Second Conference Game for the Crowell Wildcats Will Be Played at Chillicothe Friday Night

Will Be Held on \$20,000 Bail

The Crowell Wildcats will go into their second district game Friday night at Chillicothe with more determination but less manpower than they had last week against the Munday Moguls. Arnold Smith, regular left end is still out with a hip injury. C. J. Kelton, substitute back, will play his position. Harold Canup, regular right tackle, has an injured shoulder and will be replaced by Gordon Erwin. Albert Bird, quarterback, is still nursing a leg injury and it is doubtful whether he will be able to start the game. If Bird is forced out, Rudolph Halenack will take over the quarterback post and Bill Owens will play Halenack's wingback position.

Regardless of the injuries, the Wildcats will be trying hard to upset the Eagles as they have not forgotten the 14 to 9 defeat that the Chillicothe boys administered to them last year that cost the Crowell boys the district championship.

Crowell's probable starting lineup: Kelton, left end; Owens, left tackle; Roark, left guard; Archer, center; Vecera, right guard; Erwin, right tackle; Thompson, right end; Bird, quarterback; Halenack, left half; Cauthan, right guard; Spears, fullback.

Principals in Panama's Coup d'Etat

Dr. Arnulfo Arias, ousted from the presidency of Panama in a coup which placed a regime more favorable to the U. S. in power, is shown at left. Right: Dr. Ernesto de LaGuardia, former Panamanian minister to Mexico, who has assumed the presidency of Panama following the bloodless coup d'etat which overthrew President Arias.

NOTES AND MORTGAGE AGAINST CROWELL METHODIST CHURCH WILL BE BURNED SUNDAY AT 11 A. M.

Local Scouters Begin Campaign for Boy Scout Funds at Breakfast at O'Connell's Tuesday Morning

Local Scouters met at the O'Connell Lunch Room Tuesday morning in a "Kick Off Breakfast" for funds for the Boy Scouts of America in District XII, composed of Foard County and Truscott.

John Kasor, campaign chairman, was in charge of the breakfast. Other men attending the breakfast were: C. P. Sandifer, Claude Callaway, Judge Leslie Thomas, J. R. Beverly, Rev. H. A. Longino, J. A. Stovall, Bennett Cooksey, and Jim Polk, local field executive. John Long and M. M. Welch will work in the drive but were unable to attend the breakfast.

The Boy Scouts of America has maintained itself as a private, volunteer agency, free from governmental subsidy. It depends entirely upon volunteer contributions in financing its operations, believing that the movement should be perpetuated on a basis of confidence on the part of the contributing public in the values of the program, rather than upon taxation revenues.

"Some 45,000 men in America are serving as Scoutmasters, Cubmasters, or Sea Scout Skippers and we do not have to apologize for asking any person to Invest in America's Future," said Cooksey in his remarks to the workers at the breakfast. "We don't have to apologize or quibble as the

biggest men in America are working in Scouting," he continued. Scouting is a proven institution of character building in the American way of life and there is no business greater than building character.

Practically all of the Nation's youth will have the right of voting and the responsibility of participating in adult citizenship. Therefore, those who believe in America, have a definite obligation to so organize, to develop such a financial support, to become so skillful in their leadership, that they will make the Scout program not only capable of reaching a larger number of boys, but more effective in influencing the character of those boys who are now members.

Jim Polk, graduate of Hardin-Simmons University and the 75th National Training School for Scout Executives, has taken over the supervision of Scouting activities in this district, and will give one week of each month of his time in this district, seeing that the boys in this district get every advantage of the Scouting program. Polk succeeds Bennett Cooksey, who has been field executive here for the past two years. Cooksey has been transferred to the Central Division of the Northwest Texas Council, with headquarters in Vernon.

The Crowell Methodist Church is free of debt and the pastor's salary and all other conference claims for the year have been paid in full, according to an announcement made at the morning services last Sunday by the finance chairman, Claude Callaway. This was accomplished by the whole-hearted co-operation of the members of the church in the campaign which was finished last week to raise money to pay off the church debt and all other obligations for the year.

It was through the untiring and unceasing efforts of the finance committee composed of Claude Callaway, J. R. Beverly and C. P. Sandifer, assisted by the pastor, Rev. H. A. Longino, and the board of stewards, and the willingness of the church membership to contribute to this laudable undertaking in such a fine spirit, that the long hoped for condition now exists in the local church.

The notes and mortgage against the church building are now in possession of the church officials and Sunday, Oct. 19, 11 a. m., has been set aside for the burning of these papers. All members of the church and all other interested persons are invited to attend the services and celebration Sunday morning.

The building was erected in 1920 during the pastorate of Rev. J. H. Hamblen. Plans are underway for the dedication service which will be held at the earliest date possible.

Quotas for Foard County National Defense Are Set

Foard County farmers were asked this week to do their part in the "Food-For-Freedom" campaign by increasing their production of milk by 210,000 pounds and eggs by 32,000 dozen in 1942.

Tentative production goals set for the county were announced by the Foard County USDA Defense Board as follows: 6,050,000 pounds of milk, increase of 210,000 pounds over 1941; 349,000 dozen eggs, increase of 32,000 dozen over 1941; 18 per cent increase over 1941 in number of beef cattle including calves marketed or to be slaughtered on the farm.

"These goals are minimum rather than maximum goals," Grady Halbert, chairman of the county board, pointed out. "Perhaps the farmers of the county can produce more than enough to meet the goals. If they can, then that's all to the good. The county USDA Defense Board will consider the goals, which were submitted to us by the State USDA Defense Board, and if the local situation seems to warrant increasing the goals or if it seems necessary to reduce some of them, then we will do so."

The principal factors to consider in setting the goals, the board chairman said, are the actual production capacity and outlets in the county. It is important, he pointed out, that the state board and the Secretary of Agriculture know definitely just how much production of the needed foods can be expected.

"We have been promised that the U. S. Department of Agriculture will use its powers to maintain fair prices for the products needed in the Battle of Food," Mr. Halbert declared. "Production of these foods is important—just as important as winning battles on the sea and on the land. I know that Foard County farmers will do their part in the production of the greatest food crop in American agricultural history."

The county USDA defense board will meet in the near future to study the tentative production goals for the county. From that meeting will go a report to the state board stating the goals as agreed upon by the county group. From now until November 1 groundwork for the farm-to-farm canvass on production pledges will be laid. During the first three weeks of November AAA county and community committees, working with and assisted by the USDA defense board, will contact every farmer and ranchman in the county with a farm plan sheet. In addition to information concerning allotments, soil-building allowance, etc., which has appeared on farm sheets in the past, the form this year will include a production pledge on the products needed in the Food-For-Freedom campaign, the county chairman said.

Hubert Carroll Succumbs at Home Thurs. Afternoon

Last Rites Held at Baptist Church Fri. at 3:30 o'Clock

Hubert Carroll, 33, young Foard County farmer, passed away at his home about four miles east of Crowell at 4 o'clock Thursday afternoon, Oct. 9. He had been in ill health for the past three years and his condition became critical about five weeks ago.

Funeral services were held from the First Baptist Church in Crowell Friday afternoon at 3:30 o'clock with the pastor, Rev. W. B. Fitzgerald, preaching the sermon. He was assisted by Rev. T. J. DuBoise, pastor of the Thalia Baptist Church.

Pall bearers were T. S. Haney, Foster Davis, Judge Leslie Thomas, Lee Black, Willie Garrett and Louie Riethmayer. Flower bearers included Mrs. Willie Garrett, Mrs. Louie Riethmayer, Miss Frances Garrett and Miss Berdell Nelson. Mrs. Arnold Rucker served as pianist. Special music was rendered by a quartet composed of John Risor, Mrs. W. B. Fitzgerald, J. P. Davidson and A. Y. Beverly.

Interment followed in the Crowell Cemetery with Womack Funeral Home having charge of arrangements.

Survivors include his widow and two children, a son, Marshall, 10, and a daughter, Lucille, 8; his parents, Mr. and Mrs. C. W. Carroll, and four brothers and four sisters as follows: Claudius Carroll, Mrs. Johnny Marr, Elton Carroll, Milburn Carroll, Mrs. Misses McCoy, Cecil Carroll, and Misses Wilma Faye and Leto Jo Carroll, all residents of Foard County.

Charles Hubert Carroll was born at West Station, McLennan County, on Sept. 17, 1908. He moved to Foard County with his parents from Oklahoma when he was eight years of age and the family settled in the Vivian community. He attended school at Vivian and Crowell. He moved to the Gambleville community Jan. 1, 1926, and on Dec. 10, 1927, he was married to Miss Gracie Alston.

For the past four years Hubert had been engaged in farming with his three brothers, Claudius, Elton and Milburn, the partnership being known as "Carroll Brothers." Although he was not strong enough to do manual work, his brothers carried his part for him.

His kind and lovable disposition endeared him to his family and a great host of friends in this community where he spent most of his life.

DICK TODD HAS NAMESAKE

Dick Todd, the famed football history maker of whom Crowell is so proud, has been signally honored again, according to the latest newspaper reports. This honor comes, not from a long run down the grid field, as has been true in so many instances, but he has a new namesake. His close friend, Sammy Baugh, also a famous football star, has named his first-born, a son, Gary Todd, in honor of Dick Todd.

Golf Tournament Will Be Held Next Week at Country Club

The annual golf tournament of the Spring Lake Country Club will be held next week, according to an announcement made Wednesday by Gordon Bell, T. S. Haney and Irving Fisch, who will be in charge of the tournament.

All members of the club are invited to participate in this annual affair and qualifying scores must be turned in by 7 o'clock Sunday night.

There will be as many as three flights, according to the announcement, which will give all golf players a chance to enter.

COTTON REPORT

There were 1,477 bales of cotton, counting round as half bales, ginned in Foard County, from the crop of 1941 prior to Oct. 1, 1941, as compared with 860 bales ginned to Oct. 1, 1940, according to the Department of Commerce report released this week by E. M. Crosnoe.

