## Confers With Hull

Normura Kichisaburo, secretary of state, after conference with Secretary of State Hull. Both Normura and the secretary refused to divulge the nature of their conference.

## Each Announces Schedule for 1941 Football Season

The Crowell High School football team has ten games scheduled for this season; four practice games and six conference games. The season will start Friday night at Matador and the first home game will be with Paducah Friday night at Matador. Quannah at Matador and Floydada at Crowell will be the other practice games. The first conference game will be Monday at Crowell, Oct. 10. The complete schedule is as follows:

Sept. 12.	Matador at Matador.
Sept. 19.	Paducah at Crowell.
Sept. 26.	Quannah at Quannah.
Oct. 3.	Floydada at Crowell.
Oct. 10.	Monday at Crowell.
Oct. 17.	Chillicothe at Chillicothe.
Oct. 24.	Iowa Park at Crowell.
Oct. 31.	Open.
Nov. 7.	Holiday at Holliday.
Nov. 14.	Seymour at Seymour.
Nov. 21.	Archer City at Crowell.

## Practice Football Scrimmage Here Saturday Night with Turkey Turks

### Won by Crowell Wildcats, 20-0

The Wildcat football team finished its first week of training Saturday night by scrimmaging Turkey Turks. The local boys won by a score of 20 to 0 over the light class B boys. Every member of the squad was used as much as possible in the game. All three touchdowns were pushed over by the first string boys over the line up. Coaches of both teams remained on the field to correct faults; there wasn't any refereeing for the contest, and the scrimmage was only for practice and will not count officially. Elateck, Bird and Spears were the touchdowns, but the score of the game was the down blocking of the Crowell boys. Owens, tackle, and Bobby Spears, fullback, for the Wildcats were very effective on defense. Home, fullback for Turkey Turks and picked up several first downs through the Crowell line. The Turks were right on the Wildcat goal line just before overtime ended, but a bad pass from their center cost them a chance of their only score. The following boys saw service in the contest for Crowell: Alton White, Cecil Parkhill, and Alton Adams, ends; T. L. Owens, tackle; Paul Vecera, Fred Veera, Bobby Jo Hunter and Gordon Hays, guards; Kenneth Spear and J. W. Sallis, centers; Bobby Spears, Albert Bird, Rudolf Elateck, Dewitt Cauthan, Bill Jones, C. J. Kelton, Pat McDaniels, John Carter and Ray Davis. The Wildcats will open their season officially next Friday night at Matador when they take on the Turks. Matador finished their district race last week as Crowell did in district play; these clubs fought to a

## Observers' Corps of the Aircraft Warning Service Organized; Ten Stations Will Be Located in the County

At a meeting held in the office of County Judge Leslie Thomas, chairman of the Aircraft Warning Service for Foard County, the Observers' Corps of the Service was organized with the members of the Commissioners' Court and Henry Black, D. R. Magee, Fred Brown, Otis Gafford and Ernest Patton present. Ten observation posts are to be inaugurated in Foard County to be located throughout the county as designated by the War Department through headquarters of the Interceptor Command. Through Headquarters of the Interceptor Command these stations have been located in Crowell, Margaret, Thalia, Foard City, Four Corners community, H Anchor Ranch, Baxter Johnson Ranch, Leslie McAdams Ranch, Oscar Fish Ranch and Burnett Ranch. These observation posts are to be organized through an organization post organizer for each post. The organizers for the various posts in the county will be announced later. The organizer is to investigate the area for the post personally, select the best place for observation and telephone service and secure the voluntary use of the premises and telephone for the post. It is desired that where possible a direct or individual line telephone be used. If it is impracticable to obtain an individual line telephone, then a party line may be used. The post should be so located that observers can reach the telephone within fifteen seconds after the observation of airplanes. The telephone and premises must be available for immediate access for day and night service; all telephone calls are paid for by the Federal Government. Each post organizer is to secure sufficient volunteer workers to man the post for constant duty when called upon by the Interceptor Command. These volunteer workers are to work without pay; can be either men or women, but men must be outside the draft age or unit for combat duty. Volunteers should be selected without regard to race, creed or color; they must be trustworthy, diligent to study and able to recognize, locate and report the numerical strength, altitude, type, direction of movement and time of observation of the aircraft spotted; they must have the time and physical capacity to remain alert to carry out assignments. Post Observers are required to provide their own transportation to and from the observation posts; each volunteer will be subject to investigation as to background. At the present time the only uniforms will be an arm brassard or other simple means of identification to be furnished by G. H. Q. Air Force.

## Leaf Worms Doing Damage to Cotton in Foard County

Leaf worms are working on cotton all over the county; it was reported Wednesday by John Nagy, county agent. They are worse in some places than others. Mr. Nagy stated, but they are spreading fast. Mr. Nagy recommends that farmers use some kind of poisoning, where possible, as he believes the worms will damage the cotton yield to a great extent, even where the stalks have many bolts already matured. The following poisons are being used successfully: Calcium arsenate as a dust for the control of cotton leaf worms should be applied at the rate of 5 to 7 pounds per acre. If used as a spray, 3 lbs. of calcium arsenate to 50 gallons of water. Lead arsenate may also be used in the control of worms and can be used at same rate as calcium arsenate. Paris Green when used as a spray should be used in the following proportion: One-half pound of Paris Green, 2 pounds of hydrated lime to 50 gallons of water.

## Mrs. Harry Koch Succumbs Sept. 1

Mrs. Harry Koch, wife of the veteran editor, Harry Koch of the Quannah Tribune-Chief, and pioneer resident of Quannah, passed away Monday, Sept. 1, at the Medical Arts building in Dallas, following a short illness. Funeral services were held at the Koch home in Quannah, Tuesday evening, Sept. 9, by Rev. Dallas Lee. Dr. T. D. Frizzell also made a short talk. Mrs. Koch is survived by her husband, two sons, J. Anton Koch of Eureka, Kansas, and Fred C. Koch, of Wichita, Kansas; two sisters, Mrs. L. B. Simmons, Quannah and Mrs. Fred Chase of Quannah; one brother, Penn Mixson, of Duncan, Okla. Six grandchildren also survive.

## Building New Home

J. A. Garrett is having a new home built on his farm about one-half mile west of Crowell. The house will be 28 feet by 40 feet and will contain 15 five rooms with all modern conveniences. The contract for construction has been let to R. O. Wilson. BIRTHS To Mr. and Mrs. Willie Parkhill, a boy, Hansel John, Sept. 8. To Mr. and Mrs. Homer Johnson, a son, Melvin Ray, Sept. 8.

## More Merchandise Needed for Free Auction

For the past two Saturdays Crowell business men have been sponsoring a free auction for the particular benefit of the people of this trade area. More articles of merchandise, livestock, or anything any person has that they need to convert into cash are needed to make this free auction day successful. It was announced Tuesday by Irving Fisch, vice president of the Farmers' & Business Men's Association. "If it is not worth the time and effort of the people of this section to bring in whatever they might need to sell at no expense whatsoever, there is no need for the business men of Crowell to spend time and money to promote this free service," Mr. Fisch stated, "although they are willing and anxious to continue its promotion if the people will co-operate in bringing in enough merchandise, implements, livestock, etc., to make the occasion worth while." Mr. Fisch wants to make an especial appeal to the citizens of this area to support the free auction and assist in making it a real success, otherwise it may be necessary to discontinue this event.

## 2nd Bale of 1941 Cotton Ginned at Co-Op. Saturday

Bale Brought in by T. W. Lewis from Ferguson Farm

The second bale of the 1941 cotton crop of Foard County was ginned at the Farmers Co-Op. gin in Crowell for T. W. Lewis Saturday. The 1,980 pounds of seed cotton, which was ginned free at the Farmers Gin, turned out a 510-lb. bale and Mr. Lewis was paid 18 cents per pound by the Farmers Co-Op. Association. Seed from this bale, amounting to 770 pounds, were also bought by the Farmers Gin at \$45 per ton, bringing the owner \$19.25. The total amount received by Mr. Lewis for his first bale of cotton was \$111.05. The price of ginning seed cotton was set at 25c per hundred weight, bagging and ties, \$1.50. The capacity of the cotton house at the Farmers Co-Op. gins is being doubled to make it possible to take care of what at the present time promises to be a bumper cotton crop.

