Wildcat Football Teams of Crowell and Archer City Meet Here Thursday Afternoon; Last Game for Crowell

The football game between the Archer City Wildcats and the Crowell Wildcats that was scheduled to be played at Wildcat Stadium Friday night has been moved up to 2:30 o'clock Thursday afternoon. Thursday has been designated by the mayor as the official Thanksgiving holiday for Crowell and the football game between these two Wildcat teams will be the principal attraction for the Crowell people. This will be Crowell's last game of the season. With many new boys in the line-up, the Crowell team has not been consistent in playing, but managed to win six games, tie one, and lose two, to make a fair record. If Crowell can win Thursday's game it will have a cinch on a tie for third place in the district 9-A race. Crowell is tied with Seymour at the present for this position. Seymour plays Archer City next week.

Crowell has much respect for the Archer City team as it held the Munday Moguls, favorites to win the district championship, to a 7-6 score. Archer City has lost all three of its district games by small margins, but has won two out-of-district games and tied the strong Bowie team.

Crowell came out of the Seymour game without any serious injuries and should be in tip-top shape for Thursday's game.

PROBABLE STARTING LINEUPS

The probable starting lineups for the Crowell Wildcats and the Archer City Wildcats, last conference game in Crowell, Thursday afternoon, Nov. 20, at 2:30 o'clock, are as follows:

No.	Archer City	Wt.	Position	Wt.	Crowell	No.
58	A. Campbell	158	Left End	160	Smith	81
59	A. Rogers	158	Left Tackle	210	Owens	71
60	H. D. Wingo	150	Left Guard	150	Roark	61
61	H. Joiner	148	Center	148	Archer	50
62	M. Horany	145	Right Guard	142	Canup	62
63	P. Kelm	180	Right Tackle	192	Pierce	70
64	B. Potts	130	Right End	180	Thompson	80
65	J. Roberson	165	Fullback	160	Spears	40
66	O. Johnson	144	Left Half	136	Halencaek	30
67	C. Williams	158	Right Half	160	Cauthan	20
68	D. Morrison	148	Quarterback	154	Bird	10

Crowell Reserves
Linemen: Vecera 60, 150; White 82, 152; Parkhill 83, 120; Erwin 72, 192; Hunter 63, 139; Taylor 73, 160.

Archer City Reserves
Ballard, 115; Cooper, 130; Davis, 155; Berryman, 126; Baum, 120; Stark, 120; Stedman, 125; Wheeler, 131; Bates 47, 150; Berryman 49, 131; Elmore 40, 152; Hanning 53, 140; Gholson 51, 160; Patterson 43, 128; Pickard 46, 190; Ashton 54, 127.

Officials
Dan Salkeld, Quanah (T. C. U.), referee; Howorth, Quanah, Trinity, umpire; and Adck Wetzel, Knox City (T. C. U.), headlinesman.

Membership Drive for Red Cross is Progressing Well

Rayland is the first community in the county to attain its Red Cross membership quota in the annual Roll Call and drive now in progress all over the nation and in which, Foard County's part is 50. Forty-one members have been secured in Rayland due to the excellent work of Mrs. J. H. Roberson and Mrs. Tom Lawson, volunteer workers in that vicinity.

The latest available reports of the drive over the county indicate that 336 members have been obtained already and no report has been received from many of the communities. Riverside, Foard City, Four Corners, Vivian, Black and Texaco Plant have made no report as yet.

C. R. Seale, Red Cross Drive chairman, is gratified with the progress made thus far and expresses the confidence that Foard County will attain its quota at an early date.

Fire Department Answers Third Call for Year of 1941

A house in the east part of town belonging to A. D. Campbell was destroyed by fire about 9 o'clock Saturday morning. The house was occupied by Mr. and Mrs. Jaybus Harris and none of their household furnishings were saved. It is reported that the fire was caused by the explosion of a kerosene stove and the house was so enveloped in flames when the fire department arrived that it was impossible for them to be extinguished.

A small amount of insurance was carried on the house, but the furniture was not insured.

This was the third fire alarm answered by the local fire department during 1941, two for the same house. A call was made to the Campbell house Wednesday night of last week when a small fire was extinguished. The only other fire alarm answered by the department this year was when the home of J. N. Johnson burned several months ago.

So far this year Crowell has an excellent fire record.

HOSPITAL NOTES

Foard County Hospital

Patients In:
Mrs. L. E. Tackett and baby.
Mrs. H. E. Ferguson.

Patients Dismissed:
Audie Brown.

KILLED IN AUTO ACCIDENT

Miss Millicent Wallace, daughter of Mr. and Mrs. Loyd Wallace, of Midway was killed in an automobile accident in Houston Wednesday night of last week. Miss Wallace was a niece of Mrs. Y. Beverly and Mrs. Beverly attended the funeral services on Friday afternoon.

Miss Wallace, in company with three friends, was returning from a picnic when their car was side-swiped by a truck. All four of the young people were killed. Miss Wallace was 17 years of age and the only child. She was attending business school in Houston. Three of the young people resided in Midway and the fourth lived in Houston.

NEW CAR REGISTRATIONS

Motor vehicles registered at the office of the tax assessor-collector, W. W. Lilly, since last week follow:
Leslie Thomas, 1942 Chevrolet pickup.
L. E. Tackett, 1942 Plymouth Special Deluxe tudor.
Berhardt Chevrolet Co., 1942 Chevrolet Aerodan.

Biggest Naval Bomber Launched

The world's largest flying boat, the navy's new 67-ton four-engine patrol bomber, slipped down the ways at the Glenn L. Martin plane plant at Baltimore, Md., in colorful ceremonies heretofore reserved for surface vessels. The ship is capable of carrying a bomb load to Europe and return, non-stop. Mrs. Artemus L. Gates, wife of the assistant secretary of the navy for air, was sponsor of the ship which was christened "Mars." Many notables, including Rear Admiral John H. Towers, were present. Photo shows the huge aerial battleship after launching.

Adelphian Club Awarded First Prize for Art Promotion; Painting Presented at State Federation Meeting Last Week

The Adelphian Club members received high honors, and a lovely prize in connection, when they were awarded first place in seventh district for the furthering of art study and outstanding art accomplishments in the club during the year. This is a state project and the honor is bestowed upon one club in each of the eight districts of the Texas State Federation each year. The awards were made at the State Convention in Dallas last week.

The prize is a beautiful painting by Frank Klepper, well-known and outstanding artist of national repute. The painting is titled "West Texas Sky" and was painted near Abilene, Texas, and is representative of the art of the South and of the Southwest. It is a realistic scene, with rugged western background and floating clouds that appear all but real.

The prize pictures were presented at the award session of the convention, which was presided over by Mrs. J. U. Fields of Haskell, an ex-president of the State Federation. Mrs. W. S. Douglas of San Angelo, State Art Chairman and Life Member of the State Federation, selected the pictures and made the presentation at the Dallas meet. The picture for the Adelphian Club was accepted, in the name of the club, by its president, Mrs. A. Y. Beverly.

The Adelphian Club has made a special study of art in the course of the years of its organization and has sponsored the purchase of the study of art in the Crowell schools for many years. The club has given art contest prizes, has placed a number of good pictures on the walls of the school building, and has furnished several authoritative books on Art to be used by the school in the study of Art. The club has given several art exhibits. Mrs. E. W. Brown is, at the present time, art chairman.

Thalia Masonic Lodge Entertains Ninetieth Division

Thalia Masonic Lodge members acted as hosts Tuesday night to lodges of the 90th Masonic District. About 60 Masons of the Vernon, Odell, Chillicothe, Quanah, Crowell and Thalia lodges were present.

Judge Leslie Thomas of Crowell was the principal speaker for the occasion. The Rhythm Band of the Thalia school played several numbers, gave readings and sang a number of songs.

Refreshments consisting of sandwiches, coffee and cocoa, were served at the conclusion of the program.

SOLLIS IN PUERTO RICO

David Sollis, son of Mr. and Mrs. Dave Sollis, is stationed at Losey Field, Ponce, Puerto Rico. He is a radio and weather operator, and finds the work interesting and likes the new location fine, according to word received from him by his parents.

MARRIAGE LICENSE

A marriage license was issued by the county clerk to Mr. William Lindsey and Miss Clarice Gililand on Nov. 19.

Christmas Opening for Crowell Set for Friday Night, Dec. 5th; Plans Being Made for Big Event

Miss Camille Graves Distinguished Student in Texas Tech; Elected to Who's Who in American Colleges

Miss Camille Graves, daughter of Mr. and Mrs. I. T. Graves has received a high and distinct honor at Texas Technological College at Lubbock where she is a senior majoring in Home Economics. She has been given the honor of having her name placed in "Who's Who in American Colleges." There were only twenty-two in the college so honored and two of that number were last year's students.

