplin and Mrs. C. E. Flowers.

Interment was made in the Crowell Cemetery with the Womack Funeral Home in charge of arrangements.

Julia Temperance Lynn was born Aug. 26, 1882, near Waynesboro, Wayne County, Tenn., (Continued on Page Four)

President Roosevelt at Maneuvers

The situation in the nation's biggest peace-time army maneuvers is explained to President Franklin D. Roosevelt by General Hugh Drum at Norwood, New York. The President, who is seated in his car, and the general carefully go over a map of the terrain over which the maneuvers were held.

Venzy H. Vecera Appointed Engine Cadet on U. S. Ship

Venzy H. Vecera, 25, of Crowell, has been appointed by the U. S. Maritime Commission as engine cadet to the S. S. Beauregard, operated by the Waterman Steamship Corporation.

Vecera, one of 10 cadets from the State of Texas presently in training under the regulations of the U. S. Maritime Commission, received a course of preliminary training at one of the Commission's shore receiving stations before assignment to vessel. Vecera was graduated from Crowell High School in 1935 after which he studied electrical engineering. On January 29 of this year, he took the national competitive examination prescribed by the U. S. Maritime Commission for appointments to cadetships and was one of the 375 successful candidates. Another examination will be given in November for which applications are now being accepted.

Vecera is the son of Mr. and Mrs. Tom Vecera of Crowell.

The S. S. Beauregard, to which Cadet Vecera has been assigned, is one of a fleet of cargo vessels operated by Waterman Steamship Corporation in domestic and foreign trade.

Members of Gordon J. Ford Post Will Meet Thursday, Sept. 19

A meeting of the Gordon J. Ford Post No. 130 of the American Legion has been called for Thursday night, Sept. 19, at 7:30 o'clock, according to an announcement this week. The meeting will be held in the American Legion hall in Crowell.

The purpose of the meeting is to elect officers and attend to other important business matters.

Foard County Farmers Lost \$5,000 by Failing to Earn Soil-Building Allowance Under 1939 AAA Program

Farmers of Foard County have lost \$5,123, for they let this amount slip through their fingers by failing to earn that much of the \$423,521 maximum soil-building allowance set up for Extension Service District 3 under the 1939 AAA program, according to information released this week by A. V. Sheppard, Foard County Administrative Officer.

Farmers in the seventeen counties of the district lost \$116,130 for not earning the soil-building allowance under the 1939 program.

Foard County had a total soil-building allowance of \$17,957 and the amount earned and paid was \$12,834, which means farmers here lost \$5,123. Seventy-one per cent of the allowance was earned in this county.

Under the AAA program, a maximum soil-building allowance is set up for each co-operating farm, based on the non-depleting crop-land acreage, vegetable and lot-land acreage, commercial orchard acreage, and non-crop pasture land acreage. To receive any of the payments from this allotment, the farmer must put into effect on his farm approved AAA soil-building practices. And the more conservation work he does, the more he earns, up to the maximum.

Topping the list of counties in this district in 1939 was Hardeman, whose farmers did enough soil-building work to earn 95.2 per cent, \$28,145 of the \$29,574 available. Lowest ranking was Jack County where only 41.0 per cent, \$6,404 of the available \$15,633, was earned.

The Foard County Chapter of the American Red Cross is now participating in the national garment production for war relief, and all women of the county who will do so are urged to volunteer their services in the production of garments to be sent to refugees in those European countries which Germany has so ruthlessly overrun.

Mrs. H. Schindler of Crowell has volunteered to serve as chairman in Foard County during the county's first quota, which will end on Dec. 31. All women who will aid in the production of garments are asked to contact Mrs. Schindler before Wednesday, Sept. 18. She will take names of those volunteering and in this way be able to keep account of the garments being made in the county. Materials will be furnished to the ladies by the local chapter.

Foard Quota

Following is the quota set for Foard County and which must be completed by December 31:

- 10 women's dresses.
- 25 girls' dresses.
- 10 layettes.
- 20 boys' shirts.
- 10 men's shorts.
- 10 women's sweaters.
- 20 children's sweaters.

Even though Foard County is just starting garment production for war relief, the movement has been carried on by the Red Cross for some time and the number of garments already made show tangible evidences of friendship and sympathy from the women of this land to the helpless victims of war abroad. In no better way could the women of America have expressed their desire to help.

There is no question as to the overwhelming need among the hundreds of thousands of destitute refugees who have been driven from their homes and the Red Cross is anxious to have available for immediate shipment an adequate stock of all the various garments so that future requests from commissions abroad can be met promptly. No one can foresee the future but no one questions that the needs will continue to be far beyond our ability to meet, but there is no doubt that eventually all the garments that volunteers can produce will be sent to these unfortunate people.

Since August 3, shipments have been going forward regularly to Great Britain for the French and Belgian refugees and English evacuees in that country, and it is being planned to send additional shipments to Finland in the near future.

Former Crowell Man's Brother Buried Saturday

Ed Campsey Died Near Graham Friday of Heart Attack

Ed Campsey, 63, brother of E. G. Campsey, formerly of Crowell, and Mrs. S. S. Turner of Truscott, died at his home, three miles east of Graham Friday, Sept. 6, at 5 p. m. from a heart attack.

Funeral services were conducted Saturday by Rev. Hughes of Postok, assisted by Rev. J. P. Stephenson of Graham, in the Graham Baptist Church and interment was made in the Truscott Cemetery Saturday afternoon.

Mr. Campsey is survived by his wife, their only son, Brooks, of Knox City, and three grandchildren, five brothers, E. G. Campsey of Pueblo, Colo.; Cora and Dick Campsey of Postok; Chap Campsey of Forestburg; and John Campsey of Matador; three sisters, Mrs. Ella Eccles of Fort Worth; Mrs. S. S. Turner of Truscott, and Mrs. Daisy King of Wichita Falls.

Edwin Chesser Campsey was born in Jack County on April 18, 1887. He was married to Miss Lillah King on Sept. 4, 1897. In 1910 he was converted and joined the Baptist Church in Truscott and was an active member of the Graham Baptist Church at the time of his death. He was a resident of Knox County for a number of years, living near Benjamin and Knox City until two years ago, when he removed to Graham.

Mr. Campsey was alone when he took sick Friday afternoon and none of the relatives arrived before his death. Mrs. Campsey was in Knox City on business. True to his nature, he was thinking of his family for he wrote notes to them during the few hours of his last illness. He was (Continued on Page Four)

Crowell Girl Escapes As Car Overtakes

Miss Louise Greening narrowly escaped serious injury when her car overturned about 3 miles south of Crowell last Saturday night. She suffered only minor bruises.

She was returning to Crowell and unexpectedly reached a curve in the road. The car overturned as she attempted to steer the vehicle around the curve.

Damages to the car were estimated at approximately \$50.

RECEIVES MASTER'S DEGREE

Miss Helen Yeats, teacher in the Crowell High School, completed her work on her Master's degree at the University of Mexico, Mexico City, D. F., during the summer. She had studied in the University of Mexico for the past four summers and was accompanied to that city this year by Miss Frankie Kirkpatrick, who also attended school.

Miss Yeats teaches Spanish in the Crowell school and is also instructor in the typewriting department.

NEW CAR REGISTRATIONS

The following new motor vehicles were registered in the office of the tax assessor-collector during the past week:

Marion Ryder, Plymouth pickup.

Bill Gafford, Plymouth pickup.

Items from Neighboring Communities

THALIA
(By Minnie Wood)

Miss Sidney Swan left Saturday for a visit with Mrs. Luke Swan in Amarillo.

Mrs. W. S. Tarver and daughter, Johnnie Lee, of Abilene visited Mr. and Mrs. Sim V. Gamble last week-end.

Floyd Webb of Crowell visited his parents, Mr. and Mrs. B. D. Webb, here a while Friday.

Mr. and Mrs. Tom Johnson of Fort Worth visited his mother, Mrs. W. L. Johnson, and her mother, Mrs. George Doty, last week-end.

