## Mr. and Mrs. Will D. Boydston Observe Golden Wedding

Beautiful baskets of yellow and white iris, gladioli, roses and lillies and arrangements of yellow and white daisies, snapdragons, gardenias and magnolia, which were gifts from relatives and friends, decorated the home of Mr. and Mrs. Will D. Boydston, pioneer West Texas couple, Sunday afternoon, May 30, when they held open house in the home from 2 until 6 o'clock, where they have resided since their marriage 50 years ago.

Mr. and Mrs. Boydston and their three daughters, two grandsons and great granddaughters were hosts for the occasion. They are Mr. and Mrs. W. D. Ferguson and son, Donald David, of Brownsville; Mr. and Mrs. S. L. Stokes, Mr. and Mrs. Sam Boydston Stokes and daughter, Susan Ann, of Corpus Christi, and Mr. and Mrs. Herman Harper of McAlester, Okla.

Mrs. Nellie Mills, Baird, who was organist, and Mr. Buell Jones, of Big Spring who was usher for the wedding 50 years ago, greeted guests at the door. They were assisted by Miss Myrtle Boydston, Baird, Mrs. Ada Uzzell, who was bridesmaid in the wedding, presided at the guest book. She was assisted by Mrs. Mary Reese, Dallas.

The beautiful four-tiered wedding cake was decorated with gold and white flowers, gold love birds and miniature bride and groom. Cake squares carried the emblem 50. Rose bud mints and nuts were served in crystal compotes, and punch was ladeled from a cut glass bowl, an heirloom of the family. The table was appointed with a white satin damask. Mrs. Ellen McGowen, Mrs. Roland Dunwoody, Baird; Mrs. Ethlyn Hicks, Fort Worth, and Mrs. Ben G. O'Neal, Wichita Falls, served cake. Mrs. Melvin Chestnut, Dallas, Mrs. C. B. Snyder, Jr., Mrs. W. T. Payne, and Mrs. Brice Jones, Baird, presided at the punch bowl. Mrs. Fayne Hollingshead and Mrs. Clyde White, Baird, presided at the service table.

Other members in the house party were Rev. and Mrs. A. A. Davis, Baird; Mrs. Charles Keilty, Dallas; Mrs. Gladys Dugan, Dallas, and Mrs. Lyle Hard, Fort Worth.

During the afternoon a musical program, under the direction of Mrs. Vida Hill, violinist and pianist, rendered songs of yesterday and today. Those taking part on the program were a boys' quartet, Jack Hunter, Jack Yarbrough, Ray Kerby and Jimmy Mobley, who sang several numbers; Miss Sue Hooker, vocalist and violinist; Mrs. Mabel George, pianist; Kenneth George, vocalist, who was accompanied by Mrs. Kenneth George, who also played piano selections. Mrs. Sidney Foy and Harold Wristen, pianists, Baird; Dick Naylor, vocalist of McAlester, Okla.; Mrs. Dorothy Harper, daughter of Mr. and Mrs. W. D. Boydston sang, "I Love You Truly," "Because," and "End of a Perfect Day," accompanied by Mrs. George, with violin obligato by Miss Sue Hooker; Mrs. Mills played the wedding march which she played 50 years ago, during the afternoon. Group singing by Mrs. Frank Bearden, Mrs. C. B. Snyder, Jr., Mrs. Sidney Foy and Mrs. Haynie Gilliland and the guests, accompanied by Harold Wristen, completed the program for the afternoon.

Mrs. Ben G. O'Neal of Wichita Falls, in her most gracious manner, paid tribute to her uncle and aunt, Mr. and Mrs. Boydston, in memories of yesterday years. Mrs. Clyde White presented the honored couple with a beautiful gift from their Eastern Star Chapter.

