## SERVICE

Sgt. James H. Williams of the Air Force, who was in China, arrived at the home of his parents last week. Sgt. Williams is a member of the Twelfth Air Force, formerly a part of the Fourteenth Air Force, but at the time he left China he was assigned to the Tenth to assist in the redeployment of Chinese since the Japanese surrender. A news release from the relations office of the Twelfth Air Force, stated, "Known throughout China as the 'Service Commando,' the Twelfth served the Fourteenth for nearly two years, operating advanced bases and provided supply and maintenance for combat organizations. Sgt. Williams is the grandson of Mrs. J. S. Long and Mrs. R. Ringgold of Crowell and enlisted in the Air Forces in June.

Lt. Leo Cates, SSML 3-C, of Mr. and Mrs. Frank Cates, received an honorable discharge from the Navy on Oct. 23, after serving 30 months in the Pacific theaters. His last duty was at the U. S. S. Springfield.

Lt. Banks Campbell, son of A. D. Campbell, who served 11 months as a B-17 pilot with the 15th Air Force in the European Theater, has been discharged from the Army Air Corps at the San Antonio Distribution Center. Campbell participated in combat missions and wears the Air Medal with 3 bars.

Lt. Troy Evenson, son of T. Evenson, who has spent three months in the Theater of Operations, is on his way home, leaving for the United States on Nov. 12th. He will go to Fort Sam Houston to receive his discharge. Cpl. Earl Evenson is in the Philippines and Pvt. Beattie Joe Evenson recently sailed from San Francisco en route to Japan.

Lt. Billie E. Diggs, bombardier in the 5th Air Force in the South Pacific for 11 months, is discharged from the Army Air Corps at Fort Bliss, Texas, since he returned to the States. Lt. Diggs made 48 missions over enemy territory during the time he was overseas, and is now on leave which ends Dec. 1st at which time he will report to Fort Sam Houston. He wears the Air Medal with three clusters, the Pacific Ribbon with five stars, Philippine Liberation and Victory ribbons. His mother will leave the week for a visit in East Texas and Arkansas.

David Russell, Y-2-C, arrived at home last Thursday from Okla., where he received his discharge from the Navy. He had been on a cargo supply ship in the South Pacific for the past year. He reached San Pedro, Calif., from Kure, Japan, on Oct. 1st. His wife and small daughter are living in Crowell. His parents, Mr. and Mrs. Russell, during his absence, have accepted his former position with the West Texas Utilization and will assume his duties.

J. M. Brown arrived at the Saturday from Fort Sam Houston after receiving his discharge from the Army. Pvt. Brown spent 23 months overseas in the South Pacific with the 43rd Infantry Division, the last 45 days in Japan. He has the Asiatic Campaign with 3 stars, one Philippine and the Philippine Liberation ribbon.

Billy George Dunn, who was discharged from the Army on Sept. 27, is here with his parents, Mr. and Mrs. Frank Dunn, McLean visiting relatives. Sgt. Dunn entered the service Dec. 5, 1941, and served 35 months overseas in North Africa, Sicily, France, Germany and Austria with the 3rd Infantry Division and was in Austria when the war ended. He is entitled to wear the Army Combat Badge, Bronze Arrowhead, French Croix de Guerre with Palm, American Defense Service Medal, European Campaign Middle Eastern Service Medal and Presidential Citation. He is entering the Southern Railway at Portland, Ore.

## Uncle Sam's Most Expensive Private First Class

Pfc. Arthur Griser, insert, whose wife and 11 children are shown awaiting his return from Europe to their home, Pa. They have been married 12 years and have three sets of twins among their 11 children. Their army allotment of \$280 a month is believed to be the highest paid to any private first class. Griser is just as anxious to return to his family as the paymaster is to be relieved of this expensive soldier.

## 1946 Agricultural Conservation Program Announced

The 1946 Agricultural Conservation Program in Texas will give more responsibility to farmers, working through their AAA county and community committees in recommending conservation practices to be carried out on farms, according to N. E. Dodd, Director of the Field Service Branch of the Production and Marketing Administration.

Under this plan the counties will be given an allocation of funds within which to operate their conservation programs. The local committees will sit down with individual farmers and help plan a conservation program based on the actual needs of the farms. Final approval of the plan will rest with the county committee. Past AAA programs have allocated assistance principally according to a statewide formula applicable to each farm in order to get practices carried out on a broad scale.

The 1946 program has been planned to provide about the same assistance that farmers received under the 1945 program. However, more soil practices are expected to be carried out under the new program since the farmer will bear more of the conservation cost than under the 1945 program.

The 1946 program is divided into these types of practices for which assistance will be available: (1) Application of lime, fertilizers, and other materials; (2) planting of cover crops; (3) harvesting of legume and grass; (4) erosion control and water conservation; (5) range and pasture improvements; (6) forestry practices; (7) other practices such as noxious weed control and clearing land for pasture.

With the demand for livestock and other farm products expected to remain at high levels for the next few years, there is a definite need for pasture and range improvement, including construction of ponds and reservoirs.

The 1946 program will vary by states and by counties according to the climate, topography, type of farming, and the conservation needs. The approved practices for each county will be developed by local AAA farmer-committees, representatives of State Agricultural Colleges and Experiment Stations, and other agricultural agencies. Each county will select only the most needed practices for which assistance will be offered so as to be able to keep the program within the funds allocated to the county.