Rayland Pioneer Was Buried in Vernon Sunday

Funeral services for H. G. Simmonds, 75, resident of the Rayland community since 1933, were held at 2 p. m. Sunday from the First Methodist Church in Vernon with Rev. R. V. Tooley, retired minister, officiating. Interment was in East View Memorial Park at Vernon.

Died Saturday at Home of Daughter in Thalia

Mr. Simmonds died at the home of his daughter, Mrs. H. L. Taylor, in Thalia early Saturday morning.

A native of Kentucky, Mr. Simmonds came to Wilbarger County in 1907 and lived 26 years before moving to the Rayland community in 1933.

Pall bearers included six grandsons, Aaron Simmonds, Loyd Whitten, Howard Simmonds, Aubrey Simmonds and Winston Simmonds.

Flower girls were six granddaughters, Hazel Simmonds, Quincy Nell Simmonds, Norma Jean Simmonds, Elizabeth Earthman, Marguerite Starr and Janie Simmonds.

Honorary pall bearers were A. M. Bourland, S. T. Porterfield, Dr. B. D. Flaniken, Dr. A. C. Rogers, M. J. Brock, W. C. Lawson, W. C. Cook, R. A. Rutledge, H. H. Hopkins, H. V. Quinner, Hubert Roberson, Charlie Blevins, J. H. Bomar, J. E. Collins, J. D. Crouch and Cy Long.

Survivors include five sons, Harry of Levelland, A. W. and Hubert of Stroud, Okla., J. Q. and H. G. Jr. of Vernon; four daughters, Mrs. Taylor, Mrs. R. G. Whitten, Thalia; Mrs. S. C. Starr, Stroud, Okla., and Mrs. A. V. White, Wichita Falls; one brother, M. H. Simmonds, Temple; and a sister, Mrs. N. Hill, Duncan, Okla.

To Enroll 500,000

Miss Olivia Peterson, director of Minnesota public health nursing, named by the American Red Cross to direct its program to train 500,000 U. S. women in home nursing as a defense measure. She served as Red Cross nurse in France during World War.

BABY PASSES AWAY

The infant son of Mr. and Mrs. P. N. Stephens of Fort Worth, Michael Don, passed away at the age of two days at the home, Wednesday night, Nov. 5. The baby was the grandson of Judge and Mrs. Claude Callaway. Mrs. Callaway has been with her daughter since that time. Judge Callaway went to Fort Worth Sunday and they both came home Monday.

BABY SON BORN

Announcements of the birth of a baby boy have been received in Crowell from Rev. and Mrs. O. L. Savage of Big Spring. The baby son was born on Nov. 14, his name is Larry and his weight is 8 lbs. 14 oz. Rev. and Mrs. Savage are former residents of Crowell.

At a called meeting of the officials of the Farmers and Business Men's Association last Monday night at the office of Roberts-Beverly Abstract Co., plans were formulated for the Christmas Opening for Crowell which will take place on Friday night, Dec. 5, beginning at 7:30.

It is expected that the Christmas Opening this year will be the biggest and best one ever held in Crowell and every effort will be put forth to that end. A window contest will be featured and the decorated windows of all merchants will be unveiled just prior to the events of the opening. A prize will be awarded for the best decorated window, in the opinion of the judges.

Santa Claus will be present on the night of the opening and will ride on a gaily decorated float, will be attended by a band and will give a bag of candy, nuts and fruit to every little boy and girl present. Fifteen hundred bags of candy will be filled by the Business and Professional Women's Club and will be given to Santa Claus for his use on this night.

Acting President I. Fisch of the Farmers and Business Men's Association announces the following committeemen who will serve to help make the Christmas opening for Crowell a success:

General chairman, John Rasor; vice chairman, Dwight Moody; publicity, T. B. Klepper and I. Fisch; finance, J. A. Stovall, A. Y. Beverly, I. Fisch, Henry Black, Garland Coltharp, Munson Welch, Gray Owens and J. R. Beverly; lighting, Jack Seale; program, Claude Callaway, George Self; purchasing, Garland Coltharp, John Rasor, J. H. Lanier Jr., and J. T. Brooks; windows, Mrs. Payton Powers and Mrs. L. E. Archer.

Pioneer Foard Man Observes 92nd Birthday

The 92nd birthday of J. G. Thompson of Thalia, pioneer Foard County resident, was celebrated at his home in the Thalia community Friday, Nov. 14, when five of his six children gathered at the old family home and served a turkey dinner to twenty-five members of the family, including three great grandchildren. The oldest son, H. N. Thompson of Levelland, was unable to attend. Mr. Thompson has 24 grandchildren and 11 great grandchildren.

Resident of the Thalia community for 55 years, Mr. Thompson has, without moving, paid taxes on four jails and four court houses. He is outstripped in age by only one other Foard County pioneer resident, W. T. Dunn of Margaret, who was born Aug. 27, 1848, and came to what is now the Margaret community in 1881, having lived there continuously for over 60 years.

Although Mr. Thompson's eyesight and hearing is failing, he is generally judged by strangers to be from 65 to 70 years of age.

Pictures to Teach Public Safety on Screen at Rialto

A series of Public Health Motion Pictures will be run at the local theatre, beginning on or about Dec. 1. One picture will be run each week and they will continue for four weeks.

RECEIVES PROMOTION

Robert L. Saunders, son of Mr. and Mrs. L. I. Saunders of Childress, former Crowell residents, is now stationed with the Marine Detachment aboard the U. S. S. Colorado and has just been promoted to private first class, according to information furnished by Major J. D. O'Leary, U. S. Marine Corps recruiting officer of Dallas.

Private First Class Saunders enlisted in the Marine Corps on Aug. 8, 1940, and after eight weeks' training at the Marine Corps Base in San Diego, Calif., he was selected to join the Marine Guard on the U. S. S. Colorado. He has maintained an excellent record and his promotion is the result of a competitive examination.

More Than 10,000 Bales of Cotton Ginned in County

More than ten thousand bales of cotton have been ginned in Foard County up to the present time, according to reports from the various gins. This is the largest cotton crop that Foard County has had for a number of years. While the bulk of the crop has probably been ginned, there remains several thousand bales yet to be gathered.

Christmas Opening Workers To Meet on Monday Night

A meeting of all committeemen and all who are working on the Christmas Opening is called by John Rasor, general chairman, for Monday night of next week, Nov. 24. The meeting will be held at the office of Roberts-Beverly Abstract Co. and will be called to order at 7:30.

It is of the utmost importance that all the committee members as well as the chairmen, attend the meeting, as plans under way are to be completed.

Insurance Rates Reduced on Class B and Class C Trailers

Austin, Nov. 17.—Large reductions in insurance rates for Class B and Class C trailers and semi-trailers were announced yesterday by J. P. Gibbs, Casualty Insurance Commissioner. The reductions, which actually went into effect on October 20, have not been announced previously because the new manuals have not been distributed.

In a lengthy comparison of the "new" and "old" rates on bodily injury and property damage liability premiums for trailers and semi-trailers used in connection with long haul operations, Lynn B. Shaw, general manager of Texas Motor Transportation Association, in analyzing Mr. Gibbs' announcement, pointed out savings to Texas truck operators of from \$2.75 to a possible saving of \$125.55 per trailer.

Under the new trailer rule, Mr. Shaw said, trailers or semi-trailers are classified in accordance with their length, with the charge being a percentage of the rates of the commercial car to which the trailer or semi-trailer is attached.

Both bodily injury and property damage liability premiums for Class B and Class C trailers and semi-trailers have been reduced in every case, with the graded reductions depending on the length of the trailer or semi-trailer and the type of commercial cars to which they are to be attached.

Class B trailers or semi-trailers 15 feet to 25 feet in length, attached to heavy trucks with a registered load capacity in excess of 7,000 pounds show the least reduction, ranging from \$2.75 in Territory IV to \$6.55 in Territory I. Trailers in the same class used in conjunction with medium trucks, load capacity from 3,001 to 7,000 pounds, vary in the reduction from \$7 to \$16.30 between Territories IV and I. A reduction varying from \$12.50 to \$30.30 in the respective territories has been made for trailers in this class which are used with

Your Horoscope

November 17, 18, 19.—Your business efforts should be in the merchandising field as you are a shrewd buyer and a good salesman. You are bright and enterprising, and a fine companion. You have a naturally cheerful nature but have periods of melancholy which you soon throw off.

November 20, 21, 22, 23.—You are reliable and trustworthy and are usually found in positions of responsibility and trust. You are honest, and not afraid to express your views even if they are not in accord with those expressed by the majority. You are a true friend and a very desirable companion. You are an independent thinker, and are usually interested in public and political affairs.

Light trucks, having a load capacity of 3,000 pounds or less.

Class C trailers include all trailers or semi-trailers over 25 feet in length and all trailers or semi-trailers, without platforms or bodies, equipped with pipe or pole coupling device. The premium reductions range from \$4.55 for heavy trucks in Territory IV to \$44.05 for light trucks in Territory I.

