SECOND YEAR NUMBER 2

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, JULY 2, 1942

\$2.00 A YEAR EIGHT PAGES

Six Youths of Foard County Registered Tuesday in the Fifth Signup for the Present National Emergency

Schools Classified; Transfers Sought for August 1

Ninety-six Foard County boys 18 to 20 years of age registered at Crowell and other registration places in the county Tuesday of this week in the fifth selective service registration in the United States.

The registration in Crowell was conducted by L. A. Andrews in the corner Ringgold building where 42 youths were registered. Registering at Thalia was in charge of A. B. Wisdom where nineteen were registered. Six were registered at Rayland with J. H. Robinson in charge. Four registered at Vivian, three at Margaret and two at Foard City, with Hartley Easley, H. L. Ayers and Grady Halbert, respectively, being in charge at those places.

Volunteer workers assisting with the registration at Crowell were Misses Maxine Johnson and Sammie Gene Mills and Mrs. Arnold Rucker. Roy Ruckman and Willie Cato assisted A. B. Wisdom at Thalia.

SHERIFF'S OFFICE MOVED
Sheriff A. W. Lilly moved his office this week from the county jail building to a space in the show room of Self Motor Co. The new location is more convenient and affords more room for the carrying on of the business of the sheriff's department.

Necessary that all children in grades are not taught in one school which they will attend August 1st, 1942. This is done in order that state aid be received for such children. In the event a child is not received, State Aid will not be received. In addition, the school is authorized to receive such pupils who transfer in accordance with regulations. All students receiving contract districts, that is, districts which have transferred or who will be in a grade that for which their own district is classified must make application to the proper receiving district before August 1st.

Application for transfers are made at the office of the Superintendent in the School Building.

Gate to Future Farmers Convention June 18-20
Nichols, president of the Chapter of Future Farmers of America and son of Mr. and Mrs. Nichols of the Black Bay, attended the State Farmers convention held at Braunfels on June 18, 19 and returned home June 20.

As on a committee known as the Public. The purpose of this committee was to plan a program by which the Farmer organization could be publicized in the future. The convention was held on Thursday—9 a. m. to 5 p. m., committee meetings; Friday—7 p. m., swimming; Saturday—8 a. m., dancing; Friday—8 a. m. to 2 p. m., committee meeting; Saturday—4 p. m., general session; Sunday—9 a. m., Banquet.

Following items were in the general session: reports, reports of state officers, reports of committees, raising of money for the Future Farmers to Loan Farmers, adoption of 1942-43 program of work, and installation of 1942-43 officers.

Miss Baker of Munday also attended the convention. He was Lone Star Chapter committee.

Thompson Jr. Attractive Offer
Thompson Jr. has been offered to be a member of the football team at West Texas College at Canyon for the 1942-43 season. The offer came unsolicited, and was made, while he was in Canyon, a member of the One-Act play which presented its play at the Regional Meet in Canyon spring. It came definitely days later.

Miller, who is head instructor, since the resignation of Leslie Van Meter, who was in the Army, made the Thompson. It includes all tuition, room, board, laundry. He will play at position. He played tackle his Junior year at High School and during his Senior year made an enviable reputation as a football player during his years of High School.

HONOR ROLL
Crowell students in the Department of Arts and Sciences of the University of Texas at Austin were honored on the spring honor roll recently announced by Dean Purin. They were A. Y. Richard Deeb Bird and Stewart Clark.

Two other Northwest Texas students are also on the honor roll.

Action in Black Sea

Colonel Harry A. Halverson, left, commander of the B-24's which were reported in action in the Black Sea area, shown discussing last minute details with another officer before taking off from an air force base in the United States.

Funeral Held Here Sunday for Victim of Car Accident

Billy Clark Spears Dies from Injuries Received Friday

Billy Spears, son of Mr. and Mrs. F. A. Spears of Powderly, near Paris, was instantly killed in an automobile accident about four miles from his home last Friday night about 1 o'clock. Spears was alone at the time, and in passing a truck, his car ran into the rear end of the truck in such a manner that he was killed. He was dead when the driver of the truck reached him.

The body was brought overland to Crowell, where the family had resided at one time, for the funeral and burial, and was taken to the Womack Funeral Home. Funeral services were held at the First Christian Church on Sunday afternoon at 3 o'clock with Ernest McCoy, pastor of the Church of Christ of Seymour, officiating. Interment followed in the Crowell cemetery.

Pall bearers were Earl Gray, Homer Martin, Charles Meek, Carlton Ribble, Eddie Whitfield and Carl Howry. The flower girls were Misses Juanita Thompson, Blossom, Ruby Martin of Powderly, Gladys Meek of Honey Grove, Oleta McDaniel of Wichita Falls and Ella Grace Martin of Gilliland.

Billy Clark Spears was born May 20, 1923, on the Glover farm east of Crowell. He was partly educated in the schools here. He, with his parents, had resided at Powderly for the past six months. He was engaged in defense work at that place.

Survivors include his parents, one brother, Joe, 14 years of age, his maternal grandmother, Mrs. J. L. Glover, his grandparents on his father's side, Mr. and Mrs. J. C. Spears, and a number of uncles and aunts and cousins.

Out-of-town relatives and friends here for the funeral include Mr. and Mrs. A. J. Francis and family of Seymour, Mr. and Mrs. Vertie Bailey and family of Powderly, Mr. and Mrs. W. A. McMillan of Olton, Miss Tavia Glover of Longview, Mr. and Mrs. Mack Spears of Seymour, Mr. and Mrs. Dolph Martin and family of Gilliland, Mr. and Mrs. Homer Martin of Powderly, Mr. and Mrs. Fred McDaniel and family of Wichita Falls, and Mr. and Mrs. Cleo Spears and family of Powderly, and Mrs. Mollie Jackson and two daughters of Fort Worth. A number of friends of the deceased and of the family were here from Powderly.

Sister of Local People Passes Away; Ex-Resident of Crowell
Mrs. Willis Wilson passed away at her home in Amarillo last Friday and funeral services were held Saturday afternoon at the Blackburn-Shaw Funeral Home in Amarillo. Mrs. Wilson had been in ill health for the past three or four years.

Mrs. Wilson was formerly Miss Annie Thompson, the daughter of the late Mr. and Mrs. G. W. Thompson, pioneer citizen of Foard County, and was the sister of Clarence Thompson, Charlie Thompson and Mrs. Pearl Carter of Crowell. Another brother, George Thompson, lives at Iraan, Texas. She was born in Dallas County in 1866 and was married to Mr. Wilson in 1880. They came to Foard County in 1889 and lived in the northwest part of the county. They resided in Crowell for a part of the time until 1897 when they moved to Elk City, Okla. From Elk City, they moved to Amarillo in 1907 and have made that place their home since that time.

Mrs. Wilson is survived by her husband, two daughters, Mrs. Elmo Joslin of Dallas and Mrs. Walter Straughn of Lubbock, and one son, Earl Wilson, of Amarillo. Another son, Guy Wilson, passed away at the family home in March of this year. Guy had been an invalid for 25 years, having been totally blind.

Mrs. Wilson had visited in Crowell many times since her residence here. Charlie Thompson went to Amarillo for the funeral services.

HOSPITAL NOTES
Foard County Hospital
Patients In:
Mrs. Henry Sprinkle.
Murphy Solis.
Horace Tele.
Mrs. E. H. Orr.
Patients Dismissed:
M. C. Adkins.
Mrs. T. H. Russell.
Mrs. W. Vessel.
and baby girl.
Mrs. D. A. Davis.
Mrs. Hallie Sanders.

Visiting Hours: 9:30 to 11:30 a. m.; 2 to 5 p. m.; 7 to 9 p. m.

Scrap Rubber Drive in County Yields 34,380 Pounds; July 10 Announced As Closing Date

Planes of Wichita Falls Civil Air Patrol Will Fly Over Crowell This Afternoon, 5 to 6 o'clock Simulating Bombing Raid

Saves Work for U. S.

