DAIRY PRODUCTS AND POULTRY PAY FAMILY EXPENSES

Weekly Sale of Cream from Few Cows Amounts to \$10 Per Week

We do not have to go to some country far away to get information relative to the fact that the cow and hen are among the best revenue producers in the country. For months and years this paper has told of these revenues and it has believed that they can be made to pay in Foard County. They are paying propositions right today. A number of farmers are making the cow and hen pay the family expenses and have been doing it for years. But why not more? A dozen small farmers who are selling something from the farm every week are worth more to a community than a few big farmers who give little or no attention to the farm a constant producer of wealth. Foard County needs hundreds of farmers who sell every year every month in the year and every week in the month poultry and dairy products—cream and eggs and chickens, etc. Not only does the community need them but they need to do those things themselves.

Here is an example of what the News is talking about. Mrs. B. J. Hester was in town near Foard City this week selling cream. She stated that she was selling from a small bunch of cows about \$10.00 worth of cream each week. The cows cost nothing comparatively. The milk is good and they do not have to be fed. So all this revenue is clear. She has also been selling products from her poultry and the entire revenue from the cows and chickens has been paying the family expenses.

J. is getting the farm ready for the spring crop and is watching the moon to see when it is going to rain, and if the moon fails to get right and rain and feed does not make, the cows and chickens will be on the job and the Glover family will get by.

Leave for Iowa

M. M. Ferrin was in town Saturday saying goodbye to friends. He and Mrs. Ferrin were planning to start on their long trip to Iowa Monday in their auto home. They are headed for Cherokee, at which place they expect to arrive by the time the weather begins to warm up. They went by way of Burk Burnett where they got on the Meridian Highway.

Miss McLarty Elected Member Sidney Lanier Society at University

Miss Blanche McLarty of Vernon has been made a member of the Sidney Lanier Society at the University of Texas, according to information obtained in the press notices sent out from the University. She was one of a score of other girls from various parts of the state given membership recently.

The Sidney Lanier society is one of the oldest literary societies for the girls in the University. Membership is based on scholastic achievement and personality. It is considered one of the highest student honors in the University to be elected a member of the society.—Vernon Record.

Wants the News in Florida

There comes a call from Bowling Green, Florida, for the Foard County News, by one who was for several years a citizen of Foard County, J. H. Hrabal. Mr. Hrabal encloses a check for \$2.00 and says: "Please send me the News, for I feel like I was left without the Foard County News." Mr. Hrabal moved away to the Peninsula State some two or three years ago and the News had not heard from him until it received this communication.

Mrs. Hilda Logan Lefevre Passed to Her Reward

Mrs. Hilda Logan Lefevre, wife of J. B. Lefevre, passed away at the home of her mother, Mrs. M. A. Logan, in Crowell Monday afternoon, after a long illness of about 60 days.

The deceased was born June 5, 1901, and was reared in Crowell, having lived with her mother until her marriage to J. B. Lefevre on November 2nd, 1922. When she first became ill she and her husband came from Foard City, where they had started to build their little home, and staid with the mother where she could have the assistance of her mother and where she would be close to a doctor. From the start her condition was serious and in the minds of some her recovery was doubtful, so that it was felt that she needed the very best attention. But her condition was such that medical aid was powerless to restore her to health.

The deceased is survived by her father, W. D. Logan, of Cuba, N. M., her mother, Mrs. M. A. Logan, of this place, by five brothers and three sisters. These are Ira Logan of Westwood, Cal., Edgar Logan of Cuba, N. M., David, Earl and Paul Logan, all of Crowell, and Mrs. E. F. Gibson of Aspermont, Texas, Mrs. R. E. Long of Cottle County, and Miss Minnie Logan of Crowell.

Funeral services were held at the Baptist church Tuesday afternoon, conducted by her pastor, P. R. Huckleberry of the Christian church of which she was a faithful member, after which the remains were interred in the Crowell cemetery.

A large concourse of people attended the services as a token of their respect for this splendid young woman whose life was cut down in the very beginning of what promised to be one of usefulness. The floral offering was one of the most beautiful ever seen in Crowell.

The deepest sympathy of the community is with the bereaved husband and other relatives.

Californian Sends News Some Citrus Fruit

Mrs. Lizzie Fox returned some weeks ago from Calexico, Cal., where she had been visiting her son, W. E. Truesdell, and family. Mrs. Fox came to the News office Saturday to tell us of her trip and also to tender the office some specimens of California oranges, lemons and grape fruit, as a gift from Mr. Truesdell.