The classification for Class D trailers and semi-trailers under the old manual has been eliminated, Mr. Shaw said. These are now Class C under the new rule. Due to a change in classification, this class shows the greatest reduction, and in some cases, a with trailers used with light trucks in Territory I, run as high as \$125.55 in reduced charges.

Those who made the trip were Misses Lavern Abston, Carolita Jones, Nell Thompson, Mary Adkins, Florabelle and Edith Blevins, Maye Wisdom, Arlene Bergt, Clairene Roberts, Patsy Dubose, Beverly Self, Theda Thompson, Frankie Mason, Mary Hammonds, Billie Dave Cribbs, and Faye Swan. Sherman McBeath and James Adkins visited in Pampa last week-end. Mrs. Frances Eley and daughter, Camilla, of Vernon visited her sister, Mrs. Roy Shultz, here Sunday. Mrs. Jake Hicks and son, Bill Hicks, and family of Honey Grove visited their daughter and sister, Mrs. Bud Temple, and family here this week. Mr. and Mrs. C. C. Wheeler visited relatives in Fort Worth last week-end. Ed Railsback visited in Abilene a few days last week where he took his father for medical treatment. Mrs. F. A. Brown visited her sister, Mrs. W. A. Tapp, who was very ill in a Vernon hospital a few days last week. Mrs. T. J. DuBose visited her mother, who is ill in Wichita Falls, last week. Rev. T. J. DuBose, Mr. and Mrs. Sim W. Gamble and Mrs. W. J. Long attended the Baptist State Convention in Abilene a while last week. Edward Shultz and Miss Arlene Rice were united in marriage Sunday afternoon. Rev. T. J. DuBose performed the ceremony. Mr. and Mrs. A. S. Roberts of Grapevine are visiting their daughter, Mrs. C. C. Wheeler, and husband this week. Mrs. Faye Britt of Hollywood, Calif., and Mrs. Opal Allen of Mt. Pleasant visited their sister, Mrs. Lee Sims, and family here Thursday. Warden Shook and family and Miss Gene Lamarr Matthews of Fort Worth visited Miss Matthews' parents, Mr. and Mrs. T. H. Matthews, here last week-end. Billie Johnson visited his uncle, Ray Jonas, and family in Vernon last week-end. Earl Short of San Antonio is visiting his father, G. A. Short, and family.

FOARD CITY (By Mrs. J. L. Farrar)

Mr. and Mrs. Ray Killingsworth and daughter, Beverly Ann, of Borger spent Saturday night with Mrs. Hughton McLain and Mrs. Grady McLain. Mr. and Mrs. Blake McDaniel moved last week to their farm that they recently purchased from Mrs. W. L. Johnson moved to the McDaniel farm and will work for George Self, who recently purchased the farm. Mrs. Grady McLain and Mrs. H. R. McLain spent Saturday with Mrs. J. M. Chilcoat of Truscott and visited Mr. and Mrs. Wyndell Fannin, who are the parents of a baby girl born Saturday morning. The baby has been named Linda Kay. Hugh McLain and granddaughter, Doris Helen, of Frisco spent last week-end with Mr. and Mrs. C. G. McLain. On Sunday Mr. and Mrs. Grady McLain took Mr. and Mrs. Hugh McLain and Doris Helen back to Frisco. Mrs. McLain had been here for two weeks visiting her son. Mr. and Mrs. Ernest Patton and...

CANADIAN ATLANTIC CONVOY

SINCE the outbreak of war, the Royal Canadian Navy which is owned and maintained by the Dominion wherever it is serving, has established an enviable record. It has convoyed ships carrying more than 27,000,000 deadweight tons; it has fought in the North Sea and it has captured several enemy vessels. At the declaration of war the strength of the Canadian Navy was about 3,600 men and 13 ships. Today, it numbers more than 20,000 men and 200 vessels, including 13 destroyers, several of which were secured from the United States in the destroyer deal. By March, 1942, the Royal Canadian Navy, two of whose destroyers are pictured above, will be manned by some 27,000 men and the fleet will consist of more than 400 ships of various types. Many of Canada's seamen come from the prairie provinces.

son, Don, spent Sunday with Mr. and Mrs. J. L. Farrar. Mr. and Mrs. Theo Duncan and J. E. Stone attended funeral services for Cliff Stone in Wylie last Tuesday. J. E. Stone and Theo Duncan returned home Wednesday, but Mrs. Duncan remained for a visit. Grady McLain and Hughton McLain left last Thursday for the Big Bend country in the Chisos mountains to hunt deer. On the way down they visited Mr. and Mrs. W. B. Abbott in San Angelo and Mr. and Mrs. Eddie Ratliff in Sonoma. Mr. Rathliff accompanied them on the hunting trip. Mr. and Mrs. W. A. Patton and Misses Alma and Truda Patton of Crowell and Mrs. L. M. Henderson and children, L. M. Jr. and Gail, of Vernon and Mr. and Mrs. Roy Fox of Gilliland spent Sunday a week ago with Mr. and Mrs. J. L. Farrar and son, Joe. Mrs. P. H. Autrey is visiting in Gainesville for several weeks. Mr. and Mrs. Buster Manning and daughter, Carla, of Crowell spent Sunday with Mr. and Mrs. J. L. Manning. Billie Billington of Crowell spent last week-end with Evelyn Barker. Rev. and Mrs. Cowart, Baptist preacher from Margaret, spent Sunday in the home of Mr. and Mrs. A. W. Barker and family. Rev. Cowart preached at both morning and night services and will preach again on the third Sunday in December. J. H. Minnick of Norman, Okla., spent the past week-end on his ranch here. Mr. and Mrs. Clifford Killingsworth of Paducah visited Sunday week with Mrs. O. A. Trawick and son, Orleans.

structing terraces, Rennels pointed out that consideration should be given to cost of constructing terraces, kinds of machinery and scope of area to be served, and a reasonable margin for construction work. After establishing a basic fair price for a county, terracing will vary by farms, Rennels said in explaining that the cost could vary as much as 25 cents per 100 feet. Any increase over 25 cents per 100 feet would be sent to the state AAA committee for further consideration. The Red Cross campaign against the ever-rising toll of highway fatalities is waged today by 3,000 Highway First Aid stations from coast-to-coast and 4,000 mobile units. Help the Red Cross wage this battle against "sudden death" on the road. Join the American Red Cross.

In a test of 308 days by the Department of Agriculture, pullets fed mash in pellet form each averaged 17 eggs more than those fed unpeletted mash. Feed consumption for each group was practically identical.

Plan Extensive Terracing Program College Station, Nov. 17.—A terracing program of 25,518 miles of standard terraces is the goal of Texas farmers under the 1942 AAA farm program, according to Fred Rennels, assistant administrative officer in charge of the Texas AAA. The extensive terracing program will be made possible by the conservation services or purchase order plan of the AAA program, he explained. The cost of terracing, established at a basic fair price for farms in a county, may be deducted from future AAA payments. In arriving at a basic fair price for each county, the AAA official said that written offers will be made to county AAA committees by persons equipped to construct terraces. The farms used as a basic guide for establishing the fair price will be farms selected at random throughout the county and are not necessarily included in the 1942 terracing program. Factors entering into fair and reasonable prices include the customary price normally paid in the county, the price at which farmers can obtain terracing service through other channels, and the value of terracing to farmers in conserving and improving soil fertility. In determining fair and reasonable prices to persons con-

IF YOU haven't a saving now that you are proud of, get one as soon as possible. Should you not get one while at a producing age, don't say anything about it, for at age 65 you are going to have to broadcast it to the world. It will be like a sign worn on your back. Let me arrange a perfect plan through Life Insurance.

1,392 Cases of Influenza Reported for Last Week

Austin.—Fulfilling a prediction made several months ago by the State Department of Health, an epidemic of influenza in Texas is represented by the 1,392 cases reported for the week just ending, according to Doctor Geo. W. Cox, State Health Officer. This total is 6 times greater than that shown for the same week in the preceding 7 years.

"Neglecting proper treatment of influenza, or allowing the patient to be up too soon may have disastrous results," Doctor Cox warned, "since persons suffering from influenza are particularly susceptible to other infections."

Doctor Cox emphasized the importance of guarding against "flu;" drinking plenty of water, eating simple, nourishing foods, outdoor exercise, plenty of sleep in a well-ventilated room, and sensible dress according to the weather were stressed as best precautions.

"Pneumonia, frequently resulting from influenza, is a very dangerous complication," Doctor Cox stated, and advised that a patient go to bed immediately upon the first appearance of a cold and place himself under competent medical care.

According to a report by the Vatican issued in this country last week, Hitler has executed more than 40,000 Poles since his occupation of Poland, 60,000 have been confined in jails and concentration camps, and 1,180,000 made slaves to Germany.