The army and navy soon will inaugurate a new method of microscopically copying letters to soldiers in foreign lands. By means of this method 1,500 letters can be recorded on one reel of film. Three reels are the equivalent of two mail pouches. In this picture Private Erwin Twardell removes the camera from the recording machine, for processing before reel is shipped.

A telegram was received by Mayor C. T. Schlagal Tuesday afternoon from Jerry Vinson, member of State Salvage Committee for Northwest, of Wichita Falls asking permission for planes of the Wichita Falls Civil Air Patrol to fly over Crowell this afternoon from 5 to 6 o'clock simulating bombing raids, dropping pamphlets and smoke, and also hoisting the national scrap rubber drive. The telegram sought the complete cooperation of the city in every particular which was immediately granted by city officials. The fire siren will announce the approach of the planes.

All people of this county and trade area are invited to come to Crowell to witness this demonstration in the air which it is expected will be very interesting.

Federal Stamps for Motor Vehicle Use Must Be on All Cars

June 30 was the last day that automobiles could be driven without the new use stamps being pasted on the windshield to show that the federal use tax had been paid for year ending the last day of June, 1943. The tax is \$5.00 per year and stamps can be secured at any postoffice.

Postmaster Alva Spencer reported Tuesday that he had not sold a large number of stamps. The new stamp is red and should be placed on cars in use immediately.

RAIN STARTS
A slow rain began to fall here at four o'clock Thursday morning, the first to be received in four weeks and it is badly needed. High winds have been blowing for several weeks.

Former Crowell Lad Missing in Action
According to a report made in the Houston Chronicle of Wednesday, June 24, Mr. and Mrs. A. T. Schooley, former citizens of Crowell, now residing in Houston, have been notified that their son, Albert Schooley, who was stationed in the Philippines, is missing. He was a radio operator in the United States Army. He was rearred to young manhood in Crowell and has many friends here. His parents have received no particulars concerning him except to the effect that he is missing.

ON HONOR ROLL
Among the 221 students making the honor roll at John Tarleton Agricultural College at Stephenville was Ralph Flesher, son of Mr. and Mrs. Frank Flesher of Crowell. To be eligible for this honor a student must make at least 80 on every subject for the semester.

Changes Made in Methodist Pastors
Owing to the fact that Methodist preachers in the Plainview District, Northwest Texas Conference, have resigned their pastorates to enter the Army as chaplains, many changes in the pastors of the district were made last week, some of them being well known to Crowell Methodists.

The Muleshoe church had two vacancies in as many weeks. Rev. R. N. Huckabee, Muleshoe pastor, was appointed to Tenth Street Church, Amarillo, and Rev. Herbert Hamilton received orders to report to Camp Roberts, Calif., as chaplain.

Rev. George Turrentine of Tahoma has been assigned to the Muleshoe church and Rev. H. A. Nichols, who was in his seventh year at Chillicothe, has gone to Tahoma. Rev. John Howard Crawford, Seminole pastor, moved to Chillicothe. Other changes in pastors was made, but one of interest to local people is that Rev. Hubert Thomson, pastor of Tenth Street Methodist Church in Amarillo for several years, has been moved to Wellington.

Applications for Sugar for Canning Must be Made Before July 15
The Foard County War Price and Rationing committee announces that applications for sugar for canning purposes must be made before July 15, for this canning period. Those who desire sugar and who have not yet made application should do so on or before that date, at the office of Miss Alma Walker.

After a survey of the county, Judge Leslie Thomas, County Defense Co-ordinator, and John Nagy, chairman of the Salvage Committee for the county, report that 34,380 pounds of scrap rubber have been collected in Foard County up to June 30, which is approximately six pounds per person in the county. The following indicates the amounts received at various points:

Thalia	11,360 pounds
Rayland	1,300 pounds
Vivian	1,200 pounds
Crowell	20,520 pounds

These were the principal stations in the county and rubber from all parts of the territory was brought to these as collection centers.

The drive was slated to end on Tuesday, June 30, however, due to the vast amount received throughout the State it was deemed advisable to extend the campaign until the 10th of July. Accordingly, each and every citizen is earnestly requested to make diligent search of his premises for additional scrap rubber and deliver it to a receiving station.

Truscott Man Dies Tuesday Evening; Burial at Bandera

John Cheatham Stitt of Truscott passed away Tuesday evening, June 30, 1942, at the age of 39 years. He was born on Nov. 4, 1903.

Mr. Stitt had been stationary engineer at the Humble Oil Co. Plant in King County for some time. The remains were taken to Ballinger where funeral services were held Wednesday afternoon and burial was made in Bandera County. Womack Funeral Home was in charge of arrangements.

Window Displays Pictures of Soldiers and Sailors of County

As a special patriotic gesture and Fourth of July special, the personnel of the Ben Franklin store have honored the men in the U. S. service and their families by placing the photographs of a large number of them in their display window. There are 82 pictures in the window, and the firm realizes that it is not all, by any means, but, on short notice it was impossible to make the display complete.

It will be kept in the window through the coming week and other photographs will be added as they are brought in and it will be appreciated, if families having representatives in the service will loan their pictures to the store for a short time.

Miss Beatrice Mullins, a saleslady in the store, is responsible for the arrangement of the photos in the attractive manner.

Tank Corner in 'Arsenal of Democracy'

This is a view of the Chrysler plant in Detroit turning out land battle-ships by the hundred. Imposing as it is, this is just a cog in the mighty machine now in high gear turning out the sinews of war to defeat the Axis. Production has now hit its stride and the tanks roll off, night and day, in a steady stream.

Items from Neighboring Communities

MARGARET (By Mrs. John Kerley)

Mrs. Grant Morrison, and family one night last week while en route to Deming, N. M., to visit her parents.

Mr. and Mrs. Mynard Wright and daughter, Gwendolyn, of Amarillo visited his parents, Mr. and Mrs. George Wright, and family several days last week.

Mrs. Hollis Payne and daughter, Mrs. Alfred Vessell, and two children of Foard City visited Coy Payne and family Tuesday.

Mr. and Mrs. Carl Ingle and children, Joy, Jeanette and Richard, moved Tuesday of last week from the John L. Hunter farm to Vernon where he has employment with the Vernon Meat Co.

"Uncle" Billy Godwin of Crowell and grandson, Ewell Gillan, of Brownwood visited Grant Morrison and family Thursday.

Mrs. Lynn Carr returned to her home in Wichita Falls Sunday of last week after a visit with relatives here and in Riverside. She was accompanied home by her sister, Mrs. Earl Ingle, and little daughter, Betty Jane.

Mrs. Alton Owens accompanied her sister, Mrs. I. L. Denton, and baby of Crowell on a business trip to Dallas Tuesday and Wednesday of last week.

Laverne and Wanda Fay McCurley of Olton came Friday for a visit with their grandparents, Mr. and Mrs. W. R. McCurley, and other relatives. They came with their grandfather, J. C. Hysinger, and Miss Johnnie Mae Short, who had made a business trip to that place.

A community singing was held at the Baptist Church Sunday afternoon.

Rev. and Mrs. Glynn Bishop of Rising Star visited her parents, Mr. and Mrs. W. R. McCurley, several days last week.

Mr. and Mrs. Clyde Hollingsworth and children returned to their home at Burk Burnett Sunday after a visit with her mother, Mrs. J. F. Russell. Mrs. Hollingsworth and children came Friday with Mr. and Mrs. O. O. Hollingsworth, who visited here a

short time while Mr. Hollingsworth came Saturday.

Mrs. Buddy McCreary of Goodlett visited her brother, Dink Russell, and wife Friday until Sunday.

Mr. and Mrs. Worth Hunter of Garden Valley visited her mother, Mrs. Alice Evans, Sunday.

Grasshoppers are doing considerable damage to crops and gardens in this community.

