\$2.00 A YEAR EIGHT PAGES

Foard County to Benefit from '40 Range Program

Figures Released This Week from AAA Crowell Office

An estimate of \$254,000.00 will be offered to Foard County farmers and ranchmen by the AAA in 1940 for compliance with the program and for putting into effect soil-building and range-improvement practices.

Only full co-operation with the AAA will result in the payments reaching this figure, since the amount is estimated on the basis of all farmers and ranchmen in the county earning all payments available, including maximum soil-building and range-building allowances. H. R. Zeibig, chairman of the county Agricultural Conservation Association Committee, explained.

The chairman listed the amounts available as follows:

Cotton parity payments, computed at the rate of 1.55 cents per pound of cotton average yield, \$51,193.98.

Agricultural conservation payments for cotton, at the rate of 1.6 cents per pound, \$52,645.40.

Wheat parity payments, at the rate of 10 cents a bushel, \$48,495.70.

Agricultural Conservation payments on wheat, at the rate of 9 cents a bushel, \$43,646.13.

General crop payments, at the rate of 84 cents an acre, \$21,954.24.

Maximum soil-building allowance, \$19,876.17.

Maximum range-improvement allowance, \$15,994.98.

In addition, the county chairman pointed out, a certain amount is available for increases in small payments. Under the Agricultural Adjustment Act of 1938, if the total payments to a farm are less than \$200, the amount is increased according to rates set in a graduated scale.

In general, Mr. Zeibig explained, provisions for earning payments are the same as in 1939, but minor changes have been made in some provisions. The regulations set out that a producer, to be eligible for payment, must plant within the total of the acreage allotments of corn, cotton, and wheat established for his farm and must not offset perplanting on the farm by overplanting the three commodities on other farms in which he has an interest.

Payments from the money set up as maximum range-improvement or soil-building allowance are made only to those farmers earning payments by doing approved conservation work, the chairman continued. In addition to the maximum soil-building allowance for each farm, the program this year includes a provision that each farm can earn up to \$30, at the rate of \$7.50 per acre, by planting forest trees.

Honor Roll for Crowell School Given This Week

226 Names Appear On Honor Rolls For Fourth Term

Two hundred and twenty-six names appeared on the honor rolls of the Crowell Schools for the fourth term which was released this week by Supt. I. T. Graves. Thirty-eight of the names were listed on the high school "A" roll, 87 on the high school "B" roll, 35 on the perfect attendance roll, 35 on the grammar school roll, and 48 on the grammar school "B" roll.

The honor roll for the fourth term of school follows:

High School "A" Honor Roll
Mary Evelyn Edwards, Joyzelle Tysinger, Mike Bird, Billy Klepp, Anita Traweck, Richard Bird, Winifred Connell, Charles Clark, Robert Saunders.

Tom Andrews, Ted Crosnoe, Carroll Thompson, Margaret Long, Faye Griffin, Edna Lou Brisco, Glenn Randolph, Gordon Erwin, Paul Vecera, John Clark Long, Truman Taylor, Richard Bird.

E. A. Taylor, Richard Carroll, Billy Diggs, Robert Spears, Mary Nichols, Margaret Claire Shirley, Reed Sanders, Wilma Jo Lovelady, Blaine Barker, A. Y. O. Juanita Traweck, Julie Halmon, Ruby Adams, June Billington, Lois Pickett, Ray Burrow.

Former Witherspoon Cowboys Organize 3-Nine Round-Up

Cowhands who worked on the Phil S. and J. G. Witherspoon ranches in Texas and Oklahoma more than forty years ago, gathered in Fort Worth Sunday, Feb. 25, for a reunion and to celebrate the 75th birthday of W. T. (Bill) McClain, one of their number, at the home of his daughter and husband, Mr. and Mrs. J. E. Berry, at 4600 Virginia Lane in that city.

In the picture above, seated, left to right are: Gordon Witherspoon, Fort Worth; Ed P. Bomar, Henrietta; William Taylor, Mangum, Okla.; W. T. McClain and John Witherspoon, Fort Worth, and standing in that order, John Hendrix, Fort Worth; Ebb Worsham, Henrietta; Jim Minnick, Crowell; Boss Roark, Crowell; George Johnson, Canyon; Henry Ferguson, Crowell.

Third Annual FFA Project and 4-H Club Show Held In Crowell Saturday; Calves Bring Top Prices at Auction

The third annual F. F. A. Project and 4-H Club show was held in Crowell last Saturday at the Self Motor Company building with a large number of people attending in spite of disagreeable weather conditions.

Grand Champion Calf
The calf of Truman Taylor was selected as the grand champion calf of the show, with a second calf of Truman's being announced as the second place winner. Truman entered a calf in each of the two divisions of the show, and each calf carried off honors in each division. His two calves competed for grand champion

Ranchers of County Exhibit Fine Bred Cattle at FFA Show

For the first time since the annual FFA Project show was started, ranchers of this county displayed their fine bred cattle during the day of the affair.

Dr. J. M. Hill displayed a bull, a cow and a calf from his Aberdeen-Angus herd which he is building here. This particular breed of cattle had drawn little interest among the ranchers of Foard County until Dr. Hill started his herd several months ago. The calf entered by his son, J. M. Hill, in the F. F. A. show won fourth place.

Hereford cattle of the famous Domino and Supreme Mischief lines were exhibited by Allen Fish of Vivian and H. H. Fish of Paducah. Allen Fish showed Supreme Domino 9th, Domino 59th and Sam Houston Mischief.

H. H. Fish showed Advance Prince Domino Mischief, Advance Supreme Mischief, and a cow and calf, Eula Domino 2nd and Advance Domino Again.

Some Jersey cattle were exhibited during the show by James Everett Long.

Local Man Freed of Statutory Charge

C. R. Dodd was freed of a statutory charge last Friday afternoon when members of a petit jury for a special session of the 46th District Court in Crowell returned a verdict of not guilty after a short period of deliberation.

Dodd was indicted by the February grand jury. He is still facing an arson charge which still remains on the court docket.

PAINFULLY BURNED

Mrs. M. E. Todd was painfully burned Tuesday morning at her home in Crowell when her clothing accidentally caught fire from a bath room heater. Mrs. Florence Randolph, who is living with Mrs. Todd, rushed to her assistance and saved her from being severely burned.

Mrs. Todd is reported to be resting satisfactorily at her home.

SUFFERS STROKE

J. F. Steele suffered a stroke of paralysis at his home in Crowell Wednesday morning and his condition was reported to have been serious, however, he was improving satisfactorily this morning.

Jim T. Furgason Buried in Local Cemetery Sunday

Funeral Services From Methodist Church, at 3 P. M.

Last rites for Jim T. Furgason were held from the First Methodist Church in Crowell Sunday afternoon at 3 o'clock conducted by Rev. W. B. Hicks, Methodist pastor, who was assisted by Rev. W. B. Hicks, Methodist pastor, and Rev. Harrell Rea, pastor of the First Christian Church. A special musical number for the services was a song rendered by a quartet composed of Ebb Scales, John Rasor, Harrell Rea and Ernest King.

Pall bearers included W. M. Godwin, Hugh Bates, Joe Bradley, W. R. Hudgeons, Jack Vessell and Alfred Vessell, with Margaret Long, Marjory Young, Syble Mullins, Winnifred Greening, Eva Dale Morrison and Verna Ray Morrison, acting as flower girls.

Interment was in the Crowell Cemetery with Womack Funeral Home supervising arrangements. James Taylor Furgason was born May 19, 1882, in Quitman, Wood County, Texas, where he lived until coming to Foard County with his family in 1926. On Dec. 18, 1904, he was married to Miss Carl Reeves at Quitman. Seven children were born to this union, one daughter dying at the age of 13. Mr. Furgason was converted and joined the Methodist Church at the age of 11.

Survivors are his wife, four sons, O. H. of Crowell, Cecil of Quanah, James and Morris of Denning, N. M.; two daughters, Mrs. J. W. Gibson of Plainview, and Miss Zelma Furgason of Crowell, all present for the funeral; two brothers, Conrad Black of Spur and Charley Black of Portales, N. M.; five sisters, Mrs. Lee Usery of New Orleans, La., Mrs. Ben Saxton of Spur, Mrs. Grant Morrison of Crowell, Mrs. Olin Brewer of Spur and Mrs. Georgia Scott of Palestine. Mrs. Saxton, Mrs. Brewer and Conrad Black were here to attend the funeral. Mrs. M. Vaughn of Dallas, sister of Mrs. Furgason, was also here for the funeral.

Weldon Cogdell New Agent Here For Magnolia

Weldon K. Cogdell of Crowell has accepted the Magnolia wholesale agency for this trade territory, according to an announcement which appears on page three of this issue.

Mr. Cogdell assumed the duties of that position on Friday, March 1, succeeding Raymond Burrow who had served as agent of the Magnolia Petroleum Company for the past three years. Offices of the new agent will be maintained in the M. M. Welch Service Station.

Mr. Cogdell, son of Mr. and Mrs. W. A. Cogdell of Crowell, is well-known in this trade area as he was reared here and was graduated from Crowell High School before attending Texas Technological College in Lubbock.

Thalia Methodist Church Dedicated by Bishop Holt

Ceremony, Covered Dish Dinner Held Last Friday

The new rock veneer building for the First Methodist Church of Thalia was dedicated last Friday morning in special services conducted by Bishop Ivan Lee Holt of Dallas, who was assisted by Rev. C. K. Vliet of Nashville, Tenn.

The corner stone of the new structure was laid on Sunday before by Rev. Cal D. Wright, district superintendent of the Vernon District.

Bishop Holt is presiding bishop of the Methodist Churches of Texas and New Mexico, and Rev. Vliet is commissioner of benevolences for the church. Preceding the dedicatory service Friday morning, a baptismal service was conducted by the bishop at which time the baby son of Rev. Don Culbertson, pastor of the church, was baptized and the grandparents, Rev. and Mrs. A. T. Culbertson of Dallas, stood with the parents for the ceremony.

