VIVIAN
(By Mildred Fish)

Ensign Doris Lewis, a U. S. Navy nurse, left Friday for Oakland, Calif., where she is stationed, after spending the past week with her mother, Mrs. Clara Lewis, and family.

Mr. and Mrs. Raymond Lawson of Pampa, spent from Wednesday until Sunday with her mother, Mrs. A. L. Walling, and her brother, R. L. Walling, and wife. They also visited his parents at Ogden.

Lee Allen and James Marvin Sosbee of Anson are visiting in the home of their grandparents, Mr. and Mrs. Egbert Fish.

Pat Green, of Paducah, spent last week-end with Jimmy Fish. Miss Geneva Marr, who attends W. T. S. T. C. at Canyon, returned there Friday, after spending several days with her parents, Mr. and Mrs. J. M. Marr.

Mr. and Mrs. R. L. Walling and Mrs. A. L. Walling spent Tuesday with Mrs. J. R. Gaudin of Vernon.

Miss Bessie Fish returned home Saturday from Quanah where she taught school the past term. Mrs. Marvin Lewis and small son, Marvin Campbell, returned home Friday after spending several days with his mother, Mrs. S. J. Lewis, and family.

Haskell Hill Norman of Ogden spent last Sunday and Monday with Jimmy Fish.

Miss Bernita Fish returned home Tuesday after spending several days with her sister, Mrs. J. M. Sosebee, and family of Anson. Mrs. A. L. Walling left Sunday for Pampa, where she is visiting her sons, Jesse and Arthur Walling, and families, and her daughters, Mrs. George Benham and family, and Mrs. Raymond Lawson, and husband.

Miss Mildred Fish spent Friday night with Miss Wanda Faye Adams of Crowell. Several from this community attended the Commencement exercises at Crowell Friday night. Those from this community, who received diplomas were, David Bowley, Craig Sandlin, Dorothy Lewis Pierce and Marion Self.

Herbert Fish returned Friday from Anson where he spent several days with his sister, Mrs. J. M. Sosebee, and family. Miss Berdell Nelson, who attends WTSTC at Canyon, returned there Friday after spending several days with her parents, Mr. and Mrs. Oscar Nelson.

Mr. and Mrs. R. L. Walling visited in the home of Mr. and Mrs. Sam Lawson of Ogden Sunday afternoon.

Mrs. H. H. Fish of Paducah spent from Wednesday until Friday in the home of her son, Berny Fish, and family.

Several young people from this community and the Ogden community will present a play, "Wild Ginzler," a three-act comedy, at the Ogden School house Friday night, June 9. Those from this community in the cast are Dolores, I. D. and Sidney Gilbert and Mildred and Bill Fish. Miss Myrtle Fish and Dolores, I. D. and Sidney Gilbert visited

in the home of Mr. and Mrs. T. C. Sivells of Ogden Monday evening.

Mrs. Ella Durham and granddaughter, Miss Betty Durham and Mr. and Mrs. B. F. Simmons of Fort Sumner, N. M., spent Tuesday night with their daughter, aunt and sister, Mrs. R. S. Carroll.

B. D. Webb visited with relatives in Vaco last week-end. Pvt. Frank Wisdom of Camp Polk, La., visited his parents, Mr. and Mrs. A. B. Wisdom, here a few days this week.

M-Sgt. and Mrs. A. C. Porter and daughter and Miss Flora Belle Blevins of Terrell visited the ladies' parents, Mr. and Mrs. C. E. Blevins, here last week-end.

Mrs. G. C. Phillips visited her son, Raymond Phillips, and family in Fort Worth last week-end.

Pfc. Ralph Dunn of California, Arlie Dunn and family of Pampa and Elmer Dunn of Vernon visited their parents, Mr. and Mrs. Jim Dunn, here this week.

Mrs. Mollie Oliver of Carlbad, N. M., visited her son, Eudale Oliver, and daughter, Mrs. G. W. Scales, and families here this week.

Cpl. Homer Matthews and wife of Brady visited his parents, Mr. and Mrs. T. H. Matthews, here last week-end.

J. H. Banister and family of Oklahoma City, Okla., visited his parents, Mr. and Mrs. H. W. Banister, here last week-end.

Mrs. Minnie Williams of Brownfield visited relatives here last week.

Mr. and Mrs. Gus Neill visited their son, Gus B. Neill Jr. in Bryan Field, last week-end.

Clyde McKinley and family of Fort Worth visited relatives here last week-end.

Houston Adkins and family, Allen Shultz and family and Mr. and Mrs. I. M. Shultz visited R. J. Adkins and family near Crowell, Sunday.

Mr. and Mrs. Oran Ford visited relatives in Lubbock last week-end.

Mr. and Mrs. Tom Wayland of Vernon visited relatives here Sunday.

Mrs. Elmer Patterson and Mrs. E. G. Grimley visited relatives in Red Springs Sunday.

Delmar Paul McBeath and Floyd Wisdom left Sunday for Dallas for induction into the Navy.

Frank Wood and family of Vernon visited his father, Will Wood, here Sunday.