A miscellaneous wedding shower was given for Mrs. Glenn Bishop of Rising Star Wednesday afternoon at the home of Mrs. C. T. Murphy. Many useful and beautiful gifts were received.

A few farmers in this community have been chopping cotton the past week.

Mrs. Lee Wright got her arms and hands burned last week with creosote while dipping chickens. She is improving at this writing.

RAYLAND (By J. C. Davis)

Mrs. R. A. Rutledge and Mrs. Pete Crisp accompanied Horace Abston to Dallas Friday to visit relatives.

Mrs. Bob Price and children of Amarillo spent the week-end with relatives here.

Perry Tooley and Tom Moore spent the week-end in Dallas.

Preston Coleclaser of Sheppard Field spent the week-end with homefolks.

Mr. and Mrs. S. G. Presley and children of Chillicothe visited relatives here Sunday.

Mr. and Mrs. Austin Beazley and children of Clovis, N. M., spent the week-end with his brother, A. T. Beazley, and family. They had been to Oklahoma City to attend the funeral of John Sparks, Mrs. Beazley's brother. Mr. Sparks was an early settler in this community.

Mr. and Mrs. Frank Ward of Riverside visited in the Buck Clark home Sunday.

Mr. and Mrs. Clarence Ross and family of Margaret spent Sunday in the Dewitt Edwards home.

Steve Clark, who is employed in Wichita Falls, spent the week-end with homefolks.

Miss Nell Clark of Wichita Falls, who has been visiting relatives here, returned home Saturday. Billy Joe Clark accompanied

her.

Mrs. Buck Clark sprained her ankle Saturday. She is confined to her bed.

Horace Abston of Sheppard Field has a fifteen-day furlough and is visiting at home.

During the last ten days thousands of acres of cotton and late feed have been blown out and the high wind is still blowing Monday. It is probable that there are more acres blown out at this time of year than has ever been in over 35 years. Farmers say corn is entirely ruined.

VIVIAN (By Rosalie Fish)

Miss Evelyn Evans of Lubbock returned home Sunday after spending the past week with her parents, Mr. and Mrs. E. T. Evans.

Miss Minnon Lueker of Denison is here visiting in the home of Mr. and Mrs. R. S. Haskew.

Mr. and Mrs. Marvin Sosebee and daughter, Winnie Jo, of Anson spent Saturday night and Sunday of last week with Mrs. Sosebee's parents, Mr. and Mrs. Egbert Fish.

Miss Jessie Lawhon of Ogden returned home Thursday after spending a few days with Miss Bernice Walling.

Mrs. R. N. Beatty and son, Clinton, and daughters, Linda and Sue, spent from Thursday until Saturday with her parents, Mr. and Mrs. J. W. Brewer, of Paducah and her brother, "Buck" Brewer, of Camp Callan, Calif., who is here on a furlough.

Mrs. J. W. Sandlin of Seminole, Okla., came Thursday to spend a few days in the home of her son, Arthur Sandlin, and family.

Mrs. Haskell Norman and daughter, Mary Edna, and sons, Haskell Hill and Jimmie, of Ogden spent Sunday in the home of Mr. and Mrs. Roy Young.

Mrs. Harris Belew of Vernon returned home Sunday after spending a few days with her sister, Mrs. R. L. Walling.

Hulen Strickland of Corsicana is here visiting with his uncle, Melvin Newman.

Miss Myrtle Davidson is visiting with her sister, Mrs. Walter Simpkins, of Paducah.

Lee Allen and James Marvin Sosebee of Anson have returned home after spending the past month with their grandparents, Mr. and Mrs. Egbert Fish.

Pfc. Franklin Evans of Lubbock spent Saturday night and Sunday with his parents, Mr. and Mrs. E. T. Evans.

Misses Rosalie and Bernita Fish returned home Friday after visiting with Mr. and Mrs. W. L. Theford of Bryson.

Mrs. Charles Ferguson left Friday of last week to visit her sister, Mrs. Ernest Johnson, and her mother, Glenn Rasberry, of Corpus Christi.

Milton Benham has returned home after spending a few days with his sister, Mrs. J. R. Adkins, of Vernon.

Hilliard and Jimmie Young returned home Saturday after visiting their grandmother, Mrs. H. Young, of Crowell.

Miss Bernice Walling spent Thursday night and Friday in the home of Mr. and Mrs. Sam Lawhon of Ogden.

Robert Blair of Brownwood is here visiting with friends.

Mr. and Mrs. E. T. Evans and son, Milton, attended an air show and program at the Lubbock advanced Flying School in Lubbock Sunday afternoon of last week.

THALIA (By Minnie Wood)

Mrs. Frank Main and sons of Mills, N. M., are visiting her mother, Mrs. Ed Payne, this week.

Mrs. Cleo Wall returned to her home in Fort Worth Friday after several days' visit with her mother, Mrs. J. W. Wood, here.

Mrs. Robert Wisdom and infant daughter, Michael Ruth, were brought home from a Crowell hospital Friday.

M. C. Adkins received medical treatment in the Crowell hospital a few days last week.

Mrs. Buster Lindsey and daughter visited relatives in Keller this week.

Bud Temple and family are visiting in Honey Grove.

AN ARMY OF SNOOPERS

The Office of Price Administration recently asked Congress for a very large appropriation to add some 100,000 new employees, mostly enforced personnel, to the OPA payroll. These employees, in other words, would constitute a sort of private police force and would spend their time and the taxpayers' money looking for violations of the price-freezing order.

The National Association of Retail Grocers, an organization which represents thousands of independent food merchants throughout the country, promptly submitted to Congress its reply. In a resolution submitted to Congress it said: "It is implied in this proposal to turn loose an army of 'snoopers' on the retail merchants of the United States. These men and women proposed for OPA enforcement personnel can render more useful service in the prosecution of the war against the Axis powers, rather than as an army of harassment operating at public expense on the home front."

That protest is well taken. As OPA officials themselves have pointed out, the retail industry in all its branches has been overwhelmingly opposed to speculation and profiteering. No industry has given more complete co-operation to the government in the campaign against inflation. To inflict this industry with 100,000 "secret police," would amount to deliberately harassing an industry which has a superb record of operation in the public interest.

The vast majority of merchants, big and little, will conform completely to the price regulations. Competition alone will keep prices in line. Consumers and consumer organizations will be on the lookout for violations, and will report them to the authorities. The OPA, of course, will need an enforcement staff—but it doesn't need a staff of 100,000 snoopers. It does not need a secret police force.

The 100,000 people who would be employed for this snooper work are needed in war industry and the military forces. The hundreds of millions of dollars it would cost to pay their salaries and expenses are needed for war production.—Industrial News Review.

PART OF THE SYSTEM

When this war is over, America will have the most gigantic mass production machine in the world. We will have the world's largest army of skilled workmen. Technical development will be at a new peak. Machines and men that are now producing equipment of destruction in incredible quantity, can supply the goods of peace in an equally incredible quantity. In all probability we will be the only large nation left on earth whose industries will not have been smashed by war.

It will be up to these industries, to free American enterprise, to rebuild a shattered and starved world. And they can do it if private capital and the organization genius of the common American are released from the bear hug of the inevitable wartime bureaucracy. As Paul Cadman, economist of the American Bankers Association, has pointed out, we have no other choice. We will either release the productive capacity and the capital of this country for the task of rebuilding the world, or we face bankruptcy and collapse at home.

Free enterprise has got to produce as it never produced before Sunday.

Mrs. Charles Fuller and family of Dallas visited her brother, Lee Mason, and family and other relatives here a while last week.

Mrs. W. G. Chapman and son, Dona, returned home Sunday from a visit in Amarillo and Clayton, N. M. They were accompanied home by Mrs. Owen Chapman and children of Amarillo.

Mrs. Jack Lindsey, who underwent an operation in a Vernon hospital recently, was brought home Tuesday.

Larry Wood visited A. C. Jones in Childress this week.

Bob Washer and family of Wink visited Mrs. J. K. Langley this week.