More than 5,000 Red Cross nurses are on active duty with United States armed forces. Thousands more must be enrolled in the coming months. Our young men in the camps and in military and naval hospitals need the finest nursing care we can provide. Every person in this community can help by joining the local Red Cross chapter.

KEEP ON THE JOB WITH Puretest VITAMIN PRODUCTS

Keeping health up to highest standards means complete diets. Often diets are lacking in sufficient Vitamins and at such times poor health gets its start. For that extra good health where diets are lacking in vitamins get Puretest Vitamin Products. There's a type for every need. Your Rexall Drug Store will show you. But be sure you get dependable Puretest Vitamins.

America has a duty to keep well and do it now. We have Puretest Vitamins which will help to keep you in good condition. They help to build up resistance against the ILLS that might put you in bad condition.

From time to time some one digs up a new worry about the gold this country has in its treasury vault. What, the newest fear is, would we do with it, if the other nations would declare something else as the foundation of money? What good would it do us then? As far back as history goes man has been eager for gold.

It is believed that the war will go strong all through 1942 and well into 1943. Those in a position to know predict that the United States will take definite offensive against Hitler in whatever way the conditions make necessary. It is conceded that there can be no world peace as long as Hitler remains in power.

The Government has started out to acquire a stock of 250 million pounds of cheese by next July 1. To date it has accumulated \$3 million pounds. At the present time the Government is buying Wisconsin cheese at the rate of 25 car loads a week.

It is never smart to buy more than you can pay for whether it is a car, a farm, or a house in which to live. If a man can only afford three rooms at the edge of town he is not smart to buy a six room house in an expensive neighborhood.

It would be interesting if it could be brought to light just what influence in this country is "protecting" Harry Bridges and is demanding that Secretary of Labor Perkins be retained in office. That will be an interesting story when some one can get the facts to write it.

We note that automobile manufacturers predict plastic car bodies. In many respects they are said to be superior to steel bodies. What the world needs in a car body is a fender made of a material that can be unfolded repeatedly and still retain its shape and pristine lustre.

Labor unions have lost sympathy and favor with the public to the extent that a recent poll disclosed that 80 per cent of the people of the country think that there should be a law prohibiting strikes in defense industries.

The greater conceit one finds in a man the less reason there is for it. The man who is really justified in being conceited has little conceit.

Nothing is more pathetic than a mismatched couple trying to carry on and put on an act. Few are good enough to get the job done.

As a rule when a man goes out hunting for trouble he seldom comes home empty handed.

The customer is always right, except when he charges it and forgets to pay.

THANKSGIVING SMOKE

What We Think (By Frank Dixon)

One weakness in our present welfare program set-up is that too often the most deserving people in the community do not receive their benefits while those less worthy receive more than their share.

The reason for this is not always the fault of the administration of the local welfare. In many instances it is due to the fact that many of those who are needy have too much pride in their independence to go to the welfare office and seek assistance.

In my town, a small county seat town, there are worthy old people, people who have reared and educated a family, who have lived lives of honesty, thrift and industry.

With it all and in it all they have developed a spirit of independence, a hesitancy, a reluctance to call upon some one to help them, to give them something for which they have not paid or rendered service.

Now they are old, their earning power is gone. Their children have left home and seldom, if ever, come back. They seem to forget that they still have a duty at home.

That thought to them would make the sweetest bread most bitter.

On the other hand in my town there are those who have no scruples about demanding of the welfare agency the last farthing, as though it were their due.

Many people of this type are living better than they have ever lived in their lives before. They live in better houses and wear better clothes than they ever did in their lives before.

It is an unfortunate condition that I doubt not exists in every community, because there are those in every community who will work their fingers to the bone, who will dig, and delve and patch and darn before they will demand charity's dole.

It is some one's duty in these communities to find those less demanding more worthy people, and bring for them to the attention of local welfare agencies their need, that they may receive at least a small share of what often times their less needy fellows receive in abundance.

Chevrolet Service Men Will Have Big Part in 1942 Program

Detroit, Nov. 13.—Field operating programs for an army of more than 25,000 Chevrolet service men in 8,400 dealerships from coast to coast, previewing plans and policies for 1942, will be the subject matter for a series of eight regional conferences to be held in the next month under the direction of Ed Hedner, national director of service for Chevrolet.

NYA Now Operating 73 Special Defense Projects in Texas

Austin.—In the past three months the State Council of Administrators, in charge of the national defense training program in Texas, has added 29 National Youth Administration Special Defense Projects to the original 44 which were designated as such on August 1, according to J. C. Kellam, state NYA administrator.

Under this joint program of the three agencies, the TSES selects NYA youth who are qualified for defense training and later assists in placing them into defense occupations; the NYA provides work experience which helps to qualify the young people for jobs in defense industries; and the State Board for Vocational Education, in co-operation with the local schools, provides instructors for related training classes.

The NYA defense projects give Texas boys and girls work experience and related information and training in welding, sheet metal, machine shop, ground aviation, airplane mechanics, radio, foundry, forging, power sewing machine, and shop construction work.

new conditions imposed upon motorists, will share the attention of the 45 one service managers, eight regional product representatives, and the dozens of recently appointed military service managers now working directly with army personnel throughout the country.

First of the series of meetings was held in Flint Monday, with the final session scheduled in Oakland, Calif., Dec. 8. Thus, with the opening of the new year, Chevrolet service men the country over will have latest factory information on new, approved service procedures.

Dealers' service managers will confer with zone officials following the regional meetings, to assure quick distribution of information prepared by Central Office service heads.

Assisting Hedner will be H. M. Page, manager of the military service department, and E. L. Harzig and C. M. Davenport, assistant service managers.

LOANED DOLLARS SHOULD TRAVEL ON "ROUND TRIP" TICKETS

Banks like to send dollars out on little "business trips" to promote prosperous activity in their communities, wherever responsible borrowers invite them to come. But they insist that these dollars must travel only on "round trip" tickets.

In other words, the bank wishes to assure beforehand the safe return of these dollars. This does not indicate upon the part of the bank, unwillingness to lend, but rather unwillingness to lose any of the money entrusted to it by depositors.

Torpedoed

Commander H. F. Cope, captain of the U.S.S. Salinas, the 16,000 ton oil tanker which was torpedoed while on convoy duty near Iceland. The tanker made port without loss of life or serious injury to its crew.

THDA BOARD TO MEET

College Station, Nov. 17.—Plans for helping obtain first aid training for each of the nearly 50,000 home demonstration club women in Texas will be considered by the board of the Texas Home Demonstration Association when it meets on the A. and M. College campus Nov. 25 and 26.

At its Beaumont meeting early in September the Association voted to work out a co-operative plan with the Red Cross and other organizations through which rural people could get first aid training which is especially valuable in time of national emergency.

A plan to inform the public on the contributions rural club women are making to the defense effort is to be discussed, and reports on the club's co-operation in the Food for Freedom program will be heard.

According to Helen H. Swift, chairman of the Extension Service advisory committee, committee chairman of the Association have been named and will be present for the board meeting.

HOUSEHOLD HINTS

To get that rich brown crust on your pies, mix an egg yolk with a teaspoon of cold water and spread over the pie crust before baking.

Apples roasted, cored and baked in pineapple juice are delicious. Try stuffing halves of baked acorn squash with a mixture of sausage meat and bread crumbs.

The present goal in the United States is 30,000 new fliers trained each year in the 100 flying and technical training schools.

WATCH REPAIRING T. J. SMITH Ladies' and Gents' WATCH BANDS

WATCH YOUR STEP

Americans are the greatest "fall guys" on earth. Last year 25,000 of them died from falls—16,000 in their own homes—while two million "luckier" ones were either permanently disabled or merely painfully and expensively injured.

Just how expensive a simple fall can be was indicated by a recent National Safety Council study of 4,602 home accident cases that were treated in Cook County Hospital, Illinois.

Two-thirds of those patients went to the hospital as a result of falls. And each of those fall cases averaged 13 days in the hospital, plus 54 days' disability at home—with attendant loss of wages.

The tragic thing about all this is that the great majority of these costly accidents could have been prevented by nothing more expensive than an accident policy.

We are making a specialty of Accident Policies.

Football Game Between Crowell and Seymour Last Friday Night Ended in a 6 to 6 Tie; Teams Tied for 3rd Place

410 shotguns \$12.50.—W. R. Womack.

The Crowell Wildcats and Seymour Panthers played a 6 to 6 tie in the football game at Seymour last Friday night. This leaves these clubs tied for third place in the conference race with a 500 percentage.

Crowell scored in the first five minutes of play when they took the kick-off on their own forty yard line and drove to Seymour's twenty-five yard line on running plays with Bird and Halenack alternating on the ball carrying. Crowell's entire line did some excellent blocking to make these plays click. On fourth down Bird shot a spot pass over center to Halenack for fifteen yards and Halenack carried on over for Crowell's only counter. The extra point was short, leaving the score 6 to 0 for Crowell.

