## Siamese Twins Start Life

Siamese twin girls, delivered by their grandmother, were given a good chance to live, although physicians expressed doubt if they could be reared. The twins, born to Mrs. Miranda of Coldwater, Ariz., a suburb of Phoenix, weighed a total of 8 pounds 9 ounces, and are almost identical in size. Their condition seems to be improving.

## TOWN and FARM

### Civilians At Peace

The Government needs and asks citizens in this third week of peace to:

1. See your volunteer war jobs through to completion. War Bond drives, price control and draft assistants, Nurse's Aides and other Red Cross workers are still needed.
2. Go back to school to continue higher education you will need in the post-war world. If you are a high school student who has been working in war industries, you can best assure your future by continuing your education.
3. Consult your local United States Employment Service Offices as to where your skills can be used to speed reconversion.
4. Use the fullest information as to the nature and location of available jobs.

### REMINDEES

**Meats, Fats**  
Last Date For Use  
Stamps V2 thru Z2, Sept. 30  
Stamps A1 thru E1, Oct. 31  
Stamps F1 thru K1, Nov. 30  
Stamps L1 thru Q1, Dec. 31

**Sugar Stamps**  
Dec. 31

**Shoes**  
Stamps Nos. 1, 2, 3, 4, book three continue valid indefinitely.

**Meat, Butter, Cheese Point Values Down**  
Point values for nearly all meats, all cheeses, creamery butter, and margarine will be reduced sharply and canned milk will be cut-free during the rationing period beginning September 22 and ending September 29. Chester Bowles, Administrator of OPA.

Steaks and roasts will be from one to three points less a pound; hamburger will be a two-points pound bargain, down from 4; reductions for cuts of lamb will range from one to three points. Pork steaks, chops and roasts are down one to two points; bacon is down two points, and chickens are down three points. Nearly all meats that now have a value of two or three points a pound are reduced one point. The point value for creamery butter is 12 points a pound. Margarine is down from 14 to 12 points a pound. Points for all kinds of aged cheeses have been cut 50 per cent.

### Class 2 Slaughter Percentages Raised

A substantial increase in class 2 (non-federally inspected) slaughter percentages for cattle, calves and hogs for quota periods beginning on or after August 29, 1945, was announced by OPA. The slaughter percentage for cattle is increased from 125 per cent to 140 per cent; for calves is increased from the former 75 per cent to 100 per cent; and for hogs, from the former 50 per cent to 65 per cent.

The slaughter percentage for sheep and lambs remains unchanged at 110 per cent.

### SPB Stops Allocation of Trucks To Farmers

The Surplus Property Board has ceased allocating surplus trucks to farmers and farm co-operatives and will release, for regular disposal, trucks, recently allocated to farmers and not yet sold. It was announced by the board. Farmers who wish to purchase surplus trucks should contact a local truck dealer as the vehicles will be disposed of through normal channels, with no need for certification.

### OPA Asks Housewives To Fight Inflation

To enlist consumer aid in preventing food price increases, Price Administrator Chester Bowles announced that "anti-inflation shopping lists" will be distributed to thousands of housewives from local War Price and Rationing Boards beginning the first week of September. "The OPA is calling upon housewives to help their Government prevent a repetition of the disastrous inflation that followed the first World War," Mr. Bowles explains. "The same set of factors that started the inflationary spiral following that war are again here. Consumer goods, including certain foods, are

## IN SERVICE

### Harley Capps Dies Suddenly Sunday Afternoon, Sept. 9

From the Headquarters of the 37th Infantry Division comes the information that Pvt. John Harry Traweck was awarded the Bronze Star for heroic achievement in connection with military operations against the enemy on Luzon, Philippine Islands, on June 20, 1945. While engaged in the general advance against the enemy in the Cagayan Valley, the medium tank of which Pvt. Traweck was a crew member, was hit four times by an enemy 57 mm. anti-tank gun. Each round penetrated into the interior of the tank. During the subsequent fight, the electric flamethrower device on the tank failed to function. Displaying great ingenuity and devotion to duty in his desire to continue the fight, Pvt. Traweck loaded the gun and then fixed it by seizing a hammer and striking it against the plunger. He continued this process, fixing the gun four times until a fifth round penetrated the turret and severely wounded him.

### Funeral Services Held Tuesday in Thalia Church

Harley Capps, prominent citizen and stock farmer of the Thalia community, passed away very suddenly Sunday afternoon of a heart attack. Mr. Capps, apparently, was in the best of health, and ate a hearty meal at the noon hour. Soon afterward, he went to a pasture to see about some stock, and was found about 4 o'clock, apparently the victim of a heart attack.

