## CROWELL HIGH WINS FROM PADUCAH 3 TO 5

### High Schoolers in Hard Fought Game Exact Sweet Vengeance from Paducah

The Crowell High school baseball team continued its brilliant season last Friday by defeating Paducah to the tune of 3 to 5, thus taking two of three games played with that high school.

In spite of the fact that Paducah made error after error the home team was held down safely for 5 innings. In the 6th Crowell made 3 scores running the score 4 to 1. In the seventh Paducah came up with four runs in their time at bat while Crowell scored twice more. Again Crowell scored twice in the eighth and the game ended eight to five, favoring Crowell.

Beverly of Crowell knocked a long one bagger and a single out of four times up. Crews, Beverly and Awbrey stole two bases each. Cates was out at the first of the game, on account of illness. He revived about the 5th and went into the game, but never went to bat.

Biddy of Paducah hit a double and a single after striking out at his first time up.

Ashford caught a good game for Crowell and helped quite a bit by slugging another two bagger.

Owen Cook was given a try out in a new position and demonstrated his ability as a utility man. He covered first like a veteran and allowed nothing to go by, taking many balls that were really out of his territory. Cook has had a try at almost every position on the team except pitcher and he has made good at them all. He was a handy man for Coach Tate to have around as he proved Friday.

Jones pitched an excellent game, leading the entire nine innings without any apparent effort, and demonstrating wonderful ability as a mound artist. The Paducah sluggers were unable to solve his crooked ones and got seven scattered hits during the game.

The box score:

## NEWS ADDS NEW EQUIPMENT

The aim of giving its advertiser the best service to be had in newspaper work the News has purchased a stereotyping machine with a new mat service at a cost of several hundred dollars. This is the best Brown service of Chicago to believe it is the most up-to-date service to be found in the city today. It is the News' plan to carry the ads it carries so that they can not escape the reader. When this is in effect we expect to reach every advertiser in Foard County at least once a month, the object being to increase circulation and effective advertising.

## Daughter of W. A. Wheeler Dies at Vernon

"Uncle" Bill Wheeler and son, W. B., and family were called to Vernon last week on account of the serious illness and death of Mr. Wheeler's daughter, Mrs. F. M. Rowland. The following account of her death is taken from the Vernon Record:

Mrs. F. M. Rowland, 50, died at the family home on Deaf Smith street on Wednesday afternoon following a very short illness and was buried from the home yesterday afternoon at 3 o'clock. Interment was made in East View with Rev. Dr. Robert E. Dickenson officiating.

Mrs. Rowland is survived by her husband and four children. She was the daughter of "Uncle" Bill Wheeler of Crowell who is one of the pioneer residents of Wilbarger County and who was present at the time of her death. She had lived in this county practically all of her life and has scores of friends throughout the county.

## State Aid Inspector Conn Visits Schools

Mr. Conn, of the Department of Education, inspected the schools of the county that had made application for State aid this week. He arrived on Thursday and after inspection allowed the following schools the amounts listed below:

Gamble School	\$295.00
Black School	185.00
Jameson	260.00
Rayland	335.00
Foard City	265.00
Clayton	255.00
Beaver	205.00

These amounts are granted conditionally and it is the duty of the trustees of each school to see immediately that the conditions are met.

## Marshal Finds Still Near the City Limits

The city marshal and W. C. Parks brought in a still Saturday night which they report to have been captured southeast of town within a few hundred yards of the city limits. The still was made of a 5-gallon oil can and was in operation. The coil ran through a tub of water and was emptying the finished product into a fruit jar. There was a large barrel containing about 20 gallons of mash. The still was brought to town and placed in the city hall. Nobody was captured.

Mr. Lovelady says he was looking for some whiskey which is reported to have been brought in Friday and is thought to have been buried somewhere close to town, and the discovery of the still was accidental.

## BAPTISTS TO BEGIN REVIVAL SUNDAY

Beginning next Sunday Bro. E. F. Adams of Galveston and Bro. V. M. O'Hair of Seminary Hill, will be with us to lead us in an evangelistic campaign. We want to extend a cordial welcome and invitation to all pastors together with their membership in Crowell and surrounding community to join with us in talking up, praying down and working out, a revival of religion, which we are sure our Lord is anxious to give us. Pray that we may all be revived, that we may be able and willing to go out and seek to lead the lost of our community to the "Lamb of God that taketh away the sins of the world."