## First Bale of 1941 Cotton Ginned by Thalia Co-Op. Gin

The first bale of the 1941 cotton crop in the Thalia community was ginned this week at the Farmers Co-Operative Gin and weighed 590 pounds, and was bought by the gin at 17 1/2 cents per pound. The bale of lint cotton brought \$103.25. Seed from this cotton weighed 850 pounds which were also bought by the gin at \$45.00 per ton and amounted to \$19.12, making a total of \$122.37. The 1950 pounds of snap cotton was brought to the Thalia gin by E. B. Walsor and was raised on the J. C. Taylor farm east of Thalia.

## Large Crowd Attends Picnic of Crowell Farm Loan Ass'n.

A large crowd was present for the annual picnic and business meeting of the Crowell National Farm Loan Association which was held Saturday afternoon at the North Pocket Park. Following the picnic supper, members present held a business meeting and re-elected Silas Moore and C. P. Sandifer as directors to a 3-year term, respectively, which will expire in 1944. Other directors of the association, as previously elected, are J. J. McCoy and W. A. Cogdell, whose terms expire in 1943, and H. E. Davis whose term expires in 1942. Present officers of the local association include Silas Moore, president; J. J. McCoy, vice president, and J. C. Thompson, secretary-treasurer.

**NEW CAR REGISTRATION** Only one new motor vehicle was registered in the office of A. W. Lilly, tax assessor-collector, during the past week, a 1942 model: J. L. McBeath, Chevrolet pickup.

## Third Free Auction Sale Will Be Held in Crowell Next Saturday; More Articles Needed for the Sale

Maggie Eavenson won the first prize of \$3.00 and Mrs. R. S. Haskey won \$2.00 as second prize in the old fiddlers' contest, held in connection with the second free auction sale in Crowell last Saturday afternoon. Many items were auctioned off free of charge during the sale which started at 2:30 o'clock. Col. C. T. Bowden was again employed as the auctioneer. The third free auction will be held next Saturday beginning at 2:30 on the south side of the square. It is being urged by those in charge of the free auction that more items such as furniture, implements, livestock, and any other articles that are needed by the people of this territory be brought to Crowell Saturday and sold to the highest bidder. Goods will be auctioned without any cost to the owner. The free auction is being promoted and paid for by the business men of Crowell. The entertainment feature for next Saturday will be a singing contest, in which male and female quartets and duets will compete. Quartets of mixed voices will also be allowed to enter. First prize in this contest will be \$3 cash, second prize, \$2. All singers are invited to enter this contest.

## Mrs. S. T. Lilly Succumbs in Las Vegas Friday

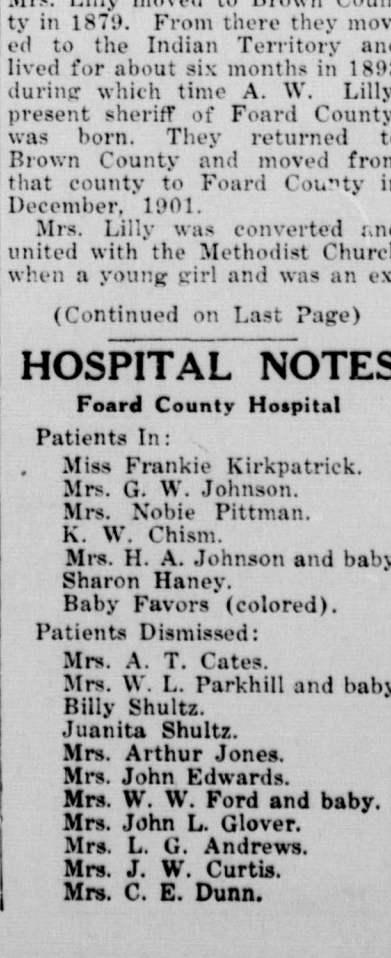

Funeral Services Held at Foard City Church Sunday

Mrs. S. T. Lilly, 83, pioneer resident of the Foard City community, died in the Las Vegas, (N. M.) Hospital Friday, Sept. 5, following a serious illness of nine days. At the time she became ill she was visiting her daughter, Mrs. J. R. Shaum, in Las Vegas. The Womack Funeral Home ambulance arrived in Crowell Saturday morning with the body which was taken to the home of Mrs. Lilly's son, R. B. Lilly, in the Foard City community. Funeral services were held from the Foard City Church Sunday morning at 10 o'clock, conducted by Rev. I. T. Huckabee, pastor of the Foard City and Truscott Methodist Churches, with Rev. W. B. Fitzgerald, pastor of the Crowell Baptist Church.

## Crowell Schools Opened Monday with 606 Pupils

The Crowell schools opened gram for high school students and grammar school students and visitors in the auditorium. Talks were made by Judge Leslie Thomas and Supt. I. T. Graves. A number of Truscott patrons attended the opening program. This is the first year pupils from Truscott have attended the Crowell High School. The enrollment Monday was 606, 22 less than at the opening of the 1940 school term. It has been announced by Supt. Graves. It is thought that a number of students are being kept out on account of being employed and when these all come in the total enrollment will equal that of last year, or probably will show an increase. According to figures released by Mr. Graves the enrollment is as follows: High School, 213; Intermediate, 156; Primary, 237. The only department that shows an increase is the primary department which gained 7 pupils over last year.

## Duke of Kent Welcomed to New York

His royal highness, the duke of Kent, brother of King George VI of England, is welcomed to New York city by Mayor Fiorello H. LaGuardia. The duke, in a plane of the Canadian air force, landed at LaGuardia field, where this picture was made. He took an automobile for Hyde Park, where he spent the week-end with President Roosevelt.

## W. W. Boyd, Former Crowell Resident, Died September 2

Mr. Boyd bought a stock farm in Wise County about ten miles east of Decatur in 1939 and he and Mrs. Boyd moved to their new location in February, 1939. They lived in Crowell for several years and from 1933 to Feb. 7, 1939, Mr. Boyd operated a school bus for the Crowell schools. Funeral services were held at Christian's Funeral Chapel in Decatur at 2 p. m. Thursday. Interment was at Deep Creek. Mr. Boyd is survived by his widow, a daughter, Mrs. G. W. Korfay, Dallas; a son, Paul B. Boyd, San Francisco; a stepson, Gilbert Allen, Decatur; a stepdaughter, Mrs. Reid W. Bond, San Francisco; two grandchildren, Mary Lou and Glen Boyd, Seminole; a sister, Mrs. Ida Tippit, Fort Worth, and seven brothers, Lesley Boyd, Crane, Texas; Ben A. Boyd, Oakland, Calif.; Joe W. Boyd, John S. Boyd, Loyd Boyd and Emmitt Boyd, Lubbock, and T. D. Boyd, Decatur.

## Good Rain Falls Over Foard County Monday Night

A rain of .87 inches fell in Crowell Monday as recorded at the Crowell State Bank. In some parts of the county the precipitation was heavier, especially in the section north of Crowell on Pease River. Rain at this time was welcomed by the wheat farmers, as it will be of great benefit in the preparation of land for sowing a fall grain crop. It will also benefit late feed crops.

## Robert L. Moore Died Suddenly in Vernon Saturday Afternoon

Robert L. (Bob) Moore, manager of the W. T. Waggoner Estate for more than a quarter of a century, died suddenly in Vernon Saturday at 12:30 p. m. He suffered a heart attack shortly before 11 o'clock and at 12:30 he had died in a hospital where he was taken hastily in an effort to ward off the attack. He was well known all over Texas and especially in West Texas, and had made his home in Vernon for many years. MOVED TO NEW LOCATION The Modern Beauty Shop was moved this week from the Lanier building to the postoffice building. Mrs. Thelma Bell is owner and operator of the shop. The room at the postoffice has been re-modeled, re-painted, plumbing fixtures installed and air conditioned.

Miss Arlene Rice who was absent from her duties as teacher of the fifth and sixth grades of the Riverside school last week, is still

MY HAIR STANDS ON END  
when Daddy monkeys with the carburetor

When Daddy finally comes up for air, with his hands all black and his face all red, he shouts words that Mummy says aren't for a child's ears.

"Whattheblankety blank is the matter with this motor", he says.

She answers, "Don't you dare swear in front of our little angel!" (that's me) . . . and then the hair-raising battle begins.

It's all so foolish and useless, when Daddy . . . and you, too . . . can get custom-tailored Phillips 66 gasoline, without paying a penny extra.

Yes sir, it needs no carburetor tinkering. It is re-matched every month to the climate in your locality.