Home Saturday night from Fort Sam Houston where he received his discharge from the Army. He had been overseas for 30 months, 24 months being spent in India and the last six in China. He enlisted in the Army in July, 1942.

## Crowell Wildcats Play Chillicothe Eagles in Conference 12-A Football Game Tomorrow Night at Chillicothe

The Crowell High School football team will be at full strength for the first time this season when it meets the Chillicothe Eagles tomorrow night at Chillicothe in a conference 12-A game. Crowell has had from two to five regulars out of every game thus far this season. Captain O. C. Wharton, all-district player, will be back at his position at full-back. He missed the Floydada, Quannah, Valley View and Stamford games. Larry Wood, right guard, and A. G. Wallace, right halfback, also missed the Stamford game. Co-captain J. L. Brock, star right end, has fully recovered from a broken hand received in the Seymour game, and should play an important role in this contest.

Crowell is tied with Archer City for top place in conference 12-A play. Archer City has victories over Chillicothe and Holliday, while Crowell has defeated Holliday and Valley View. Archer City and Crowell meet at Crowell on Wednesday afternoon of next week at 3 o'clock for the final 12-A game of the season for both clubs.

Chillicothe and Crowell stack up about alike in conference records thus far this season. Crowell defeated Holliday 7 to 0, while Chillicothe tied that team 0 to 0. Crowell won over Valley View by a 30 to 0 score, while Chillicothe swamped the same club by a 45 to 0 count. Chillicothe has one loss in conference play to Archer City by a one-touchdown margin.

Chillicothe has won three out of four practice games. They defeated Paducah, Henrietta and Vernon "B" team. They dropped a non-conference game to Munday. Crowell has won only one of five practice contests. They defeated Matador and lost to Floydada, Quannah, Seymour and Stamford. However, past records do not mean a thing when these old rivals meet on the gridiron.

## ROTARY CLUB

With Jack Seale as program chairman, Loyd Neelley, OPA representative of Wichita Falls, talked to Rotarians about the importance of price regulations in the effort to keep down inflation, and also stressed the dangers of inflation in America.

Rev. R. S. Watkins, a member of the club for the past two years, attended for his last meeting as he and his wife will leave today for their new home in Rotan where he will be pastor of the Methodist Church.

He was last stationed at Bremerhaven, Holland, as pharmacy officer in a Station Hospital.

Mack and Pete Gamble attended the funeral of their uncle.

He was last stationed at Bremerhaven, Holland, as pharmacy officer in a Station Hospital.

## Methodist Pastors Named for Foard County for Year

All Methodist Churches in Foard county received changes in their pastors when appointments were announced at the closing session of the Northwest Texas Conference of the Methodist Church, held at Abilene last week.

The appointments were read Sunday afternoon by the presiding Bishop, Charles E. Seelman of Dallas. Rev. R. S. Watkins, pastor of the Crowell church for the past two years, will go to Rotan and Rev. D. D. Dennison, former pastor at Merkel, will become the pastor here.

Rev. R. I. Hart, pastor of the Margaret-Thalia Churches for the past four years, will go to Esteline, and Rev. L. B. Taylor is the new pastor for these churches. Rev. D. A. Ross, pastor of the Truscott-Foard City Churches, goes to Moran, and Rev. J. W. Hawkins becomes pastor of these two churches.

Rev. John E. Eldridge, a former pastor of Margaret and also former district superintendent of the Vernon District, who has been pastor at Spearman for the past three years, has retired from the work of an active pastor and will devote his time to the office of Conference treasurer and will live in Vernon. Rev. W. M. Pearce returns to Vernon as District Superintendent.

Other appointments of interest to people in Foard County follow:

Abilene District—Abilene, St. Paul, J. O. Haymes; Anson, John H. Crow; Childress, King Memorial, Don Culbertson; Hamlin, E. L. Yeatts.

Amarillo District—Canyon, Hubert Thomson; Higgins, Rev. W. B. Hicks.

Perryton District—Texhoma, Marvin G. Brotherton.

Plainview District—Matador, G. E. Turrentine.

## Social Security Board Field Office Now on 5-Day Week

R. L. Surles, manager of the Wichita Falls field office of the Social Security Board, located at 412 Federal Building, announced today that his office is now operating on a five-day week, Monday through Friday. Hours will be from 8:15 a. m. to 5 p. m. The new work week has been adopted by the Federal Security Agency of which the Social Security Board is a part. This schedule is in line with the general policy of government departments and agencies to return to the normal number of working hours during a week which prevailed before the war. Return to the pre-war policy was requested by President Truman following the surrender of Japan.

The field office will continue to provide its regular services to the public, Mr. Surles stated. The office accepts claims for monthly retirement and survivors insurance benefits under the Social Security Act, issues social security account numbers and furnishes information to the public.

## NEW BUSINESS

W. B. Farley of Los Angeles, Calif., has recently bought the Ketchersid building and moved it to a lot west of the Barker Improvement Co., where he will operate a furniture repair shop. He will also do repair work on electric irons and sewing machines. Work on the building has not been completed yet.

General MacArthur has ordered all military drills, bayonet drills, target practice, ground battle technique, military ski training, fencing and ju jitsu abolished in Japanese schools. This is shortly to be followed by an order doing away with Shintoism or Emperor worship in Japan.

