Crowell Has Been Given \$42,000.00 WPA Street Paving Project; Mayor Urges Co-operation from Citizens

Foard Cotton Farmers to Vote on Sat. Dec. 13

Cotton acreage allotments, strengthened by marketing quotas, which made 85 per cent of parity plans possible, is the triple reason for increase in the price of cotton this year, according to T. H. Matthews, vice chairman of the Foard County AAA committee.

Collapse of foreign markets, a drastic drop of from 6.2 million bales to 1.1 million bales in exports, and enough cotton on hand at the present time to fill an extra year's needs, highlight the cotton situation, he said.

The loss of foreign markets is partially offset by the fact that the domestic consumption of cotton for the 1940-41 season is the highest on record. Consumption was approximately 9.6 million bales, or about 2 million bales above the preceding year, the AAA official said.

Since the export slump is due primarily to naval and war blockades, there is little reason to believe that the export market will increase to any great extent, he declared.

For the fifth consecutive year, cotton farmers of Foard County will vote in a national cotton marketing quota referendum Saturday, Dec. 13. Voting places, located at strategic places in the county, and names of referendum officials will be announced in a short time, he said.

Last year, Foard County cotton growers voted 93 per cent favorable on quotas. Texas farmers approved quotas by 88 per cent.

Thalia Brotherhood Hear Hardin-Simmons Professor Monday

The Thalia Brotherhood met Monday night in the basement of the Thalia Baptist Church. Rev. H. A. Longino, pastor of the Crowell Methodist Church, led the devotional and Rev. R. I. Hart, newly appointed pastor of the Thalia Methodist Church led the prayer.

Billy and Jimmy Johnson, sons of Mr. and Mrs. Oneal Johnson, played several accordion numbers. Hiram Arrant, professor of chemistry at Hardin-Simmons University, delivered the message of the evening. His message was based on three phases of Christianity—doctrinal, experimental and practical. Mr. Arrant is president of district 17 of the Baptist brotherhood.

Bailey Kennels was re-elected president of the Brotherhood, and Fox was elected vice president and Morgan Price was made secretary-treasurer.

Refreshments were served to men and the meeting was closed with the singing of appropriate songs which were led by Rev. Hart.

Crowell Men Attend Opening of Victory Field Tuesday

Mayor C. T. Schlagal, Dr. Hines, M. S. Henry, John Raso, A. Seale and T. B. Klepper attended the dedication ceremonies of Victory Field near the Vernon Chamber of Commerce luncheon at noon.

The formal dedication took place at 2:30, featured by an address by Dr. Homer P. Rainey, president of the University of Texas. An acceptance speech was made by Major General Frank P. ... commander of the Gulf Coast Air Corps Training Center. Music rendered by the Vernon High School band preceded the address.

LEAVE FOR CALIFORNIA

Mr. and Mrs. T. W. Cooper of the Vivian community left Wednesday afternoon for California, for an extended visit with relatives. In Eureka, they will visit Mrs. Cooper's niece, Mrs. H. ... Johnstone, who has recently lost her son, Jimmy Wislon Johnson. Jimmy was killed in the backyard of the home when his ... accidentally discharged. He was killed on Nov. 8, and was buried on Nov. 11.

Mr. and Mrs. Cooper will also visit another niece of Mrs. Cooper, Mrs. Grace Russell, in Woodland, Calif., and five brothers, who reside in Yuba City, Loomis and ... Calif. They will probably return about the middle of January. Mr. and Mrs. James Sandlin will live in their home during their absence.

The City of Crowell is sponsoring another WPA street paving project, it was announced here Monday by the mayor, C. T. Schlagal. The Federal government is furnishing \$42,000.00 in this second city-wide street paving project and it is hoped and expected, owing to the better conditions that now prevail, that Crowell will be able to get several paved streets completed in 1942. The cost will be exceedingly small in comparison to the increase in value to the property. The extreme wet season of 1941 has caused people of the town to give more consideration to the possibility of living on a pavement than ever before.

Those interested in having paving done are requested to get in touch with the street committee, J. R. Beverly and Floyd Thomas, or Mayor Schlagal.

Kinloch Cole Arrived in San Francisco from China Oct. 28

Kinloch Cole, former Crowell resident and brother of Grover Cole of this city, arrived in San Francisco, Calif., from Tsingto, China, accompanied by his daughters, Misses Ida and Roberta, about Oct. 28, according to a letter received by his brother here since his arrival. Mrs. Cole and another daughter, Miss Frances, have been living in San Francisco since last March.

All members of the family are now in the United States with the exception of Mrs. Cole's son, George, who was not permitted to leave Tsingto with Mr. Cole on account of certain legal papers that had not been received.

STOLEN CAR RECOVERED

On Wednesday night of last week, Mrs. I. T. Graves drove her car to the high school and, after removing the key, left it parked in front, while she was at practice for a play. One of the boys noticed that the car was gone and reported it to Mrs. Graves, who immediately notified the officers. Sheriff Amos Lilly sent several men in various directions, for he immediately suspected that it was the work of the same group of thieves who have been operating in the community of late.

The car was found north of A. L. Sloan's home, in the ditch. The officers are of the opinion that the ones who pushed the car there, meant to strip it but became frightened and left it in the ditch.

In this connection, Sheriff Lilly would like to remind car owners that they are taking a great risk when they leave a car out all night, as many do. He says that many cars are left in the drives or in the alley and that it is an easy thing to remove a tire or even to take the car. He states that car thefts are reported all over the country and that it will pay to be extremely cautious.

British Chief

Gen. Sir Alan Brooke (above), has been named chief of the British imperial staff. An expert on mechanical warfare, he earned fame as head of Britain's "anti-invasion" home forces, which he brought to a high level of efficiency.

Mrs. G. M. Jones, Pioneer, 93, Died Sunday Afternoon

Funeral Held at H. E. Davis Home; Burial at Goree

Mrs. G. M. Jones, 93, passed away at her home, four miles southwest of Crowell, Sunday afternoon at 2 o'clock after an illness of about a week's duration. Mrs. Jones had been in failing health for a number of years but contracted pneumonia on Saturday and her death followed.

Funeral services were held Monday afternoon at 1 o'clock at the home of Mr. and Mrs. H. E. Davis with Rev. W. B. Fitzgerald, pastor of the Crowell Baptist Church, officiating. Music was rendered by a male quartet composed of Jno. Raso, Sam Mills, J. P. Davidson and Ernest King. They sang, "Many Mansions" and "Does Jesus Care." Burial followed in the cemetery at Goree by the side of her husband.

Pallbearers were grandsons of Mrs. Jones: Ralph Gray, Felton Jones, D. R. Jones, Jr., Glenn Jones, Garnett Jones, Dale Jones, Byron Davis and Audran Davis. Granddaughters of the deceased served as flowerbearers. They included Misses Faye Coltharp, Lucille Coltharp, Leola Jones, Christine Jones, Evelyn Jones, Gusta Davis, Mesdames J. W. Crockett, B. G. Davis, A. L. Davis, Garnett Jones, Felton Jones and Dale Jones.

Mary C. Brown was born on April 15, 1849, in Sparta, Tenn. She was married to G. M. Jones Jan. 11, 1871, at the home where she was born. Mr. and Mrs. Jones lived in Tennessee, with the exception of one year, 1875, which was spent in Mississippi, until they came to Texas in 1884 and settled in Lamar County. They came to Foard County from Goree, Knox County, in 1921 and lived in the Claytonville community where Mr. Jones died in 1925. Mrs. Jones and her son, W. A. Jones, continued to live in the Claytonville community until 1932 when they moved to the present home near Crowell. Mrs. A. Eastwood, an old friend of the family has resided in the home for the past nine years.

Mrs. Jones, although nearly ninety-three years old, and confined to her home, was always cheerful and happy, radiating the sweet Christian spirit which was hers. She became a member of the Presbyterian Church when she was a young lady and has continued to be a loyal member of that church for more than seventy years. She was an inspiration to her family and her many friends.

There were nine children born to Mr. and Mrs. Jones, one of whom died in infancy. The eight living children are as follows: Mrs. H. E. Davis, Crowell; W. B. Jones, Crowell; H. T. Jones, Goree; Mrs. W. C. Gray, Ralls; Mrs. M. C. Coltharp, Slaton; W. A. Jones, Crowell; D. B. Jones, Goree and Dibrel Jones, Goree. There are also a number of grandchildren and great grandchildren surviving her. All the children were present for the funeral services.

Out-of-town relatives and friends here to attend the funeral were: Mr. and Mrs. W. C. Gray, Ralls; Ralph Gray, Littlefield; Mr. and Mrs. M. Coltharp, Slaton; Faye Coltharp and Lucille Coltharp, Lubbock; Mr. and Mrs. Harry Jones, Goree; Mr. and Mrs. D. B. Jones, Goree; Dibrel Jones, Goree; D. G. Jones Jr., Goree; Mr. and Mrs. Pelton Jones and daughter, Sandra, San Angelo; Miss Leola Jones, Sterling City; Miss Christine Jones, Lubbock; Mr. and Mrs. Garnett Jones and son, Billy, Ralls; Mr. and Mrs. J. W. Crockett and children, Hollis, Okla.; Mr. and Mrs. Tom Davis and Russell Noble, Ralls, and Miss Emma Pendleton, Vernon.

MRS. G. M. JONES

Stores in Crowell Observing Today, Thanksgiving Day

Crowell stores are observing today as Thanksgiving and will be closed. The Crowell schools have also been dismissed for one day only this week.

A large number of college students are at home to spend the Thanksgiving holidays which will be the remainder of the week.

Edwin Greening Buys Conoco Station

A business deal was made this week whereby Edwin Greening bought the interest of William Simmons in the Simmons Service Station, Conoco retail dealer, and will take charge of the business Dec. 1.

Mr. Greening has been employed in the meat department of the Coltharp Food Store since that business was opened here last year, and is well known in Crowell and surrounding territory, having had many years experience in this line of work previous to his present position.

Mr. Simmons, in addition to operating the filling station, has been serving as baker for Orr's Bakery.

MRS. C. A. WHITE DIES

Mrs. C. A. White of Pampa, mother of Mrs. Morris Diggs, both former residents of Crowell, died Tuesday morning at her home in Pampa, according to a message received here Tuesday by Mr. and Mrs. Fred Diggs, parents of Morris Diggs.

