## VOLUNTEER ARMY, 3,000,000 STRONG, SERVES NATION THROUGH RED CROSS

Washintgon, D. C.—Five hundred thousand surgical dressings

No, that's not the production schedule of some gargantuan, nighly mechanized manufacturing

It's what 2,000,000 womenpart of the army of 3,000,000 trained Red Cross volunteer workers—are accomplishing as their contribution to the war effort

from the home front.

In cities, towns and hamlets up, down and across the country, romen of all ages from every tion in life are working side by side in Red Cross production They knwo that in field stations and hospitals rithin the range of enemy guns, merican fighting men are de-ending upon them. The work of these women and

the very existence of the Ameri-can Red Cross Volunteer Special services depends on public sup-port of the 1943 War Fund ap-led for \$125,000,000. In Chicago recently a soldier,

vearing the Distinguished Service cross walked into a production er in a department store. women work. One of them d up, asked him about himn in the Army three years been decorated twice afwounded in action in the Pacific. Then he added:

Twant to thank you women
supplying Red Cross surgical
sing. If two of you worked
day long you couldn't begin
make all the dressings I needwhen I was in the hospital."

#### Members of Pease **River Flood Control** Board Meet in Austin

Three members of the Pease River Flood Control board met in Austin last week and outlined to senate finance committee members a plan for securing preliminary supposes to aid in having the inary surveys to aid in having the Pease River Development pro-gram ready after the war as one of the permanent improvement projects which will utilize labor freed from war industries.

Vice Chairman M. S. Henry of Crowell, and Members C. E. Car-lock of Chillicothe and E. L. Grimes of Quanah conferred with Senator George Moffett, who has introduced a bill to make the surveys possible, and with mem-bers of the senate finance committee. The committee has not yet acted on the bill, which would appropriate about \$3,850 to supplement a much larger federal conment a much larger federal contribution, under an agreement for surveys by federal agencies on silt control and chemical analysis of waters of the Pease River. These surveys will be required as a part of the basis of setting up the conservation project, it was explained.

#### Kits for Castaways

Earl Roman, fishing editor of a Florida newspaper, is shown with attend and to take part in the two of the fishing kits designed as services which the pastor sincerepart of the equipment of the rubber rafts carried on military and raval planes. The small kit, worm naval planes. The small kit, worn like a vest, is intended for small rafts. The large one in the can he holds is for larger rafts and lifeboats. Kits are for use to catch fish that would supply food for casta-ways. They were tested off the Florida keys.

## Mother of Local Men Succumbs at

the'r mother, Mrs. C. C. Shelton, who passed away soon after their afternoon with the pastor of the church in charge, assisted by the pastor of the Methodist Church. Mrs. Shelton was a member of the Presbyterian Church.

Mrs. Shelton was born on June County and went to Tulsa, Okla., where she was married to Mr. Shelton. They came to Foard County and lived until 1917 when they moved to Slaton and had

lived there since that time. Mrs. Shelton had many friends here, having visited here many Pete Collins, who left here for times since moving away. Mrs. G. L. Robinson, Hobbs, N. Pa. M.; Mrs. B. B. Travis, Lubbock, and George Hinds, Crowell.

## General Rain **Covers the State**; .85 Inch in Crowell

General rains fell over the state, commencing here early Wednesday morning and continu-ing throughout the day. The rainfall here was not heavy, but fell steadily all day long and into the night. At 7 p. m. Merl At 10 atives and friends.

Kincaid reported .85 of an inch was recorded at the Crowell State

The moisture will be a great boon to the wheat crop in Foard County and West Texas which had been needing rain badly for several weeks. It will also be beneficial to the planting of row crops and spring gardens.

# Football Team for 1943-44 in Midst

The Crowell High School foot-ball team finished its first week of spring training with a spirited intra-squad scrimmage on Thurs-day afternoon. The "Redskins" led by Clifford White, senior, won a 7 to 0 victory over the "Bears," led by Albert Bird, another senior.
The two teams were well

matched and it was late in the third quarter before the "Redskins" were able to push over the lone touchdown. Kenneth Archer did some splendid line plunging to place the ball in scoring territory, where Pat McDaniel made six yards on a reverse play to make the touchdown. Gordon Erwin and Kenneth Archer took up where they left off last season to lead the Reds in a defense that the Whites couldn't penetrate. Bird picked up several first downs but was stopped down in scoring territory. Bill Cox, Morris Nar-on, Ray Tamplen, Craig Sandlin and Howard Bell are the new boys that have been showing up the

Beginning next Monday Coach Grady Graves plans on shaping up a team out of these two squads that will play the seniors at the end of the spring practice period.