Your Horoscope

June 29.—You have a sensitive, affectionate nature, are fond of appreciation and renown. You are often misunderstood and misjudged, but don't worry yourself too deeply over this.

June 30.—You have a loving nature and expect much love in return, and you are not often disappointed. You have much self-reliance and are truthful and just.

July 1.—You are self-reliant and independent, and can adapt yourself to most any condition. You are fond of the water, like to travel, and like the theater.

July 2. You show much determination and usually carry your undertakings to a successful finish. But you may, by reason of persistent interference, become discouraged and throw the whole thing over.

July 3. You are rather silent at times and your reticent, independent nature makes you appear aloof. You have marked literary ability and are constantly in search of knowledge.

July 4. You have strong religious inclinations, and a decided tendency toward mysticism. You are a splendid talker, always clear, lucid and to the point. You make many friends and keep them.

If a national debt of two or three hundred billion dollars is to be serviced. In short, the world will tragically need the products of our industries and our country will need the sources of financial strength which those industries can give. That truth should be brought home to every man and woman at home and in the factory. Free enterprise is the key to the maintenance of representative government. This has always been true, but never more so than now. Our mines, our factories, our natural resource industries such as coal and oil and timber; our service industries, including electricity and transportation, as well as our credit institutions and our banks, are all part of the American system. Keeping them operating under the management of private citizens is the surest guarantee to the men on the battlefield that we intend to save here in our own country the liberties that they are giving their lives to restore to the rest of the world.—Industrial News Review.

INTERESTING FACTS OF THIS AND THAT

Life insurance companies of the United States paid last year to the beneficiaries of 73,000 policies, a total of \$33,326,000.

Some one has figured it out that cosmetic containers last year used in the neighborhood of 5,000,000 pounds of plastics, 10,000 tons of steel, 2,250 tons of copper and 55 tons of zinc.

The army jeep car has six speeds forward and two reverse and is equipped with a 60 horsepower engine.

The U. S. Census returns show that the healthiest age is from 10 to 14 years. The death rate in this group is 99.5 per 100,000.

The Ford Willow Run bomber plant is said to be the world's biggest factory under one roof, 3,200 feet long by 1,280 feet wide.

The United States has 21,928,182 of the world's 44,189,669 telephones or 16.56 phones for each

100 population. Sweden ranks next to the United States with 14.6 phones for each 100 population. England and Northern Ireland have 7 phones to each 100 population. Australia 9.97 and New Zealand 13.96.

The highest temperature ever recorded at any Texas weather station was 120 degrees F. at Seymour, Baylor County, August 12, 1936. The lowest was 23 degrees below zero, recorded at Tulla, Swisher County, Feb. 12, 1899, and at Seminole, Gains County, Feb. 8, 1933.

Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you? If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are.—1 Cor. 3:16-17.

The greatest need in this country today is leaders for young people, men and women. Too few of the homes are meeting the need of their young people either through indifference or lack of knowledge and understanding of young people. The school's influence extends but a few hours a day for a part of the year. The rest must be supplied by adult leaders who are willing to give their service and their gift of leadership to the young people of the community. Many towns who raise a big budget for a chamber of commerce, a fair, a stock show or a celebration each year would perform a vastly greater service if they would raise a fund to compensate some suitable adult leader to give to the young people of the community the thing they need and are not getting, adult companionship, leadership and understanding. True, not all young people in any community need it, but if we are frank enough and honest enough to look the facts in the face we know that there are many in every community who do need this very thing if they are going to realize the full potential possibilities of their lives. Measured in terms of true values, the life of one young person is worth more to a community and to the world than all the stock shows, community homecomings and band concerts that the community can finance. What we need is a new sense of the realization of true values. We need to learn that the most precious thing to any community is human character and rightly directed lives. We need to learn that this is not alone the responsibility of the family and the school. It is the responsibility of the whole community.

Our guess is that after this war is over isolationism will be out for some time to come and isolationists will be few and far between.

HISTORY

July Fourth — Independence Day: July 4th is the anniversary of the adoption of the Declaration of Independence. The declaration came after several weeks of debate by the Continental Congress in which several resolutions defining the position of the nation in the matter of its independence were debated, amended and re-shaped. A resolution was presented on June 7, 1776, by Richard Henry Lee of Virginia declaring the right of the colonies to be free. Consideration of this resolution continued over several days and was finally postponed for three weeks and a committee composed of Thomas Jefferson as chairman, John Adams, Benjamin Franklin, Roger Sherman and Robert Livingston, was appointed to draw up and present another resolution setting forth the nation's attitude on the matter of its independence. Seventeen days later the committee submitted its draft of the resolution, and what has become to be known as the Declaration of Independence. After considerable debate over the Lee resolution offered by the committee of five the latter was finally adopted on July 4th with some changes in wording. The first celebration commemorating the Declaration of Independence by the Colonies was held on July 8 in Philadelphia. The next year the event was celebrated in Philadelphia on July 4, the anniversary of the adoption of the resolution. As the several states adopted the constitution the celebration on July 4th spread throughout the states until it came to be one of the most pretentious and elaborate celebrations observed in the nation. In the course of time the use of fireworks in the celebration became general. As a result of the handling of explosives by inexperienced persons the casualty lists from injuries began to mount. A campaign for a sane Fourth was begun as a result of which fire works and explosives have been largely banned in most states and the celebration has come to be confined to quiet and orderly observance of the day. Such fireworks displays as are given are in charge of men experienced in the handling of explosives. As a result of the campaign for a sane Fourth, loss of life from injuries dropped greatly from the high point of 466 in 1903.

This country is calling upon every wage earner and person of income to buy bonds to help finance the war effort. It is asking that pledges be signed to buy bonds regularly that the Treasury Department may know just how much it can count on from this source. Buying these bonds is really no sacrifice and should not be looked upon as a sacrifice even though to buy them does require some sacrifice. They are an investment, the best investment open to small investors today. They constitute a savings account, an insurance policy against financial worries.

What We Think
 (By Frank Dixon)

In my opinion the test of an individual's patriotism lies in the manner in which he accepts the conditions imposed by the present emergency and his conscientious co-operation in the rules and regulations prescribed for the welfare of the country. I refer particularly to the rationing program.

The rationing program is set up to conserve certain scarce items and to insure equitable distribution of the available supply. Herein lies the problem in civilian adjustment. It is important that doctors and physicians have tires. It is also important that producers of food have tires that the food may be brought from the farm to the market, but it is not necessary that civilians have tires for pleasure vehicles, or vehicles not used for furthering the war program. These must be willing to forego the use of their cars for the duration.

In the matter of the rationing of sugar a slightly different problem is presented. Due to the fact that shipping is needed to carry supplies to our armed forces abroad and those of our allies it is not possible to bring in the sugar from Cuba and Hawaii that we received in normal times. In addition to this a larger amount of the sugar that is available is needed to produce alcohol used in the manufacture of powder and explosives.

Due to these two factors the remaining sugar stock in this country is not sufficient for normal demands and unless some restriction is put on its use those with money to buy it would soon corner the entire available supply and the mass of people would either be without sugar at all or be forced to pay an exorbitant price for it. Thus we see the rationing program is set up in the interest of the greatest common good. For this reason it should receive the sincere co-operation of every patriotic citizen.

HELL RIDERS OF THE U. S. ARMY!—Infantry soldiers selected for their daring and ability to handle these bouncing bikes, form striking units which promise to make their speed and power felt wherever American forces are to be found.

Brief Bits of News From Here and There

The initial response to the call to save old paper was so good that mills were snowed under and were unable to process it as fast as it came in. This was due to the fact that in response to the initial call attics and woodsheds and basements were cleared of old paper causing it to accumulate faster than it could be processed. Word comes back from the mills, however, that waste paper is still needed. Until present stocks are exhausted it is suggested that all waste paper be stored and held until the need again appears as it will in a few weeks. Waste paper is used in making pastebord for the packing of ammunition and the need for vast quantities of it will continue throughout the war.