Today's Phillips 66 isn't merely a late summer gas. It is actually a September gasoline. And there is hardly a day in 365 when its high test and high anti-knock ratings are not unsurpassed in its price class.

See if you don't feel that difference with your very first trial tankful . . . at any Orange and Black 66 Shield.

Phill-up with Phillips for Greater Mileage

turned Monday from Elk City, Okla., where they had been to attend a reunion of the Callaway families. Mr. and Mrs. W. L. Johnson stayed at their home while they were gone and attended to their things for them.

Mrs. W. L. Johnson has been suffering from a very severe rising on her hand which has been very painful.

This community received about three-fourths of an inch of rain Monday night, which was accompanied by a norther that has made people think of winter.

Charles Merriman, Joe Rader and Howard Dunn, of Crowell spent last week-end at Lake Pauline fishing.

Only on a  
MOVIE  
VACATION  
Can You See the  
World Today!

With much of the world closed to ordinary souls, only the silver screen can take you to far places, to see strange sights and curious, interesting people. Not far away from you is such a movie "vacation," ready today to spirit you away for a few delightful hours from all that makes you tired and worried.

You'll count the cost of a movie vacation in pennies, yet you and your family will come out feeling like a million dollars. Plan to get off to romantic places often, "escorted" by your favorite stars.

Mr. and Mrs. Bax Middlebrook and granddaughter, Joyce Ann, returned Tuesday from Marfa where they visited their son, Billy Jake Middlebrook, and family. After their return home they received the announcement of the birth of a daughter, Sharon June, who was born to Billy Jake and wife Sept. 3.

Mrs. Ada Beideman of Vernon visited her sister, Mrs. Clois Orr, last week-end. Mr. and Mrs. Bax Middlebrook and granddaughter, Joyce Ann, returned Tuesday from Marfa where they visited their son, Billy Jake Middlebrook, and family.

Mrs. J. S. Owens Jr. of Childress visited his parents, Mr. and Mrs. J. S. Owens, Saturday night. The 1941-42 term of school opened at Margaret Monday with Cecil Ray Moore and Mrs. Jimmie Hembree as teachers. Raymond A. Bell has been employed to drive the school bus this term.

Mrs. John Edwards entered the Crowell hospital Friday, and Mrs. Ella Fry is reported ill at this writing. Mrs. Cecil Ray Moore and Mrs. William Bradford were hostesses at a shower which was given at the home of Mrs. Moore Tuesday of last week, honoring Reta Ray, four-months old baby daughter of Mr. and Mrs. Raymond Sikes. Reta Ray has only been a member of the family for about two weeks, having been adopted by them.

from Thursday until Sunday with her mother, Mrs. B. W. Mathews. Glendon Johnson of Corpus Christi, who has been visiting his grandmother, Mrs. J. B. Rasberry, for several months, returned home Thursday. E. T. Evans and Miss Margaret Evans left Friday for Phillips and Hopkins, respectively, where they will begin their duties as teachers in those schools.

Mrs. J. B. Raspberry and son, Garland, left last Thursday to spend a few days in the homes of their son and brother, Glenn Raspberry, and their daughter and sister, Mrs. Ernest Johnson of Corpus Christi. Mr. and Mrs. Henry Fish and son, Robert, spent Sunday afternoon in the home of Mr. and Mrs. Walter Carr and Mr. and Mrs. Claude Carr of Riverside.

the church. The citizens of this community welcome them here.

Know ye not that ye are the temple of God, and that the spirit of God dwelleth in you? If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are.—1 Cor. 3:16-17.

In one of our exchanges last week appeared a story of a baker in that town. He conducts a one-man shop. He makes all his bread and delivers it to the grocers who sell it. He sells all he can make and could sell more because he makes a superior product. He has consistently refused to move into larger quarters or employ any help. He explains it this way: "I'd rather stay small, make what bread I can and let the rest of the orders go. I have no help to quarrel with me that I am not paying them enough. I don't have to work sixteen hours a day to get enough money to pay some one to work for me eight hours a day. I have no social security tax to pay and no payroll tax. I enjoy my work and my business and wouldn't take a big shop employing several persons as a gift if I had to run it. I've solved the problem of a happy business life. Before this reform wave of social legislation that is sweeping the country gets over with there will be a lot of the bigger fellows running little places like mine. If they ever try it once they will never go back to a big shop." The fellow may have something at that.

We can't stir up a lot of sympathy and grief over the death of Bruno Mussolini, the dictator's son. He is the fellow who flew an airplane over crowds of unarmed refugee Abyssinian men, women and children and shot them in the backs with a machine gun and then wrote home gloating over the achievement and speaking of it as beautiful and glorious.

If Russia can hold out for six more weeks she will have another ally on her side—old man winter. He proved more than a match for one Napoleon.

Living costs are scheduled to advance this year and next. Advance in living costs is inflation by whatever name it is called. If living costs advance 25 per cent, a dollar then becomes worth only 75 cents. If prices advance 50 per cent, a dollar becomes worth only 50 cents. In other words it would take two dollars to buy one dollar's worth of commodities. This is inflation.

Most people look with indifference upon a tax or a wage increase as long as they think it won't affect them. In the long run every increase in taxes and every increase in wages makes its way felt all down the line to every user of every manufactured article.

In one of our exchanges the suggestion was offered this week that if one does not bathe during the summer he will not be bothered with chiggers. In other words you can take your choice, bathe and you will have friends and chiggers, don't bathe and you will have neither friends or chiggers.

It is estimated that the national debt will exceed the 100 billion mark. It will require many, many years of effort to pay it and keep up the interest and carrying charges. Inflation for a good many years may be necessary that a debt of this size can be paid.

It is predicted that this country's army will be increased to four million men. Plans are already under way to care for, equip and train an army of that size.

It begins to look as though easy, peaceful times are gone for a good many years to come. Wars are fought on borrowed money and the paying of the present bill is going to take a long, long time.

They tell the story that an Indian named "Man Afraid of Nothing" married a woman in Wyoming. Two weeks afterward he was in town to find out how he could get his name changed.

When a determined man marries a determined woman we have an example of an irresistible force coming in contact with an immovable object.

There are plenty of "Stop" signs on the road to hell, but few going that way pay any attention to them.

Some one has defined an optimist as a man who reaches for his hat when the preacher says: "And now finally."

We cannot help but believe that Marshal Petain is performing a role with one of Hitler's bayonets at his back. He is acting a part the lines of which were written in Berlin.

STICK TO YOUR JOB!

What We Think (By Frank Dixon)

The past few months a great deal has been said about price control of this and that item and commodity. Threats have been freely made that ceilings would be clamped down on the price of commodities that would hold the price in line.

In connection with this a plan has been proposed to curtail drastically installment buying, to levy taxes so heavy that people would have nothing left with which to buy, would of a consequence, buy sparingly and reduce the market and the demand for many items.

This and other means of curbing inflation has been talked about, and hinted, and threatened. The weak spot in the whole price control program is that nowhere in the plan is there any thought given, or provision for, a ceiling for wages, or, for that matter, any control of wages whatsoever.

It is conceded at once by every one who knows the A. B. C.'s of economics that, without some form of wage control, there can be no price control. To think otherwise is to ignore the simple facts, and to preach otherwise is evidence of ignorance or hypocrisy.

Because of the attitude of the administration the pendulum has swung far. We have reached the point where no matter what the demands of radical labor leaders are, or what their effect upon industry and investment may be, they must be granted. Each issue is approached with the thought that there is only one side and that is the stickler's side. Because of this attitude the stickler has come to feel, that regardless of the merits of his claim, it will be granted because management, under conditions, dare not do otherwise.

When the owner of a business finds that his income from his business will not buy all the things he thinks he ought to have, and will not permit him to live on the scale that he thinks he ought to live, he makes the necessary adjustment, he economizes, he does without.

The radical labor leader does not do this. As fast as he gets

adjusted to one scale of wages he increases his wants and orders a strike for another increase in wages. This is going on in this country today. It has been going on for some time past.

We lay no claim to being a college economist. We doubt if we could clearly define the full meaning of the word, but we do know, and it is a conviction with us, that this condition cannot exist and inflation, wild, uncontrolled, and uncontrollable inflation, not result. In fact, the very existence of such a condition encourages and promotes inflation.