We are exceedingly anxious that all singers and those who can play instruments will come and help in the music. Bro. O'Hair, who will have charge of the music will appreciate this as will we.

Come, let's put our songs, prayers and endeavors together for a real uplift of our Master's cause: To-wit, the renewing of our own spiritual life, and the salvation of the lost. There are a great number of unsaved in and around Crowell, among them are fathers, mothers, sisters and brothers, as well as friends, husbands and wives. Our united prayer should be that these would be saved. Come, be a helper or be helped.

Remember, the meeting begins Sunday, April 8th. Let each member of our church be at his or her post the very first service.

J. E. BILLINGTON, Pastor.

## PROPER USE OF DIVINE GIFTS IS SERMON THEME

### Men's Possibilities Are Shown Under God's Direction; He Can't Fail

The pastor of the Methodist church took the instance of Moses coming in contact with the burning bush where God talked with him, and drew from this incident one great lesson Sunday night, and that was that man should make the proper use of what the Creator has given him, and that its proper use means blessings to the world and consequent happiness to the individual.

The text of the discourse was "What is that in thine hand?" These were God's words in addressing Moses when he had approached the burning bush and God had told him that he wanted him to deliver out of Egyptian bondage his people and Moses was making excuses and trying to get out of doing that work. Moses carried a shepherd's staff, and it was that to which God had reference when he asked him what was in his hand. He commanded him to cast the staff upon the ground and it became a serpent. He commanded him to reach forth and take it and it became a staff again. The thought was that of human gifts, whatever they may be, if they bear the divine touch are a blessing to the world. If they do not bear that touch and are thrown upon the ground they become a dangerous serpent and will be a menace to the highest interests of a community.

This was applied to the pen, which becomes a mighty factor for good if directed by a divine hand. It becomes a power for evil if thrown upon the ground. The ballot was discussed in a similar manner. The child was introduced as a divine gift which has wonderful possibilities provided the parents realize their responsibility and properly direct its life. The strong and robust young life was mentioned as a trust and each person who is blessed with such life of his own is under obligation to use that life in accord with the divine will and not to throw it upon the ground.

## Mr. Witherspoon in Real Estate Business

Col. J. G. Witherspoon has become a member of the McCaskill Land Company and is now actively engaged in that business. Messrs. McCaskill and Witherspoon compose the individual members of the firm and Mr. McCaskill will operate on the outside while Mr. Witherspoon will have the management of the office.

## MUCH INEQUALITY IS SHOWN IN THE TAX DISTRIBUTION

### West Texas Pays Pension Yearly Which Goes to Eastern Counties

Facts are facts and you can make nothing else out of them. The statements we are here making are based on a report by Commissioner John G. Wallacy for 1922, as published a week ago in the Vernon Record, and we think these facts should be known by every West Texas tax payer. East Texas counties and many North and Central Texas counties are receiving annually a pension from the State, while practically all West Texas counties are having to foot the bill. It was this inequality which the Satterwhite bill which was introduced in the Legislature aimed to correct, but owing to the fact that the pension counties could outvote the West the bill fell down.

The following table, as published by the Record last week, furnishes interesting reading. These paid in excess of the amount of money received during the year:

Bexar (San Antonio)	\$1,109,953.81
Dallas (Dallas)	1,588,133.72
McLennan (Waco)	298,315.59
Tarrant (Fort Worth)	829,353.34
Harris (Houston)	1,119,242.06
Among the West Texas counties that paid excess taxes during the same period are:	
Armstrong	\$50,498.80
Archer	79,248.70
Bailey	50,098.21
Baylor	68,329.41
Brewster	134,167.71
Cottle	39,553.11
Floyd	40,216.40
Foard	21,661.31
Hale	41,932.79
Hardeman	41,922.46
Lubbock	101,114.60
Potter	190,385.09
Randall	60,278.34
Wichita	560,193.38
Wilbarger	53,975.24

Among the East and North Texas Counties that received more than they paid in during the same period are:

Anderson	\$176,046.67
Angelina	74,450.21
Bastrop	73,692.93
Bell	107,433.50
Bowie	187,177.38
Collin	78,021.86
Denton	76,666.37
Fannin	193,841.52
Grayson	89,557.95
Hopkins	303,932.23
Hunt	183,210.69
Kaufman	84,688.07
Lamar	129,256.99
Milam	167,380.13

## Rayland School Is Doing Good Work

At a recent visit to the Rayland school it was found that there is a real community school spirit at that place. Rayland has more than its share of enthusiasm and it is doubted if any rural school in this section of the country surpasses it. The people of that district are very fortunate to have Mr. Fugate for superintendent and such splendid young women as they have for teachers.

