New Airborne Army Formed

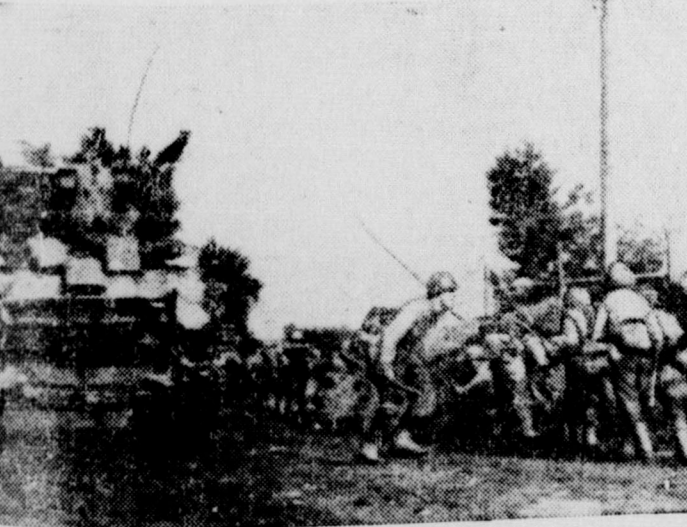

Lieut. Gen. L. H. Breerton, U. S. Army (insert), has been appointed commander of the First Allied Airborne Army. Photo shows him as Airborne invasion of Holland and Germany was being planned. His troops above are shown as they were landing behind the German lines during their recent invasion of Nazi strong positions.

Holland Airborne Invaders

British paratroopers in a C-47 transport plane as they started on the journey which took them far behind the German lines in Holland during the airborne invasion of the low country. They advanced about 40 miles in five hours after landing, met with strong opposition, including a German trap, and were not able to contact their main lines.

American Tanks in Germany

American infantrymen run from behind a tank for the cover of an embankment as the troops move into another town inside Germany. Tank units were utilized to give support to the rapidly advancing doughboys in their race into the interior of Germany. During the early stages, little opposition was met on the part of civilians.

District President to Speak at Meeting of PTA Tuesday

Mrs. George J. Towles, president of the Thirteenth District of PTA, who lives at Wichita Falls, will address the regular meeting of the local unit next Tuesday afternoon, October 16, on the subject, "The Purpose of the PTA." The fifth grade will be featured in a playlet as an added feature for the program. The PTA membership have been invited to be special guests for the meeting. All parents are urged to attend the meeting and hear Mrs. Towles.

PTA Auction Sale to be Held Saturday at 6 P. M.

The Crowell Parent Teacher Association is sponsoring an auction sale of good merchandise to be held on the court house lawn on Saturday evening, beginning at 6 o'clock. The proceeds of the sale are to be used for the advancement of the schools and it is desired to make a huge success of the sale in order to promote some plans that have already been made. The articles to be offered at the sale are all useful, hard-to-get and needed merchandise and

In Service

Clyde L. Eddy, son of Mr. and Mrs. Joe Eddy, whose wife also lives in Crowell, has recently been promoted to the grade of Staff Sergeant at the Headquarters, Unit Command, Army Service Forces Training Center at Camp Crowder, Mo., according to a news release received from the public relations office.

Pvt. Bill Owens of Ft. Benning, Ga., who has graduated from a paratrooper school of the Army Air Corps, and his mother, Mrs. Pearl Owens of Fort Worth, spent last week here visiting Pvt. Owens' grandmother, Mrs. J. W. Owens, leaving Sunday.

Mr. and Mrs. Roy Archer are in receipt of a letter from Brig. Gen. Arthur E. Easterbrook, telling them that their son, James Kenneth Archer had been selected for training as a pilot and would, at the conclusion of his present training, receive his wings and the rating of an airplane pilot. He has been at Santa Ana, Calif., at the Santa Ana Army Air base.

Hughes Fish, Yeoman 1-C, and wife and little daughter of Washington, D. C., are spending this week with his parents, Mr. and Mrs. Allen Fish, of Vivian.

MT Sgt. Jim Riley Gafford, who has spent the past fourteen and one-half months in the South Pacific, arrived here last Friday night to visit in the home of his mother, Mrs. C. E. Gafford, and other relatives and friends. He has seen service on Guadalcanal, Bougainville, New Hebrides and other places in the South Pacific. He wears the presidential citation.

Felix L. Hilburn, S 2-C, son of Mr. and Mrs. E. Hilburn, and his wife and son, reside in Lubbock, are visiting in the Hilburn home this week. Felix Hilburn has just completed boot training at Great Lakes, Ill., and will now be stationed on a ship. A son-in-law of the Hilburn's, Pvt. Harold D. Cody, is also a visitor in the home. He is en route from Camp Fannin to Fort George G. Meade, Md. Other visitors in the home Sunday were R. E. Hilburn and family of Abilene.

Master Sgt. Burke Bell, son of Mrs. R. W. Bell of Crowell, has recently landed safely in France, according to letters received by his mother.

Pfc. Odell Parkhill of Ft. Sam Houston, Texas, spent Wednesday of last week here visiting his parents, Mr. and Mrs. W. D. Parkhill.

Henry W. Black, who is stationed at Parris Island, S. C., has recently been promoted to Pfc. M., first class, according to information received by The News.

Cpl. Wayne Diggs, son of Mr. and Mrs. F. E. Diggs, who is attached to an armored infantry division in France, is now in Luxembourg according to letters received by his parents.

Lieut. Ella Patton, Army nurse, daughter of Mrs. T. S. Patton, has arrived safely in France, according to recent letters to her mother.

Sgt. Ray Shirley, an M. P. in the U. S. Army, arrived here last week for a visit in the home of his uncle, Paul Shirley. He has a 37-day furlough, including seven days travelling time.

Earl Manard, B M 1-C, who has been stationed at Camp Peary, Va., for some time and who has been at Camp Parks, Calif., for three weeks, arrived in Amarillo Tuesday morning and was met there by his wife. He is on an embarkation leave of 15 days.

Ernest C. King, Petty Officer 2-C, in the Seabees, was promoted

Brooks Tailor Shop Sold to Vernon Man

The Brooks Tailor Shop was sold Monday by Mr. and Mrs. Claude Brooks to Lloyd F. Curley of Vernon and Mr. Curley took over the business Tuesday.

Mr. Curley will be assisted in the operation of the business by his sister, Miss Viola Curley, also of Vernon. Both have had experience in the cleaning and pressing business. They are former residents of Crowell, their parents, Mr. and Mrs. T. P. Curley, having lived here in 1927 and 1928. Mr. Curley has recently received a physical discharge from the army, having served one year as a mechanic in the Army Air Corps. He and his sister will move to Crowell this week.

Mr. and Mrs. Brooks, who have operated the tailor shop for a number of years, will reside on their farm one-half mile west of town. everyone is urged to attend the sale and see if there is something they can use. Local auctioneers will preside over the sale and will offer the goods to the public.

12,000,000th Member.

The twelve millionth member of the Boy Scouts of America since it started nearly 35 years ago is 12-year-old Preston Ellsworth Koentop (above) who is doing a man-sized job, handling tractors and other farm machinery on his father's 151-acre farm at Brandon, Wis. His dad was a Boy Scout in the same town just 50 years ago. Typifying the average American boy the twelve millionth member was the guest of national rural and Boy Scout leaders at a luncheon in Chicago and spoke on a coast-to-coast book-up with Burridge D. Butler, Editor and Publisher of "Prairie Farmer", Wheeler McMillen, Editor of "Farm Journal and Farmer's Wife", both members of the National Committee on Rural Scouting, Walter W. Head of St. Louis, President of the Boy Scouts of America and Dr. Elbert K. Fretwell, Chief Scout Executive and Editor of "Boys' Life."

Crowell Wildcats Defeated by the Seymour Panthers

The Crowell Wildcat eleven came out on the little end of a 25-0 score in a game of errors with the Seymour Panthers. The Panther's halfback, Owen, quickly chalked up a score in the opening minutes of the game when Pat McDaniel, the Wildcat quarterback, fumbled on his own one-yard line. Sims attempted to convert by place-kicking but the kick was wide.

The Wildcats came back with what looked like a rejuvenated team and ran up first down after first down until it reached the Panther's ten-yard line and the ball went over to the Panthers on downs. The rest of the half was nip and tuck with a brisk exchange of punts. Each team showed lack of seasoning on handling the ball; fumbles were numerous.

In the third quarter the Panthers recovered their own kick-off and scored before losing the ball. Rogers carried the ball over the goal. Sims again attempted to place-kick for the extra point but the kick was high and wide.

The last quarter proved to be the best for the Panthers. They completed several long passes and the educated toe of Simput a punt out on the Wildcats one-yard line. The beleaguered Wildcats gave up another score to Sims on a running attack and this time he place-kicked the extra point. In the last minutes of the game Samsill, a substitute back for the Panthers, crossed the goal for the fourth Seymour touchdown.

The outstanding player on both defense and offense for the Wildcat was the right half, Ray Tamplin.

This week-end the Wildcats will receive a much needed rest, before playing their first conference game with the Archer City Wildcats at Archer City on October 20.

HOSPITAL NOTES

Patients In: Mrs. Roy Barker and infant daughter; Dr. J. E. Stover; Mrs. P. H. Pierce; Mrs. Wm. Deagan; and infant daughter; Mrs. M. H. Talous; and infant daughter; Gene Smith. Bensley; Mrs. Roberta Hernandez; and infant son (Mer); Louise Lane (col). Visiting Hours: 9:30 to 11:30 a. m.; 2 to 5 p. m.; 7 to 9 p. m.

Pioneer Resident Passes Away at Home in Rayland

Mrs. N. J. Beasley, 81, pioneer resident of Foard County, died at her home near Rayland Thursday morning, Oct. 5, following a year's illness.