### County U. S. D. A. to Aid in Distribution

The Secretary of Agriculture has assigned to the Foard County U. S. D. A. War Board certain responsibilities in connection w Food Distribution orders in t county. These orders are for the purpose of helping to stamp out "Black Market" operations in meats, and to provide for an equitable distribution of meat supplies, which will include the include the provide of the state of promits to all these orders are for the purpose of promits to all these orders are for the purpose of promits to all these orders are for the purpose of purpose of promits to all these orders are for the purpose of purpose of purpose of purpose or the purpose of issuing of permits to all types of slaughterers, butchers, agents and dealers, according to Grady Halbert, county chairman.

Under the provisions of Food

Distribution Order 26, such person engaged in the handling of livestock as a dealer or as an agent, is required to have a permit. The term "agent" as used in the order includes persons operating auction markets who sell livestock for others on a commission basis. The term "dealer" does not include bona fide producers who are en-gaged in dairy, wool or meat pro-duction or in breeding, feeding the ballot are required to file or finishing livestock and who their names with the city secre-keep such livestock 30 days or tary not later than seven days more. Dealers and agents are re- preceding the election Crowell reported to the U. S. Avail Training Station in Farra- of the effective date of Food Dis-

Naval Training Station. The release further stated: "This future Blue Jacket, who has begun his ber of head and kind of livestock Blue Jacket, who has begun his ber of head and kind of livestock recruit training here, will be insold, the name of the seller and structed in the fundamentals of buyer, the weight if the animals seamanship as well as undergo a thorough physical training prothorough physical training pro-gram which will make him into are sold on a headage basis, the a seasoned sailor, ready to join price per head, and the total amount received for each lot.

Farmers are not required to obtain a permit to buy and sell livestock, but are expected to keep records covering purchases and sales of livestock.

The Food Distribution Order

becomes effective March 31, 1943. For further information and details call at the Foard Codnty U. S. D. A. War Board Office.

center at Camp Wolters for a short stay. He was sent to St. Joseph T. Robinson at Little Rock, Ark., where he took his basic training in infantry. After finishing basic training he was chosen as one of a group of fifty men for six weeks' training at the Adjutant General's School at Fort Washington, Md., 15 miles south of Washington, D. C., on the Potomac River, directly across from Mt. Vernon, where he stud-ied classification and interviewing in the Army. When this work was completed Pfc. Rennels was assigned to 481st Air Base Head-quarters Squadron at Kelly Field, San Antonio. Work there consists of interviewing and classifying the men as they come into E. W. Williford, Joe E. Eddy, E. the service.

Margaret Service Flag The Gordon J Ford American Legion Post of Foard County is sponsoring a patriotic meeting Tre Margaret Baptist Church will have a Service Flag dedication service on Sunday, March 28, School Auditorium at 8 o'clock. at 8:30 p. m.

Rev. A. C. Hamilton Jr., pastor of the church, states that he feels it fitting that the boys who will be in charge of the program and two WAAC representatives

> 2nd Officer Jessie M. Anthny and Aux. Edyth Bonner, both of the WAAC, will be here to take part on the program and also to interview anyone who desires nformation concerning the WAAC

They bring motion pictures which will be shown at the school building. They are relative to Army life and will be instructive and entertaining. All patriotic citizens should attend the meeting. Much valuable information will be given and everyone needs that information at this particu-

## **Election to Fill** City Offices to Be Held Tues., April 6

of Crowell has ordered an election to be held at the city hall on Tuesday, April 6, at which time a mayor and four aldermen will Schlagal, mayor, and J. R. Beverly. M. L. Hughston, Hubert Brown and Floyd Thomas, aldermen, will expire at the end of the

fiscal year.

G. A. Mitchell has been appointed as presiding judge, and is authorized to secure such help

required to sign and execute a loyalty affidavit and file with the city secretary. Blanks can be obtained at the city hall.

