Home Demonstration Council Meets; Annual Exhibit Day to be Observed Saturday at Ringgold Building

The meeting of the Foard County Home Demonstration Council Saturday in the office of Elizabeth Elliott, home demonstration agent, 6 clubs were present and 13 members were present.

Free Rationing Will Start Sunday, November 29th

Detail sales of coffee to consumers was suspended from midnight Saturday, Nov. 21, until next Saturday, Nov. 28, beginning Sunday, Nov. 29, purchases may begin again under the new stamp from Ration Book No. 1—the book consumers have been using for purchases during this year.

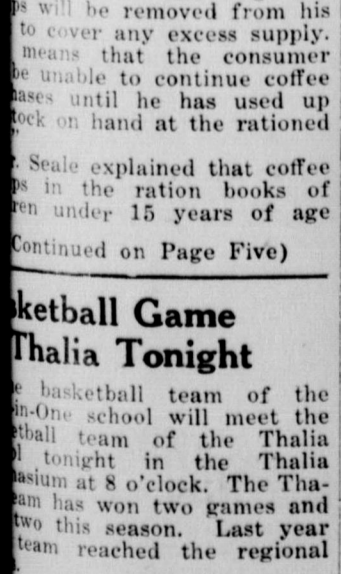

Little Daughter of Mr. and Mrs. Luther Denton Died Monday

Kay Wynelle Denton, little 3½-year-old daughter of Mr. and Mrs. Luther Denton, passed away at the family home Monday, Nov. 23. She had been ill for only a short time. Funeral services were held at the Methodist Church Tuesday afternoon at 3 o'clock with Rev. W. B. Fitzgerald, pastor of the First Baptist Church officiating.

HOSPITAL NOTES

Foard County Hospital
Patients In: Mrs. H. Schindler
Patients Dismissed: Mrs. Melvin Neyman, Mrs. Lawrence Johnson and infant daughter, Mrs. Eldon Watson, Mrs. Otis Coffey

Fighting Skipper

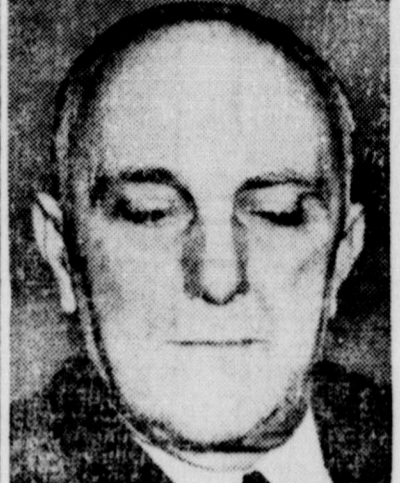

The gallant light cruiser, Boise, completed a trip home after sustaining grievous wounds in battle action in the Solomons. The ship, which was brought against heavy Jap cruisers, was chiefly instrumental in sinking six Jap warships. Capt. E. J. ("Mike") Moran, skipper of the Boise, is shown being greeted on the deck of his ship by Adm. Ernest King, commander-in-chief of U. S. fleet, as the Boise reached the Philadelphia navy yard.

TIRE RATIONING

Truck and bus tires and... Clyde Knight, Telephone... Glenn Jones, W. R. Womack, Joe Rader, Robert Ham... Carl Lawson, Herman... D. M. Wisdom.

For 'Free Italy'

Count Carlo Storza, former foreign minister to Italy, now an exile in the U. S., leads in move for a free Italian national council. The purpose is to form a fighting legion of Free Italians to join hands with the Allied forces in North Africa.

Scrap Iron Hunt to be Intensified Remainder of 1942

The scrap iron and metal drive will be intensified during the remaining weeks of 1942, it was stated in a telegram to The News from Donald M. Nelson Wednesday morning. Mr. Nelson's telegram follows: "The Government is asking the American farmer to dedicate the remaining weeks of 1942 to an intensified scrap hunt. Steel mills need more heavy scrap and the farms are one of the best sources of this type of metal. We need your further help in this farm drive, and in aiding our salvage committees to continue this effort throughout the next few weeks. Mats and other material to help you are being prepared and will be mailed soon. All salvage committees are being instructed to continue to make available to the farmer all their transportation facilities and manpower, and to co-operate with you in every possible way. The nation is looking to the American farmers. I am sure, with your help, he will come through."

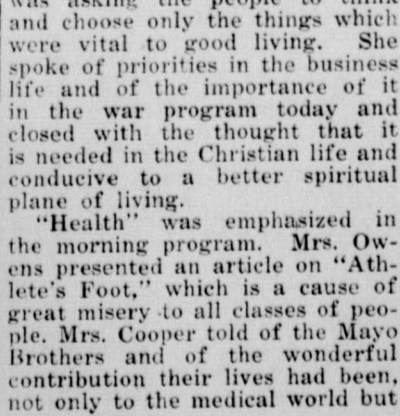

County Federation Meets at Vivian

The Vivian Home Demonstration Club was hostess on Thursday, Nov. 19, to the Foard County Federation of Women's Clubs. Mrs. H. Schindler, the president, being absent, the chair was occupied by the vice president, Mrs. T. W. Cooper.

Nearly 14,000 Bales of Cotton Ginned in County

A report from the various gins over the county discloses the fact that there have been approximately 14,000 bales of cotton ginned up to late Wednesday. The ginners say that the season is drawing to a close rapidly but that there is an estimate of 2,500 bales yet to be harvested. The crop, on a whole, is declared to be a bumper one.

U. S. Truck 'Occupies' North Africa

In this picture an American army truck is shown coming ashore from a landing barge during operations in the occupation of French North Africa. British and American soldiers—the latter wearing a miniature American flag on the arm—carry out the beaching operation. The westerman co-operated 100 per cent in this grand scale operation, which wrested North Africa from Vichy's pro-Axis hands. At this spot there are often heavy swells, but on this day it was calm. (Photo approved by war department.)

Letter Mail to be Carried to Vernon in Late Afternoon

Two sacks of letter mail will be made up in the Crowell post-office at 5:45 or 6:00 o'clock each afternoon and will be transferred to the depot of the Fort Worth & Denver Railroad in Vernon by the Mistletoe Transit Co., it was announced Monday by Postmaster Alva Spencer. One sack will be for the south-bound Denver and the other for the north-bound. These sacks will be taken directly to the depot and letters for distribution in Vernon will not be included. Mail going out of Crowell in this manner should be posted between 5:30 and 6:00 o'clock.

Oldest Citizen of Foard County Dies Tuesday Evening

Last Rites Will Be Held in Thalia This Afternoon at 3

J. G. (Uncle John) Thompson, of Thalia, pioneer resident of Foard County, passed away at his home about 9 o'clock Tuesday evening after an illness of several months. However, he had been doing better for a few weeks and he had not seemed to be any worse, but passed quietly away. Funeral services will be held at the Church of Christ this afternoon at 3 o'clock, with Rev. L. E. Garner as the minister in charge. Womack Funeral Home will be in charge of arrangements. John Garland Thompson was born in Green County, Ky., on Nov. 14, 1849. He came to Texas with his parents in 1852 and, in 1853, his father, H. N. Thompson, settled on a farm in Collin County. Mr. Thompson married Miss Florence Johnson on Sept. 1, 1881, in Collin County and five years later they came to this section, where they have resided since that time. Mrs. Thompson died Jan. 4, 1928.

First War Casualty for Foard County Reported Tuesday

Mr. and Mrs. Verg Allen received a telegram from the government early Tuesday morning which gave them the sad news that their son, Pvt. Willis Allen had been killed in action in North Africa. He arrived there on Nov. 8 and was killed Nov. 10. Pvt. Allen enlisted in the service in Jan., 1940. His parents recently visited him at Brownwood, just prior to his sailing for parts unknown. "Little Verg" as he was familiarly known, was born in Crowell on July 23, 1919. He attended the schools here, and, when still quite young, began work in the grocery stores in town, having worked for some time for Herman Fox, who was then in the grocery business. Besides his parents and six sisters, Allen leaves a wife and small child, who are at the present time, living in Sulphur, Okla.