Funeral services were held Tuesday afternoon at the Thalia Church of Christ, of which church he was a member.

Survivors include the widow, one son, Cpl. Harley Capps Jr., in China; two brothers, Johnnie Capps of Seminole and S-Sgt. Havis Capps of Washington; one sister, Mrs. Lee Mason of Thalia, and the mother, Mrs. H. T. Capps, also of Thalia. The father passed away in 1940.

Mr. Capps was born in Archer County on June 30, 1889. He was married to Miss Maggie Self of Thalia at Crowell on July 5, 1919. He came to Foard County from Archer County in 1910 and had resided here since that time.

### 81st Birthday of C. P. Sandifer is Celebrated Friday

In connection with the first fall meeting of the Cub Scouts held Friday afternoon at the Cub Hut, the 81st anniversary of the birthday of C. P. Sandifer, Cubmaster, was also celebrated. In the name of the Cub Scouts, Gordon Bell, leader, presented Mr. Sandifer with a framed birthday message which held the name of each Cub in his own handwriting. The Cub Scouts sang "Happy Birthday" to their leader, also.

A program of activities was rendered by the Cub Scouts, after which the party began. Hot dogs, potato flakes, Coca-Cola, bananas and two beautiful birthday cakes which had been baked by the ladies who reside on Mr. Sandifer's farm, were served. Mr. Sandifer, with the Cub Scouts as her assistants, was hostess.

Mr. Sandifer talked informally of his experiences during the 56 years of his residence in Foard County. Incidentally, the day was the anniversary of that day, also.

Friends present spoke words of congratulations to the honoree, who was also host for the occasion. To top all their many activities down the years, Mr. and Mrs. Sandifer are now busy with their Cub Scout project, which has been outstanding in many ways, but especially with the erection of the Cub Hut, an accomplishment of which very few towns can boast. The influence of this couple will long be felt on the lives of the boys of this section who have come within the age limit of this opportunity. To close the program, Rev. Grant Slagle and Rev. Otis Strickland made talks of appreciation and encouragement.

### Deanna Durbin in Color Film at Rialto

The real Deanna Durbin will be seen on the screen for the first time in Universal's Technicolor production, "Can't Help Singing," which comes to the Rialto on Wednesday and Thursday nights, Sept. 19 and 20, with Robert Paige, Akin Tamiroff, and many other ace performers.

For the past eight years Deanna's millions of fans have known her only as a black and white shadow; now she is brought to them at last in all the beauty of her natural coloring.

Deanna is one of the few girls in Hollywood considered more beautiful in real life than on the screen. And in "Can't Help Singing," the Technicolor camera is said to do full justice to her exquisite beauty.

The film, with music by Jerome Kern and E. Y. Harburg, is set in the colorful gold rush days, and has Deanna in the roll of a willful young girl who follows her sweetheart into the uncharted west.

### CEMETERY SUBSCRIPTIONS

The following subscriptions have been made to the Cemetery fund since the last report was published:

J. M. Marr	\$5.00
Jim Gamble, Kermit	5.00
J. M. Patton, Pampa	5.00
Claude Callaway	5.00
Jim T. Cates	5.00

Shortage of materials will require that waste paper, fats and tin cans be salvaged for several months to come despite the end of the war. Shortages of these materials continue acute.

### Texas produced more turkeys in 1944 than any other state in the Union.

Texans produced more turkeys in 1944 than any other state in the Union.

## Methodist Meeting to Begin Sunday, September 16

The revival meeting which has been planned by the Crowell Methodist Church will begin with the 11 o'clock service on Sunday morning, Sept. 16. Rev. R. S. Watkins announces that the preaching will be done by Rev. H. C. Smith, pastor of the Methodist Church of Big Spring and the day services will be held at 10 o'clock each week-day and at 8:15 each evening.

The store, under the new management, opened this morning for business. Mr. Brooks has owned and operated the Brooks Food Market for the past four years. Mr. Thompson, who has been employed by Mr. Brooks for most of that time, is a groceryman of many years experience.

## Haney-Rasor Sell Grocery Store to J. T. Brooks

The Haney-Rasor grocery store was sold this week by its owners, T. S. Haney and John Rasor, to J. T. Brooks, and the store will continue to be operated in the same building with Charlie Thompson as manager.