Joe Skipworth and family of Vernon visited Mr. and Mrs. M. H. Jones Sunday.

Mr. and Mrs. Elmer Patterson visited his parents in Red Springs last week-end.

Mr. and Mrs. D. Allen of Childress visited her parents, Mr. and Mrs. Clyde McKinley, here a few days last week.

Bill Swan and Reid Johnson have returned home from a few weeks' visit in California and other points.

R. C. Huntley and family have moved to Wichita Falls.

Mr. and Mrs. Eldon Earthman and daughters and Miss Finley Gunter of Dallas visited Mr. and Mrs. Earnest Earthman here Monday.

E. L. Riley and family of Dallas visited Mr. and Mrs. Mack Edens a few days last week. Mr. and Mrs. Edens accompanied them on a few days' visit to Plainview, Clarendon and other points.

R. C. Huntley and family of Wichita Falls visited friends and relatives here Sunday.

Mr. and Mrs. L. H. Hammonds returned home Wednesday from a visit with their children in San-

Angelo.

Jack Mints and family of Five-in-One have moved to the G. A. Shultz farm recently vacated by Oscar Mints and family, who moved to Vernon.

Mrs. M. C. Adkins left Tuesday for a few weeks' visit with her daughter, Mrs. W. H. Boyd, and husband in Amarillo.

Mrs. Gussie McBeath and daughter of Springtown and Mr. and Mrs. Curry and son of Clayton, N. M., visited Mr. and Mrs. J. L. McBeath Thursday night.

Mr. and Mrs. Jesse Thomas of Seminole, Okla., visited relatives here Friday night en route to their home after a visit in New Orleans, La. They were accompanied home by his mother, Mrs. Mary Thomas, of Marlow, Okla., who had been visiting her mother, Mrs. T. J. Wood, here.

Mr. and Mrs. J. A. Stratton of Fort Worth visited Mrs. Stratton's parents here last week-end.

Mr. and Mrs. J. K. McBeath and Mr. and Mrs. Kelley Erwin of Crowell, Mrs. C. C. Lindsey, Mrs. G. W. Scales and Minnie Wood visited Homer McBeath, who is ill, and family Sunday afternoon.

Mrs. Ester Lee Blanton of Vernon visited Mrs. D. M. Wisdom here last week-end.

Mr. and Mrs. A. C. Lyles and three sons of Grayson County visited Mrs. Lyles' sister, Mrs. M. H. Jones, and other relatives here last week.

Mr. and Mrs. Julius Mueller and Mr. and Mrs. Wilson Leonard of Jefferson City, Mo., and Iva Cruise of Mangum, Okla., visited Mrs. D. M. Wisdom and family last week.

GAMBLEVILLE
(By Opal Garrett)

Mr. and Mrs. Carlos Gibson and family of Harrold spent Sunday with Mr. and Mrs. C. W. Carroll and family.

Miss Dorothy Alston of Crowell spent Friday night and Saturday with Miss Frances Garrett.

Mr. and Mrs. C. W. Carroll and daughters, Wilma Fay and Leta Jo, and sons, Cecil and Milburn,

Don't Neglect

and Mr. and Mrs. Claudie Carroll and children and Mr. and Mrs. Hubert Carroll and children, and Miss Opal Garrett attended the barbecue given by Mr. and Mrs. C. P. Sandifer of Crowell last Friday.

Mrs. Lois Beal and children of Abilene visited Mr. and Mrs. C. W. Carroll and family here last week.

J. C. Prosser was ill several days last week.

Miss Opal Garrett spent Wednesday night with Miss Louise Eubank of Crowell.

Mrs. J. A. Garrett spent Thursday and Friday at Bonham. She was accompanied there by Mr. and Mrs. Clarence Garrett of Crowell, who will visit several days there and in Fort Worth.

Mrs. Johnnie Marr of Vivian spent Tuesday with Mr. and Mrs. C. W. Carroll and family.

Mr. and Mrs. Hardy Dudley of Turkey spent Saturday morning with Mr. and Mrs. J. A. Garrett and family.

Miss Evelyn Monkes of Wichita Falls is visiting Mr. and Mrs. Ray Hysinger.

RAYLAND
(By J. C. Davis)

Walter Streit was accidentally hit on the mouth and nose last Sunday playing baseball. It required three stitches to close the wound.

H. T. Faughn and T. C. Davis made a business trip to East Texas last Monday, returning Tuesday with a load of sweet potato crates.

Mr. and Mrs. A. T. Beazley and daughter, Anna Jo, were visiting in Lubbock last Tuesday and Wednesday.

Mr. and Mrs. J. H. Roberson and children were visiting in Wichita Falls Thursday night.

Mrs. B. A. Rutledge accompanied Mrs. Luther Streit of Parsley Hill and Mrs. J. N. Lawson and Mrs. Sally Loyd of Cleveland, Tenn., on a visit to Denton and other Texas points Thursday.

Ed Klepper and family of Crowell visited in the Walter Daniel home last week.

Most everyone who irrigated are gathering sweet potatoes. The yield is fairly good, but the market price is not so good.

Mr. and Mrs. B. V. Rose of Denton, Tenn., visited Mr. and Mrs. Tom Lawson and family Sunday. Mr. Lawson and Mr. Rose were boyhood friends.

The singing school at the Baptist Church is progressing nicely. Grady Bradford is teaching. There is about 60 enrolled.

More than two inches of rain fell here last week which will be of great benefit to cotton and late feed. Several are plowing their corn and early feed land where it was gathered.

Two Minute Sermon
(By Thomas Hastwell)

Not Now: The story is told that during a revival by a noted evangelist in one of our large cities, one night when the great hall was packed with those drawn by the eloquence of the famous evangelist, the speaker asked everyone who wanted to go to heaven to rise. Everybody in the house stood up except a half drunken man who had wandered into the meeting and had seated himself upon the front seat. The evangelist looked about the great crowd standing and then at the drunken man before him. "Don't you want to go to heaven?" he asked. "Not now," the man replied. I wondered when I heard the story how this unfortunate individual than many who stood in response to the question. It is hardly possible that he was aware of the full implication of his reply, but he, nevertheless, expressed a truth. He wasn't ready to go to heaven. How many live and pray from day to day "Thy Kingdom come," who are no more ready for the Kingdom to come than the drunken man. The tragic part of it is, that, like him, they are making no preparation for it. Many stood that night to signify they desired

Two More Airplane Mechanics Units to Be Established

Austin. — With the establishment of two additional projects in Texas offering work experience in the fundamentals of airplane mechanics, that type of training is moving rapidly toward the front among National Youth Administration Projects over the state, according to J. C. Kellam, State NYA Administrator. Kellam said plans have been approved and action is being taken to set up NYA Airplane Mechanics Projects at the Tyler Municipal Airport and at the Rusk School in Dallas.

For this purpose a shop building has been completed at the Tyler Airport to provide facilities for the instruction of thirty young men in the fundamental skills of airplane mechanics. With 50,000 square feet of floor space appropriated for the project in Dallas at Rusk School approximately fifty boys will have an opportunity to receive this work experience and related training. The United States Army will furnish the heavy equipment necessary for adequate instruction, and the NYA will provide the lighter machinery.

In keeping with the exploratory character of many National Youth Administration shop projects this basic course in airplane mechanics includes, in addition to engine repair, the elementary phases of nine types of aviation training— theory of flight (aerodynamics), mechanical drawing, sheet metal work, welding, fabric work, surface finishes, plating, foundry practice, and radio. This phase of the NYA program has been designed to be flexible enough to allow the qualified youth an extra measure of training in any one of the specialties in which he shows interest and proficiency.

"NYA Airplane Mechanics projects in operation at this time," the State Youth Administrator said, "are located at Ranger, Fort Worth, Marshall, South Houston, Waco, and Canyon.

Texas Is Important Agricultural Empire State Fair Will Prove

Dallas, Sept. 9.—In more than 100 elaborate exhibits from 60 counties, three Regional Division, 26 4-H Clubs and 32 Future Farmer groups, the State Fair of Texas will present in its Agriculture Show Oct. 5 to 20 indisputable evidence of the State's importance as an agriculture empire.

