United Christian Brotherhood Will Meet Tonight in Methodist Church

Supper at 8 o'Clock

The United Christian Brotherhood of Foard County will meet tonight (Thursday) at 8 o'clock in the basement of the Methodist Church. Supper will be served promptly on time and the program will follow.

Judge J. Y. Welch of Quanah, District Judge, will be the speaker for the occasion. Judge Welch needs no introduction to the men of this section as he is already well known. A musical program will supplement the speech and a splendid program is assured.

At the last meeting of the Brotherhood, there was an attendance of more than one hundred and it is the hope of the president, J. P. Davidson and others that an even larger number be in attendance at this meeting. Men of all denominations and men who are not members of any church are urgently invited and urged to join in the fellowship of the Brotherhood and are asked to join with them at this time.

Former Pioneer Board Resident Dies in Oklahoma

E. J. Averitt, 78, Buried Near Mannford March 13

Funeral services for E. J. Averitt, former pioneer Foard County resident, were held from the Methodist Church in Cleveland, Okla., on Friday afternoon, March 1, and interment followed in the East Basin Cemetery near Mannford, Okla., according to information received from Mr. Averitt's daughter, Mrs. Guy Wilson, of Keystone, Okla., this week. He passed away on March 11.

Elijah James Averitt was born in Tennessee on May 15, 1863, and came to Texas when a young man. When he came to Foard county he was employed on the ranch of the late Joe Johnson. In 1902 he was united in marriage to Miss Lula May Thomson. Six children, four sons and two daughters, were born to this couple. Two sons and one daughter preceded him in death several years ago. Mr. and Mrs. Averitt left Foard County in about 1905 and moved to Oklahoma.

Mr. Averitt was a member of the Methodist Church and lived a consistent Christian life. Survivors include the widow, Mrs. Lula May Averitt of Cleveland, Okla.; two sons, J. W. Averitt of Cleveland, and H. E. Averitt of Beaverton, Ore.; a daughter, Mrs. Guy Wilson of Keystone, Okla.; five grandchildren and one sister, Mrs. Eunice Cook of Tennessee.

President Sets Friday, May 1, As Child Health Day

Friday, May 1, has been set aside as Child Health Day for 1942 by a proclamation issued by the president of the United States, which follows:

Proclamation
Whereas the Congress by joint resolution of May 18, 1928, (45 Stat. 617), has authorized and requested the President of the United States to issue annually a proclamation setting apart May 1 as Child Health Day;
And whereas, therefore, I, Franklin D. Roosevelt, President of the United States of America, in recognition of the vital importance of the health of children to the strength of the Nation, do hereby designate the first day of May of this year as Child Health Day.

"And I call upon the people in each of our communities to contribute to the conservation of child health and the reduction of illness among children by exerting every effort to the end that before May Day, Child Health Day, children over nine months of age be immunized against diphtheria and smallpox, the two diseases for which we have the surest means of prevention.
In witness whereof I have hereunto set my hand and caused (Continued on Page Five)

J. G. Thompson Critically Ill

J. G. (Uncle John) Thompson has been seriously ill at his home in the Thalia community for the past four weeks and not much improvement is reported in his condition.

"Uncle" John is 92 years of age and a pioneer resident of this section, coming here in 1886.

GONE TO WASHINGTON

Miss Marguerite Lewis, daughter of Mrs. S. J. Lewis of the Vivian community, is now in Washington, D. C., and is a senior typist for the Government under Civil Service. Miss Lewis graduated from Crowell High School, following which she took a business course in a business college in Wichita Falls. The past year she had been employed as bookkeeper for the Rainbow Bus Co. of Wichita Falls. She took the Civil Service examination about three weeks ago and shortly afterwards received notice to report to Washington.

Mrs. Clyde Burks Succumbs Tuesday at 4 o'Clock P. M.

Last Rites Held at Womack Funeral Home Wednesday

Funeral services for Mrs. Clyde Burks were conducted at the Womack Funeral Home Wednesday afternoon at 4 o'clock with Rev. W. B. Fitzgerald, pastor of the Crowell Baptist Church, in charge. Interment followed in the Crowell Cemetery under the direction of the Womack Funeral Home.

Mrs. Burks died Tuesday afternoon at 3 o'clock at the home of her sister, Mrs. Paul Parkhill, on the Ray Hysinger farm. She became seriously ill Sunday night and her husband, who was working in Fort Worth, was notified, but the message was delayed in being delivered and he reached here Tuesday night at 8 o'clock, five hours after his wife's death. Mrs. Burks had also been in Fort Worth, but returned here about two weeks ago.

Pall bearers were Ray Hysinger, Walter Hysinger, L. J. Todd, James Payne, Willie Garrett and O. A. Solomon.

Lera Brown was born June 5, 1915, in Quitman, La. In 1931 she was married to Clyde Burks and a year later they moved to Foard County where they had resided most of the time since.

Survivors include the husband; father and step-mother, Mr. and Mrs. H. T. Brown, of Quitman, La.; four sisters, Mrs. Manual Bullock of Quitman, La., Mrs. Johnnie Kennemur and Mrs. Paul Parkhill of Crowell, and Mrs. Melton Burks of Quitman; one brother, Albert Brown, who is serving in the United States Army; one half-brother and one half-sister, Earl and Corena Brown, of Quitman.