Funeral services were held Friday afternoon at the Rayland Baptist Church, with Rev. J. T. Daniel, pastor of the Lockett Baptist Church officiating at the rites. Interment was made in the Thalia cemetery under the direction of the Henderson Funeral Home of Vernon.

Funeral services were held Friday afternoon at the Rayland Baptist Church, with Rev. J. T. Daniel, pastor of the Lockett Baptist Church officiating at the rites. Interment was made in the Thalia cemetery under the direction of the Henderson Funeral Home of Vernon.

Survivors are four sons, W. A. Peasley of Clovis, N. M., W. L. and A. T. Beasley of Rayland, and T. T. Beasley of Five-in-One; one daughter, Mrs. Nina Newman of Rayland; five sisters, Mrs. C. J. Beasley of Houston, Mrs. W. V. Berry of Crockett, Mrs. Annie Ulrich of Los Angeles, Calif., Mrs. Walker Hollingsworth of New York City and Mrs. Effie Henry of Washington, D. C.; two brothers, Herman Lively of Shreveport, La., and Will Lively of Grapeland.

Virgil A. Dockins Given Distinguished Flying Cross

Air Transport Command Base, India—Headquarters of the U. S. Army Air Forces, India-Burma Sector, China-Burma-India Theater, announced last week the award of the U. S. Army Distinguished Flying Cross "for extraordinary achievement" to Staff Sergeant Virgil A. Dockins of Crowell.

Since his arrival in this Theater S-Sgt. Dockins has been on duty with the India-China Division of the Air Transport Command. His citation is the award for "more than 300 hours of operational flight in transport aircraft over the dangerous and difficult Assam-China air routes." Mention is made, in his citation, of severe icing conditions along these routes, and "mechanical difficulties requiring courageous and superior performance of duties to overcome."

The flights between northern India and southern China, flown by the ATC personnel, form the supply line for United Nations forces on the China battlefronts. S-Sgt. Dockins is cited for the performance of his duties between June 3, 1943, and January 30, of the current year, during which time he was on active service as an aerial radio operator.

Before he entered the service he made his home in Crowell, and is the son of Mr. and Mrs. A. J. Dockins.

Foard County Raises Quota for United War Chest Fund First Day of Drive; Latest Figures Show Excess of \$258.50

Reports of the campaign for the drive for funds for United War Chest in Foard County indicate that the quota for the county was attained in one day, and later reports up to Wednesday evening, are to the effect that the county has gone over the quota by several hundred dollars. Community chairman have done excellent work in the various communities and the final count shows the following reports from the campaign, though a few of the communities have not completed their work.

Mrs. S. S. Turner Succumbs at Her Home in Truscott

Funeral Held at Methodist Church Thursday Afternoon

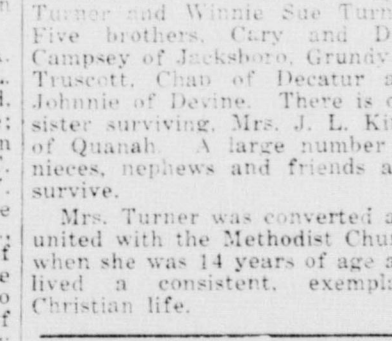

Mrs. S. S. Turner passed away at her home in Truscott on Wednesday, October 4, at 5:10 p. m., following a long illness. Funeral services were held at the Truscott Methodist Church, Thursday afternoon, conducted by Rev. D. A. Ross, pastor of the church, who was assisted by Rev. Joe W. English, pastor of the Truscott Baptist Church and Rev. J. L. King, pastor of the Baptist church at Willow View, near Quanah. Special music was furnished by a quartet composed of Wayne Young, Guyon Hickman, Lester Hickman and William Blevins.

Brazilians in Italy

Brig. Gen. Euclides Zenobio da Costa, field commander of the Brazilian Expeditionary force in Italy (kneeling) with some of his staff officers at a Brazilian automatic rifle post in Italy. They have been giving a good account of themselves.

Crowell Schools in Campaign to Buy Jeep for Battlefields

An army jeep will soon be bouncing over the battlefields carrying the name of the Crowell Public School as sponsor, if the campaign to raise \$1,145 in War Bonds and Stamps is successful. It was announced by Leo C. Purvis, principal of the school.

Mary C. Collett, Executive Secretary of the Education Division of the War Finance Committee of Texas, forwarded to the school a picture of the jeep and a duplicate of the decalcomania which will be placed in the jeep bearing the sponsor's name. Miss Collett stated, "we thank you for your notification of entrance into the 'buy equipment campaign.' We wish you every success."

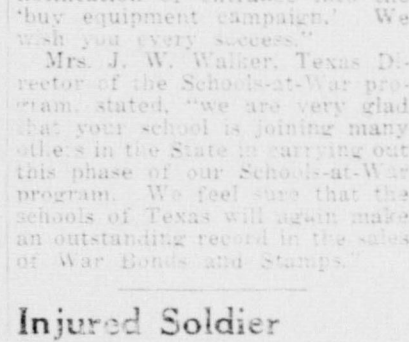

Mrs. J. W. Walker, Texas Director of the Schools-at-War program, stated, "we are very glad that your school is joining many other schools in the State in carrying out this phase of our Schools-at-War program. We feel sure that the schools of Texas will again make an outstanding record in the sales of War Bonds and Stamps."

Injured Soldier Here On Visit

Pfc. Cecil Short and Mrs. Short of Framingham, Mass., who have been visiting in Olton, are here visiting relatives and friends. They are accompanied by Pfc. Short's father, L. L. Short, of Olton. Short is recovering satisfactorily from wounds received at the battle front at Casino, Italy, on Feb. 11, and has spent about five months since that time, in hospitals. However, he is now stationed at the Cushing hospital in Framingham. He has been awarded the Purple Heart and the European Theater ribbon, also the good conduct award.

He was in the medical department and was driving an ambulance at the time he was wounded.

Poor Weeping Adolf

Members of the Belgian "White Army" laughingly point to a poster of a weeping Adolf Hitler which is displayed in the window of their headquarters in the now liberated city of Liege, Belgium. Needless to say the poster was not there during German occupancy.

Items from Neighboring Communities

"I'm in a Cold Sweat!"

FEAR IS WHAT DOES IT, and many a car-owner has felt that freezing chill this summer, when a sudden, new noise from his motor has filled him with dread that his car was chugging its last.

There's nothing like that fear to make a stupid driver resolve to follow better driving practices. The intelligent motorist needs no such warning; and he always makes certain that the motor runs only with quality oil in the crankcase.

Obviously there are a number of such oils. And to help you select one of them, easily and with certainty, Phillips gives you these facts:

Phillips offers a number of oils because car-owners' preferences and pocketbooks vary. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

It's good for your motor, under today's reduced driving conditions, to change oil every two months, say experts. For that change, and for seasonal draining and refilling, you make sure of getting a quality lubricant, when you simply say: Phillips 66 Motor Oil.

It's Phillips Finest Quality

PROVED IN 50 BILLION MILES OF SERVICE

MARKED INCREASE IN DISASTERS SHOWN BY RED CROSS SURVEY

Washington.—A total of 250 disasters struck 44 states during the 11 months ending May 31, an increase of nearly 35 per cent over last year, the American Red Cross disclosed as a result of a nationwide survey.

Disasters occurred at the rate of five a week during the 48 weeks covered by the report.

Fires were the most common form of disaster, accounting for 103 of the total. There were 54 tornadoes and windstorms, 28 floods, 20 explosions, 19 train wrecks, seven epidemics, five airplane crashes, and 14 other disasters in which Red Cross aid was extended.

California led the nation in number of disasters, reporting 22, most of which were fires. Other states with more than ten disasters were Pennsylvania, Texas, New York, Ohio, Illinois, Virginia and New Jersey.

Only Arizona, Delaware, Idaho and Nevada escaped disaster entirely.

Our Declaration of Independence has been captured by the British three times since it was written in 1776.

and friends here and at Paducah. Mrs. Erbert Fish and son, Henry, and daughter, Bernita, and Mrs. B. W. Mathews spent Sunday in the home of Mrs. Parris Rasberry of Paducah.

Don Lewis, who is working at Olton, spent several days last week in the home of his mother, Mrs. Clara Lewis.

Mrs. J. W. Sandlin of Seminole, Okla., returned home Sunday after spending several days in the home of her son, Arthur Sandlin, and family.

Herbert Fish and Norma Jean Matthews spent Sunday in the home of Mr. and Mrs. H. H. Fish of Paducah.

Mr. and Mrs. John Allen Fish and small son, Allen Joe, of Dallas, are visiting his parents, Mr. and Mrs. Allen Fish, and other relatives and friends.

B. W. Mathews, who is employed near Dalhart, is spending this week with his wife and daughter, Norma Jean.

Mrs. Janie Faught of Wichita Falls is visiting in the home of Mr. and Mrs. Clyde Bowley and Mr. and Mrs. Arthur Sandlin.

Mrs. J. R. Gaudin of Vernon, Mrs. Skeet Robinson and son, George Randall, of Lawton, Okla., and Mrs. Lizzie Gaudin of Henrietta spent several days last week with their daughter, sister and niece, Mrs. R. L. Walling.

Mrs. W. D. Fish and son, Bill, visited in the home of Mr. and Mrs. H. H. Fish and family of Paducah Thursday.

Miss Berdell Nelson of Paducah spent the week-end with her parents, Mr. and Mrs. Oscar Nelson, and family.

Mr. and Mrs. Bezy Fish and son, Jimmy, and daughters, Dorothea Louise, and Berny Ann, spent Sunday in the home of his parents, Mr. and Mrs. H. H. Fish, and family of Paducah.