The counties chosen by the Fair's Agricultural Committee represent a cross-section of the entire State, according to John W. Carpenter, chairman of the committee. More than 50 other counties which applied for exhibit space were turned down because the 70,000 square feet in the Agriculture building were inadequate to house them.

One of the most interesting and significant exhibits of the 1940 show will be the Regional Exhibit being planned by some 20 North-east and Northwest counties to show the development of the potato industry in Texas. Ideal soil and irrigation are combining to make the northern part of Texas one of the nation's outstanding producers of fine Burbank potatoes, rivalling even the famed Idaho area. Many Idaho farmers in recent months have moved into the Texas region.

Four Rio Grande Valley counties, Hidalgo, Cameron, Willacy and Starr—in addition to boosting Texas' unequaled citrus fruits, will pay tribute to the once lowly carrot, which is coming into its own. Carrot juice is being acclaimed as an aid in lowering blood pressure, and the pulp from the carrot is gaining support as a feed for stock.

Among novel displays by individual counties will be that from Baylor County, sponsored by Home Demonstration groups of the county. Feature of the exhibit will be a model ventilated pantry, showing ideal arrangement of foodstuffs on shelves, and pointing ways to store semi-perishable foods.

Questions and Answers

1. In what town in Indiana was Wendell Willkie's speech of acceptance delivered?
2. How old are the Dionne quintuplets?
3. What is the present basic pay of an enlisted man in the U. S. Army?
4. Of what European country was Leopold king?
5. Who is the Prime Minister of England?
6. What was the name of the U. S. ship bringing American refugees from Finland for whose safety fear was expressed for some time?
7. For what position of importance was Claude R. Wickard recently named?
8. What position is held by Myron C. Taylor?
9. Has Congress given its sanction to U. S. vessels unarmed and without convoy to transport English children from the war zone to this country?
10. Who was it referred to Secretary Ickes as "A Hitler in short pants?"

(Answers on page 3).

to go to heaven, but how many in that great crowd were any more prepared for heaven and its coming than the poor drunk man who said, "Not Now."

THE Foard County News

T. B. KLEPPER, Editor-Owner
Entered at the Post Office at Crowell, Texas as second class matter.

Crowell, Texas, Sept. 12, 1940

Be strong and of good courage, fear not, nor be afraid of them: for the Lord thy God he it is that doth go with thee; he will not fail thee, nor forsake thee. — Deuteronomy 31:6.

The Oil Industry

The advertisement of the Mid-Continent Oil and Gas Association which appears on page 8 in this issue of The News, concludes a series of institutional advertisements that have appeared in many Texas newspapers during 1940, and this ad, as in the case of the preceding ads of the campaign, contains pertinent, factual and interesting information to readers and, we believe, has been of great benefit to the industry.

The oil industry is one of the greatest in the great state of Texas where over half of all known petroleum reserves of the Nation have been found. Read this ad which tells how the search for oil benefits a community whether oil is found or not.

Perhaps many other big institutions of the state could give to the people a better understanding of their difficulties with an intensive advertising campaign in the newspapers.

The political campaign this year promises to be the most interesting held in years. Wendell Willkie comes into the fray full of strength and hope and confidence in untried ideas. Franklin Roosevelt enters the campaign a master politician but tired with eight years in an office that draws heavily upon even a rugged man's strength. He knows, too, from experience that hopes do not all materialize in the president's office and many plans that appear sound do not always work out.

There is a growing conviction that the present relief program must be changed. As it is at present constituted it is destroying self-initiative and bringing up a race of people who have forgotten how to look for work.

The highest point in Texas is the tip of Guadalupe Peak in Culberson County. It is 8,500 feet above sea level. Highest town in Texas is Fort Davis, in Jeff Davis County, with 5,000 feet elevation.

The suggestion has been made as a way in which relief can be tapered off. Each worker is to be given a certain number of hours work a year. If he catches a day's work or a week's work or a month's work other than relief he can take it on. When he can find nothing else to do he can return to relief as long as he has unused hours to his credit. The suggestion is made because of the fact that many on relief have made no effort to find other work, and will not as long as wages are paid on relief projects comparable to those paid by private individuals, and as long as a full quota of hours is permitted.

We have often heard it charged that people today are not as religious as people once were. As proof of the assertion it is pointed out that they do not attend church as they did in the old days. Without seeking to discount the religious fervor of yesterday our guess is that one of the reasons people attended church in larger numbers years ago was that it was about the only form of entertainment the time afforded. We expect that even in those days a few well placed radios among members of the congregation would have resulted in many vacant pews just as they do today.

According to one of the leading institutions of the country, alcoholism among women has increased 90 per cent since 1933. In both men and women the increase has been but 42 per cent. The report of this particular institute discloses that professional men form the largest group applying for treatment. Since 1936 this institution reports 169 physicians have applied for treatment and 48 bartenders. Salesmen formed the largest group of any single occupation.

According to the Alexander Hamilton Institute, a fact finding organization, exports for the first six months by this country totaled \$2,068,000,000 as compared with \$1,416,000,000 in the same period last year. If the present rate holds up throughout the year exports for the year will be higher than at any time since 1929. This in spite of the fact that the European war has cut off much of the normal export market.

There are few things more satisfying than keeping up with one's work. The feeling of always being one or two days behind is detrimental to one's efficiency. It's like a wet bundle in the mill.

If you are in need of a typewriter—new or used—call The Foard County News office.

HE WHO GETS KICKED

What We Think
(By Frank Dixon)

I have long felt that our school system in this country should put more emphasis upon work with the hands than it does. The majority of our high schools and our colleges train boys and girls to be mental workers, teachers, office workers, executives and the like.

Elementary schools must of necessity be devoted to mental training in arithmetic, grammar and kindred subjects, but there should be some point in the curriculum before he is through school where the student receives something older than mental training and where he has an opportunity to motivate the knowledge he has gained and translate it into action by his hands.

I concede that it would not be possible to make trained hand workers in all the various arts and industries in any school course. This can only come through years of training and experience in industry, but it is possible to give to a young man or a young woman a certain fundamental training that will enable them to step from school into the industries of the world and be of some value with their hands as well as with their minds.

As the courses are now set up most of the young people who graduate from school, with the exception of graduates from business colleges and special schools of training, know nothing about working with their hands. They know how to spell, read, punctuate, write a fairly legible hand, they have a fair knowledge of mathematics, literature and the languages. They are trained to think and use such intelligence as they have and step, without much difficulty, into office positions, into school rooms, into cash girls and clerks, into filling station attendants, theater ushers, soda fountain attendants and kindred positions. But when one of these graduates presents himself to an industry, a factory, or any sort of a plant that goes to make up American industry, he is wholly helpless. He must learn the simplest things the same as he did his first year in school when he gradually mastered the alphabet and learned how to write his name and count to ten.

I believe that there should be some place in the educational system of the land where boys and girls could come in contact with exploratory courses that they might be helped to discover the thing for which they are best suited and in which they would derive the greatest pleasure working and making a life's vocation. I think many, because of this lack, drift into vocations for which they are not suited and for which they have no great liking, and into which they are never

Rialto

(Continued from Page One)

are heavily carpeted.

The theatre office and projection booth are in the balcony in the front part of the building.

Western Electric Sound was installed last week by Mr. Davis of the Altee Service Corporation. The theatre is also equipped with Brenkert high intensity projection lamps on Simplex projectors with Bausch & Lomb Cinephor lenses.

The walls and ceiling are covered with 16 by 32 inch weather-board which form a beautiful design for the interior of the building.

Indirect trench lighting is used for better vision and reduced eyestrain during performances. Air conditioning consists of Artic-Nu-Air Blower and Buffalo air washer mounted above the screen.

Four hundred of the seats in the theatre are new and were bought from and installed by the American Seat & Desk Co. of Temple. The main auditorium contains 360 seats and 90 seats are in the balcony.

