Roosevelt or Willkie? Voters to Decide Tuesday

FRANKLIN D. ROOSEVELT
Democratic Candidate for President

WENDELL L. WILLKIE
Republican Candidate for President

Vote to Determine If Roosevelt Will Remain in Office or If Republicans' Wendell Willkie Will Become President

The nation-wide general election will be held Tuesday, Nov. 5. The vote next Tuesday will determine who will be the next president and vice president of the United States. It will decide whether the voting citizenship of the United States wants the continuation of the present administration to be headed by Franklin D. Roosevelt and Henry A. Wallace or a change to a new administration which would be headed by Wendell L. Willkie and Charles McNary.

With the exception of the presidential and vice presidential candidates, the election will be of little interest to Texas voters as it will be only the confirmation of state, county and precinct officers nominated in the second Demo-

Search for Water Supply Will Be Continued 2 Months

Search for an adequate supply of good water for the City of Crowell is still in progress with a recent extension of the WPA project sponsored by the city. It was announced this week by Mayor C. T. Schlagal.

C. E. Johnson, engineer from the State Board of Water Engineers, is in charge of the exploration work and is working two crews of men in the vicinity of Margaret. It is expected that the work will be continued until Jan. 1, 1941.

Amendments
However, in addition to the candidates whose names appear on the official ballots, four amendments to the Texas State Constitution are also on the ballot.

The first amendment will pro- (Continued on Last Page)

Foard County Swept by Heavy Rain; Wind and Hail Damage Houses, Crops

Here's What Happened in Foard During 1917 Wartime Draft

With Uncle Sam's first peacetime conscription for training well underway, take a look back to the wartime conscription of 1917, because with very few exceptions, it will be nearly the same as the one young Americans are responding to at present.

The registration day in 1917 was on June 5 and men between the ages of 21-31 were registered. There were 485 men in Foard County to sign up in 1917.

Following is part of a letter from the recruiting officer concerning the draft as taken from the June 22, 1917, issue of The Foard County News:

"Figured on a basis of 2 per thousand population, the War Department expects to fill the Regular Army to war strength by June 30th, next.

"If each county will furnish its quota, this district will be able to show that North Texas has responded to the President's call for volunteers for the war only. Your county should send 11."

According to the following paragraph from the July 27, 1917, issue of The Foard County News, this county did not have to send a man in the first draft:

"Foard County is 12 over recruited and will not have to furnish any men under Select Draft, according to figures announced today."

The principal differences in the conscription of 1917 and that of 1940 is that the first one was for soldiers in the first World War; and the conscription of 1940 is for men to receive one year's military training after which period the men will be returned to their homes, subject to call for duty at any time during the next ten years.

RETURNS FROM PHILIPPINES

Mrs. T. V. Rascoe returned home Monday from the Far East. She spent several months with her brother-in-law and sister, Mr. and Mrs. C. N. Hodges of Ilo Ilo, Philippine Islands, and also visited Manila, China, Japan and Hawaii.

Mrs. Rascoe says the Filipinos have the greatest desire of any people for education and great cultural achievement, but seem to fear economical progress.

The Islands seemed quiet and peaceful in spite of the war and the many evacuees sent to Manila from China and Manila welcomed them with open arms and were very kind and generous to the un-

First Number, 158, Drawn in Lottery At Washington Held by Mexican Here; Morris Diggs Holds 2nd Number, 192

The number 158, the first to be drawn in the nation's peacetime draft lottery at Washington, D. C. Tuesday, was held in Foard County by a Mexican, Louis Rivers. This number was drawn by Secretary of War Stimson and was read to the world by radio by President Roosevelt.

The second number of the lottery was drawn by Secretary of the Treasury Morgenthau and was 192. Morris Diggs held this serial number in Foard County.

The fifteenth number to be drawn became order number 3 for this county. This was No. 105 and was held by James Menefee, Negro.

Drawing of the 9,000 capsules from the famous 10-gallon fish bowl was started Tuesday afternoon at 12:18 and was completed 17 hours later, Wednesday morning at 4:47 o'clock.

President Opens Lottery

President Roosevelt opened this first peacetime draft lottery with a brief address to the youth of America. Following are parts of his address:

"You will be members of an army which first came together to achieve independence and to establish certain fundamental (Continued on Last Page)

Discount on Current Taxes to Be Extended Through November 2

It was announced here Wednesday that the three per cent discount given on current taxes paid during the month of October would be extended to November 2, according to information received from L. A. Andrews, tax collector for the Crowell Independent School District; A. W. Lilly, tax collector for Foard County; and J. T. Billington, tax collector for the City of Crowell.

This will allow taxpayers until Saturday night, two extra days, in which to take advantage of the discount offered by the state and county, Crowell Independent School District, and the City of Crowell.

UNDERGOES OPERATION

David Fox, small son of Mr. and Mrs. Herman Fox, underwent an appendix operation in the Quanah Hospital last week. His condition is improving splendidly and he will be moved home soon.

fortunate.

Mrs. Rascoe had been away for almost a year.

Foard County was swept by its heaviest rain and hail in many years Wednesday afternoon shortly after 6 o'clock. Within forty-five minutes after the storm struck, water was running over the highways within the city limits and water was higher in many sections of Crowell than possibly ever before.

General Rain

Every community of the county reports good rains, varying from 3 to 5 inches. Recordings at the Crowell State Bank show that 3.1 inches were measured here, however, the first part of that rain fell so hard that some of it might not have been caught. A number of people report that there were several inches of water standing in tubs, wash pots and buckets Thursday morning.

Twister Does Damage

Considerable damage was done by high winds in Crowell and in the northwestern section of the county.

A small twister swept over an area about 3 miles northwest of Crowell doing damage to houses, barns and feed stacks.

Early during the storm, the roof of the residence of Mr. and Mrs. Herbert King was blown away and the house was open to the rain. The chimney of the J. T. King residence was blown off and a hole tore in the roof. High winds also broke three windows in this house. Barns on the Darwin Bell and Charlie Bryson farms were damaged.

Several sheds and garages in the city of Crowell were damaged. There are possibly other damages from wind in the county but they had not been reported early Thursday morning.

Cotton Damaged

Cotton over the county was damaged and reports from the western part are that only the bare stalks were left after the heavy hail. Leaves and bolls were stripped from the stalks during the first few minutes of the storm. An estimate of damage to the county's cotton could not be given (Continued on Last Page)

Car Stolen in Lawton, Okla., Recovered Here

A car stolen from Lawton, Okla., last Monday night was recovered by local officials here Tuesday morning and returned to its owner, W. F. Jones of Lawton, that afternoon.

The car was stolen from Lawton Monday night and was abandoned on the road south of the Crowell cemetery about day break Tuesday morning. The thief had not been found Wednesday afternoon.

Residence of Ransom Meadors Burns Tuesday

Second Insured Fire Loss for City of Crowell in 1940

Crowell's first insured fire loss in over four months was recorded when the residence of Ransom Meadors in the northeast section of Crowell burned shortly after 3:20 o'clock Tuesday morning.

The other insured fire loss for this city during 1940 was the Kialto Theatre which burned on July 9.

The fire started in the upper story of the two-story residence but the origin of the flames is undetermined. Flames rapidly spread and the house was ablaze to such an extent at the time the alarm was sounded that it was impossible for the fire department to bring them under control.

