## \$176,457 Federal, State Funds Approved for Foard

According to information received this week by Judge Claude Callaway, \$176,457 in State and Federal funds have been approved and earmarked for Foard County to be used as the Commission on the Works Progress Administration and the State Department sees fit and highway work will be furnished to all the WPA labor that the Federal government will allow during the next 18 months.

**Four Projects Approved**  
This amount of money has been appropriated to Foard County following the approval of four projects. The first of the projects will be started between Nov. 6th and 8th.

**County-Wide Road Improvement**  
The last week's issue of The County News, it was reported that \$101,689 had been approved by the President for county-wide road improvement and bridge construction under WPA projects.

This project was set up to build concrete and stone bridge structures and general road improvement and can be used in any part of the county.

Part of this money could be used to gravel if the Commission Court saw fit to use it in that way, but would have to have WPA money to change it from bridge structures to graveling roads. It is planned that each of the commissioners of the county will sponsor a project with each using part of the \$101,689. It is also planned that the first project to be approved will be in Precinct 1 and will be due to start between Nov. 1st and 15th.

**Sanitation Project**  
County-wide sanitation projects have also been approved by the President and \$15,718 have been allocated for this work, according to telegrams received by Judge Callaway from Senator Tom Connally and Congressman Ed Gos-

Following is Senator Connally's telegram:  
"President has designated WPA project No. 50242 in amount of \$17,718 to eliminate insanitary conditions throughout Foard County by construction of sanitary privies on public or private property and septic tanks on public property only. To improve community sanitation in rural areas and urban territories where sewer systems are impracticable. Project now eligible for operation at discretion of State Work Projects Administrator."

**To Improve Wichita Bridge**  
Judge Callaway recently received the following letter from State Highway Engineer D. C. Steer of Austin:  
"We are happy to advise that the Highway Commission in session on Oct. 1, 1940, approved a State Program which includes the following described project in your county:

"Foard and Knox Counties, Highway 283, North Wichita River Bridge, Repair and Widen Highway, est. total cost \$20,500. It will be the purpose of the department to place this work under construction as soon as the details of preliminary work, etc., have been completed."

Judge Callaway said that in an interview with Palmer Massey of Childress, Assistant District Highway Engineer, Mr. Massey stated that this bridge work would be done under contract and that plans and specifications were almost completed for the bridge, and that he was of the opinion it could be gotten ready for the contract to be let in the November term of the State Highway Commission meeting. This would mean that work would be underway by Dec. 15, 1940.

This State Highway sponsored project would call for the rebuilding and widening of the bridge across the Wichita River south of Crowell and bring it up to a modern structure.

**Highway Project**  
The last of these projects now ready for Foard County is the State Highway Department sponsored WPA project to widen the right-of-way, filling ditches and widening road shoulders of U. S. Highway 70 west of Crowell which will be started on Nov. 6, according to Judge Callaway.

This work will be started 2.2 miles west of Crowell and continue to a point 9 miles west of this city. When this project is completed improvement work will be completed on this highway to the Foard-Cottle County line with the exception of a small gap near the W. O. Fish farm.  
A sum of \$32,500 has been appropriated for this project and the WPA will furnish \$20,000 of the amount and the State Highway Department will supply the remaining \$12,500.

## Mid-Way Point Of '40 Cotton Crop is Reached

Figures obtained from the five gins in the county Wednesday afternoon showed that over 4,550 bales of cotton from the 1940 crop in Foard County had been ginned.

This is far behind the number ginned at the same date of 1939, as the crop last year was nearly gathered by the last week in October and this year the season has barely past the mid-way point.

The Farmers' Gin at Thalia leads the county with 1,750 bales.

## Rialto Theatre to Award Trophy to Crowell Wildcats

The Rialto Theatre will present a beautiful trophy to the Crowell High School 1940 Wildcat football team, according to Dwight Moody, manager.

The trophy is now on display in the trophy case at the High School building, and it will be formally presented to the team at the close of the season.

## DIES IN NEW YORK

Mrs. Eva Vance, native of Crowell, daughter of Mrs. Grace Bennett of Chicago, Ill., and niece of T. J. C. R. and H. E. Ferguson, of Crowell passed away Saturday night in New York City. Funeral services and burial took place in that city Wednesday.

## First Draft Numbers Calling Men To Train To Be Drawn by Stimson In Washington on Tuesday, Oct. 29

Every man who registered in Foard County for military training service in Uncle Sam's defense program has these numbers: a serial number and these numbers will be used in the national drawing for the order in which men will be called to training, according to information released this week by the Foard County draft board.

At noon on next Tuesday, Oct. 29, Secretary of War Stimson will

draw the first number from a bowl containing numbers that will include the lowest to the highest serial number from each local draft board in the United States from which reports place the total registration at nearly 17,000,000 men.

After Secretary Stimson draws the first number in this national lottery at the Interdepartmental auditorium in Washington, D. C., other capsules will be picked out (Continued on Last Page)

## ATTEND DISTRICT MEETING

Mrs. Jno. Carter, Mrs. Charles Ferguson, Mrs. T. B. Burrow, Mrs. A. L. Rucker, Miss Cora Carter and Miss Ruby Lee Bevell went to Quanah Friday and attended the afternoon and evening program of the District Convention of Music Clubs. Miss Bevell appeared on the fine arts program in the evening, representing the Crowell Harmony Club. She sang, "Lo, Hear the Gentle Lark," by Bishop, and was accompanied on the piano by Mrs. Rucker.

## NEW CAR REGISTRATIONS

The following new motor vehicles were registered in the office of the tax assessor-collector during the past week:  
J. E. Franklin, Chevrolet sedan.  
G. L. Hinds, Ford sedan.  
Charles Davis, Chevrolet sedan.  
Tom Polk, International pickup.  
J. P. McPherson & Son, International pickup.

Office in Crowell on his regular day, which is the first Wednesday of each month.

The next day in Crowell will be November 6. The Old Age Assistance Worker has used an office in the court house heretofore.

## Boy Scouts Hold Court of Honor Saturday Night

Boy Scouts of District 12 met in a Court of Honor on the court house lawn Saturday evening and were presented badges of achievement in the program of Scouting.

The highest award was presented to G. T. Lanier by J. A. Stovall. The Eagle Badge in Scouting is the symbol of service and several years of continuous study in the activities of Scouting. Lanier has worked in Scouting for several years and is one of 50 to earn the award. He is Scoutmaster of Troop 49 in Crowell and has had a very active Troop for two years.

Leslie Thomas spoke to the boys and friends on "Americanism." Scouting is the "American Way" of training for good citizenship. Thomas told of the pioneer spirit of America and the making of the American Democracy. He also pointed out that no other nation has proven the efficiency of a Democracy as the United States and it was due to the program of Americanism that has held the American people together.

A. Y. Beverly, advancement chairman, was master of ceremonies and introduced the men who presented the badges. G. T. Lanier presented tenderfoot badges; J. R. Beverly, second class badges; John B. Hutchinson, first class badges; J. H. Robertson, star; John E. Long, merit badges; and J. A. Stovall, Eagle award.

The High School band, under the direction of Arnold Rucker, played several selections. John Thomas Raser sang "God Bless America."

"The Scouting Family" was the closing thought of the Court of Honor presented by Bennett Cooksey, field executive. Scouting takes a boy at the age of nine and carries him through cubbing, scouting, senior scouting, to citizenship at the age of 21.

## Typical American Family Honor Goes to Clarendon

A distinct honor was bestowed upon Texas and particularly West Texas, when the D. E. Leathers' family of Clarendon was chosen last week as the typical American family in a contest sponsored by the New York World's Fair. The honor belongs specifically to the Leathers family, but West Texas basks in the reflected glory for they are repeatedly spoken of as typical of West Texas.

Mr. Leathers is a cousin of J. T. Billington of this place. Mr. and Mrs. Leathers, their 19-year-old son, John, and their 16-year-old daughter, Margaret Jean, were chosen to represent West Texas at the World's Fair in May in a regional contest sponsored by the Fort Worth Star-Telegram and West Texas Chamber of Commerce. At that time the family was given a trip to the New York Fair with a week's residence in a model FHA home.

The new honor has brought them another all-expense-paid visit to the Fair, a Ford sedan, a house, house furnishings, a sizeable bank account and numerous other gifts.

The trip to New York included, en route, a visit to Dearborn and Henry Ford's Greenfield Village, a visit with President Roosevelt in Washington and they will be greeted in New York by Mayor La Guardia and officials of the World's Fair. They will live again in the FHA house on the Fair grounds until October 27, when the Fair closes and they will return to Clarendon.

## UNDERGOES OPERATION

Lynn McKown underwent an appendix operation in a Vernon Hospital Wednesday morning and is reported to be recovering satisfactorily.

He was in the hospital when he was greeted in New York by Mayor La Guardia and officials of the World's Fair. They will live again in the FHA house on the Fair grounds until October 27, when the Fair closes and they will return to Clarendon.