Mr. and Mrs. Diggs and sons, Wayne and Charles, and Mrs. James Loyd and baby, left Tuesday night for Pampa to attend the funeral.

Mr. and Mrs. White were residents of Crowell during 1939 and the summer of 1940.

BAND SWEETHEART CHOSEN

Mary Curtis was elected band sweetheart for Crowell High School with the close of the contest which has been sponsored by the Junior Class. Mary is a sophomore and was elected with 10,510 votes over Billie Nichols with 8,580 votes. Wanda Evans was third runner with 6,500 votes. The contest has run for several weeks and came to a close on Tuesday morning.

Votes were 1c for 10 votes and the money is to be divided between the Junior class and the High School band. The band proposes to use theirs for the purchase of music stands.

Crash of Streamliner in Texas

This photo shows the wrecked locomotive, tender and car of the streamlined railroad train that struck a truck near Dallas, Texas. Note the rail twisted and uprooted 30 feet in the air by the impact. Two were killed as a result of the accident.

J. L. Harber Passes Away at His Home Sunday Afternoon

Funeral Services Held Tuesday P. M. at Baptist Church

Funeral services for Joseph Leonard Harber, who passed away at his home Sunday afternoon, were held at the Baptist Church Tuesday afternoon with Rev. W. B. Fitzgerald, pastor of the church, officiating.

A quartet composed of Duke Wallace, Sam Mills, J. P. Davidson and Mrs. J. P. Davidson, sang two songs, "How Beautiful Heaven Must Be," and "Will You Miss Me?" Mrs. T. B. Klepper played the accompaniment. Pall bearers were Wilburn Carter, Hollis Payne, C. H. Groomer, Alfred Vessel, Shelby Wallace, C. L. Cavin and C. M. Suits. The flower bearers were Miss Maxine Curlee, Miss Arlene Curlee, Mrs. Linda Sellers, Mrs. Ruby Thorne, Mrs. J. A. Powers, Mrs. Alma Wallace, Miss Marie Davis, Miss Wanda Faye Allen and Miss Flodella Wallace. The burial took place in Crowell Cemetery under the direction of Womack Funeral Home.

Mr. Harber had been ill for more than a year but was not thought to be in immediate danger until a few days ago. He was born in Stephens County on Nov. 1, 1879. He was married to Miss Gracie Tibbits in Jack County on May 12, 1907. They then lived in Hood County for a number of years. He and his family came to Wilbarger County in 1919 and to Foard County in 1927. There were two children born to the couple, both of whom were at the bedside of their father when he passed away.

Mr. Harber is survived by his wife and the two children, Beryl Harber of Amarillo and Mrs. Inez Stewart of Crowell. He is also survived by three grandchildren, Wayne, Yvonne and Winona Harber, by one sister, Mrs. Bertie Williams, and by four brothers, Sid, Jack and George, of Glenrose, and Charlie, of Moran.

Mr. and Mrs. Charlie Harber and daughter, Olivena, of Moran, were here for the funeral.

Visit of Santa Claus, Window Contest, Music by High School Band, to Feature Christmas Opening, Friday, Dec. 5

Ship Lost

Lt. Comdr. H. L. Edwards, commanding officer of the U.S.S. Reuben James, sunk by a torpedo while on convoy duty near Iceland. The ship was a flush-deck destroyer.

Margaret Baptist Church to Observe Thanksgiving

The Margaret Baptist Church will hold a Thanksgiving service at the church Thursday evening, Nov. 27, at 7 o'clock, it was announced here Monday morning by the pastor, Rev. C. P. Cowart.

Rev. Cowart will deliver the message at the evening's worship service and everyone is invited to attend. "We have much to be thankful for," the pastor stated, "and we are anxious to have a large crowd present."

HOSPITAL NOTES

Foard County Hospital

Patients In:

Mrs. Clyde Knight.

Mrs. Roy Daniels.

Baby Ronnie Parrish.

Patients Dismissed:

Mrs. H. E. Ferguson.

Oscar Nichols Does Outstanding Work at Sull Ross College; Has Name Placed in 1942 "Who's Who"

Veteran Barber of Crowell Sells Shop to Hardin Russell

C. T. Schlagal, veteran barber of Crowell, sold his shop last week to T. H. (Hardin) Russell and Mr. Russell took charge of the business Thursday afternoon. Mr. Schlagal had been operating this shop in the same location for more than thirty years. He expects to devote all his time necessary to his office as mayor of Crowell.

Mr. Russell, the new owner, has been employed on the front chair in Bruce's Barber Shop for 11 years. He states that he will make improvements in the shop and hopes to have the work done by Christmas. H. C. Roark, who has been working in this shop for a long period of years, will continue with Mr. Russell. Sam Mills, who has been working for Mr. Schlagal, has taken Mr. Russell's place at Bruce's Barber Shop.

Speaks for Nippon

Mr. Nichols, son of Mr. and Mrs. C. O. Nichols of the Black community, who will receive a B. S. degree from Sul Ross State College at Alpine, in June, 1942, is among those students who will be listed in the 1941-1942 issue of "Who's Who in American Universities and Colleges."

This publication is published through the co-operation of 600 American Universities and Colleges. It is the only means of national recognition for graduates which is devoid of politics, fees and dues. Several students from accredited colleges are selected each year, by an unprejudiced committee, for their biographies to appear in "Who's Who Among Students in American Universities and Colleges." These books are placed in the hands of hundreds of companies and others who annually recruit outstanding students for employment.

The purpose of Who's Who is to serve as an incentive for students to get the most out of their college careers, as a means of compensation to students for what they have already done, and as a standard of measurement for students.

Mr. Nichols is a member of Lambda Kappa Delta fraternity at Sul Ross College and a member of the Sul Ross Chapter of Alpha Chi, which is a national honor society.

Mr. Nichols graduated from Crowell High School in 1936 and was a member of the football team.

SUBMITS TO OPERATION

Mrs. Fred Rennels of Bryan submitted to a major operation in a hospital in Temple on Monday morning and the latest reports from her indicate that her condition is satisfactory. Mrs. Rennels is a former resident of Crowell and has many friends here, where her husband served as county agent for many years.

Her mother, Mrs. Belle Abston of Thalia, and her sister, Mrs. Winnie Phillips, of Levelland are with her. Her brother, Bob Abston, of Crowell and a niece, Miss Maurine Abston, of Thalia were also in Temple Monday but they returned home Monday night.

Christmas opening for Crowell, sponsored by the business interests of the town, will be held on Friday evening, Dec. 5. Plans now underway include a visit from Santa Claus, which will be the high point of the opening program. He will have a present for every boy and girl here on that night.

Another interesting feature of the program will be a window contest which will be of interest to everybody. Prizes will be given in this contest to the first twenty-five persons to furnish correct answers. Blanks will be given to all who want to enter.

The Crowell High School band will render music for the opening and a detailed outline of the evening's entertainment will appear in next week's issue of The News.

High School Band Plays First Time for Archer City Game

The High School Band which is under the supervision of Henry Clifford Teague, functioned for the first time at the Crowell-Archer City ball game last Thursday afternoon. The band was organized at the beginning of the present school year and many have been trained who had never played an instrument before. The playing was creditable and added much to the enthusiasm and interest. The band played during the game and all during the half period.

Mr. Teague has had training in this line of work and is progressing splendidly to make the band quite an addition to the High School.

The members of the instruments they play follow: Lois Evelyn Flesher, cornet; Lowell Campbell, cornet; C. D. Campbell, clarinet; Larry Dan Campbell, clarinet; James Braswell, bass horn; Marjorie Young, cornet; John Clark Long, cornet; Billy Coltharp, alto horn; Ross Adams, alto horn; Hugh Longino, cornet; Harold Longino, bass drum; Glendon Hays, snare drum; Roy Joe Cates, snare drum; Ada Jane Magee, alto saxophone; John Thomas Raso, clarinet; Betty Zeibig, clarinet; Wanda Cobb, clarinet; Wanda Jo Ketchersid, clarinet; Yvonne McLain, clarinet; Carol Jean Harvey, clarinet; Billy Joe Scott, clarinet; Rita Faye Callaway, saxophone; Marjorie Martin King, bell lyre; Larue Graves, baritone; A. G. Wallace, baritone; Billy Fred Short, trombone.

during his high school days. This honor which he has earned, is appreciated by his friends and he is to be congratulated upon the high attainment.

Qualifications for the honor of being included in Who's Who are a combination of qualities which also make for higher living, for better earning capacity and for better citizenship. They include character, leadership, scholarship and potentialities of future usefulness to business and society.

Crash of Streamliner in Texas

CORRECTION

Last week the paper stated that the Crowell dramatic club was named the Thespians, however the club is named the Crowell Blue Curtain Club. Please forgive us.

Speaking of the speech department, the play, "Sun-Up," which we jabbered so about last week, will soon be produced at the High School auditorium. Watch for the date.

WE WONDER—

If Paul Vecera has begun to think that variety is the "spice of life" or if he just likes to be an unattached "playboy." Does he leave 'em and leave 'em or does he leave 'em—period?

If you've seen that peculiar looking ring on the third finger—right hand of June Billington?

It's made out of a horse shoe nail. This seems to be very interesting. Wish I could tell you more—but I have no inside information.

If "everything" will turn out O. K.—or should I say after the Senior party tonight?—Oh, well, here's hoping.

If Clonita Russell is beginning to like Truscott. Don't tell her I told you, but—between you and me (and the rest of CHS), she does—but definitely!

If Jerry Caldwell is as mischievous as he looks? Ouch! I can answer that now. He just patted me on the back. Ohhhh unhappy day!

How Bill Owens liked the idea of his girl stepping out on him Saturday night?

Why the students in typing room object to those little bells that some bright little children ring quite frequently? No reason to.

If Thanksgiving was pleasant to everyone? It was to me.

If anybody's happy—this is 6 weeks' exam week.

Flash—Just was announced that we do not have school this Thursday, that's today—having fun, kids?

Why W. P. Hord is looking so pleased about—cause he went with Mary Evelyn Edwards? Pretty good reason.

If Virginia Thomas liked her date Saturday night? He was a college "man"—yippee.

When the play "Sun Up" will be presented? I've heard that it is a very good play with a remarkable cast.

If some people wish that these army furloughs would last forever?

