Stand By the Red Cross

The largest quota ever to be given Foard County by the American Red Cross in a drive of any kind has now been set for the county in the largest drive ever to be launched by the organization. But, the need is greater than it has ever been before. And, in addition to that, Foard County should be ready to respond in a way never before shown by it. True, it has never fallen down on any quota given it. But, it should be easier to raise even this largest amount it was ever called upon for, in the face of the recent disaster which came to the town and the ready response made to our suffering people by the same Red Cross which is now calling for aid in raising funds with which to carry on its undertakings in our own country and twentynine foreign countries.

The Red Cross is carrying on its home projects. just as always, helping in distress continually, and, in addition, working with its humane and necessary ways in every place where our soldiers have gone or will go. The quota may seem to be large, upon first consideration, but when we recall all the merciful applications made by the offerings made to the organization, it seems very little. There are continually heard wishes that there might be more opportunity to aid in the war effort. Here is a distinct challenge to all who have expressed that wish. This is definitely a call to aid in the war effort. Every man, woman and child will be given an opportunity to subscribe to the cause, but, it isn't necessary to wait to be called upon. It would be well for each person to see one of the volunteer workers and make his donation before he is called upon. The task is a stupendous one, that of seeing each citizen, so it will be very much appreciated if the committee members are met before they call.

The chairmen are named in another section of this paper and it will be very easy to reach the chairman of every community.

Monday, March 1st, Last Day to Secure The Foard County News for \$1.50 per Year in Foard and Adjoining Counties

Citizens of Foard **County Exceed War Bond Quota**

chased \$164,018.00 worth of War Savings Bonds in 1942, exceeding the quota assigned to this county by \$10,154.00, according to a letter received this week by Merl Kincaid, chairman of the Foard County War Savings Committee, from Frank Scofield, War Bond Administrator for Texas.

In his letter to Mr. Kincaid, Mr. Scofield had the following to "A total annual allotment of \$153,864.00 was assigned to your county against which was credited \$164,018.00 War Bond Sales, which is a very commendable showing for your good county under your splendid leadership. The citizens of Foard County have program, and I know that during the year of 1943, they will keep up the pace with the rest of the nation in doing more during this

Sixth Annual F. F. A. and 4-H Project Show Set for April 3

In a recent meeting the Crowell Future Farmers set April 3 as the date for their Sixth Annual FFA and 4-H Project Show In case of bad weather, April 10 was their second choice date. The projects that will be shown will consist mostly of calves, hog

and poultry. The rules governing the calf show will be the same as those of the past and the same as those the Fort Worth Fat Stock Show. Calves, in order to be eligible to compete for placing, must have been fed by the boy and must be between the ages six and eighteen months. Breeders are urged to bring

me stock to the show. In the meeting the boys decided to change their system of mar-keting the calves this year. Instead of having the usual sale, the boys have decided to send the calves to Fort Worth and go with the calves to see them sold and see other livestock being marketed through the stockyards. Other details, such as place of show, prizes, etc., have not been

Community Chairmen Selected for WAAC

Mrs. Inez Spencer, County chairman of Recruiting and In-duction Drive for the WAAC, announces that she has been able to get community chairmen in two districts, Margaret and Foard

City.
Miss Alma Walker is chairman
for the town of Crowell, Mrs. Lorene Bradford for Margaret, and Mrs. Cressie L. Farrar for Foard These ladies are prepared to furnish all information to any one interested in joining the

WAAC. These chairmen may be interviewed or Mrs. Spencer will furnish the necessary information, if it is not possible to contact the Rationing Point others.

INFANT DIES

The infant of Mr. and Mrs. O. L. Myers of Truscott was buried in the Truscott cemetery Wednesday afternoon.

A modern tank contains 40,000 separate parts.

Army Moms Popular

Some 500 women from Atlantic City and its environs have volunteered to act in the capacity of "army moms" at the post. They help the enlisted personnel by short-ening sleeves, lengthening trousers, repairing rips, sewing on chevrons and performing other services which the boys appreciate. The soldiers chip in and buy wings for their adopted moms. Here we see Mrs. Helen Neppell sewing on a button for a soldier.

