

THE FOARD COUNTY NEWS

AND CROWELL INDEX

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, NOVEMBER 4, 1943

\$2.00 A YEAR EIGHT PAGES

Men in Service

Mr. James N. Banks, son of Mr. and Mrs. J. N. Banks of the Foard City community, has completed training and has been graduated from the Army Air Corps Training Command at Chanute Field, Ill., according to the public relations office. While attending this school he received instruction in the weather observation course, and in various technical operations vital to the maintenance of the country's fighting planes. Mr. Banks is visiting his parents.

The News is in receipt of a letter from Pvt. Reuben Lockins from somewhere in England which states that he is well and fine and still in the place where he is stationed. He says that he is still busy playing the piano for the boys.

Billie E. Diggs, son of Mr. and Mrs. John Diggs of Crowell, who has recently completed his course in an aviation student at the State College at Santa Ana, Calif., where he will receive training as an aviation cadet with the classification of a bombardier.

Cpl. Elmer Patterson and wife arrived in Thalia Thursday afternoon of last week to visit Mrs. Patterson's father, E. G. Grimsley, and other relatives and friends.

Col. Tom A. Andrews, son of Mr. and Mrs. L. A. Andrews of Crowell, completed the Field Artillery Officer Candidate course and graduated from the Field Artillery School at Fort Sill, Okla., Thursday, Oct. 28, and received his commission as a second lieutenant of field artillery. Lieut. Andrews is a former engineering student of A. & M. Mr. and Mrs. Andrews were present for the graduating exercises.

Pfc. Radolph Halenack of Camp Elliott, who has been here on a 30 day furlough visiting his parents, Mr. and Mrs. Frank Halenack, and other relatives, left Wednesday for camp.

Alvin Dawson, Fireman 2nd Class, of the United States Navy, arrived at home Saturday morning on a 20-day leave to visit his parents, Mr. and Mrs. C. Dawson.

Cpl. Clinton French, a former Foard resident and nephew of Mrs. J. S. Long of Crowell, has recently arrived safely in England.

Cpl. Mike D. Bird, son of D. N. Bird of Crowell, was commissioned second lieutenant of field artillery upon completing the Field Artillery Officer Candidate course of the Field Artillery School at Fort Sill, Okla., last Thursday, Oct. 28. Lieut. Bird is a former student of A. & M. College. Mr. Bird and son, Albert, attended the graduation exercises.

Lieut. James Joy and wife and small daughter, Palma, spent last week here visiting Lieut. Joy's parents, Mr. and Mrs. C. C. Joy. Lieut. Joy has been transferred from Barksdale, La., to Battlefield, Mich. He is attached to the U. S. Army Air Forces.

Cpl. Fate McDougle has been transferred to the Army Air Base at Ardmore, Okla., from Ephrata, Wash., according to information received by his mother, Mrs. Lee DeFevre, of Foard City.

Mr. and Mrs. Charlie Thompson are in receipt of a letter from their son, Charlie Thompson, saying that he has been raised in rank from Hospital Apprentice, I/C, to that of Pharmacist Mate I/C. He is at San Diego, Calif., in the Naval Hospital.

James Erwin, Machinist Mate I/C, son of Mr. and Mrs. Kelly Erwin, arrived here last Thursday night for a visit in the home of his parents. He has a 27 day leave from duties in the Navy.

County's Quota in 3rd War Loan Drive Exceeded by \$25,547

At the close of the Third National War Loan Drive in Foard County on October 31, a report of a total of \$175,411 was made, which was an over-subscription of the quota of \$150,000 to the amount of \$25,411. Since that time, the total amount has risen to bring the total to \$183,147, which makes an over-subscription of \$25,547, a result which should be a pride to every citizen.

The reason for the difference in the totals is that a number of bonds were bought elsewhere with credit given to Foard County at the place where they were purchased. This difference has recently been reported to the local headquarters, according to Geo. Self, County Chairman for the drive and the final report has been turned in to State headquarters.

During the first World War only four per cent of the armed forces were high school graduates. In this war 25 per cent of the men are high school graduates.

Mrs. T. L. Hayes Died Suddenly Saturday Morning

Funeral Services Held at Methodist Church Sunday

Mrs. T. L. Hayes, resident of Crowell for thirty-three years, passed away suddenly at her home in the south part of town Saturday morning at an early hour. Though she had been in ill health for a number of years, she appeared to be in her normal state of health that morning and had just returned from her garden when death overtook her.

Funeral services were held Sunday afternoon at 3 o'clock from the Methodist Church of which she had been a member for thirty years. Rev. H. A. Longino, pastor of the church, officiated at the last rites. Interment followed in the Crowell cemetery under the direction of the Womack Funeral Home.

Her survivors were three nephews of the deceased: Carl Raymond and Wesley Thurman of Gainesville and Hubert Brown, Gordon Cooper and John Raso; flower bearers were Mrs. Paul Wallace, Mrs. Valton Wallace, Mrs. Dewitt Barron, Mrs. Lewis Ballard and Mrs. Curtis Ribble.

Mrs. Hayes was born in Cooke County on August 6, 1877. Her maiden name was Verna Glanville. She was married to T. L. Hayes on April 14, 1898 and they came to Foard County to reside in 1910. Two sons were born to the couple, Travis Hayes of Elk City, Okla., and one son who died in infancy. Mrs. Hayes was converted when a child and joined the Tipton Chapel Methodist Church in Cooke County. Her membership had been in the Crowell Methodist Church for the past thirty years. She was a kind hearted, neighborly woman who was always thinking of others. She was active in the work of the church as long as her health permitted. She was patient in her suffering.

Survivors are the husband, T. L. Hayes, the son, Travis Hayes, two sisters, Mrs. W. A. McKenzie of Pilot Point and Mrs. Carrie Barnard of Denver, Colo. One niece and a number of nephews also survive, as well as the daughter-in-law, Mrs. Travis Hayes and one granddaughter, Verna Frances Hayes.

Mr. and Mrs. Travis Hayes, Mr. and Mrs. W. A. McKenzie and the three nephews, Carl Raymond and Wesley Thurman, were here for the funeral services.

Rep. Claude Callaway Attends Funeral in Cameron Sunday

Representative Claude Callaway attended funeral services at Cameron Sunday for Mrs. Allen of Lubbock, daughter of Mr. and Mrs. Harley Sadler of Sweetwater, who passed away Friday.

Rep. Callaway was appointed by Speaker of the House Price Daniels to represent the House at the funeral out of respect to Mr. Sadler, who is a member from Sweetwater.

From Cameron, Mr. Callaway went to Austin where he transacted business Monday.

J. W. Cook Honored on 82nd Birthday

A lovely dinner was served at the J. W. Cook home Sunday to compliment Mr. Cook on his eighty-second birthday which occurred Monday, Nov. 1. Mr. Cook has been sick for the past month and, though better, is yet unable to be up.

Many beautiful gifts and cards were received. The home was decorated with cut flowers and pot plants which were presented by Mr. Cook's friends and relatives. All the immediate relatives were present with the exception of Sgt. and Mrs. Joe B. Cook of Tullahoma, Tenn., and Mr. and Mrs. M. D. Sloan of Tyler. Those present were the honoree, Mrs. Cook, Miss Frances Cook, Mr. and Mrs. Frank Cates and son, Roy Joe; Mr. and Mrs. Jim Cook; Mr. and Mrs. W. U. Curtain and Mrs. R. B. Schooling of Tulsa, Okla.; and Mr. and Mrs. Frank Cates Jr. and family. Many friends called during the afternoon.

Mr. Cook was born in Jasper County, Mo., on Nov. 1, 1861. He and Mrs. Cook moved to Crowell in 1907, and have resided here since that time.

Appointed Dealer for John Deere Plow Co.

Self Motor Co. has been appointed local dealer for the John Deere Plow Co. George Self, manager, announced this week. Mr. Self said a service organization for tractor repairs had been set up. A new Model A tractor on display with equipment is now on display.

C. H. S. Football Team to Play AA Team Friday Night

Wildcats Made a Good Showing Against the Quamah Indians, Early in the Season

The Crowell High School football team will journey to Childress Friday night to play the Childress Bobcats, a class AA team. The Wildcats made a good showing against the Quamah Indians, early in the season. Childress has eleven games on its schedule this season and inasmuch as any one boy can play only ten games in the regular schedule, the Bobcats will have only about half of their regulars eligible for this game, and the other positions will have to be filled by reserves. Childress had very little trouble in winning its game with Memphis and Burk Burnett and several of the regulars were held out of those games to be used against Crowell. The Bobcats have defeated Memphis, Burk Burnett, Hollis Graham and Amarillo and Vernon.

Honor Roll for Crowell Schools

The honor roll for Crowell High School and the Grammar School is given below. For the high honor roll a student must have an average of 90 per cent and 25 honor points. For the low honor roll a student must have an average of 85 per cent and 17 honor points. The honor points are determined by the grades.

Supt. I. T. Graves releases the following honor roll:

High School Honor Rolls
A Honor Roll
Doris Browder, Mentie Brisco, Naomi Teal, LaVerne Archer, Roy Joe Cates, Billy Fred Short, Helen Callaway, Genevieve Nelson, Janice Ward, C. D. Campbell, Hazel Marlow, Helen Marts, LaRue Graves, Betty Seale, DeAlva Thomas, Evelyn Barker, Larry Campbell, Joe Harris Seales, Ardolyn Browning, Joyce Jones, Bobby Cooper, Loretta Crowning.

B Honor Roll
Gaylon Parris, Kathleen Eddy, Jean Drew, Charlene Lankford, Ora Mae Fox, Letta Jo Carroll, Bobby Gloyna, Harold Thomson, John Thomas Raso, Clay Dunn, Hardy Sanders, Mary Jo Hogan, Mary Catherine Sparks, G. W. Johnson, Billy Cooper, Naomi Crisp, Wanda Crisp, Milton Hall, Horace Todd, Perry Todd, Betty Johnson, Billie Skelton, Helen Smith, Stantley Russell, Ethel Brown, Edith Dawson, Jane Roark, Margaret Davis, Alton Griffin, Clarence Orr, Ada Jane Magee, Frances Ann Ayers, Benny Brown, Edgar Spears.

Grammar School Honor Roll
Betty Brock, Betty Jo Drew, Elizabeth Joy, Johne Lanier, Anna Lankford, Rondyne Self, Bobby Stinebaugh, Gordon Wood Bell, Jimmy Tom Cates, J. B. Rasberry, Joe Howard Williams, Charles Wishon.

Perfect Attendance Honor Roll
Marvin Brisco, Garland Denton, Glyndale Hart, O. L. Jack, N. A. Nichols, J. C. Thompson, Mary Ray Ayers, Mary Edna Norman, Betty Williams, Gwendolyn Ownbey, Sue Solis, Vertie Jean Bailey, Frances Newton, Peggy June Pittillo.

Perfect Attendance Honor Roll
Marvin Brisco, Garland Denton, Glyndale Hart, O. L. Jack, N. A. Nichols, J. C. Thompson, Mary Ray Ayers, Mary Edna Norman, Betty Williams, J. B. Rasberry, Harold Ribble, Charles Wishon, Christine Hanks, Anna Rea Owens, Lucille Carroll, Charles Beatty, Wayne Borchardt, George Art Davis.