RAINFALL TUESDAY 1.25

One and twenty-five hundredths inches of rain fell here Tuesday night, according to the records at the Crowell State Bank, bringing the total for the year to 36.75. This is almost equal to the 36.96 received in 1926, and lacks only 2.74 of being as much as fell in 1919, which was 39.49.

NEW CAR REGISTERED

The following new car was registered at the office of the tax collector-assessor, A. W. Lilly, this week:

R. B. Lilly, 1942 Ford Super Deluxe tudor.

Governor Weds

Arthur M. James, 58-year-old governor of Pennsylvania, is shown with his bride, the former Mrs. Emily Radcliffe Case, 48, widow of a member of the Cornell university staff, after their marriage in Doylestown, Pa. Only 150 guests attended, in line with the governor's desire for a quiet, unpretentious ceremony. The Rev. William Steckel of New York, N. Y., married them.

Quanah Fair and Rodeo Starts Today and Lasts 3 Days

The Hardeman County Fair and Rodeo will start today at the High School Athletic Field in Quanah and will continue through Saturday, it has been announced by the Hardeman County Fair Association.

Thursday, Oct. 23: Exhibits—Industrial, educational, agricultural and livestock.

Thursday, Oct. 23, 7:30 p. m.—Big fireworks display, square dance on horseback, band concert.

Friday, Oct. 24, 2:30 p. m.—First rodeo performance.

Friday, Oct. 24, 7:30 p. m.—Free Chesterfield moving pictures, "Tobacco Land," and U. S. Army in Action. Mass school programs put on by schools of Hardeman County.

Saturday, Oct. 25, 2 p. m. and 7:30 p. m.—Rodeo performances. Beutler Bros. stock from Elk City, Okla., will be used and over \$1,000 in premiums and prizes to exhibitors and cowboys of this area will be given away.

Red Cross Nurses In Great Demand

The Red Cross nurse, always the symbol of mercy throughout the world, will be needed more than ever as the national defense program progresses.

"America needs the Red Cross nurse today in all her manifold activities, in the camps of the Army, in the hospitals of the Navy, at the scene of disasters and in the homes of civilians."

Most important task before the Red Cross Nursing Service now is the enrolling of nurses for the Army and Navy. The First Reserve of Red Cross Nurses, consisting of more than 20,000 of the nation's finest, is the official reservoir from which the military medical departments select their personnel.

A total of 10,000 Red Cross nurses will be required for military duty during the present fiscal year. It has been found that it requires five Red Cross reserve nurses to be able to obtain one available and qualified for military duty.

Thus the Red Cross reserve of nurses must be increased tremendously, although it is now at an all-time peak of 20,000 active names. In addition to being enrolled for military duty, Red Cross reserve nurses are available for service with the Red Cross in

Crowell Wildcats Lose Opening Conference Tilt to Munday Moguls, 27-0, Friday Night on Local Field

event of disasters or epidemics.

Medical authorities are concerned over the danger of overcrowded hospitals in the event of large scale epidemics during wartime. To meet this danger the Red Cross is expanding its facilities to instruct women and girls in the fundamentals of home care of the sick. Last year alone 81,000 women completed courses in Red Cross home nursing.

Meanwhile the public health work of Red Cross nurses continues with unabated vigor. During the past year approximately 639 were on duty in 460 communities. Red Cross public health nurses cared for 317,759 persons by making 1,019,087 visits to or on behalf of the sick. Many home visits were for the purpose of health instruction, including parental care and child welfare.

America needs the Red Cross nurse, needs to know that she is ready for duty night and day.

The Crowell High School Wildcats lost their first conference game to the Munday Moguls 27 to 0 last Friday night. This was the most decisive defeat the Wildcats have suffered since 1933 when they lost to Rockwall by a score of 34 to 6 in a regional game.

The Moguls looked like district champions in the game, however, the Wildcats were badly off form. Arnold Smith, left end for the Cats, was not able to play and Albert Bird, quarterback, and ace ball carrier for Crowell, was handicapped due to a leg injury.

If the Wildcats had been in good shape it would have been hard to have stopped the well-balanced team of Coaches Perryman and Woods for it looked good at all stages of the game.

Several fumbles by the Crowell.

G. C. BAIN DIES

Mrs. N. J. Roberts is in receipt of a message telling of the death of G. C. Bain which occurred at Graham Wednesday morning. Burial will take place today at Wichita Falls. Mr. Bain is a former resident of Crowell.

treasurer.

A War Department survey relative to a Pease River flood control dam was discussed. The Bureau of Reclamation with headquarters at Denver will be asked to make a similar survey, Dr. Clark stated.

Depot Gets in Way of Freight Train

The Grand Trunk & Western railway's passenger depot at Lansing, Mich., was wrecked when a freight train jumped the track and crashed into it, killing one person and injuring several. Photo shows general view of wrecked train and depot. It is believed a wheel on a freight car broke. The train was traveling 60 miles per hour.

Phillips says frankly: "THIS OIL IS

OUR FINEST QUALITY"

Whether you buy a single quart, or a crankcase-full, what you want is top oil quality at an economical price.

And you'd like assurance in advance that you are getting the kind of quality which will meet and beat the high heat of your modern high-speed engine.

So to those who want our best oil, we frankly say: Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

For replacing summer-thinned lubricant, or for the normal 1,000-mile change, ask for Phillips 66 Motor Oil.

INTERESTING FACTS OF THIS AND THAT

Rhode Island claims to have the greatest percentage of its farms wired for electricity of any state in the Union. Ninety-eight per cent of the farm dwellings are wired for electricity.

The Navajo tribe of Indians numbering 48,000 is the largest full blood Indian tribe in the United States. The government supports one-third of the tribe through CCC and other work relief and carries from 4,000 to 10,000 on direct relief rolls.

After four years of fighting only about 10 or 12 per cent of the territory of China proper has been conquered by Japanese armies. After about four years of fighting only about 9 per cent of China's 450,000,000 people have been brought under Japanese rule. Up to last July the war had cost Japan a total of 5,271,060,000.

HOUSEHOLD HINTS

To remove egg stains from fabrics, wash first with cold water and then with warm water and soap. Allow mud stains to dry, and then brush off.

In roasting meats, place the fat side of the roast up so that the fat, as it melts, will serve as basting.

The International Salt Company reports a marked increase in salt sales for the coming winter. The reason for the sudden boost in sales is that many cities expect to use salt to remove snow from city streets the coming winter because of the shortage of labor.

Two Minute Sermon (By Thomas Hastwell)

A Pattern of Good Work: Nearly two thousand years ago a man by the name of Paul carried the message of Christ's gospel to the world outside of Jerusalem, and on a far flung frontier he sat up churches, outposts of Christianity in a wilderness of Paganism and idolatry.

The small group who made up each one of these churches was surrounded on all sides by a hostile and a critical world who looked with suspicion and askance at this strange philosophy of life that turned from the material to the spiritual. To one of such struggling churches in Crete, Paul wrote a letter known as Titus, taking its name from the minister in charge of the church at Crete.

In this letter of admonition to the believers he charged them: "In all things show thyself a pattern of good works." What a splendid admonition to the Christian people of that day and what more fitting admonition could be given those who profess to be Christians today than that in all things they should show themselves a pattern of good works.

According to an estimate by the United States Department of Education school enrollment is 160,000 less in this country than it was last year.

If YOU haven't a saving now that you are proud of, get one as soon as possible. Should you not get one while at a producing age, don't say anything about it, for at age 65 you are going to have to broadcast it to the world. It will be like a sign worn on your back. Mr. and Mrs. Ralph Bradford of Margaret visited in the Ben Bradford home Sunday.

Private Vernon Ray McClanahan of Camp Bowie, Brownwood, arrived Wednesday to spend his furlough with his parents, Mr. and Mrs. A. R. McClanahan.

R. C. Johnson and family, Miss Arlene Rice and Edward Shultz were guests of Mr. and Mrs. C. D. Haney of Five-in-One Sunday.

Ben Bradford and son, Kenneth, visited Mrs. Sudie Bradford of Margaret Sunday.

Mrs. Jess Miller of Thalia visited Mrs. G. W. Seales Sunday.

Caroletta Jones, Nell Thompson, Axie McKinley and Roxie Ann Adkins of Thalia visited in the C. L. Adkins home Sunday.

The regular business meeting of the Riverside Parent Teacher Association will be held in the school Thursday afternoon, Oct. 16, at 4 o'clock. All members are urged to be present.

Mr. and Mrs. Silas Shultz of Vernon and their daughter and

granddaughter of Denison were guests of Mr. and Mrs. D. M. Shultz Sunday.

Mrs. Bob Huntley and daughter, Miss Floy, of Vernon visited Mr. and Mrs. C. L. Adkins Saturday afternoon.

FOARD CITY
(By Mrs. J. L. Farrar)

Jim McLain and family moved from here to the C. D. Mullins farm north of Crowell last week. Mr. McLain and family will work for Mr. Mullins.

Mr. and Mrs. R. B. Lilly visited with friends in Knox City Sunday.

Kenneth Halbert, who is a student at Texas Tech in Lubbock, spent Saturday and Sunday with his mother, Mrs. E. V. Halbert.

Mrs. I. S. Rundell of Walnut Springs is here for a visit with her daughter, Mrs. E. V. Halbert.

Mr. and Mrs. Ernest Patton and son, Don, of Crowell visited Mr. and Mrs. J. L. Farrar Sunday afternoon.

Mr. and Mrs. Steve Mills of Truscott and Mr. and Mrs. Mason Brown of Crowell spent Sunday afternoon with their mother, Mrs. G. G. Mills.

Mrs. Luther Marlow accompanied her sister, Mrs. Luther Jobe, and sons, James and Freeland, of Paducah to Wichita Falls Sunday where they visited relatives.

Mrs. Fannie Ferris returned to her home in Wichita Falls last Sunday after an extended visit with her sister, Mrs. J. L. Manning, and husband.

Mary Jo Chilcoat of Truscott is visiting her sister, Mrs. H. R. McLain.

Mrs. Roy Fox of Gilliland spent a while Saturday with her sister, Mrs. J. L. Farrar.

Walter Whitby of Fort Worth is visiting his son, T. M. Whitby, and family.