The dedication ceremony was completed at noon and a covered dish dinner was served in the basement to visiting pastors, laymen and others of this section. A list of the out-of-town visitors in attendance follows:

Bishop Ivan Lee Holt, Dallas; Rev. C. K. Vliet, Nashville, Tenn.; Rev. and Mrs. A. T. Culbertson, Dallas; Mr. and Mrs. Jesse Breedlove and Mrs. H. B. Cook, Tyler; Rev. Marvin Brotherton, Kirkland; Rev. Vernon N. Henderson, Estelle; Rev. W. Joshua Knox, Tolbert; Rev. W. E. Fisher, Paducah; Rev. and Mrs. T. M. Johnson, Stamford; Rev. E. A. Irvine, Odell; Frank O. Maddox, Ennis; Mr. and Mrs. Orion W. Carter, Childress; Mrs. Florence Blair, Denison; Mr. and Mrs. Alton Vaughn, Newlin; Rev. and Mrs. Cal C. Wright, Rev. and Mrs. C. H. Williams, Kade West, Miss Mary Standlee, Mrs. Nettie Carpenter, Mrs. E. H. Richie, Mrs. E. T. Standlee, A. J. Carpenter, R. D. L. Killough, Mrs. W. P. Thomas, Mrs. John Reese and Rev. and Mrs. F. A. Crutchfield, Vernon.

Joe Anderson and Rev. C. F. York, Quanah; Mrs. S. E. Mills, Mrs. I. T. Hueckabee, Mrs. J. H. Kenner and Rev. and Mrs. D. Jameson, Truscott; T. M. Burson, Lorenzo; Mrs. Virgil A. Johnson, Mrs. Blake McDaniel and Mrs. Ruth Marts, Ford City; Mr. and Mrs. Bob Kern, Lockett; Ira V. Younger, Five-in-One; Mrs. E. Younger, Five-in-One; Mrs. E. L. Sellers, Mrs. Roy Ayers, Frances Ann Ayers, Mary Ray Ayers, Mrs. George Wesley and Jaquelyn Wesley, Margaret.

Rev. and Mrs. W. B. Hicks, El Frances Higgs, E. H. Crosnoe, Mrs. Rosie Perkins, Mr. and Mrs. Claude Callaway, Mrs. R. R. Magee, Mrs. T. L. Hughston, Mrs. J. A. Stovall, Mrs. M. J. Girsch, Mrs. J. W. Bruce, Jane Bruce, Mrs. Hines Clark, Mr. and Mrs. T. B. Klepper, Frances Welch, Modena Stovall and Mrs. Grover Cole, Crowell.

Second Fire Call of 1940 Answered Here

Members of the Crowell Volunteer Fire Department answered their second fire call of 1940 last Friday afternoon when a small blaze broke out at the feed grinding establishment of C. N. Chatfield in the tin building one block southeast of the square.

The fire started from an unknown origin and spread to the grease of a large gasoline engine and to a part of the roof. The only damage done before the flames were extinguished was to the wiring on the motor and to a small part of the framework of the building.

Running true to dope, the Crowell High School Wildcats downed two of West Texas' best basketball teams to win the Regional championship of the Texas Interscholastic League basketball ball race at Canyon last Friday and Saturday.

Go To Austin

At 8:30 o'clock this morning, two cars, bearing Coach Graves and L. A. Andrews and ten players departed for Austin where the Wildcats will play their first game with Dublin at 7:15 o'clock. The trip will be made in one day. Players making the trip will be: Dick Smith, Tom Andrews, Jack Fitzgerald, Gus Russell, Ted Crosnoe, Junior Haseloff, H. C. Brown, Glendon Russell, Jimmie Williams and John Lee Orr. Mike Bird, student manager, also accompanied the team.

Eight Teams at Austin

Eight regional championship teams of the state will compete in the tournament at Austin Friday and Saturday for the state crown. Those teams are Crowell, Dublin, Livingston, Waco, Laneville, San Marcos, Raymondville and El Paso. Livingston won the state championship last season and will be the only team at Austin that was there last year.

Crowell Among Favorites
Dopesters of the state rate the Wildcats among the four top teams of the tournament, however a favorite to cop the title has not yet been named.

Fourth Crown This Season

With this championship, Coach Grady Graves' 1940 edition of the Wildcats added the fourth title to their list. About mid-season, the Crowell boys journeyed to Matador to win that annual tournament. Just a few hours before entering their first district game at Childress, the Wildcats learned that they had won the Northwest Texas Basketball Conference championship without having to play a last scheduled game by virtue of a forfeit by the Wichita Falls Coyotes and then went on to win the District 4 crown. Last Saturday night at Canyon, the Foard County lads came through the regional tourney as champions.

Counting these championships, Coach Graves' basketball teams have won the Matador tournament four times, and a natural size silver basketball now permanently belongs to the Wildcats; the Northwest Texas Basketball Conference three times to take permanent possession of the large trophy offered by the Junior Chamber of Commerce of Wichita Falls when the conference was organized six years ago; the district tournament six times, Bi-District three times, and the regional championship twice. This totals 18 championships that the Wildcats have won since Coach Graves came to Crowell thirteen years ago.

Gus Russell, Crowell forward, was easily the outstanding man of the tournament with his team mate, Tom Andrews, closely crowding him. Russell counted nearly every time he cut loose at the basket to score a total of 35 points for the meet, with 22 coming in the Lubbock game, and the floor work and ball handling of Andrews was near perfect.

One of the most consistent players on the Wildcat team is Ted Crosnoe, guard, and his games at Canyon were among the best he has turned in this season. His work has brought much praise from basketball fans. His work is one of the big factors for the low scores that have been tallied against his team this season.

Jack Fitzgerald, center, was off-side during the two games, however, he came through magnificently in the last quarter of the championship game to land on the honor team. Dick Smith, captain and guard, who has been acclaimed in this section for his great work on the hardwoods, was also badly off-stride due to an illness which he suffered during the meet. It was feared for sometime Saturday that he would not be able to play against Pampa in the

(Continued on Page Five)

SINGING AT THALIA

There will be a singing at the Methodist Church at Thalia Sunday afternoon, March 10, at 2:30 o'clock, it was announced this week.

The Taylor Memorial Quartet and several other out-of-town singers are expected to be there. Everyone is invited to attend.

BIRTHS

To Mr. and Mrs. Carl Howery, a girl, Retha Irene, Feb. 22.
To Mr. and Mrs. Claude C. Carr, a boy, William Clemon, Feb. 14.

Items from Neighboring Communities

FOARD CITY (By Mrs. J. L. Farrar)

Mr. and Mrs. Earl Eavenson moved from this place to Crowell last Monday. A. W. Barker, Joe Rader and Mark Morris attended the L. O. O. F. Lodge in Vernon last Monday night. Mrs. E. L. Thompson of Crowell spent the week-end with her son, Carvel Thompson, and family. Theo Duncan of Wylie brought a load of prairie hay to W. L. Callaway last Tuesday. Mr. Callaway lives on Mr. Duncan's farm.

Mrs. Joe Ward and daughter, Melba, of Crowell visited J. M. Teal and children Wednesday afternoon. Mr. and Mrs. Bill Rollins visited Mr. and Mrs. G. M. Canup of Crowell Friday night. Henry T. Ferguson of Crowell is staying with his parents, Mr. and Mrs. Tom Ferguson this week assisting with some farm work. Mrs. L. P. Glover, who has been at the bedside of her father, B. T. Meason, who is seriously ill at the home of Mrs. Fred Dennis of Quanah, returned home today (Tuesday) and reports her father better. J. H. Minnick left Tuesday for Fort Worth where he will attend the Fat Stock Show and judge horses during the entire show. Bascom Callaway, who has been in the CCC camp, stationed in Flagstaff, Ariz., has been discharged and is visiting his father, Tom Callaway, and wife. Miss Maye Randolph of Wichita Falls spent last week-end visiting her mother, Mrs. W. M. Randolph, and family. Mrs. Claude Callaway of Crowell visited Mrs. W. R. Ferguson Friday evening. Mrs. Ferguson is recovering from a serious operation. Mrs. O. N. Baker, who had been ill at the home of her mother, Mrs. A. N. Cannon, of Crowell, was able to be removed to her home here last week. Mr. and Mrs. J. H. McDaniel returned Sunday from an extended visit with their daughter, Mrs.

E. A. Dann, and family in Sweetwater. Mr. and Mrs. O. S. Turner and children of Truscott and Mr. and Mrs. Pete Bell and daughter, Sandra, of Crowell visited their parents, Mr. and Mrs. J. H. McDaniel, Sunday. Mrs. Blake McDaniel, Mrs. Ruth Marts and Mrs. V. A. Johnson attended the dedication program at the new Methodist Church in Thalia last Friday. Grady McLain spent Sunday and Monday in Wichita Falls. Mrs. J. L. Farrar and son, Joe, spent the week-end visiting her parents, Mr. and Mrs. W. A. Patton, and family of Crowell. Mr. and Mrs. Clarence Barker accompanied Mr. and Mrs. Dan Callaway of Crowell to Saint Joe Sunday where they spent the day. Mr. and Mrs. Callaway moved to that place this week. Mrs. Mark Morris and children and Mrs. Joe Rader and daughter visited Mrs. G. M. Canup on last Thursday evening while their husbands attended lodge in Crowell. Mr. and Mrs. Eldon Callaway and baby visited relatives in Crowell Sunday. Every one in this community certainly did enjoy the good singing furnished by the Crowell singers here in the school auditorium on last Friday evening. Let us tell you how to get a lovely pair of sheer hose free—Reeder's Drug Store.

MARGARET (By Mrs. John Kerley)

Mrs. Johnnie Wright spent several days last week with her parents, Mr. and Mrs. Wiley Jonas, and other relatives of Wichita Falls. Sam Wright of Kim, Colo., arrived Wednesday for a few days' visit with his brothers, Lee, George and Johnnie Wright, and families, and sister, Mrs. E. C. Maxwell, and husband. Lee Wright arrived Sunday night of last week with his stock from Littlefield where he had been residing the past year. Nick Chatfield of Crowell hauled the load. It was necessary for Mr. Wright and Mr. Chatfield to return to a point near Littlefield for the household goods which had been delayed on account of the loss of the other truck engine by fire. The flames were extinguished before any damage was done to the household furniture, etc. Mr. Wright purchased a four-room house in Crowell and moved it last week to his portion of the late J. D. Wright estate about one-half mile east of the Crowell-Quanah highway. Miss Zelma Ferguson and Mrs. Roy Archer of Crowell were on business a short time Friday afternoon. Mrs. Lee Wright and three children spent several days last week with her parents, Mr. and Mrs. Long, of Pampa, while en route here. Mr. and Mrs. Ben Saxton and Mr. and Mrs. Ole Brewer of Spur and Mr. and Mrs. James Ferguson of Deming, N. M., visited with Mr. and Mrs. Grant Morrison and family some during the week-end. They were called to Crowell on account of the death of their brother and father, James T. Ferguson. Mr. and Mrs. H. L. Muesse of Wellsville, Kan., visited Mr. and Mrs. A. B. Owens and Mr. and Mrs. J. S. Owens last week. Mr. and Mrs. A. W. Owens of Crowell visited Mrs. Valeria Owens Sunday. Mr. and Mrs. David Lee Owens of Crowell visited relatives here Sunday. Mr. and Mrs. G. W. Lisenbee of Vernon visited Mr. and Mrs. J. M. Bartow Sunday. Mr. and Mrs. W. B. McCrary of Goodlett visited Mr. and Mrs. J. M. Bartow Monday evening. Clarence Ray Priest of Vernon visited here Thursday of last week. Rev. John H. Stout spent the last week in Elliott, Okla., where he is part-time pastor. Mr. and Mrs. Worth Hunter and daughter, Alice, of Garden Valley visited relatives here Sunday. Mrs. W. T. Dunn was ill with the flu last week, but is better at this writing. The Margaret B. Y. P. U. meet with Crowell Sunday night. Mr. and Mrs. Jack Phillips and children, Jane and Larry, of Crowell visited Mr. and Mrs. George Pruitt Sunday. William Pruitt of Quanah is visiting his father, Arthur Pruitt.