Lt. and Mrs. "Hump" Halsey of Clovis, N. M., spent the week-end in the home of his uncle, Arthur Sandlin, and family.

Miss Bernita Fish of Five-in-One spent the week-end in the home of her parents, Mr. and Mrs. Erbert Fish.

Mrs. A. L. Walling is visiting her sons, Arthur and Jesse Walling, and families and her daughters, Mrs. George Benham and family and Mrs. Raymond Lawton and husband, of Pampa.

Mrs. Raymond Rasberry and daughters visited their mother and grandmother, Mrs. E. E. Asher, of Paducah Sunday.

Mr. and Mrs. S. R. Lawton of Odessa visited Mrs. A. L. Walling and Mr. and Mrs. R. L. Walling Thursday evening.

Jimmy and Dorothea Fish spent Monday night with their grandparents, Mr. and Mrs. H. H. Fish, of Paducah.

TRUSCOTT (By Gay Nellie Chilcoat)

Mrs. George Solomon and Mrs. J. M. Chilcoat were in Crowell Monday.

Mr. and Mrs. Herman Blevins and son, Calvin, of Fort Worth, Mrs. Lee Blevins, Mrs. A. B. Owens and daughter, Mr. and Mrs. Claude Orr, of Margaret, all visited in the home of Mr. and Mrs. W. T. Blevins Sunday.

Mrs. Matt Brown visited in Crowell Monday.

Bro. Eubanks from Abilene Christian College preached Sunday in the Church of Christ.

Dr. J. E. Stover is ill in the Crowell hospital.

Mr. and Mrs. L. C. Guynn and Mrs. Hutcherson visited Mrs. Faulkner Sunday.

Oliver Thomas of Cisco is transacting business in Truscott this week.

Mr. and Mrs. Tom Austin and family moved to Clarendon last Thursday.

Mrs. George Pogue of Miami is visiting Mr. and Mrs. Chester Pogue and family.

Several from here attended the funeral of H. T. Cook at Gilliland Sunday.

Miss Martha Arp of Odell spent last week with Miss Frances Jones.

Mr. and Mrs. Charlie Reayan left Monday morning for Fort Worth where he will receive medical treatment.

Mr. and Mrs. Jess Boykin and Keith were in Vernon Monday.

Mr. and Mrs. Walter Sprague and daughters, Myrna Ruth and Shirley, moved to Chico Monday.

Mrs. Duard West visited in Crowell Monday morning.

Mr. and Mrs. Man Tackett and son, Cpl. Perry Tackett, visited Mr. and Mrs. J. B. Eubank Sunday.

Mrs. Bernard Bishop and daughter, Carmen Doe, of Quanah visited Mrs. B. L. Bates Sunday.

Set. J. B. Eubank of Brownwood spent the week-end with his parents, Mr. and Mrs. J. B. Eubank St.

Mrs. Kirk Dickey of New Mexico is visiting Mr. and Mrs. Edgar Jones.

Cpl. Curtis Casey of San Antonio is visiting friends and relatives in Truscott.

Pvt. Bryan Jones of Mineral Wells spent the week-end with his wife and parents, Mr. and Mrs. Jim Jones.

FOARD CITY (Mrs. Luther Marlow)

Mr. and Mrs. Glen Shook spent last week-end with Mr. and Mrs. Julian Wright of Vernon.

Mr. and Mrs. J. H. McDaniel of Cross Plains came Friday for a visit with Mr. and Mrs. Blake McDaniel and other relatives.

Mrs. Virgil Johnson, Mrs. Laura Johnson, Mrs. G. G. Mills, Mrs. J. L. Manning and Mrs. Luther Marlow attended the zone meeting of the Woman's Society of Christian Service at Thalia Friday.

Mr. and Mrs. Recie Womack and family of Crowell visited in the home of Mr. and Mrs. Blake McDaniel Sunday.

Mrs. J. L. Manning of Crowell spent from Wednesday until Saturday with Mr. and Mrs. Luther Marlow.

Mr. and Mrs. Blake McDaniel attended the funeral of Mrs. S. S. Turner at Truscott Thursday.

Mr. and Mrs. Luther Marlow visited in the home of Mr. and Mrs. R. E. Weathers of Crowell Sunday. Pvt. Roy Lee Weathers of Fort Sill, Okla., was home on a week-end leave.

Mr. and Mrs. John Johnson and family of Plainview visited his mother, Mrs. Laura Johnson and other relatives in this community recently.

Mr. and Mrs. Miller Rader, Mrs. J. C. Rader and Mr. and Mrs. C. G. McLain visited Mr. and Mrs. Garland Coltharp of Hamlin Sunday.

Mrs. J. L. Farrar visited in the home of her father, A. W. Patton, near Crowell Friday night.

Mrs. J. H. McDaniel, Mrs. R. B. Lilly, Mrs. Clyde Owens and Mrs. Roy Ferguson visited at Truscott Monday afternoon.

Red Cross Workers Land on Beachhead with Allied Units

London.—American Red Cross girls are serving invasion troops now at the American-held beachhead in Normandy.

The first three Red Cross girls landed in France six days after the initial invasion to serve as recreation workers in an Allied field hospital. Their names have not yet been announced.

The first Red Cross field director on the beachhead accompanied a combat unit on D-Day, and nine more followed during the six days after invasion. Others are being sent to France daily on a regular schedule which fits in with military developments.

As additional American forces land in Europe, it is expected that hundreds of Red Cross men and women will join the invasion forces, including Red Cross doughnut

- 1. Quebec. 2. October 15. 3. In Italy. 4. On Luzon. 5. Latvia. 6. Germany. 7. A collector of coins. 8. A collector of stamps. 9. A person guilty of plural marriage. 10. Delilah.

girls with clubmobiles.

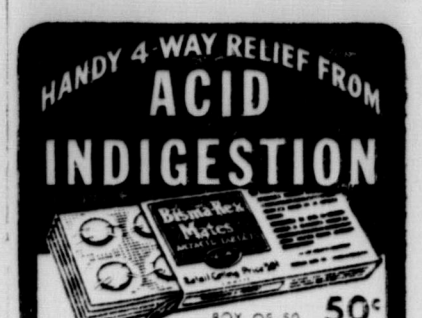

Meanwhile, Red Cross personnel are working around the clock at British docksides, serving coffee and sandwiches to reinforcement units embarking, and comforting the wounded as they return. At airfields, too, from which bombers operate in the air war on Europe, Red Cross aero clubs are staying open all hours to welcome crews back with refreshments.

Your Horoscope

October 9, 10, 11.—You are true and loving and no one doubts your genuineness. People who know you place complete confidence in your judgement. You know how to keep your own counsel and never give any reason for what you do or think. You are fond of good society, like to dress well and are a lover of nature.

October 12, 13, 14, 15.—You are inclined to take up things where others have left off and complete them or improve upon them. You are mechanically minded and somewhat inventive but

You can more efficiently correct the flaws of others. Your good judgment and integrity leads people to rely upon you. You are one that loves and needs to be loved. You are strong in your beliefs and usually get your own way.

Bisma-Rex Mates Antacid Tablets

(1) Neutralize excess stomach acid, (2) help remove gas, (3) soothe irritated stomach membranes and (4) relieve heartburn due to fermentation of foods in the stomach. Get this 4-way relief when acid indigestion strikes! Get Bisma-Rex Mates today. They are individually wrapped in cellophane—handy to take wherever you are.

A good deal is said about the "little steel formula." Wages are not to be increased unless they have been increased less than 15 per cent since January, 1941.

There is such a thing as being too busy. One should be employed up to the limit of his capabilities, but when the burden becomes such that it requires every hour and every minute of every day, it is being overdone.

As after the last war Nazi sympathizers will rise up in this country and contend that the tales of atrocity practiced by Hitler were propaganda. The boys and the newspaper correspondents on the ground know better.

What this country needs is more people who believe that the appeal to save tires and gasoline applies to them also, and not to their neighbors alone.

HISTORY

Hallowe'en — October thirty-first: Writers and historians for the most part agree that Hallowe'en and the customs and practices of the day had their beginning with the Mystic Rites and ceremonies of the Druids, a good many centuries before the Christian era; added to the customs and practices of the Druids are a number coming down from the Romans and their festival of Pomona, who presided over the harvests.

Government by pressure groups is not true Democracy. It is not true Democracy because the pressure group is not concerned with the interests of any but itself. In a true Democracy laws are designed for the good of the whole people.

October 15 is the deadline for mailing Christmas gifts to the men overseas.

"HE INDULGED IN SOME CARELESS TALK WHILE IN PORT!"

What We Think (By Frank Dixon)

In my opinion we will not have secured permanent peace when the present war ends with the victory of the Allies and the signing of the terms of surrender.

I do not believe that such a thing is remotely possible. In my opinion to even entertain such a thought is wishful thinking of the most wishful type.

Already Nazis are talking about the next war. Already they are saying that Germany has come out of every war stronger than she was when she went in.

This talk of lasting peace with Germany without imposition of military force is, in my opinion, merely the idle senseless chatter of wishful thinkers.

We have been told by sympathizers of the Nazis so often, that a considerable number of people believe it, that the terms of the Treaty of Versailles were harsh. The fact that Germany was able to rearm under them within twenty years to a point where it required the combined force of a peaceful world to defeat her, gives the lie to this statement.

I believe that both Germany and Japan must be limited to an army large enough to maintain peace within her own borders, she must be completely demilitarized and prohibited from making any weapons of war.

These are the minimum requirements. Not only this, we will have to police the country to see that these orders are not violated.