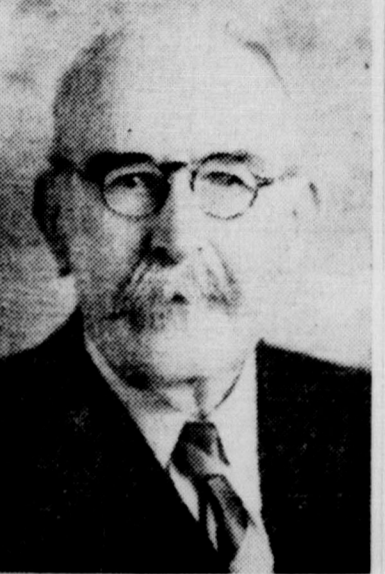

Missionary from India to Speak at Methodist Church Friday Night

Mrs. Caperton Pace, a returned missionary from India, will speak at the Methodist Church Friday evening at 7:45 o'clock. Mrs. Pace comes from a missionary family. Her parents were workers in India for years and she has a sister, who is also a missionary in India. Mrs. Pace, with her husband, has recently returned from that country. The public is cordially invited to hear her speak and they are promised a treat for she is a forceful speaker.

Thanksgiving Service at Methodist Church at 10 o'clock

At 10 o'clock on Thanksgiving morning, (today) there will be a Thanksgiving service held at the Methodist Church to which everyone is invited. Rev. H. A. Longino, pastor of the Methodist Church, will bring the message. Those who sing are urged to assist with the singing.

J. G. THOMPSON

Men in Service

Pvt. Ocie H. Marlow, son of Mr. and Mrs. Arthur Marlow of Thalia, has graduated from an intensive course in aviation mechanics at Sheppard Field, Wichita Falls. He is now eligible to go further in training in the line to become crew chief and to win higher ratings.

Little Girl Burns to Death in Home Sunday Afternoon

Wanda Laverne Daniel, little daughter of Mr. and Mrs. Cecil Daniel, was burned in such a manner at the home Sunday afternoon, that death followed soon after. Her mother had built a fire in the wood heater and had gone from the room for only a very few minutes when the screams of the child reached her and she found her enveloped in flames. Her dress had caught when a door to the room had been opened by another child and the fire had blown out from the stove. Funeral services were held at the Womack Funeral Home Monday afternoon at 5 o'clock, with Rev. W. B. Fitzgerald, in charge. Burial followed in the Crowell cemetery. Roy Barker, Bill Rice, Dick Ballard and Pete Goodwin served as pall bearers.

Wanda Laverne Daniel, Little Girl Burns to Death in Home Sunday Afternoon

Wanda Laverne Daniel was born on Sept. 16, 1940, which made her two years, two months and five days old. She is survived by her parents, two sisters, Virginia Ruth and Ada Lois, and one brother, Earl. Two grandmothers, Mrs. Ruth Daniel, Mrs. Floyd Killough, and one grandfather, Mr. Killough, and a number of uncles and aunts and other relatives also survive.

A Batch of Rubber

Using an ordinary bakery mixer, Tom (left) and Jimmy Richards of Los Angeles, who call themselves "monkey wrench researchers," are shown turning out a batch of the synthetic rubber they have developed. They say it can be produced from waste vegetable matter, waste milk, etc., and can be made for 35 cents a pound, compared with 40 to 70 cents for other synthetics. They say Rubber Car Jeffers is "interested."

Staff Sgt. Fred Spears is now located at Camp Rucker, Ala., according to information given The News. Fred enlisted in the Army April 21, at Odessa, Texas.

Pvt. Rudolph Matus of Fort Sam Houston, San Antonio, spent a short leave visiting his parents, Mr. and Mrs. John Matus of the Thalia community, last week.

Mrs. T. M. Beverly received a letter from her son, Pvt. Tom Beverly, Wednesday morning. The letter was written on Nov. 11, and stated that he was well and getting along fine. Mrs. Beverly had not heard from her son for about six weeks.

Lieut. Sam Crews, who has been stationed at Pearl Harbor since before the attack on that place nearly a year ago, is here on a visit to his parents, Mr. and Mrs. S. T. Crews. Following his furlough, he will report to a camp in Virginia, for duty.

Pvt. Ralph Bell of Fort Benning, Ga., is at home visiting his mother, Mrs. W. S. Bell, and other relatives and friends.

Pvt. Floyd Thomas, who is stationed at Fort Sam Houston, San Antonio, is here visiting his wife, and his mother and friends.

Sgt. Jimmie Williams of Kelley Field, San Antonio, is spending a few days here visiting his grandmother, Mrs. Jim Long, and other relatives and friends.

Pvt. Clyde Eddy, who was inducted into the U. S. Service a few weeks ago, has spent this week here visiting his wife, his parents and friends.

Crowell High School Wildcats Won 12-A District Championship Friday Night by Defeating Archer City Wildcats, 19 to 6

The Crowell High School Wildcats became district 12-A football champions Friday night when they defeated Archer City by a 19 to 6 score. This makes Crowell eligible to play the winner of District 11-A for bi-district honors. Stamford is the only undefeated team of that district, but they have a district game with Haskell this week-end, and the site for the bi-district game cannot be set until that game has been played. It was Arnold Smith that made all three of Crowell's touchdowns last Friday night, but the entire team deserves much credit in the scoring. With Smith carrying the ball in extraordinary fashion behind excellent blocking of the

Men in Service

Men in Service

Payton Powers, P. H. M. 2nd Class, U. S. Navy, has recently been transferred from Corpus Christi to the Naval Receiving Station at Orange, Texas.

Seaman 2nd Class Alvin Dawson left Monday for San Diego, Calif., after visiting for several days with his parents, Mr. and Mrs. C. Dawson. Alvin was on a 9-day furlough.

Corp. Humphrey Dockins, who is stationed at Camp Berkeley, Abilene, was here Sunday to visit his wife, his father, Tom Dockins, and his grandparents, Mr. and Mrs. Dockins.

Pvt. Norvell Howry, brother of Carl Howry of Crowell, has written his brother from "somewhere in Africa" and says that he is well and fine. He sent a photo of himself to his brother's family, also.

other ten boys, a stout Archer City team had to yield. Cauthan and Bird broke loose time after time to help in Crowell's 212 yards gained from rushing. Archer City was able to make only 144 yards. Crowell led in first downs 14 to 9. Crowell scored late in the first quarter when Smith plucked over from the three yard line. The touchdown was set up by a twelve yard pass from Smith to Bird. The try for extra point was wide, and the first quarter ended with the score 6 to 0. Archer City out-played the Crowell boys in the second quarter making a touchdown on Williams' line plunge from the one yard line. Morrison's short passes to Brock helped to get the ball in scoring territory. They also missed their extra point, and the half ended with a 6 to 6 tie. Crowell received the second-half kick-off and didn't lose the ball until they had scored on another of Smith's line plunges. A well executed pass play from Smith to Clifford White, who lateraled off to DeWitt Cauthan, picked up twenty-five yards in this series of plays. Smith scored again in the fourth quarter on a line play after Cauthan and Bird had made several nice gains on reverse running plays. Smith plucked the extra point over to make the final score 19 to 6. Bird went through the line for a sensational forty yard gain late in the game after Smith had given him a forward shovel pass. C. J. Kelton, blocking back for Crowell, worked in perfect harmony.

Albert Lee Earthman of San Angelo visited his parents, Mr. and Mrs. Ernest Earthman, here last week-end.

Announcement has been made of the marriage of T. R. Cates to Miss Wanda Self on Nov. 7, in Frederick, Okla. Mrs. Cates is the daughter of Mr. and Mrs. Clyde Self and Mr. Cates a son of Mr. and Mrs. T. R. Cates Sr., both of this place. They will reside in Vernon. Both of them attended Thalia school.

What becomes of the miles you don't drive?

Today undriven miles are war weapons.

The rubber you don't use is airplane tires, antitank-gun treads, machine-gun mounts, life rafts, tank-interior pads, pontoons, and hot water bottles for field hospitals.