Truman Taylor Receives \$500 Check

Picture above shows Truman Taylor, son of Mr. and Mrs. R. L. Taylor, receiving a \$500 check from Roy Barker, local dealer for the Bull-Stewart Equipment Co., and O. R. Clark of Dallas, zone service manager for the equipment responded wonderfully to the 1942 company. Left to right in picture are Mr. and Mrs. Taylor, Truman, Mr. Barker and Mr. Clark.

> Truman, now a freshman in Technological College at Lubbock, won the \$500 prize in a contest sponsored in Foard County by the Barker Implement Co., Bull-Stewart Implement Co., Ferguson-Sherman Manufacturing Corporation and the Ford Tractor Co., which was to have been a \$500 scholarship to any college of his choosing, however, it was later decided that he would be given the money to use in his college education as conditions would permit. The \$500 check was delivered in Crowell by Mr. Clark.

Meetings for Poultry **Production Being Held** In Vivian Community

A series of meetings are being held in the Vivian Community on poultry production. The first meeting was held Feb. 16 and the second Feb. 23. Those attending these meetings show much interest in the discussions. Two other meetings are scheduled at the present time. The first will be held at Lem Davidson's, Thursday afternoon, Feb. 25, at 4:30. The second, Thursday evening, March 2, at 8:30, at the Vivian school house.

These meetings are held in cooperation with the "Rural War Production Training Program, and are being conducted by Mar-vin Myers, Vocational Agriculture teacher, and D. K. Eaton, county agent.

The following topics have been discussed so far: Breeds of poultry, securing foundation stock, incubation, housing and equipment, sanitation, and feeding chickens. Two slide films have been shown; one, "The National Poultry Improvement Plan," and the other, "Farm Poultry Raising."

ROTARY CLUB

Lieut. William V. (Bill) Favor of the U. S. Army Air Corps was a visitor at the Wednesday noon meeting of the Crowell Rotary Club held at O'Connell's Lunch Room. Lieut. Favor received his commission as a 2nd Lieutenant as a hombardier in the Army Air army that sounds almost the same as our own WAAC. It is the WAC (I) organization, meaning Women's Auxiliary corps (India). Lieut. Reba Dutt, granddaughter of a famed Indiaz, is shown in her uniform which features an especially wide skirt.

THOUGHTS OF SERIOUS MOMENTS

St. Louis.—On the anniversary of Pearl Harbor, 350 Jewish war Gilbert Choat is building a one-room house on the lots which he friends donated blood at the Red purchased from Roy Ayers, where Cross Blood Donor Center.

Phill-up with Phillips

OVER ... AROUND ... and IN 65 different countries or islands, American soldiers, sailors, and marines are in training or already risking their lives to win the war.

At how many of these places, their tanks and jeeps, their planes and PT-boats, are fueled with Phillips gasolines, we do not know. And even if we did, the exact information would be a military secret.

This much can be told: On the battlefronts of the world, the products of the American Petroleum In-

dustry are playing an evering, swiftly growing part. So tear the little coupon from gasoline ration book, remen your tire and fuel savings minor contribution to vi be grateful that your boy neighbor's boy need no co fill the tanks of their war need no ration certificates for

To help make your car and tires go farther and last longe Phillips 66 Service Man has services. Ask about them we stop at any Orange and B Shield for Phillips 66 Poly (mous for fast starting mileage . . . and Phillips 66 Oil, 100% paraffin base.

