Notice a man shell exploding uncomfortably close. Picture was taken shortly after the great Allied victory over Rommel, when General Montgomery's 8th army shattered the 40-mile Axis Alamein line.

Crowell Wildcats Defeat Munday, 13-0, at Munday Friday Night to Remain Only Undefeated Team in District 12-A

The Crowell High School football team defeated Munday 13 to 0 at Friday night at Munday in the only undefeated team in District 12-A.

The Crowell High School football team defeated Munday 13 to 0 at Friday night at Munday in the only undefeated team in District 12-A. Crowell scored against Munday in the game when Smith kicked over from the third yard. A Munday back fumbled on the five yard line. Munday picked up two first downs, but on the second punt, Erwin, Crowell blocked the kick, and Veceera, Crowell alert guard, covered the ball on Munday's twenty yard line. Smith carried the ball straight line plays five times to make the first touchdown. The blocked kick for extra point.

George Cates Jr. Writes to Friends

A recent letter from George Cates Jr. from Vallejo, Calif., says he is engaged in government work, he says that he would like to thank the friends who supported him in the length of time he was in the grocery business in Crowell. He further states that he would like to see the people of Crowell more war minded in that they would have a clean-up campaign and to be ready for any emergency. He is located at Lincoln Highway, Vallejo, Calif.

Urgent Plea for Workers to Help Make Soldier Kits Made by County Chairman; Call Made for Friday Afternoon, at 2

Mrs. H. Schindler, Red Cross County Chairman for War Relief Production, is making an urgent appeal for workers to help complete the making of 400 soldier kits, the quota set for Foard County, in lieu of the annual Red Cross drive for funds. The need for ladies to help in this work is great and it is a good place for many people to do their bit in the war effort. A little bit of work on the part of a large number would soon put the project over.

If it is desired by those who make the kits, a personal card of greeting may be placed in the bag, in addition to the Foard County Red Cross Chapter label. Also, if it is desired, the material may be taken home for the making. However, they cannot be let out in single kits. Several may be taken, if desired. It makes the checking of the 400 kits a complicated task, if they are let out in single numbers.

Vivian was the first rural community to complete the quota which was asked of them. They took 25 and returned them finished, soon after. Rayland was the next to complete the undertaking. They returned the money for their quota of 20 in a few days. The Black community has oversubscribed their quota of 15, having turned in 26 finished kits.

The work room in the court house will be open on Friday afternoon, Nov. 13, this week, and it is sincerely hoped that a large enough number of ladies respond to the call to complete the job. These kits are very much appreciated by the soldiers and a story concerning that is to be found in this issue.

J. C. (Claude) Davis Died at Vernon Wed. Morning

Funeral services for J. C. (Claude) Davis, pioneer resident of Rayland, were held from the Thalia Methodist Church Friday morning at 10 o'clock, conducted by Rev. R. I. Hart, pastor of the Thalia - Margaret Methodist Churches, who was assisted by Rev. T. J. DuBose, pastor of the Thalia Baptist Church.

Mr. Davis died at the home of his daughter, Mrs. B. F. Blanton, in Vernon about 6 o'clock Wednesday afternoon following an illness of several months. He had been taken to Vernon for medical treatment several weeks ago.

Special music for the funeral was rendered by a quartet composed of Mr. and Mrs. Hiram Gray, Norman Gray and Fred Brown.

Pall bearers were A. T. Beazley, J. H. Roberson, T. E. Lawson, O. C. Holland, L. W. Lambert and Back Clark. Honorary pall bearers were T. F. Lambert, H. D. Lawson, M. J. Abston, B. P. Abston, DeWitt Edwards, Charles Blevis, Roscoe Wiseman, Jesse Burgess, Lige Millsap, R. A. Rutledge and W. J. Dewberry.

Mr. Davis was a native Texan and moved to Foard County in 1913 from Dexter, Texas. He had made his home in the Rayland community since that time and had been prominently identified with all movements for the benefit of the community. He had served as special correspondent to The News from Rayland for a number of years.

Mr. Davis was a member of the Methodist Church, having been converted and joined the church when a young man.

Surviving relatives are two sons, C. A. Davis of Edinburg and T. C. Davis of Rayland; six daughters, Mrs. S. G. Presley, Chillicothe, Mrs. Bill Barrett, Paducah, Mrs. O. W. Holland, Rayland, Mrs. Bill Phillips, Ardmore, Okla., Mrs. B. F. Blanton, Vernon, and Mrs. Jack Lassiter, Oklahoma City; fifteen grandchildren; four brothers, John W. Davis, Snyder, Texas; W. T. Silvertown; J. B. Davis, Wheeler; R. H. Davis, Madison, Wis.; two sisters, Mrs. J. F. Matthews of Thalia and Mrs. C. C. Parker, Dill, Okla.

Appointment of Tire Inspection Stations Announced This Week

The program of periodic tire inspection has been adopted by the Office of Price Administration in keeping with the recommendations of the Baruch Committee. It recognizes the acute need of conservation of all tires now on the wheels of passenger cars and trucks. Between December 1, 1942, and January 31, 1943, the tires of every passenger car must be inspected by an authorized OPA inspector. Beginning the 1st of February, 1943, every passenger car owner will be required to have his tires inspected periodically by an authorized inspector of the Office of Price Administration as follows:

All holders of a basic "A" or "B" mileage book—every four months, with inspections at least 30 days apart. All holders of a "C" or Supplemental "D" mileage book—every two months, with inspections at least 30 days apart. Inspection stations serving Foard County will be identified by name, number and location and are as follows: Swaim's Service Station, No. 1; Crowell Service Station, No. 2; Magnolia, No. 3; Farmers Station, Thalia, No. 4; F. A. Brown's Station,

Men in Service

Pfc. J. C. Rader of Pueblo, Colo., is here visiting his parents, Mr. and Mrs. J. C. Rader.

Robert O. Berg, a former resident of Crowell, Seaman 1st Class in the U. S. Navy, is now stationed at Davisville, R. I. His parents live at Truscott and his wife, formerly Miss Larvel E. Jones, daughter of L. P. Jones, of Truscott, resides at Clovis, N. M., from which point he enlisted last July.

Sam Franklin, son of Mr. and Mrs. John Franklin of Truscott, has recently enlisted in the Coast Guards and is now at Alameda, Calif. He is at the U. S. Coast Guard training Station at that place. Sam was a student in Crowell High School at the time of his enlistment.

W. E. Patterson, who is attached to the Coast Guard U. S. Army, is located at Newport News, Va., according to information given by his wife, Mrs. Tommie Patterson, a teacher in the Thalia schools. His duties consist of the driving of motor vehicles.

Cecil Carroll, who visited his parents, Mr. and Mrs. C. W. Carroll, and friends at Lubbock on a twenty-day leave, returned to Ellis Island, New York, last Wednesday.

Pvt. Floyd Thomas, who is stationed at Fort Sam Houston, San Antonio, spent the week-end at home.

Rev. and Mrs. W. B. Fitzgerald and son, Gene, and Miss Juanita Brown visited Corp. Bernice Fitzgerald at Camp Gruber, Okla., Thursday and Friday of last week. Bernice has recently been promoted to corporal and is head clerk of the department in which he is working.

Pvt. James W. Allen from somewhere in England, writes his family that he is well and well-cared for, and that the army life had been good for him. He has been in service for the past three years. His wife and infant son are in Sulphur, Okla.

A letter from Pvt. Thomas A. Porter tells us that he is receiving The Foard County News and enjoys reading it very much. He is in the Ordnance Dept. of the U. S. Army and is located in Venice, Fla. He is learning to be a cook. His address is Pvt. Thomas A. Porter, 817 Ordnance Co., A. A. B., Venice, Fla.

Pvt. Howard E. Gamble, son of Mr. and Mrs. Johnnie E. Gamble is in San Diego, Calif., where he is with the Marines. He enlisted at Dallas in October. Prior to that time he worked for North American Air Lines in Hawthorne, Calif., and later in Grand Prairie. He says that things are swell in San Diego and that he had a part in the war. He would like to have letters from friends at home, he says his address is Platoon 988, R. D. M. C. B., San Diego, Calif.

Dennis W. Ewank of Truscott was among a group of young men who received commissions at the various Army Training Schools of the south recently. Lieut. Ewank finished at the Lubbock Army Flying School and his picture appeared in the Wichita Falls Record-News of Wednesday.

The picture of Richard Vecera, son of Mr. and Mrs. Tom Vecera, appeared in Wednesday's Wichita Falls Record-News among a group of War Pilots from this area who have recently graduated from Gulf Coast Army Air Forces training fields. Lieut. Vecera graduated from the Lake Charles Training School.