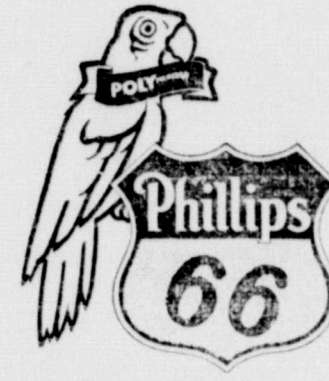

The gasoline you don't use is fuel for fighter and bomber planes, for jeeps and tanks, for motor torpedo boats and armored cars. And more, the magic of the new petroleum chemistry takes the material, which formerly became gasoline, and Aladdin-lamps it into precious synthetic rubber and devastating high explosive.

The same intensive Phillips research which in peacetime was

dedicated to improving Phillips 66 Poly Gas and Phillips 66 Motor Oil now, vastly increased in scope and faster in tempo, serves the Nation's victory program.

In the same national interest, every patriotic driver is cutting his miles and his speed, making his car and his tires last longer and go farther.

Every Phillips 66 Service Man is pledged to help you in this effort. Make certain to enlist his aid when you stop at any Orange and Black 66 Shield for Phillips 66 Poly Gas, famous for fast-starting pep and extra mileage... and Phillips 66 Motor Oil, 100% paraffin base.

AN APPEALING SITUATION

Groups of individuals who seek even transitory gain during the present conflict, are a decided threat to the ultimate outcome and to the peace.

Representatives of organized labor are frankly striving to bulwark their groups against post-war conditions, at the expense of present war production.

Regardless of consequences, they demand and have been getting ever-increasing wages on the theory that they have a "right" to keep fully abreast of the rising cost of living. They are accumulating, in the name of the unions, gigantic tax-exempt reserves. They are accountable to no one for the disposition of these funds. The money can be used for the direct benefit of the rank-and-file members—or it can be used in the evil ramifications of bureaucratic politics.

Many labor organizers deliberately intend to put labor, and more specifically themselves, in the saddle after the war. To put it bluntly, if they have their way, no man returning from the Army will be able to get a job until he has joined and paid heavy tribute to a union boss.

In the meantime, the rest of America stands by, faced with paralyzing taxes, a steadily falling standard of living, and lengthening casualty lists from the front. Men with dependents are being or soon will be drafted into the Army by the millions. What of them? There is no thought of the standard of living for dependents they are leaving behind. In most cases, the government allows hardly enough for food, let alone anything for clothing and shelter. There is nothing left but charity for the family of men who are fighting and dying to save our basic liberties—yes, even the right of the highest paid laborer in the world here at home, to strike. What an appalling situation!—Industrial News-Review.

visit in Leary with his parents, Mr. and Mrs. Lee Shultz.

E. G. Grimsley and daughters, Mrs. William Wisdom and Mrs. Elmer Patterson, were called to Wichita Falls Friday on account of their wife and mother having undergone an appendicitis operation. She is doing nicely.

Pvt. Ralph Shultz of Wichita Falls visited Edward Shultz and family here last week-end.

SAFETY SLOGANS

He wouldn't keep his side of the road, he went straight down the middle, and now he sits by the Pearly Gates, strumming away at his fiddle.
"Slippery When Wet" is a sign we see on the highways as we flit by. The same could be said of the kitchen floor as many testify.

The area of Texas is 268,000 square miles of land and 100,000 square miles of inland water surface, according to a recent survey of the U. S. Bureau of Census issued April 11, 1941.

Over the Top by New Year's Is the Plea of Secretary Morgenthau

November 13, 1942
As of today twenty-one million American workers are investing eight per cent of their salary - every pay day - in United States War Savings Bonds. This is a very remarkable tribute to our armed forces who are fighting this war. But this job is only two-thirds accomplished. There are nine million additional American workers who are not investing in War Bonds every pay day. This appeal is directed to two groups of Americans: First - the twenty-one million people who are investing eight per cent of their wages. We ask them to increase their investment to ten per cent or more. Second - the other nine million whom we ask to join the Payroll Savings Plan and to invest ten per cent or more of their earnings. It is our earnest hope here at the Treasury Department that by New Year's Day thirty million Americans will be investing ten per cent or more of their wages in War Bonds through the Payroll Savings Plan. Harry Morgenthau Jr. SECRETARY OF THE TREASURY

spent the week-end with her parents, Mr. and Mrs. John Black. Pvt. Howard Lee Black of Lubbock spent the week-end with his parents, Mr. and Mrs. Homer Black.

Several from here attended the football game at Crowell last Friday night.

Mrs. H. A. Smith was in Benjamin on business Tuesday.

Mr. and Mrs. S. E. McRoberts of Clovis, N. M., spent the week-end with her parents, Mr. and Mrs. T. T. Berg.

Frank Gordon returned Tuesday after a week's visit with his brother and wife, Mr. and Mrs. Gene Gordon, in Wichita Falls.

Pvt. J. C. Randolph of Camp Edwards, Mass., is visiting his sister, Mrs. Lester Marchbanks, and his brother, Ralph Randolph.

ANSWERS

9. He is an American violinist.
10. New York.

Your Horoscope

November 23, 24, 25.—You are masterful, fearless, positive, and are born to command and generally do. You are impatient with dictation, and anyone who interferes with your work is apt to hear about it. You like for your efforts to meet with appreciation and praise, and are disappointed if they do not. November 26, 27, 28.—You like to be in command, although you recognize the ability of your helpers and do not withhold praise to which you consider they are entitled. You are equally severe in your criticism. You do not like to own up to a mistake or acknowledge yourself in the wrong. You like for your clothes to be of the best material and latest fashion. You make some bitter enemies, and a few warm friends.

HOUSEHOLD HINTS

For the best results in spreading sandwiches, the butter should be worked soft before attempting to spread. Cookies should be cooled completely before storing in a covered jar or box. Never use soft butter or lard in making pie crust—the shortening should be hard and solid.

Take heed that ye do not your alms before men, to be seen by them; otherwise ye have no reward for your Father which is in heaven.—St. Matthew 6:1.

There may be some unpleasant features about rationing, but however unpleasant they are, the situation is better than in World War One when no attempt was made at rationing and those with the money rushed in and bought and caused prices to skyrocket.

The home town merchant is not going to be able to supply all the things that he was able to supply in the days before the war.

There won't be much sitting around the house this winter if the government's order to maintain 65 degrees temperature is carried out.

Following the line of least resistance is what makes men and rivers crooked.

THANKSGIVING

We realize that there are many things for which we should be thankful at this particular Thanksgiving season. We are prone to think so much of the bleak, horrible side of the war situation that we overlook the fact that there are things around us for which we should be extremely grateful—friends, family, sunshine, food, clothes, the sunrise, the sunset, and the many, many blessings which are too often overlooked.

The change in the outlook for our free country, the bravery of our gallant manhood, the response of the citizenry in general to calls made for little privations, which are so small in comparison with the sacrifices of the soldiers, sailors and all men in the service; all these things are heartening and the thanks and gratitude of the American people should perhaps be evident in a greater degree than in any period in the history of the nation.

The government is talking of reducing the production of news print and other paper to release the men and the materials for defense industries. Of course, we don't expect much attention to be paid to it but we would like to make a suggestion that the government bureau cut down on the amount of material that is being sent out, much of which is of little value.

The scrap drive is not over. It won't be over as long as the war lasts or as long as a bit of metal or usable material is to be found in homes and on the farms of the nation. As long as ships and guns and planes are being made scrap will be needed.

At a recent meeting held in the middle west farm section a representative from Washington attempted to tell the farm women what they should be doing to help win the war.

The broadcasts on Rommel's retreat furnished the best music we have heard over the radio in many a day.

TOO MANY "HELPERS"

HISTORY

Thanksgiving Day—The Last Thursday in November: The observance of Thanksgiving Day as a National American festival dates back to 1863. While there had been Thanksgiving days previous to this in some states the day was not known as a National Thanksgiving Day.