## Total Purchases of War Bonds in 8th Victory War Loan in Foard County Amounted to \$48,487.00 Saturday

The total purchases in the 8th Victory Loan up to and including Saturday night, Nov. 10, amounted to \$48,487.00. Of this amount, \$20,117.00 are of Series "E" with \$28,370.00 in other series. A large purchase allotted to Foard County by the Santa Fe Railroad was distributed to each community.

Three communities have already exceeded their quotas, namely: Vivian, Good Creek and Four Corners. Several other communities are very near the goal set for them.

Although bond purchases this week were very gratifying to committeemen, the fact remains that the county is just a little bit more than half way in the project. If Foard County is to make the \$95,000.00 quota, numbers of people who have not purchased bonds, will have to do so.

The drive closes on Dec. 8th and it is the desire of the committeemen that the drive goes over the top prior to that date. Every citizen is urged to buy Victory bonds as soon as it is possible.

## Thursday, November 22, Proclaimed by Mayor Cook As Thanksgiving Holiday for Crowell; Business Houses to Close

Thursday, November 22nd, has been proclaimed as the official Thanksgiving Holiday for Crowell by Mayor Jim Cook.

The Crowell Public Schools will observe both Thursday and Friday as holidays, according to Superintendent Grady Graves. This date is in accordance with proclamations made by both President of the United States, Harry Truman, and Governor Coke Stevenson. The Foard County

News will be off the press on Wednesday of next week, and practically all business firms of the community will be closed for business on Thursday.

There will probably be a joint Thanksgiving program held by the churches of the community on Thursday morning. However, there will not be a definite announcement made about the program until Sunday morning at the various churches.

## Picnic Supper at Margaret to Honor Returned Soldiers

There will be a basket picnic at Margaret on Thursday night, Nov. 16, (tonight) to honor Malcolm Reinhardt and other returned service men of the area. Besides the picnic supper, a program has been arranged. The picnic will be held at the Margaret School House.

## Recruiting Personnel in Crowell Wednesday

Capt. R. T. Hammonds and Cpl. George York of the Lubbock Army Recruiting Station were in Crowell Wednesday in the interest of recruiting for the regular army.

Capt. Hammonds announced that the 21st day of November is the deadline date for men discharged since May 12, 1945, to re-enlist and retain their grade. He further stated that the new recruiting program for men 17 to 34 years of age offers inducement far and above anything ever offered before. He urged all young men to investigate these opportunities by contacting the station located in the Post Office at Lubbock.

## GOOD RAIN FELL

A good rain fell over Foard County last Friday and .72 inches was recorded by the Government gauge at the Crowell State Bank. The precipitation was just what was needed for the wheat that had been sown recently and it fell in such a way as to not damage cotton.

American insurance companies paid to beneficiaries of all types during the month of August \$210,706.000.

Andrea del Sarto was known as the faultless painter.

## Mrs. O. R. Boman Returns Home Sunday From Philippines

O. R. Boman went to Manila Friday to meet his wife who has returned from Ilo-Ilo where she spent several months after her liberation from Santo Tomas Internment Camp in Manila. She, with her sister, Mrs. C. N. Hodges, were prisoners of the Japanese in Manila for three years. Mr. and Mrs. Boman returned to Crowell Sunday.

## Notice—Advertisers

The paper will be printed one day early next week so that the office can be closed on Thanksgiving. It would be greatly appreciated if advertisers would get their copy in as early as possible. Items from rural correspondents and other news items should be in the office one day early.

## SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending November 10, 1945, were 25,007 compared with 25,308 for same week in 1944. Cars received from connections totaled 11,556 compared with 15,280 for same week in 1944. Total cars moved were 36,653 compared with 40,588 for same week in 1944. Santa Fe handled a total of 37,395 cars in the preceding week of this year.

The Army's release of 80,000-000 pounds of surplus first quality butter will provide American consumers with 20 per cent more butter during the next three months. The point value is expected to drop from 12 to 8 points per pound but with the discontinuance of the government subsidy the price will increase from five to six cents a pound. The subsidy was paid by the government to prevent the increase in cost to the consumer during the war.

UNSPOILED

In these days of artificial prosperity when any concern with a gadget to sell is swamped with business, a new low in courtesy has been touched. Surly indifference seems to be the rule rather than the exception. Trying to place orders or secure service by telephone has too often become an especially disagreeable chore—you have to fight to spend your money.

Whenever a gleam of common decency shows through this murk of indifference, those fortunate enough to feel its warmth will long remember the source. The Railway Express Agency has furnished one of those gleams in a booklet entitled, "How Can We Do It Better?" It is filled with ideas on how the express people can better serve the public. One little gem relates to telephone technique. It says, among other things: (1) Answer promptly. This saves customers' time. (2) Have necessary records within easy reach. (3) Make immediate note of customer's name and use it in the remainder of conversation. (4) Speak directly into the phone. Enunciate distinctly in a clear and moderate voice. (5) When an inquiry is received and the desired information is not readily available, obtain the information—then call back the inquirer. (6) Listen attentively. Do not ask customer to repeat unless absolutely necessary. It is refreshing to encounter a concern unspoiled by an era that has been a seller's paradise.—Industrial News Review.