Rev. A. A. Davis, pastor of the First Baptist Church, read from a book published in 1909, a recipe written by Mrs. Boydston on "How to Preserve a Husband." "Be careful in your selection. Do not choose too young, and take only such varieties as have been

reared in a good moral atmosphere. When once decided upon and settled, let that part remain forever settled and give your entire thought to preparation for domestic use. Some women insist on keeping them in a pickle, while others are constantly getting them in hot water. Poor varieties may be made sweet, tender and good by garnishing them with patience, sweetened with smiles and flavored with kisses to taste. Then wrap well in a mantle of charity, keep warm with a steady fire of devotion, and serve with peaches and cream. When thus prepared they will keep for years."

Out of town guests who registered were:

Mr. and Mrs. Boyd Daniel, Dr. and Mrs. H. H. Ramsey, Mr. and Mrs. W. R. Ely, Ethel Hatcher, Mr. and Mrs. P. G. Hatcher, Mr. and Mrs. Harold Austin, Mr. and Mrs. Frank Austin, Mr. and Mrs. B. J. Austin, Mrs. I. N. Jackson, Mrs. Josie Richardson, Mr. and Mrs. Jessie F. Winters, Mrs. Mitt Brock Yantis, Carl Mahan, all of Abilene; Mrs. Mary M. Reese, Mr. and Mrs. Melvin Chestnut, Mrs. Gladys Dugan, Mary Ann Dugan, Mrs. Charles Keilty, Mrs. Charles Spencer Carver, Jr., all of Dallas; Mrs. Ethelyn Hicks, Mr. and Mrs. Lyle Hard, Ft. Worth; Mr. and Mrs. Ben G. O'Neal, Wichita Falls; Bobbie Joe Jackson, Odessa; Claude Flores, Belle Plain; Mr. and Mrs. Olaf G. South and son, Eddie, of Roscoe; Mrs. Maude Cunningham and Marsha of Ozona; Mr. and Mrs. J. E. Mobley, Clyde; Mr. and Mrs. Alton Hutchinson and daughter, Nancy, Mrs. Fred Heyser, Putnam; Mrs. C. T. Clay and son, Robert, Mr. and Mrs. B. O. Jones, Mrs. O. E. Wolfe, Big Spring; Jimmie Ruth Miller, Brownwood; Mr. and Mrs. Pete Cook, Coleman; Mrs. Louise Cook, Mr. and Mrs. R. S. Naylor, McAlester, Okla.; Mrs. J. S. Arretting of Lafayette, La.

Sam Boydston Stokes took colored movies of the party. Marvin Hunter took flash pictures and Lyle Hard of Fort Worth made recordings.

Approximately 300 guests called during the afternoon.

Sunday morning at the Baptist Church, of which Mr. and Mrs. Boydston are members, Mr. Boydston having been a deacon for fifty years, their Golden Wedding occasion was recognized when the pastor, Rev. A. A. Davis, presented a large basket of beautiful flowers in token of love and appreciation. At this service the fact was mentioned that Mr. Boydston has not been absent from Sunday School and church for thirty-seven years, except one Sunday when his mother passed away.

### BAPTIST REVIVAL BEGINS SUNDAY

The revival meeting of the First Baptist Church of Baird will begin Sunday morning, according to announcement made by pastor, A. A. Davis. The Sunday morning service will be held in the church but Sunday night service will be held under the tent, located one block north of the courthouse. All night services throughout the three weeks meeting will be held under the tent.

Evangelist Ray Walker of Belton will do the preaching and Singer Otis Allen of Norton will have charge of the music. Both these workers have been with us in the October meeting last year, and really need no introduction to the people of Baird. They are veterans in the field of Evangelism. Evangelist Walker was for many years associated with the Blue Mountain Evangelists, headed by the late T. T. Martin. He began as a Gospel Singer and later entered the ministry of preaching Evangelism, and has enjoyed a spotless reputation as a singer and a preacher, generally known as the Singing Evangelist. E. Otis Allen is also well known throughout the South as a Gospel Singer. His work with the children and his unique way of handling the Boosters always adds color and inspiration to the meetings.

We invite the general public to attend these services twice daily at 10 a. m. and 8 p. m. Let us come to meeting in the old time way and in the old time spirit.