Unless the movement cracks up of itself and brings the whole industrial order down like a house of cards, the inflation that will result from it is going to leave a path of ruin in its wake in this country only a little less disastrous than that of the bomb swept areas of Europe. Inflation once it sets in is like a great flood from which none can escape, and from which none will be safe. To belittle it, or to underestimate its effects, or to ignore it, is folly of the sheerest type and stupidity of the most stupid sort.

And inflation cannot be prevented by damming up the little leaks and leaving the wage flood gates open.

Total railroad tracks was 22,420.73 miles in Texas last year, with 16,314.57 being main line track, according to a history of S. G. Reed, pioneer Texas railroad man. The first Texas railroad was chartered during the first year of the Lone Star republic and was built by the Texas Railroad Navigation and Banking Company.

Because of the increased cost of production due to the war-hour law and social security taxes, the Topeka, Kan., morning and evening papers have consolidated their mechanical departments and both papers will be printed on one press and from one set of equipment. The editorial and news departments will be entirely separate but the advertising, mechanical and business offices will be consolidated. The equipment of one of the plants will be dismantled and sold. A number of men will be laid off and the community will lose the taxes on the

Senator Geo. Moffett in Austin to Attend Special Session

Senator George Moffett, of Chillicothe, who represents this district in the State Senate, left for Austin Sunday to attend the special session of the Legislature which convened on the 9th. He has informed The News that he thought and hoped that the session would be short, perhaps not over ten days, as there has been only one subject submitted by the Governor, and the latter has firmly declared that he will not submit additional subjects.

Senator Moffett was confident that the burden of the county road bonds, where the money has been spent on State highways, would continue to be assumed by the State as it has been for nearly ten years, and that there would be very little controversy over this particular point, for not to do so, would throw a very heavy burden of additional taxation upon county taxpayers, which they are not able to bear. He further stated that there possibly might be some extended discussion concerning the disposition of the surplus remaining from the one cent of the gasoline tax, after the county bonds had been taken care of, but even if there were, the whole matter ought to be disposed of in ten days, and the Legislature adjourn by that time, thus setting a record for dispatching business in a hurry.

Rules Interpretation Meeting Will Be Held in Wichita Falls

High School coaches and football officials of Texas and Oklahoma this week were issued a general invitation to attend the annual football rules interpretation meeting in Wichita Falls, Sept. 13 and 14.

Discussion of rules will be in charge of Ab Curtis of Fort Worth, it was announced by Otho Tiner, Graham coach and president of the coaches group which annually sponsors the affair. This will be the fourth year that Curtis has been invited to handle the meeting, it was said.

Plans for reception and entertainment of the 300 or more coaches, officials, players and fans is under the direction of the Wichita Falls Junior Chamber of Commerce. Jack Bryant, president, has announced plans for a stag get-together for Saturday night at Holt Hotel in which all members will join.

General registration opens at 9 a. m. Sunday. Rules interpretation starts at 10 a. m. Registrants for the session will be guests of the Junior Chamber at a noon luncheon.

The new taxes had made the burden greater than the business would support. The same course has been followed by a dozen midwest city dailies in towns that have been issuing morning and evening papers. It is predicted the movement will spread rapidly over the country. The New York Times and New York Herald Tribune will eliminate their Sunday rotogravure sections. It is being predicted that many similar curtailments are going to be brought about as a result of the oppressive new taxes, many of which have been instituted and put into effect by men who have no knowledge of business. Business can be forced to pay taxes but no law can force business to continue to operate at a loss.

Landscape Design Should Be Simple

College Station. — Since the beauty of a landscape depends upon its well kept appearance, this should be kept in mind by busy people when their original design is made, says Sadie Hatfield, extension specialist in landscape gardening.

There are some arrangements which will aid substantially in making the home grounds easy to keep in a neat and orderly condition. The design should be simple. Well screened work and play areas will help to keep the public area from becoming cluttered. The lawn should be kept unbroken except for shade trees, which should be placed where they are needed.

Flowers and shrubs scattered about make the lawn difficult to mow. Beds of flowers dotted here and there not only make mowing difficult but they are hard to cultivate because they have to be worked by hand. When flowers are placed in the vegetable garden, they may be cultivated along with the vegetables.

In choosing grass for the lawn, for the landscape only hardy shrubs and trees should be used. Plants which are not adapted to the local soil, climate and rainfall are a source of worry, work and disappointment, Miss Hatfield cautions.

The use of dwarf and low growing shrubs also is a time saver because they need less pruning. Another method of saving time in the landscape is to retain the natural rainfall. This will reduce the amount of irrigation needed for grass and trees.

In choosing grass for the lawn, labor should be considered. Perhaps Bermuda grass is the best all around lawn grass for the state as a whole, but it has the disadvantage of spreading rapidly to cultivated areas and it requires frequent mowing. The native buffalo grass, which is often called curly mesquite grass, looks

like Bermuda but requires mowing. It does not grow as fast as Bermuda unless it is watered and fertilized excessively. Bermuda has the added advantage of being easy to destroy through cultivation. Hence it is not a pest in gardens and fields.

Individual shrubs or plants pruned to make stiff and defined forms require more care than plants allowed, or trained, to grow into natural forms. A formal and natural landscape require less care than a formal landscape.

With the consent of Henderson, price administrator of the tire industry raised whole prices of tires and tubes by 50 percent and retail quotations 200 percent. The manufacture of a side wall tires is prohibited because of the extra rubber required in this type of tire.

OWEN McLARTY, Solicitor

Have you ever worked in a store?

It doesn't take long, when you work behind a counter, to find out that when things are advertised they sell better than when they are not.

In other words, advertising means more goods sold and more manufactured.

And that means more jobs in stores and factories.

That's worth keeping in mind—advertising makes jobs.

**Locals**

22 long rifle .22 longs and shorts at W. R. Womack's.

**Wanted**—To buy burlap sacks, Ballard Feed and Produce. 13-tfc

Miss Fanibeth Harris of Garland is a guest of Miss Mary Helen Carroll this week.

Superflex and Ivanhoe (by Perfection) oil or distillate heaters.—W. R. Womack.

Mrs. Fred Wachsmuth of Fort Worth is visiting in the home of her mother, Mrs. W. C. McKown, this week.

Miss Camille Graves went to Lubbock Wednesday afternoon to enroll as a Senior at Texas Technological College.

Johnson's wax ½ pound 40c; 1 pound 59c; 2 pounds only 98c.—W. R. Womack.

Mrs. Cecil Ferguson and children moved to Deming, N. M., last week where her husband has been employed with water drilling for about 2½ months.

Mr. and Mrs. H. N. Bird of Oklahoma City visited over the weekend with Mr. Bird's brother, D. N. Bird, and sons. Mr. and Mrs. Bird are moving from Oklahoma City to Vernon.

Miss Mary Ella Rettig will leave Saturday for Springfield, Mo., to attend Drury College. She will major in home economics. She is visiting this week with her sister, Miss Anna Lou Rettig, in Childress.

One used \$70.00 Coolerator; 1 Cold Spot, 1 Westinghouse and 1 Frigidaire, electric refrigerators, good usable condition.—W. R. Womack.

T. C. Conner of Quanah arrived in Crowell Wednesday morning to accept a position as cook in the DeLuxe Cafe. He is a former employee of the Liberty Cafe in Quanah.

Tom Ray Roberts, senior student in the Texas University College of Medicine at Galveston, is at home to spend a month with his parents, Mr. and Mrs. N. J. Roberts.

Three sizes of that wonderful Dearborn gas heater—the kind everyone is talking about. Ask to see a Dearborn.—W. R. Womack.

Wayne Cobb, 1941 graduate of Crowell High School, will attend school at North Texas Agricultural College at Arlington beginning at the opening of the fall term.

James Welch left this week for Lubbock to enter Texas Tech for his Junior year's work. James was accompanied to Lubbock by his mother, Mrs. J. Y. Welch, and Mrs. Munson Welch.

Plenty of 1½ volt radios and batteries for them at W. R. Womack's.

Six months (adjustable) guarantee on 1½-volt battery packs at W. R. Womack's.

Miss Anita Traweck, graduate of the 1941 class of the Crowell High School will attend college at North Texas State Teachers' College in Denton.

Miss Rita Carol Francis of Chillicothe spent several days of last week with her sister, Mrs. Otis Coffey.

See the \$119.95 Norge electric refrigerator—none finer than a Norge.—W. R. Womack.