Out-of-town relatives attending the funeral were Mr. and Mrs. J. W. Cooper of Fort Worth, Mrs. Cooper is Mr. Burks' sister. Mr. Brown, Mrs. Burks' father, is here but arrived a short time after the funeral had been held.

Tom King Home Destroyed by Fire Saturday Morning

The home of Mr. and Mrs. Tom King, northwest of Crowell, was completely destroyed by fire on Saturday morning. The fire originated in the living room of the home, soon after they had arisen, and by the time Mr. and Mrs. King discovered it, the flames were spreading throughout the attic between the ceiling and the roof, and soon engulfed the entire building.

Neighbors and friends rushed to the aid of the family and did all in their power to extinguish the blaze but it had gotten such headway that their efforts were in vain. However, a few pieces of the furniture were saved. The chemical truck from the Crowell Fire Department arrived in time to save the smoke house which was very much in danger of burning.

Mr. and Mrs. King are living in a trailer house which they have provided and in the smoke house. They plan to either buy a house and move it to their place or build a new house as soon as it is possible to do so. They have resided in Foard County for almost forty years.

C. P. Sandifer Buys Land He Settled on Fifty-Two Years Ago

C. P. Sandifer this week bought the land on the north side of the highway adjoining the town section on the east from the M. L. Bird estate. Mr. and Mrs. Sandifer settled on this land when they came to this country 52 years ago at which time Mr. Sandifer bought the land from R. A. Wells at \$2.00 per acre and assumed \$2.00 per acre to be paid to the State of Texas. He later paid this indebtedness to the State and patented the land. In 1907 the land was sold to the Orient Heights Development Co. and it was cut up into town lots and a number of small houses built on the tract.

For a number of years the land has been in cultivation and on the north side joins the farm that Mr. Sandifer recently bought from Mr. and Mrs. C. W. Thompson.

Eggs Wanted for Orphans' Home

The Baptist Church is reminding that it is now time to send eggs to Buckner's Orphan Home in Dallas. They ask that eggs be brought in by Sunday, April 5 or Monday, April 6, at the latest. The equivalent of eggs in money will be appreciated, also.

W. P. A. Project in Precincts Three and Four to Open

Judge Leslie Thomas has received confirmation of the fact that the W. P. A. project in Precincts Three and Four will be started just as soon as the present operating project is completed.

Some time ago when it was apparent that the project in Precinct One was nearing completion, the Commissioners' Court sought an authorization order for this new project, however, due to the present National emergency and the great demand upon W. P. A. much doubt was expressed by officials of W. P. A. as to the possibility of this new project being commenced and, in fact, had been told that due to the drastic quota reduction such project could not be put into operation, however, the project was revised and made ready for operation by the court so that if and when an authorization order were given, the county's portion thereof would be ready for immediate operation.

The present project in Precinct No. 1 was commenced over a year ago but was closed down in order that its quota might be transferred to the State Highway sponsored project on the Wichita River bridge, then work was resumed after the completion of the bridge job and it is now practically completed. Since its inception, among other improvements, sixteen structures have been built, rendering to the precinct valuable improvements which will reduce materially the future cost of road and bridge maintenance.

The new project will entail road improvements including structures for both Precincts Three and Four. It is anticipated that twenty-three structures will be completed on this project and when this is done these structures will add much toward improvements of a permanent nature to these precincts, and at the same time afford labor for many eligibles on W. P. A.

\$180.00 in Prize Money Will Be Given Away at the F. F. A. and 4-H Club Project Show Next Saturday

The Crowell Future Farmers of America have \$180.00 with which they will buy defense stamps to be given as prizes for the fifth annual Future Farmers of America and 4-H Club project show to be held Saturday, April 4. The boys wish to thank the citizens of Crowell and Foard County, who have made these premiums possible.

The project show will be held in the old Self building, one block west of the square. The F. F. A. members would like to express their appreciation to George Self for making this place available.

Mr. Bunkle, county agent from Knox County, and Mr. Jack Idle, manager of the League Ranch in Knox County, will be the judges for the show. The grand champion

and also the group of five best calves at the Wichita Falls show were from the Teague Ranch.

The calves will be judged just before noon. Bill White, well known auctioneer, will sell them early Saturday afternoon.

About thirty calves will be entered in the show. These will be divided into two divisions, junior and senior. Twenty hogs, consisting of five divisions: sows, gilts, boars, fat hogs and pigs, will be shown. About seventy hens and roosters will also be entered.

Ribbons will be given to the first four places in every division of the show. In the two divisions of calves, first place will receive \$10.00, second place \$8.00, third place \$6.00, fourth place \$4.00, and all remaining calves \$2.00 each.

The following prizes will be given on hogs: Sows, gilts, and fat hogs—first place \$4.00, second place \$3.00, third place \$2.00, fourth place \$1.50, all others \$1 each. Pigs—first place \$1.50, second place \$1.00, third place 75c, all others 50c each. Boars—first place \$4.00, second place \$3.00.

The chickens will be shown in coops and the prizes are as follows: first place \$3.75, second place \$2.75, third place \$2.00, fourth place \$1.50, all others 75c each.

Judging contests will be conducted by the boys during the morning. The contests will be conducted by the boys during the morning. The contests will consist of poultry judging and beef cattle judging.

A large fly trap, built by the F. F. A. boys, will be exhibited. This trap is large enough for cattle to walk through. The materials were furnished by R. H. Cooper.