If play practice is still exciting? Seems some people caused some excitement Wednesday night. Naughty, pranksters.

If James Lee Braswell has really found his "love"?

YOUR ANCESTORS

Each costume requires its own accessories, but if you plan carefully you may use one hat, bag, and pair of shoes for several costumes.

Felt, velvet, and other soft materials are best for hats. They are more becoming than hats of stiff, shiny material with extreme crowns and straight brims. Height in the crown and an off-the-face hat are becoming to a rather full face.

Scarves and collars can change the appearance of an old dress, but you should choose them according to size, shape and ma-

terial. Your gloves should be simple and clean. Over-ornamentation is perhaps the worst fault in gloves. The color should harmonize with the costume and not attract undue attention.

The bag or purse may be the color of the hat, shoes, and gloves, or it may be a slight contrast. Smooth leather is pleasing with silk or crepe, suede or rough leather with tweed and woolsens, silk or headed bags with evening clothes.

Heavy fabrics call for reasonably heavy shoes with moderate heels while lightweight materials require a finer quality fabric in shoes, especially for dress-up wear.

CAMPUS CHAT

Our Thanksgiving holidays, for the most of us, So-Called Students (note the capital letters), were and are very enjoyable. For instance, who should we see but Billy Nichols and H. L. Blevins at the Archer City game last Thursday afternoon. Good game!

Another holiday festivity was the dance at Margaret Claire Shirley's Thursday night. Everything was in full swing and I do mean swing.

If anyone wants to know about the Vernon-Bark game just ask J. T. Mary Evelyn, Charlie or Margie. They seemed to have taken it all in.

The above also goes for the Munday-Chilli game. What gave June, Virginia and Evelyn (Fletcher) the sudden inspiration to go? Could it have been—oh, well, you guess.

Several others were also seen at the Munday-Chilli game. Arnold Smith, Booty Bird, Rody Halenack, Harold Canup, Billy Smith, Billy Nichols, Harold Longino, Hugh Longino, and that old ex-senior of CHS, Joe Wells, Crowell was well represented. Eh, what?

Who was it that came to see Margaret Claire last Saturday night? Oh, yes, now I remember, it was a boy from Abilene, McMurray. His name couldn't have been Guy or could it? Well, it could and was.

Truscott was in town Saturday night, if anyone didn't know it. You couldn't have missed them.

By the way, did anyone see Mary Evelyn and Virginia. No, well, they were here with two boys, one from Truscott and who was that boy Virginia was with from Abilene?

A Sunday afternoon foursome was none other than Ann Favor and Ray Burrow and John Thomas and Margie Young.

Thanksgiving here again. The second in the last two weeks. So I'll change my theme song to "Ah, Sweet Mystery of Life."

Speaking of people going places, June Billington, Hugh Longino, John Clark Long, and his Quannah girl made a hilarious Thursday and Sunday out of the holidays. They spent Thursday in Quannah, at Lake Pauline, Acme, Thalia, and Vernon. Sunday, they went to Quannah. Fast people, I'd say.

Clonita Russell is "nuts" over a certain boy—believe it or not—and she will not let it be known to anyone. Well, how did we find out? That's our secret.

A different girl every Saturday night is still Paul Vecera's motto. This time it was Margaret Davis.

Arnold Smith and Wanda Evans are really hitting it off together and Simp Davis doesn't seem to mind at all since Thelma

Welle moved back. No news is good news—so says someone. In CHS it's different, our good news is not new, it's as old as the hills.

Well, well, it seems that Lowell Campbell has a new heart flame. You could never guess who it is so I guess I'll just have to tell you. Yes, the one and only Betty Johnson.

Betty Zeibig was riding by Haney-Razor a good bit Saturday night. It couldn't be because someone works there whom she is interested in.

It is rumored that Dot Greening still holds an ever-burning torch for our little quarterback, Booty Bird. Could be.

Margorie Young spent Thanksgiving day in Wichita Falls. Of course, the band missed her, but from all reports she had a swell time.

Jean Orr was with Howard Lee Black again Saturday night. Gee, love must be grand. Aw, we did not mean it, kids.

Jean Scates always knows so much about Richard Carroll that I'm beginning to think that she is personally interested in his welfare.

The college kids will be home this week and, boy, will we be glad to see them. I'll say.

Wanda Ketchersid seemed to be having the time of her young life with James Lee Braswell Sunday afternoon. Nice work, James Lee.

It wouldn't be the same if T. L. and Mary's name didn't appear in our little column, so here goes. T. L. likes Mary.

I want to express my appreciation to some little helpful students who dropped a lot of good information in the locker this week. You must do it again sometime.

Until next week at this same time—I am forever hunting news. So long.

NEW IDEAS FOR CHRISTMAS

For a truly Southern touch, wrap gifts in scraps of bright colored prints and decorate with cotton bolls tied in with each bow. Make your own Christmas wrapping paper by spattering desired water colors onto brown paper. Dip paper in water, crumple, and spread out to dry. The result is a leathery paper, nice for wrapping heavy packages, books, etc.

A delightful Christmas lantern may be made by covering the inside of a kitchen grater with red cellophane and placing an electric bulb inside the grater.

Tiny red wagons for favors or table decorations can be made from two spoons, a match box, and red paint. Small red rubber balls with a Santa Claus cap and cotton beard are also easy to make and very attractive.

It's Your Life!

(Texas Safety Association, Austin)

How to meet driving emergencies:

When a tire blows out—if a tire bursts, do not apply the brakes nor throw out the clutch until the car has lost almost all its momentum. A front tire blowout may cause you to lose control of the steering wheel unless you are holding it firmly. In the case of a blowout of a rear tire, a sudden application of the brakes, at high speed, may cause the car to turn over.

When right wheels strike a soft shoulder—in this emergency a fast-moving car is likely to swerve and turn over. The driver should hold the steering wheel tightly, remove his foot from the accelerator, and allow the engine to reduce the speed of the car to a safe point before he applies the brakes, throws out the clutch, or attempts to steer back onto the hard surface.

When going too fast around a curve—Every time a curve is rushed, centrifugal force acts to push the car off the road. When the driver realizes he is going too fast, his first thought is to apply the brakes. This is dangerous and makes the car more difficult to control. The brakes should be used before reaching a curve.

When going down a steep hill.—Before starting a dangerous descent, a car should be put into second or, if the hill is long and very steep, into low gear. If further retardation is necessary, apply the brakes intermittently. To stop a car on a steep grade the brakes should be applied gradually up to the point of locking the wheels.

MESCAL IKE By S. L. HUNTLEY

Chilean Resigns

President Pedro Aguirre Cerda, popular front head of the Chilean government for three years, who resigned in favor of Geronimo Mendez, head of the radical party.

Leon Henderson, Bernard Baruch, Debate Price Control

Price control or inflation? If one or the other is inevitable, price control seems to be the logical choice. But what kind of price control? In the current Rotarian magazine, Leon Henderson, U. S. Price Administrator, and Bernard M. Baruch, chairman of the War Industries Board during World War I, debate the choice of methods to keep prices down.

Mr. Henderson states the problem for both arguments, when he writes that soon 2 billion dollars a month will be pouring into de-

fense production. "Most of those dollars wind up in somebody's pocketbook... are itching to be spent," he says, "but the goods whose production they symbolize never come on the consumers' goods market. Instead they go to our Army or Navy, to Britain, to Russia, or to China.... Some of those dollars are saved and invested in government bonds, some are drained off through higher taxes.... The residue of those dollars left over is estimated to be 4 to 7 billions a year. Price control is the only method left to offset the (inflationary) pressure of those remaining billions."

With this, Mr. Baruch is in full agreement, for he writes, "Because of delay in coming to grips with the price problem, prices have advanced and inflation looms before us.... Prompt enactment of a price-control law is the greatest single necessity of the current crisis."

But here their agreement ends, for Mr. Henderson holds for discretionary power to establish ceilings, while Mr. Baruch argues for all-out price control. Writes Price Administrator Henderson, "If the basic raw materials are held in check, then prices in the subsequent along-the-line manufacturing processes also ought to stay put." But Mr. Baruch, who held a very similar position during the last War, supports the principle of the Gore bill, "that a ceiling be put over all prices, rents, wages, commission fees, interest rates as of some date. Prices would not be frozen, but would fluctuate freely below this ceiling, although not above it."

As to wages, Mr. Henderson admits, "Neither does the (Steagall-Glass) bill attempt to fix wages. There is a good deal of legislation on the books designed to bring about a system of fair wages.... I believe wages like every other cost must be kept in bounds. It

is significant that in England... the piecemeal bill, the outlook for the future would be a steady rise in prices, slow perhaps, but sure, with no upper limit ever in sight."

One more point finds both men in agreement—and that is the necessity for immediate action. "We as a nation cannot afford to wait much longer, to haggle indefinitely over questions of detail," says Mr. Henderson, while Mr. Baruch warns that "procrastination has made the task of preventing inflation more difficult."

The farmer's prices, under the Steagall-Glass bill, will be set, to quote Mr. Henderson, so that "no price could be fixed on any farm product below 110 per cent of parity or the price on July 29, 1914, whichever is the higher."

Mr. Baruch's choice is the Gore bill's proviso that "guarantees agriculture a ceiling at 'parity' prices. To attempt to take advantage of the emergency to obtain more than 'parity' prices now may result in agriculture's losing the 'parity' status for which it has fought so long."

Mr. Baruch's main objection is that the Steagall-Glass bill is only piecemeal. "Psychologically, piecemeal control encourages prices to rise," he claims. "Under

In eastern lands they talk in flowers, and tell in a garland their loves and cares.—Percival.

FOR DEFENSE

BUY UNITED STATES SAVINGS BONDS AND STAMPS

AMERICA ON GUARD!

Above is a reproduction of the Treasury Department's Defense Savings Poster, showing an exact duplication of the original "Minute Man" statue by famed sculptor Daniel Chester French.

This Week In Defense

President Roosevelt sent identical letters to UMW President Lewis and to the steel company representatives Benjamin Fairless, Eugene Grace and Frank Purnell stating "work in the captive mines must recommence... The issue in dispute... does not justify a stoppage of work in a grave national crisis..."

The President asked the four leaders to "allow the matter of the closed shop in the captive mines to remain in status quo for the period of the national emergency... or else to accept final arbitration... He said any agreement reached would have no effect on the UMW's closed shop agreement already in effect with regular commercial mines."