Diabetes Now Taking An Appalling Number of Lives in Texas

Austin.—Diabetes, a disease for which modern medicine can do so much, took a toll of several hundred lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

IN THE NEWS 30 YEARS AGO

News items below were taken in whole or in part from the issue of The News of October 16, 1914, with J. L. Martin, editor:

At the home of the bride's parents, Mr. and Mrs. J. W. Klepper, near Crowell, at 2:30 o'clock, P. M., Wednesday, Oct. 14, Mr. Allen Fish of the Vivian community, led to the hymeneal altar Miss Mattie Lee Klepper.

According to the best sources obtainable, the number of bales of cotton ginned in the county up to the present time, is 3,000.

A heavy rain and hail visited this part of Foard County last Thursday night, for a while almost flooding the county, the rain fell so fast.

Sam Crews and others have been trying to get the owner of the vacant lot south of Mr. Crews' residence to build some kind of a walk in front of said lot, but having completely failed, Mr. Crews and others have gone together and are arranging to build a good cinder walk.

The Knox Hotel in Knox City, one of the best hotels on the Orient, burned to the ground about 10 o'clock Tuesday night. The Knox was a large two-story brick and contained 25 rooms, all furnished.

The Busy Bees of Lone Star were entertained at the school house on the evening of the 10th inst. Several visitors were present, among them Miss Harriet Stephenson and Little Miss Dortha Florence Hinds of Crowell.

The greatest war of history is taking place in Europe. More than half the earth's population is directly concerned, and the other half is under the shadow cast by this world conflict.

S. Burk Burnett, the Texas cattle king, sold 1,000 head of steers from his Carson County ranch last week for \$60,000.00.

Miss Mildred Bulkeley of Los Angeles, Calif., is here visiting her parents near town.

Mrs. W. B. McCormick is in Galveston this week attending the state lodge of the O. E. S., as a delegate from the Crowell Chapter.

was not recognized as a major health problem but it became noticeable in direct ratio to the development of medical laboratory procedures.

Dr. Cox said that diabetes is generally recognized as a class disease. It seems to attack the white-collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise.

ROTARY CLUB

The program of the Crowell Rotary Club at its Wednesday meeting at the DeLuxe Cafe was in charge of D. F. Eaton, who gave a very interesting and instructive talk on the G. I. Bill of Rights.

AGRICULTURE

(D. F. Eaton, County Agent.)

Victory Food Production By Youth

Our enrollment of 4-H Club members is progressing satisfactorily but is not yet complete.

An intensive effort is being made to interest every boy in the county that comes within the age limits of 10 to 20 years.

May we suggest to you parents that we know of no better way to give your boy an opportunity to do something for himself and incidentally earn some money for himself and co-operate in a worthy move to produce food in the Victory food program so essential to the war effort.

We have had the fine support of parents, teachers and friends over the entire county, which we appreciate.

Many of the boys are feeding calves, some hogs, a few growing poultry and some dairy cattle. Some are growing farm crops, and we insist that all who feed livestock grow some feed.

Aside from the pride they have in owning and caring for some animal, there are other activities of educational, educational and recreational nature that help to develop them in a well balanced way.

There is nothing better to employ their very few spare moments while in school and is a good supplement to their education. They learn to put into practice some things they learn.

Rehabilitating The Ex-Service Man

A forward step was taken a few days ago when the rural ex-service men's committee met here in Crowell.

They made a careful study of the important provisions of the recently passed ex-service men and women's law, commonly called the G. I. Bill of Rights.

This committee authorized the providing of copies of the summary of this law to be furnished every family who have members in the armed service. They have copies for distribution, so don't wait for them to call on you, but ask some one of them, for a copy.

The members of the committee are: Roy Ayers, Mrs. T. W. Cooper, Mrs. Grady Halbert, Homer Zeigler, A. W. Barker, Luther Tamplin, Miss Elizabeth Elliott, Mrs. Earl Davis, and D. F. Eaton. Copies are available here in the county agent's office.

While it will be some time yet before we have many service men returning, yet it is very important that everyone become familiar with the provisions of the law as there is a possibility of the discharged individual missing some of the benefits provided for him by simply not taking proper steps to comply upon his return.

Range Improvement Studies

Last Saturday was Field Day at the Woodward, Okla., Range Experiment Station. This is an annual event and is largely attended each year, to observe the work carried on.

As an indication of interest this year there were more than 2,000 people present at this event coming from many states: Texas, Oklahoma and Kansas.

This entire group was fed at an outdoor barbecue on the Stations 4,315 acre ranch. Each had all they could eat of well-cooked beef, beans, bread, coffee, onions and pickles.

This station has taken the native grasses grown in that area and adapted them to their 1,080 acre main station. They have propagated them, tested their ability to produce forage, checked on their palatability and nutritive value, as well as their ability to stand drought.

They have planted old worn out soils to these grasses and now have well sodded pastures of a variety of nutritious grasses and at a very nominal cost.

They have grazed cattle on these grasses to determine which they prefer and to find their value in the production of beef. A very comprehensive regrassing program.

They have also cleared the pastures of a heavy growth of sage brush by mowing and determined the increase in forage growth, resulting from this practice.

These soils vary from fairly good red sandy loam soils to deep drift sand areas, all a rather poor quality of soil. The rainfall varies from 21 to 23 inches per year.

However, the soil is sufficiently strong to grow a good cover of grass much more profitable than any crop that might be grown.

There are some grasses grown on this station that would be suited to certain similar soils in this section, such as buffalo or mesquite grass, the grammas, of which there are two varieties, low grass and a few other varieties of the bunch grasses adapted to very sandy soils.

We were accompanied on this trip by M. S. Henry and it proved a very interesting trip to both of us.

Briefly the grass station, as it is popularly called, has the following objectives: To establish proper carrying capacities to sustain profitable beef production. To determine effective systems of grazing and brush control. To ascertain the values of different permanent grasses in beef production and palatability of the different varieties of grasses by chemical analysis.

By following this program carefully some soils in this county could be put to profitable grazing land.

DO YOU KNOW THAT.....

India.—"Daughter born. Both well," was the message the Red Cross field director delivered to the sailor from Texas. Later the field director saw the girl holding a tiny Indian baby. He grinned and explained, "I borrowed the baby to hold for a while just to see how it feels."

Australia.—During a Red Cross club party a soldier wandered to the desk and asked the girl in charge if he might sit and talk. She said yes but asked if he would not have more fun at the party. "Naw," came his reply, "too many women, I'm just back from New Guinea. I gotta get used to 'em slow."

London.—With an ocean and a continent separating him from his home town Elks club, which wrote asking if he would give blood to the Red Cross, a California sergeant took special delight in returning his questionnaire with one answer heavily underscored. It was his "Yes" to the query "Do you want us to send transportation?"

Australia.—Back from combat for a stay at the Red Cross rest home, a young army flyer was on his ninth milkshake at the snack bar when the girl attendant remarked on his capacity. "Miss," he said, "I've been dreaming of a milkshake stomach-ache for 19 months."

Red Cross leave area service clubs in the British Isles are equipped to serve 388,895 meals and snacks and to provide 33,971 bed accommodations daily to servicemen on leave.

A new waterproof package for Red Cross surgical dressings makes it possible to float on dressings to men on beaches or islands without landing facilities.

McKonkey's Ferry, near Trenton, N. J., the point where Washington and his army crossed the Delaware River in 1776, is now called Washington's Crossing.

Food, Home Notes

Freeze Sausage Without Salt

When pork sausage is to be preserved by quick freezing, omit the salt but add the other seasonings, advises the New York State Experiment Station. Studies at this station to determine why sausage becomes rancid more quickly than pork itself led to the conclusion that salt hastens oxidation in ground meat so leads to rancidity of the fat, but that spices like pepper, sage, mace and ginger seem to have the opposite effect of actually holding back rancidity.

The station also reports that ground pork should be frozen as soon as possible after slaughter. The longer the meat was held, the more quickly it oxidized and the fat turned rancid in frozen storage.

The station advises that ground beef also should be frozen without salt for best keeping.

Winter Storage For Summer Clothes

No matter how the war develops this winter, supplies of summer clothes fabrics, cottons particularly, are expected to be short of demand in stores next spring. Heed this advice and store the family wardrobe this fall so that clothes will be in good condition to wear next season, or to make over.

Wash or clean clothes before putting them away because spots and stains are likely to become set on long standing and then be difficult or impossible to remove. Also some stains, such as those from perspiration, damage fabrics. A wise precaution is to remove any pins, buckles or other metal attachments that might stain any clothes put away with the slightest trace of dampness in the fabric.

Cotton wash clothes should be washed and put away without starching.

Tests of stored cotton fabrics show that those with starch or other sizing tend to rot sooner than those without. Also silverfish and some other household insect pests attack starched fabric.

Wash clothes may be put away rough-dried and carefully folded, or may be given a quick press to make them fold more smoothly, hold their shape better, and take up less space in storage.

Garments may be packed in covered boxes, trunks or chests, or may be hung on hangers in a dust-proof clothes bag. Winter cold does not harm fabrics, but heat, light, dust and moisture may. Choose a clean, dry place.

Nuts in Bread and Cake

When chopped nuts are added to a recipe for bread, muffins or cake, they have a tendency to absorb moisture and make the product dry. To prevent this, place the nuts in boiling water for a few minutes, draining, and adding to the mixture in the usual way.

Cleaning Cotton Corduroy

The wartime shortage of commercial laundry and cleaning service has forced many a housewife to learn ways of cleaning clothes at home. Cotton corduroy, one of the popular fall fabrics now appearing in the stores in suits, coats and dresses as well as in children's outfits, very often can be laundered successfully at home.

Corduroy needs gentle washing in lukewarm water and mild soaps. Because the fabric is bulky,

it calls for plenty of suds. Squeeze suds through garment but do not twist or rub. Rinse in two or three changes of lukewarm water, always lifting the garment so the nap is not crushed. Instead of wringing, lift garment from tub, fold in bath towel to remove en hangers to dry in shape letting water run down the nap. Dry rapidly—out of doors in a stiff breeze if possible.