According to a report from the fire marshal, the loss was partially covered by insurance, but the amount of insurance has not yet been released.

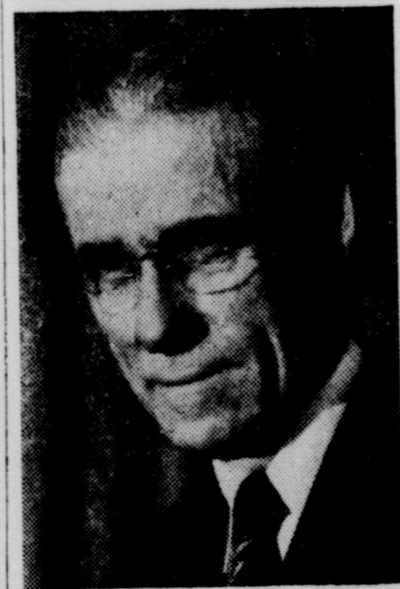

Dick Todd Saves Game for Redskins In Detroit Sunday

Crowell Youth Runs 61 Yards for Winning Score for Team

Dick Todd of Crowell reeled off a sensational 61-yard run in the early minutes of the fourth quarter for a touchdown last Sunday to bring his team, the Washington Redskins, from behind and to defeat the Detroit Lions, 20-14. Todd also enabled the Redskins to hold an undefeated record and the lead of the National Professional League in the Eastern division.

Johnson scored the Redskins' first touchdown and Todd's interception of Whizzer White's pass on the Detroit 48 started Washington toward its second touchdown with Filchuck going over for the score. This lead melted swiftly when the Lions fought back to tally twice and take the lead at 14-13.

The Redskins were trailing by one point at the opening of the final period, but on the seventh play of the quarter, Todd shook off a would-be tackler behind the line of scrimmage and went on his way for the game's winning score.

Frank S. Roberts

District Rotary Governor to Visit Crowell Club Nov. 6

Frank S. Roberts, who is engaged in the practice of law and is a member of the Rotary Club of Breckenridge, Texas, will attend the meeting of the Rotary Club of Crowell, Wednesday, Nov. 6, 1940, in his official capacity of Governor of this Rotary District.

He will meet with President Moody, Secretary Ferguson, and the other officers and members of the Rotary Club of Crowell to consult with them and advise on matters relating to club administration and Rotary Service activities.

Judge Roberts was elected to the office of District Governor at the 1940 Convention which was held in Havana, Cuba, during June, and will continue to serve until the 1941 Convention in Denver.

The 5,000 Rotary Clubs of more than 60 countries of the world are grouped into 149 districts. The 127th district, of which the Rotary Club of Crowell is a part, consists of 55 clubs located in cities of Texas, and has a membership of approximately 2,387 Rotarians.

The following new motor vehicles were registered in the office of the tax assessor-collector during the past week:

Floyd O. Fausett, Plymouth sedan.

edy of the age is that more men and women do not discover this secret of life and lay hold of this philosophy of living and make it their own. Too many grope blindly in an effort to find it but never find it. They go through life troubled and harassed by a multitude of fears and doubts and worries that rob them of the pleasure and the joy and the beauty of life. With this philosophy these disappear. There comes an inner force, a strength, and a faith sufficient for every need. Like the gold and the treasure of the earth this prize does not come without effort to any man. Each must seek it and seek it diligently and long. Its search must become the one desire of his life—it must become his life's greatest quest.

Mumps Prevalent in Texas, Reaching New High Levels

Austin.—Reports to the State Health Department this week from physicians indicate that the prevalence of mumps over Texas is reaching a new high in the seasonal trend. Total reported cases of mumps during the summer just ended have exceeded all previous years, and the opening of schools with attendant increased contagion-possibility among children has pushed the total mumps cases to additional higher levels to date. Dr. Geo. W. Cox, State Health Officer, announced in Austin this week. Mumps, in itself, is not a particularly serious disease, but the after-effects may be very serious. Encephalitis (inflammation of the brain) is a most serious complication which may follow mumps since it is apparently caused by the virus responsible for mumps. In large epidemics, as many as one in each hundred mumps patients has developed encephalitis. Encephalitis may be followed by personality changes of such a character as to make the individual useless in future life. It causes paralysis and palsies, and four per cent of the total deaf mutes can trace their condition to mumps in early infancy. Another serious complication which may follow mumps is the involvement of other glands in the body by the mumps virus. Severe pain accompanies this manifestation, and such involvement results often in sterility of the individual for life. It may so closely resemble appendicitis that the individual is subject to an operation. Peculiar infections of the kidney and pancreas may also result from the mumps virus. Mumps is contracted through close contact with a person who either has mumps or is in its preliminary stages. Usually there is a period of twelve to twenty-one days between exposure and illness. Typical mumps reaction is the swelling of the parotid or salivary glands. These glands, lying beneath the angle of the jaw, produce typical swelling of the side of the face and neck. The Texas statutes require that mumps cases shall be isolated from school for a period of twenty-one days at the discretion of the local health official. And since complications following mumps may be quite serious, ev-

Happy Ending of Near-Tragic Sky Drama

Flying Officer L. G. Fuller of the Royal Australian air force in a bi-reconnaissance plane collided with another plane of the same type 1,000 feet above Brocklesby, New South Wales. Everybody bailed out except Fuller, who brought both ships down to a perfect landing and stepped out unhurt. The planes were only slightly damaged.

every person with mumps should remain in bed under a physician's care. The theory that a person who had mumps on one side (involvement of single parotid gland) was not immune on the other side has been disproved by recent scientific knowledge. Immunity produced from mumps (single gland, double gland or many glands) is a long lasting immunity and since this disease is a constitutional disease, the immunity is not one that applies to a single isolated gland, but protects the entire system against a recurrence of mumps.

Two Minute Sermon (By Thomas Hastwell)

The Great Quest: In almost countless instances in the history of the race man has undertaken great risks to acquire some coveted prize or treasure. The search for a new world took him across thousands of miles of uncharted ocean. The search for gold has taken him across the American continent to its western coast and to the frozen wilds of Alaska. The search for diamonds has taken him into the mines in the heart of Africa. The search for fame, for glory, for recognition has caused man to endure great hardships and to undergo great sacrifices. All through the history of the race, mankind has been going out in search of his great quest because he believed therein lay happiness and content. But greater and surer than the happiness to be found in any of these material things is the happiness and content that comes to the man who discovers for himself the riches of the philosophy of living brought to man by Christ. I believe that the greatest trag-

Amendment No. 4 Should Be Adopted, Geo. Moffett Says

The Foard County News is in receipt of the following statement from Senator George Moffett of Chillicothe, concerning the proposed amendments to the State Constitution to be voted on next Tuesday:

"Frequently," said Senator Moffett, "Constitutional amendments are not well understood by the voters, and therefore, many automatically vote against them. I have tried to spread as much information as possible about the current amendments, and more particularly concerning number four, of which I am the author. This amendment provides a way for cases involving the constitutionality of a law to be decided more quickly by the Supreme Court than is now possible.