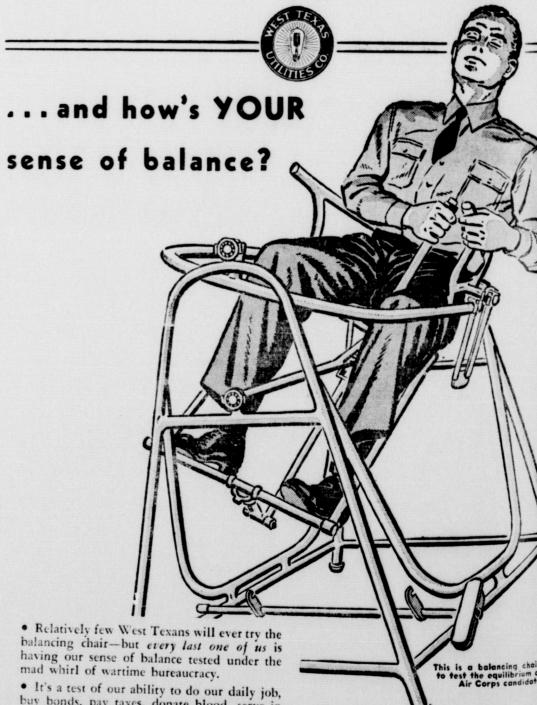

FOR VICTORY... Buy U.S. War Savings Bonds and Stamp

Atlanta, Ga. - Federal penitentiary prisoners here have bought more than \$30,000 in War Savings Bonds and have donated nearly \$2,000 and 500 pints of blood to the Red Cross.

A WEEK of the WAR

In releasing the long-awaited market the crop. summary of the South Pacific Airsea engagements of the week of January 29-February 4, the Navy Mr. and Mrs. E. T. Evans spent
Saturday night with their daughter, Mrs. Ernest Lee Thomas and family, of Floydada. They were met there by another daughter, Miss Margaret Evans, who has

We are sorry to report the ill-ness of "Aunt" Rintha Cregar, but at this writing she is improving.

Mr. and Mrs. L. W. Greenway of Crowell visited friends here

Mr. and Mrs. L. W. Greenway of Crowell visited friends here

January 29-February 4. the Navy made it clear that no large pitched battle took place. What did take place was a series of Japanese of Japanese air attacks on U. S. shipping and air attacks on Japanese Ming. There were no Lapanese air attacks on Lapanese Ming. There were no Lapanese Ming. There were no Lapanese and more damaging series of U. S. air attacks on Lapanese Ming. There were no Japanese Ming. There were no ctions between heavy forces.

When, late in January, U. S. connaissance planes located 30 Jap fleet units, including battle-ships and aircraft carriers, and reports were received of heavy concentrations of enemy ships and clanes in the Solomons area, it looked as though the Japanese were preparing for a decisive bat-tle. As it later turned out, however, the enemy was only trying evacuate its troops from Guadalcanal and interfere with

S. landings there. The Japanese attacks were neither concentrated nor sustain-On January 29-30, enemy anes damaged and sank the neavy cruiser Chicago, but lost in this attack 12 out of 13 planes. S. destroyer. But all through week, U. S. planes struck probably sunk or badly damaged, es were set at 22 planes and three otor torpedo boats, in addition

to the cruiser and destroyer sunk earlier in the week.

Meanwhile our air attacks con tinue - against Munda Bay against Kolumbangara, against positions in the Shortland Island area and Bougainville, even against Kiska in the Aleutians. And American submarines operat-

ing in the Pacific and far east last week sank five more enemy auxiliaries, probably sank a cruiser, and damaged a cargo vessel. Germans Attack In Tunisia The attack started at dawn Sun

day, February 14, when two German columns moved westward from Faid and Sened in Central Tunisia, advancing on Sbeitla and Sidi Bou Zid with tanks, infantry, dive bombers and motorized arillery. This was apparently drive to expand their corridor along Eastern Tunisia—the cor-ridor leading from the Mareth line in the south to the Tunis-Bizerte

triangle in the North.

By the middle of the week the Germans had succeeded in forcing American units to retreat 35 miles from their foremost positions and evacuate three forward flying fields. Gafsa was taken, then Sbeitla, then Feriana, only 14 miles from the Algerian border According to Secretary of War

Stimson, the attack against our central positions was timed to occur while the British Eight Army was preparing to press its drive in the South against the Mareth Line and the British First Army on the Northwest was mud-bound-Thus the Axis was able to con centrate a large formation of armored troops against the relatively more lightly-held and more extended American lines. cations are, Mr. Stimson said, that the Germans were employing two armored divisions—a force con-siderably greater than our strength in the area—but al-though the fighting is continuing, the Germans apparently have been slowed down.