In a message to the CIO convention at Detroit, the President said unless democratic freedoms are protected from the "world scourge" of Hitlerism, "free trade unions and all other free institutions will vanish." To protect these freedoms, he wrote, "we must produce guns, tanks, planes and ships without delay and without interruption, and the American people and their government are determined that we shall have them."

Agreement With Mexico
The State Department announced an agreement has been reached with Mexico providing: 1. The settling of a final fair price for American petroleum properties taken over in 1933—Mexico to pay \$2,000,000 at once as a token payment. 2. Mexico to pay \$10,000,000 in full settlement of general and agrarian claims, at a rate of \$2,500,000 annually. 3. A reciprocal trade treaty to be negotiated at once. 4. The United States to provide a \$40,000,000 stabilization fund to maintain the peso at its present rate. 5. The U. S. to purchase up to 6,000,000 ounces of newly-mined Mexican silver monthly. 6. The Export-Import Bank to establish credits up to \$30,000,000—to be made available in installments of \$10,000,000 a year—to aid Mexico in developing its highways.

Lend-Lease Aid
The Department of Agriculture reported nearly 1,650,000,000

pounds of agricultural commodities costing almost \$200,000,000 were delivered to representatives of the British Government for Lend-Lease shipment from the beginning of operations in April up to October 1. Animal protein products, including cheese, dried milk, evaporated milk, eggs, pork and lard, made up the most important groups of commodities.

State Secretary Hull announced a Lend-Lease agreement has been signed with Iceland.

Arming of Merchant Ships
President Roosevelt signed the legislation to repeal the three key sections of the Neutrality Act. The President also requested from Congress a new \$380,050,000 appropriation for the Navy, including \$120,000,000 for "defense installations" on merchant ships. Navy Secretary Knox said the first armed U. S. merchant vessels will be plying the seas within a week. He said ships plying both the Atlantic and Pacific will be armed. The arming of the ships will require three to four months to complete. The Navy will put gun crews of from 12 to 18 men on all ships as fast as they are armed.

The Maritime Commission reported the keels of 21 Liberty ships were laid during October to bring the total to 76. Four of these cargo ships were launched in October, compared with three for September, and three more are scheduled to be launched this month. The Commission added four ships to its six-ship training fleet to help turn out 15,000 trained seamen for the deck, engine and steward's departments during 1942 and 1943.

Navy
The Navy announced capture of the Atlantic equatorial waters of the German ship Odenwald which was sailing under U. S. colors. The disguised merchant ship was on its way from Yokohama to Bordeaux with a cargo of 3,000 tons of war rubber and American-made automobile tires. Secretary Knox told his press conference the Odenwald was one of a number of German vessels which had been chartered to Japanese interests.

Three destroyers, a submarine and the battleship Indiana were launched—making a total of three battleships, 18 destroyers and 13 submarines launched so far this year. The three destroyers were five months ahead of schedule and the submarine three months.

Army Ordnance
President Roosevelt asked Congress for a supplemental appropriation of \$6,687,000,000 for the War Department, including \$3,720,000,000 for Ordnance and \$779,000,000 for the Air Corps. Army Chief of Ordnance Wesson, speaking in Hartford, Conn., said U. S. light and medium tanks have greater fire power, maneuverability and speed than European models as well as "many times the powers of endurance." He said the Ordnance Department has also developed a light anti-tank artillery piece "capable of knocking out any known tank at very great ranges."

Army Health
The War Department announced the death rate in the Army from disease now is less than one-tenth what it was in 1917-18, and the venereal disease rate is less than half what it was at that time. Chief of Army Morale Osborn said most of the USO buildings will be in use by Christmas. The Army also announced field houses are being built in 37 camps to furnish additional recreational

facilities during winter months. Civilian Supply Director of Civilian Supply Henderson announced passenger car production during February, 1942, will be reduced by 56 per cent as compared with production in February, 1941—from 396,000 cars to 174,000 cars. An OPM automotive committee recommendation of the effective date for the order banning bright work from automobiles be postponed from December 15 to December 31. The OPM made tentative allocations of 112 airplanes to U. S. commercial airlines during 1942.

Subcontracting
The Maritime Commission announced that because it started 14 months ago to "farm out" contracts to small manufacturers, it is now receiving machinery and equipment for the emergency ship construction program from 450 concerns in 32 states. The Treasury Department issued a booklet on procedures called "Doing Business with the Procurement Division." Copies are available without charge from the Treasury Procurement Division, Washington, D. C. The Contract Distribution Division opened nine more field offices to bring the total to 66.

10 months of this year was 16 per cent greater than during the corresponding period last year. A record production of 65,000,000 tons is indicated for the complete year of 1941. Mr. Ickes also said production of Pennsylvania anthracite coal through October, 1941, was nine per cent above the corresponding period of 1940. If the percentage is maintained, he said, total 1941 production will approximate 56,000,000 tons, the largest since 1934.

Newsboys To Sell Defense Stamps
The Treasury Department announced plans have been completed with newspaper circulation managers for 500,000 newspaper carrier boys to sell Defense Savings Stamps direct to American homes.

Agriculture
The Department of Agriculture said additional improvement in the demand for farm products is indicated for the next few months as a result of increased consumer incomes and increased Government buying. Farm income from marketings increased 15 per cent more than the normal seasonal gain during the period from June to September. The Department also reported 10,420,000 persons employed in agriculture as of November 1, the lowest November

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 7:30 o'clock.

Sunday, November 30, 1941. Subject: "Ancient and Modern Necromancy. Alias Mesmerism and Hypnotism, Denounced." The public is cordially invited.

East Side Church of Christ Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock. Mid-week Bible class each Wednesday evening.

Christian Science Services "Ancient and Modern Necromancy. Alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 30.

The Golden Text is: "Thus said the Lord of hosts, the God of Israel; Let not your prophets and your diviners, that be in the midst of you, deceive you... For they prophesy falsely unto you in my name: I have not sent them, saith the Lord" (Jeremiah 29:8, 9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The righteous shall be glad in the Lord, and shall trust in him; and all the upright in heart shall glory" (Psalms 64:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The illuminations of Science give us a sense of the nothingness of error, and they show the spiritual inspiration of Love and Truth to be the only fit preparation for admission to the presence and power of the Most High" (page 596).

Uncle Sam Farmers' Best Customer; 30 Marketing Centers Established

Uncle Sam, the American farmer's best individual customer, spends \$750,000 a day every day in the year on foodstuffs for his army. To afford the best possible facilities in handling these immense quantities, it is announced that 30 regional marketing centers are being established throughout the country where producers may sell direct or through community or farm co-operatives. In this manner the Quartermaster Corps bought 750 tons of turkey together with all the trimmings for the soldiers' Thanksgiving dinner, and just now Uncle Sam is stocking up for the Christmas holidays and all the holiday meals that will come in between.

Through the marketing centers it is declared that Uncle Sam and millions of American farmers will get better acquainted. Uncle Sam will get fresh produce of the highest quality and the farmers will get higher prices. An example of the volume of goods taken by the army is reported in recent reports for rations during the

autumn maneuvers in the Carolinas where the purchases in Columbia and Wellington marketing centers included: 2,600,000 dozen of eggs, 1,600,000 pounds of butter, 420,000 pounds of cheese, 315,000 pounds of turkey and 704,000 pounds of chicken.

At the same time a program has been announced for the purchase of a large part of the seasonal output of local canneries, smaller industries situated in the various fruit and vegetable growing regions. These district purchases will augment the recent buying of 126,000,000 cans of vegetables through the Chicago Quartermaster Depot.

Of the 50,000 horses and mules doing their bit in the army the great majority of these equine recruits were brought from the farms within the last few months, the purchases amounting to \$239,372. The spring program calls for a still greater number of riding horses and draught animals.

From all sections of the country come reports that Uncle Sam's marketbasket is a symbol of prosperity on the farm.

In everything give thanks: for this is the will of God in Christ Jesus concerning you.—1 Thess. 5:18.

"I never expected," an old timer was heard to say yesterday, "to live long enough to see thrift discredited and the spendthrift encouraged. Under the present system if one works and saves for his old age the government takes it away from him in taxes. If he spends as he goes and reaches old age with nothing, he can call on the government to keep him the rest of his days. The thrifty man is penalized to support his careless, shiftless, spendthrift neighbor. There isn't much encouragement for thrift."

In answer to the claim of those in authority in this country that as a means of prevention of inflation a ceiling cannot be put on wages, Canada has set up such a policy. In this as in other things where there is a will there is a way.

According to the United States Department of Agriculture grass or hay is the nation's second most important crop. It comes next to corn and ahead of cotton.

We have the biggest stock of Electric Lamps we have ever had

Mrs. Roosevelt, in a recent interview, quoted from an article which she stated she read in the New York Times. The article said that German girls were told it was their duty to have children by German soldiers regardless of whether or not they were married. The Times article stated: "A girl evading her duty is a traitor just like a soldier deserting his flag. For pure blooded German girls there exists a war duty outside of marriage and which has nothing to do with marriage." This is the ideology that some would have us believe has a place in the world.

Deliver us from the social climber. Everything he does is based on the premise of whether or not it will aid him socially. Such people do not hesitate to climb up on the shoulders of anyone who will serve their purpose. As soon as such lowly ones have served their purpose as a step in the social ladder they are kicked aside and a new victim is sought. Few social climbers have any regard for anyone except themselves. The pity of it is that their humbler fellows don't always realize this and permit themselves to be the victims of the climber's selfishness.

There are 184,000 industries and corporations in the United States. It is expected that the exercise of priorities, because of the defense program, will result in closing at least 20,000 of them and creating unemployment for about 2,000,000.

If present plans are carried out it will not be possible to buy a car by the end of 1942 merely to have a new car. A purchaser must show that the car is absolutely necessary for his business and that his old car cannot be used.

Every town needs at least one club in it that has as its design for living the beautification of the town. Such a club can do wonders for a town in the way of promoting civic pride through beautification projects.

It is dangerous for a girl to be hugged by a bear, but not nearly so dangerous as it is for her to be hugged by a wolf disguised in sheep's clothing.

Keep thy tongue from evil, and thy lips from speaking guile.—Psalm 34:13.

What We Think (By Frank Dixon)

The United States faces today the most critical situation in her whole history. Although this country has had problems in the past, at no time has it seen its democratic form of government threatened as it is today.