When the garment is almost dry, brush it following the nap to keep it smooth. Press on the wrong side with the nap, then brush again.

If a corduroy coat is lined, the only safe way to wash it is to remove the lining and padding and wash the corduroy separately. This might be worth the time for a coat that has been dry cleaned many times yet no longer looks entirely clean.

These directions can be used for cleaning cotton velveteens also.

Victory Garden Reminders

Some vegetables are more cold resistant than others. The average date of the first frost, around November 10, should serve as a guide in determining planting dates and various types of vegetables.

Vegetables which may be planted in the fall may be classed into three groups: frost tender, semi-hardy, and frost hardy.

Frost tender vegetables and the variety which is good are as follows:

English peas, Thomas Laxton. Radishes, Scarlet Globe. String beans, Stringless Green Pod. Lettuce, (leaf) Black Seeded Simpson. Lettuce, (head), New York No. 12. Mustard, Tendergreen.

Semi-hardy vegetables are: Carrots, Chentanay or Denver's Half Long. Cabbage, Charleston Wakefield. Turnips, Shogoin. Beets, Detroit Dark Red. Swiss Chard, Luenillus.

Frost hardy vegetables are as follows:

Collards, Louisiana Sweet. Onions, White Bermuda. Shallots, Shallots. Spinach, Long Standing Bloomdale.

Then here are some pointers on certain vegetables.

1. Spinach. A cool season crop and should be planted late or after cool weather begins. If planted too early, it will die from heat. Spinach seed generally germinate rather poorly. Soaking the seed in water over night just before planting will increase germination.

2. Beets. Soak seed over night and roll just before planting will increase germination. May be harvested over a period of several months for home use. Good vegetable for winter storage.

3. Carrots. Thin and harvest at the same time. Sowing with radishes helps carrots in coming through the soil. Good for winter storage.

4. Radishes. Single planting good for ten days to two weeks. Repeat plantings often.

5. Cabbage. A heavy feeder and should be fertilized heavy and often. They also require heavy watering for best results. Plant seed directly into the garden row or plant bed. If in the garden, thin out in 2 to 3 weeks. If in the plant bed, they should be ready for transplanting by late October.

6. Onions. For early fall onions, use sets. Small onions an inch or less in diameter from the spring garden or sets from the store may be used. These should only be used for green eating as they usually have a high percentage of "thick necks" and keep poorly in storage. Drop 3 to 4 inches apart in the row and cover 1 to 2 inches. Onion plants set out from November through March supply mature bulbs for spring and summer harvest. Stores well, when mature.

7. Mustard. For "quick greens" the Tendergreen variety is unsur-

Auto Loans.
LEO SPENCER
Phone 83-M Office North Side of Square

passed. Just plant the seed in soil made doubly rich with barn-lot fertilizer. In 30 days "greens, please."

8. Turnips. Don't sow them broadcast for the weeks to take the patch. Plant in rows and thin them by eating the young greens. If thinned to 3 to 4 inches between plants, uniform turnips will develop and remain good for quite a while after frost.

Use Cold Frames For Tender Vegetables For Winter

While planning the fall garden program, why not make a frame garden that will be used next spring for plant production as a cold frame. It can be successfully used to supply the table with fresh, crisp, nutritious beets, lettuce, radishes, spinach, etc., after the frosts have come. All of these plants thrive under cool, fairly moist conditions. The sides of the frame furnish a partial protection from cold winds. On very cold nights and days the plants may be protected by covering the frame with burlap, cotton sacks, wagon sheets, or similar materials, but a cheese cloth cover is sufficient for average days.

DO NOT FORGET
Overseas Gift Packages
must be mailed before the 15th.

If you haven't a loved one overseas you could, by sending a gift, bring Christmas cheer to some one who would otherwise receive none.

There are many lonely men fighting for their country who have no one to send them gifts.

Think it over.

Reeder's Drug Store

Crowell Garden Club Will Meet Friday Afternoon

The Crowell Garden Club will meet Friday, Oct. 15, (tomorrow), in the home of Mrs. N. J. Roberts, the president of the club.

The lesson will be on the subject, "Bulbs." Two articles will be presented: "Bulbs to Plant in the Fall," by Mrs. L. A. Andrews and "Holland's Bulb Growers Move to America," by Mrs. W. A. Cogdell.

A contest on "What's Growing Best in Crowell Today" will be the final number of the program.

All members are urged to be present so as to start the new year with a good attendance. Any former member, who wishes to renew her membership, is cordially invited to attend.

FT. WORTH STAR-TELEGRAM

\$8.95

For Renewal Subscriptions—No new subscriptions accepted at present time.

The Fort Worth Star-Telegram has announced its Fall Bargain Rate to take care of old subscribers for another year. Each subscriber must furnish label off his paper to be sent in with the renewal. The Star-Telegram also has announced that it may be in a position to accept a few new subscribers after Jan. 1, 1945, provided it is allowed enough paper to take care of new subscribers.

CLUBBING OFFER

The price of the Star-Telegram and The Foard County News for one year will be

\$9.95

As has been our custom for many years, we will be glad to receive your renewals for these two papers and will guarantee satisfactory handling of subscriptions. Please furnish label showing name of subscriber and date of expiration.

THE FOARD COUNTY NEWS

SANTA FE CARLOADINGS

The Santa Fe System carloadings for week ending September 30, 1944, were 25,527, compared with 23,687 for same week in 1943. Cars received from connections totaled 16,303 compared with 15,228 for same week in 1943. Total cars moved were 41,830 compared with 38,915 for same week in 1943. Santa Fe handled total of 40,913 cars in the preceding week of this year.

THEY NEED FOOD FATS

European refugees who fled before Hitler's war machine are awaiting liberation—and food. Millions of pounds of fats and oils are needed to meet their minimum needs. To help them we must conserve all fats here, using them first for food, then turning back to the meat dealer what is left, so used kitchen fats may serve the needs of war and industry. In no other way will our overall fats and oils supply stretch to meet the needs of our fighting men, our allies, and the home front.

WHAT BUSES MEAN TO CHS

Count 'em—there are twelve buses that help make our Crowell High what it is. These buses help to build a better and bigger school; and we all know that a larger school offers more opportunities and advantages.

Personal opinion of the students who have transferred show just how much the buses mean. One student thought it was "A great improvement for both schools." Another didn't mind the long ride because of the greater educational advantages found here. Still another "Wouldn't go back" while others had "much rather be in my own home town."

Supt. Graves stressed the point that he is pleased with the buses and that by having the buses we naturally have a better school.

It would be impossible to express our appreciation for the buses, and the students they carry—but to you we give thanks for helping make CHS the grand place that it is.

OUR GOAL

Last year the goal set for purchasing war bonds and stamps was \$500 million.

The schools of our nation have purchased and sold \$600 million.

The two-fold "military objective" for the coming school year, that is:

(1) By American Education Week, November 5-11, qualify to fly the School-at-War flag, indicating at least 90 per cent of your pupils are saving regularly.

(2) By December 7, 1944, complete at least one campaign to sponsor one or more ambulances, planes, or other equipment.

The Crowell High School's goal for the coming year is to buy a jeep.

HEY, KIDS, YOU'RE LETTIN' ME DOWN

Yep, chicks, this is your Uncle Sam speaking to you in a mighty disappointed mood. Did you know

that all of CHS bought only \$19.70 worth of War Stamps last week? Don't tell me you've forgotten our goal of "90 per cent or more!" Just tie a string around your finger and remember that every Wednesday is "my" day around CHS. Think twice before you spend that dime or quarter—that extra thought will bring me a lot more tanks, guns, and planes. Take it from me—you can't lose doing business with me the "War Stamp" way. So, come on, kids, make me proud of CHS by buying more and more and more War Stamps! What do ya say?

CROWELL LOSES TO SEYMOUR 25-0

The powerful Seymour football team ran over the Crowell Wildcats 25-0 in a hard-fought game Friday night. The Panthers scored in the first quarter after a Wildcat fumble had been covered on the nine-yard line.

The two teams played on even terms the rest of the first half, but the last half the Panthers scored at will, running two touchdowns each quarter.

Outstanding players for the Panthers were Simms on the offensive, and Smith on the defensive. Wharton and Tamplin did the outstanding defensive playing for the Wildcats.

Substitutes for the Wildcats were: "Prune" Bell, "Bulldog" Patton, "Smookey" Todd, "Judge" Gobin, "Bear" Macbeath.

If the Panthers win their district and the Wildcats their district, they will meet again for bidistrict. This, the Wildcats are looking forward to.

SENIOR PICNIC

The seniors and their sponsor, Mrs. Wilkinson, seemed to have a swell time at their picnic last Wednesday night. They went to the Country Club about 6:30 and played running games until someone yelled, "Let's Eat." Sandwiches, fruits, potato chips, and

WHAT LANGUAGE IS THAT?

Shoo-fly Clumb some
Gandidancer
How eye Snoble goble

Prof. Tsk is a philologist. Words are his meat: Chinese, Sanskrit or Aztec. He can even understand his freshman daughter and soldier son!

But the talk he's hearing now has him baffled.

You, too? ... Well, it's simply the everyday speech of the line crews who keep your home and community supplied with electricity—come what may.

A "shoo-fly," for example, is a temporary line built around a tree fall, washout or construction job.

These men don't coin curious words just for the fun of it. They use them, as a kind of oral shorthand—to speed their work and help bring you better electric service.

Lots of folks take the linemen's work for granted. But they are an essential part of the industry which—under experienced business management—has met every war demand for electricity—without shortage or rationing—at low prewar prices.

That's an accomplishment in any man's language.