Perfect Attendance Honor Roll
Dalton Bigzerstaff, Billie Bond, Baxter Gentry, John Potts, Vertie Jean Bailey, Mary Ruth Jones, Julia Rose Johnson, Mary Louise Johnson, Gloria Nelson, Anna Lou Patten, Dorothy Thompson, Orlean Young, Betty Jo Drew, Betty Harper, John Thomas Diggs, Jimmie Franklin, John Alan Greening, Glenn Morris.

It is estimated that about 30,720 tons of gold have been produced since the discovery of America—enough to fit into a 38 foot cube.

Inspecting Bomb 'Chutes With X-Ray

In addition to providing a descending medium for men and equipment, parachutes also carry bombs. They were used against the Japs in the South Pacific with deadly success. Left: An employee of a war plant in Stoughton, Mass., uses an X-ray machine to inspect bomb parachutes. Right: Another employee holds a 23-pound bomb attached to its parachute which is in the cylindrical container.

Need for Scrap Iron Is More Pressing Than in Many Months

"For the past few months we have let up on our efforts to get this scrap iron into town," remarks county agent D. F. Eaton, because the need was not so pressing, but that situation has changed now and has become critical.

In a communication just received from Lewis C. Huff, chairman of the Texas Salvage Committee, the following is quoted: "The scrap outlook is extremely critical. The big steel mill at Houston had enough scrap to last six weeks, but was forced to ship large quantities to the Kansas City steel mill because of a critical shortage there. Scrap inventories are dropping fast through the nation."

"Unless more scrap can be found quickly many steel furnaces will have to close down. That will mean no more steel, which in plain language would mean no more guns, bombs, ships, or tanks." Think this over and get busy now.

The local salvage committee advises that markets are now available here in Crowell and that prevailing prices will be paid for scrap.

"Our boys are doing everything expected of them and in many cases more. Shall we disappoint them and hang our heads in shame by not doing the same here at home in seeing that they get what is needed to carry on this conflict," Mr. Eaton said.

HOSPITAL NOTES

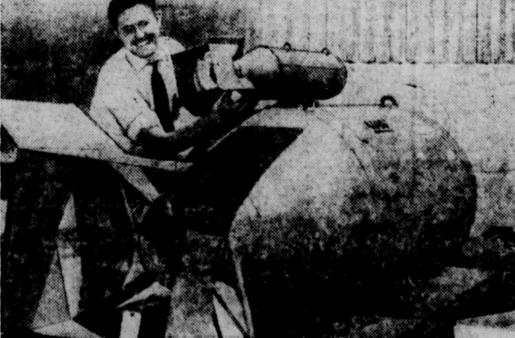

Foard County Hospital

Patients In:
Fred Mitchell
Mrs. A. Bracewell
Mrs. C. A. Langford
Mrs. Lucy Crosnoe
Mrs. Cecil Daniels
and twin babies,
Floyd Ray and Della Fay,
boy and girl

Patients Dismissed:
Mrs. J. M. Whitley
and infant son
Willie Kinsey
Camille Todd
Kelly Collins

Visiting Hours: 9:30 to 11:30 a. m.; 2 to 5 p. m.; 7 to 9 p. m.

Block Buster and Tiny Relative

The 4,000-pound "block buster" bomb is pictured at Wright Field, Ohio, with its tiny relative, the 100-pound demolition bomb. At present the 4,000-pounder is the largest bomb used by the United States. British bombers, however, carry 5,000-pound bombs. Since they are larger than "block busters" they might be nicknamed "town tossers."

United War Chest Drive Opened in County Tuesday with a Number of Quotas Being Reached the First Day

The War Chest Drive for Foard County, with a goal of \$1,800, is well under way and the results so far are very gratifying, announced Claude Callaway, county chairman.

The work was started on Tuesday morning and several communities have already attained their quotas and the remainder of the communities are busy and nearing their goals.

Crowell, Rayland, Riverside, Foard City, Good Creek and Thalia have finished the task and most of them completed it on the first day of the drive.

The campaign runs until November 15th, but it is believed that Foard County will have gone over before that time. The War Chest includes the following agencies: USO, United Seaman's Service, War Prisoners' Aid, Belgian War Relief Society, British War Relief Society, French Relief Fund, Friends of Luxembourg, Greek War Relief Association, Polish War Relief, Norwegian Relief, Queen Wilhelmina Fund, Russian War Relief, United China Relief, United Czechoslovak Relief, United Yugoslav Relief, Refugee Relief Trustee and United States committee for the Care of European Children. In addition to these the Boy Scout and Girl Scout movement in Foard County, is included.

Buffalo of Dr. J. M. Hill Accidentally Killed Last Friday

The two-year-old male buffalo, which Dr. J. M. Hill bought last year, together with two females, and put on his ranch southwest of Crowell, was accidentally killed last Friday. Dr. Hill, Charlie Wishon and Jim Marlow were attempting to put the animal in a chute when he lunged against the fence and broke his neck.

The buffalo was dressed immediately and the meat put in cold storage and given to friends through the courtesy of the meat department of Hanes-Raso Grocery.

Dr. Hill says the buffalo was beginning to get stubborn and at the time the accident occurred he intended to put a board over his forehead in order to make him less dangerous. The animal weighed about 1,200 to 1,500 pounds.

The head of the buffalo will be sent to a taxidermist and a rug will be made out of the hide.

Mrs. Troy Erwin Advised Her Son Has Been Killed

Previously reported as missing, First Lt. Kelly Horace Erwin, 22, bombardier on a Flying Fortress, has been killed in action, according to a message to his mother, Mrs. Mattie Erwin, of Galveston, from the War Department. Mrs. Erwin had been advised on Sept. 14 that her son was missing in action in the North African area since Aug. 19.

Lt. Erwin participated in the invasion of Sicily and the capture of Pantelleria. On July 18, he wrote his mother that he had been awarded the air medal and also the bronze oak leaf cluster for meritorious achievement while participating in five sorties against the enemy. The last letter she had from him was dated Aug. 18 and told of an expected leave.

It was recalled that news reports told of a large scale raid on Foggia on Aug. 19, in which 17 American planes were lost and, although the war department message did not specify, it is thought likely that this was the action in which Lt. Erwin was lost.

Lt. Erwin was born in Crowell and attended school here. He graduated from a Galveston High School in 1939 and enlisted on Jan. 8, 1942. He received his wings and a 2nd lieutenant's commission on July 25, 1942, at Victorville, Calif., was promoted to the rank of first lieutenant on Jan. 25, 1943, and left for overseas duty in March.

He was a nephew of Mr. and Mrs. Kelly Erwin, Bill Bell and Will Erwin of Crowell and was the grandson of the late Mr. and Mrs. Jim Bell. He was well known here.

Attend Meeting of Soil Conservation Ass'n. at Denver

M. S. Henry returned Sunday morning from Denver, Colo., where he attended the 12th annual meeting of the Soil Conservation Association which convened in that city on Oct. 27, 28 and 29. He was accompanied to Denver by R. H. Nichols of Vernon and the two men were appointed by Gov. Coke Stevenson to represent the Pease River Flood Control District.

The association is a national organization formed of the associations of 17 northwest states for the purpose of advancing the development of land, especially its water resources, for use in irrigation, flood control, etc. More than 600 delegates attended the three-day meeting.

D. M. Shultz Has Fine Persimmon Tree

D. M. Shultz, who has lived on the same place, eight miles east of Crowell, for over fifty years, has a persimmon tree which was loaded with beautiful yellow fruit this year until the limbs were almost breaking. After the first frost, Mr. Shultz gathered the persimmons and sent The News a box of the fruit.

Crowell Wildcats Defeat Valley View By Score of 33-0

The Crowell Wildcats rolled on undefeated and untied in conference play by defeating the Valley View Warriors by a score of 33-0.

The big Wildcat line thus far had held the conference teams from crossing the Crowell goal line. The Warriors had defeated Archer City 6-0 earlier in the season. Crowell has defeated the Holiday Eagles. This leaves the Crowell Wildcats the only undefeated and untied team in the conference with only Archer City yet to play.

The Warriors were no match for the Wildcats either on offense or on defense. Pat McDaniel ran wild throughout the game and especially in the first half. After the ball had been moved to the Warrior 20 yard line by McDaniel and Carter, McDaniel came off tackle through the opposing defense into the secondary defense where he turned on the speed and power eluding two Valley View tacklers that one time had him slowed down. This play netted Crowell its first touchdown.

Archer ran over for the extra point. Later in the same period, McDaniel, from his own 38 yard line, did some good broken field running for 62 yards and another Wildcat touchdown. He also ran the point after the touchdown.

Again in the second quarter McDaniel ran 18 yards for another Crowell tally. The Valley View failed to materialize, before Holmes of Valley View, broke up the play. Kenneth Archer made the other two tallies for Crowell through the line on a 5 and a 3 yard plunge, respectively. He also made the extra point after the first touchdown. These two Crowell lads along with McBeath made several 15 or 20 yard runs from center field.

The Warriors were led on the offense by Struel and Birdwell and Holmes on the defense. No serious threat was made by the Warriors although they did manage 6 first downs to Crowell's 15. They recovered a kick on the Crowell 14 yard marker, but were fastened to that point by the Crowell line. The Warriors tried all sorts and mixtures of passes to score on the Wildcats including the screen pass which clicked once for 30 yards. O. C. Wharton and Cecil Parkhill were outstanding in the Wildcat line. Both of these boys broke through to take the Warriors for a good loss. The Crowell reserves played much of the game.

Crowell boys who saw action were: Parkhill, Taylor, Wharton, Short, Cox, Erwin, Gobin, Archer, McBeath, McDaniel, Carter, Joy, Payne, Lewis, Mason, Vecera, Cunningham, Tamplin, Sandlin, Todd and Bell.

VISITING HERE

Mr. and Mrs. J. R. Coffman of Albuquerque, N. M., are here this week visiting Mrs. Coffman's brother, Wallie Seales, and family at Thalia and old-time friends in Crowell and Foard County. Mr. and Mrs. Coffman are former Foard County residents, having left here in 1926. Mr. and Mrs. Coffman have been married fifty years on Nov. 16 and Mr. Coffman says they are on their honeymoon. They have been visiting their children in many parts of the state. Mr. Coffman was in bad health when they moved to Albuquerque, but now he is able to do any kind of hard work and is employed all of the time. He renewed The News for the 45th year, having first subscribed for the paper in 1898 when the paper was owned and edited by H. W. Norwood.

Because of improvements made in lifting appliances, a 50-ton weight can be handled more easily today than a single ton in 1800.

Items from Neighboring Communities

RIVERSIDE

Mr. and Mrs. Henry Hrabal and Violet Macha of Crowell visited Sunday afternoon with Mr. and Mrs. Bob Miller and daughter, Pauline.

James Adkins of Fort Worth spent from Thursday until Sunday with his parents, Mr. and Mrs. Cap Adkins.

Mrs. Elwin Hudgeons and small daughter of Falls came Wednesday for an extended visit with her parents, Mr. and Mrs. Dumas Heath. Mr. Hudgeons is in Sanatorium for medical treatment.

August Rummel and family visited in the Edgar Schoppa home of Five-in-One Sunday.

Mr. and Mrs. Jim Farrar of Brownfield spent Sunday with their son, Alton Farrar, and family.

Mr. and Mrs. S. B. Farrar spent the week-end in Dallas.

Mr. and Mrs. Sam Kuehn and

son, Ward, spent the week-end with Mr. and Mrs. Leon Taylor of Idalou.