Mr. Haney and Mr. Rasor have operated a grocery store in Crowell for the past twenty-one years and the store was sold because Mr. Rasor, active manager of the business, is planning to enter another line of business.

The store, under the new management, opened this morning for business. Mr. Brooks has owned and operated the Brooks Food Market for the past four years. Mr. Thompson, who has been employed by Mr. Brooks for most of that time, is a groceryman of many years experience.

## Pioneer Truscott Resident to Live in San Antonio

J. C. Jones, resident of the Truscott community for the past 40 years, has sold his farm home one mile south of Truscott to Van Browning and left last Thursday afternoon with his son, Jasper C. Jones, for San Antonio to make his home there.

Mr. Jones is 85 years old and moved with his family to the Truscott community in 1905. For many years he kept one of the cleanest farm homes with flowers, shrubs and trees growing beautifully during the summer months, that was to be found in this section of the state.

Mr. Jones served faithfully for many years as caretaker of the Truscott cemetery.

## Christmas Cantata Planned; First Meeting Thurs. Night

Plans are being formulated for the presentation of a Christmas cantata in Crowell and all who will help sing are asked to meet at the First Baptist Church Thursday night, (tonight) at 8:30 o'clock. This first meeting is for the purpose of completing an organization for the work of the cantata and deciding upon the details.

## HOSPITAL NOTES

**Foard County Hospital**

**Patients In:**

W. A. Daniel
Mrs. Clyde Owens
Mrs. Homer Ketchersid
Mrs. Cecil Daniels
and baby son
Mrs. Pedro Gaona (Mex)

**Patients Dismissed:**

Mrs. Ab Jones
Miss Frankie Kirkpatrick
Mrs. Frank Mabe
Mrs. C. A. Lanford
Mrs. J. M. Brown
and baby daughter

Visiting Hours: 10:00 to 11:30 a. m.; 2 to 4 p. m.; 7 to 9 p. m.

## County Federation Will Meet Sept. 21

The first meeting of the Foard County Federation of Women's Clubs will be held at Margaret on Friday, September 21 and is scheduled to begin at 10:30 a. m. The Margaret Home Demonstration Club will be hostess.

Mrs. T. W. Cooper will be leader and will give the devotional. Mrs. Ab Dunn will direct a sing-song. Mrs. Merl Kincaid will give the new officers and the projects for the year of both the General and the State Federations.

After the usual covered dish luncheon, there will be a garden program with Mrs. N. J. Roberts discussing "What Trees Have Meant to Mankind." Mrs. Henry Ross will discuss "Spring Bulbs to Plant this Fall." Mrs. W. L. Thurston will conduct a garden quiz as the closing number of the program.

The three day Victory celebration in San Francisco, resulting in \$25,000 worth of windows being broken on one street alone, women ripped off their clothing and danced nude in the streets and swam in the public fountain, seven persons were killed and 600 wounded.

Turning a small electric fan on the freezing unit in a refrigerator will greatly reduce the time required for defrosting. The fan should be placed close to the unit.

## Crowell Wildcats Will Open Football Season Here Friday Night with the Floydada Whirlwinds Their Opponents

The Crowell Wildcats will open their football season here Friday night at 8:30 when they play the Floydada Whirlwinds. Crowell defeated Floydada last year by a 13 to 9 score. However, the Cats will be outweighed about ten pounds to the man this year. O. C. Wharton, Crowell fullback and captain, will be out of the lineup due to an injured arm. The fact that the game is being played on the Crowell boys' field should make the game a toss-up.

The Wildcats looked fairly good last Friday afternoon in their scrimmage with Munday. Crowell won the contest 6 to 0. Horace Todd made the lone tally on a reverse play through right tackle. The ball was worked down near the goal line on a forward pass from Kendrick Joy to J. L. Brock, who in turn lateralled off to O. C. Wharton to pick up fifteen yards. Joy went seven yards over center on a spinner play and Todd scored from the three yard line. Carlos McBeath and Larry Wood were the other old men who looked good in the game.

Several of the new men showed promise of developing into good players.

## PROBABLE STARTING LINE-UP

No.	CROWELL	Wt.	Position	Wt.	FLOYDADA	No.
35	J. Mitchell	150	Left End	165	D. Payne	48

Officials  
John Smith (McMurry), Knox City, referee; Dean Huntsman (Weatherford College), Knox City, umpire; and Chad Wilson (McMurry), Knox City, headlinesman.