*A "clumbosome" is an apprentice lineman. A "gandidancer" is a laborer. A "how eye" is a dead-end eye. "Snoble goble" is anything you can't remember by its name.

West Texas Utilities Company

cookies were plentiful, and that goes double for fun.

CHS PERSONALITIES

Look at that 200 plus lbs. of CHS Senior. Wouldn't be hard to guess whom we're talking about. It's Co-Capt. Glen "Tiny" Taylor. Blue eyes, blond hair, and we could go on forever. He's a swell sort of somebody—that likes football and dislikes nothing.

We have a Junior, J. L. Brock Jr., whose favorite sport is football and favorite subject is plane geometry. He has blue eyes, brown hair, and it looks as if you could guess the rest. He likes nothing and dislikes everything. This makes "Brock" a very outstanding fellow.

Guess who? He is classified as a Sophomore. His age is fourteen, and he has blue eyes and blond hair. He likes swimming and dislikes onions. After high school, he plans to go to A. & M. College and major in engineering. Give up? Well guess again. He is none other than Billy Roy Cooper.

Least and last, we have a Freshman whose favorite subject is general science and favorite sport is football. He dislikes studying and tests and likes moron jokes and also to act like one. Furthermore, this "Fish" has blue eyes and brown hair and can't possibly be any one but O. L. Jack.

MORE FUN

The Crowell kids don't let the weather stop them when it comes to picnics. Some of them got together Wednesday night and decided to have one. Anyone who wanted to come was welcome, and those who finally made it up to the tennis court were Kathleen Eddy, Larry Wood, Ed Thomas, DeAlva Thomas, J. L. Gobin, Hardy Sanders, Sharon Haney, Betty Seale, Horace Todd, and Larry Campbell. Oh yes, and Virginia Monkhouse, who thought it was a terrible shame that the Seniors had to have a picnic the same time.

"DAFFYNOTIONS"

Toast is bread burned on one side and scraped off in the kitchen sink.

Spring is when boys turn gallant and girls turn buoyant (boyant?).

Adult—One who has quit growing except in the middle.

Horse Sense—What keeps a horse from betting on people.

School—What not to bring dogs to.

Study Hall—What not to chew gum in.

Waste Basket—What you pile paper around.

Blotter—What you look for while the ink dries.

Hall—What not to run in.

Textbook—What not to draw pictures in.

Teacher—What you watch out for.

Pupil—What you'd better dodge from.

Library—Where V. Bond stands during the seventh period.

Eighth period study hall—What we'd all swap for.

Windows—What not to hang your head out of between classes.

Six weeks test—What not to cram for if you've studied all along.

Let—What a Sailor's nose does when he is at attention.

DIGGIN' THE DIRT

Hi ya, people. Err by the by, this happens to be six weeks exam sordid subjects any longer. On to the gay way.

Travis Veera and "Sister" Owens are gone again. Power to you—all both of you!

Larry Woods is going strong with Kathleen Eddy now. And yes, look who is in the back seat—Bobby Cooper, Carolita Jones, (something new) and Horace Todd and Betty Sesle, something not new.

We have heard that a certain few people had a swell time at Tommy Eaton's Saturday afternoon.

Well, well, do have a new romance in our midst. Speaking of Ada Jane Magee and Bobby Cooper, Virginia Monkhouse and John Carter were chaperoning them.

All aboard for Oklahoma A. & M. Guess you know the reason why?

Say now—how 'bout this? "Thos" and Virginia Mabe really get along. Or at least they did Friday and Saturday nights.

Seen Sunday night—"Dutch" Young and Janet Roark.

Did you happen to notice J. C. Thompson's English notebook? It had B. R. B. on the outside. Would some one please give us some information. Unless we're told different we might think of Bobby Ruth Brock!

One of our "woman haters" of long standing has finally broken loose—Watch out girls for Perry Todd.

Has everybody noticed Frances Ann Ayers' lovely locket? My, it's pretty. Thank you, Ira Jee!

After the Senior picnic everything went just O. K. Several reasons why are Doris Denton and Carlos McBeath, Valera May Owens and Travis Veera, Miss Florence Ruth Ribble and Mr. Howard Bell.

Genevieve Nelson and "Hambones"

Evans make an awful cute couple, don't you think?

Another couple that we'll pass our stamp of approval on is Mildred Powell and Ex-Senior "Babe" Sandlin.

Of course, we could say something about all the "regulars" of CHS. (Examples: Buddy and DeAlva, Johnny and Virginia) but we won't. Sweet?

Guess you've heard the Civics class rave about Judge Callaway's speech, wish we all could have heard it.

Say, don't forget about Locker 44.

Guess we can stop diggin' until next week, so until then, Bye, now.

JOKES

It was a hot summer day as the wizened Texas rancher rode across the dusty plains aboard an ancient passenger train. Windows were open, dust and smoke rolled into the coaches, and the rancher's tongue was blistering. For hours he suffered. Suddenly, he dashed into the adjoining car, shouting:

"Hey, has anybody got a drink? Quick. Has anybody got a drink? A woman just fainted."

Two men slipped bottles from their hip pockets. The rancher grabbed one, pulled the cork, drank a couple of long swigs. Smacking his lips, and breathless, he handed the bottle back with a grateful sigh.

Thanks, Mister. It sure makes me nervous to see a woman faint."

I'm afraid your son doesn't want to marry.

Don't worry. He will when the wrong girl comes along.

"Cotton" Thomas, arriving late to class: "You'd never guess where I've been."

Professor Purvis: "Oh, yes, I can, but go on with your story anyhow."

Judge: "You say you've known the defendant all your life. Tell the jury whether you think he would be guilty of stealing this money."

Witness: "How much was it?"

Billie Morrison: And what did the doctor operate on you for?
Virginia Mabe: \$50.
Billie: I mean what did you have?
Virginia: \$50.

Mrs. Sloan: Why you're so dumb, I'll bet you don't even know who built Noah's Ark.
Travis Veera: Well, no-er.
Mrs. Sloan: Who told you?

Grandson: Do glasses help you, Granddaddy?
Granddaddy: Yep, and two glasses make me see double.

Mrs. Wilkinson: What's your name boy?
Perry Todd: Junior.
Mrs. Wilkinson: Yes, I know. But what do they call you in school?
Perry: Dumb.

Morris Johnson: What is this I'm eating?
M. W.: Spring Chicken.
Morris: Oh, that explains the bouncing in my stomach.

Husband: How about a swell time tonight?
Wife: Fine, I have the door unlocked if you get home first.

Kenneth Ownbey: How do you tell young plants from weeds?
J. C. Aury: There's only one sure way. Pull 'em all out. If they come up again, they're weeds.

Peeler: What dat sergeant man mean when he say we's K. P.
Co-peeler: "Dat mean Keep Peelin', I spect."

Mother: What—a twenty page letter from that soldier friend—and what did he say?
Daughter: He says he loves me.

It takes a baby about two years to learn to talk and between sixty and seventy years to learn to keep his mouth shut.

Manard, B. M. I-C: This six inch gun shoots six shots without loading.
Mrs. Manard: Oooh, how thrilling! How many would it shoot if you loaded it?

Mother, to young son who had just changed a tire on the family car: "Oh, Junior, you've put the hub cap on up-side down."

"She told me you told her what I told you not to tell her."
"Why, the mean thing! I told her not to tell you that I told her."
"Well, I promised her that I wouldn't tell you that she told me, so don't tell her that I told you."

TOWN and FARM

REMEMINDERS

Meats, Fats—Red stamps AS through Z8 and AS through K5, good indefinitely. No new stamps until October 29.

Processed Foods—Blue stamps AS through Z8 and AS through R5, good indefinitely. No new stamps until November 1.

Sugar—Sugar stamps 30, 31, 32 and 33, each good for five pounds indefinitely. Sugar stamp 40, good for five pounds of cane sugar through February, next year.

Gasoline—In 17 East Coast States, A-11 coupons, good for three gallons each through November 8. In states outside the East Coast Area, A-13 coupons in new "A" book, good for four gallons each through December 21.

Fuel Oil—Period 4 and 5 coupons and new period 1 coupons, good throughout coming heating year.

Shoes—Airplane stamps 1 and 2, good indefinitely. New stamp good November 1.

Pleasant Food—Onions, Overseas Christmas Package Mailing,—October 15, last day.

stripping; clean and repair heating plant; install temperature control device; keep room temperatures as low as health and reasonable comfort will permit; open furnace regularly during heating season; keep windows closed as much as possible; and close off unused room space. To assist in fuel saving, 111 Weather Bureau Stations in 25 states east of the Mississippi River and in Minnesota are determining a date in each community after which continuous central heating should be necessary.

Outlook For Livestock Prices

With fewer hogs to be marketed this fall and winter and with large non-civilian pork purchases, the hog price outlook is more promising than a year ago, the Department of Agriculture says. Total calf slaughter this year will reach an all-time high. The large slaughter has resulted from high butterfat prices in relation to dairy cow prices, a weak demand for calves by cattle feeders, relatively high prices for veal calves for slaughter and record numbers of cows on farms. Prices for lambs are likely to average higher this fall and winter than a year ago, and ewe prices, now lowest since the fall of 1941, are expected to continue lower than a year ago.

Aid For War Victims

Since Poland was invaded in 1939, Americans have given more than \$175,000,000 to war victims of more than 20 countries, the President's War Relief Control Board reported in calling attention to the second National War Fund Drive to be conducted during October. Before the War Relief Control Board was established, 700 agencies were appealing to the public separately for support. Now only 110 agencies are authorized to engage in foreign and domestic war charity—including United Service Organizations, United Seamens Service, War Prisoners Aid, and local Community Chest services. The \$250,000,000 fund sought this year is expected to bring aid to 60 million persons.

