County Agent Urges Farmers to Look for Leaf Worms

Farmers of Foard County are urged to be on the lookout for leaf worms in their cotton. County Agent John Nagy warned Wednesday. A survey has been made and a number of patches of cotton have been found to have leaf worms. If a farmer needs poison, he should contact his ginster or the county agent, and arrangements will be made to get the poison.

Triple A Checking Performance 75 Per Cent Complete

It is stated by Jess D. Miller, AAA Administrative Officer for Foard County, that checking performance is 75 per cent complete and notices are being mailed to the producers as fast as possible. He states that where a producer requests a re-check, it is necessary to deposit \$1.00 plus two cents per acre for each acre to be checked. It is requested that a producer requiring a re-check report same as soon as possible after receiving his notice.

Truscott Pioneer Succumbs Early Sunday Morning

Last Rites for W. F. Hickman Held Monday, Aug. 10

W. F. Hickman, pioneer resident of the Truscott community, died at his home at an early hour Sunday morning. Funeral services were held Monday afternoon at the Truscott Methodist Church with the pastor, Rev. D. A. Ross, officiating. He was assisted by Rev. C. E. English.

Funeral services were held at the Truscott Methodist Church with the pastor, Rev. D. A. Ross, officiating. He was assisted by Rev. C. E. English.

Mr. Hickman was converted and joined the Methodist Church when he was 18 years of age. He spent his entire life as a loyal Christian, constantly in the service of others and of the church. He had held numerous offices in the church, had been superintendent of the Sunday School, trustee and steward. He held the last two offices at the time of his death. He was held in high esteem by all who knew him and was a worthy citizen and a helpful neighbor.

Special music was rendered by John Raso who sang "Sunrise" and "Ready." Burial followed in Rosemont Cemetery in Wichita Falls.

Mr. Stovall is survived by the following children: J. A. Stovall, Crowell; O. A. Stovall, Houston; Mrs. Laura Dickens, Ashmore, Texas; H. E. Stovall, Gardena, Calif.; Mrs. D. L. Robinson, Altadena, Calif.; and Mrs. L. E. Wilde, Southgate, Calif. There are also sixteen grandchildren and fifteen great grandchildren surviving. The fifteen great grandchildren are all the grandchildren of one daughter, Mrs. Dickens.

Those present for the funeral were Mr. and Mrs. J. A. Stovall and daughter, Miss Madies Stovall; O. A. Stovall; Mrs. Dickens, her son, Arthur Dickens, and his wife and two daughters, another son, Sam Dickens, and wife and baby and her daughter, Mrs. Wm. Holloway and Mrs. Wilde and daughter.

A large number of friends from Crowell attended the funeral services.

Sister of Mrs. Jim Shook Died in San Antonio

Funeral Services Were Conducted Thursday, August 6

Mrs. Beulah Moore, sister of Mrs. Jim Shook, passed away at her home at 5125 Somerset Road, San Antonio, Thursday morning, August 6, after an illness of several months. She was 50 years of age.

Funeral services were held Saturday morning at 10 o'clock from the Porter Loring Funeral Chapel in San Antonio with Rev. O. W. Welch, pastor of Brooks Memorial Methodist Church, officiating. Burial followed in Roselawn Burial Park.

Mrs. Moore was well-known in Foard County, having lived here for a number of years. She was Beulah Miller and came to Foard County in 1906 with her parents, the late Mr. and Mrs. A. C. Miller. The mother passed away here in 1910 and the father died in 1937. Mrs. Moore left Foard County in 1928, and had made her home in San Antonio since that time. She was a member of the Methodist Church and retained her membership in Crowell.

Survivors are two sisters, Mrs. Shook of Crowell and Miss Una Miller of San Antonio and one brother, J. L. Miller, also of San Antonio.

Mrs. Shook has been at her sister's bedside for the past two weeks. Mr. Shook attended the funeral services.

MOVES TO NEW LOCATION

Miss Mary Ellen Webb, operator of the Modern Beauty Shop, is moving this week to one of the new buildings at the rear of the Crowell State Bank. The new location will be air-conditioned and modern in every respect and the shop will be open for business Friday (tomorrow) morning.

Miss Webb invites her customers and friends to visit her in the new location.

WATER CARNIVAL

Boy Scouts from the Rayland, Thalia, Truscott and Crowell troops participated in a water carnival at the swimming pool of the Spring Lake Country Club Tuesday night. The program was conducted by Jim Polk, field executive of this area.