Mrs. Fox had a most pleasant visit but was glad to get back home. She reports that her son is doing well out there. He is running a big dairy, has about 100 cows, and well contented, both he and his family.

Mrs. Fox had the experience of setting foot on foreign soil while she was away. She went over into Mexico, which was her first time ever to have been out of the United States.

Says Wheat Will Make With Little More Rain

There are some fields of wheat in the county, according to reports, that have a good show of making whether there is much more rain or not. This is where the land was summer fallowed. Hlavaty Brothers of the Thalia county have some of this kind of wheat and they think it will make some even without any more rain. In that case of course the yield would be light. With fair seasons from now on they think they will make a fair crop. And if it should be plentiful they see no cause why the yield should not be excellent.

Some of the land that was not summer fallowed shows the wheat not to be doing much good, especially east of town.

A good rain passed south and southeast of Crowell Sunday night, which will benefit the wheat in those localities.

Wishon-Taylor

Mr. Elbert Carl Wishon and Miss Beulah Mae Taylor were quietly married in Crowell Saturday afternoon, Rev. P. R. Huckleberry officiating.

The groom is the son of Mr. and Mrs. J. W. Wishon, while the bride is the daughter of C. S. Taylor.

The happy young couple will make their home on the Wishon ranch west of Crowell.

Mrs. Maggie French has accepted a position with the Seif D. G. Co.

THE REVIVAL MEETING STARTS NEXT SUNDAY

A community-wide revival meeting will begin at the Methodist church next Sunday, May 13th. While it will be held in the Methodist church and under the auspices of that church, yet its primary aim is to help men and women, boys and girls, to find Jesus Christ as their personal savior. The only thing that will receive emphasis in this meeting will be the Lord Jesus Christ as the Savior of men. We never push the claims of the Methodist church in a revival meeting, but we do push the claims of Jesus Christ as the only and sufficient savior of sinning men and women, as the great burden bearer of the world, and as the great comforter and consolation of all mankind. If

you love God and lost humanity, join with us in this campaign. If you are getting tired of your sins, if you are feeling the needs of a savior, if your better self tells you that there is something higher and better for you, come and let us help you to find that way-royal.

The meeting will be conducted by Rev. Albert C. Fisher of Ft. Worth, Texas. You will like Mr. Fisher and you will find him no ordinary man. He loves God and he loves man and the Lord has wonderfully blessed him in this great work. There will be something doing at every service. Make your arrangements now not to miss a single one.

T. C. WILLETT, Pastor.

Loss Is \$60,000 in Blaze at Lubbock

Lubbock, Texas, May 7.—Fire starting at 1:30 p. m. Sunday in the W. A. Terrill grocery completely destroyed that building, the McConnell grocery, Saunders grocery and the building housing the Avalanche Publishing Company. The Avalanche company owned its building and J. A. Hodges owned the other buildings. James A. Daw, owner and publisher of the Avalanche, sent his force to Amarillo and the daily paper will be published on time Tuesday. His loss is \$50,000, with \$18,000 insurance. Mr. McConnell's net loss will be \$2,500; Terrill grocery loss \$1,000. The Hodges buildings were a total loss.

The entire loss, it is estimated, will approximate \$60,000.

GETS ARTERY OF ARM CUT

Lebert Swaim, son of Mr. and Mrs. E. Swaim, happened to the accident one day last week of getting an artery of his wrist cut just after he had cranked a car. The car was pressing the boy against a wall and he was trying to hold it back by the light, which was in the center of the radiator, and the glass broke sticking a piece of it into his wrist. The blood spurted out several feet and it was not necessary to have his trouble diagnosed. It was evident that an artery was severed. A doctor was called and the blood stopped and the wound dressed, and the boy is now getting along all right.

Sells Filling Station

Mrs. M. J. Davis sold her filling station northeast of the square on the 27th of April to M. F. Meadors for the sum of \$5,000 cash. Mrs. Davis has not announced her plans for the future, but whether or not she expects to move from Crowell she will at least remain here until the close of school.

A rat terrier owned by Jerry Kennington near New Boston, Texas, was scratching after rats when it unearthed nine \$20 gold pieces. The money is said to have the appearance of having been buried for a long time, but no one knows anything about it.