"Frequently, in the past, a law has been placed on the statute books and observed for a number of years until finally someone decides to test its constitutionality. Under the present Constitution, a case involving the constitutionality of a law must follow a long, slow, tedious, pathway until it finally reaches the Supreme Court, which is the court of final jurisdiction in such matters. This delay and expense not only causes good citizens to hesitate to push a test case, but also sometimes operates against the best interests of the State and to the distinct advantage of a person who wishes to profit by the delay and who does not wish to obey the law.

"For instance, when the cigarette tax law was passed several years ago, several wholesale dealers in cigarettes evaded the payment of the tax by securing an injunction on the ground that the cigarette tax law was unconstitutional. It took about two years for the case to finally be decided by the State Supreme Court. The State lost around two million dollars in taxes during this time, one-third of which would have gone to the old age assistance fund, and the other two-thirds to the school fund.

"If amendment number four is adopted at next Tuesday's election, it will not take so long in the future for a constitutional point to reach and be decided by the Supreme Court, and the State and most of its citizens will be the gainers.

"I am not opposed to the other amendments," concluded Senator Moffett, "but I most sincerely urge you to vote for number four."

What We Think
(By Frank Dixon)

Compulsory registration and a conscription has come to pass in this country. Nothing like it has ever happened in time of peace in the history of the American nation.

In harmony with the raising and training of the greatest peace time army this country has ever had, there is in progress the building of the greatest navy in the world, and the greatest general defense equipment in the world.

The whole program comes as a shock to many in this country who have always thought of armies and preparation for war as something not needed in this country. They have regarded it as a thing that was accepted as a matter of course in Europe and other parts of the world, but a thing wholly foreign to the United States.

The fact is but another indication among many that we are living in a changing world. Changes far reaching and monumental have come within the past ten years. With them has come a vast upheaval, a turning over, an upheaval. Perhaps it is due to the unholy desire of war mad dictators, perhaps it is another stage in the evolution of the race in its struggle toward a more perfect existence.

Whatever the cause, it is here. We are going into a military age. For years to come more and more emphasis is going to be put upon military training and physical preparedness. It is even freely predicted that compulsory military training is on the way.

The United States remains the last outpost of the democratic form of government. As such it is going to be called upon soon to meet the crucial test of whether or not a democracy can survive all other types of government. If it does survive it must survive not only the threats and the attacks of outside foes, but it must survive as well the attack of the foe within its borders. An adequate army and navy and air force, such as the United States can and will build, is sufficient to protect the interests of this nation from any and all aggressors. Our resources are such that we can match and surpass any nation in the world today when it comes to a program of military preparedness. We will not stop short of such a program.

To me, it seems the program of preparedness in the United States is necessary, regardless of the outcome of the European war, and the war by Japan in China. There must be left in the world one strong power. That power will be the United States. Incidentally we are going to occupy at the close of the war a most strategic position. Our military preparation will be well upon its way. Our factories and production lines will be tuned up and speeded up to the highest pitch of efficiency. We will be in a position of great opportunity and of great responsibility. We must be prepared to meet it. We must be prepared to meet it not only with the finest army, and navy, and air force in the world, but we must be prepared with a national patriotism and a national loyalty that will not permit the infiltration into this country of insidious propaganda from the wrecks and chaos of other countries. We must be strong in spirit as well as in material force.

Chillicothe Given Important Game Over Crowell

Eagles Win 14 to 9 But Are Outplayed by Fighting Wildcats

Receiving enough breaks to defeat any football team, the Chillicothe Eagles nosed out Coach Grady Graves' Crowell Wildcats, 14 to 9, after being played off of their feet during the most of the scrap.

This was the most important game of District 9-A last week and football followers had predicted that the winner would be the favorite to cop the district championship, however, the Chillicothe lads will still have to play the undefeated Archer City Wildcats and the Throckmorton Greyhounds in games that will take them away from the home field.

Crowell was by far the strongest of the two ball clubs as is shown in the statistics, but the Eagles cashed in on two breaks to score and played the breaks to keep the Wildcats from pulling the game from the fire.

The first time the Wildcats got possession of the ball they started a long drive which eventually ended with A. Y. Olds, Wildcat quarterback, crossing the goal line after a 17-yard gallop. But the play was called back and Crowell penalized 5 yards for backfield being in motion. However, the Eagles were not able to capitalize on this break as two plays later, Olds romped through center for 24 yards to reach pay dirt. Olds also booted the extra point to give Crowell a 7-0 lead.

A short time later, the Eagles took a short punt on the Crowell 39 and worked the ball down to the 3 and Karr, Eagle quarterback, plunged over for the touchdown and Dillon converted from placement to knot the score at 7-7.

At the start of the drive which carried the ball deep into Crowell territory the Eagles received two breaks which allowed them to continue to hold possession of the ball, otherwise, there were two times that they would have been forced to punt. The Eagles took the ball on the kick-off after the Crowell touchdown and started scrimmage from their 30. On the first play Hopkins made 7 yards and on the second Hopkins fumbled and lost 6, leaving a net gain of 1 yard on the two plays. On the third play, Morrison passed incomplete to bring up fourth down on the 31. Morrison punted but the ball was called back and the Wildcats penalized 5 yards for roughing the kicker and the Eagles automatically received a first down.

The same thing happened during the next series of plays and at another time when the Eagles would have been forced to punt. With first down on the Eagles' 37, Dillon of Chillicothe lost 3. On the second play, Morrison made 2, and on the third play, with 11 yards to go from the Eagles' 36, Morrison passed incomplete, but the ball was called back and given to Chillicothe on its own 41 with another automatic first down as a Wildcat was ruled as having roughed the passer.

With these two big helping starts, the Eagles finally worked the ball down to the Crowell 38 before the drive was stopped and the Eagles punted to the Wildcats' 11-yard line. Crowell's short punt and Chillicothe's first score followed.

The next outstanding break for the Eagles came in the third quarter. Crowell took the kick-off and advanced to the Eagle's 40 and Gibson, Wildcat halfback, galloped through right tackle to the Chillicothe 3-yard line before being forced off the field. But the ball was returned to the 40 and Crowell penalized 15 yards for holding.

Again a break came to the Eagles and was one by which the invaders scored their second touchdown. An Eagle drive was broken up on the Crowell 11-yard line when Hudreons, Crowell wingman, intercepted Morrison's pass. The Wildcats pushed the ball up to the 17. On the fourth play, Ownbey's punt was blocked and Chillicothe took the ball on the 17. Davis circled end for 14 yards and Hopkins scored from the 3.

The last quarter was all the Wildcats'. They did everything but push Chillicothe from the field and produce a scoring punch. They worked the ball from their own 36-yard line to the Eagle 1. With the ball on the Chillicothe 1-yard stripe, Olds plunged into the center of the line but was held for no gain and it was Crowell's last chance to score a touchdown.

Taking the ball on their own 1, the Eagles were afraid to give Crowell a chance to block a punt behind the goal line, so Morrison took the ball and laid down on it to give Crowell two points. Chillicothe put the ball in play from the 26 with a place kick and the final play, three plays later, found the Wildcats striving to score the tying touchdown against a team which they had soundly outplayed during the greater part of the game.

Dillon and Bell, ends, and Scruggs and Hopkins, halfbacks, were easily standouts for Chillicothe, but to name the stars of

FSA Again Ready to Help Worthy Small Farmers

Julian Wright, Farm Security Administration supervisor, announced today that the FSA is once again ready to lend a helping hand to Foard County farmers who are unable to get their coming year's crop financed.

"Our loans are available," Mr. Wright said, "to worthy farmers for the purpose of helping them to make a better living for their families and to increase their security on the land. FSA loans are made to both tenants and land owners if they cannot get financing from any other source.

He explained that the loans are not limited strictly to crop production purposes, but also to buy livestock and equipment that will enable them to do a better job of farming.

Loans are based on a farm and home management plan which the borrower and his wife work out with the help of the FSA farm supervisor and the home supervisor. The plan calls for the farm family to grow as much as possible of its food and feed and to diversify operations by having two, and preferably more, sources of cash income. FSA farm and home supervisors give the family advice and assistance from time to time in order to safeguard the loan and also to enable the family to make the most of its chances.

The Foard County FSA office, where farmers may apply for these rehabilitation loans, is located in the court house at Crowell.

Wildcats Take Much Deserved Rest This Week

Will Prepare for Archer City Cats Next Week

Coach Grady Graves is taking advantage of an off-week in the District 9-A football schedule to give his Crowell Wildcats a much-needed rest before starting them in practice next week in preparation work for the strong Archer City Wildcats in Archer City on Friday night, Nov. 8.

Excellent Record

With seven games behind them, the Wildcats have an excellent record. They have played some of the strongest Class A teams in this section and finished much stronger than dopsters predicted as they have only one defeat on their record.

With only two regulars back from the 1939 machine, Coach Graves and his comparatively green team met the powerful Matador Bullfighters in the opening game of the season and fought them to a 0-0 tie. Going back into District 4-A the following week, the Crowell team battled the high-ranking Paducah Dragons to a 6-6 tie. Showing more strength the next week, the Wildcats upset the dope by downing the team predicted to win District 10-A, the Munday Moguls, 12-0. The next team to fall before the Gravesmen were the Floydada Whirlwinds. The Whirlwinds are favored to win District 4-A honors but fell before the Wildcats, 13-6.

Starting District 9-A play, the Crowell eleven surprised the district by blasting the Holiday Eagles, 30-0, and went on to stifle an inspired Seymour Panther team, 22-6. The Wildcats lost

their only game so far this season to the Chillicothe Eagles here last Friday night, 14-9, after having the breaks go against them during the greater part of the game.

Injuries Healing
The Wildcats have come through this hazardous schedule with comparatively light injuries, and providing the squad is injury free during the next week of practice they will be in perfect condition for the Archer City lads. Archer City is undefeated this season.

Chillicothe, Archer City, Throckmorton 9-A Race Leaders

Chillicothe's Eagles jumped into the spotlight as the favorites to win the 1940 District 9-A championship by their 14-9 victory over the Crowell Wildcats last Friday night while the Archer City Wildcats and the Throckmorton Greyhounds loomed as big obstacles in the paths of the Eagles with their victories over Holiday and Iowa Park, respectively.

To the delight of fans of this district, the Seymour Panthers broke their losing streak and triumphed the Haskell eleven, 32-0. The Panthers show possibilities of being a powerful club before the season closes.

Play by Play
Chillicothe-Crowell Game

KICKOFF—Ownbey of Crowell kicked to the Eagles' 5 and Morrison returned to the 16. The play was nullified as both teams were offside. Again Ownbey kicked and this time Scruggs took the ball on the Chillicothe 28 and returned it to the 41.

EAGLES—Scruggs plunged center for 3, and then picked up 2 at left tackle. Morrison ripped through right tackle for 4. Morrison punted to the Crowell 15 and Olds returned the ball to the 27 before being stopped by Dillon.

WILDCATS—Olds slipped through left guard for 9 and Ownbey added 3 at left tackle. Olds plunged center for 3. Haseloff circled right end for 7 for a first down on the Chillicothe 48. On the next play, Crowell drew a 5-yard offside penalty. Ownbey raced through left tackle for 17 yards to give Crowell a first down on the Eagles' 36. Haseloff again skirted right end for 7. Olds made 3 at left tackle and picked up a first down with 2 at left tackle. Ownbey was picked up by Scruggs at right tackle for no gain. Olds made 3 at center. Gibson passed incomplete to Haseloff. In attempting to circle left end, Bell dropped Haseloff for a 15-yard loss and the Eagles took the ball on downs on their own 30.

EAGLES—Morrison drove into the right side of the line and fumbled when hit. Spears recovered for Crowell on the Chillicothe 30.

WILDCATS—Olds was stopped at right tackle by Karr after picking up 2. Gibson was downed by Scruggs at right tackle for no gain. Gibson fought way through right tackle for 6 with Morrison bringing him down. Olds swept through right tackle for 4 and a first down on the Chillicothe 17. Time out for the Eagles. Olds spun through center for 17 yards and a touchdown but the play was called back and Crowell was given a 5-yard penalty for backfield in motion. Ownbey lost a yard at left tackle. Olds sped through center for 24 yards and a touchdown. Olds' place-kick was good. Crowell 7, Chillicothe 0. Hopkins came into the Eagles' lineup for Henry.

KICKOFF—Ownbey kicked to the Chillicothe 13 with Hopkins returning to the 30 before being stopped by Haseloff.

EAGLES—Hopkins made 7 at left tackle before running into Ownbey and Haseloff. Hopkins fumbled and was swarmed by Ownbey and Haseloff for a 6-yard loss as the quarter ended. Crowell 7, Chillicothe 0.

Second Quarter

EAGLES—Morrison's pass was knocked down. Morrison punted to the Crowell 40 and Olds returned 9 yards but the ball was called back and Crowell penalized 5 yards to give the Eagles a first down on the Chillicothe 37. Dillon was swarmed by Briscoe, Owens and Wells for a 3-yard loss. Morrison picked up 2 at right tackle. Morrison passed incomplete but Crowell received a 5-yard penalty on the play to give the Eagles another first down on their own 47. Karr dropped by Spears after making 6. Scruggs stopped at center by Wells for no gain. Hopkins gained 6 at left end before being pulled down by Haseloff. Scruggs added 5 more at center and then hit right guard for 2. Scruggs made 3 more at center. Hopkins punted to the Crowell 12 where the ball was knocked out-of-bounds by Olds.

WILDCATS—Taylor dropped Ownbey at left end for no gain. Gibson fumbled and lost 2, being tackled by Taylor and Bell. Ownbey kicked to the Crowell 38 and Hopkins returned to the 19.

EAGLES—Davis circled left end to the Crowell 13. Time out for Crowell. Hopkins made 1 at right tackle. Scruggs plowed the center of the line for 8. Karr lunged through center for the touchdown. Dillon place-kicked the extra point. Crowell 7, Chillicothe 7.

KICKOFF—Dillon intentionally kicked out-of-bounds and Crowell took the ball on its own 35.

WILDCATS—Haseloff raced around left end for 7 before Hopkins carried him off the field of play. Olds added 4 at center and then 11 more at right tackle. Ownbey was met at left tackle by Dillon and Karr for no gain. Gibson picked up 3 at left guard. Olds made 4 at right guard and then hit left guard for 2 and the Eagles took the ball on downs on their own 37.