Mr. and Mrs. M. L. Cribbs and daughter, Veda, spent from Friday until Sunday with their daughter, Mrs. Ralph Flesher, and husband of Lubbock.

Miss Juanita Boman of Crowell visited her sister, Mrs. William Bradford, and family Sunday.

Mrs. Bobby Long and children of Thalia visited relatives here Saturday night.

The frost which fell here last week will be of great benefit to boll pullers on account of killing the cotton leaves. Cotton is opening more rapidly, also.

Mrs. Jim Cook, Mrs. F. A. Davis and Mrs. E. A. Fox of Crowell visited friends here Monday afternoon.

THOUGHTS OF SERIOUS MOMENTS

We are haunted by an ideal life—because within us there is the possibility of it.—Phillips Brooks.

Man that is made in the image of the Creator, is made for God-like deeds. Come what may, I will cling to the heroic principle.—Dizrael.

The true idea of God, unfolded clearly within us, is the noblest growth in human nature.—Channing.

A great advantage of silent contempt is that it often prevents a black eye.

Yeah? Who says so!

THIS IS YOUNG MR. DOUBTING THOMAS, JR. He is a symbol, and stands for millions of motorists who want facts, not claims, about motor oil quality.

With all automobiles growing older and no new ones in sight, facts about oil quality have never before been so important to car owners. That is why we briefly present these facts about a motor oil with a good name, which is backed by a great name.

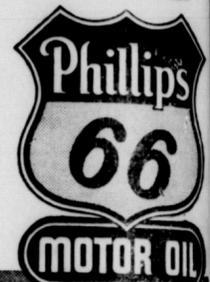

Phillips offers a number of oils, in various grades to match varying demands and pocket-books. Of all these oils, we have specifically set one apart as our best. To make choice simple and easy for you, we frankly say that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Play safe. Don't neglect either regular or seasonal draining and refilling. When you replace summer-thinned lubricant, or make the every-two-months recommended change, be sure to ask for Phillips 66 Motor Oil.

TO HELP YOU CARE FOR YOUR CAR FOR YOUR COUNTRY
We have pledged:

- ★ To check your tire pressure, and inspect each tire for cuts, nails, stones, or other signs of danger.
- ★ To check battery water-level and remove corrosion at regular intervals. Time your car is serviced.
- ★ To check the spark plugs, fan belt, headlights, etc.
- ★ To perform all services you may require, and to make seasonal recommendations for improving the efficiency and lengthening the life of your car.

Processed Foods—Blue stamps X, Y, and Z good through November 20. Green stamps A, B, and C in Book Four good through December 20.

Soldiers' Allowance Payments

Soldiers' dependents must fill out and return a new, one-sheet dependency certificate to benefit by new rates provided by recent servicemen's allowance legislation, the War Department announced. All dependents now receiving family allowances are being sent copies of the new form. These should be filled out, witnessed, and returned to the Office of Dependency Benefits as soon as practicable to avoid possible discontinuance of allowances. Until new accounts can be set up, dependents now receiving family allowances will continue to receive their checks in the old amounts. After an account is converted, any sums accrued as a result of an increase in allowances will be included in the first check. The conversion from old to new accounts will take several months.

Peanut Butter Prices Down

Reduction of consumer prices for peanut butter from 33.1 cents to about 26.5 cents per pound, effective November 1, was recently announced by WFA and OPA. The reduction is part of the wartime program to increase use of peanuts in making peanut butter and increase consumption of easily produced foods of high protein content.

30 Days' Notice on Stamp 18

The public will be given 30 days to about 26.5 cents per pound, effective November 1, was recently announced by WFA and OPA. The reduction is part of the wartime program to increase use of peanuts in making peanut butter and increase consumption of easily produced foods of high protein content.

Set Price Range on Cattle

The allowable range of prices for which each grade of live cattle can be sold to slaughterers has been set by Judge Fred M. Vinson, Director of the Office of Economic Stabilization. Within each grade price may fluctuate \$1. Price ranges per hundred-weight for various grades at Chicago are: choice, \$15 to \$16; good, \$14.25 to \$15.25; medium, \$13 to \$13; common, \$10 to \$11; cutter and canner and bologna bulls, \$7.45 to \$8.45. The Price Administrator and the War Food Administrator are to determine and publish prices at other points in line with Chicago prices. As soon as practicable, the War Food Administrator is directed to put into effect a system of allocation of live cattle to slaughterers and feeders to maintain "equitable distribution of available supplies."

Mail Christmas Cards Now

Christmas cards to soldiers overseas should be mailed at once, the War Department says. They must be sent in sealed envelopes as first class mail. Christmas cards mailed now will reach even the most remote APO's by December

Predict Ample Coffee For Duration

"Coffee supplies in the U. S. should remain ample for the duration," according to George C. Thierbach, President of the National Coffee Association. Imports into the U. S. this year were in excess of any prewar year except 1941. Recently Chester Bowles, General Manager of OPA, said "There is not the slightest idea of rationing coffee again." Coffee stamps in Ration Book Four were designed and sent to the printer months ago when coffee was still being rationed.

Farmers Produce Enough Food

American farmers are producing enough food this year to provide civilians with a nutritious diet and meet military and lend-lease requirements, the Office of War Information reported recently on the basis of data from the War Food Administration. Everyone in the U. S. could have more nutrients than are essential for health, with the exception of riboflavin, if the supply of food available for civilian use were distributed equitably and prepared without loss of value.

Who May Slaughter Without Permit

A farmer or other producer of livestock may slaughter without a license or permit and consume meat without giving up ration points, if he qualifies under the following OPA regulations: (1) raised livestock from birth or (2) for 60 days before slaughter, or (3) the weight has increased 35 per cent between time acquired and time of slaughter. In addition, a person must have resided more than six months of each year on a farm he operates, or have visited the farm to give his personal supervision to the raising of livestock for at least a third of the time during the period (one of those listed in the foregoing) on which he bases his claim to the right to consume meat point-free. If a person has his livestock custom-slaughtered, he must meet these same conditions and give the slaughterer a certificate showing he is eligible to consume the meat point-free.

550,000 Honorably Discharged

Approximately 550,000 officers and enlisted men were honorably discharged from the army between December 7, 1941, and August 31, 1943, according to the War Department. Approximately 200,000 men over 38 years of age were released to accept employment in essential industry or agriculture. Of the remaining 350,000 discharges a large majority will be for physical and mental disability.

No Coupon Rationing of Coal

There will be no coupon rationing of coal during the coming winter, according to OPA. Deliveries are being curtailed so as to spread supplies as evenly as possible. The coal shortage is primarily in anthracite, the Solid Fuels Administration for War reports, and anthracite users are urged to supplement hard coal with bituminous coal. Copies of "Supplementing Anthracite with Other Fuels for Home Heating" (Information Circular 7266) may be obtained without charge by writing to the Division of Information, Solid Fuels Administration, Interior Department, Washington, D. C.

Marines Celebrate Anniversary

On November 10, the Marine Corps celebrates its 168th anniversary. On this day, the seven branches of the corps will be honored: Aviation, Line, Mess, Musicians, Paymaster, Quartermaster, and Communications.

Bans Harmful Anti-Freeze

To protect motorists and truck operators, the War Production Board last Saturday halted all sales of an estimated half-million gallons of destructive anti-freeze. WPB warned motorists who already have filled their radiators with any of the banned products to drain and flush the cooling system immediately and refill with the

alcohol or ethylene glycol type.

Harmful types are those compounded with inorganic salts, including calcium, magnesium or sodium chloride and petroleum distillates. Trade names of the products whose sales were halted are: All-Winter, Chem-A-Cool, Frozone, Permazone, Wonder-Solv, Lo-Zone, Alcotex, Ever-Flo, Bird Antarctic, Flexo, Gold Seal, Security, Anti-Arctic, Nova-Freeze, Anti-Frost, Bondi (top line), Free-Zex, No-Freeze, 60-Below, Lo-Temp, Never-Freeze, and No-Boil.

Thanksgiving Dinners Assured

Army men and women will have a traditional dinner, November 25, the War Department says. On the menu are: fruit cup, roast turkey with dressing and gravy, cranberry sauce, mashed potatoes, buttered peas, corn, tomato and lettuce salad, celery, pickles, pumpkin pie, apples, grapes, candy, nuts, and coffee. Personnel overseas will be served this menu so far as operating conditions will permit.

Consumers Get More Egg Products

Consumers will be able to get more egg products since restrictions on liquid, frozen and dried whole eggs have been removed by WFA. Increase will be reflected primarily in the production of noodles, macaroni, prepared flours, and prepared ice cream powders and mixes.

North Africa Help Feed Troops

North Africa now is delivering fruits, vegetables, and meats to Allied Forces, supplying essential civilian workers, it was revealed recently. Flour, fruits and vegetables from North Africa are being used in the Italian campaign, and French authorities are accumulating food supplies for use during and after the liberation of France. Following liberation of North Africa, Allied authorities supplied carefully budgeted seeds, fertilizers, sprays, binder twine, spare parts for farm machinery and tractor fuel—supplies which have saved many times their weight in shipping space by enabling North Africans to get quickly back into agricultural production.

Aviation Gas Output Quadrupled

Production of 100 octane gasoline needed for war operations is now four times greater than in the early months of 1942 and within a few months will be eight times greater, according to the

Petroleum Administration

War. To get the 100-octane gasoline required for military operations it is necessary to produce less of the products needed by civilians such as ordinary gasoline and fuel oil.

Lift Restrictions on Elastic Fabrics

Restrictions on the use of elastic fabric in girdles, corsets, combinations, sanitary belts, garter belts, and brassieres have been lifted by WPB. However, it is believed no all-rubber garments will be on the market until the spring of 1944, and it will be some time after that before full-scale production will be possible.

Hosiery Prices Increased

Higher ceiling prices for some of the finer grades of women's full fashioned rayon hosiery have been established by OPA. Price for 54 and 57 gauge hose has been increased from \$1.18 to \$1.60 per pair. Sixty gauge and higher have been increased from \$1.10 to \$1.69.

SAFETY SLOGANS

- A good driver will not "chase" on the traffic lights.
- Remember the best of brakes will not hold on icy pavement.
- The ability of the driver, not the ability of the car, should be the determining factor on fast one drives.
- Cross streets where you can be seen from both directions. Do not slip across between cars.

THANKSGIVING Turkey Market Is Now Open

I am in the market, as always, for your turkeys and will appreciate your business. I will be paying the top market prices at all times and will give the farmer bringing me the most pounds of turkeys on the Thanksgiving market a prize of \$10.00; second prize, an order for 50 baby chicks, and third prize an order for 25 baby chicks. You can get these chicks any time after the seventh of January.

The Government wants you to sell your turkeys early so they can be dressed and distributed among our Army camps.

Starting Hatcheries

I am starting my hatcheries December 15th. If you want baby chicks, you should put your order in now.

Careless Treatment of Common Colds May Result in Pneumonia

Austin.—With the advent of fall and the attendant seasonal changes of weather, common colds become much more prevalent and widespread in the state.

Dr. Geo. W. Cox, State Health Officer, has issued a warning against the careless treatment of any respiratory illness since they can and frequently do result in the dreaded complication, pneumonia.

He emphasized the fact that pneumonia usually strikes with little or no warning, following a simple cold, an attack of influenza or some other respiratory infection.