A plan has been worked out whereby Americans can take out war damage insurance through their regular insurance agents. The policies carry damages from enemy attacks as well as damage caused by American forces resisting them. The War Damage Corporation will stand behind the risk, the fire insurance companies merely acting as agents and keeping 3 1/2 per cent of the premium to cover cost and overhead. For growing crops the rates will be 5 cents for \$100, for farm homes and buildings and contents 10 cents per \$100. The insurance rate in England is one and one-fourth per cent of the value.

Glass thread composed of 204 fibers of spun glass is being used in an experimental way to sew wounds. Cat gut and silk, the

Training Manpower For War Plants

War industries were handicapped, when they began moving to Texas by the lack of skilled help to build the planes and ships and munitions which were expected of them on short order and in large quantities. They were faced with the proposition of having thousands of skilled and semi-skilled jobs to fill, and no workers who were even partly qualified to take hold and turn in a reasonably good performance.

Effective planning on the part of the federal and state governments and the public school system seems to have solved the problem, however. Using existing facilities and setting up new ones, they launched into the formidable task of making riveters, machinists, welders and other skilled or semi-skilled workers out of farm boys, office clerks, and soda jerkers. More recently, they have offered the same sort of training to women and the employers find the women just as satisfactory on the job as are men.

Many a youth has spent money to learn some of these wartime trades but the War Industry training schools are free. Thousands of people have learned trades that will benefit them throughout their lives, while at the same time becoming able to earn a good living and do their patriotic duty during the emergency.

The agency which directs people into these schools and then into war plant jobs is the United States Employment Service, one of whose most worthwhile functions is to provide this opportunity for people to better themselves while serving their country well.

Volume II of Eight New State Abstract Volumes In Foard

Bascom Giles, Commissioner of the General Land Office, has announced the completion and publication of Volume II of the eight new state abstract volumes covering twenty-seven North Texas counties and presented a copy to Foard County officials through A. W. Lilly, tax assessor-collector, Tuesday. Commissioner Giles explained the value, use and the changes made in the condensed volume.

The book lists by counties and on a single line all of the information about original Texas land titles heretofore contained at random in 63 volumes and devotes 31 pages to Foard County's 1,520 abstracts. The first abstract listed for Foard County is on the survey to the heirs of Isaac Aldridge and patented May 21, 1888.

Authorized by the 47th Legislature, the voluminous work of compiling the complete record of 406,000 Texas abstracts was completed in the General Land Office with the co-operation of the WPA.

"Covering 27 North Texas counties, this volume is invaluable to county tax assessor-collectors, abstractors, and attorneys as a cross index and source of information regarding land titles. It is also a basis of assessments as to the quantity of land," Commissioner Giles said in presenting the book.

Printed in eight permanent volumes of 50,000 abstracts each, the 5,000,000 entries were compiled directly from the original volume issued in 1878 and from each of the supplementary volumes published annually thereafter. Then

Midway Hero

Lieut. Henry Fitts, 25, of N. C., first publicly acclaimed of the battle between American arms and Jap fleet off Midway land. He dropped the bomb that sank a Jap aircraft carrier.

these old records were checked, rechecked, against the General Land Office files. Under the system, information about abstracts in each county was pieced from each of the volumes, necessitating the chase of the complete set at a cost of \$200. But the new simplified books give all the information about each county on a single line.

Five of the remaining abstracts are now in the hands of the printer, and the last volume in the final editing stage. Each county will receive a copy of the volume in which its records are listed, and additional copies set are available at the State Comptroller George Sheppard at \$12.50 a volume.

Commissioner Giles expects great deal of justifiable pride in the completion of the abstracts. His experience in the General Land Office before his appointment as Commissioner convinced him of the value and need for a compilation, as this is the complete list of land titles of the Republic of Texas State of Texas.

John Raser, new president of the Crowell Rotary Club, presided at the Wednesday meeting of the club at O'Connell's Lunch Room. J. A. Stovall also assumed his duties as secretary for the coming year.

Departing from the usual custom followed by the club in the past in appointing a committee to be responsible for the programs, Mr. Raser asked the directors to be responsible for the programs for the next eight weeks and each member of the board of directors will serve as president for two weeks during that time.

The directors are Dwight Moody, Jack Seale, Hubert Brown and George Self.

The program Wednesday consisted of a talk by the president, who stated that the need for Rotary Clubs was greater than ever before and urged regular attendance from each member. Short talks were made by all members present.

Miss Mary Hughston acted as pianist in the absence of Mrs. J. R. Beverly.

John Raser, new president of the Crowell Rotary Club, presided at the Wednesday meeting of the club at O'Connell's Lunch Room. J. A. Stovall also assumed his duties as secretary for the coming year.

Departing from the usual custom followed by the club in the past in appointing a committee to be responsible for the programs, Mr. Raser asked the directors to be responsible for the programs for the next eight weeks and each member of the board of directors will serve as president for two weeks during that time.

The directors are Dwight Moody, Jack Seale, Hubert Brown and George Self.

The program Wednesday consisted of a talk by the president, who stated that the need for Rotary Clubs was greater than ever before and urged regular attendance from each member. Short talks were made by all members present.

Miss Mary Hughston acted as pianist in the absence of Mrs. J. R. Beverly.

Aladdin lamp supplies at Beverly Hdw. & Furn.

George Carter of Childress spent from Friday until Sunday in the home of his mother, Mrs. Pearl Carter.

Mrs. P. E. Randolph and Mrs. Henry Gribble of Vernon, both former Crowell residents, were visiting here Saturday.

Miss Tertia Glover left Wednesday morning for her home in Longview. She has been here for several days visiting her mother, Mrs. J. L. Glover and other relatives and friends.

Carol Ann Henry of Pampa is spending the summer with her grandmother, Mrs. Pete Holcombe, and her aunt, Mrs. R. G. Gribble.

See these Nu-type steel lawn chairs at Beverly's, you'll like 'em.

Linden Meadors, son of Mr. and Mrs. Ransom Meadors, is employed in the California Ship Yards near Los Angeles, Calif., according to word received here.

Mr. and Mrs. Walter Thomson and family of Gainesville spent the week-end in Crowell visiting relatives and friends. Mrs. Frank Thomson, who had been visiting in their home, returned home with them.

Millard Wisdom was here Friday from Amarillo visiting relatives and attending to business. He was accompanied home by his mother, Mrs. C. T. Wisdom.

Mr. and Mrs. I. T. Graves and daughter, Larue, arrived Wednesday afternoon from Stephenville, where they have been visiting relatives for several weeks. They will make their home in an apartment at the home of Mrs. J. A. Johnson.

Mrs. Q. V. Winningham, who is attending summer school in Lubbock and her daughter, Jane, spent last Friday night at home. Mr. Winningham took them back to Lubbock Saturday.

Mr. and Mrs. Joe Ward and daughter, Melba, and son, Donald, of Tulsa, were visitors in Crowell Sunday. They moved their household goods to Tulsa and expect to remain there for some time. Mr. Ward is engaged in Defense work in Tulsa.

Mrs. Jack Spotts and small daughter returned to their home in Pecos Wednesday after a visit with Mrs. Spotts' parents, Mr. and Mrs. T. F. Lambert, and other relatives at Rayland. Mrs. Lambert brought them to Crowell to take the bus.

Mr. and Mrs. J. M. Denton and Mr. and Mrs. A. F. Wright of Paducah visited in Crowell for a short visit in Crowell for a short time Sunday afternoon. Mr. and Mrs. Denton visiting in the home of her uncle, T. B. Klepper and family and Mr. and Mrs. Wright spent the time with Mr. Wright's sister, Mrs. J. R. Edgin, and Mr. and Mrs. A. L. Rucker. They had been in Quanah on business and as guests of the daughter of Mr. and Mrs. Wright, Mrs. Jim Carroll and her husband.