Crowell Hi Divides Week's Schedule With Visitors

The local high school baseball team divided the honors of last week's schedule with the opponents. Coach Tate filled the week with a three-game series with Wichita Falls high school for Friday and Saturday, and then secured a game with Quanah high for Wednesday.

The first Wichita game on Friday developed early into a pitchers' battle. Cates, in excellent form was able to baffle the Coyote batters with seeming ease, and the locals were equally helpless in the power of Blackman, the Coyote hurler. Crowell scored in the first inning but was later tied by the visitors. Crowell scored again in time to run the game into extra innings. Cates tightened seemingly from the time he entered the box, getting better as the game progressed. In the eleventh inning he struck out three Coyotes in rapid succession. In the twelfth Blackman was still going good, but Cates' long efforts began to tire him and the Wichita team was able to put across the winning run. Batteries: Cates and Ashford—Blackman and Ross.

Saturday's double header witnessed probably the largest crowd that has ever attended a Crowell baseball game. The grand stand was packed full, as were the bleachers. Automobiles were parked all about the grounds and room could hardly be found for those who came late. Heartened by such an exhibition of public interest the Crowell men with Jones in the box bewildered Wichita with their stellar work. In the 8th inning the score was seven to zero with no bright outlook for a Wichita score. However, the Wichita team managed to get a few scratches and sent a man around for a score, preventing a shut out. Jones did big league work in the box, holding the visitors helpless, hurling beautiful baseball. The Crowell men hit the Wichita pitcher hard.

The second game turned into another pitcher's battle with Crowell on the weak but lucky end. Cates started the game in fine form, but his game of the day before soon began to tell on him. He stayed three innings, holding the visitors down with good success. In the fourth inning a long three bagger convinced him that he wanted a rest, and the skipper pulled him at his own request. Cates pitched good ball those three innings, considering the fact that he had twirled the long grueling contest of the day before. Jones relieved him in the box, after being out of the game just long enough to get stiff. With the man on third, Jones was unable to pull out of the hole before the score stood four to one favoring Wichita. Things looked rather dismal for the home team, but Awbrey pulled out a long one which rolled under the fence in left field, scoring Beverly and Cook, who were on in front of him and tying the score.

The game ran on into extra innings and was finally won by Wichita, score 5 to 4. Beverly also slapped a home run, with nobody on. The crowd showed its appreciative delight by hat passing resulting in quite a material gain for the four baggers.

After having the game delayed for several days on account of rain or a rainy-looking sky, Coach Tate finally succeeded in getting the Quanah team over for an exhibition on Wednesday of this week. Quanah got two scores in the second inning, and enjoyed her only lead of the day. In the third Crowell started pounding the opposition pitcher. The Quanah hurler blew up and walked in a score but he still was not removed. At the last of the 8th Crowell had marked up a total of ten scores against Quanah's three. A ninth inning rally nearly won Quanah the game, netting four scores, but Awbrey, Crowell moundman, was able to stop them in plenty of time. The final score was 10 to 7.

W. A. Johnson of Memphis died at his home in that city last Saturday from a stroke of apoplexy. Mr. Johnson had been editor of the Hall County Herald for a number of years. He served as lieutenant governor under Hobby's administration.

The Fort Worth Star-Telegram figures that enough gasoline is used in that city in automobiles to send one machine around the world each week.

Mr. and Mrs. Leon Sockwell were visitors in Vernon Sunday.

MARGARET SCHOOL CLOSED MONDAY NIGHT, THE 7TH

Graduating Class Consists of Five Boys and Six Girls

The Margaret school was brought to a close Monday night, May 7th.

The report is that this has been one of the most successful terms in the history of the school. The school had a splendid faculty. J. P. Hewlett headed the faculty as superintendent, and was assisted by Misses Halley Walden of Post City, Jennie Lee Manorum of Wort Worth, and Ora Lee Forbis of Wellington, as his teachers.

There were 11 in the graduating class, 5 boys and 6 girls, the nearest equality between the two sexes being maintained in this class of any in the county, so far as the News has learned. The names of the class are: James Lynn McCrory, Claude Orr, Bland Ivie, Bailey Bond, Bagley Russell and Misses Carrie Ivie, Belle Hunter, Ada Hysinger, Ellen Murphy, Gladys Johnson and Edrie Ingie. Some of the pupils are expected to enter the Crowell High School next fall and finish up next year. Others will likely enter school at other places.