Seymour tied the count early in the second period when Dickie Henson carried the ball for two yards through the left side of the line. Seymour received possession of the ball at mid-field after Bird fumbled a punt. With Thornhill doing most of the ball carrying, Seymour made consistent ground gains to place the ball on the two. Thornhill failed to convert and the half ended 6 to 6.

The third quarter was played entirely in Seymour territory but the sixteen yard line was as close as the Wildcats could penetrate. Joe Conner, fleet halfback for Seymour, returned a punt for thirty yards and back to Crowell's twenty-five in the last quarter, but they too, failed to produce the punch for another counter. The game ended with Crowell in possession of the ball on their own thirty yard line.

The first downs were 7 to 6 in Crowell's favor, while the yardage on ground plays was 130 to 80 in Seymour's favor. Crowell completed two passes for 40 yards while Seymour failed to complete any passes. The defensive line play of both clubs stood out in the game. Keck, guard for Seymour, and Canup, tackle for Crowell, led their respective lines in this department.

Line-Ups

Seymour	Position	Crowell
Sam McDonald	Left End	Smith
Hill	Left Tackle	Owens
Keck	Left Guard	Roark
Shaver	Center	Archer
Stout	Right Guard	Pierce
Styles	Right Tackle	Canup
Hatter	Right End	Thompson
Thornhill	Fullback	Spears
Stevens	Left Half	Halenack
Chas. Hatter	Right Half	Kelton
Henson	Quarterback	Bird

Substitutions for Crowell—Paul Vecera, guard; Gordon Erwin, tackle; Bill Owens, back, and Dewitt Cauthan, back.

Mrs. T. W. Cooper of the Vivian community has received word that her nephew, Bill Taylor, whom she reared, is now located in Port of Spain, Trinidad, B. W. I. Mr. Taylor is connected with a construction company which is in charge of constructing an Air base, an Army base and a Naval base there. He is well-known and has many friends here.

Get your shotgun shells here.—W. R. Womack.

Miss Willie Mae Woods of Pomona, Calif., is in Texas visiting her brother, Seth Woods, and family at Truscott. She spent the first part of the week in Crowell visiting Mrs. A. E. McLaughlin, and other friends.

Mr. and Mrs. Henry Ashford and small son, Henry Louis, and Jimmie Ashford, of Childress spent Sunday visiting relatives here. Mr. and Mrs. Henry Ashford also visited relatives in Knox City. They returned home Sunday night accompanied by their mother, Mrs. Eva Ashford.

Mr. and Mrs. Charles Ferguson are here visiting their parents, Mr. and Mrs. H. E. Ferguson and Mrs. J. B. Rasberry. They have been living at Pecos where Mr. Ferguson was employed in a drug store, and will go from here to Roswell, N. M., where he has accepted a similar position.

Misses Mildred Cogdell, Mary Ragland Thompson and Eileen Motley, teachers in Crowell High School, left Wednesday afternoon for Houston where they will attend the Texas State Teachers' Association, which is in session there for the remainder of the week. Miss Thompson will also visit in the home of her sister, Mrs. Crockett Fox, of Houston.

Jeff Bell of Washington, D. C., is spending a three-weeks' vacation in the home of his parents, Mr. and Mrs. A. G. Bell. He came by Lincoln, Neb., and his aunt, Mrs. R. E. Pickens, who resides there, came to Crowell with him to visit her sister, Mrs. Bell. Jeff is in the auditing department of general accounting of the government.

Mrs. R. L. Kincaid, Mrs. M. S. Henry, Mrs. S. S. Bell, Mrs. W. A. Dunn and Mrs. Hines Clark returned Friday from Dallas where they had attended the convention of the State Federation of Women's Clubs during the week. Mrs. A. Y. Beverly, who also went, returned Sunday morning after having gone to Midway to attend the funeral of a niece on Friday afternoon.

COUNTY FEDERATION

The Foard County Federation of Women's Clubs will meet at Foard City on next Friday, Nov. 28. The Foard City Home Demonstration Club will serve as hostesses for the meeting which will be held at the school house, beginning at 10:30 a. m.

This meeting was announced for Friday of this week but, due to conflicts in dates, it has been postponed until next week. Mrs. H. Schindler, Federation president, urges that there be a large attendance. A report will be given by the delegate to the State Convention which has recently met in Dallas, and the planned program will be given.

TRACTOR DEMONSTRATION

Demonstration of the new Ford tractor with Ferguson equipment was made on the farm of J. A. Garrett one-half mile west of Crowell by representatives of the company and R. N. Barker, dealer, Monday, Tuesday and Wednesday of this week.

The agriculture classes of Crowell High School and the instructor, Marvin L. Myers, attended the demonstration Wednesday.

SUN-UP

The Speech Department of Crowell High School is now at work on a three-act play, Sun-Up. Sun-Up is a powerful, dramatic extravaganza with a long and admirable Broadway run and with thousands of performances throughout the country to its credit. It is a play dealing with life in the mountains of North Carolina. The Crowell Thespian Club will present the play in all its glory and sparkle some time in the near future. The cast has been well chosen by the able director, Mrs. I. T. Graves, who has proven her ability in former productions. The cast is as follows: Ma Cagle, Helen Jo Callaway; Rufe Cagle, Charlie Thompson; Emory Todd, Charlie Billington; Pap Todd, Billy Bruce; Jim Weeks, Maurice Ray; Naron; Bud Todd, Roy Joe Cates; Zeb Turner, Glendon Hays; Preacher, Billy Fred Short. The play has plenty of romance, action and comedy, and is ably done by the cast.

Watch for the date of the presentation of Sun-Up.

BAND SWEETHEART

Next Tuesday marks the closing of the Band Sweetheart contest in Crowell High School. The lucky winner will be pictured in all the outstanding newspapers of the section of Texas in which we live and maybe more. The papers will carry the story of the election. The voting is that one penny counts ten votes and when the close comes every penny will count a large portion. The receipts will go to the juniors for their Junior-Senior banquet. (Oh, happy day). The contest now stands: Freshman, Darnelle Morrison, 2,340; Sophomores, Mary Curtis, 2,000; Juniors, Wanda Evans, 1,800; and the Seniors, Billy Nichols, 1,000. The contest is not over yet, so get busy, students, and boost your favorite candidate.

SIDE TICKLERS

J. T. had large, broad feet, and although several pairs of shoes were shown him he refused them.
 J. T.: I must have square toes.
 Richard (who worked in Fisch's store last Saturday): But square toes are not stocked now, Sleepy. Pointed toes are fashionable this season.
 J. T.: They may be but I happen to be wearing last season's feet.
 Miss Thompson: If I take a potato and divide it into two parts, then into four parts, and each of the four parts into two, what would I have?
 Travis: Potato salad.
 Mr. Foster: My wife talks so much I never get a chance to tell her anything.
 Mr. Myers: Do like I do, put a note in your pants pocket for her to read during the night.
 Miss Cogdell: Why, Simp, you say you wouldn't want to be president?
 Simp: Not just now. If it's all the same to you, I'd rather wait until a couple more elections and things cool down a bit.
 Mrs. Sloan: How does that fancy clock go that you won at the fair last month?
 Albert Bird: Fine! It does an hour in less than forty-five minutes.

THE CHANTERS

The General Sights a Gun

MAJOR-GENERAL H. D. G. CRERAR, Chief of the General Staff of the Canadian Army, sights one of the new 25 pounder guns that Canadian industry is now producing. General Crerar, an artillery officer with the Canadian Corps in the World War, is now head of the Canadian Army's activities in Canada. Un-equipped to manufacture big guns at the outbreak of war, Canada is now producing large numbers of a new type 25 pounder, many of which are already in service on various battle fronts.

Where Twenty Died

A Chicago-bound air liner, flying low in a heavy fog near St. Thomas, Ont., crashed and burst into flames, killing 20 persons. It was the second crash on a major airline within 24 hours and brought the day's death toll to 34. This soundphoto shows wreckage of the huge American Airlines Douglas ship which started its flight in New York. The wreckage is still smouldering in spots.

Magnesium and Defense

(From Office for Emergency Management, Washington, D. C.)

Think of a metal that comes from salt water; that makes Fourth of July sparklers spark and flashlight powder flash and is today a prized material for airplanes, required in ever-growing quantities. That metal is magnesium—and it's scarce.

In 1940, the United States produced 12,500,000 pounds of magnesium, and then the demand really started. This year, it is estimated, our production will top 30,000,000 pounds, which will be some 100,000,000 pounds short of the demand. In 1942, according to present plans, we may turn out in excess of 150,000,000 pounds and still be that much or more short of our requirements.