The trustees, Mr. Coffman, Rennels and Farrar, and a number of patrons were present. The interest that the trustees and patrons are taking in the school has a great weight in the making of it what it is. Mr. Rennels, the county agent, addressed the school on the subject of community club work, after Mr. Fugate demonstrated some of his school work by asking for volunteers to do the Victor health exercise. These exercises are a wonderful help to school spirit and a stimulant to activity. They are so arranged that every muscle and portion of the physique is given its due share of the exercise.

This good condition is in spite of the fact that they have been laboring under adverse conditions for the past several years, due to the fact that they have had no suitable building or equipment. But although this is the fact the school has turned out some worthy graduates.

Arthur Davis, a son of Claude Davis of that community, is now principal of the Olney school, as a climax to his useful service in this county. Mr. Davis also has a son and daughter in college at Denton. J. R. Coffman has three sons and four daughters among the graduates. Two of the daughters are teaching in the public schools of Canyon, two are attending the Normal College at Canyon and each of three sons is holding a responsible position as accountant. Mr. Frank Matthews also has three sons among the number. Carl, who served as superintendent at Rayland last year, and another son, are attending the Normal College at Denton this year. Cecil, the other son, is a teacher of the Plainview school. The two daughters of Mr. Cribbs are in the Denton Normal this year. Mr. Rennels and Mr. Young each have a son in college this year. There are a number of others and few schools of this size can say that they have as large a percentage of their graduates in institutions of higher education.

There is a movement beginning to take shape to provide the district with a new brick building with the best of equipment. In view of the fact that the assessment of the district is something over \$300,000.00 such a movement should be completed easily and without effort. The people of Rayland are to be congratulated on their record and their future prospects.

JESSE OWENS,  
Ex-Officio Supt.

## WILL LECTURE ON COMMUNITY SERVICE

Last Friday morning a car load of people from Paducah dropped into Crowell. These were Editor Carlock, Rev. Riddle, County Judge Doolin, Mr. Wilkin, secretary of the Chamber of Commerce, and Capt. C. S. Nusbaum. The latter is a lecturer of note and is putting on community service programs in various portions of this country.

The testimony given by the Paducah visitors as to the character and benefits of Capt. Nusbaum's lectures was very strong and the chamber of commerce here invited him to come to Crowell and put on his program at the earliest moment possible. The date for his coming was fixed at April 24. The program will run throughout the week and will include visits to the rural schools. When it is known just at what time Capt. Nusbaum can visit these schools it will be made known to them so that they can have as large crowd as possible to attend. The county judge and county agent will have this matter in hand and will give notice.

The lectures have for their object the promotion of community interest, the turning of attention back to the rural districts and the unifying of the efforts of the town and the rural communities for the general good.

Those who have heard these lectures are loud in their praise for them.

## ATTENDS POSTAL CONFERENCE IN DALLAS SATURDAY

### Postoffice Employees Are Addressed by Washington Postal Officials

Postmaster Leo Spencer and carriers W. A. Cogdell and J. E. Atcherson of Crowell and Guss Neil and Chas. Wood of Thalia attended the postal conference in Dallas Friday and Saturday. They report a very fine meeting and one which they think will be profitable to the postal service.

Governor Neff delivered the address welcoming the Washington officials, interspersing his remarks with humor characteristic of Mr. Neff, one of which was that Texas was big enough to contain a large number of the Eastern States and have enough land left to give every Republican postmaster in the country 100 acres of land apiece.

Addresses were delivered by W. Irving Glover, Third Assistant Postmaster General, and by Chas. C. Mathews, superintendent of the division of money orders. The talks made by these men were very instructive, especially that of Mr. Glover. The postal service is like any other service it must be looked after, and as the country grows and business expands the demands on the postal service increases. It was relative to this matter that Mr. Glover spoke most particularly. Congress he said had failed to take into consideration the needs of the postal service and had failed to make the appropriation necessary for increased efficiency to satisfy the demands of the public. This is something in which every individual is interested. Postoffices like this one at Crowell do not suffer so much as those in the larger places, but the time will come when demands of the employees will grow to a point assistance will be needed, but which is not now provided.

On this point the following is one of the paragraphs taken from the talk given by Mr. Glover:

"We have what is given us to conduct the department and are prohibited from making any deficiency. We are willing to spend the money to improve and relieve the service if we can get it. We go to Congress and plead for more money for our needs. But they know more about running the Postoffice Department than you or I or the Postmaster General."

He paused for a moment and smiles flickered over the faces of those in the audience.

"If Congress can be made to see that something besides devastated Europe needs to be taken care of, that we need more money to give the service the public demands, then maybe the relief will come," he said, and the sentiment was given a thundering round of applause.

Mr. Glover declared that Postmaster General New "stands behind every man here," and this brought renewed applause. "We must give service," he ended.

## Ex-Governor Campbell Dead

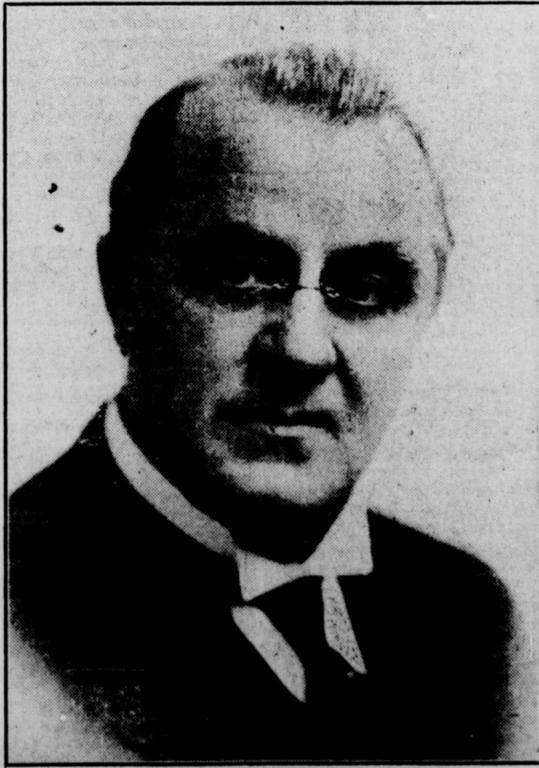

Ex-Governor Campbell died at a hospital in Galveston Sunday night at 8:30 o'clock, after an illness of nearly a year.

Governor Campbell was a native Texan and was elected to the office of Governor in 1906 and 1908, serving two terms. He rose from obscurity to the highest honor in the gift of his state and had as his opponents in the first race some of the strongest lawyers in Texas. One thing to be said of Governor Campbell is that he conducted a clean campaign each time when he ran for Governor. He made Texas a good Governor and he will be enrolled in the years to come among the state's most honored and highly esteemed men.

- For Alderman—E. Swaim 229, J. C. Self 211, A. R. Sanders 172, Duke Wallace 126.

CAPT. C. S. NUSBAUM

## One Bath a Year--Is It Enough?

A bath every twelve months. Unthinkable you say.

Yet, recent figures issued by the Bureau of the Census tell us that on the average the clothes we wear are actually cleaned less frequently than this.

That suit of yours, if you could sift it, tumble it, clean, rinse and dry it as we do when you send it to us, would yield a full half pound of dust, dirt and grime.

You owe it to yourself to protect your health from this menace.

Send us your clothes. In addition to cleaning them for you we will also conserve and sterilize them and return them to you in a clean and sanitary condition which will well repay you for the small amount it will cost.

Telephone today and we will call immediately.

### FOARD CITY ITEMS

(By Special Correspondent)

Mr. and Mrs. Ferrin visited Foard City high school Thursday. They both spoke and Mr. Ferrin gave three readings which were highly appreciated. We enjoy such visits, but only wish they were more frequent.

Mrs. B. C. Miles was in Crowell last Thursday.

Wilmer Crosnoe is recovering from his serious illness which was caused by a kick from a horse.

E. V. Halbert went to Crowell on business last Thursday.

We are sorry to report that Bro. Newsom has the flu and could not be with us last Sunday.

Miss Beona Smith went to Crowell last Saturday on a shopping expedition.

Mrs. Geo. Canup who was on the sick list is recovering.

Mrs. Ed Thompson went to Crowell last Tuesday shopping.

Luke Graham went to Crowell Saturday on business.

Grady McLain is on the sick list.

Miss Hattie Rader gave an Easter egg hunt for her small pupils last Friday. The winner found eighteen eggs and was presented with a little yellow chick.

Mrs. Geo. Adams' two brothers of Altus, Okla., visited her last week.

Miss Nona Owens was sick the latter part of last week.

Mrs. R. E. Dodd and Miss Temperance Dodd went to Crowell Saturday.

The Rev. Mathis of Oklahoma held Easter services both morning and night at Baker Flat last Sunday.

There was preaching at Foard City Saturday night, Sunday morning and Sunday night. Bro. Holder was sent as a substitute for Bro. Newsom. Dinner was served in the school house on account of the weather and there was a real singing in the afternoon.

Mr. and Mrs. Ben Barton are the proud parents of a fine 13-pound baby girl which arrived last Friday night.

And still, dollar gasoline might not be so bad after all. It might make us all feel like millionaires.

The gasoline tax bill imposing 1 cent a gallon on gasoline, to be collected off the wholesalers, is expected to produce a revenue of \$2,500,000 per year. Three-fourths of it is to go to the State Highway fund and one-fourth to the available school fund.

**AYERSVILLE NEWS**  
(By Special Correspondent)

Mrs. Boyd of Crowell is visiting her sister, Mrs. Minyard. Sam Ivie and Miss May King of Crowell were in this community Sunday.

Mrs. Sarah Johnson has been on the sick list of late. Mr. and Mrs. McGinnis and S. A. Davis visited in Vernon Saturday and Sunday.

Mr. and Mrs. Ferrin are visiting in this community this week. They spent last week with Mr. and Mrs. C. D. Stephenson and other friends around Crowell.

Bax Middlebrook bought several head of cattle around here last week. There was an Easter egg hunt and a base ball game at the school house Friday afternoon. The Thalia team came up and played the Ayersville team.

Luther and Oscar Marlow and two girls, (we failed to learn their names) Mr. and Mrs. Bob Weathers and Mr. and Mrs. Moore, all of Dixie spent Sunday with Bill Marlow and family.

Sam Shultz and wife of Tipton, Okla., were in this community last Friday and took dinner with the latter's sister, Mrs. T. D. Edwards.

Ernest Flowers, wife and two babies of Crowell spent Sunday with Alphas McGinnis and wife.

John Davis, wife and Ralph and Miss Jewel Davis spent Monday with W. L. H. Johnson near Talmage.

As a fun provoking entertainment the circus and menagerie at Gambleville Saturday night was a flattering success. The house was crowded to the limit and both old and young enjoyed the pleasing antics of the well trained animals. The neat sum of \$35.00 received in the collection was very satisfactory to those who had given their time and work to make it a success.

**Things to Think About**

A few years ago American heiresses were crazy to marry foreigners with titles. Princes and dukes were prime favorites, but any old bird with a "handle" was acceptable. A title was a title, regardless of the personality of the man who owned it.

The case of the Duke of Marlborough is an example. The duke married Consuela Vanderbilt, and was shrewd enough to have \$125,000 of the Vanderbilt money settled upon him.

The duke was so rotten Consuela had to divorce him, but she couldn't divorce the \$125,000 a year. That sticks to the duke for life.

Today American heiresses are not so keen after titles—not because our crop of heiresses are acquiring more sense, but simply for the reason that

titles of nobility are becoming discredited articles and are no longer prized by women who have the money with which to purchase them.

But it is interesting to know that millions of dollars in good American gold are crossing the Atlantic every year to satisfy the vanity of women who have places where brains ought to have been.

Over in densely populated China a family pays a physician by the year for preventing sickness, instead of curing it after it occurs.

Good sense, that.

Now comes a St. Louis physician who predicts that the time is near when we will be doing the same in this country.

And why not?

We pay sheriffs and constables and police officers and watchmen for protecting our property from theft by the lawless element, and it works to the good of society in general.

Wouldn't it be the cheapest kind of insurance for us to pay the family doctor by the year for protecting our bodies from the ravages of disease, keeping us in fit condition, and saving us the time and expense of long sick spells?

We seem to be insuring about everything we own in this country except our personal health, and that we are systematically destroying through over-indulgence and neglect as rapidly as possible.