"A cold or any other infection of the breathing passage, especially if accompanied by fever, demands attention of a doctor," the state health officer said. "To try to fight such a disease without bed rest and by means of self-medication may endanger life unnecessarily."

According to Dr. Cox, prevention is better than cure and in order to avoid colds, influenza, and pneumonia he advised building up normal physical resistance by sufficient ventilation, adequate nourishing food, outdoor exercise and sufficient sleep and rest.

"However," he added, "if, in spite of such care, a respiratory illness develops, the family doctor should be called immediately."

The fact that pneumonia is definitely a communicable disease is often overlooked, Dr. Cox stated, but this should be borne in mind so that the danger of passing the disease from one person to another can be eliminated.

HOUSEHOLD HINTS

Freshen peanuts by heating ten minutes in a slow oven. If salted peanuts are to be used in salads or desserts be sure they are strictly fresh. They become rancid quickly unless stored in a cool place.

Moth crystals are cheap, so use them generously. Use about one pound of flake naphthalene for a small chest, trunk or box.

Acetone, from your local druggist, will remove nailpolish from dress goods and other materials. Never use polish remover, as it will rot the material.

TEACHER'S PETS

Every child is a teacher's pet in the nursery schools being set up throughout the country for the children of war workers.

NATIONAL EDITORIAL ASSOCIATION 1943

The Lord is my rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower.—Psalms 18:1.

In our opinion, this war and all its misery and cost can be laid on the doorstep of those who opposed the entrance of this country into the League of Nations. They cannot escape it. The League of Nations sought to bind the signor nations together in a pact to prevent aggression by any nation upon the territory of another. When this country refused to sign, it rendered the organization impotent. When Japan started to invade China there was no organized effort to stop her. When Mussolini invaded Libya there was no organized effort to stop him. When Hitler began his progressive rise to power by the invasion of smaller countries there was no organized effort to stop him. Our failure following the last war was not the treaty of Versailles. It was because of political prejudice that this nation did not take its place on the line. Any effort worthy of the name to prevent future wars is going to have to provide that certain nations band themselves together to crush every movement in any country that has for its purpose the invasion of another country. Without such a plan all the talk of a post-war world and post-war peace is all bunk. Anything we do without such an agreement will merely be another Armistice and all the flamboyant oratory or flag waving or rattling of the skeleton of entangling alliances will not change that fact.

A recent report reveals that casualties among the American armed forces since Pearl Harbor amount to 105,000 including 20,000 dead, 28,000 injured, 38,000 missing and 24,000 imprisoned. This does not include the losses incurred in the invasion of Italy. In contrast to this in the same period casualties among American workers amount to 80,000 dead and more than 7,000,000 injured, representing lost time equivalent to the production time required for building 11,000 bombers or thirty-two battleships. The tragic feature of it is that while not all these accidents are preventable, many are.

HISTORY

Dedication of the National Cemetery at Gettysburg—November 19: The Gettysburg National cemetery was laid out on the area that was the scene of the Battle of Gettysburg near Gettysburg, Pennsylvania. In this battle some 130,000 men were engaged, about half on the Union side and half on the Confederate side. The total killed, wounded and taken prisoner was 45,000 of which 5,750 were killed. Both Union and Confederate were buried on the field. The Confederate dead were later removed to a cemetery at Richmond. There are 3,654 graves of Union soldiers in the Gettysburg cemetery. Shortly after the battle it was decided to make the battlefield a National cemetery. The speakers on the occasion of the dedication November 19, 1863, were Edward Everett, a distinguished orator of Massachusetts and President Lincoln. It was on this occasion that Lincoln delivered his famous Gettysburg address. The cemetery covers 17 acres. A tract of thirty-eight square miles, which includes the battlefield, has been bought and is preserved as a park. In it are 851 monuments of various commanders and regiments and 100 cannon such as were used in the battle. It is visited each year by thousands of tourists and students of military tactics who visit the field to study the military tactics of the two armies.

The information is that the nation is facing a scarcity in all kinds of paper. The larger dailies are going to be called upon to curtail their use of print paper. Magazines are going to be printed on lighter weight paper and all writing paper is going to be made lighter in weight. As soon as present stocks are exhausted the lighter paper will begin to appear. The reason is that due to the lack of manpower not enough trees are being cut to supply the mills with the necessary pulp. We have reached a point where paper, if there is going to be any, is to go around, must be conserved.

While they have a certain military value there will never be much demand for the Aleutian Islands as a place to live. Fog is the rule and sunshine is the exception on the islands. In the winter the temperature drops below zero and the wind attains a velocity of 105 miles an hour. The natives are a semi-dwarfed race whose average life is thirty years. Marriage at twelve and thirteen years of age is the rule.

If aviation advances in the next twenty years in proportion as it has advanced the past twenty years there is no one imaginative and daring enough to suggest what its accomplishments will be at that time. We are living in an age when actual accomplishments surpass even the wildest flights of imagination.

Next year at this time we will be in the midst of a presidential campaign.

A sharp tongue cuts many friendships.

What We Think (By Frank Dixon)

There has been a great deal said and written about the post-war world. Some have said so far as to outline just what could be done in this situation and that situation in order that a smooth running and orderly world may emerge from this war.

I imagine it is a matter to which every one has given some thought and upon which every one has some ideas. I believe this is as it should be. I think we should be thinking about the post-war world. I think we should be trying to work out in our own minds a solution to human relationship in a national and international way that will make unnecessary and even impossible recurring wars. I think that in the interest of human progress we are bound to find this solution. Until we do find a solution we are going to be called upon periodically to defend what we choose to call civilization's gains and bankrupt our treasuries in so doing.

It is not my purpose or desire to look upon the gloomy side of the matter, but there is a gloomy side and there can be no harm in frankly recognizing it and facing it and considering it in connection with any plans that may be made.

Assuming that we work out a plan for the control of Germany and Japan, who is going to see to it that this plan is carried out? The Versailles Treaty provided such a plan. There is no question in anyone's mind today that if the terms of the Versailles Treaty had been carried out that this war would not have been begun. It provided for disarmament of aggressor nations and a Congress of nations bound to prevent wrongful aggression by one nation against another. When the pact was entered into all of us were determined that it should be enforced, that no stone should be left unturned to prevent a repetition of 1918.

Secure in the belief that we had found the answer to future human conduct in an international way we pushed it into a pigeon hole and went about our business and forgot it.

While we were working overtime forgetting it, aggressor nations were working overtime getting ready for another war.

Strangely enough this was not being done secretly. It was not only done openly with full knowledge of the rest of the world but Hitler boasted of what he was doing and what he intended to do. So far in this war there has not been a single surprise. All he has done he announced in advance he would do.

When Japan invaded China nothing was done about it. When Mussolini invaded Libya nothing was done about it. When Hitler began his march that was designed to lead to the domination of Europe nothing was done about it.

More than this there were sizable groups in England and America who contended that nothing should be done about it. That it was none of England's business and was none of our business. These groups prevailed in both countries to the point where the outbreak of war found them wholly unprepared materially or any other way to meet a well armed and well prepared foe. This school of thought in both England and America is going to be responsible for the loss of the lives of thousands of American and English boys and of millions of treasure. The question I desire to ask is, are we going to repeat our folly? If not who will stop us? Who will strike down and silence those who rise up, as they will rise up, and say this is none of our business? I have no doubt a plan for world peace and world order will be worked out, but that it will be adhered to and carried out, in the light of past performance, I cannot help but be skeptical. I cannot help but wonder if our inertia is going to make of this peace merely another Armistice.

VIVIAN H. D. CLUB

At a recent meeting of the Vivian Home Demonstration Club at the home of Mrs. Tom Cooper, a report was made by Mrs. Cooper on her garden for the year. She has served as garden demonstrator of the club for the year.

Mrs. Cooper recalls that she had achievement day at her home nine years ago and at that time, she had 38 visitors. Several who were present at that time were also present on this meeting day.

She stated that her garden was made with the assistance of Mrs. James Sandlin and Mr. Cooper. She reports a very good spring garden but no fall garden to speak of, on account of the dry weather.

Her report says that they canned 50 qts. beans, 5 squash, 4 snapped beans, 3 pts. English peas, 66 pts. corn, 15 pts. corn relish, 6 pts. beets, 70 qts. peaches, berries and plums, 40 pts. jams and jellies, and 11 qts. butter beans. The garden cost \$5.00 and fruit cost about \$10.00. Much pleasure has been derived from the garden and much of its products has been given to friends.

Mrs. Cooper includes in her report that she has sold 16 hens and 32 fryers, a total of \$38.16. Also \$15.20 worth of eggs and \$40.00 worth of cream. She has knitted for the Red Cross 7 long sleeved sweaters, 18 pairs of fingered gloves and 1 pair wrist-lets.

Others members of the Vivian Club have contributed sewing and knitting to the Red Cross also. The club has made 37 slips and 39 blouses for children. Mrs. R.

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of the News of Nov. 7, 1913:

If the inhabitants of the planet Mars are really signaling the earth with a blue light, as Professor Le Coultre, the Percival Lowell of Switzerland, insists, what can they expect to learn from this enlightening globe? says the New York Times. Of course, the Martians know we can give them only advice while interplanetary communication is in its present undeveloped state.

Rayland cotton growers delivered 47 bales of cotton here last Thursday, receiving prices ranging from 12 to 14 cents. Crowell cotton buyers are paying the top prices this year.

Grover Cole, who is farming with Mode Haney of Thalia, was here Tuesday, and calling at The News office to square himself with the paper for another year, he incidentally informed us that Mr. Haney has 1,500 bushels of corn yet in the field, owing to the continued wet weather and his inability to get help. He also has a number of bales of cotton in the field because of the help shortage.

The space between Womack's store and The News office is simply fierce these muggy times and those who pass over that particular stretch of ground going to and from their places of business will agree with us when we say that a walk is badly needed.

A number of young ladies were guests to a six o'clock dinner at the home of Mrs. Lon Banister on Monday, the special feature of the evening being the announcement of Mrs. Banister of the marriage of her daughter, Ora, to Fred Bomar, which is to be celebrated Thursday evening, Nov. 6.

L. G. Andrews left this week for Paris, Texas, where he will have charge of a gin. Mr. Andrews is an experienced gin man.

This part of the country was blessed with another fine rain this week, amounting to an estimated 3 inches.

Archie Campbell has purchased a fine motorcycle, and is now engaged in teaching it English.

Miss May Klepper returned Friday from Clarendon where she has been attending school.

B. D. Webb returned Monday from a trip to East Texas.

Mexico, Mo., the city that boasts the largest Sunday School class of any city in the world, went dry at an election held last Monday by 65 votes.

C. R. Ferguson went to Gainesville last Thursday in response to a telegram bearing the sad news that his brother-in-law, H. C. Kilgore, had died suddenly.

Margaret items—Rev. Robert Jameson is moving to Matador. The Margaret people express themselves as sorry to lose him and his family.

W. B. McCormick, Arch Bell, Bob Bell, Zeke Bell and Carl Thacker left this week for the famous hunting grounds over on Tongue River for a ten-days' hunting trip.

S. Carroll has knitted 3 sweaters, Mr. Raymond Lawhon 2, and Mrs. R. L. Walling 1.

Junior Red Cross Activities Started

The Junior Red Cross became an authorized part of the American Red Cross through a proclamation issued by President Woodrow Wilson on September 15, 1917, providing an organization through which the efforts of school children could be used for war time needs. During this time a foundation was laid for the present international program and some national activities, such as service to men in government hospitals.