### SHERIFF'S POSSE BUYS RODEO GROUNDS

Approximately fifteen acres of land, at the east edge of Baird city limits, was purchased Wednesday from C. J. Redwine by the Callahan County Sheriff's Posse for the purpose of holding Baird's big rodeo annually. Equipment owned by the Posse will be moved from the school grounds where the rodeo was held this year and erected on the permanent site. The purchase of the land was discussed at a meeting at the courthouse Tuesday night when a large number of members were present and a committee was authorized to look the site over and close the deal, which was climaxed early Wednesday.

The purchasing committee was composed of J. O. Warren, Slim Manion, A. V. Curtis, W. R. Spence, N. L. Dickey, N. A. Waldrop, S. W. Lilly and Everett Hughes.

Perry Hughes was elected to become secretary-treasurer of the Sheriff's Posse upon the resignation of J. Marvin Hunter, Jr., who has served since the organization was created. The Posse will hold weekly meetings at 8 p. m. each Tuesday until the current plan of establishing a permanent rodeo ground is completed. It was expressed at the meeting that monthly meetings would then be held to carry on the regular affairs of the organization. Some mention was made regarding the sale of stock in the corporation with which to improve the rodeo grounds, but further details will be worked out on this at a later date.

## Pioneer Reunion At Cross Plains

Cross Plains will be the location for the Callahan County Pioneer reunion this year, according to action taken at a director's meeting last Saturday in Baird. Invitations to hold this year's reunion at Cross Plains and Denton community were extended and Cross Plains was selected by a vote of four to three. It has been a rule for some time to hold the reunion in various parts of the county. The old settlers came to Baird last year and the year before, at which record crowds attended and both affairs were successful in all ways.

Commissioner Claude Foster presented the invitation from Cross Plains and Roy Kendrick invited the pioneers to come to Denton.

President N. H. Stephenson conducted the meeting and the following committees were selected to carry out plans for the reunion: Badges, W. E. Ramsey; Publicity, editors of the county papers; Ice water, county commissioners; Concessions, Fred Heyser and B. H. Freeland; Registration, Mrs. B. L. Boydston and Mrs. Maggie Cook; Nominating, Roy Kendrick, S. F. Bond and Hugh McDermitt; Program, Mrs. L. L. Blackburn, Mrs. Fred Heyser, Mrs. Blain Odum and Earl Hays; Awards, B. H. ### SLIM DUNGAN ACCIDENTLY SHOT IN THE ARM

Slim Dungan was painfully injured Wednesday afternoon when a .22 bullet accidentally struck him in the left arm. A .22 rifle in the rear of his pick-up was discharged while traveling over the pasture roads nine miles northeast of Baird. Mr. Dungan, accompanied by Gilbert Hinds, had been hunting bullfrogs to cook and serve at a picnic that night. They had left one stock tank and were going to another a short distance away when the gun went off. The bullet is said to have pierced the cab and lodged in Mr. Dungan's upper left arm. Mr. Hinds rushed him to the hospital where the bullet fragments were removed.

### TO HOLD ANNUAL PICNIC AT PARK JUNE 16

The annual picnic of the Callahan County Club will be held at Hickman Park on Wednesday, June 16, at 6 p. m. The business men will invite their wives and friends to the picnic which promises to be the outstanding occasion for the year. A committee composed of Brice Jones, A. H. Pritchard, C. W. Sutphen, J. A. English, and Marvin Hunter will arrange the details of the affair. The time was set at 6 p. m. to give all an opportunity to attend prayer meeting at the churches on time after the picnic. The menu will include baked ham and fish. Fishermen are asked to bring their catches to the park early that they may be fried in time for supper. The ham will be served whether or not the fishermen have luck.

F. E. Mitchell reminded the club members to attend the water district hearing at the court house at 10 a. m. June 9th, and appealed to them to support the effort to provide Baird with water.