Two Minute Sermon

Creating Good Will: I was present in the place of business of a friend of mine the other day when a salesman from one of the supply houses from which my friend buys his merchandise, came in. The salesman visited a while, talked shop, showed him a few new lines that the house had put out and then very casually asked my friend if there was anything he needed today. On being told that there was nothing the salesman picked up his book and said as he started out, "Well, I'll be seeing you next month." After he had gone I remarked to my friend that the salesman didn't make a very determined or persistent effort to sell him anything. "No," my friend replied, "he never does. If he had I would duck him the next time he came. He isn't supposed to sell me directly. He is a good will missionary for his house. He represents the house, and his effort in the few minutes he is here is to give me a personal touch with the house."

I thought what a fine thing would be for the church if people were more like that. When they call on members of the congregation they would be of themselves as missionaries to the church—not so much to them a bill of goods as to them a warm friendly personal contact with the church. It is customers in business who get the church.

Now that the liquidating of the ration boards has been almost accomplished it might be a good thing to say a word of appreciation for the hundreds of patriotic men and women who served on them and helped to administer the program in their localities.

New York State has 275,000 persons receiving unemployment insurance with 235,000 jobs calling for workers. The situation is duplicated in all parts of the country.

The ever present threat against a democracy is the presence of pressure groups seeking to influence its law makers. Pressure groups never think of the good of the whole people.

A million men are out of work because of strikes. As we read the announcement the other day we recalled the time a few years ago when men tramped the streets looking for just such jobs or stood in long lines only to be told that there was nothing today.

We are in complete accord with the statement expressed in President Truman's Navy Day speech that the United States from now on must be kept militarily strong.

Few things are more interesting than watching a skilled workman at work. Whether it is digging a ditch, laying brick, carpenter work or metal work, there is something about the sureness and the precision of a good skilled workman that appeals to every one.

Every country in the old world has spent money until it no longer has any credit. We, of the United States, still have some credit, but there are those who seem to desire that we spend until we destroy what credit we have.

HISTORY

The Boston Tea Party—December 16: The event in Colonial history known as the Boston Tea Party, occurred on the evening of December 16, 1773, when the colonists, to emphasize their protest against taxation without representation boarded a British ship in Boston harbor and threw its cargo of tea overboard.

What to do with the atomic bomb is getting to be the big problem. Sometimes it appears that it would have been better if we had not discovered it. It looks like a case of knowing too much for our own good.

England has a Labor government, but even the labor government has had to use soldiers to unload ships carrying food to the people of England because of a strike among the dock workers.

When an old man plants a tree he is thinking of those who will follow after him. He knows that he will not live long enough to sit under its shade or eat of its fruit.

What We Think

(By Frank Dixon)

In the course of a conversation one day recently with an Army man of considerable service both in World War 1 and World War 2, I asked him what in his opinion should be done with the atomic bomb.

His opinion was that we should share the secret with other nations. They are bound to discover it sooner or later he said. Most nations have been working on it for years and with the information already released by this government will eventually discover it—especially if experiments are continued toward making it useful in our industrial processes.

During World War 2 all combatants had large quantities of poison gas of the most deadly type and planes equipped to distribute it in a wholesale and effective manner but not one of them resorted to its use. Even Hitler, though he was prepared to do it, did not use poison gas.

An executive of the Office of Surplus Property addressed the Texas delegation this week on the disposal of surplus real property. In accordance with a bill offered by me some two years ago, and with an amendment offered by me to the Surplus Property Act, former owners of agricultural land will be given the first opportunity to buy it back when this land is declared surplus.

A bill introduced by me last week, if passed, will provide veterans a first opportunity to buy personal property up to \$2,500 in amount which is surplus. Such purchases could be made from the Army or Navy before the property is declared surplus, or after it reaches the disposal agency.

State Medical Ass'n. Gives Reasons for Opposing Pepper Bill

The State Medical Association of Texas has informed the Texas delegation in Congress of their support of the Hill-Burton Bill and their unqualified opposition to the Pepper Bill. Both pending measures deal with public health affairs.

Dr. Holman Taylor, Secretary of the State Association, has written the Congressmen that the Legislative Committee of the organization has voted approval of one measure and condemnation of the other.

The Hill-Burton Bill was approved because it seeks to provide hospitals in communities where they are badly needed and where they would be self-supporting.

The Pepper Bill, known as the Maternal and Child Welfare Act of 1945, is disapproved by the doctors because its provisions would place a large percentage of the physicians now practicing in the United States under the direction of the Department of Labor. This, they declare, would mean the regimentation of doctors and the destruction of the time honored relationship between patient and physician.

"The Pepper Bill extends the emergency maternal and infant care program, through which the wives and children of service men were afforded medical care, to all the mothers and children in the United States regardless of their financial status," Dr. Taylor explains. "Children are designated as everyone under 21 years of age. This would mean that about one-third of the population of America would be entitled to free medical care by Federal directed and compensated doctors. This is socialized medicine presented in a plausible, sugar coated form."

"The measure, with its high tax burden, should be defeated since we believe that socialized medicine, in any form, is contrary to the best interests of efficient and skillful protection of the public health."