BLACK (Mrs. Sherman Nichols)

Mr. and Mrs. Herman Gentry and daughter, Joan, and son, Baxter, also Marian Gentry of Crowell spent Sunday with Mr. and Mrs. S. W. Gentry. Elder Robert McCown of Odesa visited with Mr. and Mrs. R. G. Nichols and family Sunday. Mrs. C. O. Nichols and son, Elmer, visited their brother and uncle, S. J. Boman, of Vernon Thursday. Mr. and Mrs. Clint Simmons and son, L. G., and daughter, Melba, of Crowell visited with Sherman Nichols and family Saturday evening. Little Joyce Naron, who has been seriously ill in the Quanah hospital for several days, is reported some better at this time. Marian Gentry of Crowell visited Wilbron Nichols Sunday afternoon. C. O. Nichols and Edgar Klepper are repairing the school house

this week. Mrs. Joe Drabek and daughter, Rosalie, of Crowell visited relatives in this community Tuesday afternoon. Mrs. C. O. Nichols and children, Elmer, Wilma and Billy, spent Sunday with their brother and uncle, E. G. Boman, and family of Five-in-One. Baby Lois Naron is spending several days with her aunt, Mrs. Clint Simmons, of Crowell.

GAMBLEVILLE (By Opal Garrett)

Miss Wilma Fay Carroll spent last Friday night with Mr. and Mrs. Johnny Marr of Vivian. Mrs. Hazel Gamble, daughter of Mr. and Mrs. Mack Gamble, and Walter Ramsey of Vernon were united in marriage Saturday morning at the home of her parents. Several from here attended the funeral of J. T. Ferguson at Crowell Sunday evening. Miss Thelma Jo Ross of Crowell spent Monday evening and Monday night with Miss Opal Garrett. Mrs. O. A. Solomon and daughter, Nettie Mae, visited Mr. and Mrs. Gracie Solomon and family of Margaret Sunday evening. Mr. and Mrs. Earl Swim of Vernon visited Mr. and Mrs. O. A. Solomon and family Sunday evening.

NOBODY'S BUSINESS BY CLYDE CAPERS JR.

Austin.—Another week or two of the spring weather that set new records for high temperature in Texas this week, and dogwood will be in blossom. That means the candidates, too, will be in full flower, and announcements have come thick and fast from those who have jumped the tradition a few weeks, and begun campaigning already. That Gov. W. Lee O'Daniel will seek a second term, despite speculation that he has had enough, was the general belief here. Coke Stevenson, lieutenant governor, who said he would run for Governor if O'Daniel did not, apparently has decided O'Daniel will be in there, and is making his plans to seek re-election as Lieutenant Governor. Harry Hines, highway commissioner, received a very favorable reaction from his announcement, and this week was touring South Texas on highway business, but mapping plans as he went for a vigorous campaign. Jerry Sadler is still hurling an occasional verbal bombshell at the governor, but best guessers here thought he would not enter. Col. Ernest O. Thompson has privately reassured his friends he will get in about April 1, on a platform calling for a "nickel for Grandpa" and an additional 5 cents a barrel tax on oil—to pay pensions. With Thompson's keen knowledge of both the oil and political situations in Texas, many of his friends who went down with him last time, are wondering somewhat at his this year's platform. Oil now pays an overall tax of practically ten cents a barrel in Texas, including state and local special and ad valorem taxes. With the market for Texas oil constantly shrinking despite rigid proration, and an oversupply of oil menacing the markets, many wonder how Thompson figures a proposal for an additional penalty of a nickel a barrel on oil is going to get votes in a state where about 150 counties are actually dependent for most of their business and industrial prosperity upon oil production. They are recalling the 1936 campaign of F. W. (Big Fish) Fischer, of Tyler, who advocated a ten cent tax on oil to pay more and bigger pensions, in opposing Jimmy Allred, and got exactly nowhere as a candidate for Governor.

200 Miles Shelterbelt Approved for 1940

Wichita Falls, Feb. 29. (Special)—Over 200 miles of shelterbelt have been approved for planting in Northwest Texas, reported W. E. Webb, State Director of the Prairie States Forestry Project on March 1. Approximately 60 miles of tree belts have already been planted this year. Wherever necessary replacements are also being made on the older belts in order to place them in a more satisfactory condition. This will take care of the losses suffered in the unseasonably dry weather this past summer. The unusual amount of snow and rain during the past 10 weeks has done wonders in putting the ground in shape for the planting. The moisture has gone down over 20 inches in most places. Mr. Webb further reports that more than 700 applications have been made for tree belts in 32 counties. The foresters have their hands full in examining proposed areas for shelterbelts, meanwhile keeping over 25 crews in operation. However, they will continue to accept applications for the next few weeks. Applications may be turned in to the county agents or Forest Service officers in Wilbarger, Hardeman, Childress, Cottle, Motley, Hall, Collingsworth, Donley, Gray and Wheeler counties.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending March 2, 1940, were 17,210, as compared with 15,446 for the same week in 1939. Received from connections were 5,327, as compared with 4,240 for the same week in 1939. The total cars moved were 22,537, as compared with 19,686 for the same week in 1939. The Santa Fe handled a total of 20,351 cars during the preceding week of this year. The week beginning February 25 and ending March 2 includes seven days, while the 1939 period beginning and ending on the same dates includes only six days (account 1940 being Leap Year.) There are approximately 750 radio broadcasting stations in the United States. About half of these belong to NBC Red and Blue, Columbia and Mutual.

It's New... It's Different... It's Better

Phill-up with Phillips for Instant Starting

DIESEL TRAINS ORDERED

An order for four high-speed diesel-electric passenger locomotives of 2,000 horse power each, and built to the latest standard design, has been placed by the Santa Fe Railway with the Electro-Motive Corporation, La Grange, Illinois, Edward J. Engel, president, has announced. This purchase brings the Santa Fe fleet of diesel-electric road engines to nineteen with a total horse power of 35,400, which added to the horse power generated by its forty-one diesel-driven switching engines totals 72,900 horse power, the largest assemblage of diesel power in operation on any railroad in the world. Diesel-electric locomotives in Santa Fe streamlined service have thus far operated 6,306,490 miles, equivalent to 253 times around the earth. The total number employed in this country during December of 1939 was 44,335,000. This was 1,357,000 more than were employed the same month the preceding year. The total unemployed is estimated at 9,379,000. When times are good there is approximately 2,000,000 unemployed. This would leave a net of 7,379,000 who would be employed if employment were available.

Mrs. Otto Schroeder and Ewald and Emma Schroeder of Riverside.

Mr. and Mrs. Jady Tole and daughter, Carolyn, spent the week-end with friends and relatives at Quanah.

Your Horoscope

March 3, 4, 5.—You are fond of recreation and sports and are often found on the water. You choose only a few friends but are devotedly loyal to these few, and are worthy of the trust reposed in you. You have a faculty of saying what you mean and meaning what you say. You are very capable, with a clear reasoning mind. You are very careful and prudent. You have musical and poetical abilities, can attend great eloquence, and not content with things as they exist.

March 6, 7.—Your alert, intelligent mind would be a great asset to you in an executive position, which you have ability to fill. A degree of self reliance helps you to make decisions for yourself. You want to know the way of things and have the inner vision to see the outcome of understandings. You show good judgment in your dealings, while you frequently ask the opinions of others you accept their advice very infrequently.

March 8, 9, 10.—You are trustworthy, true and candid. You are intently true to your convictions and stick to your impressions but not in an offensive manner. Quite often you speak before you think and regret it very much later. You have the courage of your convictions and often espouse progressive ideas so far in advance of general acceptance that you shock your friends. You believe absolutely in the brotherhood of man and are a friend to humanity.

Spring Cleaning Time is HERE!

This year make the spring cleaning season an easy one for you. You can when you get your spring cleaning needs at the Rexall Drug Store. And you'll save money, too! Here are a few suggestions:

As it is chicken time you should clean up your chicken quarters. Get Lee's dip and disinfectant and Germozine to keep your chickens healthy.

Get one of our Lee's Chicken books, it tells how to take care of the fowls.

If you are not getting the amount of eggs that you should try Lee's Tonax and see the number of eggs increase.

If your chickens are wormy try Lee's worm capsules.

THE Foard County News

T. B. KLEPPER, Editor-Owner HENRY ASHFORD, Reporter

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, March 7, 1940

The Lord is my light and my salvation: whom shall I fear? The Lord is the strength of my life: of whom shall I be afraid?—Psalms 27:1.

It is being predicted that the problem of aiding the unemployed is here to stay in perhaps a less degree than at the present time. Of unskilled labor there is always a surplus. The boy who quits school because he can get ten or twelve dollars driving a truck is too short sighted to look ahead and remember that thirty years hence he will be living from hand to mouth looking for odd jobs in the great class of unskilled labor. He will discover that his training is all in a field where there is the most competition. It requires longer to produce a skilled workman than it does a common laborer but the rewards are greater.

Well founded reports state that German police, on orders from Hitler, have put to death 18,000 Poles since the occupation of Poland. This has been accomplished by mass execution before firing squads, by beating to death, and through slow starvation, and exposure to cold. Families are broken up and separated in such a way that there is no possibility of their ever becoming united. Fathers are sent to one distant part of the country, mothers to another, and children to another. Shipments are made in open cattle cars in the dead of winter. In one shipment of children made in this manner 30 were found frozen to death when the train reached its destination.