The first step in the reconstruction of the theatre was the excavation of dirt to make a drop of 1 inch per foot for the 60 feet of the auditorium to insure perfect vision of the screen from any seat in the building. Seats in the balcony are installed in such a manner as to also give good vision from them.

Construction of the building was done under the supervision of Joe K. Whorton and R. C. Harris of Albany.

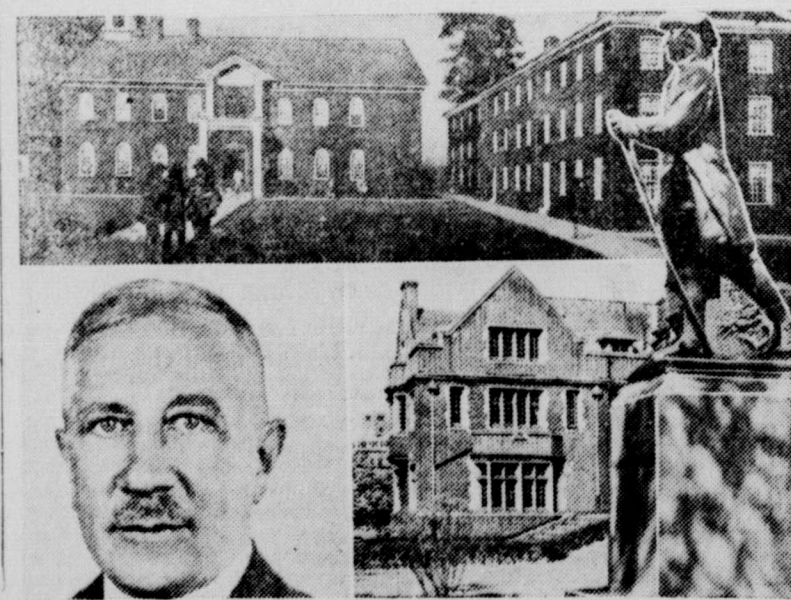

Brick work was done by W. Tally, M. J. Tally and Joe Murray of Altus, Okla., and Jack Smith of Rochester. Plaster work was done by Cullin & Son of Abilene and Mr. Tally and Mr. Smith. Carpenter work was done by Mr. Harris and Mr. Whorton and Lewis Jones of Truscott, E. A. Braziel of Quanah, Ed Black of Truscott and J. V. Allen of Crowell. Electrical fixtures and wiring were

able to put their whole soul and thought.

We had a practical example of this recently when the demand came for our factories to turn out more airplanes, munitions and tanks. The bottle neck was the fact that there was a scarcity of mechanics and tool makers. There were thousands upon thousands of young men, bright, intelligent graduates from the best schools but their training and knowledge was not in a usable field.

In a nation that puts as much emphasis upon industry as this nation does more young people should be trained to work with their hands. If they are expected to fit into the world in which they find themselves upon leaving school, they should be better prepared to render the type of service that the world needs.

Pennsylvania U Marks 200th Anniversary

On September 16th the University of Pennsylvania will mark its 200th anniversary with a 6-day celebration. 500 institutions will participate. Above, the campus in early days. Below, Dr. Thomas Gates, president, and statue of Benjamin Franklin, founder.

FOARD COUNTY Softball News

The Foard County Softball League was brought to a close last Thursday night with Margaret taking two games from the Oilers to rightfully claim the championship.

In the first game of their double-header, Margaret won 9-6 after barely holding the lead until the last innings when Margaret hits forced enough runs across the plate to give a safe lead.

The second game was nearly a duplicate of the first, but in this tilt the Oilers took the lead in the first inning and held it until the fifth inning. After that frame the Margaret lads managed to hang onto the lead to finish victorious, 12-10.

Margaret Beats All-Stars

To bring the season to an official close, a group of all-stars from the Oilers and Aces teams met the champions, Margaret, last Monday night, but still the bats of the Margaret boys were too much for the opponents and the all-stars were defeated 9 to 6.

East Texas has the largest deposit of undeveloped iron ore in the United States, stretching across eleven counties, from Angelina to Bowie. A movement is now on to develop this iron as a war emergency.

Plans are under construction of a gas pipe line extending from Texas to New York City a distance of 1,500 miles. The line will be 26 inches in diameter and will cost around \$80,000,000.

Installed by Valton Wallace of Crowell.

The decorations and draperies were designed by Lupe Romero of Dallas.

The awning, plumbing and tin work were installed by M. S. Henry & Company of Crowell.

Mrs. Short—

(Continued from Page One)

ing to Texas in 1918. Her marriage to J. L. Short occurred Dec. 25, 1923, at the home of her sister, Mrs. J. B. McCrory, in Crowell. After attending Southwestern Seminary in Fort Worth, Mrs. Short made her home in Matador for four years previous to her marriage.

She was converted and joined the Baptist Church at the age of 16, and had lived a consistent Christian life since that time. She had served as a loyal and active member of the Margaret Baptist Church for the past 15 years, holding some office in the church during her membership there. She was a loyal Christian character and the world has been enriched by her living in it.

She is survived by her husband and three children, Cecil and Besie, of Riverside, and Miss Johnnie Mae Short of Olton; one foster son, Jerry Caldwell; one sister, Mrs. J. B. McCrory of Lubbock, and one brother, S. R. Lynn of Waynesboro, Tenn.

Former Crowell—

among the many who attended the annual Campsey reunion held at Jacksboro on Aug. 25.

Those attending the funeral, aside from the immediate family, were Cora Campsey and family and Mr. and Mrs. Dick Campsey of Postok; Mrs. S. S. Turner of Truscott, Mr. and Mrs. Lon King of Wichita Falls, Mr. and Mrs. Luther King and family, Mr. and Mrs. Bib Bowen, Mr. and Mrs. Andy Low and family, Mr. and Mrs. Virgil Simpson and Winnie Finley, all of Wellington; Mr. and Mrs. John Atkinson of Big Bend, Mrs. Brooks Campsey's family, the Bartons, of Munday and Amarrillo, and a host of friends from Knox City, Benjamin, Stamford and Truscott.

DON'T WAIT UNTIL AFTER THE ACCIDENT

It's too late after your car has been destroyed, persons are injured, perhaps including yourself, to think about the important forms of automobile insurance listed below:

- (1) Comprehensive and Collision (Covers Car).
- (2) Public Liability and Property Damage Liability (Covers your liability to others).
- (3) Medical Expense Coverage (Covers injury to yourself and others riding as your guests).

See us for complete explanation of these coverages.

The year 1940, which marks the 500th Anniversary of the invention of printing, is also the 300th Anniversary of the first book printed in what is now the United States. That volume, "The Whole Booke of Psalmes," which was printed by Stephen Day and his two sons in Cambridge, Mass., was also the first book written in what is now the United States. It is almost unbelievable, says Douglas C. McMurtrie, printing historian and chairman of the Invention of Printing Anniversary Committee of the International Association of Printing House Craftsmen, that the ministers of the gospel in that wilderness settlement translated its text from the original Hebrew. Few scholars could accomplish that task today.

Fifty persons in the United States reported net incomes of \$1,000,000 or more in 1938. There were three who reported incomes of \$5,000,000 or over. Figures for 1939 are not available. An interesting advertisement is always read.

MESCAL IKE B. S. L. HUNTLEY

CHURCHES

East Side Church of Christ Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 8. Mid-week Bible class each Wednesday evening. "Come now, and let us reason together, saith the Lord."

Christian Science Services "Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ. Scientist, on Sunday, Sept. 15. The Golden Text is, "If we hope for that we see not, then do we with patience wait for it" (Romans 8:25).

Why Doesn't God Do Something? Why doesn't God do something? Is this the question of your heart as you look at war-torn Europe, and see the class and race hatreds of our own country? Think of the mothers across the sea whose sons are waiting in the trenches. Think of the broken families in the desolated sections of China. Hear the sigh of the brokenhearted Jews, who after centuries of apparent security again take up their wanderings to the rhythm of the aching chant: "How long, O Lord, how long?"