A WEEK of the WAR

Price Administrator Henderson told the press if price ceilings hold during the next 20 months the entire war effort will cost \$62 billion less than it would cost if prices rose as they did during the last war.

He said subsidies are necessary, however, to support price ceilings at March levels and to prevent suffering among consumers and retailers. Other "major threats" to price stabilization remain in the yet-unaffected parts of President Roosevelt's anti-inflation program.

Approximately 2,000,000 to 2,500,000 persons eventually may be helped with price control and rationing, although few of them will be concerned directly with enforcement, he said.

The Labor Department said living costs in large cities dropped 0.1 per cent between May 15 and June 2, the first drop in such costs since November, 1940.

The War Manpower and Labor Commission said the total war men in the Armed Forces is 6,000,000 to 7,000,000 men by the end of 1943; 20,000,000 workers will be needed in war production and transportation by 1944; 12,000,000 will be required to harvest the 1943 crop.

Let's have more recreation and less wreck-creation. Fire is an upstart—keep it in its place. It takes thought to be careful. Any fool can take a chance.

HOUSEHOLD HINTS

Laundrying will remove most cooked fruit and berry stains. A small piece of butter added to rice or macaroni being cooked will prevent boiling over.

The deepest canyon in Texas is the Santa Elena Canyon on the Rio Grande. Its walls have a maximum height of about 1,800 feet.

Free Training for Workers in Texas War Industries Available

Pointing out that more than 80 per cent of all jobs in Texas war industries are filled by workers who have had specialized training, S. H. Southall, manager of the Vernon office of the United States Employment Service, this week urged people in this area who wish war plant jobs to apply for the necessary training in the free war industry training schools.

"Most of these war industry jobs," said Mr. Southall, "are entirely new to Texans. Special pre-employment training is necessary before the employers will hire people to fill them. This training is provided to both men and women free of charge by the National Defense Schools. There are openings now in these schools, and local people should investigate them through the Employment Service which refers trainees to the schools."

The training program is operated jointly by the state and federal governments in co-operation with the public schools and provides courses to prepare workers for aircraft, shipbuilding, munitions and other jobs in which there is or will be a heavy demand. It is virtually impossible to get one of these jobs without the training, which has already landed thousands of workers in good paying war jobs.

Machine Shop, Aircraft Engine Mechanics, Aircraft Sheet Metal (including riveting), Drafting and Inspection are the courses offered. The training is open to men between the ages of 18 and 65 years, and to women between 18 and 45. The demand for women workers, who can fill most of these jobs, is increasing.

Mr. Southall stressed the fact that the training is entirely free, the only cost to a trainee being that he must support himself during the six to 12-week training period. Even this is not true in all cases, since boys and girls from 17 to 24 years may be assigned to National Youth Administration war work centers where they will be boarded and paid a small wage while training.

The war industry schools are operated on a 24-hour daily basis so that all equipment can be constantly used and to provide training at all hours for trainees who must work while attending. Mr. Southall urged that any one in or near Crowell who is interested in entering a training class in the subjects listed contact him at the United States Employment Service located at 1613 Pease Street, Vernon, Texas.

"FIRST AID" ON A BOOM

College Station, July 1.—Texas' 46,000 home demonstration club women are taking first aid and home nursing courses just as rapidly as instructors can be procured, reports Helen H. Swift, sociologist for the A. & M. College Extension Service who works with rural women's organizations.

Howard County has reported that 1,450 had received instruction, while at least one member of 75 per cent of the families in Young County has studied first aid. Many counties report an increase in club membership resulting from this work.

Classes have been sponsored by county home demonstration councils and by some of the state's 2,200 clubs.

Keeping in touch with the boys in the armed forces is one other activity popular with the rural club women. Dallas County sent a truck with 200 cakes for one party at Camp Bowie, and Palo Pinto women make cookies regularly for the boys at Camp Wolters. Recently the Prairie View club in Orange County gathered two tons of scrap iron, sold it, and put the money into a fund to buy gifts for local boys with the colors.

Many clubs have sponsored or co-operated with community school lunch programs. In Lynn County, 1,050 children in 11

What You Buy With WAR BONDS

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern goliaths of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your country go over its Bond Quota.

SYMBOL OF PATRIOTISM

MINUTE MAN FLIES FROM THE new Minute Man War Bond Flag, designed by the Treasury Department for firms and organizations which attain more than 90 percent participation in War Savings Bonds purchases through a systematic purchase plan. The Minute Man is emblazoned in white on a blue background, surrounded by thirteen stars, representing the Nation's thirteen founding States. When companies, labor unions,

and other organizations top the 90-percent figure, they will receive a special Minute Man Certificate of Award signed by Secretary Morgenthau, the State Administrator, and the State Chairman of the War Savings Staff, the Treasury Department announced. This certificate entitles the recipient to fly the flag, which is being manufactured in various sizes and is sold by licensed suppliers at a nominal price.

schools have a hot meal at noon. Increased production under the Food for Victory program is an aim of women in Fort Bend County. Each of the county's 248 club women have increased their ordinary poultry stocks by 50 pullets.

Thousands of club women are Victory demonstrators. New German food comes in powder form, and no doubt the British hope it explodes where it will do the most good.

DON'T KID YOURSELF

It has been announced that of the big labor organizations plans to organize the dairy workers of the country. And the grim food for thought in the consumers.

If the union is successful, manages to establish farm on the shipyard scale, the will be inevitable. Food prices will rise like rockets. Even dairy farmers are hard-pressed pay current wages and still return a decent profit.

Judged by industrial scales, dairy workers are not ly paid. But farm workers receive valuable services in addition to pay—food, lodging, etc. of them work on farms, they like the life, and would be unhappy and out of place in cities.

If agriculture is unionized, public will pay the bill. Don't kid yourself about that.—Labor News Review.

THOUGHTS OF SERVICEMEN

For truth and duty is the fitting time; who was circumstances completely his undertaking, will never accomplish anything.—Luther.

It is in man and not in his circumstances that the secret of destiny resides.—Carlyle.

Every duty brings its delight, every denial its appropriate compensation, every crown its recompense, every crown its effect with performance as effect with cause.—Walter.

At the Texas Memorial Park at Austin are skulls of the historic elephant, mastodon, wolf, mosasaur and sloth, which have been found in various parts of Texas.

Germans who held or were suspecting of holding Anti-Nazi sympathies.

This indicates some of the difficulties that lie in the way of revolt inside Germany. If revolt does come on a wide scale, it will be because the people are so desperate they are willing to risk mass suicide—or because German military forces sustain terrific defeats and lost their prestige and power. If revolt does come, the Schwarze Korps, whose uniform insignia is a skull and crossbones, will see that the streets of the Reich run with blood.—Industrial News Review.

Smallest possible sacrifices of civil liberties should be the aim of government and citizens during the war emergency, Dean R. H. Wattach of the University of North Carolina School of Law, told a University of Texas audience recently.

Sawmills of the Pine Belt in the eastern part of Texas produce more than one billion board-feet annually.

Christian Science Services

"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 5. The Golden Text is: "There is therefore no rock like our God" (1 Samuel 2:2).

What You Buy With WAR BONDS

Ships of the Destroyer type comprise the bulk of our fighting ships in the American Navy. Their average displacement is about 1800 tons, and they are fast, powerful, and hard hitting. They have been particularly effective in convoy duty and gave a good account of themselves in the Coral Sea engagement. They cost approximately \$3,600,000 each.

Every Navy shipyard is turning out Destroyers in record time. They are essential for our two-ocean Navy. Purchase of more and more War Bonds will assure all-out production of these vital units for the Navy. Buy every pay day. If everybody invests at least ten percent of his income in War Bonds we can do the job. U. S. Treasury Department

Mexican President and Torpedo Victims

President and Mrs. Avila Camacho are shown (arrow) among the survivors of the S. S. Potrero del Llano, Mexican ship torpedoed off the coast of Florida, during the parade that was staged to welcome the mariners on their return to Mexico City. A big reception was given the sailors at the palace of fine arts while the whole country seethed with indignation over the sinking of the Mexican ship.