In the event England and France should win the war, how would Germany like to be accorded the same treatment by the victors that he imposed upon Poland? In Poland the people were stripped of their homes and all their possessions. Families were broken up and the father sent one way, the mother another and the children another. Every ruthless and bestial brutality that has ever been inflicted upon a conquered people has been imposed upon the Poles. Thousands of them have been shot, thousands jailed and beaten to death, and thousands crowded into concentration camps and deliberately starved to death. Germany would probably look it terribly unjust if she were given a dose of her own medicine.

Alaska was purchased from Russia by President Johnson in 1867 for \$5,000,000. The purchase was criticized by many of the knowing ones of the nation and was referred to as "Johnson's folly." Alaska has an area of 586,000 square miles. Total exports from Alaska since its acquisition have exceeded \$1,250,000,000, or more than 250 times its cost. In addition to this there is the advantage which of late has become apparent, that Russia has no foothold on the western hemisphere. This in itself is easily worth several times the price paid for Alaska.

In 1936, 80,159 persons in this country voted the Communist ticket. That means that there are 80,159 persons in this country who should be deported to Russia, the home of Communism. The principles of Communism are all opposed to democracy and if Communism should gain control in this country it would mean the end of a democratic form of government and the beginning of the same type of government that Stalin administers in Russia. There should be no mistake or misunderstanding by anyone in regard to this.

The Boy Scout movement is one of the most successful movements for making good citizens of boys. The most difficult part of the Scout program is getting the leadership—men suited to lead boys, who will give their time to the work. The easiest part of the program is to get the boys. Boys are always ready to join the Boy Scouts and live up to its oath and laws. There could be twice as many Boy Scouts in America as there is if there were more men leaders.

The fact that Germany will not permit reporters from neutral newspapers to enter Poland gives rise to the growing suspicion that the tales of barbarity and cruelty and mass murder of the Poles by German police is in fact the truth and not war time propaganda. Reporters not only could not magnify conditions over what present sources of news describe them, but would afford an opportunity of rebuttal if they were not true.

Some one who keeps track of such things has discovered that Adolf Hitler refers to himself once in every fifty-three words he utters in a speech. Mussolini uses the word "I" once in every eighty-three words. President Roosevelt ranks third with one "I" in every 100 words, Winston Churchill one in 169, Premier Daladier one in 234 and Minister Chamberlain one in 249.

An echo of what happens when the government departs from its governmental functions and gets into business is found in a letter written by a Tennessee man to his congressman. He states that five counties in Tennessee are short tax money and cannot complete their school terms since TVA took over, due to the loss of tax money that was paid under private ownership.

Strange as it may seem this is one of the greatest governments on earth yet there are people living here under the protection and enjoying its privileges who would do away with it and institute in its place Stalin's brand of government. They should be branded for what they are—traitors.

When is a war finally paid for? The government is still paying a pension to the daughter of a soldier who served in the War of 1812. A check for \$20 goes each month to Esther Ann Hill Morgan, of Independence, Ore., according to the annual report of the veteran's administration.

The women municipal employees of Springfield, Ill., received notice recently that if they desired to continue in the employ of the city, rouge, lip stick, and finger nail polish would have to be dispensed with during hours of employment.

What We Think (By Frank Dixon)

Last week in this column I discussed the mutual responsibility of society and young people in the matter of employment. I stated that it was a common practice among certain types of young people to rail and complain that society did not have a job ready to hand them when they stepped out of school. I also stated that young people had a large degree of responsibility in the matter of preparing themselves to acceptably fill a position. I received, as I expected I would, a number of letters from young people charging me with lack of sympathy and understanding, and from employers commending me for my views.

The general tones of the letters might be expressed in the following excerpts, "what do you expect young people to do?" "Of what value is an education if it doesn't qualify us to fill a good job?" Employers are too critical. They expect too much from a beginner." etc.

These questions touch on the points that my space last week did not permit me to cover. I desire to state in the beginning that there are many young people who are really sincere in their desire and willingness to learn and to render a good service. They are more interested in making themselves useful and valuable to a business than they are in the size of their pay check. To such, these remarks do not apply. There is unfortunately too large a group who approach a job with the wrong attitude. They wish to choose their work, they resent correction and the assignment of tasks they do not like and are tactless and ungracious enough to show it. They go about with a defiant "impose on me if you dare" attitude. They are shirkers and always seeking ways to get out of work rather than seeking ways to make themselves more useful.

No firm desires employees of this kind about and if an employer discovers he has employed one inadvertently he gets rid of him or her as soon as he can. I think what I am trying to say can best be expressed by a letter written to a young woman by an employer. She had recently graduated from a business course and wrote the employer asking him to outline the qualities he liked to have in an employee. His answer, which follows, is a splendid guide to any young person interested in knowing what employers desire in an employee.

"Our firm values the employee who is pleasant, accommodating, courteous, co-operative, willing, neat in her personal appearance, painstaking, dependable and accurate in her work. We like the girl who takes an interest in our business, who tries to learn more than is required in her own niche. We like the girl who accepts suggestions kindly and is interested in learning how to be more useful to the business. We like the girl who is loyal, who holds in strict confidence all business matters. We like the girl who when rush periods come, as they do in every business, can "pull out" without giving the impression that she is being driven. We like the girl who takes a keen, active interest in the business as though it were her own. We like the girl who doesn't expect her employer to pay for her late hours the night before, by coming to work dead from the loss of sleep, to blunder her way through the day. We

Different colors and collars were tried on the demonstrators to see which they looked best in. The former president, Mae Melton, has moved away so the vice president, Nell Thompson, took her place. The new vice president is now Wilma Flesher.

Next meeting will be on March 13 at the school house when dresses, pajamas or gowns will be cut out.

"Cereals are dry foods and must have water added to them to cook them and make them taste good," said Miss Mildred Fish to the Vivian home demonstration women at the club meeting at the home of Mrs. Maude Raspberry Thursday, Feb. 29, at 2:30.

"Cereals also need salt," continued Miss Fish. "Three ingredients, water, salt and cereals are all that are needed in preparing a plain breakfast."

There were 13 members and 6 visitors present, Mesdames J. R. Raspberry Jr., Crowell, W. C. Golden, Oscar Nelson, Lee Walling, Raymond Raspberry and Miss Mildred Fish.

The next demonstration will be planning the farmstead at Mrs. Roy Young's March 14.

Synthetic Silk Filters One of the synthetic fibers developed in the effort to find a satisfactory substitute for silk in hosiery—namely, "Vinyon"—has such remarkable resistance to corrosive acids and alkalis that the chemical industry is using it instead of cotton duck and metal cloth in its filters. To look at the beautiful fabric used for this workaday purpose, one would think it better fitted for heavy draperies. Quite a span that, from shapely feminine limbs to highly corrosive sulfuric acid, but both can be held in fabric of the same material!—Rotarian Magazine.

IMPROVEMENT WORK

The west side of the business section of Crowell is taking on a better appearance with painting and repair work now being done there.

On the north end of the west block, the front of the McPherson Implement Company received a fresh coat of paint recently. The awning of the Bird Dry Goods Store is being repaired, as is that of the Lanier Grocery and Hardware, which is also receiving a fresh coat of paint on the front of the building. The awning of the Schlagal Barber Shop and the Koffee Kup Kafe have recently been painted.

New fluorescent lights were also installed in the display windows of Ferguson Bros. drug store.

FOARD CITY H. D. CLUB

"Farming is a business and when handled in a business way can be made profitable," stated Miss Joeline Vannoy, home demonstration agent, at the Foard City club house March 5, when she gave a demonstration, "Planning the Farmstead," to members of the Foard City Home Demonstration Club.

"For your farmstead you should select a well drained place with fertile soil to grow your gardens, orchards and other shrubs. If possible, build near a good highway or road for convenience of hauling your products to market, then be sure you have built all the sheds and barns needed on this farmstead to house and take care of everything including all livestock, cars, tools, and poultry, and, most important of all, is where you dig your well or have your cistern. These should be on a well-drained spot, so water will be free of contamination at all times," continued Miss Vannoy.

The club meets on March 19, with Mrs. C. G. McLain as leader. The club members will sponsor a 42 tournament on Friday night, March 8, at the club house.

ROTARY CLUB

Visitors at the Rotary Club Wednesday were Mrs. Ada C. Malcolm, Miss Anne Lee Long, Miss Joeline Vannoy, Margaret Davis and Bettie Johnson. Also Leonard Holt, Rotarian of Quanah.

A one-minute Rotary talk was made by L. E. Archer. The program was in charge of Henry Ferguson and was a 4-H club girls program conducted in pantomime by Margaret Davis and Bettie Johnson with Miss Anne Lee Long accompanist at the piano.

THALIA 4-H CLUB

"A color that looks good on you should be chosen when making a dress," stated Miss Joeline Vannoy, county home demonstration agent, at the Thalia Girls' 4-H Club Feb. 28, at the school house.

Different colors and collars were tried on the demonstrators to see which they looked best in. The former president, Mae Melton, has moved away so the vice president, Nell Thompson, took her place. The new vice president is now Wilma Flesher.

Next meeting will be on March 13 at the school house when dresses, pajamas or gowns will be cut out.

VIVIAN H. D. CLUB

"Cereals are dry foods and must have water added to them to cook them and make them taste good," said Miss Mildred Fish to the Vivian home demonstration women at the club meeting at the home of Mrs. Maude Raspberry Thursday, Feb. 29, at 2:30.

"Cereals also need salt," continued Miss Fish. "Three ingredients, water, salt and cereals are all that are needed in preparing a plain breakfast."

There were 13 members and 6 visitors present, Mesdames J. R. Raspberry Jr., Crowell, W. C. Golden, Oscar Nelson, Lee Walling, Raymond Raspberry and Miss Mildred Fish.

The next demonstration will be planning the farmstead at Mrs. Roy Young's March 14.

Brief Bits of News From Here and There

A camera has been perfected by Dr. Harold E. Edgerton of the Massachusetts Institute of Technology that is capable of taking pictures faster than one millionth part of a second. Pictures of athletes racing were taking with Dr. Edgerton's camera in from 30,000 to 100,000th part of a second.

The DuPont Company holds 10,000,000 of the 42,900,000 shares of General Motors stock outstanding.

Nylon hosiery, the new DuPont product, will go on sale throughout the country about the first of May. Nylon hose are said to be more sheer than silk and less liable to wear or runs. They will be offered in four grades to sell from \$1.15 to \$1.65 a pair.

The average loss on homes foreclosed by the Home Owners Loan Corporation over the nation and resold is \$975. The average loss on homes resold in New York state is \$2,803, about the largest in the nation.

Of the 80,145 houses refinanced by the Home Owners Loan Corporation in New York state 25,754 or approximately one-third have been taken back by the corporation in foreclosure or voluntary deed.