## Wichita County Fair to Be Held Oct. 15-20

Wichita County Fair officials have stepped up their activities, following the cessation of hostilities with Japan, with a view to making the 1945 County Fair the largest and most successful exhibition in the history of the Fair.

Construction is under way on a new livestock building, 60x160 feet, which will cost approximately \$5,000. This new addition will permit the old livestock building to be turned over entirely to the display of fine Herefords, and a \$2,000 premium list has been offered in order to attract an unusually large exhibit of outstanding Herefords.

An outstanding rodeo will be an added feature of the 1945 Fair. Lynn Buetler of Elk City, Okla., and Hoyt Heffner of Wichita Falls, have made a deal with Fair Association officials to stage a first class rodeo. The well known and popular Bill Hames Show will be on the Midway and additional space has been provided this year through the relocation of the Poultry Building which will permit a larger set-up on the entertainment Midway.

At a recent meeting of the Department heads every chairman made a very favorable report as to progress in his particular department, according to Dr. J. C. Simpson, President of the Fair.

Fair dates are October 15-20, inclusive, this being the first time it has run six days.

## First Bale of 1945 Cotton Crop Ginned Last Friday, Sept. 7

The first bale of cotton from the 1945 crop was ginned at the Crowell Gin last Friday afternoon and weighed 554 pounds. The cotton was brought to town by Claude Brooks and was raised on his farm 1 mile west of town.

Ebb Scales, manager of the gin, called on the business men and a premium for the first bale of \$66.85 was given to Mr. Brooks.

Mr. Brooks reports that his cotton is good and with another good rain soon he expects to gather from 25 to 40 bales.

## Basket Supper to Feature First of P. T. A. Meetings

The first meeting of the year for the Crowell Parent Teacher Association will be in the form of a family basket picnic supper to be held at the Cub Hut on next Tuesday evening, Sept. 18, at 7:30 o'clock.

Mrs. Van Browning, PTA president, will give the welcome and introduce the Parent Teacher officers for the coming year. The objectives for the year and the introduction of teachers will be given by Supt. Grady Graves.

The P. T. A. Choral Club, under the direction of Mrs. Grady Graves, will sing a group of folk-songs. Mrs. Magee will also direct a sing-song of familiar songs.

Following the program, the basket supper will be served. Each family is asked to bring a picnic supper, also the utensils needed for the serving of the meal to the individual family members.

Every patron of the school and their family and anyone who is interested in the on-going of the school and PTA work, is invited to attend this well-planned and important meeting.

The general theme of the year for the local association is "The Family Builds the Future."

## NOVED TO NEW LOCATION

W. C. Golden, who operated the Texaco Station one-half block east of the square, has leased the former Fox Service Station, and moved to the new location last week. He is retailing Texaco products.

## MEETING AT GOOD CREEK

Rev. H. H. Haston will begin a revival meeting of a week, starting Saturday, September 15. Everyone is invited to attend the services.

The Indian drink, arrack, is made from rice.

home from an extended visit with relatives in South Texas. He was accompanied home by Mrs. Ebert Richter and children, who will visit here for a while.

Large asbestos deposits occur in Quebec, Canada, and in South Africa, the United States and Russia.

Much of the fine china of today is manufactured in England and the United States.

NOTICE!

I have, this week, purchased the grocery and market business of Haney-Rasor on the north side of the square and shall continue to operate it at the same location and ask the continuation of the patronage of the customers of the store and cordially invite any new customers to give us a try.

The stock will be kept up and as fast as critical goods are obtainable, we will have them.

The store will be operated by Charlie Thompson, who has been with me in the grocery business for the past four years. Charlie needs no introduction to the people of Crowell and Foard County and they will be assured of the most cordial and courteous service.

According to the grace of God which is given unto me, as a wise masterbuilder, I have laid the foundation, and other buildeth thereon. But let every man take heed how he buildeth thereupon.—First Corinthians 3:10.

Even those who have felt all along that the war with Japan would be tough never dreamed that the result would be decided by so little as an atom.

SUBSCRIPTION RATES

Table with 2 columns: Subscription Type and Rate. Includes In Foard County and Outside County rates for One Year, Six Months, and Three Months.

We agree with Senator Alexander Wiley of Wisconsin that regardless of what pattern is set up for the Army and the Navy and the Air Force after the war this country should maintain permanently and actively a great defense laboratory involving the Army, the Navy, the War Department and the State Department. This laboratory should be devoted continuously to the study of means of defense. Blue prints of the latest developments in equipment would be available at a moments notice thus saving many months of valuable time.