## FOURTH WELL IN GAMBLE-DICKERSON OIL POOL BROUGHT IN; FIFTH WELL REACHES 1,480 FEET; WORK RESUMED TO MAKE ALLEE NO. 1 PRODUCER

The Baldwin-Reed E. M. Gamble No. 1, in the Gamble-Dickerson oil pool 8 miles north-east of Crowell, was completed last Friday and is believed to be a good well, however, accurate tests have not yet been made.

The hole was completed last Friday afternoon and about 20 barrels per hour were swabbed for a while Saturday afternoon. The placing of a pump over the well was finished Wednesday afternoon and reports are that a good showing is being made. A

## Dick Todd Tied For Pro League Scoring Honors

Dick Todd of Crowell scored two touchdowns last Sunday in the Washington Redskins' 34-17 victory over the Eagles in Philadelphia to go into a tie for National League scoring honors. This was the Redskins' fifth straight league victory.

Trailing 17-7 in the second period, Dick took a 29-yard pass from Baugh and then took another pass for 27 yards to put the Redskins out in front 21-17 at the half. Todd took a kickoff in the second half and returned the ball 61 yards to the Eagles' 27. He also made the final score of the game by crashing over the goal line from the 1-yard line.

Todd is tied with Cliff of New York, Looney of Philadelphia and Mullencaux of Green Bay for scoring honors. Each has scored 30 points.

## Several Men of Foard Plan to Attend AAA Meet

Seven representatives of Foard County will attend a district AAA meeting in Wichita Falls on Wednesday and Thursday, Nov. 6 and 7, to study the 1941 AAA program and discuss the cotton situation in connection with the cotton marketing quota referendum to be held December 7, H. R. Zeibig, chairman of the county AAA committee, has announced.

Delegates to the meeting from this county will be John Nagy, county farm agent; H. R. Zeibig, T. H. Matthews and R. S. Hasflew, all members of the county committee; Miss Joellene Vannoy, county home demonstration agent; A. V. Sheppard, county administrative officer; and Mrs. Floyd Borchardt, county home demonstration council chairman.

Chairman for the first day of the two-day meeting will be J. A. Scofield, extension service agent for this district, while R. P. Kinsey, the district's member of the state AAA committee, will preside the second day.

On the program the first day, Fred Rennels, who is in charge of the Range Conservation Program in the state, will discuss the 1941 range program; R. T. Price, state administrative assistant, will report on the "Mattress Program" and "Appeals"; B. F. Vance, assistant state administrator, "Status of the 1940 Program"; Lester Young, state administrative assistant, "1941 Handbook." Separate meetings will be held in the afternoon. County committee members, county agents and county administrative officers will hear George Slaughter, chairman of the state committee, and B. E. Nowotny, state accountant, discuss "Fiscal and Association Matters," while county home demonstration agents will confer with the district home demonstration agent, Mrs. Isla Mae Chapman.

The second day's speakers will include G. D. Scott, state office statistician, "State and County Allotments and Yields"; Cliff H. Day, senior field officer of the AAA, "Cotton Situation"; and a closing summary by E. N. Holmgren, state administrative officer.

Lynn McKown underwent an appendix operation in a Vernon Hospital Wednesday morning and is reported to be recovering satisfactorily.

## Girl Scout Leader Training School Held Fri. and Sat.

Miss Katherine Shankland, National Girl Scout Advisor of Dallas, arrived in Crowell Friday, Oct. 18, to conduct a school for Girl Scout leaders.

The school was held in four sessions Friday and Saturday. Scout mothers and others interested in Girl Scout work were invited to attend.

Questions of behavior, finance, leadership and Scout contacts were discussed, with emphasis on ways of preparing children for a more useful, happier life.

On Friday afternoon from 5 to 7 o'clock, leaders, all Girl Scouts and Brownies went to the Country Club where they cooked supper. Miss Shankland talked to the girls while the meal was being prepared.

Leaders from Quanah and Paducah were present Saturday for training and the Crowell group served a covered dish luncheon at noon at the Girl Scout "Little House."

A district council for leaders was voted and selected Mrs. W. B. Tysinger, Crowell, as temporary chairman; Miss Faye Ann Porter, Quanah, secretary; Miss Ruth Wisdom, Quanah, program chairman.

The next meeting of leaders' council will be Nov. 16 in Quanah. Scout leaders from Childress, Paducah, Chillicothe, Truscott, Crowell and Quanah will discuss their problems and probably invite some well informed person to speak on "Child Behavior."

Those leaders attending the Crowell meeting from out-of-town were: Mrs. J. E. Longino, Miss Faye Ann Porter, Mrs. Don Wells, Miss Ruth Wisdom, Mrs. Frances Todd, of Quanah; Miss Dorothy Willett, Miss Lois Howell of Paducah. Crowell people attending were: Mrs. Geo. Self, Mrs. W. B. Tysinger, Mrs. R. L. Kincaid, Mrs. D. R. Magee, Mrs. Allen Sanders, Mrs. H. E. Thomson, Mrs. Roy Barker, Miss Frankie Kirkpatrick, Mrs. W. V. Favor, Mrs. Moody Bursey.

On the program the first day, Fred Rennels, who is in charge of the Range Conservation Program in the state, will discuss the 1941 range program; R. T. ## Sweet Potato Harvest In Rayland Community in Full Swing; Yield Good; Many People Employed

Approximately seventy-five men and women are employed in the harvest of the big sweet potato crop in the Rayland community. There were more than 100 acres planted to sweet potatoes in that community this year and most of this acreage was under irrigation and a bumper yield is being reported.

Growers who do not already have curing plants are busy erecting buildings. The men building curing plants at this time are: A. H. Martin, a 32x32 ft. building; John Neal, 16x20 ft. house; R. L. Rhey is converting a barn into a curing plant, 30x30 ft. Those in the community who already have curing plants are, H. T. Faughn, A. T. Beazley, Shirley McLarty and Tom Lawson.

According to reports, there will probably be six or eight thousand bushels of eating potatoes cured and three thousand bushels of seed potatoes put up for keeping during the winter.

Sweet potato yields are reported from 500 to 700 bushels per acre.

## BIRTH

To Mr. and Mrs. M. E. Gray, a girl, Jo Ann, Oct. 18.

R. L. Rhey of Rayland is shown above with some of the fine sweet potatoes he is now harvesting. Mr. Rhey has 9 acres of sweet potatoes that were irrigated during the summer and the average yield per acre is estimated at 500 bushels. About 400 bushels of No. 2 potatoes gathered when the harvest first began were sold for 65c per bushel. No. 2 potatoes are selling from 35c to 50c per bushel.

Mr. Rhey is a former resident of Wilbarger County where he served two terms as sheriff. He moved to Wilbarger in 1908. For the past seven years Mr. and Mrs. Rhey have lived on their farm about two miles west of Rayland.

## Chillicothe Pioneer, Brother of Crowell Women, Succumbs

Arch H. Neely of Chillicothe, brother of Mesdames G. H. and T. S. Patton of Crowell, died at his home in Chillicothe last Wednesday, following an illness of two months. Both sisters had been at his bedside much of the time since he became ill.

Funeral services were conducted Thursday afternoon at the Chillicothe Presbyterian Church by the pastor, Rev. C. C. Dooley, who was assisted by Rev. Ira Patrick and Rev. Nichols.

Mr. Neely was a charter member of that church, which was organized in March of 1889 in his father's home. He was also a member of the Odd Fellows Lodge of Chillicothe.

Born in Rienzi, Miss., on May 13, 1867, Mr. Neely came to Texas with his parents at the age of 13, and to Chillicothe in 1888. On Oct. 10, 1909, he was married to Miss Katherine Dinwiddie, who died ten years ago.

A pioneer cowboy during the early days of Hardeman County, Mr. Neely liked to tell his frontier experiences, especially of the task of hauling, on an ox wagon, the old safe from Old Margaret, then county seat, to Quanah when Foard and Hardeman Counties were separated.

He served the community in various ways, and for 30 years was one of the directors of county road work.

Survivors include three sisters and three brothers, Mrs. G. H. Patton and Mrs. T. S. Patton of Crowell, Mrs. J. J. Britt of Chillicothe, S. L. Neely of Houston, G. D. Neely of Littlefield and T. M. Neely of Upland, Calif.

**ATTEND CELEBRATION**  
Mr. and Mrs. A. D. Campbell and H. K. Campbell attended a reunion of the Campbell and Routh families in Dallas County Saturday. The reunion was held at the home of their uncle, John Campbell, and celebrated the 89th anniversary of the arrival of the Campbell and Routh families from Tennessee in 1851.

The Chillicothe Eagles will bring their aerial circus to Crowell Friday night for a football game with Coach Grady Graves' Wildcats which might decide the champion of District 9-A.

**Running vs. Passing**  
In this spotlighted contest, fans of this section will see a team which is strong on the ground combating a team that is renowned for its passing attack.