Our shortage is not caused by any lack of raw material. One source of magnesium is salt water and the only limit to supply is the width of the oceans. It has been estimated that one cubic mile of sea water would provide all the magnesium we need for any purpose. But the process of extraction is intricate and calls for a tremendous amount of machinery and electric power. Increasing our production is a job that cannot be done overnight.

Still, the job is being done as rapidly as is humanly possible. Production capacity has been doubled and redoubled, but so rapidly has the demand grown there still isn't enough magnesium to go around. It's all caused by the fact that magnesium alloyed with aluminum makes the best airplane material yet discovered. Light and tough, and that incendiary bombs and incendiary bombs are made from magnesium.

Great Britain, China, Russia, and the armed forces of the United States want multiplied millions of these bullets and bombs, and the skies filled with airplanes with which to deliver them.

There has been, until very recently, only one producer of magnesium in the United States. Acting in conjunction with the British government and the Defense Plant Corporation of the RFC, it is rushing new plants to completion that will double and redouble its capacity. It also has licensed for manufacture and made technical knowledge available to other companies to produce magnesium for various sources.

The present tremendous demand is the result of years of research into the field of magnesium alloys. Alloyed with aluminum, it makes a light, tough metal that the aircraft industry has proclaimed as its own. Magnesium is approximately one-third lighter than aluminum and its use in aircraft results in increased payload and improved performance.

Commercial production of this strange metal actually started in 1918, as an aftermath of World War I. It was developed originally in Germany and prior to 1916 our small demand for it was met by imports. When the war stopped importation, American production was rushed and our war needs met.

Twenty years elapsed before

American industry got acquainted with magnesium. Its use was just getting well started—in automobiles, for certain machinery parts, and other civilian uses calling for a light, tough metal—when the defense emergency arose.

Our consumption in 1938 was

only 2,719,700 pounds. In 1939, it more than doubled, then increased 73 per cent over that peak year in 1940. For this year and next the figures become astronomical. The estimated demand for 1941 is approximately 14 times that of 1940. The 1942 demand has no limit.

Aircraft and Munition Needs
 Several projects for increasing the production of magnesium are under way, in addition to the expansion of present facilities. A number of experiments are going on in a search for simplified methods of extraction, either from brine or from magnesium ores.

So important is magnesium to our aircraft and munitions production that these two uses are expected to consume virtually all the American supply as long as the defense emergency exists.

Aircraft manufacturers took 75 per cent of the magnesium-alloy products made in the United States in 1940, a rate that has not declined during the present year. Engine and propeller makers used 64 per cent of the industry's total, airplane wheel manufacturers 19 per cent, and makers of frames the remainder.

So satisfactory has been the record of magnesium alloys for wheels that 75 per cent of the civilian and military planes now being built are so equipped. The low weight of American airplane engines per horsepower also is attributed to the use of this alloy. Other uses are being tested. Not only has the consumption of magnesium been spurred by the great increase in our aircraft production, but by the increased use per plane.

Because of that, magnesium was the second metal upon which mandatory priorities were invoked. It has long been listed as a critical material by the Army and Navy Munitions Board, chiefly because of its use as an incendiary, for flares, and for other mili-

J. E. ATCHESON
 Abstracts and Insurance
 Crowell, Texas

As a part of their long time plans for world conquest, the Nazis long ago saw to their magnesium production. They produced almost half the world's total in 1940. This is how the world production picture looked at that time:

Germany.....	46.4%
Great Britain.....	17.1%
United States.....	13.9%
Japan.....	9.8%
France.....	4.9%
U. S. S. R.....	3.7%
Italy.....	2.5%
Switzerland.....	1.7%

As is the case with many other phases of defense production, the United States is attempting to do in two years what Germany did in seven. When we succeed in stepping up our magnesium production to meet our defense demands it will mean another triumph for American methods and additional ammunition in the Arsenal of Democracy.

BUY UNITED STATES SAVINGS BONDS AND STAMPS

At your post office or bank

AMERICA ON GUARD!

Below is a reproduction of the Treasury Department's Defense Savings Poster, showing an exact reproduction of the original "Minute Man" statue by famed sculptor Chester French. Defense Bonds and Stamps, on sale at your post office, are a vital part of America's defense preparations.

Week In Defense

Progress passed and sent to the House legislation to repeal key sections of the Neutral Ship Entry into belligerent waters; Section 3, barring combat travel; and Section 6, prohibiting arming of ships.

Secretary Knox issued a statement that removal of the neutrality Act shipping restriction makes it "possible to get the aid materials authorized by Congress for use in the war against the Axis powers transported to those positions where they can be usefully employed. . . . It insures . . . that the war of the British Commonwealth of China and Russia, hold greatly increased promise of late victory . . ."

An Armistice Day address President Roosevelt said the United States took up arms in 1917 to make the world habitable for self-respecting men. He said men who died then did so to prevent the very thing that has happened from one of Europe to the other . . .

President said the people of the United States believe liberty is worth fighting for, "and if they are to fight they will fight to hold it. This duty we owe to the many who died to give freedom for us—to make a place where freedom can grow into the ages."

Coal Mine Dispute

Defense Mediation Board against a union shop agreement in the steel industry's capital mines and stated the Mine Workers could strengthen their position by refraining from further action.

President Roosevelt asked leaders of the steel industry and the Mine Workers to make "a effort to insure continued production of coal for the manufacture of steel." The UMW accepted the President's request to work in the captive mines pending further negotiations.

Lend-Lease Aid

President Roosevelt authorized Lease Administrator Stettin to take immediate action to transfer defense supplies to the OPM. The OPM is authorized to promote a dividend of \$10,000,000 to \$15,000,000 of American-made materials to the Soviet Union. Navy announced two more warships have entered U.S. ports for repairs.

Relations with China and Japan

The President told his press conference the United States has decided to withdraw American Marines from China. He said the Marines had offered protection to comparatively few Americans. Navy Secretary Knox, speaking in Providence, R. I., said efforts of the United States to maintain friendly relations with Japan have been "patient to a point almost unmatched in the history of the international relations," but now "the hour of decision is here . . ."

President Asks Support for Red Cross

President Roosevelt asked for support of the Red Cross in its roll call for membership which closes November 30, to "prove that we have the heart as well as the sinews to keep ourselves strong and free . . ."

Civilian Defense

The Office of Civilian Defense issued specifications of dimensions, colors and materials for 16 insignia to be worn by trained volunteer workers. OGD Assistant Director Davison estimated volunteer women workers needed in defense fields include 1,000,000 in first aid, 500,000 home gardeners, 100,000 each in life-saving, home nursing, school lunches and for staffs of local volunteer offices. 700,000 in the protection program, 600,000 rural leaders and 200,000 in the aircraft warning service. The OGD also issued a 60-page pamphlet on blackout starting areas within 300 to 600 miles of seacoasts must be prepared to blackout on a "night to night" basis.

Production and Subcontracting

Vice President Wallace, speaking in New York City, said "By putting one-half our effort into national defense instead of less than one-fifth, we shall match what the British and Germans are doing . . ."

Prices

President Roosevelt, in a letter to Chairman Doughton of the House Ways and Means Committee, said additional taxes are needed to absorb purchasing power and "prevent a further sharp increase in the cost of living."

Priorities

Priorities Director Nelson began collection of month-by-month estimates of requirements for critical materials, both to defense and non-defense industries. He said such a program—to apply first to steel, copper, aluminum, rubber and chemicals—might be put into effect within three months.

Conservation of Materials

Associate Price Administrator Elliott announced "The Consumer's Pledge for Total Defense," which calls for elimination of waste and careful buying. She said business and civic organizations, the Boy Scouts, retail merchants, church groups, trade unions, and women's organizations are co-operating to make copies of the pledge available to America's 30,000,000 homes.

Labor Disputes

President Roosevelt created an emergency board to report within 30 days on a dispute between the Railway Express Agency, Inc., and teamsters and chauffeurs. Associate Director Hillman said "the record in Washington shows . . . every difference between labor and management has a basis for solution" without a strike.

It's Your Life!

(Texas Safety Association, Austin)

The Typical Accident Victim: He was a pedestrian. He was over 40 years of age—by no means decrepit; nevertheless his eyesight and hearing had passed their peak efficiency and he was less alert and agile than he had been only a few years ago. He had the usual worries that go with the adult life of the family bread-winner; he was frequently preoccupied, and occasionally downright absent-minded. He probably had had a couple of drinks. He had never learned to drive a car, and his walking habits had been formed when automobiles were both fewer and slower than they are now. He was wearing dark clothing, and while the headlights of the oncoming car seemed blinding to him, his outline was scarcely discernible to the driver against the dark background of the pavement. It was between six and seven o'clock on a late autumn evening, and he was struck just as he stepped out from between two parked cars preparatory to crossing between intersections on an unlighted street in a fairly large city. It can be you!