A machine has been devised that manufactures thin ribbons of ice at the rate of 2,000 pounds a day for iced drinks in soda fountains, for foods in stores and restaurants and for packing perishable foods for shipment.

Jack Blackburn, the trainer of Joe Louis, is reported to have said that Joe Louis will retire as heavyweight champion next year for lack of opposition.

The land in the Antarctic area about the South Pole totals 4,600,000 square miles, about the area of China.

There has been formed in Chicago a "Men Over Forty" club. Membership in the club is open only to those out of employment who formerly earned \$4,000 a year or over. The dues required are that each member spend two days soliciting employment for an unemployed fellow member. Last year 152 members were placed in jobs.

In Los Angeles, Calif., a state sponsored grocery store has been opened to serve relief clients only. The store was financed with \$5,000 of state relief funds. In addition to selling standard brands of food the store sells products of several state sponsored producers' co-operatives.

A unique institution is the Institute of Family Relations conducted by Paul Popenoe in Los Angeles. It has a staff of physicians who give a course in pre-marriage guidance which includes personality and physical tests. It is said that no serious client of the course has ever wound up in the divorce court. For a fee of \$10 the Institute analyzes and prescribes for unhappy husbands and wives.

The presence of oil in Texas was first reported in 1543 by survivors of the De Soto expedition.

Twenty-five per cent of the proposals for marriage according to Paul Popenoe, one of America's authorities on marriage, are in automobiles, 23 per cent in street, campus, parks or restaurants, 13 per cent on vacation traveling, 10 per cent in dances, etc., 6 per cent in letter and 3 per cent in miscellaneous. Popenoe gets his from studying 1181 marriages.

Texas' carbon black, used by tire makers to toughen rubber made from sour gas, unfit for commercial use.

Farmers-Ranchers of FOARD COUNTY

Do you know the wonderful possibilities that can be had with Butane-Propane Gas? For cooking, heating your home, operating a hot water system and also run a Servel Electrolux Gas Refrigerator.

No matter where you live, in town or in the brush, one can have every convenience as though on a natural gas main.

It is most economical and one can get more ways of using it by installing an "underground tank" system. Many are using it to cook and to operate Servel Electric Gas Refrigerators by using cylinders attached for fuel.

Those who own farms or ranches may finance system FHA, 3 years at 5 per cent.

Let me figure with you now!

Locals

Buy a Butane gas system from W. R. Womack.

Mrs. J. A. Johnson has returned home following a visit with relatives in and near San Antonio.

Milk cow for sale.—M. S. Henry & Co.

Jimmy Don Ellis, little son of Mr. and Mrs. Fred Ellis of Pampa, has been visiting his grandparents, Mr. and Mrs. C. R. Ellis, of Crowell.

Let us tell you how to get a new pair of sheer hose free.—Reeder's Drug Store.

Butane gas in single or double cylinders, also underground tanks.—W. R. Womack.

Lee Shirley of Princeton, Ill., has been visiting his brother, Paul, and family in Crowell. He is buying cattle for shipment to Illinois.

For Sale or Trade — a good used Frigidaire. What have you?—M. S. Henry & Co.

Mr. and Mrs. Carl Zeibig returned Monday night from Little Rock, Ark., where Mrs. Zeibig took medical treatment and her health is greatly improved. They were away for five weeks.

See the famous Sunbeam mixer at M. S. Henry & Co.

Mrs. L. Kinser of Sierra Blanca is here visiting her mother, Mrs. Charlie Hart, and family, coming Tuesday.

Plenty felt rugs, only \$3.95. Others up to \$15.00.—W. R. Womack.

Mr. and Mrs. W. R. Hough of Texline, former Crowell residents, were here for a few days this week, Mr. Hough attending to business.

For Sale or Trade — a good used Frigidaire. What have you?—M. S. Henry & Co.

Mr. and Mrs. Jack Rasberry and daughter, Mrs. H. F. Moody, and small son, Jackie Starr, of Cement, Okla., spent Saturday night and Sunday visiting Mrs. J. B. Rasberry and family.

Two 60c cans or bottles of Golden Star Wax—both for 50c.—W. R. Womack.

Leonard Roberts, who underwent an emergency operation in the Quannah hospital Saturday morning, is reported to be getting along satisfactorily.

Electric toasters \$1.95 to \$17.50 at M. S. Henry & Co.

Mrs. O. R. Boman, sister of Mrs. C. N. Hodges of Iloilo, P. I., received word this week that Mrs. Hodges had undergone a major operation. The latest report says her condition is favorable.

See the beautiful new patterns in Treadlight linoleum.—W. R. Womack.

New stock of hose in all spring shades just arrived—two and three thread.—Reeder's Drug Store.

Samson extra nice card tables only \$2.98 at M. S. Henry & Co.

Miss Eloise Saunders of Tulsa is making a visit in the home of her parents, Mr. and Mrs. L. A. Saunders.

Plenty floor covering in rolls, and many fine felt rugs, \$3.95 to \$15.00 each.—W. R. Womack.

E. A. Fox, who underwent a major operation in the Quannah hospital last week, is reported to be resting well, although his condition yet remains critical.

Cash and tote price for 9x12 rug only \$3.95 at M. S. Henry & Company.

Mr. and Mrs. Dan Callaway left Thursday for Saint Jo where they will live. Mr. Callaway has been transferred as a WPA timekeeper on a county road job.

Butane gas is much cheaper if used in underground system. See me.—W. R. Womack.

B. T. (Uncle Ben) Meason, who has been critically ill in the home of his daughter, Mrs. Fred Dennis, at Quannah, is reported to be improving.

Let us show you the General Electric refrigerator.—M. S. Henry & Co.

Mr. and Mrs. Robt. Beck and son, Bobbie, of Sudan spent Saturday night and Sunday visiting in the home of G. A. Mitchell. They were accompanied home by Mrs. Beck's mother, Mrs. W. L. Thurston, of Denver, Colo., who had been visiting here.

Plenty floor wax (paste and liquid); Glococ, polish and mops.—W. R. Womack.

Virgil Smith was returned to Crowell last Thursday from the Knox City hospital where he underwent an appendix operation and is reported to be recovering satisfactorily. He was moved Tuesday from the home of Mr. and Mrs. J. J. Brown to his home south of town.

It will cost you no more to own a General Electric refrigerator. See them at M. S. Henry & Co.

Ben Hinds returned home last Thursday from a trip to Barstow to visit his daughter, Miss Dorothy Florence. He also visited his sister, Mrs. G. L. Robinson, of Hobbs, N. M., and his mother, Mrs. C. C. Shelton, and husband near Slaton.

See the 1940 models Norge (electric) refrigerators, \$119.95, up.—W. R. Womack.

Mr. and Mrs. Jimmy Lowry and baby daughter, Suzanne, of Fort Worth, were week-end guests in the home of Mrs. Lowry's sister, Mrs. W. B. Johnson, and family. She also had as a guest her aunt, Mrs. D. A. McGuire, also of Fort Worth.

9x12 rug for only \$3.95 at M. S. Henry & Co.

Mrs. B. F. Ringgold went to Amarillo last Friday for a week's visit in the home of her son, C. B. Williams. She was present at the marriage of her grandson, C. B. Williams Jr., which took place Sunday.

See 1940 models, Servel Electrolux refrigerators—the kind you hear about but never hear—no machinery to wear out nor make a noise.—W. R. Womack.

Mrs. R. L. Liles and two daughters, Wanda Rose and Bonita, will go to Fort Worth tonight for a week-end visit with their husband and father and to attend the Fat Stock Show.

Free! Ash tray and tumbler holder with each \$2.98 Samson card table at M. S. Henry & Co.

Mr. and Mrs. Barney Sanders and family and Mr. and Mrs. Henry Ashford spent Sunday in the homes of Mr. and Mrs. Sam Ferguson and Mr. and Mrs. Lunsford Sanders in Knox City.

If you own your home, you can buy an underground Butane gas system and pipe your house in FHA at 5 per cent, 3 years to pay. See me.—W. R. Womack.

FFA Show—

(Continued from Page One)

low: Harvey Crosnoe, \$10.00; Alton Roark, \$9.50; Clarence Orr, \$10.00; Harvey Crosnoe, \$9.50; Que Meason, \$9.50; and J. T. Hughton, \$8.80.

Mr. Waller of Vernon also bought a calf from Glendon Russell at \$8.50 per cwt.

In the swine department the winners were as follows:

In the division of pigs from 75 to 150 pounds, Curtis Nelson won first; Leiland Lewis, second; Eugene Everson, third; and Eugene Everson, fourth.

In the division of pigs under 75 pounds, Billie Nichols won first.

Of the fat hogs weighing over 100 pounds, J. M. Hill won first and Merl Sandlin won second.

Of the gilts, Leroy Gibson won first; Leroy Gibson, second; Leroy Gibson, third; and Daurice Ray Naron, fourth.

Que Meason won first place in

Wildcats—

(Continued from Page One)

final game.

Regional Play

The Wildcats played their first game at Canyon last Friday night with Lubbock and had comparatively little trouble in defeating the quintet from that city by a score of 44-30.

Crowell took the lead early in the game and held it all the way, however, at one time in the third period the Lubbock five staged a rally that nearly tied the score.

The game started off slowly with neither team scoring until after the first three minutes had faded but Crowell was leading 11-6 at the end of the first period. The tally stood at 19-8 at the end of the half, and in the third period the Lubbock boys drew within five points of the Wildcats, but were unable to continue at that pace and Crowell was still ahead at the close of the period, 27-22.

Jack Fitzgerald, Wildcat center, fouled out of the game in the third period with his team leading 7 points, and Tom Andrews, forward, left the court via the foul route in the fourth with the Wildcats out in front by 15 points. A Lubbock player also left the game at the end of the third period on account of fouls.

The last frame was all the Wildcats' and the game ended 44-30.

Championship Game

Pulling from behind in the last half of the tilt, the Wildcats came through to nose out Pampa and win the regional championship by a 39-34 score.

In looking over the records of the game, one finds that it was very closely fought. The Wildcats hit only a goal more than their opponents, 19-16, but the Crowell boys scored with 7 gratis shots while their opponents scored 4. Crowell received 11 fouls to Pampa's 6.

The Harvesters jumped into an early lead and were out in front 14-7 at the end of the first period to make the situation look very gloomy for the Crowell boys and their supporters, but in the second period, the Wildcats struck their stride and outplayed their opponents to knot the score 18-18 late in the second period. The half ended with the Pampa boys still leading, 19-18.