Fate McDougle visited with friends in Truscott Sunday afternoon.

Mrs. I. T. Huckabee of Truscott attended the Woman's Missionary Society at the home of Mrs. Laura Johnson Monday afternoon.

Mrs. C. E. Farrar of Royce City visited her son, J. L. Farrar, and family last Tuesday and Wednesday. She accompanied J. N. Banks of that place, who was here looking after his farm.

Howitzer Shells For Hitler

Passed by Censor.

THIS small corner of a munitions plant somewhere in Canada which is manufacturing howitzer shells gives an idea of the vast munitions program upon which the Dominion is engaged. In the manufacture of shells, chemicals and explosives, Canada has assumed a position of supreme importance in the war. Nine of the Dominion's twelve chemical and explosive plants (one of them the largest in the British Empire) are producing and the

balance will be in operation soon. This year alone, the total production of explosives in Canada should exceed the entire Canadian output during the whole of the 1914-18 World War. In the munitions plants, nine types of gun ammunition are being produced at a rate of millions of rounds per year. About forty per cent of the total national income of Canada this year will be spent by the Dominion for her own military needs and to give financial aid to Great Britain.

Plans Completed for Wichita Falls Chuck Wagon Gang Rodeo

Wichita Falls, Oct. 13.—Cash awards totaling \$1,400 were waiting for the winners and eight new chutes were ready for the stock as members of the Wichita Falls Chuck Wagon Gang completed plans this week for their bronc bustin', pants dustin' rodeo this Friday, and Saturday.

Staged by the Chuck Wagon Gang as a headline feature of the Sheppard Field Jubilee, rodeo performances will be offered on both Friday and Saturday afternoon and nights.

Hardin-Simmons famous Cowboy Band, with its six white horses and beautiful cowgirls, will perform at every showing.

Competition is strictly amateur and open to all comers.

The Chuck Wagon Gang Rodeo will be staged at Spudders' Ball Park under the finest rodeo facilities ever offered in this area. The field is completely lighted for night performances, seating facilities for 5,000 persons are ready, and eight new chutes have been added to the field. Stock from Bill Lyons' ranch at Petrolia will be used.

Here are the events and the awards that will be handed down to the boys that carry home the bacon:

Calf roping, \$150 per day, with a saddle offered extra for the best time both days; bronc riding, \$150 per day, with a pair of shop-made boots offered for the best two-day average; steer riding, \$150 per day, with a pair of shop boots offered for the best two-day average; bareback bronc riding, \$100 per day, plus a Stetson hat for best both days.

As an added attraction, four army-trained jumpers will be shown at performances Friday afternoon and night by Col. J. C. Watkins, Fort Sill, Okla. Tickets are \$1.10 for box, 75c grandstand and 55c bleacher.

Children in School Need Adequate Sleep

Austin.—Now that the schools are under way and the daily routine is well established, the question of school lunches that will be adequate and attractive and will help to keep the growing boy or girl up to the mark mentally and physically, is of special importance. But the child's growth and development are helped or hindered by various other things in a child's daily program.

Here are some of them as outlined by Dr. Geo. W. Cox, State Health Officer:

"The average school child needs from 10-12 hours of sleep each night. A tired child is a nervous, irritable child who finds it hard to concentrate. Does your child have a bedtime that is early enough to insure an adequate amount of sleep?"

"Teachers complain that many of the children find it necessary to eat part of their lunch in the middle of the morning. A hungry child does not make a good student. Does your child have an adequate breakfast before he

leaves for school?"

"A hot food in the middle of the day prevents fatigue and stimulates the appetite. If there are no provisions for hot food at school, the teacher should place a jar of food brought by the child in a pan of water to be heated and served at lunch time. Does your child have an adequate lunch, one which includes a hot dish?"

"A well nourished body must have certain necessary foods every day, such as milk, fruits, vegetables, whole grains, meat and eggs, and cod liver oil. Does your child have an evening meal which supplements the other meals of the day and provides the balance of the food needed during the day?"

Because ship space is needed to carry war munitions the items of food furnished Britain are those which furnish the maximum amount of nourishment and require the least amount of space to ship. Principal among these is dried eggs. Thirty-two pounds of fresh eggs shrink to one pound when dried. The request comes from Britain for 100,000,000 pounds of dried eggs. Last year the United States produced only 12,000,000 pounds of dried eggs. To meet the new demand 40 new egg drying plants will be built in the middle west by private capital at a cost of from \$50,000 to \$100,000 each.

Luck may have been with you for years, but it can leave you in a minute.

Three Student Bodies to Form Football Crowd October 18

Denton, Oct. 13.—Fort Worth will be invaded next week-end by more than two thousand young ladies from Texas State College for Women and three times as many cadets from Texas A. & M. Joining with the Texas Christian University student body, they will form one of the most colorful football crowds of the season for the TCU-A&M game Oct. 18.

Headed by Anna Ruth Ashe, selected "Aggie Day Sweetheart" for the game by twelve leading A&M cadets, the TSCW girls will be making their sixth annual trek to the brother school's upstate football game. These trips are the culmination of long years of friendship between the two state colleges.

Special coaches on the regular MKT train Saturday morning will carry the girls to Fort Worth. Aggies will travel via trains, buses and thumbs. TSCW girls will have a section in the stadium, and their representative, Miss Ashe, will be escorted on the football field at the half while the A&M

As I was with Moses, so I will be with thee: I will not fail thee, nor forsake thee. Be strong and of good courage.—James 1:12.

We note there is some fretting on the part of some senators and others that the government is approaching too much that of dictator form of government. Our guess is that if this country wins this war, and if it is won it will be the punch provided by America that wins it, government will have to become vastly more dictatorial than it is now.

Martin Dies is the country's most insistent voice against Communism and other foreign isms. We believe that the country needs a crusader like Dies on this matter. Without it we are prone to lull ourselves to sleep by thinking that everything is all right and that it can't happen here until it is too late to do anything about it.

In the light of what has happened since, how foolish was the noble gesture made by this country in 1912 when it scrapped or sunk 16 warships among them our biggest and best battleship, the Washington. Germany, which was a member of that conference and had few ships worth sinking, immediately began rebuilding its war machine on a scale bigger than ever.

One by one the isolationists are being converted to the belief that Hitler must be destroyed and that this country has got to help stop him.

America is the only nation across which the shadow of the bombing plane has not fallen and whose industry has not been disrupted by the visit of bombers. Our best office at the present time, it appears to us, is to refrain as long as possible from sending an expeditionary force abroad and keep our men employed in industry and on the farm.

Although the United States may never reach the point in this war where an expeditionary force will be sent, the people of the United States are going to have an opportunity to feel every other effect of war except actual participation. Taxes will be radically increased, substitutes will be used in many cases where original materials are needed in defense industries, many items are going to be standardized, and fewer varieties made.

Whether one believes in President Roosevelt's general policies or not, one must admit that freedom of the seas can only be held by taking a firm, positive stand on the matter. This country has reached a point where we are forced to choose between real freedom of the seas or only freedom as Hitler chooses to grant us.

The administration has done a lot of talking about controlling prices but has done little about it. Unless prices are controlled inflation is coming. The disastrous effects of the inflation that followed the last war are too fresh in the memory of everyone to be ignored.

The American Legion at its several state conventions and at the National convention at Milwaukee passed resolutions asking for the recall of Secretary of Labor, Frances Perkins. The American Legion is thinking straight on this matter but are going to be ignored by the administration.

It is easy to buy printing out of town. Sometimes it can be bought cheaper out of town than local printers can do it, but no out of town concern was ever known to print and circulate in the community a single line boosting a local business.

What We Think (By Frank Dixon)

The information has been put out that plans are under way by the administration to extend the benefits of the social security program to include domestic and farm workers and various professional classes. As it is now set up the social security benefits in the matter of old age pensions extend to but a limited group of workers.

While it is to be expected that in initiating a thing as new and broad as the social security program it is but natural that it would not be perfect in its original set-up or that improvements and expansions would not be made on it after it was started.

The inclusion of domestic workers and farm workers involves some sizable problems in bookkeeping. The domestic or farm worker during the course of the year or even a month might have a dozen or more employers. Each one would be called upon to keep a separate account.

There would also be the problem of bookkeeping and administration on the part of the federal government.

In 1943 under the present law the old age insurance tax which is 1 per cent for each worker and employer will be doubled to 2 per cent for each worker and employer. The unemployment payroll tax paid only by the employer will in all probability remain at 3 per cent.

I have felt ever since the institution of the social security program that a provision should have been made in it whereby the farmer, the professional man and the small business man could share its benefits. Under the present law these are denied this benefit because they are not on some one's payroll.

ing saved up for their old age. During their life time they have given many others employment and have made it possible for them to build up by means of the social security program a competence for the declining years but have none for themselves.

As a matter of fact there is very little difference between the farmer and the small business man and his employees. He works at the same work side by side with them. In most instances he works harder and works longer hours.

With no increase in the tax levy this benefit could be extended to this class. They could be permitted to pay into the fund a part of their earnings sufficient to insure for them a competence for their old age on a par with that of the employees of the country. I have never heard of a sensible argument against it and I knew of many for it.

If changes or extensions are made in the social security law these classes should be given first consideration because they can be added with no additional expense or increase in taxes and because it is their obvious right to be so protected.

By a series of experiments it has been discovered that skunk odor combined with honey makes an effective rat and mouse repellent. These rodents will not remain where this substance is. The theory is that the skunk is an enemy of rats and mice and they fear it and give it a wide berth. A number of experiments were made to discover the best base in which to incorporate the odor, glycerine, castor oil and various fats were tried, but the odor left them in a few hours or days. The odor, it was found, remained in honey for at least four months.

A popular contest at out of doors parties and the picnics is a slipper kicking contest by women. The contest is to see which woman can kick her slipper the highest. The trick is to stop the foot suddenly on the way up releasing the slipper which will go straight up into the air. The woman kicking her slipper the highest wins the contest. To be successful a slipper should not fit too snugly.