The Wildcats, featuring the running of A. Y. Olds, quarterback; Bill Ownbey and Leroy Gibson, halfbacks; and Junior Haseloff, wingman, have swept heavier and more experienced elevens off their feet.

Facing these lads will be the most outstanding passer and pass receiver which has come from this district in several years. Morrison, Eagle halfback, is well-known in West Texas for his passing and his partner, Dillon, left end, is ranked as the district's most outstanding receiver.

Both of the teams have undefeated conference records and the

## Hopkins Will Play

Ray Hopkins, crack Eagle halfback, will probably start the Crowell-Chillicothe game here Friday night in place of Henry at left halfback, according to Supt. W. E. Hancock of Chillicothe, who was a visitor in Crowell Wednesday.

Hopkins has not played since the first game of the season when he received a broken collar bone. He tips the scales at 175 pounds and is the fastest back in the district. Last year he scored the touchdown that defeated the Wildcats.

Wildcats' record is a little the most impressive, however, a fair estimate of the clubs' strength can not be found by comparing scores. The Wildcats also hold a little the most impressive record for the season's play. They have played six games, won four and tied two. Chillicothe has played five and won four.

The Crowell lads made a surprising show of strength when they tied Matador and Paducah and then went on to knock off the District 10-A favorites, Munday Moguls, 12-0. The following week, they also defeated another favored club, the Floydada Whirlwinds, picked to win District 4-A, with a 13 to 6 score. In conference play, the Wildcats walloped the Holiday Eagles, 30 to 12, and the Seymour Panthers, 22-6.

Chillicothe opened the season with a 41-6 victory over Wellington and followed this with their only defeat at the hands of the Childress Bobcats, 14-0. The Eagles dumped Olton, 26-13, and in their conference games, defeated the Iowa Park Hawks, 21-0, and the Holiday Eagles, 14-0.

One might review the pass defense record of the Wildcats in search of a comparison of defensive strength against the Eagles. In their six games this season, the Wildcats' opponents have attempted 70 passes, completed 29 for 262 yards, had 45 knocked down or go incomplete and 5 intercepted.

As yet the Wildcats have not been forced to the air and their aerial attack has not been thoroughly tested. So far this season, they have attempted 40 passes and have completed 14 for 222 yards.

The Wildcats will be working hard to stop the Eagle runners, Henry, Karr and Morrison, and at the same time stop Chillicothe's passing combination, Morrison to Dillon. The Crowell boys have stopped several all-district backs this season and will deal the Eagle backs lots of trouble.

## Powerful Lines

Backing the plays of each team's stars will be the most powerful lines in the district. Chillicothe will hold a great weight advantage over the Wildcats in the line, as the Eagle linemen will average 178 pounds and Crowell's 153. This is an advantage of 25 pounds per man. But the Crowell linemen were faced with greater odds than these in the Munday game as they were outweighed in that game by 27 pounds per man.

On the Crowell wings will be Junior Haseloff and W. D. Hudgens. Both are outstanding defensive ends and Haseloff has blossomed into a running threat and an excellent pass receiver, and Hudgens has shown great improvement in throwing passes. He connected with two long heaves in the Seymour game and was only able to play a short time due to injuries.

At the tackle positions for Crowell will be Charlie Thompson (Continued on Last Page)

## ROTARY CLUB

Visitors at the Wednesday meeting of the Crowell Rotary Club included Rotarian C. G. F. child of Fort Worth, representative of the Vocational Rehabilitation Dept. of the State Department of Education; Bennett Coyle, Boy Scout field executive; Rotarians E. F. Magee and H. Sneed of Quanah.

The program was in charge of I. T. Graves with two Hawaiian numbers given by six-year-old Ruth Ann Wilson, niece of Mrs. John B. Hutchinson. Two vocal numbers were rendered by Miss Ruby Lee Bevil, teacher of public school music in Crowell High School, with Arnold Rucker as accompanist.

## BRING CHICKENS MONDAY

Ladies of the First Baptist Church of Crowell are now working in the interest of collecting chickens for the Buckner Orphan Home. All Baptists and other who care to donate chickens for this worthy cause are asked to bring them in Monday.

In addition to the day-to-day needs for training in first aid and life saving, disaster relief and nursing, the American Red Cross has taken an important part in the national defense program. Increased responsibilities have resulted in a need for increased membership. Join today and help the Red Cross widen its sphere in a year when it is most needed.

# THE FOARD COUNTY NEWS

AND CROWELL INDEX

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, OCTOBER 24, 1940

\$2.00 A YEAR EIGHT PAGES

## 176,457 Federal, State Funds Approved for Foard

According to information received this week by Judge Claude Callaway, \$176,457 in Federal and State funds have been approved and earmarked for Foard County to be used as the Commission Court, the Works Progress Administration and the State Department sees fit and all the WPA labor that will be furnished to the county government will allow the next 18 months.

**Four Projects Approved**  
This amount of money has been appropriated to Foard County following the approval of four projects here. The first of the projects will be started between Nov. 1st and 15th.

**County-Wide Road Improvement**  
The last week's issue of The Foard County News, it was reported that \$101,689 had been approved by the President for county-wide road improvement construction under WPA projects.

This project was set up to build concrete and stone bridge structures and general road improvement and can be used in any part of the county.

Part of this money could be used to gravel if the Commission Court saw fit to use it in that way, but would have to have WPA money to change it from bridge structures to graveling roads.

It is planned that each of the commissioners of the county will sponsor a project with each using part of the \$101,689. It is also planned that the first project to be approved will be in Precinct No. 1 and will be due to start between Nov. 1st and 15th.

**Sanitation Project**  
A county-wide sanitation project also has been approved by the President and \$15,718 has been allocated for this work, according to telegrams received by Judge Callaway from Senator Tom Connally and Congressman Ed Gos-

settling is Senator Connally's telegram: "President has designated WPA project No. 50242 in amount of \$15,718 to eliminate insanitary conditions throughout Foard County by construction of sanitary privies on public or private property (septic tanks on public property only). To improve community sanitation in rural areas and urban territories where sewer systems are impracticable. Project now eligible for operation at discretion of State Work Projects Administrator."

**To Improve Wichita Bridge**  
Judge Callaway recently received the following letter from the Highway Engineer D. C. Decker of Austin: "We are happy to advise that the Highway Commission in session on Oct. 1, 1940, approved a State Program which includes the following described project in your county:

"Foard and Knox Counties, Highway 283, North Wichita River Bridge Repair and Widen Highway, est. total cost \$26,500. It will be the purpose of this work under construction as soon as the details of preliminary work, etc., have been completed."

Judge Callaway said that in an interview with Palmer Massey of Childress, Assistant District Highway Engineer, Mr. Massey stated that this bridge work would be done under contract and that plans and specifications were almost completed for the bridge, and that he was of the opinion it would be gotten ready for the contract to be let in the November term of the State Highway Commission meeting. This would mean that work would be under way by Dec. 15, 1940.

This State Highway sponsored project would call for the rebuilding and widening of the bridge across the Wichita River south of Crowell and bring it up to a modern structure.

**Highway Project**  
The last of these projects now ready for Foard County is the State Highway Department sponsored WPA project to widen the right-of-way, filling ditches and widen road shoulders of U. S. Highway 70 west of Crowell which will be started on Nov. 6, according to Judge Callaway.

This work will be started 2.2 miles to a point 9 miles west of this city. When this project is completed improvement work will be completed on this highway with the exception of a small gap near the W. O. Fish farm.

A sum of \$32,500 has been appropriated for this project and the WPA will furnish \$20,000 of the amount and the State Highway Department will supply the remaining \$12,500.

**HERE ONCE EACH MONTH**  
J. M. Napier of Vernon, Old Age Assistance Worker for Foard County, has announced that he will be in the County Welfare Of-

## Boy Scouts Hold Court of Honor Saturday Night

Boy Scouts of District 12 met in a Court of Honor on the court house lawn Saturday evening and were presented badges of achievement in the program of Scouting.

The highest award was presented to G. T. Lanier by J. A. Stovall. The Eagle Badge in Scouting is the symbol of service and several years of continuous study in the activities of Scouting. Lanier has worked in Scouting for several years and is one of 50 to earn the award. He is Scoutmaster of Troop 49 in Crowell and has had a very active Troop for two years.

Leslie Thomas spoke to the boys and friends on "Americanism." Scouting is the "American Way" of training for good citizenship. Thomas told of the pioneer spirit of America and the making of the American Democracy. He also pointed out that no other nation has proven the efficiency of a Democracy as the United States and it was due to the program of Americanism that has held the American people together.

A. Y. Beverly, advancement chairman, was master of ceremonies and introduced the men who presented the badges. G. T. Lanier presented tenderfoot badges; J. R. Beverly, second class badges; John B. Hutchinson, first class badge; J. H. Robertson, star; John E. Long, merit badge; and J. A. Stovall, Eagle award.