Phillips Petroleum Commended by Army Air Forces

In a letter issued by Major General Hugh J. Knerr, commanding general of the Air Technical Service Command of the Army Air Forces, Phillips Petroleum Company was commended for its accomplishments in the use of its flying laboratory in flight testing aviation fuels. The commendation said:

"The Phillips Petroleum Company in the Spring of 1943, upon their own volition, instrumented an airplane for fuel testing and demonstrated the utility of this type of test procedure to the Air Technical Service Command (then the Material Command). A series of contracts were subsequently negotiated between the Phillips Petroleum Company and the Army Air Forces covering fuel flight testing on detonation problems and volatility problems."

"The Air Technical Service Command wishes to commend the Phillips Petroleum Company for the excellent manner in which they have accomplished the flight test programs for the Army Air Forces, both in the continental limits of the United States and in Alaska and for their unflinching co-operation in developing flight test techniques and preparing test programs."

Service Command, who transmitted the letter of commendation to the Phillips Petroleum Company made the following comment:

"The fact that the Phillips Petroleum Company, during the most critical days of the war, performed a service so valuable to the Army Air Forces reflects much credit upon your organization. Your patriotic and untiring action in accomplishing urgent flight programs and developing necessary flight test techniques for the Army Air Forces has aided this command materially in its function of supplying to our combat theatres aircraft fuels of superior quality."

### CHEATING, A PROFITABLE PRACTICE?

Joe Skunkly knew he should be studying for the test the next day, but somehow he couldn't pull himself away from the radio play he was listening to.

At the test the next morning Joe's head wasn't clear, and he couldn't concentrate. He glanced over at his neighbor's paper. Luckily he didn't get caught. The test became easier for Joe. Anyway, he passed the test.

Do you fit into this picture? After all, cheating on tests only loses a person's self respect. Always remember that honesty is the best policy.

### HEALTH AND SAFETY!

If you want to know why Harry Sanders should not blow his nose so profusely, then come along with us to health and safety, the newest subject in Crowell High. This is the first year it has been offered in our school. It is only the second year it has been offered in Texas high schools.

The first semester we devote our time to health, and the second, to safety. Since it is an interesting subject, we do not mind studying it. Also it helps one to know how to take better care of his body.

As a student of health and safety I recommend this subject to anyone who wishes to take it. Mrs. Manard, our instructor, likes teaching health and safety, likes her students, and asks only that they get their assignments. A student will be very wise to take this course even if it does require a ten minute oral report.

### DRAMATICS CLASS

"How's the big boy? congratulations, baby, upon your coming-of-age birthday!" "Oh, help me, Dean Boynton—Socrates, somebody! I think I'm going to faint!" Remarks such as these pierced the air of the auditorium Thursday and Friday. Students were try-

ing out for parts in the three act play, "The Antics of Andrew," a riotous comedy.

The following cast was chosen: Sharon Hancey as Petunia, Andrew's darky cook. Kendrick Joy as Andrew Prowne, a senior in Cameron College.

Miles Neil as Jacques, his French butler and valet. H. A. White as Willie Waldo, Andrew's pal.

Morris Johnson as Harold Hadley, another pal. Betty Seale as Althea Thorne, Miss Prunella's niece.

Joyce Jones as Julie Boynton, Harold's sweetheart. Ruth Barker as Petty Boynton, Willie's sweetheart. J. L. Brock as Dean Socrates Boynton, Dean of Cameron College.

Larry Wood and Isaac Nimmerman, (Uncle Isaac), Andrew's millionaire uncle from New Zealand.

Henry White as O'Flarity, a detective from headquarters. Bill Irvin as Royle, his shadow. C. D. Campbell as Reverend Doolittle, a man of mystery.

Watch a later issue of the paper for the date of this play. Don't miss it! It is two and a half hours packed with gales of laughter and hilarity.

### JUNIOR RED CROSS BUTTONS

"Come on, join the Junior Red Cross; here is your membership card," was heard over and over during the past week.

Nickels, dimes, pennies, all were clattering on desks in the home rooms. The total amount given by the schools was \$40.09. High school entered 100 per cent, giving \$17.09. Grammar school contributed \$23.00. Honorable mention goes to Miss White's room who gave \$5.79.

I wonder if you know any of the things that are done by this organization. If not, then lend an ear. They make games, ash trays, canes, afghans, lamps, lap-

boards, slippers, bathrobes, and other articles. The Junior Red Cross members have made victory gardens, collected waste paper, tin cans, bought defense stamps, and helped to bring this war to an end.

Crowell and other schools, both large and small, have joined together and now have more than twenty million members.

Now when anyone asks you about the American Junior Red Cross, be sure you say that Crowell is at the top!

### DON JUAN PREFERS BLONDES AND PLANE GEOMETRY

He is really a character. When he was a freshman, he was voted the most popular boy in the class, and he is still at the top.

Football is his favorite sport, and he told us that his favorite pastime is studying. Do you believe it? He prefers Gary Cooper in the movies, "Good Night, Sweet Dreams," on the Hit Parade list, and chocolate pie anytime. Red rates as his choice color. To prove what a deep mind he has, he has plane geometry as his favorite subject.

We asked him for a few statements for the press:

"About girls smoking," he said, "I think it looks sorta pitiful. Girls who smoke are my pet peeve. Fingernail polish is O. K. As for girls wearing levis, well, a little bulgy. CHS is plenty swell. And Yena Lee, oh-brother!" His ambition is to finish school and to go to heaven.