Why doesn't God do something? Great hosts of sincere men have desired something better; many well-meaning leaders have tried to do something. Why doesn't God do something about it? The Bible throbs with eagerness to answer that question. God is going to do something about it. Through all the ages there have been men simple-hearted enough to believe the Bible and accept what it has to say concerning the future as well as the past. They have seen large prophetic sections which have been fulfilled in past ages. They have read the declarations of the prophets concerning the coming of Christ, and they saw Him, according to history, fulfilling in His life and death three hundred of these prophecies. They have read in their Bibles of the course of the age, all of its greed and sin and lawlessness and despair, but they have seen that God has a program.

There is a sense in which God is always doing something. Men rule; God overrules. Men turn; God overturns. But for the most part He is allowing men to have their way and to try every possible human scheme for self-regulation and government. One by one they prove themselves to have failed, because man, leaving God out of the scene, is forever a failure.

Man attempts to foretell the future by putting two and two together. If certain things obtain certain results will follow. God tells us of the future, not because He expects to gain the consent of man, but because He plans to bring certain things to pass. The cornerstone of prophecy is the character of God. Is He able to foresee? Is He able to pre-terminate? Is He able to carry through? The Bible says He is. History says He is. The experience of trusting souls says He is.

A glowing future is ahead for the world, not because man plans it so, but because God wills it so. A small ship was struggling with a threatening sea. The storm in its fury raged around it, and the forty or fifty passengers with white faces looked out with longing eyes for some sign of a break in the storm. A lad of twelve or thirteen was sitting in the cabin, reading with interest, and apparently paying little attention to the storm. Finally a passenger sitting near the lad, said, "Boy, you don't seem to be afraid." The boy looked up from his book. "Afraid?" said he. "No, not at all. My father is at the helm."

This is the confidence of those of us who rest in the sure Word of God. The storm of sin is beating in all its fury on this old world, but Christ is our Saviour, and God is our Father, and His hand is on the helm!

You don't need to be in the army to protect your country; put out that camp fire.

Mr. and Mrs. Wright accompanied them to Wichita Falls, where they visited Mrs. Wright's parents, Mr. and Mrs. Myron Jonas, and other relatives.

Mr. and Mrs. Mynard Wright and Mr. and Mrs. D. D. Penrod of Wichita Falls and Grandpa and Grandma McDaniel of Electra visited Mr. and Mrs. George Wright and family Sunday of last week.

T. P. Hunter of Centralia, Ill., visited his mother, Mrs. Mary F. Hunter, Wednesday and Thursday of last week. Mr. and Mrs. Dave Solis and daughter, Sue, of the Gamberville community visited Mr. and Mrs. Grant Morrison and family Sunday.

Mr. and Mrs. George Wesley and daughters, Anita and Jacqueline, of Riverside and Mr. and Mrs. Jimmie Moore of California visited Mr. and Mrs. Lon Priest Sunday.

Mrs. Leonard Owens underwent an operation Saturday evening. Miss Fay McCurley has returned home after a visit with Mr. and Mrs. Charlie Haseloff of Sparenburg, Texas.

Leonard Smith left this week for Dallas where he will attend Southern Methodist University this fall. Rev. H. C. Bristow is visiting his brother in Oklahoma, who is a physician and taking treatment from him.

Robert Choat of Elmer, Okla., spent the week-end with home-folks. A. C. Phillips and little girl, Naomi, of Alred left Tuesday of last week for a visit with relatives in Oklahoma, while en route home after a visit with his sister, Mrs. Raymond Bell, and family. His mother, Mrs. Arthur Phillips who had been visiting here, returned home with them.

J. S. Owens Jr. left Sunday for Decatur Baptist College, Decatur, where he will attend school this term. Mr. and Mrs. Clifford Benham and son, Frank, of Abilene, spent Monday night of last week with his sister, Mrs. S. J. Lewis. Miss Evelyn Evans left Friday for Lubbock where she will enter Draughon's Business College.

J. W. Klepper returned to the home of his daughter, Mrs. Allen Fish, Thursday after spending several days with his son, T. B. Klepper, of Crowell. Bro. New of Gilliland filled his regular appointment at the Vivian school Saturday evening, Sunday morning and evening.

Mr. and Mrs. Melvin Morgan spent Saturday night and Sunday in the home of his parents, Mr. and Mrs. Lee Morgan. Mr. and Mrs. Fred Johnson and daughter, Fredline, of Sudan, Mr. and Mrs. Willie Brown and children of Paducah, Mr. and Mrs. L. W. Foster and sons, Billie, Dan and Robert, of Benjamin have returned home after visiting their parents, Mr. and Mrs. W. C. Golden.

Miss Bernita Fish left Monday for Abilene, where she will enter her senior year's work in Abilene Christian College. Mrs. E. T. Evans and daughter, Evelyn, and son, Milton, spent Friday night with their daughter and sister, Mrs. Ernest Lee Thomas, of Floydada, and Saturday night in the home of Mrs. Evans' niece, Mrs. Lonnie Montgomery, of Lubbock.

Mrs. Anne Foster of Rodessa, La., has returned home after visiting with her mother, Mrs. M. H. Bishop. The first mattress demonstration was held at the Vivian school house Thursday afternoon under

Texas Boy Wins Scholarship

MARK DOUGLAS, of Cleburn, state champion boy automobile driver of Texas, won a \$100 scholarship in the Ford Good Drivers League regional finals at the Ford Motor pavilion, New York World's Fair, in August. Edsel Ford, president of the League, personally handed him the award. In this photo Edsel Ford is shown with 18-year-old Gene Kennard, the Indiana boy who won the national boy driving championship, and his mother, Mrs. J. L. Kennard. The occasion was the League's first annual Champions Dinner at the Ford pavilion at the Fair. Captain Eddie Rickenbacker as principal speaker. The League paid expenses of Douglas and an adult sponsor named by himself for a week of entertainment in New York. The object of the League is to promote safety on the highways by teaching every high school boy in America to drive expertly. Any boy between the ages of fourteen and sixteen, inclusive, may join without charge. Enrollment blanks may be obtained from any Ford, Mercury or Lincoln-Zephyr dealer.

VACATION ENDS

I suppose that, like all good things, vacation must come to an end. So let's all take it on the road and pitch in to our school with a will. School, after all, brings just what you need—good things, football games, companionship with other boys, class parties and—the Press Club. Yes, the Press Club boys and girls. Don't let that just the most exciting thing you've ever heard of. If it isn't, it's just because you're jealous on account of you.

we not lucky enough to be one of the members chosen. The list of those engaging (Oh, Yeah) creatures who were fortunate enough to be included on this year's Press Club work and good times are Lois Pickett, who will act as editor; Reed Sanders and Margaret Claire Shirley, co-editors; Truman Taylor, sports editor; June Billington, home economics reporter; Jane Roark, social editor; Ray Davis, advertising manager; Jean Seales, music and Spanish reporter; Virginia Thomas, joke editor; Charles Diggs to write our editorials; and those two "Fresh" Freshmen, Billy Scott Bruce and John Thomas Rasor for our miscellaneous work. Also, this year, each Press Club member must have a B (85) average on English. When any member's average falls below that he, (or she), is suspended for a period of 6 weeks, in which to bring back their average. We are all going to work hard and try to make the paper more successful than ever before, and with the whole student body behind us, I'm sure that we can.

 FORT WORTH
 TRACIOUS HOST TO THE HEART OF THE WEST

FRESHMEN

The house was called to order by Miss Cogdell at the Freshman Class meeting.

There were several nominations for president, but the office went to Mentie Edith Briscoe.

The president presided while Clay Vessel was elected vice president, and Margaret Davis, secretary and treasurer.

The class mothers are Mrs. A. L. Davis, Mrs. Jeff Bruce and Mrs. R. V. Archer.

Mr. Rucker was elected sponsor by a large majority.

SOPHOMORES

Officers for the Sophomore Class were elected Wednesday afternoon during a class meeting. The officers are as follows:

President, Lowell Campbell; vice president, Paul Veceira; secretary and treasurer, Gordon Erwin; reporter, Ray Davis.