FOR SALE

CHURCHES

Christian Science Church
Sunday School at 10 a. m.
Sunday services at 11 a. m.
Wednesday evening services at 8:00 o'clock.
Sunday, November 23, 1941. Subject: "Soul and Body."
The public is cordially invited.

East Side Church of Christ
Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock.
Mid-week Bible class each Wednesday evening.

Crowell Methodist Church
The people of Crowell have been very generous in their expressions of appreciation for our return to work with the church. We were glad to be returned, and the hearty welcome that we are receiving since being returned, makes us feel that even a greater work may be accomplished this year than was done last year. We are glad to be with you for another year and fully appreciate your friendship.

I am glad to say to you that Bishop Ivan Lee Holt is very much interested in the work here and will give us a date very soon for the dedication of the church. When once we have a definite time toward which to work, we will be able to formulate some plans. Proper announcement will be made in time to notify friends and send out invitations to former pastors and friends of the church, and especially those who have had part in the building program.

Now that we are here for another year's work, we are insisting that a new sense of loyalty be adhered to in attendance and a spirit of co-operation be fostered throughout the work of the church this year. We have equally as fine chance this year to make advances in our church as in the work accomplished last year in the removing of the indebtedness from the church. I am anticipating a year of increased attendance and a more fervent spirit in reaching others for Christ and His kingdom.

We will appreciate your presence in the services Sunday, both morning and evening. The hours are 11 a. m. and 7 p. m.
H. A. LONGINO.

Christian Science Services

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 23.

The Golden Text is: "Rejoice the soul of thy servant: for unto thee, O Lord, do I lift up my

soul" (Psalms 86:4). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou wilt show me the path of life; in thy presence is fulness of joy; at thy right hand there are pleasures for evermore" (Psalms 16:11). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul" (page 60).

think of people, for instance, as intellectually dead. They think little, if any. They are unacquainted with the great minds and literature of the ages. They know practically nothing of the world of thought and affairs. Then there are people who are aesthetically dead. They are scarcely alive to the beautiful, the fine things of life which God has made. And there are those, too, and very many in these days, who are dead to feelings of consideration and sympathy. The milk of human kindness has dried up within them. In a sense, they are dead emotionally.

But, above all, those who are in their sins are dead—dead even while they live—spiritually dead. As far as God reckons it, to be dead in this way is to be dead altogether. Only those are truly alive who are alive in God through Jesus Christ and His atoning work for our sins on the cross. If your sins are forgiven and you have been reconciled to God, life has begun for you. If not, you are dead even while you live. It is for this purpose the Lord Jesus Christ came. "I am come that they might have life" (John 10:10). He had to say of some people, "Ye will not come to me that ye might have life." We are alive only in Christ; dead without Him. Are you dead or alive?"

Weekly Sermon

By Rev. Nathan J. Stone, Member of Faculty, Moody Bible Institute, Chicago.

Dead or Alive

Text: "And you hath he quickened, who were dead in trespasses and sins."—Ephesians 2:1.

The Revised Version reads, "And you did he make alive, when ye were dead through your trespasses and sins."

Coleridge in his Rime of the Ancient Mariner depicts a strange scene in which the corpses of dead men rise up to man the ship; a dead man steering, dead men pulling the ropes, and dead men spreading the sails. But perhaps it is not so strange after all in the light of our text.

It is true concerning the spiritual life of many professing Christians. The apostle John writes of a church that had a name that it was alive, but it was dead. That church has many descendants today. The apostle Paul tells those who live in and for pleasure alone that they are dead even while they live.

It is not strange at all that he should speak of those who are in their sins as dead. We often

THOUGHTS OF SERIOUS MOMENTS

The world has never had a good definition of the word liberty.—Abraham Lincoln.

Personal liberty is the paramount essential to human dignity and human happiness.—Bulwer-Lytton.

The only liberty I mean, is a liberty connected with order; that not only exists along with order and virtue, but which cannot exist at all without them.—Edmund Burke.

SOCIETY

Mrs. T. B. KLEPPER, Editor
Phone 165 or 43J

Miss Arlene Rice and Edward Shultz Married at Thalia

In a simple but impressive single ring ceremony in the Thalia Baptist Church at 5:30 o'clock Sunday evening, Miss Arlene Rice of Thalia became the bride of Edward Shultz of Thalia. Rev. T. J. DuBose, pastor of the church, said the ceremony.

The church was decorated with vari-colored chrysanthemums and the couple, unattended, stood before the altar while the ceremony was read. Those present for the wedding were: Miss Marguerite Walker, Mrs. T. J. DuBose and Patsy Ruth DuBose.

The bride was attractively attired in a royal blue woolen dress with black accessories and wore a corsage of sweet peas and asters.

Mrs. Shultz is the daughter of Mrs. Martha Ann Rice of Thalia. She is a graduate of Vernon High School and West Texas State Teachers' College in Canyon. She has taught school at Northside in Wilbarger County and at Ryan, Okla., and is now a member of the faculty of the Riverside school. Mr. Shultz attended Thalia High School. He is the son of Mr. and Mrs. Lee Shultz of Lakey, Texas.

The couple will establish their home in the Mrs. Walter Long apartments in Thalia where the groom is employed at the Farmers' Co-Operative Gin.

Former Foard County Couple Observe 68th Wedding Anniversary

Mr. and Mrs. J. H. Connell of Stamford, former Foard County residents of the Black community, observed their 68th wedding anniversary on Oct. 16 at their home at 801 North Webb Street in Stamford, according to an article appearing in the Stamford American last week. Mr. and Mrs. Connell left Foard County 18 years ago, having lived in the Black community several years.

They were married in Hamilton in 1873. Mrs. Connell was Armada Loyd. They moved to Jones County in 1895, establishing their home near Hamlin, and moved to Stamford in 1921. Mrs. Connell will be 85 years of age on Nov. 25, and Mr. Connell will be 87 on Jan. 17.

Mr. Connell suffered a stroke of paralysis about six weeks ago and his condition has been serious.

The couple has nine children—four daughters and five sons—22 grandchildren and 22 great grandchildren. The daughters are, Mrs. Oscar Dietzman, Grand Canyon, Ariz.; Mrs. O. B. Farmer, Ashford, Ariz.; Mrs. C. L. Milam, Winslow, Ariz.; and Mrs. S. F. Caldwell, Mesquite. The sons are Rufus Connell, Stamford; George Connell, Waco; A. M. Connell, Nowata, Okla.; J. N. Connell, Jacksonville, and John W. Connell, Flagstaff, Ariz.

RIVET SORTER

THIS young woman who was a cashier when she broke out in one of the many thousands of women who are doing a great job in Canadian war industry. She is employed in an aircraft factory where her accurate eyes and nimble fingers deftly sort the rivets that have been dropped by the men who put the aircraft together. Even in a country as rich in minerals as Canada, metals are vitally important these days and not a scrap is wasted.

VISIT BROTHER HERE

Pvt. Oren L. Howard of Fort Bliss, Texas, and Truett Howard of Rule were guests in the home of their brother, E. D. Howard and family of the Foard City community last week.

Sunday, they all went to Haskell to attend a family reunion in honor of Pvt. Howard, who was on a furlough from the Army. It was also the birthday of his grandfather, O. E. White. Dinner was served at the White home, the main attraction being baked turkey and dressing. Pictures were taken in the afternoon.

Those who attended the reunion were: Mr. and Mrs. Sam White, Mrs. Bob White and baby daughter, all of Stamford; Mr. and Mrs. E. A. Howard and children, Truett, E. A. Jr., Ola Muriel and Ruby, of Rule; Mr. and Mrs. W. R. Loving of Odessa, Mr. and Mrs. E. D. Howard and children, Edward and Joyce, of Foard City; Mrs. O. E. White, and the two honor guests, Pvt. Howard and O. E. White. Mr. White is a former resident of Crowell and was employed by A. L. Johnson Feed Store for many years.

Adelphian Club

(Continued from Page 1)

man of the club. The picture has been hung in an appropriate place in the Adelphian Club House and is prized highly by the membership.

The artist, Frank Klepper, of Dallas, was born in Plano and was reared there. His father was a cousin to J. W. Klepper of this place. Mr. Klepper is famed as an artist, an etcher, a lithographer and a teacher. His art education began in Dallas, he studied at the Art Institute of Chicago and at the American Art Training Center in Paris, France. He has traveled and studied in France, Belgium and the Orient.

He was at one time director of the Art Department of Kidd-Key College at Sherman and is now teacher of etching in the Dallas Public Evening School, as well as teaching private art classes. He has been the recipient of numerous awards in his work, having received the Texas Artists' Exhibition awards in 1916, 1920, 1921, 1922 and 1928, the Sartor Popularity Prize in 1935, first prize, landscape, Southern States Art League, in 1930, the Titcher Award for Book Plate in 1932, and numbers of others.