Weekly Sermon

By the Rev. Harold L. Lundquist, D. D., Member of Faculty, Moody Bible Institute, Chicago.

Remember We are told to remember many things, and on Memorial Day we have special occasion to remember our honored dead. They died to make America free. It is for us to live that we may keep it free, so that we may say with confidence, "God bless America!"

Let us recall the obligations of true patriotism, of Christian citizenship. Patriotism is not a matter of speech-making and flag-waving, but an inward devotion to the good of the nation. In Matthew 22 we find that good citizenship calls for—

- 1. A right attitude toward God (Vv. 21, 37-39). No man will make any real progress in the direction of being a good citizen until he has a right attitude toward God. Had the ritualists, the rationalists, and politicians of our Lord's day really known God and Jesus Christ, His Son, their problems of patriotism and neighborliness would have been solved in the light of His Word and what is perhaps even more important, in His Spirit. Is not the crying need of our world today that it should heed and heed the gospel of the Lord Jesus Christ?

2. The right attitude toward none holy as the Lord; for there is none beside thee: neither is there any rock like our God" (1 Samuel 2:2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all" (1 Chronicles 29:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is what the Scriptures declare Him to be—Life, Truth, Love" (page 350).

The University of Texas' second coaching staff member to be called into navy service is Ed Price, freshman baseball and basketball mentor, who has reported to Annapolis for indoctrination training.

A good farming country which is as large as the combined areas of Ohio and Kentucky, ranging in altitude from 200 to 2,500 feet above sea level, lies in the central and midwest part of Texas.

The only thing that distinguishes a sleep-walker from his fellows is that he should be asleep but not walking and the others should be walking but not asleep.

The mountainous area in Texas west of the Pecos is as large as West Virginia.

There would be less noise in the world if our mouths worked only when our heads do.

ANSWERS TO MILITARY I. Q.

- 1. Secretary of War Henry L. Stimson. 2. Specially trained units of the British army for raiding operations, to be landed from ships and rapidly withdrawn after attacking a vital enemy installation. In the Boer War the Boer "commandos" harried British communications. 3. Troop of cavalry, battery of artillery and a flight in the Air Forces. 4. First sergeant. 5. General headquarters. 6. Anti-aircraft gun. 7. Captain. 8. Quartermaster Corps. 9. Infantry. 10. Members of the Women's Army Auxiliary Corps.

government (vv. 15-22). The subtle hypocrisy of the question, "Is it lawful to give tribute unto Caesar, or not?" lay in the fact that these leaders were not interested in knowing the truth, but only wanted to make Jesus out either to be disloyal to His own people because He advocated paying tribute, or a traitor to Caesar because He advised rebellion against taxation.

His answer is complete, final, and unanswerable. He has that kind of an answer to every honest question of man. In this case He clearly states that one who lives under an established government, enjoying its protection, using its money in trade, and so forth, is to be loyal to every proper obligation to that government. God and the things of God must come first, but a right attitude toward God will reveal itself in a proper attitude toward government.

3. A right attitude toward our neighbor (vv. 34-40). We have talked a good deal about being good neighbors, and certainly everyone should do everything possible to encourage the good neighbor policy in his own community and throughout the earth. But why does not the good neighbor policy work? Read the parallel passage in Luke 10 and you will see how man tries to dodge his responsibility (see Luke 10:29 and observe the answer of Jesus in Luke 10:30-37).

A good neighbor is not one who

is seeking some kind of "you favor me and I'll favor you" arrangement. He does not see the barriers of race, creed, or color. He is ready to help anyone, anywhere, at any cost. Only the man who loves God with all his heart will be able thus to love his neighbor as himself.

This war is not just one to preserve democracy but is a war to prevent all the nations and peoples of the earth from being subjugated to political and economic slavery. Dr. O. Douglas Weeks, professor of government at the University of Texas, declares.

American bank deposits are now around \$36,000,000,000—probably some of which isn't yours.

Miss Gene Matthews Pre-Nuptial Supper Wed to Staff Sergeant Harold Lanham Sat. Honors Miss Matthews and Her Fiance

The marriage of Miss Gene LaMar Matthews to Thalia to Sergeant Harold N. Lanham of Perrin Field, Sherman, took place at the Methodist Church in Thalia Saturday evening at 9 o'clock in a candle lighted setting. Rev. Cecil R. Matthews of Lubbock, son of Mr. and Mrs. J. F. Matthews Sr. of Thalia and a cousin of the bride, read the impressive single ring ceremony before a large assembly of friends.

Decorations for the pretty wedding and the background for the ceremony was formed by candelabra decorated with white gladioli and large bows of red, white and blue ribbons and holding lighted tapers in the patriotic colors.

Mrs. G. B. Neill played the wedding music. She accompanied her husband, G. B. Neill, who sang, "I Love You Truly." She played the traditional wedding marches and during the ceremony she played soft strains of "The Flower Song."

The bride, who was given in marriage by her father, was attired in a gown of white marquisette over tulle, styled with a full skirt, and again the color plan was noticed in the bands of red and blue ribbon around the bottom of the full skirt. Her illusion veil was held in place with gardenias and she carried a white prayer book topped with white gardenias and showered with Stephanitis. As something borrowed, she wore a pearl necklace belonging to Miss Evelyn Ward.

Miss Maxine Flesher, daughter of Mr. and Mrs. E. S. Flesher, served as maid of honor and the bridesmaids were Misses Sydney Swan of Crowell, Zella Seales of Vernon, Audra Abston of Thalia and Evelyn Ward of Fort Worth. The maid of honor and the bridesmaids wore formal gowns of white and carried colonial bouquets of red and white gladioli and blue flowers arranged to carry but the national color scheme of red, white and blue.

Corp. Homer Stroud, a close friend of the bridegroom, served as best man and the ushers were Sgt. F. Matthews Jr. of Thalia and Sgt. R. E. Humphries of Foster Field, Victoria.

Mrs. Lanham is the daughter of Mr. and Mrs. T. H. Matthews of Thalia and has been reared at that place, graduating from Thalia High School with the class of 1939. She later attended a business college in Fort Worth.

Sgt. Lanham is the son of Mr. and Mrs. Homer Lanham of Temple. He is a graduate of the Temple High School. He volunteered for U. S. service in the Air Corps in September, 1940. He is now Staff Sergeant at Camp Perrin, near Sherman.

Following the marriage, a reception was held at the home of the bride's parents with the wedding party, relatives and a few close friends in attendance. The table was laid with a lace cloth and was centered with the wedding cake, a large angel cake, mounted on a reflector so that it formed a V for Victory and the three dots and a dash were formed at the base of the cake, which was decorated with the flying field insignia. American flags in color were formed in the icing. Punch was served with the cake.

When the bridal couple left, immediately after the reception, for Sherman where they will make their home, the bride wore a two-piece frock of black mesh with white accessories and a corsage of white gardenias.

The out-of-town guests for the wedding were Rev. and Mrs. Cecil R. Matthews and their son, Eugene, of Lubbock, Mr. and Mrs. Elwin Matthews and son, Jerry, of Lubbock, Corp. Homer Stroud of Sherman, Corp. Barney Humphries of San Angelo, Miss Evelyn Ward of Fort Worth, Sgt. R. E. Humphries of Victoria and Miss Oleta Humphries of Knox City. The only brother of the bride, Homer Matthews, now stationed at Sloan Field, Midland, and his wife were unable to be present.

WESLEYAN SERVICE GUILD
The members of the Wesleyan Service Guild enjoyed a picnic at the Springlake Country Club Thursday evening, June 25. For the program the sponsor, Mrs. M. S. Henry, explained the meaning of the Lord's Prayer. Then games pertaining to geography were played.