Hitler has built a war machine against which it has moved, except England and Russia. How long these countries will be able to stand against it is a question no one can answer. No one even cares to hazard a guess.

Our peril lies in the fact that

GIVE HIM A CHANCE

our form of government is the direct antithesis of Hitler's government. We stand for the very things to which he is opposed and his system of government is opposed. So different is our theory of government, from the Hitler concept, that it is impossible to conceive that this world could continue to exist in this world together. Either one is going to be destroyed or the other. What we of this country do during the next year or two, will decide which of these two forms of government will endure, ours or Hitler's.

The battle front at the present time is in far away Russia and on the English channel but this fact should not cause anyone to forget that the defeat of Russia or the defeat of England is not the end, the ultimate goal that Hitler seeks.

His ultimate goal is the banishment of democracy as a way of life and government from the earth, and the setting up in its place the totalitarian or dictator form of government.

Anyone who thinks differently is either ignoring the facts or is merely a victim of wishful thinking.

In the face of this condition it is most unfortunate, it is tragic that this country is not better united against this threat to its very life.

There is a division of opinion that has made it necessary for those who do see the peril and sense the danger, to fight inch by inch, foot by foot every step of the way in order that this nation might lend its measure of support against the war machine that sooner or later, if it defeats our Allies, will turn itself in our direction.

Another thing that is most discouraging in this crisis is the attitude of labor. If Hitler inflicts his government upon this country the castles and the dreams of labor will be the first to crumble in dust. Dictators do not parley, or threaten, or temporize with disturbing labor leaders—they liquidate them.

Except that it is actually happening every day it would be difficult to believe that labor is so lacking in foresight and vision, that, heedless of all consequences, it shuts its eyes and ears to reason, and demands the last farthing, the last concession from the only government on earth under which it would be permitted to exist.

What we need in America to-

day, if we are going to continue as a government, is a deeper sense of true patriotism and unity, a patriotism untinted by partisanship, and unblinded by ruthless greed, selfishness, and lust for power.

1942 AAA PROGRAM

To earn his full AAA payments in 1941, a Foard County farmer must do three things.

First, he must devote at least 20 per cent of his land to soil conserving crops or land uses exclusively throughout the program year. Second, he must plant with in his acreage allotments. Third, he must earn his soil-building allowance.

These three points were emphasized by Grady Halbert, chairman of the Foard County AAA committee, this week.

A farmer falling below the 20 per cent minimum requirement will earn only a proportionate part of his cotton, wheat payments.

The soil-building allowance may be earned, as in previous years, by carrying out approved soil-building practices, the AAA official explained.

Payments for planting within allotments include cotton at 1.25 cents per pound; and wheat, 10.5 cents per bushel.

Crops meeting soil-conserving classification include biennial and perennial legumes and perennial grasses; sudan, millet, and annual ryegrass for pasture; seeded cover crops of which a good growth is left on the land; summer-fallowed acreage protected from wind and water erosion; planting forest trees, and Austrian winter peas or vetch grown for seed.

Land uses include approved terraces constructed on idle cropland, and sweet sorghum, oats, barley, rye, sudan or millet cut green for hay, provided a strip one rod wide is left standing between each five-rod strip harvested, the AAA official explained.

CEMETERY REPORT

Since the last Cemetery report, the following have contributed to the upkeep of the cemetery: The G. W. McKown Estate \$2.00 Mrs. T. W. Cooper 1.00 Mrs. J. M. Hill 2.00 J. L. Kinchloe 1.00 Mrs. I. M. Cates 2.00 Cemetery cook books are on sale at Ferguson's Drug Store.

Chromium and Defense

(From Office for Emergency Management, Washington, D. C.)

Chromium lipstick cases and fancy compacts, automobile trim, and stainless steel skillets—these and a lot of other common gadgets that America has become used to in the Luxury Age are going to be much harder to get. The reason is—chromium. We need it for guns and planes and battle-ships for the Arsenal of Democracy.

At present the United States chromium supply is enough to meet all military and essential civilian demand, but what happens in the future depends on "freedom of the seas," because we get our chromium by way of ships and shipping lanes. The supply and demand picture right now goes something like this:

Table with columns for Imports, Domestic Production, Total, and Consumption for 1940 and 1941 (Estimated).

As the 1942 demand probably will rise 100 to 150 thousand tons over 1941, it is plain that any curtailment of shipping facilities would mean a serious shortage of this important defense material.

Chromium is important for three reasons: It is the principal source of stainless steel and one of the principal alloys that make hard steel for armor plate; it is the most widely used refractory for making linings for steel furnaces; it is an important chemical.

The addition of about 2 per cent chromium to steel results in a product of intense hardness and toughness. Its uses are many, the most important from a military standpoint being armor plate. It is also used in the manufacture of axles, springs, parts of gun carriages, automobiles, steel for safes, cutlery, and armor-piercing projectiles.

When 10 or 15 per cent of chromium is added to steel, the result is stainless steel with which we all have become familiar in the last few years. It is used wherever corrosion must be avoided, in valves, airplane and marine engine parts, and for chemical manufacturing equipment, particularly oil refineries and chemical plants.

In the form of chromite this metal is widely used in the chemical industry. Its pigments of yellow, green and red are in great demand. It also is used for the tanning of leather and for many other chemical purposes.

The familiar "chrome finish" of recent years, used to decorate automobiles, refrigerators, and many other industrial products, is an electroplated coating applied to any metal, usually steel. It provides a brilliant stainless surface and adheres more closely to the base metal than any other similar finish. This use of chromium is important commercially but uses a negligible amount of the metal.

As a lining for steel furnaces, some substitution for chromium is possible, but most of the possible substitutes are equally important to our defense production, approximately 30 per cent of our annual demand being consumed for this purpose. About 50 per cent goes into various chromium alloys and the remainder is used by the chemical industries.

Two New Plants Opening

Domestic production of chromium is increasing as a result of defense demands, but it cannot hope on the basis of present known deposits, to supply all United States consumption. Deposits are in the Western States and Alaska. Pressure of defense demands will result in substantial increases in 1942 domestic production, chromium experts estimate, and the United States has built two new plants in Montana which will get into full production around the first of the year. Domestic production may reach 30 per cent of demand by the middle of 1942, which will help, at least, in taking care of essential demands in case foreign supplies are cut off.

Table showing percentages of chromium production from various countries: Africa (44%), Philippine Islands (27%), Turkey (16%), Cuba (8%), New Caledonia (5%).

As is the case with a number of other metals and materials used for military production, our dependence upon foreign sources has resulted in the establishment of a reserve supply in the United States. All chromium over essential military and civilian demands is added to the Nation's stockpile for emergency use. The size of the stockpile depends, of course, upon the number of ships available to bring the ore across the oceans.

Because of the necessity to build up our chromium reserves, the

Fifty-six thousand workers have moved into Washington, D. C., since the first of May bringing the total of government workers in the city to 181,931. In addition to this thousands of other workers have come to the city to help care for the increased business. The traffic problem has become so acute that the construction of subways is being suggested. A marked increase in the sale of liquor in the city's more than 3,000 liquor stores and movie attendance totals 600,000 weekly.

CARD OF THANKS

Our hearts are filled with appreciation and grateful thanks to the friends who were so thoughtful with kind words of sympathy upon the loss of our dear mother and grandmother. Such friendship will ever be cherished. Children and Grandchildren of Mrs. G. M. Jones.

Announcing Business Change

I have bought the interest of William Simmons in the Conoco Service Station on North Main Street and want to invite my friends to visit me in this new line of work. Courtesy and good service will be extended to everyone.

I have been employed in the meat department of Coltharp Food Store since it was located here and want to thank the people of Crowell and the trade area for the splendid patronage extended to this store. I regret to have to leave this position, but wanted to take an opportunity to operate a business of my own.

I will take charge of the service station on Dec. 1. EDWIN GREENING

FORT WORTH STAR-TELEGRAM BARGAIN DAYS ARE HERE

Order Your 1942 Mail Subscription NOW and SAVE. 1941 has been a "big year" for news! But 1942 will be even bigger. With U. Take advantage of our special once-a-year bargain subscription rates and order The Star-Telegram sent by mail to your home every day during 1942. ACT TODAY!

Subscription rates and promotional offers for the Fort Worth Star-Telegram, including 'You Get All the News While It's Hot', 'Lots of Pictures That Make the News Live', 'Complete Markets and Business News', 'Plenty of Sports News and Pictures', 'Daily Radio Clock', and 'Woman's Page Special Features'.

Locals

J. A. Stovall is attending a Royal Arch School in Waco this week.

Late of "Sampson" card tables and fine luggage.—W. R. Womack.

Miss Thelma White spent the Thanksgiving holidays last week at her home in Seymour.

We have secured a shipment of these fine Moore gas ranges.—W. R. Womack.

Miss Emma Pendleton of Vernon was here Monday to attend the funeral of Mrs. M. C. Jones.

We still have several underground Butane systems, 150s and 288s. Better buy now. We may not get any more soon.—W. R. Womack.

Miss Mary Frances Bruce, who is attending college at Canyon, spent the Thanksgiving holidays with her parents, Mr. and Mrs. Jeff Bruce.

Another shipment of those beautiful Armstrong (Quaker) rugs. No borders, beautiful patterns, 9x12, 12x12 and 12x15 feet.—W. R. Womack.

A. Y. Olds and Richard Bird, who are attending Texas State University at Austin, arrived here Tuesday night to spend the Thanksgiving holidays with their homefolks. Mr. and Mrs. J. H. Olds and Miss Nona Olds met them at Vernon.

WATCH REPAIRING
T. J. SMITH
Ladies' and Gents' WATCH BANDS

They are still catching fish, buy your tackle at W. R. Womack's.

Luther Spears and Tom Fitzwater of Quannah were visitors in Crowell Tuesday.

Plenty shotgun shells for rabbits, birds, ducks, geese, quail.—W. I. Womack.

Mr. and Mrs. Charles Dickerson and R. R. Magee went to Austin on a business trip Sunday.

Let us lay a floor of inlaid linoleum before it grows much colder.—W. R. Womack.

Ted Longino of Munday was a week-end visitor in the home of his parents, Rev. and Mrs. H. A. Longino.