The welfare of our country and of our persons demands an early change.

shy on pep? Are your heart beats becoming slow and weak?

In New York an electrician was knocked out by a sudden shock. His associates found that there was no pulse and his heart had ceased to beat. Presumably he was dead.

But instead of rushing off for doctors they seized clubs and beat the victim unmercifully on the soles of his feet. The beating restored the circulation and the "dead" man was soon back at work again, thankful for the beating he had received.

**Pastor Drives Out Robed-Hooded Men**

Pittsburgh, Pa., April 1.—Six members of a band of sixteen white-hooded Ku Klux Klansmen were shorn of their masks in a scrimmage after they had been ordered from Bellevue Methodist Episcopal Church by the pastor, the Rev. Dr. R. B. Urmey, this morning.

The Easter Sunday services had just begun when the sixteen white-robed figures entered and walked down an aisle toward the pulpit. They were stopped by Elmer L. Kidney, attorney and member of the church board. The Easter morning worshippers were startled when Mr. Kidney commanded the members of the masked band to leave.

At this point Dr. Urmey intervened. "Gentlemen," he said, "I shall have to ask you to retire. You are disturbing the services here, which is a violation of law. You will be welcome to remain if you remove your disguises. Otherwise you must go."

The hooded men about-faced and marched silently from the church, followed by a number of men from the congregation. Outside the church a general scrimmage ensued and the

hoods and flowing white robes of six of the band were torn away, revealing their identity.

In a statement issued tonight Mr. Kidney declared his intention to request the District Attorney to prosecute the members of the band.

**White Front Confectionery Sells**

A deal was closed last week and took effect April 1st, whereby the White Front Confectionery became the property of Messrs. John Bell and Arthur Compere, Zeke Bell relinquishing ownership and management of the business.

Both these men are known in Foard County, although Mr. Compere has been away from Crowell for several years, but neither of them are new comers, for they knew Foard County long before some of us more recent ones dreamed that we should even open eyes on this great country. So they need no introduction other than both of them have had quite a good deal of experience in business life and their friends here will be pleased to see them make a success in the confectionery business.

Several changes are in contemplation to make the stand inviting and sanitary.

### Where Are Yours?

The dollar that stays in this town keeps traveling from one pocket to another, but it is always here. It does many people in this community a lot of good.

That is fine. The dollar you send away from this town also keeps circulating from one pocket to another. It, also, does many people a lot of good, but those people are not of our community. That is not so fine. What becomes of your dollars?

Stock tubs, barrels, cisterns, flues and all kinds of tin and pipe work.—T. L. Hayes.

### A New Suit for Both

When spring comes around nearly everybody wants a new suit. They want to look the part. They don't want to be considered back numbers. That is good as far as it goes, but it doesn't go far enough.

The home and its surroundings should keep pace with our personal appearances. It doesn't look just in accordance with the fitness of things to trip along in new toggery and stumble over tin cans and other refuse in the front yard.

Get the new spring suit, by all means. You will look good to others and better to yourself. But let's dress up the old town at the same time. If every citizen would take proper care of his own premises there wouldn't be any eye sores left—there wouldn't be anything to criticize.

Now wouldn't that be great—nothing to criticize? We could easily set out new shrubbery, and plant acres of beautiful flowers, and keep the yards and the parkways green.

We can not live forever, but we can enjoy life more while we are here if we go about it in the right way.

Now don't shrug your shoulders and say it is "too much of a job," for it is not. Nothing is a big job for the man who makes up his mind that the job is a small one.

Try it, and you will be surprised at what you can do.

Let's make it a new suit for both.

We all have our peculiarities, and none of us are perfect. Because a person looks at things from a different point of view from ours is no reason why that person should be considered queer, or a crank, or a d. f. The boot might be on the other foot. This is your home. It is where you make your money, where you raise your family, where you enjoy the society of your friends, where you spend your hours of recreation, and where you reap the greatest joys of life. What are you doing for the home community that does so much for you?

### Lands, Loans and Insurance

The high toned girl never sings bass.

### Not Dead Enough

Lenin and Trotzky, Russian Bolshevik dictators, are dying again. According to newspaper reports, this is about the twentieth time they have died. Some day they will be as dead as the czar—and that will be some day.

A few short years ago Carranza ruled in Mexico—or thought he did.