Coming back strong in the second half, the Crowell boys surged ahead and piled up a 31-26 lead by the end of the third quarter. Battling strongly throughout the last 8 minutes of the game, the Harvesters pulled within two points of the Wildcats, but two field goals and a free shot gave the Crowell team its five-point lead which desperate long shots failed to overtake in the fading minutes of the game.

Honor Team

Crowell placed two players, Gus Russell, forward, and Jack Fitzgerald, center, on the all-tournament team of Region One honor team, which is as follows:

Belton Bearden, Pampa, forward; Gus Russell, Crowell, forward; Jack Fitzgerald, Crowell, center; Jack Boone, Dimmitt, guard; Pete Dunaway, Pampa, guard.

The Crowell team was awarded a handsome gold trophy at the close of the championship game.

Box Score

Crowell	FG	FT	PF	TP
Andrews, f	3	1	2	7
Russell, f	5	3	1	13
Fitzgerald, c	6	0	3	12
Smith, g	2	2	2	6

CARD OF THANKS

We wish to express our sincere appreciation for all the acts of kindness and sympathy shown us during the illness and death of our husband and father, J. T. Furgason.

Mrs. J. T. Furgason and Family.

Mr. and Mrs. J. W. Gibson and Family.

Mr. and Mrs. James Furgason.

Put your money in the car that's BIG IN MORE THAN SIZE!

Try a new Ford yourself! Not only in actual measurements, but in looks and feel and ride and action, you'll find it bigger money's worth than you ever thought low price would buy!

BIG IN MEASUREMENTS! Longer and roomier than any Ford car has ever been. Up to 4 inches more legroom in sedans.

BIG IN RIDE! Springbase in a Ford is longer than in any other low-priced car. In addition, longer, softer springs (on 85 h.p. models) and improved, self-sealing shock absorbers give a soft but steady big-car ride.

BIG IN "FEEL"! Gears shift easily and quietly, with fingertip gearshift on steering post.

Brakes are the biggest hydraulics ever used on a low-priced car.

BIG IN ACTION! Learn for yourself what a difference 8 cylinders make . . . why they are used so extensively in the more costly cars. Own a Ford and you enjoy 8 cylinder performance . . . at low operating cost.

FORD V-8

DIFFERENT FROM ANY LOW-PRICED CAR YOU'VE EVER SEEN!

NOTICE

ELECTION ORDER

State of Texas, County of Foard, City of Crowell. Notice is hereby given that an election will be held at the City Hall, in the City of Crowell, Texas, on the 2nd day of April, A. D. 1940, the same being the First Tuesday in April, in obedience to an order duly entered by the City Council on the 20th day of February, A. D. 1940, for the purpose of electing the following: Two Aldermen to serve for a period of two years or until their successors have been elected and qualified.

G. A. Mitchell is hereby appointed Presiding Judge of said election, and is hereby authorized to appoint such help as prescribed by law.

Any person desiring to have his, her or their names placed on the Official Ballot as a candidate for an elective office within the City of Crowell, shall file his, her or their names with the City Secretary not later than seven days immediately preceding such election.

All qualified voters who have resided within the Corporate Limits of the City of Crowell for a period of six months preceding said election shall be entitled to vote.

Said election shall be held in accordance with the laws pertaining to general elections in this State insofar as they are applicable.

Attest: J. T. BILLINGTON, City Secretary. C. T. SCHLAGAL, Mayor, City of Crowell, Texas.

Blaine Barker and Doris Campbell are new to the eyes of CHS students. We hope they keep up the good work! Cute couple, eh what?

My! Aren't girls smart? Jean Orr was told that a certain store in town had in some simply adorable Aberdeens. Jean, supposing that they were a new hat creation asked, "Oh, are they like the one that Mrs. So and So wears? (Imagine wearing an Aberdeener—it's a cow!)"

We always enjoy the singing class conducted in Miss Cordell's room every Tuesday morning. Boy! Don't we wish she would do it in other classes for a change!

Hank Saunders and Betty Miller appear to be making the rounds quite often. Smart girl, Bettye Miller!

For free information of North Carolina, just see Dotie Pickett. She has the latest!

Aren't we glad of these warm, spring-like days! Come on Ole Man Weather—give us more of them!

Yours till someone commits suicide. KITTY.

F. F. A.

The FFA boys express their thanks to E. C. King for giving free soda pops last Saturday to all boys with membership cards.

Some of the boys won a few shekels at the show, and now is the time for you girls to pick up a sucker. The farmers have a lot of pep and spirit from what we saw Saturday at the exhibition. And the farmers have spirited roosters, too. Someone bragged about having a game rooster that could out-fight every rooster in the show, but when the fight started, Que's giant white rooster gave the game cock such a whipping that the owner had some trouble getting his little rooster out of the pen without having to fight both roosters.

We're proud of the FFA show boys, and we're proud of Mr. Myers, too.

CONFUCIUS SAYS

Man in glass house shouldn't take bath.

When love come don't be late. When chap stay on lips too long, slap face.

A girl with a moon, make wedding bells ring out in June.

A girl with a moon, make wedding bells ring out in June.

we said the words, but without feeling and without the pride that we should have felt and shown. And do you know that when "The Star Spangled Banner," the national anthem for those who don't know, was played in the show that night, that not one person stood up! It's our America and as owners of such we should show the pride and respect due to it.

America is the only place to date where there is not constant fear of the drone of airplanes and the sound of bombs. Thank Uncle Sam for that! Everywhere there is the talk of war—and of peace. For always there is the looking into the future—for peace and for world brotherhood.

Whether this will ever come to the pass or not depends upon us, the school children of today, the citizens of tomorrow. It is upon us that lies the responsibility of preserving the nation and keeping it as our fathers before us have. Each one has to do his part, even if only to farm or teach school or such. And to do that we have to prepare—we have to feel what we are to give our nation tomorrow; and first of all is—patriotism! And that means loving and appreciating and understanding America as we should, for our feelings for America today will be only half of what we feel and do for America tomorrow.

Our welfare lies in our hands and in our hearts the school children of today and the citizens of tomorrow, lies the welfare of our nation, My America and your America! It is our America you know, so why not show it how really proud of it we are?

WE ADMIRE—

Mr. Foster—there's several reasons why. Mainly, is we think he is a very good sport—he has a rare sense of humor and what could be more important than his perfect understanding of all the students in CHS.

Our Press Club—for making a pretty good paper out of nothing.

Wanda Rose Liles—for her poise and speaking ability.

Coach Grady Graves—not only for his grand coaching ability, but also for being able to take a joke as well as to give one.

Betty Stinebaugh—for being such a good all around girl.

Frances Garrett—for her ability to make friends.

NICK NAMES

To CHS these students are known as:

Smallpox, diphtheria and typhoid serums are the only serums that are perfected?

The average dietary could be improved by reducing the sugar as much as one half?

If you buy a sack of popped

popcorn as you go into the show, you are adding about 200 calories to your diet?

It takes only 24 peanuts to give you 100 calories?

Cotton moistened with alcohol is used to absorb grease from wall paper?

"Dinner is served" is the only correct way to announce dinner?

Our Weekly Sermon

By Rev. Wm. H. Lee Spratt, Director of Correspondence School, Moody Bible Institute, Chicago.

The World's Greatest Wonder Text: Christ is all, and in all.—Colossians 3:11.

The seven ancient wonders of the world were so regarded because of their size and strength, and the seven modern wonders were selected because of their practical benefit to the human race.

But a person stands alone in unapproachable grandeur as the world's greatest wonder—the Lord Jesus Christ, God's gift to the human race.

Among the many, let us consider five aspects of Christ's pre-eminence revealed in God's Word. I. Christ is the Center of Creation.

"For by him were all things created, that are in heaven, and that are in earth, visible and invisible... and all things were created by him, and for him" (Col. 1:16).

Since Jesus Christ lived and died here, our earth is the center of God's thought and providence. What holds the planets in their orbits? "Gravitation," says the scientist. What holds the bodies of matter together in a solid, compact mass? "Cohesion," replies the physicist. But what does God's Word say? "By him," that is, by Christ, "all things consist," or hold together (Col. 1:17).

The mysterious force which the scientist calls gravitation or cohesion is, according to God's Word, "the power of Christ" in him all things subsist.

II. Christ is the Pivot of the World's History.

The great events in the history of the world either converge toward or radiate from the divine focus—Jesus Christ. He diverted the channels of history. He changed the method of reckoning time. We date our letters, not "anno mundi," the year of the world, as would be natural, but "anno Domini," the year of our Lord.

III. Christ is the Grand Theme of the Bible.

Christ is the sum and substance of Scripture. In Genesis it is Christ who crushes the head of the serpent, and the Shiloh who is to come. He is the "I AM" in Exodus; the perfect offering in Leviticus; the star and scepter in Numbers; the Rock in Deuteronomy; the Captain of the Lord's host in Joshua; the Redeemer in Job. David's Lord and Shepherd in the Psalms. In Isaiah He is called Wonderful, Counselor, the mighty God, the everlasting Father, the Prince of Peace; in Zechariah, the Branch; and in Malachi, the Messenger of the covenant and the Son of Righteousness. He is the way, the truth, and the life in the Gospels; the Lord of glory in the Epistles; and in Revelation the Alpha and Omega, and the bright and morning star.

IV. Christ is the Only Saviour from Sin.

Sin is a terrible reality. Romans 3:23 tells us, "All have sinned, and come short of the glory of God," and Romans 6:23 warns that "the wages of sin is death." The guilt of sin is the sting of conscience. It cannot be reasoned out of existence. It cannot be educated out of the life. It cannot be legislated out of society. Jesus Christ is the only remedy for sin—the only Saviour for sinners. "Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved" (Acts 4:12).

V. Christ is the Supreme Satisfaction of the Human Heart.

The world is full of unrest. Hearts are yearning for peace and joy which satisfies. The intellectual alone does not satisfy the soul. The world with all its allurements only gives temporary appeasement. Emotionalism is explosive. Jesus Christ alone satisfies.

If you know Him as your Saviour and Lord, you can rejoice in that "he is all, and in all," but if you have never given Him the supreme place in your life, will you not accept Him now as your Saviour?

According to government figures one-half the families owning automobiles in the United States have incomes of less than \$30 a week.

Christian Science Church

Christian Science Church of Crowell, Texas. Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening service 8 o'clock. March 10, 1940. Subject: "Man." The public is cordially invited.

East Side Church of Crowell, Texas. Bible classes at 10 o'clock morning. Communion at 11 a. m. Everyone is invited to worship with us.