#### Japanese Souvenirs Received from Pfc. Vance Swaim

Mr. and Mrs. E. Swaim have received from their son, Pfc. Vance Swaim, who has been in service in Guadalcanal since August, 1942, several mementos taken from the bodies of slain Japanese. The souven'rs include a Japanese flag, a pair of gloves, a watch, beads, a compass, a knife, a piece of Japanese money and a shoulder chevron. Swaim has recently been sent to New Zealand for a rest period.

#### Shoe Ration Order

tion Order 17 have been authorized by OPA. They are: (1) An additional ration for "safety" shoes, used for health protection in special work, may be acquired from the local board by any person who has spent his Ration Stamp 17, even though a memstamp, (2) sandals which can be sold ration-free are re-defined to include all sandals with an open back and a heel height of 11/8 certain shoes with soles made principally of rope, wood, or other non-strategic materials may be sold ration-free, regardless of the material used in the upper.

#### Extra Food

An employer who temporarily hired workmen for periods of less than 30 days may obtain rationed foods for them by applying to his local war price and ration board. This is of special importance to the planting and harvesting season, to employers of construction Better Tires for B and C Drivers workers on temporary jobs, lumber camp operators, and other seasonal employers.

#### Ceilings on Corn

Permanent maximum prices does not apply to Texas, Okla- on corn-America's top ranking homa or Louisianua and other farm crop in point of size and value-have been fixed by OPA. The ceilings apply from the time the corn leaves the farmer's hand until it is sold by retail dealers. Recognizing seasonal price variations and carrying charges, the new OPA order sets peak prices for all varieties and types of corn sold by farmers, truckers, local elevator and terminal market operators and retail dealers. Typical peak under the new maximum pirce regulation No. 346 (corn) is \$1.02 per 56-pound bushel of No. 2 yellow corn at Chicagokey point in the country's grain exchange and marketing setup.

#### Special Rations

er consumers, if they are located primarily responsible for holdin such remote places that it is ing down the overall increase. The impossible for them to get fresh average cost of foods other than foods except at very infrequent intervals, may now apply to their cording to the Bureau of Labor local boards for special rations. Statistics. Canning Crops

A price-support program which assures farmers 20 to 50 per cent war expenditures reached a new higher prices for their canning high of \$253,400,000 in Februcrops than last year has been an- ary. The previous high in Nonounced by the U. S. Department vember, 1942, was surpassed by of Agriculture and the OPA. Crops for which support prices are established include tomatoes, taled \$6,081,000,000 in sweet corn, snap beans, green ary. This was \$173,000,000 or peas, lima beans, beets, carrots, 2.8 per cent less than in January

A manual of ABC's of vehicle maintenance for cars, trucks and buses, outlining the kind of inber of his family has an unspent spections, checks, and adjustments that should be made to assure efficient and economic operation of all types of motor vehicles, will soon be available inches or less, regardless of the through the Office of Defense material used in the upper, (3) Transportation and the field of fices of the Office of War Information. (OWI offices are at Dallas, Fort Worth, Houston, San Antonio, New Orleans, Baton Rouge, and Oklahoma City).

#### Deferment Appeals

All appeals involving claims for occupational deferment are now being handled by the Selective Service Board of Appeal in the area of the worker's employment. Formerly these appeals farmers who hire labor during were handled in the area in which the worker was registered

> A driver with a mileage ration of more than 240 miles monthly now can have new casings of the lower qualities-Grade II-when he needs replacements. Motorists with mileage rations between 560 and 1,000 monthly, who have been eligible for new casings in the lower quality bracket only, can not get Grade I tires. The release of these new casings under rationing to "B" and "C" card holders will be for replacement of tires worn beyond the recapping stage.

#### Food Prices increase Slightly

The average cost of all foods consumed by the average family advanced between mid-January and mid-February 0.5 per cent as fresh fruits and vegetables went up with increased buying because of short supplies of canned goods and in anticipation of rationing effective March 1. The Forest rangers, missionaries, usual large seasonal decline in fishermen, sheep herders, and other egg prices of 13.5 per cent was eggs rose by 1.5 per cent, ac-

#### Brief Bits of News From Here and There

The following story was put into the Congressional Record by Congressman Cravens of Arkansas: A man in St. Louis stated, when he paid \$2.60 for an 8 pound rooster, that the farmers were sure getting rich. G. G. Alexander, a farmer of Van Buren, Arkansas, set his city cousin right in a leter, the substance of which was:

It looks as though we farmers were getting rich when you in the city pay \$2.60 for an eight pound cooster, but it isn't that way, That The was an Arkansas rooster. farmer who raised him sold him to a local produce house for 75 A truck picked him up and took him to Fort Smith, where

## **Weekly Sermon**

By the Rev. Ralph E. Stewart, Associate Director of WMBI, Chicago.