His works are displayed in museums, public buildings and private art collections in the U. S. and abroad. Mr. Klepper is a member of the Southern States Art League, of the New Orleans Art Society, an honorary member for life of the Arkansas State Art Ass'n., is a member of the Texas Fine Arts Ass'n., of the American Artists Professional League, of the Dallas Art Ass'n., and is an honorary life member of the Klepper Art Club, which was organized in 1930 by past and present students of his for the purpose of fostering sketching parties, to present monthly discussions on art and to hold public exhibitions. His hobby is collecting Chinese por-

Red Ace and His Prey

Kamenshchikov, who is known as the "hero of the Soviet Union," is shown examining the shattered Nazi plane which he downed in a fight somewhere over the U.S.S.R.

celain and art subjects. Mr. Klepper had a number of his paintings displayed at an exhibit sponsored by the Adelphian Club, at the home of Mrs. S. S. Bell at one time, and several of his pieces are in Crowell homes.

A plan whereby farmers who are to be served by REA lines may aid in setting up those lines and save expense has been developed successfully in Texas. It will now be expanded to other states.

Every woman appreciates pretty dishes and we have the kind she will like.

BIRTHDAY CELEBRATION

Jane Winningham was the hostess at a party for twenty-five little boys and girls at her home last Saturday afternoon in celebration of her fifth birthday. Her mother, Mrs. Q. V. Winningham, was assisted at the party by Mrs. Milton Hunter and Mrs. Roy Todd.

A red, white and blue color scheme was used in the party appointments and the birthday cake was two-tiered and was made to represent a merry-go-round. On the first tier were little animal cookies and five red candles, and on the top one were five red, white and blue flags. A simulated tent covered the merry-go-round.

Jane's mother led the guests in many games. The cake was served with ice cream to the guests. Dr. Peppers with red straws were also served. Favors consisted of whistles and balloons which were tied attractively. Jane received many nice gifts.

Those present at the party were: Bobby Lanier, Bobby Foster Davis, Bobby Lester Ferguson, Larry Johnson, Jay Don Brown, V. A. Smith, Robert Kincaid, Frances Kincaid, Marcia Kincaid, Larry Todd, Carolyn Bursey, Elaine Brooks, Jean Hugston, Jane Bruce, Genevieve McDaniel, Patsy Hunter, Shirley Webba, Gloria Billington, Clouvonne McKown, Richard Ferguson, Ray Ferguson, Aaron Dell Tucker, Janice Crowell, Jerry Knox, Jane Winningham.

BIRTHDAY CELEBRATED

The tenth birthday of Joline Lanier was celebrated by Mrs. J. H. Lanier Jr. at the home last Wednesday afternoon with a party for a number of little girls, friends of Joline. Mrs. Lanier was assisted in entertaining and serving by Mrs. J. H. Lanier Sr., grandmother of Joline.

The pretty birthday cake with ten candles was used as a centerpiece for the dining table and fall flowers were also used in decorating. The guests were entertained with outdoor games and bingo. They also sang "God Bless America," and several other songs, before refreshments were served. Lovely birthday gifts were received by the honor guest.

The following were present: Bobby Jo Favor, Helen Ruth Marts, Joyzelle Thomson, Peggy Weaver, Dovie Ellis, Betty Lou Brock, Tommie Meason, Juanita Haynie, Elizabeth Joy, La Nelle Coltharp, Dolores Ketchersid, Jo Ann Nichols, Rose Mary Cates, Betty Barker, Bobby Lanier and Joline.

COLUMBIAN CLUB

Mrs. Grady Halbert was hostess to twelve members of the Columbian Club at her home last Wednesday afternoon. Her home was tastefully decorated with chrysanthemums, marigolds and Michaelmas daisies.

In the absence of Mrs. Hines Clark, president, Mrs. S. T. Crews presided. Mrs. Bert Self served as program leader with the general subject, "Paraguay and Uruguay." She talked on "River-Encircled Paraguay" and Mrs. T. L. Hughston discussed "A Journey Up the Parana." With interesting answers to roll call, an interesting program was concluded.

The hostess served a delicious salad course with hot chocolate.

B. & P. W. CLUB

"Why We Are Thankful," by Minnie L. Maffett, M. D., president of the National Federation of Business and Professional Women's Clubs, Inc., Thanksgiving Day gives each of us the opportunity to pause for a time and take stock of our blessings.

What have we to be thankful for in this year 1941?

First, We are thankful that we are citizens of the United States of America. By reason of our citizenship, we enjoy freedom of press, freedom of speech, freedom of worship.

Second, We are thankful that as women we are voters, workers, defenders of Democracy.

Third, We are thankful that we are members of The National Federation of Business and Professional Women's Clubs, Inc., for by reason of our membership we can participate in our program "Strengthen Democracy for Defense." Through our program we can contribute to the defense of Main Street. Defense of Main Street means that we are learning to know Main Street, and the problems of its front and back yards, so that we may be prepared to cope with these problems in an intelligent, visioned, and realistic way.

HOMEMAKERS' CLASS

The Homemakers' Class of the First Baptist Church met Thursday, Nov. 13, at the home of Mrs. Glen Goodman with Mrs. Coy Ward and Mrs. Otis Coffey as co-hostesses.

The meeting was opened with a song and Mrs. Ward led in prayer. Mrs. Frank Moore made the devotional talk. Reports of officers were given and Mrs. Garland Foster was elected as assistant teacher.

During the business session, plans for the Christmas party were discussed.

A social hour was enjoyed and refreshments were served to fourteen members and one guest.

FOARD CITY H. D. CLUB

In its regular meeting on Wednesday, Nov. 19, members of the Foard City Home Demonstration Club made plans for the entertainment of the County Federation which will be held at the school house on Friday, Nov. 28. On the evening of Nov. 28, following the Federation meeting, a community party will be held at the school house at "dark thirty."

At this time, the club quilt will be drawn to the one whose name is given to the chance box.

It is hoped that the people of the community will attend this party, the first of this type of en-

CHRISTIAN SCIENCE SERVICES

Thanksgiving Day services are held by The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., and its branches throughout the world. The order of service includes the reading of a Lesson, Sermon on the topic of "Thanksgiving." Opportunity is also afforded those present to give testimonies of gratitude appropriate to the occasion.

The Golden Text is: "Offer unto God thanksgiving; and pay thy vows unto the most High; and call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me" (Psalm 50:14, 15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God" (Revelation 21:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth's immortal idea is sweeping down the centuries, gathering beneath its wings the sick and sinning. My weary hope tries to realize that happy day, when man shall recognize the Science of Christ and love his neighbor as himself,—when he shall realize God's omnipotence and the healing power of the divine Love in what it has done and is doing for mankind" (page 55).

CHRISTIAN ENDEAVOR

The Christian Endeavor of the First Christian Church met in the regular meeting, Sunday afternoon, Nov. 16. The meeting was presided over by the president and the minutes of the previous meeting were read and approved. The group decided to have a contest and the sides were chosen.

MARGARET H. D. CLUB

The Margaret Home Demonstration Club held its regular meeting last Friday at the home of Mrs. Jno. L. Hunter Jr. An interesting demonstration was given by Miss Joellene Vannoy, home demonstration agent, on cooking animal glands and organs.

New officers elected at this meeting were: Mrs. R. A. Bell, president; Mrs. E. F. Dunn, vice president; Mrs. C. F. Bradford, secretary-treasurer; Mrs. C. R. Moore, reporter; Mrs. Joe Bledsoe, council delegate; Mrs. W. A. Dunn, song leader; Mrs. Verda Bell, parliamentarian; Mrs. G. M. Sikes, dairy demonstrator.

Next meeting will be with Mrs. Arthur Bell.

WEST SIDE H. D. CLUB

The West Side Home Demonstration Club met Nov. 12 at the home of Mrs. Mary J. Fox with a good crowd in attendance. The visitors were, Mrs. W. W. Hoffmeyer, Mrs. Niece Chatfield, Mrs. Clyde Cobb and Mrs. L. D. Fox. Miss Joellene Vannoy gave a cooking and serving demonstration of the animal glands. Plans were made for a Christmas party next month at the home of Mrs. Pearl Kamstra.

entertainment to be sponsored by the Foard City club. Games of 42, bridge, checkers, etc., will be on the tables and a committee has been appointed to take care of the refreshments.

GARDEN CLUB MEETS

The fall exhibit of the Crowell Garden Club was a complete success. Mrs. Bert Self, Mrs. Herbert Edwards, Mrs. Lee Ribble and Mrs. W. A. Cogdell each exhibited a flower arrangement at the meeting Friday afternoon.

Mrs. George Self gave a graphic account of Mrs. Ben G. Oneal's method of growing large "mums." Mrs. Vance Favor explained the meaning of "Charm String Arrangement" and she told how the idea is being used by the Girl Scouts of Crowell.

Mrs. Mason Brown conducted an interesting quiz on "Do you know your garden?"