The Japs at home will turn pink and blue and green with envy when they hear how well the Japanese aliens interned in concentration camps are being treated by the American government.

of Thanksgiving had been issued for three hundred years by governors of the American Colonies. President Lincoln's proclamation was the first that did not call upon the people to celebrate on a bloody victory.

The light vote cast was due, not to lack of interest, but partly to the fact most of the younger people who put the spirit and the zip in a political campaign were in the armed forces or employed away from home in a defense plant.

What We Think (By Frank Dixon)

Now that the election is over, the votes counted, and the results definitely known, it is interesting to attempt some appraisals of the results to discover why people voted as they did.

In the beginning it might be said that while there is a certain amount of static voters in the United States, that is, voters who never vote anything except the straight party ticket, there is a considerable group who vote their likes and dislikes.

It is the vote of this group that puts into the American election the element of uncertainty that relieves it from a monotonous cut and dried procedure.

A certain amount of the vote might be classed as a protest vote. In this group might be put those in the oil producing sections of the country where oil is plentiful who feel that they are being unnecessarily deprived of fuel oil because it has become necessary to deprive some other section of the country of oil.

Another group felt that labor is being favored by the administration above other groups, that labor, like the king, can do no wrong, and that favors and concessions have been given it by the administration to the detriment of other classes.

Another group felt that the war was not being prosecuted vigorously enough. They felt that there was too much delay, too deliberate action, not enough offense and too much defensive action.

Still another group might be classed as those who vote an administration out when their bellies are empty, and then turn against the administration as soon as their bellies are full.

The light vote cast was due, not to lack of interest, but partly to the fact most of the younger people who put the spirit and the zip in a political campaign were in the armed forces or employed away from home in a defense plant.

Bring Your Insurance Problems To Us. Complete Service in All Lines. Hughston Insurance Agency. Phone 238. Crowell, Texas.

Another Example of Red Cross Aid. Rehabilitation by the Red Cross is underway in the area struck by the tornado of October 23, 1942. The Red Cross has completely demolished 200 houses, and damaged 202. More than 50 victims required hospital care. Berryville, Ark., was the center of the area struck.

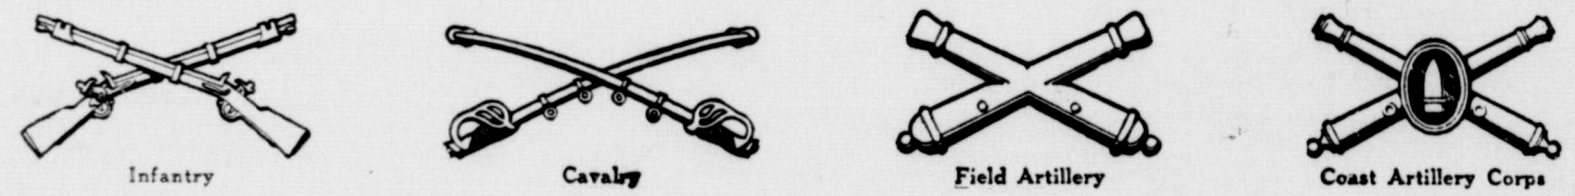

ANOTHER MANDATE

To the majority of unprejudiced observers, the recent election expressed the opinion of our citizens in no unmistakable manner on some very elemental problems the country faces.

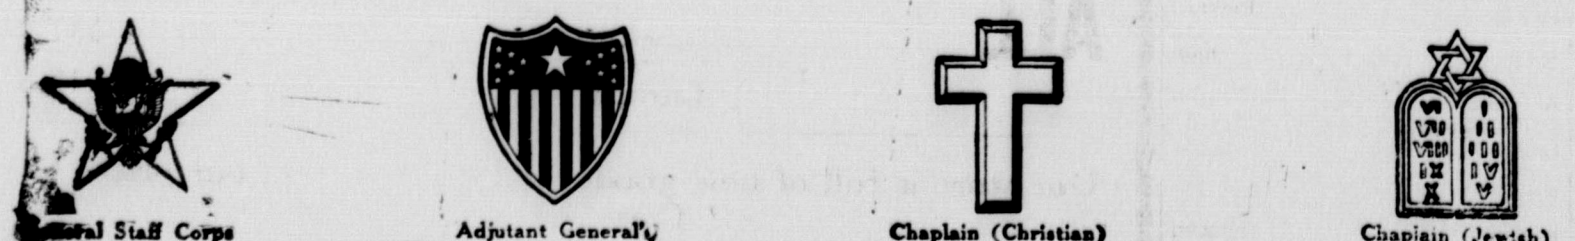

Without going into any partisan political angles, the handwriting on the wall is clear for Republicans and Democrats alike, as well as for any group seeking special privileges or favors at the expense of all the people.

The vote seemed to indicate plainly that above all else we want the war pushed to the limit of our ability with politics eliminated; that the people are tired of labor policies that put a premium on restricted production when increased man-hours are imperative; that the social reformer and business baiter be put on the shelf for the duration.

COLLAR AND LAPEL INSIGNIA, UNITED STATES ARMY

The insignia shown here are those of arms and services of the Army of the United States. In the top row are insignia of Army Ground Forces—Infantry, Cavalry, Field Artillery, and Coast Artillery Corps—worn by officers and enlisted men alike.

Officers wear the insignia in the form shown herewith on both lapels of the uniform coat and on the left side of the collar of the uniform shirt when the coat is not worn. Enlisted men wear the branch insignia only on the left side of the collar of the uniform coat. Their insignia are considerably smaller, superimposed on metal disks one inch in diameter.

Let's Talk About Money ... and WAR. When you hear that bombing planes cost \$335,000, tanks \$75,000, anti-aircraft guns \$50,000—And when you hear, too, that America needs 60,000 planes, 45,000 tanks, and 20,000 anti-aircraft guns at once—

Crowell Nat'l. Farm Loan Association Has Made 584 Loans

The Crowell National Farm Loan Association has had a big part in the 100,000 Federal Land Bank loans closed in Texas. According to J. C. Thompson, secretary-treasurer, 584 loans have been made in this territory to farmers and ranchmen.

"The recent closing of loan No. 100,000 in Grayson County through the Sherman National Farm Loan Association makes us proud of the service rendered by the Land Bank system in its 25-year history. This loan was only a few miles away from loan No. 1 closed in 1917, and today in good standing, well on the road to being paid off through systematic payments out of earnings of the farm under a long-term, low-interest-rate loan," stated Mr. Thompson.

The Crowell National Farm Loan Association has closed 480 Land Bank loans, and 104 Land Bank Commissioner loans for a total of \$2,459,930.00, out of which \$1,501,353.00 has been retired. Mr. Thompson said that the national farm loan associations in Texas owing the Federal Land Bank of Houston have closed approximately \$344,000,000 in Land Bank loans and \$83,000,000 in Land Bank Commissioner loans. Of this amount, about one-third of the number and one-half of the face amount of loans closed have been repaid.

Officers and directors of the Crowell National Farm Loan Association are: S. Moore, president; J. J. McCoy, vice president; S. Moore, H. E. Davis, W. B. Jones and Ike Everson are directors; and J. C. Thompson, secretary-treasurer.

Included in the Lend-Lease arrangement with Russia is the Detroit tire manufacturing plant of the Ford Motor Co. This will be dismantled and shipped to Russia. The equipment is expected to produce 1,000,000 tires a year from synthetic rubber which the Russians have been making for the past ten years. The plant, considered to be the finest in the nation cost the government \$5,000,000.

Wins District—

mony with Crowell's outstanding guards, Paul Vecera and Kenneth Archer, to pave the way for Crowell's ball carriers. Gordon Erwin, Billy Fred Short and Glen Taylor continued their splendid work on defense at the tackle positions.