Mr. Hewlett has served as superintendent of the Margaret school one year and will not be with the school next year, as he has decided to go to the Plains work. It is not known whether or not any of the other teachers will accept positions in the school for another year.

New Well Brought in Near Vernon

Vernon, Texas, May 6.—The Zachequiasta Oil Company, drilling ten miles southwest of Vernon, has brought in an oil well of over 100 barrels. The oil was found in a new sand at 2,600 feet. It is strictly a wildcat well, being about three and a half miles toward Vernon from the Siegler well. This is the first oil well in Wilbarger County since the Siegler No. 1 was brought in in 1920.

The company, which is composed of Vernon business men, has set stakes for a new location about a quarter of a mile southeast of the well, and will spud in within two weeks.

Local oil activities have been given new life by the bringing in of this well. Work has been resumed on the McCaleb well, about sixteen miles northwest of Vernon, which is down over 2,000 feet.

The Dickey-Bell Oil Company has begun work on their well, eight miles northeast of Vernon in the Red River bottom. There has been a showing of oil in this well for some time and the owners have hopes of completing a producer.

W. L. Ricks Improving After Long Illness

W. L. Ricks is slowly recovering from a long period of sickness, being able to be in town Wednesday morning. Mr. Ricks was sick at his home east of town for several weeks before going to the Quanah sanitarium where he remained for four weeks, having recently returned.

To Patrons of Crowell School

The final examinations will be held the first half of each day of next week, and you are requested to see that the children remain at home and review in the afternoons. The promotion cards will be given out at the school building at 9 o'clock on Monday the 21st. The teachers will grade in the afternoons of each day, record the grades and will have the cards ready for distribution on Monday the 21st.

Yours sincerely,
R. C. CAMPBELL, Supt.

Mrs. N. J. Roberts, Mrs. M. L. Hughston, Mrs. Tom Bell and Mrs. John Ray were visitors in Vernon Tuesday afternoon, going over to see "Robin Hood," one of the best moving pictures ever shown in that city.

HOW large a place the beautiful Red Star Oil Stove holds in the hearts of thousands of wives and mothers cannot be measured in words. But in their happy faces you may read it, as they quickly prepare the good things for their tables.

All praise they give to the patented, Red Star Burner—the burner without wicks or substitutes—the burner that uses one-quarter less kerosene, gasoline or distillate, yet gives two rings of clean, blue gas fire for cooking and a hot gas oven for baking. Truly it has revolutionized oil stove cooking.

Is it not natural that the Red Star should stand supreme among women who use oil for fuel and the merchants who serve them?

Are you entirely satisfied with your cooking? One of the new, improved Red Star stoves now on display in our store will change the whole aspect of cooking in your home. Prices are the lowest in years. See a demonstration.

The only cap that's right for rainy-day wear—"SURE-FIT"

THE ONLY cap, we repeat. A strong statement, that—but consider the facts: Suppose it's blowing like all sixty. You take hold of the little strap on your "SURE-FIT", snug it in a bit as you would your belt—and that cap'll sit tight till your head blows off! Suppose you're out for some time in the rain. Any cap'll

shrink then. You'd be darned uncomfortable in an ordinary cap. But you just ease out the strap in your "SURE-FIT" and go on smilingly.

Tight or loose, or in-between, your "SURE-FIT" always fits—comfortably, perfectly.

And, if you get one of the shower-proofed "SURE-FIT" you'll be cock o' the walk so far as head-gear is concerned. The shower-proofing process keeps the cap in shape, improves its finish, makes it last longer, and sheds showers like a duck.

See the new Fifth Avenue styles and patterns that have just come in. Prices the same as you'd pay for any stylish cap—and you get "SURE-FIT" univalued comfort.

Mr. Bryan was right in principle when he advocated world disarmament a few years ago, but his preaching was untimely because the war clouds were then fast gathering. But since the great war the civilized world has failed to accept the opportunity of effecting disarmament because nothing definite has been done, and today the world is thinking more of preparation for war than for peace.

Bishop Manning is still after Rev. Percy Stickney Grant of New York, who denies the divinity of Christ but wants to hold his job in the Episcopal church, which does not accept such teaching. Dr. Graat should give up his job or his creed. It's a free country and a man may be an atheist or anything he wants to be, but he should have too much respect for others to try to force his opinion on them.

CHRISTIAN CHURCH SERVICES

There will be services at the Christian church Sunday, May 13th.