The nation-wide enrollment campaign of the Junior Red Cross is from November 1 through the 15th. The objective of this campaign is "Enrollment for Service." Membership is restricted to school pupils. This membership gives boys and girls of the United States experience in co-operation with more than 14,000,000 members in our own country and with members in other countries.

A part of this money raised by children goes to the National Children's Fund. It is used for children both here and abroad. Since World War No. II began, about \$20,000,000 has been given to this fund for relief of children in war zones. Thousands of gift boxes are sent abroad each year... clothing, bedding, foods, garden tools, and many other articles are also sent. International school correspondence is an interesting result.

School children in Foard County have not hitherto engaged in production work but very little. This year the boys and girls will make articles for use in hospitals. They will also make holiday cards, and favors, library envelopes and cards and various other things.

The Junior Red Cross organization in Foard County is as follows: Chairman, Mrs. Allen Sanders; Committee, Leslie Thomas, L. T. Graves, Roy, O. Strickland, Mrs. Earl Maynard, Miss Cora Carter, Miss Zelma Ferguson, Mrs. Roy Steele, Miss Emma Belle Hunt.

Mr. Car Owner

Bring me your troubles. Tires and tubes vulcanized. Can also send your tires off for re-capping.

LIFE'S Little TROUBLES

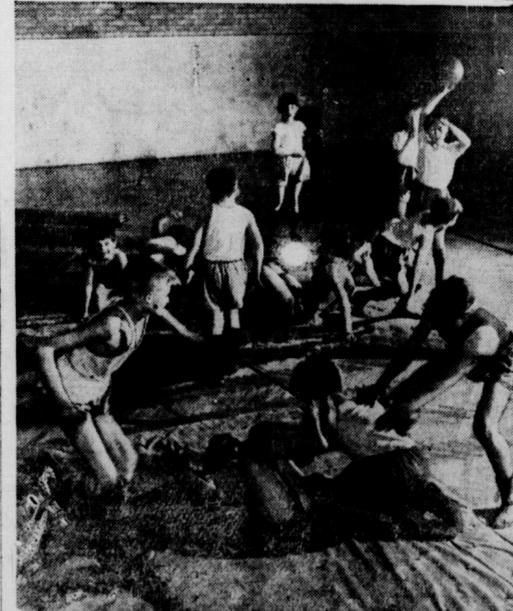

CAN'T SLEEP

No need to lie in bed—worry and fret because CONSTIPATION or GAS PRE-SURE won't let you sleep. Be sensible—get up—take a dash of ADLER-I-KA

as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adler-I-Ka assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adler-I-Ka from your druggist today.

GAMBLEVILLE H. D. CLUB

The Gambleville Home Demonstration Club met on Tuesday, Nov. 2, with eight members present. Each member displayed home-made gifts and many new ideas for gifts were exchanged. Mrs. Willie Garrett gave an interesting discussion on Noel Decorates. "Bag your gifts by using paper bags and a few decorations" said Mrs. George Morgan.

Mrs. Milburn Carroll gave some useful and interesting ideas on home made wreaths and displayed a wreath she had made of native cedar twigs. Mrs. J. C. Prosser told of new ways to make Christmas centerpieces for the holiday table.

Officers for the coming year were elected: Mrs. Willie Garrett, president; Mrs. Earl Davis, secretary and treasurer; Mrs. C. Prosser, reporter; Mrs. George Morgan and Mrs. J. R. Meador, council delegates; Mrs. Fred Dyer and Mrs. J. C. Prosser, volunteer Supply Demonstrator and Christmas Demonstrator.

A report on the halo which was held at the school was made by Mrs. Prosser. Everyone had an enjoyable evening eating stew, playing 42 and taking part in a cake walk. The proceeds are to be used for the Christmas Demonstrator.

The next meeting will be at Mrs. Earl Davis on Nov. 16, at 7 o'clock. Each member is urged to attend and to bring a gift member.

LOCALS

Ab Fox and daughter, Juanita Faye, of Dumas, are here this week visiting homefolks.

George Carter of Quanah spent the week-end here in the home of his mother, Mrs. Pearl Carter.

Mr. and Mrs. George Copelin of Childress visited in the home of Mrs. Copelin's mother, Mrs. J. E. Minor, Sunday evening.

Buy your Christmas toys now on our lay-away plan.—W. R. Womack.

Mrs. Oscar Gentry has accepted a position as saleslady in the Beverly Hardware & Furniture Co.'s store on the west side of the square.

Mr. and Mrs. J. D. Chandler and son of Wichita Falls spent Sunday in Crowell visiting Mr. and Mrs. E. W. Burrow, and other relatives.

Colorgraphic cornices, suitable for any window. Brighten up your room.—W. R. Womack.

Hubert Brown returned the latter part of last week from McMinnville, Tenn., where he visited his uncle, J. M. Brown, and wife and other relatives.

Mr. and Mrs. A. F. Wright of McCamey are here visiting in the home of Mrs. Wright's parents, Mr. and Mrs. J. H. Carter. Their daughter, Mrs. J. D. Carroll, of Lubbock is also here.

Visit our gift shop.—W. R. Womack.

Marble top kitchen tables.—W. R. Womack.

Mr. and Mrs. J. C. Self of Wichita Falls spent the week-end here visiting relatives.

Mrs. Pearl Carter has returned from Dalhart where she visited in the home of her son, J. T. Carter and family.

For Sale or Trade—Good two-wheel trailer with heavy duty tires.—S. H. Ross, Phone 212M, 19-11p

Mrs. D. F. Luseombe of Anna has been visiting in the homes of her sister and brothers, Mrs. Henry Ross and John and Frank Welch.

Miss Babs Eaton returned to Fort Worth Tuesday after a visit here in the home of her parents, Mr. and Mrs. D. F. Eaton. She is a senior student in T. C. U.

Mr. and Mrs. Ray Bush and two grandchildren, Karan and Ed Blackburn of Amarillo were weekend visitors in the home of Mr. Bush's sister, Mrs. Jeff Bruce, and family and his mother, Mrs. G. M. Bush.

Mrs. Ernest King left this morning for Providence, R. I., to be with her husband, Ernest King, Petty Officer 2/C, who is stationed there. Mrs. King will be gone for an indefinite stay.

Mr. and Mrs. W. U. Curtin and Mrs. R. B. Schooling left Tuesday morning for their homes in Tulsa, Okla., after having visited for a few days in the home of their parents, Mr. and Mrs. J. W. Cook.

Mrs. Claude Callaway left Wednesday morning for Mobile, Ala., where she will visit in the home of her daughter, Mrs. P. N. Stephens, and family. Mr. Stephens is with the Coast Guards and stationed at Mobile.

Dr. and Mrs. Hines Clark left Saturday afternoon for New Orleans, La., where they visited in the home of their daughter, Mrs. Leonard Male and family. Dr. Clark also attended a Medical Clinic for a Refresher Course.

Mrs. Julia Belle Kociela of Wichita Falls visited over the week-end with her parents, Mr. and Mrs. Kelly Erwin, her brother, James Erwin, who is here on leave, and with other relatives and friends.

Mrs. W. H. Rowand of Madison, N. J., is here visiting in the homes of her sister, Mrs. John Rasor and family and her brother, T. S. Haney and family. She has been in Vernon visiting her mother, Mrs. T. M. Haney.

Wilson King, who has been employed in government construction work in Seward, Alaska, spent a few days of last week visiting in the home of his sister, Mrs. Byron Davis, and husband, Mrs. Davis' aunt, Mrs. J. B. Mabry of Vega, also was a guest in the home at the same time.

Ensign and Mrs. Bert N. Ekern returned from a short trip Wednesday and left Thursday morning for Mexico, Mo., for a visit in the home of Ensign Ekern's parents. Ensign Ekern left Mexico Saturday morning, and returned to duty while Mrs. Ekern returned to the home of her parents, Mr. and Mrs. W. B. Johnson Tuesday of this week.

Mr. and Mrs. H. L. Kimsey and Mr. and Mrs. Mabry Kimsey and son, Jimmie, of Handley visited relatives here Sunday, Oct. 23, coming to Crowell Saturday night. In Wichita Falls they visited Mrs. Kimsey's brother, W. R. Womack, who is improving satisfactorily from an operation. Mr. and Mrs. H. L. Kimsey are publishers of the Handley News.

grown one of the largest potato crops on record.

People are encouraged to buy and store a bushel or more of these potatoes in their homes, and this will not be considered hoarding, as a wide distribution of the potatoes is recommended to save losses.

In storing potatoes they should be carefully inspected for bruises, cuts or decayed places before placing them in storage.

The temperature should be kept between 40 and 60 degrees in the storage place, bin, cellar, garage or closet.

The potatoes should be shielded from too much light as excess light causes them to turn green.

Let's Swat the Rat Continuously

The common weaver requires the control of the common shrew rat, which is a menace to health and so destructive of property.

Among the seven diseases that he may transmit is that of Typhus fever which is transmitted by him alone, of which there are many cases in Texas.

Rats steal and destroy twenty million dollars worth of food and feed from Texas farmers yearly, besides the loss of poultry and the accumulation of filth in the homes infested.

There are three methods of control, according to experts in this field; by rat proofing buildings, poisoning and community rat hunts.

In rat proofing buildings containing feed or food all holes should be covered with tin, windows and cracks screened with hardware cloth.

In open-type barns, a covering of quarter inch hardware cloth placed outside the inner sheeting of ceiling, walls and floors of bins containing feed or food will protect against rats. It is a good plan to have the barns and bins constructed above the ground several inches so that rats cannot harbor under the floors.

In poisoning rats small pieces of bait should be placed in runways, around the wall of the building, in attics and in basements, near the rat holes and in places where they inhabit. Baits may consist of ground fresh meat, chopped carrots and apples, corn on cob or any bait they will eat after trial.

Community rat hunts are helpful when done in connection with the poisoning program. The holes and hiding places should be sought out and a thorough job done if much is accomplished. It is a continuous job and one should be on the alert for the rats at all times.

Food and feed is too precious to lose in this way now if it can be prevented. Those who have those gas guns recently sold with cyanide poison preparation can use them effectively if care is taken not to be injured by the poison gas.

This office will be glad to give further information as to the kind of poisons or other chemicals to use and how to administer them.

Remember the Soil Conservation Meeting

This meeting is to be held next Monday, Nov. 8, here at the district court room, at 8 p. m.

We are expecting Mr. Marshall, J. A. Scofield and Paul Haynes to attend this meeting, representing the state, the extension service, and the soil conservation service. The meeting is open to anyone interested in soil conservation.

The purpose is to explain the plan on which soil conservation districts are developed and operated by the people who live in them.

As indicated before this is purely a voluntary proposition and results will be in proportion to the interest shown as it is squarely up to the land owners of the county.

If this district could be ready to operate as soon as the war is over it would have the advantage of getting into action immediately.

Wilson King, who has been employed in government construction work in Seward, Alaska, spent a few days of last week visiting in the home of his sister, Mrs. Byron Davis, and husband, Mrs. Davis' aunt, Mrs. J. B. Mabry of Vega, also was a guest in the home at the same time.

Ensign and Mrs. Bert N. Ekern returned from a short trip Wednesday and left Thursday morning for Mexico, Mo., for a visit in the home of Ensign Ekern's parents. Ensign Ekern left Mexico Saturday morning, and returned to duty while Mrs. Ekern returned to the home of her parents, Mr. and Mrs. W. B. Johnson Tuesday of this week.