The High School band, under the direction of Arnold Rucker, played several selections. John Thomas Raser sang "God Bless America."

"The Scouting Family" was the closing thought of the Court of Honor presented by Bennett Cooksey, field executive. Scouting takes a boy at the age of nine and carries him through cubbing, scouting, senior scouting, to citizenship at the age of 21.

## Dick Todd Tied For Pro League Scoring Honors

Dick Todd of Crowell scored two touchdowns last Sunday in the Washington Redskins' 34-17 victory over the Eagles in Philadelphia to go into a tie for National League scoring honors. This was the Redskins' fifth straight league victory.

Trailing 17-7 in the second period, Dick took a 29-yard pass from Baugh and then took another pass for 27 yards with a beautiful one-hand catch to put the Redskins out in front 21-17 at the half. Todd took a kickoff in the second half and returned the ball 61 yards to the Eagles' 27. He also made the final score of the game by crashing over the goal line from the 1-yard line.

Todd is tied with Cliff of New York, Looney of Philadelphia and Mullenaux of Green Bay for scoring honors. Each has scored 30 points.

## Several Men of Foard Plan to Attend AAA Meet

Seven representatives of Foard County will attend a district AAA meeting in Wichita Falls on Wednesday and Thursday, Nov. 6 and 7, to study the 1941 AAA program and discuss the cotton situation in connection with the cotton marketing quota referendum to be held December 7, H. R. Zeibig, chairman of the county AAA committee, has announced.

Delegates to the meeting from this county will be John Nagy, county farm agent; H. R. Zeibig, T. H. Matthews and R. S. Haske, all members of the county committee; Miss Joellene Vannoy, county home demonstration agent; A. V. Sheppard, county administrative officer; and Mrs. Floyd Borchardt, county home demonstration council chairman.

Chairman for the first day of the two-day meeting will be J. A. Scofield, extension service agent for this district, while R. P. Kinsey, the district's member of the state AAA committee, will preside the second day.

On the program the first day, Fred Rennels, who is in charge of the Range Conservation Program in the state, will discuss the 1941 range program; R. T. Price, state administrative assistant, will report on the "Mattress Program" and "Appeals"; B. F. Vance, assistant state administrator, "Status of the 1940 Program"; Lester Young, state administrative assistant, "1941 Handbook." Separate meetings will be held in the afternoon. County committees, county agents and county administrative officers will hear George Slaughter, chairman of the state committee, and B. E. Nowotny, state accountant, discuss "Fiscal and Association Matters," while county home demonstration agents will confer with the district home demonstration agent, Mrs. Isla Mae Chapman.

The second day's speakers will include G. D. Scott, state office statistician, "State and County Allotments and Yields"; Cliff H. Day, senior field officer of the AAA, "Cotton Situation"; and a closing summary by E. N. Holmgren, state administrative officer.

**UNDERGOES OPERATION**

## Typical American Family Honor Goes to Clarendon

A distinct honor was bestowed upon Texas and particularly West Texas, when the D. E. Leathers' family of Clarendon was chosen last week as the typical American family in a contest sponsored by the New York World's Fair. The honor belongs specifically to the Leathers family, but West Texas basks in the reflected glory for they are repeatedly spoken of as typical of West Texas.

Mr. Leathers is a cousin of J. T. Billington of this place. Mr. and Mrs. Leathers, their 19-year-old son, John, and their 16-year-old daughter, Margaret Jean, were chosen to represent West Texas at the World's Fair in May in a regional contest sponsored by the Fort Worth Star-Telegram and West Texas Chamber of Commerce. At that time the family was given a trip to the New York Fair with a week's residence in a model FHA home. The new honor has brought them another all-expense-paid visit to the Fair, a Ford sedan, a house, house furnishings, a sizeable bank account and numerous other gifts.

The trip to New York included, en route, a visit to Dearborn and Henry Ford's Greenfield Village, a visit with President Roose-

## Girl Scout Leader Training School Held Fri. and Sat.

Miss Katherine Shankland, National Girl Scout Advisor of Dallas, arrived in Crowell Friday, Oct. 18, to conduct a school for Girl Scout leaders.

The school was held in four sessions Friday and Saturday. Scout mothers and others interested in Girl Scout work were invited to attend.

Questions of behavior, finance, leadership and Scout contacts were discussed, with emphasis on ways of preparing children for a more useful, happier life.

On Friday afternoon from 5 to 7 o'clock, leaders, all Girl Scouts and Brownies went to the Country Club where they cooked supper. Miss Shankland talked to the girls while the meal was being prepared.

Leaders from Quanah and Paducah were present Saturday for training and the Crowell group served a covered dish luncheon at noon at the Girl Scout "Little House."

A district council for leaders was voted and selected Mrs. W. B. Tysinger, Crowell, as temporary chairman; Miss Faye Ann Porter, Quanah, secretary; Miss Ruth Wisdom, Quanah, program chairman.

The next meeting of leaders' council will be Nov. 16 in Quanah. Scout leaders from Childress, Paducah, Chillicothe, Truscott, Crowell and Quanah will discuss their problems and probably invite some well informed person to speak on "Child Behavior."

Those leaders attending the Crowell meeting from out-of-town were: Mrs. J. E. Longino, Miss Faye Ann Porter, Mrs. Don Wells, Miss Ruth Wisdom, Mrs. Frances Todd, of Quanah; Miss Dorothy Willett, Miss Lois Howell of Paducah. Crowell people attending were: Mrs. Geo. Self, Mrs. W. B. Tysinger, Mrs. R. L. Kincaid, Mrs. D. R. Magee, Mrs. Allen Sanders, Mrs. H. E. Thomson, Mrs. Roy Barker, Miss Frankie Kirkpatrick, Mrs. W. V. Favor, Mrs. Moody Bursley.

On the program the first day, Fred Rennels, who is in charge of the Range Conservation Program in the state, will discuss the 1941 range program; R. T. Price, state administrative assistant, will report on the "Mattress Program" and "Appeals"; B. F. Vance, assistant state administrator, "Status of the 1940 Program"; Lester Young, state administrative assistant, "1941 Handbook." Separate meetings will be held in the afternoon. County committees, county agents and county administrative officers will hear George Slaughter, chairman of the state committee, and B. E. ## Chillicothe Eagles to Play Wildcats Here In Important 9-A Tilt

R. L. Rhey of Rayland is shown above with some of the fine sweet potatoes he is now harvesting. Mr. Rhey has 9 acres of sweet potatoes that were irrigated during the summer and the average yield per acre is estimated at 500 bushels. About 400 bushels of No. 2 potatoes gathered when the harvest first began were sold for 65c per bushel. No. 2 potatoes are selling from 35c to 50c per bushel.

Mr. Rhey is a former resident of Wilbarger County where he served two terms as sheriff. He moved to Wilbarger in 1908. For the past seven years Mr. and Mrs. Rhey have lived on their farm about two miles west of Rayland.

**Sweet Potato Harvest In Rayland Community in Full Swing; Yield Good; Many People Employed**  
Approximately seventy-five men and women are employed in the harvest of the big sweet potato crop in the Rayland community. There were more than 100 acres planted to sweet potatoes in that community this year and most of this acreage was under irrigation and a bumper yield is being reported.

Growers who do not already have curing plants are busy erecting buildings. The men building curing plants at this time are: A. B. Martin, a 32x32 ft. building; John Neal, 16x20 ft. house; R. L. Rhey is converting a barn into a curing plant, 30x30 ft. Those in the community who already have curing plants are, H. T. Faughn, A. T. Beazley, Shirley McLarty and Tom Lawson.

According to reports, there will probably be six or eight thousand bushels of eating potatoes cured and three thousand bushels of seed potatoes put up for keeping during the winter.

Sweet potato yields are reported from 500 to 700 bushels per acre.

**BIRTH**  
To Mr. and Mrs. M. E. Gray, a girl, Jo Ann, Oct. 18.

**CHILICOTHE PIONEER, Brother of Crowell Women, Succumbs**  
Arch H. Neely of Chillicothe, brother of Mesdames G. H. and T. S. Patton of Crowell, died at his home in Chillicothe last Wednesday, following an illness of two months. Both sisters had been at his bedside much of the time since he became ill.

Funeral services were conducted Thursday afternoon at the Chillicothe Presbyterian Church by the pastor, Rev. C. C. Dooley, who was assisted by Rev. Ira Patrick and Rev. Nichols.

Mr. Neely was a charter member of that church, which was organized in March of 1889 in his father's home. He was also a member of the Odd Fellows Lodge of Chillicothe.

Born in Rienzi, Miss., on May 13, 1867, Mr. Neely came to Texas with his parents at the age of 13, and to Chillicothe in 1888. On Oct. 10, 1909, he was married to Miss Katherine Dinwiddie, who died ten years ago.

A pioneer cowboy during the early days of Hardeman County, Mr. Neely liked to tell his frontier experiences, especially of the task of hauling, on an ox wagon, the old safe from Old Margaret, then county seat, to Quanah when Foard and Hardeman Counties were separated.