The President has called the battle for North Africa "one of the major battles of this war,' and has warned that it would cost us heavily in casualties. Last week Mr. Stimson told the press that U. S. forces in the current fighting in Tunisia have suffered nghting in Tunisia have suffered substantial casualties in personnel and equipment. Exclusive of these recent losses, the Army has had 41,858 casualties in the war; 3,442 killed, 6,509 wounded, 26,684 missing, and 6,123 prisoners of war.

"Assuming that a department employe works what time he is actually at his desk-and that's a pretty violent assumption in some instances—then he works 4116 hours a week.

"But wait! We haven't allowed for two weeks' paid vacation, sick leave and all the numerous holidays that State departments take off. Figure all this in and, Mr. Taxpayer, you will do well to get 36 hours of service per week from hundreds of your State department employes.

"If our State bureaus would suspend most of the holidays for expected to be in the duration and if they would work on Saturday afternoons and thereby give the public the same type of service that the pubgets from private business and private industry, then those deartments could get along with one-fourth less employes than they now have. This would reease a great number of people for work in airplane factories and would save the taxpayers over million dollars a year.

"The average business man, in these days of war taxes and la- first crop of guayule ru bor shortage and stress and strain, is working from 60 to 70 hours acres will produce 600 a week. The farmers always have rubber, one-tenth of one worked 72 hours a week on the of peace time needs. Plan average and they're working for 500,000 acres of a harder than ever now. Would it plantings.

A. G. (Grady) Magee of Oklahoma City was here Sunday visiting his brothers, R. R. and D. R. Magee, and families. Grady employed in a defense plant Oklahoma City. He was accompanied by Lt. Marjorie Irvin of Oklahoma City.

Brief Bits of News From Here and There

It is announced that the Army is short of chaplains. All chaplains now in service have been asked to recruit another.

The prediction on what Congress will do this session, is Lend-Lease will be extended. Congress will balk a lot but do little in the matter of labor legislation for two reasons, one is the fear of the labor vote in 1944 the other is the fear of hurting war production.

Andrew Jackson Higgins, the New Orleans ship builder, believes that the helicopter will become helicopter requires no landing field. It rises vertically from its position and can alight on the flat roof of a building. Its lifting power is placed above machine and revolves in a plane parallel to the path of the flight. It is predicted also that mail will be flown helicopters from outlying towns to connect with the transcontinental mail planes.

Federal Income Tax Income of Farmers

Farmers, which include livestock raisers, fruit and truck growers, poultry raisers, and operators of plantations and ranches, are liable for Federal income tax returns provided their income is sufficient to require the filing of returns. Primarily, due to the reduction in the credit for personal exemption, many farmers will be liable for returns and to the tax for the first time for the

year 1942.

Farmers may maintain their records and file their returns of ncome on either the cash receipts and disbursements basis or on the accrual basis of accounting. A consistent method must, however, be employed. If a cash basis is used, Form 1040F, "Schedule of Farm Income and Expenses," is required to be filled out and filed in conjunction with Form 1040. Use of Form 1040F is optional in the case of farmers who report income on the accrual basis. A farmer who reports income on the cash receipts and disburse-ments basis (in which no inven-tories to determine profits are used) must include in gross income for the taxable year (1) the amount of cash or the value of merchandise or other property received during the taxable year rom the sale of livestock or prowhich were raised, regardless of when raised; (2) the profits from the sale of any livestock or other items which were purchased; and (3) gross income

from all other sources.
Under the accrual basis in which inventories are used to determine the profits, farmers gross profits are ascertained by adding to the inventory value of ivestock and produce on hand at the end of the year the amount received from the sale of live-stock and produce, and miscel-laneous receipts of income during the year, and deducting from this sum the inventory value of live-stock and produce on hand at the beginning of the year and the cost of livestock and produce pur-chased during the year. All live-stock, whether purchased or rais-ed, must be included in inventory at their proper valuation. Live-stock acquired for draft, breed-ing, or dairy purposes and not for sale, may be included in the in-

If farm produce is exchanged surance, such as hail and fire insurance on growing crops, are required to be included in gross in-Mrs. Grace Norris of Houston, former County and District Clerk of Foard County, was here for the week-end visiting relatives. She returned home Monday.