Gasoline Rationing Postponed; Sign Up Nov. 19-21

Registration for gasoline rationing has been postponed to Nov. 19, 20 and 21, and the effective date of gasoline rationing has also been postponed, a telegram Tuesday to C. R. Seale, chairman of the War Price and Rationing Board, from Mark Magee, state director, stated. You will be advised later of actual effective date. Mr. Magee said, however, all surplus passenger type tires must be turned in by Nov. 22.

It was stated by OPA in a dispatch from Washington in the daily press Wednesday that postponement of rationing in the West and Mid West from Nov. 22 was necessary because of hitches in the distribution of coupon books and forms over the country.

ROTARY CLUB

I. T. Graves was in charge of the program of the Crowell Rotary Club Wednesday at noon when an interesting talk was heard by the Rotarians from Lt. J. M. Crowell concerning the duties of the Chemical Warfare Service. Lt. Crowell will leave soon for California.

Mrs. T. B. Klepper acted as pianist in the absence of Mrs. J. R. Beverly.

Thalia, No. 5; T. E. Lawson, Rayland, No. 6; Carroll's Station at Vivian, No. 7.

Crowell High School Football Team Will Meet Memphis Cyclones at the Wildcat Stadium Tomorrow Night; 8:30

The Crowell High School football team will have the Memphis High School team as an opponent here Friday night at 8:30 o'clock. This is the first time Crowell has played a team belonging to Conference 3-A. The Cyclones have a good conference record for the season, having had only 6 points scored on them in their three district games. They dropped early practice games to Lockney and Berger but bounced back to play on Paducah 31 to 0 and then make their outstanding record in conference play.

The Crowell Wildcats had a hard tussle with the Munday Moguls last week, and several boys have slight injuries that will handicap them Friday night. Arnold Smith, quarterback, received a sprained shoulder, and Kenneth Arrier, center, has an injured knee; but both boys should be

able to start the game Friday night. Gordon Erwin, best Crowell tackle since Oran Johnson, according to Coach Graves, has been ill with the flu and will be unable to start the game. Glen Taylor, 200-pound sophomore tackle, will replace Erwin in the line up. The rest of the line up will be the same as started against Munday last week. J. W. Salles, the 120-pound reserve center, did a swell job at that position against the Moguls and looked fair at the guard spot on defense. He took over Bobby Joe Hunter's position, who withdrew from school.

The Arche City contest, Crowell's remaining game, has been transferred from Arche City to Wildcat Stadium on Friday night, November 20.

The starting line up for Friday night's game against the Memphis Cyclones:

| PROBABLE STARTING LINEUPS | | | |
|--|--------------|------------------|----------------|
| The probable starting lineups for the Crowell Wildcats and the Memphis Cyclones, Friday night, Nov. 13, at 8:30, are as follows: | | | |
| No. | Crowell | WT. Position | WT. Memphis |
| 83 | Parkhill | 138 Left End | 157 Dove |
| 70 | Short | 170 Left Tackle | 170 Shirley |
| 51 | J. Sallis | 120 Left Guard | 145 Stevens |
| 50 | Archer | 164 Center | 150 Bruce |
| 60 | Vecera | 159 Right Guard | 140 Robertson |
| 71 | G. Taylor | 200 Right Tackle | 155 Evans |
| 80 | White | 180 Right End | 158 Clark |
| 31 | A. Smith (c) | 156 Quarterback | 145 Jackson |
| 20 | Cauthan | 140 Left Half | 135 Higgins |
| 10 | Bird (c) | 169 Right Half | 140 Butler (c) |
| 41 | Kelton | 172 Fullback | 165 Lawrence |

Linemen: B. Owens, 81, 148; O. Wharton, 62, 136; R. L. Smith, 73, 142; K. Payne, 61, 116; B. Gohin, 82, 160; H. Todd, 63, 110. Backs: L. Adams, 40, 130; P. McDaniel, 11, 140; K. Joy, 30, 120; J. Carter, 21, 142.

Memphis Reserves
Linemen: McMillan, 43, 130; Mason, 44, 130; Messer, 62, 145; Widener, 55, 170; Mock, 57, 180; Sargent, 67, 140; Billington, 69, 140. Backs: Blum, 63, 150; Vandewater, 64, 140; Smith, 65, 140; Erwin, 68, 130.

Officials
John Smith (McMurry), Benjamin, referee; Guy Todd (St. Mary's), Crowell, umpire; and Warren Morton (McMurry), Truscott, headlinesman.

Mrs. Patricia Kele Last Rites for Mrs. Ellis Gafford Held

Mrs. Patricia Kele died in Austin last Tuesday, Nov. 3, after a lengthy illness. Her remains were brought to Crowell and funeral services were held from the Womack Funeral Home Friday afternoon, Nov. 5, at 4:30 o'clock.

Rev. W. B. Fitzgerald, pastor of the First Baptist Church, officiated at the last rites. Pall bearers were H. K. Edwards, A. Y. Beverly, Clint White, D. R. Magee and Grover Cole. The flower bearers were Mrs. Leo Spencer, Mrs. Lorena Harrison, Mrs. Belle McKown, Mrs. George Hinds, Mrs. Pearl Carter, Mrs. C. C. McLaughlin and Miss Nora Banister.

Patricia Staton Kele was born at Yoakum, on Feb. 18, 1894. She was the daughter of Rev. and Mrs. T. W. Staton, pioneer residents of this section and came here with them to make their home in October, 1906. She was married to Jordan Kele, in May 1924. To them twin sons were born, Jordan S. and Staton J. Kele, both of whom are serving in the U. S. Navy. Mr. Kele passed away on Dec. 9, 1924.

Mrs. Kele was converted at the age of 12 and united with the Baptist Church and lived a devoted Christian life.

Patt, as she was familiarly called by her friends, graduated from the Crowell High School with the class of 1911. She spent the years immediately following her graduation teaching in different schools of Texas and several other states.

She was working in defense work at Camp Hulen, Palacios, when she became ill and was taken to the home of her sister, Mrs. Gussie Adams, in Austin, where she passed away.

Survivors include the two sons, two sisters, Mrs. Gussie Adams of Austin and Mrs. Edna Harrison of Carlsbad, N. M., and one brother, Charles F. Staton of Tucson, Arizona.

Old-Age Pensions May be Applied for on 2 and 4 Fridays

Those who desire to apply for old-age assistance should appear at the Welfare Office on the mornings of the 2nd and 4th Fridays of each month, since the Field Worker's schedule has been changed to these dates.

the summer and until Nov. 1. Homer is now employed at the Crowell Gin.

what will your new car be like?

GREAT CHANGES in automobiles are certain after the war. What will they be? Will your post-war car be teardrop in shape? ... Will it have sealed plastic windows to preserve air-conditioned interior temperature? ... Have "shiftless" transmission? ... Longer-lasting synthetic rubber tires? ... A smaller engine using higher octane gasoline to deliver greatly increased horsepower per pound of weight? The answer to the first of these questions is still uncertain. But to the two final queries, synthetic tires and engine power, Phillips Petroleum Company can suggest affirmative replies. Phillips is prepared for the coming great improvements in personal transportation, because long before Pearl Harbor, Phillips scientists were engaged in never-ending study, research, experiment, exploring the limitless possibilities of petroleum chemistry.

Slowly but surely, there emerged new processes, new products, new benefits. Even before the war, much of this purposeful knowledge was channeled into the national defense effort. Now, all of it has been "enlisted" for the duration. Phillips vast resources of raw materials and Phillips knowledge have made the company one of the largest suppliers of 100 octane aviation gasoline to the Army Air Corps, the Navy, and the United Nations' air forces; have made the company an important participant in the U. S. synthetic rubber program.

Work of medicine will never be completed, it has advanced sufficiently to be the white hope of mankind in the present horror. Industrial News-Review. For years in this country thousands of people have lost their lives and many more have been maimed for life because of excessive speed on the highways by motorists. In spite of the tragic toll little or no effort was made to regulate the speed of drivers. Recently, because it will have a little needed rubber, a nation wide limit has been placed on driving speed. The result will be a saving of rubber and incidentally a sharp reduction in the loss of life through traffic accidents. The moral is, if one is possible, do a thing badly enough, a way is usually found to do it. Headline: "Arizona Hermit Lives on Onions." One good reason for being a hermit. The go-to-church movement has given your personal speed without any community drive. Fall in love with yourself and you won't have any rivals.