The Methodist Ladies were hostesses to the Baptist ladies at the Methodist Church Monday afternoon, May 26. Twenty-six ladies attended. Mrs. Homer McBeath gave the devotional. A quartet was sung by Mrs. C. H. Wood, Mrs. E. S. Flesher, Mrs. H. W. Gray and Mrs. W. G. Chapman. Mrs. R. I. Hart led in prayer, and Mrs. C. C. Wheeler dismissed the service. A social hour was then enjoyed in the basement of the church and refreshments were served.

Rev. Herbert Brown and family left Monday for a visit in Ft. Worth and other points.

THALIA
(By Minnie Wood)

Mr. and Mrs. J. L. Farrar visited her father, W. A. Patton, near Crowell last Tuesday night.

Mrs. H. C. Boyd and Mrs. J. H. Gallaher returned to their homes in Tennessee last Saturday after a visit with their brother, J. R. Merriman, and family.

Mrs. Grady Halbert and son, Bill, are visiting her mother, Mrs. David Johnson, of Clarendon.

Helen Ruth Marts of Crowell spent the week-end with her grandparents, Mr. and Mrs. A. Weatherall.

C. W. Hiedleman of Thalia and Mac Carter of Borger are visiting Mr. and Mrs. Blake McDaniel.

Mrs. Blake McDaniel visited Mr. and Mrs. Recie Womack of Crowell Sunday.

AGRICULTURE

(D. F. Eaton, County Agent.)

Sweet Potato Production

Reminding that recent rains made an ideal season for setting sweet potato slips, the Extension Service recommends rows three and one-half feet apart and bedded nine inches high in loose, well prepared soil as best adapted for Texas. Where commercial fertilizer can be used, 300 to 600 pounds per acre of 5-10-5 or 4-8-8 will increase yield and improve quality. For smaller plantings, five pounds per 100 feet of row space is the right proportion. Slips should be planted 14 to 16 inches apart.

The best sweet potato slips are six inches long. Where disease and insects are troublesome slips should be allowed to grow 10 inches high, then cut above the surface of the soil. With plenty of moisture vine cuttings will vine equally well as slips and produce high yields. The service quotes Experiment Station records that slips set out in May will yield approximately one-third more than those set in June or early July.

A planting of 100 feet of row space properly fertilized and cultivated should yield about 150 pounds of sweet potatoes.

Plan For More and Better Roughage

Hay crops cut at the proper stage may enable Texas farmers and ranchmen to have a bigger supply of better quality roughage this year.

"Proper stage," means when it is still leafy and green. Harvested at that stage hay will contain three to four times as much protein, eight or ten times as much mineral matter and, of course, much more vitamin A than if cutting is delayed until full maturity.

Shortage of labor may handicap producers in putting up larger quantities of roughage this year. But if they cut their hay at the stage for making the highest quality they will, in effect, have produced more hay because it will contain several times the feed value of the kind they will have been making. Consequently they will get a larger production of milk from the same acreage of hay.

The proper stage for cutting will vary with local conditions, but for most crops the largest tonnage of good quality hay can be obtained when it is cut in the bloom stage. Harvested later it will be coarser and stemmier, with consequent loss of color and palatability, and low in feed value. Earlier cutting might give a better quality, but the loss in tonnage perhaps would not offset any gain in quality. It's a safe rule to cut the hay crop when it will yield the largest amount of nutrients per acre.

Producers should put up all of the silage they can. Silage is feed insurance, and more milk and meat per acre can be produced from most feed crops in the form of silage than if fed as dry bundles.

"Stockmen who furnish all of the good quality hay and silage their cows will eat, along with plenty of temporary and permanent pasture will not have to worry much about scarce and high priced concentrates," E. R. Euday says. "They won't need much. They will make a lot more profit than men who depend upon concentrates for most of their milk and meat production because of poor quality or lack of roughage."

Indicated Yield of Wheat

The forecasts for the Texas wheat crop for 1944 is 52,949,000 bushels, according to May 1 reports. The indicated yield would be 46 per cent above the 1943 crop of 36,360,000 bushels or 82 per cent above the 10 year average crop of 28,195,000 bushels. The yield per harvested acre was indicated as 13 bushels, compared to 11 bushels per acre last year and 9.7 bushels the 10 year average. The estimated acreage remaining for harvest is 4,073,000 acres as compared to 3,360,000 acres last year and the 10 year average of 2,834,000 acres.

In our own county the yield will probably be slightly under last year but will no doubt equal the national average.

Some oats have been harvested and grain harvest will begin about June 1, and will be well under way by June 10.

It developed that we have around 100 combines in the county with prospects of 40 or 50 coming in from other sections. There no doubt will be a shortage of trucks.

There will be sufficient machines to harvest the crop available here in the county if we have favorable weather. There appears to be about 50,000 acres of small grain to harvest here in

Foard County. There are areas where the wheat production will be very small but as a rule there is a fair crop over the entire county. The rain Sunday night will be helpful to some small grain.

Again we will emphasize the need of community co-operation owing to the acute labor shortage because of lack of help. The price seems to run around \$2.50 per acre for combining.

Be sure and keep in touch with this office should you need the services of a combine.

Farmers Use Credit

Eight of every ten farmers in the state will borrow short-term money for production, marketing and living expense, this year. The average farm family will borrow about \$500.

Furthermore, T. R. Timm, economist in farm management for the Texas A. & M. College Extension Service, says more than one-half of the farms in Texas are using long-term credit with an average loan of more than \$2,000 per farm.