Next time you have a cow or hog to trade, see me, for I take them in trade, and pay good prices.—W. R. Womack.

Miss Ruby Lee Bevil spent the week-end in Denton as the guest of her parents and other relatives and friends.

Mr. and Mrs. P. E. Lyons and Mrs. Albert Barkley of Spearman were guests Sunday in the home of Dr. and Mrs. Hines Clark.

Yes, we will take your cows, hogs, etc., trade ins, on gas ranges, Butane systems. See me next time.—W. R. Womack.

Mr. J. L. Rucker, who had been visiting in the home of her son, J. L. Rucker, of Stamford, returned home Sunday.

We now have some of the very latest patterns of Gold Seal rugs and yard goods. Better lay it now.—W. R. Womack.

L. A. Andrews, C. C. Joy, Chipie Griffin and Junior and Vance Nelson went to College Station Wednesday to spend Thanksgiving and attend the A. & M.-Texas U. football game.

Miss Frances Tamplin, who is taking a business course in Wichita Falls, spent the Thanksgiving holidays with her parents, Mr. and Mrs. W. H. Tamplin, of the Riverside community.

We have secured our rights again, we are sole agents of the finest gas range made, the Chambers; cooks most of the time with the gas turned off.—W. R. Womack.

Mr. and Mrs. Ben Hinds spent Sunday in Abilene visiting friends.

Miss Alynne Lanier went to Oklahoma City Wednesday afternoon where she will visit friends over the Thanksgiving holiday.

Say! See our Christmas toys and furniture suitable for Christmas gifts.—W. R. Womack.

Mrs. R. J. Thomas has recently returned from Harlingen where she spent a few days visiting her parents, Mr. and Mrs. Ben Moncus.

Mrs. Albert George of Dallas came in Tuesday to spend the Thanksgiving holidays in the home of her brother, Fred Wehba, and family.

22 rifles shoots shorts, longs and long-rifle, only \$6.75. .410 shotgun, medium and long range shells, only \$12.95.—W. R. Womack.

Mr. and Mrs. Clarence Webb and Mrs. Presley Shirley and baby daughter of Rochester were guests Tuesday of Mr. Webb's sister, Mrs. Gray Owens.

J. H. Lanier Jr. and R. J. Thomas left Friday of last week for Los Angeles, Calif., where they will visit relatives and friends.

Miss Juanita Shultz of near Margaret spent the week-end with Miss Ruth Diggs of Crowell last week. She returned home Monday.

Mr. and Mrs. A. B. Fortner of Pontham, former Foard County residents, were here this week visiting their daughter, Mrs. C. M. Suits, and family.

L. C. Cure of Midland was here Saturday afternoon visiting his sister, Mrs. Garland Coltharp, and family.

Have you seen the cardboard wardrobes? If not, you should see them. They are selling fast. \$2.95 and \$5.30 each.—W. R. Womack.

Plenty of Gold Seal rugs and yard goods, better lay 'em before it gets too cold, for it is easily damaged when it is cold.—W. R. Womack.

Ben Seale returned Saturday from an extended visit with relatives and friends in Wellesville, Mo., and nearby points. He is living at the home of his son, C. R. Seale.

We have a lot of fine 1942 model radios, electric and 1 battery types. Both radios and batteries are hard to get, besides if bought from factory now, must include federal tax. Better buy now.—W. R. Womack.

Mr. and Mrs. T. P. Reeder left Tuesday morning for Austin to visit their son, G. D., student in Texas University. They will remain there to attend the Texas A. & M. football game this afternoon, and will return home Friday.

Yes, folks, we trade for cattle, hogs and "what have you," on most anything, but especially Butane systems, where we sell ranges and heaters, hotwater heater and Electrolux refrigerators.—W. R. Womack.

Mrs. Cleve Williams of Brownfield, who has been here visiting in the homes of Mr. and Mrs. Bob Abston and Mr. and Mrs. Howard Williams, returned to her home Wednesday. She also visited relatives in Thalia.

Lots of pretty wall paper, good canvas, tacks, lining paper and the very best paint in Crowell, for inside or outside use. Nothing better than Waterspar varnishes and enamels. Best linseed oil, turpentine, dryers, putty, oil colors, paint and varnish brushes. Let us figure your next job.—W. R. Womack.

Speaker Rayburn Signs War-Zone Act

Speaker of the house, Sam Rayburn, is shown signing neutrality act revision measure shortly after it had passed the house with the amendment allowing armed U. S. merchant ships to enter war zones. The bill passed by a vote of 212 to 194, after one of the fiercest undercover battles for votes ever waged in congress. Those who were for and against the bill got together at the signing. Photo shows, left to right: Patrick J. Boland of Pennsylvania, house Democratic Whip (for); Rep. John W. McCormack, majority leader of the house (for); Speaker Sam Rayburn (for); Rep. Howard W. Smith of Virginia (against) and Rep. Lansdale G. Sasser of Maryland (against).

Miss Mayme Lee Teague arrived Wednesday afternoon from Phillips where she is teaching, to spend the Thanksgiving holidays with homefolks.

Mr. and Mrs. A. D. Campbell were among the Foard County folks who attended the opening and dedication of Victory Field near Vernon Tuesday.

The following ladies attended a zone meeting of the Woman's Society of Christian Service at Acme last Thursday: Mesdames H. A. Longino, M. J. Girsch, Claude Brooks, Oscar Gentry, Ben Hinds and Grover Cole. Mrs. Longino was on the program.

Mrs. Maurie Allee returned Monday from an extended visit in Sudan. She visited in the home of her sister, Mrs. Ed Gaston and her niece, Mrs. Bob Beck. Mrs. Allee went to Sudan from Denver, Colo., where she had visited in the home of Mr. and Mrs. W. L. Thurston.

Mr. and Mrs. N. J. Roberts, Jack Roberts Jr., and Marjorie Young spent last Thursday as guests of Mr. and Mrs. Joe Roberts and family in Wichita Falls. The group attended the Wichita-Olney football game in the afternoon.

Mrs. John Hakala left last Saturday for her home in Lake Charles, La., after a visit here in the home of her mother, Mrs. J. S. Long. Jimmy Williams, who has been here from Kelly Field, San Antonio, on a ten-day furlough, went home with her and will spend a few days in her home. Mrs. Long went as far as Dallas with them and will visit relatives there for several days.

GRANDSON HONORED

According to information received here by relatives, the son of Mr. and Mrs. Rue Brown, former residents of Crowell, has been elected to an honor society in New Mexico A. & M. College. The clipping follows: J. Rue Brown, son of Mr. and Mrs. J. R. Brown, was one of 75 students to accept bids to Greek-letter societies at New Mexico A. & M. College, where he is a sophomore, majoring in agriculture. He is pledged Tau Kappa Epsilon.

J. Rue is the grandson of Mr. and Mrs. J. J. Brown of Crowell.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many acts of kindness extended to us during the illness and death of our husband and father, J. L. Harber.

Mrs. J. L. Harber,
Mr. and Mrs. Beryl Harber,
Mr. and Mrs. Homer Stewart,
Mr. and Mrs. N. C. Harber,
Mrs. Floyd Curlee.

EYES AND HEALTH

Over eighty per cent of our knowledge is acquired by the eyes. And since we acquire a great deal of knowledge as we grow, our brains are relatively larger than those of all other animals—relative to the size of our bodies.

The parts of the brain that are concerned with seeing are large and numerous. There are twelve principal cranial nerves. Four of these are monopolized by the eyes. Two others have eye associations. Even the part of the brain that works automatically—the part, for instance, that controls the process of digestion, that makes us shrink from a blow, that makes muscles twitch involuntarily—is connected with the eyes. The visual areas in the brain occupy more area than any other. It is plain that brain power and eye power go hand in hand.

Because of all this you have more muscular control over your eyes than over any other part of your body. Think how you can roll your eyes, how you can look out of the corners or up and down, how you can stare, how you can squint. It takes six muscles to roll each eye, two more to control the iris, which lets in more light

Local Men Attend Screening of New Picture at Munday

Rev. Hugh A. Longino, Henry Ferguson and Dwight Moody attended a screening of the Warner Brothers picture, "One Foot In Heaven" at the Roxy Theatre in Munday, last Monday morning. The screening was arranged by Mr. and Mrs. P. V. Williams of Munday and was held expressly for the clergymen of this area.

Others who attended were Rev. J. A. Owen, Albany; Rev. J. E. Wodel, Seymour; Rev. C. E. Dodge, Seymour; Rev. and Mrs. R. L. Kirk, Munday; Rev. D. D. Denison, Albany; Rev. Kenneth W. Copeland, Rev. Clifford W. Williams, Rev. Maurice E. Hutson, all of Haskell; Rev. T. C. Willett, Seymour; Mrs. Theo. Rigby, Throckmorton, and the following theatre managers: Dorsey Looney, Albany; Mr. and Mrs. Ben Adams, Throckmorton; H. B. Leathers, Haskell; T. J. Hooser, Seymour, and Dwight Moody, Crowell.

"One Foot In Heaven" was filmed from the current best selling book of the same title written by Hartzell Spence and is a biography of his own father's life as a small town minister. The story closely parallels the life of nearly any minister of nearly any denomination in the United States.

Mr. and Mrs. P. V. Williams, owners of the Roxy Theatre at Munday, were hosts at a luncheon following the filming of the picture with the above named as their guests.

The priorities board has ordered a 17.3 per cent reduction in the output of domestic washing machines and ironers under last year.

Six feet have awaited many a driver who wouldn't give an inch.

RETURNS FROM CLASSIFIED

A man of this vicinity placed a classified ad in this issue of the paper. As he was paying for the ad, he made the remark that he had run a small ad in this paper a few weeks ago and that he had realized about \$600 or \$700 as a result of the little ad. Such statements are appreciated by The News and it is further evidence of the truth of many assertions we have made as to the efficiency of the classified want ad column.

CARD OF THANKS

We wish to thank the many kind friends who came to our assistance and helped us with so many deeds of kindness after the loss of our home by fire. We appreciate each deed and thank each one of you sincerely.

Mr. and Mrs. Jabus Harris, and Little Daughter.

SMOKING STANDS

ANNOUNCEMENT

I have bought the barber shop of C. T. Schlagal and assumed management of the shop Thursday afternoon. I take this means of inviting my friends to visit me in my new location.