EAGLES—Haseloff stopped Hopkins at right end after a 2-yard gain. Morrison took a show-off pass from Hopkins for 5. Scruggs was stopped at center by Wells after a yard pickup. Morrison punted to the Crowell 23 and Olds returned the ball 12 yards. Henry came into the game, replacing Hopkins.

WILDCATS—Hudgeons attempted to pass but Bell knocked the ball from his hand to register an incomplete pass for Crowell as the half closed. Crowell 7, Chillicothe 7.

Second Half

KICKOFF—Again Dillon intentionally kicked out-of-bounds to be sure of no run-back by the Wildcats and Crowell took the ball on the 35.

WILDCATS—Olds romped through left tackle for 6. Ownbey went through the same hole for 5 more. Haseloff galloped around right end for 13 yards to put the ball on the Eagles' 42. Olds made 2 at left guard. Gibson plunged into right tackle to break into the clear and raced to the Eagles' 3 before being pulled down, but the play was called back and Crowell given a 15-yard holding penalty. Gibson kicked to the Eagles' 22 and Morrison returned to the 30 before being tackled by Haseloff.

EAGLES—Wells and Haseloff met Scruggs at center for no gain. Morrison made 4 at right end. Morrison passed to Dillon for 2. Morrison punted to the Crowell 21 and Olds returned to the 42. Olds made 2 at left tackle. Haseloff was trapped by a number of Eagles and lost 5 trying to circle right end. Gibson passed incomplete to Hudgeons. Ownbey's punt was blocked and Davis recovered for the Eagles on the Crowell 39.

EAGLES—Scruggs gained 6 through left tackle. Fleisher replaced Capps in the Crowell backfield. Scruggs lunged into the line and latered off to Morrison but the play was called back and ruled as an illegal pass. Morrison passed to Henry to the Crowell 9. Scruggs made 3 at left tackle. Karr failed to gain at center. Morrison's pass was intercepted by Hudgeons on the Crowell 11.

WILDCATS—Olds made 3 at right end before being downed by Taylor. Gibson ran at the center of the line but both teams were ruled offside. Ownbey picked up 3 at right guard. Again Ownbey's punt was blocked and recovered on the Crowell 14.

EAGLES—Davis skirted left end and was finally pulled down on the Crowell 5. Hopkins found a hole at right tackle to cross the goal line. Dillon place-kicked the

extra point. Chillicothe 14, Crowell 7.

Roark replaced Spears at guard in the Crowell lineup.

KICKOFF—Again Morrison intentionally kicked out-of-bounds and the Wildcats took the ball on their own 35.

Dehydration of Sweet Potato Process Perfected by NTSTC

Denton, Texas, Oct. 28.—Texans may now read the inside story of sweet potato dehydration, the chemurgic process which promises new outlets for the agriculture of the state, in the latest bulletin from the chemistry laboratories of the North Texas State Teachers' College, pioneer in the movement to industrialize the products of Texas farms.

"Sweet Potato Dehydration," the second in a chemurgic series from NTSTC, was compiled by Gilbert C. Wilson, NTSTC farm industrial chemist, and W. N. Masters, director of the college department of chemistry, in response to questions concerning the process received at the college from industry, agriculture, and civic organizations.

Recording the NTSTC experiments in sweet potato Vitamin A content, the bulletin states that the potato contains 76 International Units of carotene, Vitamin A source, proving it almost as valuable a carotene source as alfalfa. Other extracts, including cellulose, pectin, starch, and sugar, are obtained in the dehydration process perfected in the NTSTC laboratories.

Charts and picture show equipment needed in the process and approximate costs and profits of a dehydration plant producing the yam products. The major product is the dehydrated sweet potato, most useful as a cattle feed with high carbohydrate to value and as a commercial starch. The by-products include the protein concentrate used in food stuff in the field of plastics, varnishes, and paints, and the crude or industrial syrup or for the fermentation of alcohol.

The possibilities of the dehydrated yam as an edible product is secondary only to its industrial possibilities, according to the bulletin, pointing to the more than 25 attractive recipes worked out by the NTSTC home economics department using the silky, cream-colored sweet potato flour.

Bulletins may be obtained from the NTSTC chemistry department.

Oyster farming, which has been carried on by the Chinese for twenty or thirty centuries, was brought to the United States by chance. A schooner loaded with oysters for the Connecticut market couldn't sell them and dumped them overboard to New Haven. The transplanted oysters proved so much better than others that oyster farming began in this country.

THOUGHTS OF SERIOUS MOMENTS

Christian beneficence takes a large sweep; that circumference cannot be small of which God is the center.—Hannah More.

Doing good is the only certainly happy action of a man's life.—Sir P. Sidney.

Everything that looks to the future elevates human nature; for life is never so low or so little as when occupied with the present.—Letitia Elizabeth Landon.

The golden age is not in the past, but in the future; not in the origin of human experience, but in its consummate flower.—Edwin Hubbell Chapin.

HOUSEHOLD HINTS

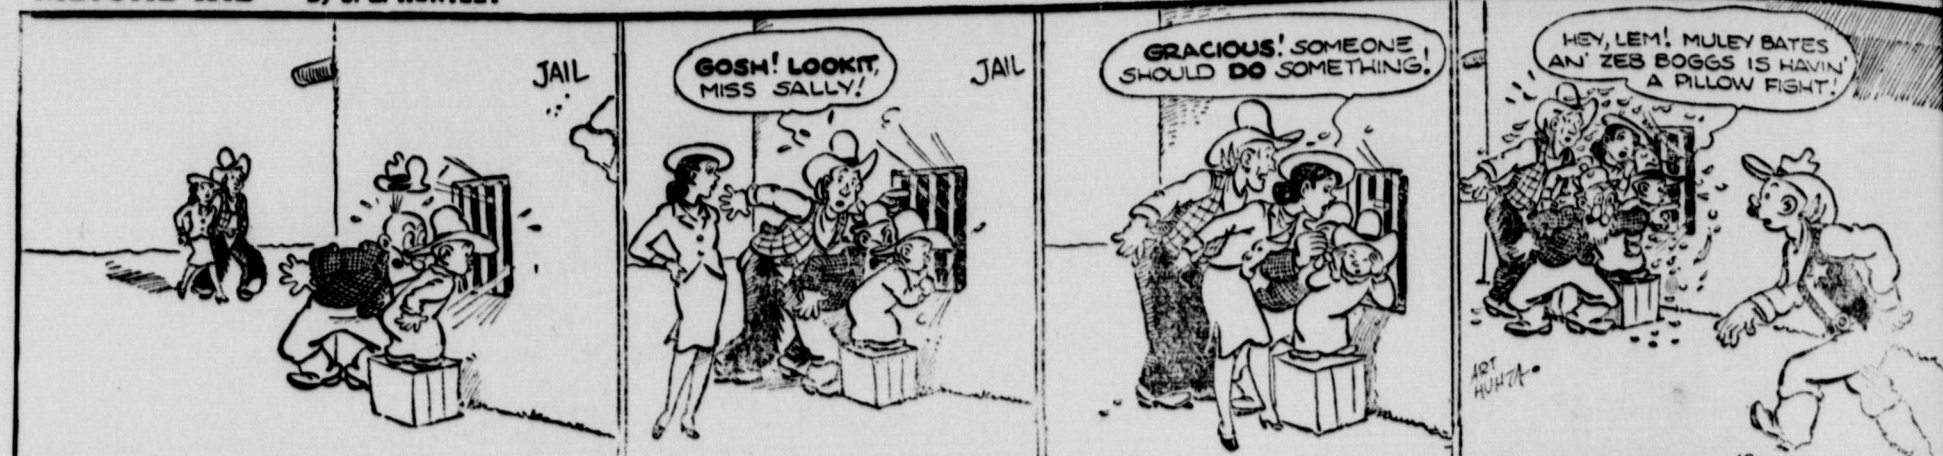

In making gravy from meat, thin with the water the vegetables have been cooked in. This will give it a better flavor.