Mr. and Mrs. Esca Brown returned Tuesday night from Sulphur Springs where they attended the funeral of Mrs. Brown's half brother, Dr. C. E. Waller.

Charley Clark and A. Y. Olds left Monday for Austin to make preparations to enter the State University. A. Y. will remain in Austin, but Charley returned Wednesday.

Get ready for that first cold spell! We have lots of stoves of every type. Prices are right.—W. R. Womack.

Eph Haney of Vernon has been assisting his brother, T. S. Haney, at Haney-Razor Grocery during the absence of John Razor who has been ill.

Mr. and Mrs. Joe Y. Roberts and children moved this week to Wichita Falls where Mr. Roberts is employed as an engineer on construction work at Sheppard field.

Grand gas ranges for either natural gas or Butane gas are very satisfactory. We also have many others.—W. R. Womack.

Second Lieut. Milton Magee spent the week-end here with his parents, Mr. and Mrs. R. R. Magee, and brother, Joe Mark Magee. He left Monday morning for Fort Sill, Okla., where he will be stationed for a while.

Mrs. C. L. Williams left last week for Brownfield where she will again make her home. She was accompanied by her brother-in-law, Howard Williams, wife and children, Betty Lee and Joe Howard.

James Joy of Bryan has been here this week visiting his parents, Mr. and Mrs. C. C. Joy. He returned home Tuesday accompanied by Mr. and Mrs. Joy and family and also Tom Andrews, who will enter A. & M. College as a sophomore.

Mrs. T. B. Klepper went to Lubbock Wednesday to take her son, Bill Klepper, and Joe Wallace Beverly, who will enroll as students at Texas Tech for the ensuing school year.

Mr. and Mrs. Bob Abston and children, Bobbie and Billie, have moved from Thalia to the C. L. Williams farm east of Crowell, where they will make their home. Mr. Abston has rented the farm and is making preparations to plant a wheat crop.

Bert Curtis of Ft. Sill, Okla., staff sergeant in the Medical Department, is at home visiting his parents, Mr. and Mrs. Alfred Curtis, and other relatives. Bert has recently completed three years service in the Army and has reenlisted for three more years.

Lots of window shades; rugs, yard goods—felts and inlaid linoleum.—W. R. Womack.

Mrs. Dwight Moody and daughters, Barbara and Betty, returned home Sunday from Plainview where they visited Mrs. Moody's parents, Mr. and Mrs. G. F. Waggoner. Barbara underwent a tonsil operation in a Plainview hospital Wednesday of last week.

Joe Mark Magee left Tuesday morning for College Station where he will attend Texas A. & M. the coming year. Due to an error, last week's paper stated that he would attend Baylor at Waco. He was accompanied as far as Vernon by his parents, Mr. and Mrs. R. R. Magee.

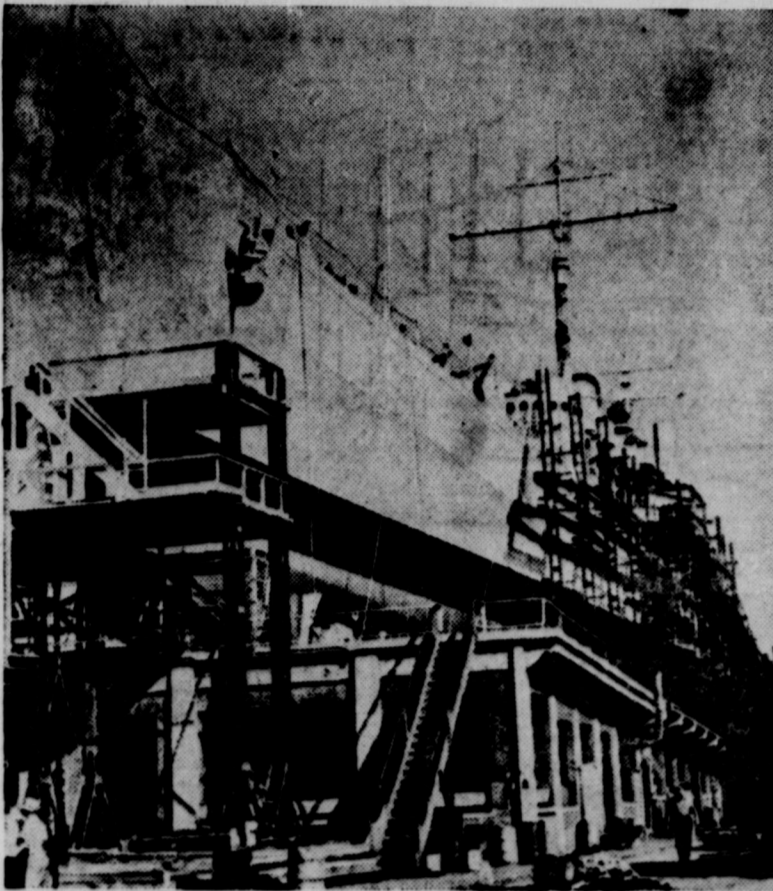

Six tube electric table model, push button, automatic tuning, 1942 radios. White, \$21.75; brown, \$19.95, including tax.—W. R. Womack.

Mrs. P. L. Powers and son, Ferrel, of Dallas, and Miss Ida Ferrel of Mansfield, Texas, visited at the Loyd Hotel last week-end. Mrs. Powers is a daughter of Mrs. Loyd, and Miss Ferrel is Mrs. Loyd's sister and this was her first visit in Crowell for 10 years. They left for home on Saturday.

Buy your Butane cook stove now. Plenty drums and regulators.—W. R. Womack.

Mr. and Mrs. Jim Christian and Mrs. W. M. Barton and two sons, Jimmy and Kenneth, of Electra, visited in Sanger and Denton Saturday and Sunday and attended a family reunion of the Christians. There were about a hundred relatives and a number of friends attending. Among the friends were Mr. and Mrs. J. P. Scott and son of Prosper, former Foard County residents. On their return Mr. and Mrs. Christian spent Sunday night with their son, George Christian, and family of Vernon.

**U. S. Cruiser Prepared for Launching**

The U.S.S. Atlanta is prepared for launching at Federal Shipbuilding yards at Kearny, N. J. Launching was postponed because of recent strike at the yards, but work was completed under navy supervision after the navy took over the yards. The Atlanta is a 6,000-ton cruiser, with a designed speed of more than 33 knots.

See our 1942 radios: both 1½ volt battery, and electric.—W. R. Womack.

Mr. and Mrs. Walter Thomson and children, Presley and Ray, and A. B. Spears and son, Bob, visited relatives in Abilene Sunday.

Miss Elsie Vecera left last week to visit relatives in Wichita Falls. From Wichita Falls she will go to Denton where she will attend the North Texas State Teachers' College.

The most beautiful 6-tube electric radio to be had—colors of white or brown.—W. R. Womack.

Mr. and Mrs. J. T. Brooks and daughter, Neida Kay, and Mr. Brooks' mother, Mrs. Annie Brooks, visited Mrs. Brooks' daughter, Mrs. Enis Setliff, in Eldorado, Okla., Sunday.

Miss Reed Sanders and Miss Dorothy Flesher left Wednesday for Stephenville to attend John Tarleton Agricultural College. Mr. and Mrs. Frank Flesher took them to Vernon where they went on to Stephenville by bus.

Shotgun shells: Winchester, Peters, Remington and Western, for doves.—W. R. Womack.

After a visit of several days with Mr. and Mrs. Glen Goodwin, Mr. and Mrs. Robert Steele and children, Bobby and Karan, of Vinita, Okla., returned to their home Monday. Mr. Steele is Mrs. Goodwin's brother.

J. H. Rucker, former teacher in the Crowell High School, is teaching in the High School of Fargo and he and his wife are making their home there. They visited friends in Crowell the first of the week.

Shotgun shells for birds, rabbits, etc., .410, .12, .16, .20 gauge.—W. R. Womack.

Earl Davis returned to Crowell Saturday after a visit of several days with his son, Charles Davis, who is recovering from a serious illness in a hospital in San Angelo. Charles will come to Crowell soon, before he returns to Sonora, where he is employed with the Santa Fe R. R. Co.

Banks Campbell, senior in geology at A. & M. College at College Station, spent from Friday until Sunday visiting his parents, Mr. and Mrs. A. D. Campbell. Banks attended summer school at the college for the first six weeks and the past six weeks were spent on a geology field trip to the state of Utah.

H. K. Edwards left this week for A. & M. College at College Station. H. K. will enter A. & M. for his senior year.

Mrs. George Cates and children with the exception of her oldest son, George, returned home last week from Covina, Calif., where they visited for several weeks. George has secured employment in Covina and will remain there indefinitely.

Mrs. John Long, accompanied by her daughter, Miss Margaret Long, and by Bette Shaw Kinsey, went to Lubbock Wednesday morning where the two girls will enter Texas Tech for the fall semester. Miss Long will be a Sophomore and Miss Kinsey will be a Freshman. Mrs. A. Y. Beverly went with them.

Mrs. Pete Holcombe and daughter, Mrs. Gordon Gribble, returned to Crowell Friday after visiting Mrs. Holcombe's other daughter, Mrs. Chester Henry of Pampa. Mrs. Henry visited here last week. Mrs. Moody Buresey, who accompanied them to Pampa, returned Friday also, after visiting Mrs. Fred Thompson.

Best house paint and inside paint and enamels in town.—W. R. Womack.

Ernest Gloyna of Riverside left Tuesday morning for Lubbock to take up his senior year's work in civil engineering at Texas Tech. Ernest spent the first six weeks of the summer attending an R. O. T. C. training course at Camp Bullies in San Antonio, during which he was awarded a medal in marksmanship. Following the training course he attended summer school at Tech.

Boss Ingle and son and daughter, Marvin and Bernita, of Texhoma, Okla., and Ezra Ingle and daughter, Eva Alice, of Boise City, Okla., spent Saturday and Sunday visiting their sisters, Mrs. Sim Gamble and Mrs. Lucy Scroggins, in the home of Mrs. Gamble. Boss and Ezra are former residents of this community being the sons of the late Mr. and Mrs. R. W. Ingle, pioneer residents of this community.

Mr. and Mrs. Arthur Parrish and children, Robert Henry, Gene and Katherine, of Fort Worth spent Saturday night and Sunday with Mrs. Parrish's parents, Mr. and Mrs. John Greening. They were accompanied by Mr. Parrish's father, Bob Parrish, of Cleburne. Mr. Parrish brought with him several ears of pop corn on which many of the grains had popped open in the field due to the extremely hot weather during the past few days.

**Texas Boys in CCC Lead the Nation**

In June there were 16,437 Texas boys in the Civilian Conservation Corps Camps—8,592 in Texas and the remainder in Arizona, New Mexico, Colorado and Wyoming. In that month these boys returned to their families over \$230,000 and the Government estimated they earned real wages in the amount of \$986,197.

Pennsylvania ranked next to Texas, having 13,006 boys in camps; Arkansas third with 10,403 and Oklahoma fourth with 9,941.

With recent changes made in rules and regulations, boys are sent to camps every month, and in many instances, when camps are near, every week. Training in national defense work has been increased and all enrollees have greater opportunities to prepare themselves for employment in private industry than ever before. CCC men are given first consideration by employers for they are already trained in good work habits, are healthy and make willing employees.

Interested young men of good character, between the ages of 17 and 23½ years, should apply at their local County Welfare Office and make application for the Corps.

The Dearborn gas heater, the kind that heats, but will not scorch or burn person, cloth or paper, top, bottom, back or sides—but, oh boy! How wonderfully it does heat the room.—W. R. Womack.

The removal of feathers from chickens during the dressing operation in many packing plants is facilitated by spraying the foot with melted wax. After the wax cools the feathers and wax can be removed in a few seconds. The wax is then recovered from the feathers and is used again and again.

**Thumb Ride**

A surprise strike of street car and bus operators caused 400,000 workers in Detroit to struggle with make-shifts. Here Evelyn Makski and Daphne Hare are thumbing their way to work.

**CARD OF THANKS**

We wish to express our deep appreciation to our friends for the many acts of kindness extended to us during the serious illness and at the death of our mother, Mrs. S. T. Lilly. May God bless each of you. Children of Mrs. S. T. Lilly.

# High School Wildcat

Editor ..... June Billington  
 Sponsor ..... G. C. Foster

Membership of the press club is limited to those students maintaining an A average in English, who have only four subjects, and who are selected by the administration for their character, sportsmanship, and originality.

All students are urged to cooperate with the press club in order to make the Wildcat News a success. Drop your pet gripes, pet headaches, and pet theories in the press club locker.

## ONE MINUTE INTERVIEWS

H. L. Blevins has enrolled in the following subjects: Junior Business, English II, Civics, Plane Geometry. He says the easiest is Junior Business. This is his third year in high school, and his third year of basketball (he hopes). His ambition is to be an engineer and marry a brunette. He has blue eyes, blonde hair, is tall (note, girls), and slender. He lives at Margaret, Daurice Ray Naron is 18 years old, five feet nine inches tall, ex-football player. Last year Daurice was right halfback. He says that "it's wonderful" that Truscott came up here. When asked about the World War, he said, "Mussolini won't win." Incidentally, he has high blonde pressure, and it can't be cured. He has enrolled in Public Speaking, Algebra II, English IV, and Typing. This is his fifth year in high school.

Alton Roark is 16 years old, six feet two, green-eyed, brown haired, and he's full of dynamite (and some tall yarns). Last year he played left guard and made the first eleven by some real blocking.

This year he holds down left end (we mean the position). When asked about the war, "Joe can handle Adolf." He says there is no easiest subject. He likes Truscott; likes girls too.

Bobby Spears weighs 160 pounds, five feet eleven and one half inches tall, nineteen years old, third year in this high school. He believes Joe Stalin will win the war, and that Coach Graves will win the district. When asked what he thought of Truscott moving to Crowell he replied, "Good."

Mr. Burrow: I don't have time right now.

Mr. Myers: I am proudest of the new V. A. room and the new tables.

Mr. Teague: I was never so anxious for school to start.

## WE WONDER

Where did all of these strange pupils come from?

Why didn't we know about those pretty Truscott girls before now?

How did they ever get the hall floors so slick and shiny?

What kind of teacher Mr. Teague will be? (Bet we all like him.)

When the freshmen will ever learn the combination to their lockers?

## CAMPUS OBSERVATIONS

Miss Motley has full classes.

Miss Cordell is teaching a new course: World History.

Miss Thompson said, "I'm gonna like high school."

Mr. Graves is proudest of his new office fixtures.

## This Week In Defense

The President established in the OPM a Division of Contract Distribution with Floyd Odium of New York as director to "face the responsibility of alleviating the hardships which have resulted from the defense program and... to marshal our productive capacities to the objective that no plant or tool which can be used for defense shall be allowed to remain idle." The order was issued, the President said, "in furtherance of a determined move... to help the smaller business units of the country obtain a fair share of the defense orders and to prevent, as far as possible, dislocation of industry and unemployment of workers in plants where production has been curtailed by priorities and material shortages."

The Division will set up branch offices throughout the nation where there will be available: procurement representatives of Federal contracting agencies to negotiate contracts and subcontracts, technical engineering advice and conversion of plants to defense work, representatives of the OPM Labor Division to plan re-employment or training of workers in plants involved, and financial facilities of the RFC and other Federal agencies which may be necessary to finance plant conversion.

To spread defense work "among as great a number of firms and in as many localities as possible," the Division will revise Federal procurement practice in favor of the smaller production units—"as get largely unused"—and promote organization of pools of small manufacturers to undertake defense work jointly. The Division will also establish exhibits showing parts of defense articles needed, their number, the tools necessary to make them and all other

information so that machine shop owners and manufacturers can determine "then and there" what they can do and arrange to do it.

**Production**  
 OPM announced military aircraft manufacturers delivered 1,854 planes during August, a record and 394 planes more than in July. OPM reported 2,420 defense plants have been built or expanded since the beginning of the defense program.

The President told his press conference armament production will be accelerated by greater expenditures. The new Supply Priorities and Allocation Board, stating it will stimulate and reorganize defense production "to the nation's resources," said its general policy demands curtailment of less-essential industries which use materials and facilities necessary to a "realistic defense program."

**Navy Ships**  
 The Navy reported that during the first eight months of 1941 a total of 213 Naval vessels were completed—including one battleship, one cruiser, eight submarines and eight destroyers—and keels were laid for 436 ships, including two battleships, 13 cruisers, 18 submarines, two aircraft carriers and 57 destroyers.