Jim Vickors of Electra visited Mr. and Mrs. Cleve Gordon and children last week.

Mr. and Mrs. Jack Walker and children, Jackie and Maxine, visited friends and relatives in Oklahoma last week.

On the Seven Seas

For 45 years General Electric has developed and built electric equipment for warships. Here are a few of the ways in which electricity serves the Navy.

1. Just one battleship may have electric generators to produce as much as 180,000 kilowatts. This power would supply the needs of a city of 375,000.

2. Searchlights produce millions of candlepower of light to aid in detecting enemy ships and planes, and to guide Navy gunners to their targets.

3. More than 20 different operations are performed in bringing a naval gun to bear on its target. Electricity helps to co-ordinate these operations.

4. When a battleship goes into action, electricity helps direct the ship, operate the guns, and give the orders. G.E. is building equipment to do these jobs.

General Electric Company, Schenectady, N. Y. GENERAL ELECTRIC

THE FINAL TEST

The people of this country are face to face with the most critical of all tests that can be exacted of our form of government—inflation. It is more difficult to understand than war. It is intangible.

Dr. Paul F. Cadman, leading economist, has pointed out that it will take a lot more than laws to fight inflation. The present policy of one group blaming another group in seeking a scapegoat for the rising cost of living, will prove disastrously futile.

Inflation is a challenge to the individual. As Dr. Cadman observed: "This is one of the real occasions when the American people have a chance to demonstrate the moral fiber of the nation in their willingness to be obedient to the unenforceable. For, of a truth, inflation cannot be controlled by either legislation or compulsion."

Most of us have occasionally been guilty of unconsidered attacks on industry, labor, or politics, as if each group was a separate entity. We need all three groups and the sooner we realize it, just so much sooner will leaders of each group moderate their policies.

It is a mortal certainty that if the irrelevant disputes don't cease, we might as well abandon the hypocrisy of waving the American flag and consoling ourselves in our discontent with brass bands. It is inconceivable that we cannot live up to the ideals of freedom and opportunity that made this nation. However, the test is before us, final and irrevocable.

Only production, thrift, economy and honesty in public and private life can stem the tide of inflation now.—Industrial News-Review.

A nation wide poll conducted by one of the nation's largest fact finding organizations reveals that the majority of the people of the United States favor a federal sales tax as a means of raising the money to pay for the war.

The federal sales tax is singular in that it is the only tax which the administration refuses to levy. It is unusual to see the administration opposing a tax which the majority of people prefer above other types of taxes. It would seem that as long as the money is to be raised by taxes and the majority of people are willing to pay a federal sales tax, the administration should be willing to let them do it.

Texas' first telegraph lines were built through the pine forests of East Texas by attaching the wires to the trees.

The first Texas railroad was the Buffalo, Bayou, Brazos & Colorado Railroad, chartered February 11, 1850.

The words of the Lord are pure words; as silver tried in a furnace of earth, purified seven times.—Psalms 12:6.

We believe that Henry J. Kaiser should be at the head of the production for defense in this country. Kaiser has demonstrated that he cannot only dream and have visions but that he can make them come true. At the moment we can think of no one else high in the war effort with the outstanding ability and capacity for getting things done possessed by this rugged, straight thinking west coast ship builder. Kaiser is big, he thinks big and performs in a big way big things. The country needs Kaiser as a director in some phase of the war effort instead of as an industrialist. It would be better if Kaiser were giving a thousand industries the benefit of his executive genius. The war effort would be receiving even more benefit from his genius than it is now with his effort centered on but one industry.

Every town has one of those merchants who sits back and lets the other merchants of the town do all the boosting for the community. He lets the boosters advertise and expects to profit from their promotion. How good a town is very often depends upon the activity of its boosters. Just stop to think what kind of a town would the town be if all the merchants in it were like the merchant who never boosts the town and who never invites trade to the town through advertising his store. The merchants who boost the town through inviting business to the town through advertising deserve the business of the town. Without them the town would be a dead place.

Because of shortage of help than 25 cows, have closed during the past six months. When we go to buy butter and cream it appears to be high enough but even at present prices it is difficult for the dairyman to compete with the defense plant in the matter of labor. It is hard to keep men in the milking business when the defense plants pay several times the wages for much shorter hours.

Better begin now to save your money for the new car that will come after the war. It is said that it will be far in advance of anything yet produced and will give up to fifty miles to a gallon of gasoline. Incidentally a good way to start saving that money is to begin buying War Bonds. Your money will serve a double purpose. It will help win the war and will help buy that Victory automobile after the war is over.

If the young fellows are going to have to fight all the wars, why would it not be fair to allow them liberal representation at the peace table after they have won the war? Personally we don't think the young people could possibly do a much worse job of keeping war out of the world than the adults have done in the past.

HISTORY
 Dedication of National Cemetery at Gettysburg—November 19: On November 19, 1863, the scene of the Battle of Gettysburg which was fought on July 1, 2, 3, 1863, was dedicated as a National cemetery. At Gettysburg about 160,000 men on both sides were engaged in battle. After the battle both Union and Confederate soldiers killed in battle were buried on the field. The Confederate dead were later removed to a cemetery in Richmond. At the dedication ceremonies two speakers were placed upon the program. Edward Everett of Massachusetts, a distinguished orator of that time and President Abraham Lincoln. Everett was headlined as the principal speaker. All attention was focused on him as he spoke with his usual eloquence. When he had finished President Lincoln was called upon to add a few words. Stepping up to the front of the platform Lincoln delivered a short speech of 300 words. Strangely enough it attracted only casual attention. The press played up the Everett speech and spoke briefly of the President's remarks. The crowd went home that night with the words of Everett ringing in their ears. The next morning the whole nation realized that the great speech, in fact, the greatest classic of all time had been delivered by a man who unheralded stepped unobtrusively to his place on the platform and with quaint restraint delivered the famous Gettysburg Address. It still remains one of the nation's tributes and is recited each year by thousands of school children. Its humility, its simple beauty and eloquence have made it one of the nation's deathless classics.

The new tax bill recently passed by Congress, levies a five percent Victory tax on all incomes of over \$24 a year. The tax will be levied on gross incomes over this amount. The gross income is the income before any permitted deductions are taken out.

A nation is not worthy to be saved if, in the hour of its fate, it will not gather up all its jewels of manhood and life, and go down into the conflict, however bloody and doubtful, resolved on measured ruin or complete success.—James A. Garfield, 1864.

Arrangements have been completed whereby 5,000 Jewish children will be transferred from occupied France to the United States.

The verdict of guilty is always returned when one violates one of nature's laws.

THEY DESERVE NOTICE
 The consumer has many problems. And so has the retail merchant.

The draft has taken thousands of store workers, and others have left their jobs for the big pay offered by war industries. It is increasingly difficult to obtain new equipment, and to keep old equipment in repair, especially that of a mechanical nature. The price of practically everything the retailer sells is frozen, and in many instances the ceiling price allowed little or no profit. It's a tough job to keep his shelves filled, as more and more brands and products go off the market.

In the face of all this, the merchant is doing a remarkable job. Long before the OPA, retail merchandising went to work on a voluntary anti-inflation program of its own. Stores of all kinds and sizes increased efficiency, reduced overhead, and cut already modest profits in order to keep prices in check. While many factors encouraged inflation which brought about government price control, retail merchandising was not one of them.

Today, retail merchants, whether independent or chain, are doing an almost superhuman job in supplying their customers and their communities. Their efforts deserve notice—and commendation.—Industrial News-Review.

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of The News of Nov. 15, 1912:
 Last Friday at 1:30 o'clock at the home of the bride's mother in East Crowell, Colonel F. Bryant and Miss Marguerite Mapp were united in marriage. Rev. T. W. Stator performing the ceremony. Mr. Bryant came to Crowell four years ago, and was with the Hughton-Henry Co. until the first of the year. Mrs. Bryant has been a resident of Crowell for many years and is a general favorite in social circles and very prominent in church work. Immediately after the ceremony the young married couple departed for Margaret where they took the north bound train for their future home at Josephine.

George Carpenter and Miss Mary Vickers were united in matrimony last Tuesday at the home of Judge T. W. Stator. George is the son of H. C. Carpenter of this city and his bride is the daughter of Mrs. L. D. Fox.

W. B. Carter and wife of San Angelo were in the city Saturday and Sunday visiting relatives.

Clarence Self went to Dallas the latter part of last week where he will receive treatment.

John and Mrs. Cope went to Elmer Saturday for a visit over Sunday with Mr. and Mrs. W. F. George.