The Line-Ups

Crowell	Position	Archer C. Campbell
Parkhill	Left End	Rogers
Short	Left Tackle	Wingo
J. Sollis	Left Guard	Willingham
Archer	Center	Bates
Vecera	Right Guard	Pickard
Erwin	Right Tackle	A. Berryman
White	Right End	Morrison
A. Smith (c)	Quarterback	Brock
Cauthan	Left Half	Williams
Bird (e)	Right Half	Johnson
Kelton	Fullback	

Crowell Substitutions—Wharton, Gobin, Taylor, P. McDaniel, J. Carter. Archer City Reserves—Line-men: Tucker, Hilton, Stanford, Baum, Trent, Burkett, G. Berryman; Backs: D. Davis, Stark, V. Davis, Brown. Officials—Foster Richmond (N. T. S. T. C.), Olney, referee; John Smith, (McMurry), Benjamin, umpire; Warren Morton, (McMurry), Truscott, headlinesman.

ROTARY CLUB

Pvt. Floyd Thomas of Ft. Sam Houston, San Antonio, who is an honorary member of the Crowell Rotary Club, was a guest at the Wednesday meeting of the club.

The program consisted of the reading of a Thanksgiving prayer which appeared in the Saturday Evening Post by Dwight Moody,

CARD OF THANKS

We desire to express our sincere thanks and appreciation to the friends who ministered to us during the tragedy which we have been through in the loss of our little girl. They will always be remembered and cherished by us. Mr. and Mrs. Cecil Daniel, Mrs. Ruth Daniel, Mr. and Mrs. Floyd Killough.

Coffee Rationing—

(Continued from Page One)

must be left in their books and will be surrendered when War Ration Book No. 2 is issued.

For the benefit of those who live in remote localities or where transportation facilities make the buying of supplies in small quantities a hardship, Mr. Seale pointed out that a consumer may apply to his Ration Board for a certificate to buy as much as five pounds of coffee at a time, but in such instances, of course, a sufficient number of stamps will be removed by the Board to cover such advanced rations.

In spite of the shortage of coffee Mr. Seale emphasized that the price of coffee is controlled by the OPA regulations and no one should pay more than a particular merchant's ceiling price.

Mr. Seale added a word of warning to coffee buyers, advising them not to rush to a store on November 29 with all of a family's ration books and try to buy all of the coffee the stamps in those books might allow. "There will be enough coffee for everyone," he said. "That is the very reason why rationing is being started. Coffee loses its freshness and flavor if it is kept too long and it will be far wiser to buy a pound at a time as it is needed. Stamp No. 27 will be valid for five weeks and most grocers will have coffee all during that period any time it is wanted."

NEW BOOKS

On Tuesday, November 17, when the Crowell P. T. A. met in regular session, Mrs. R. L. Kincaid presented the various departments of the school a number of interesting books:

To the High School library she gave Ann Fogler's new novel of Nazi Germany, "The Seventh Cross," the story of the escape of seven prisoners from a Nazi concentration camp, and of the seven crosses erected in the courtyard to hang the captured men on. But George Heister's cross, the seventh, was a constant cheer and a ray of hope for the other prisoners. Also, Mrs. Kincaid gave the High School "The Conrad Arzoo," a collection of fourteen of Conrad's novels, beautifully illustrated with wood cuts by Hans A. Mueller.

To the Intermediate department Mrs. Kincaid gave the following books: "The Story Book of Gold," "Cocoon," "Sandergrard's II,"

Illustrated History of the United States," and "Brazil," to the primary department. "The Five Little Peas," a story of their escape from and return to the zoo, "Bounce," the life of the kitten, "Tom, Dick and Jerry," a book about 3 typical American boys, and "The Little Farm."

The whole school will enjoy these books, and every boy and girl wishes to say, "Thank you, Mrs. Kincaid."

VOTE FOR POLLY!

That is practically enough said because everybody knows Polly. She's that little blond sophomore with those darling dimples. And what a personality! There will never be another Polly Davis. So vote for her students of Dearold Crowell High. Make her the most popular girl, and you will be proud of her.

JUNIORS ORDER RINGS

After ten years of waiting and working, the Juniors have finally begun to order their Senior rings. A class meeting was held to select them. A beautiful ring was selected by the class. The Juniors will receive their rings by May first. This gives them through the summer of their senior year. Be patient, Juniors. They will be here by and by.

TRANSMOM PEEKER

Joe Ed Gillespie and Wanda Cobb were seen at the ball game. Some fun! Eh, what?

Cotton McNeese and Wanda Ketchersid were at the ball game. Not bad. They certainly seem to have a crush on each other. Billie Morrison and Elmer Boykin were seen together at the football game Friday night. Benny Brown's brother was here from Tech over the weekend. Gee! The girls of CHS certainly like Benny now.

Warren Haynie was very sad Friday night. Seems as if Ruth Dicks had to go home at the half.

Bessie Gamble and Kenneth Archer, Weldon Young and Helen Callaway, John T. Rasor and Clarine Roberts (Thalia) certainly were having a good time Sunday night at Thalia.

For Hire! A good chauffeur—Unemployed at the time. See John Thomas Rasor. For references ask Kenneth Archer and Weldon Young.

Well, we've never seen anything like this Kenneth Archer. He was with Bessie Gamble the first part of Saturday night, and Betty Zeigbig the last part of the night. Does he ever rate?

Seen at the game Friday night: Billy Joe Taylor and Leta Jo Carroll. Just another case where these Freshmen are really stepping out.

Paul Vecera and Joan Gentry had a good time for a while until poor Joan had to go home. Tough luck, kids. Better luck next time.

Well, Betty Johnson did get Booty after all Friday night. She also had him Sunday night! We've heard rumors that they are going steady now. If this is true, kindly let us know for sure, please. Betty Owens and Lee J. Stuet seemed to have a pretty good time at the ball game Friday night. No wonder the poor pep squad suffered.

Gayland Parris has a girl correspondent whose name is Donna Gibson. Boy, their letters are really something! And don't ask us how we know. After all, that's our business.

Speaking of "good" letters, Leta Jo Carroll has been getting some very good ones from William Joshme. We're wondering who he is.

We've been hearing quite a lot about Dorothy Chilcoat and Bobby Griffin.

Billie Morrison thinks Mike Salcom is really cute. Patsy Ketchersid thinks the same thing. Hey! Could this run in the family?

Travis Vecera and Benny Brown are still clicking. Bob Gobin seems to be simply "nuts" about Edwina Ross. Edwina, you aren't being true to the Navy.

Doris Jean Roberts, what do you and Milton Hall mean by flirting with each other in the hall? Sounds bad.

If you're all wondering why everyone is going around one minute looking like they've lost their last friend, and the next it's because yesterday was six weeks exam day, and then they happened to remember that today was Thanksgiving. A few holidays to rest up after those exams. They need them, too.

Well, happy Thanksgiving, anyway!

DISTRICT CHAMPIONS

Who won the district? We won the district. How? By outstanding performance of all the players.

Last Friday night the Crowell Wildcats earned the title of District Champs by defeating the Archer City Wildcats by a margin of 19 to 6.

Next Friday, the 26th our "old faithful," Coach Graves, and the Coach of Stamford will meet to flip a coin to decide whether the Crowell-Stamford bi-district game will be played here or there on the 4th of December.

JOKES

"No, son," said the newly recruited chorister: "It's Amen, not, Yea man!"

Dr. Fullis: "How is the boy who swallowed the half dollar?"
 Nurse: "No change yet, Doctor."

Little girl: I know something I won't tell.
 Bachelor: Never mind, child, you'll get over that when you are older.

Mary is just as beautiful now as she was twenty years ago.
 It just takes her longer to get

that way.
 "Let's have a friendly game of cards."
 "There's no such thing."

Gorman Flyer (at gates of Heaven): "We'd like to come in."
 St. Peter: "How many are there in your group?"
 Flyer: "Four hundred."
 St. Peter: "Sorry, only four of you can enter."
 Flyer: "Why?"
 St. Peter: "That's all Goebbels said were shot down."

Learner: "And what do I do if I lose control of the plane?"
 Instructor: "Hit something cheap."

Joe K.: What am I going to do? I dug a fence post hole and put the post in it and the dirt won't all go back in the hole.
 Mr. Myers: Dig the hole a little deeper.

A VITAL RIGHT

Natural resources are a basic cause of war. Nations which don't have them strive to gain them; nations which have them try to keep them; war itself cannot be waged to a successful termination without their products. From this, the conclusion could easily be drawn that natural resources are a curse. They most decidedly are when they are exploited by a few crazed maniacs with hypnotic power over millions of people.