#### A Test of Sonship

Jesus said, "Verily, verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God" (John 3:3). Since this is true, how important it is that we know whether we have been born again. How can we know if this great miracle has taken place in our lives?

First of all, have we obeyed our Lord's command to receive Him? We read in John 1:12 that assured that He will call us His to "as many as received him, to them gave he the right to become the sons of God, even to them that believe on his name." If we have done this-if we have committed ourselves to Him-God says we have the right to be called His children.

In the second place we can test our relationship to God by our erperience considered in the light His Word. Let us look at I John.

Are we overcoming the world? "Whosoever is born of God overcometh the world" (5:4).

Are we practicing sin? "Who-

soever is born of God doth not commit (practice) sin" (3:9). The present tense of the verb denotes progressive or continued action. It does not teach that the one begotten of God never sins in a single act, but that he does mouth translates it, "No one who is a child of God is habitually guilty of sin. A God-given germ of life remains in him, and he San Franc

Are we practicing righteous-ness? "Every one that doeth righteousness is born of him" Here again Weymouth says, assured one that doeth righteousness is born of him" (2:29). Here again Weymouth says, "Be assured that the man who habitually acts righteously is a child of

God.' Do we love all other Christians? 'Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God" (4:7).

Can we measure up to these scriptures? If we can, then we can be sure of a vital relationship between God and us. We can indeed call God our Father and be sons and daughters.

But if we cannot say that God's requirements are met in our experience, let us confess our failures (I John 1:9), and ask for power to abide in Him, "that, when he shall appear, we may have confidence, and not be ashamed before him at his coming" (I John 2:28).

#### THOUGHTS OF SERIOUS MOMENTS

The only freedom worth possessing is that which gives enlargement to a people's energy, intellect, and virtues. - William Ellery Channing.

Only free peoples can hold their purpose and their honor steady purpose and their honor steady Broiled vegetables brown bet-to a common end, and prefer the ter when dipped in salad oil or not make a practice of sin. Wey- interests of mankind to any narrow interest of their own .- Wood-

cannot habitually sin-because he aid classes are conducted twice home economics department. All is a child of God." Then he adds, daily on ferry boats carrying leafy vegetables, even beet tops 'By this we can distinguish God's workers to and from the ship- and carrot tops, can be used in children and the devil's children." yards across San Francisco Bay. green salads, they point out.

### Your Horoecope

March 22, 23 .- You are not impulsive, although warm heart-ed and affectionate. If you are an employee, you are enthusiastic, faithful to your employer, but like to do things in your own way. You are generous in sharing your pleasures with those you love.

March 24, 25, 26 .- When you can afford it you like to enjoy yourself and have those about you share in the enjoyment. have a shrewd, bright mind, inclined toward mathematics. are positive and courageous and accept only proven facts. You are somewhat showy.

March 27, 28. - You possess much executive ability, and grasp details readily but prefer some one else look out for the tedious and more tiresome details. You are kind and affectionate in your home, and patient with your children, but not overy so with other children. You would make good as an artist, architect, or builder.

#### SCHOOL LUNCHES CARRY ON

Even though WPA labor for the nation's school lunch rooms and other projects passed out of the picture the first of this month most communities are continuing their school lunch rooms. There's a reason, of course. Children need a nutritious noon meal. And the school lunch room helps assure children the proper kind and quantities of food during their formative years.

At their March conference, members of the home demonstra-tion staff of the A. & M. College Extension Service learned about the new school lunch program from representatives of the Food Distribution Administration and State Department of Education And here's the change.

Before ... foods were purchased by the U. S. Department of Agriculture and sent to state welfare agencies which stored and distributed them to school lunch sponsors. This helped improve the children's diets and stabilized There will be an extension aid to farmers is more direct. ourse in Education offered to Sponsors.. in Texas, local schools those who desire it in Quanah and as a rule . . . will be able to buy