Mrs. Herman Harper was speaker at Wednesday's luncheon. She spoke on the subject of "Wheel of Pride," in which she compared the City of Baird to the hub, the business men as the spokes and pride of the people as the rim. In pointing out that P stands for provision, R for right, I for initiative, D for do, and E for energy, Mrs. Harper spoke directly to the business men of the town and placed credit for the modern achievements and blamed them for non-progressiveness of the town. She pictured Baird with a fine depot at one end of the street and the splendid courthouse and county hospital at the other, but it is what lies "in between" that she directed most of her remarks. The dangerous cobblestone sidewalks, the broken windows, the run-down appearance of some of the business houses were brought into the picture, and she suggested that electric signs should replace the old board signs at the front of the store buildings. Services of the town were raked over the coals in her talk, such as is rendered by Western Union, the telephone company, mail service, special baggage service, and others. She stated that Baird people should have a good or better services than do residents of larger cities. Mrs. Harper told of someone who did not keep up with the comings and goings of the town because they did not read the Baird Star as a point in her talk to get business men to make use of the facilities that are available to promote the town. She said "a shroud has no pockets, and you can't take it with you. The progress you make here will live as a monument to your children and grandchildren on through the years." Mrs. Harper received a thundering applause, even though her remarks struck many of those present.

Hamilton Wright, roving reporter of the Abilene Reporter-News, urged Baird people to get in behind the movement to obtain an adequate water supply for the town. He stated that many people want to live in Baird, and if we had plenty of water, the town would grow in leaps and bounds. Rev. W. B. Hicks of Abilene, was also a guest at the luncheon. He stated that he plans to live 969 years and he doubted if the dam would be built on the last year of his life. President Randall Jackson reflected a sweeter note to the conversation when he stated that there was much that needed to be done, but Baird was on its way to becoming a better town, and that many steps forward had been made here during the recent past. Baird is a much better town now than it has ever been and one by one modern buildings and homes are being erected in our modernization program.

Miss Betsy Hickman is visiting in Slaton and Big Spring this week.

## Pat Bullock Asks Return To Senate

To the Voters of the 24th Senatorial District:

Early in January of this year I announced my candidacy for re-election to a second full term in the Texas Senate. I now want to take this opportunity to solicit the votes and influence of the citizens of this district in the July primary.

During my service as your Senator the Lieutenant Governor has seen fit to place me on a number of the most important committees in the Senate.

In addition to my regular assignments, I was appointed on the following special committees: The powerful Senate Investigating Committee; the Educational Investigating Committee, and the Joint Legislative Rural Aid Committee which supervises the distribution of Rural Aid to the various school districts of Texas qualifying to receive aid under the law.

I have tried earnestly to represent the people of the 24th Senatorial District as well as all of the people of Texas while serving on committees and when casting my vote on the Senate floor. I have never dodged an issue nor have I even ridden the fence on any measure.

Since becoming a member of the Senate I have consistently opposed new taxes of any type. Our tax burden is too heavy now. If and when new taxes are needed to adequately finance our state government, they should come from sources other than an ad valorem or sales tax. I am unalterably opposed to a general sales tax.

I favor an Old Age Pension plan that is complete and satisfactory in order that the needy aged may be properly cared for.

I want a more suitable solution for paying teachers a living wage, which they must have if we expect to secure good teachers for the all-important job of training the youth of Texas. I favor distribution of school money by the State on an attendance basis, since there is no reason why \$55.00 per child, or any other amount should be sent to the school districts on the basis of a head count only whether the child attends school or not.

I will continue to fight to keep our tidelands for the school children of Texas.

I strongly favor an adequate Farm-to-Market road program in Texas but I am opposed to forcing farmers to pay for their own Farm-to-Market roads by the abolition of the four cent gasoline refund law. The law allowing refunds to farmers on tractor-used gasoline should never be repealed and I shall continue to fight to see to it that it is never repealed.

There are many other matters vital to the welfare of our people which I would like to discuss but space does not permit. I hope to see as many voters as possible personally, but it will be impossible for me to see all of you. I therefore, take this method of soliciting your support in my campaign for a second full term in the Texas State Senate and I pledge you now that I shall always be found working diligently in the interest of the people of the District and of Texas.