The class mothers chosen were Mrs. E. A. Evans, Mrs. H. K. Edwards and Mrs. C. D. Campbell.

The colors chosen for the year were maroon and white.

The flower—rose.

Mr. Myers was elected sponsor by a unanimous vote.

JUNIORS

A Junior Class meeting was held last Wednesday in the high school study hall. The following officers were elected:

Truman Taylor, president; Richard Carroll, vice president; Charles Nelson, secretary; Margaret Claire Shirley, treasurer; Marjorie Davidson, reporter.

The Junior class elected Miss Mildred Cogdell as its sponsor.

The following class mothers were elected: Mrs. Paul Shirley, Mrs. Tanner Billington, Mrs. Thomas Hughston, Mrs. R. S. Carroll.

The Juniors will strive to give the school a year to remember.

SENIORS

Big money-making plans for the Seniors have already begun with Mr. Foster as the class sponsor. Money isn't the only interest of the seniors, but it is about the biggest problem . . . in fact, the biggest. We believe co-operation is about the biggest word in the English language, as far as the seniors are concerned this year, because the word put into action will spell success in every way.

The class elected A. Y. Olds for their president; Charles Davis, vice president; Reed Sanders, secretary and treasurer. Three class mothers were elected. They are Mrs. Stanley Sanders, Mrs. Earl Davis and Miss Nona Olds. In the course of this school year, probably every mother can be of some service . . . voluntarily or drafted.

Here's to you, dear Seniors! May this be one of the happiest years of your life, and may you remember it forever.

STICKERS

Father: "So the teacher caught you using a bad word and punished you?"
 Tommy: "Yes, and she asked me where I learned it."
 Father: "What did you tell her?"
 Tommy: "I didn't want to give you away Pop, so I blamed it on the parrot."

A young man attending college fell madly in love with a young lady, but before proposing, wrote his father for advice. Following is the answer he received:

Dear Son Dick:
 Marriage is a wonderful institution if you find the right mate. The advise I can give you is to compare your girl with your mother with whom I have been so happy the past thirty years. If she can even approximate your dear mother's housekeeping, homemaking and always even temper, you are a very lucky man, and I give you my best advice—grab her at once.

Your loving,
 Father.

P. S.: Your mother just left the room. Don't be a fool. Stay single!

Bozo: "How many legs has a sheep got counting his tail a leg?"
 Tramp: "Five."
 Bozo: "Nope, Four. Calling his tail a leg doesn't make it one!"

NOTICE

This year the press club, instead of selecting the name for the "newsy" column, better known as the "Cats Claw" last year, have decided that they want the school to do it.

Two cigar boxes have been placed in the science room. If you know of a name suitable for this column, please write it on a slip of paper and drop it in the designated box in the Science Lab. From those submitted the Press Club will vote and select the one that they like best and feel is most suitable.

The other box is for the "news" items you would like to have in the paper.

We ask the school to co-operate with us in this way.—Editor.

THINGS WE HAVE NOTICED—

That the pet of all CHS, a Fish whom everybody was looking forward to teasing, is not going to be with us after all—Sandy Bell, "Champ" to you.

That there are oodles of cutesy Freshmen this year — especially

one shy red head—Clay Vessel. That we still have that swell person with us—Mr. Graves. That he's more serious since he got married—Mr. Rucker. That J. M. Hill's jalopy hasn't been seen for a long time—"Influenza."

That we miss them, terribly—Those 1940 Seniors.

OUR "BACK TO SCHOOL" ARTICLE

CHS has, after a week of changing and arranging, settled down to a fixed schedule. For the most part we have the same teachers in the same departments. However, we do have two new teachers whom we want to introduce: Miss Motley, who teaches English I and II, and Miss Beville, who teaches music the fourth period and in grammar school the other periods.

We welcome these new teachers with sincere hopes that you'll like Crowell as much as we do—we're going to do our best to make you.

YEA! TEAM! FIGHT!

Roll out the football
 Let's have a year full of fun
 Roll out the football
 We'll have other towns on the run.
 Zing, Boom, Te Er Oh,
 Come on and bring all your cheer.
 Now's the time to roll out the football.
 For 1940 is here.
 (Tune—"Beer Barrel Polka")

That's right, kids, here's another football season. Why don't Crowell, like any other school, have a big pep squad to boost our football team? Come on students, let's give the good old Wildcat school something to be proud of on the sidelines as well as on the field. Let's make the football team glad that they are Wildcats and proud of their boosters or pep squad. Let one hundred in the pep squad be our goal. Each additional ten, our extra point. We have got to put it over. Come on students, co-operate. Report for duty each day at 12:30 noon. The entire student body is invited. Let other towns know that we are there by cheering and boosting our Wildcats. Look for us, we'll be expecting you. Come and yell for the Crowell Wildcats.

Placing Texas' oil reserves in underground storage tanks will not only serve as defense against bombing, but, because of reduction in loss of hydrocarbons through evaporation, will result in a long-run economy, a University of Texas geologist believes.

Know—don't guess—that the cigar stub is out.

THIS WEEK IN HISTORY

September 16—Hyperion, seventh satellite of Saturn, discovered, 1848. American Legion incorporated by act of Congress, 1919.

September 17—United States Constitution adopted, 1787. First death by aviation in the United States, 1908.

September 18—Cornerstone of the United States Capitol laid by President Washington, 1793.

September 19—Washington's farewell address, 1796. James A. Garfield, 20th president, died, 1881.

September 20—The frigate Constitution, famous "Old Ironsides," launched at Boston, 1797.

September 21—First United States daily newspaper, "The Pennsylvania Packet and Daily Advertiser" issued at Philadelphia by Benjamin Towne, 1784.

September 22—President Lincoln issued preliminary Emancipation Proclamation, 1862.

ble forerunners of chickenpox. "While complications are rare, they sometimes do occur. Even with the great possibility that infection will run its usual course, it does not pay on that assumption to temporize. Among the complications may be erysipelas and other skin infections."

"Infants under one year of age are rarely susceptible to chickenpox. It is during the run-about age, namely, among the five- and six-year-olds, that opportunity to catch this disease is greatest."

"Of course, there is no desire to disturb parents unduly about chickenpox. The fact that approximately 52 per cent of the adult population in America have had it argues the folly of becoming overly alarmed in the fact of an increased number of cases. On the other hand, it is well to appreciate that, in common with all illness (child or adult) the chances for a favorable and speedy outcome depend much upon early detection, medical attention, and intelligent bed-side care."

FOR BABY'S COMFORT

McGee's Baby Elixir is intended for Minor upsets of the stomach and bowels that result from over-eating, improper foods, or temporary over-acidity of the stomach. A bottle of McGee's Baby Elixir costs only 35c.

FERGESSON BROS., Druggists

Chickenpox Highly Infectious and Should Be Treated

Austin.—"Chickenpox is among the more prevalent childhood plagues. Because of this fact, many parents assume an attitude of indifference toward both treatment and spread. Indeed, there are those who mistakenly imagine that this disease is an inevitable affliction, and consequently believe that the sooner the child has experienced it, the quicker the trouble will be over. It scarcely need be said that such a viewpoint is both unwise and risky," states Dr. Geo. W. Cox, State Health Officer.

"The period during which the disease develops after infection has been established varies from fourteen to sixteen days, in some cases the time may extend to three weeks. Symptoms, such as a slight rise in temperature, headache or backache, frequently precede the characteristic eruption. This eruption often is the first observable symptom. It rarely delays its appearance more than twenty-four hours after indications of illness."

"This disease is highly infectious. The family physician should be called immediately upon the suspicion that chickenpox is present, as intelligent medical care and nursing are essential to a satisfactory and prompt recovery. During epidemics or neighborhood outbreaks, which are more likely to occur during the fall and winter months than at other seasons of the year, parents should suspect all fever and aches as possi-

Miss Eloise Saunders Becomes Bride of Michigan Man Sunday

Miss Lucinda Eloise Saunders became the bride of Charles Thomas Patterson of Lowell, Michigan, in a church wedding marked with pretty simplicity Sunday morning at 11 o'clock at the Methodist Church with Rev. W. B. Hicks, the pastor, performing the impressive ring ceremony. He was assisted in the rites by Rev. J. K. Yeoman of Towanda, Kansas, a brother-in-law of Mr. Patterson.