Miss Ruth Swan returned from Quanah Tuesday where she had been receiving eye treatment from Dr. Hanna.

Rev. F. C. Dick has returned from Fort Worth where he had been attending the State Baptist Convention.

Miss Annie James of Muskogee, Okla., has been here this week visiting her uncles, Ferguson brothers. Miss James has a lucrative position in the postoffice at Muskogee, and is now enjoying her vacation.

F. W. Ater came in yesterday to take care of the depot here for K. C. M. & O. Ry. E. O. Rigby, who has been agent here since the coming of the railroad, leaves today for Fort Stockton to become agent there.

Cotton continues to come in at a lively rate, and it will be quite a while yet before the crop is gathered. In fact, in many parts of the county, farmers are not yet in a good way of picking and it will be late in the winter before the crop is all out.

Rev. G. J. Irwin returned Monday from Abilene where he had been attending the Methodist conference. He has been returned to Crowell for another year.

The Foard County Teachers' Institute will be held in Crowell, beginning Dec. 15, 1912, and be in session five full days. All teachers of the county are required to be present.

KINDERGARTEN HONOR ROLL
 Mrs. Q. V. Winningham announces the honor roll for her kindergarten: Carolyn Bursey, C. T. McDaniel, Robert Merl Kincaid, Frances Elizabeth Kincaid, Bobby Foster Davis, Billy Janet Bell, Ray Gibson, Jane Winningham, Elaine Brooks, Johnnie Wehba, Bobby Lanier, Lahroy Todd and Zo Nell Eddy.

At the present time the two principal aims of the Allies are to win the war and to see that such a thing doesn't happen again.

Probably the safest and most effective way to reduce weight is to put a time lock on the refrigerator.

Success does not depend on lying awake nights, but staying awake days.

What We Think
 (By Frank Dixon)

Congress has responded to the demand that the eighteen and nineteen year old boys be drafted for service. Since the suggestion originated with the army heads it is to be assumed that there is need for more soldiers in the younger brackets, else the demand would not have been made.

The fact that machines and complicated mechanical equipment have taken their place in war as they have in our peace time pursuits makes the younger men more desirable. They make better fliers, better sailors and better soldiers than even the thirty-five year old men. They are more alert, more responsive to training and moulding into a well co-ordinated fighting force.

The fact that it seems necessary in the future to call upon our young men scarcely out of high school to assume the stern and serious task of going to war, to fight the country's battles brings squarely up to the adults the necessity of a management of the social and economic order when peace comes, that the possibility of periodically recurring wars will become more and more remote, if not altogether unnecessary. It seems to be that if the youth, the children of the land are going to be sent into battle, the adults who have the management of world affairs, assume by that act a new responsibility in the matter of the world management of the future.

I am not criticizing the calling of these youth. It may be necessary. It may be the wise thing to do. That is a matter that the civilian in time of war must leave to the army heads. This is their line. This is their responsibility. It is on this matter that they are supposed to be informed and it is on their judgment we are supposed to rely in matters of national defense.

The point I do desire to make is that as we go down the line in ages, as we call our high school youth to service in the armed forces, we, the adults, assume a still greater responsibility in shaping the world of tomorrow to see to it that we, the adults, set up a world order that will have the wisdom and the will to make it unnecessary for us to call upon our children to fight our battles. If we, the adults, have not the ability and the resource to do this we should turn the management of the world affairs over to the young men of the world and see if in their singleness of purpose and sincerity they cannot set up an order that will survive. I need not add that, in my opinion, it would be difficult for them to come more nearly to complete failure than we have come.

It has long been said "Old men for counsel and young men for war." I wonder sometimes if the saying shouldn't be changed to "Young men for counsel and young men for war."

I am hoping, and it is more than a hope, it is a conviction, that when the war has been won, that the determination to stop this periodic assault upon civilization will be so clear and so high that whatever is necessary to be

nated fighting force. Stoves re-lined and repaired at R. R. Magee Plumbing Co. 21-2tc

Mrs. B. F. Ringgold is spending a while in the home of her son, C. B. Williams of Amarillo.

We are now agents for the famous Morning Glory all-cotton mattresses, \$39.50.—W. R. Womack.

Mrs. A. S. Hart and Mrs. R. R. Magee spent the week-end visiting relatives and friends in Plainview.

Butane gas in bottles here, \$2.50 uper fill; in tanks, 6 cents per gallon at tank.—W. R. Womack.

Mr. and Mrs. Woodrow Lemons of McAlester, Okla., spent the first of the week here visiting her parents, Mr. and Mrs. Frank Moore.

Mrs. Don Cozad and two children, Dianne and Don Harris, of Sulphur Springs, visited in the home of Mr. and Mrs. S. S. Bell this week.

Ab Fox, who has been employed in Amarillo, has been here this week on a visit with his family and will go to San Antonio to be engaged in the same line of work.

C. L. Cavin has accepted a position in the furniture store of W. R. Womack. Mr. Cavin has been in charge of the commodity store in the Ringgold building for several months. He assumed his duties at the Womack store Monday.

Mr. and Mrs. W. V. Favor and daughters, Ann and Jo, returned home Monday night from Houston where they visited their son and brother, Aviation Cadet Billy Favor at Ellington Field. Cadet Favor will complete his training as a flyer within a short time.

Get your Office Supplies at The News office.

See R. R. Magee Plumbing Co. for any kind of sheet metal work. 21-2tc

Charles Davis, employee of the Santa Fe Railroad at Muleshoe, spent Saturday night and Sunday visiting his parents, Mr. and Mrs. Earl Davis, of Crowell.

I am pulling bolts for the duration. Any small inside paper hanging or painting during bad weather will be appreciated.—Red Ellis. 17-1tc

Mrs. J. R. Allee is visiting her sister, Mrs. Ed Gaston and family in Sudan. She will also visit her niece, Mrs. Bob Beck and family in Sudan.

Miss Joyzelle Tysinger, who attends TSCW at Denton spent the week-end at home visiting her parents, Mr. and Mrs. W. B. Tysinger, and other relatives and friends.

Oliver Briscoe has recently returned home from Hanford, Calif., where he had been working on a dairy for the past three years. He is the son of Mr. and Mrs. Elmer Briscoe.

R. R. Huskey of San Antonio arrived here Wednesday having been called on account of the serious illness and death of his mother, Mrs. R. Huskey. He returned to his home Saturday.

Shotgun shells are going fast, of you aim to hunt, better buy what you can find now. We have 16s, 20s, 10s and 12 gauge, for birds, ducks and geese.—W. R. Womack.

Announcements have been received by friends in Crowell of the birth of a baby son to Mr. and Mrs. Ernest Spears of Altus, Okla. His name is Larry Don and he weighs 6 3/4 pounds. He arrived Nov. 7.

Mr. and Mrs. Ragsdale Lanier and son, Bobby, returned Tuesday afternoon from a visit with Mrs. Lanier's parents, Mr. and Mrs. G. W. Mills, in Amarillo. Mrs. Mills returned with them for a visit in their home.

Mr. and Mrs. W. V. Favor and daughters, Ann and Jo, returned home Monday night from Houston where they visited their son and brother, Aviation Cadet Billy Favor at Ellington Field. Cadet Favor will complete his training as a flyer within a short time.

Base ball bats, soft ball bats and both types of balls for playing both games. Foot balls, basket balls, tennis rackets, pocket knives, ammunition.—W. R. Womack.

Weldon E. Hays, who is stationed at Tarrant Field, Fort Worth, returned Sunday, after having spent the week here on account of the death of his wife's mother, Mrs. R. Huskey.

Mr. and Mrs. Marion Hughston, their daughter, Miss Mary Hughston, and Mrs. Paul Shirley, spent the week-end in Dallas attending the A. & M.-S. M. U. football game and visiting friends.

Mr. and Mrs. Donald Burch and little daughter, Jackie Dell, of Paducah, were week-end visitors in the home of Mrs. Burch's parents and brother, Mr. and Mrs. C. R. Ellis and Kenneth.

Have just received a shipment of those heavy Ivanhoe, (black), distillate heaters at \$57.00 each, and the brown inclosed, with heat directors in front, only \$59.00 each; smaller, \$43.50 each.—W. R. Womack.

Mrs. Beecher Wisdom of Morienc, Ariz., arrived here Monday for a visit with her parents, Mr. and Mrs. J. L. Gamble, of Crowell and her husband's parents, Mr. and Mrs. A. B. Wisdom, of Thalia.

Mr. and Mrs. F. L. Chapman and two children, Judith Ann and Joyce Lee, spent the week-end in Mangum, Okla., their former home, visiting relatives. Mr. Chapman is an employee of the Cameron lumber yard.