This extensive use of credit warrants considerable pains to employ it wisely, Timm says. Naturally, every borrower must determine for himself how he can best use his credit. Obviously, borrowing money for speculation, or for luxuries is unsound in wartime. And it is unwise to go into debt for equipment or breeding stock when the loan cannot be repaid during the productive lifetime of the article purchased.

For example, on a tractor with a normal life of 10 years, the loan should be repaid within 10 years or less. And because of possible breakdowns and deterioration, it would be much better if the debt were paid in five or six years. On the other hand, if equipment will increase or maintain production and will help pay for itself quickly, this use of credit is justifiable. Borrowing to reorganize or consolidate debts sometimes proves advisable, also.

If credit is needed to expand farm production and this can be done with profit to the operator, the earth is round.

QUESTIONS AND ANSWERS

1. What is a siesta?
 2. What position is held by Robert E. Hannegan?
 3. From what state is U. S. Senator Carter Glass?
 4. What is the amount that will be asked for in the Fifth War Loan?
 5. On what date is the Fifth War Loan drive scheduled to open?
 6. What is the name of the Secretary of the Treasury of the United States?
 7. What is the capital of Switzerland?
 8. For what is the piece of equipment known as a bulldozer used?
 9. How old was Frank Knox, Secretary of the Navy, who held a place on President Roosevelt's cabinet as Secretary of the Navy?
 10. Of what political faith was Frank Knox who held a place on President Roosevelt's cabinet as Secretary of the Navy?
- (Answers on page 3).

Somewhere in India.—Native patients in a hospital who received Red Cross gifts of candies and checkerboards promptly ate the candy and then began to chew the brightly colored boards.

The average yearly rainfall over the United States equals 1,200 cubic miles of water weighing six trillion tons.

With the exception of Australia, Europe is the smallest of continents, its area occupying only about one-seventh of the total land surface of the globe.

The present classification of visible stars into constellations is believed to have been originated by the Babylonians about 5,000 years ago.

In 500 B. C., the Greek scientist, Pythagoras, taught that the earth is round.

FARM and RANCH LOANS

Made by the Federal Land Bank of Houston, Texas, through the Crowell National Farm Loan Association, at 4% and 5%, 20 and 34 1/2 years. Make inquiry at the office of Crowell N. F. L. A. in Crowell State Bank Building.

WIVES OF SERVICE MEN

DRIVE IT HOME!

"That's the way I like to see them," said Gen. MacArthur when he saw the rows of dead Japs in the Admiralty Islands. In this war—the costliest, cruellest war of all time—our boys must fight with savage fury. Kill or be killed! And on how well each plays his part depends the lives of many of his buddies.

Here on the home front, too, just cheering the attack on isn't enough.

That's why there's a Fifth War Bond drive on now, a drive in which you're needed to support the men on the fighting fronts who are facing the most treacherous forces Americans have ever met in combat. We on the home front can't let them down—and we won't. So resolve now to at least double your Bond buying in the 5th War Loan drive. This is the time to do better than your best.

RIVERSIDE (By Mrs. Cap Adkins)

Mr. and Mrs. August Rummel and girls attended a picnic Thursday night at the home of A. T. Bolling at Lubbock in honor of Mrs. Lena Rummel and Miss Frances Bolling, who are leaving for Illinois. August Rummel and family visited in the homes of Karl Schoppa, Robert Rummel and Gerhard Schulz Sunday. Mrs. Charles Earthman and Mrs. of Vernon are visiting her parents, Mr. and Mrs. R. G. Whitely, and family. Mrs. Parks of Colorado returned to her home after a visit with her uncle, John S. Ray, and wife. Mr. and Mrs. Clyde McKinley of Fort Worth spent Saturday night with Mr. and Mrs. Earl McKinley. Mr. and Mrs. Autry Pope and daughter of Goree spent Wednesday night with his parents, Mr. and Mrs. T. C. Pope, and family. Mr. and Mrs. Joe Richter of Brown-Ole visited in the Bob Miller home Sunday afternoon. Morris Johnson spent the week-

end with his aunt, Mrs. Tom Wayland, of Vernon. Mr. and Mrs. H. B. Lewis of Vernon spent Sunday afternoon in the T. C. Pope home. Mr. and Mrs. Ben Hopkins and family visited in the home of Mr. and Mrs. Bert Abston of Rayland Sunday afternoon. Mrs. Jap Scharber and family are visiting relatives at Whiteboro this week. Mrs. Allie Huntley attended church at the Primitive Baptist Church in Vernon Sunday and visited with her sister-in-law, Mrs. John Tarlton, of Oklahoma, who was also there. Mrs. Clayton Pope and children have returned to their home in Thackerville, Okla., after a visit in the T. C. Pope home. Mrs. A. Oliver of Carlsbad, N. M., is visiting her daughter, Mrs. Wallace Seales, and husband this week. Janice Ward, who has been staying with her grandparents, Mr. and Mrs. T. L. Ward, and attending school at Crowell, has returned to her home at Chillicothe. Mr. and Mrs. Johnnie Matus and children visited Mr. and Mrs. Hubert Richter of Vernon Saturday afternoon. Mrs. Jo Martin has returned to her home at Oklaunion after a week's visit with her friend, Mrs. Evelyn Pyle. Mr. and Mrs. Dave Shultz and family spent Sunday with Richard Johnson and family of Crowell. Miss Alice Ruth Shaw of Los Angeles, Calif., and Mrs. Sadie Mears of Amarillo have been visiting their parents, Mr. and Mrs. Z. D. Shaw, and family. Riverside School exercises were held in the school auditorium Wednesday night with Rev. R. I. Hart delivering the address. The following were given diplomas: Ray and Joe Whitton, Weldon James, Jimmie Hopkins, Kenneth Pope, Bobbie Ruth Brock, Jimmie Swan, Dovie Genre Rummel, Mary Helen Payne. The following teachers have been re-elected for next term: Mrs. Bailey Rennels, Mrs. Allen Sanders and Miss Lula Bowley. Chicago.—A Red Cross volunteer mused on the viewpoints of age after these two experiences: An 80-year-old woman congratulated her on her Red Cross work, adding, appreciatively, "And so young, too." Later that day, at a Junior Red Cross meeting, an 8-year-old commented frankly, "My you are old—you must be 30."