Bible School 10 a. m., communion 11 a. m., preaching 11:20. Subject, "The World's Greatest Need."

Preaching at Vivian 3 p. m. Y. P. S. C. E. 6:45 p. m.

No preaching at the evening hour on account of revival at Methodist church. Sunday is Mother's Day and we will have a special section of pews reserved for all the mothers who may wish to attend our services. The entire service will be arranged in honor of our mothers, and we urge upon every one to arrange to bring your mother to this service. Carnation is mother's flower. Wear a bright carnation if your mother is living, wear a white carnation in honor of mother dead. Cars will be provided to bring any mother who wishes to attend, who has no way to come. Young man, young woman, husband, wife, boy or girl, let each one of us do our part to make this day one of the brightest and happiest in the entire life of "our mothers."

We invite every friend of the Christian church to attend this service. We urgently request the presence of every member. Come and help us make this service all it ought to be.

Yours in Christian service.

P. R. HUCKLEBERRY, Pastor.

Doctor's Association of Crowell offers \$1000.00 reward and free treatment for six months to anybody who can sit through the four act comedy-drama, "The Wren," without laughing. Conditions of reward: Buy a ticket to the senior play of May 18. Sum payable in yearly one cent instalments beginning on your hundredth birthday.

Sam Crows and Bob Cooper returned the latter part of last week from a visit in Fayette, Mo., their old home. They report a very pleasant visit, although it had been many years since they lived there, and many changes had taken place.

Miss Jode Brian spent last weekend in Fort Worth. She was met in Vernon Sunday afternoon by Misses Mary Cook and Verna Henson, and Doyle Kenner, Bob Abston and Glenn Shultz.

Let every member of our T. E. L. Class be present Sunday morning to pay tribute to the blessedness of motherhood, showing love and honor to our mothers still with us, and revering the memory of those in the "many mansions."—President.

McQUAY-NORRIS PISTON RINGS

Give Your Car More Power

Worn or leaky piston rings waste motor power and fuel. Gas that leaks past them is absolutely thrown away. It pays to replace them with McQuay-Norris Piston Rings —pays in more power, lower fuel bills, and less carbon trouble. Regardless of where you plan to have your car

repaired, you can secure a quicker job by ordering McQuay-Norris Piston Rings, because we can supply the proper sizes and over-sizes. Made for every purpose and price, McQuay-Norris Rings will pay for themselves in more motor power and lower fuel bills.

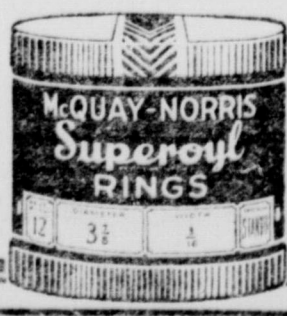

We Carry a Complete Service Stock

SWAIM'S GARAGE, Crowell, Texas

\$1.25 **LEAK-PROOF**—an exclusive two-piece design, preventing loss of gas and compression. Gives equal pressure at all points on cylinder walls. For all piston grooves except top, which should have Superoil. Each ring packed in a parchment container.

\$1.00 **Superoil**—Keeps lubricating oil out of combustion chamber. Collects excess oil on each down stroke of piston and empties on each up stroke, which ordinary grooved rings cannot do. Each ring packed in a parchment container.

50c **JIFFY-GRIP**—a one-piece Per Ring can be fitted closer than ordinary step cut—yet gives quick seating. "Seats in a jiffy." To keep them clean and free from rust, each ring is packed in an individual moisture envelope.

Snap Rings—of the highest grade. Passed above the average by McQuay-Norris manufacturing methods. Their use insures all the advantages possible for you to get from a plain snap ring. They are packed twelve rings to the carton and rolled in waxed paper.

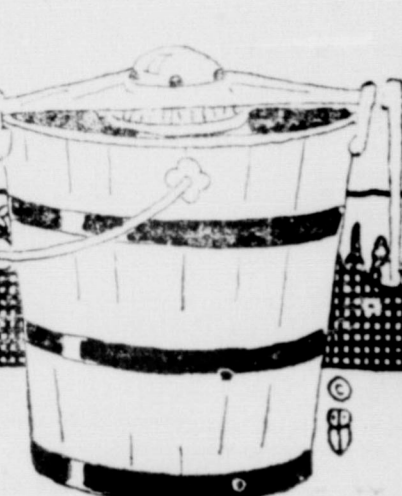

Make Your Own Ice Cream

You're sure of getting a good tasty product and you'll find it not much of a task if you use Jersey or Auto vacuum freezers. Easy to operate, they always get you good results.