Mr. and Mrs. L. N. Johnson of Tell were here Wednesday visiting Mr. Johnson's brother, J. D. Johnson, and family and other relatives and friends. Mr. and Mrs. Johnson are former residents of Foard County.

Richard Ellis, son of Mr. and Mrs. C. R. Ellis, is in Vancouver, Wash., where he is employed in the ship yards. His wife and little daughter, Mary Sue, are in Wichita Falls, visiting Mrs. Ellis' mother, Mrs. C. Runyan.

J. H. Lanier Jr. left this morning for Oklahoma City to attend a hardware men's convention. While there he will also select new items of merchandise for the hardware department of Lanier's store.

Miss Pat Lee, who is attending school in Wichita Falls, came home Tuesday on account of the death of her grandmother, Mrs. R. Huskey. She returned Friday, accompanied by Miss Ruthe Huskey, who spent the week-end there.

Mrs. W. O. Fish and daughter, Mildred, of Vivian, left Friday night for Salinas, Calif., where they will visit their son and brother, Pvt. John E. Fish, who is stationed at Fort Ord. They left Childress Friday night by rail for Los Angeles and will make the remainder of the trip by bus.

Mrs. Lee Echols and son, Terry, left Saturday for their home in Taft after ten days visit with Mrs. Echols' parents, Mr. and Mrs. W. H. Tamplin. Mrs. Tamplin accompanied them home. They went by way of Houston to visit their daughter and sister, Mrs. Lynn Carr, and husband.

Wall paper, paint, linseed oil, turpentine, sand paper, varnish remover, putty, wood wool, Johnson's paste wax, machine oil and needles, floor mops, flashlight batteries, electric lite globes, pocket knives, dishes, toys, rugs, linoleum, rubber hose, gas hose, heaters. Lard cans, 6, 8 and 10 gallon sizes. Lanterns, and many other things too numerous to mention here.—W. R. Womack.

Mr. and Mrs. Thos. F. Hughston and daughter, Jean, went to Dallas last Friday, where they spent the week-end with their children, Beverly, a student at TSCW at Denton, and J. T., who attends Texas A. & M. at College Station. They were accompanied to Denton by Mrs. Chas. W. Thompson who went on to Pilot Point to visit her mother, who has been ill for the past several months. Mrs. Thompson remained for a longer visit and Mr. and Mrs. Hughston returned Sunday night.

Mr. and Mrs. S. S. Bell and their son, Arthur Bell, have returned from a three weeks' trip to Georgia and other southern states. They took Raymond Carter, who had been in their home for the past six months, to his home in Rosville, Ga., and visited his parents, Mr. and Mrs. L. L. Carter, there, and visited relatives in Young Harris, Ga., where Mr. Bell was born, and spent some time with relatives in other places. They returned Sunday evening.

Don't tell us there is a shortage of textiles after the way the ladies have been saving material on dresses all these years!

The worst October wind we have seen was telling about his golf score.

Mr. and Mrs. J. E. Minor, who are living in Childress, spent the week-end in Crowell.

Miss Genevieve Ferguson spent the week-end in Lubbock attending Home-Coming at Texas Tech.

Mrs. Annie Brooks left Sunday for her home in Tulsa, Okla., after visiting for several weeks in the home of her son, J. T. Brooks, and family.

Mrs. C. V. Barker will leave today for Fayetteville, Ark., to visit her parents, Mr. and Mrs. J. G. Coffey. Mr. Barker will soon enter the service.

Mrs. Gray Owens left Saturday for San Francisco, Calif., where she will remain while her husband is in camp near there. Mrs. T. V. Rascoe is employed by the Texas Natural Gas Co. in the place of Mrs. Owens.

Misses Mary Helen Carroll and Mary Evelyn Edwards went to Wichita Falls last Friday where they took a plane for Dallas. They spent the week-end in Dallas, attended the ball game and visited their brothers, Richard Carroll and H. K. Edwards Jr., who attend A. & M. College. They returned by plane, also.

MISSISSIPPI

We wish to thank our many friends for their acts of kindness and sympathy during our bereavement in the loss of our beloved wife and mother, Mrs. R. Huskey. In such an hour of trial, the thoughtfulness of our friends helped us to bear our sorrow and our deepest gratitude goes out to all who remembered us in any way.

R. Huskey.

Misses Ruthe and Ellen Huskey, Mr. and Mrs. E. M. Gamble, Mr. and Mrs. A. T. McWilliams, Mr. and Mrs. L. W. Owens, Mr. and Mrs. Weldon E. Hays, Mr. and Mrs. J. D. Huskey, Mr. and Mrs. Edd Huskey, Mr. and Mrs. Charlie Huskey, Mr. and Mrs. R. R. Huskey, and Grandchildren.

Young Children Need Careful Protection From Winter Illness

Austin.—In discussing seasonal health hazards for young children today, Dr. Geo. W. Cox, State Health Officer, stated that babies and young children need as careful protection now against winter complaints as they do in hot summer weather against "summer complaint."

Influenza, tonsillitis, pneumonia, bronchitis, and asthma are included among those diseases which may be dangerous winter illnesses among young children since they affect the respiratory or breathing system. Such diseases as pneumonia may develop from a neglected cold, they may follow as an after-effect of measles or whooping cough, or they may occur suddenly and with very little warning. These diseases of the respiratory system are more prevalent in winter than in summer and are much more difficult to combat than digestive ailments such as summer complaint.

"These winter diseases are particularly dangerous to babies and young children," Dr. Cox stated. "Nearly all of them are spread through the secretions from the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense," Dr. Cox cautioned, "is to strengthen the powers of resistance against disease; the second is to keep them under medical supervision and the third is to make sure they avoid contact with others who have coughs, colds, or fevers."

CARD OF THANKS

We wish to gratefully thank our friends in Crowell who helped in so many kind ways to alleviate our sorrow upon the death of our sister, Mrs. Patricia Kele. The kind ministrations extended to us will ever be cherished by us and our families.

Mrs. Gussie Adams, Mrs. Edna Harrison.

Message from Miss Elizabeth Elliott to 4-H Club Members

Miss Elizabeth Elliott, Foard County Home Demonstration Agent, makes the following challenge to the 4-H Club members of this county, in view of the fact that this is National 4-H Achievement Week:

"Plowing, planting, hoeing, picking; canning, grading, drying, storing; feeding, watering, watering, selling; doing without and buying wisely; sewing, mending, fitting, cleaning; scrubbing, painting, polishing; waxing; helping others to be cheerful; making health a daily habit; saving money, buying war stamps and bonds; 4-H friends, you're in the army. You and thousands others with you, Uncle Sam is counting on you marching on to certain victory."

"That is the real state in which the 4-H'ers are. National 4-H Achievement Week beginning Nov. 7, in Texas, is a time for 4-H Club members to show what they have done and are doing as soldiers in a war involving everybody. Here are some of the things which have been done by Texas 4-H girls: They have collected scrap rubber enough for 7 battleships, 72 28-T tanks and 1 tire for a bomber. Enough steel for 738 light tanks, enough waste paper and rags to make over 391,000 cartons for anti-aircraft shells. With the bonds and stamps they've bought, Uncle Sam could buy over 700 machine guns with 10 rounds of ammunition each. In Foard County, 1957 pounds of scrap metal have been collected; 1,878 pounds of paper, burlap and old rags; 7,046 pounds of rubber and \$646.35 worth of war stamps and bonds have been purchased. No bad showing.

"4-H girls have a land army 20,000 strong, in Texas, 116 of which are in Foard County, which is on the job today, plowing, gathering crops, caring for chickens or livestock, or doing other extra farm work. Nearly 5,000 are repairing or taking care of farm machinery. They have about 8,500 firefighters, had nearly 600 air-raid wardens, spotters and such to give warning to others. 178 of these are in Foard County.

Besides growing food for use fresh all through the year, 4-H girls have put up enough food to feed an army of more than 1,700 men every bite of food they need for a whole year. It takes 2,000 pounds per soldier, so that makes close to 2,000,000 quarts of food. And there are enough 4-H girls who have had first aid training or home nursing this year to supply each soldier with 2 nurses apiece, and there would still be 400 nurses left. In Foard County there are 139 girls so equipped and there have been 4,837 quarts of food canned, or otherwise preserved.

This report of work accomplished this year and the Achievement Week is intended to give an opportunity to the world to learn just exactly what the 4-H'ers are putting over. It is meant, also, to give the girls themselves a look at their accomplishments, and to reset their sights and go at it again for a finer job for another year.

CARD OF THANKS

We wish to express our deepest appreciation and thanks for the many expressions of kindness shown us during our bereavement in the loss of our dear father, May God's richest blessings abide with each and everyone of you.

The Children of J. C. Davis.

Texas proved oil reserves in January, 1941, were equal to more than 56 per cent of the national reserves.

MOVED TO ALLISON BUILDING

I have moved my feed business to the Allison building 2 doors north of Swaim's Garage, south of the square.

I want to express my appreciation for the business given me by the people of this community and respectfully invite my friends and customers to visit me in my new location.

A. L. JOHNSON

Brief Bits of News From Here and There

Out and out food rationing is expected within a year. Some of the first items to come under the rationing program will be butter, cheese, coffee and meat.

The U. S. Treasury recently allotted 34,000 tons of silver to the Defense Plant Corporation to replace copper in electrical equipment. An equal amount of silver must be returned to the Treasury after the war.

The reason why the South is concerned over whether cotton or rayon is used for tires is to be found in the fact that in 1939, 633,100 bales of cotton were used in the manufacture of tires and 463,000 bales were used in the manufacture of shirts.

During September the United States mint issued 59 million pennies. This is but half the normal issue. The shortage of copper accounts for the curtailment of production. The mint is asking that each home put at least 10 pennies into circulation to relieve the shortage.

The Department of Commerce predicts that there will be less civilian goods manufactured in 1943 than there was during the lowest year of the depression.

Military men predict that there will be at least four years more of war. They predict that Germany will finally be beaten back to the German borders and that the crushing of Japan will be a matter of gradually but systematically destroying the Japanese armies.

While no official announcement as to the exact date has been made, it has been announced that coffee will soon be rationed. Rationing will be put into effect not because there is any shortage of coffee in Brazil but because there isn't sufficient shipping available to transport from Brazil our normal requirements.

The army is out after 100,000 skilled mechanics and technicians. Many of these will have to be taken from private industry which has already been pretty well stripped of its technical men.

EDITORIAL

Life is a funny thing to me. Here I am a senior in high school with the ideas of an average young man and with plans for what I will do in the future when I am out in the world alone. As I sit here, I wonder if I will take part in the actual fighting of the war which is now raging between the Allies and the Axis powers. If I do, I wonder whether or not I will return to the United States to do my part in restoring the world to peace.

All these things take me back to many years ago when I was only a "tiny tot" who could hardly walk around. It seems queer that I should have once been a baby; yet today I am practically grown and will never be that same small child again. Life is a mystery which will never be completely solved by even the greatest of scientists, although they may unravel many of its mysteries in the future which we have not yet been able to unravel.

We must remember always that if God was able to perform such a miracle as making life, he will surely be able to guide all who believe in him safely through this war.

By Lowell Campbell.

NEW CHS LIBRARY BOOKS

Thirty-six new books have arrived for the high school library and that isn't all. There are still more to come. Miss Motley is the sponsor of the library this year, and she has ordered books that we will enjoy reading and will be educational, too.

The following is a list of some of the new books and their authors:

"Wild is the River," Louis Bromfield.
 "Mrs. Miniver," Jan Struther.

 "Fashion Is Spinach," Elizabeth Hawes.
 "Blood and Sand," Vicente G. Glaxo Ibanez.
 "Magnificent Obsession," Lloyd C. Douglas.

LEAVE IT TO THE CROWELL WILDCATS

The dear old Wildcats defeated the Munday Moguls Friday night in another soaker. That Arnold Smith seems to be a one-man pack of dynamite. But after all, the Wildcats are all good. As you all know the Moguls beat the Wildcats a large score last year. The Wildcats defeated them this year 13-0. I am going to predict the Wildcats to win their district. Please do not disappoint me, Wildcats.

POPULARITY CONTEST

The Juniors are sponsoring a popularity contest, which started Monday morning, Nov. 9. Each class has a boy and a girl entry. The seniors elected Arnold Smith and Wanda Evans; the Juniors, Billy Fred Short and Betty Johnson; the sophomores, Pat McDaniel and Polly Davis; and the freshmen, Hardy Sanders and Doris Jean Roberts. The campaign managers are as follows: for Arnold Smith—Clifford White; for Wanda Evans—Wanda Cobb; for Billy Fred Short—John Thomas Raser; for Betty Johnson—Helen Jo Callaway; for Pat McDaniel—Cecil Parkhill; for Polly Davis—Patsy Ketchersid; for Doris Jean Roberts—De Alva Thomas; and for Hardy Sanders—Joe Harris Seales.

The contest will last until December 4. The juniors will announce the winner at the High School auditorium December 4, when they are having a box supper. Everyone vote for the girl that you think is the most popular in school and for the boy that you think is the most popular. You will get one vote for one tent and the juniors will get the proceeds to help put on the junior-senior banquet. Come one! Come all! to the High School auditorium December 4, and boys, bring your girls and have her to bring a box. Come with a pocket full of money and be ready to buy your girl's box. The boxes will be auctioned and sold for the highest bid. The winner will be announced; so don't miss it because we know that you are eager to know how your candidate will come out. The juniors will also get this money and use it to help with the banquet. They are going to sell Christmas cards, too; hence if you want to send a greeting to your friend, see a junior and send cards that are worth the money.

FRESHMAN CLASS MEETING

Once again the Freshman class met in a class meeting. This time the purpose was to elect the most popular boy and girl in the class. The two chosen were Doris Jean Roberts and Hardy Sanders. All Freshmen are expected to do your part in supporting your candidates.

 Boy cousins.

THE TRANSMOM PEEKER

Boy, oh, boy! Billy Joe Taylor and Leta Jo Carroll are really "flying high." When you see one, you see the other. We wonder, could this be serious? We wonder, could this be serious? We wonder, could this be serious? Several people are wondering why Betty Zeibig wanted to go to the football game at Munday last Friday night. Could "Booty" Bird

be the reason? We think it could! Mary Edwards went to Dallas last Friday. From all reports, she had an excellent time. We wonder if a certain boy from A. & M. was there. Probably that was the main reason she had a "grand" time. It would help a lot, don't you agree?

Betty Johnson is really getting around. Saturday night she was with Gaylon Parris; Sunday afternoon she was with Glenn Gillespie (out of town); tell us who you really like the best.

Seen riding around Sunday afternoon was none other than Bob Gohin and Yvonne McLain, and John Thomas Raser and "Stinky" Cobb. P. S.: They were in Yvonne's car.

Dorothy Hall is broken hearted. You guessed it—Dodd has gone to join the Navy. He'll be back, Dorothy.

Is there really something between John Bradford and Marjorie Young? From the looks of things, there must be!

Betty Seale and G. W. Johnson are "that way." You'll have to agree that they certainly do make a cute couple.

An example of what the "Fish" think of the upper classmen is portrayed in the following story: A Senior was standing on a railroad track, and along came a train. The train got off the railroad track to let the Senior pass. Silly, isn't it?

Marjorie Marlow's boy friend has been revealed. It is Howard Ferguson. Nice going, Marjorie.

Mildred Marlow was with Gaylon Parris Friday night and Sunday afternoon. Careful, Gaylon, remember there is still a Vernon Garret.

Tennis surely is getting popular, especially with Joyce Jones and Kendrick Joy and Leta Jo Carroll and Billy Joe Taylor.

Booty Bird and Betty Johnson were together again Sunday night. Looks like Betty Zeibig is losing out. We are wondering who will win out; do you know? Let's stay around for the finish, eh, what?

Say, have you heard about Wanda Cobb and Roy Joe Cates? They seemed to be getting along just fine Sunday night. How is that for a mix up?

We hear that Patsy Sue Young's ideal boy friend is Donald Lewis. Whatcha say, Patsy?

Mildred Brisco seems to be dating an out-of-town boy. Who could it be? Could he be by any chance be from Truscott.

Travis Veera seemed to be grabbed right out of Lynette Chowning's arms by Benny Brown. What's wrong, Lynette?

Opal Milburn seemed to be grieving because Cecil Cox left, but she seems to be doing alright now. J. E. Darmon seems to think so anyway.

In the third period study hall, Gaylon Parris seems to have won Annie Haynie's heart. Watch out, Gaylon, Bill might be larger than you.

Sometimes I wonder who Joyce Jones really likes. She seems to like Kendrick Joy pretty well, or is she trying to break another boy's heart?

Patsy Young and Mildred Brisco seem to have a pretty good time in history. Could it be Cecil Parkhill, the great football hero, sits by them?

Virginia Mabe and Patsy Ketchersid would like for Warren Haynie to have his English up in the morning so they could converse on "having good times."

Come on, Bessie, don't lose the battle; Travis is betting on you. Bessie Gamble hates to admit it, but it seems as though she had a date with Harry Traveek Saturday night. Come on, Bessie, don't keep us guessing.

SENIOR CLASS MEETING

We, the Senior class, held a class meeting last Sunday to discuss the invitation cards for this year. We are trying to get deposits from everyone in our class in order to send off for the invitations.

We also held election for the boy and girl whom we wanted to represent us as the most popular boy and girl. Wanda B. Evans was elected to represent us in the girls' division and Arnold Smith was elected to represent us in the boys' division. We will appreciate all the pennies, nickles, dimes, etc., to help the representatives of our class to win.

JOKES

She: Will you love me when I have gray hair?
 He: Why not? I've loved you when it was blonde, brunette and red?

Mrs. Myers: That new lady's husband kisses her every time they meet. Why don't you try that?
 Myers: I would, but I don't feel like I know her well enough yet.

May I hold your Palm Olive?
 Not on your Life, Buoy.
 My Lux had tonight.

Nit: "I'm a neighbor of yours now. I live just across the river."
 Wit: "Swell, drop in some time."

Mr. Graves: "Why did you sign your name as Mae West on your Algebra paper?"
 Betty J.: "Because I done 'em wrong."

Miss Ferguson: "Who made the cotton gin?"
 Bill Owens: "Are they making it out of cotton now?"

Mr. Seales: "How are you getting along with your math?"
 Joe H.: "Well, I've learned to add up the zeros, but the figures still bother me."

He who puts off studying until tomorrow is going to have a swell

THE FOARD COUNTY NEWS

time tonight.
 In court the judge asked: "How are you sure the defendant was drunk?"

Officer: "Well, I saw him put a penny in the patrol box on 13th and 14th street, then look up at the clock over the cigar store and shout, 'My, my! I've lost 14 pounds.'"

Romeo: "Juliet, dearest, I'm burning with love for you."
 Juliet: "Come, now, Romeo, don't make a fool of yourself."

The six ages of woman:
 1. Safety pins.
 2. Hair pins.
 3. Fraternity pins.
 4. Diamond pins.
 5. Clothes pins.
 6. Rolling pins.

He: "Please."
 She: "No."
 He: "Please, please."
 She: "Certainly not."
 He: "O, come on—just this once."
 She: "No!"

He: "Good night, Mom, all the rest of the kids are going barefoot."
 Weldon: "You're not at all contented, are you?"
 Girl: "No, but with my looks, brains and personality, I could afford to be."

"Say, Pop, did you go to Sunday School when you were a kid?"
 "Why yes, son, regularly."
 "I'll bet it doesn't do me any good either."

Drunk: "Shay, did you see 'Snow White and the Seven Dwarfs'?"
 Man: "Yes."
 Drunk: "Which way did they go?"

And then there was the gangster called "Inky Blotz" because he was always leaking out of some pen.

Missionary: "Poor man, you know nothing of religion."
 Cannibal: "Oh, yes, we got a taste of it when the last missionary was here."

Laul: "Why do you wear your socks on wrong side out?"
 Bill: "My feet got hot, so I turned the hose on them."

Fashion note—There will be little change in men's pocketbooks this year.

Soph: "Don't spit on the floor."
 Fresh: "Why, does it leak?"

Freshman: "I don't know."
 Junior: "I can't remember just now."
 Senior: "I don't believe I can add anything to what has already been said."

Alarm—That which you are filled with when you overslept because you forgot to set the alarm.
 Fast—That which you do when the horse on which you bet all your money on is not.
 Transom—Your landlady's point of view.

Parachute—That which if you ever need and don't have, you shall never need again.
 Address—Wearing apparel of a girl.
 Line—A memorized speech that boys give to all girls.
 Clothes—To shut in or enclose.
 Pitcher—A painting.
 Coop—One seated car.
 Horizon—Her getting up.
 Stopped—Ignorant.
 Reel—Genuine, actual.
 Hermit—Hand which belongs to her.
 Far—Heat and light evolved by ignition and combustion.
 Pedestrian—A man who has two cars, a wife, and a 17-year-old daughter.

College Station. — American people are willing to get along without a great many things if they know the why behind a shortage.

Louise Bryant, specialist in home management for the A. & M. College Extension Service, explains that the needs of war strike at some unexpected spots. Here are some examples.

The expanding of the air forces requires an expanded supply of parachutes, and every one of them absorbs enough silk to make 185 pairs of stockings.

Until recently, when airplane motors were shipped abroad, they were coated in a heavy grease to protect them during shipment. When they arrived, the grease was removed. Now these motors are wrapped in cellophane and arrive in perfect condition. So cellophane may not continue to be so plentiful.

Meeting the production goals for 60,000 planes this year and twice that number next year, there will be no aluminum for cooking utensils. In fact, there is not enough aluminum, even when it is all taken away from the kitchen, so that plywood airplanes are now being used for

THE FOARD COUNTY NEWS

training purposes.
 Because a pair of Army shoes takes two and a half times as much leather as a pair of civilian oxfords, consumers are being urged to make last year's shoes wear as long as possible.

Miss Bryant says the 200,000 patriotic rural Texans who have signed Victory Demonstrators pledge cards are ready and willing to make these war-time adjustments. But it's only fair that they should know why they must "Eat it up; wear it out; make it do; and do without."

The Greatest Liberty of All: We hear much these days of freedom, freedom from oppression, the right to live our own lives, to think and speak as we wish, to worship God as we choose. This is freedom—a freedom that is worth fighting for and making a sacrifice for. There is, however, another freedom that means as much sometimes as these other freedoms. It is the freedom from worry, apprehension and fear. Too often we build our lives upon and about things, material things. Material things do not constitute life. They are merely the accessories of life. Those who live in fear and apprehension of the future can't be happy even in the midst of these other freedoms. Especially is this true in the uncertainties of the present day. No one can foresee what will be the fate of his own personal fortune. The only way he can insure his future freedom from worry and apprehension is to bring himself to that attitude of mind in which though his possessions may be taken from him he can still look out upon the future unafraid and with faith in himself and in God. We can't control what lies ahead, but we can, by putting ourselves in the right attitude of mind meet whatever comes, without fear. This living without fear is the greatest liberty of all.

Two Minute Sermon

(By Thomas Hastwell)

Today about 45,000 Texas farms are supplied with electric light and power, as compared with 8,250 in 1930.

One great trouble with a checkered career is, it's always your move.

The first long distance telephone line in Texas was established between Galveston and Houston in 1883.

There are 405 telephone companies operating in Texas with 1,907 exchanges and 755,085 telephones.

Save 10% . . . to Save 100%

All over the nation, patriotic Americans are spending less and saving more—putting at least 10% of their incomes into War Bonds and Stamps. So our boys can have the planes and tanks and guns they need to fight and attack and WIN for us!

So the Nazis and Japs will wish they hadn't tried to enslave America, too—hadn't ever try it again!

And it's going to take 10% in War Bonds to do it!

So, if you've been postponing buckling down, remember, it's "Everybody 10%" or "Nobody (except our Axis masters) having a cent."

NOTE—Now You Can Buy War Bonds Through Your Rural Postman!

EVERYBODY 10% Buy War Savings Bonds

Also, Banded added, the West Texas contribution will be made known to all national agencies directing the war effort. "We have today," he said, "been asked by the Salvage section of the War Production Board to submit the tabulations from our contest questionnaire. Other federal agencies have expressed interest in the results. For this reason

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 9:00 o'clock.

Sunday, November 15, 1942. Subject: "Mortals and Immortals."

Christian Science Services "Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 15.

The Golden Text is: "The earnest expectation of the creature waiteth for the manifestation of the sons of God" (Romans 8:19)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For as many as are led by the Spirit of God, they are the sons of God. The Spirit itself beareth witness with our spirit, that we are the children of God" (Romans 8:14, 16).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The evidence of man's immortality will become more apparent, as material beliefs are given up and the immortal facts of being are admitted" (page 428).

Weekly Sermon

By the Rev. Harold L. Lundquist, D. D., Member of Faculty, Moody Bible Institute, Chicago.

Honesty in All Things

Honesty in all things would seem to be what one should have a right to expect without question. As a matter of fact, dishonesty has become so common wherever man is found, that people look on the person who is strictly honest as a peculiar individual. Try reporting an undercharge (everyone complains about an overcharge) or returning excess change, and you will see how unexpected honesty really is today. Under such circumstances the Christian needs to be vigilant lest he also accommodate his own ideas of honesty and begin to justify little evasions rather than being absolutely upright. The very commandment of God against stealing implies that men have a right to that which they have made, earned, or saved. If no one had property rights there could be no stealing. "Thou shalt not steal" forbids every kind of theft. It includes robbery, burglary, safe-cracking, housebreaking; but it covers far more than those obvious wrongs. It refers to such things as looting on one's job; "borrowing" money from the cash drawer; taking goods from the stock with which one is working; stealing another man's sermon and preaching it as one's own; contracting debts which one can never pay; using false weights and measures; adulterating food or other material; dodging taxes or lying to the tax assessor; using a slug instead of a nickel in the telephone to escape proper payment. It really means something to be honest, and it is a great testimony to the unregenerate world. More than that, an honest person will make right any known injustice. To be right with God must mean that we are to be right with men. The testimony of many Christians could be presented to show that they have entered upon real peace and usefulness only as they have made consistent effort to right every wrong, to pay every debt. Often such actions open opportunities for Christian testimony and point others to the redemption in Christ, which makes a man live right as well as talk right.

INTERESTING FACTS OF THIS AND THAT

Notwithstanding the fact that there is a cry of shortage of labor there were, the first of October, 400,000 WPA workers on WPA projects rolls in this country plus 300,000 certified workers awaiting assignment. The Commerce Department forecasts that at least 300,000 small businesses will have to close because of conditions brought about by the war, during 1943. An ordinance plant producing a million pounds of war goods a day must haul in and out 16 million pounds of material a day, about 500 car loads. The highest elevation in the United States is Mount Whitney, 14,501 feet and the lowest point

is Death Valley, 300 feet below sea level. Both points are in California and are but 60 miles apart.

Your Horoscope

November 9, 10, 11.—You are interested in public affairs, but rarely in politics. You are secretive, and not apt to confide in everyone, but when one has won your confidence and love they are surprised at the depth of your nature. You are a great reader, but do not care for the light, frivolous literature.

November 12, 13.—You are magnetic, inventive, and full of fun, although a vein of anxiety and sadness runs through your nature. You have keen mental ability and much self-control. You love to travel and want to be on the go all the time, but still cling to home ties. You are susceptible to flattery to a large extent.

November 14, 15.—You do not often give intentional offense, are affectionate and kind, and make many warm friends. You have a great deal of self-control and poise, and can take a large amount of undesired advice and keep absolutely silent, but you generally

return it later. You are fond of music and art, and your mental leanings are towards the scientific.

THOUGHTS OF SERIOUS MOMENTS

He who wishes to secure the good of others has already secured his own.—Confucius.

The great secret of help is encouragement.—Octavia Hill.

Be courteous of behavior and affable to all men; there is nothing that winneth so much with so little cost.—Sir Henry Sidney.

He couldn't think of driving slow, it raised his fretful ire; but he cut his speed to 35 just to save a thinning tire.

Whether on work or pleasure we are bent, it's well to keep in mind that lack of care is the reason why of nearly every accident.

Texas' 14 deepwater ports lying along the Gulf of Mexico constitute one of the greatest shipping communities on any coastline in the world.

HOUSEHOLD HINTS

Don't cover the dish in which apples are being baked. Lemon juice and salt make a good dressing for alligator pears. The spout and grooves of the coffee-pot can be kept clean with a slender, stiff-bristled brush.

There is only one time for any individual to take a forward stride: immediately.

County Federation Meets at Vivian Next Thursday

The Foard County Federation of Women's Clubs will meet at the Vivian school house next Thursday, Nov. 19, with the ladies of the Vivian Home Demonstration Club as hostesses. The meeting will open at 10:30 a. m.

Mrs. S. S. Bell will be the leader for the day and the subjects for consideration are "Health and Thanksgiving." The usual covered dish lunch will be served at the noon hour. Mrs. H. Schindler, the Federation president, asks that a large number of the ladies attend.

High School 4-H Club Meets Thursday

The 4-H Club of High School met Thursday, Nov. 5, with ten girls present. After a business meeting, the meeting was turned over to the Home Demonstrator, Miss Elizabeth Elliott.

Miss Elliott made a check of the scrap materials which had been collected by the girls, and there had been turned in 1,589 lbs. of scrap metal, 1,329 lbs. of rubber, and the members had bought \$164.50 worth of defense stamps and bonds.

The next meeting will be held on Nov. 18.

B. & P. W. CLUB MEETS

The Business and Professional Women's Club met for its regular business meeting at O'Connell's last Thursday, Nov. 5, with Lottie Russell presiding.

Materials to be used in making utility bags for Red Cross were distributed. The members who were not present and who desire to make some of these bags may secure same from Lillie Welch.

"Food for Defense" was the topic of discussion brought by Hazle Harrison, program chairman for the evening and "A New World" was discussed by Sallie Archer. Eleven members were present.

Crowell P. T. A. Will Meet Next Tuesday at 4 P. M.

Supt. I. T. Graves will be the principal speaker at the November meeting of the Crowell P. T. A. on Tuesday, Nov. 17. The meeting will be held in the Music Room of Mrs. Arnold Rucker and will be at 4 o'clock instead of 3:30 as has previously been the custom. Mr. Graves will have for a subject, "Education—Bed-Rock of Democracy." Mrs. R. L. Kincaid will be program leader.

The kindergarten pupils of Mrs. Q. V. Winningham will have a part in the program. Inasmuch as it will be "Book Week" there will be a book display from Lovelace's Book Store at Wichita Falls and the room awards for attendance will be made in books instead of money.

A large attendance is urged for this important meeting.

THALIA 4-H CLUB

The Thalia High School 4-H Club met November 6, with Miss Elizabeth Elliott, Foard County Home Demonstration Agent, and six members present.

Officers were elected as follows: Wilma Fleisher, president; Phyllis Croxton, vice president; Hazel Marlow, secretary and treasurer; Evelyn Bradford, reporter; Joy Croxton, recreation leader; Naomi Crisp, garden demonstrator; Wilma Fleisher, bed room demonstrator; Hazel Marlow, county committee delegate; Evelyn Bradford, county committee alternate. The sponsor has not been chosen yet.

Miss Elliott gave an interesting talk on how to make necklaces and lapel pins. She showed many different pins made of felt and leather and necklaces made of cantaloupe seed.

At the next meeting, Nov. 27, each member will bring cantaloupe seed, dye, old leather, an old felt hat, thread, needles, pins, glue and thimble to make necklaces and lapel pins.

The people who are doing their jobs best seem to be having a very good time.

Kit Bags Urgently Needed by Soldiers; Appreciation Voiced

Letters from soldiers in the armed forces written to their homefolks and to the Red Cross authorities indicate a deep appreciation for the kits which are being made and have been made and sent to them in numbers of places, representing the devotion and loyalty of the folks back home.

A list of the contents of the bags has been given in this paper recently and it consists of essentials for comfort and health, as well as for pleasure. The call for woman power to do this bit of service for the soldiers and sailors is urgent.

Reproduced below is a letter from William G. Creeman, Capt. U. S. Navy, Commanding U. S. S. Astoria, to Red Cross Field Director Alfred S. Campbell, expressing his appreciation and the appreciation of his wounded and the survivors of his ship for the kit bags which were ready for their needs in that emergency.

"Red Cross Field Director Alfred S. Campbell:

"Dear Sir:
"In behalf of the surviving officers and men of the U. S. S. Astoria, I wish to express to you our deepest appreciation of the assistance rendered by the American Red Cross to our personnel at a time when all were practically destitute of the essentials for health and comfort. Not only did you supply us with sufficient Red Cross kit-bags for each officer and man when they were sorely needed, but you collected from shore and other sources, razors, toothbrushes, and other necessary toilet equipment which added extensively to the physical comfort of all, and particularly, the wounded. By copy of this letter I wish to advise the Head of the Military and Naval Welfare Service of the Red Cross of your timely aid and the initiative you displayed in procuring equipment which added much to the comfort of our officers and men.
(Signed) Wm. G. Creeman,
Capt. U. S. Navy,
Commanding, U. S. S. Astoria.

4-H CLUB MEETS

The girls of the fifth grade 4-H Club met at 10 a. m. Thursday, Nov. 5 with the president in charge of the meeting.

Games and songs were enjoyed and the members made animals of felt and leather.

One can be just as homesick away from a four room cottage on a back street, as he can be from a ten room house up on the avenue. The love of home is nothing to do with its size or location. Whatever it is and wherever it is it is home.