STAND PAT WITH PAT FOR A SECOND FULL TERM.

Sincerely yours,  
PAT BULLOCK,  
Colorado City, Texas.

**HIT THE HOPPERS HEAVY**

Young grasshoppers are now swarming in the ditchbanks, along the fence-rows, roadsides, railroad right-of-ways and around the edges of fields and pastures. They have not yet invaded the cultivated croplands.

The areas in Texas that have been hardest hit so far are in the Blackland area from the Red River Valley southward to Seguin and Karnes City, and along the Brazos River bottoms from Waco to Bellville. The same situation holds true for the many other river and creek banks in this area, where the grasshoppers cover the vegetation in almost a solid mass.

There will be lots of damage from the grasshoppers in three or four weeks unless something is done about it now. During recent years grasshoppers have been controlled with bran-sawdust, sodium fluosilicate bait poisons, but this year farmers have chlorinated camphere, chloro-dane, and benzene hexachloride (BHC) to use. Sprayed or dusted along the edges of fields, ditchbanks or fence rows, these poisons give a quicker control and continue to kill longer than the standard bait poisons. And one of the main reasons for this is that the poison is up on the grass where the hoppers are and not down on the ground.

As with nearly all poisons, there are a few precautions to

take when dusting or spraying these insecticides. It is not a good idea to feed dairy cattle forage that has been treated with these sprays or dusts because there is a chance that the poisons might accumulate in the fatty tissues and later be passed on in to the milk and butter.

Beef cattle are not harmed to any extent with small doses of these sprays or dusts on forage, but over a period of time, the meat may become unfit for food. For the same reason, it is not recommended to spray the entire pasture, since grazing cattle, in time, might easily be affected. Dusting or spraying around the edge of the pastures will get a large majority of the small hoppers that will later invade the pastures, and field crops.

Entomologists suggest that you don't spray or dust toxaphene on fruits or leafy vegetables when such fruit or leaves is to be used as food, unless you are absolutely certain that the residue can be washed or stripped off.

Avoid applying these insecticides to legumes when in bloom or at the time of day when bees are active in the field, since these sprays and dusts are poisonous to the bees.

If you will hit the hoppers heavy now with poison sprays, dusts, or bait, there will be little or no crop damage later on when you begin to count up the profits.

The mixing station this year will be located in Clyde at the Callahan County Farmers' Co-Op. Farmers desiring bait are instructed to go there for the Federal bait material. The station will open as soon as there are calls for it.

**FINE TODAY — POOR TOMORROW**

Permanent pastures change from cool, fresh, dark green grazing in the spring to a dry, stemmy, dormant condition in the summer. It's fine today, but tomorrow or the next day or some time this summer, it will be a different story. In the late summer the permanent pasture grasses are not as good eating for the livestock as they are now. Then is the time cattle want something besides the dry, brittle grass. Then is the time for sweet sudan.

Sweet sudan is the ideal grass for temporary summer pasture. It is adapted generally throughout the Texas croplands, and can be planted from spring to early summer, depending upon the moisture. Crossfencing for rotation grazing and for cutting any

surplus for hay or silage is well forth while.

Johnson grass, even though it lives from year to year, grows better if it is cultivated, fertilized and has good grazing management. A good grazing combination is Johnson grass and sweet clover.

There are several general steps in growing sweet sudan; prepare your land the same as for other crops, plant about 10 pounds of seed per acre in rows and cultivate as other row crops.

When the pastures are at their best, that is the time to plant more. The best way to have high producing, year-round grazing is to plan ahead, so that new grasses are ready for grazing when today's grasses in permanent pastures are passing beyond their peak production.

Sweet sudan grass is popular because it has a large quantity of forage high in total energy value, vitamins, minerals and protein. It is leafier, heavier yielding, more palatable and livestock like it better than common sudan.

**TAX DEADLINE**

George J. Schoeneman, Commissioner of Internal Revenue, reminded taxpayers of the termination, effective June 15, of the wartime provisions which allowed general postponement of income tax returns of persons who were out of the country.

The general postponement provisions were of particular benefit to members of the armed forces, but most of these men and women have long since returned home and have filed whatever returns were necessary. Public Law 1384, enacted on August 8, 1947, accordingly terminated the wartime postponements as of December 31, 1947, but authorized the Commissioner to make other provisions to avoid hardships. Under this authority, Commissioner Schoeneman set the termination date at June 15, 1948, for persons still abroad at the beginning of the year, and fixed slightly earlier dates for persons who came back earlier.

Further extensions will be allowed only when necessary to avoid hardship in individual cases. An individual needing additional time should write a letter to the office of the Collector of Internal Revenue for the district where he maintains his legal residence or where he normally files his returns.

Civilians who have been working abroad also are affected by the deadline.

Commissioner Schoeneman also reminded families of deceased servicemen that December 31, 1948, will be the deadline for filing claims for the refund of 1941-1944 taxes paid by men who died while in active service in the armed forces between December 7, 1941, and December 31, 1947, inclusive. Claims for later years may be made within three years after the return was filed, or two years after the tax was paid, whichever is later. Claims should be filed on Form 843 with the Collector of Internal Revenue to whom the tax was paid. The collector's offices will be glad to help next-of-kin relatives prepare these claims.

**PAINT FOR PROTECTION**

Painting a house or a barn does make it look nice, but the real reason behind painting is to protect the building. If your home or farm building has not been painted during the past four or five years, now is the time to tend to that job, says W. S. Allen, extension agricultural building engineer of Texas A. & M. College. To let the job go any longer means that the surface of the siding may need more careful and expensive preparation for repainting.

Local conditions play an important part in the selection of paints. For example, in warm, humid climates harder types of paint that contains greater amounts of zinc oxide usually stand up better than soft paint. And in the extra dry sections, it is the other way around. Soft paints containing mostly white lead are better.

There is a good supply of ready-mixed paint of high quality to suit local conditions, and it can be had in nearly any color. Allen says to remember that a paint job is no better than the application. A good painter will take off all the old loose paint and make sure the surface to be painted is dry before he starts his job. Even the best paint will fail if it is applied right after a shower, or in foggy, humid weather.

One of the important things to do before starting a paint job is to be sure the paint is mixed right. Too much oil causes the paint to dry slowly, get dirty and fade. And, not having enough oil causes the paint to wear off rapidly. Cracking is caused by hard quick drying of heavy, oily mixtures. Too much thinner in the paint or not enough coats will usually cause chalking.

Two coats of paint is all right when the surface is in good condition and most of the old paint remains after sanding, brushing and scraping. Otherwise, says Allen, three or four coats are needed. The cost might be more, but you can rely on having a more lasting, satisfactory job.

**LAST SUMMER'S DRESS**

The dress you thought too long last summer may be still too short for the current style, but there are ways of making it longer and more stylish, too. "Study the styles in newspaper ads and fashion magazines to see how materials are combined in dresses, and you'll be surprised to see how many ways you can make your last summer's dress look like new," advises Nena Roberson, associate extension clothing specialist for Texas A. & M. College.

She says you'll find eyelet pique used in many ways. A skirt can be lengthened from 2 to 6 inches by using one or more bands of the pique.

Bands of contrasting color, bias plaids or striped material will not only lengthen the skirt, but bring life and color to a discarded dress. A yoke added to the top of a skirt is a good way to get the "new look" in length and hip styles, too, says the specialist.

A bias fold or a "petticoat ruffle" added to the bottom of a full skirt can add 2 inches and fit into the current styles as well.

The specialist suggests that all dresses made this summer have a good hem, and all new clothing bought or ready made have generous hem in addition to being the proper length. This proper length depends upon the woman her height, for there is no definite number of inches from the floor for all women to follow. Many stylists say from 11 to 13 inches is within the fashion,

but Miss Roberson says the very tall, slender woman might wear her skirt 13½ inches while 10½ inches from the floor might be more becoming to the very short woman and yet both be fashionably correct.

**WARNING AGAINST TYPHOID FEVER**

Austin — A warning against the hitch-hiking germ of typhoid fever has just been issued by Dr. Geo. W. Cox, State Health Officer. They must catch a ride from an infected person to the well person; that is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who, even after recovery, carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by eating foods or drinking milk that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being vaccinated. Inoculation with typhoid vaccine, a week apart, is all that is necessary to secure protection against this disease for two years. The purity of water, milk, or food cannot be judged by looking at it so the best thing to do is to play safe and have your physician protect you.

**PATRONS CONSUMED 5,505 GALLONS OF COFFEE**

Dallas — On the first birthday of its complimentary coffee hours for passengers, Texas & Pacific Railway finds patrons have consumed 5,606 gallons of the beverage -- both hot and iced.

That's 600 gallons more than it takes to fill one of the T&P's giant Texas-type locomotive fuel oil tanks.

It's about the same amount of fuel used by one of these engines tugging a T&P freight the 253 miles from Ft. Worth to Texarkana.

J. H. Findley, T&P superintendent of dining cars, says that his year-long tally shows the ratio of coffee consumption between coach and sleeping car passengers at about five-to-one -- five times as many coach passengers drinking coffee as those in the sleepers. This is largely due to the bigger volume of coach passengers, however, some of the difference can be laid to the beverage being served right at the coach seat, whereas sleep occupants must walk to the diner.

T&P figures on this twice daily refreshment feature for its passengers show that the record coffee consumption month during the first year was July, 1947--13,080 cups' worth. The average monthly rate for 1948 is running at about 8,000 cups.

SLATON WEDDING OF INTEREST HERE

Ushering in the season for June brides in Slaton was the formal tea given Sunday afternoon, May 24, from three until six in the home of Mr. and Mrs. R. D. Hickman in Slaton, announcing the approaching marriage of their daughter, Nina Ray, to Jack Nesbitt, son of Mr. and Mrs. John Nesbitt of San Angelo.

The receiving room was made lovely with pink roses, sweetpeas, and carnations. Greeting guests at the door were Mrs. Fred England, Mrs. Lee Wootton, and Mrs. K. L. Scudder. In the receiving line were Mrs. Hickman, Nina Ray, Mrs. John Nesbitt, Miss Ruth Austin and Mrs. Buck Nesbitt of Lubbock.

Soft music was played throughout the receiving hours by Mrs. Webber Williams, Mrs. Roy Mack, Mrs. R. M. Thomas of Post, Misses Joyce Pember, Jean Holt, and Mary Herral. Patsy Hickman, young sister of the bride-elect, sang several numbers during the afternoon, accompanied at the piano by Mrs. L. A. Herral.

The wide doorway between the receiving room and dining room was framed by a luxuriant branch of pink roses. The dining room was resplendent in white and gold. The table was covered with a cutwork linen cloth and centered with a reflector holding a tall crystal bowl of white stock from which double ruffles of net led to bride's nosegays around the edge. Tall white tapers in crystal holders were used and wide white satin streamers with gold lettering announced the June wedding. Frosted punch was served from a cutglass bowl with cakes, mints and nuts, and white napkins with "Nina Ray and Jack" printed in gold. Alternating at the serving table were Mrs. D. J. Neill, Mrs. J. E. Parker of Post, Mrs. O. O. Crow, Miss Emma Young of Belen, N. M., Mrs. A. C. Sanders of Lubbock, and Mrs. Vernon Haws of Post. Others in the dining room were Mrs. Bobbie Edmondson, Mrs. K. C. Scott, Mrs. R. L. Smith, and Miss Wilma Jean De-Busk.

White stock and larkspur decorated the bedroom in which guests were registered by Miss Alice Gene Meading, Mrs. Robert Green, and Mrs. Milton Fields. One hundred and eighty-five names were registered in the white and gold bride's book.

Miss Hickman is a sociology major in Texas Technological College and will receive her B. A. degree in June. Mr. Nesbitt was a Tech student for two years and has been studying optometry in Pacific University in Oregon for the past semester.

Miss Hickman is well known in Baird, having visited here many times. She is a niece of Dr. R. L. Griggs, Mrs. Stella Smith and Ace Hickman.

TO BUILD NEW HOME J. Marvin Hunter, Jr., sold his residence to Mrs. Nettie Scully of Abilene and purchased a plot of ground from Olin Jones, where he plans to erect a new home. Mr. Jones also recently sold a building site to J. V. Thompson on Delightful Hill, and Mr. Thompson is making plans to erect a new home there. Lee Loper will be the third new home builder on this street, and prospects are good for the street to become an attractive neighborhood.

SUSAN WALKER AND OLTON POOL, JR. WED

Before an altar banked with mock orange and cedar, and flanked on either side by large baskets of pink gladioli, Miss Susan Elizabeth Walker, daughter of the late Fred Graves Walker, head of the Chemistry Department in Sul Ross College from its founding until his death in 1943, and of Mrs. Kathryn W. Walker, associate professor of English in Sul Ross College, became the bride of Olton Barea Pool, Jr., son of Mr. and Mrs. Olton Pool of Baird.

Reverend Austin H. Dillon read the single-ring ceremony in the First Methodist Church of Alpine at 4 o'clock Friday afternoon, May 28.

The bride, given in marriage by her uncle, Clayton W. Williams of Fort Stockton, wore a street-length dress of white rayon crepe with hand-painted sprays of multi-colored flowers across the front. Her accessories were of white and she carried a colonial bouquet of white gladioli and stephanotis.

Miss Catherine Emilie Brown attended the bride as maid of honor. Her dress was of aqua buteher's linen with pink accessories and she carried a colonial bouquet of gladioli.

Ceremonial music was given by Mrs. Austin H. Dillon, organist, and "Because" and "Through the Years" were sung by Mrs. Calvin Richmond.

After the ceremony the bridal party received the guests as they passed from the church. Miss Harriet Walker, sister of the bride, was in charge of the Bride's Book.

Mr. Pool is a veteran of World War II, having served in the U. S. Navy. Both he and Mrs. Pool plan to continue their studies at Sul Ross College.

Are you planning to head for your favorite picnic spot this week-end? Then now's the time to head for the big round-up of picnic foods at your thrifty A&P. When you feast your eyes on these wonderful buys, I'm sure you'll agree that it's a picnic to shop at A&P.

"PICK-UP" PICNIC SALAD

If you like potato salad, but don't like being burdened with plates and forks when you go picnicking, here's how to turn it into finger fare: Place each portion on a slice of bologna, and roll to form a cornucopia. And if you want to add that "chef's touch" to your salad, be sure to make it with plenty of delicately spicy ANN PAGE FRENCH DRESSING from the A&P. It's simply delicious and a fine value, too.

THERMOS THREEsome

To fill picnickers with delight, fill your thermos with one of the 3 grand-tasting blends of A&P COFFEE... EIGHT O'CLOCK (mild), RED CIRCLE (medium) or BOKAR (strong)! They're all as fresh as all outdoors because A&P COFFEE is sold in the whole fresh bean... then Custom Ground before your eyes, just right for best results in your coffeemaker.

BREADS FOR SPREADS

Picnics call for good sandwiches, so I call for MARVEL breads at your A&P whenever there's an outing in the offing. For hearty sandwiches I choose crunchy-crust MARVEL RYE BREAD... for daintier ones, thin-sliced MARVEL SANDWICH BREAD and MARVEL RAISIN BREAD.

"OUTSIDE IN" CUP CAKES

Since frosting on the outside of picnic cup cakes usually ends up on the outside of picnic-goers, I cut off the tops of my cakes, put the frosting inside and replace the tops. For this "inside job" I melt 2 tbsps. shortening, remove from heat, and add 1/2 cup A&P's flavor-rich IONA COCOA, a dash of salt and 1/2 cup milk, stirring till thickened. Then I add 2 cups confectioners' sugar gradually and 1/2 tsp. vanilla, and beat well. This makes enough for a dozen medium-sized cup cakes.