Crowell Loses

(Continued from Page One)

ell backfield proved to be costly to the Wildcat team. Perhaps the most sensational playing of the Moguls was Fullback Moore's accurate passing and Guard Tidwell's defensive work.

A fumble by Bird early in the first quarter gave the Moguls possession on the Wildcat 30-yard line. After a series of running plays, Fullback Moore of Munday went over from the 2-yard line and Cadwell converted the only extra point of the game.

Crowell received and on the first play Bird fumbled again on the 38-yard line. More immediately launched a pass to Cure, good for a touchdown.

Tidwell of Munday blocked a punt by Spears in the third period and Spears fell on the ball in the end zone for a safety.

The third touchdown was set up by Carden's interception of Bird's pass on the Mogul 40. A series of runs, mostly by McGraw, advanced to the 2-yard line from where Moore carried over.

On the last play of the game, after Halenak had fumbled, Moore passed to Carden, 12 yards for another touchdown.

My Home Town and Defense Contest of WTCC Going Good "Going great," said a first-of-the-week announcement from the West Texas chamber of commerce on its My Home Town and Defense contest, a long-time smash feature of WTCC conventions. Monday the list of town entries had reached 52, and that was full three weeks before the regional chamber's fall convention opening. It is expected the number soon will top the final total of 58 entries received last May at the Mineral Wells convention. Judge C. M. Caldwell, Abilene, has directed the Home Town contest for 15 years and again this year is in charge. He is being actively assisted as co-chairman by Comer Clay, head of the speech department of the Abilene High School. Caldwell and Clay are predicting that 75 to 80 high school boys and girls of West Texas will compete in the seven preliminary district contests. These will be held during the week of October 27-31 at Canyon, Lubbock, Wichita Falls, Fort Worth, Abilene, Odessa and Stephenville. From these contests will come seven district winners who, finalists, will compete against the Midland convention. The finals will be conducted by the entire WTCC group—House of Delegates—starting 11:15 Tuesday morning, Nov. 1. The winner will take possession of the Thomas Etheridge cup for year, and all finalists will receive cash awards. Present cup holder is Howard B. Fisher of Amarillo.

Locals

Rubber boots and overshoes. Plenty at Fisch's.

Mr. and Mrs. Bill Drabek have returned from a wedding trip to points in Texas.

Billie Holman of Wichita Falls spent the week-end with his aunt, Mrs. Virgil Greer, and husband.

Mrs. Henry Borchardt and infant daughter were returned home from a Vernon hospital Sunday.

Mrs. G. W. Mills of Amarillo spent last week here visiting her daughter, Mrs. Ragsdale Lanier, and family.

Slickers! Slickers! Suits and coats at Fisch's.

James Welch and Kenneth Halbert, students in Texas Tech at Lubbock, spent the week-end with homefolks.

Travis Fox has returned to Crowell from Quanah where he has been employed in the Fox-Way Food Market for a month.

Mr. and Mrs. H. E. Ferguson left Tuesday for Pecos for a visit with their son, Charles Ferguson, and wife. They will return home Friday.

Mr. and Mrs. Glynn Shults and children, Jo De Stuart and Ray Glynn, of Anadarko, Okla., were guests of Mr. Shults' mother, Mrs. J. H. Shults, Sunday.

Mrs. W. S. J. Russell and Misses Ruth Patterson and Thelma White spent last week-end visiting Mrs. Russell's daughter, Mrs. Cone Green and family in Levelland.

Mrs. J. A. Stovall arrived home Wednesday afternoon from Los Angeles, Calif., where she had visited for the past five weeks with Mr. Stovall's sisters, Mrs. D. L. Robinson and Mrs. L. E. Wilde, and families.

R. O. Wilson, carpenter and contractor in Crowell for the past twenty months, left Friday for Austin to be connected with the Brown-Root Construction Co. He was employed by this company before coming to Crowell.

Mr. and Mrs. Ed Norris and Mr. and Mrs. Donald Norris went to Lockney Sunday on account of the death of Mr. Norris' granddaughter, Mrs. Marvin Foltz. They remained until Tuesday to attend the funeral.

Mrs. J. R. Allee is in receipt of word that her son, Merrill, who has been stationed at Monmouth, N. J., has been transferred to Fort Sam Houston, at San Antonio. He went to San Antonio Tuesday.

Mrs. D. R. Magee returned from Lubbock last Friday where she had spent a few days with her sister, Mrs. Elmo McClellan, who was seriously injured in an automobile accident in the summer. Mrs. Magee reports her sister's condition gradually improving.

Rubber boots and overshoes. Plenty at Fisch's.

G. D. Owens of Lubbock is here spending a few days looking after his farm in the east part of the county.

Miss Hazel Culbert of Wichita Falls arrived Sunday to assume her duties as County Supervisor of the WPA lunch-rooms.

Mr. and Mrs. W. P. Derrington and daughter, Ona, of Merkel attended the funeral of Hubert Carroll in Crowell Friday afternoon.

Mrs. S. J. Ferguson and Miss Genevieve Ferguson spent Saturday and Sunday in Lubbock visiting Mr. and Mrs. S. P. Ferguson.

The Columbian Club will have a food sale at Haney-Rasor Grocery, Saturday Oct. 18, to begin at 10 o'clock.

Misses Faye Easley and Marjory Browning of Truscott spent the week-end in Lubbock visiting Miss Catherine Browning, student in Texas Tech.

Cecil Carroll, student in Texas Tech at Lubbock, was at home the latter part of last week on account of the death of his brother, Hubert Carroll.

Mr. and Mrs. W. E. Whittington of Stamford are visiting in the home of Mrs. Whittington's brother, W. F. Kirkpatrick, and Miss Frankie Kirkpatrick.

Mr. and Mrs. T. J. Smith and son, Vardaman, visited Saturday night and Sunday with Mrs. Smith's parents, Mr. and Mrs. J. E. Mayes, of Mineral Wells.

Mr. and Mrs. Elmer Powell of Rochester were here Saturday as guests of Mr. and Mrs. Grover Cole. Mrs. Powell was formerly Miss Jennie Belle Clifford.

W. H. Adams of Camp Bowie, Charles Branch of Ft. Bliss, Mabry Norris of Ft. Sill, Okla., and Virgil Allen of Ft. Sam Houston at San Antonio, are at home on furloughs of fifteen days.

Pvt. David Solis, who recently completed a 22-weeks' course in radio communication at Scott Field, Ill., and assigned to duty at Bourquin Field, Puerto Rico, is here visiting his parents, Mr. and Mrs. Dave Solis.

B. W. Wallace of Albany left Wednesday for his home in Gram after a short visit in the home of Mr. and Mrs. A. Y. Beverly. Mr. Wallace is a brother of Mrs. Beverly.

Miss Ann Mabe of Fort Worth spent Saturday and Sunday here visiting her parents, Mr. and Mrs. F. W. Mabe. Miss Mabe is now a registered nurse, having graduated from a nurse's training course in the City-County Hospital in Fort Worth in September and passed the State Board examination in June. She is now employed in the City-County Hospital at Fort Worth.

Rubber boots and overshoes. Plenty at Fisch's.

Secretary of the United States Navy Frank Knox recently visited Bermuda, an important U. S. naval base in the Atlantic. This official navy photo shows the secretary reviewing the sailors aboard the U. S. S. Augusta.

8-oz. A cotton sacking, 20c, at Fisch's.

Mrs. P. P. Cooper left Sunday for Sweetwater to visit her son, Gordon Cooper, and family.

Mrs. Ben Hinds and Mrs. R. R. Magee spent last Thursday in Rotan as guests of Mrs. Hinds' sister, Mrs. J. M. Montgomery.

Mrs. W. D. Howell of McKinney visited her sister and nephew, Mrs. T. M. Beverly and Tom Beverly, for a few days of last week.

Miss Mary Frances Bruce, who is a student at West Texas State College at Canyon, was at home over the week-end. She returned to Canyon Sunday afternoon.

Mr. and Mrs. A. C. Pechacek and daughters, Katherine and Anna, of near Waco are here visiting Mr. Pechacek's mother, Mrs. Rosalie Pechacek, and other relatives and friends.

Mrs. A. L. Thomas and children, Virginia and Mousour, of Oklahoma City left for their home Wednesday after a visit in the home of Mrs. Thomas' brother, Fred Wehba, and family.

Mrs. Albert George of Dallas is a guest in the home of her brother, Fred Wehba, and family. Mrs. George was formerly Miss Linda Wehba. Her mother, Mrs. K. H. Wehba, will return to Dallas with her.

Mr. and Mrs. M. S. Henry and Mrs. T. M. Beverly went to Wichita Falls Friday. They took Mrs. W. R. Potter of Bowie, who had given a book review Thursday afternoon and had been a guest in the Henry home.

Mrs. Alva Spencer and her mother, Mrs. D. L. Reavis, spent Saturday and Sunday in Camp Bowie, Brownwood, visiting their son and grandson, Joe Spencer. Joe had been in the hospital for five weeks, but was released Sunday and returned to his company.

Navy Secretary Visits Bermuda Outpost

Secretary of the United States Navy Frank Knox recently visited Bermuda, an important U. S. naval base in the Atlantic. This official navy photo shows the secretary reviewing the sailors aboard the U. S. S. Augusta.

Investigation of Freight Rates by ICC Will Be Continued

The Interstate Commerce Commission will continue without pause its investigation of the interterritorial freight rate structure of the United States. The petition of all Class 1 railroads, filed July 16 last, asking for indefinite postponement of the national inquiry was denied October 6 by the commission, sitting in a general session.

Notice of the denial order, Dockets 28300 and 28310, has been received from W. P. Bartel, secretary of the ICC, by the West Texas Chamber of Commerce. The regional chamber on August 1 filed its petition with the commission protesting the carriers' efforts to call off the interterritorial investigation of freight transportation charges that was launched two years ago. Similar protests were filed by the Texas Railroad commission, governors of Southern states and shippers' groups of the South, Southeast and Southwest.