County Represented at Instructors' School at Childress

A school for advanced pupils in First Aid work was opened in Childress on Monday of this week. This school will be finished in another class on Friday, (tomorrow) night. Foard County was allowed only six from a class of 45 who completed the Advanced course, to take the Instructor's course, for the reason that the school takes in six counties and the number from each county had to be limited.

Representatives from the counties of Childress, King, Hall, Cottle, Hardeman, Collingsworth and Foard constitute the school. These were selected by the County Red Cross committee. The school is conducted by Karl Kreth, a field representative of the National Red Cross from St. Louis, Mo.

Those attending the Instructors' school from Foard County and the areas which they represent follow: E. W. Brown, the business man; J. H. Roberson, the rural communities; Lee Black, the Boy Scouts; Miss Ruth Patterson, the schools; Miss Joellene Vannoy, County Employees; and L. E. Tackett, Hospital.

Home Nursing Class Will Be Started

According to Mrs. L. E. Tackett, the Home-Nursing class will have its first meeting in the District Court room on next Monday from 2 to 4 p. m. The class will meet Monday and Thursday afternoons at 2 and on Tuesday and Friday nights from 7:30 to 9:30. Mrs. Tackett will be the instructor for the class.

Large Crowd Attends Dedication of Church Sunday

An outstanding day in the history of the Crowell Methodist Church was the formal dedication of the church which took place on last Sunday. While the church building is 22 years old, its members have labored under an indebtedness, due to the years of financial stress throughout the country, until last year, when the final payment was made and the church was free of debt. The mortgage was burned, in a special service at the church, on Oct. 19, 1941. Since that time, plans have been under way for the dedication. The day was perfect and the services were inspiring and heart-warming to the fullest extent.

Bishop Ivan Lee Holt of Dallas officiated at the dedication services and also preached at the morning hour. With the pastor, Rev. H. A. Longino and the entire official board kneeling at the altar, H. E. Ferguson, representing the membership, as a trustee, presented the building to the bishop, who, according to the ritual of the church, and in a most impressive manner, formally dedicated it to the Lord. Bishop Holt, in his sermon, among other things, said that, in the present problematic world, with its economic, social and political disturbances, faith was the important keyword and that, by keeping faith in a merciful God, the world could emerge from the crisis, stronger and better. He quoted, "His mercy is from everlasting to everlasting." He further stated that, after the end of the war, the Christian people would be called upon to meet a challenge such as has never been known, and that the creation of the kind of a world which will be needed and which must prevail, will be entirely dependent upon the church.

On the platform with the bishop, sat the local pastor, Rev. Longino, Rev. J. H. Hamblen of Abilene, who was pastor of the church when the building was erected, Dr. W. M. Pierce, of Vernon, District Superintendent of the Vernon district, Rev. R. I. Hart, pastor of the Margaret-Thalia churches, and Rev. D. A. Ross, pastor of the Truscott-Foard City churches. Rev. Longino spoke words of welcome, Rev. Hamblen led in prayer and Rev. Hart read the scripture. The bishop was introduced by Dr. Pierce.

A special choir, composed of the local members and friends from surrounding churches, rendered the music, which consisted of hymns and special numbers. An anthem was rendered by the choir and a chorus of High School girls, under the direction of Miss Ruby

Girl Scouts Will Collect Old Papers

Miss Frankie Kirkpatrick and Mrs. W. V. Favor, leaders of the Girl Scouts in Crowell, announce that the Girl Scouts will assist in collecting old papers in Crowell next Saturday and from now on. This is a Boy Scout project and the Boy Scouts have been active at it for several weeks, and the Girl Scouts are now planning to assist them in gathering the papers.

Old newspapers and magazines, clean paper of any kind, is asked for and if the ladies will have their papers bundled and tied and placed on the front porches, the girls, with their sponsors, will call for it. The project for the gathering of old paper is a government movement, and, instead of burning the papers, as has always been the habit, the Girl Scouts will appreciate it, if the papers are given to them.

"Smells like something cooking"

IT'S NO FUN riding behind a car that is laying a smoke screen, enveloping you in clouds of evil-smelling fumes.

And it's no fun for the owner of the car which is doing the smoking. Every mile he drives is wasting his money and shortening the life of his motor. Any mechanic will tell him that he needs new rings or new pistons.

Chances are the trouble started long ago with imperfect motor lubrication. Good oil would definitely have lengthened the life of the motor.

That is more important than ever in these days of completely curtailed auto production. So keep the following facts always in mind, when deciding which oil to use:

If you want our best oil, you don't have to choose blindly from the many lubricants which Phillips makes, because we frankly point out that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, be sure to ask for Phillips 66 Motor Oil.

Your Horoscope

March 30, 31, April 1.—You are somewhat opinionated and not apt to believe everything people tell you. You are a sound reasoner, energetic, but dislike details. With all of your dislike for details you are not easily satisfied with your own work. You like good living, and have many friends.

April 2, 3, 4.—You are a true, faithful friend, dependable, kind and sympathetic. You are very fond of intellectual society, but have no time for the meaningless small talk. You love your home and family, but need an occasional vacation.

April 5, 6.—You are proud and self-reliant, with a caustic nature. You have confidence in your own ability, are a splendid worker and will not permit a shirk to work under you. You will fight for your rights, and if you give up a thing it is because you choose to, not because you are forced to. You are not easily satisfied with the results of your undertakings as they do not always measure up to your expectations or desires.