Senor Carranza was a man of many whiskers, and those whiskers bristled mightily and negatively whenever Uncle Sam was mentioned. We were eternally in trouble with our friends across the border.

But one day the Carranza whiskers ceased to bristle. The senor himself was dead—quite dead—dead all at once and with revolutionary suddenness.

Mr. Obregon became the man of the hour in Mexico, and we have since had very little trouble with our Southern neighbors.

It is now even possible for an American to travel in Mexico without ordering his coffin in advance.

If Messrs. Lenin and Trotzky will expedite their final demise, and make a thorough and complete job of it, we may soon find condition quite different in the land of the Bolsheviks.

Mexico "came back" when the sore spots were removed.

It is even possible for Russia to do likewise—under like conditions.

### A CORRECTION

In the report on the spelling contest in the county meet, it was stated that Helen Fox won first place in Junior Division. This was a mistake, the result being a tie between Helen Fox and Addie Smith. Just how the error occurred is not known at this time.

Cleveland went fishing, Teddy went hunting, Wilson and Harding play golf, and presumably the next president will play marbles and drink pink tea. The presidency is an educational institution.

Yes, we know of one man who has never spoken harshly to his wife. He never had one.

Don't quarrel with the man who hates himself. He is entitled to his own belief.

If you have a secret that is worth keeping it is worth telling to your friends.

It takes a wise person to know enough not to know anything at the right time.

### "Feeling Fine!"

"I was pale and thin, hardly able to go," says Mrs. Bessie Bearden, of Central, S. C. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and the lower part of my body. I did not rest well and didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of

## CARDUI

### The Woman's Tonic

and I then remembered my mother used to take it. After the first bottle I was better. I began to flesh up and I regained my strength and good, healthy color. I am feeling fine. I took twelve bottles (of Cardui) and haven't had a bit of trouble since."

Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed.

If you suffer from female ailments, take Cardui. It is a woman's medicine. It may be just what you need.

### COULD NOT ATTEND

The News appreciates the special invitation extended it to share the dinner that was spread at Foard City Sunday by the Baptists, but no representative of the News could be present.

We have been informed that the pastor, Rev. Newsom, could not fill his appointment at Foard City and that Rev. Mathis of Oklahoma was sent in the pastor's stead. Consequently the baptizing did not take place, as we understand. Several of the people of Crowell attended church at Foard City and report splendid services and excellent singing.

They say an honest man has nothing to fear, but it's a fact that most of them are scared stiff for fear some rascal will annex their dough.

as a symbol of her authority. Few women can help admiring persistency when they themselves are objects.

### BILL SAM'S DICTIONARY

By J. L. MARTIN

The Cross Roads school teacher made himself very unpopular at the spelling match last Friday night, when Slim Longfellow put two b's in "tub," by declaring that there are enough old fossils in the district to start a class in paleontology.

FOSSIL: A person who should have lived in the days of Moses and the Prophets instead of in the present. Bill Sam's Dictionary, page 483.

PALEONTOLOGY: That science which tells of everything about things which no one knows anything about. Bill Sam's Dictionary, page 672.

If Kaiser William had written a book about himself a few years ago it would have had a tremendous sale at any fabulous price, in any part of the world.

Today his memoirs, written since his abdication, are finding practically no sale in Germany even at 30 cents a copy.

Periodically the world changes its coat, and when the men in public office do not fit the coat they must step out and make room for others who can adjust themselves to its measurements.

The former war lord is no exception to the rule. It is so right in our own country today.

Fashion magazines should be suppressed. They are no longer able to keep up with the rapidly changing styles.

### Sleepers Made Happy!!

Beds! Beds!! New ones, or old ones made new for \$3.50 at Tarver's Mattress Factory located in the Collins wagon yard.

WE HAVE BEST GRADES OF

## Seasoned Lumber

AND ALL KINDS OF BUILDING MATERIAL FOR SALE AT LOWEST POSSIBLE PRICES.

Properly seasoned lumber is hard to get, but we have it, and we are not charging any fancy prices for it, either. It is the only satisfactory kind to use when you build.

Make your plans for that building you want to put up and bring them to us for an estimate cost, and that cost will be lower than most yards will charge you—because we are satisfied with reasonable profits.

You can get from us, at equally low prices as the lumber, practically all of the material that goes into the construction of a building, and everything is fully guaranteed to be of the very best. They leave no after regrets or disappointments.