The ICC inquiry came to a head last July 10-11, in St. Louis, in a hearing at which members of its staff submitted studies concluding that class rate levels are disproportionately high in Southwestern territory—comprising Texas, Arkansas, Oklahoma and Louisiana—in comparison with levels in northern and eastern states, and should be adjusted. In the plea for postponement the carriers were joined by the governors and shippers groups in states of so-called official territory.

Of the ICC's order of denial, D. A. Bauden, manager of the West Texas chamber, said, "This action is in line with our own petition, that of the Texas Railroad commission and pleadings for relief by a great many of our Texas cities. We plan to participate vigorously in all future hearings, and our studies will go on continuing to present all the facts relating to the total freight rate level of Texas including both class and commodity rates. On class rates Texas is still paying an average of 61 per cent above the official territory, mile for mile on equal haul, and this doesn't make sense.

"On intrastate rates," Bauden said, "a part of the battle for equality has been won recently with issue of the Texas Railroad commission's order abolishing all differential territory and all surcharges heretofore assessed against 69 of our West Texas counties. We are now pressing for restoration of the Texas commission's order of May 15, 1940, reducing the level of all class rates by 13 to 15 per cent. When we get this order we will be a long way on the road to equality, but complete equality will not be won until justice is also done to Texas on the interstate levels of rates. This is the trail the Interstate Commerce Commission is now following and from which it declines to be detoured."

Brief Bits of News From Here and There

TNT, a high explosive used in shells and bombs, is a crystalline substance resembling brown sugar. It can be very roughly handled and even ignited by flames without any harmful results, but when confined in a shell or bomb, and fired with a powerful cap or detonator it can sink a battleship or level a city block.

William Randolph Hearst, owner of a string of newspapers, spent much of his life assembling a collection of art of various types. Included in the collection are two Spanish monasteries purchased in Spain. They were dismantled and the stones shipped to this country numbered and crated that the building might be restored in its original form. One of these monasteries for which Hearst spent in all over \$750,000, because it could not be sold for any price, was given to the DeYoung Memorial Museum of San Francisco. It consists of a church, chapter house and refectory. The building which consists of 10,344 pieces was shipped to this country in 1,500 crates.

The American Boy, which was forced to suspend publication last July because of lack of advertising, will reappear next month. The assets of the American Boy and the Youths Companion, which also suspended publication, were bought for \$700 by James A. Humberstone, former editor of the Ford News, the automobile company's employee publication, who has made arrangements for its publication.

It is interesting to note that in this country the same firm has been engaged in the manufacture of a wire rope or cable for a hundred years. An idea of the amount of wire cable used in this country may be gained from the fact that the firm employs 6,200 persons. Started over a hundred years ago by John A. Roebling, the business is still in the Roebling family, being known as John A. Roebling's Sons Company.

In the World War, army and navy records show that 51,381 men were killed in action and that 75,000 died from other causes or a total of 126,381. In the twenty-one years since the war over five times as many persons have lost their lives on the highways of this country in automobile accidents, a startling argument for safer driving.

Safety is good insurance for yourself and family.

ROTARY CLUB
Rotarian Tom Preston of Quanah, Rev. W. E. Hamilton of Lubbock, Mrs. Arnold Rucker, and Misses Doris Jean Breedlove and Marjory Brock were visitors at the Wednesday meeting of the Crowell Rotary Club.

The program was conducted by Judge Leslie Thomas and included a vocal solo by John Rasor with Mrs. Rucker as accompanist, and a vocal duet by Misses Breedlove and Brock. Rev. Hamilton also made a talk and the program was closed with a short talk by Judge Thomas.

CARD OF THANKS
We take this method of expressing our sincere thanks and appreciation to our friends for their many deeds of kindness and sympathy shown in the long illness and death of our loving husband, father, son and brother, Hubert Carroll.

Mrs. Hubert Carroll and Children.
Mr. and Mrs. C. W. Carroll and Children.
Mr. and Mrs. D. A. Alston and Children.

THE INK I SPLATTER (A Transome Pecker)

The proof of a great football team is the fact that they can win after an unexpected defeat. We are still behind the good old Wildcat 100 per cent.

Teacher: How many of you students can repeat the poem we learned about Columbus?

Billy Diggs: Columbus sailed the ocean green in fourteen hundred and seventeen.

Bobby Spears: That's not right. It goes like this: Columbus sailed the salty brine in fourteen and ninety-nine.

Truman Taylor: No, it's like this: Columbus sailed the deep blue sea in fourteen and ninety-three.

Donald Ward: You dumb clucks, listen while I tell you how it goes. Columbus sailed from the Spanish shore in fourteen and ninety-nine.

"Butch" Carroll: You are all wrong, but this is right: Columbus sailed the ocean blue in fourteen and ninety-two, which is probably more than you will do in nineteen and forty-two—unless you are of draft age.

An interesting foursome at the bowling alley Saturday night was June Billington, Virginia Thomas, Margie Davidson and Mrs. Davidson. Mrs. Davidson very seldom bowls. Virginia was bowling her first time. Since June and Margie bowl quite often, they teamed up against the two less experienced. The final score was quite interesting: Margie, 28; June, 106; Virginia, 100; and Mrs. Davidson, 51. So the two veterans lost by a total of 19 points.

Congratulations to the Senior Class. For the benefit of those who haven't heard yet, the Senators gathered in a total of fifty dollars on their two rummage sales. This was the result of two Saturdays of hard, honest work.

Ward has been passed to me that the Senior box supper Tuesday night is going to be some "Shape." The idea is not necessarily to enjoy the food in the box you buy, it's the girl that goes with the box that really counts. Boys, here's your chance to cut in on some of these steadies.

Even though it's the fall of the year, the smell of apple blossom is definitely in the air.

WE WONDER

Why so many cars were out at the Country Club Saturday night? Hum—Seems they had a "rush" business.

How Paul Vecera and the little Truscott girl made it Saturday night?

Why "the kids" don't stir up more excitement—so we can fill up this column?

How these "six weeks exams" will come out? Favorable, we hope!

If "Shirley" enjoyed her Dallas-Denton trip last week-end?

If La Verne Smith is blissfully happy since her husband is here for fifteen days?

Why some people always get so far behind in typing?

How Richard Carroll keeps up with the news that goes on outside of Crowell? (For example, Electra).

What made Evelyn Flesher so blue over the week-end?

Why the kids of CHS are not

HARD LUCK

This week finds a sad but more determined than ever group of Wildcats. As you have no doubt heard by now the Wildcats lost their first conference game to an undefeated Monday team by a score of 27-0. This defeat builds up a strong determination to beat the twice beaten Eagles.

MR. BIRD

The senior class wishes to express its thanks to Mr. D. N. Bird for the use of his coat racks at the rummage sales of the last two Saturdays. They helped a lot. Thanks.

Wichita Falls Air Corps Field to Be Dedicated Friday

Wichita Falls, Oct. 13.—Sheppard Field, world's largest air corps technical training school, will be officially dedicated Friday as the headline feature of Northwest Texas and Southern Oklahoma's historic two-day Sheppard Field Jubilee celebration.

Jubilee officials estimate 100,000 visitors will participate in the dedicatory ceremonies, scheduled to start at 11 o'clock Friday morning.

Mrs. Morris Sheppard, wife of the late, famed Texas statesman in whose honor the \$18,000,000 air corps technical training school will be named, will attend the dedication in company with scores of high ranking government, army and air corps officials.

Jubilee festivities will start Thursday night and continue at a streamlined speed through Saturday.

Participation of military units from Camp Barkley at Abilene and Fort Hill, Okla., is assured. Artillery, infantry and military band units from both posts will figure prominently in the dedicatory ceremonies and other Jubilee activities.

Saturday's events will be headlined at 10:30 a. m. with the Jubilee and Grand Military Parade. Final plans indicate it will surpass in size and grandeur anything ever presented in the history of Northwest Texas and Southern Oklahoma.

Entertainment, both day and night, will be plentiful throughout the celebration. There will be rodeos and horse shows afternoon and night on both days. Indians, Hardin-Simmons' famous Cowboy band with its six white horses and beautiful Cowgirls, entertainment by Sheppard Field soldiers, old fiddle's contests, whiskey judging, square and street dancing and a bevy of sports events including bowling, sail boating, casting, horse shoe pitching and golf.

Trains will run each hour Friday from Wichita Falls to Sheppard Field. Admission to the dedicatory ceremonies within the post grounds will be absolutely free.

THE F. H. T. CLUB

The F. H. T. Club is hoping to have a very large membership this year. The course of study is to be based around defense. It will show us what we can do to help in our defense program, and what others are doing. This should be of interest to all of the girls of CHS. All that is required to be a member is to be enrolled in high school, pay your dues of ten cents a year, and your attendance.

The October meeting will be October 22, at 7 p. m. in the Home Economics room. Everyone try to be present.

Margaret Claire Shirley had a grand time in Denton last week-end seeing T. S. C. W. and the girls that are attending the school. We hear she enjoyed riding around Saturday night in a gray convertible. We wonder who he was.

Mary Evelyn Edwards made another trip to Lubbock over the week-end, but this time for business.

We hear Evelyn Flesher had a date with a certain Thalia boy Saturday night.

Did you notice all of the John Tarleton "kids" that were home last week-end? Well, they were Ralph Flesher, Dorothy Flesher, Reed Sanders, Iva Ruth Gaffard, Edward Roark, and Stanley Sanders. We were all so glad that they came home.

DAFFINITIONS:

Born—place to keep cows.
 Epistle—a gangster's weapon.
 Six-man line—what every girl hopes for.
 Senore—noise made while sleeping.
 Jackets—long-eared animals.
 Languish—speech of a country.
 Quote—two pints.
 Fret—male sorority.
 Gold—very chilly.

"FROM PLAIN TO PLANES IN 120 DAYS"

The story of America's first windowless, air-conditioned airplane factory—built in record time to produce military airplanes in quantities—is told in these three photographs. North American Aviation, Inc., built the factory—25 acres under one roof—and had it in production in 120 days. Today, the company is publishing a striking advertisement in leading magazines to pay tribute to "the enthusiastic community co-operation" it has found in Texas.