**Merchant Ships**  
 Maritime Commission Chairman Land announced the Commission's building program will place in operation 1,153 new ships of approximately 12,410,000 deadweight tons between July 1, 1941, and the end of 1943. He said production is running 25 per cent ahead of estimates made in May, and that from 130 to 134 new vessels will be completed this year instead of the 105 estimated in May. Admiral Land said an additional 90 vessels will be delivered in the first three months of 1942, 146 in the second quarter, 154 in the third quarter, and 184 in the fourth quarter. By the

beginning of 1943, the program will yield in three months more than the 1,380,000 deadweight tons of ships constructed in the entire war year of 1918.

**Army**  
 The Second and Third Armies and 1,000 planes of the Second and Third task force, including Navy and Marine air units, began moving into the Louisiana maneuver area for combat practice September 15 to 30. The War Department said it expects to work out under actual conditions of a major battle the role of combat aviation in support of mechanized and armored ground forces.

To improve the efficiency and stamina of the Army, the Department set age limits for field officers ranging from 30 years for Second Lieutenants to 62 years for Major Generals. Officers over age will be given desk duty.

**Air Raid Defense**  
 The Army announced that it will conduct exercises during October to test the alertness and effectiveness of Eastern seaboard defenses against hostile aircraft throughout areas 125 to 150 miles inland. Approximately 5,000 civilians will act as spotters.

**Aid to Russia**  
 A Russian mission to study procurement of planes for the Russian armies arrived in the United States. President Roosevelt named W. Averell Harriman to head the U. S. mission to confer in Moscow with the Soviet Government and a British mission regarding supplies to Russia.

The Maritime Commission announced the first American tanker carrying aviation gasoline to Russia had arrived safely at Vladivostok. State Secretary Hull issued four export licenses to permit movement of British and Latin American shipments to the Soviets through the U. S.

**Aid to Poland**  
 The President authorized Lend-Lease aid to the refugee Polish Government in the form of weapons and other supplies for the Polish Legion training in Canada for overseas action.

**Prices**  
 Labor Secretary Perkins reported widespread increases in retail prices of 18 staple foods in 18 large cities in the last two weeks of August. The Department of Agriculture reported prices are now 131 per cent of the 1909-14 parity average, highest level in 11 years. OGD Director LaGuardia, acting as President of the U. S. Conference of Mayors, recommended revocation of municipal licenses of retailers in cases of persistent violation of Federal price ceilings fixed by Price Administrator Henderson.

**Oil Gas**  
 Acting Oil Co-ordinator Davis announced all commercial, agriculture and emergency gasoline needs will be met in full during September but there will be a 10 per cent cut in deliveries on the Atlantic coast States under July. Mr. Davies also announced he had asked for and received commitments from 11 principal East coast oil companies to utilize all available railroad tank cars in transportation of petroleum products to alleviate the Eastern states shortage.

President Roosevelt authorized the Southern Pipe Line Co. to use the power of eminent domain to obtain right-of-way for an oil pipeline from Port St. Joe, Fla., to Chattanooga, Tenn., for "national defense purposes." J. Howard Marshall, Counsel for the Petroleum Co-ordinator's office, said the OPM has authority to enforce the civilian allocation program of OPACS and also to enforce a consumer rationing pro-

gram on the Atlantic coast should it become necessary.

**Re-Employment of Soldiers**  
 Selective Service Headquarters announced local boards will assist regulars of the Army, Navy and Marine Corps as well as selectees and Guardsmen to find employment when they leave service. The War Department sent a letter to each soldier advising of the program for re-employment.

The Army announced it will observe the following order in release of 200,000 Guardsmen, selectees and regulars during the rest of 1941: dependency and hardship cases; men who complete enlistments of either one or three years; selectees and Guardsmen who reached 28 before last July 1; married selectees who have completed one year; selectees who have completed their normal term of service.

In determining the number of men to be released from each unit, the Army will consider the state of training of the unit, its location, its mission. The Army said it will also release reserve officers, except those in the air forces, after one year of service in order to provide training opportunities for others not on duty. The air force is expanding at such a rate all air officers are needed.

## SAFETY SLOGANS

You will never be a live wire if you touch one.

Let the barber give the pedestrians a close shave.

Through the windshield is the best way to watch the road.

A careful habit is the best bodyguard.

## Stamp Sale at Boystown Store

In the Boystown store the Defense Savings Stamp counter features a display of the Treasury's posters. Father Flanagan stands at the left, while "Mayor" Jimmie Russ of Boystown makes a sale to Mr. and Mrs. Joseph R. Maloney, visitors from Malden, Mass. when Boystown opened up its "Males-for-Defense Week Sale."

Venereal Disease Program Expanded During Last 2 Years

Austin.—"The Venereal Disease Program of the Texas State Department of Health, in co-operation with the Texas State Medical Association composed of some five thousand Texas physicians, has rapidly expanded during the past two years." Dr. Geo. W. Cox, State Health Officer, has declared. "And at present it is reaching 90 per cent of the State's population."

SERVED IN U. S. SENATE Austin, Sept. 1.—Lest we forget—colorful Sam Houston also served in the United States Senate.

That chapter in the life of the hero of San Jacinto—not so well known as his military exploits, nor as his presidency of the Republic of Texas—is told in Volume V of "The Writings of Sam Houston," just off the University of Texas Press.

Studies made at a state University reveal that only 37 per cent of pre-school children in many rural areas of the country have ever had a health examination.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8:00 o'clock. Sunday, Sept. 14, 1941. Subject: "Substance."

East Side Church of Christ Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock. Mid-week Bible class each Wednesday evening.

Christian Science Services "Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 14.

The Golden Text is: "The things which are seen are temporal; but the things which are not seen are eternal" (II Corinthians 4:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Praise ye the Lord. Praise ye the Lord from the heavens; praise him in the heights... Praise ye him, sun and moon; praise him, all ye stars of light... Let them praise the name of the Lord: for he commanded, and they were created" (Psalms 148:1, 3, 5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God. The great I AM; the all-knowing, all-seeing, all-acting, all-wise, all-loving, and eternal; Principle; Mind; Soul; Spirit; Life; Truth; Love; all substance; intelligence" (page 587).

Our Weekly Sermon

By William M. Lessel, Assistant to the Director of Mailing and Service Bureau, Moody Bible Institute, Chicago.

Our Feet

We need a lighted pathway that our feet may find the way, and God has given us that light. "Thy word is a lamp unto my feet, and a light unto my path" (Ps. 119:105). More than that, God has given us a strong foothold. "He brought me up also out of an horrible pit, out of the miry clay, and set my feet upon a rock, and established my goings" (Ps. 40:2). We are exhorted in Ephesians, "Be strong in the Lord, and in the power of his might, having your feet shod with the preparation of the gospel of peace."

How important our feet are in the performing of our daily tasks. When we use our feet we usually walk or run. Let us look at three scriptures where walking and running are mentioned. In Matthew 14:22-32 we read of Jesus coming to His disciples one night, walking on the water. Thinking that if His Master could walk on the water he could too, Peter said, "Lord, bid me come unto thee." Jesus said, "Come." "And when Peter was come down out of the ship, he walked on the water, to go to Jesus." But looking down he saw the waves, and began to sink. Then Jesus stretched forth His hand and caught him, and said, "O thou of little faith, wherefore didst thou doubt?" All of us know Christ as Saviour have experienced times when we felt our feet were rooted in the faith and our eyes fastened securely on Christ; we thought nothing could swerve us from our course. But waves of jealousy, dislike, deceit, and many others, lashed at our feet, until our eyes were withdrawn from Him, and suddenly found ourselves in a whirlpool of doubt and confusion.

Do you remember the story of the three young men in the fiery furnace (Dan. 3)? As the astonished Nebuchadnezzar peered into the furnace he exclaimed, "Did not we cast three men bound into the midst of the fire?... Lo, I see four men loose, walking in the midst of the fire, and they have not hurt; and the form of the fourth is like the Son of God." What fear there must have been in Nebuchadnezzar's heart! But it is not surprising to us, for we know that the Lord walks beside His own. He is their constant companion. If we only realized this more fully do not think we would sometimes change our route and set up detour signs along the way?

The third story is found in Luke 15:11-24. The younger son in a family was overcome with

the wanderlust, and went into the far country, where he spent all his inheritance in riotous living. After the money was gone and he had hardly enough to eat, he began to think of his home. So he decided to return to his father and ask forgiveness, and request that he be made a hired servant. While he was yet a great way off his father saw him, and ran, and fell on his neck and kissed him. This father is a picture of the heavenly Father running to meet the one who will come back to the Father's house. It is our duty and privilege as Christians to walk in the ways of the Lord, and to run with the gospel of His redeeming grace.