But the use to which our natural resources here in America have been put during the last century and a half, show that our oil, coal and metal mines, timber, water power, etc., can be the greatest of blessings. Never has the world seen such comfort and security for the common man as has been attained by their use in this country. All of the creative genius of free men centered on securing a rising plane of existence for the individual. A form of government and a "way of doing business" made it possible to satisfy this urge. The opportunity for every man to make his living independently and free of government domination, is our basic law. This protects our system of free enterprise. As long as it is preserved, officialism cannot control votes to destroy it.

Our industries were developed to their present gigantic productivity by countless men—unknown men—free men. Until war came, every ounce of the collective energy of these men went toward making a better life for the common citizen. This is as it should have been, and will be again, providing our people, while making every sacrifice necessary to win the war, cling to one vital right from which stems all other

rights—the right of every American citizen in peace time to be the master of his own destiny, not the servant of a socialized state as in Germany.—Industrial News-Review.

KEEP 'EM ROLLING

Solving the rubber problem demands maximum co-operation on the part of the government, industry, and the public at large. In the brief period in which

Mr. Jeffers has had charge of the rubber program, he has cut a great deal of the red tape that delayed and blocked progress in the past. His office, working with the Office of Defense Transportation, is aggressively pushing for results. It is to be hoped that politics is kept out of the way—and that the defeatists who say that this country must reconcile itself to doing without motor transportation will keep their mouths shut.

The industries which are involved in the rubber program are doing an excellent job. The oil industry has vastly expanded its facilities for the production of synthetic rubber, and has simplified, improved and accelerated the manufacturing process. The tire companies are now making castings out of reclaimed rubber and synthetic rubbers which give fair service if properly used. And chemical companies are increasing their production of synthetic rubbers made from coal, grain alcohol, etc.

The experts are convinced that American ingenuity, American chemical genius, and American production methods can provide enough rubber to keep our vital automobiles rolling. In the meantime, the obligation of the public is clear. We should cheerfully accept the 35-mile-an-hour speed limit. No one should waste

rubber on unnecessary driving. And every car owner should have his tires periodically inspected and switched about on the wheels so that maximum mileage may be obtained.

No nation on earth is so dependent on individual transportation. Our cars will be kept on the road if the synthetic rubber program is freed of the dead weight of bureaucracy, and the public will practice rigid conservation.—Industrial News-Review.

Two Minute Sermon (By Thomas Hastwell)

God's Hope for Man: We read in Genesis of the destruction of the wicked cities of the river valley. The story, if it is literally true, predicted, might lead one to believe that God was a God of vengeance and brooked over the earth, waiting for some individual, or race, or city to go astray, that he might strike them down in vengeance and wrath. I do not believe that God works that way in the world today. True, individuals and communities and even whole races of people have been destroyed as a result of their sins, but the destruction did not come because of God's will. The Bible says it came against his will. The individual or the community or the race that suffers destruction is because of its sin, destroys itself. It ignores the law that sin brings death, physical and spiritual, death and blindness, and heedless goes its way and works its own death and its own destruction. God does not desire death for man. His hope is that man will turn from sin and live.

PAIN
 PULLS YOU DOWN

Now, more than ever, you want to stay on the job and do your full share of the work which must be done. Headache, Muscular Pains, Simple Neuralgia, Functional Monthly Pains slow you down, interfere with your work, spoil your fun. Have you ever tried DR. MILES Anti-Pain Pills when any of these common pains have made you miserable? Dr. Miles Anti-Pain Pills are pleasant to take, and prompt in action. They do not upset the stomach or make you constipated. A single tablet usually brings relief. Dr. Miles Anti-Pain Pills are compounded under the supervision of competent chemists. Get Dr. Miles Anti-Pain Pills at your drug store. Regular package 25¢. Economy package \$1.00. Read directions and take only as directed.

Record War Bond Sales Is Goal Of Women At War Week Nov. 22

WASHINGTON, D. C.—America's women in the cities and on the farms—in war factories and in their homes—are determined to make Women At War Week the greatest War Bond selling effort since Pearl Harbor.

Mrs. Franklin D. Roosevelt sounded the keynote for the Treasury Department's Women At War Week, Nov. 22 to 28, with an appeal to women to save "little things" to provide money for War Bonds.

"We women want to work hard, we want to be a part of this strenuous period because unless we are, we will not be able to face the men when they return and claim our share of the future responsibility for building a peaceful world," the First Lady declared.

The overall direction of Women At War Week rests with the Women's Section of the War Savings Staff under the leadership of Miss Harriet Elliott, Associate Field Director, and Mrs. Henry Morgenthau, Jr., Chief of the Special Activities Unit.

From coast to coast women in every community have made plans for torchlight parades, fashion shows, teas, rallies, store window displays, Stamp and Bond booths, pageants, civic sings, balls and mardi gras. In each locality administration of the one week drive rests with the local War Savings Committee which has worked out activities adapted to their areas.

Mrs. Morgenthau, in a special message for Women At War Week, declared that the spirit of America's pioneer women lives today more strongly than ever.

"The average American woman began to rise to new heights on Sunday, Dec. 7, 1941," Mrs. Morgenthau said. "This winter the average American woman will be spending less in order to save more to invest in War Bonds and Stamps. She will not, please God, ever have to fire a gun or fly a bomber. But she will, please God, always do everything she can to help buy anything—and the best of everything—that fires or flies or floats in this terrible war."

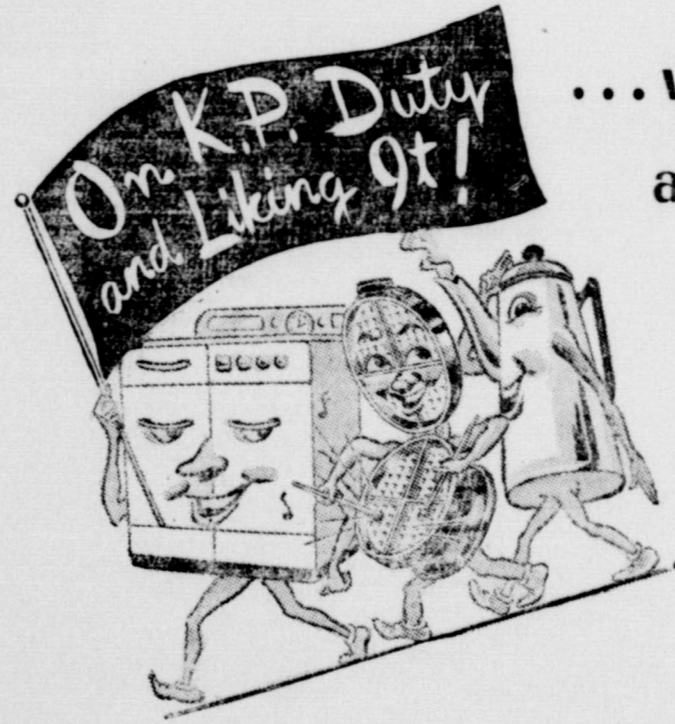

During Women At War Week volunteer War Bond saleswomen will wear an armband similar to the one being attached to the sleeve of Mrs. Henry Morgenthau, Jr., by Miss Harriet Elliott.

WOMEN AT WAR—Overalls, wrenches and drills replace fineries as these war workers in an Army Arsenal march to tank repair shops. Note the determination on their faces. These women are typical of hundreds of thousands who are working in war factories and investing part of their earnings in War Bonds.

Mrs. Roosevelt (left) says women help men at front by buying War Bonds. At right is the label tag which volunteers will wear during Women At War Week, Nov. 22 to 28.

You: Yes, West Texas is contributing much to the war effort. Food, cotton and wool for clothing men in the fighting forces. The whole world can be thankful for a bountiful harvest in West Texas. But, what do you mean, Reddy, "on KP duty"?