TOWN and FARM in WARTIME Prepared by OFFICE OF WAR INFORMATION

Meats, Fats.—Red stamps AS through TS, good indefinitely. U.S. V8 and W8 becomes valid June 1 and remain good indefinitely. Processed Foods.—Blue stamps AS through V8, good indefinitely. Most Plentiful Foods.—Onions, and eggs over most of the country. Sugar.—Sugar stamps 30 and 31, each good for five pounds indefinitely. Sugar stamp 40, good for five pounds of canning sugar through February, next year. Gasoline.—In 17 East Coast states, A-10 coupons good through August 8. In states outside the East Coast area, A-11 coupons good through June 21. Fuel Oil.—Periods 4 and 5 coupons, good through September 30. New period 1 coupons for the 1944-45 heating year may be used as soon as they are received from local boards. Shoes.—Airplane stamps 1 and 2, good indefinitely.

Stamp 37—OPA has announced that sugar stamp 37 will not be used at all, so that no one will suffer for this mistake. Round-Up After the recent lowering of the age limits for Merchant Marine trainees, more than 7,000 young men, between 16 and 17½ time Service enrollment offices, and about 6000 have already been ordered to report to training stations. All War Food Administration restrictions of farm slaughter of livestock and delivery of meat has been removed. WPE reports—a proposal for limited resumption of the manufacture of shotguns, rifles, pistols and revolvers has been submitted to WPE. There is no prospect of authorizing the production of any new radio receiving sets for civilians this year. A tentative production goal of 9,164,000 tons of normal superphosphate for the agricultural year, 1944-45, has been approved by the Chemicals Bureau. OPA says—watermelon prices to be established soon will mean a sharp reduction at retail from last season's inflated prices. Lard has been removed from all rationing restrictions, since the present supply is considered adequate for all civilian needs. The old-type B and C gasoline ration coupons—B-2 and C-2 without serial numbers—may not be used by consumers on and after June 1.

OWI Reports On Food Situation Although farm population of the United States is four million less than during the last war, American farmers produced 47 per cent more food in 1943 than in 1918, the Office of War Information said in reporting need for four million volunteer farm workers until after harvest this year. With the aid of the War Food Administration and the Office of Price Administration, OWI reported on the current food situation. Comparing this year with last—apples, peaches, pears and cherries will be more plentiful; slightly less fluid milk and cream will be consumed; less chicken will be available; eggs will continue to be plentiful. Other highlights—wartime increases of income and food have enabled millions of Americans to increase their diets; rationing will be needed until the war is won; current point-free meats will remain reasonably plentiful, with some cuts of better grades less plentiful; the present point holiday on canned vegetables is only temporary and on some meats may be temporary; the 1943-44 citrus fruit production will be 10 per cent higher than last year; the last half of 1944 will show less butter and lard, but more margarine, shortening and vegetable oils than during the first half; sugar supply is adequate, but no increase in household allotments is in sight this year. For nutritional reasons, the report recommends home production of vitamin C-rich foods, such as tomatoes, and consumption of milk, meat and enriched cereals as sources of riboflavin and niacin. Weather Stripping For Homes Weather stripping felt and the wood to keep stripping rigid will be in good supply at retail stores, the War Production Board said. A fair amount of zinc for stripping double hung windows should be ordered now, before the full rush for those materials, WPE says. Rubber and copper weather stripping are not available for the individual consumer. Volunteers Check Food Prices About 90,000 more volunteers are needed to continue the price control program, OPA says, more than 40,000 price panel volunteers recently visited 386,289 food stores in this nation-wide drive to tell community grocers about price control and help them comply with OPA regulations. Some volunteers in rural areas worked under considerable hardship, OPA points out. On an island in Lake Michigan, reached only by mail plane, arrangements were made with the mail plane pilot to check the four stores located there. In Plaquemines Parish, Louisiana, boats were used to survey stores in swamp areas. And, in some rural mountain communities, price panel volunteers walked 10 to 15 miles to carry out the compliance program. The survey showed 166,785 price violations on the 10 food items checked and 448,941 price posting violations. Gas For Farm Volunteers Persons who volunteer for spare-time labor on farms and in food processing plants this summer may apply for special gasoline rations to get to and from this work, OPA announces. The applicant must arrange to carry at least four persons, including the driver (or as many as the car will hold), and must show there is no other adequate transportation. Re-Employment For Veterans To be entitled to re-employment rights under the Selective Training and Service Act of 1940, the veteran must be honorably discharged and must apply for re-employment "within 40 days after he is relieved from" training and service, according to National Headquarters of Selective Service. A soldier placed in inactive status and transferred to the Enlisted Reserve Corps at his own request to engage in essential industry, loses his re-employment rights if he does not apply to his former employer for reinstatement within 40 days after his transfer. A veteran has recourse to the courts to collect back pay if his reinstatement is improperly delayed by the employer. Sugar Stamp 37 Invalid Sugar stamp 37 in War Ration Book 4 will never be used, OPA announced. Because many housewives mistakenly sent this stamp to their local boards when applying for home canning sugar, instead of the correct stamp—sare