INTERESTING FACTS OF THIS AND THAT

There is three times as much of vitamin C in the peel of the apple as there is in the other part of the apple.

It is estimated that meteors travel at the rate of 40 miles a second.

The friction becomes so great when meteors strike the earth's atmosphere in their 40 miles a second flight that most of them burn up in a few seconds.

Taxes of all kinds paid by American automobile owners in 1940 totaled \$1,763,186,000.

It is estimated that 265,000,000 pounds of virgin or new wool, 10,000,000 pounds of reprocessed wool and 75,000,000 pounds of re-used wool fabric are used in the United States each year.

During 1940 the oil industry drilled 30,000 wells at a cost of \$750,000,000 or almost one-half the total value of crude oil produced during the year.

MODERN BEAUTY SHOP MOVED

I want to announce to my customers and the public in general that I have moved my beauty shop to the postoffice building, next door to entrance to postoffice. This room has been re-modeled and enlarged and made up-to-date in every particular.

A cordial invitation is extended to the women of this territory to visit my shop in its new location.

Mrs. Thelma Bell

Owner and Operator

and they are: Jimmie Cates, president; Ann Favor, vice president; Winnifred Greening, secretary and treasurer; Donald Ward, reporter; Roy Joe Cates, song leader; Mrs. Roy Steele, sponsor; Miss Nona Olds, co-sponsor. Last Sunday night the young people from Paducah presented the program to the Crowell Christian Endeavorers which was held at the North Pocket Park. The program was enjoyed.

B. & P. W. CLUB Eleven members were present at the business meeting of the Business and Professional Women's Club Thursday night, Sept. 4. A new member, Mrs. Thelma Owens, was voted into the club. Mrs. Inez Spencer was elected pianist and Mrs. Louise Fisch, song leader. Miss Joellene Vanoy, chairman of the yearbook, gave an outline of the year's work and distributed the year-books.

CHRISTIAN ENDEAVOR The Christian Endeavorers had a picnic at the South Pocket Park last Saturday night. New officials were elected there.

"Snow Goose" by Paul Gallico, was reviewed by Mrs. Earl Manard. Gallico has also contributed articles to leading magazines and written several other books. "Snow Goose" is mainly the story of Philip, who rescued several survivors of Dunkirk and of his friend Frith, and the Snow Goose which played such an important part in their lives.

Mrs. Sam Bell, as chairman of the calendar committee, spoke on the calendar and some of the changes which were being made at this time.

The "Snow Goose," written by Paul Gallico, is a curious, wild and simple and strangely moving in its simplicity. It tells of a brave, and lonely man. His body was warped but his heart was filled with love for wild and hunted things. He was ugly to look upon, but he created great beauty.

It is about him and a child who came to know him and see beyond the grotesque form that housed him to what lay within, that this story is told.

It is a story that has been garnered from many sources and from many people. Some of it comes in the form of fragments from men who looked upon strange and violent scenes. For the sea has claimed its own and spread its blanket over the site, and the Great White Bird with the black-tipped pinions that saw it all from the beginning to the end has returned to the dark, frozen northlands from whence it came.

Dove Supper Served at I. O. O. F. Meeting Following the regular meeting of the Crowell I. O. O. F. Lodge Saturday night, a dove supper was served to a large number of members and eight visitors, four from Vernon and five from Truscott. One hundred and thirty doves were furnished by the members and were cooked by Dick Crosnoe at the lodge hall. District Deputy Grand Master Frank Cook of Vernon made a short talk and a degree was conferred on a candidate from Truscott.

Held on Spy Charges Lucy Boehmler (above) of Maspath, Queens, N. Y., who pleaded guilty of being connected with an alleged spy plot operating through Spain and Portugal for transmission of American military secrets to Germany. Below: Carl Schoettler, naturalized American citizen, who was arrested in Miami, Fla., on charge of using the mails to transmit defense information to Germany.

New U. S. Submarine Launched

Soundphoto of the new \$3,000,000 submarine Gate, as it slid down ways at New London, Conn., after having been christened by Mrs. Louise Van H. Ingersoll, wife of Rear Admiral R. E. Ingersoll. The new under sea craft is 300 feet long, and is one of 11 being built at New London to supplement the navy's submarine fleet.

Warm Springs to Be Opened Following Silver Tea, Sept. 14

Mrs. S. T. Lilly— (Continued from Page One)

emplary Christian character all of her life. Her friendly and kindly disposition gained for her hundreds of friends during her long residence in this county. Mr. and Mrs. Lilly celebrated their 50th wedding anniversary at their home in the Foard City community in 1925 and also their 60th wedding anniversary in 1935. Mr. Lilly passed away in December, 1937.

The five surviving sons are R. B. Lilly of Foard City, O. W. Lilly of Seattle, Wash., Tom Lilly of Sapulpa, Okla., John Lilly of Muleshoe, and A. W. Lilly of Crowell; the one daughter who survives is Mrs. J. R. Shaum of Las Vegas, N. M. All were here for the funeral with the exception of O. W. of Seattle. Thirty-eight grandchildren and fifteen great grandchildren also survive.

Out-of-town relatives and friends here to attend the funeral follow: Mrs. Mary Belle DuBois of Clarendon, Mr. and Mrs. Ed Killingsworth, Mr. and Mrs. Clifford Killingsworth and Mr. and Mrs. Jerom Bevers of Paducah; Lt. Bob Lilly of Wichita Falls; Mr. and Mrs. Emery Hughes of Memphis, Mr. and Mrs. Sidney Hughes of Wellington, and Mrs. Henry Cook of Las Vegas.

Plunkett's Minstrels Will Show Here Monday, Sept. 15

Plunkett's all-white minstrel show, consisting of 15 talented members, 10 of whom are brothers and sisters in the Plunkett family, will show in Crowell in their big tent on Monday evening, Sept. 15.

"Pa" Plunkett has the largest family show in existence, the members ranging in age from 6 to 30 years with not an amateur in the group, each one being a seasoned and talented artist and trooper in his own right.

The dance acts are the products of some of the best dancing schools in the west. In addition to the minstrel show there will be 12 clever acts of vaudeville, including acrobats, tumblers and jugglers, also a trained seal which performs in a special feature this season.

The show starts at 8 o'clock and has its own brass band and swing orchestra.

Texas-Oklahoma Wolf Hunters' Ass'n. Will Hold Hunt Oct. 13-16

Wolf hunters of this county are urged to make preparations to attend "The Biggest Wolf Hunt in History" on Oct. 13, 14, 15 and 16, on the W. O. Neal & Son ranch, 8 miles southeast of Quanah, it was announced this week by the Texas-Oklahoma Wolf Hunters' Association. The announcement says there will be more entertainment, more wolves and more prizes this year than ever before.

for the open house, and to bring their friends and families, Ross Boothe, president, stated Wednesday. They will be there throughout the day to welcome guests and to explain the foundation and its operation.

The open house will begin at 10 o'clock Sunday morning and will continue through 9 o'clock Sunday evening. The general public of all Texas and the nation is invited and urged to visit the foundation on that day, to see what has been done, and how the money which has been donated has been invested.

The first building completed about January 1 at a cost of \$28,000, comprises two dormitories, nurses quarters, nurses and doctors' offices, reception room, physiotherapy room housing two indoor pools, dining room and kitchen. It has been completely furnished with the most modern equipment, all purchased according to recommendations of Miss Annie Laurie Little, superintendent of the Scottish Rite crippled children's hospital at Dallas.

The Warm Springs Foundation is located on a forty acre tract adjacent to the Gonzales Palmetto State Park, which was purchased by a bond issue voted by the citizens of the city of Gonzales. The first unit, which will be opened shortly after the silver tea, was constructed through the National Youth Administration, and practically all the material which was not donated was purchased at actual cost.

"The National Youth Administration considers this one of its number one projects in Texas," Mr. Boothe declared, pointing out that the NYA has moved its Gonzales resident project to Ottine, where the girls in the project will receive training in work at the foundation.

The foundation was approved last week by the advisory board of the crippled children's division of the department of education, when President Ross Boothe, treasurer Harold Michelson, and director and local physician, Dr. George Holmes, appeared before