Authorities insist: CHANGE OIL FOR SPRING. And you can insist on this oil that outlasted five other big quality brands by far. Not one came nearer than 58% of its mileage!

Down where the desert slew gold-hunters—down where 100° heat is "cool"—down in Death Valley six cars streaked. All were alike... all ran till wrecked. All started with 5-quart fills of oil—locked in. All conditions were alike—certified. Five cars—five boasted brands of oil—went as dead as the cattle skulls in the sands, while the other oil still had quarts to go!

That was Conoco Nth motor oil, which can refill your crankcase today with the Nth degree of mileage and engine endurance. Changing from weakened Winter leftovers to Conoco Nth gives your engine OIL-PLATING for Spring. And OIL-PLATING is closely fastened all over inner engine parts as if "magnetized" against all draining back down to the crankcase. Bonded in place—even on straight-up surfaces—even overnight—OIL-PLATING can cut down the raw rubbing of precious parts during starting and running.

Texas State Health Doctor Commits on Child Health Day

Austin.—"The cruelty of our war-time enemies is no more deplorable than the cruelty of American indifference which every year allows thousands of small children to suffer, and possibly die, from diphtheria and smallpox when these two diseases are absolutely preventable."

In pointing out the necessity for preventing epidemics, lowering the death rate from communicable diseases and elevating national health standards, Doctor Cox stressed the fact that if all parties would co-operate with the President in his campaign to have every child in the United States over nine months of age immunized against diphtheria and smallpox...

President Roosevelt has asked the co-operation of all American parents in this nation-wide campaign to stamp out diphtheria and smallpox, by immunizing all children over nine months of age.

Doctor Cox has notified all local chairmen of Health and Emergency Medical Service in the State of Texas that he, as state chairman of Health and Emergency Medical Service, will greatly appreciate their complete co-operation in this vital matter and urging them to give this activity in their communities full support as a most important measure for the war-time protection of our civilian population.

"I sincerely hope," Doctor Cox asserted, "that Texas will co-operate with President Roosevelt to the extent that every child in Texas will have been immunized against diphtheria and smallpox by May 1, National Child Health Day."

SPRING PLOWING

What We Think (By Frank Dixon)

I heard the talk by Donald Nelson, head of the War Production, broadcast over the radio recently. The thing that impressed me about Mr. Nelson's talk was the utter frankness of it, and its complete sincerity.

Before this country can win the war there has got to be awakened in the minds and hearts of everyone the fact that there is a war, and that we are in it fighting for our lives and our future. It means that if we are going to win this war we are going to have to give up the idea that business can go on as usual...

We've got to get over this idea. We've got to wake up to the fact that the heroic stand by General MacArthur, the inadequate support that our navy and our flyers are receiving in their efforts to fight a delaying action against the enemy merely to buy at great cost a few hours more time, can't go on indefinitely.

In view of these facts, and they are facts, it seems to me so petty, so little, so needless, so indescribably selfish that men should have to make a profit out of this war. It seems incomprehensible that the farm bloc should stand up in Congress and demand the last pound of flesh.

Over 1,200 Have Paid Subscriptions One Year Ahead

Over 1,200 subscribers of The Foard County News have paid their subscriptions one year in advance and several this year paid two years in advance.

A large number of new subscribers have been added to the list this year which is very encouraging. Renewals and new subscribers received since March 1st follow:

H. D. Grimm, Guyman, Okla.; Fred Gibson, Thalia; Lt. Bob Lilly, Wichita Falls; Julian Wright, Vernon; H. S. Wallace, Thalia; M. C. Wisdom, Amarillo; Jim Gamble, Alpine; Thos. Bursey, Amarillo; W. D. Hudgins, Wilmington, Calif.; Joellene Varnoy, city; T. H. Russell, city; J. C. Jones, Thalia; Ralph Burrow, Sweetwater.

J. B. Andrews, Amarillo; H. M. Phillips, Levelland; L. B. Roberts, city; Valton Wallace, Dallas; John Wishon, Los Angeles, Calif.; Lee Roy Cox, Lubbock; E. L. Pecheck, Megarzel; John Melnar, day they are received in the State AAA office, the AAA official explained.

Co-ordination between the local and state AAA office makes it possible for contractors to be paid promptly for their work, Mr. Halbert said.

"If you're going to terrace your farm under this plan, let us know so your name can be added to the list if it's not already there," the chairman said.

According to compilations in the county office, Foard County farmers have indicated they intend to construct 200 miles of terraces this year.

"Some farmers are terracing just enough to carry soil-building payments, while others are using as much as 70 per cent of their 1942 AAA payments for the practice," he said.

called social gains.

I read a statement by the Secretary of Labor defending the whole situation. She said that only 7,000 man days had been lost because of strikes. I wonder why she didn't figure out just what 7,000 man days as expressed in materials, ships, guns, ammunition, planes, might mean to our boys on the battle front who have placed their lives at the disposal of the nation to maintain a social order whose chief beneficiaries won't work a few more hours a week that these same boys won't have to fight tanks with their bare hands, or stand helpless while they are being strafed with enemy planes, working unimpeded because their own people back home refuse to give up a single so-called social gain, or surrender a profit, made possible by the demands of war.

It is something to think about. It is something to think seriously about. It is something to act about before it is too late.