He served the community in various ways, and for 30 years was one of the directors of county road work.

Survivors include three sisters and three brothers, Mrs. G. H. Patton and Mrs. T. S. Patton of Crowell, Mrs. J. J. Britt of Chillicothe, S. L. Neely of Houston, G. D. Neely of Littlefield and T. M. Neely of Upland, Calif.

**ATTEND CELEBRATION**  
Mr. and Mrs. A. D. Campbell and H. K. Campbell attended a reunion of the Campbell and Routh families in Dallas County Saturday. The reunion was held at the home of their uncle, John Campbell, and celebrated the 89th anniversary of the arrival of the Campbell and Routh families from Tennessee in 1851.

The Chillicothe Eagles will bring their aerial circus to Crowell Friday night for a football game with Coach Grady Graves' Wildcats which might decide the champion of District 9-A.

**Running vs. Passing**  
In this spotlighted contest, fans of this section will see a team which is strong on the ground combating a team that is renowned for its passing attack.

The Wildcats, featuring the running of A. Y. Olds, quarterback; Bill Ownbey and Leroy Gibson, halfbacks; and Junior Haseloff, wingman, have swept heavier and more experienced elevens off their feet.

Facing these lads will be the most outstanding passer and pass receiver which has come from this district in several years. Morrison, Eagle halfback, is well-known in West Texas for his passing and his partner, Dillon, left end, is ranked as the district's most outstanding receiver.

Both of the teams have undefeated conference records and the

**Hopkins Will Play**  
Ray Hopkins, crack Eagle halfback, will probably start the Crowell-Chillicothe game here Friday night in place of Henry at left halfback, according to Supt. W. E. Hancock of Chillicothe, who was a visitor in Crowell Wednesday.

Hopkins has not played since the first game of the season when he received a broken collar bone. He tips the scales at 175 pounds and is the fastest back in the district. Last year he scored the touchdown that defeated the Wildcats.

Wildcats' record is a little the most impressive, however, a fair estimate of the clubs' strength can not be found by comparing scores. The Wildcats also hold a little the most impressive record for the season's play. They have played six games, won four and tied two. Chillicothe has played five and won four.

The Crowell lads made a surprising show of strength when they tied Matador and Paducah and then went on to knock off the District 10-A favorites, Munday Moguls, 12-0. The following week, they also defeated another favored club, the Floydada Whirlwinds, picked to win District 4-A, with a 13 to 6 score. In conference play, the Wildcats walloped the Holiday Eagles, 30 to 12, and the Seymour Panthers, 22-0.

Chillicothe opened the season with a 41-6 victory over Wellington and followed this with their only defeat at the hands of the Childress Bobcats, 14-0. The Eagles dumped Olton, 26-13, and in their conference games, defeated the Iowa Park Hawks, 21-0, and the Holiday Eagles, 14-0.

One might review the pass defense record of the Wildcats in search of a comparison of defensive strength against the Eagles. In their six games this season, the Wildcats' opponents have attempted 70 passes, completed 29 for 262 yards, had 45 knocked down or go incomplete and 5 intercepted.

As yet the Wildcats have not been forced to the air and their aerial attack has not been thoroughly tested. So far this season, they have attempted 40 passes and have completed 14 for 222 yards.

The Wildcats will be working hard to stop the Eagle runners, Henry, Karr and Morrison, and at the same time stop Chillicothe's passing combination, Morrison to Dillon. The Crowell boys have stopped several all-district backs this season and will deal the Eagle backs lots of trouble.

**Powerful Lines**  
Backing the plays of each team's stars will be the most powerful lines in the district. Chillicothe will hold a great weight advantage over the Wildcats in the line, as the Eagle linemen will average 178 pounds and Crowell's 153. This is an advantage of 25 pounds per man. But the Crowell linemen were faced with greater odds than these in the Munday game as they were outweighed in that game by 27 pounds per man.

On the Crowell wings will be Junior Haseloff and W. D. Hudgsons. Both are outstanding defensive ends and Haseloff has blossomed into a running threat and an excellent pass receiver, and Hudgsons has shown great improvement in throwing passes. He connected with two long heaves in the Seymour game and was only able to play a short time due to injuries.

At the tackle positions for Crowell will be Charlie Thompson (Continued on Last Page)

## THE WILDCAT SEZ (Pickett)

The Junior Sock Supper was "appetizing" success. Did you see all of those luscious cakes that were auctioned off? The boys certainly caught the knack of bidding despite the fact that some of them only had 2c (such as "Simp" Davis. I notice that

he came across when the right sock came up.)  
 The play tonight, "That Crazy Smith Family," should be one worth going to see. I only pity the poor suckers that do not go to see it.  
 Hallowe'en is coming up next Thursday and from the sound of things, it is going to be a lively one. I guess that would be the time for a nice "fish fry," if you get what I mean.  
 Speaking of Hallowe'en, the seniors are having a carnival on either Thursday or Friday to celebrate Hallowe'en. We, the seniors, are hoping that everyone (we mean you) will make plans to come.  
 The juniors are certainly money-making fiends. If they haven't already completely robbed you of everything, you might buy one of those ribbons saying, "Down the Eagles" or one of those cute little boots with "Crowell Wildcats" on them. If you have money left after they get through with you, just hunt up a senior and buy a "Wildcat" sticker.  
 Everyone is holding their breath about the Chillicothe game. We, Crowell, think that we will win, but maybe the Eagles think the same thing!

**Christian Science Services**  
 "Probation after Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 27.  
 The Golden Text is, "Let us not be weary in well doing: for in due season we shall reap, if we faint not" (Galatians 6:9).  
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Blessed be the God and Father of our Lord Jesus Christ, which according to his abundant mercy hath begotten us again unto a lively hope by the resurrection of Jesus Christ from the dead" (I Peter 1:3).  
 The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spiritual development germinates not from seed sown in the soil of material hopes, but when these decay, Love propagates anew the higher joys of Spirit, which have no taint of earth" (page 66).

**Our Weekly Sermon**  
 By Elgin S. Moyer, Ph. D., Librarian, The Moody Bible Institute of Chicago.

**Love, the Divine Imperative**  
 Text—This is my commandment, That ye love one another, as I have loved you.—John 15:12.  
 Love is indispensable to true Christian living. It is impossible to please God without walking in love. But to thus walk is not only the great privilege of the Christian; it is also the first and greatest commandment of God.  
 The force of this command is the more evident when we realize the fundamental principle upon which it is based: God is love. Christ is the expression of God's love; and we are the disciples and representatives of Christ. Therefore, love must fill our hearts and possess our souls. Love must be the law of life for the Christian. It cannot be otherwise, if God is love and we are in God.  
 Love is the way of enlightenment and understanding (I John 1:5; 2:7-11). The God of love is the God of light. It is impossible for us to have fellowship with the God of light and at the same time to walk in the darkness of hatred and disobedience. Darkness blinds; light reveals. All the works of hatred, falsehood, and disobedience are the works of darkness and of sin. But all the works of love, truth, and obedience are works of light, for they are of God, the God of light and love. If we are to be the children of light, we must walk in the light of God.  
 Love is the way of holy living. God's Word teaches us that the form of Christian living is holiness. Love is pure, holy, and enabling, for it originates in the heart of God. It is possible for us to live lives of holiness only as we live in the love that Christ sheds abroad into our hearts by His Spirit. Holiness is His requirement of us. It is the price that He puts on discipleship. Dr. G. S. Barrett says, "There are no fires so fierce and so terrible as the fires of love, for they consume all falsity and unreality in their devouring heat. If we are to be holy in Christ, the fire of love must burn out the dross."  
 Love is the way of redemptive service. We must love friend or enemy with a love that is sacrificial. These are opportune days to test the degree of love we possess. Let us measure our love by Christ, both the love He lived by and that He died by. Are we willing to die in order to save others from dying? Love calls for a full committal; but a full committal will exhibit to the world this love of God in the heart of the true disciple of Christ.

## SPORTS NEWS

The Crowell Wildcats romped over the Seymour Panthers for their second conference victory this season Friday night, Oct. 18. The final score was 22 to 6.  
 The Wildcats received the kickoff from the Panthers and on the second play of the game, A. Y. Olds galloped 53 yards for a touchdown. Two points were added to the Wildcats' score when the Panthers refused to kick out of their own end zone. A Panther Another score for the Wildcats in the second quarter. The Panthers scored their only points on a long pass completed for a touchdown. The Wildcats came back in the second half to score another touchdown. Two extra points were kicked for Crowell by Olds. One Seymour try and one Crowell try for extra points were blocked.  
 Friday night, October 25, the Chillicothe Eagles will invade Crowell for what is expected to be the toughest battle of the season for both teams.

## JUNIOR SOCK SUPPER

A lively and original program was presented at the Junior Sock Supper last Thursday night. Each teacher in school provided a stunt for the program. It began at 7:30 and was over about 9:30.  
 Socks filled with various things, mainly sandwiches and cookies, were brought by the girls in high school and bought by different boys. About a dozen cakes were auctioned off and these were backed by various mothers of the Junior class.  
 The auctioneer was Leslie Thomas, County Judge-elect of Foard County, and the Junior class wishes to take this opportunity to thank him for his services.

66th Year of Active Newspaper Service to Be Celebrated Nov. 4

University of Texas student journalists will help the "dear" of Texas newspapermen celebrate his 66th anniversary of professional activity this year, according to a news dispatch from the University's News Service.

Geo. B. Dealey, 81-year-old publisher of The Dallas Morning News, who started his career in 1874, will be honor guest at a banquet Nov. 4, in Austin sponsored by two honorary fraternities, the Sigma Delta Chi for men and Theta Sigma Phi for women, and the Press Club.

Other speakers on the program include Lynn Landrum, University ex-student and Dallas News front-page columnist, Dr. Homer P. Rainey, University president, and Sam Acheson, author and Dallas News staff man.

Mr. Dealey is loved and highly respected by the Newspaper fraternity throughout the state and it is hoped that his years of service may be lengthened indefinitely.

Proposals to Lease Post Office Quarters to Be Received

October, 21, 1940.—Proposals are hereby solicited, to be received in the office of Post Office Inspector, A. S. Page at Fort Worth, Texas, up to and including November 25, 1940, to furnish quarters suitable for post office purposes at Crowell, Texas, under a lease subject to the provisions of the standard form of lease used by the Post Office Department, at a stated price per annum, including fuel, light, power, water, toilet facilities, plumbing, heating, and lighting fixtures, for a term of five or ten years from May 27, 1941.

Floor space of about 1,600 square feet is desired. Important considerations are a reasonably central location, good daylight, and accessibility to rear or side entrance for mails.

General building requirements and form of proposal, together with information concerning the provisions of the lease, may be obtained from the Postmaster or the Inspector whose name and address are indicated above.

Diagram of the rooms offered, showing inside dimensions, offsets, doors, windows, etc., and any adjoining ground for light areas, driveways, or parking areas, must be submitted with the proposal. Proponents may also submit photographs of their property and its surroundings if they so desire.

The Post Office Department reserves the right to reject any or all proposals, to negotiate further with proponents for better terms, or to endeavor either before or after the closing date above indicated.

ated to secure offers on suitable properties, in addition to those submitted in response to this advertisement.

Proponents may be required to show whether the property offered is mortgaged and to furnish a concurring agreement by the mortgagee. Detailed information will be furnished by the undersigned.

Proposals without fuel, light and power will be received and will be furnished by the postoffice inspector.

Renewing Farm Lease Gets Eye of FSA Meeting

A meeting of the Foard County Farm Debt Adjustment committee will be held Thursday, October 24, at Crowell, according to Julian Wright, Farm Security Administration supervisor.

In setting the date for the meeting, he said that special attention of the committee would be given to problems of farmers who are unable to renew their land rental agreement because of an excessive accumulation of debt.

"We hate to see a single farmer have to move this year," Mr. Wright said. "The debt adjustment committee can help these people who are staggering under a load of excessive debt by working out agreements with their creditors which bring their debts within their ability to pay."

He stated that after a farmer's creditors have granted him an extension of time or reduction in interest or principal, the FSA will finance him and furnish guidance in good farming practices so that he can eventually pay off the remainder of his debts. He invited both farmers and creditors who can take advantage of such agreements to attend the debt adjustment meeting.

Scouting Notes

Troop 49, First Methodist Church, has been having good attendance and is working hard on the Round-Up Program and the Scouts have set their goal for the President's Award in the Round-Up Program. The Troop has taken several hikes and has scheduled an over-night camp each month. G. T. Lanier is Scoutmaster.

Troop 53, American Legion as sponsor, is having regular weekly meetings under the direction of troop committee chairman, John E. Long. A new Scoutmaster will meet with the boys at the next meeting next week. The boys in this Troop are conducting a membership drive and are anxious to increase their number. Several hikes and camps are on the program of activities for the coming months.

Troop 78 at Truscott is working with their new scoutmaster, Clyde Wood, and every Scout is working on advancement. The Troop wants to qualify for an achievement award in the Round-Up plan. A hike has been scheduled for Saturday, Oct. 26, and a large number of Scouts are expected to make advancement at that time. Troop 140, Thalia, has a new

Panthers Bow To Wildcats By 22-6 Score

Crowell's Ground Attack Too Much For Seymour Lads

The Crowell Wildcats came to life in the last half of their second conference game here last Friday night to drop the inspired Seymour Panthers, 22 to 6, after being held to a 6-6 tie during the greater part of the first half of the contest.

In this game, the Panthers showed more fight and determination than they had shown during any of their games this season, however, they fell short of taking the game from the Wildcats.

Crowell Scores First The Crowell boys scored quickly when on the third play after receiving the opening kickoff when Olds spun through center behind good blocking and galloped 57 yards for pay dirt. Olds' attempted place kick for the extra point was blocked by Self, Panther tackle.

Taking the following kickoff, the Panthers worked the ball into Crowell territory before having to punt, and the Wildcats were not able to gain possession of the pigskin in Seymour's end of the field during the remainder of the first period.

Safety for Wildcats Taking the ball on their own 39-yard line after stopping a Wildcat drive early in the second quarter.

Taking the ball on the Crowell 39-yard line after taking the ball on downs at that point, the Panthers drove to the 35 and Nicholson, Panther quarterback, flipped the ball to his pass-catching partner, Thornhill, left end, for a touchdown. Nicholson's attempted kick was low and the score was knotted at 6-6.

Not stunned by the Panthers turning a break into a score, the Wildcats took the ball on the following kickoff and drove 60 yards man to work as Acting Scoutmaster while Scoutmaster Tom Abston is busy at the gin. Mr. Edwards, coach at Thalia High School, has had Scouting experience and will meet with the boys Thursday night to begin a program of activities for the Scouts of Thalia community.

Two Minute Sermon (By Thomas Hastwell)

Money Is Human Life: The Scriptures contain many lessons on the use and abuse of wealth. Wherever this is discussed in study groups and Sunday School classes the tendency seems to be to regard the misuse and the abuse of wealth as a practice confined to people of large means. Most people seem to feel that they do not possess wealth, and consequently do not and cannot abuse it, or misuse it. For this reason this lesson often misses its mark. To my way of thinking the lesson applies to every one regardless of his income, whether he is a wealthy industrialist, or stock broker, or whether he is a WPA worker. One can misuse and abuse a small income just as readily as he can a large income. The message of the lesson is not how much one does in dollars and cents but how much one does in sacrifice and service. Money is human life. A dollar represents so many hours of life. The men of large means receives more in a day than does the man of small means and consequently should give more. The test is not the number of dollars given, but the amount of sacrifice involved, and the spirit of the gift.

THOUGHTS OF SERIOUS MOMENTS

The present is ours; the future, big with events.—Mary Baker Eddy. Wisely improve the present—it is thine; go forth to meet the shadowy future without fear, and with a manly heart.—Henry Wadsworth Longfellow.

We always live prospectively, never retrospectively, and there is no abiding moment.—Friedrich H. Jacobi.

We should live for the future, and yet should find our life in the fidelities of the present; the last is the only method of the first.—Henry Ward Beecher.

You pay most for safety when you try to get along without it.

Crowell, Chillicothe, Archer City and Throckmorton continue to command the District 9-A football race after the second conference games last Friday by defeating Seymour, Holliday and Iowa Park, respectively. Throckmorton was idle last Friday.

One of these records will be broken this week as the Eagles will move into Crowell Friday night for the game which many believe will decide the championship.

There were no upsets in the last round of play, but the highlights of the week's play was the strong showings Seymour made against Crowell and Holliday against Chillicothe.

Games Friday Night

Chillicothe at Crowell. Archer City at Holliday. Haskell at Seymour (non-conference game).

to the Panthers' 2-yard stripe before bogging down. Nicholson tried to punt out of danger from behind his own goal line, but fumbled a bad pass from center and was swarmed by Wildcats behind the line for a safety to put Crowell back into the lead, 8-6.

With the exception of their touchdown, the Panthers never threatened the Wildcats and were never again within Crowell's 30-yard line.

Early in the second half, the Wildcats took a Panther punt on the Crowell 35-yard stripe and drove down to the Seymour 29. The second Crowell touchdown came from a long pass from Hudgeons to Haseloff. Olds kicked the extra point. Crowell 15, Seymour 6.

Crowell's last score came in the first part of the last quarter after a 40-yard drive with Gibson carrying the ball over from the 7-yard line in quite a unique manner. Gibson drove into the center of the line and fumbled with the ball rolling over the goal line where he recovered it for the touchdown. Again Olds' place kick was true to place the final score at: Crowell 22, Seymour 6.