On December 17, 1940, the erection of steel for the new factory had just been started, with almost incessant rains creating a major obstacle to construction. The photo of October 4 shows the

flight ramp at North American's Texas plant, indicating its production, in quantities, of advanced training planes for both the Army and Navy air services. The lower photo shows two sides of the mammoth main factory building—one of nine structures on the 150-acre site.

At a recent meeting of the American Fisheries Society convention in St. Louis, a committee reported that a fish name dictionary would be completed within the next year which would give to all fish similar names in any section of the country. For example, the wall-eyed pike, the Jack Salmon, the Ohio River salmon, the yellow pickerel, the glass-eye perch and the dore are all the same fish but bear a different name in different parts of the country.

The Ford Motor Company exhibited last week the first automobile with a plastic body. The car, an experimental model, was made by hand and consisted of plastic panels mounted on a welded steel frame. The plastic body will reduce the weight of the car by one-third, and is claimed to be superior to steel in every way but tensile strength or resistance to pull. It is not expected that plastic bodies will become practicable for several years because of the cost of production. A break in a plastic car body may be patched by merely cementing another piece of plastic into the hole.

dred and fifty-five new and identical houses of worship, each equipped with a Hammond electrical organ provide suitable places of worship for the soldiers in training.

One of the items the supply of which the war has been instrumental in drastically reducing, is coriander seed, used in flavoring candy, sauces, tobacco products and gin. This country uses annually 2,000,000 pounds of the seed which has heretofore been imported from Morocco, Hungary and the United Kingdom. Since this supply has been cut off by the war small crops have been grown in Kentucky and in a few midwestern states. At the present time there are about 150 acres devoted to the crop on which production this year totaled 40,000 pounds of seed.

Motion picture producers of Hollywood received 30,000 requests for passes into the studios to observe the movie stars at work during the month of June and a larger number in July. Most of the requests came from tourists. Because it would be impractical to admit such throngs to the set the requests were turned down.

There are 994 Protestant, 317 Catholic and 18 Jewish chaplains apportioned approximately at the ratio of one to every 1,200 men stationed in the various training camps of the army. Five hun-

Quick Erection of Airplane Factory Sets All Time Record

Impetus was given Texas' industrialization campaign today when North American Aviation Inc. began publication of an advertisement paying tribute to Lone Star State's "Industry Teamwork" and "Enthusiastic Community Co-operation" with industry.

North American Aviation selected a site near Dallas for \$9,000,000 airplane factory August 17, 1940; it awarded construction contract November 13, 1940; and on April 7, 1941 the plant was dedicated and delivered its first three airplanes.

Of the more than 4,000 employees at North American's Texas factory today more than 95 per cent are Texans. The plant will ultimately employ nearly 12,000 persons.

"From Plain to Planes in 120 days," is the headline of a strikingly-illustrated North American ad. It is being published in the Saturday Evening Post, Time, Life, Fortune and the United States News.

"What had been a Texas plain 12 miles west of Dallas," the ad declares, "is now America's first windowless, air-conditioned airplane factory; 25 acres under one roof. Was completed and planes were delivered to the U. S. Army Air Forces 120 days after construction began. Within six months the new plant had produced twice the number of planes originally scheduled. Fulfilling defense requirements for decentralization of industry, the Dallas achievement is a tribute to industrial teamwork supported by an enthusiastic community co-operation."

The Sports Show is one of the high type attractions which the State Fair of Texas has obtained for the Midway under a new policy. The Sports Show features a thrilling contest in which wooden men seek to spill others from their canoes. Another thrilling sight is former loggers of the lumber industry demonstrate their skill at "log-rolling."

Dr. Thomas V. Connor, Dallas, Texas, dentist, has his dental chair equipped with a control by which patients may play phonograph records of a soothing rhythmic type. The theory is that dental operations are less painful and less irritating if pleasing music accompanies them.

Don't—THAT'S THE MOST IMPORTANT THING YOU'LL HEAR TONIGHT

When statements about Alka-Seltzer are made over the air, please, please believe them.

Mrs. Oma Catherine Jones

MILLIONS suffer less from Headache, Acid Indigestion, Distress of Colds "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is a worth far more than the genuine enjoyment they get from the broadcasts.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer we believe you will agree with us.

But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio programs.

WHY ALKA-SELTZER IS SO EFFECTIVE

The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The pain-relieving action is made more effective by alkaline buffers. The alkalinizing elements in Alka-Seltzer reduce excess stomach acidity.

Get Alka-Seltzer the next time you pass a drug store.

Large package 60¢
 Small package 30¢

Try a glass of Alka-Seltzer at your Drug Store Soda Fountain.

Alka-Seltzer

Alarming Increase in Traffic Fatalities May Set State Record

Austin, Oct. 13.—Texas automobile drivers may set a record this year—a record for killing more people than they've ever killed before.

State Police Director Homer Garrison raised this possibility today after studying the trend of "an alarming increase" in the state's traffic toll for the first nine months of 1941.

"Each month has shown a steady increase in the number of deaths over last year," Garrison observed. "In August the increase amounted to 11 per cent. The count for September is not yet complete, and will not be for another 10 days, but already there is an increase over September of last year. The complete total for nine months is likely to show an overall gain of as much as 13 per cent."

"Mathematically, this rate of progression would result at the year's end in an increase of 20 per cent. That would mean 2,100 deaths, or approximately 50 more than the 2,043 deaths which set an all-time record in bloody 1937."

With 100 new Patrolmen and Drivers' License Examiners due to graduate from training school late this month, Garrison saw a ray of hope. "With diligent enforcement supplemented by the efforts of these new men during two of the worst winter months," he said, "it may be possible to reverse the death trend and stay even with, or perhaps a trifle under, the 1937 record."

The largest and most powerful locomotive ever built was delivered to the Union Pacific railroad recently by the American Locomotive Company. The engine named by the workers who built it as "Big Boy" is 132 feet long and weighs 377 tons, the engine consumes 10 to 12 tons of coal and 15,000 gallons of water an hour and has a maximum speed of 80 miles an hour. It is the first of twenty similar engines to be built for the Union Pacific. The big mogul will be used for hauling freight between Ogden, Utah, and Green River, Wyoming, over the Wasatch Range.

Pencil manufacturers of the United States who use brass for heads, bands and clips on pencils met with defense officials in Washington and worked out changes in their pencils whereby a saving of about 350,000 pounds of brass would be made annually.

DEFENSE BUY UNITED STATES SAVINGS BONDS AND STAMPS

AMERICA ON GUARD! Above is a reproduction of the Treasury Department's Defense Savings Postage, showing an exact reproduction of the original "Minute" statue by famed sculptor Chester French. Defense Bonds and Stamps, on sale at your post office, are a vital part of America's defense preparations.

This Week in Defense

Neutrality Law Modification Asked Starting "we will not let Hitler scribble the waters of the world which our ships may travel..." President asked Congress to act on Section 6 of the Neutrality Act which prohibits arming of American merchant ships and to amend other phases of the law. President said this action "is a matter of immediate necessity of extreme urgency..."

Aid to Britain and Russia The American Red Cross indicated the British Red Cross to send immediately to Russia tons of medical supplies. The American Red Cross will send replacement supplies to England.

Prices Small food prices continued to rise between mid-August and mid-September, increasing 2.6 per cent to reach the highest level in January, 1931, the Labor Department reported.

Labor The President, in a message to the AFL convention in Seattle, said the time has come when Federal mediation machinery "must be used... before any recourse is taken to a strike or lockout."

Production OPM Director Knudsen, speaking in New York, said despite tremendous increases in British and American production the Nazis will continue to hold their lead in certain import war items "for a long time unless we step up our present pace."

Physical Rehabilitation for Selectees The President announced plans to "salvage" 200,000 of the 1,000,000 selective service registrants who have been rejected for military reasons.

Air OPM announced 1,914 military aircraft were delivered during September—a new monthly record. The War Department announced it will allow Army aviators 30 hours credit for training prior to enlistment thereby cutting in half the fly-

Helping South America Speaking in Boston, Co-ordinator of Inter-American Affairs Rockefeller said the U. S. "has practically taken up the slack left in the trade of the 20 Republics European markets," by increasing import purchases from \$450,000,000 to nearly a billion dollars a year.

Foreign Trade President Roosevelt told the 28th National Foreign Trade Convention in New York that equalization of treatment and mutual benefit to all nations could be the only basis for post-war commercial relations if peace is to be achieved. Under Secretary of State Welles told the convention that trade agreements similar to those made before the war by the U. S. would be one of the post-war economic tools. Under Secretary of Commerce Chatfield-Taylor said the mistake of Versailles, of peat the territorial and political stressing territorial and asking little adjustments on the basis of sound trade and economic reconstruction. He said England and the U. S. must set the trade pattern because only they have the productive facilities.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8:00 o'clock. Sunday, October 19. Subject: "Doctrine of Atonement." The public is cordially invited.

East Side Church of Christ Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock. Mid-week Bible class each Wednesday evening.

Crowell Methodist Church Note Burning Service, Sunday, Oct. 19, at 11 a. m. We have looked forward and struggled for the realization of this day. Now that it is here, let's take it in to the fullest of our capacity. The day is yours, ours, mine, the other fellows, everybody who has had a part in bringing it about or he that is glad to see it come. We are burning the note against the church at this service and want you here to witness the fact.

Like the fellow who had a fight with the bear; a wonderful experience but once is enough for a life time. Well, the paying for our church has been an experience, it has challenged our loyalty to the cause. Thanks to God for the experience since it is over, but please do not give us another test like it.

The loyalty of the men and women who have stood by this task is encouraging to all those who are familiar to the routine, or detailed work through these years. Souls that have been loyal to the "Cause of God" through our church these many years give us renewed faith in the genuineness of the Christian way of life.

Many true souls have wrought nobly and we want that they have "Freedom of Speech" in this most unique service Sunday at 11 a. m. No formal invitations are sent out. The open doors of the church is your invitation. We want every member present with all their friends. The seating capacity is normally about six hundred but chairs are available for others. Come on and let's see the "Mortgage" go up in flames.