Spain has famous mercury mines.

HISTORY

Birthday of James Whitcomb Riley—October 7: James Whitcomb Riley was born in Greenfield, Ind., on October 7, 1853, and died in 1916. James Whitcomb Riley's father was a lawyer, but the profession did not appeal to the boy. He started out as a sign painter. After a time he joined a company of strolling players for whom he wrote songs and rewrote plays. In 1873 he joined the staff of the Indianapolis Journal, to which paper he contributed his first verse. He tried repeatedly to sell his verse to other publications but was unsuccessful. After severing connections with the Journal he continued to write and was at last rewarded when a publisher agreed to publish his poetry. Following the appearance of his first book in 1883 he was elected to the American Academy of Arts and Letters and received a gold medal of the National Institute of Arts and Letters. He is one of the poets whose birthday was celebrated while he was still alive. Arrangements were made in 1912 to celebrate his birth in nearly all the public schools of Indiana. Each year thereafter his birthday was celebrated with a public ceremony at which he was present.

What We Think (By Frank Dixon)

On the best authority available we are told that man at one time enjoyed a very peaceful existence wholly free from any complications. He lived in the garden of Eden. His surroundings were as nearly ideal as it would be possible to make them. His work was pleasant. He had no problems or worries and but one responsibility. His responsibility was that he was not to partake of the forbidden fruit—that if he did he would surely die.

As we view responsibilities today it appears that it would have been a simple matter to have met the requirements of this responsibility, especially in view of the fact that every want was supplied, and every need called for. But as everyone knows now, man did not meet this responsibility. He failed to live up to his obligation to posterity and lost his status in the garden of Eden.

The impression is given in the story that this was the one big chance that man had, and that he failed to appreciate it.

I think that men and nations have in the past, and will in the future, continue to be faced with such decisions. How man fares and prospers will depend upon the measure of wisdom with which he meets responsibility. If the race is faced with a responsibility and discharges it wisely it advances and progresses to a higher plane and a larger sphere of living. If the race fails to meet and live up to its responsibility it pays for its failure by a slowing down or a delay in advancement.

Bringing the matter down to the present time I think the United States, England and Russia are faced with a tremendous responsibility and obligation. We and the world have now reached a point where we can advance in our march for a better world a hundred years or we can lose the fight equally as much. We will advance if we recognize, accept, and fulfill the obligations that face us and we will recede if we fail to meet it.

By obligation I refer to the matter of keeping world peace and the management of affairs to the end that the peace movement will continue and continue to grow and increase and progress. In addition to the elements that would normally contribute to making such a state desirable there is the atomic bomb. This secret cannot be kept a secret all ways. In time it will be known by all. The problem then will be that it does not become the Frankenstein that will destroy or tragically enervate civilization. It must be obvious to every one that the new discovery easily has this power if it should ever get into ruthless hands with the power and the resources to develop it wrongfully.

The United States bears the principal burden of this responsibility because it was into her hands that the God of the Universe chose to place the secret and the responsibility for its use. The opportunity to proceed from here on to a better world, a peaceful world, in which the fruits of the labor of men can be devoted to the fostering and the production of better things for better living is ours. It is easily the biggest responsibility that man has ever faced. Regardless of how we feel about it, it is here. The whole question of what the future of this nation and the

IN THE NEWS 30 YEARS AGO

News items below were taken in whole or in part from the issue of The Foard County News of September 17, 1915, Martin & Kimsey, publishers:

Jess Miller, who lives on the M. O'Connell farm near Margaret, was in Crowell Saturday with the first bale of cotton of the season.

J. E. Shaum was here from Knox City this week making arrangements to establish a daily automobile line between here and Vernon. He will make the first trip Friday or Saturday.

Leo Schwarz of Chon's Cash Store, the new store now opening in the Bell building, arrived here Monday and is busy opening and placing his stock of goods.

Mrs. Will Wheeler died at her home here September 11 of typhoid fever. Survivors include husband and one small son.

J. R. Coffman brought to The News office Wednesday a sack of fine June corn roasting ears, and a stalk of fine corn that Mr. Coffman had grown on his place this year.

John G. Coffey and family returned last week from a trip to their old home in North Carolina.

M. S. Henry and wife are spending a few days at Mineral Wells.

T. D. Edwards, one of our regular subscribers and a good citizen on Route 2, renewed his paper this week.

Miss Portia Brindley left Monday for Fort Worth where she will enter the Texas Woman's College.