CARD OF THANKS

Mrs. J. E. Norris, H. B. Blanton, Mrs. P. J. Thomas, and Families.

Red Cross War Fund Campaign

The American Red Cross has given Foard County the objective of \$2,-500.00 in the War Fund campaign which will be launched on March 26th. This is our part of the ONE HUNDRED and TWENTY-FIVE MILLION DOLLAR national campaign. Approximately eighty per cent of this amount will go to the ARMED FORCES. The demand on the Red Cross has been increased more than 600 per cent since 1941. They are doing a wonderful job in over twenty-nine foreign countries with our armed forces. The Red Cross will be a mother to your boy, wherever he is.

FRIENDS, the Red Cross has come to the assistance of this county on two different occasions. Once in 1931, they donated to our people some \$9,000.00 in the form of foods, seeds, etc., and then in the never-to-be-forgotten 1942, they spent nearly \$46,000.00 for the relief of the tornado sufferers. On both occasions, the aid was immediate and ample. The Red Cross was in Crowell and feeding our people in less than twelve hours after the storm.

They did not ask what it would cost. They did their job well. They had plenty and had it in time. Your county committees think that we should raise this campaign fund in one day. Let all of us do our part, for we, as people owe a debt of gratitude to this great humanitarian organization.

When your volunteer workers contact you, give all you can. We are all going to have to be very generous if we meet our objective. We have never failed and WE WILL NOT FAIL THIS TIME. See some worker today and GIVE.

Community Quotas:—Crowell, \$1,250.00; Thalia, \$350.00; Riverside, \$125.00; Rayland, \$150.00; Margaret, \$150.00; Black, \$75.00; Vivian, \$100.00; Texaco Plant, \$50.00; Good Creek, \$75.00; Foard City, \$125.00; Four Corners, \$50.00.

Community Chairmen—J. A. Stovall, general chairman; T. S. Haney, rural chairman; John Rasor, City; Mrs. W. B. Johnson, residential district; B. Wisdom, Thalia; Mrs. Bailey Rennels, Riverside; Mrs. J. What You Buy With

Many of the women of the Women's Auxiliary Army Corps are already overseas serving in various capacities to heip win the war. The WAACS go through a strenuous training to fit them for the arduous duties they must perform.

A uniform for a WAAC, complete, costs approximately \$170.00. The quartermaster's department must provide thousands of them. Your purchase of War Bonds helps pay for these uniforms. Invest at least ten percent of your income in War Bonds every payday through a Payroll Savings plan at your office or U. S. Treasury Department | in front of you.

THE FOLLOWING ITEMS ARE NOT INCLUDED:

INSTRUCTIONS.—To find the Point Value of an item:

1. Find out the net weight of the contents (from the label, if any).

2. In the line across the top of the chart, showing the weight in ounc and pounds, find the column in which this weight belongs.

3. Find the item in the listing of items in the column to the left.

4. The POINT VALUE of the item appears on the same line as the ite and in the column listing the correct weight.

All Point Values must be determined by weights. If no weight is mark on the item, the item must be weighed.

In finding the Point Value of a container where contents are given flaid cances, consider the fluid cunce to be the same as the avairable seeight cances. One plant is one pound; one quart is two pounds.

low to Avoid Short Rations; Grow a Garden This Summer

By Home Demonstration Agent)

sweet.

What you eat next summer depends on how soon you get your sarden started. What you eat lext winter depends on how much rour garden produces and how rood a job you do in harvesting

ind preserving its produce.