Immediately preceding the ceremony Miss Doris Oswald of Vernon, accompanied by Mrs. A. L. Rucker, sang "I Love You Truly." Mrs. Rucker played Lohengrin's "Bridal Chorus" as a processional and as a recessional, "Mendelssohn's Wedding March." She

played "The Flower Song" softly during the ceremony. W. A. Hollweg was best man to Mr. Patterson. Miss Bertha Womack was bride's maid and Mrs. W. A. Hollweg, sister of the bride, served as matron of honor. The bride entered upon the arm of Dr. Grady W. Hayes of Amarillo, a brother-in-law, who gave her in marriage. The ceremony took place before a huge basket of gladioli, which, with ferns, provided the church decorations. The bride was lovely in a navy blue light-weight woolen suit with poupadour hat to match and with burgundy accessories. For something old, she wore a tiny cross pendant belonging to her sister. Her bouquet was of pink gladioli arranged with hanging garlands of the same flowers. Pink gladioli were used in all the decorations for the pre-nuptial and the nuptial occasions.

Miss Womack wore a black and white velvet costume with black hat and gloves. Mrs. Hollweg wore grey gabardine with black accessories and each wore a corsage of pink gladioli.

The men of the bridal party wore white tuxedos. The bride and groom were accompanied by Mrs. Patterson, Mrs. L. I. Saunders of this place and has been reared here. She is a graduate of the Crowell High School. After her graduation, she attended a business school in Dallas. She was employed in Dallas for three years and then in Tulsa for the two years prior to her marriage.

Mr. Patterson is a native of Wichita, Kansas, and is a graduate of Wichita High School, also Wichita University. He is now employed by Universal Metal Products Co., of Saranac, Mich. Present for the wedding from out-of-town were Rev. and Mrs. Yeoman, Dr. and Mrs. Hayes, Mr. and Mrs. Hollweg and baby daughter, Mrs. Rex Merrick and two daughters, Loretta Ann and Jeanine, of Amarillo, and Mrs. R. Nickolich and son, Roddy Jr., also of Amarillo.

Following the ceremony, which was attended by relatives and close friends of the couple, a reception was held in the Morley home. Mrs. William Crawford, sister of the bride, presided at the three-tiered wedding cake.

After the reception, Mr. and Mrs. Cook left on a short wedding trip. Mrs. Cook's traveling suit was of brown wool with squirrel trim, and her accessories were of brown. The couple will make their home in Jal, N. M., where Mr. Cook is employed by the El Paso Gas Co.

Mr. Cook is a graduate of Quannah High School and attended T. W. C. in Fort Worth. Mr. Cook is a graduate of Crowell High School and attended a business college in Tyler, following which he was employed by the Wells Plumbing Co. in Quannah until going to Jal.

Out-of-town guests were Mr. and Mrs. James Newton Cook of Crowell, Mr. and Mrs. H. B. Thompson of Spur, Mr. and Mrs. Howard Skinner of Woodward, Okla., Miss Ethel May Burris of Atowa, Okla., Mr. and Mrs. Kendrick Harrell of Jal, N. M., and L. H. Spear Jr. of Wichita Falls.

The marriage of Ted Reeder and Miss Jean Long of Crowell which occurred in Frederick, Okla., on August 25, was announced here this week. They were married in the parsonage of the First Baptist Church with the pastor, Rev. M. F. Eden, performing the ceremony. They were accompanied by Frank Weatherall of Foard City.

Mrs. Reeder is the daughter of Mr. and Mrs. W. J. Long of Thalia and was born in that community. She attended school at Thalia and graduated from Thalia High School in 1937, after which she attended John Tarleton College in Stephenville for one year. She has been employed in the Foard County Agricultural Conservation Association office here for about one year.

Mr. Reeder is the son of Mr. and Mrs. W. A. Reeder of Knox City. He was a member of the 1933 graduating class of Leveland High School and for the past several years he has been an employe of the Reeder's Drug Store in Crowell.

Mr. and Mrs. Reeder are making their home in an apartment at the Adrian Thomson residence.

Former Crowell Boy Married to Quannah Girl

The marriage of George Bailey Cook of Jal, N. M., son of Mr. and Mrs. Jim Cook of Crowell, to Miss Beatrice Morley was solemnized at 7:30 o'clock Saturday evening in the garden at the home of the bride's parents, Mr. and Mrs. Earl Morley, in Quannah.

Mr. Morley gave his daughter in marriage. The bride's dress was of soldier blue crepe and her corsage was of white rubrum lilies.

Miss Virginia Jones was the bride's only attendant. Her dress was of rose shaded chiffon and she wore a shoulder corsage of white gladioli. Albert Townsend of Quannah attended the groom as best man.

Rev. Frank York performed the ceremony. The arch which formed the background for the wedding party was banked with smilax and fern, and flanked with white gladioli and red roses. In the center of the arch was hung a white wedding bell under which the service was read.

Following the ceremony, which was attended by relatives and close friends of the couple, a reception was held in the Morley home. Mrs. William Crawford, sister of the bride, presided at the three-tiered wedding cake.

and Mrs. W. A. Reeder of Knox City. He was a member of the 1933 graduating class of Leveland High School and for the past several years he has been an employe of the Reeder's Drug Store in Crowell.

ADELPHIAN CLUB

The Adelpian Club entered upon its year's activities with a delightful coffee at the club house on Saturday morning at 9:30, when Mrs. R. L. Burrow, Mrs. Vance Favor and Mrs. Floyd Marshall were hostesses.

The reception room was attractively decorated in summer flowers, gladioli, snap dragons and zinnias.

Mrs. Burrow was program leader and introduced Mrs. E. Q. Warren of Knox City, who presented her music pupils, girls and boys, in an enjoyable program of various types of music—violin, piano, voice, saxophone, accordion and closing with a Spanish dance number in costume. The pupils, six in number, ranged in age from 10 to 16 years.

The dining table, from which the delicious breakfast was served, was covered with a cluny lace cloth and had, for a centerpiece, a simulated lake. A blue mirror was used for the lake and two silver ships were placed thereon.

Around the mirror the bank of the lake was effected with flowers and greenery. Plate favors were handmade tiny blue celophane boats with white sails. The menu consisted of creamed crab in shells, individual salad, pigs in blankets, buttered rolls, jelly tarts and cookies. Mrs. A. D. Campbell poured coffee from a silver urn.

Other out-of-town guests present were Mrs. D. J. Brookreson of Benjamin, and Mrs. C. E. Ball and Mrs. I. Green, of Knox City.

Thalia P. T. A.

The Thalia Parent-Teacher Association met Monday, Sept. 2, and elected the following officers: Mrs. G. A. Shultz, president; Mrs. Bailey Rencels, first vice president; Mrs. Charlie Wood, second vice president; Mrs. Boh. Abston, third vice president; Mrs. Clyde Self, fourth vice president; Mrs. Fred Brown, secretary-treasurer; Mrs. John Thompson, reporter; Mrs. Jesse Miller was elected as cook for the cafeteria.

The second and fourth Mondays were decided on for the regular meeting dates.

The association had its first regular meeting on Monday, Sept. 9, with good attendance. It was decided at this meeting to federate and also to buy instruments for children who are not able to buy their own.

Next meeting will be held on Monday, Sept. 23, with a program and social. All parents are urged to attend all meetings.

B. & P. W. CLUB

No more challenging patriotic duty faces business and professional women today than helping our country think through the difficult problems besetting democracy. This conviction is a deep-seated and sincere one among members of the National Federation of B. & P. W. Clubs, as proved by their whole-hearted acceptance of "Making Democracy Work" as the 1940-41 keynote of study.