Much fried chicken was in evidence, and the following members were present: Misses Dorothy Erwin, Mayme Lee Collins, Ruth Patterson, Florence Black, Lottie Russell, Reed Sanders, Mary Ragland Thompson, Blanche Hays and Mesdames M. S. Henry, M. N. Welch, J. B. Harrison.

The next meeting will be an ice cream supper at the home of Dorothy Erwin at 8:30 p. m., Thursday, July 9.

Peruvian Elected President of Rotary International

Toronto, Canada, June 25.—Delegates representing 5,100 Rotary clubs in some 50 countries of the world, at the final session of the 34th annual convention of Rotary International, today elected Don Fernando Carbajal of Lima, Peru, Rotary president for the year beginning July 1. Mr. Carbajal is vice president of the Peruvian Telephone Company in Lima and is former State Engineer of Peru.

In addition to six directors from North America, the following Rotarians were elected to the board of directors of Rotary International for 1942-43: P. H. W. Almy, Toronto, England; Richard R. Currie, Johannesburg, Union of South Africa; Dr. Manuel Gallego, Havana, Cuba; Don Armando Hamel, Santiago, Chile; Francis A. Kettaneh, Beyrouth, Lebanon; and C. J. Steiger, Zurich, Switzerland.

"Despite war time conditions in practically every country in which Rotary clubs are located," said Tom J. Davis of Butte, Mont., president of Rotary International for 1941-42, "Rotary has progressed this year in numbers and in strength. New Rotary clubs have been organized not only in all of the countries of the Americas, but in Australia, India, Ceylon, England, Wales and Iceland, at the rate of more than two new clubs each week of the year."

The 7,000 Rotarians and members of their families in attendance at the convention listened to a 4-day program of addresses by prominent speakers from many countries of the world, headed by His Excellency, the Earl of Athlone, Governor General of Canada, and participated in numerous discussion meetings which were all keyed to the main convention theme of intensifying each Rotary club's program of war time service to its community and to its country.

Highspots in the entertainment program of the convention were Toronto's Musical Welcome to Rotary with a concert by the Toronto Symphony Orchestra conducted by Sir Ernest MacMillan, the ten-piano ensemble of Toronto's Manifesto Group conducted by Miss Mona Bates, and Gracie Fields, famous British singing comedienne; and a spectacular ice carnival featuring many of North America's finest skaters.

The 34th annual convention of Rotary International will be held in Philadelphia, Pa., June 13-18, 1943.

There are two kinds of voters; the ignorant ones and the ones who vote for your candidate.

30 YEARS AGO IN THE NEWS

The following items were taken in whole or in part from the issue of The Foard County News of June 28, 1912:

Work On School Building
After quite a delay work has been resumed on the new school building and will now go forward as rapidly as possible for it to be pushed. The material has all been received and it is the intention of the contractor and the architect that work be pushed with all possible haste. It may be that some little material will have to be had later but that will be of little importance. We are informed by R. H. Parry, the architect, who came in this week from Fort Worth that the men who are now employed are all specialists in their line of work. The building will be ready for occupancy by the beginning of the next school term.

Leaves for California
H. L. Kinsey and family and J. R. Hutchison and family leave today for the golden shores of the peaceful Pacific, going via Chillicothe and the Fort Worth & Denver Railway. Their car, in charge of Edgar Womack, left last night, going the southern route. Messrs. Kinsey and Hutchison have been residents of Crowell for a number of years, and each of them have contributed in no small degree to the upbuilding of the town and both have been interested in business here and it is with keen regret that we see two such valuable citizens go to another country.

The farmers are busy this week threshing the wheat, and since Sunday the weather has been ideal for the work. The wheat is turning out better than had been expected, and quite a number of wagon loads have been on the streets this week. Farmers tell us that crops are growing as they never grew before, and several have reported cotton blooms.

Jim Bomar, Russell Beverly, Arthur Vernon, W. B. McCormick, Major Johnson, Clarence Self, Carl Tacker and E. Swain left Wednesday for a trip on a hunting, fishing and general good time excursion of several days. They went in old Iron Clad and expect to shoot squirrels from the top-most bough of the tallest tree that can be found and bring from the depth of the deepest hole in the territory the largest fish that exist.

Bruce Gibson returned Sunday from Graham, where he had been for three weeks visiting his mother, spending his vacation and having a good time catching fish, jumping in the old swimming pool and breaking brones.

Beaty Andrews, John Roberts, T. H. Crews, Henry McLarty, and F. A. Short are in full possession of the front end of the old Switzer Lumber Yard property. It has been refitted, remodeled and now being occupied by the above gentlemen. After a personal inspection we can say that the place presents a true home-like appearance, and we find the boys enjoying all the many comforts and conveniences of their new home.

Allen Vancy departed Wednesday for Anderson County, and will visit his brother near Palestine.

Mr. and Mrs. L. G. Andrews came in from Chalk Wednesday to see friends and attend to business.

Mrs. W. B. McCormick left Saturday for Moody, Texas, for several weeks' visit with her parents, Mr. and Mrs. Jno. Clipe.

Miss Grace Self went to Knox City Saturday for a few days' visit with friends.

Misses Mattie and May Klepper are spending a week visiting at Vivian.

"Tomorrow will be another day," says the optimist. "Yes," says the pessimist, "but so was yesterday."

What You Buy With WAR BONDS

Navy Cruisers are built in two classes, light and heavy, the latter displacing about 10,000 tons. Our navy has about an equal number of light and heavy Cruisers, the 10,000 ton Cruiser costing approximately \$20,000,000. Many Cruisers are under construction and many more are needed.

To pay for these speedy and powerful ships with their heavy guns and armament we must buy War Bonds. Citizens of a large town or a given community, working in unity, could buy one of these ships for the Navy if they put at least ten percent of their income in War Bonds every pay day.

Third Annual Cotton Research Congress to Be Held in Dallas

The third Annual Cotton Research Congress, bringing together the outstanding leaders in the cotton and allied industries in the Western Hemisphere, will be held in Dallas at the Baker Hotel, Thursday and Friday, July 9 and 10.

Having the theme "Cotton in War and in Peace," the Congress has invited the general public to visit its displays, which will show the many war uses to which cotton has been put. Another feature of the meeting will be a style show, presented by Neiman-Marcus Company of Dallas, displaying the latest fashions in all-cotton garments.

The Congress is sponsored by the State-Wide Cotton Committee of Texas, of which Burris C. Jackson of Hillsboro is general chairman, the National Cotton Council of America, the Cotton Textile Institute, and the U. S. Department of Agriculture.

Dr. A. B. Connor of College Station is chairman of the program committee. Speakers for the program include Dr. Claudius T. Murchison, New York, president, Cotton Textile Institute; Ben J. Williams, New Orleans, immediate past president, American Cotton Shippers Association; Ed Lipscomb, Memphis, consumption director, National Cotton Council; A. L. Ward, Dallas, educational director, National Cottonseed Products Association; Dr. Henry G. Knight, Washington, D. C., chief, Bureau of Agricultural Chemistry and Engineering, U. S. Department of Agriculture; H. H. Williamson, College Station, director, Texas Extension Service, and Dr. A. B. Cox, Austin, director, Bureau of Business Research, University of Texas.

Workers in glass never have any waste. If anything they make turns out wrong, it is called an ash tray.

There is little accounting for taste, but we would not like to make our money as a snake dance.

Japs Inspect Malaya Ruins

Gen. Tomoyuki Yamashita, Japan's No. 1 soldier, shown leading his staff on an inspection tour of the ruins in Malaya. The general directed the capture of Singapore and then went on to the Bataan and Corregidor in the Philippines. This soundphoto is from an enemy source, and has just been received in the United States.

CLOSED ALL DAY JULY 4TH

Our tailor shop will be closed all day, Saturday, July 4th, in order that the force can take a short vacation and rest.

We are anxious to serve the people of this community to the best of our ability and we want to express our appreciation for your patronage.