We offer these in sizes from 1 to 8 quarts.

Lay a Little Aside Each Week

You can save something and the amount you save is not so important, as the fact that you are saving systematically.

Start this week. The habit will soon grow on you, and you will be agreeably surprised at the amount you have saved at the end of the year.

This plan is working with lots of people who could never save anything before they tried it.

WHO'S THE "COMPANY?"

Statistics (not hearsay) show that the farmer who raises some of most everything—especially feed stuff—and actually makes partners of his cows, his hogs and his poultry, is the man to whom his neighbors go for advice.

He usually has a surplus of cash. He never wants to borrow money—seldom has to and always can do so when necessity requires.

POINTS PICKED UP ON THE PIKE

The daily press continues to report an occasional lynching—not always in the South.

For years it was the favorite pastime for northern papers to flay the South because of its lynchings.

Then the North began to feel lonesome, and adopted the lynching habit itself.

Sheriffs and courts and juries in the South did not bother to punish the lynchers. Perhaps they felt that there was some moral justification for the affliction of such summary punishment.

Again in time the North became lonesome, and now many of its officials are conveniently deaf, dumb and blind in the matter of punishment where the people have resorted to mob law.

As a matter of fact, human nature is the same all over this country of ours—north, south, east, west, on in the middle.

But we say the law fails to mete out the proper punishment to criminals sometimes, which is a fact, and yet who is responsible but the public? If this is a democracy we are the law and we are the enforcers of the law because we are behind the whole system of government. We do not regard it a reflection upon the citizenship of the country in the standard they have set relative to law and its enforcement. Officers of the law can keep down mob law and they can put out of business hooded bands, provided the people of a community want law enforcement and wish to be rid of hooded paraders. It all depends on what you want.

Hazing and class fights in colleges and universities have reached a point where the public should call a sudden and emphatic halt.

In 1921 a young man who took part in a class warfare at one of our big universities disappeared during the fight and no trace of him could be found. A few days ago his skeleton was discovered and identified by a belt buckle and bits of clothing. Apparently he had been killed in the fray and his body hidden under an old unused pier.

This is only one case—a sample of conditions that exist in some of our big institutions of learning.

If the authorities of these universities can not maintain order and discipline, then parents should cease to send their sons to such institutions.

They are a menace and are not worthy of confidence and public support.

For long months we have been growling about the long winter, which seemed to have no end.

Recently we have been growling over the tardiness of spring, which interfered with our gardens and crops.

Soon we will be growling at the length of summer, with its insufferable heat and discomfort.

And then we will begin to growl all over again.

What is your chief affliction? But never mind—the public knows all about it. You have told it so many times the dear people know just how you feel before it rains, after it rains, and when it doesn't rain at all. Be a Shakespeare and don't repeat.

Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago . . . I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

CARDUI

IF SICK, TODAY! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money back.

I guarantee that one spoonful of Dodson's Liver Tone will put your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness, coat-

ed tongue, ague, malaria, sour stomach or any other distress caused by torpid liver as quickly as a dose of vile, nauseating calomel, besides will not make you sick or keep you from a day's work.

Calomel is poison—it's mercury—attacks the bones often causing rheumatism. Calomel is dangerous to sickens—while my Dodson's Liver Tone is safe, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the children because it doesn't upset the stomach or shock the liver. Take one spoonful tonight and wake up fine and ready for a full day's work.

BIG SALE ENDS

SATURDAY, 12TH

We are just reminding you--that all. People sometimes overlook such events as this and then regret it. Shower for Mrs. Jack Brian

Mmes. R. L. Kincaid, M. L. Hughston and F. H. Crews were hostesses at a delightful post-nuptial miscellaneous shower given Tuesday afternoon of last week at the home of Mrs. Kincaid. Mrs. Jack Brian, formerly Miss Willa Moore of Munday, was the honoree.

Potted plants were used to advantage in decorating the reception suite. An interesting contest entitled, "The Bride's Apparel," formed one of the features of the afternoon.

A short program was given by little Misses Carrie Maurice Allee and Elizabeth Kincaid, following which Miss Jesalie Cates read "My Ship," while little Mary Elizabeth Hughston and Master Tom Ray Roberts entered the room with a miniature ship filled with gifts and placed it before the bride.