Mr. and Mrs. H. L. Kimsey and Mr. and Mrs. Mabry Kimsey and son, Jimmie, of Handley visited relatives here Sunday, Oct. 23, coming to Crowell Saturday night. In Wichita Falls they visited Mrs. Kimsey's brother, W. R. Womack, who is improving satisfactorily from an operation. Mr. and Mrs. H. L. Kimsey are publishers of the Handley News.

Ensign and Mrs. Bert N. Ekern returned from a short trip Wednesday and left Thursday morning for Mexico, Mo., for a visit in the home of Ensign Ekern's parents. Star-Telegram

Subscribers Must Keep Certificates

Since the Fort Worth Star-Telegram is accepting only renewal subscriptions this year, it is absolutely necessary for all subscribers to keep "Renewal Certificates" sent out by this newspaper recently in order that the time according to the circulation manager in Fort Worth, renewal certificates must accompany order for renewal. All subscribers who expect to renew their subscriptions to the Star-Telegram are advised to preserve their renewal certificates.

The Fort Worth Star-Telegram has a number of subscriptions that expire on Nov. 1, 1943. If the figures opposite the name is 11-43, that means that the subscription expires Nov. 1, 1943. These figures represent only the month and the year and the subscription expires on the first of the month. Subscribers who want to renew their papers, should look after this matter promptly, as it will be impossible for us to send out expiration notices, and due to the newsprint situation it will be necessary to stop papers after subscriptions have expired.

Either Wichita Falls daily paper, Record-News or Daily Times, one year \$6.50; with The News one year, \$8.00; Fort Worth Star-Telegram, one year \$8.95; with The News one year, \$9.95. The Foard County News in Foard and adjoining counties, \$2.00 per year; outside this territory, \$2.50 per year; 6 months \$1.35; 3 months 75c.

Renewals and new subscriptions received since Sept. 1 follow:

Mrs. Stanley Sanders, city; Mrs. G. T. Neill, Monrovia, Calif.; Pvt. Elbert S. Kenner, Camp Dix, N. Y.; Pvt. Mack Reinhardt, Oakland, Calif.; Rev. G. O. McMillan, city; Lem Davidson, Vivian; Mrs. J. ly and would be ready to take advantage of any machinery released by the army for construction purposes. Think this over and decide what is best to do under the conditions confronting us. Come and bring your neighbor and be on hand promptly at the indicated time Monday night.

The War Food Administration has announced that a subsidy will be paid to producers of whole milk, butterfat and butter, who sell these products. This is done to offset increased prices paid for feed during the month of October, and will continue through December, 1943.

Maximum payments of fifty cents per hundred pounds of milk and six cents per pound for butterfat, or for the butterfat in butter, will be paid to producers here in Foard County.

Payments will be made in the form of drafts, direct to the producer on the U. S. Treasury and all details will be handled through the local Triple A office.

The producer must furnish proof of production of the milk or butterfat. This he can do through records kept or statements of sales made.

Pressure Cookers Now Available

Pressure cookers may now be applied by both individuals or groups, and rationing regulations have been relaxed, according to the War Food Administration.

However, when bought by individuals they should be willing to share the cookers with other neighbors who have none. While Texas has received an increased allotment yet there will not be enough to go around.

Persons needing cookers should apply to their County Farm Rationing committee for a certificate of eligibility. It is not necessary to locate a cooker before applying.

JUNIOR RED CROSS NN

Have you joined the Junior Red Cross? If you haven't, by all means, do! We students have an obligation to our fighting men and Allies. We often wonder what we can do to help them. If you are buying all the bonds you can, helping conserve needed materials, and just being a good American citizen, you are helping. But there is another way to help those boys to whom we all owe so much. Join the American Junior Red Cross. Bring your donation to your home room and receive a Junior Red Cross card, a card you will be proud to receive.

Students, join the Junior Red Cross one hundred per cent and let our boys know we are backing them.

WELCOME

Our halls were echoing and resounding this past week with "Why, hello there" and "Glad to see you!" And just why? My goodness, you mean you couldn't tell? The reason was a number of our Ex-Seniors were here, and they fairly "took over." It has been quite some time since we have had such a large number of Ex back at the same time, and so we, the present-day students of CHS, were indeed happy to welcome back our old friends. Among our many visitors we noticed Mary Edwards and Margaret C. Shirley who have, in the past, been editors of "Ye Olde Wildcat." Welcome back! The other Exs we noticed were: John Clark Long of Louisiana; A. Y. Olds, (V-12), Austin, Texas; Paul Vasquez, (V-12), Ruston, Louisiana; Mary Edwards, Margaret Claire Shirley, Marjorie Davidson, Albert Bird, Lowell Campbell and Joe Wallace Beverly of Texas University, Austin; W. P. Hord, Dick Smith and Charlie Clark.

On behalf of the whole student body, we want to tell you how happy we are to have you visit us, and we welcome you back anytime you're here. Come back again!

SAVINGS STAMPS AND BONDS

The following is the total amount of bonds and stamps bought in each of the High School rooms for the past week: Mrs. Johnson, \$150 in bonds, and \$1.45 in stamps; Mrs. Sloan, \$17.95 in stamps; Mrs. Kenner, \$4.90 in stamps; Mrs. Graves, 50c in stamps; Mrs. Manard, \$2.05 in stamps; Miss Motley, \$3.75 in stamps.

Mrs. Floyd Thomas' room in the grade school has bought during this year \$281.25 in bonds and \$56.40 in stamps, making a total of \$337.65. An excellent record, fourth graders! (We hope to publish a complete list of the sales of each room next week—keep watching for this column!)

FOOTBALL HIGHLIGHTS

On-surgin Wildcats take the Valley View Warriors 33-0. Next week the Wildcats will tangle with the Childress Bobcats, at Childress. Childress has been beaten by the Amarillo Sandies, 40-0, and the Vernon Lions, 39-12. They are among the top teams of the 2AA district. I believe that Crowell will be somewhere in the neighborhood of 20-13, the favor going to the Bobcats. This is not a conference game, and the Wildcats will be playing an AA team, but they will hold their own.

The Stamford Bulldogs are also surging onward to many victories. They have their district cinched. Also the Wildcats have theirs, I believe. They have one more game to play, that being with the Archer City Wildcats, at Crowell next week. My prediction for this game will be about 46-6. Next comes the Wellington

boys, who will be the strongest team the Wildcats play. If they beat these boys, I think that the Stamford Bulldogs will be out-classed by the Wildcats. This is saying a lot, but the Wellington boys are plenty good and they have a defense that cannot be beaten.

The College game of next week will be Notre Dame vs. Army. The Irish defeated Navy 33-6, and the Army lads tied the Pennsylvania boys 13-13. This puts the Fighting Irish a little ahead of the Army; Angelo Bertelli, the spark of the Notre Dame team, played his last game. He went out with a trail of glory behind him. He played the quarterback spot on the famed T formation. His ball handling and great passing has led the Irish on many a victory. Replacing Bertelli will be Lujack, a boy who can nearly fill Bertelli's shoes. Creighton Miller will also be doing his share of the ball carrying to help defeat Army. My prediction for this great college game is 13-7 in favor of the Fighting Irish.

SENIORS

To celebrate Hecate's favorite holiday, Hallowe'en, the Seniors had a weimer roast at the North Pocket Park Saturday night. Everyone met in front of the High School building and went to the Park together. Cakes, wafers, potato chips, and pickles were served to the Seniors, their class mothers, and sponsor, Mrs. Tommy Johnson. Before dark everyone returned to town, for who wanted to be caught in the dark by themselves when the witches began to fly around?

JUNIOR PARTY

The night was dark and the porch lights were shining bright at the home of Mrs. Decker Maggee. Slowly the Junior class of 43 came to their Hallowe'en party. It was a gala affair with lots of contests. We all enjoyed songs and many, many games directed by our class mothers. The refreshments consisted of a plate which contained a bowl of nice hot chili, cookies and a "coke."

We wish to extend our thanks to our class mothers for an enjoyable occasion.

SOPHOMORE PARTY

The Sophomores had a hobo stew Saturday night at 7:30. We had games around a bonfire and then ate some delicious hobo stew with crackers and pickles which were prepared by our class mothers. Everyone had a very enjoyable time.

FRESHMAN PARTY

The Freshman class had a Hallowe'en party Saturday night, October 30, 1943, at the Cub Hut. The class mothers served hamburgers, coca cola and candy. Ghost stories and games proved amusing diversions. The entire class thanks the class mothers and sponsor for a very good time.

WE WONDER—

Why Delgar Paul McBeath does not take over, as far as Helen Jo Callaway is concerned. We hear that Helen thinks he's rather cute.

If that twosome of "Short and Magee" has vanished forever from our sights. One never can tell, can one?

How Jimmy Johnson and Kathleen Eddy are faring. The last report we received, it seemed as if Jimmy was rather shy about the whole matter.

Is there really anything between DeAlva Thomas and "that Gobin Guy"? Could he, could he? If Paul Bell has a "certain one" back in Vernon or Fargo? It seems that out of all of the girls

he has met here in Crowell, he hasn't, as yet, been able to make up his mind for certain. Come on, Paul, tell us who it's going to be; we boys can then quit worrying, and the girls will "simmer down."

SENIOR PERSONALITY

Who? Bettye Johnson.
 Favorites?
 Drink? Cherry Coke.
 Food? Meat Balls and Pop Corn.
 Boy friend? Which one?
 Sport? Tennis.
 Actor? Van Johnson.
 Actress? Lana Turner.
 Orchestra? Tommy Dorsey.
 Town? Crowell and Lubbock.
 Song? "Paper Doll."
 Dancer? Jack Akers (Wichita Falls).
 Ambition?
 Private secretary to a handsome young man (?)
 Pet? Peeve?
 Boys that are conceived and think they are the "one."
 Choice of College?
 Texas University.

A LITTLE MUSIC

"Deep In the Heart of Texas," "Twelfth Street Rag."
 "Dearly Beloved."
 "You'll Never Know Just How Much I Miss You," "Thinking of You," "I went to town and bought a "Paper Doll" which "When You're A Long, Long Way From Home" makes me feel like "Happy Days Are Here Again." "I must have "All of Nothing At All." I saw your "Pistol Packin' Mama" the other day. She said, "I Love You Truly." "Oh, What a Beautiful Morning," it reminds me of the day we went strolling down by the "Blue Danube." And you whispered "I'll Be Back In A Year Little Darling." "You'd Be So Nice To Come Home To," "Maybe" I will be home "Sunday, Monday, or Always."
 "Thinking of You,"
 "Marie."

WHAT'S BUZZIN'

Here we are again, ready to start off with the love and romance stories of the week. Hallowe'en is over, and if I am not mistaken, each and every freshman had a lovely time last Saturday night.

Vernon Garrett is following suit, and stepping out with Miss Joan Barron. "Robbing the cradle," aren't you Vernon?

Your reporter was so happy to see all the Seniors out at the picnic. I am embarrassed to say that there were fourteen students there.

Kenneth Archer and Janice Ward were at the picnic. They make a cute couple, don't they?

If you readers will pardon me for the terrible mistake I made last week, I will give you a bit more news. I thought Bill Short was going steady with a certain girl in Quanah, but seen together last Saturday night were Bill and Benny Brown. Could this be a new romance? In addition to this bit of news, Bill and John (hand-home boy) Carter made a trip to Quanah Sunday afternoon.