Add a pinch of salt to your cream before whipping.

A tablespoonful of black pepper in the first suds in which you wash cottons, will keep the colors from running.

A tablespoonful of vinegar to a quart of rinse water is frequently very effective in reviving faded colors.

Malnutrition Is Not Due Solely to Lack of Food

Austin. — "There is a popular though entirely false idea, that malnutrition is due solely to lack of food. Of course, an inadequate food supply will result in undernourishment. On the other hand, quantities of the wrong types of food to the exclusion of the proper types can result just as effectively in malnutrition for both children and adults. Usually, in this country at least, malnutrition is associated by the public with young people. However, if it were possible to take a census of adults who are victims of this condition, the results might be surprising," states Dr. Geo. W. Cox, State Health Officer.

"Many young women, and indeed others who are older, listen too intently to the siren voice of 'reducing for beauty's sake.' Without securing professional advice, and relying on dietary suggestions of friends or faddists, a number of normal weight individuals deliberately deprive themselves of nourishing food. Cutting down acutely on the daily intake of essential sustenance, such persons run real health risks which often become realities. Again, numerous men and women who have partaken of fat-producing food too lustily over a long period find themselves in the overweight class. Suddenly impressed with their rotundity, they also become extremely vulnerable to non-professional diet suggestions. Forgetting that possibly years were required to develop the now unwelcome cushion, some of these folks suddenly become extremists and make foolish efforts to remove in three weeks or a month the penalty for which their extended indulgence was responsible. Near-tragedies, as well as actual ones, sometimes follow in the wake of such senseless body-tinkering.

"Finally, children who habitually refuse at meal-time to eat the sustaining foods in sufficient quantities are in need of parental investigation and discipline. When resistance to the suggestions is difficult to overcome, the influence of the family physician often is most effective. In any event, for the sake of the child's health, his misdirected indulgence of luxury foods must be removed."

University of Texas Geologists on Big Fossil Hunt

Austin, Oct. 29.—University of Texas geologists here are on the biggest fossil hunt this state has ever seen.

Trying to piece together a complete picture of the vertebrate animal life in Texas for the last 250 million years, eight geological research parties have been in the field in as many counties since March, 1929.

Expeditions have succeeded in unearthing the most valuable geological finds yet taken from University's Bureau of Economic Geology, according to Dr. E. H. Sellards, director of the Geology, which is pushing the excavation work. Finds include a path of 130 million year-old dinosaur tracks, skulls of seven million-year-old shovel-jawed mastodons, and fossilized remains of three-toed horses, elephants, ground sloths, huge land turtles, camels, alligators and a rhinoceros.

Counties in which field parties are now at work are Bee, San Patricio, Grayson, Howard, Stone-wall, Crosby, Ector and Clay.

Neglect of Accident Hazards Claims 32,000 Lives Annually in U. S. Homes

Falls and Burns Leading Causes, Red Cross Warns in Safety Appeal

Washington, D. C.—The American Home—traditionally the symbol of safety and safety—rivals the highway as the scene of the nation's greatest number of accident fatalities.

In a statement issued here by the Home and Farm Accident Prevention Service of the American Red Cross, it was pointed out that accidents in the home, including falls, burns and other common mishaps, claimed 32,000 lives last year—only 600 less than the number of motor vehicle deaths. Farm accidents accounted for an additional 4,200 deaths.

Statistics showed that home deaths last year increased 500 over the preceding year and farm accidents increased 300.

In addition to a mounting death toll, home and farm accidents last year caused upwards of 4,700,000 injuries which resulted in economic losses running into millions of dollars.

Each year 1,400 adults and children die from accidental poisoning. Label bottles clearly and keep them out of reach of children.

To reduce the number of rural and urban accidents in and about the home, the American Red Cross in 1935 inaugurated its accident prevention program as a parallel project with the First Aid and Life Saving Service. This year, 9,000,000 "check lists" describing accident hazards are being distributed throughout the country.

Approximately 2,000 Red Cross workers have undertaken a program to acquaint householders in the vicinities with accident hazards in the home and on the farm. The workers will be aided by the American Red Cross and the schools in distributing the "check lists."

The program will stress the vital importance of removing accident hazards from the home, as this type of accident resulted in more than half of the year's home accident fatalities. Falls and explosions caused the heaviest loss of life.

Accident prevention is one of the services conducted day-to-day by the American Red Cross in a tireless campaign against accidental death and suffering arising from disaster and other causes of agency nature. These services are supported solely by members who join each year during Roll Call November 11-30.

Accidents on the farm yearly injure 200,000 persons and machinery is the leading cause. Most deaths and injuries are due to carelessness.

FHT MEETING

The FHT Club had its monthly meeting last Friday afternoon, Oct. 25, in the home economics room.

The meeting was called to order by President June Billington and the business and officers reports were given. The program was turned over to the leader, Yvonne Weaver. The program was on growing and was taken from the book "A Girl Grows Up."

The meeting was then adjourned until next month.

About forty Home Economics girls plan to make a trip to Vernon next Saturday, Nov. 2, to an area meeting. They will go on a school bus or in private cars. They are looking forward to it and anticipate a very good time.

As you start away from Hollywood and our old friends (as we are now doing) you would be taken to the station in a taxi driven by David Bowly to a transport passenger plane driven by Kenneth Archer with his radio operator, Billy Beggs, and as you speed home you will be more comfortable by those twin air hostesses, Earlene and Imogene Everson. When you land you will be met by a reception committee headed by Wanda B. Cobb.

ASSEMBLY (Pep Rally)

The CHS pep squad, under the leadership of their leaders and sponsors, Misses Cogdell and Motley, certainly took the cake with their effective pep rally in the high school auditorium, last Friday morning. They marched in, in their black and gold uniforms in twos. After which they gave a series of yells, accompanied by two songs by the student body.

Talks were given by Coach Grady Graves, Leslie Thomas, Bert Self and several other visitors in the audience.

Red Cross Roll Call to Be Held November 11-30

The mobilization of man power for national defense will demand increased Red Cross services to the armed forces of America, George Self, chairman of the Red Cross Chapter in Foard County, declared today. These services, he pointed out, stem directly from the Congressional Charter of the American Red Cross which is a mandate to every local chapter and branch of the organization.

Fortunately, Mr. Self added, these services are so well organized nationally and locally that they are capable of rapid expansion. Cost of the necessary extension of activities on behalf of service men will be met, as in the past, from membership contributions. This year the American Red Cross conducts its Roll Call of members in Foard County from November 11-30, he said.

"The War Service of the American Red Cross," he announced, "has representatives at 77 field offices and hospitals, contacting the various elements of the armed forces at some 800 points. In the past year more than 53,000 soldiers, sailors, marine and coast

guardsmen or their families were aided in solving all kinds of problems arising from economic, illness and social causes.

"This Red Cross activity is based on a recognized medical principle that anxiety, fear and other temporary mental disturbances tax the morale of able-bodied men and retard recovery for the sick. The removal or mitigation of the cause of such worry by the Red Cross is a definite contribution to recovery from illness, safety of men engaged in hazardous work and the maintenance of higher individual and group morale."

Mr. Self declared the War Service personnel in the field could not function without the aid of 3,700 local chapters and 6,600 branches of the American Red Cross. "Indeed," he emphasized, "the vast area covered by the chapter set-up is the main reason why the Red Cross today is in a position to render invaluable service to our country's defense forces."

With a new urgency bearing down upon it, the War Service also continues to carry on its program for disabled veterans of past wars, he said. "The individual cases of 140,000 U. S. veterans or their dependents came under Red Cross care in chapters last year.

In regional offices of the U. S. Veterans Administration and in Government hospitals, Red Cross workers dealt with the problems of 58,000 ex-service men or their families."

He stated that this entire program is "operated for the benefit of every American. It is conducted for our own sons, brothers and fathers. We can help by joining the American Red Cross today or by renewing our membership from last year."

IF CHS TOOK OVER WASHINGTON (By Hecate)

President: A. Y. Olds, because he taking a look at his speech it seems as if he would be to make good fire-side chats, that seems to be what it is.

Vice President: James Lee Brasler, because he has no say.

Secretary of Labor: Pat McNeil, because he has labor's

viewpoint. (Hey, Pat?)

Secretary of Commerce: June Billington, because of her perpetual motion.

Chief Justice: Miss Yeats, because of her undertaking and consideration.

Secretary of the Treasury: Reed Sanders, because, boy! she knows how to take care of money matters! Every day there is a new sign on the black-board; quote: "Seniors! Your 50c, or else!" It's driving us nuts.

Secretary of the Navy: Christine Hicks, because she knows about the sea more. (Seymour). Get it?

Secretary of Agriculture: Alton Reeder Griffin, because he loves his spinach.

Postmaster General: Theda Wright, because she understands the mails.

Attorney General: Sybil Mullins, because she can nose out the facts.

Secretary of State: J. M. Hill, because it would make it convenient for the future generation civics students (poor things) to remember. You know—Hull—Hill.

Secretary of War: Joe Dodd, because.

WH-O-O-O!

You said it! Tonight is the night for owls to hoot, dogs to growl and ghosts to walk! Hallowe'en is here and CHS is preparing for a big time in a non-destructive way (we hope!). Each class in school is going to celebrate in a grand and glorious way. The seniors (bless 'em) are going on one more hay ride. Providing, of course, that Mr. Foster doesn't take on another spasm of hay fever, (which he probably will when he sees the hay).

The juniors also were wise and voted to have a hay ride, while the sophomores and freshmen, still young and innocent to the ways of life are going to have parties. The sophomores will have theirs at the Cub House and the freshmen are going to have theirs at—well, we couldn't find out, because they are as tight as a clam and, personally, I don't blame them. Well, here's to one more happy Hallowe'en and may there be no howling over broken windows or fishes howling over broken limbs. If you get what I'm hinting at, and I think you do!

WANTED:

Some two or three hundred people to patronize the Senior Festival to be held on Nov. 2 (Saturday) at the court house. We do mean you. The seniors are all working in various ways to give to the students of CHS a grand time at their festival. Some of the attractions will be the cake walk, bingo, turtle race and—hold on kids—the "House of Horrors!" Now you know that you wouldn't want to miss that. Would you?

CAMPUS CHAT

'Cause the witches will get you if you don't watch out!

Well, Hallowe'en is here again—hm, sounds fishy to me.

Everyone is in a titter and a dither for tonight to come so that they can go to their respective parties and hayrides. And of course, to the midnight show afterwards and then, of course, you all want to be sure and go to the Senior Festival on Saturday night. Dear me! How this social whirl does get one down.

The funniest event of the year occurred in the chemistry lab last Monday morning when J. M. Hill decided to make a bonfire out of his coat. Of course, it was rather unintentional, and it is rather surprising to glance up from your work and see a coat blazing away. Fortunately, J. M. wasn't in the coat when it happened!

We wonder why some people run around trying to live everybody's life but their own. May-

Mrs. Jimmie Franklin Gave Party for Ladies of Texaco Community

Mrs. Jimmie Franklin was hostess to the ladies of the Texas Company community at a Halloween party in her home last Wednesday, Oct. 23. Games of progressive forty-two were played and Mrs. Alton Higginbotham won first prize and Mrs. John Hutchinson won second. The home was attractively decorated, with the Halloween motif being carried out, both in colors and decorations. Those present were Mrs. John Nichols, Mrs. Floyd Marshall, Mrs. H. O. Waters, Mrs. J. B. Fairchild and daughter, Barbara Lee; Mrs. Pete Gordon, Mrs. John Hutchinson and niece, Ruth Ann Wilson; Mrs. R. E. Baines and daughter, Barbara Jane; Mrs. Alton Higginbotham, Mrs. H. K. Erwin, Mrs. W. B. Short, Mrs. Charlie Jones, Mrs. Leland Ziriax, Mrs. Beadie Meason and daughter, Kay; Mrs. Everett Meason and daughter, Sue, and Mrs. Jim Coffee.

Party Given Monday to Honor Residents Moving to Olney

Mrs. Alton Higginbotham and Mrs. W. B. Hutchinson were joint hostesses at a delightful bridge party at the home of Mrs. Hutchinson on Monday evening as a farewell compliment to Mr. and Mrs. R. E. Baines, who left today for Olney to make their home after a residence of two years in Crowell. Each guest took a parting gift to Mrs. Baines. Games of bridge provided diversion for several hours and in the games, Mrs. Baines was high scorer for the men. Mrs. Baines was given an attractive coin purse and Mr. Kenner, a key ring. The hostesses served a delicious salad course to Mr. and Mrs. Baines, Mr. and Mrs. H. K. Edwards, Mr. and Mrs. M. N. Kenner, Dr. and Mrs. H. Schindler, Mr. Higginbotham, Mr. Hutchinson, and Ruth Ann Wilson, John Franklin Hutchinson and Barbara Jane Baines. refreshments. All members, and others who are interested, are invited to attend the class on Sunday and also to attend class meetings.

New Farm Home of Mr. and Mrs. Ed Cates

Above picture shows the beautiful and comfortable new rock veneer home of Mr. and Mrs. Ed Cates on their farm 4 miles south of Thalia, taken by The News photographer. The 6-room house with bath was recently completed. The rock were secured from J. B. Easley, J. W. Wishon and C. E. Dunn in Foard County, and two loads were hauled from Mineral Wells. A few petrified wood stones put into the home were secured at Dublin, Texas. Mr. Cates' brand, "Rafters E," appears in the middle of the front.