Reddy: This is the first wartime Thanksgiving Day. Many people will observe it over the country by working, turning out the weapons of war. Our power plants will be on the job as usual, providing electric service for your home and business, and for Uncle Sam's Army camps and for war industries—

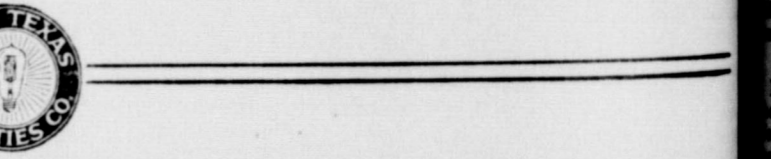

You: I see! On KP duty, too!

Reddy: Yes. Electric service is doing Kitchen Police duty EVERY day. And since the factories that used to make appliances now are doing war work, everybody should take good care of what they've got. Keep them repaired and in good working condition—

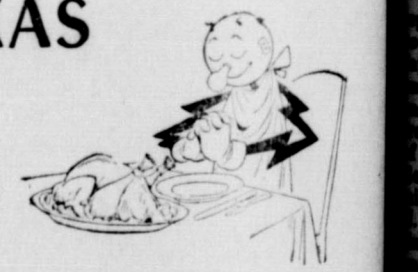

DEFENSE Watchman: What of the Night?

Buy War Bonds for Defense and our Freedom.
 Buy Life Insurance for the protection of those you defend. Government Bonds and Life Insurance are the best investments in the world today. Are you doing your best by investing in these securities? Call us for any information needed, advice, service or assistance.
 Yes, we would like some more good real estate loan applications.

ROSCOE RAINWATER, Vernon, Tex.
 General Agent
 United Fidelity Life Insurance Company of Dallas

... while all America gives Thanks for a bountiful harvest in WEST TEXAS

You: But suppose they break down... repairmen are hard to find and new parts are scarce.

Reddy: In that case, call the West Texas Utilities. Our service department has arranged to help out in emergencies.

You: Thank you, Reddy. I guess we can be thankful for you, too!

Reddy: Well, we can ALL be thankful for the American system of FREE enterprise under which any man or woman is free to create a business that fills a particular need in this or any other community, just so long as they give the best possible service at the lowest possible cost to the most people, pay taxes in support of the government, and contribute to the growth and development of the community.

You: Right! That's the West Texas way... the American way... of doing business!

Weekly Sermon

By the Rev. Kenneth S. Wuest, Member of Faculty, Moody Bible Institute, Chicago. How to Have Victory Over Sin Text: "Sin shall not have domination over you: for ye are not under the law, but under grace."

he tries to get victory over certain sins, he finds himself powerless to do so, for his evil nature forces him to keep on sinning.

But in the case of a Christian, God broke the power of the sinful nature when He saved him. The sinful nature has no more control over him, except that control which the believer allows it to have.

What should the believer do if there is a sin in his life, or when he is confronted with a temptation? Paul says, "Reckon ye also yourselves to be dead indeed unto sin" (Rom. 6:11). He means by that, that the believer should count upon the fact that God has broken the power of

sin in his life, he does not need to obey the sinful demands of the evil nature.

But victory over sin is but one part of the Christian life. The other part is the doing of the right. There God has also made provision for thee Christian, Paul exhorts, "Reckon ye also yourselves to be... alive unto God" (Rom. 6:11). The divine nature in him and the Holy Spirit living in his heart will, if yielded to and depended upon, give the power to do the right.

The Christian, therefore, should say No to sin and yield to the Holy Spirit, depending upon Him to give both the desire and the power to obey the Word of God.

Self Family Held Reunion Sunday

All the children of the late Mr. and Mrs. J. H. Self held a reunion at the home of Mr. and Mrs. Claude McLaughlin Sunday. Those present were Mr. and Mrs. Bert W. Self and daughter, Miss Mary Frances; R. W. Self of Sacramento, Calif.; Mr. and Mrs. J. C. Self of Wichita Falls; Mrs. Charley Melton of Henrietta; Mr. and Mrs. McLaughlin; Mr. and Mrs. George Hinds; Mrs. Reid Williams and son, Wayne, of Denver, Colo.; Mr. and Mrs. George Self and daughter, Rosalyn; Mrs. Kenneth Lanyon and son, Ken, of Amarillo. This is the first time the family had all been together in about five years.

ADELPHIAN CLUB

The Adelpian Club met in a regular meeting at the club house Nov. 21, with Mrs. J. A. Stovall as hostess and Mrs. L. A. Andrews as program leader.

The business session was presided over by Mrs. A. Y. Beverly, president, and the following program on Brazil was given: Mrs. Andrews presented Brazilian topography in a unique questionnaire which was followed by a resume of present day topics that showed how Brazil was one of the strategic points of the war and that possibly it was the loss of much of her rubber this year for export that has made the rubber situation so acute at this time.

"Coffee in the Americas" was told in an interesting manner by Mrs. Jeff Bruce, who explained vividly the growth of the plant and its cultivation, how the altitude had much to do with its development. She gave a picture of the life of the people on the large coffee plantations and the culture of the plant, its harvesting, and on until it is ready for consumption. Those who have never visited that part of the world find it hard to visualize the greatness and importance the marketing of coffee means in the business world.

Miss Ruth Patterson entertained the club with a trip through Brazil's capital, Rio de Janeiro, beginning with a striking word picture of its location. She then told of the beauty of its landscape as the ships come to harbor, the brilliant colors of the tropical plants found in its parks, the city pride of the citizens in making and keeping the capital a city of culture and refinement, charming in its varied aspects so that travelers would never forget it and it would be loved by its own people.

A pleasant, enjoyable surprise to those present was a talk made by a guest, Mrs. Kinloch Cole, on "Life in China." She expressed faith in China as a nation and the greatness of the people in that they were able to carry on under circumstances that other nations could not endure. Mrs. Cole has been, until recently, a resident of China. She said that the hatred of Japan for China and the cruelty of her soldiers to the civilian population was terrible. She emphasized that the missionaries had done a wonderful piece of work in the education of the youth in China. Many questions were asked her and she seemed pleased to answer them. The club was happy to have her as a guest.

The close of the program was followed with the serving of a dainty refreshment plate which was enjoyed during the social hour.

CROWELL P. T. A. MEETS

A large attendance was present at the November meeting of the Crowell PTA when it observed National Book Week. Mrs. R. L. Kincaid was program leader for the afternoon. The first number of the interesting program was the presenta-

Miss McGinnis Wed to Sgt. Licastro in Lubbock.

In a double ring ceremony by candlelight, read at the First Presbyterian Church, Miss Mildred McGinnis of Lubbock, daughter of Mr. and Mrs. A. L. McGinnis of Crowell, and Staff Sergeant Cy Licastro, of Sacramento, Calif., were united in marriage. Rev. J. M. Lewis, pastor of the church, officiated with the service Thursday evening, Nov. 12, at 8 o'clock.

The traditional wedding marches were played, and, during the ceremony, "Ah, Sweet Mystery of Life" (Herbert) was offered. Mrs. J. R. Counts Jr. of Lubbock was matron of honor and Sgt. E. A. Johnson, of South Plains Army Flying School and Sacramento, Calif., was best man.

The bride wore a silk dress trimmed in lace, and a corsage of white roses. Mrs. Counts also chose a silk dress and her corsage was of white carnations.

The guests were J. R. Counts Jr., Mrs. Lewis Hughes and Staff Sgt. and Mrs. Thomas Humphrey. The bride is a graduate nurse of the Lubbock General Hospital and a supervisor in surgery.

A dinner reception, also by candlelight, followed the wedding service. The couple will make their home in Lubbock.

Dawson Family Has Reunion

A family reunion was held at the home of Mr. and Mrs. Calvin Dawson over the week-end. A son, Alvin Dawson, who is in the navy, was at home on a nine-day furlough and this is the first time in eight years that the children had all been together.

Those enjoying the reunion were: Mrs. Carroll Walden and son, of Dill, Okla.; Mr. and Mrs. Walter Sprague and daughters, Mr. and Mrs. Herbert Sprague of Truscott; Mrs. Estil Pierce and daughter, of Munday; Maude, Calvin, Edith and Cora Dee of Crowell. A friend, Mrs. Everett Sprague, of Truscott, was also present.