speedy than a horse, the spectacle of a modern refrigerated express car loaded with delicacies rolling at sixty miles an hour across deserts and mountains, would have been overwhelming—the work of Gods from another world. The miracle of refrigerated express is not a creation of super men, but merely the work of the American business men. It is only one of thousands of miracles that make the United States a good place to live. During the next hundred years, thousands more such miracles will be created by the same kind of men—providing this country remains a land in which men are free to create miracles. — Industrial News-Review. Since sound is dependent on the density of the air, a revolver fired in the rare atmosphere on top of Mount Blanc makes about as much noise as a fire cracker at sea level. The magnetic poles of the earth do not correspond to the geographic poles, and their position is slowly changing. The North Magnetic Pole is near the Hudson Bay, while the South Magnetic Pole is in the Antarctic regions. ANNOUNCEMENT

Since Karl ten Brink has accepted a new position with the Texas Company and will not have time to devote to the Drug Store, I have purchased his interest in the store and he and I wish to thank the public for their support while we operated in the partnership. Now, that I have the store myself, I ask that you continue your patronage. I will do my best to please you. With the kindest regards to everybody. H. E. FERGESON Do not neglect to buy bonds, the boys need this support.

THE LAND OF MIRACLES If Kit Carson and his colleagues of the wilderness could look upon the nation they explored not so many years ago, they would think indeed that many miracles had come to pass in America. They would see miracles where we of today see nothing. In Kit Carson's day, distance was a mountainous obstacle to be traversed painfully on foot. The journey sometimes took months. Now, airliners and express trains have made the mountain into a molehill. When a housewife in the Middle West wants a dish of fresh strawberries or a crab cocktail or fish for dinner, she has but to go to the nearest grocery store. If Kit Carson wanted them, he had to walk a few thousand miles to Maine or California. The fact that nearly 8,000 carloads of fruit and vegetables were shipped by express to all parts of the country during 1943, is no miracle to contemporary consumers. But to the pioneers of a hundred years ago who were acquainted with nothing more

WEST TEXAS UTILITIES COMPANY America's Fifth Freedom FREE ENTERPRISE This great bronze goddess is a symbol of the shining ideal of Freedom. Much is said about Four Freedoms . . . but they mean nothing without the Fifth—our Keystone Freedom of Enterprise—the chance for a man to be really free and to advance as far and as fast as his ability will carry him. It was this kind of freedom which built the electric industry, made it possible for privately owned Electric Companies to be business-managed and business-operated, free to grow, to plan ahead . . . and the workers and management who built the companies had a chance to use foresight in planning a better electrical tomorrow for each new generation. Let this be our guiding light: Keep America the land of freedom—freedom of worship, freedom of speech, freedom from want and fear. This can only be accomplished by keeping freedom to strive for individual success, instead of just leaf raking. West Texas Utilities Company

Mr. and Mrs. T. C. Wilhite of Cooper, spent the week-end in the home of Mr. and Mrs. Arthur Owens.

Mr. and Mrs. T. L. Hughston and Mrs. A. S. Hart spent the week-end visiting relatives and friends in Dallas, Plano and McKinney.

Mrs. Elsie S. Goodwin of Birmingham, Ala., arrived here Sunday and will make an extended visit in the home of her sister, Mrs. H. Schindler, and Dr. Schindler.

Mrs. H. W. Cotner and two sons, William and Frank, of Altus, Okla., visited in the home of their parents and grandparents, Mr. and Mrs. J. C. Thompson, last week.

Mrs. Earl Manard left Saturday for Williamsburg, Va., where she will visit her husband, Earl Manard, Bm. 1/C, who is stationed at Camp Peary, Va., for some time.

T-Sgt. and Mrs. E. L. Carr announced the birth of a son on May 25. Mrs. Carr is the former Miss Mary Frances Tamplin, daughter of Mr. and Mrs. W. H. Tamplin. Mrs. Tamplin has been visiting her daughter in Hollywood for several weeks.

Mrs. C. W. Pollard of Chillicothe, and her son, Cpl. Glen Pollard, of Westover Field, Mass., were guests in the home of Mr. and Mrs. J. L. Gamble Friday. Mrs. Gamble has been in service for two years. He formerly lived in Chillicothe. Bessie Gamble accompanied them home and remained until Monday.