T. H. (Hardin) Russell

LOANED DOLLARS SHOULD TRAVEL ON "ROUND TRIP" TICKETS

Banks like to send dollars out on little "business trips" to promote prosperous activity in their communities, wherever responsible borrowers invite them to come. But they insist that these dollars must travel only on "round trip" tickets.

In other words, the bank wishes to assure beforehand the safe return of these dollars. This does not indicate upon the part of the bank, unwillingness to lend, but rather unwillingness to lose any of the money entrusted to it by depositors.

THANKSGIVING

We're Thankful for Thanksgiving

Thanksgiving Day is a traditional reminder of the many things which we in America have to be thankful for, so we of the Santa Fe take this pleasant season to express our sincere appreciation of your friendly cooperation and of your patronage of our freight and passenger service.

Let's work together and be thankful for this great country and the support we can give each other. Your patronage of Santa Fe services enables us to pay wages and taxes that help you and your community.

Send your soldier boy a ticket home for the holidays...

If your boy in Army Camp is being furloughed for the holidays—surprise him by sending him his ticket home. Your Santa Fe Agent will gladly arrange all details.

Let's Be THANKFUL

The Pilgrims gave thanks for the American Way of Life that they created, protected, and nourished into greatness.

Today we give thanks that this same American Way of Life has survived and shown progress as each year passes.

for the TAXPAYER too

WE in West Texas have much to be thankful for... bountiful crops, great herds of cattle, sheep and goats, the world's greatest reserve of gas and oil, a plentiful supply of cheap electric light and power, good schools and good highways.

Yes, no part of the nation has benefited more from the American way of living, or enjoyed more fully the FREEDOM and DEMOCRACY that we now are waging a war to retain.

Let us look ahead, then, and encourage tax-producing industries with which to pay the tremendous burden of debt now accumulating in astronomical figures and as a means of providing jobs for the many thousands of men and women left jobless when defense projects are at an end.

Mr. and Mrs. Ernest Cribbs and daughters of Gorcee were dinner guests of Mr. and Mrs. Luther Cribbs Sunday. Mrs. Cribbs and children remained for a longer visit with relatives here.

Born to Mr. and Mrs. Edward

Alleged Eastern "Oil Shortage" Creating Crisis Not Necessary

The alleged "oil shortage" on the eastern seaboard provided a perfect example of a politically created crisis which had almost no foundation in fact, states a nationwide industrial news review, recalling that the unnecessary rationing of gasoline has been abandoned and that reserve stocks of oil, instead of dwindling, are reported on the increase.

To West Texans, conscious of shutdowns in oil fields and knowing that refineries were operating far below capacity, the so-called shortage appeared incredible.

They may be skeptical of the so-called "electric power shortages" which are periodically forecast with scare headlines, for they fall in the same category as the non-existent oil shortage.

Promoters of socialized power, for the past decade, have used various subterfuges to promote political control of the electric industry including flood and irrigation projects inasmuch as they had popular support and could be used to "cover up" the real objective.

Now it looks as if they're adopting a new angle. Under the claims of "power shortages," none of which has ever put in its scheduled appearance, they are trying to divert defense funds for the purpose of duplicating an electric system already serving the country adequately and prepared to expand as the need arises.

What is the truth of the matter? Not one really serious power shortage has occurred except, perhaps, in the TVA area where drought played havoc with the water-power theories of the socialist-politicians and after they had taken over the private companies. Even in the defense "boom towns" where industrial development for military purposes has taken place at an incredible speed, power is being quietly and efficiently provided.

More than 90 per cent of that power comes from private utilities.

In short, while a few politicians cry "shortage" to promote government ownership of the industry, the private utilities are going ahead and doing the work. While the utilities are subjected to every known form of political vilification, they are spending the money to build for tomorrow without expense to taxpayers—probably the only defense industry to do so.

The purpose behind these periodic denunciations of private industry is obvious—to destroy the faith of the people in the private enterprise system, and to mislead the people to the point where they will accept widespread socialization of industry, according to the Review.

"The politicians who denounce

Attending C.I.O. convention in Detroit, Phillip Murray, C.I.O. president, (right) found time to tour Ford Motor company plant and lunch with Harry Bennett, Ford official.

industry loudest and oftenest," it is stated, "are the politicians who are most lustful for more power, more authority, more pork barrels. They are attempting to use this emergency to destroy from within, the American system which the arms program is designed to defend, to protect, and to perpetuate."

Thousands of poultry raisers insist on GIZZARD CAPSULES, the wormer they KNOW won't sicken birds or check egg production. For all 3 kinds of worms—Pin, Large Round and Large Tape Worms. Gets the heads of all species of Tapeworms that any product on the market can get. GIVE them GIZZARD CAPSULES NOW before "profit-robbing" worms hold back weight or steal your winter egg money. Costs about 1c or less per bird.

NO SILK WORMS IN U. S.

College Station, Nov. 24.—The current shortage of silk brings to mind the fact that Cortez imported silkworms and mulberry seed into Mexico back in 1522. Nothing much came of that.

Attempts have been made to start a silk industry in the United States since the days of the first settlers. The U. S. Department of Agriculture carried on experiments in silk production for some years but discontinued them in 1908 when the venture failed to show promise.

Brazil has had some success in producing silk but even there the production is far below domestic needs.

The main barriers to silk production in the United States are the large amount of hand labor required in caring for silkworms and the expense of the reeling process by which the cocoons are unwound and the strands blended to form threads.

Increased use of cotton and of the silk substitutes, such as rayon are expected to take the place of silk in the domestic field. So far no substitute has been satisfactory for parachutes and powder bags for large calibre guns.

DISPLAYED AT MUSEUM

Lubbock, Nov. 24.—Bronze objects from before the Christian era to 180 A. D. and a collection of oriental prayer rugs have been lent to West Texas Museum on Texas Tech campus by Judge James D. Hamlin of Farwell. The items will remain on display during November and will be replaced in December by an exhibit of oriental porcelain belonging to Judge Hamlin.

A bronze wine cup used in 1122 B. C. and a Chinese bronze mirror of 200 B. C. are outstanding items in the collection of 46 bronze objects. The rug display contains some that are several hundred years old and of unusual beauty and value. Twelve prayer rugs and a Chinese silk rug make up the collection.

... come in and see how it's done in the BEAUTIFUL NEW CHRYSLER!

SOUNDS impossible... yet it's true! The new Chrysler has increased horsepower, yet it gets more power out of every gallon of gas.

Think of this: At 30 miles per hour, your Chrysler is using only 10 horsepower... at 40, only 18 horsepower... at 60, only 43 horsepower! Two-thirds of your power is in reserve, to be fed only when emergencies demand it.

New manufacturing, new exhaust designing to reduce back pressure and other improvements have greatly increased engine efficiency. On top of that, Fluid Drive and Vacumatic transmission give you more economical power ratios for cruising speeds. Fluid Drive gives you the equivalent of an infinite number of gear ratios—more flexible than any rigid coupling could possibly be.

Try Fluid Driving in this great Chrysler. When the light goes green... with no more than the wiggle of a toe and a wish to fly, you're out in front. Acceleration is just wishful thinking in a beautiful, new, responsive Chrysler!

We've got a handsome demonstrator simply rarin' to go! Want to drive?

Popular Young Couple Marry in Fort Worth on October Thirtieth

Of interest to Crowell friends, is the announcement of the marriage of Miss Elsie Vecera of Crowell to Corporal Gilbert Lankford, formerly of Crowell, and now stationed at Camp Bowie at Brownwood.

The couple was married on October 30, in the parlor of the Polytechnic Methodist Church in Fort Worth at 5:15 with the pastor, Rev. W. W. Ward, performing the marriage rites.

The bride was attractively attired in a smart black tailored suit with harmonizing accessories of red and black.

They were attended by Mrs. Jack Mathis of Fort Worth.

Mrs. Lankford is the youngest daughter of Mr. and Mrs. Tom Vecera and was born and reared to young womanhood in Crowell. She received her education in Crowell and Wichita Falls, having graduated from Crowell High School in the spring of 1941. She is at present attending a business school in Wichita Falls.

Corp. Lankford is the son of Mr. and Mrs. J. S. Wells of Weinert, who are former Crowell residents. He attended school in Oklahoma and Crowell. He is a graduate of Crowell High School having finished with the class of 1937. He attended Texas Technological College at Lubbock in 1938.

Corp. and Mrs. Lankford will not establish a permanent home until Corp. Lankford is discharged from the army.

Blue food stamps added \$9,637,000 worth of farm products to the diets of more than three and one-half million persons eligible to receive public assistance during September.

Miss Fern Kennedy Wed to Hugh Boyd in Home Ceremony

The home of Mr. and Mrs. Earl Kennedy of Riverside was the scene for a pretty home wedding Thursday, Nov. 20, at 10 a. m., when their daughter, Miss Fern Kennedy, of Vernon, became the bride of Hugh Boyd of Quanah. Loye Ruckman, pastor of Church of Christ in Chillicothe, performed the single ring ceremony in the presence of approximately 60 friends and relatives of the couple.

The bride was charming in a costume suit of soldier blue with black accessories and was given in marriage by her father. Her corsage was an orchid. During the ceremony the wedding party stood before an arch formed by huge baskets of bronze chrysanthemums with smaller baskets of bronze chrysanthemums on each side.

Miss Romaine Dodson of Chillicothe was maid of honor and was attired in dark brown with matching accessories. Her flowers were ranunculus shaded from pale yellow to deep orange. The matron of honor, Mrs. Vincent Hobbs, of Dallas wore teal blue with black accessories and her corsage was of ranunculus shaded from pink to dark red.

J. S. Harper of Haskell was best man and Eugene Kennedy, brother of the bride, served as usher. All of the gentlemen of the wedding party wore dark suits and boutonnieres of white carnations. The bride's mother was clad in blue with black accessories and the groom's mother, Mrs. Boyd, of Wichita Falls was gowned in black with black accessories.

Mrs. John S. Ray, at the piano, played the wedding march. Preceding the wedding march she played "Liebestraum" and "I Love You Truly." Lohengrin was used for the procession and strains of "Love's Melody" were played softly during the ceremony. Mendelssohn's Wedding March and "Oh Promise Me" were heard while the couple were receiving congratulations from their friends and relatives. Mrs. Ray was attired in black with matching accessories and wore a corsage of pink camelia and white feverfew.