Two sons-in-law, Carroll Walden, who is in the Navy, somewhere on the Pacific, and Estil Pierce, were unable to be present.

GAMBLEVILLE H. D. CLUB

The women of the Gambleville community met in the home of Mrs. J. R. Meadors for the Home Demonstration Club on Tuesday, Nov. 17, for the election of officers.

The following officers were elected: Mrs. J. R. Meadors, president; Mrs. Dave Sallis, vice president; Mrs. J. C. Prosser, secretary-treasurer; Katherine Meadors, reporter; Mrs. Guy Morgan, recreation leader; Katherine Meadors, council delegate; Mrs. F. E. Diggins, council delegate; Mrs. Archie Campbell, clothing demonstrator; Mrs. Guy Morgan, home food supply demonstrator.

The next meeting will be held with Mrs. J. C. Prosser with a Christmas program. The date will be announced later.

tion of the Kindergarten pupils of Mrs. Q. V. Wingham. They gave songs, story-telling and a short playlet. All of the pupils took part on the program and were enjoyed by the members.

Supt. I. T. Graves was the speaker on the subject, "Education—The Bed-Rock of Democracy." A display of good books from the book store of Lovelace of Wichita Falls, was on exhibit. The PTA presented each department of the school with several books and these books were awarded by Mrs. Kincaid. She also presented the book-of-the-month to the High School library.

As U. S. Rangers Arrived at Oran

This photograph, radioed from London to New York, and sound-phoed to Chicago, shows United States Rangers and equipment arriving at a beach near Oran, Algeria, in boats as they prepared to occupy the French possessions on the north Mediterranean shore. In between the two key ports, Algiers and Oran, American landings encountered only slight resistance and made deep penetrations. This is one of the first pictures of land operations to arrive in America.

West Texas Utilities Has 136 Men in Armed Forces as War Contribution, And Are Paying \$1,200,000 Taxes

Uncle Sam, observing the first wartime Thanksgiving Day since 1917, still has many things for which to be thankful, among them four substantial contributions to the war effort being made by the West Texas Utilities.

The company, which begins its 32nd year of service to West Texans next month, is credited with supplying ample power for production in this area, highly skilled men for the armed forces, many of whom are contributing \$1,200,000 in 1942 taxes.

Light and power from WTU's three major generating stations at San Angelo, Quanah and Abilene now is serving war plants over a 45,000-square mile territory with military training camps at

San Angelo, Abilene, Ballinger, Stamford, Cisco, Vernon, Childress, Dumas and Dalhart. The need for electricity at all points has been met in full and without delay.

The company now has a total of 138 men in military service, with more being called almost daily. Twenty-four of the 138, many of whom are trained technicians, already are commissioned officers. One is a lieutenant-colonel, six are majors, four are captains, twelve are lieutenants, and one is a Navy ensign.

Each local office has contributed quantities of scrap metal in community drives, much of which was highly prized copper and aluminum.

Statisticians have figured that the \$1,200,000 in 1942 taxes paid by the company, up 39 per cent from last year, is "enough to blast the Japanese with 57 million bullets from the new Grand rifle" based on the Army's specified price of 25 cents a dozen.

In addition to these four major contributions to the war effort, nearly a thousand employees in nine districts are competing for bond-buying honors. Early this year over 96 per cent of all regular employees pledged themselves to a voluntary war bond and stamp buying program.

The various districts, with headquarters in Abilene, Cisco, Stamford, Dalhart, Quanah, Ballinger, McCombs, Childress and San Angelo, now are vying for the highest percentage of payroll purchases.

season and the eel returns to the Sargasso sea to recreate its life. There are two distinct classes of eels, European and American.

Mrs. L. A. Andrews spoke on metals of the natural world, emphasizing aluminum and chromium and saying that these two were now known as strategic metals because of their vital importance to the war program.

Miss Frankie Kirkpatrick entertained those present with an interesting Thanksgiving story. The leader closed the program with an instructive quiz of present-day topics. All present participated. Six clubs were represented at the meeting. The next meeting will be in Crowell. Those present resolved that the day's program had been inspiring and interesting to the fullest.

Nancy Richey Ranson of Dallas is Texas Poet Laureate for 1940-1942.

30 YEARS AGO IN THE NEWS

The items below were taken in whole or in part from the issue of The Foard County News of Nov. 23, 1912:

The first mention of the occurrence of coal in the United States, according to the United States Geological Survey, is made in the journal of Father Hennepin, a French Jesuit Missionary, who in 1679 recorded the site of a "coal mine" on the Illinois River, near the present site of Ottawa, Ill. The first actual mining of coal was in the Richmond Basin, Va., about 70 years after Father Hennepin's discovery in Illinois, but the first records of production from the Virginia mines were for the year of 1822 when 54,000 pounds were mined.

Thanksgiving was spent in many ways by the people here yesterday. Some went out in the forests to flay the wild game that they might come across, some going one way and some another. Others stayed at home and enjoyed the day there, and there were Thanksgiving services at the court house, conducted by the pastors of the city and quite a crowd attended.

Miss Inez Campbell returned Wednesday from Dallas and Fort Worth where she has been visiting relatives for the past month.

Will Bost left Friday for Fort Stockton, where he has accepted a position in the depot.

Miss Inez Bomar returned from Quanah Sunday where she had spent a few days with her mother, who has been under the care of a physician.

E. J. Anderson and wife returned to their home at Snyder Wednesday after a two weeks' visit with Mrs. Anderson's brother, W. B. McCormick.

Ed Bomar went to Quanah Monday and returned Tuesday with Mrs. Bomar. Mrs. Bomar had been there under the care of a physician and underwent an operation.

Dr. Johnson of Fort Worth was called here to see R. M. Magee the first of the week. Mr. Magee has not been in the best of health for the past few months.

Mrs. Mark Henry returned Friday from Collin County where she had been visiting relatives for the past month, and returned by Fort Worth where she spent last week attending the Confederation of Women's Clubs.

ON HONOR ROLL

A junior, Lenore Longino, was listed on the mid-semester honor roll at McMurry College, Abilene. The announcement was made November 21 by Miss Graham, the registrar at McMurry. Miss Longino had a total of 60 grade points. The roll includes the top ranking students of McMurry with standing determined by grade points. There were 22 on the roll. Twelve points are given for an A, nine points for a B, and six points for a C.

Lenore is the daughter of Rev. and Mrs. H. A. Longino.

FIFTH GRADE 4-H CLUB

The 4-H Club of the 5th grade met Thursday, Nov. 8. The president called the meeting to order. The members had been told to bring melon seeds to the meeting and they learned to make things out of them.

The seeds were also dyed before making articles from them. Names were drawn for the next meeting which is to be a Christmas party.

County Federation—

(Continued from Page One)

to all people in relieving and aiding suffering humanity.

A covered dish dinner was served at the noon hour and it was followed by a varied but interesting program of the world of nature.

Mr. John Long spoke on "The Itinerant Eel," in which she compared its habits with those of the salmon and pointed out the differences in their habits. The salmon seeks fresh water at spawning

Conference in Wilds of New Caledonia

Lieut. Gen. Henry H. Arnold (center), commander of U. S. army air forces, is shown in conference with Maj. Gen. Alexander Patch Jr. (left), commander of United Nations forces at New Caledonia, and Keat Adm. John S. McCain, U. S. navy, (right). New Caledonia is a vital link in protecting our shipping to Australia.—Soundphoto.

It is encouraging to note that our war efforts at home continue to advance, as is evidenced by the fact that during September production increases over the preceding month were as follows: Munitions, 7 per cent; ordnance, 7 per cent; fighting ships, 22 per cent; airplanes, 10 per cent, and merchant ships, 10 per cent.

"Tailorizing" a gasoline ration book will be a term applied to the tearing out of a B or C ration book stamps calling for gasoline above that for which a ration book can show a positive need.

It is predicted that 3,000,000 pairs of Nylon hose will come out of hiding for the Christmas trade.