Ellis Gafford and family returned last week from a five weeks' visit at their old home, Sulphur Springs.

M. L. Raney was down from Memphis yesterday greeting old friends.

World will be, lies wrapped up in the question: Are we big enough and strong enough to face and meet this responsibility?

Personal Development

People usually have greater possibilities of personal development than they realize. Many of them are reluctant to take on new responsibilities and new tasks, and they cling to what is old and familiar. If they felt willing to take on these new opportunities, they would find their powers growing as they had to meet new situations and decide new questions.

There is a great deal of personal development in working with the home town organizations. People sometimes decline to take some office or responsibility in these societies, because they feel they lack the time, or doubt their own ability to carry on these new tasks. If they would assume these duties, they would find their powers and ability growing as they exercised leadership and had new experiences.

The end of shoe rationing is predicted within a matter of a few weeks. Shoes, however, will continue to be scarce for some time to come.

The Eyes of the World Are Upon the School Children of America

These young people of today are the hope of tomorrow's world—the success or failure of it depends upon them, and our guess is that they won't let us down. They are growing up in a world that has been dealing some mighty tough blows.

It's time now for their return to school. They've had their summer vacation, but to whom vacation has not meant idle hours. . . . No, instead they have been working on farms, clerking in stores, collecting waste paper, gardening, and doing everything they could to make every minute count.

We salute these young people for doing their summer jobs well, and wish them a successful, happy school year.

SUPPOSE ELECTRICITY TOOK A VACATION . . .

WHAT WOULD HAPPEN?

Darkness would lay its inky finger on your home. Food would spoil. A flick of a switch wouldn't toast your bread, or cool your living room, or perk your coffee. You'd have to sweep by broom, wash by hand, wear unironed clothes.

Your house would be a little isolated world of its own, with no telephone, no radio, no newspapers to link you with humanity. Time would stop with the frozen hands of your electric clock.

You'd have no job, since almost all industry—from the cash register to the welder's arc—draws its vitality from the little blue spark of electricity. War production would stop in its tracks.

But electricity never takes a vacation, 60 seconds to the minute, 60 minutes to the hour, day and night, summer and winter, electric service stands eagerly awaiting the flick of a switch.

And this dependability is no accident. It is the result of hard work and careful planning by folks who know their business—your friends and neighbors in this company.

• Listen to "THE SUMMER ELECTRIC HOUR" with Robert Armstrong's Orchestra and guest stars. Every Sunday afternoon, 3:30 CW T, CBS Network.

West Texas Utilities Company

OATS! OATS! OATS

Last year, many of our customers had oats in their wheat, and dockage to us on delivery to the mills run from one per cent to five per cent and nothing back for the oats. The oat weight was a total loss to us.

We are asking our customers to bring your seed wheat in and let us run it over our cleaner to take the weed seeds and very small, bad berries out of it, then run over our separating or oat machine to remove the oats from your seed.

The price for the two cleanings of your seed is 10 cents per bushel.

SMUT

To those of our customers who have smut, we are going to do our best to treat your wheat for smut, but we cannot sack it. We can run it loose in your trucks only. The price is 10 cents per bushel for smut treatment.

We will have the Corona 50 per cent plus copper carbonate in five-pound packages to sell you for smut treatment and, if possible, treat your own wheat, as our elevator will be busy almost to capacity delivering seed wheat.

SELF GRAIN COMPANY

Thanks, Again

After having been in the grocery and market business in Crowell for the past 21 years, we have now severed our relation with that business by selling our entire stock and fixtures to J. T. Brooks. In making this change, our hearts are filled with appreciation to the friends who have been our stand-bys during the years and for whom we have a tender feeling and we ask for a continuation of that friendship.

During the 21 years of our business connection, there have been good times and bad, sunshine and shadow, storm and stress, but we have weathered them along with our friends and shall ever count these years as among our best, in every way.

We would not fail to try to express our deep thanks and appreciation to each and every man, woman and child who has been a customer of this store during the years we have operated and leave with the kindest feelings and best wishes to all. Wherever our paths may lead, we will cherish the contacts with the people of Crowell and Foard County.

Miss Nancy Jo Anderson, who has been visiting her parents in the Hawaiian Islands during the summer months, returned to the home of her aunt and uncle, Mr. and Mrs. J. R. Beverly, last Thursday. She will attend Texas Technological College in Lubbock and she and Mrs. Beverly went to Lubbock Sunday where she enrolled in the college.

T. R. Hickman of Gainesville visited for a short time Tuesday with Mr. and Mrs. T. B. Klepper.

Mrs. Harvey Turnbough and daughter, Jo Ann, and Mrs. Claude Miller of Lubbock visited over the week-end in the home of Dr. and Mrs. R. L. Kincaid.

Mr. and Mrs. Albert Mitchell and daughter, of Fort Worth, and Mrs. E. Renfro of Dallas, recently visited in the home of Mrs. Renfro's sister, Mrs. G. M. Canup, and family.

Mrs. J. R. Allee has returned from a visit with relatives in Fort Worth. She was accompanied home by her daughter, Mrs. Edwyn Greene, and little son, Gary, who will visit here.

Mr. and Mrs. D. R. Magee took their daughter, Miss Ada Jane Magee, and Miss Jane Roark, daughter of H. C. Roark, to Lubbock Sunday where the young ladies entered Texas Tech for the coming year.

**MUST WE HAVE PLANNED CONFUSION?**

On the subject of postwar price regulation, the New York Times says editorially: "OPA has now issued the regulations governing reconversion price adjustments. These regulations apply to a non-existent world which has been created by OPA administrators. The facts of business life are completely disregarded. In their place is found a series of yardsticks as to what has been happening in this non-existent world. OPA recognizes that the 1942 price line which it desires to hold, may not be appropriate for every product. It therefore establishes a formula to determine the magnitude of permitted price increases. This formula disregards many of the actual increases in cost which have taken place. The net result of using prices established under it will almost certainly be to slow up reconversion and to force many companies to operate at a loss."

Official planners who now have such a hold on our nation, seem fully convinced that the average American is no longer competent to manage his own production, buying and selling affairs, as in the past. If they manage to perpetuate scarcities for which they are now being blamed, our nation can look forward to unemployment and restricted production and consumption for years to come.

The future of our whole reconversion program will rest on production and distribution. If production is discouraged, there can be no satisfactory employment. And if the people are restricted in their buying, there can be no satisfactory production, because retail sales are the lifeblood of production.

It is one thing for OPA to work out theories; it is another for American producers and retailers to deal with the facts. It is about time that the men who actually have to supply our nation with the essentials of life, were given more freedom.—Industrial News Review.

Canada is the world's greatest wheat-exporting country.

OUR WORLD OF TOMORROW

Going back to school this year is different from the past years. So much has happened since May...

WELCOME, NEW STUDENTS

Welcome! new students, to a grand school, CHS. Among them are Travis Starnes, senior; Eva Mae Harp, Joan Thompson...

NEW MEMBERS OF FACULTY

The student body of the Crowell schools wish to welcome the new teachers. They are Mrs. Overton Neal and Miss Nina Jo Chesshir...

SENIOR CLASS MEETING

Well! We finally made it. After three long, hard years, we are Seniors. Gee! but it is great to be looked up to as Seniors of Crowell High School...

JUNIOR CLASS MEETING

We, the Juniors, met September 4th to organize our class for the coming year. We were very fortunate in getting Mrs. Manard for our sponsor...

HOME ECONOMICS III

The Home Economics III Class met and organized Tuesday morning. The officers elected were as follows: Joyce Jones, president...

THE CAT'S WHISKERS

Sh-sh! Here we are in for another year of study (Ah!) for box suppers, parties, and the Junior-Senior banquet. Let's take a peek back through the ages to see just what has happened through the summer months...

very unhappy. These include "Dee" Thomas whose man (meaning "Buddy" Gobin) is in the Navy. "Prune" (Bootie's dame) has completed his boot training...

SOPHOMORE CLASS MEETING

The Sophomore class met in the World History room, Tuesday, September 4. Our class officers and room mothers were elected as follows: Wayne (Sawdust) Lindsey, president; Joe Whitten, vice president...

FRESHMAN CLASS MEETING

The freshmen group met September 4 to organize their class with Mrs. Nichols presiding and the following officers were elected: Ray Douglas Gable, president; John Potts, vice president; Betty Sims, secretary; Patsy Fox, reporter; Billy Bond, sergeant at arms...

WILDCATS DEFEAT MOGULS

The Crowell Wildcats defeated the Munday Moguls 6-0 Friday afternoon at the Munday High School football stadium. This was only a practice scrimmage and also the first game for both teams...