Intensive Drive for Collection of Scrap Iron, Steel and Other Salvage Materials Has Been Launched for Foard County

To meet the nation's war needs for scrap iron and steel and other salvage materials, a new intensive drive has been launched in Foard County to obtain the largest number of tons of scrap materials it is possible to collect. It was announced this week by John Nagy, chairman of the local salvage committee. The local drive is part of the nationwide drive announced by Donald M. Nelson, WPB chairman. "As the war becomes more intensive on the various foreign fronts," Mr. Nagy said, "the need for scrap materials has steadily increased." He declared that while collections of various types of salvage have already been made here from time to time, the expanding requirements of the war program have made it necessary to obtain much larger amounts of materials.

"The American steel industry this year hopes to produce a record-breaking 85,000,000 tons of steel—as much as all foreign countries put together can make. Our country alone this year is going to produce three tons of steel for every two tons the Axis can turn out.

To bring steel production up to the industry's full capacity of 20,000,000 tons in 1942, however, our steel industry needs an extra 6,000,000 tons of scrap steel for its furnaces. Every ton of scrap we can send them will swell our national production of tanks, ships, planes and guns."

Headquarters of the committee are at the office of the county agent.

In addition to scrap iron and steel, the materials to be collected are brass and other non-ferrous metals, rubber, rope and fats.

Collection depots at which scrap iron and other salvage may be left have been established. They are located as follows: Crowell Service Station and Edd Carter Magnolia Service Station. Mr. Nagy said that many local civic organizations would be called upon to assist in the drive.

"An increasing number of boys from this city are already seeing active service," he said. "We on the home front must see to it that industry shall not lack the materials needed for adequately arming and equipping them."

"Every housewife can play an important part in this drive. She should carefully inspect all of her household furnishings—to find out what equipment she has that has outlived its usefulness."

"An old iron pot or a knife in the kitchen, the steel springs of an old upholstered chair in the attic, some discarded pipe or heating equipment in the cellar, unused wire clothes hangers in a closet—these are a few of the items that will provide pounds and pounds of scrap."

"Waste kitchen pots and rubbers, are also needed badly and should be turned in to the scrap piles at the service stations mentioned above."

"Please get out this scrap—and get in the scrap."

Canning Program for School Lunch Project Under Way

Foard County's School Lunch Project canning program is well under way at the present time. It was announced officially the first of the week.

To date, 100 pounds of beets have been gathered, which yielded 48 No. 2 tins of foodstuff; 585 pounds of tomatoes yielding 348 cans; 67 pounds of squash yielding 61 cans; 383 pounds of blackeyed peas yielding 331 cans.

Considering the intense heat and lack of rainfall, it is thought that the above is a fair return from the investment to date. The tomatoes have been irrigated, as they were planted in town near the school building, but the other vegetables being located on the Guy Todd farm about two and one-half miles from town, were not accessible for irrigation.

Three women and two men have been employed during the summer on this project. Plans for a fall garden have been completed; blackeyed peas have been planted and are up at this time.

A general rain is needed on the garden for the best results to be obtainable. Turnips, beets, carrots and pinto beans will be planted soon.

War Ration Books Must Be Surrendered to Local Board

C. R. Seale, chairman of the Foard County War Price and Rationing Board, has called attention to the fact that many persons, either from lack of information or through negligence, are failing to surrender their War Ration Books to the local board when they are inducted into the armed forces.

Heirs and next-of-kin also are failing to surrender to the board the books of persons who have died. Mr. Seale said. "There have been only 17 ration books surrendered for these causes to this board," he pointed out, "while conservative estimates are that 70 persons have entered the armed services from this county since May 1, 1942. "Birth registrations and surrenders of books as a result of deaths also are considerably below our estimates of the reasonable expectation."

Mr. Seale added that the war ration regulations are very strict in this regard and he expressed hope that the local board would not have to call on the Office of Price Administration to invoke penalty provisions against persons who fail to observe this regulation.

Judge John Myers Claimed by Death Sat. Afternoon

Funeral Services for Vernon Judge Held Sunday

Funeral services were held in Vernon Sunday afternoon for Judge John Myers, Wilbarger County Judge, who passed away in a Vernon hospital Saturday afternoon after an illness of two weeks. Dr. E. S. James, pastor of the First Baptist Church, officiated at the services which were held at the church. Burial was in the Vernon cemetery beside his wife, who passed away in January.

Judge Myers was born in Mount Pleasant and was educated there and at San Marcos Academy where he graduated in 1914. He served as County Superintendent of Titus County and also served as a member of the State Board of Examiners for Teachers during the years 1917-18.

In 1920, Mr. Myers went to the University of Texas to study law. He opened his first law office in Mount Pleasant in 1922. In 1923, he was elected City Attorney of Mount Pleasant and resigned that office two years later and moved to Crowell. He was married in that year to Miss Blanche Swint of Mount Pleasant who preceded him in death seven months.

Judge Myers remained in Crowell until 1928 when he was elected District Attorney after which he moved his residence to Vernon. He practiced law in Vernon from 1932 to 1939 when he was elected as County Judge. He was elected to the third term as County Judge two weeks ago.

Judge Myers was an active member of the First Baptist Church. He is survived by three brothers and two sisters.

HOUSEHOLD HINTS Keep the coffee pot clean and sweet by boiling a strong soda solution in it at regular intervals. Covering uncooked meats placed in the refrigerator favors bacterial growth. Dipping fresh fish in boiling water will aid in scaling them. Hard-boiled eggs can be peeled easier if the knife is first moistened in water.

Official U. S. Treasury War Bond Quotas for August

Washington, D. C., August 5.—While maintaining a tentative annual level of twelve billion dollars as its goal, the Treasury Department today fixed the August quota for the sale of War Bonds at \$15,000,000 as shown by the accompanying map by states. In lowering the quota from a billion dollars in July to \$815,000,000 in August, the Treasury has given recognition to certain factors which may be expected to result in variations in sales over the 12-month period, such as the seasonal character of farm income. These factors have been taken into account in determining each state's share for the national quota for August and will be given consideration in fixing quotas for subsequent months. In addition to the state quotas as set out in the map there is a federal payroll allotment quota of \$9,750,000 and territorial quotas as follows: Alaska, \$760,000; Canal Zone, \$213,000; Hawaii, \$4,800,000; Puerto Rico, \$140,000, and the Virgin Islands, \$17,000. "What's it good for?" "Guns, tanks, and maybe part of a plane"

JUNK needed for War

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis. Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines. The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced. The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices. Will you help? First—collect all of your waste material and pile it up. Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. Throw YOUR scrap into the fight!

JUNK MAKES FIGHTING WEAPONS. One old disc will provide scrap steel needed for 210 semi-automatic light carbines. One old plow will help make one hundred 75-mm. armor-piercing projectiles. One useless old tire provides as much rubber as is used in 12 gas masks. One old shovel will help make 4 hand grenades. MATERIALS NEEDED: Scrap iron and steel. Other metals of all kinds. Old rubber. Rags, Manila rope, burlap bags. Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your meat dealer. NEEDED ONLY IN CERTAIN LOCALITIES: Waste paper and tin cans—wanted only in certain areas, as announced locally. NOT NEEDED (at this time): Razor blades—glass.

It is getting dry and crops are needing rain very badly. Also the flea and some leaf worms are eating on the cotton. The alfalfa crops have all been short. Some corn was made, though the crop is short and some fields failed entirely. Prospects for a good crop are very dark at the present. The best grade of alfalfa ever in this part before is attributed to doing all or most all baling at night with a "pick-up" baler.

Birthday of David Crockett—August 17: David Crockett is perhaps best known for his famous defense of the Alamo against the army of Santa Anna in which he and the other defenders were killed.

What We Think (By Frank Dixon)

The greatest threat before America today is the threat of inflation.

The mistake in my opinion has been made in thinking that any inflation was desirable during times like the present.

I do not desire to appear as an alarmist but I believe that the matter of control of inflation has gotten out of hand and like a prairie fire before a rising wind is going to continue to rise until it burns itself out.

The weakness has been that, believing as it does that a certain amount of inflation was desirable, Congress and the administration handed the matter back and forth, and fiddled while the creeping fire mounted higher and higher.

Within the last week Washington has suddenly awakened to the fact that disastrous inflation is a possibility.

30 YEARS AGO IN THE NEWS

The time is about here for us to begin to prepare for an exhibit for the State Fair at Dallas this fall if we are going to have one, and we are of the opinion that we should have one.

On the way to the Texas Farmers Congress we visited the Government experiment station at Chillicothe. It will pay one having a little time between trains to walk down to this plot of ground, just north of the signal station at the railroad junction, and see what is being done in the way of growing forage crops on the black land.

The local military company left Tuesday at 3 o'clock on the north bound train on their way to Alexandria, La., where they will be in camp at Camp Stafford for ten days, and it was a fine looking bunch of men who boarded the train, full of life and filled with buoyancy.

Counties in This Area to Start Recruiting of Air Corps Cadets

Gladewater, Aug. 10.—Melvin Evans of the Wichita Falls Junior Chamber of Commerce has been named chairman of the Wichita Falls Sub-District by John Ben Sheppard, state Jaycee president, to carry out the program for recruiting Air Corps Cadets as adopted by the Texas Junior Chamber of Commerce in co-operation with Colonel C. K. Rhinehart, commanding officer of the Dallas Recruiting and Induction District.

Evans will organize the towns in the Wichita Falls Sub-District which includes Quanah, Chillicothe, Vernon, Crowell, Benjamin, Seymour, Electra, Burkburnett, Iowa Park, Wichita Falls, Archer City, Nocona, Bowie, Montague and Henrietta.

Evans will organize and set up recruiting information centers in the various towns in this Sub-District even though they do not have Junior Chambers of Commerce.

The state organization plan includes the appointment of an Executive Vice President in charge of the entire program, this being Oscar B. Clark of Korrville, and the appointment of chairman of each Sub-District in the Dallas District.

The chairman of the Dallas District will in turn ask each local Junior Chamber of Commerce in his district to appoint chairmen who will assist in the recruiting drive.

"The part of the Texas Junior Chamber of Commerce in this work will be to carry out the program of stimulating interest among the young men between the ages of 18 and 26 to join the Army Air Corps," President Sheppard said.

"Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment."

Section 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by this Constitution, and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Section 2. The foregoing Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

tional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment."

Section 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by this Constitution, and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

BANKS PLEDGE PRESIDENT ROOSEVELT

Complete War Support

Banks have an important part to play in war time as well as in peace time. Not only steel, but money, is needed to build planes and tanks and guns. Banks are "supply depots" of the nation's dollars.

We are glad to do our part. In the words of the President, we consider it a privilege to do everything we can to make the facilities of this bank helpful to this nation in its hour of trial.

A WEEK of the WAR

Price Administrator Henderson announced that maximum gasoline prices in the rationed area of the 17 Eastern states and the District of Columbia will be reduced 2 1/2 cents a gallon beginning August 5. He also announced reduction of 0.9 cents for kerosene, 4.1 cents on distillates and light heating oils, and 15 cents a barrel on residual fuel oils.

Mr. Henderson said the reductions were made possible under the recent agreement worked out by the Office of Price Administration, the Office of Petroleum Coordinator and the Reconstruction Finance Corporation, whereby the Defense Supplies Corporation will absorb the extra transportation costs for moving petroleum into the Atlantic seaboard areas.

Commerce Secretary Jones reported the Defense Plant Corporation will finance a two-point program to convert existing steel dry-cargo barges into tank barges to transport oil, and to improve existing inland waterways. The Bureau of Mines estimated the national gasoline demand for July, August and September will be about 17 per cent less than in the corresponding period last year, eliminating the necessity for a large winter accumulation of stocks.

Consumer Supply and Maximum Prices

President Roosevelt issued a statement that every user of fuel and heating oil on the East coast "should face realistically the fact that there can be no guarantee that he will get enough oil even to meet his minimum needs." Petroleum Co-ordinator Ickes asked all sellers of fuel and heating oils in the East to request their customers to convert oil burners to the use of coal or other available fuels. The Office of Solid Fuels Co-ordinator reported bituminous coal stocks in storage in the U. S. increased an estimated 5,850,000 tons in June, to a near-all-time record. The Office said consumer stockpiles, however, continued insufficient to provide adequate protection against possible shortages during the fall and winter.

Farm Income

During the first half of 1942 cash income from farm marketings totaled \$5,773 million compared with \$4,012 million in the same period last year, the Agriculture Department reported. Income from crops was up 36 per cent and income from livestock and livestock products was 48 per cent greater. The Department said a record volume of marketings is expected in the latter half of 1942. Total cash income from farm marketings during 1942, including Government payments, probably will exceed \$14,500 million, the report said.

Rationing

The outlook for obtaining sugar supplies from the Caribbean has "taken a turn for the worse" because of submarine warfare and the amount of shipping diverted to war purposes, the OPA said. The Office asked sugar refiners in Louisiana and Texas not to ship to sugar markets in Indiana, Illinois and Ohio until at least September 1 because of a shortage in their home states. OPA said these restrictions will have to be continued if receipts from Cuba and Puerto Rico are below expectations.

War Bond Purchases

July sales of war bonds totaled \$900,000,000, second highest monthly amount on record and \$250 million above June sales, Treasury Secretary Morgenthau said.

The highest monthly total was that of January when the amount was \$1,060 million. Mr. Morgenthau said the August quota has been placed at \$815 million. "Because of seasonal variations in income distribution, it would not be practicable to establish monthly quotas at a uniform figure of \$1,000,000,000," he said.

Transportation

The Office of Defense Transportation took over allocation of all new buses and froze all integral-type buses in the hands of manufacturers. Under the new plan, the ODT will grant permission to buy new buses only when the purchasers sign an agreement giving ODT authority to transfer the buses for use elsewhere if transportation difficulties develop. ODT Director Eastman asked Public Service Commissions of the states to make a nation-wide survey of local rail and bus passenger services to eliminate duplications. War Production Chairman Nelson said the WPB is studying the proposal of ship-builder Henry Kaiser to build 5,000 large cargo planes

in converted shipyards. The Maritime Commission reported U. S. shipyards broke all records in July as 71 new merchant vessels were put into service, making a total of 299 cargo vessels and tankers produced during the first seven months of this year.

The War Front

Lt. Gen. Stilwell's China headquarters reported U. S. airmen have broken the back of an elite force of Japanese bombers and fighters assembled for the purpose of driving them out of China. The climax was reached July 30, when 17 Japanese bombers and new type zero fighters were shot down. Gen. MacArthur's Australian

headquarters announced allied planes conducted raids on Japanese positions from Ambon Island in the Netherlands East Indies to Guadal-Canal Island in the Solomons. The Navy announced the sinking of four United Nations merchant vessels by enemy submarines.

Trial of Nazi Saboteurs

The Supreme Court ruled that the charges preferred against the eight Nazi saboteurs allege an offense "which the President is authorized to order tried before a military commission," that the commission is lawfully constituted, and that the saboteurs are held in "lawful custody." The

saboteurs were brought again before the military commission.

The Armed Forces

The President signed a bill creating the Women's Auxiliary Reserve in the Navy, which will be made up at first of 1,000 commissioned officers and about 10,000 enlisted members. He also signed a bill to permit the CAA to train airplane mechanics in its civilian pilot training centers. The Army has asked for training of 31,000 mechanics. Selective Service headquarters instructed SS Local Boards to induct during August some men classified in 1-B with certain types of physical defects.

YOU CANNOT WIN
Adolf..
IF

You do not have to wear a uniform to render important service to your country during this war. It requires 18 men behind the lines, working with all their might at production tasks, to keep one man fighting at the front.

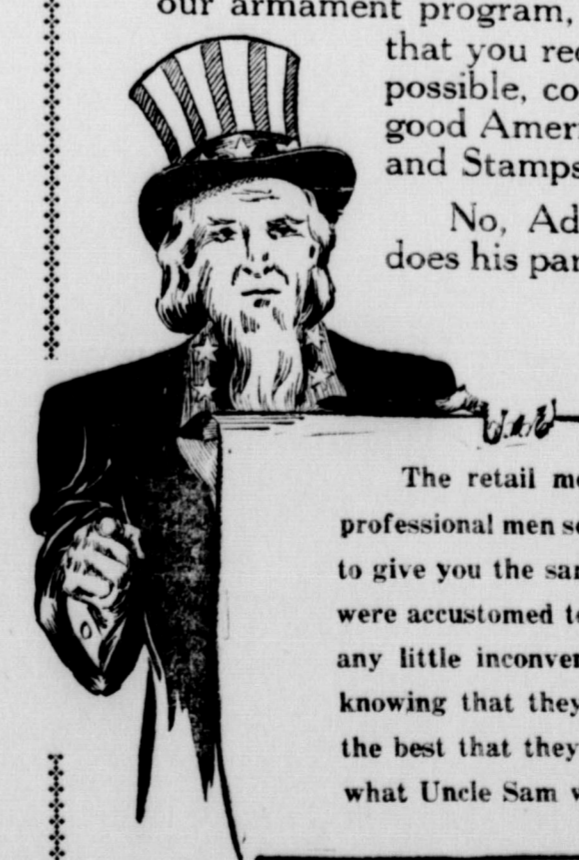

You are needed! Uncle Sam wants every man and every woman in all walks of life to get busy with unabated vigor to produce more... to help amass an overwhelming supply of everything—guns, ships, tanks, planes, ammunition, food, clothing, supplies—that Adolf and his crowd will gasp in awe at such colossal achievement.

You can help by putting all that you have into your job, whatever you are doing. You see, if every individual did his job just a little better, produced just a little more, the nation-wide collective total would be so great that it would shatter Adolf's dream of conquering the world and of robbing us of the things that we cherish most—free religious worship, free speech, free thought, free action. We must remain free to continue our way of life unhampered by the brutal whims of a mad man.

You must not fail Uncle Sam in this crisis. You are a more important person now than ever before. Think what would happen if every American, not in the armed forces, assumed that our government would get the job done without his help! Well, there just wouldn't be an Uncle Sam, would there? And this thought is just too terrible to contemplate, isn't it? Resolve not to let him down now, when he needs you most... when you have a chance to prove that you are worthy to be called a real American.

Conserve on everything, especially those things essential to our armament program, but do not deny yourself the things that you require to carry on life as normal as possible, considering that we are at war. Be a good American. Buy all of the Defense Bonds and Stamps that you can.

No, Adolf cannot win, if every American does his part.

The retail merchants, the service institutions, and the professional men serving you may be unable, in some instances, to give you the same complete service and attention that you were accustomed to receiving from them a piece time. Accept any little inconvenience that may occur with graciousness, knowing that they are doing all that they can to serve you the best that they can.... And that what they are doing is what Uncle Sam wishes them to do.

A JOINT RESOLUTION

proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings...

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually, they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution for amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election.

"Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 16.

The Golden Text is: "My soul shall be joyful in the Lord; it shall rejoice in his salvation" (Psalms 35:9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "When wisdom entereth into thine heart, and knowledge is pleasant unto thy soul; Discretion shall preserve thee, understanding shall keep thee" (Proverbs 2:19, 11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is harmonious when governed by Soul. Hence the importance of understanding the truth of being, which reveals the laws of spiritual existence" (page 273).

"Every four minutes an American dies of a disease caused by a common cold," says a medical item; which must be a awfully monotonous for the American.

as a nation is reborn, yet these verses describe exactly what takes place in every human life at the time one becomes a child of God. For in this "new birth" God imparts to us His own wise and holy nature, a nature that thinks as God thinks, feels as God feels, wills as God wills.

If then it is God who makes the change in our natures, do we have anything to do about it? Let us read John 1:12, 13: "But to all who have received Him,—that is, to those who trust in His name—He has given the privilege of becoming children of God; who were begotten not by human descent, nor through an impulse of the flesh, nor through the will of a human father, but from God" (Weymouth translation). Our part is to believe in, or receive, Jesus Christ.

How does one receive Him, what must one believe about Him? One must receive Him as Saviour and Master. One must believe that He died to save him from the penalty and power of sin. One must believe that He rose from the dead and is living to rule our hearts and lives.

It is interesting that the phrase "as many as received him" literally means "whosoever." Whosoever receives Christ—to them He gives the privilege of sonship to God. They become the children of God by faith in Christ Jesus.

"Whosoever believeth that Jesus is the Christ is born of God" (1 John 5:1). There is no sonship to God without living faith in Christ.

The expression "believe on his name" ought not to be overlooked. There is a distinction between believing God—that there is such a being and that what He says is true—and believing on God in the way of faith and confidence as our God. There is a difference between faith that says there is such a Saviour as Christ, and the faith of reliance on Christ as our Saviour. The Scriptures say the devils believe and tremble. Believing on Christ's name is exactly this faith of reliance, and is the faith that saves. Here is the answer to how we may become God's child.

"All we like sheep have gone astray; we have turned every one to his own way; and the Lord hath laid on him"—that is, on Christ—"the iniquity of us all." To become a child of God the sinner simply believes in Jesus as his Saviour and Lord.

25-CENT COTTON

Two-bit cotton would mean \$140,000,000 more cash for Texas farmers.

Two-bit cotton would give every 10-bale farmer \$400 more cash to spend and to use in buying war bonds and stamps.

The Foard County cotton crop in 1941 was 13,306 bales. Two-bit cotton would mean \$465,710 more to the farmers of this county.

The small business man needs help too. Two-bit cotton (no less) is the answer for the people of Texas to rising costs which will be plenty steep before the next crop comes in.

Jimmy Allred wants a floor of 25 cents a pound for cotton for the duration of the war.

Mrs. Shirley Honors Daughter and Guest with Luncheon

Mrs. Paul Shirley was hostess at a delightful luncheon at her home last Friday to honor her daughter, Miss Margaret Claire Shirley, who will leave soon for college, and Miss June Billington of Fort Worth, who was a guest in the Shirley home.

The dining table, for its centerpiece, featured a pastoral scene, with a simulated lake, trees, flowers, birds and cattle, making a realistic picture. A three-course luncheon was served, the cocktail being served in the living room. The second course was served, cafeteria style and the guests found their places at quarter tables. The hostess served the dessert course.

Pictures were taken of the sixteen guests following the luncheon. The guests included: Misses Shirley, Billington, Margie Davidson, Jean Seales, Jean Orr, Reed Sanders, Sammy Jean Mills, Evelyn Flesher, Beverly Hughton, Doris Campbell, Mary Evelyn Edwards, Virginia Thomas, Joyzelle Tysinger, Georgia Belle Cason, Melba Terry and Clonita Russell.

S. S. CLASS ENTERTAINED

Miss Bee Mullins entertained her Sunday School class and their mothers on Wednesday afternoon of last week with a picnic at the Christian Church.

Games were played and a picnic lunch consisting of sandwiches, potato flakes and punch was served to the following children and their mothers, Dannie Gordon, Wanda Jones, Thresa Ross, Janice and Thomas Harris Crowell, and Jimmy Harper.

WEDDING DINNER

To honor Mr. and Mrs. Marion Cheving Jr., who were recently married, a wedding dinner was given Sunday at the home of Mrs. Cheving's parents, Mr. and Mrs. C. W. Carroll.

Those who were present include Mr. and Mrs. J. M. Chowinier of Trusotti, Mr. and Mrs. C. M. Carroll and family, Mr. and Mrs. Elton Carroll and baby, Mr. and Mrs. Wilburn Carroll, all of Garrettsville, Mrs. Grace Carroll and children of Crowell, Mr. and Mrs. Johnny Marr of Vivian, Mr. and Mrs. Ralph McCoy and family of Black and Leto Jo Carroll and the honor guests.

Party to Honor Dallas Guest

On Wednesday afternoon of last week, Mrs. M. S. Henry entertained four tables of friends at a 42 party as a compliment to Mrs. Tom Wright of Dallas, the sister of her husband, who was a guest in the home at the time.

Punch was served at intervals during the afternoon by the hostess and iced watermelon was served at the conclusion of the games.

An attractive piece of costume jewelry was presented as a guest prize to Mrs. Wright and the high score favor, a pretty handkerchief, was given to Mrs. Paul Shirley.

Guests upon this occasion were: Mrs. Wright, Mrs. A. S. Hart, Mrs. R. R. Magee, Mrs. T. L. Hughton, Mrs. S. T. Crews, Mrs. Hines Clark, Mrs. A. Y. Beverly, Mrs. Jim Cook, Mrs. Paul Shirley, Mrs. M. Former Crowell Girl Spends Summer at Pasadena Playhouse

Double drama duty for Miss Wanda Liles, formerly of Crowell, as she carries forward theatre study plus a major share of acting chores with the Summer Session Players at Pasadena Community Playhouse, according to a news release received by The News.

The current week brings climax to the Players' slate of three productions with Miss Liles appearing in two of the series of four short plays. As the Chinese girl, Nei Sai, in the Oriental fantasy "Li Wu" and as Alice in the comedy, "The Groom's Bouquet." Miss Liles appears and her theatrical record was enlarged previously by roles in "This Little Hand" and "Christina's Love Letters."

Miss Liles plans to leave for Crowell shortly after conclusion of the Summer Session term on Friday, August 7.

Old Age Assistance Recipients in Texas Increased This Month

Austin, Aug. 6.—The State Department of Public Welfare will distribute this month \$3,571,721 to 177,822 Old Age Assistance recipients. This is \$71,721 above the ceiling that recent political aspirants charged the 47th Legislature with placing upon the amount which could be expended in any one month. Expenditures are now in excess of current income, this being authorized by the State Comptroller in compliance with a recent ruling of the At-

torney General to the effect that no ceiling on expenditures exists so long as the funds are made available through the monthly allocation of \$1,750,000 out of state funds.

The assistance rolls made a net gain of 1,409 and cost increase of \$66,558 over the previous month. The average grant jumped from \$19.87 to \$20.09.

The welfare department re-investigated 7,594 cases during July which resulted in a 38.27 average raise to 6,232 recipients. Grants totaling 777 were sustained without change and 425 had their grants lowered an average of \$4.22. Only 165 of all re-investigated cases were found to be currently ineligible.

Foard County Has Chapter of National Paralysis Foundation

Mayor C. T. Schlagal, in conjunction with local representatives and with Mrs. George H. Pittman of Dallas, State Organizer of Chapters of the National Foundation for Infantile Paralysis, has organized a local chapter for Foard County for the fighting and control of Infantile Paralysis.

An extra effort is being made to keep the army camps free of the dreaded disease, for it is the worst dreaded of all diseases, because men might be able to get up and fight again after influenza or fever, but once infantile paralysis strikes, hope for fighting is gone forever.

According to a release from the National Headquarters in New York City, the Foard County Chapter is acclaimed with pleasure by the organization. Mayor Schlagal has been designated for the Foard County chairman. The Foundation feels sure that, with the assistance of Mayor Schlagal and the committee which he has named, that much good can be accomplished in the county. The executive committee is composed of the chairman, George Self, active vice-chairman, Jack Seale, active second vice chairman, Merl Kincaid, treasurer and Juanita Johnson, secretary.

A consultant committee has been appointed. It follows: Dr. Hines Clark, City Health Officer; Dr. J. M. Hill, County Health Officer; T. B. Klepper, Foard County News; H. T. Graves, Supt. of Schools; Mrs. T. B. Klepper; T. S. Haney, Mrs. E. L. Kincaid and L. A. Andrews.

The duty of the Foard County chapter of the National Foundation is to disburse the 50 per cent of the money taken in annually by the Foard County President's Birthday celebrations which is left in Foard County for the benefit of Foard County's infantile paralysis sufferers.

This money has been held in trust waiting the organization of the Foard County Chapter; upon such organization a charter is received from the National Headquarters and the money released for immediate use in so far as the Chapter's fund will allow. This 50 per cent which is left in the county is to supply hospitalization, casts, braces, and general care for the infantile paralysis cases within Foard County.

The other 50 per cent which is sent to the National Foundation would return many times over to Foard County if the county should be so unfortunate as to be stricken by an epidemic, then trained physicians, nurses, equipment, iron lungs, etc., would at once be sent for use among the cases. The 50 per cent that goes to the National Foundation is also used in its great research, epidemic, rehabilitation and grant programs. A split depot is maintained in Austin by the Foundation; these splits are for the use of the Chapters with only the express charges being asked.

Always the Chapters are in direct communication with the Foundation; every bit of knowledge gained as to treatment or research is immediately made known to the Chapters. Literature and general mail is constantly being sent the Chapters to keep them fully informed as to the infantile paralysis situation.

The National Foundation for Infantile Paralysis, Inc., welcomes the Foard County Chapter into the great national family of Chapters—there being some 25,000 of them throughout these United States. The Foundation pleads co-operation and wishes the Foard Chapter every happiness and success in the Chapter work.

Government Will Purchase Pack Mules

The commanding officer, South Central Remount Area of the War Department, has just received orders to purchase 500 pack mules, according to information received by County Agent John Nagry.

These mules will be purchased in the states of Texas and Oklahoma, and must be, in the opinion of the purchasing board, capable of performing the duties for which they are purchased. The following specifications will be adhered to:

1. Age—4 to 8. (A 4-year-old mule must be a full 4).
2. Height—14.3½ to 15.2 hands. (A hand is 4 inches).
3. Weight—1,075 to 1,150 lbs.
4. Short, straight back.
5. Deep chested.
6. Big bodied. (Well sprung ribs).
7. Straight legged.
8. Good bone.
9. Gentle.
10. Sound in every respect.
11. Price—Average \$200 per head.

Free Training for Men and Women for War Industry Jobs

Free training is now available for both men and women wishing to prepare for war industry jobs at good wages, according to S. H. Southall, manager of the Vernon office of the United States Employment Service. He urged that Crowell people wanting to enter war industry training schools contact him as soon as possible, since there are many openings in the schools which must be filled at once.

The training sources offered in these schools, which are operated jointly by the state and federal governments in co-operation with the public schools are designed to prepare workers for jobs in aircraft, shipbuilding, munitions and other essential war industries in which there is an extremely heavy demand for workers of certain types. Thousands of graduates from these free schools already have found good paying jobs in these industries through the United States Employment Service. It is almost impossible to obtain such jobs without training.

Machine shop, aircraft engine mechanic, aircraft sheet metal (including riveting), drafting and inspection are the courses offered. The training is open to men between the ages of 18 and 65 years, and to women between the ages of 18 and 45. There is an increasing good market with war plants for women workers, many thousands of whom will be hired in Texas plants during the next few months.

Mr. Southall stressed the fact that the training is entirely free; that the only cost to a trainee is that he must support himself while in school. Even this can be avoided in the case of many younger trainees, who may be assigned to National Youth Administration war work centers where they will be boarded and paid a small wage while training.

The training period runs from three to ten weeks, according to the subject and the rapidly with which each trainee can learn. The schools are operated on a 24-hour basis so that all equipment is in constant use and trainees can attend during the hours of their own choice.

Any one in or near Crowell who is interested in training, Mr. Southall said, should contact him for further information. He may be located at the United States Employment Service office at 1613 Peace Street, Vernon, Texas.

will be published at a later date for the information of those desiring to present pack mules to the board.

THOUGHTS OF SERIOUS MOMENTS

The soul, by an instinct stronger than reason, even associates beauty with truth—Tuckerman. The fountain of beauty is the heart, and every generous thought illustrates the walls of your chamber.—Quarles.

Beauty is but the sensible image of the infinite. Like truth and justice it lives within us; like virtue and the moral law it is a companion of the soul.—Ban-croft.

CARD OF THANKS

Words fail to express our deep appreciation for the kindness and sympathy shown us during the illness and death of our loved one, May God bless each of you, Mrs. S. J. A JOINT RESOLUTION

proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following:

"For the Amendment to the Constitution providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposed to such Amendment shall have written or printed on their ballots the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment the same shall become part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

ROTARY CLUB

Rev. Jack Goodykoontz, Judge O. L. Bell and Joe Anderson, Rotarians of Quanah, were visitors at the regular luncheon of the Crowell Rotary Club Wednesday at noon at O'Connell's. Other visitors were Rev. Hal McGeaney and Rev. W. B. Fitzgerald.

W. M. Blakemore, manager of the City Pharmacy, attended the club meeting for the first time as a new member.

George Self presided at the meeting and Rotarians were per-

mitted to listen to a very interesting talk by Henry Ferguson who told about his recent trip to Chicago. Mr. Ferguson took the plane at Oklahoma City and arrived in Chicago in 6 hours. He was called to Chicago on account of the serious illness of his sister, Mrs. E. C. Burt. Making the trip by plane, Ferguson was permitted to travel with his sister four more hours than if he had made the trip by bus. He returned home last day morning.