First Christian Church of Crowell, Texas. Sunday School at 10 a. m. Morning worship at 11 a. m. Christian Science subject: "Man." Evening worship at 7:30 p. m. Sermon subject: "The Still Voice"—Pastor. Youth Fellowship at 6:30 p. m. Ladies Missionary Society Monday at 3 p. m. Most of the difficulties yield to patience, self-control, the restraint of passion and speech. The world is a generation of people disciplined to face the facts and to walk the way of God and well regulated living. "The little white church corner" aims to aid people discipline themselves in order they may stand for the good in the community. You are always welcome to ship with us.

HARRELL REA, Pastor

First Methodist Church of Crowell, Texas. "It is good for me to draw near to God." Over the arch to the east of the University of Virginia the words, "Pass over the way and seek the truth, the way of honor to work for men." This high thought and noble which keeps the world should anyone give himself selfish love of truth when short view it rarely seems to seek truth and pursue it is easy to sit in the scotch and speak slightly of human and the work that others are endeavoring to accomplish are not doing one thing in the advancement of the ideals and christianity. We should criticize until have given the best that we in the common task, which longs to every one. "Give the best that you have to the church and the best will back to you." We shall hope and expect the membership of the church will co-operate in the work of the Kingdom. W. B. HICKS, Pastor

Christian Science Service

"Man" is the subject of Lesson-Sermon which will be in all Churches of Christ, 1st, on Sunday, March 10. The Golden Text is: "O greatly beloved, fear not; for strong" (Daniel 10:19). Among the citations comprise the Lesson-Sermon the following from the Bible: "Verily, verily, I say unto you, He that heareth my word, believeth on him that sent him, and cometh not into condemnation; he is passed from death unto life" (John 5:24).

The Lesson-Sermon also includes the following passages from the Christian Science text: "Science and Health with the Scriptures" by Mary E. Eddy: "Man is deathless, eternal. He is above sin or guilt. He does not cross the barrier of time into the vast forever of the past, but he coexists with God and the universe" (page 266).

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen phlegm, increase secretions, aid nature to soothe and heal, tender, inflamed bronchial membranes. Tell your druggist you want a

neer school building, a W. P. A. project, is nearing completion and looks very nice. There is also a garage and filling station being built in Gilliland.

Roy Fox is building a new six-room rock veneer residence on his farm near Gilliland.

Mr. Morton, coach of Truscott school, preached a very interesting sermon last Sunday at the Methodist Church. His subject was, "Christian Education."

A golf tournament was held here last week. Chuck Abbott and Raymond Black chose sides. The Abbotts won and the losers are to entertain the winners in the very near future.

Miss Lucille Jones is here visiting homefolks. She is a beauty operator in Dallas.

Gordon Acker is in Glenrose working.

Jim Chowning has just finished building a very nice rock fence around his home in Truscott.

Mr. and Mrs. Caldon Boone, who are sales people for beauty shop magazines, are visiting in the home of her mother, Mrs. Lillie Smartt.

Rev. English has returned home from Glenrose where he has been for some time.

John L. Kilworth of Lawrence, Kans., is here on business.

Mr. and Mrs. Ingle of Margaret spent the day in the home of Mr. and Mrs. Lee Blevis Sunday.

Mr. and Mrs. Morton, Mr. and Mrs. Steve Mills and Mrs. Huckaby were in Vernon Thursday night to hear Bishop Ivan Lee Holt preach.

Mr. and Mrs. Geo. Solomon went to San Angelo Saturday. "Uncle" Billie Brown, who had a light stroke of paralysis Sunday and fell, is still confined to his bed.

Miss Helen Berg, who is in training in Lubbock Sautarium at Lubbock, spent the week-end with her parents, Mr. and Mrs. Tarwell Berg.

Mr. and Mrs. Loyd R. Strange spent several days in Alvord last week.

John Smith, who has the hatchery at Benjamin, was in Truscott Saturday gathering eggs for his hatchery.

Mr. and Mrs. Morton had as week-end visitors Mr. and Mrs. Frank Cockrell and Cloy Lyles and Mrs. Morton's sister, Miss Edith Sanders, all of Abilene and all ex-students of McMurray College but Miss Sanders who is a student.

Miss Edith Spivey of Lubbock was a visitor in the home of her parents, Mr. and Mrs. Buck Spivey. Miss Edith is in nurse's training at Lubbock Sanitarium.

Frank Hickman was able to be in town Monday of this week after his long illness.

O. M. Olson of Abilene is visiting here and in Gilliland among children and friends.

Two Minute Sermon (By Thomas Hartwell)

Keeping One's Chin Up: "Keep your chin up" is a common expression. It may be interpreted in various ways. It means that one should keep up his spirits, his optimism, his faith, his hope, his fight. It means that one should not permit anything to whip him. He should believe in himself and have faith if he goes ahead and does the best he knows how that things will work out for the best. That is the religion Christ taught. It is the religion He is still teaching men today. To have faith in themselves, faith in His promises, faith in His philosophy of life. The wisdom of such a philosophy is obvious. The philosophy of defeat will whip the strongest man. It will destroy his digestion. It will dull his brain, and confuse his hands. There is always a tomorrow, and as long as there is a tomorrow there is a hope for a better day. Christ didn't use these exact words but in terms no less understandable He tells men everywhere to keep his chin up, to keep faith and a stout heart. Keeping one's chin up is cure for many ills.

THIS WEEK IN HISTORY

March 4.—Knut Rockne, football coach, born, 1888. United States Constitution in effect ratifying states, 1789. At Washington, President Roosevelt pushed the button that put into service the Norris Dam, in the Tennessee Valley, 1936.

March 5.—The Boston Massacre, first blood spilled in revolt of American Colonies, 3 killed, 8

wounded by British regular troops, 1770. Elizabeth B. Browning, poetess, born, 1806.

March 6.—General Philip H. Sheridan, soldier, hero, born, 1831. Massacre of the Alamo, Carl Cox and Mr. and Mrs. E. M. Cox spent Sunday with Mr. and Mrs. Jack Stinebough of Claytonville.

Willie Fern Kinsey of Vivian spent the week with her grandmother, Mrs. Jack Whitley, Sunday.

Arnold Cox spent Monday night with his grandmother, Mrs. A. C. Hinkle, of Crowell.

Mr. and Mrs. Bill Kinsey of Vivian spent the day with her mother, Mrs. Jack Whitley, Sunday.

Lula Ann, little daughter of Mr. and Mrs. L. R. Scott drank some kerosene Sunday morning but did not get enough to hurt her.

March 7.—First telephone patents issued to Alexander G. Bell, 1876. Stephen Hopkins, signer of the Declaration of Independence, born, 1707.

March 8.—The Stamp Act passed by Parliament, 1765. Railway suspension bridge Niagara Falls, opened, 1855. William Howard Taft, 27th president, died, 1930.

March 9.—Col. Lindbergh opened air mail line between Mexico City and Brownsville, 1929. Isaac Hull, American Navy, born, 1775.

March 10.—The accordion invented by Damian of Vienna, 1829. Alexander G. Bell completed first sentence of speech over a wire, 1876.

Proper Care of Minor Injuries Aids Lockjaw Prevention

Austin.—Texas had 129 deaths from tetanus (lockjaw) in 1938, according to vital statistics records of the State Department of Health. The number of deaths from tetanus year by year for the past decade has shown no appreciable decrease or increase, the mean average being about 130 for each year of the decade. Peak of the decade was the 151 recorded deaths in 1934.

A significant factor in tetanus prevalence is that the disease develops usually from a trivial wound or injury which too often is neglected until complications set in.

"In the course of the disease convulsions may be frequent and set off by any slight stimulation to the central nervous system. Stiffening of the muscles of the jaw is one of the first symptoms of tetanus, a characteristic which gives the disease its name.

"Puncture wounds, such as those from sticking a nail or thorn in the foot or hand, prove the most dangerous. This is explained by the tetanus characteristic whereby the germs thrive only in a closed wound or in the presence of other germs that use up the air present. Tetanus germs cannot live in open air," stated Dr. George W. Cox, State Health Officer.

"Preventive technique against lockjaw should include proper care of all minor injuries and wounds. Closed wounds should be made open wounds and kept thoroughly clean. Anti-tetanus serum should be given after a puncture wound. Gunpowder

wounds are also frequently followed by lockjaw. The period of incubation for the disease to develop in man is usually from six to fourteen days, according to the degree of infection. When the incubation period is brief, six days or less, tetanus is almost always fatal. With a longer period for the disease to develop, it becomes milder, and the chances for recovery consequently greater."

HOUSEHOLD HINTS

The time required for baking potatoes can be cut in half if the spuds are allowed to stand in hot water for 15 minutes before being placed in the oven.

Vinegar left over from sweet pickles makes a tasty seasoning for chopped cabbage.

INTERESTING FACTS OF THIS AND THAT

MAXON NURSERIES, Vernon, Tex

This is the second of a series of "THUMBNAI SKETCHES" featuring the work performed by our Linemen in bringing ELECTRIC SERVICE to your home

Romance A Modern Linerider on the Range

THIS MODERN LINERIDER—so like the old-time cowboy—has a mortal enemy too. The cowboy waged a continuous battle against the rustler. The lineman's big fight is against depreciation—and the ravages of wind and rain, heat and cold.

Just as the soil is worn away by erosion... just as a herd of cattle or sheep can be depleted by theft or disease, so does the electric line suffer from depreciation and the elements.

The lineman is constantly at work on the lines entrusted to his guardianship. Repairing and replacing old poles. Repairing and replacing old wires. Destruction by a sudden storm—or damage by a run-away car or truck—must be repaired in as short a time as possible.

Day or night—the lineman is subject to call. The light of a flashlight may be his only illumination while atop a 50-foot pole, working on high voltage lines.

He is one of the hundreds of men and women, working "behind the scenes," who help make Electric Service efficient, dependable and economical here. On him we bestow a title of honor—"A Modern Linerider."

Miss Hazel Gamble Becomes Bride of Walter Ramsey

COLUMBIAN CLUB

In a simple, but impressive, double ring ceremony, the marriage of Miss Hazel Gamble and Walter Ramsey was performed at the home of the bride Saturday morning, by Rev. W. M. Lawrence, pastor of the First Baptist Church of Thalia.

The bride wore navy blue with navy and white accessories. She wore a corsage of talisman roses and sweet peas. The couple was unattended.

Mrs. Ramsey is the daughter of Mr. and Mrs. E. M. Gamble and graduated from the Thalia High School in 1938. Mr. Ramsey is the son of Mrs. J. V. Ramsey of Vernon and is employed by the Vernon Meat Company.