Raymond Hord has at last found himself a flame. She is Miss Janet Roark.

Jenny Mabe was really, or seemed to be, satisfied Friday night with Z. D. Shaw.

Billie Morrison was courting Red-White-Blue. Incidentally, we are referring to a certain Marine, Rudolph Halenack.

What's the matter with Z. D. Shaw, girl? Why don't some of you girls grab hold and hang on? After all, guys with those looks don't grow on trees, you know!

Bill Cox was with his old "stand-by" again Saturday night. Yes, that's right, it was none other than Mildred Marlow. And also, "Babe" was with Helen Callaway. This looks as if this foursome might be a steady. Congratulations to all concerned!

Just a friendly gathering—I suppose that is what it might be called. We noticed John T. Rasor and Mary Edwards, and Jean Orr and Raymond Hord sitting together at the preview. Did you all enjoy the conversation?

Stop! Look! Listen! and put the news of the week in locker 44. Every little bit will be appreciated. This column is for you; so why don't you help by givin' news? The Cuzzins.

JOKES

Polly: I wouldn't marry the best man living.
 Doc: I'm sorry you feel that way about me, but thanks for the compliment.
 —
 Mrs. Hord: Son, what are you reading?
 Raymond: I don't know.
 Mrs. Hord: But you were reading aloud.
 Raymond: I know it, but I wasn't listening.
 —
 Nit: What's a harmonica?
 Wit: Corn on the cob set to music.
 —
 Ginny Simms, radio singing star, tells this story of two stut-terin' blacksmiths. They had just finished heating a piece of pig iron and one had placed it upon the anvil with a pair of tongs. "G-g-g-o, h-h-hit it," he stuttered to his helper. "Wher-wh-where shush-shush-shall I h-h-hit it?" asked the other. "Aw, h-h-heck, now we'll h-have to he-he-heat it all over again!"
 —
 Rookie: I hear Private Smith is going to get a special medal. He saved the lives of the whole company.
 Yardbird: "How come?"
 Rookie: He shot the cook.

WORDS TO THE WISE

Among the most serious war-time problems which social workers must face are those of "teen-age girls. Talking over the situation with an understanding social worker is a first step to getting to the root of the difficulty.

Milk Produced in Texas No. 1 War Food

Texas' dairy industry is giving outstanding aid to the war as billions of quarts of milk flow this year through channels of processing and distribution to the armed forces, war workers, civilians and to our allies on distant fronts.

With production on Texas farms aimed at Government wartime goals, latest figures compiled by the Milk Industry Foundation emphasize how the state's dairy industry is helping in the Allied march to victory.

Milk has been called the leading wartime food. Milk helps American boys in military service attain high nutritional standards; it reaches Great Britain as cheese; Russia as butter; China and Africa as powder; French youngsters in avaporated form.

Texas ranks tenth in U. S. farm milk production with a total of 2,063,000,000 quarts in 1942. The 1,399,000 cows on Texas farms each produce an average of 1,474 quarts of milk. In addition to the large quantities consumed as fluid milk and cream, Texas milk was used for making 37,540,000 pounds of creamery butter, 20,285,000 pounds of cheddar cheese and substantial amounts of ice cream and other dairy products. Texas 1942 farm cash milk income totaled \$74,091,000.

Programs to increase production are being carried on to meet the greatest demand for milk in history. More than 26 million U. S. cows on three-quarters of the Nation's six million-odd farms are involved in this effort to produce a 57 billion-quart record in 1943—enough milk to fill a border of quart bottles 200 feet wide along all our Nation's coast lines.

Milk is the largest single source of farm cash income and was 15 per cent of all farm income in 1942—larger than cattle or hogs, twice cotton, three times wheat, five times tobacco. One out of every 15 U. S. families is dependent on milk for a livelihood.

"Americans enjoy the best milk in the world," it is said, "with sanitary safeguards and widespread distribution that make this milk supply an invaluable asset in wartime."

Two Minute Serman (By Thomas Hastwell)

Live Right Here, and the Future Will Take Care of Itself: I have heard a good many sermons during my life to the effect that man should do this or that in order that he might be rewarded in the future—in the world to come. In all of them the emphasis was placed upon a man living so that he would be rewarded for it by

having a special corner in that realm away off up in the clouds known as heaven. While attempting to teach their listeners to be unselfish and thoughtful of others these preachers preached to them that they should do thus and so because of the reward that it would bring to them some distant day. I think it might be better to preach from the law which

idea that not only do they owe it to their family, their friends and their country to live honest, industrious and sober lives and pay their debts and support their schools and churches, but that such a practice will reward them now. Doing God's will and observing his laws is not a matter of piling up a reward in the future, rather it is a matter of mak-

ing the world better now and incidentally reaping our reward as we go along the dim, distant future is going to take care of itself.

Certain varieties of steel being produced have a strength of more than 150,000 pounds the square inch.

"Pistol Shootin' Mamas" Take a Bead On Hitler

ALTHOUGH their duties in the army do not call for the use of firearms, there are many good shots among the women who have joined the armed services in both United States and Canada.

Here we see members of the Canadian Women's Army Corps who are practicing against the day when they may be called upon to defend themselves in some theatre of war.

Organized in September, 1941, more than 10,500 Canadian girls have enlisted, thereby releasing over 8,000 men within the army organization. By the end of the year, Canada expects to have 25,000 women enrolled in the CWAC.

The youngest women's service organized to date, the Canadian Women's Army Corps, had at least 3,104 officers and ratings, and called up 2,376 by June 26, 1943, year after its establishment. By the end of 1943 this year over 12,300 women had enlisted in the Royal Canadian Air Force Women's Division.

MORE POWER!

WE CHEERED, when Uncle Sam called on industry to work 24 hours a day, seven days a week, UNTIL THE WAR IS WON!

Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business.

We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise.

The electric industry throughout the nation is providing power where it's needed when it's needed... MORE THAN THE COMBINED TOTAL OF ALL THE ENEMY NATIONS!

This is in contrast to claims by proponents of socialization who predicted an immediate and disastrous shortage of electric power. The proof is:

- Today, in time of America's greatest need, the country's electric operating companies are supplying over 90% of all the power commercially generated;
- Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes;
- The average home now gets over twice as much electricity for its money as it did 15 years ago.

It represents American genius at its best. In little more than two generations electric systems owned by the public (through millions of small stockholders) have become indispensable in American homes and IN AMERICA'S WAR EFFORT.

It has been possible because America's electric companies have been built and operated the American way—by good business management.

Christian Science Services

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 7.

The Golden Text is: "Cense ye from man, whose breath is in his nostrils; for wherein is he to be accounted?" (Isaiah 2:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Who-soever is born of God doth not commit sin; for his seed remaineth in him; and he cannot sin, because he is born of God" (1 John 3:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you'; that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal" (page 476).

INTERESTING FACTS OF THIS AND THAT

There is a birth every 14 seconds in the United States and a death every 23 seconds.

A strange fact in regard to our changing population is that women are gaining over the men at the rate of 100,000 a year. The same thing is true of lots of the older nations. This is in spite of the fact that more males are born than females.

Temperature in Alaska has been known to change from 50 degrees above zero to 35 degrees below in a space of 24 hours. It is estimated that there are 15,000,000 Jews in the world. 4,500,000 of these are in the United States.

Alaska is regarded as the healthiest of all the war fronts. In Alaska there are no body lice, tetanus, malaria or bedbugs. Recently a Boeing Clipper crossed the Atlantic twice in a 24 hour period.

Of the approximately 20 hundred million people in the world, some seven hundred million are American and European; two hundred million Russian; four hundred million Indian; two hundred million African negroes, and five hundred million Mongolian. About one hundred million of the Mongolian race are Japanese.

It is estimated that the grand total of the population of the world increases by 20 every minute—or 11 million annually.

CHURCHES

Church of God

Sunday School, 10 a. m. Preaching, 11 a. m. Evangelistic service, 8 p. m. Bible Study, Thursday, 8 p. m. Young People's Service, Saturday, 8 p. m. Mrs. Gertrude Alexander, Acting Pastor, Phone 34W.

St. Joseph's Catholic Church

Time of Masses: October-April (inclusive), 1st Sunday at 11:00, 3rd and 5th Sundays, 9:00, May-September (inclusive) 1st Sunday at 10:30, 3rd and 5th Sundays, 8:00.

First Christian Church

All relatives and friends of our service men are invited to attend services at the First Christian Church next Sunday, at which time we will dedicate the service roll of those who are in the armed service of the country from this church. The sermon subject for the 11 o'clock service will be "American Ideals," an Armistice Day message.

The Bible School was good last Sunday. Let's make it even better this Lord's Day. Sunday School at 10 a. m. Preaching at 11 a. m. and 7:30 p. m. G. O. McMILLAN, Minister.

First Baptist Church

Nov. 7, 1943. Morning—Sunday School, 9:45, I. T. Graves, Superintendent. Scripture lesson, Ex. 20:13; Matt. 5:21-26; Matt. 5:38-45. Worship Service, 11. Singing, Scripture reading and sermon. Evening—Training Union, 7. Mrs. John Nichols, director. Worship service, 8. Singing, and sermon.

We are studying the Gospel according to Mark at the prayer meeting hour each Wednesday night at 8 o'clock. Bring your Bible and meet with us. Otis Strickland, Pastor.

East Side Church of Christ

Sunday services—Bible School 10 a. m.; Worship 11 a. m. and 7:30 p. m.; preaching 2nd and 4th Sundays.

Wednesday services—Ladies' Bible Class 3 p. m.; Song drill and Bible Class 7:45 p. m. Wednesday evening we are beginning a series of lessons on "Harmony of Science and Scripture." It is believed that these lessons will be profitable to all.

If there is any portion of the Bible that you feel, or have been taught, does not harmonize with the findings of science, you are urged to attend and bring your questions and problems.

Truscott and Gilliland Baptist Churches

Preaching services are held at Gilliland on the first and third Sundays, and at Truscott on the second and fourth Sundays.

A most cordial welcome is extended to all. Delightful Christian fellowship. J. W. ENGLISH, Pastor.

West Side Church of Christ

Morning services begin at 10:30 and evening services at 7:30. The church extends a cordial invitation to all to attend. Every fourth Sunday, Bro. C. M. Walkup conducts the services.

Thalia Church of Christ

Sunday 10:30 a. m., Bible Study, 11:15 a. m., Morning worship and Lord's Supper. 5:30 p. m., Church of Christ hour over station KVCW, Vernon. 7:30 p. m., Young People's Meeting. 8:15 p. m., Evening Worship. Wednesday 8:00 p. m., Mid-Week Meeting. NICK P. CRAIG, Minister.

Assembly of God Church

Services Wed. and Saturday nights, 8:30 o'clock. Sunday School 10 a. m. Morning service 11 a. m. and Sunday evening service 8:30 p. m. Every one is invited. WARREN EVERSON, Pastor.

Casein, a constituent of milk, is used in confectionery and certain manufactured foods, in cosmetics and ointments, as an adhesive material, in printing and sizing cotton fabrics, for waterproofing paper and for making distempers.

The American petroleum industry dates from 1859, when Colonel Drake drilled the first well at Oil Creek in Pennsylvania. Before that enterprise, the national annual oil production was 2,000 barrels.

Weekly Sermon

By the Rev. Wendell P. Loveless, Director of WMRI, Chicago.