We are headed for short raions on many items of food but
a family can still be well fed by outting in the biggest garden it

an care for. Canned vegetables and fruits of all kinds are now rationed if you buy them from a store but you don't need a coupon book to go to your cellar for a jar of beans or a pan of potatoes. Home can-ned and processed foods specific-ally are exempt from rationing. More than that by raising your own family's food supply, you are helping to feed the armed

Your garden plot should be ready now for planting. If you have neglected this chore, make, frigerator, 4-ft. box, good condition.—Mrs. E. W. Burrow. 35-1tc erty to please see that they are properly closed. Old cisterns left properly closed. Old cisterns left it a "must" job on this week's
work schedule. See that fences
are up in good shape and the seedbed is well prepared.
Figure out your family needs
for the next year and you can es-

for the next year and you can estimate whether the garden you have planned will be adequate.

Consider craefully, then, whether you could plant, cultivate, have and can the produce from a coupe.—W. C. Self, Panhandle Station, Thalia.

Station, Thalia.

35-3tp larger garden.

Seed dealers assure gardeners of sufficient quantities of seed FOR SALE—Electric radio, electric refrigerator and small gas provided no gardener buys more seed than he needs. Garden tools and insecticides will not be available in abundance but it is believed that actual needs will be supplied. Repair your forks, put a new handle in that old rake, and sharpen the hoe, so they will be ready when you need them. The Government is making arrangements for enough jar rings and canning supplies for home geanning this year. As for pres-

sure canners - needed for safe canning of non-acid vegetables and also meats — there will be not enough to meet the demand. paring is one answer, with neighbors and community food preservation centers.

Christian Science Services "Christ Jesus" is the subject

Among the citations which comprise the Lesson-Sermon is the

following from the Bible: "Behold, the days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth" (Jeremiah 23:5).

The Lesson - Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Abraham, Jacob, Moses, and the prophets caught glorious glimpses of the Messiah, or Christ, which baptized these seers in the divine nature, the essence of life will never go astray, but will (page 333).

By the Rev. Harold L. Lundquist, D., Member of Faculty, (Ps. 1:5, 6). Moody Bible Institute, Chicago.

The Two Ways

The most important thing in life is living. We are so concentrated upon making a living, be in your life and in mine or making money, or making a concerned about what we are than what we do.

right way and the wrong way. We build our life either on the ful scene. true foundation or the false.
There is no middle way, no halfgood foundation. We must turn to God in faith and repen-

1. Choosing the Way (Ps. 1:1, saved.

Even the choice of his way of f the Lesson-Sermon which will life marks a man as either blessbe read in all Churches of Christ, ed or wicked. "Blessed is the Scientist, on Sunday, February man that walketh not in the counsel of the ungodly, nor standeth The Golden Text is: "Jesus in the way of sinners, nor sit-Christ the same yesterday, and teth in the seat of the scornful" today, and for ever" (Hebrews (vs. 1). Some seem to think

that they can choose or just drift into the wrong way and still have hope that all will be well. Their choice, or their failure to choose, has put them in the one class or the other. Making a choice is a vital and serious matter. Let us do it care-

fully. Walking in the counsel or philosophy of the wicked soon results in a person lingering in the way of sinners, and before he is aware of it he will find himself so at home, that he will sit among them and scoff.

2. Continuing in the Way (Ps. 1:2-4).

The man who will permit God's Word to control every detail of prosper in everything he does. To prosper does not necessarily mean to have money, position or recognition in this world. meant to be a success in the thing God has given one to do. 3. At the End of the Way

Every road of life comes to an end. "It is appointed unto men once to die, but after this the yes-the judgment-what will it

The wicked cannot stand in name for ourselves that we often the presence of the divine Judge. fail to make a life. God is more All the bold front and boastful talk which went over so well be-fore men, loses its flavor, and There are only two ways-the the wicked man can only expect judgment. It is a dark and dread-

choose, and it is either one or the tance. "Whosoever shall call upon the name of the Lord shall be