Truscott Drops Conference Tilt To Knox City

The largest crowd ever to attend a football game in Truscott witnessed the Knox City Greyhounds drop the Bulldogs in their first defeat of the season by a score of 24 to 12 last Friday afternoon.

After a scoreless first quarter, the Greyhounds struck first when they pounced upon a Truscott fumble behind the goal line for the opening touchdown. Knox City scored twice again in the second period to hold an 18 to 0 lead at the half. The Greyhounds' last score came in the third period.

Young tallied for the Bulldogs in the third period and Massingill scored again for Truscott in the last quarter.

No extra points were made by either team during the game. This was Truscott's first defeat of the season and Knox City still remains undefeated with 3 victories on its record.

Following are the starting line-ups: Truscott—Cook, English, A. Smith, Young, Kelton and Massingill. Knox City—Hill, Jones, Carver, Thomason and King.

## Information on Wheat Mixtures is Released This Week

A seeding mixture containing wheat will be classified as wheat under the 1941 Agricultural Conservation Program, even though such mixture contains less than 50 per cent by weight of wheat, unless the crop or crops other than wheat in mixture is seeded at approximately the same time as wheat, according to information released this week by A. V. Sheppard, Foard County Administrative Officer.

It is necessary that the crop or crops will have an equal chance to produce.

Quoted below is the definition of wheat under the 1941 program as it appears in the 1940 Preliminary Texas Handbook which no doubt will be approved in the near future:

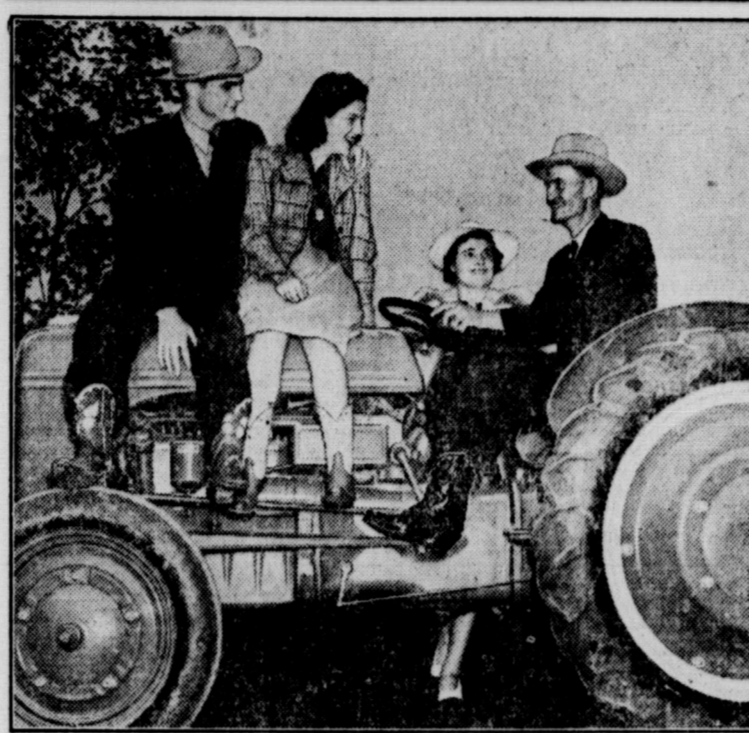

"Acreage planted to wheat (on a wheat allotment farm) means (1) any acreage seeded to wheat (except when it is seeded in a mixture containing less than 50 per cent by weight of wheat); (2) any acreage seeded to a mixture and the wheat matures, but the other crop or crops fail to mature; and (3) any acreage of volunteer wheat which is harvested or remains on the land after May 1, 1941."

Wheat (on a non-wheat) or mixtures containing wheat on any farm, harvested for grain or hay is soil-depleting, except when used as a nurse crop for legumes or perennial grasses which are needed in a workmanlike manner and the nurse crop is cut for hay not later than the bloom stage, or when wheat or a mixture containing wheat is seeded in a mixture containing 50 per cent or more by weight of winter legume seed and harvested to hay.

Mr. and Mrs. A. W. Owens spent Sunday and Monday in Knox City on account of the serious illness of Mrs. Owens' brother, Clarence Webb.

A good job and a careless man are soon parted.

## Texan Family Wins National Honor

HERE'S the happiest family in the entire United States. They're (left to right) John Leathers, 19; Margaret Jean Leathers, 16; and Mr. and Mrs. D. E. Leathers.

The Leatherses own and farm a 200-acre homestead at Clarendon, Donley County, in the famed Panhandle cattle country of Texas. Last May they won the Fort Worth Star-Telegram's newspaper contest to pick the Typical American family of West Texas and were given a week's entertainment on the New York World's Fairgrounds. The Ford Motor Company provided them a car and chauffeur for the round trip, and at the Fair, in all, 48 Typical American families were similarly selected in various parts of the country and brought to the Fair by the Ford Motor Company at the rate of two families a week.

In mid-October a board of judges named by seven New York newspapers picked a Super-Typical American family, and the Leatherses were it. The Ford Motor Company then telegraphed them to fly to the Fair on October 22 as the Company's guests. And at the

Another special feature will be a  
demonstration of Audio teaching  
and a demonstration of the re-  
cording machine on which teach-  
ing transcriptions are made. Free  
voice tests will also be given on  
transcriptions. This exhibit will  
be outstanding, it will contain  
many of the most modern ma-  
chines used in the offices of the  
National Government and large  
industries and will illustrate the  
modern equipment used in Byrne  
College. A visit will thoroughly  
convince you that Byrne College

## Thalia Church Scene of Banquet Given by Joe Couch Tuesday

About 60 people of the Thalia community were guests at a banquet given by Joe Couch of Vernon, district representative of the Great National Life Insurance Co. of Dallas, in the basement of the Thalia Methodist Church Tuesday evening at 7:30 o'clock. Others present were: Mr. and Mrs. Otis Tole of Vernon, Mrs. Frank Long, Mr. and Mrs. A. G. Bell, Miss Rhogena Chambers, and Mr. and Mrs. T. B. Klepper and son, Billy, of Crowell. An excellent banquet was served by the Methodist ladies.

The program was opened by the singing of two songs, "The More We Get Together" and "America." Invocation was given by Rev. Don Culbertson, pastor of the church.

S. J. Hay of Dallas, president of the insurance company was the speaker for the occasion and his subject was "Life Insurance." In his talk Mr. Hay stressed the value of life insurance as real property. Mr. Couch was assisted by Mrs. Couch in receiving the guests.

### ADELPHIAN CLUB

The Adelpian Club met on October 16 at the home of Mrs. S. S. Bell.

Mrs. A. Y. Beverly led a program taken from the National Geographic Magazine. Mrs. Clint White reviewed an article by Major General Arnold entitled "Our Air Frontier in Alaska."

Mrs. Beverly gave an article on the Philippine Islands. It was written by an old professor, who has gone back to the islands after having been away for forty years. In the article he told of the great changes which have taken place during that time.

Miss Ruby Lee Beville sang Solvieg's Song and was accompanied at the piano by Mrs. F. C. Brooks.

Mrs. M. S. Henry gave an eulogy to the American Flag and Mrs. W. B. Hicks dismissed the group with prayer.

The hostess then invited the members into the dining room where she seated the officers, Mrs. C. P. Sandifer, who is a life mem-

ber, and Mrs. Hicks at the dining table. The remainder were seated at quartet tables.

As a center piece for the dining table, "Uncle Sam" stood on a reflector and silver candlesticks holding red candles stood on either side. Small silver vases holding tiny flags were placed down the center of the table.

Lovely refreshments in two courses were served. The first course consisted of creamed chicken in patty shells, cranberry salad, celery, peas, creamed potatoes, melba toast and hot spiced tea and the second course was jello with whipped cream and cake in the colors of red, white and blue.

### COLUMBIAN CLUB

Mrs. M. O'Connell was hostess to the Columbian Club members on Wednesday afternoon, Oct. 16, at O'Connell's Lunch Room.

Mrs. T. B. Klepper, who was leader for the afternoon's study, talked on "Louisa May Alcott, Her Life and Writings." Miss Joellene Vannoy followed with "A Visit to Old Orchard House."

Mrs. N. J. Roberts gave a resume of "Picturesque Austin" in which she told of the important and interesting places of the capital city.

The hostess, assisted by Mrs. H. Schindler, served a lovely plate.

### B. & P. W. CLUB

A Hallowe'en party, complete with ghosts, witches and black cats, furnished informal entertainment for members of the B. & P. W. Club last Thursday evening. Guests gathered around an improvised camp fire and were served the proverbial "hobo" stew, coffee, hot rolls and apple pie. After the feed, various Hallowe'en games were played and fortunes told.

Gusta Davis, Alma Walker, and Mae Solomon were hostesses for this party. Twelve members attended.

### THALIA IDLE HOUR CLUB

The Thalia Idle Hour Club met Oct. 10 in the home of Mrs. John Wright.