H. A. LONGINO. Christian Science Services "Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 19.

The Golden Text is: "There is one God, and one mediator between God and men, the man Christ Jesus; who gave himself a ransom for all, to be testified in due time" (1 Timothy 2:5, 6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He that overcometh shall inherit all things; and I will be his God, and he shall be my son" (Revelation 21:7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "He that touches the hem of Christ's robe and masters his mortal beliefs, animality, and hate, rejoices in the proof of healing—in a sweet and certain sense that God is Love" (page 569).

Our Weekly Sermon By Rev. Will H. Houghton, President of Moody Bible Institute, Chicago.

Every civilization has had its bazaars and fairs. One can almost see the eastern bazaar of Bible times, busy and bustling, the people for the most part occupied with trifles and knick-knacks, and many of them hardly knowing what they want, as they idly drift from stall to stall. Suddenly a prophet appears. They think he is from the country; they do not know he has come from the presence of God.

With a deep, rich voice he cries to the throng, "Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price. Wherefore do ye spend money for that which is not bread? and your labor for that which satisfieth not?"

If you could translate that scene and interpret it in terms of one day, you would picture our modern county fairs or the Saturday night crowd on our city streets. As you see them in their restlessness and evident hunger of

On Eastern Front

Adm. Nicholas Horthy, regent of Hungary, with Adolf Hitler at the Nazi warlord's headquarters on eastern front. Horthy was awarded the iron cross before returning.

heart, you long to hear once more the bold, intriguing voice of an Isaiah, "Ho, every one that thirsteth, come ye to the waters..."

How demanding is this call, "Ho, every one... come ye." "Attention!" cries the prophet. Perhaps lack of attention more than any other thing is responsible for the drift into sin. Probably few people deliberately walk into wrong doing. No youth ever set out in life intending to be a drunkard or a thief. He merely drifted into evil companionships, and floated on the surface of the social stream, but the floater and drifter goes in only one direction—down.

The heart of the prophet's message is a glorious invitation. Three times the little word "come" is used, as if God in patience would repeat the invitation. A pleading God! How strange, when man should be the pleader.

How tragic that men with spirit's dimensioned for eternity should be satisfied to cram their lives into the confines of an eight-day clock. Is there not in your heart the stirring of unrest, the realization that life is more than something to eat, and something to wear, and a place to go? Jesus once said, "If any man thirst, let him come unto me, and drink... He that cometh to me shall never hunger; and he that believeth on me shall never thirst."

Alaska has an area of 584,000 square miles. Of this 94,000 square miles is farming and grazing land. Up to the time of the government's Mantanuska experiment but 14 square miles of Alaska's farm land had been improved. Three-fourths of Alaska is in the Northern Temperate zone. The Panhandle and the south coast have about the same climate as Boston. At Fairbanks winter temperatures reach 60 below but during the midnight sun, summer temperatures of 99 in the shade are not uncommon. Alaska is only 56 miles from Siberia, Russia, across the Behring Straits. The only through railroad in Alaska is government-owned. It runs 470 miles from Anchorage to Fairbanks. Within the past two years extensive appropriations have been made for the construction of air ports and the purchase of army planes and bombers. The new change in world events has made Alaska one of the country's most valuable outposts.

Keep the home fires burning, but don't burn the house.

Your Horoscope

October 13, 14.—You generally succeed in having your own way as people yield to you through confidence in your integrity and judgment, and they are not often mistaken in your ability. You are somewhat mechanically inclined, and, as a natural adjuster, are never at a loss to supply just what is needed to make up a deficiency.

October 15, 16, 17.—You are not at all superstitious, on the contrary you are very materialistic, and demand a strong reason before you are convinced. You are generally cool and collected, and push forward regardless of obstacles. You have splendid business ability and a conscientious loyalty to duty. Money put into your hands will illustrate its full purchasing power.

October 18, 19.—You are ambitious and desirous of power—a desire arising largely from your own conviction of your ability. You love your home and want it beautiful. Your interest in, and love for, your family comes first with you.

Miss Hazel Todd Is United in Marriage to Charlie Drabek

Miss Hazel Todd became the bride of Charlie Drabek in an impressive wedding ceremony at St. Joseph's Catholic Church Wednesday morning at 8 o'clock, with the pastor of the church, Father E. J. Shopka, officiating.

The double ring ceremony was performed before the main altar which was decorated with huge white chrysanthemums. Pink gladioli were used in the decoration of the side altars. The solemn nuptial mass of the Catholic Church followed the marriage rites and the solemn nuptial blessing was given during the mass.

The bride was attended by her sister, Miss Gussie Todd, a maid of honor and Mr. Drabek was attended by his brother, Bill Drabek, as best man. John Nagy served as usher.

The bride wore, for her marriage, a lovely dress of white slipper satin, featuring a basque with a peplum and long sleeves. Her skirt was full with a short train. She wore a finger-tip veil of illusion which was held in place by a plaited satin tiara. For something old, she wore a pin made from her maternal great grandmother's coral brooch, the gold of which was mined by her great grandfather during the California gold rush. Her flowers were tuberoses and gardenias made into a beautiful shower bouquet and placed on a white prayer book. Miss Gussie Todd wore a rose colored heavy tulle dress fashioned after princess lines and, with it, a matching hat. She wore a corsage of pale pink carnations and tube roses. The mothers of both bride and groom wore corsages of pink carnations.

Mrs. Drabek is the daughter of Mr. and Mrs. D. E. Todd and has been reared in Crowell. She attended the Crowell schools and is a graduate of the High School here. She attended Texas Technological College at Lubbock for three years. Mr. Drabek is the son of Mr. and Mrs. Joe Drabek of this place. He also was reared here and attended the schools

Mr. and Mrs. George Honored By Mr. and Mrs. Fred Wehba

Mr. and Mrs. Fred Wehba were hosts at their home on Sunday at a reception to honor their sister, Mrs. Albert George and her husband of Dallas, who were recently married. Mrs. George was formerly Miss Linda Wehba.

Proceeding a dinner for the guests, caviar was served in the living-room, at which time, toasts were given to the bride and groom. Music and games were enjoyed and the bounteous dinner was served at 3 o'clock. The dinner consisted of four courses, the last one being demitasse coffee. A large bride's cake centered the dining table. The cake was attractively decorated and the names of Mr. and Mrs. George were written on the top.

The remainder of the time was spent in conversation and visiting of the relatives and friends. The honor guests received many beautiful and useful gifts.

The following were present: Mr. and Mrs. W. W. Shadid and family of McLean; Mr. and Mrs. Jim Wehba and family, Miss Katharine Edd, Mr. and Mrs. Joseph Aboussie, S. S. Kouri, of Wichita Falls; Mr. and Mrs. S. K. Horany and family, Mr. and Mrs. Mitchell Horany of Archer City; Mr. and Mrs. Ray Horany of Olney; Mr. and Mrs. Albert Aboussie and family and Mr. and Mrs. Henry Bird and family of Vernon; Senor Felipe Ramases of Mexico City and Tofik Horany of Tijuana, Mex.; Mrs. A. L. Thomas and family of Oklahoma City; D. N. Bird and Albert Bird of Crowell; and Mrs. K. H. Wehba, mother of Mrs. George.

Mrs. Wehba was assisted in entertaining and serving by Mrs. Thomas and by Mrs. K. H. Wehba.

Miss Hazel Todd Honor Guest At Luncheon on Tues.

Miss Hazel Todd was complimented on Tuesday at noon by Mrs. R. L. Kincaid when she was named honoree at a delightful luncheon and shower, preceding her marriage to Charlie Drabek on Wednesday.

The Kincaid home was artistically decorated with gladioli in colors of pink and white, the chosen colors of the bride-to-be.

Place-cards, also emphasizing the color scheme, marked the places at quarter tables. A three-course luncheon was served, after which the hostess, in a clever choice of words, presented Miss Todd with an assortment of useful kitchen gadgets, as gifts from her friends present.

The invitation list included Miss Todd, Mrs. D. E. Todd, Miss Gussie Todd, Mrs. Merl Kincaid, Mrs. Francis Todd, Mrs. Roy Todd, Mrs. Joe Drabek, Miss Rosalie Drabek, Mrs. Bill Drabek, Mrs. H. Schindler, Mrs. W. B. Johnson, Mrs. Gerald Knox, Mrs. Darwin Bell, Mrs. Curtis Barker, Mrs. Lee Black, Mrs. I. Fisch, Miss Lottie Russell, Miss Gusta Davis, Miss Mayme Lee Collins, Miss Blanche Hays, Mrs. Geo. Self, Mrs. John Todd, Mrs. Guy Todd, and Mrs. Payton Powers.

Miss Fern Kennedy of Vernon Honoree at Luncheon Sunday

Mrs. E. A. Kennedy and Mrs. Alleene Guy of Chillicothe entertained with a luncheon Sunday at the home of Mrs. E. G. Kennedy, near Crowell, in honor of Miss Fern Kennedy of Vernon, whose marriage to Mr. Hugh Boyd, of Quannah will take place Nov. 20.

The center of the table was decorated with an arrangement of white chrysanthemums. At each guest's place, miniature rolling pins were favors.

Places were laid for Misses Claude Garrett, H. J. Tabor Jr., Alvin Parrack, Lee Weldon Norman of Chillicothe, Vincent Hobbs of Dallas, Horace Stallings of Paducah, E. G. Kennedy of Crowell, Misses Ida Lee Tabor, Romayne Dodson, Oneita Wood, Boyce Young of Chillicothe, and Fern Kennedy of Vernon.

Miss Kennedy is the daughter of Mr. and Mrs. E. G. Kennedy.

here. He spent two years at St. Ludmila's High School at Shiner. He then attended St. Procopius College at Chicago, Ill. He finished his high school career at St. Mary's University at La Porte, Texas, and also received a B. A. degree from the college at the same place.

Mr. and Mrs. Drabek left soon after the ceremony and a wedding breakfast for a short wedding trip. Upon their return, they will reside at their new home in the Black community.