I suppose you want a description of him. Well, he is sixteen years old, a Senior, of course. (Yea Ho!) You can't give his twinkling green eyes their full credit in mere words or his brown hair with the cowlick in front. He has an infectious grin, and at the top left-hand corner of his health and safety paper he writes—Hardy Sanders.

### PLAYERS OF THE WEEK

Larry Wood and V. Bond are a combination that is hard to beat. They both play guard on the football team. Larry at left guard and V. at right guard. These boys are outstanding in both offensive and defensive play and show a lot of football spirit in a game.

Larry, a Wildcat letterman from last year, has been absent from the Crowell line for several games due to a leg injury, but he will be back at his left guard position Friday night to give the Chillicothe Eagles a lot of trouble. Larry has a great interest for sports, and besides football he also plays basketball and golf.

V. has played every game and although he has been injured several times, he always manages to go back into the game with a new spirit to play good ball.

Both of these athletes will be back for next year's squad.

### VERNON MAROONS' EDGE OUT WILDKITTENS, 7-6

The Crowell Wildkittens were defeated by a one-point margin Thursday night by the Vernon Maroons.

This was a hard-fought game, and the Wildkittens actually outplayed the Vernon boys. The scoreless deadlock was broken about midway in the fourth quarter when a Vernon pass play clicked for about sixty yards.

The Wildkittens came back fighting desperately and drove deep into Vernon territory. Then, a pass from R. L. Ballard to Hardy Sanders was completed for the score. The try for extra point failed, and the whistle blew ending the game.

### READY AND RARIN' TO GO

Friday night we will probably have our entire "A" string starting together for the first time this season. In every previous game someone has been out with an injury, but now everyone is "ready and rarin' to go" to beat those Chillicothe Eagles. Let's Go, Wildcats.

### THE CAT'S WHISKERS

Well, how is everybody this fine Thursday morning? How come all the gum faces?

Could it be because next week is six week exam week?

Another thing. We play our ever-famous rivals tomorrow night—Chillicothe. Beat 'em, Wildcats!

Everyone was so blue Friday night because all the boys were gone to the Archer City-Holiday game.

It seems to me seven certain girls had a good time Friday night.

M. W. looked awfully happy to see Jo Ann back from Kermit.

Something old—Janet and Miles.

Something new—Dee and Ed. Since when did the CHS boys get so jewelry minded? We're speaking of Booty's ring which Cooper gave her and Evie's pretty locket pin that Johnny gave her.

Jenny and Kendrick were double dating with Danny and Kathy Saturday night.

Say, what's this we hear about Travis Starnes and Peggy Pittillo?

Our outstanding couple for the week is, Joan Thompson and Jimmie Johnson.

This is getting to be a case—Jo Ann Nichols and Don Wilkins. Floyd Oliver and Mary Jones have got it bad.

What's this about Seattle, Wash., Maggie Faye?

More fun! When? last Thursday night even though we got beat.

H. A. and V. weren't doing so bad in Vernon Thursday night. Had a little car trouble didn't you, boys?

Hey! Horace, who is this Doris Prescott we've been hearing so much about?

O-o-o I gotta leave now, but I'll be back next week with some more chatter. Until then—The Cat's Tail.

 "Gosh!" said his friend. "And can you crack 'em just by bending?"

### Kaiser Again Heads Clothing Collection for Overseas Relief

Henry J. Kaiser, National Chairman of the Victory Clothing Collection for overseas relief, scheduled for January 7-31, 1946, announced this week that already,

1,395 men and women have agreed to serve as local chairmen in their communities.

The majority of these men and women organized their communities in the successful collection of used, serviceable clothing of last spring which was also headed by Mr. Kaiser.

Wisconsin leads with 97 acceptances. Texas is second with 89 and New York third with 87.

America's spring cleaning which was done in answer to the plea "What Can You Spare That They Can Wear?" yielded enough clothing to help 25,000,000 war victims in Europe, China and the Philippines, according to UNRRA (the United Nations Relief and Rehabilitation Administration).

The goal of the Victory Clothing Collection is 100,000,000 serviceable garments in addition to

### "IS THAT IN THE RULE BOOK?"

Whether it's football or business, Americans expect fair play all down the line.

In football, the referee is there to see that the game is played according to the rules. But he's not supposed to run with the ball.

In business, the referee is the government, which establishes regulations and fair practices.

But when government goes into business and competes with its own citizens, the American tradition of fair play is set aside. The referee then becomes a player, and he enjoys advantages that are denied to all the other players in the game.

Government-owned electric power systems, for example, pay no taxes. When they need capital, they get your tax money at little or no interest from the U. S. Treasury. To cover operating losses—an accepted political condition—you, as a taxpayer, will take care of that.

Business-managed power systems—unlike tax subsidized political methods—do not have these special privileges. They are not tax dodgers, they pay their full share of taxes, pay fair interest on public loans. Fortunately for you and your tax bill, over 80 per cent of all the electric power in this country is produced by tax-paying, self-supporting electric companies, owned and operated by several million folks like you.

Weekly Sermon

By the Rev. Harold L. Lundquist, D. D., Member of Faculty, Moody Bible Institute, Chicago.

The Church and Peace A great war has just been won. But having won a war we may lose the peace through the selfishness and indifference of men.