This war, if we lose it, is not going to be lost on the battle front in setaming jungles and heat ridden deserts. It is not going to be lost in the cold thin air above the clouds, or on the sea, or beneath the sea. If it is lost it is going to be lost by those who staid at home and in comfort and luxury, among friends and family, refused to give up their normal way of life.

Foard Farmers to Construct 200 Miles of Terraces in 1942

Basic fair price for terracing easier farms in Foard County has been set at 75c per 100 feet, according to Grady Halbert, chairman, county AAA committee.

Under the terracing plan, with construction costs varying by individual farms, no credit rating is needed since the cost of constructing terraces is deducted from future AAA payments, the chairman said.

After terraces are completed, they are reported to the county office and checked in the field to assure compliance with specifications established by the county committee after which they are reported to the state office for audit. Certification of payments are made to the Regional Disbursing office, Dallas, on the same

Lee Beville, their instructor, sang a beautiful number from the balcony. Mrs. Paul Shirley, pianist for the church for many years, presided at the piano and T. T. Golightly was song leader. The prelude was played by a trio of violins, composed of Mrs. Foster Davis, T. B. Klepper and Jeff Bruce. Mrs. Sam Crews played the offertory.

The church was artistically decorated with spring flowers and pot plants and greens. Following the service, a basket dinner was served at the former Presbyterian church building, at which, approximately, 400 people had fellowship while they partook of a most bountiful dinner. Committees, under the leadership of Mrs. Claude Brooks, president of the Women's Society of Christian Service, presided at the serving of the dinner.

A service was held at the church in the afternoon at 2 o'clock, at which Rev. Hamblen, by special request, preached a short sermon. The meeting was opened for general speaking and many related experiences of other days and tribute was paid to the numbers who have passed on. A general sing-song was a part of the program. Miss Beville sang as a solo, "His Eye is on the Sparrow," and a male quartet composed of J. P. Davidson, A. Y. Beverly, Sam Mills and Albert Dunagan, sang, "Rock of Ages."

There was a large number of out-of-town friends and relatives here to join in the events of the happy occasion. Also, there was a large number present from Margaret, Thalia, Foard City, Vivian and practically all the surrounding communities, as well as from the churches of the various denominations of the town. The local church is appreciative for the co-operation and loyalty exhibited and for the words of congratulations and friendliness expressed. Telegrams were received from some who were unable to attend.

the seal of the United States of America to be affixed.

"Done at the City of Washington, this 6th day of February, in the year of our Lord nineteen hundred and forty-two and of the Independence of the United States of America the one hundred and sixty-sixth.—Franklin D. Roosevelt.

By the President:
Cordell Hull,
Secretary of State.

Dr. Hines Cliftly submits the following suggestions in connection with the President's proclamation and Child Health Day:

"In view of the fact that contagious diseases may make their appearances at any time, and that diphtheria, typhoid fever and smallpox, we know, can be prevented by proper vaccination, and also that the whooping cough vaccination is fairly reliable, at least enough to depend upon, it is suggested that the above proclamation by the President be observed by everyone interested.

"It has been determined by observation and clinical experience that smallpox vaccination administered in very early life, from the 5th to 12th month, rarely ever shows any reaction, hardly making a sore at point of vaccination, and that immunity acquired from these early vaccinations is good for life. The same applies to diphtheria, whooping cough and typhoid fever, the earlier vaccinated the more permanent the immunity."

WE MUST DO OUR PART

You have all been hearing we must do our part in defense. Some people have the idea that the youth of America can not do much to help win this war, but they are wrong. We can not only buy defense stamps and bonds, but we can have a great influence on what the people of our community think. When you hear someone telling a story about how the Axis are going to win this war, don't you believe them. We are going to win. We must have faith in our government and in the boys in the armed forces.

Some of you may say, "What else can I do besides buying Victory Stamps and Bonds?" Everyone of us can help start a war on waste. By this I mean we can save the old newspapers, save rags, and many other things that the government vitally needs. Most of all we can help keep our country at its best, and to do this we must keep our bodies physically fit. Get nine or ten hours' sleep, see that you have a well balanced diet, and in other words, abide by good health habits.

There is one thing everyone should remember, that is, that the sailors, soldiers, marines, and every member of our armed forces are helping us win this war. When you see a boy in uniform, be sure to smile and speak to him for he is the best of the American boys.

"SLAP-A-JAPS"

The "Slap-A-Japs" Club met on Wednesday, March 25. The house was called to order by Roy Joe Cates and the minutes were read by Virginia Mabe. Roy Lee Weathers gave a talk on "The Seven Keys to a Full Purse." We decided to choose sides and see which side could have the greatest per cent buying stamps. The losing side has to entertain the winning side. Roy Lee Weathers and Dorothy Lewis are the leaders. Roy Lee's side is called the Navy, and Dorothy's side is called the Army.

SENIOR DAY

The Seniors, my dear friends, are going to spend our senior day at Vernon—at least that is what we plan to do. We will go on Thursday afternoon sometime in early May and stay until Saturday morning. The program will include: camp Thursday night, swimming, tennis and games Friday, and a banquet and dance or picture show Friday night.

We will entertain the Juniors sometime in the near future. If we have any money left to chunk at the birds, it will go for the rental of our graduation caps, gowns, and diplomas.

JOKES

Truman Taylor: This, my friends, is a picture of a cow grazing.

Visitor: Where is the grass?

Truman Taylor: The cow has eaten it.

Visitor: But where is the cow?

Truman: You don't suppose she'd be fool enough to stay there after she'd eaten all the grass, do you?

Farmer Halenack: I've got a freak on my farm. It's a two-legged calf.

Farmer Autry: Yes, I know. He

came over to call on my daughter last night.

Mr. Sloan: Who spilled mustard on the waffle, dear?

Mrs. Sloan: Oh, Lewis! How could you? This is lemon pie!

Mr. Teague: Can you type?

Tom Westbrook: Yes, I use the Columbus system.

Mr. Teague: What's that?

Tom: I discover the key and then land on it.

Charlie Thompson: May I have the last dance with you?

Virginia Thomas: Big boy, you just had it.

Doc: Margaret! Claire Shirley have her own way!

"Does she?" Why, she writes her diary a week ahead of time.

Mary Curtis: Don't drive so fast around the corners. It frightens me.

I. L. Owens: De what I do— shut your eyes when we come to a corner.

Two seniors were escorting Bob Golin across a field on a dreary rainy night.

"What rats you are," grumbled the doomed one, "making me walk through a rain like this."

"How about us?" growled a senior. "We've got to walk back."

THE SCANTY COLUMN

Well, hello, how in the world are you and where have you been all my life? Here I am again with nothing on my mind and less in my brain.

What have you been doing lately? I haven't heard much about you so you understand that as usual I know nothing for the paper.

Glenda Garrett is really getting the old rush act. Every time I pass her home, either Weldon or Stanley Russell or Kenneth Archer is there. How in the world do you do it? Good luck.

Have you heard the news? The seniors have finally decided how to spend their money. But another article will explain to you in full.

What's this about Scales and her heart trouble? We hope if it's serious she will get over it. Really, we do!

Talking of previews—there happen to be some other couples there—such as Butch and you know who, Shorty Roark, and also you know who.

Looks as if our little Tootsie is again leaving. Where to, this time? Back to Sudan. Looks as if two little boys are going to be very unhappy. As well as the rest of the students of CHS. Really, Thelma, we hate to see you go.

John Calvin Carter seems to be meant for only one girl and that is Polly Davis. Gee, I wish that he were my age and if I were a boy, Polly would be just right.

Gabby Randolph has a date for the banquet with a certain senior girl. Just who, we don't know, but I wish that we did.

Betty Owens, (it is rumored), has a date with Gordon Erwin for the Junior-Senior banquet. Boy, oh boy, you're doing okay, Lefty. (Now, how did that slip in?)

Jean Orr is to be taken to the banquet by Bobby Spears. It looks like they have a mutual interest—in the bakery.

Donald Ward is taking our own darling to the banquet. Do you remember last year when we selected the queen of the school, it was Clonita Russell. You're a lucky boy, Donald.

Jimmie Cates made a date at the first of school with Estelle Autry for the banquet and he's taking her if she gets over the chickenpox in time.

Friday was a beautiful day for a picnic or a hike to the Country Club. Well, it was, and if you don't believe me just ask a certain bunch of Freshmen girls, one sophomore, or Miss Motley.

The band played a concert at Thalia Monday night. It was reported that everyone had a scrumptious time.

It is rumored that Betty Zeibig and Truman Taylor are mad at each other.

Four Freshmen sat in Polly Polly Davis' car Saturday night. (We wonder who they were?)

Billy Fred Short must be wonderful—Thursday, Friday, Saturday nights and Sunday evening. And you should hear him rave about Betty Johnson. Wow!

Say, do you remember that little contest that we were having this week? Well, it fell through. Not a single, teeny-weeny bit of news came into the office of the Wildcat. Now I hate to say it, but you kids are not much of newspaper men. (like I'm not). But don't say we didn't give you a chance to exercise your scandalous minds. Never again will you have the same chance. Hard luck!

By this time next week we will be getting ready for the annual Junior-Senior banquet. It is kind of sad, isn't it, I mean to think of the dear seniors leaving the old

As if straining at the leash are these basic training planes—eager for the signal which will send them swinging from the parking ramp to the flying field, and then aloft on another training mission over the "West Point of the Air." Tungsten and Defense

(From Office for Emergency Management, Washington, D. C.)

If importation from China can be continued, there will be no shortage of any consequence in tungsten, a tough, heat-resistant metal that makes high-speed defense production possible. But without Chinese ores, the United States may have to scrape the bottom of the barrel next year to meet requirements. Our supply figures look like this:

Year	Domestic Production	Imports	Total
1940	5,120	10,157	15,277
1941 est.	6,000	12,000	18,000
1942 est.	8,000	4,500	12,500

That 1942 estimate is based upon the assumption that imports from China may be cut off. It is not an unreasonable assumption in view of the generally troubled condition in the Pacific Ocean and the fact that Chinese exports of tungsten concentrates have declined steadily since 1937.

With Chinese exports declining, domestic and South American production has become increasingly important and a constant search is being made for new fields.

Domestic production increased 42 per cent in 1940 over 1939 and development work is going on in many new properties in Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, and Washington. California is the largest tungsten producer of the States.

Stimulated by defense demands, tungsten production is expected to rise sharply in 1942, the extent of the rise depending largely on newly discovered deposits now being developed and on the reopening of old mines.