Miss Nancy Jo Anderson, who has been a student at Radford School for Girls in El Paso, is here to spend the summer in the home of her aunt and uncle, Mr. and Mrs. J. R. Beverly. Mr. and Mrs. Beverly went to El Paso for Miss Anderson last week.

Miss Ada Jane Magee left Monday for Abilene where she will attend Young People's Assembly as a delegate from the sub-district of Vernon District of Youth Fellowship of the Methodist Church, of which she is president. She was accompanied by Miss Frances Ann Ayers, a delegate from Margaret, Miss Dovie Forker, a delegate from the Foard City organization and Miss June Hickman, who will represent Truscott.

Miss Dorothy Hinds has returned to Fort Davis after a visit of one week here in the home of her father, Ben Hinds, and Mrs. Hinds. She has taught in Fort Davis for several years and will teach there again next year. She will serve as acting secretary for the McDonald Observatory on Mt. Locke, fourteen miles northwest of Fort Davis this summer and will live on the mountain. The second largest telescope in the United States is there. Miss Hinds will work at the observatory from June 1 to September 1.

Mrs. Ralph Burrow and two daughters, of Big Spring, are here visiting in the home of Mrs. Burrow's parents, Mr. and Mrs. H. C. Roark.

Mr. and Mrs. T. B. Klepper returned Sunday from Fort Worth where Mr. Klepper submitted to an operation. He is improving rapidly.

Mr. and Mrs. R. R. Lanier spent several days of last week in Dallas where Mrs. Lanier attended to buying merchandise for her Ladies' Style Shop. They returned Thursday.

Mr. and Mrs. B. C. Franklin returned Tuesday morning from Decatur where they had visited for the past week in the home of Mr. Franklin's sister, Mrs. Alice Carpenter, and family.

Miss Mary Ella Rettig, student in Drury College at Springfield, Mo., the past winter, arrived home Saturday to spend the summer vacation with her parents, Mr. and Mrs. Ed Rettig.

James Braswell, who has been a student at Howard-Payne College in Brownwood is here working in the harvest. He is a ministerial student and preached Sunday morning at Medicine Mound.

Miss Margaret Long returned to Lubbock Saturday following a visit of two weeks in the home of her parents, Mr. and Mrs. John E. Long. Miss Long will complete her senior year in Texas Technological College this summer.

Mrs. A. B. Calvin of Quanah was here Tuesday afternoon visiting her daughter-in-law, Mrs. Andrew Calvin, and children. Mrs. Calvin has recently moved from Kingsville to Quanah where she is employed in the hospital.

Miss Alyne Lanier returned to Burbank, Calif., Saturday after a visit here in the home of her parents, Mr. and Mrs. J. H. Lanier Sr. Her mother and her niece, Jolene Lanier, returned with her and will visit there for the summer.

Mr. and Mrs. Ted Crosnoe of Lubbock spent several days of last week visiting relatives and friends here. They were en route to Bay Town where he will be employed by Humble Oil Co. Mr. Crosnoe is a recent graduate of Texas Tech in Chemical Engineering.

Rev. and Mrs. H. A. Longino of McLean spent last Wednesday night here in the home of Rev. and Mrs. R. S. Watkins. They were en route to Abilene to attend graduation exercises at McMurry College. Their daughter, Miss Lenore Longino, was valedictorian of the graduating class.

Mrs. Adrian Thomson, Mrs. Crockett C. Fox Jr., Mr. and Mrs. H. E. Thomson, Mrs. C. C. Fox, Harold Thomson and Miss Toia Daniels of Vernon went to Houston last week where they were called on account of the serious illness and death of their sister and daughter, Mrs. A. L. Johnson.

Mrs. Lenna Wedel has returned from a visit in Mineral Wells in the home of Mr. and Mrs. Joe Savage. Mrs. Savage and her daughter, Shirley Sue, brought her home. Mrs. Savage returned Sunday and Shirley Sue remained for a week's visit in the home of Mr. and Mrs. L. E. Archer and Mrs. Wedel.

Mr. and Mrs. Dwight Sims and their two children, Joan and Jimmy, of Gray, Okla., spent a short time visiting Mr. and Mrs. J. R. Beverly last week. They were accompanied by Mrs. Beverly's niece and nephew, Peggy and Bobby Huddleston, who were returning to their home in Paris after having attended the past term of school in Gray.

Mr. and Mrs. Bill Cates of Tulsa, Okla., are visiting relatives and friends here this week. Mr. Cates is employed by Douglas Aircraft in Tulsa. The company sent him to California last August to study a new type of bomber now under construction at the plant. Since that time, he has been made assistant foreman of his department. He soon will have completed four years of service with the company.

Dr. and Mrs. R. L. Kincaid had as guests in their home over the week-end Mr. and Mrs. Dale Grimes and daughter, Jean, of Jacksonville, Fla. Dr. and Mrs. Ralph Hamme and two daughters, Gail and Karen, of Edinburg. Mrs. Wm. Bryan Grimes of Talpa and Mr. and Mrs. Harvey Turnbough and daughter, Joan and Charlotte Cranford of Lubbock. Mrs. Grimes and Mrs. Turnbough are daughters of Dr. and Mrs. Kincaid.