Safety Rules For Paper Saving

When salvage paper is collected, to avoid fire hazard, the Department of Agriculture recommends that it be stacked neatly and tied in bundles. Paper boxes should be flattened, then tied in tight bundles. A metal trunk or bin with a tight cover is the safest place to store paper. Next best is to stack paper bundles on a cement floor away from furnace, stove or hot pipes. Soiled or oily paper is useless for salvage and is also a fire hazard and should be destroyed.

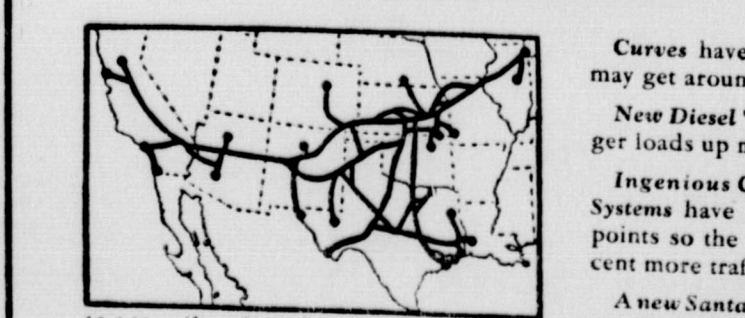

Tobacco Consumption Near Record

While domestic tobacco consumption has declined in recent months, this decline has been offset by shipments to armed forces abroad, so that overall consumption in 1944 is at or near the highest in the history of the industry, the Department of Agriculture reports. Between October 14 and 21, each of Canada's 11,500,000 consumers is expected to get his fifth new ration book. Sugar, butter and preserves are the only foodstuffs now rationed. Rationing of tea, coffee and meat has been suspended for sometime.

Not A Man In The Plant

The women have it all their

Along the "Route to Tokyo"

13,147 miles of track serving the Southwest

Santa Fe, as the map above shows, is an important tap on the "Route to Tokyo."

That's why, during the past several months, travelers have seen armies of "Men at Work" all along our lines.

Capacity of our yards has been increased.

Curves have been ironed out so trains may get around them faster.

New Diesel "head ends" are pulling bigger loads up mountain grades.

Ingenious Centralized Traffic Control Systems have been installed at important points so the same rails can carry 50 per cent more traffic.

A new Santa Fe bridge is now being built across the Colorado River.

We have enlarged our capacity to meet the increasing loads of war. There will be no slackening of our job until the war is completely won.

the candle to burn longer. To eradicate hot plate marks from your table, try rubbing paraffin vigorously into the marred areas, then polish with a soft cloth. It may take several such treatments to get the marks out—extreme cases will not yield. Put fruit cake into a hot oven or the fruit will sink to the bottom.

Two Minute Sermon

(By Thomas Hastwell)

God Desires Happiness for Man: When I was a small boy I wondered at some of the restrictions and the prohibitions put upon my actions and desires by my parents. It seemed to me that they did not understand what a good time I might have and how much I would enjoy doing many of the things that they told me I could not do. After I became older I saw why I was restrained from doing the things that I as a child wished to do. Not only that I understood why it was that my parents were not able to tell me so that I could understand it then, why it was better for me to refrain from doing some things and to persist in doing others. Many adults have the same attitude toward the things that God tells them to do as I had. They think if God understood them he would change the rules in their case. God does understand even better than my parents understood me. The things that he prescribes in Christ's teaching are for man's good, and the time will come to every man when he will see that Christ's rules for living are for his own good and his greatest happiness just as it comes to every man that the things his parents required of him were for his own good and his greatest happiness.

J. W. ENGLISH, Pastor.

Christian Science Services

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 15.

The Golden Text is: "God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ, who died for us, that, whether we wake or sleep, we should live together with him" (1 Thessalonians 5:9, 10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And this is the will of him that sent me, that every one which seeth the Son, and believeth on him, may have everlasting life: and I will raise him up at the last day" (John 6:40).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The scientific unity which exists between God and man must be wrought out in life-practice, and God's will must be universally done" (page 202).

THOUGHTS OF SERIOUS MOMENTS

It is good discretion not to make too much of any man at the first, because one cannot hold out in that proportion.—Bacon.

A good man is the best friend, and therefore soonest to be chosen, longer to be retained; and, indeed, never to be parted with.—Jersey Taylor.

We are more sociable, and get on better with people by the heart than the intellect.—Bruyere.

The original copy of the Declaration of Independence is now in a marble and bronze shrine in the Congressional Library in Washington, D. C.

in operation in the world are in the United States.

In 1900 there were 4,192 automobiles manufactured in the United States. No motor trucks were manufactured until 1904, when 700 were produced.

In 1900 there were 4,192 passenger automobiles manufactured in the United States. In 1940 there were 3,692,328 manufactured.

The greatest depth in the Atlantic ocean is north of Puerto Rico, 30,246 feet.

Towns of under 20,000 population do 40 per cent of the nation's entire retail trade and have over half of the outlets.

Maryland, one of the thirteen original states, was named after the mother of Charles II.

Base Metals Aid Allies

CANADA ranks first as an exporter of base metals. During the war the exports of non-ferrous metals and minerals and their products, excepting gold, rose in value from less than \$213,000,000 in 1939 to nearly \$395,000,000 in 1943.

The last two years have ranked as Canada's greatest in mining and metallurgy. This has resulted from the expansion of the aluminum industry to a peak more than six times greater than that of pre-war days; development of facilities for producing magnesium from dolomite; extension of operations at the large base metal mines; revival of old mines; expansion of existing mines, and exploitation of new properties, including marginal and sub-marginal deposits.

An average of about 65,000 non-ferrous mines, smelter and refinery workers, including those employed in gold production, were working in 1943, compared to an average of 58,043 in 1939.

Definite records of the annual value of metal and mineral production began in 1886. In that year the value of all mineral products was \$10,221,255 or \$2.23 per capita. In 1939 the total value of mineral production was \$474,602,030, or \$11.94 per capita. Despite the sharp drop in gold production, the 1943 total was an estimated \$524,426,550 or \$44.40 per capita.

Canada has been able to fulfill its obligations in metals and minerals to both the United Kingdom and the United States and to provide for its own essential needs. Because ocean losses dropped during 1943 and because of the success of efforts to provide new sources of production and increased production from known sources, the supply of certain strategic metals and minerals—aluminum, nickel, cobalt, mica, magnesium, graphite, chrome ore, mercury, copper, tungsten and molybdenum—is keeping up with essential demands.

A toll has been taken of known ore reserves, but prospecting is being encouraged and marginal and sub-economic properties have been tapped.

CANADA'S PLACE IN WORLD PRODUCTION

Achievements in the production of the light metals, magnesium and aluminum, have been outstanding. The output of aluminum in Canada is not new, but its rapid expansion has rivaled that of any industry anywhere in the world. Canada's production is now roughly equivalent to the total world output in 1937.

Until the summer of 1942 not one pound of commercial magnesium was available in Canada that had not been imported. In that year a \$2,000,000 government-owned project at Haley, Ontario, produced its first crown of magnesium, and at the end of 1943 Canada was producing more than 10 tons of magnesium a day. After supplying all its own needs it was able to export the major part of this tonnage to the allied nations.

Weekly Sermon

By the Rev. Warren Filkin, Ph. D., Member of Faculty, Moody Bible Institute, Chicago.

Steeple

Steeple are probably not very practical, but I like them. I imagine from the architectural point of view they were a waste of space and of money—but I like them. And I like to see crosses on the top of them, because every cross is a testimony of God's marvelous love to a wayward world.

There are many churches that have long since thrown overboard any adherence to the great redemption truths of the gospel, but out of these there are still some that have the cross in a prominent place on the building. Paul said, "The preaching of the cross is to them that perish foolishness." Even in some of these churches where the cross is scoffed at or forgotten, the cross is a testimony, a testimony to the world and a testimony against these people.

Paul said that he would know nothing except Jesus Christ and Him crucified. The cross was central in his preaching because he believed that the cross was central in the plan of God.

The cross declares that all men need to be saved, because all have sinned and come short of God's glory. The cross declares that God loves lost men; that God gave His only begotten Son to die for lost men, and that anybody in the world who commits his life to Him, having faith and trust in the Lord Jesus, shall not perish, but have everlasting life.

So the cross declares that adequate provision has been made for the salvation of men and that life, joy and peace for time and for eternity come through the cross of Jesus Christ. In 1825 Sir John Bowring, the governor of Hongkong, visited Macao, China, where he viewed the ruins of an old cathedral. He looked up at the cross that had withstood the eurocydons and typhoons for three hundred years and suddenly caught the meaning and message of the cross. He took out pencil and paper and wrote the hymn we love to sing:

In the cross of Christ I glory Towering o'er the wrecks of time All the light of sacred story Gathers round its head sublime. Bane and blessing, pain and pleasure, By the cross are sanctified; Peace is there that knows no measure, Joys that through all time abide.

Picnic Honors Family Members at Fish Home

Mr. and Mrs. Allen Fish were hosts at their home in the Vivian community Monday evening at a picnic supper and gathering for relatives and friends in honor of their children, all of whom are visiting their parents. Mr. and Mrs. John Allen Fish and little son, Allen Joe, of Dallas, Yeoman T-C Hughes Fish and wife and baby daughter, Elaine, of Washington, D. C., and Chief Petty Officer J. M. Denton, who is stationed in Bermuda, and wife and little daughter, Fay, are having a reunion at the Fish home.

and was supplemented by hot and cold drinks. Rev. R. T. Brown of Paducah gave the invocation. Following the serving of the supper, the guests repaired to the living room for a visit with the honor guests and with each other.