Following the ceremony a reception was held. The bride cut the first piece of the 3-tiered wedding cake, beautifully decorated and topped with a miniature bride and groom. The cake was served by her aunt, Mrs. Aline Guy; Mrs. C. E. Carlock poured coffee and the two were assisted by high school classmates of the bride from Chillicothe. The reception rooms of the home were decorated with bronze chrysanthemums. The couple left shortly after the ceremony for a wedding trip and when they return they will establish their home in Quanah in a home already furnished by the groom. For her going away costume Mrs. Boyd chose a tile red suit with British tan accessories.

Mrs. Boyd is a graduate of Chillicothe High School and attended a business school in Dallas. She is employed by the West Texas Utilities Company in Vernon. Mr. Boyd graduated from Quanah High School and also attended business college. He is associated with the Chaney Chevrolet Company in Quanah.

Miss Lenore Longino Listed on Honor Roll Miss Lenore Longino of Crowell was listed on the mid-semester honor roll at McMurry college. The roll was released Friday following tabulations of mid-semester exam grades.

The roll includes the top ranking students of McMurry with standing determined by grade points. Miss Longino received a total of 60 points. Twelve points are given for an A and nine points for a B. Miss Longino is the daughter of Rev. and Mrs. H. A. Longino.

Texas has only 2 per cent of its total corn acreage planted to hybrid seed, according to the Agricultural Marketing Service.

Husbands' Evening Is Observed by Adelpian Club

Following a custom of many years, the Adelpian Club members paid a compliment to their husbands in observance of Husbands' Evening, with a dinner party and program at their club house on Wednesday evening of last week. Hostesses for the occasion were Mesdames George Self, Vance Favor, F. C. Brooks, Earl Manard, L. E. Archer and Miss Ruby Lee Bevil.

The reception suite was decorated with arrangements of lovely autumn yard flowers. The delicious three-course turkey dinner was interspersed with numbers of the program, which was under the leadership of Mrs. Merl Kincaid. John Thomas Rason, accompanied by Mrs. T. S. Haney, sang "Love's Old Sweet Song." Two piano numbers were played by Marcia Kincaid, "Rosemary" and "Melody in B flat." Mrs. R. L. Kincaid gave, as an after-dinner talk, the story of the American Patriotic Shrines which she had visited.

A feature of the program was the formal presentation to the club of the picture which had been awarded the club at the State Convention recently held in Dallas for its outstanding work in the promotion of art for the year. The picture, "West Texas Sky" painted by Frank Klepper of Dallas was presented to the club by Mrs. A. Y. Beverly, president. She told the history of the picture as well as the background of the work done by the club in the winning of the prize.

Following the dinner and the program, fourteen tables enjoyed games of 42. The guest list follows: Messrs and Mesdames L. A. Andrews, S. S. Bell, A. Y. Beverly, Henry Borchardt, W. A. Dunn, Merl Kincaid, F. M. Mar-dunn, John Rason, Verne Walden, Clint White, Ted Burrow, E. W. Brown, Foster Davis, T. S. Haney, M. S. Henry, R. L. Kincaid, Earl Benedict, and C. P. Sandifer; Misses Florence Black, Ruth Patterson, Frances Hill, Lottie Russell and Jellene Vannoy; Mesdames J. A. Johnson, W. C. McKown, M. J. Girsch, Emma Howard, Gordon Bell, Ragsdale Lanier and Messrs. George Self, Vance Favor, F. C. Brooks, L. E. Archer and J. H. Lanier Sr.

Basketball Practice for Crowell High School Started Mon.

Basketball practice was officially opened at Crowell High School Monday afternoon when fifteen candidates reported to Coach Grady Graves for the initial work out. Alton Roark and Charles Nelson are regulars that are back from last year. T. L. Owens, Charlie Thompson and H. L. Blevins are squadmen that Coach Graves has back. Other boys that are reporting for practice are, Willie Cox, Leighton Adams, Weldon Moody, Gordon Erwin, Frank Davidson, Cecil Davidson, John Clark Long, Clifford White, Glenn Randolph and Bob Gobin.

The Wildcats will play in a double round-robin schedule for the district championship with other 2-A teams this year, instead of a district tournament as has been done in the past.

PEANUT BUTTER COOKIES

This recipe is used in the WPA school lunch rooms and is a favorite with the children. It was given to The News by Miss Hazel Culbert, supervisor for WPA lunch rooms for the schools of Foard County. Two eggs, 1 cup brown sugar, 1 cup white sugar, 2 teaspoons vanilla, 1 cup shortening, 1 teaspoon soda, 2-3 cup peanut butter. Cream shortening, peanut butter and sugar together. Roll in small balls, put on cookie sheet and mash out with fork. Yields 46 cookies.

ROTARY CLUB

Rotarians Eldon Sanders and Joe Eddings of Quanah were visitors at the Wednesday meeting of the Crowell Rotary Club. New members attending for the first time were Dr. Robt. G. Moles and Foster Davis.

The program consisted of an interesting and helpful talk by Rev. W. B. Fitzgerald, pastor of the First Baptist Church and a former member of the club.

It was voted at this meeting by members of the club to have a banquet early in January for the High School football team, which will be a permanent annual affair to be sponsored by the club. Mrs. Arnold Rucker was pianist at this meeting.

VIVIAN H. D. CLUB

The Vivian H. D. Club met at the home of Mrs. Clyde Bowley Thursday, Nov. 13, with an all-day meeting.

New officers were elected as follows: Mrs. James Sandlin, president; Mrs. Clyde Bowley, vice president; Mrs. R. S. Haskeew, secretary-treasurer; Myrtle Fish, reporter; Mrs. J. B. Raspberry and Mrs. T. W. Cooper, council delegates; Rosalie Fish, song leader. Mrs. Egbert Fish and Mrs. T. W. Cooper were elected as dairy demonstrators and Miss Neoma Fish as wardrobe demonstrator.

Miss Jellene Vannoy gave a demonstration on the preparation and serving of animal glands. Visitors present were, Mrs. Charles Ferguson of Pecos, Mrs. J. W. Carroll and Mrs. Rutledge. The club will meet with Mrs. Henry Fish Thursday, Nov. 27, with an all-day meeting.

As Neutrality Act Was Revised

Revision of the neutrality act in the house was one of the hardest fought battles to come before that body in years. These photos, taken on the day the bill was repealed, show (top), left to right, Speaker Sam Rayburn and Majority Leader John McCormack, examining letter from President Roosevelt declaring that a vote by the house against repeal would "cause rejoicing in the Axis countries." Below: left to right, Rep. James P. Richards (S. C.) floor leader for the Democratic opposition, congratulates Rep. Sol Bloom (N. Y.), leader of fight for passage.

Crowell Wildcats Close Football Season with 7 to 0 Victory Over Archer City Here Thursday Afternoon

The Crowell High School football team closed a successful season last Thursday afternoon with a 7 to 0 victory over the Archer City High School team. The Wildcats won seven games, tied one, and lost two for a .750 percentage rating. This left them in third place in the district. Chillicothe defeated Monday on Friday night to win the championship of district 2-A for the second successive year. Seymour can tie Crowell for the third place by defeating Archer City this week.

All of the scoring in Thursday's game was over in the first minute of the game. Crowell received the kickoff and on the first play from scrimmage Albert Bird went off right tackle for sixty-five yards and a touchdown. The rest of Crowell's team did some perfect blocking to make this jaunt possible. Bobby Spears plunged for the extra point to make the score, Crowell 7, Archer City 0.

Archer City could not get their offense working during the first half of the game and only marked one first down. However, they came back strong in the third quarter and with Roberson, fullback, and Williams, halfback, carrying, they picked up several first downs and drove to Crowell's 27 yard line. Charlie Thompson intercepted a pass at this point to break up the threat.

Crowell drove deep into Archer City's territory twice more during the game but failed to score again. Once Crowell had the ball on Archer City's ten-yard line, but Williams of Archer City intercepted a pass to keep Crowell from scoring.

Crowell had a slight advantage in statistics making eight first downs to Archer City's seven; piling up 165 yards on the ground

BAPTIST ZONE MEETING

Nine ladies from the WMU of the Crowell Baptist Church attended a zone meeting at Thalia Monday in an all-day service. The hostesses and a covered dish lunch were served at the noon hour. Representatives were present from Lockett, Rayland, Thalia, Margaret and Crowell.

The meeting was opened by the singing of "Send The Light." Mrs. Herman Clement of Vernon, associational WMU president, led the devotional. Mrs. H. G. Cox was program chairman for the day. The first five chapters of the book "These Things Remain" was studied, with Mrs. T. J. Dabose, leading the first chapter, "World Needs." The second chapter, "My Responsibility," was led by Mrs. Millsbaugh of Lockett and Mrs. Ashcroft of Lockett had "The Power of God." Mrs. Otis Coffey of Crowell gave "The World Failure," while the fifth chapter, "God's Love," was presented by Mrs. Cox.

Mrs. W. B. Fitzgerald, Mrs. E. A. Dunagan, Mrs. C. C. McLaughlin, Mrs. Frank Long, Mrs. Roy Archer, Mrs. Otis Coffey, Mrs. Homer Zeibig, Mrs. Cotton Barker and Mrs. R. L. Taylor represented the Crowell WMU.

Line-Ups table with columns for Crowell Position and Archer City Player. Includes players like Campbell, Rogers, Wingo, Joiner, Horany, Helm, Potts, Morrison, Johnson, Williams, Roberson.

Foard Farmers Asked to Check Machinery

"Get your farm machinery in A-1 condition now and be ready for next year's food production pledge," Grady Halbert, chairman of the Foard County USDA Defense board, said this week. "Getting farm machinery in good condition now will be a safeguard against unnecessary delays and breakdown of machinery during the busy farming season." Mr. Halbert said in pointing out that defense production will probably overload railroads, truck lines, express companies and parcel post systems next spring.

OPM has asked for a drastic reduction of steel for civilian needs because of the unprecedented quantities needed in the manufacture of guns, planes, tanks and bombers. Sufficient steel has been set aside for repair parts for farm machinery, the chairman explained.

All farmers of Foard County are asked to check their machinery and order all necessary parts by Jan. 1. By this method, manufacturers will have a sound, practical idea of the quantities needed for repair parts. If parts are not available, farmers should notify the county defense board, he said.