The Solid Fuels Administration announces that for every young miner refused occupational deferment by the draft boards the nation's coal supply for next winter will be reduced 1,500 tons. The nation faces a certain shortage of 20,000,000 tons of coal next winter according to the Solid Fuels Administration and if 20,000 miners are drafted the shortage will rise to 50,000,000 tons.

This is reported as a true story by the Retail Lumberman. A Minneapolis mother wrote her daughter asking her what kind of work the daughter was doing in Washington. This is the daughter's reply: "I work in the data analysis group of the aptitude-test sub-unit of the worker analysis section of the division of occupational analysis and manning tables of the bureau of labor utilization of the war manpower commission."

While it's a pleasure to eat the things we like, only the youngsters with "cast-iron" stomachs seem to be free of the aftermath of over-indulgence which leaves a painful memory. Now a scientific formula—

BEFORE and AFTER TREATMENT

—corrects these conditions by combining a "before meal capsule" to increase the flow of bile, with an "after meal tablet" which counteracts acid conditions and aids digestion.

Reeder's Drug Store

Miss Grace Jones of Paducah was here last Thursday visiting Miss Margaret Long, a former classmate at Texas Tech.

Miss Jamie Lee Watkins left Monday for Bryan where she will be a guest in the home of her mother and his family.

Rev. and Mrs. R. S. Watkins went to Phillips last Tuesday and their daughter, Miss Jamie Lee Watkins, who has taught there the past year, returned with them.

Mrs. J. D. Anderson of Los Angeles, Calif., has returned to her home after a visit here in the home of her sister, Mrs. Roy Archer. She was taken to Lubbock by Mr. and Mrs. Archer and family.

Mr. and Mrs. Roy Archer and daughters, Laverne and Joyce, spent Sunday in Crosbyton where they were joined by their son and brother, Kenneth Archer, A/S, of Lubbock for a day's visit. They also visited in the home of Rev. and Mrs. W. B. Fitzgerald in Crosbyton.

Mr. and Mrs. Roy Archer and daughters, Laverne and Joyce, spent Sunday in Crosbyton where they were joined by their son and brother, Kenneth Archer, A/S, of Lubbock for a day's visit. They also visited in the home of Rev. and Mrs. W. B. Fitzgerald in Crosbyton.

For Sale.—90 acres cotton, 60 acres up; 25 acres feed, up; 10 acres sudan, up; good garden, one mule; 3 pigs. Am renting on the halves and wish to sell at once.—H. E. (Bud) Minyard, 3 miles north of Crowell. 48-2tp

Mrs. A. B. Calvin of Quanah was here Tuesday afternoon visiting her daughter-in-law, Mrs. Andrew Calvin, and children. Mrs. Calvin has recently moved from Kingsville to Quanah where she is employed in the hospital.

Miss Alyne Lanier returned to Burbank, Calif., Saturday after a visit here in the home of her parents, Mr. and Mrs. J. H. Lanier Sr. Her mother and her niece, Jolene Lanier, returned with her and will visit there for the summer.

Newspapers Credited with Vital Part in Red Cross Campaign

Washington.—American newspapers were credited this week with having played a vital part in the success of the 1944 Red Cross War Fund campaign. By the end of April \$221,200,000 had been donated on a minimum goal of \$200,000,000.

"The press was a vital success of the campaign because it told the people about their Red Cross, how it is serving the armed forces, and how it alleviates suffering when disasters strike at home," Norman H. Davis, national chairman, said. "The people endorsed the program of the Red Cross by contributing \$211,200,000 to the War Fund. They would not have done so if they had not been fully informed of its activities."

"Newspapers throughout the country devoted millions of column inches to telling the story of the Red Cross. The contribution of the press is something that cannot be measured in dollars and cents. It has far more than just monetary value."

Advertisers also were credited by Mr. Davis with helping greatly in success of the appeal for funds. He pointed out that they contributed millions of lines of advertising space, many devoting their regular space to messages about the Red Cross.

Children are able to hear sounds of a much higher pitch than older people.

TRACTOR TIRES VULCANIZED

We specialize in vulcanizing tractor tires. Can also send tires off for re-capping.

Nation Can Not Afford Summer Slump in Milk

With the 1944 demand for milk and dairy products the greatest in history, a well-planned program of feeding and management is necessary to meet milk goals and overcome the obstacles of limited feed supplies and labor.

Well improved pastures are essential in this program to provide spring and summer grazing, and the best pastures are those that enable a cow to "fill" in two hours of grazing. Even on good pastures, when grass is sappy or "watery," cows need hay, cottonseed hulls or other roughage to furnish dry matter and prevent scouring. Superior pastures, such as good legume or Sudan pastures, will usually furnish enough nutrients for a cow to maintain her body and produce about two gallons of milk daily; but cows that can produce more milk, or those showing a tendency to lose weight, should receive 1 1/2 to 2 1/2 pounds of a grain mixture for each gallon of milk produced.

Over-rating the value of pastures is a common weakness, especially when feeds are scarce and high in cost; and this accounts for the summer slump in milk production on many farms. To avoid this costly slump, sudan or other temporary grazing should be provided when permanent pastures play out. Equally important are the feeding of high producing cows a supplemental mixture of ground grain and cottonseed meal, soybean or peanut meal.