The most important factor in the settlement of our problems is God. We should be grateful that our President recently called the nation to prayer. But Christians should not wait for a proclamation to pray. They should daily bring the needs of the nation and of the world to the God of all wisdom and power.

We know that there can never be abiding peace until Christ comes to establish His kingdom. But in the meantime, we should seek to bring Christian principles to bear on the relations of men and nations.

The world has established its own principle of conduct based on selfish advantage. It pays to be polite to those who can favor you; so cultivate their good will by courtesy and kindness. Your neighbor may be able to help you in an hour of need; so do good to him as you have opportunity.

But an enemy—what can you gain from kindness to him? Hate him and treat him like an enemy. Christianity knows nothing of such a spirit. Read what Christ said: "Ye have heard that it hath been said, Thou shalt love thy neighbor, and hate thine enemy. But I say unto you, Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you and persecute you; that ye may be the children of your Father which is in heaven: for he maketh his sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust" (Matt. 5:43-45).

Even though it is necessary to fight against and hold in check wicked men in order to hinder their evil plans, we need not lose our Christian love for them. "Consider Him that endured such contradiction of sinners against Himself"—and went right on loving them—"lest ye be wearied" in your own love for those who bear the sad name of enemies (see Job, 12:5).

This is admittedly a high standard, but it is not too high for those who know the love of Christ. For "God commandeth his love toward us, in that, while we were yet sinners (enemies), Christ died for us" (Rom. 5:8).

Nothing stirs the contempt of an industrious man quite so much as a lazy man. Asbestos is a mineral.

HOUSEHOLD HINTS

Warming Roast Beef.—Instead of warming roast beef over in gravy try putting it on a small tin plate and placing it in a steamer over boiling water. In about half an hour you will have a fresh, juicy roast.

Pear Juice for Children.—Pear juice left over from canned pears is an excellent beverage for the year old child.

Digestible Eggs.—Eggs covered with boiling water and allowed to stand for five minutes are more easily digested than eggs placed in boiling water and allowed to boil furiously for three minutes.

According to one discerning writer a considerable number of people in this country appear to have arrived at a point in their thinking where they apparently sincerely believe that the United States can fight a \$300 billion war without anyone (almost every one) having to pay for it; that the government owes them a living; that one can get something for nothing and continue the process indefinitely.

Asbestos is a mineral.

Folks sure are getting lazy. That two-coat paint job of Cameron's gets the same results as ordinary three-coat jobs. Saves one-third in labor, too.

## Ruth Catherine Cates Weds Iowa Park Man Sunday

Miss Ruth Catherine Cates, daughter of Mr. and Mrs. Monroe Englett of Long Beach, Calif., and formerly of Crowell, became the bride of James O. Portis, son of Mrs. Tizah Portis of Iowa Park, in ceremonies performed Sunday afternoon at the First Christian Church in Iowa Park by Rev. Francis Barnes.

An all-white floral background framed with greenery and illuminated with white tapers made a lovely setting for the marriage rites. Musical accompaniments for the ceremony included "Liebestraum" and "Melody of Love" played by Miss Lois Van Horn and "I Love You Truly" and "Always" sung by Mrs. Fenton Dale.

The bride was given in marriage by her brother, Jimmie Cates of Camp Cook, Calif., and was attended by Miss Evelyn Van Horn, maid of honor. Best man for the groom was Oscar Lochridge Jr. The bridegroom has re-

cently been discharged from the navy following three years service, two and one-half years of which were spent in the South Pacific. Following a short wedding trip the couple will be at home in Iowa Park.

Out-of-town guests for the wedding included the two grandmothers of the bride from Crowell, Mrs. A. E. McLaughlin and Mrs. I. M. Cates; Mrs. W. T. Sadler and Miss Charabel Sadler of San Antonio; Mr. and Mrs. Bryant Sims of Hobart, Okla., and Messrs. and Mesdames C. C. McLaughlin, T. S. Haney, Jim Cates, Glenn Fox and George Cates of Crowell.

## Birthday Dinner Party Given for Jean Hughston

Mrs. T. F. Hughston celebrated the 11th birthday of her daughter, Jean, Thursday, Nov. 8, by entertaining several friends at a noon dinner party.

A delicious dinner was served which included the pretty birthday cake which held lighted candles. The guests were Jean, Marcia Kincaid, Jane Bruce, Mary Emine Cooper, Barbara White and Carolyn Bell.

## Birthday Celebration Honors S. T. Crews

Mrs. Lee Crews and daughter, Mary Margaret, who have been guests of their parents and grandparents, Mr. and Mrs. S. T. Crews, complimented Mr. Crews Thursday evening with a birthday dinner party at the Crews home.

The guests entered the dining room while Mary Margaret played "Soldiers March" on the piano. A plate dinner was served after which the beautiful birthday cake with the lighted birthday candles was brought in and cut by the hostesses and served with ice cream and coffee.

Following the dinner, games of forty-two were enjoyed and Rob Cooper was high scorer. The guests included Mr. and Mrs. Crews, Mr. and Mrs. Rob Cooper, Mrs. Marvin Myers and Mary Ann Myers, Mr. and Mrs. Jesse Whitfield and Miss Laura Belle Whitfield and the hostesses.