Programs in keeping with this theme have been outlined for the local club by a committee composed of Blanche Hayes, Jewell Wallace and Gussie Todd. The programs were bound into striking red, white and blue booklets and were distributed at the opening meeting of the club year held at O'Connell's last Thursday evening.

Mrs. Wallace, as program leader, discussed "Facing the 1940 Issues." She also led a discussion of current events. Miss Joellene Vannoy conducted an interesting parliamentary drill.

Mrs. R. L. Carroll and Mrs. Irving Fisch were elected to membership in the club.

REORGANIZE

The Thalia Methodist ladies met at the church Monday afternoon and reorganized their Woman's Missionary Society under the new United Church plan and assumed the new name—Woman's Society of Christian Service.

The following officers were elected: Mrs. W. G. Chapman, president; Mrs. C. C. Lindsay, vice president; Mrs. Norman Grant, recording secretary; Mrs. C. H. Wood, corresponding secretary; Mrs. H. W. Gray, treasurer; Miss Minnie Wood, study leader; Mrs. J. L. McBeath, spiritual life superintendent; Mrs. M. C. Adkins, program chairman; Mrs. L. A. Roberts, song leader; Mrs. E. S. Flesher, pianist.

There were 23 ladies present for this meeting and 21 of them registered as charter members of the new organization.

Rev. Don Culbertson, pastor, was in charge of the organization.

Emergency Crop Loans to Farmers Now Available

Emergency crop loans for hte production of winter wheat and other small grains are now available to farmers in Foard County, and applications for these loans are now being received at Crowell by Miss Alma Walker. As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing his land for seeding his 1940 grain crops. Borrowers who obtain loans for the production of small grains are required to give as security a first lien on the crop produced.

Annual Picnic and Barbecue of Mr. and Mrs. C. P. Sandifer and Tenant Farmers Held at Cub Hut

Between 150 and 200 people attended the annual barbecue and picnic given by Mr. and Mrs. C. P. Sandifer and their farm tenants at the Boy Scout cub hut adjoining Mr. and Mrs. Sandifer's home in the north part of Crowell last Friday evening. The program began at 6 o'clock.

The occasion this year was more than the annual get-together of Mr. and Mrs. Sandifer and their eleven tenant farmers and their families, but it also celebrated the Sandifer's arrival in what is now Foard County fifty-one years ago, Sept. 7, and Mr. Sandifer's 76th birthday.

The eleven tenants on the Sandifer farms are Fred Diggs, dean of the group, C. W. Carroll, Hubert Carroll, Claude Carroll, Eldon Carroll, Milburn Carroll, G. Y. Carroll, O. N. Baker, O. D. Rader, T. L. Ward and Sam Kuehn.

The program was in charge of County Judge-elect Leslie Thomas, who also gave the welcome address. The first number on the program was given by a male quartet composed of John Raser, Ebb Seales, J. P. Davidson and Ernest King, who sang two songs, "Roll On" and "Leaning On the Old Top Rail," and was followed by a clever reading by Mrs. Grady Halbert of Foard City.

At 6:30 the excellent barbecued meat, weiners, beans, pickles, onions, salads, cakes, pies, iced tea and coffee were served buffet style to the host of guests assembled for this annual affair. The invocation was given by Rev. W. B. Hicks, pastor of the Methodist Church, Dock Borchardt, C. W. Carroll, A. D. Campbell and Milburn Carroll barbecued the meat. Other assistance needed in preparation was rendered by

the Boy Scout cubs. The birthday cake was cut by Mrs. M. S. Henry, long-time friend of the host and hostess, who gave a short talk reminiscent of their early lives in Collin County.

In a short impromptu talk, Mrs. B. W. Self stated that Mr. Sandifer was her first Sunday School teacher and at that time she thought he was one of the best men in the world and her opinion had not changed.

Mrs. Sandifer, too, was a Sunday School teacher and some of the members of the first class she taught in the early days were the following boys: Russell Beverly, Grover Cole, Tully Klepper, Rob Wells and many others.

The program was continued with several accordion numbers rendered by Jimmy Johnson of Thalia, small son of Mr. and Mrs. Oneal Johnson, two readings by Mrs. Halbert, vocal number by Raymond and Sue Carter, and a rousing welcome by the cub Scout troop, lead by Mr. Sandifer, cub master.

The concluding number on the program, "A Beautiful Life," was sung by the following male quartet: John Raser, Ebb Seales, Sam Mills and J. P. Davidson. An impromptu talk was made by Mrs. Sandifer, who, along with Mr. Sandifer, expressed her great pleasure in having the opportunity of entertaining this large group of friends and neighbors and in which she declared she "was not near as old as Mr. Sandifer."

Business men from Vernon attending were "Party Line" W. D. Dixon, Elzie Youngblood, Fred Russell, Harry Colley, J. R. Wright, Cy Long, J. L. Showers, Baxter Ross, Charlie Moore and Bubba Moore.

Brief Bits of News From Here and There

The swimming suits worn by girl contestants in the National swim meets are of silk and weigh one ounce or less.

The syndicated column which appears in 150 daily newspapers under the head of "Marriage Meddlers" is written by Mrs. Adele Garrison, of Kent, Connecticut. Mrs. Garrison celebrated recently the twenty-fifth year of her column, which appears in three dailies six times a week. During the twenty-five years in which the column has appeared Mrs. Garrison has written an estimated 8,000,000 words, equivalent to one-fourth of the Encyclopedia Britannica or equivalent to 100 average length novels or eight times the total words in the Bible. Mrs. Garrison is 66 years old. She spent ten years as a school teacher before entering the newspaper business in which profession she spent six years, marrying a fellow newspaper man. She has a family of four children.

In recent weeks hundreds of American pilots have offered their assistance to Great Britain. The offer is prompted by a desire to help Great Britain, the quest for adventure, and the pay. No oath of allegiance to Britain is required hence volunteers retain their American citizenship. American fliers have their choice of three categories of service, active fighting in the Royal Air Force, teaching new recruits, flying planes from assembly lines to the British Isles to army airbases, thus relieving British pilots for combat work.

Whether the oil man wins or loses, the community always gains.

TEXAS MID-CONTINENT OIL AND GAS ASSOCIATION

ROTARY CLUB

Rotarians W. F. Prosser, Post, Gus Hooks of Farmers and Hugh Sneed and Arthur of Quannah were visitors at Wednesday meeting of the Crowell Wildcat Football team.

The program was in charge of Hubert Brown and included by Coach Graves and A. concerning prospects for the School football team for 1941.

Mrs. Brown also made a talk, complimenting the officers of the Foard County Red chapter on the excellent done in Foard County.

ANOTHER DRY HOLE?

In the constant search for new oil reserves in Texas, even the dry holes benefit the communities in which they are drilled.

They mean employment and wages for Texas labor, lease money for Texas farmers and ranchers and many other expenditures which benefit all lines of business.

2,300 dry holes were drilled in Texas last year at a cost of nearly 60 million dollars.

Since oil was discovered in Texas, 52,000 dry holes have been drilled in all sections of the State at an expense of more than one billion dollars.

This billion dollar research has already resulted in the discovery in Texas of over half of all the known petroleum reserves of the Nation. The creation of this wealth will benefit Texas citizens for generations to come.

Whether the oil man wins or loses, the community always gains.

RIALTO

LAST TIME THURSDAY

"LILLIAN RUSSELL" with ALICE FAYE, DON AMECHE, HENRY FONDA, EDWARD ARNOLD

FRIDAY NIGHT and SATURDAY MATINEE

Better CLEANING and PRESSING

We want to announce to the public that we have secured the services of Claude Brooks, one of the best cleaning and pressing men in Texas, as manager of our cleaning and pressing department. He will also do all alteration work. Doyle Kenner will be assistant manager and will work in both departments.

Careful, thorough cleaning work carries no premium at the B. & B. Man's Shop. Our prices are right, and our work, as customers tell us, is superior. That's something to remember, for Fall is here and you'll want to get your heavy winter clothes ready for wear and your summer clothes ready for storing!

Our men's furnishing department will be stocked with new Fall merchandise and we invite you to visit our store.