For cows on excellent grass pasture, a mixture of 8 to 10 parts ground grain and one part, by weight, of protein supplement, cotton seed meal, will provide sufficient nutrients. Where the pasture is only fair to average, the feed mixture should contain 3 to 6 parts grain and one part cottonseed meal or other protein concentrate.

A mineral mixture of equal parts ground limestone or oyster shell flour, bone meal or defluorinated phosphate, and salt should be kept available, with granulated salt free choice. Cool, shade, troughs both in the pasture and near the barn.

The most northern point of the United States is in Minnesota.

'Nazi Watchtower'

Above is one of the watch towers in the replica of a German prisoner of war camp, built in London to give Britons some idea of the daily life of an Allied prisoner of war in a German camp. All signs are in German.

NOTICE! WATER USERS!

The City Council met on the 23rd day of May and decided on the following resolutions to alleviate the seriousness of the prevailing water situation in Crowell:

To residential sections, 2,500 gallons is the minimum amount of water allowed. After using in excess of 1,000 gallons over and above the minimum of 2,500 gallons, the person or persons will have his water disconnected.

For restaurants, the minimum will be 4,000 gallons.

For service stations, the minimum will be 5,000 gallons. The service stations will be asked to discontinue the washing of all cars.

These regulations are based on the weather conditions. Should we have a rain supplying sufficient amounts of water, these regulations are null and void. All air cooled water conditioners depending on City water must be eliminated because of the deplorable water shortage existing in our city.

We are, today, advertising the bids for a new water works system for the City of Crowell, Texas.

Everyone is asked to co-operate 100 per cent until we can provide ample water from the new water source.

The rates will remain the same as rates charged last month.

City Council

Your Waste Fat Used in 37 Ways

There are 37 announced uses for waste fats collected by Texas housewives.

These are mighty important to our war effort. There are some more uses to which waste fats are put which are secret.

There is no substitute for fats, hence the importance of the slow, painstaking and troublesome job of saving every drop of grease.

It is a job that everyone can do and it isn't the kind of job that is glamorized in Hollywood or heralded on Broadway. It is common work with a substance that is messy and hard to handle. It has to be done a little at a time. It would be easier to forget it all and let it go but out on the other end of the waste fat line are the boys and men who mean so much to America. They need it. It would be nothing short of murderous neglect and foolishness if we, the everyday people back home, didn't do our share of a common-sense and nasty job.

WARNING FROM THE FRONT LINE

The legalistic jungle in which the controversy over price regulation continues between industry and the OPA, makes it difficult for the layman to discern important issues. The public is much like a soldier in the front line. It does not know what is going on although its future is a stake in the outcome of the battle up ahead. And make no mistake, the parallel is not exaggerated. The freedom of every American is involved in the front-line battle of industry against encroaching officialdom.

With respect to the OPA, business is seeking to curb abuses of authority within the agency. OPA legal experts have barred business and industry from recourse to the courts of the nation for correction of inequitable price rules. This was never the intent of Congress in creating the OPA. Representatives of many industries, including retail distribution, which have been forced to operate under steadily rising price indexes, are fighting to have the OPA amended to give the business man his day in court.

OPA has opposed efforts to bring its acts under the jurisdiction of the courts, on the plea that it would weaken the anti-inflation line. But it should be remembered that it is in the midst of just such emergencies as inflation that nations lose their freedom. This nation will have to eventually decide which is more important—the emergency or freedom. When through indifference on the part of the people, government agencies find they can with impunity evade the intent of the law, or write and enforce their own rules arbitrarily, Constitutional government is failing.

When industry seeks court relief from bureaucratic dictation, the public should heed the warning. It is a warning from the front line where the enemy always strikes first. — Industrial News-Review.

If You Had MY JOB

KEEPING HOUSE, helping take care of the family—you would realize that business girls are not the only ones who sometimes get Headache and Tired Aching Muscles. We home girls often work just as hard and have just as many Headaches, just as many Stomach Upsets and just as Tired.

About a year ago, I first used

ALKA-SELTZER

I find that it eases my Aching Head, takes the kinks out of Tired, Aching Muscles and brings relief when I have Acid Indigestion.

The family says I am a lot easier to live with since I have known about Alka-Seltzer.

Have you tried ALKA-SELTZER? If not, why don't you get a package today? Large package 60¢. Small package 30¢, also by the glass at Soda Fountains.

IT'S TEAMWORK THAT DOES IT

The 5th War Loan STARTS NEXT WEEK!

WHEREVER your invasion forces are fighting—at sea, in the air, on the ground—they're working together for victory. They know that they must depend on each other, for only by coordinated teamwork will they win through to final victory in the earliest possible time.

The Fifth War Loan starts next week. It's going to take teamwork—a lot of it—to put this drive over the top. For we've got a job to do. As the tempo of invasion rises every one of us must mobilize for support of our fighting men. In every city, town and hamlet men and women like

yourself have banded together as War Bond Volunteer Workers, giving their time to taking your subscriptions for Bonds. Support them. Give them the kind of teamwork our boys are giving to each other on the fighting fronts!

When your Volunteer Worker calls, double your War Bond subscription. It's their job to help raise \$16 billions of money for victory dur-

ing this Fifth drive, \$6 billions from individuals like yourself.

Make up your mind to welcome your Victory Volunteer with a friendly smile and an open checkbook—remembering that it's teamwork that does it!