Greatly increased activity in tungsten in South America also has followed the rise in price caused by the war demand. Entries for consumption from Argentina increased from 76,524 pounds in 1939 to 762,012 in 1940. Bolivia jumped from 96,164 pounds to 1,208,595. China exported tungsten to the United States for the first time. Imports from every South American country producing tungsten increased sharply.

It is possible that increased production in this country and receipts from Latin America may take care of our most pressing 1942 requirements. In the meantime, Government agencies are engaged in building a reserve supply in this country as rapidly as the requirements of industry permit.

The estimated 1941 supply—domestic production plus imports—will meet demands for the year on the nose. Requirements are

school. It won't be the same. (Tak that any way you please.) Margie Davidson is really in a mess or is she? She seems to be very happy. Shorty didn't love anything to do with it or did he? So long until next week.

Industrial Leaders to Co-Operate in Scrap Collection

Industrial leaders here were today asked to co-operate in a southwest-wide industrial scrap collection campaign to help the War Production Board to "get in the scrap."

Announcement of the co-ordi-

GEORGE C. GIBBONS

tion of all southwestern industrial scrap collection activities and appointment of George C. Gibbons of Dallas as their regional director was received here today from George T. Weymouth, chief of the WPB's industrial salvage section in Washington. The southwestern industrial scrap program will use chambers of commerce, trade associations and other bodies already prepared to help their members collect and move the scrap metals and rubber now needed for the nation's war program.

Mr. Gibbons is executive vice president of the Texas Mid-Continent Oil and Gas Association which has just sponsored a Texas petroleum industry scrap drive which netted over 65,000,000 pounds of scrap. Serving the government as a dollar-a-year man, he will continue his association duties in addition.

The campaign of local industries to collect the scrap from their own plants supplements the general domestic salvage drive now under way. Mr. Gibbons emphasized in a statement accompanying the announcement.

"The shortage of scrap is so acute we must get in more of it immediately if we are to keep the stream of tanks, ships and planes moving," Mr. Gibbons said. "For that reason, the War Production Board is asking Texas industrial leaders to co-ordinate the collec-

tion of their own scrap of aluminum and other metals and rubber, in a southwest-wide program conducted by themselves.

"In many places, this already well under way. It will be organized through the chambers of commerce, trade associations and groups. The campaign conflict in any way with local domestic scrap drive, it will supplement it as to get large quantities back to the mills during the shortest possible time.

Heads of industries throughout the southwest are being asked to all the scrap metals and now at their own plants and other properties are gathered to scrap dealers. Government has requested scrap not be donated by established scrap buyers. Gibbons stressed.

Included in Mr. Gibbons are Texas, Oklahoma, Arkansas, New Mexico, Colorado. Besides regional director, Mr. Weymouth will serve the War Production Board in Washington as an advisor for the industrial section and petroleum for that industry.

Weekly Sermon

By George S. Schuler, Member of Music Faculty, Moody Bible Institute, Chicago.

Text: "Then went Samson down, and his father and his mother, to Timnath; and came to the vineyards of Timnath; and, behold, a young lion roared against him. And the Spirit of the Lord came mightily upon him, and he rent him as he would have a kid, and he had nothing in his hand."—Judges 14:5, 6.

Much is being said these days at home and abroad about "V" for victory. Socially, economically, politically, nationally, it's "all out for victory," lest the inevitable big "F," meaning failure, appears over the archway. Yet so little thought is given to the "V" for spiritual victory. Why? "Too busy with other matters," seems to be the answer.

Samson was occupied with a journey into a far country. He was not on an outing or on a journey for business reasons, but to obtain a bride—his all-consuming desire. On the way he encountered a young lion—which is synonymous with that which stands in the way of victory. A God-fearing man, Samson overcame the opposition by meeting it squarely, instead of fleeing from it or putting off the battle until some more convenient time. And he fought by the power of the Holy One—Jehovah—which enabled him to become master of the situation. Later his reward was honey from the lion's carcass. Surely, victory is sweet!

Are you longing for victory for your spiritual problems? Place yourself in the position similar to that of Samson. See to it that you are in possession of the same overcoming power—the Holy Spirit. Then you will be counted among the spiritual overcomers. The question is very important and pertinent: Are you availing yourself of the power of the Holy Spirit for the "V" of spiritual victory? If not, your condemnation will be in some measure like the rebuke given to the servant who possessed one talent and hid it. "Thou slothful servant" (Matt. 25:24-30). May the Lord help us to arise and possess that which is made available in the Holy Spirit—power from on high.

Methodist Church
We wish to thank every one who had part in the preparation for and the carrying out of the Dedication services Sunday. Each of the committees were on the job and did their part in a great way. Many have complimented the way in which the services were arranged down to the last detail and I want each one participating to know that their services were greatly appreciated. One committee that was not mentioned

previously, because of the later arranging for it, was that headed by Sheriff Lilly, who attended to the parking of the cars. We are also indebted to Mr. and Mrs. J. McCoy for the use of the buildings and grounds of the former Presbyterian Church. A day that we all enjoyed because of the fine co-operation of the local people and the adjoining community churches, their pastors and people, also those of other denominations, climaxed by the wonderful message of Bishop Ivan Lee Holt.

Our first service after the day of dedication will be our Easter Service. A service in which we should rededicate ourselves to God and his service. Communion will be observed and our people are asked to bring an offering for relief of refugees and war stricken sufferers at each Communion service. This is at the request of the Cabinet of Bishops.