Immediately after the wedding, the guests enjoyed an informal reception during which the handsomely decorated wedding cake was cut and served. The serving table was lovely with daffodils, flanked by burning tapers.

After a short honeymoon trip to Fort Worth and Mineral Wells the couple will make their home in Vernon.

Observing Texas Day, the Columbian Club met Feb. 28, at the home of Mrs. T. B. Klepper with Mrs. R. E. Baines as leader of an interesting lesson.

An unusual fact concerning Texas was given by each in answer to roll call. All sang in unison, "The Eyes of Texas," and later "Texas, Our Texas," with Mrs. J. S. Ray accompanying at the piano.

The leader gave the story of lumber in Texas which, as an industry, began in 1829 and the varieties for commercial use are: pine, oak, magnolia, cypress and several kinds of gum which, next to pine and oak, are used for more purposes than any other. Mrs. Baines also told of our state as the mohair capital of the world, stating that the forbeers of the Texas Angora came from Asia Minor, the Sultan of Turkey having presented, in 1849, seven choice Angora goats to Dr. James Davis, who, at that time, was our minister to Turkey, and some of this same strain finally coming to our state and paving the way for this great industry.

Mrs. S. J. Ferguson gave a

splendid article on "The Mocking Bird, Texas Troubadour," and stated that this songster became our state bird by an act of the Legislature in 1924.

Mrs. N. J. Roberts reviewed, "Romance of the Davis Mountains and the Big Bend," this being to all true Texans, an enthralling study. Mrs. Roberts gave many most interesting geographical and historical facts about this big section of our state.

A piano solo was given by Mrs. A. R. Sanders. She played "Remembering," by Davies, a Texas composer.

The hostess served a lovely plate to club members and the following guests: Mrs. W. L. Thurston of Denver, Colo.; Mrs. B. J. Smith of Corsicana; Mrs. Edwin Greene of Harlingen; Mrs. J. R. Alee and Mrs. A. R. Sanders.

The club will have a bakery sale on Saturday, March 23. The place will be announced at a later date.

YOUNG WOMEN'S AUXILIARY

Young women of the First Baptist Church met Monday evening at the home of Mrs. W. B. Fitzgerald to organize a Young Women's Auxiliary. Mrs. W. D. Howell gave a splendid devotional on the Y. W. A.

Officers were elected with Marjory Bradford, president; Maggie Starnes, vice president; Faye Hart, secretary, and Addie Brisco, treasurer. Mrs. Howell was elected temporary sponsor. The next meeting will be March 11 at the home of Mrs. Fitzgerald.

After the organization was completed a short social was enjoyed and refreshments were served to the following:

Marjory Bradford, Maggie Starnes, Juanita Jones, Thelma Hart, Louise Eubank, Audra Starnes, Juanita Jones, Thelma Lois Moore, Maxine Johnson, Edna Lou Brisco, Yvonne Weaver, Faye Hart, Mary Curtis, Virginia Curtis, Mrs. Howell and Rev. and Mrs. Fitzgerald.

P. T. A. Home Talent Play to Be Given March 7-8

A home talent play, "Mystery at Midnight," which is being coached by Mrs. Ada C. Malcolm and sponsored by the Crowell Parent-Teacher Association, will be given at the high school auditorium Thursday and Friday nights of this week, March 7 and 8.

Funny time? Well, yes, it's a funny play and full of mystery, spooks and thrills and a grand cast of characters! Jack and the Stranger try something, but Tom is right there. What a lot of trouble is stirred up and cleaned up. Sarah knows all, sees all, and tells nothing. Sallie Giggles all over the place and takes care of the judge. Bonnie helps to clear the mystery while Mrs. Halloway adds the touch of culture, and the romantic element is furnished with humor by Elvira and the professor.

Pretty chorus girls add charm and rhythm and numerous lovely specialties make up a delightful program. The baby revue at 8:07 o'clock sharp is said to be worth the admission price.

CROWELL GARDEN CLUB

The Crowell Garden Club will meet Friday, March 8 (tomorrow) in the home of Mrs. H. K. Edwards. The meeting will be in the form of a covered dish luncheon.

Mrs. M. O'Connell is leader of the program of which the main speaker will be Mrs. J. Nichols of Chillicothe, state chairman on "Iris." She will give a report of the National Flower Show which she is now attending in Houston.

Mrs. Nichols will bring another representative of the Chillicothe Garden Club, who will make a Flower arrangement before the club. Garden reminders will be given by Mrs. R. J. Thomas. The exhibit will be made by Miss Frankie Kirkpatrick.

Following the meeting at Mrs. Edwards' there will be a pilgrimage of indoor gardens.

The Garden Club extends thanks to each one who assisted in making the bridge and 42 tournament a success. The proceeds will be used toward beautifying the grounds of the Girl Scouts Little House.

COUNTY FEDERATION

On next Tuesday, March 12, the West Side Home Demonstration Club will be hostess club at the meeting of the Foard County Federation at the Adelpian Club House.

The program, under the leadership of Miss Bonnie Schroeder, will begin at 10 a. m. The program, as outlined, will commemorate Texas Day and will include numbers, both musical and literary, pertaining to Texas.

As is the custom at these meetings, a covered dish luncheon will be served at the noon hour.

It is hoped that with the opening of spring, a large number attended this meeting.

W. M. S.

The Woman's Missionary Society met in the home of Mrs. W. B. Johnson Monday afternoon with Mesdames Johnson and Grover Cole as hostesses.

After singing, Mrs. A. Y. Beverly led the lesson on "Living Creatively." Mrs. M. J. Girsch told of the life of Isabella Thoburn, a missionary to India, who was a "Creator of Ideals."

Mrs. Hines Clark spoke on the organization of the Bethel Ship Church in New York which was started on a small ship in the harbor for sailors from Sweden.

Tempting refreshments were served to two guests and the members.

ADELPHIAN CLUB

The Adelpian Club met Feb. 28 at the club house with Mrs. Q. V. Winningham as hostess.

A travel program had been prepared, using the National Geographic as material.

Miss Frankie Kirkpatrick reviewed an article written by Clyde Fisher, titled "Nomads of Lapland," describing in detail two trips he had made to this northern country.

Mrs. F. C. Brooks brought an article by Willis Lindquist on Denmark. He described in a very interesting way a trip that he had made on a bicycle through this little country.

The club was quite proud to display two dozen metal folding chairs which have recently been added to the club furniture.

The hostess served a delicious refreshment plate.

FORTY-TWO CLUB

The Forty-Two Club was entertained by Mrs. A. Y. Beverly in her home on Tuesday afternoon. St. Patrick tallies were used for three tables of players.

Mrs. S. S. Bell was a guest and was given a pretty linen handkerchief as a floating prize.

A lovely refreshment plate was served by the hostess to Mesdames Bell, Paul Shirley, Claude Brooks, W. C. McKown, C. W. Thompson, L. E. Archer, O. W. Orr, Clint White, T. F. Hughton, T. B. Burrow, W. B. Tysinger and T. B. Klepper.

Production Credit Establishes Agency

M. F. Crowell announces the completion of an arrangement whereby the Production Credit Association is maintaining branch office at Crowell. Mr. Crowell, as field representative of the association, will be in charge of the work in Foard County. He has already assumed his duties and is now accepting applications for agricultural production loans and doing other work incidental to the association's credit service in the county.

The association, with its home office at Memphis, is now in its sixth year of operation. During its existence it has made about 2,000 loans to farmers and stockmen who are members of the organization, such loans aggregating some \$1,750,000. It is a permanent agricultural co-operative loan agency.

TOWNSEND MEETING

The Crowell Townsend Club will meet in the district court room of the court house here tonight (Thursday) at which time three delegates will be elected to attend the congressional meeting of this district.

W. T. Gorrell, who recently succeeded Q. V. Winningham as president of the club, will preside at the meeting and Paul Ford and his musicians will furnish the entertainment.

DEBATES AT DURANT

Lubbock, Feb. 28.—Mary Helen Carroll, arts and sciences sophomore at Texas Technological College, is a member of the Tech debating team which competed in the senior women's division of the Savage tournament at Southeastern State Teachers College, Durant, Okla., March 1-2. She is the daughter of Mr. and Mrs. R. S. Carroll of Crowell.

Subject of the debate is: "Resolved, That the United States Should Follow a Policy of Strict Isolation, Economic and Military, With All Nations Engaged in Armed Civil or International Conflicts Outside the Western Hemisphere."

ELECTED COUNSELOR

Special to The News. Miss Virginia Mae Coffey, sophomore Business Administration major at TSCW, has been elected Second Floor Counselor of Houston Hall.

Chosen for her ability of leadership, for her sympathetic understanding of a college girl's problems, and for her good citizenship record, Miss Coffey was elected by popular vote of the students on her floor to see that the house and college regulations are obeyed and to help promote a happy and mutual friendship among the girls on her floor.

Miss Coffey is the daughter of Mr. and Mrs. J. G. Coffey of Crowell.

There were but three lynchings in the United States in 1939 which is the best record in history. In one year during the nineties the total reached 231.

J. C. Taylor Enters Race for Commissioner

J. C. Taylor of Thalia placed his announcement this week for the office of Commissioner of Precinct No. 1, subject to the action of the Democratic primary in July.

Mr. Taylor has been a resident of the Thalia community for almost thirty years and is well known to the voters of this precinct.

In making his announcement Mr. Taylor has the following to say to the voters of the precinct: "I feel like I am qualified to fill this place in a manner that will be satisfactory to all concerned and, if elected, I pledge myself to handle the finances of the precinct to the best advantage of everybody, and assist the county judge and other commissioners in transacting the business affairs of the county in a business-like manner."

"I will make an honest effort to see and make the acquaintance of every voter in the precinct before the primary election, but if I fail to do so, I earnestly solicit your vote and influence."

4-H CLUB

The second 4-H Club met in Miss Florence Black's room from 1:30 to 2:15 o'clock, Feb. 26, with six new members and Miss Joellene Vannoy present.

The next meeting will be March 11.

ON SPECIAL HONOR ROLL

Special to The News. Miss Billie Brown, daughter of Mr. and Mrs. Hubert C. Brown of Crowell, has been placed on the Special Honor Roll at TSCW, having made at least 2.3 times as many grade-points as hours during the past semester. This is the third semester that Miss Brown has made the honor roll at TSCW.

She will participate in the Hon-

or's Day program on March 7, when she will be sent on the stage in a play with the other honor roll students, in recognition of the scholastic attainment.

Miss Brown, sophomore in Business Administration, is a member of the Alpha Delta and the Business and Professional Women's Club, and is active in other scholastic organizations on the for girls of high scholastic standing.