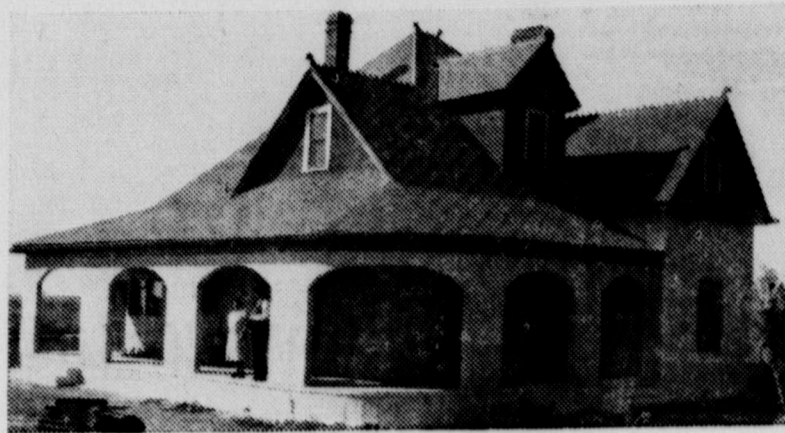

The afternoon was spent in talking and sewing.

A delicious plate of ice cream and cake was served to Mrs. T. H. Matthews, Mrs. Bob Abston, Mrs. Raymond Grimm, Mrs. J. M. Jackson, Mrs. Allen Shultz, Mrs. Mack Edens, Mrs. Lottis Roberts, and the hostess.

Two visitors, Grandmother Morris and Mrs. W. H. Banister, were present.

Next meeting will be with Mrs. Less Hammonds Oct. 31.

## New Home and New Citizens

Work of re-modeling the 8-room home of Mr. and Mrs. C. L. Williams one mile east of Crowell was completed recently. Mr. and Mrs. Williams are shown in the picture.

Mr. and Mrs. Williams bought the J. G. Coffey farm in July and came here from Brownfield the last day of July to make their home. They had lived in Brownfield since 1907. Mr. Williams was a former resident of this county and is a brother of L. H. Williams of Crowell and Mrs. O. M. Grimm and Mrs. Jessie Gamble of Thalia.

Re-modeling of the house was started immediately after they arrived here. The lower floor consists of five rooms, hall, bath room and sleeping porch, and two fireplaces with brick chimney. Three bedrooms are upstairs. A concrete porch starts at the front on the north and goes around the east side to the south where it joins the sleeping porch. A large concrete cistern has been built on the south side, the top of which is on the same level as the porch. A new windmill installed at a well near the home furnishes running water. Another windmill has been installed on the branch several hundred yards east of the home and is used to water four pecan trees that were planted many years ago by the late Mr. and Mrs. M. L. Raney, pioneer residents of this county.

### THALIA P. T. A.

The Thalia Parent-Teacher Association met in regular monthly business meeting Monday, Oct. 14, in the High School building with a fair attendance.

The year books were handed out to members.

A donation was made to the Texas Congress of Parents and Teachers, in commemoration of the State's Birthday which falls in this month.

A gift to be given to the room with most parents present at business meeting. Cake and coffee is to be sold at the Hallowe'en carnival at the school house on Hallowe'en night.

Next meeting will be October 28 at 7:30 p. m. with a program. Everyone is invited.

### HARMONY CLUB

Miss Cora Carter and Mrs. W. A. Dunn were hostesses to the Harmony Club members at the home of Miss Carter last Friday evening.

Miss Carter, as leader of the lesson which was "Early Piano-forte Composers—Hayden and Mozart," talked on "Piano Music, Its Composers and Characteristics." Mrs. W. B. Tysinger gave "The Life of Hayden." Mrs. Leon Solomon played Hayden's "Military Symphony" as a piano solo. Miss Ruby Lee Beville sang "With Verdure Clad," by Hayden. She was accompanied by Mrs. Arnold Rucker.

"The Life of Mozart" was told by Mrs. R. L. Kincaid. As a closing number, Mrs. A. F. Wright and Miss Beville sang "Come to the Fair" by Easthope Martin.

Mrs. W. B. Hicks and Miss Beville were welcomed as new members.

The hostesses served delicious refreshments in which the Hallowe'en season was suggested.

### SPIRITUAL LIFE MEETING

The Woman's Society of Christian Service of the Methodist Church will hold its Spiritual Life meeting at the church next Monday afternoon, Oct. 28, with the theme, "Unity of Faith and Knowledge of Jesus Christ."

It is requested that the members upon entering the church engage in silent prayer and sit reverently until the program which will be opened with quiet music. "Take Time to Be Holy" will be sung by the audience. This will be followed by a prayer and favorite Scripture quotations from those present. A special musical number will be rendered. A talk on "The Supreme Purpose of the

son, T. L. Owens and Murrell Diggs. These three lads have played outstanding football and are powerful defensive men. The burden of the scrap is likely to fall upon the shoulders of Owens and Thompson, as Diggs is not expected to see much service, due to a leg injury.

In the mid-section of the line, Crowell is boasting three of the district's outstanding players. Robby Spears and Daniel Brisco have not been outplayed this season. Their defensive play is effective and consistent and their blocking is all that anyone could ask for.

Joe Wells, fiery 136 pound Wildcat, will hold down the center spot for Crowell and so far this season has outshined any pivot man he has met. In spite of his small stature, Wells capably handles a defensive line-backing position and is one of the most deadly tacklers in the Crowell lineup.

The quarterback position will be filled by A. Y. Olds, 126-pound speedster, who specializes in ripping through for yardage on line plays. Olds is also the Wildcats' safety man and is valuable there because of his speed and tackling.

In the halfback spots will be the Wildcats' most seasoned players, Leroy Gibson and Bill Ownbey. Both are ball carriers and are powerful runners. Both do the Wildcats' punting with Gibson quick-kicking and Ownbey punting. Between the two they hold a punting average of 40 yards.

It is probable that the fullback duties will be shared by Duane Capps and Ralph Flesher. Capps, 193-pounder, is used mostly for blocking and can put his weight to good use. He also is on the receiving end of passes. Flesher, small and fast, has seen much service in this position and is a good blocker. He has shown much promise as a pass defense player.

In spite of the big task ahead of them, Coach Graves' boys have been forced to take things a little easy this week due to injuries. W. D. Hudzeons, left end, has been nursing a sprained ankle; Leroy Gibson, halfback, suffered cuts on his left eye lid and cheek; and Murrell Diggs, tackle, is suffering a leg injury.

by high-ranking government officials before the drawing settles down to its tedious routine. It is estimated that 12 hours will be required to complete the drawing.

The serial numbers have been issued from No. 1 up to and including each registrant in Foard County. Each serial number drawn in Washington on Oct. 29 that is above this county's highest serial number will be disregarded, but the first serial number drawn that is held by a registrant here will become order No. 1 and so on down the line until every man between the ages of 21 and 36 will have an order number. The first number drawn in 1917 was 258 and if that number should be drawn again it would be in Foard County's range of serial numbers and the man holding that number would be given order No. 1, thus making him the first to be called before

### ROTARY CLUB

Rotarians Earl Morley, Frank York, Charlie Watkins and Sloan Paxton of Quanah were visitors at the meeting of the Crowell Rotary Club Wednesday at noon. Bennett Cooksey, Boy Scout field executive, was also a visitor.

The program consisted of a clever quiz contest conducted by Geo. D. Self.

It was voted at this meeting to enter a three-months attendance contest with the Quanah and Childress clubs, the loser to give a banquet to the other two clubs.

It was announced by President Dwight Moody that Crowell stood at the top of the list for four 100 per cent meetings during September in the Governor's monthly report for the 127th district. The club has three 100 per cent meetings for October.

the local board when the first draft is made.

Immediately after the national drawing, questionnaires will be sent to the registrants in Foard County in small groups by the local draft board. It is extremely important that care be taken in filling out these questionnaires and aid will be given by any member of an advisory board. Leslie Thomas is the chairman of the advisory board in Foard County, and other members will be appointed in the near future.

These questionnaires must be returned within five days following the mailing date. After the questionnaires are returned to the draft board, each man will be classified.

When the first draft is called, Foard County will be given a quota to fill. For example, this county's quota could be 20 men. The board would notify the men holding order numbers from 1 through 20, and these men will appear before the board. If they are deferred for training in later calls, then men holding the next numbers will be called, and so on until the county's quota is filled.

It is highly important that each registrant keep in contact with the local draft board. The headquarters of the Foard County draft board is located in the old Beverly Abstract Co. office on the south side of the square.

A number of registrants have inquired concerning a physical examination. This will not come until after questionnaires have been returned to the draft board and then cards will be mailed telling the time to report for the examination. Dr. H. Clark and Dr. J. M. Hill have been appointed as the examiners for Foard County.

When the 1900 car chugged down the road, without top, without headlights, without windshield or fenders or bumpers, it cost the driver 30 cents per mile to own and operate. Today the average is down to less than three cents.