### FAMILY REUNION

Mr. and Mrs. Preston Owens of Foard City have recently enjoyed having all their children, but one, with them for a family reunion. Elvin Owens of Bartlesville, Okla., was unable to attend.

Staff Sgt. George Owens, who has recently been discharged from the service after three years, is here with his wife and daughter; Mrs. Wm. E. Backus of Los Angeles, Calif.; Mr. and Mrs. T. D. Swift and son of Odessa; Mr. and Mrs. Clyde Owens and Mrs. Joe W. Belote Jr. and son, all of the Foard City community, were present with the parents, George Owens and family and Mrs. Backus will soon return to their homes in Los Angeles, Calif.

## P. T. A. Will Meet Tuesday, Nov. 20

The Crowell Parent Teacher Association unit will meet next Tuesday afternoon, Nov. 20, at 4 o'clock in the High School auditorium.

Miss Frankie Kirkpatrick will serve as program leader, with the program featuring "Book Week." Pupils from Mrs. Grady Graves' room will provide a special entertainment number.

Mrs. Grady Halbert will review the book, "Papa Was a Preacher." It is urged that a large attendance be present for the program which will be of interest to all.

## Truscott H. D. Club Has Achievement Day

The Truscott Home Demonstration Club met for their annual achievement program on Thursday, Nov. 8, in the basement of the Baptist Church, which was attractively decorated with autumn leaves and cut flowers.

Rooms just off the entrance were used for the exhibits. Among the things on display were canned foods; clothing, including leather jackets and felt hats; hand work, such as quilts, looper clip bedspreads and rugs; house shoes, dollies and corde bags; stenciled curtains and luncheon sets and some attractive stuffed toys.

The Truscott 4-H girls exhibited clothing, hand work, chickens and canned fruit and vegetables.

Instructions for making greeting cards and Christmas gifts at home, were given by Miss Lucile King, Knox County Home Demonstration Agent. During the social hour, games were played, directed by Mrs. J. R. Brown and Mrs. S. O. Turner.

Visitors who attended from the Hefner Home Demonstration Club were Mrs. E. J. Jones, Mrs. Lucy Coursey, Mrs. Walter Mooney, Mrs. Dibul Jones, Mrs. Hamp Jones, Mrs. Farris Mobly, Mrs. Harold Jones, Mrs. R. L. Lambreth and Mrs. Geo. Weber. Other visitors were Mrs. Howard Lee Black, Crowell; Miss Elda Purl Laird, Benjamin; Mrs. Wm. Elyving, Mrs. Lee Blevins and Mrs. Stan Westbrook of Truscott and 4-H Club girls from Truscott.

The next meeting will be held on Thursday, Nov. 22. Watching your step will bring promotion quicker than watching the clock.

## All-Girl Orchestra to Be at Rialto in "Out of This World"

Diana Lynn and her all-girl glamour orchestra in Paramount's newest musical, "Out of This World," will be shown at the Rialto on Sunday and Monday, Nov. 18 and 19, with Eddie Bracken and Veronica Lake costarring.

Ever since Phil Spitalny popularized his band of feminine musicians, women are offering solid competition to male artists who previously regarded the orchestra pit as their exclusive haven, according to publicity concerning the show. Now the girls are sending 'em with the same pep and vitality. Tame, timid creatures who won prizes at some of the nation's top musical schools, show they can turn hoogie-woogie when the opportunity comes their way.

In "Out of This World" Diana stages a grand musical show with a beautiful bevy of feminine troopers under her baton.

Most accidents happen through want of a little care.

## Sister Elizabeth Kenny Coming to Tex.

Austin, Nov. 12.—Sister Elizabeth Kenny is coming to Texas. Famous for successful method of treating Infantile Paralysis, she has accepted an invitation extended to her by Governor Coke R. Stevenson to be guest of the Texas Committee in charge of the campaign for the Kenny Foundation Fund, which will be held in this state and throughout the Nation, November 22 through December 8, it has been announced by George C. Francisco Jr., general chairman of the State Committee.

Bing Crosby is chairman of the national campaign. The quota for Texas campaign is \$250,000, and committees are being organized throughout the state to direct the fund raising. Every cent raised in the campaign will be used in the fight against polio. One-half of the funds raised in Texas will be used to make available the Kenny Method of treatment of all victims of the disease. Sister Kenny will be the guest of the State Committee at a date to be announced later. She will appear in a public meeting in Austin, and will have as her guests, several of the Texas boys and girls who have been successfully cured of the effects of the disease at the Kenny Institute in Minneapolis, State headquarters are at the Driskill Hotel in Austin. Chairman Francisco has appealed to the entire state to help in the campaign, and to those who are not solicited, to mail their donations to the State Headquarters. "We can use workers in every part of the State," Mr. Francisco said. "Write me and we'll put you to work."

### HOMEBUILDERS' CLASS

The Homebuilders' Class of the Methodist Sunday School met in the home of Mrs. Merl Kincaid on Wednesday afternoon, Nov. 7, with eleven members besides the hostess present.

Mrs. Richard Ferguson gave an interesting program on "Methodism in America" from the Methodist primer which is the study book for the class.

The hostess served a delightful refreshment plate to those present.

The recent coal miners strike resulted in a cost to the industry of 400,000 tons of steel because of the shut down of furnaces in the steel plants.