CROWELL WILDCAT'S 1945 FOOTBALL SCHEDULE

Sept. 14—Floydada at Crowell. Sept. 21—Quanah at Quanah. Sept. 28—Mador at Crowell. Oct. 5—Seymour at Seymour. Oct. 12—Open. Oct. 19—Crowell at Holliday. Oct. 26—Open. Nov. 2—V. View at Crowell. Nov. 9—Open. Nov. 16—Crowell at Chillicothe. Nov. 23—Archer City at Crowell. \* Denotes Conference Game.

THOUGHTS OF SERIOUS MOMENTS

Every tomorrow has two handles. We can take hold of it with the handle of anxiety or the handle of faith.—R. W. Beecher. The best preparation for the future is the present well seen to, and the last duty done.—G. MacDonald. Remember this also, and be well persuaded of its truth: the future is not in the hands of Fate, but in ours.—Jules Jusserand.

HOUSEHOLD HINTS

Sugar and Flour Weights.—Two cups granulated sugar weigh 1 pound. Four cups pastry flour weigh 1 pound. Sweet Cream on Pies.—A little sweet cream spread over the top crust of a pie before it is put into the oven will make the crust brown and flaky. Salt for Apples, Apricots.—A little salt added to dried apples or apricots while cooking greatly improves the flavor. Rice will grow in the United States in bottomlands of the Mississippi River Valley, on the Louisiana and Texas Gulf Coasts, and in California. Copper is the only industrial mineral found to any extent in Japan.

Navy Will Continue to Recruit Flyers

Dallas, Sept. 10.—In order to guarantee a continuous flow of new pilots into the fleet, the Navy will continue to make flight training available to 17 and 18 year old high school graduates or students now in their last semester at high school or secondary school.

BEAT FLOYDADA!

Johnny Mitchell, we're glad to have you back in CHS. Speaking of Johnny he seems to be waiting around for "Evie" Barker. Come on, Johnny, get up your courage and ask the little lady for a date.

BEAT FLOYDADA!

Mrs. Neal—Welcome to Crowell High School. We wonder if Mary Ayers and Kenneth Ownbey are still "that way"? Don't keep us guessing, kids.

NOTICE

ORCHIDS to the CHS football team. ONIONS to Floydada. JOKES Mrs. Wilkinson: How is it that you haven't made progress? At your age I could read fluently. Brock: Probably you had a better teacher than I.

Lot 1

494 bushels, purebred Black Hull. Price \$3.00 per bushel. All sold.

This last week we sent the trucks to Kansas and bought 494 bushels of purebred Black Hull seed wheat. The breeder of this wheat has been working on a new variety for the past three years, and this is the first raised by him. It was bred for short, strong straw, selected only the best heads, and is the very finest that can be grown in Black Hull wheat. For sale next year.

Lot 2

Purebred Black Hull. 4995 bushels. Price \$2.00 per bushel. All sold. Last year we bought in Kansas 400 bushels of purebred Black Hull wheat from the originator of the Black Hull seed in this part of the country. It was sowed on lands this past year, that has not had anything on it but Black Hull for several years. The State Department of Agriculture analysis as follows:

Table with 2 columns: Category, Value. Germination 94, Purity 99, Other Crop none, Weeds none, Nox. seeds none.

We have done our best to have some good Seed Wheat for you. Just what you will do with it after you sow it we can not tell you. So we are selling this wheat at the distinct understanding that when the wheat leaves the elevator the RISK IS YOURS.

Lot 3

Foard County Black Hull. 8990 bushels. Price \$1.75 per bushel. 7290 already sold. Every load of this wheat was moisture tested dry, and shoveled by hand into our granaries. None run through the elevator during the harvest. Every bushel has been run through our cleaning machine, through our separator or oat machine. The State Department of Agriculture analysis as follows:

Table with 2 columns: Category, Value. Germination 92, Purity 97, Other Crop none, Weeds none, Nox. seeds none.

Lot 4

Purebred Black Hull. 4995 bushels. Price \$1.65 per bushel. None sold. This is regular run elevator wheat just as it came to us from the combine. This wheat has been run over our cleaner, through our separator or oat machine. No analysis made on this wheat.

Lot 5

All you want. Price \$1.60 per bushel. None sold. Just the regular elevator wheat as it came to us from the combine in June. Not cleaned and not run over separating or oat machine.

SEED WHEAT

Self Grain Co. CROWELL, TEX. Phones: L. D. 14, Night 128.

Alka-Seltzer advertisement: HAVE you tried Alka-Seltzer for Gas on Stomach, Sour Stomach, Morning After, and Cold Distress? If not, why not? Pleasant, prompt in action, effective. Thirty cents and sixty cents.