B. & P. W. CLUB ENTERTAIN

A festive air pervaded O'Connell's Lunch Room last Thursday evening, Oct. 9, when the members of the B. & P. W. Club donned their "Sunday Best" and put their best foot forward to entertain their bosses. Decorations emphasized the fall season, featuring a miniature football field outlined with yellow chrysanthemums, and brilliant fall leaves running the length of the tables added a splash of color. Menus and programs were concealed beneath hand painted leaf covers.

Mrs. Payton Powers acted as master of ceremonies and cleverly introduced a program which included the reading of the club collect by Mayme Lee Collins; Welcome by the club president, Lottie Russell; Response from the bosses by Hon. Foster Davis; a vocal solo by John Rator; a song, "My New Fall Hat," by Alma Walker. A sing-song was led by Henry Black; Mrs. Alva Spencer played all the accompaniments.

Hon. Leslie Thomas, county judge of Foard County, was the speaker for the evening. He gave an amusing and entertaining talk on women in general and members of the local B. & P. W. Club in particular. His closing remarks concerned Jury Service for Women, which is one of the objectives of the Texas Federation of B. & P. W. Clubs.

Club members and their guests enjoying the affair were: Lottie Russell, Leslie Thomas, Foster Davis, L. A. Andrews; Gussie Todd, Merl Kincaid; Blanche Hays, R. R. Magee; Mr. and Mrs. M. N. Welch; Joellene Vannoy, Miss Nannie Hill of Vernon; Mr. and Mrs. A. W. Owens; Mr. and Mrs. I. Fisch; Mr. and Mrs. L. E. Archer; Mr. and Mrs. Alva Spencer; Alma Walker, J. E. Atcheverry; Mayme Lee Collins, J. A. Stovall, N. J. Roberts, J. R. Beverly; Gusta Davis; Ura Orr, Alyne Lanier; Mr. and Mrs. Payton Powers, Henry Black, John Rator, R. J. Thomas, and Mr. and Mrs. M. O'Connell.

Piano music was played by Reuben Dockins throughout the dinner hour.

HOMEMAKERS' CLASS

Members of the Homemakers' Class of the First Baptist Church met in their regular monthly meeting on October 9, at the home of Mrs. Jake Moore, with Mrs. Hoffmeyer as co-hostess.

The program was opened with the singing of the class song, "Blest Be the Tie," and Mrs. Roy Burgess led in prayer. The devotional, "An Adventurous Faith," was brought by the teacher, Mrs. Frank Moore. Mrs. Coy Ward, Mrs. Hoffmeyer and Mrs. Henry Ferguson were appointed as group captains for the coming year, and Mrs. Eddie Greening was elected 3rd vice president. Monday of every week, was voted to be visitation day.

Mrs. W. B. Fitzgerald was director of an inspirational installation service in which last year's officers were praised for their work, and the new officers were counseled about their future duties.

The outgoing president, Mrs. Jake Moore, was presented with a basket of gifts in appreciation of her year's service.

A social hour was enjoyed, and refreshments were served to twelve members and two guests.

MARGARET H. D. CLUB

The Margaret Home Demonstration Club met last week at the home of Mrs. Joe Bledsoe. The subject for discussion was home improvements done during this year. One visitor attended and the next meeting will be in the home of Mrs. Bax Middlebrook, Oct. 24, with Mrs. Frank Dunn as hostess.

COLUMBIAN CLUB

Due to inclement weather on the regular meeting day, the Columbian Club members met on Wednesday, Oct. 8, at the home of Mrs. N. J. Roberts, with Mrs. T. L. Hughton in the role of leader.

Continuing the journey through the countries of South America, visits—imaginary, but none the less vivid—were made to Ecuador and Peru. Mrs. Hughton gave a number of highlights on the two countries and paved the way for Mrs. Grady Halbert's talk on "Mrs. Robinson Crusoe in Ecuador." This article, taken from the National Geographic, depicted a white woman's life in the jungle. Within two years Mr. and Mrs. Robert C. Gill, in Ecuador for ethnologic purposes, had turned their jungle into a back yard, their cabin into a modern home replete with radio and even telephone.

Across the boundary line into Peru, Mrs. A. E. McLaughlin described the wonders and experiences of three adventurers into Peru's "Forgotten Valley." Some of their thrills were exciting and others seemed quite dangerous. The natives were quite awed at the sight of their airplane.

As the conclusion of the program Mrs. Roberts served refreshments to the club members, who then explored her lovely fall flower garden.

MARGARET P. T. A.

The Margaret P. T. A. met on Monday, Oct. 13, in a special business meeting. Mrs. A. B. Owens, president, called the meeting to order. Mrs. John L. Hunter Jr., secretary, reported a membership of 23, which is the largest in the history of the Margaret P. T. A. She also gave a financial report.

The following committee chairmen were appointed by the president: Mrs. Raymond Sikes, finance; Mrs. C. F. Bradford, membership; Mrs. Jimmie Hembree, program; Mrs. C. R. Moore, publicity; Mrs. C. R. Moore, hospital; and Mrs. G. M. Sikes, social.

The lunch room project was discussed and the committee for kitchen equipment reported that most of the equipment had been donated. The P. T. A. voted a sum of money for the articles that had to be purchased.

The price of lunches was set at 7c per plate, in order to comply with the rules of the WPA lunch room project. In the past years, lunches have been served for 5c per lunch under the sponsorship of the P. T. A.

P. T. A. MEETS TUESDAY

The Crowell P. T. A. unit will have its October meeting next Tuesday afternoon at 3:30 in the Grammar school building.

Mrs. I. T. Graves will serve as program leader for the afternoon. She will present a birthday feature, as the program is in commemoration of the Birthday of the Texas Congress of Parents and Teachers.

"Does Money Make the Man?" is the title of a talk to be given by Mrs. Jim Cates.

Mrs. Frank Fleisher urges a large attendance at this meeting.

WEST SIDE H. D. CLUB

Ten members were present at Mrs. Sam Tate's home for the club meeting Wednesday, Oct. 8. Mrs. Milton Hunter, Mrs. G. L. Scott and Mrs. Joe Ward were present as visitors. The hostess was yard demonstrator for this year, and many worthwhile improvements were noted.

Miss Joellene Vannoy gave a graphic account of her trip to Dallas, with the Foard County exhibit for the Fair.

The next meeting will be with Mrs. Mary J. Fox on Oct. 22.

Lost Babe Found

Surviving eight days of wandering through New Hampshire wilderness without food and protection from rain and cold, five-year-old Pamela Hollingworth of Dunstable, Mass. (above) was found by a CCC corps. "Pammy" lost eight pounds.

SURPRISE BIRTHDAY PARTY

Mrs. Tex Allen was hostess to a number of friends at a party at the DeLuxe Cafe Tuesday evening as a surprise to her husband and in celebration of his birthday. Games of bridge proved the diversion for the evening and the hostess presented high score prizes to both men and women. Mrs. J. B. Hutchinson received the ladies' prize and Pete Gordon won the men's prize. A floating deuce prize was also awarded and it went to Mrs. Pete Gordon.

At the close of the games, refreshments of pie, whipped cream and coffee were served to the following: Mr. and Mrs. Alton Higginbotham, Mr. and Mrs. Charles Jones, Mr. and Mrs. J. B. Fairchild, Mr. and Mrs. Pete Gordon, Mr. and Mrs. J. B. Hutchinson and Mr. and Mrs. Karel ten Brink of Vernon, Mr. and Mrs. Jim Coffey, Mr. and Mrs. Floyd Marshall and Mr. and Mrs. Allen.

Junior Red Cross Packing Xmas Boxes for British Tots

The American Red Cross is doing its Christmas packaging early this year.

National headquarters announced Junior Red Cross members throughout the country already are preparing the first of 50,000 gift boxes for sick and homeless children in England.

Special arrangements have been made with the British Ministry of Shipping to permit early shipment of the packages. The Red Cross supplies special standard cardboard cartons to be filled with a variety of small, inexpensive items calculated to cheer the saddest war orphan or evacuee.

Since the World War Junior Red Cross groups have been sending these goodwill packages to children in foreign lands. Last year, over 30,000 went to England, some of which the British gave to the Belgian, Czechoslovakian and other refugee children in that country, and another 25,000 delighted the hearts of youngsters in Latin America, in the Philippines, Alaska, China, Samoa and even in remote Greenland.

In addition to the Christmas packages for England, another 50,000 gift boxes will be sent this year to children in other lands and in the territories and insular possessions of the United States.

A surprising number of attractive little gifts—usually about ten

—can be packed in the small cartons.

Here is what one delighted young English girl who had been bombed out of her home found in her Red Cross gift box last year as she described it in a thank-you letter. "I don't know how to thank you," she wrote. "I found a green fountain pen, a pencil, a blue, red and green scarf, I got on it, a brooch, three bracelets, two big silk handkerchiefs, a bar of white soap, an orange and white pad, and three small orange scribble pads."

Letters from those who received packages last year were from children in hospitals, children whose homes and possessions had been lost by bombing, and children who had been evacuated from blitzed districts and could not go home to their parents for Christmas.—American Red Cross News Service.

VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met Thursday, Oct. 10, with an all-day meeting at the home of Mrs. J. B. Rashberry with 16 members and Miss Joellene Vannoy and the following visitors: Miss Dolores Gilbert, Mrs. J. W. Carroll, Mrs. Raymond Rashberry and Grandmother Rutledge.

Plans were discussed about a Halloween carnival to be given by the members. The next meeting will be an all-day meeting with Miss Neoma Fish Thursday, Oct. 23.

ATTENTION! Delinquent Tax-Payers

At the last session of the legislature, a law was passed remitting interest and penalty on delinquent taxes for years 1939 and prior provided payment was made by November 1, 1941. It is therefore possible for you to save from 18 per cent to 49 per cent by paying up within this period.

In order to make this big saving it will be necessary that you pay in full all the delinquent taxes you now owe. No provision is made whereby you can make this saving on an installment payment.

If you have two pieces of realty, a provision is made whereby you can pay in full on one and leave the other. In this case the interest and penalty is a flat 6 per cent.

PAY YOUR DELINQUENT TAXES BY NOV. 1ST AND SAVE FOR YOURSELF