Shower Compliments Mrs. Riemenschneider of Childress

A pretty miscellaneous shower was given at the home of Mrs. H. J. Watkins on last Thursday afternoon as a compliment to Mrs. Marshall Riemenschneider of Childress, formerly Miss Lona Johnson. Hostesses for the occasion were Mrs. Watkins, Mrs. Jim Shook, Mrs. E. R. Roland and Mrs. Glenn Shook. As the guests arrived they were asked to register in the bride's book presided over by Miss Verne Joy. They were then ushered into the dining room where Miss Dorothy Erwin and Mrs. Glenn Shook poured punch. To open the program, a toast was given to the bride, to the groom and to cupid's arrow, by Mrs. Earl Davis, Mrs. Glenn Shook and Miss Dorothy Erwin, respectively. Miss Verne Joy gave a very clever reading after which Mrs. Shook conducted two contests. The bride was asked to go on a treasure hunt and at the end of the hunt she found an array of beautiful and useful gifts displayed in an adjoining bed room, which were viewed by all present.

Borchardt Chevrolet Co. Entered by Thief Early Sunday Morning

The Borchardt Chevrolet Company was entered early Sunday morning by an unknown person or persons and only an electric portable radio was stolen. It is believed that the thief entered the building through a small window on the south side of the building with intentions of forcing open the safe, but gave up this thought because of a poison gas knob protector. So, rather than leave empty-handed, the radio was taken from a desk. The escape was made through a rear door which was found open. No clues were found by officers who investigated the robbery.

Brunks' Comedians to Open Engagement in Crowell Monday

Glen D. Brunk and his popular comedians will return to Crowell to play a week's engagement, starting Monday, Nov. 4. The heated tent theatre will be located south of the post office. The Brunk Company has several new members and all plays are new as are the musical offerings and vaudeville. An all-electric orchestra is being featured this year with the wizards, Frank Sumings, King Shidler and others. June Alyse Brunk will also be with the company this year and will enroll in the Crowell schools while the company is here. She is in the second year of high school and has attended more than 250 schools in seven different states. The opening play Monday night will be "The Delayed Honey-moon," a fast-stepping comedy with a musical and vaudeville presentation starting at 8 p. m. The show comes to Crowell under the auspices of the American Legion.

New Through Service from Chicago to the Pacific Coast

Re-routing the Grand Canyon Limited through Amarillo and discontinuance of the summer tourist special train, El Tovar, are part of the new Santa Fe Railway fall passenger schedules, announced today by H. C. Vincent, general passenger agent. With the introduction of El Tovar as a special tour train between Chicago and the Pacific Coast, this summer, the Grand Canyon Limited has been routed over the Northern Santa Fe route via Raton and Albuquerque. Under the new schedules, which were effective October 27, the Grand Canyon Limited returns to the Southern route and provides a through train service between Chicago and the Pacific Coast. A fast, overnight passenger service between Denver and other Colorado points and Kansas City is another feature of the new schedules. This train, to be known as the "Centennial State," offers a new and expeditious service between the two states. As further convenience to travelers visiting Garibaldi Caverns National Park, the new schedules will provide an earlier evening departure from the famous Cavern City. General Passenger Agent Vincent reports an increasing interest in travel to the Caverns, especially since the Railway introduced daily through sleeper service between Chicago and Los Angeles this spring.

COLUMBIAN CLUB LUNCHEON

In a meeting on Oct. 23, to honor the Columbian Club pioneer women, members and guests were served a lovely luncheon in the home of Mrs. N. J. Roberts, with Mrs. Roberts and Mrs. Jno. S. Ray as hostesses. They were assisted in serving by Miss Marjorie Young, niece of Mrs. Roberts. After the guests were seated, Mrs. T. L. Hughton offered the invocation. Mrs. J. M. Rutherford of Chillicothe, president of Seventh District, Federation of Women's Clubs, was guest speaker for the occasion, and immediately after the luncheon, was introduced by the club president, Mrs. M. N. Kenner, in a few well-chosen words. In response, Mrs. Rutherford, in a very gracious manner, paid tribute to the pioneer women of the Columbian Club. She named the late Mrs. J. W. Those on the honor roll for the past four weeks of the Gambleville school are as follows: Neva Joy Riethmayer, Jimmie Ruth Alston, Mary Lee Decker, Sue Sollis, Flodel Wallace and Louise Decker. Perfect attendance: Jimmie Ruth Alston, Jeanelle Ingle, Neva Joy Riethmayer and Jolene Wallace.

FOARD CITY SOCIETY

The Foard City Society of Christian Service met Monday at the church. Mrs. Virgil Johnson gave the devotional from John 14:26-31. The program was taken from the study book, "Dangerous Opportunity," chapter six, given by Mrs. Blake McDaniel and Mrs. Ruth Marts. An article on "China Relief" from the World Outlook was given by Mrs. J. M. Barker. Mrs. J. M. Glover read a letter from a missionary to China. To make the study of China complete, Mrs. I. T. Huckabee served tea to one visitor and nine members. The "Week of Prayer" program will be held Friday, Nov. 8, at the home of Mrs. Lawrence Glover.

Election

(Continued from Page One) provide that the Commissioners Court of Red River County may, upon a vote of the qualified electors therein, levy a tax and issue bonds to refund the outstanding warrant indebtedness of the general fund of such county. The second amendment will provide that Notaries Public of the State of Texas be appointed by the Secretary of State of Texas. The third amendment will provide that Article 15, Section 30, of the Constitution shall not apply to appointive offices of any municipality placed upon the terms and provisions of Civil Service. The fourth amendment will authorize the Legislature to provide for appeals direct to the Supreme Court in instances involving the constitutionality of certain laws and orders. Five Parties on Ticket There are the names and candidates of five political parties appearing on the ballots which voters will mark in this county next Tuesday. The Democratic Party has candidates listed for each office on the ballot. The Republican Party will have candidates for president and vice president electors and all state offices down to the commissioner of agriculture. The Communist Party has candidates for the electors, United States

CROWELL "B" TEAM PLAYS AT QUANAH THIS AFTERNOON

The Crowell High School "B" string Wildcats will go to Quanah this afternoon for a football game with the Quanah "B" eleven on the high school gridiron. The tilt will start shortly after 4 o'clock. The local "B" team has played three games this season and is undefeated. The boys have won two games over Paducah and one over Vernon. This will be their fourth game of the season.

NEW HOUSE BEING BUILT

Construction was begun last Thursday on a five-room residence for Mr. and Mrs. Virgil Johnson on their farm 9 miles southwest of Crowell. The building will be a rock veneer structure and will be modern in every detail. Bob Wilson of San Antonio is in charge of the construction work and Marvin Buttes of Quanah has charge of the rock work.

ROTARY CLUB

Rotarian Earl Worley, manager of the Palace Theatre in Quanah, was a visitor at the Wednesday meeting of the Crowell Rotary Club. The program was in charge of C. P. Sandifer and consisted of a talk in reference to the WPA road projects that will be put into operation in Foard County during the next eighteen months, some of them to start in November.

Heavy Rains

(Continued from Page 1) be made this morning. One farmer reported that he still had some feed to be cut but the wind, rain and hail had beaten it down until it could not be cut. Creeks Go Out of Banks Creeks of the county were out of banks last night within a comparatively short time after the rain started an dm embers of the highway department patrolled the highways to insure safety to traffic. This is the first time that this precaution has been necessary in several years. Roads Badly Washed Rural roads were reported to have been badly washed, especially in the western part of the county. A number of small bridges were said to have been washed out.