Believing and Seeing Mockers, standing by the cross, cried to the Lord Jesus to descend from the cross that they might see and believe. But that is not God's way; His way is believe and see.

This is God's way in saving us, and it is the way He expects us to walk as Christians. We may expect mockers to demand that they see before they will believe, but I fear that some children of God are found, as far as their experiences are concerned, standing with the mockers before Christ's cross.

In what attitude does the Christian say, "Let me see, and I will believe?" First, we suggest that worry is expressive of this heart attitude. When we worry we are not trusting; and when we are trusting we

are not worrying. The Christian who worries is in effect saying to God, "Except I shall see, I cannot believe." But the true heart of faith says, "Lord, I cannot see ahead; I cannot understand what is happening to me; but I do believe Thee, and I commit all that I have and am, and all of the future, to Thee. I do trust Thee, for Thou art worthy to be trusted."

This attitude of unbelief is also seen in the fear of tomorrow. Our Lord said, "Take therefore no thought for the morrow; for the morrow shall take thought for the things of itself. Sufficient unto the day is the evil thereof" (Matt. 6:34). Fear, in the sense of dread of what may come to pass, is never from the Lord, but from our adversary the devil.

Third, this attitude is seen in our rebellion against the upsetting of our plans. When they go awry we are apt to say to God, "Let me see, and I will believe." But to the child of God who is in

the center of His will, disappointment may be regarded as His appointment. What though disappointments come, Christ is not a disappointment.

Then, too, this attitude is seen as we become hardened through sorrow. When the shadow of some great personal loss falls across our path we are apt to say, "I cannot see why this should come to me. What have I done that God should deal so harshly with me?" We may not be able to see, but we can trust.

What shall we then say to these things? What shall be the language of our hearts? "Let us see, and I will believe?" Or are we to be found among those of whom our Lord said, "Blessed are they that have not seen, and yet have believed?"

Jesus Christ, whom having not seen, ye love; in whom, though never ye saw him, yet believing, ye rejoice with joy unspeakable and full of glory" (1 Pet. 1:8).

Service Club Formed at Thalia October 15

A service club was organized at Thalia on Friday, Oct. 15, at the school house. The purpose of

the club is to keep in touch with all service men from the community by special correspondence and by sending boxes on special days.

The next meeting will be held at the school building on November 5, at 2:30 o'clock.

The following officers were elected: Mrs. M. Woodson, president; Mrs. J. M. Jackson, first vice president; Mrs. F. A. Brown, second vice president; Mrs. Harley Capps, secretary and treasurer; and Mrs. Norman Gray, reporter.

Longino, attired in an American Indian costume, sang "Indian Love Call" by Leurance. She was accompanied at the piano by Mrs. A. L. Rucker. An accordion solo, "Medley of War Songs" was played by Billie Dean Brown. John Sanders, dressed as a Southern Negro, sang Stephen C. Foster's "Old Black Joe." He was accompanied by Mrs. Rucker.

A brief business session preceded the program and was presided over by Mrs. Merl Kincaid, club president.

At the close of the program, the guests and members were invited into the dining room where the table was beautifully decorated in fall flower arrangements. A delicious salad plate was served by the hostess.

COLUMBIAN CLUB

Members of the Columbian Club enjoyed a delightful patriotic program Saturday afternoon with Mrs. D. R. Magee as hostess.

The home was attractively decorated with Hallowe'en motifs, autumn leaves, evergreens, pumpkins and fruits being used.

Mrs. Sam Crews, president, presided at a short business session, and turned the meeting over to Mrs. Charlie Thompson, leader for the afternoon. Roll call, responded to with items on live topics of the day, was the first number on the program. Mrs. R. L. Kincaid re-told the account of Women's Work in England as viewed by the National president, Mrs. Whitehurst, on a recent visit to England.

Mrs. D. F. Eaton gave an inspiring talk on the United States' Flags, their origin and use. The graphic description of the Betsy Ross flag around the corner from Independence Hall in Philadelphia where the first U. S. flag was made was the high point of her talk.

"By Their Stars, Bars and Stripes You Shall Know Them" was the quotation for the introduction of an interesting discussion of Army and Navy Insignia led by Mrs. T. B. Klepper. She gave the beautiful legend and romance of the insignia and, with a clever arrangement of Army and Navy in corresponding rank, each with its insignia, she concluded.

Unlike the warring nations, the mothers of this land of peace have not cradled their children on a shield nor taught childish lips the insignia of war and it was all new and somewhat mystic.

Mrs. Thompson gave the story of the writing of the National Anthem, "Star-Spangled Banner" and led the club in singing the beautiful song.

Mrs. Magee had as guests for the afternoon, Miss Mary Sam Crews of Houston, Mrs. Rob Cooper and Mrs. Clint White. A dainty Hallowe'en refreshment plate was served at the close of the program.

Mrs. C. R. Ferguson will be hostess to the club on Nov. 10, for a study of "The Pacific and Its Islands."

ADELPHIAN CLUB

An interesting and instructive program on "International Good Will" was presented during the meeting of the Adelpian Club on Wednesday, Oct. 27, with Mrs. Hubert Brown as hostess.

The club house was beautifully decorated with United Nations flags. During the brief business session, conducted by Mrs. Merl Kincaid, the president, the club voted to send a magazine subscription to U. S. O. Center at Sheppard Field, Wichita Falls.

The club members each volunteered to pack a small Christmas box to be taken to Sheppard Field on Tuesday, Dec. 21, to be presented to a soldier in the hospital or the guard house.

Mrs. Frank Flesher as leader, presented Miss Larue Graves, who played the national anthems of the following countries: Great Britain, Canada, China, Australia, Iceland and United States.

Mrs. Flesher presented as guest speaker, Rev. H. A. Longino, who discussed the International Good Will problem from three standpoints, soul, emotion and the practical side.

In his interesting discussion, he left some questions to solve—Do we have a wishful attitude toward the rest of the world, or are we willing to help them solve their problems? Do we just want the right to be ourselves or do we hope to come into a new life after the turmoil or do we owe something to the rest of the world? Many opportunities are facing us now and what are we going to do about it? Our good will must be manifested in good deeds. Who are our neighbors and who are we going to reject? Europe has 350,000,000 people, forty races and fifty languages, and how are we to be their friends. Good will took on a new formation when we freed Africa, was given a new horizon. Do we have a clear cut idea toward good will or is it hazy or just wishful thinking? Shall we have a Bill of Rights?

The hostess, assisted by her daughter, Mrs. Thomas Johnson, served a delicious salad plate to the members and three guests, Larue Graves, Mrs. Johnson and Rev. Longino.

WEST SIDE H. D. CLUB

The West Side Home Demonstration Club met Wednesday, Oct. 27, with Mrs. Herman Kinche-loe as hostess.

Officers for the coming year were elected. They follow: Mrs. Henry Ross, president; Mrs. Lula Scott, vice president; Mrs. Oscar Gentry, secretary-treasurer; Mrs. W. A. Cogdell, reporter.

An interesting program on the subject, "Are You a Good Hostess?" was carried out.

WESLEYAN GUILD

The Wesleyan Guild of the Methodist Church met in the home of the sponsor, Mrs. M. S. Henry, Oct. 28, with Florence Black presiding.

Mayme Lee Collins was leader for the evening, and one of the most interesting facts that she gave concerned four Army chaplains, two Protestant, one Catholic and one Jewish, who, when their ship was torpedoed in the North Atlantic, gave their life jackets to four men without them, praying for the safety of those men who were leaving the stricken ship on all sides of them.

Hazel Harrison told of the "Work with Arcadians in Louisiana." The Arcadians were driven from Nova Scotia, Canada, and to Louisiana to make homes. This great French section comprises nearly a third of the state of Louisiana and is a great challenge to the Church, said Mrs. Harrison.

Lottie Russell gave very interesting information concerning the "Ponca Indian Methodist Mission." It was established nearly sixty years ago by the former Woman's Home Missionary Society. The mission is located at the Ponca Indian Agency in Northern Oklahoma and is seven miles south of Ponca City. The mission took on added interest when Mrs. Harrison stated that she had visited the mission many times.

A Bible quiz was conducted by Florence Black, all twenty questions pertaining to the twelve disciples. Ruth Kenner proved to be the best "guesses" and was presented a "hand" flower container by the sponsor.

Delicious refreshments were served by the sponsor and the meeting adjourned to meet again November 11.

Information Given on Fruit Cakes

Although fewer fruit cakes may be made this year, it is about time to be thinking of them if they are desired for Christmas and Miss Elizabeth Elliott, Foard county Home Demonstration Agent, is giving some valuable information as well as some recipes concerning the making and canning of fruit cakes.

A special recipe for a fruit cake this year, called "Victory Fruit Cake" follows: 2 loaf cakes (about 4 by 8 by 3); 1 cup sugar, 1 cup fat, 4 eggs, 1t each

cloves, allspice, and cinnamon, 1 lb. dates, 1/2 lb. pineapple, candied, 4 cups flour, 2 cups sweet milk, 1 lb. raisins, 1 1/2 lb. cherries. Cream fat and sugar, add well-beaten eggs and beat thoroughly. Sift spices and flour three times and add, alternately to fruit mixture with milk. Add chopped nuts and bake in two greased loaf pans, in a slow oven, 250 degrees F., about 1 hour and 15 minutes.

If desired, the cake may be baked in two layers and the following filling used to put together: 2 cups sugar, 1 cup water, 1T corn starch, 2 lemons, juice and rind, 1 orange and 1 cup grated coconut. Cook until clear and thick like jelly.

Much of the success of a fruit cake depends upon the cooking. If baked, it should be baked very slowly. If steamed, care should be taken to cover cake so as not to have moisture collect on top.

The wrapping and storing of fruit cake is also important, in order that they stay fresh. They be decorated with fruit and nuts. To glaze fruit cake brush the sur-

face with a mixture of molasses and water just before baking time is up.

From cotton linters, woodpulp and soft water are manufactured rayon, artificial horsehair, wool, ribbon and films.

Whale oil can be used not only for soap, but also for margarine, salad oil and other articles of food.

ROTARY CLUB

The program of the Foard County Rotary Club at the DeLuxe Cafe Wednesday at noon was in charge of Grady Halbert, James E. U. S. Navy, who has been in service for three years, gave an interesting and instructive talk concerning his experiences in the Navy.

There are five major reasons for giving to the National War Fund—Admiration, Pity, Gratitude, Faith and Wisdom. Which one of these is yours? If you have thrilled over the heroic resistance of our Allies in the great war against aggression, you will give out of admiration. If you have been shaken with sorrow by the suffering of the oppressed countries, if the cries of little children, desolate mothers and tortured prisoners have rung in your ears, you will give out of pity. If you have shoes on your feet, clothes on your back, food in your kitchen and a roof over your head, you will give out of gratitude. If you have a husband or a son at the front, if you have faith in the American Army and Navy, the men who are enduring, fighting and dying for us, you will give because of that faith. If you believe that the United Nations are struggling for a better world for our children and grandchildren, you will give out of wisdom. Pick your reason, figure out your gift and then try to double it. This National War Fund drive includes seventeen National War Agencies combined with our local Boy Scouts and Girl Scouts agencies which help the home front. The dollars you give to your community's war fund will go farther than any dollars you have ever given. When you are asked to give to this community's war fund drive this month, remember that every dollar you give does its bit to bring him home sooner. Let's show those boys we are backing them now. Will You?