Many of our college students will be with us over the week-end and they will appreciate you attending church with them. Sunday School 10 a. m. Morning worship 11 o'clock, and the evening service held at the time you decide Sunday morning. Some are advocating an early service so as to be through by dusk. Shall it be early or late? You may decide Sunday morning.
"This world will never be redeemed by the unredeemed."

Christian Science Services
"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 5, 1942.

The Golden Text is: "If a house be divided against itself, that house cannot stand" (Mark 3:25). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But the Lord is in his holy temple; let all the earth keep silence before him" (Habakkuk 2:20).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine Science deals its chief blow at the supposed material foundations of life and intelligence. It dooms idolatry" (page 535).

Intermediate Union
The Intermediate Union met Sunday evening at the Baptist Church with the president, Alton Reeder Griffin, in charge. An interesting program was presented with Helen Callaway as leader.

On Sunday, April 5, their sponsor announces that the following program will be given: Gene Fitzgerald will serve as leader. The second part will be given by Minnie Briscoe, the third part by Larue Graves, the fourth part by Billie Taylor, and the fifth by Buddie Gohm. Everyone is asked to attend and to bring a friend.

WEEK of the WAR

President Roosevelt proclaimed April 6 as Army Day and asked the Nation to observe it by giving firmly "to spare no effort which may contribute to the speedy creation of the arms and supplies indispensable to our citizen's army." He said "We are engaged in our greatest war, a war that will leave none of our people untouched. We will win this war as we have won every war we have fought." War Secretary Stimson announced the Army will train 1,000 men and women for civilian jobs as overhaul and repair mechanics, inspectors at Government arsenals, etc. Men must be at least 18 years of age. Applications for active service. Applications for active service will be made at any Civil Service Commission local office. The House passed and sent to the Senate a bill to create a Volunteer Army Auxiliary Corps of Women between 21 and 45. Ground Forces Commander McNair reported the Army will send its present nine corps as to 11 to facilitate handling of 32 new streamlined infantry divisions of 15,300 men each. The Board directed the retailers of men's and boys' clothing to omit trouser cuffs after March 30. Priority assistance was granted materials needed for repair and maintenance of existing plumbing and heating installations on farms, in residences and office and apartment buildings. The Board limited metallic plates for State and local auto licenses to 10 per cent of the weight issued during the year ending July 1. The Senate completed Congressional action on the Second War Powers Bill, which includes provisions for a fine of \$10,000 and a year in prison for priorities violations. The WPB said it will begin investigations soon of pig iron distribution in foundries as well as inventory conditions of copper scrap dealers. Prices The Labor Department reported its cost of living index on February 15 was 113 per cent of the average for 1935-39, and almost 15 per cent higher than in August 1939. The OPA set price ceilings on gasoline at service stations in 17 Eastern states, Oregon, Washington and the District of Columbia at levels prevailing March 13. A Chicago Federal Grand Jury indicted 101 cheese dealers, processors and distributors for violation of the Federal Anti-Trust law. Aliens The President established the War Relocation Authority within the Office for Emergency Management to permit persons forced to move from military areas to enlist voluntarily in work corps for the duration of the war. A bill imposing a fine of \$5,000 and imprisonment of one year for persons violating regulations in military zones was sent to the White House. The War Front Gen. Douglas MacArthur, accompanied by a staff of officers, broke through the Japanese blockade and proceeded from Bataan Peninsula to Melbourne, Australia, to assume supreme command of the forces in that region, including the Philippines. Lt. Gen. Jonathan M. Wainwright succeeds Gen. MacArthur in command of American troops on Bataan. Generalissimo Chiang Kai-Shek placed Lt. Gen. Joseph W. Stilwell, U. S. Army, in command of the Fifth and Sixth Chinese armies, operating with British forces in Burma.

Selective Service

Selective Service Director Herby, tightening II-A deferments, selected 85 local boards to put de considerations of "mere convenience and comfort" in determining the deferment of persons necessary to the "national health, safety or interest." The local boards began distribution of four-page occupational questionnaires obtain for the U. S. Employment Service and other agencies information on the vocational background of men who register February 16. Later the questionnaires will be sent the earlier registrants. The President set April 27 as SS registration day for all men 18 to 64, inclusive. Director Herby said as the war progresses draft deferments will depend on whether a man's civil option is essential to the war effort than on his dependents.

Rationing

The Office of Price Administration announced individual or family consumers will register for rationing on May 4, 5, 6 and at public elementary schools, commercial users will register April 28 and 29 at high schools. Sugar sales in the country will be halted at midnight April 27 approximately 10 days. One member of a family can register entire household. Each person will receive a War Ration Book of 28 stamps. Oil Co-ordinator Ickes said a new rationing system for gasoline will replace within six weeks present 20 per cent limitation deliveries in 17 Eastern States, Washington, Oregon and the District of Columbia. The War Production Board said typewriters produced during remainder of 1942 will go to Army, Navy and other Government agencies. The CPA will ration to civilian users stocks of war machines now held by dealers.

Production and Conversion

War Production Chairman Nelson, in a radio broadcast, said airplane production has increased 60 per cent since Pearl Harbor, "but this is no reason for complacency. We are near our goals." Commerce Secretary Jones noted the Defense Plant Corporation had made commitments as of March for construction of more than 700 plants. He said the Government is spending \$600,000,000 on construction of synthetic rubbers. Shipping Navy Secretary Knox said of 1,000 ships which have been ordered by the Navy or