Former Thalia Girl Weds in Lubbock

Lt. and Mrs. George W. Chase, whose marriage took place Tuesday, Sept. 21, in the Post Chapel at Lubbock Army Air Field, have gone to Atlantic City, N. J., where Lt. Chase is awaiting re-assignment. The bride is the former Miss Jewel Ward of Lubbock, daughter of Mr. and Mrs. Tom Ward of Chillicothe.

Chaplain John W. Sloan read the double ring ceremony and the wedding music was played by WAC Sgt. Alice Ward, organist. The candles at the altar, which was decorated with white gladioli and greenery, were lighted by Misses Dahlia Trammel and Elizabeth Goffnett.

The bride wore a cardinal blue street length dress with black accessories. She carried a white satin-covered Bible. Her corsage was an orchid and tube roses. For something old, she wore a gold pin 125 years old, that belonged to the great-grandmother of the

groom and for something borrowed, she wore a lavalier belonging to her mother.

Mrs. Zelma Johnson, sister of the bride, was matron of honor and Capt. Forrest Orr was best man.

The bride has been employed in the office of the Liquor Control Board for two years. She is a graduate of the Thalia High School and attended business college in Wichita Falls. Lt. Chase, son of Mr. and Mrs. George S. Chase of Long Island, N. Y., recently returned from Italy where he completed 66 combat missions as pilot of a B-26 plane. He has the Presidential citation for accurate bombing over Rome and wears the Air Medal and two Oak Leaf clusters.

A wedding dinner was served at the Hilton Hotel for the couple and a few wedding guests, including the groom's mother.

Third Birthday Celebration

The third birthday of Judy Borchardt was celebrated by her mother, Mrs. Henry Borchardt, Saturday afternoon at 3 o'clock with a birthday party.

Many games were played, after which the pretty birthday cake was cut and served with punch to the following friends: Carol Bell, Betty Davis, Sue Bursey, Jana Black, Betsy Ferguson, Sandra Campbell, Barbara and Charlene Borchardt, Betty McEwen, Fannie Ann Womack, Patricia Wacker, Ann Walden, Edward White, Charley Bell, Gary Ferguson, Larry Ford, Ricky Tackett, Harry Denisch, Monte Churchill, Noel Wilkins and Karl Bell and Wayne Borchardt. Judy received many nice birthday gifts.

ADELPHIAN CLUB

Miss Frankie Kirkpatrick entertained the Adelpian Club in her home on Oct. 4.

The short business session was presided over by Mrs. Merl Kincaid, club president. Mrs. L. E. Archer was leader of the day's program on "France."

Mrs. W. A. Dunn sang "Roses of Picardy" and was accompanied by Mrs. W. A. Ricks. Mark Henry gave an interesting paper on DeGaulle as a leader of the underground force of France. She stated that the underground force plays an important part in the war.

Mrs. Ricks played the national anthem of France and the club sang "Good-bye Broadway, Hello, Espana." Mrs. Archer received "Fair Stood the Wind for France" by H. E. Bates. The author has served with the RAF for three years and this is his story. John Franklin, an RAF pilot and four of his crew sergeants are forced to land their Wellington bomber in a rural street of France in occupied territory. A peasant family, innocent of any visible or admitted connection with the underground, harbors them and arranges their escape to Spain. The months Franklin stays in hiding while the family provides him with badly needed medical attention are dangerous for all concerned. The love-making and laughter continues even while these naturally friendly people plot with their neighbors to resist the oppressors.

The escape to Spain through occupied France, affords a shameful contrast. German troops move into unoccupied territory and German conquest here as everywhere will recreate the will of the French people to resist.

Miss Kirkpatrick, assisted by Miss Rindyne Self, served a delicious salad plate to 21 members. Mrs. Richard Ferguson was welcomed as a new member.

The club will meet on Oct. 18 with Mrs. A. V. Beverly as hostess.

COLUMBIAN CLUB

At a regular meeting of the Columbian Club at the home of Mrs. Hines Clark on Wednesday, October 4, Mrs. C. R. Ferguson was leader of a lesson on "Russia." Mrs. Ferguson was assisted by Mrs. H. A. Smith, who graphically described Russian towns and cities, their importance and influence on the people, their life and their literature. Historical data and the Russian government was ably discussed by Mrs. Pearl Carter. Mrs. Ferguson gave interesting items of the Russian army and its leader, Joseph Stalin.

Mrs. Clark gave a resume of an article estimating the time and expense and labor of rebuilding Russia after the war is over.

The club's study of countries engaged in the world war is proving very interesting and lends much interest to the progress of the war and the peace it is hoped will be in the near future.

Roll call brought out many interesting features on current news in many fields of activity. At a short business session plans were completed for the annual so-

cial meeting, Husband's Evening and Guests, which will be held on Thursday, Oct. 19, at 7 p. m., at the home of Dr. and Mrs. R. L. Kincaid.

The hostess served a salad course to sixteen members.

BUSINESSWOMEN'S WEEK

The week of October 8-14, has been chosen by the National Federation of Business and Professional Women's Clubs as National Business Women's Week. The Texas Federation, which is a part of the National organization, will celebrate the same week.

This offers an appropriate occasion to commend business women throughout Texas for the manner in which they are daily assuming the increased duties and responsibilities caused by the lack of manpower on our home front. They are going about their added tasks, in business and at home, cheerfully and efficiently, and are making valuable contribution to our country's efforts for victory.

The theme, "Are We Part-Time Citizens?" has been chosen for study and discussion during the week set aside. Business women should be encouraged to continue in their efforts that through the united service of men and women the problems of Democracy may be solved.

Miss Margaret Hickey, president of the National Federation, will take part on a special broadcast from 9:15 to 9:30 EWT (A. M.), Sunday, October 15, following National Business Women's Week, over Station WFAA (National Broadcasting Company).

The Crowell Business and Professional Women's Club will celebrate the silver anniversary of the Federation with a dinner on Thursday evening, October 12, at 7:30 o'clock. The highlights of the National Federation will be given and the progress of the local club will be reviewed also. Miss Blanche Hays, president of the Crowell club, will be toastmistress for this occasion.

Thanks Expressed by Field Director of Red Cross

Mrs. L. A. Andrews, chairman for Foard County of the Camp and Hospital Council of Sheppard Field, Wichita Falls, is in receipt of the following letter of thanks and appreciation for the donations from Foard County to the hospital during the month of September:

"We are grateful to the citizens of Foard County for the magazines, party prizes, cards, puzzles, comic books, phonograph records and the delicious cookies they sent to the patients of this hospital during the month of September. The magazines and books have been placed in the library and, of course, are always in demand because reading is one of the favorite diversions of our patients. The phonographs go from morning until night so you can imagine how glad the boys are to have new and different records. Our recreation workers, with the assistance of the Gray Ladies, gave a number of ward parties for the men confined to their beds and the boys enjoyed the attractive prizes and the delicious cookies your citizens provided.

"We assure you that anything the citizens of your community may do for the comfort and pleasure of the patients is greatly appreciated by both the Red Cross staff and the men hospitalized at this post."

Signed, Roger W. Runft, Field Director.

The two most famous capes of our Atlantic coast are Cape Charles and Cape Henry, located at the entrance to Chesapeake Bay, Va.

Firing in Germany

A battery of American 155 mm. self-propelled guns mounted on a Sherman tank chassis fire into the village of Biltheim, Germany, which is six kilometers southwest of Aachen on the Liege-Aachen road.

Banker Railroader

Realizing a life's ambition to be a railroad man, Russell L. Hoak of Elkhart, Ind., banker, arrives at the Englewood station, ending his first run from Elkhart as a brakeman on the New York Central. He is serving only part time.

'B' Football Team of High School Loses to Vernon

The Crowell High School Football "B" team journeyed to Vernon last Thursday afternoon and played a similar team of the Vernon High School. The Vernon boys won the game by a 6 to 0 score. The game was just as close as the score indicated. In fact, the Wildkittens made one touchdown that did not count due to an infraction of a rule. The Vernon boys scored the lone touchdown early in the fourth quarter on a line play after a forward pass and lateral had given the Lion Cubs a thirty yard gain that placed the ball on Crowell's five-yard line. A forward pass from Carlos McBeath to J. V. Cunningham resulted in a touchdown for Crowell which was

JAP-HELD PRISONERS LACK FATS IN FOOD

Japanese-held prisoners of war plainly show that their diet has been deficient in fats and proteins, according to Brig. Gen. Lewis C. Beebe who was taken captive along with Lt. Gen. Jonathan Wainwright after the fall of Bataan.

Camp diet consists mainly of rice and a little meat or fish reports the Red Cross whose representatives interviewed American prisoners in Formosa.

Gen. Beebe's statement emphasizes War Food Administration's report that fats and oils are scarce all over the world, even in Japan, whose predatory conquest has dislocated the fats and oils supply of the rest of the world. This shortage will continue until the islands of the Pacific again become oil producers.

To relieve distress of MONTHLY Female Weakness (Also Fine Spasmodic Tonic)

Lydia E. Pinkham's Compound is known to relieve periodic pain and accompanying nervous, weak, tired-out feelings—all due to functional monthly disturbances. Made especially for women—it helps restore health. Follow label directions.

Ideal for individual chicken pie. Wonderful too for serving apple sauce, cereal, custards, soup. Especially swell for the kids. Get six. Two sizes. 8 oz. (one cup) each only **10c**

BEVERLY HARDWARE and FURNITURE CO.

Announcement

We want to announce to our customers and the people of this community that we have sold our tailor shop to Lloyd F. Curley of Vernon, who took charge of the business Tuesday of this week. Payment for all clothes and all accounts are included in the sale and belong to Mr. Curley.

We deeply appreciate the patronage you have given us during the years we have operated this business in Crowell and hope that you will continue to give the same loyal support to the new owner.

Again thanking you, and with every good wish, we are,

Sincerely yours,

MR. and MRS. CLAUDE BROOKS