Mmes. John Ray, Jack Roberts, R. L. Kincaid and C. R. Ferguson offered toasts to the bride, the groom, the mother, and to their future. In the dining room punch was served throughout the afternoon, with Mrs. Thomas Hughston presiding at the bowl.

Many beautiful gifts of silver, linen, cut glass, etc., showed the love and esteem felt for the young couple. About fifty guests were present.

The White Carnation

Here's to the white carnation,
Sturdy and spicy and sweet,
Wafting the breath of perfume
On the stony way of the street;
Bringing the thought of gladness
Where the sweet breezes blow;
Here's to the white carnation,
Pure as the virgin snow.

This is the flower for mother,
Wear it on Mother's Day;
Flower for rain and sunshine,
Winsome, gallant and gay;
Wear it in Mother's honor
Pinned to the coat's lapel;
Wear it in belt and corsage
For her who loved you well.

The mother in lowly cabin
The mother in palace hall,
Is ever the best and dearest
The one we love best of all.
In travail and pain she bore us
In laughter and love she nursed,
And he that would shame a mother
Is of all mankind accused.

Tired and wan too often,
Weary and weak at times,
But always full of the courage
That thrills when the future chimes;
Mother with hands toil-hardened,
Mother in pearls and lace,
The light of heavenly beauty
Shines in your tender face.
So here's to the white carnation,
Wear it on Mother's Day;
Flower that blooms for Mother,
Winsome, gallant and gay,
Flower of perfect sweetness,
Flower for hut and hall,
Here's to the white carnation,
And to Mother—Our Best of All.
—Margaret E. Sangster.

Tau Epsilon Bridge Club

The Tau Epsilon Bridge Club met Thursday evening, April 26, with Mr. and Mrs. Que R. Miller.

The club guests were Mr. and Mrs. Fay Beidleman, Mr. and Mrs. Haney, Oscar Boman and Miss Era Higdon. The club was glad to have Mr. and Mrs. Jimmie Cotten and Mr. and Mrs. Rascoe as new members.

Two courses of delicious refreshments were served.—Reporter.

Dorcas Class

The Dorcas Class met Thursday afternoon, May 3, with the class president, Mrs. R. B. Edwards.

Devotional was led by Mrs. Edwards. Motion made and carried that the class quilt be put up Monday at the home of Mrs. J. R. Edgin.

Suggestion made that each member bring a free will offering not less than a dollar next class meeting.

Social hour proved interesting. Delicious refreshments were served to twelve members and three visitors.—Reporter.

"42" Club Entertained

Mr. and Mrs. Lee Allan Beverly entertained the "42" Club on last Tuesday evening at the home of Mr. and Mrs. Paul Shirley.

There were six tables of players, composed of the club members and the following guests: Mr. and Mrs. George Hinds, Mr. and Mrs. Jim Cotten, Mr. and Mrs. Marion Hughston, Mr. and Mrs. Thomas Hughston and Miss Jennie Belle Ray.

A number of games were pleasantly engaged in, after which the hostess served delicious refreshments, consisting of banana-nut cream and cake.

Miss Ruby Brannon of Fort Stockton arrived Wednesday intending to attend the funeral of Mrs. Hilda Le-fevre, but was too late. She will visit here for a few days.

Free advice is most valuable to those who let it alone.

TEX

A Jelly Soap

Water and Waterless Cleaner

A Wonderful Discovery in Cleaning

The Housewife's Best Friend

WATERLESS CLEANER

Mr. Car Owner: For Hands.

Take a small amount or a teaspoonful of TEX and begin to rub. Rub well and continuously. The most extreme cases of grease and dirt and various stains of all kinds are successfully removed in one or two minutes, possibly requiring more than one application. After brisk application, wipe off with paper or cloth. If convenient rinse off with water. Do not put water on hands until TEX has been applied and you have finished washing. TEX will not injure the skin. Whenever TEX is applied dirt and grease and various stains of all kinds must go. Excellent for Autoist, nothing better, when you are having car trouble away from water. Every car owner should always have a can of TEX in his car for you can not tell when you will have to get out and get under your car.

Good for Painters, Printers, Carpenters, Mechanics and various trades of all kinds. Use with or without water. For saving toil and expense to texture, color or hands. Will not chap the skin. When all other soaps fail, try TEX. Can be bought at the following places:
